Ladder was approximately 8 feet in height. Worker was descending on the ladder. When the worker had reached the third or fourth rung from the lowest step, he had slipped and fell to the floor. Worker had been sitting halfway upright leaning against the wall and then decided to lay down. I had arrived on the scene along with the eyewitness and the plumber foreman. Worker speaks minimal English and we were assessing the injuries and state of consciousness of the worker.	1	0	0	38,650	Y		22	2 2	271
