PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

FRIDAY, APRIL 10, 1908.

TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis.

(1)

The Secretary presented the following petition of the Coney Island and Brooklyn Railroad Company for approval of the issue of bonds, which was referred to Commissioner Bassett:

STATE OF NEW YORK, PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

In the Matter

of

The Application of The Coney Island & Brooklyn Railroad Company for approval of the issue of additional bonds of the par value of \$462,000 secured by Consolidated Mortgage authorized by order of December 14th, 1904.

PETITION.

To the Public Service Commission, First District:

The petition of The Coney Island & Brooklyn Railroad Company respectfully shows:

On December 14, 1904, the State Board of Railroad Commissioners made its order, a copy of which is hereunto annexed marked "Exhibit A" consenting to a mortgage by the petitioner upon its railroad property and franchises to secure an issue of bonds of the par value of ten million dollars. It was therein ordered that the company make application to the State Board of Railroad Commissioners before issuing bonds beyond the amount of five million five hundred thousand dollars (See N. Y. R. R. Commissioner's Report for 1904, Vol. 1, p. 183).

The petitioner executed the mortgage to the Mercantile Trust Company on December 15, 1904. Bonds of the par value of four million dollars, part of the five million five hundred thousand dollars authorized to be issued by the order have been signed by the petitioner and certified by the trustee and are held by the trustee to retire two million dollars par value bonds of The Coney Island & Brooklyn Railroad Company which will mature July 1, 1948, and to retire bonds of the Brooklyn City & Newtown Railroad Company of the par value of two million dollars, which will mature July 1, 1939, and bonds of the par value of one million five hundred thousand dollars have been issued and sold by the trustee for other purposes enumerated in the affidavit of Duncan B. Cannon verified December 2, 1904, entitled "Statement of the purposes to which the proceeds of the mortgage are to be devoted" annexed to the petition of this petitioner, dated December 2, 1904, for the consent of the State Board of Railroad Commissioners to the execution of the mortgage, which petition is on file in the office of the Public Service Commission for the First District, as your petitioner is informed and believes, and to which it refers.

Your petitioner further shows that the mortgage provides as follows:

"(d) The remaining bonds, aggregating \$4,500,000 may, from time to time hereafter, upon resolution of the directors of 'The Railroad Company,' be executed by its officers and delivered to The Trustee for certification, and said bonds shall be certified by 'The Trustee' and delivered to 'The Railroad Company' upon its demand or upon the order of its President, for any of the following purposes:

The extensions of the railroads of "The Railroad Company" by construction or purchase or the purchase of additional equipment over and above the amount of the equipment now in use by "The Railroad Company," whether owned by it or the Brooklyn City and Newtown Railroad Company (and this shall be construed not to include replacement of old equipment with new equipment), or the reconstruction of the railroad from Prospect Park to Coney Island, including the pavement of Coney Island Avenue, or the cost of one replacement of cobble stone pavement with improved pavement upon the streets now paved with cobble stones, done upon the order of city officials or in anticipation thereof, or in placing cables and wires underground which are now overhead, or any other betterment which, in the judgment of the directors of "The Railroad Company" ought not to be charged as expense of operation."

Your petitioner further shows that it desires the consent and approval of the Public Service Commission, First District, to issue bonds under said mortgage beyond the amount of five million five hundred thousand dollars, to wit: \$462,000 to pay \$278,000, the estimated cost of the reconstruction of the railroad on Coney Island Avenue from Prospect Park to Coney Island, and to pay \$16,000, the balance of the cost of ten new cars ordered by this Commission over \$30,000, the par value of authorized car trust bonds and to pay \$82,973, the balance of the cost of reconstruction of petitioner's power system over the moneys raised therefor by sale of stock.

Your petitioner further shows that by Chapter 610 of the Laws of 1906, the Legislature of the State of New York authorized the Board of Estimate and Apportionment of the City of New York to change the route or right of way and the location of the tracks of your petitioner in Coney Island Avenue, between Fort Hamilton Avenue and Neptune Avenue, in the Borough of Brooklyn, from the present location on the westerly side to the center of said avenue, the cost and expense of said change of tracks to be borne by your petitioner, and your petitioner to have the same right, title and interest in the new route or right of way as it now has in the route or right of way occupied by it. Thereafter, and in pursuance of the requirements of Chapter 610 of the Laws of 1906, your petitioner filed with the Board of Estimate and Apportionment its acceptance of the said act, and the Board of Estimate and Apportionment by a resolution adopted on or about the 18th day of January, 1907, changed the route or right of way and the location of the tracks of your petitioner from the westerly side of Coney Island Avenue to the center thereof.

Your petitioner further shows that it has obtained and now has in its possession consents and deeds of the new route or right of way in the center of Coney Island Avenue, delivered to your petitioner by the abutting property owners representing more than one-half in value the property bounded on Coney Island Avenue, between Fort Hamilton Avenue and Neptune Avenue, as required by Chapter 610 of the Laws of 1906, and that said act has become operative by the delivery of said consents and deeds to your petitioner.

Your petitioner further shows that it intends in good faith to change the location of its tracks on Coney Island Avenue, from the westerly side to the center, from Fort Hamilton Avenue to Neptune Avenue; that all preliminary steps required by law have been taken to entitle your petitioner to make the change.

Your petitioner further shows that it was formerly the intention of your petitioner to pay the cost of the change of location of the tracks partly out of the income and partly out of the proceeds of sale of capital stock of your petitioner, which was increased in the Spring of 1907 from \$2,000,000 to \$3,000,000. At that time your petitioner stated the purposes to which the new stock would be devoted as follows:

To pay the cost of change of location of tracks at Coney Island Avenue...	\$156,038.00
To pay cost of new power house.....	648,376.00
To repay indebtedness outstanding contracted for construction and equipment	326,929.11
	\$1,131,343.11

The reconstruction of the power plant is under way. Many of the contracts have been let and contractors' estimates of the remainder have been received. The estimated cost stated in the petition for consent to the increase of the capital stock was \$648,376. The contracts let and to be let show that the cost was underestimated and that it will be at least \$731,349.

Your petitioner further shows that one hundred and sixty-one shares of the increase of capital stock had not been sold and that the proceeds of sale of the authorized stock are \$983,900. The income of your petitioner has decreased and there will be no surplus income during the current fiscal year, applicable to purposes of construction. Your petitioner cannot raise the moneys necessary to pay the cost of changing the location of the tracks on Coney Island Avenue, except by the sale of the bonds hereinbefore mentioned. Railroad bonds equally well secured and bearing four per cent interest are selling in the market at or about eighty per cent. of their par value and to raise \$369,000, \$462,000 par value of the bonds in question must be sold.

Your petitioner further shows that heretofore, and on or about the 13th day of September, 1907, the Public Service Commission, First Department, made its order requiring the petitioner to purchase ten new cars. These cars have been purchased and cost delivered \$46,000. \$30,000 Car Trust bonds have been authorized by this Commission to be issued and sold to provide \$30,000 of the purchase price, and \$16,000 is unprovided for.

Your petitioner further shows that out of the proceeds of sale of its capital stock it has paid its floating debts, namely, \$326,929.

Hereunto annexed and marked "Exhibit B" is a memorandum of the expenditures which must be capitalized by your petitioner.

Hereunto annexed and marked "Exhibit C" is a statement of the cost of the Coney Island Avenue track construction.

Hereunto annexed and marked "Exhibit D" is a statement of the unit cost of track construction, Coney Island Avenue.

