In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolutions:

April 17th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from the Department of Docks transmitting for approval a form of agreement between the Standard Gas Light Company of the City of New York and The City of New York, fixing a line of high water between 103rd and 104th Streets, Harlem River. Upon the establishment of this high water line the Standard Gas Light Company agrees to convey to the City all its interest in the lands lying outshore of said high water line, and bounded on the north by the prolongation of the southerly line of 104th Street, and on the south by the prolongation of the northerly line of 103rd Street, together with all riparian and other rights incident thereto between the points mentioned, in exchange

for a conveyance from the City of its interest in the lands lying inside of said high water line.

This is to my mind a fair and reasonable proposition.

I therefore respectfully recommend that the Commissioners of the Sinking Fund approve the agreement entered into between the Commissioner of Docks and the Standard Gas Light Company of the City of New York, establishing as the line of high water in front of the land owned by the Standard Gas Light Company, a line parallel to and forty feet inshore of the bulkhead line established by the Secretary of War in 1890, as shown on a map attached to the agreement, and that the Corporation Counsel be requested to prepare the necessary papers whereby the City of New York, in consideration of the sum of \$101.00, and the additional payment of \$12.50 for the necessary papers, shall release to the Standard Gas Light Company of the City of New York all its right, title and interest in and to the lands and lands under water which lie west of said high water line. Such release not to be delivered, however, until the Standard Gas Light Company of the City of New York, or its successors in interest, release to the City of New York by deed approved by the Corporation Counsel, all its right, title and interest in and to the land and lands under water lying east or outshore of said high water line, together with all riparian and other rights incident thereto. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of Section 818A of the Greater New York Charter, the Commissioners of the Sinking Fund hereby approve of the agreement executed the 30th day of March, 1915, between R. A. C. Smith, Commissioner of Docks of the City of New York and the Standard Gas Light Company of the City of New York, a domestic corporation duly incorporated under the laws of the State of New York, fixing, determining upon and establishing by agreement with the upland owner, a line of high water in front of the property of the said upland owner between 103rd and 104th Streets, Harlem River, Borough of Manhattan, as shown on map annexed to said agreement.

Whereas, Section 205 of the Greater New York Charter provides that the Commissioners of the Sinking Fund are authorized to settle disputes as to boundary lines; and

Whereas, a dispute having arisen between the Commissioner of Docks and the Standard Gas Light Company of the City of New York as to the boundary line between the properties of the City of New York and the Standard Gas Light Company of the City of New York, it is

Resolved, That the Commissioners of the Sinking Fund hereby fix as the boundary line between the property of the City of New York and the property of the Standard Gas Light Company of the City of New York, a line parallel to and 40 feet inshore of the bulkhead line, established by the Secretary of War in 1890, between 103rd and 104th Streets, Harlem River, Borough of Manhattan, as shown on map attached to the agreement entered into between the Commissioner of Docks and the Standard Gas Light Company of the City of New York, fixing a line of high water in front of the property of the upland owner between 103rd and 104th Streets, Harlem River; and be it further

Resolved, That the Corporation Counsel be and is hereby requested to prepare the necessary papers whereby the city of New York, in consideration of the sum of One hundred and one dollars (\$101), and the additional payment of Twelve Dollars and fifty cents (\$12.50), for the preparation of the necessary papers, shall release to the Standard Oil Company of the City of New York, all its right, title and interest in and to the land and lands under water which lie west of said high water line. Such release not to be delivered, however, until the Standard Gas Light Company of the City of New York, or its successors in interest, release to the City of New York by deed approved by the Corporation Counsel, all its right, title and interest in and to the land and lands under water lying east or outshore of said highwater line, together with all riparian and other rights incident thereto.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 17th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education, in a communication to your Board under date of February 25, 1915, states that the Board of Education at a meeting held February 24, 1915, adopted a resolution requesting a lease of a parcel of land situated in the 2nd Ward of the Borough of Queens, City and State of New York, known and designated on a map filed, or to be filed, in the office of the Clerk of the County of Queens, entitled as follows:

"Map of land No. 1, situated at East Elmhurst, in the Second Ward of the Borough of Queens, City and State of New York, belonging to the Bankers' Land and Mortgage Corporation, L. Bartlett, City Surveyor, April, 1904, being Lots Nos. 2713 to 2717, inclusive, on Block 27, recorded in the office of the Clerk of the County of Queens, in Liber 1914, p. 357 of Conveyances, on November 28, 1913, said premises being on Washington Street, 140 feet south of Astoria Road."—for a period from May 1, 1915, to July 1, 1917, with the privilege of renewal thereafter for two or three years, at an annual rental of \$300, the owner to pay taxes, the Board of Education to have the right to remove at any time during the lease, or within the six weeks next ensuing after the termination thereof, any or all improvements which it may have placed thereon.

These premises are needed to provide school accommodations at East Elmhurst, Borough of Queens, and it is intended that the portable building now adjacent to Public School 17, Queens, shall be transferred to the site in question.

