

New York City Department of Correction Monthly Report on Medical Appointment Non-Production September 2020

Pursuant to Local Law 132 of 2019, the Department is required to report on a monthly basis an aggregate report on non-production of individuals in custody to scheduled medical appointments. Individuals in custody can refuse an appointment at any time. The Department recognizes the importance of medical care for incarcerated individuals but does not use force to compel them to go to their appointment.

Individuals seeking the medical care provided by Correctional Health Services (CHS) can use the Sick Call Triage phoneline to request a medical appointment. Individuals with chronic conditions or those requiring a close follow up case frequently have appointments scheduled for them by CHS on their behalf. The below data represents the non-unique number of incarcerated individuals who were not produced to their CHS scheduled medical appointment for September 2020.