Your petitioner shows that thereunto annexed and marked "Exhibit E" is a copy of the resolution of the Local Board of Bayridge and Flatbush District providing for repaving Coney Island Avenue between Fort Hamilton Avenue and a point between Avenue G and Avenue H. No further provision for paving Coney Island Avenue has, to the knowledge of your petitioner, been made.

The law of 1906, hereinbefore referred to, provides that the expense of paving the avenue, including the expense of paving between the petitioner's tracks, shall be borne by the city. Your petitioner is informed and believes that the resolution for paving is limited to the district aforesaid because no sewer has been constructed under Coney Island Avenue below the point mentioned between Avenue G and Avenue H, and that the city will not pave the Avenue until pending proceedings looking to the laying of the sewer are completed. Your petitioner is not obligated and does not intend to reconstruct its tracks below "the summit in Coney Island Avenue between Avenue G and Avenue H" until the city proceeds with the paving below that point. The distance from Fort Hamilton Avenue to the point mentioned is about one and three-eighths miles which will call for the construction of two and three-fourths miles of single track.

A copy of the Certificate of Organization of the petitioner, certified by the Secretary of State and the County Clerk was filed with the Public Service Commission, First District, on the 3rd day of January, 1908.

The purposes or powers of the petitioner are extended by Chapter 365 of the Laws of 1872 authorizing the petitioner to construct and operate its railroad to the Hamilton Ferry by certificate filed on the 14th day of February, 1890, authorizing the petitioner to construct a branch from Neptune Avenue to Sea Breeze Avenue and along Sea Breeze Avenue and West 5th Street, and by certificate filed on the 28th day of March, 1895, authorizing the petitioner to construct a railroad on High Street from Washington Street to Jay Street.

No certificate, record or order is required by law to be made or filed to authorize the petitioner to exercise any of its franchises or rights.

Proof of the consent of the petitioner's stockholders to the mortgage mentioned in the petition was filed with the Public Service Commission, First District, on the day of 190 .

"Schedule F," hereunto annexed, contains a statement in detail of the capital stock outstanding, the rates and amount of dividends during the past five years, the outstanding indebtedness and how secured, and also a description of the road and of its equipment and a statement of the cost of its existing property. It contains also a statement of the amount of the stock of the petitioner held by other corporations and their names and the amount held by each.

Schedule C and D, hereunto annexed, contains a detailed description of the construction, completion, extension or improvement of facilities contemplated.

Contracts have been made for the construction of the power system of the petitioner.

No contract has been made for the construction of railroad on Coney Island Avenue.

No contract has been made for the sale of the bonds mentioned in the petition.

Upon information and belief, the petitioner alleges that \$500,000 par value of its capital stock was issued in or about the year 1862, of which, capital stock of the par value of \$484,600 was issued on account of construction and stock of the par value of \$800 was issued for damages. In 1898, capital stock of the par value of \$1,000,000 was issued to purchase all of the capital stock of the Brooklyn City & Newtown Railroad Company. The remainder of the petitioner's capital stock has been issued for cash at par and the proceeds of sale have been used for construction.

Wherefore your petitioner prays that the Public Service Commission for the First District will consent to and approve of an additional issue of bonds secured by its consolidated mortgage, dated December 15, 1904, of the par value of four hundred and sixty-two thousand dollars.

Dated, April 6, 1908.

"EXHIBIT A."

In the Matter

of
The Application of the Coney Island and
Brooklyn Railroad Company for Consent
to the Issue of a Mortgage for Ten
Million Dollars.

Determination. December 14, 1904.

Application having been made to this Board by The Coney Island and Brooklyn Railroad Company, by its petition, duly verified and duly filed with the said Board on December 3, 1904, for the consent of this Board, under subdivision 10 of section 4, of the Railroad Law, to the issue, making, execution and placing of a mortgage by said company upon its railroad property and franchises acquired and that may thereafter be acquired, to secure the payment of the bonds of the said company to be issued thereunder to an amount not to exceed ten millions of dollars, the principal of the bonds to be payable in gold coin of the United States of the present standard on the first day of January, in the year one thousand nine hundred and fifty-five, with interest at a rate not exceeding four per cent. per annum and payable half yearly on the first days of January and July in each year; said bonds and mortgage to be in such form and with such covenants and provisions as may be approved by the Board of Directors of the said company, and it appearing that the stockholders of said company in the manner and to the amount and number required and provided by statute and the provisions of the articles of association of said company have consented to said mortgage and the issue of said bonds, and after hearing W. N. Dykman, attorney for the petitioner, it is

Ordered, That the Board of Railroad Commissioners consents and it does hereby consent to the issue, making, execution and placing of a mortgage by the Coney Island and Brooklyn Railroad Company upon the railroad property and franchises of the said company acquired and that may thereafter be acquired, to secure the payment of the bonds of the said company to be issued thereunder to an amount not to exceed ten millions of dollars, payable in gold coin of the United States of the present standard, on the first day of January in the year one thousand nine hundred and fifty-five, with interest at a rate not exceeding four per cent. per annum, payable half yearly, the said bonds and the mortgage to be in such form and with such covenants and provisions as may be approved by the Board of Directors of the said company.

It is further Ordered, That said company make application to this board for its approval, before issuing any bonds under said mortgage, beyond the amount of five million five hundred thousand dollars, which it is proposed to issue thereunder forthwith, and that any such application may be made at any time or times, and in regard to all the remainder of such bonds or any portion or portions thereof.

(7) The Secretary presented the following communication from the Chief Engineer, and it was understood that the Chairman would transmit a formal communication to the Comptroller, in accordance with the suggestion of the Chief Engineer:

April 8, 1908.

The Honorable WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—I would respectfully call your attention to the delay in the Comptroller's Office in the removal of the buildings on the line of the Canal Street portion of the Brooklyn Loop Lines, at the Southeast corner of the Bowery and Canal Street.

On May 18, 1907, The Degnon Contracting Company made a formal request for the use of this property. Again, on October 8, 1907, said Company called the attention of the Public Service Commission to the necessity for the early removal of these buildings. On November 4, 1907, a blueprint of a sketch showing the buildings to be removed at this location was sent by the Chief Engineer of this Commission to Mr. Baldwin of the Real Estate Department of the Comptroller's office. On January 29, 1908, The Degnon Contracting Company again wrote regarding the removal of the buildings at this location.

During the early part of January, a representative from this office, in company with one from that of the Counsel, called upon Mr. Metz, who at that time promised that the necessary steps for the removal of these buildings would be taken at the earliest moment.

As no steps were taken toward the removal of the buildings, the Real Estate Bureau of the Comptroller's office was communicated with on February 20, and it was ascertained that nothing had been done.

On February 20, I wrote to the Comptroller requesting that he expedite the removal of these buildings, so that the contractors could proceed with their work.

On February 29 the matter was again taken up, and the Division Engineer in charge of the work was advised that the buildings would be sold on March 15.

No work has been done on the removal of the buildings for some time; and in view of the circumstances above stated, I think it would be desirable that a formal communication for the immediate removal of these buildings be sent by this Commission to the Comptroller, who has entire charge of the work.

Very truly yours,
(Signed) HENRY B. SEAMAN, Chief Engineer.

(8) Commissioner Bassett moved the adoption of the following hearing order, which was duly seconded:

HEARING ORDER (No. 406).