As a result of negotiations by the Division of Real Estate of this Department, the owner has consented to accept an annual rental of \$250. The present market value of the property in question is \$3,500, and the rent is therefore 7.1-7 per cent. of the appraised value.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease to the City of the parcels of land situate in the Second Ward of the Borough of Queens, City and State of New York, known and distinguished on the map filed or to be filed in the office of the Clerk of the County of Queens, entitled as follows:

Owner, Annie L. Williams, Bay Shore Terrace, East Elmhurst, Queens. Respectfully,

Health Department—Lease for, of Premises at No. 95 Forsyth Street, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 17th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Board of Health, at a meeting held March 30, 1915, adopted a resolution requesting the Commissioners of the Sinking Fund to authorize a lease of the store and rooms on the southerly side of the first story at No. 95 Forsyth Street, Manhattan, for use as an Infants' Milk Station, for a period of two years from June 1, 1915, with the privilege of renewal for an additional two years upon the same terms and conditions, at an annual rental of \$540.

The premises in question consist of a store 9 feet average wide by 30 feet 6 inches long, with two living rooms at rear of store. The first room at rear of store is 8 feet 6 inches wide by 8 feet long, and the second rear room is 9 feet wide by 18 feet long. There is a toilet in brick extension at rear of premises, which is for the exclusive use of the tenant of this store.

For comparison, the premises proposed to be leased have been rented at \$600 a year, and the adjoining similar store rents for \$600 a year.

The rental of \$540 a year, as recommended by the Board of Health, was deemed excessive by the Division of Real Estate of this Department, and as a result of negotiations, has been reduced to \$480 a year, which is a saving of \$120 for the term.

This is a new lease to take the place of the present milk station situated at No. 74 Allen Street, which is rented at \$460 a year, and which lease is not to be renewed.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the store and rooms on the southerly side of first story at No. 95 Forsyth Street, Borough of Manhattan, for use of the Department of Health, for a period of two years from June 1, 1915, with the privilege of renewal for an additional two years under the same terms and conditions, at an annual rental of \$480, payable quarterly; the lessee to have the exclusive use of toilet room 8 feet 10 inches by 3 feet in brick extension at rear of demised premises, and also one storage bin, size about 6 feet by 4 feet, in rear yard. The lessor to overhaul and clean the plumbing fixtures, provide toilet with new seat and replace all defective parts with new where necessary. Cause all glass to be cleaned and leave all glass clean and whole, and cause all other repairs to be made to floors, etc., as required. Have locks of all doors, including door of toilet, repaired and provide proper keys for same. Set a suitable metal board in fireplace of chimney in rear room. Rehang door and transom between rear rooms, together with all the necessary hardware, and replace defective transom lift of front entrance door. Remove all unnecessary gas piping, plug or cap useless gas outlets and provide suitable and sufficient gas fixtures for illuminating the store and two rooms and provide gas piping at outlet with bracket thereon for a gas light in toilet. Cause all paper to be removed from the walls of store, plastering to be repaired and repaint the entire interior of the store and all rooms and closets, including toilet room, with white paint; also paint the outside of store front as required for occupancy; lessee to furnish heat, light and janitor service and make such slight interior alterations and repairs as it may deem necessary during occupancy, but not to include the removal of partitions. Lessor to pay taxes and water rates and make exterior repairs. Lessor, Mrs. Lizzie Monday, No. 208 West 128th Street, Manhattan. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Mrs. Lizzie Monday, of the store and rooms on the southerly side of the first story at No. 95 Forsyth Street, Borough of Manhattan, for use of the Department of Health, for a period of two years from June 1, 1915, with the privilege of renewal for an additional two years under the same terms and conditions, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly; the lessee to have the exclusive use of toilet room 8 ft. 10 in. by 3 ft., in brick extension at rear of demised premises, and also one storage bin size about 6 ft. by 4 ft. in rear yard. The lessor to overhaul and clean the plumbing fixtures, provide toilet with new seat and replace all defective parts with new where necessary. Have locks of all doors, including door of toilet, repaired, and provide proper keys for same. Set a suitable metal board in fireplace of chimney in rear room. Rehang door and transom between rear rooms, together with all the necessary hardware, and replace defective transom lift of front entrance door. Remove all unnecessary gas piping, plug or cap useless gas outlets, and provide suitable and sufficient gas fixtures for illuminating the store and two rooms and provide gas piping at outlet with bracket thereon for a gas light in toilet. Cause all wall paper to be removed from the walls of store, plastering to be repaired, and repaint the entire interior of the store and all rooms and closets, including toilet room, with white paint; also paint the outside of store front as required for occupancy; lessee to furnish heat, light and janitor service and make such slight interior alterations and repairs as it may deem necessary during occupancy, but not to include the removal of partitions. Lessor to pay taxes and water rates and make exterior repairs, and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and

approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Smith, in a letter dated March 3, 1915, which letters are filed in the records of this Department, for a permit to erect and maintain a Roman Catholic Church at the Sanatorium at Otisville, on the ground that lies in a direct line between the house of Superintendent Dr. Rathburn and the Women's Unit, the plot to be 85 feet by 100 feet and to be next to Dr. Rathburn's house so as to be equally distant, or nearly so, from each unit; and

