Present—Frank L. Dowling, President, Board of Aldermen; Albert E. Hadlock, Deputy and Acting Comptroller; Milo R. Maltbie, Chamberlain; Francis P. Kenney, Chairman, Finance Committee, Board of Aldermen.

### Dock Department—Proposed Lease to the Vermont Hygeia Ice Company of Certain Land Under Water South of Dyckman St., North River.

This matter was on the calendar of meeting held February 8, 1917, laid over and the Corporation Counsel requested to prepare a form of lease in conformity with the report of the Committee presented at the meeting, together with a form of bond conditioned for the faithful performance of the terms and conditions of the lease, the form of lease and bond when so prepared to be transmitted to this Board for consideration.

The form of lease and bond not being ready action thereon was laid over.

### Dock Department—Lease to George Ehret of the Physical Bulkhead Between E. 63rd and E. 64th St., East River, Manhattan.

The following was received from the Commissioner of Docks:

Pier A, North River, February 15, 1917.

Lease to George Ehret.

Hon. JOHN PURROY MITCHEL, Mayor and Chairman of the Commissioners of the Sinking Fund:

Sir—I beg to recommend that the Commissioners of the Sinking Fund approve of and consent to the execution by the Commissioner of Docks of the following described lease:

Lessee—George Ehret.

Description of Property—Bulkhead beginning at a point in the physical bulkhead as now existing between East 63rd and 64th Streets, where the southerly line of East 64th Street, if prolonged, would intersect said bulkhead, and extending southwesterly and along the face of said bulkhead a distance of three hundred and five (305) feet, more or less, to the southeasterly corner of said bulkhead, which said southeasterly corner is located about two and five-tenths (2.5) feet northerly of the southerly line of East 63rd Street, prolonged, being further described as all that physical bulkhead lying between the southerly line of East 63rd Street and the southerly line of East 64th Street, East River, as shown upon the map annexed hereto and made a part hereof. Also the following parcels behind said physical bulkhead: Parcel "A" space sufficient to maintain the now existing grain elevator, comprising an area of about nine hundred (900) square feet. Parcel "B" space sufficient to maintain the southeasterly corner of the now existing brick malt house, comprising an area of about one hundred and fifty (150) square feet. Parcel "C" space sufficient to maintain the scales now existing immediately north of the north line of East 63rd Street, comprising an area of about one hundred and twenty (120) square feet. All of which parcels "A," "B" and "C" are shown upon the accompanying map.

Term—Ten years from the first day of the month next succeeding the date upon which the lease is approved by the Commissioners of the Sinking Fund, with privilege of renewal for a further term of ten years.

Rental—For the first term, \$3,708.93; for the second term, to be fixed by arbitration in the usual manner.

Platform—The lessee shall have the privilege of maintaining on said bulkhead a platform for the unloading of malt and grain, said platform not to interfere with the use of said bulkhead for wharfage and cranage purposes and not to be used for the unloading of ice.

Grain Elevator—The lessee to have the privilege of maintaining upon the area hereinbefore described as Parcel "A," the grain elevator now erected thereon, and on Parcel "B" the southeasterly corner of its malt house and on Parcel "C" his scales.

Surrender—The lessee shall surrender all his right, title and interest in the present lease, dated November 11, 1912, and terminating December 31, 1919, to the American Malting Company of the above described property.

Remaining Terms—The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

Renewal lease of this bulkhead, extending from the southerly side of 63rd Street to the southerly side of 64th Street, and 1,170 square feet of upland in rear thereof, was granted to the American Malting Company for the period from June 1, 1912, to January 1, 1920, at a rental of \$3,371.75, which was an increase over the rental paid prior to 1912 of \$1,559.25, or over 86 per cent. This lease was assigned on September 26, 1916, to George Ehret.

The applicant states that it is his intention to make extensive improvements on the privately owned upland back of the bulkhead and before doing desires to secure a longer tenure of occupation than the present lease, which has only three years to run. As he is willing to surrender the present lease, I have included in my recommendation a provision that this lease be surrendered, and am recommending the present lease at an increase of 10 per cent. over the rental now paid, with a renewal term of 10 years, rental therefor to be fixed by arbitration. Another consideration which leads me to make the present recommendation is the fact that there is a ledge of rock extending northerly from East 62nd Street, East River, which prevents the approach to the bulkhead by any class of vessels except canal boats and lighters of light draught. The bulkhead was used by the former lessee for the purpose of unloading malt and barley brought by canal boat from Buffalo during the open season, and the present lessee will use the premises for the same purpose. Yours respectfully, R. A. C. SMITH, Commissioner of Docks.

In connection therewith, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 5, 1917.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On February 15, 1917, the Commissioner of Docks requested approval of and consent to the execution by the Commissioner of Docks of a lease to George Ehret of the physical bulkhead between East 63rd and East 64th Street, a distance of 305 feet, more or less, together with three parcels of upland behind said physical bulkhead to an aggregate extent of about 1,170 square feet, for a term of ten (10) years, with privilege of renewal for a further term of ten (10) years commencing on the first day of the month next succeeding the date upon which the lease is approved by the Commissioners of the Sinking Fund at the rate of \$3,708.93 per annum for the first term of ten years and for the renewal term, the rate to be fixed by arbitration in the usual manner.

The lessee to have the privilege of maintaining on said bulkhead a platform for the unloading of malt and grain; said platform not to interfere with the use of the bulkhead for wharfage and cranage purpose and not to be used for the unloading of ice.

The lessee to have the privilege of maintaining on the upland the present grain elevator, the southeasterly corner of his malt house and his scales.

The lessee to surrender all his rights, title and interest in the present lease dated November 11, 1912, and terminating December 31, 1919, to the American Malting Company, of the above described property.

The remaining terms and conditions of the lease, except in so far as they are inconsistent herewith, to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.

The renewal lease of this bulkhead, extending from the southerly side of 63rd street to the southerly side of 64th street, and 1,170 square feet of upland in rear thereof, was granted to the American Malting Company for the period from June 1, 1912, to January 1, 1920, at a rental of \$3,371.75 per annum, an increase of \$1,559.25 (over 86 per cent.) over the rental paid prior to 1912. This lease was assigned to George Ehret on September 26, 1916.

The applicant states that it is his intention to make extensive improvements on the privately owned upland back of the bulkhead and before doing so desires a longer tenure of occupation than the present lease, which has about three years to run. The lessee having expressed his willingness to surrender his present lease the Commissioner recommends this lease be surrendered and a new lease be executed at an increase of ten (10) per cent. over the rental now paid with a renewal term of ten (10) years, rental therefor to be fixed by arbitration.

Another condition considered by the Commissioner is the presence of a ledge of rock extending northerly from East 62nd Street, East River, which prevents the approach to the bulkhead by any class of vessels except canal boats and lighters of light draught. The bulkhead was used by the former lessee for the purpose of unloading malt and barley brought by canal boat from Buffalo during the open season, and the present lessee will use the premises for the same purpose.

I believe the rental charged for the first term to be reasonable and would suggest that the rental for the second term, to be fixed by arbitration, be limited to not less than ten per cent. advance over the rental for the preceding term. Concurring in the other terms of the lease recommended by the Commissioner of Docks, I advise the adoption of the attached resolution approving the request. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Whereas, by resolution adopted on October 9, 1912, the Commissioners of the Sinking Fund approved of and consented to the execution by the Commissioner of Docks of a lease to the American Malting Company of bulkhead property between 63rd and 64th streets, East River, Borough of Manhattan at a rental of three thousand three hundred and seventy-one dollars and seventy-five cents (\$3,371.75) per annum; the lease to cover sufficient space back of the physical bulkhead to maintain the existing grain elevator, the southeasterly corner of the existing brick malt house, also the existing scales immediately north of the north line of East 63rd Street and

Whereas, it appears that a lease dated November 11, 1912, was executed in accordance with the terms and conditions of this resolution, and

Whereas, by resolution adopted on September 21, 1916, the Commissioners of the Sinking Fund consented to the assignment of the above lease to George Ehret and

Whereas, it appears that this lease was assigned on September 26, 1916 to George Ehret and

Whereas, the present lessee, George Ehret, intends to make extensive improvements on the privately owned upland back of the bulkhead and before doing so desires to secure a longer tenure of occupation than the present lease which has only three years to run, and he is willing to surrender his present lease and

Whereas, the Commissioner of Docks requests that he be authorized to execute a lease granting the request of George Ehret, therefore he it

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to George Ehret of the bulkhead beginning at a point in the physical bulkhead as now existing between East 63rd and 64th Streets, where the southerly line of East 64th Street, if prolonged, would intersect said bulkhead, and extending southwesterly and along the face of said bulkhead, a distance of three hundred and five (305) feet, more or less, to the southeasterly corner of said bulkhead, which said southeasterly corner is located about two and five tenths (2.5) feet northerly of the southerly line of East 63rd Street, prolonged, being further described as all that physical bulkhead lying between the southerly line of East 63rd Street and the southerly line of East 64th Street, East River. Also the following parcels behind said physical bulkhead.

Parcel "A" space sufficient to maintain the now existing grain elevator, comprising an area of about nine hundred (900) square feet.

Parcel "B" space sufficient to maintain the southeasterly corner of the now existing brick malt house, comprising an area of about one hundred and fifty (150) square feet.