In the Matter
of
The hearing on motion of the Commission
on the question of improvements in and
additions to the service and equipment
of the Long Island Electric Railway
Company.

Liberty Avenue Line.

It is hereby

Ordered, That a hearing be had on the 22d day of April, 1908, at 2:30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission at Number 154 Nassau Street, Borough of Manhattan, City and State of New York, to inquire whether the regulations, equipment and appliances of the Long Island Electric Railway Company in respect to transportation of persons and property in the First District are unsafe, improper or inadequate, and whether changes, improvements and additions thereto ought reasonably to be made in the manner below set forth in order to promote the security or convenience of the public or employees, or in order to secure adequate service and facilities for the transportation of passengers and property, and if such be found to be the fact, then to determine whether a change, addition, and improvement of regulations, equipment, appliances and service of said Company, as hereinafter set forth, is such as would be just, reasonable, safe, adequate and proper and ought reasonably to be made to promote the security and convenience of the public or employees, or in order to secure adequate service or facilities for the transportation of passengers and property on its Liberty Avenue line, that is to say:

1. That the said Long Island Electric Railway Company maintain a uniform headway in the operation of cars on said line.
2. That the said Railway Company renew or replace illegible destination signs, and conspicuously display said signs.
3. That the Railway Company thoroughly clean each car every day.
4. That the said Railway Company thoroughly wash and disinfect each car every third day.
5. That the said Railway Company overhaul and repair each car so that when completed they shall be in first class condition. And if any such changes, improvements and additions be found to be such as ought to be made as aforesaid, then to determine what period would be a reasonable time within which the same should be directed and executed.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable.

Further Ordered, That the said Long Island Electric Railway Company be given at least ten days' notice of such hearing by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said company be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Chair designated Commissioner Bassett to conduct the hearing.

(9) Commissioner Eustis moved the adoption of the following hearing order, which was duly seconded:

HEARING ORDER (No. 407).

Francis P. Kenney, as President of the
Highbridge Taxpayers' Alliance,
Complainant,

against
Union Railway Company, or its Receiver,
Frederick W. Whitridge,
Defendant.

Extension of Boscobel Avenue line to
the end of Washington Bridge.

Upon the complaint herein, upon which Order No. 237 was issued on or about the 4th day of February, 1908, and the answer of the Union Railway Company thereto, verified the 25th day of February, 1908, it is

Ordered, That upon the matters contained therein a hearing be had on the 22nd day of April, 1908, at 2:30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission, at Number 154 Nassau Street, Borough of Manhattan, City and State of New York.

To the end that the Commission may make such order or orders in the premises as shall be just and reasonable.

Further Ordered, That the said complainant and the said Union Railway Company and its Receiver, Frederick W. Whitridge, be given at least ten (10) days' notice of such hearing, by service upon said Francis P. Kenney, Highbridge, New York, and upon the said Union Railway Company and its Receiver, Frederick W. Whitridge, either personally or by mail, of a certified copy of this order, and that at such hearing said complainant and said company be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Chair designated Commissioner Eustis to conduct the hearing.

(10) Commissioner Eustis moved the adoption of the following hearing order, which was duly seconded:

HEARING ORDER (No. 408).

In the Matter
of

The hearing on motion of the Commission on the question of improvements in and additions to the service of the Interborough Rapid Transit Company.

Extension of Broadway express service to Kingsbridge, and of Broadway local service to Dyckman Street.

It is hereby

Ordered, That a hearing be had on the 22d day of April, 1908, at 11:00 o'clock in the forenoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission at Number 154 Nassau Street, Borough of Manhattan, City and State of New York, to inquire whether the regulations, practices, equipment, appliances or service of the Interborough Rapid Transit Company in respect to the transportation of passengers upon its Broadway Line of the Subway Division within the First District, are unreasonable, improper or inadequate, and whether changes, improvements and additions thereto ought reasonably to be made in the manner below set forth in order to promote the security and convenience of the public, or in order to secure adequate service and facilities for the transportation of passengers, and if such be found to be the fact, then to determine whether a change, addition and improvement in regulations, practices, equipment, appliances and service of said company as hereinafter set forth are such as will be just, reasonable, adequate and proper and ought reasonably to be made to accommodate the passenger traffic offered to it and to promote the convenience of the public, or in order to secure adequate service or facilities for the transportation of passengers, that is to say:

Whether the following changes, additions and regulations should be put into effect:

(1) Whether all express trains upon the Broadway line of the Subway Division of said Interborough Rapid Transit Company now running only as far as Dyckman Street should be made to run through to Kingsbridge Station, at 230th Street;

(2) Whether all local trains upon the Broadway line of the Subway Division of said Company now running only as far as the 137th Street station upon said line, should be made to run through to Dyckman Street.

And if any such regulations, changes, improvements and additions be found to be such as ought to be made as aforesaid, then to determine the details of such changes, improvements and additions and to determine what period would be a reasonable time within which the same should be directed and executed.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable.

Further Ordered, That the said Interborough Rapid Transit Railroad Company be given at least ten days' notice of such hearing by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said company be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Chair designated Commissioner Eustis to conduct the hearing.

(11) Commissioner Eustis moved the adoption of the following hearing order, which was duly seconded:

HEARING ORDER (No. 409).

Board of Aldermen, Complainants,

vs.

Interborough Rapid Transit Company,
Defendant.

Additional Stairway at the 89th Street Station of the Third Avenue Elevated Road.

*After Complaint Order No. 362, dated March 24, 1908 and the answer thereto, dated March 31, 1908.

Upon the complaint herein, upon which Complaint Order No. 362 was issued, on or about the 24th day of March, 1908, and the answer of the Interborough Rapid Transit Company thereto, dated March 31, 1908, it is

Ordered, That upon the matters contained therein, a hearing be had on the 20th day of April, 1908, at 2:30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission, No. 154 Nassau Street, in the Borough of Manhattan, City and State of New York, to the end that the Commission may make such order or orders in the premises as shall be just and reasonable. It is

Further Ordered, That the said complainants and the said Interborough Rapid Transit Company be given at least five (5) days' notice of such hearing by service upon said Board of Aldermen, complainants, and upon said Interborough Rapid Transit Company, defendant, either personally or by mail, of a certified copy of this order and that at such hearing said complainants and said Company be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

The Chair designated Commissioner Eustis to conduct the hearing.

(12) Commissioner Eustis moved the adoption of the following hearing order, which was duly seconded:

HEARING ORDER (No. 410).

In the Matter
of

The hearing on motion of the Commission as to the regulations, practices, equipment and service of the Interborough Rapid Transit Company.

Additional stairway at 161st Street station on the Third Avenue Elevated Road.

It is hereby

Ordered, That a hearing be had on the 23rd day of April, 1908, at 2:30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission, at Number 154 Nassau Street, Borough of Manhattan, City and State of New York, to inquire whether the regulations, practices, equipment, appliances or service of said Company, upon and near its line on and along Third Avenue, in the Borough of the Bronx, at its 161st Street station on said line, in respect to the transportation of persons, freight, or property within the State, are unjust, unreasonable, unsafe, improper or inadequate, and if it be so found, then to determine whether changes in said regulations, practices, equipment, appliances or service in the particulars following, at the place or places herein mentioned, would be just, reasonable, safe, adequate and proper, and whether such changes shall be put in force, observed and used on the line of said Company, and also to inquire and determine whether repairs, improvements, changes or additions to or in the tracks, switches, terminals, terminal facilities or other property or device used by said Company in the particulars following, ought reasonably to be made in order to promote the security or convenience of the public or employees or in order to secure adequate facilities for the transportation of passengers, freight or property, namely:—

Whether said Interborough Rapid Transit Company should be directed to extend to the east the mezzanine at the south end of the 161st Street station on its Third Avenue Elevated line, and construct and maintain two stairways leading from said mezzanine to the street surface,—one running south and the other north.