Whereas, There is ample ground at the Otisville Sanatorium for such purpose, and which is not now needed for any other purpose, and it is the sense of this Board that the granting of the application will conduce to the comfort and happiness of a very large proportion of the patients at Otisville, and to the beneficial administration of said institution; therefore be it

Colfer, Pastor, his successor or successors, be and they hereby are granted a revocable license to erect and maintain on the plot of ground above described a building to be used as a Roman Catholic Church, said license to be executed by the Commissioner of Health and to contain the following terms and conditions:

The building must be erected and maintained pursuant to such building, sanitary and other regulations as may be imposed by this Board, or by any other lawful authority; the building shall be maintained by the licensee without expense to The City of New York or to the Board of Health, and the Church shall be maintained in such manner as will not violate the rules and regulations made for the government of the Sanatorium; no lapse of time or expenditure of money or incurring of debt or liability by the licensee shall change the character of the occupation of such space as that of a mere licensee or affect the right to revoke this license (the said license may be revoked by this Board or its successors or any other public officer or body which may have jurisdiction over the said institution, or lawful authority to control the use and management thereof), at any time such Board, its successors or other public officer or body may deem it expedient or for any cause which such board or its successors or such other public authority may deem sufficient; a notice of such revocation by mail directed to "Rev. Richard J. Colfer, Roman Catholic Church at Otisville Sanatorium, Otisville, N. Y.," or to "Roman Catholic Church, Otisville Sanatorium, Otisville, N. Y.," shall be sufficient notice of said revocation, and within ninety days after the mailing of such notice the building shall be removed by the licensee, his successor or successors, or in default thereof, this Board or its successors or any other public authority which may have jurisdiction of the Otisville Sanatorium, may cause the same to be removed.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 17th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Department of Street Cleaning, in a communication to your Board under date of March 30, 1915, states that owing to the increase in population and the rapid development of building in The Bronx, more section stations are necessary in said Borough, and he requests that premises at No. 1116 Longwood Avenue, The Bronx, be leased for use as a section station for a period of three years from May 1, 1915, at an annual rental of \$300.

The premises in question consist of a store floor and the easterly half of the cellar extending under the entire premises, which is a three-story frame building. The front part of the store is 18 feet average wide by 30 feet deep, with rear part 22 feet by 20 feet.

The premises were formerly rented at \$300 a year, but as a result of negotiations by the Division of Real Estate of this Department, the owner has agreed to a rental of \$264 a year, which is a saving in rent of \$108 for the term.

For comparison, a store 12 feet by 20 feet at 1126 Longwood Avenue is for rent at \$240 a year.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the store floor and the right half of cellar in the three-story frame building at No. 1116 Longwood Avenue, Borough of The Bronx, for use of the Department of Street Cleaning, for a period of three years from May 1, 1915, at an annual rental of \$264, payable quarterly; the lessor to pay taxes and make outside repairs; the lessee to pay water

rates and furnish heat, light and janitor service and make such interior alterations and repairs during occupancy as it may deem necessary. Lessor, Julia Bruton, 1116 Longwood Avenue, The Bronx. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City of the store floor and the right half of cellar in the three-story frame building at No. 1116 Longwood Avenue, Borough of The Bronx, for use of the Department of Street Cleaning, for a period of three years from May 1, 1915, at an annual rental of two hundred and sixty-four dollars (\$264), payable quarterly; the lessor to pay taxes and make outside repairs; the lessee to pay water rates and furnish heat, light and janitor service and make such interior alterations and repairs during occupancy as it may deem necessary; lessor, Julia Bruton; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

City Magistrates' Court—Proposed Lease for, of Premises at the Northeast Corner of 154th Street and Amsterdam Avenue, Borough of Manhattan.

This matter was on the calendar of the last meeting and laid over. The Committee to which the subject matter was referred, having recommended the leasing of other quarters (see matter following), all the papers in regard to this proposed lease were ordered filed.

City Magistrates' Court—Lease for, of Premises at No. 1128 St. Nicholas Avenue, Borough of Manhattan.

The Committee to which this matter was referred presented the following report:

April 17, 1915.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—At a meeting of your Board, held March 10, 1915, the Comptroller presented a report recommending the leasing of a court house to be erected by the owner, in accordance with the plans to be approved by the Chief City Magistrate, at the northeast corner of 154th Street and Amsterdam Avenue, Borough of Manhattan, at an annual rental of \$7,000, payable quarterly; the owner to pay taxes; the City to furnish heat, light and janitor service and make inside and outside repairs and pay for water.

