PETITIONS.

By the President—

Petition of Charles R. Fisher to be appointed a Commissioner of Deeds.
Which was referred to the Committee on Salaries and Offices.

By Alderman Masterson—

Petition of property owners for the macadamizing of Kingsbridge road, from One Hundred and Fifty-fifth to One Hundred and Eighty-fifth street.

To the Honorable the Board of Aldermen of the City of New York :

Whereas, By the present contract for the improvement and grading of Kingsbridge road, a considerable depth of soft earth will be placed on the surface of this road, and no provision has as yet been made for thereafter giving it a hard surface by pavement or by macadamizing; and whereas, the public convenience imperatively requires that this important highway, which connects our metropolis with the State Capital of Albany, should have a hard surface, at least, as far as the road runs through the city.

For these reasons the undersigned residents of Washington Heights, property owners and commercial firms doing business with this section of the city, unite in respectfully asking the Honorable the Board of Aldermen to pass a resolution for the immediate providing of Kingsbridge road with a hard surface from One Hundred and Fifty-fifth street (present terminus of the Sixth avenue Elevated Railroad) to One Hundred and Ninetieth street (vicinity of the Roman Catholic Church of St. Elizabeth), with provision for sufficient crossings wherever such may be needed, as is particularly the case at the entrance of Depot lane into Kingsbridge road and at One Hundred and Eighty-fifth street and Kingsbridge road.

Your petitioners respectfully ask for prompt action in this matter, as the condition of Kingsbridge road during the past winter formed an almost insurmountable barrier to the communication of a large portion of Washington Heights with the rest of the city, and entailed great inconvenience and hardship on the residents and on the public generally, also seriously impeding the sale and lease of real property and injuring general business interests.

The Committee on Finance, to whom was referred the annexed memorial of the Independence Day Association of Harlem, asking for an appropriation in aid of the funds collected by the Association for properly celebrating the approaching anniversary of the Declaration of Independence, together with a resolution offered by Alderman Ferrigan to appropriate the sum of five hundred dollars in aid of the funds of the association, respectfully

REPORT:

That representatives of the Independence Day Association of Harlem appeared before your Committee, who listened to their representations and duly weighed the reasons given why an appropriation should be made in aid of the funds collected by the Association to be expended in appropriately celebrating the anniversary of the Declaration of the American Colonies. It is an honored custom, and, until quite recently, was uniformly observed by the local authorities of this City. Latterly, however, by reason of the inability on the part of the Common Council to provide the necessary funds, the practice has virtually ceased. This is to be deplored, as the practice is a very commendable one, and should be continued annually, in order to assist in preserving to ourselves, and transmitting to posterity, a love for the participants in the stirring scenes incident to the birth of the new member of the family of nations, on the 4th of July, 1776, and to inculcate an affection for the teachings and warnings of the great men and master minds that controlled the destinies of this Republic and guided its infantile steps until it has attained a growth and strength second to none of the older nations of the world. Every encouragement possible, therefore, should be given by the City to those of its patriotic and public spirited citizens, who, at their own expense, provide the means of thus appropriately celebrating each recurring anniversary of that day, and your Committee hope to see the good example set by the residents of Harlem emulated by our citizens in other sections of the city. It is a convincing proof that disinterested patriotism yet survives among us in this utilitarian age.

It is with regret, therefore, that your Committee are compelled to report adversely upon the application so referred, for the sole reason that there is no appropriation at the disposal of the Common Council from which the amount could be taken. The amount appropriated for "City Contingencies," for the present year, viz., \$1,500 (which is the only money over which the Common Council has control, out of the sum of \$33,486,320.59 for conducting the government of this city for the present year), when outstanding bills chargeable to that account are paid, will be more than half expended, and a contingency may at any time arise that would necessitate the expenditure of the balance. In the absence, therefore, of such an emergency (the present application not being considered in that light), it would be certainly unwise, if not highly improper, to expend such a large portion of the remainder of the appropriation, in view of the fact that there yet remains seven months of the present year and that at any time there may arise an absolute necessity for the use of the money yet in the treasury to the credit of this appropriation.