Parcel "C" space sufficient to maintain the scales now existing immediately north of the north line of East 63rd Street, comprising an area of about one hundred and twenty (120) square feet.

The lease to be for a term of ten years commencing on April 1, 1917, with privilege of renewal for a further term of ten years.

The rental for the first term shall be \$3,708.93 per annum and for the second term to be affixed by arbitration as follows:

The Commissioner of Docks shall appoint a person to act on his behalf as arbitrator and the lessee shall also appoint a person as arbitrator, and the arbitrators so appointed shall determine upon a fair and reasonable amount to be paid as rental. In case the arbitrators are unable within thirty days from the date of their appointment to agree as to the amount so to be paid as rental, they shall appoint a third person to act as umpire, and if they are unable to agree within five days upon such umpire, then, at the request of either of the parties to the said lease, he shall be appointed by the presiding Justice of the Appellate Division, First Department, and the decision of two of the said persons so selected shall be conclusive and binding upon both parties to the lease. The rent when so fixed shall not be less than ten per cent. (10%) advance on the rental for the preceding term. ### Dock Department—Recommendations to the Board of Estimate and Apportionment.

#### 1. Rescindment of \$2,810.20 of the authorization of corporate stock for the removal of Coenties Reef.

#### 2. Authorization of an additional \$2,810.20 of corporate stock for the payment of salaries and wages.

The Deputy and Acting Comptroller presented the following report of the Corporate Stock Budget Committee and offered the following resolutions:

February 6, 1917.

To the Commissioners of the Sinking Fund:

Gentlemen—On January 31, 1917, the Secretary of your Commission received a communication from the Acting-Commissioner of Docks, dated January 29, 1917, requesting a revision of authorization and an additional issue of corporate stock to provide funds for the construction of a bulkhead wall and a platform, by departmental labor, which was referred to the Corporate Stock Budget Committee of the Board of Estimate and Apportionment. The Bureau of Personal Service reports thereon as follows:

"The completion of the improvement authorized for the Dover Street Section will leave a gap of 97 feet from the end of the bulkhead wall to the wall at pier 20. This pier is leased to the Hartford and New York Transportation Co., who have offered to the City an annual rental of \$30 per foot for the bulkhead. The improvement will also permit of the widening of the marginal street thereby relieving congestion of street traffic in this section. The estimated cost for the removal of the existing platform and the construction of the wall to fill in the gap is \$2,810.20. This estimate only includes departmental labor, as there is sufficient material on hand for the improvement. In Code CDD43, 'Removing Coenties Reef,' there is an unencumbered balance of \$112,000. The Department requests that the necessary amount be rescinded from this amount and that the Comptroller be authorized to issue additional corporate stock to be included in C. D. D.—9B, 'Construction of Pier 21, East River, Dover Street Section,' in the sum of \$2,810.20.

"Finding—The request is reasonable."

Recommendation—In view of the above report the Committee recommends that the request be granted by the adoption of the attached resolutions.

#### Street Cleaning Department—Lease for, of Premises at 304 E. 98th St., Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 8, 1917.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Department of Street Cleaning, in a communication to your Board under date of March 1, 1917, requests the execution of a lease of the store premises at No. 304 East 98th Street, Borough of Manhattan, for use as a section station, for a period of three years from May 1, 1917, at an annual rental of \$480.

These premises are to take the place of those now occupied by the Department of Street Cleaning at No. 1889 First Avenue, at an annual rental of \$480, which have become inadequate and are in bad condition, the lease of which is not to be re-

newed at its expiration on May 1, 1917, as the City will get better quarters at the same rental.

The premises proposed to be leased consist of two adjoining stores, each 9 feet by 41 feet, with basement and toilet. The rent is the lowest for similar stores in the vicinity.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing the execution of a lease of the two stores, each 9 feet by 41 feet, with basement, in the premises No. 304 East 98th Street, Borough of Manhattan, for use of the Department of Street Cleaning, for a period of three years from May 1, 1917, at an annual rental of \$480, payable quarterly; the lessor to pay taxes and assessments, make outside repairs and furnish a caretaker for sidewalk and main halls of the building and widen the front doors of the stores; the lessee to furnish heat and light and pay for the water used on the demised premises and make such inside repairs as it may deem necessary. Lessor, William Boss, No. 304 East 98th Street, Manhattan.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from William Boss, of the two stores, each 9 feet by 41 feet, with basement, in the premises No. 304 East 98th Street, Borough of Manhattan, for use of the Department of Street Cleaning, for a period of three years from May 1, 1917, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly; the lessor to pay taxes and assessments, make outside repairs and furnish a caretaker for sidewalk and the main halls of the building, and widen the front doors of the stores; the lessee to furnish heat and light, pay water rates on the demised premises, and make such inside repairs as it may deem necessary; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—The President of the Borough of Queens, in a communication to your Board under date of February 26, 1917, requests that a lease be secured of the store 12 feet by 30 feet, with rear yard space 14 feet by 19 feet, located at No. 1015 White Street, Far Rockaway, Borough of Queens, for use as a section station by the Bureau of Street Cleaning of his Department, for a term of five years from April 1, 1917, with the privilege of renewal for three years upon the same terms and conditions, at a rental of \$240 a year, payable quarterly, the lessor to pay taxes and water rates and to partition the store if required by the Department, the lessee to pay for heat, light and caretaker.

The store in question is a one-story frame building.

For comparison, a similar store at 1013 White Street, slightly larger, rents for \$300 a year.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises, No. 1015 White Street, Far Rockaway, Borough of Queens, consisting of a store 12 feet by 30 feet, with rear yard 14 feet by 19 feet, for use of the President of the Borough of Queens, for a period of five years from April 1, 1917, with the privilege of renewal for three years upon the same terms and conditions, at a rental of \$240 a year, payable quarterly, the lessor to pay taxes and water rates, and if required, to partition store into two rooms, and make outside repairs; the lessee to pay for heat, light and caretaker and make such inside repairs during occupancy as it may deem necessary. Lessor, Mary Nolan, Cornaga Avenue, near White Street, Far Rockaway, Borough of Queens. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Mary Nolan, of the premises No. 1015 White Street, Far Rockaway, Borough of Queens, consisting of a store, 12 by 30 feet, with rear yard, 14 by 19 feet, for use of the President of the Borough of Queens, for a period of five years, from April 1, 1917, with the privilege of renewal for three years upon the same terms and conditions, at a rental of two hundred and forty dollars (\$240) a year, payable quarterly; the lessor to pay taxes and water rates, and if required, to partition store into two rooms and make outside repairs; the lessee to pay for heat, light and caretaker, and make such inside repairs during occupancy as it may deem necessary; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by Sections 149 and 217 of the Amended Greater New York Charter.

**Armory Board—Lease for, of the Stable Premises in the Durland Riding Academy, 5 W. 66th St., Manhattan.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 12, 1917.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—The Secretary of the Armory Board in a communication to your Board under date of February 23, 1917, states that at a meeting of the Armory Board held February 21, 1917, a resolution was adopted requesting a lease of suitable stable accommodations for the horses assigned by the War Department to Company A, First Battalion, Signal Corps, N. G., N. Y.

This Company at present uses Durlands Riding Academy for the purpose of mounted drills and instruction, under a lease between the City and the Durland Company. The Commanding Officer of Company A has requested that arrangements be made at this Academy for the stabling of horses assigned to his command.

The Durland Company has offered to rent suitable stalls and space for the storage of feed for the thirty-six horses assigned to this Company, including necessary electric light, heat, hot and cold water, removal of manure, night watchman and the use of the blacksmith shop, excluding tools and supplies, for the sum of \$10 per month per horse.

In a few instances, the City has rented stalls for the horses of the National Guard at the rate of \$3.50 per horse per month, which is considered a very low rental. In addition to such stall rent, the City also employs laborers for such horses so stabled, at the rate of one laborer for each ten horses, and two additional laborers where more than thirty horses are quartered, and pays said laborers the sum of \$3 per day each. These laborers are employed pursuant to the provisions of the Military Law.

Company A has at present thirty-five horses, and the pay for five laborers so allowed by law would amount to \$15 per day. The Commanding Officer of said Company states that if the Durland offer is accepted, there will be no expense to the City on account of laborers for his horses.

If the proposed arrangement and offer of the Durland Company is accepted, the daily cost to the City per horse will be 34 cents, whereas under the plan of leasing stable space at \$3.50 per horse per month and paying the laborers in connection therewith, the cost to the City will be 55 cents per horse per day, itemized as follows:

Stall, at \$3.50 per month .....	\$0 12
Laborers for 35 horses, at \$15 per day .....	43
	\$0 55

I therefore respectfully recommend, the rent being reasonable and just under the circumstances, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of suitable stable accommodations for not more than thirty-six horses assigned to Company A, First Battalion, Signal Corps, N. G., N. Y., and adequate space for the storage of feed for said horses, in the premises known as the Durland Company Riding Academy, 5 West 66th Street, Borough of Manhattan, including necessary electric light, heat, hot and cold water, removal of manure, night watchman, and the use of the blacksmith shop, excluding tools and supplies, for a period from April 1, 1917, to May 1, 1918, with privilege of renewal for a further term of one year, upon the same terms and conditions, at a rental of \$10 per horse per month, payable quarterly at the end of each quarter, payment to be made on voucher duly certified by the Commanding Officer of Company A, First Battalion, Signal Corps, N. G., N. Y.