This report was laid over until the meeting of April 7, 1915, when, because of protest by adjacent property owners, the question of the location of this court was referred to a Committee consisting of the President of the Board of Aldermen, the Chief City Magistrate and the Comptroller.

Subsequent to the appointment of this Committee the Alderman of the district submitted a list of alternative sites which, in his opinion, were available for court house purposes, and the Comptroller and the President of the Board of Aldermen have visited each of the locations and have come to the conclusion that the premises

known as 1128 St. Nicholas Avenue, within one and a half blocks of the subway station at 168th Street and Broadway, are the most available for the purposes mentioned.

There may be rented in this building 2,800 square feet of space on the store or ground floor, 4,837 square feet, consisting of the entire second floor, and 2,000 square feet in the basement, at a rental of \$5,700 per annum, on a five-year lease; the owner to pay taxes and water rates, furnish heat, light, make such alterations and erect partitions as may be required by the Chief City Magistrate, furnish the judges' bench, necessary railings, etc., and make inside and outside repairs; the City to furnish janitor service.

The Chief City Magistrate in passing upon the matter states that the premises at 1128 St. Nicholas Avenue could be made into a suitable court house and that the question that presents itself to him is whether it would be more advisable to accept the proposition, which would give to the Magistrates' Court a building constructed entirely for court purposes and having no other tenants, at a rental of \$7,000 per annum, or go into part of a building used for other purposes, at a rental of \$5,700 per annum; and believes there can be no question that a building used entirely for a court house is advantageous over occupying a portion of a structure used for business purposes and situated in the centre of a block, as against one on a corner. He admits, however, that there is to be added, unless the owner of the premises at 154th Street and Amsterdam Avenue recants his offer, the cost of light and heat, which will amount to not less than \$1,500 per annum.

The rent, therefore, at 154th Street and Amsterdam Avenue would amount to \$8,500 per annum, while the premises at 1128 St. Nicholas Avenue may be rented for \$5,700 per annum.

In view of these facts we respectfully recommend, the rent being reasonable and just, that your Board approve of the leasing of 2,800 square feet of space on the ground floor, 4,837 square feet on the second floor, and 2,000 square feet in the basement of the premises known as 1128 St. Nicholas Avenue, Borough of Manhattan, for use of the District Magistrates' Court, for a period of five years from August 1, 1915, at an annual rental of \$5,700, payable quarterly, with the privilege of renewal for a further term of five years upon the same terms and conditions; the lessor to make such alterations and changes in the demised premises as may be required by the Chief City Magistrate, furnishing the necessary judges' bench, railings, etc., pay taxes and water rates, furnish heat, light, make inside and outside repairs; the lessee to furnish janitor service. Lessor, A. F. Koelble, 71 Nassau Street, Borough of Manhattan. Respectfully,

GEORGE MCANENY, President, Board of Aldermen; ALEX. BROUGH, Deputy and Acting Comptroller; WILLIAM McADOO, Chief City Magistrate.

The following resolution was then offered for adoption:

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from A. F. Koelble, of 2,800 square feet of space on the ground floor, 4,837 square feet on the second floor and 2,000 square feet in the basement of the premises known as 1128 St. Nicholas Avenue, Borough of Manhattan, for use of the 12th District Magistrates Court, for a period of five years from August 1, 1915, at an annual rental of Fifty-seven hundred dollars (\$5,700), payable quarterly, with the privilege of renewal for a further term of five years upon the same terms and conditions; the lessor to make such alterations and changes in the demised premises as may be required by the Chief City Magistrate, furnish the necessary judge's bench, railings, etc., pay taxes and water rates, furnish heat, light and make inside and outside repairs; the lessee to furnish janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

Adolphine S. Pillion—Confirmatory Deed to, Confirming the Deed Authorized by the Common Lands Commission of the Former Town of Gravesend.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 20th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a petition to the Commissioners of the Sinking Fund from Adolphine S. Pillion, stating that on January 13, 1891, Annie Gilbert made a proposition in writing to the Board of Trustees of the Common Lands of the Town of Gravesend for the purchase of certain lands under water in Sheepshead Bay in front of and adjacent to her upland, and extending under the water of said bay 150 feet, for the sum of \$15.00.

A town meeting was held on April 5, 1892, and the proposition of Ann Gilbert was accepted. Thereafter a deed was executed by the Trustees of the Common Lands of Gravesend, conveying the land described in the proposition to her. This deed, however, was never delivered, so on January 18, 1907, the Trustees of the Common Lands Fund of the former Town of Gravesend adopted a resolution authorizing a new deed to be prepared and delivered to said Ann Gilbert, conveying to her all of the right, title and interest of the former Town of Gravesend in and to the land under water in Sheepshead Bay, being adjacent to her uplands on the north side of said bay, and extending under the waters thereof 150 feet, said land being bounded as follows:

On the north by said upland of Ann Gilbert; on the east and west by extending the east and west lines of boundaries of said upland southerly 150 feet parallel to each other; on the south by a line parallel to said upland 150 feet south thereof, connecting the two extended lines.