Your Committee, however, are emphatically of opinion that they but express the earnest desire, on the part of your Honorable Body, that next year, and yearly thereafter, a sufficient appropriation be made for a proper celebration of the Fourth of July, by the Corporation of the City of New York, and accordingly recommend the adoption of the following resolution in lieu of the one referred to your Committee:

Resolved, That in making up the Provisional Estimate for the year 1887, and subsequent years, of the moneys required to conduct the public business of the Corporation of the City of New York, the Board of Estimate and Apportionment is hereby requested to include therein a sum sufficient to pay for a proper celebration of the anniversary of the Declaration of Independence, July 4, 1776, and the Clerk of this Board is hereby instructed to transmit to the said Board of Estimate and Apportionment a copy of this report and resolution.

All of which is respectfully submitted.

The resolution herewith accompanying is, therefore, respectfully submitted for your adoption.

Resolved, That the Comptroller be and is hereby authorized and directed to draw a warrant in favor of each of the persons named in the annexed bills, for the respective amounts thereof, viz.:

MESSAGES FROM HIS HONOR THE MAYOR.

(Received June 2, 1886.)

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, June 2, 1886.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 19, 1886, to regulate and grade One Hundred and Fourteenth street, from Fourth to Eighth avenue, etc., for the reason that a contract has been awarded for this work under an ordinance approved December 18, 1883.

W. R. GRACE, Mayor.

Resolved, That One Hundred and Fourteenth street, from Fourth to Eighth avenue, be regulated and graded, the curb-stones be set and the sidewalks on both sides be flagged a space four feet wide, through the centre thereof, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, June 2, 1886.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 19, 1886, that permission be given to Peter F. Vanpelt to erect a drinking-fountain at No. 694 Courtland avenue, etc., for the reason that a public drinking-fountain was erected at this place at the expense of the City last month.

W. R. GRACE, Mayor.

Resolved, That permission be and the same is hereby given to Peter F. Vanpelt to erect an iron drinking-fountain, for man and beast, in front of his premises, No. 694 Courtland avenue, the work to be done and water supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, June 2, 1886.

The Honorable the Board of Aldermen:

I return to you, without my approval, the resolution passed by your Body relating to the licensing of car drivers.

However desirable such a system of licensing might prove, I am advised by the Corporation Counsel, in an opinion which he has submitted to me at my request, that the proposed ordinance is in violation of chapter 246 of the Laws of 1865.

The proposed ordinance affixes certain qualifications to those prescribed by the first section of the act referred to, which municipalities are not authorized to affix; and, under the opinion cited, that act is controlling. I am therefore restrained to withhold my approval from the same.

W. R. GRACE, Mayor.

Whereas, Under the provisions of chapter 410 of the Laws of 1882, known as the New York City Consolidation Act, and more especially contained in subdivision 20 of section 86 of said act, power is conferred by the Legislature of the State upon the Common Council "to make ordinances not inconsistent with law and the constitution of this State," among other purposes for the following:

"In relation to the licensing of car-drivers"; and

Whereas, Ordinances heretofore passed by this Board upon this subject have been held to be inoperative and void by the Corporation Counsel, because they conflicted with the provisions of the Constitution of the United States contained in section 2, article IV, of said instrument; and

Whereas, It is important that, for the safety of the traveling public, as well as to provide revenue for the city, a suitable ordinance, not inconsistent with the provisions of any law now in force, or any provision of the State or Federal Constitutions, should be passed "in relation to the licensing of car-drivers"; therefore

Resolved, That the following ordinance be and the same hereby is enacted as follows, that is to say:

AN ORDINANCE for licensing drivers of railroad cars driven on the surface of the streets of New York.

The Mayor, Aldermen and Commonalty of the City of New York do ordain, as follows:

Section 1. No person shall drive any railroad car while carrying passengers in any of the streets of this city unless he be a citizen of the United States and have obtained a license from the Mayor for such purpose.

Sec. 2. No person shall be duly licensed, as aforesaid, unless he prove to the satisfaction of the proper officer, whose duty it is to issue said license, that he is a man of good moral character, sober habits and familiar with the duties involved in said employment, and familiar with the streets, avenues and public places in this city along or immediately adjacent to the line of route over which he may be employed to drive.

Sec. 3. The Mayor is hereby authorized to grant licenses from time to time, subject to the foregoing provision, to drivers of such cars as often as may be necessary, and to suspend and revoke the same whenever he may deem it expedient; and every driver of such car shall, on receiving his license, pay therefor, to the Mayor, for the use of the city, the sum of one dollar, which will entitle every such driver to drive one such car for one year from the date of such license; and every renewal thereof shall be fifty cents, payable in like manner and for a like purpose to the Mayor.