The lease to contain a clause giving the City the privilege of cancelling same on thirty days' notice, in the event of the War Department withdrawing the horses from the Company hereinbefore mentioned. Lessor, the Durland Company, 5 West 66th Street, Manhattan. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Durland Company, of suitable stable accommodations for not more than thirty-six horses assigned to Company A, First Battalion, Signal Corps, N. G., N. Y., and adequate space for the storage of feed for said horses in the premises known as the Durland Company Riding Academy, 5 West 66th Street, Borough of Manhattan, including the necessary electric light, heat, hot and cold water, removal of manure, night watchman, and the use of the blacksmith shop, excluding tools and supplies, for a period from April 1, 1917, to May 1, 1918, with the privilege of renewal for a further term of one year upon the same terms and conditions, at a rental of ten dollars (\$10.00) per horse per month, payable quarterly at the end of each quarter;

payment to be made on voucher duly certified by the Commanding Officer of Company A, First Battalion, Signal Corps, N. G., N. Y.

The lease to contain a clause giving the City the privilege of cancelling the same on thirty days' notice, in the event of the War Department withdrawing the horses from the Company hereinbefore mentioned; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interest of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by Sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Children's Court is now located in a building owned by the City in the area taken for the new County Court House site. This building must be razed in the near future to allow the work of grading this site to proceed.

The area of the rooms proposed to be leased is 1088 square feet, and at the rental of \$1,360 per annum, the rate per square foot is \$1.25, and is practically the same as paid by the City for similar space in this building, which is a modern building, the owners furnishing hot and cold water, heat, elevator and janitor service.

Room 33 is 13 ft. by 18 ft., and contains 234 square feet, and at an annual rental of \$300, is at the rate of \$1.28 per square foot, which is the same rental now paid by the City for other space in this building. Gentlemen—On October 6, 1915, a resolution was adopted by your Board assigning to the Department of Parks, Borough of Queens, a parcel of land located in the block bounded by Broadway, Van Alst street, Maurice avenue and Queens boulevard, Borough of Queens, and known as the "Old Newtown Cemetery."

This property was turned over by the Commissioner of Public Charities as no longer required by his Department and requesting that it be assigned to the Department of Parks. The Commissioner of Parks in a communication dated August 26, 1915, also requested that this transfer be made.

In communications to your Board under dates of December 17, 1915, and January 28, 1916, the Commissioner of the Department of Parks states that the property in question is part of the cemetery belonging to St. James Protestant Episcopal Church of Elmhurst, and requests that the above resolution be rescinded and that the Commissioners of the Sinking Fund assign to his Department the cemetery land situate at the southeast corner of Justice (formerly Court) and Toledo streets, and known on the present tax maps of the Borough of Queens, as Lot 8, Block 957, Ward 2.

Before proceeding further with this matter, I requested the Corporation Counsel on February 8, 1916, to advise me as to the City's interest in both of these cemetery lands. Under date of February 20, 1917, the Corporation Counsel informs me that an examination of the records fails to disclose any instrument of record affecting the title of either of these pieces of property. That it is probable that these parcels of property were part of the lands granted to the Town of Newtown by the Colonial Government.

The plot at Justice and Toledo streets has been recognized as a public burying ground of the Town of Newtown for almost two hundred years, as a deed recorded on February 20, 1730, in Liber 6 of the Town Records, page 1, described the property therein conveyed as bounded on the east by the burying grounds.

The plot on Maurice avenue is shown on old maps, and referred to in some old deeds of abutting land as land belonging to the Town of Newtown.

In conclusion, the Corporation Counsel refers to the claim made by the Rector of St. James Episcopal Church, Newtown, that said Church owns Tax Lot No. 5, Ward 2, Block 56, on Maurice avenue, and holds that the Church has no record title thereto, so the burden of proving that it has had possession thereof under a claim of title for sufficient length of time to become the owner by adverse possession would devolve upon it, and that he is of opinion that both parcels of property at the time of annexation were owned by the Town of Newtown, and the title thereto is now vested in the City of New York as successor of said town.

Inasmuch as there is a question as to the ownership of the Maurice avenue parcel, I respectfully recommend that the resolution adopted by the commissioners of the Sinking Fund on October 6, 1915, assigning to the Park Department, Borough of Queens, a parcel of land located in the block bounded by Broadway, Van Alst street, Maurice avenue and Queens boulevard, Borough of Queens, be rescinded, and that the Commissioners of the Sinking Fund adopt a further resolution assigning to the Department of Parks, Borough of Queens, a parcel of land situate at the southeast corner of Justice (formerly Court) and Toledo streets, Borough of Queens, and designated on the present tax maps of said Borough as Lot 8, Block 957, Ward 2.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held October 6, 1915, assigning to the Department of Parks, Borough of Queens, a parcel of land located in the block bounded by Broadway, Van Alst Street, Maurice Avenue and Queens Boulevard, Borough of Queens, and known as the Old Newtown Cemetery, be and the same is hereby rescinded.

Resolved, That pursuant to law, the Commissioners of the Sinking Fund hereby assign to the Department of Parks, Borough of Queens, a parcel of land situated at the southeast corner of Justice (formerly Court) and Toledo Streets, Borough of Queens, and designated on the present tax maps of said Borough as Lot 8, Block 957, Ward 2.

The report was accepted, and the resolutions severally adopted, all the members present voting in the affirmative.

**President, Borough of Queens—To Care for the Land Within the Lines of Midland Parkway, from Hillside Ave. to Chevy Chase Rd., Queens.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 8, 1917.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from Jamaica Estates, Jamaica, Borough of Queens, requesting that the jurisdiction of Midland Parkway, Borough of Queens, be transferred to the Park Department.

In connection therewith, I referred the matter to the Commissioner of Parks of the Borough of Queens, and to the Borough President.

Under date of December 21, 1916, the President of the Borough of Queens informed me that he had received an opinion from the Corporation Counsel to the effect that the premises in question had been dedicated to public use.

The Park Commissioner of the Borough of Queens, in a communication dated December 21, 1916, states that as the appropriations allowed his department are far below the sum demanded to maintain the park system in the Borough of Queens in anything like a proper standard, it seems to him that it would be poor policy to increase the burden at the present time. The Park Commissioner in a further communication, dated January 13, 1917, advised me that as a result of an examination by an Assistant Engineer in his office, it appeared that Midland Avenue Parkway in the Borough of Queens is the property of the Jamaica Estates, and had not been accepted by the City.

I thereupon referred the matter to the Corporation Counsel, and in an opinion dated February 20, 1917, he advises me that Midland Parkway, from Hillside Avenue to Chevy Chase Road, has been dedicated to the use of the public, but that the title thereto is not in the City, and he further states that while the fee title thereof is not vested in the City, all the land within the lines of Midland Parkway has been dedicated to public use, and it is the duty of the President of the Borough to care for the land within the lines of that street.

I therefore respectfully recommend that the President of the Borough of Queens be requested to care for the land within the lines of Midland Parkway, from Hillside Avenue to Chevy Chase Road, Borough of Queens, and that Mr. Fred A. Haight, Secretary of the Jamaica Estates, Jamaica, Borough of Queens, be notified by the Secretary of your Board as to the action taken thereon. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Whereas, the Corporation Counsel in a communication dated February 20, 1917, has advised the Comptroller that Midland Parkway from Hillside Avenue to Chevy Chase Road in the Borough of Queens has been dedicated to the use of the public, but that the title thereto is not vested in the City, and that while the fee title thereof is not vested in the City all the land within the lines of Midland Parkway has been dedicated to public use, and it is the duty of the President of the Borough to care for the land within the lines of that street: therefore be it

Resolved, That the President of the Borough of Queens be and is hereby directed to care for the land within the lines of Midland Parkway from Hillside Avenue to Chevy Chase Road, Borough of Queens.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

**Application of the Heirs of Mrs. Mary M. Sauvan to Purchase Certain Property in the Borough of The Bronx, Designated as Lots 13 and 16 in Block 2718, Section 10, on the Tax Maps of The City of New York.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 8, 1917.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund, dated January 30, 1917, from Messrs. Clocke, Hoch & Reidy, attorneys for the heirs of Mrs. Mary M. Sauvan, wherein they offer the sum of \$3,000 for certain property on the east side of Tiffany Street, 197.15 feet north of East 167th Street, Borough of The Bronx.

The property consists of a vacant plot, approximately 60 feet by 113 feet, on the east side of Tiffany Street, and is designated as Lots 13 and 16, in Block 2718, Section 10, upon the Tax Map of the City of New York for the Borough of The Bronx, and was acquired by the City on January 17, 1917, by virtue of two actions against the heirs of Mrs. Sauvan, for the foreclosure of tax liens. The amount bid by the City at public auction was \$4,000.

The approximate amount of the liens or charges, to satisfy which the above described property was sold is \$5,986.28, with interest thereon from the 13th day of December, 1916, together with costs and allowances, amounting to \$373.45, with interest from December 18, 1916, together with the expenses of the sale.