In accordance with this resolution a form of deed was prepared by the Corporation Counsel and executed by the Mayor of The City of New York and by the Supervisor of the late Town of Gravesend, which deed is dated January 21, 1907, and was delivered to the said Ann Gilbert.

The petitioner, Adolphine S. Pillion, states that he is now in possession, and that he is the lawful owner of the premises described in such deed by a deed dated July 29, 1913, from "Annie" Gilbert. He requests to have a deed executed to him by the City of New York confirmatory to the deed delivered to Ann Gilbert in accordance with the resolution of the Trustees of the Common Lands Fund of the Former Town of Gravesend above mentioned.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a conveyance to Adolphine S. Pillion, confirming the deed dated January 21, 1907, whereby the Trustees of the Common Lands Fund of the Former Town of Gravesend conveyed to Ann Gilbert in accordance with the resolution adopted by said Trustees on January 18, 1907, certain premises described as follows:

Land under water in Sheepshead Bay, being adjacent to her uplands on the north side of said bay, and extending under the waters thereof 150 feet, said land being bounded as follows:

On the north by said upland of Ann Gilbert; on the east and west by extending the east and west lines of boundaries of said upland southerly 150 feet parallel to each other; on the south by a line parallel to said upland 150 feet south thereof connecting the two extended lines.

—in consideration of the sum of \$1.00, plus the additional charge of \$12.50 for the preparation of the necessary papers; said conveyance in no way to interfere with the right of any person or persons to the improvements on the land conveyed, or to indemnity or compensation therefor, if any such right exists, but Adolphine S. Pillion is to adjust and satisfy such right, if any such right exists.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby authorize a conveyance to Adolphine S. Pillion, confirming the deed dated January 21, 1907, whereby the Trustees of the Common Lands Fund of the former Town of Gravesend conveyed to Ann Gilbert in accordance with the resolution adopted by said Trustees on January 18, 1907, certain premises described as follows:

Land under water in Sheepshead Bay, being adjacent to her uplands on the north side of said bay, and extending under the waters thereof 150 feet, said land being bounded as follows:

On the north by said upland of Ann Gilbert; on the east and west by extending the east and west lines of boundaries of said upland southerly 150 feet parallel to each other; on the south by a line parallel to said upland 150 feet south thereof connecting the two extended lines.

—in consideration of the sum of \$1, plus the additional charge of \$12.50 for the preparation of the necessary papers; said conveyance in no way to interfere with the right of any person or persons to the improvements on the land conveyed, or to indemnity or compensation therefor, if any such right exists, but Adolphine S. Pillion is to adjust and satisfy such right, if any such right exists.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 20th, 1915.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the Park Commissioner of the Borough of Brooklyn, requesting that the property formerly occupied by the Brooklyn Disciplinary Training School at 18th Avenue, in South Brooklyn, be transferred to his Department.

These deeds have not as yet been executed, so I think it inadvisable to turn over the land to the Park Department until the matter has been entirely completed. There are, however, many valuable plants and bushes on the City's property which should be cared for.

The exact location of the plot is shown on the attached print.

The Deputy Commissioner further states that there is no objection to the use of the land for the above purpose, and that the lease should contain a provision that the Department shall have the right to enter upon the land at any time and do such work as may be deemed necessary, and shall not be responsible for any damage to the tennis court by reason thereof, and that the lease may be terminated upon thirty days' notice from said Department.

The property in question consists of an inside plot containing approximately 6,300 square feet and was acquired for the purposes of the Croton Aqueduct.

As a result of negotiations by the Division of Real Estate of this Department, the applicant, Mrs. Plant, has agreed to pay a rental of \$250 for the use of this land for one year. Mrs. Plant is the lessee of the property adjoining on the north and south of the City's land in question.

I, therefore, respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing the Commissioner of the Department of Water Supply, Gas and Electricity to rent to Mrs. Irene C. Plant, of No. 467 West 152nd Street, Manhattan, a portion of the aqueduct property which lies between 152nd and 153rd Streets, St. Nicholas and Amsterdam Avenues, containing approximately 6,300 square feet, and immediately adjoining her premises at 467 West 152nd Street, Borough of Manhattan, and shown on the print attached hereto, for the purpose of maintaining tennis courts thereon, for a period of one year from May 1, 1915, at an annual rental of \$250, payable quarterly in advance; the City to have the right to enter upon the land at any time and do such work as it may deem necessary, and shall not be responsible for any damage to the tennis courts by reason thereof; the lease to be terminated upon thirty days' notice from the Commissioner of the Department of Water Supply, Gas and Electricity.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Sale at Public Auction of Lease of Certain Property Between 129th and 130th Streets, East of Third Avenue, Borough of Manhattan. (Brought up by Unanimous Consent.)