Whether said Company should be directed to make other changes in its property, equipment or appliances, or in its regulations, practices and service upon said line at 161st Street station.

And if such changes, improvements and additions, be such as ought to be made as aforesaid, then to determine the extent thereof and what period would be a reasonable time within which the same should be directed to be executed.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable.

Further Ordered, That the said Interborough Rapid Transit Company be given at least ten (10) days' notice of such hearing by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said Company be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters hereinbefore set forth.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Chair designated Commissioner Eustis to conduct the hearing.

(13) Commissioner Bassett moved the adoption of the following extension order, which was duly seconded:

EXTENSION ORDER (No. 411).

In the Matter

of

The Complaint of E. Alexander Williams, Stephen F. Barrera, David H. Bailey, and one hundred and ninety-seven (197) others,

Complainants,

against

South Brooklyn Railway Company, Defendant.

Order No. 411, extending the time within which the Defendant may answer Complaint Order No. 272, as to extension of service on right of way of the New York and Coney Island Railroad Company to West Thirty-seventh Street, to and including May 11, 1908, was approved, confirmed and ordered filed in the office of the Commission.

(14) Commissioner Bassett moved the adoption of the following dismissal order, which was duly seconded:

DISMISSAL ORDER (No. 412).

H. B. Corwin,

Complainant,

against

New York Central and Hudson River Railroad Company,

Defendant.

Order No. 412, dismissing proceedings upon Complaint Order No. 284, as to the condition of tracks and crossings at yards at 30th Street, on the west side of Tenth Avenue, there having been no appearances for or on behalf of the Complainant at the hearing held pursuant to said Order No. 284, was approved, confirmed and ordered filed in the office of the Commission.

(15) The Secretary presented resolutions of the Third Assembly District Organization of the Independence League in the County of Queens, asking that the work of constructing subways by sections be commenced by the City at once, which were ordered filed.

(16) The Secretary presented a communication from the West Side Taxpayers' Association, requesting the Commission and other officials to make every effort for the immediate construction of the Broadway-Lexington Avenue subway route; expressing the opinion that this route was more needed than the Brooklyn route, because of the insufficiency of the present transit facilities in Manhattan and The Bronx. The letter was ordered filed.

(17) The Secretary presented a communication from the Civic League of the Bronx, transmitting resolutions urging the Commission to modify the Lexington Avenue subway route at East 138th Street and Bronx Park, so as to follow 5-B of the Lexington Avenue route as adopted by the Rapid Transit Commission, as far as 138th Street, and to locate a station south of the point of divergence, for the sake of greater convenience to passengers. The resolutions were ordered filed.

(18) The Secretary presented a communication from the 28th Ward (Brooklyn) Taxpayers' Association, expressing its disappointment because of the lack of progress on the Broadway-Lafayette Avenue subway route; stating that that route was the key to the whole subway problem, and the best way to relieve the Brooklyn Bridge and make use of the Williamsburg Bridge and asking favorable action on that route. The letter was referred to the Committee on the Brooklyn Loop Lines.

(19) The Secretary presented a communication from the Central Federated Union, protesting against the amending of the Elsbeg Law to increase the terms of franchises, which was ordered filed.

(20) The Secretary presented a communication from the Broadway (Brooklyn) Board of Trade, with regard to the Broadway-Lafayette Avenue subway route, expressing the opinion that it would be little short of a crime to permit the consents of property owners to lapse; that no other contemplated subway would relieve the Brooklyn Bridge crush as would this one; and that it was the paramount duty of the officials to adopt this route and so do away with the Bridge congestion; and requesting the Commission to give a definite answer with regard to the action contemplated as to this line of subway. The letter was referred to the Committee on the Brooklyn Loop Lines.

(21) On behalf of the Committee of the Whole, the Secretary presented the following order, and it was moved and duly seconded that the same be adopted by the Commission:

ORDER (No. 343-A).

In the Matter

of

The application of the Interborough Rapid Transit Company for permission to make changes in the signal system.

Whereas, Application was heretofore made by the Interborough Rapid Transit Company for permission to make certain changes in the signal system at or near the express stations on the express tracks in the Subway, as shown on certain drawings marked "D-277," "D-285," submitted by said company; and

Whereas, Said plans were examined by the engineers of the Commission and approved by them with certain modifications set forth in a certain report dated January 18, 1908, entitled "The Subway Signal System," made by Bion J. Arnold, one of said engineers; and

Whereas, Thereafter on the 13th day of March, 1908, a resolution known as Order No. 343 was duly adopted by the Commission granting the said application and authorizing said changes as therein provided; and

Whereas, Said company desires to have such a resolution modified or amended, as hereinafter provided, in order that the terms thereof may be made more definite and certain, and the said Bion J. Arnold approves of such modification or amendment, now therefore it is

Resolved, That said resolution of the 13th day of March, 1908, known as Order No. 343, be and the same hereby is modified or amended so as to read as follows:

"Resolved, That the said application of the Interborough Rapid Transit Company be and the same hereby is, approved and granted as follows:—that said Company is hereby authorized to make said changes in said signal system on express tracks Nos. 1 and 3 at 96th Street, and Nos. 2 and 3 at 72nd Street, Grand Central, 14th Street, and Brooklyn Bridge, in the manner shown on Interborough Rapid Transit Company's drawing D-285, marked Grand Central Station, and shown as Figure 2 in the report of said Arnold; and it is further

Resolved, That said Company proceed forthwith, to the best of its ability, to develop and put into experimental operation, subject at all times to the inspection of the engineers of the Commission, an automatic speed control signal device, intended to accomplish the results set forth in recommendation No. 1 of the report of said Arnold as fully described in said report."

(24) The Committee of the Whole recommended the passage of the following, which was adopted:

Resolved, That the Chief Engineer be and hereby is instructed to report as soon as practicable the most desirable route for the extension of the subway loop—so-called—under the East River to Brooklyn, and connections.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

(25) The Committee of the Whole recommended the adoption of the following resolution:

Resolved, That the Chief Engineer be directed to proceed with the preparation of detailed plans for the Broadway portion of the Brooklyn loop lines.

Commissioner Bassett—"In moving this resolution, I desire to say:
"The Committee of the Whole in reporting this resolution which directs the preparation of detailed plans for the Broadway portion of the Brooklyn loop lines does not wish to be understood as abandoning the Lafayette Avenue portion. The Commission and its Chief Engineer desire to give further consideration to the Lafayette Avenue portion and its connections. The Broadway portion can be used in conjunction with the Manhattan portion of the Brooklyn loop lines and for a time at least independently of the Lafayette Avenue portion."

Chairman Willcox—"I fully subscribe to what Mr. Bassett has said in introducing the resolution."

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.
Nays—None.
Carried.

(26) Commissioner Maltbie presented the following report, which, on motion, duly seconded, was approved:

REPORT UPON ACCOUNTING SYSTEM.