Inasmuch as the amount offered does not represent the fair market value of this property, I respectfully recommend that the offer be denied, and the Secretary be directed to notify the attorneys of such action. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the application of the heirs of Mrs. Mary M. Sauvan to purchase property owned by the City on the easterly side of Tiffany Street, 197.15 feet north of East 167th Street, Borough of The Bronx, for the sum of \$3,000, be and the same is hereby denied.

Gentlemen—The City is the owner of premises on the south side of 14th Street, between Second and Hamilton Avenues, Borough of Brooklyn, and designated on the present tax maps of said Borough as Lot 35, Block 1038, Section 4, which was acquired through a sale for unpaid taxes.

I am in receipt of a sale of these premises at public auction at an upset price of \$500, which is to my mind the fair and reasonable value thereof. I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a sale at public auction of the following described property:

All that certain piece or parcel of land, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

—at a minimum or upset price of \$500, which I deem to be a fair appraisal of the value thereof, and upon the following terms and conditions:

The highest bidder will be required to pay 10 per cent of the amount of the bid, together with the auctioneer's fees at the time of the sale, and 90 per cent upon the delivery of the deed, which shall be within sixty days from the date of the sale.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

And that the Commissioners of the Sinking Fund adopt a further resolution authorizing the Comptroller to pay from the consideration any assessments against the premises to be sold, applying the balance thereof, if any, to pay the taxes due on said premises. In the event of there not being enough to pay these taxes, then the Comptroller be authorized to cancel the taxes which may be due.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

**Statement of Bonds and Stock of The City of New York, Bonds and Mortgage and Real Estate Held by the Commissioners of the Sinking Fund as Investments Dec. 31, 1916.**

The committee to which this matter was referred presented the following:  
March 5, 1917.

*To the Commissioners of the Sinking Fund:*

Gentlemen—At a meeting of the Commissioners of the Sinking Fund held January 25, 1917, the undersigned Committee was appointed to examine the securities held by the Sinking Fund Commission as of December 31, 1916.

His Honor the Mayor kindly placed the services of the Commissioners of Accounts at the service of the Committee for the actual checking to be done, and in accordance with a request from the Committee, the Commissioners of Accounts have made such examination and have submitted a report certifying to the fact that the securities have been checked by them and correspond with the records of the Sinking Fund Commission.

The report of the Commissioners of Accounts is transmitted herewith. Respectfully,

MILO R. MALTBY, Chamberlain; FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen.

February 27, 1917.

Hon. MILO R. MALTBY, Chamberlain; Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen; Committee of the Commissioners of the Sinking Fund in the Matter of the Verification of the Detailed Statements of the Comptroller of the Bonds and Stocks of the City of New York, and Bonds and Mortgages and Real Estate Held by the Commissioners of the Sinking Fund as Investments on December, 1916:

Sirs—Pursuant to your request, an examination has been made of the securities held by the Commissioners of the Sinking Fund as of December 31, 1916, the results of which herewith are submitted.

The securities consist of stocks and bonds, bonds and mortgages and sheriff's deeds. We have examined and compared the securities with the detailed statements attached hereto, prepared by the stock and bond division of the Department of Finance, representing the holdings of the Sinking Fund Commission at the close of business December 31, 1916, and transmitted to this office with your letter of January 29, 1917.

The aggregate par value of the securities examined amounted to \$405,675,286.38, viz.:

For account of Sinking Fund, City of New York.....	\$80,700,337 35
For account of Water Sinking Fund, City of New York.....	23,529,463 44
For account of Sinking Fund, Redemption of the City Debt, No. 1.....	289,946,192 64
For account of Sinking Fund, City of Brooklyn.....	\$8,578,551 95
Bonds and Mortgages, Sinking Fund, City of Brooklyn.....	63,741 00
	8,642,292 95
For account of Water Sinking Fund, City of Brooklyn.....	2,835,000 00
For account of Sinking Fund, Long Island City Fire Bonds.....	22,000 00
	\$405,675,286 38

The aggregate value of parcels of land for which the City holds Sheriff's deeds, not included in statement of securities, is estimated as follows:

Purchase price under foreclosure.....	\$3,950 00
Deficiency.....	3,565 79
	\$7,515 79

The stocks and bonds and bonds and mortgages are in the custody of Edmund D. Fisher, Deputy Comptroller. The Sheriff's deeds are in the custody of Charles A. O'Malley, in charge of the real estate bureau in the Department of Finance.

We have compared the balances in the various funds of the Sinking Fund Commission, as shown on the attached statement, with the balances in the auxiliary ledger in the office of the Comptroller and found them in agreement.

The mortgage libers kept in the office of the Register of Kings County have been examined and the mortgages found to be on record in the name of the City of Brooklyn. An examination of the conveyance libers shows that the Sheriff's deeds were recorded in the name of the City of Brooklyn and the City of New York.

A physical examination was made of the parcels of land described in the Sheriff's deeds. We found them to consist of vacant plots.

The titles to these two parcels of land appear on the tax rolls in the name of the City of Brooklyn and the City of New York, and the records of the Register's office show them to be in the name of the City of Brooklyn and the City of New York.

As one of the Sheriff's deeds, therefore, was executed to the City of New York, the caption of the statement in the schedule of holdings of the Sinking Fund Commission should be corrected. The deed was not to the City of Brooklyn, nor was the City of Brooklyn the plaintiff in foreclosure in that case. The caption, therefore, might more properly read: "Sheriff's deed to east side lands in foreclosure for account sinking fund of the City of Brooklyn." Respectfully submitted,

LEONARD M. WALLSTEIN, Commissioner of Accounts.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 14, 1917.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Fire Department, in a communication to your Board under date of January 21, 1916, surrendered to the Commissioners of the Sinking Fund, as being no longer required for the purposes of the Fire Department, certain premises on the west side of Washington Avenue, between East 172nd Street and Claremont Avenue, Borough of The Bronx, and designated on the tax maps of said Borough as Lot 34, Block 2904, Section 21.

The property consists of a vacant plot, 50 feet by 140.35 feet and irregular, and has been appraised by the Division of Real Estate of this Department at \$15,000.

I am in receipt of an offer to lease these premises for a period of five years at an annual rental of \$800, which figures about 4 per cent. and taxes, based on the appraised value of \$15,000.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund authorize a sale at public auction of the lease of premises designated on the tax maps of the Borough of The Bronx as Lot 34, Block 2904, Section 21, for a period of five years from April 15, 1917, at a minimum or upset rental of \$800 per annum, payable quarterly in advance and upon the following terms and conditions:

The highest bidder will be required to pay twenty-five per cent. (25%) of the yearly rental at the time and place of sale. The amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified it is ready for execution.

No person shall be received as lessee or surety who is delinquent on any former

lease from the corporation and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property and will contain, in addition to other terms, covenants and conditions, as follows:

First—A clause providing that the lessee shall not make any alterations or improvements upon the property except with the consent and approval of the Comptroller.

Second—A clause providing that during the term of the lease the lessee shall keep whatever buildings may be erected thereon in proper repair, both inside and outside, at his own cost and expense, and shall comply with all the laws and ordinances of the City of New York, and shall make all alterations and improvements thereto during the period of the lease.

Third—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease shall become the property of the City of New York at the expiration of said lease.

**Dock Department—Appointment of John M. Phelan to Act as Arbitrator on Behalf of the City in Connection with a Renewal of the Lease to the Dyckman St. and Englewood Ferry Corporation of the Franchise to Operate a Ferry Between the Foot of Dyckman St., Manhattan, and Englewood Landing, Palisade Park, N. J.**

The following was received from the Commissioner of Docks:

Pier A, North River, March 9, 1917.

Hon. JOHN PURROY MITCHEL, Mayor and Chairman of the Commissioners of the Sinking Fund:

Sir—The Dyckman Street and Englewood Ferry Corporation advised this Department under date of March 7, 1917, that the Corporation desires to avail itself of the privilege of renewal for a period of ten years, contained in the lease dated May 29, 1915, of franchise to operate a ferry from and to Englewood Landing, Palisade Park, State of New Jersey, to and from a point at or near the foot of Dyckman Street, Borough of Manhattan, City of New York.

This lease contains the following provision:

"And the said party of the first part does further covenant to and agree with the said party of the second part, that if at any time, not less than three months before the expiration of the term of these presents, the said party of the second part shall give to the party of the first part, notice in writing by service thereof on the Commissioner of Docks, of its desire that this present lease and grant shall be renewed, and if the said party of the second part shall have kept and observed all the covenants and stipulations in this indenture contained, then and in that case the said party of the first part shall and will again lease, assign and farm let unto the said party of the second part for a further term of ten years next ensuing the day on which the term hereby demised shall expire, all and singular, the ferry franchise, described in this Indenture of lease, by an Indenture with like covenants as are contained in this Indenture, except that the annual rent shall be fixed by arbitration, as hereinafter provided, to be paid yearly in every year of said renewal in equal quarter-yearly payments on the usual days of payment, and except that there shall be no covenant of renewal.

"And the parties hereto mutually covenant and agree that for the purpose of fixing and determining upon the rental to be paid during the renewal term, that the party hereto of the second part and the Commissioner of Docks shall each appoint an arbitrator who shall decide what rent shall be paid by the party of the second part for the ensuing renewal term, and in the event that said two arbitrators are unable to agree, they shall select an umpire and the rental decided by the majority shall be the amount of rent to be paid for the ensuing renewal term, provided, however, that in no event shall the rental for the renewal term be less than the rental herein reserved."