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 21, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I, am in receipt of a communication from the Commissioner of Bridges, turning over certain property near the Manhattan approach of the Third Avenue Bridge, Harlem River, which has been turned over to the Commissioners of the Sinking Fund by the Bridge Department.

An offer has been made to lease said premises at a rental of \$1,000 per annum, which, to my mind, is fair and reasonable.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the sale of the lease of the following described premises, situate, lying and being in the Borough of Manhattan, City of New York, for a period of ten years from June 1, 1915, at an upset price of \$1,000 per annum:

Beginning at a point distant 80 feet north of the north line of East 129th Street, said 80 feet being measured on a line drawn parallel with and 180 feet east of the east line of Third Avenue; running thence northerly on a curve deflecting to the left, whose radius is 287.17 feet, for a distance of 126.39 feet, to what would be the south line of East 130th Street, if said south line were extended easterly from 3rd Avenue in continuation of the present south line of East 130th Street; running thence easterly along the said south line of East 130th Street 12.80 feet to the south line of Exterior Street, as shown on the H. V. Southard map of 1858 and 1859; and running thence easterly along the south line of said Exterior Street 57.74 feet, and running thence southerly on a line drawn at right angles with the said south line of Exterior Street 5.78 feet; and running thence southerly on a line deflecting 24 degrees 51 minutes 10 seconds to the left from the last mentioned line 90.53 feet, and running thence westerly and parallel to the north line of East 129th Street 25 feet to the point or place of beginning.

The highest bidder will be required to pay twenty-five per cent. (25%) of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties to be approved by the Comptroller, for the payment of the rent quarterly in advance, and for the performance of the term and covenants of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property, and will contain in addition to other terms, covenants and conditions, as follows:

First—A clause providing that the lessee shall pay the usual rates for water per meter measurements, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements on the property except with the consent and approval of the Comptroller.

Third—A clause providing that during the term of the lease the lessee shall keep whatever buildings may be erected thereon in proper repair, both inside and outside, at his own cost and expense, and shall comply with all the laws and ordinances of The City of New York.

The said routes hereby authorized are shown upon a map entitled:

"Map showing the proposed stage or omnibus routes of the Far Rockaway Transportation Company, Inc., in the Borough of Queens, City of New York, to accompany petition to the Board of Estimate and Apportionment. Dated June 15, 1914"

and signed by Herman Bose, Jr., Secretary and Treasurer.

A copy of which is attached hereto, is to be deemed a part of this contract, and is to be construed with the text thereof, and is to be substantially followed; provided that temporary deviations therefrom may be permitted as hereinafter set forth.

SECTION 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to maintain or operate said stage or omnibus routes shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of five (5) years upon a fair revaluation of such right and privilege. Such right and privilege shall be valued as if the Company had not exercised the same for the said period of ten (10) years, and no allowance shall be made to the Company in such valuation by reason of such exercise.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed in writing by the Company and the Board, but in case of disagreement the rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract unless the Board shall, during the original term of this contract, permit another company or an individual to operate stages or omnibuses over all or a portion of the routes herein authorized.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding five (5) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, unless the Board shall, during the original term of this contract, permit another company or an individual to operate stages or omnibuses over all or a portion of the routes herein authorized, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested persons selected in the following manner.

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract unless the Board shall, during the original term of this contract, permit another company or an individual to operate stages or omnibuses over all or a portion of the routes herein authorized. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate therefor prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five hundred dollars (\$500) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) During the first term of one (1) year a sum which shall be equal to five (5) per cent. of its gross receipts, but which sum shall not be less than five hundred dollars (\$500).

During the succeeding term of four (4) years an annual sum which shall be equal to five (5) per cent. of its gross annual receipts, but which sum shall not be less than fifteen hundred dollars (\$1,500).

During the remaining term of five (5) years, an annual sum which shall be equal to five (5) per cent. of its gross annual receipts, but which sum shall not be less than two thousand dollars (\$2,000).

The gross annual receipts mentioned above shall be the gross receipts of the Company from all sources within the limits of the City and for the purpose of determining such gross annual receipts, the Company shall keep accurate accounts of all fares collected within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is

signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, hereinafter described.

Fifth—At the termination or forfeiture of this grant, the City, at the election of the Board, shall have the right to purchase all or any part of the property of the Company used for the purpose of the operation of the stage or omnibus system hereby authorized at a sum equal to a fair valuation of such property, exclusive of any value which such property may have by reason of this contract.

If the Company and the City cannot agree upon a fair valuation of such property, then the valuation thereof shall be determined and fixed by three arbitrators selected in the following manner:

One disinterested person shall be chosen by the Company; one disinterested person shall be chosen by the Board, and the two so chosen shall choose a third disinterested person. The decision under oath of any two of such persons, who shall be so selected, shall be final and conclusive.