Sec. 4. Nothing herein contained shall be construed as revoking any licenses heretofore issued for such purpose, but the same are continued in full force and effect as if this ordinance had not been passed.

Sec. 5. Any person driving a street railroad car while carrying passengers in any of the streets of this city who shall not have been first duly licensed so to do, and who shall not display conspicuously a badge certifying to such license, shall be deemed guilty of a misdemeanor and punishable by fine and imprisonment not to exceed ten dollars, or ten days' imprisonment, or by both such fine and imprisonment; and the railroad company permitting such driver to drive without such license shall be subject to a penalty to be recovered against them in an action brought by the City of New York, in its corporate name, against said company, not to exceed twenty-five dollars for each offense; said penalty to be sued for as against said company by the Attorney for the Corporation, in the name of the Mayor, Aldermen and Commonalty of the City of New York, in any of the District Courts of this city.

Sec. 6. And it is hereby made the duty of any police officer of this city to forthwith arrest any person offending against the provisions of this ordinance, and to arraign him before the nearest police magistrate, to be dealt with according to law.

Sec. 7. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.

Sec. 8. This ordinance shall take effect immediately.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, June 2, 1886.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 26, 1886, that permission be given to P. P. Brickelmaier to retain the sign across the sidewalk in front of premises No. 505 West Fourteenth street, for the reason that it is an obstruction to the free use of the street by the public.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Department of Finance:

CITY OF NEW YORK—FINANCE DEPARTMENT, |
COMPTROLLER'S OFFICE, |
June 7, 1886. |

To the Honorable the Board of Aldermen of the City of New York:

Section 212 of the New York City Consolidation Act of 1882 provides as follows:

"Section 212. It shall be the duty of the comptroller of said city to prepare and submit to the board of aldermen, at least four weeks before their annual meeting, in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year on account of the corporation of the city of New York, or for city purposes within said city, and also an estimate of the probable amount of receipts into the city treasury during the then current year, from all the sources of revenue of said general fund, including surplus revenues from the sinking fund available in accordance with law, other than the surplus revenues of the sinking fund for the payment of the city debt; and the said board of aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised by tax only the balance of said aggregate amount, after making such deduction."

Pursuant to the foregoing statute I have prepared and have the honor to submit herewith a statement setting forth the amounts by law authorized to be raised by tax in the year 1886 on account of the City of New York, or for city purposes within said city, to wit:

From the said aggregate amount of the Final Estimate for the year 1886 is to be deducted the sum of two million two hundred and fifty thousand dollars (\$2,250,000), supplied by the General Fund for the reduction of taxation, the receipts of said fund payable into the City Treasury during the said year 1886, derived from all sources of its revenues available for this object, being estimated at the sum of two million two hundred and fifty-eight thousand nine hundred and fifty-six dollars and sixty-one cents (\$2,258,956.61), as follows:

And, on his motion, the decision made by the Commissioners on March 9, 1886, vacating this assessment, was made applicable to this case.

Decisions.

Commissioner Lord presented the following decision, viz.:

No. 5561. Matter of Edward C. Donnelly—Assessment for Tenth avenue regulating, grading, etc., from Manhattan street to One Hundred and Fifty-fifth street; confirmed November 12, 1885.

An examination of the testimony and briefs in this case, satisfies us that under the provisions of the act, chapter 556, Laws of 1880, it was not intended that interest should be charged in the assessment list where the work was completed prior to the passage of that act, and that the charging of such interest worked a substantial injustice to the property-owner, which it is within the jurisdiction of this Commission to correct.

Up to the time of the passage of the act in question, the contractor was charged interest on all amounts paid to him, a certain percentage being reserved out of each previous payment, until the final settlement was made, when the interest account was adjusted. Whether this was a hardship to the contractor or not is immaterial; such was his contract with the City, the terms of which it was bound to observe in its relations to him. Until the passage of the Act of 1880, no charge for interest could lawfully be included in the assessment list. Whether such a charge under that act would be unconstitutional we do not deem it necessary to consider, as this Commission is a body of mainly equitable jurisdiction, but the conclusion that the charge of interest is improper and unjust, is based on the fact that the construction claimed by the Counsel for the City would work injury to the innocent purchaser, and would confer no commensurate benefit on the continuing owner, and that there seems to be no equitable basis for charging them with the additional interest included in the assessment list.