To the Public Service Commission for the First District:

SIRS—Soon after the Commission took office, it was found that the system of accounts used by the Rapid Transit Commission would need to be altered and extended considerably to adapt it to the needs of the Public Service Commission with its much larger field of work and its varied activities. As the Committee to whom the matter was referred, I beg to submit the following report:

Upon recommendation, the Commission authorized the employment of Mr. J. R. MacNeille, of the Investors' Agency, to go over the system of accounts used by the Rapid Transit Commission, to examine the organization created by the Commission, to examine the Public Service Commissions Law and to prepare a system of accounts, forms of books, vouchers and other necessary papers and such instructions for the handling of the financial affairs of the Commission as would be in conformity with the best modern accounting practice. The importance of having as simple a system of accounts as could be devised so that any citizen might easily ascertain how the money was being spent was emphasized.

Mr. MacNeille has prepared and submitted five reports upon different phases of the subject, which I transmit herewith. The blank forms and books necessary for the accounting work have been prepared, have been approved by me and are now in use. The accounts of the Commission have been kept upon the new plan since January 1st of this year and the detailed instructions to the auditor of the Commission and his assistants have just been approved. With these in force the same classification and methods will be followed from year to year regardless of the changes that may occur in the personnel, and the annual report will contain a statement of receipts and expenditures in such a form that any citizen may ascertain the sources of all income and the purposes for which the money appropriated by the city has been expended.

Respectfully submitted,
(Signed) MILO R. MALTBIIE, Commissioner.

(27) Commissioner Maltbie presented the following report, which, on motion, duly seconded, was approved:

PRELIMINARY REPORT UPON "BREAKDOWN SERVICE."

To the Public Service Commission for the First District:

SIRS—Having completed for the moment the consideration of "breakdown service" in the investigation of the electric light companies and having obtained from the New York Edison Company concessions of great benefit and financial value to consumers, I submit the following preliminary report pending the completion of the entire investigation.

TERM DEFINED.

The term, "breakdown service," has such a technical meaning, that a few words of explanation are necessary. Narrowly defined, it is the service which an electricity supply company renders when it provides a "connection" between its system and the installation of a consumer having his own electric plant, and agrees to stand ready to supply such consumer with current whenever his plant actually breaks down in whole or in part. As currently used, however, the term includes two other kinds of service: first, the service rendered by the supply company to the owners of private plants (both readiness-to-serve and current) during nights, Sundays, holidays and perhaps longer periods when only a small amount of current relatively is demanded; second, a like service rendered by the supply company to owners of private plants during the peak period of the day—usually about five P. M.—when the consumption of current reaches its maximum for the day. These two classes of service are quite different and distinct from pure breakdown service; they are really auxiliary service; but in common usage the three classes are included in the single term "breakdown service." This is largely due to the difficulty of separating any one class from the others in practice; for if a service connection is provided, the consumer has it within his power to take current at any time for any purpose. It has been suggested that the switch might be locked and thus placed under the control of the supply company, but this would involve so great delay in securing the current when needed and would impose such a burden upon the supply company, that it has not been considered practicable.

It should be understood that the term "breakdown" does not apply to the service furnished by the supply company to any part of a building or plant, even though there may be a private electric plant upon the premises which is used to provide current for the remainder of the building or plant, where the part thus supplied is so entirely distinct and separate that it cannot be connected in any way with the private plant. In other words, if a circuit is "segregated" and cannot be supplied from any other source, it is not a part of the breakdown system, and all of the companies have stated that they have been and are willing to supply current to segregated circuits at the usual rates:

CHARACTER OF THE SERVICE.

Although it has not yet been found practicable to design a connection of such a character as to differentiate automatically any one of the three classes of service from the others, they are in theory quite different and distinct. In order to provide a pure break down service, a supply company must provide merely the distribution system and the service connections for the maximum load to be demanded at any one time and such apparatus in the generating and sub-stations as would be equivalent to the private plants disabled at any one moment. In other words, as plants very seldom break down, it would not be necessary for the supply company to duplicate the total installations of the private plants, but merely such a portion as would be out of use at any one moment. Such service partakes of the nature of insurance, and if statistics were available to show with what frequency plants break down and how long they remain out of use, just as the insurance companies have mortality statistics extending over many decades, it would be comparatively easy to determine a reasonable charge for this kind of service and to what extent it would impose a burden upon the supply company. It is probable, in view of the comparative infrequency of complete disability, that the actual demands made upon the supply company would be very few and would not involve great expense either in the way of fixed charges upon the duplicate plant kept ready for use or in the way of operating charges for units revolving slowly.

To supply the second class of consumers—those using current nights, Sundays, holidays and during periods when a small amount of current is used as compared with the total installations—the supply company would need to provide, as in the first case, the necessary service connections and distribution lines for each user. But as current would be demanded when the stations of the company would otherwise not be operated at their maximum capacity, it would not be necessary to provide station equipment specifically for this service. It might be necessary to keep certain units revolving slowly, but in this respect the service would not differ from the ordinary service where there must be constant readiness to serve somewhat in excess of the demand at that moment. Service of this character would be quite desirable from the standpoint of the supply company, and if "breakdown" users would restrict their auxiliary use to these periods, advantageous terms could be offered by the companies. What the exact rate should be would depend upon the amount of such use and the precise hours of the day and times of the year when it is demanded.

The third kind of service is the most expensive of all, for if no restrictions were placed upon the amount of current consumed or the time of its use, "breakdown" consumers could easily so plan their equipment that they would have sufficient capacity to supply all the current required except during the peak hours of the day. When the peak load began to come on, the "breakdown" user could take sufficient current from the supply company to handle this peak, breaking the connection when the peak was passed and the consumption became normal again. Inasmuch as the peak period for the breakdown consumer is apt to be the peak period for the supply company, this would mean that the supply company would be called upon for a considerable amount of current during a short period when the demands of the ordinary consumers are at their height. Thus the supply company would be obliged to maintain a considerable plant during the whole day in order to supply the breakdown consumer during one or two hours and to carry the surplus plant throughout the year in order to handle the winter maximum due to the short period of daylight and cloudy weather. Such service is expensive from the point of view of the company, because of the heavy fixed charges covering the whole year. It is also very beneficial to the consumer, because it enables him to provide a smaller plant than would otherwise be necessary and because it permits him to shift the most expensive part of his load upon the supply company. But here, again, the exact amount which should be charged for such service would depend upon the time and the extent of the use.

OBJECTIONS BY COMPANIES.

Various objections to breakdown service have been urged by the companies. They claim that if many private plants were to demand it and were to switch on suddenly, the maintenance of the proper voltage would be difficult. The evidence taken does not show that there have been such cases, and this objection does not appeal to me as having much weight. If the companies can maintain pressure in the face of the sudden storms which sweep over the city in the summer, they ought to be able to provide for the demands of auxiliary service which can be more or less foreseen.

A more serious difficulty would arise if there were a long continued coal strike, during which the price of coal would be so greatly advanced that private plants would find it cheaper to shut down entirely and take their current from the supply companies at the usual rates. In such cases it might be a serious hardship to require the companies to accept every person who applied for breakdown service without regard to the unusual conditions that had arisen. But such a situation would be most unusual, rarely occurs and would have to be dealt with in a special manner. In my opinion, it would not be proper to allow this unusual condition to prevent the provision of breakdown service under ordinary circumstances.

There are also several other objections of a technical nature, but the evidence shows that devices have been invented which will obviate these difficulties and render them of no serious importance.