If either the Company or the City fails to appoint an arbitrator as herein provided, or should the first two arbitrators fail to agree on the selection of the third arbitrator within thirty (30) days after the first two arbitrators shall be chosen, or if no two arbitrators so selected shall agree upon the valuation of such property within sixty (60) days after the arbitrators shall be so selected, then such valuation may be fixed by a commissioner appointed by the Supreme Court on the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any way notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents; and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Seventh—The Company shall commence operation within three (3) months from the date on which this contract is signed by the Mayor; provided that such period may be extended by the Board for a period or periods not exceeding in the aggregate six (6) months; and provided, further, that when the commencement of said operation shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement of such operation may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceeding.

Eighth—Nothing herein contained shall be construed as permitting the grantee to erect any structures whatever upon City streets, and the Company shall not construct or maintain any fixture or structure in the street unless especially authorized by resolution of the Board.

Ninth—All vehicles which may be operated pursuant to this contract shall comply with the following general requirements:

1. They shall be propelled by power generated or contained within the vehicle itself, but no power shall be used which will in its generation or use produce smoke or noxious odors sufficient in the opinion of the Board or its authorized representatives to constitute a nuisance.

2. The maximum weight, including fuel, water, oil or any other material or any accessories used in operation, shall not exceed nine thousand five hundred (9,500) pounds.

3. The seating space shall not be more than that sufficient to accommodate forty (40) adults.

4. The maximum width shall not exceed seven feet two inches (7'2").

5. The maximum height shall not exceed eleven feet eight inches (11'8").

6. The maximum length shall not exceed twenty-four feet (24').

7. They shall be designed and constructed in a manner which will permit ease and freedom of movement under all conditions.

8. The distribution of weight on axles, length of wheel base and other features of design shall be such as to avoid skidding as far as possible and shall be such as to permit easy steering and control.

9. They shall be fitted with brakes capable of stopping and holding the same under all conditions.

10. They shall be so constructed that the oil or grease cannot drop on the roadway.

11. All parts shall be so constructed that no undue noise or vibration shall result from operation.

Tenth—No stage or omnibus shall be operated pursuant to this contract unless there shall be painted thereon in letters sufficiently large to be clearly visible for a distance of seventy-five feet:

(a) The name of the Company owning and operating such vehicle.

(b) The number of the vehicle which is assigned to it upon receiving the approval of the Board or its authorized representatives.

(c) The number of adults for which the vehicle has seating space.

Eleventh—No advertising signs shall appear on the outside of any stage or omnibus.

Twelfth—The destination of each stage or omnibus shall be plainly indicated on the front of the vehicle, and shall be illuminated at night.

Thirteenth—The number of passengers to be carried in any vehicle shall at no time exceed the seating capacity of the vehicles.

Fourteenth—The inclosed portion of all stages or omnibuses which are operated on said routes shall be heated during the cold weather in conformity with such laws and ordinances as are now in force affecting surface railway cars or such laws and ordinances affecting stages or omnibuses as may hereafter, during the term of this contract, be in force, or as may be required by resolution of the Board.

Fifteenth—The inclosed portion of all stages or omnibuses operated on said routes shall be well lighted or as may be required by resolution of the Board.

Sixteenth—Before any stage or omnibus is put in service it must be submitted to the Board or its authorized representatives and receive the approval thereof. If any vehicle which may be so submitted for approval shall not conform with the requirements herein or should any such vehicle for any reason be considered by the Board or its authorized representatives unfit for public use, then the Board or its authorized representatives may refuse such approval, in which case the Company shall not operate such vehicle. If after a vehicle shall have been so approved, defects develop which in the opinion of the Board or its authorized representatives render it unsuitable for public service, then the Board or its authorized representatives may require the withdrawal of such vehicle from service.

Upon being approved by the Board or its authorized representatives, each vehicle shall be given a number which shall not be changed so long as such vehicle shall be operated by the Company, unless and until the Company shall notify the Board that it proposes to change the number of the vehicle and of the new number which it is proposed to use.

Seventeenth—All vehicles operated pursuant to this grant shall be maintained in good and safe repair and in a manner which will in all ways render the vehicle fit for public service. The Company shall permit the Board or its authorized representatives to inspect at all reasonable times any or all the vehicles used by the Company. If upon inspection any vehicle shall appear in the judgment of said Board or its authorized representatives to be unfit for public service, then the Company shall, upon notice, immediately withdraw such vehicle from service, and shall remedy the defect and notify the Board or its authorized representatives that the defect has been remedied before such vehicle shall be restored to service.

Eighteenth—All laws and ordinances affecting the operation of stages or omnibuses now in force or which may be in force during the term of this contract shall be complied with by the Company. The Company shall also comply with and enforce the carrying out of any orders or regulations which may be issued by the Board, designed for the protection of persons, of property or of the comfort and health of the public.

Nineteenth—The rate of fare for any passenger upon any stage or omnibus route herein authorized shall not exceed ten (10) cents, and the Company shall not charge any passenger more than ten (10) cents for one continuous ride from any point on any of the stage or omnibus routes hereby authorized to any other point on any of said routes.