We consider that the prices named in the brief of the Counsel for the City, of 90 cents for filling, 85 cents for curb and gutter, the only two items discussed, are fair prices, and correspond most nearly in locality and time to our previous decisions. The price of earth filling is fixed at 50 cents per cubic yard, and rock excavation at \$1.85 per cubic yard.

The total cost of the improvement, as shown by the assessment list, is..... \$351,890 40

Deducting the amount charged to the City as not assessable under the Act of 1840 60,196 98

Leaves the amount assessed on the property-owners..... \$291,693 42

The fair cost of the work, as found by us on the basis of the prices fixed..... \$205,426 02

Making a reduction on the entire work of thirty per cent.

The assessment on the petitioners' lots will be reduced accordingly.

The Chairman put the question whether the decision as presented shall stand as the decision of the Commissioners.

Which was decided in the affirmative by the following vote, viz.:

Affirmative—Commissioners Lord, Campbell, Garry, and Marshall—4.

In explanation of his vote Commissioner Campbell said: "The work for which this assessment was laid was done under a special contract made in 1870 by William M. Tweed, the Commissioner of Public Works. The prices for several items of the work are double those which were paid by the City about the same time in contracts let under public competition. In order to arrive at the fair value of the work we are to compute the various quantities returned by the Department at prices deemed fair and just by this Commission, taking the locality and time when the work was done into consideration. The fair cost of

 No. 1561. Edward A. Boyd.....reduced from \$712 79 to \$598 75

 No. 1559. Edward A. Boyd.....reduced from \$2,397 82 to \$1,966 23

Assessment for Tenth Avenue Regulating, Grading, etc., from One Hundred and Tenth Street to Manhattan Street; confirmed July 20, 1885.

 Which was adopted by the following, vote, viz.:
 Affirmative—Commissioners Lord, Campbell, Garry, and Marshall—4.

 WEDNESDAY, June 2, 1886—2 o'clock p. m. {

Death of Commissioner John Kelly.

John A. Beall, Esq., the Counsel representing the City, called attention to the death of Hon. John Kelly, a member of this Commission, on Tuesday, June 1, 1886.

After appropriate remarks in relation thereto by Mr. Charles E. Miller, John C. Shaw, T. H. Baldwin, Commissioners Allen Campbell and Daniel Lord, Jr.

Commissioner Lord presented the following minute, viz.:

The death of the Hon. John Kelly at his residence in this city yesterday, calls upon the Commissioners, for the fourth time since the passage of the act creating this tribunal, to lament the death of an associate.

He served continuously from the inception of the Commission to the time when ill health prevented his further attendance, and it is eminently proper that a tribute to his services be entered upon its minutes.

Mr. Kelly was a man of marked individuality and great force of character and will, and his career from boyhood illustrates in an eminent degree the force and effect of American institutions.

Born in this city, with very limited opportunities for education and culture, he nevertheless at an early age acquired great and deserved influence over his associates, and soon entered into public life, holding, among other public positions, the prominent and highly responsible offices of Member of Congress, Sheriff of the County, and Comptroller of the City of New York, in each of which he discharged the trusts committed to him with ability and fidelity.

In addition to these public positions, in the great arena of National, State and Municipal politics, Mr. Kelly was for many years a conspicuous figure, and always commanded the respect and confidence of those with whom he acted.

Perhaps, of all the public positions occupied by Mr. Kelly in his busy life, the least conspicuous, while by no means the least important, was that of a member of this Commission, but up to the time of his unfortunate illness, the same fidelity to trusts that he exhibited in other positions, characterized him here.

At the time of the appointment of the Commission, Mr. Kelly was Comptroller of the City, and he brought to the discharge of his duties here, a knowledge of the financial condition and system of the City, which, with his sound judgment and close attention to those duties, were of great service to the public and to us, his associates.

His intercourse with us and with all who had business with this tribunal, was marked by a constant courtesy and frankness, which will always be held in pleasant remembrance.

His private character endeared him to a circle of warm friends, who knew and appreciated him. His public life showed him to be either a firm ally or a generous opponent.

It can be truly observed of Mr. Kelly, what can be said of but few public men of the present time, that after a long life spent amid exciting political campaigns, provoking both envy and malicious statements from his opponents, he has passed away not only with an unblemished private character, but respected and esteemed for his public career.