It has been claimed also that it is not fair, even if practically possible, to ask the supply companies to furnish current to private plants, their competitors, when it becomes disadvantageous for these competitors to supply it themselves, any more than it would be fair to permit one express company to take the more profitable business and to compel a competitor to do that portion of its business which was conducted at a loss. The analogy is not sound, and the argument is fallacious. The requirement that breakdown service be supplied does not imply that one supply company shall provide current for another company at less than a fair price. Further, the private electric plants are not competitors, for they do not distribute current beyond their own premises. They cannot combine their plants and thus be of mutual assistance in case of disability, for by so doing they would be compelled to use the streets for their wires, and to do so would require a franchise and subject them to public regulation and control. It is not considered proper for a railroad company to refuse to carry a passenger during stormy weather merely because he uses his automobile or walks during fair weather or when he wishes to go only a short distance; neither does it seem fair for an electric supply company, which is also quasi-public, to refuse to supply an individual merely because he produces a portion of the current which he consumes. The electric companies have been given the use of public property; their wires are in the streets; they have many rights and privileges which the ordinary individual does not possess. It seems but fair, therefore, that they should also undertake to perform the obligations which go with these privileges, and one of these fundamental duties is to supply current to every one who desires it and who pays a fair price.

It should not be assumed that breakdown service or any special kind of service must of necessity be supplied at the same rate at which other service of a different character and of a different cost is supplied. It may be that such special service as we are now considering should be supplied at a different rate from that charged for current under ordinary circumstances; but, assuming that the rate is fair, that a reasonable profit is allowed to the company thereon, it is, in my opinion, the duty of the supply companies to provide breakdown service under ordinary circumstances.

RATES OF CHARGE.

Applications for breakdown service have been made of only three companies in Greater New York. The United Electric Light and Power Company has but one consumer and no others have applied. The Brooklyn Edison Company has 10 consumers and has supplied every applicant. The New York Edison Company has 122 connections and is the only one that has refused of late years to give breakdown service; but it is also the only company where the service seems likely to become of such importance as to make it at all serious. Prior to the summer of 1905, when the act of the Legislature fixing the maximum price for current supplied in Manhattan at 10 cents per kilowatt hour took effect, the New York Edison Company supplied breakdown service to every applicant. The first application made after the new law took effect was rejected, and from that time until the Public Service Commission was created, the company refused to supply breakdown service, except to those who already had contracts.

This change in policy was productive naturally of many complaints, and the situation was finally brought to the attention of the Commission of Gas and Electricity. But prior to July 1st, 1907, no action had been taken, although much consideration had been given to the subject. The complaints were renewed before this Commission last fall, and the Edison Company was urged to resume its former practice. To this the company objected, but after considerable discussion and much urging, the Edison Company submitted a proposal to the Commission in which they offered to furnish breakdown service, but insisted upon a higher rate of charge than formerly. The contracts which had been made had provided in most instances that the consumer should guarantee to pay a certain amount annually, ranging from \$10. per kilowatt of installation, under an agreement to use current during certain hours of the day only, to \$30. per kilowatt of maximum demand with unrestricted use. If the consumer did not use sufficient current at the ordinary rates to equal the guarantee, he agreed to pay the guarantee; but if the amount consumed at the usual rates exceeded the amount guaranteed, the guarantee had no effect of course. The rates which the Edison Company gave in their original proposal to the Commission provided for a minimum charge or guarantee of \$30. per kilowatt of installation, which was a marked increase over the rates in the old contracts. As a result, the individual who had lamps, motors and apparatus of a total capacity of 100 kilowatts, say, would be obliged to guarantee an annual payment of \$3,000, no matter what amount of current he consumed and no matter whether he used only 20 or 30 kilowatts at any one time. As the total installation of any building or plant is seldom all in use at the same moment, and as the average amount of use has been variously estimated from 30 to 60 per cent. of the total installation, it is evident that a charge based upon installation and not upon maximum demand would generally be unjust.

INFORMATION INSUFFICIENT.

In the conferences held from time to time with the present and prospective users of breakdown service, the general opinion seemed to be that the charge was prohibitive in most cases and that few could afford to take the service at such a figure. As the Edison Company insisted that it was reasonable, an attempt was made in the investigation to secure sufficient evidence to determine the facts, but it was found that sufficient data were not available. For one should know not merely the ordinary operating costs and fixed charges, but also the frequency with which private plants break down, the amount of current demanded by them and the hours at which it is used. For example, if it were necessary for the supply company to provide plant and equipment for 60 per cent. of the connected load, the rate would be practically double what it would need to be if only 30 per cent should be provided. Again, if breakdown consumers generally use current at the time of peak load, the charge should in fairness be much higher than

if the current is consumed during the hours when the generating plant is running on a light load.

Neither the Edison Company nor any of the engineers with whom I consulted were able to state definitely what the conditions had been or were likely to be. The New York and Brooklyn Edison Companies submitted certain calculations to support the rates charged, but they were so vague and indefinite that they were most unsatisfactory. The rates have been fixed more or less arbitrarily without a knowledge of the exact facts and of the various elements which determine the cost. To secure the information desirable it would be advisable to place recording instruments on every breakdown connection and to take records for nearly a year, or at least through the coming summer and the following winter, thereby obtaining the facts as to the extremes which a supply company must provide for. Although this will involve considerable expense, the Edison Company has agreed to provide the apparatus and to take readings under the supervision and direction, if necessary, of the Commission. As a satisfactory decision of the rate question cannot be made until these records are taken, I recommend that the work be carried out and that the Electrical Engineer of the Commission be instructed to supervise it.

The method of charging for breakdown service has also been considered. Many consumers have expressed their preference for a plan whereby a certain amount would be paid for each kilowatt hour of current used and another amount for each kilowatt of maximum demand, the latter as a "readiness-to-serve" charge to cover the cost of installing a connection, of providing sufficient plant and equipment to meet the demand and of being ready to supply current the instant the consumer wishes it. Here, again, sufficient data were not available to determine whether such an arrangement would be more satisfactory than the minimum guarantee plan and what the relation should be between the "readiness-to-serve" charge and the current rate. Consequently, I do not recommend that a change be made at present in the method of charge now in vogue but that a decision be postponed until accurate records have been obtained.

METHOD OF CHARGE.

The general opinion of the consumers, present and prospective, who appeared at the conferences, was that if the Edison Company would recede from its original demand that the guarantee should be based on installation and would accept maximum demand as the base, so that each consumer might determine for himself the amount of service he needed irrespective of installation, and if the Edison Company would agree to take service records under the supervision of the Commission, they would be satisfied to have a final determination of the question of rates and methods of charging go over until the necessary information has been obtained. This suggestion I laid before the Edison Company and urged that it be acceded to. As a result, the company submitted a new proposition (appended hereto) leaving the guarantee practically as originally suggested, but basing it upon maximum demand and allowing the consumer to state his maximum demand. This will mean a large reduction in the guarantee to be given, for if the amount of use at any one moment or at the moment when the consumer wishes to take advantage of the breakdown service does not exceed 30 per cent of the total installation, the guarantee under the new proposition will be only 30 per cent of the guarantee under the original offer of the company.

Take a case which is illustrative, although somewhat unusual, of a consumer who appeared before me: His total installation has a capacity of 70 kilowatts. He never has used, he stated, at any one time more than 14 or 15 kilowatts. Under the original proposal of the New York Edison Company, he would have been obliged to give a guarantee of \$2,100 per year. Under the revised plan he will guarantee only a consumption of \$420 or \$450—a difference of over \$1,650 per annum.