In its communication the Corporation nominates Joseph A. McCarthy, Auditor of the Corporation, as an arbitrator to fix the rental to be paid by such corporation during the renewal term of the lease in question.

Subject to the approval of the Commissioners of the Sinking Fund, I have appointed John M. Phelan, Auditor of this Department, to act on behalf of the City as arbitrator, and respectfully request the concurrence of the Commissioners of the Sinking Fund in such appointment. Yours respectfully,

R. A. C. SMITH, Commissioner of Docks.

The following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of the appointment by the Commissioner of Docks of John M. Phelan, Auditor in the Department of Docks and Ferries, to act as arbitrator on behalf of the City in the matter of the renewal of the lease to the Dyckman Street and Englewood Ferry Corporation, of the franchise to operate a ferry from and to Englewood, Palisades Park, State of New Jersey, to and from a point at or near the foot of Dyckman Street, Borough of Manhattan, City of New York.

Which resolution was adopted, all the members present voting in the affirmative.

**Public Service Commission—Communication from, Requesting the Turning Over to the Commission at a Valuation of \$125,000 of Certain Premises at Jerome Ave. and Mosholu Parkway, Bronx.**

The Deputy and Acting Comptroller presented the following report:

March 15, 1917.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen: There has been referred to me for consideration the following

communication addressed to the Commissioners of the Sinking Fund by the Public Service Commission for the First District, under date of March 7, 1917, with respect to the turning over to said Commission, at a valuation of \$125,000, of certain premises at Jerome Avenue and Mosholu Parkway, in the Borough of The Bronx, to be used as a distribution storage yard:

"The Public Service Commission for the First District, pursuant to a resolution adopted by said Commission on March 7, 1917, a certified copy of which is herewith transmitted, hereby makes application to the Commissioners of the Sinking Fund of The City of New York, pursuant to Section 39, subdivision 4-a, of the Rapid Transit Act to transfer and turn over to this Commission at and for a valuation of \$125,000 the property indicated on the map or plan herewith transmitted and entitled 'State of New York, Public Service Commission for the First District, Engineering Department, Storage Yard, Jerome Avenue Line, Plan Showing Property Required at Jerome Avenue and Mosholu Parkway,' dated February 16, 1917, and numbered File No. 1517-Y, Drawing No. 9, revised 3-7-17, such property to be used for the purpose of the construction and operation of a storage yard for a rapid transit railroad or railroads. Such property has an area of 326,550 square feet. It is understood that said sum of \$125,000 will be taken from rapid transit funds and credited to such other city fund as you may direct.

"The location of this yard site has been fixed after informal conference between representatives of this Commission and of the several city departments directly or indirectly concerned, with a view of using only such area as will not interfere with a proper development for municipal purposes of the rest of the City property in the vicinity, and as will be capable of treatment by means of bordering hedges, walls or tree growth in such manner as to least mar future scenic development.

"By letter dated October 10, 1916, the President of the Borough of The Bronx, expressed satisfaction with the proposed location of this yard, and by letter dated January 27, 1917, from the Department of Water Supply, Gas and Electricity, this Commission was advised that this property had been turned over to your Board.

"This Commission is now in a position to expedite the preparation of detailed plans and the work of construction of this yard, which will be needed in connection with the operation of the Jerome Avenue Rapid Transit Railroad, and your Honorable Board is urged to advance necessary action on this matter to the earliest convenient date on its calendar."

While it appears from this letter that the President of the Borough of The Bronx has expressed satisfaction with the proposed location of the yard, I am informed that there may be considerable opposition by residents in this neighborhood.

I would therefore recommend that the entire question be referred to a committee of your Board, requesting them to report back as to the desirability of the location as well as the reasonableness of the price. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Which was referred to a Committee consisting of the Chamberlain, Comptroller and Chairman of the Finance Committee, Board of Aldermen.

Adjourned.

JOHN KORB, JR., Secretary.

To the Board of Commissioners of the Sinking Fund:

Gentlemen—The resolution of your honorable body on February 8th, 1917, apportioning space in the Hall of Records, Manhattan, to the Register, the Surrogates, the Commissioner of Records under the Surrogates, the County Clerk, the Commissioner of Records, New York County, and the Public Administrator, when it becomes effective upon the making of appropriations now pending, will release about 32,000 square feet of floor space in the Hall of Records. It was suggested in the report of this office, upon which your action was taken, that the released space would be available either for the chambers of the Justices of the Supreme Court or for leasing as office space to departments of the State of New York.

The Justices of the Supreme Court having declined to move, the matter has been taken up with the Trustees of Public Buildings of the State of New York and the various State Departments, and negotiations carried as far, informally, as it is felt that they can be carried. Without waiting for formal action on the part of the city, the Trustees of Public Buildings are now proceeding to pass resolutions in the spirit of the informal offers made on behalf of the city and are pressing for the prompt and definite answers made necessary by their existing leases.

Negotiations with the Trustees of Public Buildings of the State of New York have from the outset been based upon the following provisions:

I. That the State departments should each be given accommodations in point of space and arrangement satisfactorily equal to those which they now have.

II. That there should be for the space so given no increase in rental over that now paid.

III. That the expenses of making partition alterations, painting, etc., and of moving the departments should be borne by the city.

IV. That as many State departments as could properly be moved will be accommodated in the Hall of Records, Manhattan, and that this accommodation shall have some considerable degree of permanence.

V. That where real reason to the contrary does not exist the Trustees of Public Buildings will require the State departments to move into the Hall of Records Building.

These provisions are reasonable and practical, as will be shown by the following:

(A) That although the Hall of Records is not a modern office building, since its rooms extend too far away from the windows, and the windows are too few and spaced too far apart in the outside walls, and although, therefore, larger spaces than those now leased have to be given almost all State Departments, nevertheless, by careful planning, the average rental per square foot to be obtained from the State Departments, reported on herein as available for occupancy, is approximately the same as that paid by the city for the chambers of the Justices of the Supreme Court at 51 Chambers Street, where an approximately equal amount of space is leased.

(B) That the expense of making the necessary alterations in partitions, in repainting, etc., is usual where a lease is made for a term of years.

(C) That the Trustees of Public Buildings have no funds for moving the State Departments; that the expense involved amounts to only about ten cents for one year per square foot of space occupied, or approximately one-fifteenth to one-sixteenth of the rent for the first year, and that when spread over the ensuing five to six years, which is the least term of years considered for such occupancy, it becomes negligible; that this moving can be effected through a remission of rent for a short period as hereinafter proposed, and that such bearing of the expense of moving through a rent concession is not at all unusual and is believed to be a perfectly legal way of meeting this difficulty.

(D) That the whole advantage to the State arises from getting all, or practically all, of its departments into one building, as a result of savings in messenger and telephone service, in the increased co-operation between its departments and in convenience to those having business with a number of State Departments on the one day or trip.

Negotiations with the New York City offices of the various State Departments have upon these provisions proceeded to the extent shown by the following tables, I. to V., inclusive:

(Footnote added March 21, 1917.)

The data upon which these tables were finally based has been submitted from time to time to the Executive Auditor, George A. Glynn, and has by him been taken up with the Trustees of Public Buildings. The Tables I, II, III, IV and V, exclusive of the foot notes which have been added later, were submitted to Mr. Glynn under date of March 10th, 1917, accompanied by the letter shown as Appendix "A" hereto, and were by him submitted at a meeting of the Trustees of Public Buildings on March 15th, 1917.

As a consequence of a resolution then adopted, a letter was received dated March 15th, 1917, from W. A. Orr, Secretary of the Trustees of Public Buildings, notifying that the State Engineer's office would be ready to occupy Rooms 608-W and 609, Hall of Records Building, commencing May 1st, 1917, under the above enumerated provisions.

Under date of March 17th, 1917, a similar notification was received concerning the State Athletic Commission.

Also, Secretary Orr has informed me personally that it is the intention of the Trustees of Public Buildings to proceed to place the State departments, with the exception of a few who have compelling reasons for staying in certain localities, in the Hall of Records as fast as their leases will permit and as fast as quarters can by the City be made ready for them.

As will be seen by the above, the disposition of the Trustees of Public Buildings is to go ahead with the proposition, but to take up the various departments one at a time.

While I believe that practically the occupancy shown in the tables I, II and III will eventually be realized, I cannot now, for the above reasons and for those set forth in my letter of March 10th, 1917 (see Appendix "A"), say absolutely what gross or net rentals can be realized in the first year. There will be some few changes

from the figures shown in that letter, such as that due to the introduction of the Athletic Commission which has not been abolished as predicted. All that I can say at this time is that if the expected tenancy is realized, the gross returns will be approximately \$39,494 per year, after all the State departments which can be accommodated get into occupancy; that all should be in occupancy by May 1, 1918, and at least three, and probably several more, before then; that the total expense of moving and making alterations for these as now estimated, will be approximately \$21,500 to be outlaid, of course, in the amount needed for each department immediately preceding the occupancy and commencement of rent payment by that department; and that this occupancy should continue for at least five years thereafter, thus yielding a total net income from State departments of \$175,900, plus whatever rents are obtained during the year from May 1, 1917, to May 1, 1918, which due to three State departments that can be temporarily housed in time to permit giving up their present quarters by May 1, 1917, will amount to at least \$4,700, and may amount to much more if the State succeeds in securing many month-to-month tenancies in place of expiring leases.