Twentieth—Stages or omnibuses shall be run on said routes at intervals of not more than thirty (30) minutes during the period of each day between 6 o'clock a. m. and 12 o'clock midnight, and as much oftener as reasonable convenience of the public may require, or as may be directed by resolution of the Board.

Twenty-first—The Company shall, at its own expense, do anything and everything within its power to keep its vehicles in operation on regular schedules during the existence of snow and ice in the streets and avenues upon which the Company is hereby authorized to operate, and if it shall be necessary to remove such snow and ice to the side of the roadway in order to so operate, then such removal shall be done under the supervision and to the satisfaction of the President of the Borough of Queens, but in no event shall snow or ice so removed be allowed by the Company to obstruct the crosswalks of any street.

Twenty-second—It is understood that the Company shall operate, pursuant to this contract, only the routes herein authorized, but should vehicular traffic be diverted from any portion of any of the streets or avenues upon which the Company is herein authorized to operate because of fires, parades or because of any other event which will close the street to vehicular traffic temporarily, then the Company may use such other streets or avenues as are necessary to continue the operation. If, however, for any reason any of the streets and avenues in which the operation is hereby authorized shall be closed to vehicular traffic for a longer period than twenty-four hours, then the Company shall communicate with the Board or its authorized representatives and obtain authority for the operation upon other streets and avenues for the period during which said street or avenue may be closed.

Twenty-third—Should it be deemed advisable by the Board at any time during the term of this contract to require the Company to operate extensions to the routes herein authorized, additional route or routes in substitution for those herein authorized, and the Board shall so order, then the Company shall, upon notice by the Board, apply for a franchise or right to operate such extension, additional or substituted routes and accept a franchise therefor upon terms and conditions similar to those contained herein, and for a term expiring not later than the date of the expiration of this contract, provided that the Board shall not hereunder require the Company to extend its routes for a distance greater than one mile during any calendar year.

Twenty-fourth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.

17. Amounts paid by the Company for damage to persons or property on account of construction and operation.

18. Total expenses for operation, including salaries, and such other information in regard to the business of the Company as may be required by the Board.

Twenty-fifth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-sixth—The Company shall keep accurate books of the performance of different types of vehicles and the different services rendered and the cost thereof, and shall at any time furnish the Board, or its authorized representatives, such information with respect thereto as shall be requested.

Twenty-seventh—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board or its authorized representatives, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited at the option of the Board by resolution of said Board, without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith. Any false entry in the books of the Company or false statement in the reports to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the franchise.

Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for review of any action of the Board forfeiting the franchise or consent herein granted.

Twenty-eighth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages or at the option of the Board this contract may be forfeited upon ten (10) days' notice to the Company.

Twenty-ninth—The Company shall assume all liability for damages to persons or property occasioned by reason of the operation of the stage or omnibus routes authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand dollars (\$1,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, and the maintenance of vehicles in good condition throughout the whole term of this contract; and in case of default in the performance by the Company of such terms and conditions or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, repair, maintenance or withdrawal from service of vehicles, the Company shall pay a sum of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each vehicle that shall not be properly heated or lighted in case of the violation of the provisions relating to those matters, as fixed or liquidated damages, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the sums as fixed or liquidated damages in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed damages, or where the amount of such damages is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such damages from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract may be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of such damages are in addition to the right to forfeit the franchise conferred by Section 2, Subdivision Twenty-seventh of this contract.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Com-

pany, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title" encountered in the routes hereinabove described and upon or in which authority is hereby given to the Company to operate stages or omnibuses.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

SECTION 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

SECTION 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

IN WITNESS WHEREOF, the party of the first part by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

The Public Service Commission for the First District (hereinafter called the "Commission"), acting for and on behalf of The City of New York (hereinafter called the "City"), invites proposals to construct Section No. 2 of Route No. 49, a part of the Culver Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2. Beginning at a point in Gravesend Avenue, in the Borough of Brooklyn, about five hundred and twenty-five (525) feet south of the intersection of the center line of Gravesend Avenue and the southerly building line of Bay Parkway (Twenty-second Avenue) produced and extending thence southerly over and along Gravesend Avenue and Shell Road to a point in Shell Road about five hundred and twenty-five (525) feet south of the intersection of the center line of Gravesend Avenue and the southerly building line of Avenue X produced.

The general plan of construction calls for an elevated railroad.

The Contractor will not be required to provide or lay tracks or ties nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

Bidders must examine the form of contract, the specifications and the contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

Partial payments to the Contractor will be made monthly as the work proceeds as provided in the contract.

The Contractor must complete the work within eighteen (18) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities, in the sum of one hundred thousand dollars (\$100,000). As further security fifteen per centum (15%) of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten per centum (10%) of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the Contractor.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 18th day of May, 1915, at twelve fifteen (12:15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 49, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for twenty-five thousand dollars (\$25,000), payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be torn down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all street sewer connections to the main sewer in the street and the openings of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