On the other hand, the Edison Company will be protected by a switch specially designed, which will prevent the consumer from using a greater amount of current than he has agreed to pay for, and yet the company will not be required to provide greater facilities than the consumers have demanded and for which they will pay.

To summarize the results so far obtained, they are:

- (1) The New York Edison Company will furnish breakdown service to any owner of a private plant who applies for it.
- (2) The use of current need not be restricted to certain hours or certain purposes; it may be taken at any time and for any purpose, thereby obtaining not only pure breakdown service but auxiliary service as well.
- (3) The consumer may specify the maximum amount of current to be taken at any one moment, regardless of his installation.
- (4) The guarantee will be computed not upon installation but upon maximum demand.
- (5) The company will place recording devices upon every breakdown connection and take the records under the supervision of the Commission for the purpose of determining a fair charge for service.

These beneficial results illustrate what may be accomplished under an effective system of public regulation and control.

Respectfully submitted,
(Signed) MILO R. MALTBY,
Commissioner.

MEMORANDUM RE BREAKDOWN SERVICE SUBMITTED BY THE NEW YORK EDISON COMPANY MARCH, 1908.

It is understood that breakdown connections shall be furnished to any applicant operating a private plant on the following basis:

(a) A service charge of \$30.00 including the supply of electric current at the best rate of the class will be made for each kilowatt of maximum demand for which the customer may make written request to the Company and which maximum demand is to be the basis of a year's contract.

(b) The maximum demand for which the customer contracts will be controlled by a special "limit service" switch, which will be adjusted so as to allow the customer to use up to the capacity for which he specifically contracts.

(c) It is understood that the load for which a customer contracts will be approximately a "balanced load", that is the load will be taken in approximately equal quantities from each side of the three-wire system.

(d) For each installation of a breakdown or reserve service of a capacity less than ten kilowatts of maximum demand, there will be a charge made of \$75.00 for introducing the special "limit switch" and other protecting devices.

(e) In all instances the customer is to provide incandescent lamps for the original installation and renewals and carbons and trimming and for the maintenance of any arc lamps. The Company assumes no responsibility for the installation. It is understood that an allowance is made offsetting the supply of incandescent and arc lamps under each of the wholesale forms of contract; where service is taken under the retain contract, a special reduction of one cent per kilowatt hour will be made in view of the customer relieving the Company of the supply and care of incandescent lamps or arc lamps.

(f) The above does not refer to any installation or part of an installation permanently segregated from the private plant and connecting directly and permanently with the service of the Company. Such installation may be supplied under direct contract at the best rates obtainable by any other consumer under like conditions, using an equal amount of current.

N. B.—This rate is made experimentally with the privilege of withdrawing the rate if after one year it is found to be unsatisfactory.

(28) Commissioner Eustis moved the adoption of the following resolution, which was duly seconded:

Resolved, That notice of the hearing before the Commission on the question of the adequacy of the service of the Union Railway Company on its line on the Fort Schuyler Road, from Westchester Village to the Eastern Boulevard, and on the question as to whether said Company should be directed to double track said line on said road, and on the question as to whether said company should be directed to run cars of the Westchester Avenue line or the Tremont Avenue line through Fort Schuyler Road to the Eastern Boulevard without change at Westchester Village, and on the question as to whether said Company should be directed to extend the tracks of said line along the Eastern Boulevard from the present terminus of said line on Fort Schuyler Road to Pelham Bay Park, be given to Frederick W. Whitridge, as Receiver of said Union Railway Company; that said notice contain a specification of the objects of the hearing and that it be given at least three (3) days prior to the

hearing and so that the Receiver may attend and examine and cross-examine any and all witnesses and present to the Commission such information and testimony as he may desire.

Fourth—Certificates in respect to the vacation of premises at No. 1868 Atlantic avenue, No. 177 Eagle street (front and rear), No. 416 Flushing avenue, No. 418 Flushing avenue, No. 420 Flushing avenue, No. 94 Lorimer street, No. 344 Myrtle avenue, No. 346 Myrtle avenue, No. 669 Quincy street, No. 47 Third street and No. 425 Eighteenth street, Borough of Brooklyn.

On motion the following preamble and resolutions were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 1868 Atlantic avenue, in the Borough of Brooklyn, has become dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants:

Ordered, That all persons in said building situated on lot No. 1868 Atlantic avenue, in the Borough of Brooklyn, be required to vacate said building on or before March 31, 1908, for the reason that said building is dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 177 Eagle street (front and rear), in the Borough of Brooklyn, has become dangerous to life, and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants:

Ordered, That all persons in said building situated on lot No. 177 Eagle street (front and rear), in the Borough of Brooklyn, be required to vacate said building on or before March 31, 1908, for the reason that said building is dangerous to life, and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 416 Flushing avenue, in the Borough of Brooklyn, has become dangerous to life, and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants:

Ordered, That all persons in said building situated on lot No. 416 Flushing avenue, in the Borough of Brooklyn, be required to vacate said building on or before March 31, 1908, for the reason that said building is dangerous to life, and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

The opinion of the Corporation Counsel regarding

1. The registration of persons authorized to practice osteopathy in accordance with chapter 344 of the Laws of 1907, who are not doctors of medicine, by the Board of Health, under section 160 of the Sanitary Code, requiring physicians to register and the legal rights of such persons to demand registration;

2. The obligation of the Board of Health to accept a certificate and record of death presented by such practitioner, assuming a doctor of osteopathy has a legal right to register in the Department of Health as a physician, and whether the Board is legally bound to issue a permit to bury the body of a person whose death is so reported, was received, and in accordance with such opinion, it was

Resolved, That, in accordance with an opinion rendered by the Corporation Counsel of The City of New York, the application of Charles Hazzard, Ph. P., D. O., of No. 18 West Forty-fourth street, New York, to be allowed to register in the office of the Bureau of Records of this Department under the provisions of section 160 of the Sanitary Code, be and the same is hereby denied.

Resolved, That, in accordance with an opinion rendered by the Corporation Counsel of The City of New York, the application of George W. Riley, Ph. P., D. O., of No. 43 West Forty-second street, New York, to be allowed to register in the office of the Bureau of Records of this Department under the provisions of section 160 of the Sanitary Code, be and the same is hereby denied.

The opinion of the Corporation Counsel regarding the application made by Richard J. Costello, a Laboratory Assistant in the employ of the Department of Health, for leave to take advantage of the Pension Law, said Costello having failed to file with the Board of Health and the Comptroller a notice that he intended to take advantage of said Pension Law, and a consent that a deduction from his salary as required by the provisions of the act should be made immediately, was received, and in accordance with such opinion, it was

Resolved, That, in accordance with an opinion rendered by the Corporation Counsel, the application of Richard J. Costello, a Laboratory Assistant in the employ of this Department, for leave to take advantage of the Pension Law, known as chapter 373 of the Laws of 1907, be and the same is hereby denied.

Department of Finance, Bureau for the Collection of Assessments
and Arrears of Taxes, Assessments and Water Rents,
No. 280 Broadway,
New York, April 6, 1908.