Compared with the only other alternative for the use of this space, that of holding it until the gradual expansion of the activities of the City's Departments finally requires its full use, this is much the more profitable means of realizing on it for the time period contemplated.

The amount of at present unassigned space in the Hall of Records is not any more than just sufficient to provide adequately for the Commissioner of Jurors in Rooms 603, 604 and 605, and to provide for the various State Departments enumerated. Since the benefit to the State lies wholly in getting all its departments together in one building, and since the Trustees of Public Buildings are assuming much labor and incurring criticism to accomplish this end, an inability to offer sufficient space to house all the State Departments which can be moved would plainly jeopardize the City's opportunity to rent this space. I therefore urge that the above mentioned space be held as one whole until the leases with the State are definitely consummated.

The necessary enabling legislation to permit The City of New York to lease space in the Hall of Records to the State of New York has been introduced into both branches of the State Legislature, and has, with the co-operation of the State authorities, passed the Senate. It is now in the Cities Committee of the Assembly, and assurances are given that the State authorities will push it along promptly.

Under these conditions, I recommend to your honorable body, all contingent upon the enactment of the necessary legislation to permit The City of New York to lease space in the Hall of Records, Manhattan, to the State of New York:

I. That all the at present unassigned space on the 3rd, 4th, 6th and 7th floors of that building, with the exception of Rooms 603, 604 and 605, be reserved for offer to the State of New York.

II. That separate lease agreements be made by The City of New York with the Trustees of Public Buildings of the State of New York for either each State Department or for as many State Departments as can enter occupancy at any one time, all leases to extend to May 1st, 1923, and no lease to start later than May 1st, 1918, all upon the following conditions:

(a) Of each paying the same rental as now paid in their present quarters.  
(b) Of each receiving quarters of equal convenience even though that involves, as it generally will, larger area occupied in the Hall of Records.  
(c) Of alterations in partitions, lighting, painting, etc., being made for each as determined prior to leasing and at the City's expense.  
(d) Of a remission of rent to each in amount equal to the lowest estimate by a reliable mover for moving the furniture and effects of such department from its present quarters to its final location in the Hall of Records Building.

III. That to permit the State freedom to combine, extend or eliminate departments without disparagement to the interests of The City of New York as lessor, these separate leases should be combined at the earliest possible date into one lease renting the same area covered by the total of the separate leases for the total of the rentals named in such separate leases.

IV. That some official of The City of New York be authorized to carry on these negotiations to the point of presenting to the Commissioners of the Sinking Fund the full particulars upon which they can base a formal lease satisfactory to the Trustees of Public Buildings and embodying the above enumerated conditions and principles. Respectfully submitted.

LEONARD M. WALLSTEIN, Commissioner of Accounts.  
APPENDIX "A."

March 10, 1917.

Hon. GEORGE A. GLYNN, Executive Auditor, State Capitol, Albany, N. Y.:

Dear Sir—In the matter of accommodations in one city-owned building for the New York City offices of the various State departments, I attach a set of reports showing the present status of negotiations with these departments. Summarized, these show:

That three departmental offices (See Table I) now occupying 5,013 square feet of space for which total yearly rentals of \$10,800 are now paid, have up to this date signified their willingness to move into the Hall of Records, where they would occupy 6,220 square feet for the same total rental, all provided that the move is made general for State departments.

That six departmental offices (See Table II) now occupying 8,521 square feet, for which total yearly rentals of \$15,679.92 are now paid, have up to this date not apprised me of acceptance or objection. These, it seems to me, can be moved without hardship. They would occupy 9,962 square feet in the Hall of Records for the same total rental.

The twelve departmental offices have up to this date stated that they prefer not to move unless required to do so by the Trustees of Public Buildings.

Of these, six (See Table III) now occupying 6,703 square feet, for which total yearly rentals of \$10,875 are now paid, can, as shown in attached reports, in my judgment, be caused to move without hardship to either of them, the function they serve or the public they accommodate. These would occupy 7,332 square feet in the Hall of Records. Due to the requirement of 300 square feet additional space made by the State Architect it is estimated this would cost the State approximately \$475 additional at the rate now paid in the Woolworth Building, and there would be an increase in the rental to be paid in the Hall of Records by that same amount.

That six departmental offices (See Table IV) now occupying 16,659 square feet, at total yearly rentals of \$26,520, could not, in my judgment, for the reasons stated in attached report, wisely be moved to the Hall of Records.

In addition to the above there are three departmental offices (See Table V) now occupying 54,352 square feet which because of their existing leases cannot be moved in an at all reasonable time into the Hall of Records. These leases have each several years to run and although terminable for lack of appropriation, should not, in fairness, as you have already stated, be so terminated.

Space to the extent of 890 square feet has been reserved temporarily for the Athletic Commission, although, due to uncertainty as to its continued existence, this amount of space and its rental are not included in the following figures:

Space to the extent of 1,212 square feet, in addition to that now set aside for the Department of Agriculture, has been reserved temporarily for the possible future Department of Agriculture, Foods and Markets' central office.

Apart from the Secretary of State's Automobile License Bureau, which cannot be accommodated anywhere in this vicinity because of lack of parking space in the streets, the above tables cover all State departments' New York City offices.

From all of the above it seems that approximately 25,256 square feet in the Hall of Records Building can be rented by the State for \$39,739.92, an average of \$1.57 per square foot, that these leases could start, all except four, on May 1, 1917, provided, first, that the enabling act permitting the City to rent space in this building to the State is passed; second, that negotiations can be completed; third, that the partitions, lighting, etc., can be erected or altered to prepare the quarters for their occupancy; fourth, that the moving can be accomplished all in time to prevent these offices from becoming holdover tenants in their present locations. Of these four departments two will not, because of existing lease, be free to move before early in 1918.

Could all this be done it would seem that the City might receive a gross rental for the first year (May 1, 1917, to May 1, 1918), amounting to \$28,000.75, exclusive of any rent for the 1,812 square feet reserved for the new Department of Agriculture, Foods and Markets, or of rent for the 890 square feet for the Athletic Commission. This gross amount would have to be reduced by the costs of moving those State departments which would enter during this year, estimated at \$1,710, and of altering the partitions, lighting, decorating, etc., for the same departments, estimated as costing \$17,735.77, leaving a net rental for this first year of \$8,554.98. In the second year (May 1, 1918, to May 1, 1919), the gross rental would amount to \$37,829.92,

plus, say, \$1,910 for the 1,212 square feet presumably to be taken by this time by the Department of Agriculture, Foods and Markets, a total gross rental of \$39,739.92. This does not include rental of space for the Athletic Commission, which may or may not be continued in existence. This gross rental will have to be reduced by the costs of moving and erecting partitions, etc., for those departments which enter occupancy in this year, amounting it is estimated to \$2,071.44. The net rental for this year would therefore be \$37,668.48.

In the third and succeeding years the rentals, all net, would amount to \$39,739.92, all not including space for the Athletic Commission, which would be additional.

Judging from past experience I do not believe that the legalities, negotiations, alterations and moving, being as they are, consequent one upon the other, can possibly be completed in time to permit those departments whose leases expire May 1, 1917, to enter occupancy at or before that time.

I would urge, therefore, that wherever possible a month to month tenancy beyond the present leases be secured as an aid to making this enterprise as nearly remunerative to the City as possible under the present hard circumstances, and that where monthly tenancy positively cannot be secured, that renewal for only one year be made.

While as I understand it the appropriations for rents are this year included in the budget for each department, this practice is to be supplanted next year by placing all such appropriations in the budget of the Trustees of Public Buildings. This makes easy a condition which I believe the City will strongly prefer, namely, to rent this space as a unit to the State for one set price. Because of the uncertainty attending the moving, etc., it may not be possible to make such an arrangement for the year ended April 30, 1918, but I believe that our understanding should definitely include a consummation of such a lease to commence as soon as the bulk of the State departments are in occupancy, and to recommend in its provisions the additions thereto, if any, of the space and rentals not then covered but which are included in the attached tables I, II and III.

It may easily seem that this study has proceeded very slowly on our part. I would draw attention, however, to the fact that the amount of patient investigation, planning and replanning involved has been very large, and that the matter has been handled so as to provoke neither unpleasantness nor active opposition, while at the same time attaining as far as inducement can, the object sought.

Under these circumstances and in view of the rather full reports presented herewith, I feel free to ask you to urge upon the Trustees of Public Buildings the extreme importance of putting into very prompt effect their expressed desires for this consolidation of offices to the extent of having the enabling act on the Hall of Records passed and of taking the firm stand already indicated by you toward the State departments, which will cause them to submit promptly to the desires of the Trustees of Public Buildings.

I ask that you advise me promptly of the exact situation, so that the necessary co-ordinate action may be set in motion for the City. Very truly yours,

LEONARD M. WALLSTEIN, Commissioner of Accounts.

The Commissioner of Accounts was heard in regard to the matter.