It is seldom that in one man is found the sweetness of disposition and strength of character that were united in Mr. Kelly, and which made him the object of such deep affection and respect to all who knew him.

Which was adopted.

Motions.

On motion of Commissioner Marshall it was—

DISTRICT ATTORNEY'S OFFICE,
 CITY AND COUNTY OF NEW YORK, June 2, 1886. {

To the Honorable the Commissioners of the Board of Police of the City of New York:

GENTLEMEN—The sentence, to-day, of John Most and his confederates and their prompt transfer to the Penitentiary, seem to afford a fitting occasion to express the great satisfaction which, as District Attorney, I have experienced with the action of the Police Department in this and other cases. Most, and the band of anarchists of which he was the ringleader, had been so long tolerated in this most tolerant community that they had begun to think that unless they were detected in some act of violence or plunder the law could not reach them. Accordingly they spread their hateful doctrines among all who would hearken to them, their followers being, for the most part, those who had recently emigrated to this country and who had not had time to appreciate our customs and laws or the opportunities of our free institutions. Masquerading as laborers, they made the grievances of that class the excuse for disseminating their vile creed, and to accomplish their wicked ends endeavored to persuade laboring men that in the general overthrow of government and law their condition would find immediate relief. While their preaching has been unheeded and their practices condemned by all enlightened leaders of the great labor organizations, it was not surprising that the ignorant should have been deceived, the weak affected, and the vicious excited by their appeals. Thanks to the zeal of the Police Department, they have never been formidable foes to the peace of this city, but having been so long unmolested, recently they commenced actually to attempt what heretofore they had only proclaimed their intention of doing when the occasion served.

Taking advantage of the excitement occasioned by differences between labor and its employer, they began nightly to organize and drill all whom they could entice into their ranks, at the same time, at public meetings, inciting their auditors to deeds of murder and rapine, and urging them to equip themselves with not only rifles, but with explosives and secret instruments of death. What might have been the result had not the Police Department been alert, vigilant, and determined to unite with me in an effort to strangle at its birth this monstrous thing called "Anarchy" I cannot contemplate without horror.

New York might have suffered as Chicago did, where confederates of Most, inspired by his teachings, provoked a riot and scattered missiles of death indiscriminately among officers of the law and innocent citizens.

Fortunately, we have escaped the misfortune which overtook our sister city.

Fortunately with us, law has proved strong enough to deal with these as with all other malefactors. And because that happy conclusion has been arrived at by the efficiency of your Department, acting in co-operation with this, I send you this letter of congratulation.

Praise should be bestowed upon Captain McCullagh and his subordinate officers of the Seventeenth Precinct, in the limits of which anarchists conducted their drills and held their meetings, not only for their vigilance, but for the patience which they displayed. Although like all true American citizens, they were justly indignant as they witnessed the operations and heard preached the detestable doctrines of Most, and were tempted, no doubt, to resort to force, they succeeded in preventing a riot and left him and his followers unmolested until the law was actually violated.

And too much cannot be said of the excellent work done by Inspector Thomas Byrnes, the Chief of the Detective Bureau, who tracked this wretched anarchist in his flight, and threw him into the City Prison, adding new lustre to this last achievement to his long years of distinguished service in the Police Department of the City Government. The trial which followed was conducted with the impartiality and promptness which always characterizes the court over which that learned and fearless magistrate, Recorder Smyth, presides, and Most and his associate defendants were found guilty by a jury, many of whom were foreign-born citizens.

Although the sentence imposed, albeit it was all the law provided, is wholly disproportionate to the evil Most has done, I believe that it will be a wholesome deterrent to all like him who seek to sow the seeds of anarchy in our free and peaceful land.

Other ambitious anarchists will be taught that in this republic of equal laws for all men, their creed will find less root than in any other government, and that their worst enemies are men who govern themselves, make their own laws, and know no master but the sovereign people.

Congratulating you again, and thanking you for the very great assistance you have rendered this office, I have the honor to remain,

Your obedient servant,

RANDOLPH B. MARTINE, District Attorney.

JURORS.

NOTICE
IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
ROOM 127, STEWART BUILDING,
CHAMBERS STREET AND BROADWAY,
NEW YORK, JUNE 1, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE

heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absenteers, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications and showing the manner of payment, can be obtained at the office of the Department.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.