Discussion followed.

The following resolution was offered for adoption:

Resolved, That, contingent upon the enactment of a law empowering the Commissioners of the Sinking Fund to lease office space in the Hall of Records, Manhattan, to the State of New York, the at present unassigned space on the third, fourth, sixth and seventh floors of such building, with the exception of rooms 603, 604 and 605, be and hereby is offered for lease to the State of New York for occupancy by the departments listed and noted in the annexed tables, I, II, and III, whose quarters, at present elsewhere in the City of New York, can be vacated within one year from May 1, 1917; such offer to be subject to the following conditions:

1. The space leased for each such department shall approximate in area the space now occupied by such department elsewhere in the City of New York, such allotment to be subject to variation by mutual agreement between the Commissioners of the Sinking Fund and the Trustees of Public Buildings prior to the execution of a formal lease.

2. The term of each such lease shall commence upon a date to be agreed upon by the Commissioners of the Sinking Fund and the Trustees of Public Buildings as the date by which the present quarters occupied by such State departments can be vacated and by which the alterations necessary to accommodate such departments in the Hall of Records can be sufficiently completed.

3. The term of each such lease shall expire on May 1, 1923, subject to renewal by mutual consent.

4. The annual rental under each such lease shall be the same as that now paid for the space occupied by each such department elsewhere in the City of New York, except that if a variation is agreed upon as provided under condition 1, such agreement shall fix the variation from the present annual rental; and provided further, that the annual rental for the first year under each such lease shall be reduced by the amount which it will cost the State to move such department from the present quarters into the Hall of Records, such cost to be determined by estimates from furniture movers obtained by representatives of the City of New York, the bills for moving to be paid by the State.

5. The City of New York will furnish light, heat and janitor service and will bear the expense of necessary partition alterations, painting, etc.

6. If in the next State budget moneys are appropriated directly to the Trustees of Public Buildings to pay rent for all departments whose quarters are leased from the City of New York, the various leases for space in the Hall of Records for these departments shall be combined into one lease, under which the annual rental shall be the sum of the annual rentals under the individual leases.

—and be it further

Resolved, That the Commissioner of Accounts be and he is hereby authorized to negotiate with representatives of the Trustees of Public Buildings and to report promptly to the Commissioners of the Sinking Fund full data as to the particulars of space, rent and moving expense, to be included or recognized in the formal lease for each such occupancy; and that the Secretary is hereby directed to transmit to the Trustees of Public Buildings a copy of these resolutions and the annexed tables.

Which resolution was adopted, all the members present voting in the affirmative.

#### Meetings to Be Held Every Two Weeks.

The President of the Board of Aldermen protested against special meetings being called on a few hours' notice, and brought up the question of having the Board meetings at stated periods in order that matters requiring action may be put on the calendar and the members advised in advance as to the business to be brought up for consideration.

Discussion followed.

The Chairman of the Finance Committee, Board of Aldermen, moved that the regular meetings of the Board be held on Thursday every two weeks. Motion carried.

Adjourned.

JOHN KORB, Jr., Secretary.

### MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of The City of New York Held Thursday, Feb. 1, 1917, at 2 P. M.

Present—Dr. Henry Moskowitz, President; Darwin R. James, Jr., and Alexander Keogh, Commissioners. The President presided.

A public hearing was called on the proposed amendment of the Municipal Civil Service Rules by changing clause 3 of Rule XIII. to read as follows:

"3. A person who has been removed or otherwise separated from a permanent competitive position for any cause other than fault or delinquency on his part shall be eligible for reinstatement without examination, at any time within one year from the date of such separation, in a vacant position in the same class and grade, provided that for original entrance to such position there is not required by these rules, in the judgment of the Commission, an examination involving tests or qualifications different from or higher than those involved in the examination for appointment to the position formerly held by such person. A person who has resigned from a permanent competitive position may be similarly reinstated, provided the head of the department, office or institution from which he resigned shall certify that at the time of resignation

his services, conduct and character were satisfactory. But no person shall be so reinstated who at any time within a year prior to the date of his separation from the service had been eligible for reinstatement as a suspended employee.

"The Commission may in its discretion extend the period during which reinstatement may be made under this clause where the person seeking reinstatement resigned his position in order to serve in the Army or Navy of the United States in time of war, and has received an honorable discharge therefrom."

There were no appearances and the Chair declared the hearing closed.

A public hearing was had on the proposed amendment of the classification of positions in the Non-Competitive Class under the heading "Positions in the Department of Health, at compensations not exceeding the amounts set forth below," Part I., under the sub-heading: "Hospitals for Contagious Diseases in New York City," by changing the line, Orderly, \$840 per annum, with maintenance, to read Orderly, \$870 per annum, with maintenance; and under the sub-heading "Tuberculosis Sanatorium, Otisville, N. Y.," by changing the line Nurse, \$900 per annum, with maintenance, to read Nurse, \$1,200 per annum, with maintenance; also amending Part II., under the sub-heading "Hospitals for Contagious Diseases in New York City," by changing the line Butcher, \$720 per annum, without maintenance, to read, Butcher, \$750 per annum, without maintenance.

Robert J. Wilson, Director of Hospitals of the Department of Health, appeared in favor of the proposed amendment. There were no other appearances and the Chair declared the hearing closed.

A public hearing was had on the adoption of the following proposed resolution:

Whereas, It appears from the records of the Municipal Civil Service Commission of The City of New York that during the past two years unprecedented difficulty has been experienced in securing candidates on eligible list for First Grade Clerk who are willing to accept appointment at \$300 per annum because of the unusual demand for the employment of first grade clerks or office boys in private business; and

Whereas, The Board of Estimate and Apportionment has under consideration a resolution permitting the filling of vacancies in the position of first grade clerk at \$360 per annum; therefore be it

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, the provisions of paragraph 4 of Rule XI, so far as they relate to declarations because of insufficiency of compensation offered, be and they hereby are waived in the case of first grade clerks so as to permit increases in salary of first grade clerks up to an amount not to exceed the entrance salary fixed by the Board of Estimate and Apportionment and the maximum salary allowed first grade clerks under the Municipal Civil Service Rules and Classification; provided, however, that such increase shall be allowed only first grade clerks appointed from the eligible lists for that position established Dec. 30, 1913, and Nov. 15, 1916, respectively.

Edward F. Cadley, Chief Clerk, office of the President of the Borough of Brooklyn, appeared, in behalf of the President of the Borough of Brooklyn, in favor of the proposed resolution.

A public hearing was called on the adoption of the following proposed resolution:

"Whereas, Because of unusual conditions in the labor market it has been found impossible to secure sufficient applicants for the position of Sweeper in the Department of Street Cleaning for employment in the Borough of Manhattan; and

Whereas, There is an excess of applicants for employment as Sweeper in the Borough of Brooklyn; and

Whereas, Clause 13 of Rule XIX, of the Municipal Civil Service Rules prohibits the transfer of a person in the Labor Class "from an office in one borough or county to any other borough or county until he shall have served for a period of six months in the borough or county from which transfer is to be made," therefore be it

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, the above mentioned limitation be waived in order to permit the transfer of Sweepers, Department of Street Cleaning, employed in the Borough of Brooklyn, to perform services as Sweepers in the Borough of Manhattan for a period of not to exceed six months.

There were no appearances and the Chair declared the hearing closed.

The Commission then went into regular session.

On motion, it was

Resolved, That paragraph 3 of Rule XIII. of the Rules of the Municipal Civil Service Commission be and the same hereby is amended to read as follows:

"3. A person who has been removed or otherwise separated from a permanent competitive position for any cause other than fault or delinquency on his part shall be eligible for reinstatement without examination, at any time within one year from the date of such separation, in a vacant position in the same class and grade, provided that for original entrance to such position there is not required by these rules, in the judgment of the Commission, an examination involving tests or qualifications different from or higher than those involved in the examination for appointment to the position formerly held by such person. A person who has resigned from a permanent competitive position may be similarly reinstated, provided the head of the department, office or institution, from which he resigned shall certify that at the time of resignation his services, conduct and character were satisfactory. But no person shall be so reinstated who at any time within a year prior to the date of his separation from the service, has been eligible for reinstatement as a suspended employee.

"The Commission may in its discretion extend the period during which reinstatement may be made under this clause where the person seeking reinstatement resigned his position in order to serve in the Army or Navy of the United States in time of war, and has received an honorable discharge therefrom."

On motion, it was

Resolved, That the classification of positions in the Non-Competitive Class, under the heading "Positions in the Department of Health, at compensations not exceeding the amounts set forth below," be and the same hereby is amended as follows:

By changing the line "Orderly, \$840 per annum (with maintenance)," under the sub-heading "Hospitals for Contagious Diseases in New York City (Part I.)," to read Orderly, \$870 per annum (with maintenance).

On motion, the following resolution was adopted:

Whereas, it appears from the records of the Municipal Civil Service Commission of The City of New York that during the past two years unprecedented difficulty has been experienced in securing candidates on eligible lists for first grade clerk who are willing to accept appointment at \$300 per annum because of the unusual demand for the employment of first grade clerks or office boys in private business; and

Whereas, The Board of Estimate and Apportionment has under consideration a resolution permitting the filling of vacancies in the position of first grade clerk at \$360 per annum; therefore, be it

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, the provisions of paragraph 4 of Rule XI, so far as they relate to declarations because of insufficiency of compensation offered, be and they hereby are waived in the case of first grade clerks so as to permit increases in salary of first grade clerks up to an amount not to exceed the entrance salary fixed by the Board of Estimate and Apportionment and the maximum salary allowed first grade clerks under the Municipal Civil Service Rules and Classification; provided, however, that such increases shall be allowed only first grade clerks appointed from the eligible lists for that position established Dec. 30, 1913, and Nov. 15, 1916, respectively.

On motion the following resolution was adopted:

Whereas, Because of unusual conditions in the labor market it has been found impossible to secure sufficient applicants for the position of sweeper in the Department of Street Cleaning for employment in the Borough of Manhattan; and

Whereas, There is an excess of applicants for employment as sweepers in the Borough of Brooklyn; and

Whereas, Clause 13 of Rule XIX of the Municipal Civil Service Rules prohibits the transfer of a person in the labor class "from an office in one borough or county to any other borough or county until he shall have served for a period of six months in the borough or county from which transfer is to be made," therefore, be it

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, the above mentioned limitation be waived in order to permit the transfers of sweepers in the Department of Street Cleaning, employed in the Borough of Brooklyn, to perform services as sweepers in the Borough of Manhattan for a period of not to exceed six months.

Notices of Public Hearings.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Automatic Scoreboard Company, Inc., has, by a petition dated April 24, 1916, applied to this Board for the right, privilege and franchise to construct, maintain and operate electrical conductors in, through and under the streets and avenues in the Borough of Manhattan, for the purpose of operating automatic baseball scoreboards to be located on the premises of subscribers; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 407 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on May 5, 1916, fixing the date for public hearing thereon as June 2, 1916, at which citizens were entitled to appear and be heard, and publication was made at least two (2) days in the "New York Press" and "The Evening World," newspapers designated by the Mayor, and in the "City Record" for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on said day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The Automatic Scoreboard Company, Inc., and the adequacy of the compensation to be paid therefor; none, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Automatic Scoreboard Company, Inc., containing the form of proposed contract, be and it is hereby so ordered, that the same be introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Automatic Scoreboard Company, Inc., the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions of said proposed form of contract, contained and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and executed in duplicate this day of 19 19 17, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Automatic Scoreboard Company, Inc., (hereinafter called the Company), party of the second part, witnessed:

In consideration of the mutual covenants and agreements herein contained the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in, through and under the streets and highways in the Borough of Manhattan, in the City of New York, for the purpose of operating automatic baseball scoreboards to be located on the premises of subscribers. It is expressly provided that the right and privilege hereby granted shall not include the right or privilege to construct, maintain or operate ducts, conduits or subways in any street or highway.

In lieu of laying or constructing its own wires or other electrical conductors, the Company is hereby authorized to rent or lease from any corporation wires or other electrical conductors which have been lawfully constructed within the streets and highways.

Sec. 2. The grant of this right and privilege is subject to the following conditions:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor to and until December 31, 1921, with the privilege of renewal of said contract for the further period of five (5) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The time within which such application for renewal must be made is of the essence of this contract, and a failure of the Company to present its application within the time fixed shall be considered as an election on the part of the Company not to take advantage of the renewal privilege, and as a relinquishment of its right to such renewal, in which event the franchise shall terminate on the last day of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the term of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day nine (9) months before the expiration of the original term of this contract, then the parties hereby agree that the sum required to be paid for the renewal term shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and agreed to by any two of such appraisers shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The entire expense of such appraisal shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for this right and privilege, during the original term of this contract, expiring December 31, 1921, the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor and before anything is done in exercise of the right and privilege hereby granted, and the further sum of one thousand dollars (\$1,000) in cash on or before April 1, 1918.

The sums herein named are in addition to the annual sums required to be paid under paragraph (b) following.

(b) During the first year, or portion thereof, expiring December 31, 1917, a sum which shall be equal to three (3) per cent. of the gross receipts for such year, or portion thereof, but which shall not be less than four hundred dollars (\$400).

During the second year, expiring December 31, 1918, a sum which shall be equal to four per cent. of its gross receipts for such year, but which shall not be less than eight hundred dollars (\$800).

During the last three years, expiring December 31, 1921, an annual sum which shall be equal to five (5) per cent. of its gross annual receipts, but which shall not be less than one thousand five hundred dollars (\$1,500).

The gross annual receipts mentioned above shall be the gross annual receipts of the Company, from whatever source derived, either directly or indirectly, in any manner, out of or in connection with the operation of automatic baseball scoreboards.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

The annual charges as above shall be paid into the treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall be made in the manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The right and privilege hereby granted shall not be assigned or transferred, either in whole or in part, whether by consolidation, merger, reorganization or otherwise, or leased or sublet in any manner, either in whole or in part, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereof, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation, merger or reorganization of corporations, or otherwise, unless the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by each and all of the terms and conditions of this contract and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation, merger or reorganization of corporations or otherwise. The filing of such agreement shall constitute a condition precedent to the passing to, or vesting in such proposed successor in title to the rights of the Company, of the right and privilege hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which such succession in title is to take effect, the right and privilege hereby granted may be forfeited, or the consent of the City provided for herein may be revoked by resolution of the Board.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions.

Fifth—The wires or other electrical conductors and equipment, whether constructed by the Com-

pany or rented or leased from any corporation, shall not be used or employed for any other purpose than the operation of automatic baseball scoreboards, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes, nor to furnish service to premises used for illegal purposes.

Sixth—Should the Company lay or construct its own wires or other electrical conductors, the same shall be placed in ducts, conduits or subways maintained by the company or corporation having control of the electrical subway system under the provisions of law, or in ducts, conduits or subways maintained by the City, should the City hereafter construct its own subway system or succeed to the rights of any company or corporation maintaining any such system.

No cables, wires or other electrical conductors shall be strung by the Company above the surface of any street or highway.

Seventh—The wires or other electrical conductors hereby authorized shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City, and in strict compliance with all laws or ordinances or departmental rules or regulations now in force or hereafter enacted or adopted affecting the construction, maintenance or operation of wires or other electrical conductors.

No construction, reconstruction or repair of said wires or other electrical conductors or equipment within the streets shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions as the condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and for the proper restoration of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such directions.

Eighth—During any work of construction, reconstruction or repair of the wires or other electrical conductors or equipment hereby authorized, the Company shall also, at its own cost and expense, protect any and all existing structures belonging to the City. All such work of construction, reconstruction or repair shall be done in the manner prescribed by the proper City officials.

The right and privilege hereby granted to construct, maintain and operate wires or other electrical conductors shall not be in preference or in hindrance to the right of the City to perform or carry on any public works, and should the said wires or other electrical conductors or equipment of the Company in any way interfere with the construction or maintenance of such public works, whether the same be done by the City directly or by a contractor for the City, the Company shall, at its own cost and expense, protect or move its wires or other electrical conductors or equipment in the manner directed by the City officials having jurisdiction over such public works.

Ninth—The wires or other electrical conductors and equipment to be installed by the Company, whether the same be under streets and avenues or in and upon private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eleventh—Upon the termination of the original term of this contract, or if the contract be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the company before such termination, any wires or other electrical conductors and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at any time preceding the date upon which this contract shall terminate, the Board shall so order, by resolution, and give notice to the Company, the Company shall, upon the termination of this contract, remove from the streets any and all of its wires or other electrical conductors and equipment constructed pursuant to this contract.

Twelfth—The plant, wires or other electrical conductors, connections, instruments and all appurtenances thereto shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to such plant, wires or other electrical conductors, connections, instruments and appurtenances from time to time as such additions or improvements are determined by the Board, after a hearing, to be reasonable and necessary. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Thirteenth—Upon the application of any person, firm or corporation whose premises are located within a distance of one mile in any direction from any central office maintained by the Company and who or which shall agree, in writing, to accept and pay for such service for at least one (1) month, the Company shall extend, or obtain the extension of, wires or other electrical conductors to such premises and furnish service to such applicant at rates not exceeding those herein prescribed or hereinafter fixed by the Board, as herein provided.

Fourteenth—The rates to be charged by the Company for automatic baseball scoreboard service, which shall include the cost of installing and connecting the board, rental for the use of the board, and all service of any kind necessary for or incidental to the proper operation of the board, shall not exceed the following:

To subscribers making seasonal contracts, one hundred and eighty dollars (\$180) per board per season.

For such special service the Company may charge to seasonal or monthly subscribers not to exceed five dollars (\$5) per board per day in addition to the seasonal or monthly rate, and to subscribers for such special services only, not to exceed twenty dollars (\$20) per board per day.

The Board shall have power to regulate the maximum and minimum rates for all service and the Company agrees to abide by such rates, provided that they be reasonable and fair.

Fifteenth—Should the Company fail to carry on its operations for any period of two (2) consecutive months between April 15 and October 15, in any year, the Board may forfeit the right and privilege hereby granted.

Sixteenth—Should the Company lay or construct its own wires, or other electrical conductors, in the ducts, conduits or subways of any company or corporation, or of the City, as herein provided, it shall file with the Board, not later than February 1 of each year, a map or plan upon which the wires or other electrical conductors