Under direction of Herman A. Metz, Comptroller of The City of New York, notice is hereby given to the owners, lessees, occupants and all persons otherwise interested in the lands and tenements hereinafter particularly described as sold, and to the mortgagees of the real estate so sold, their assignees or personal representatives, that the lands and tenements, described in the following list, within that part of The City of New York known as the Borough of The Bronx, were sold at public auction by the Collector of Assessments and Arrears of said City on the 3d, 10th, 17th, 24th and 31st days of October, 1906; the 7th, 14th, 21st and 28th days of November, 1906; and the 5th, 12th, 19th and 26th days of December, 1906, for the respective terms of the years stated in the following list, in default of payment of taxes of any or all of the years 1886 to 1901, and water rents of any or all of the years 1885 to 1900, due on the said property.

And notice is hereby further given that unless the lands and tenements so sold be redeemed by the persons claiming title to the same or interest therein, or by some other person or persons, on or before the expiration of two years from the dates of the following list, in default of payment of taxes or any part thereof for any one or more of the years 1900 to 1904, and water rents for any one or more of the years 1900 to 1904, the said lands and tenements, respectively, which will be on the 3d, 10th, 17th, 24th and 31st days of October, 1908; the 7th, 14th, 21st and 28th days of November, 1908; and the 5th, 12th, 19th and 26th days of December, 1908, as the said lands and tenements are specifically enumerated in this advertisement under the respective dates of sale, by paying to the Collector of Assessments and Arrears of said City, for the use of the purchasers of said lands and tenements so sold, their heirs, executors, administrators or assigns, the sums of money for which the same were sold, together with interest thereon at the rate of 14 per centum per annum (except sales to The City of New York, on which interest at the rate of 7 per centum per annum shall be paid), from the respective dates of sale, and the expenses allowed by law, the said lands and tenements will be conveyed to the respective purchasers, their heirs, executors, administrators or assigns, by leases executed by the said Comptroller, in the name of The City of New York, under the common seal of the City, for such term of years as the same were sold, viz. for the respective terms of years stated in the following list.

The amounts stated as affecting property sold to The City of New York are for the total principal of the arrears of taxes and water rents, or either, only. Said sales were for the said principal, with interest added thereto at the rate of 7 per centum per annum from the time interest began to run on said principal, or any part thereof, to date of sale.

DANIEL MOYNAHAN, Collector of Assessments and Arrears.

BOARD OF ESTIMATE AND APPORTIONMENT.

EXTRACT FROM

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, THE CITY OF NEW YORK,
APRIL 10, 1908.

The following matter, not on the calendar for this day, was considered by unanimous consent:

AMENDMENT TO SECTION 242 OF THE CHARTER.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
NEW YORK, April 8, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The attention of the Board has several times been drawn to the fact that, in view of a recent decision of the Court of Appeals, the Board of Estimate and Apportionment has not the power to grant revocable consents for the laying of spur tracks in the streets of the City, even when such tracks would constitute no nuisance, but, on the other hand, would greatly facilitate business and remove obstructions from the public streets. The Corporation Counsel has also advised the Board that all grants for such spur tracks made by the Board of Estimate and Apportionment, and by its predecessor, the Board of Aldermen, were unauthorized and that the tracks laid under such consents are illegal.

I think there is no doubt but that such tracks may often be unobjectionable and possibly desirable, and it would, therefore, seem that the Board of Estimate and Apportionment should have authority to grant revocable consents for such purposes, and after informal conferences with the Corporation Counsel's office, I beg to submit herewith a draft of a bill amending section 242 of the Greater New York Charter by adding a paragraph distinctly giving to the Board of Estimate and Apportionment the power to grant such revocable consents. I also submit a resolution requesting the Corporation Counsel to have such a bill introduced in the Legislature, and, if possible, to secure its passage during the present session.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,
April 7, 1908.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—Under a recent decision of the Court of Appeals, it was determined that the provisions of section 242 of the Charter were not sufficiently broad to permit the Board of Estimate and Apportionment to grant revocable consents for the use of spur tracks in the streets of the City, even when the same should not constitute a nuisance.

More recently the Corporation Counsel has rendered an opinion to the Board, in which he states that under such decision it is his opinion that all grants heretofore made by the Board of Aldermen, as the predecessor of the Board of Estimate and Apportionment, for such revocable consents, were unauthorized, and that in consequence such consents, and the tracks constructed thereunder, are illegal.

In my annual report I pointed out to you the desirability of securing legislation which would give the Board discretionary power to grant to individuals and corporations, for their exclusive use, rights to cross the streets by means of tracks, tunnels, bridges and pipes, which practice had been in vogue for a great number of years.

I have, therefore, prepared a draft of a proposed bill amending section 242 of the Charter in such manner as will give the Board discretionary power in certain cases, but which will in no way affect the franchise granting power of the Board, or in any way modify the provisions of the Charter pertaining to franchises and to public service corporations using the streets.

In view of the foregoing, I think it is most desirable that the Board should go on record as favoring such legislation, and urge the passage of this act at the present session, and I would suggest that the Board approve the same, and direct the Corporation Counsel to have the same introduced at the earliest possible moment, and do all in his power to secure its passage at once.

I enclose herewith draft of the proposed bill, together with a resolution for adoption by the Board.

Respectfully,

HARRY P. NICHOLS,
Engineer in Charge.

AN ACT to amend section 242 of the Greater New York Charter with respect to the powers of the board of estimate and apportionment.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section two hundred and forty-two of the Greater New York Charter, entitled "An Act to unite into one municipality under the corporate name of The City of New York the various communities lying in and about New York harbor including the city and county of New York, the city of Brooklyn and the county of Kings, the county of Richmond and part of the county of Queens, and to provide for the government thereof," is hereby amended so as to read as follows:

Sec. 242. The board of estimate and apportionment shall have power over the following subjects:

(1) To appropriate, from time to time, for the maintenance, improvement and extension of the system of water supply of the borough of Brooklyn, the moneys received from water rents in the said borough, subject, however, to the charges now imposed by law upon said revenues.

(2) To appropriate, from time to time, for the maintenance of the New York and Brooklyn bridge the moneys received from the revenues of said bridge.

The board of estimate and apportionment shall have also (3) the control of all the streets, avenues, highways, boulevards, concourses, driveways, bridges, tunnels, parks, parkways, waterways, docks, bulkheads, wharves, piers and all other public grounds and waters within or belonging to the city except as in this act otherwise provided. The powers by this act granted to the board of aldermen with respect to the streets, avenues, highways, boulevards, concourses, driveways, bridges, tunnels, parks, parkways, docks, waterways, bulkheads, wharves, piers, and public grounds and waters which are within or belonging to the city shall be subject to such control of the board of estimate and apportionment. If and when the board of estimate and apportionment shall deem it proper in the case of any application or matter affecting any street, avenue, highway, boulevard, concourse, driveway, bridge, tunnel, park, parkway, waterway, dock, wharf, pier, or public ground or water within or belonging to the city, whether the board of aldermen or any other department or officer shall have acted or omitted to act, the board of estimate and apportionment may itself originally act or may, by amendment, revision or repeal of any resolution, ordinance, grant or other action adopted or had by the board of aldermen or any other department or officer, exercise its said power of control; and if and when the board of estimate and apportionment shall so act or exercise such control such action or control shall be fully and finally operative, notwithstanding any resolution, ordinance, grant or other action adopted or had by the board of aldermen or any other department or officer of the city or any omission to act on the part of the board of aldermen or other department or officer. The board of estimate and apportionment shall hereafter, except in the cases where franchises, rights or contracts shall be granted or authorized pursuant to the rapid transit act, chapter four of the laws of eighteen hundred and ninety-one, and the amendments thereof, have the exclusive power in behalf of the city to grant to persons or corporations franchises or rights or make contracts providing for or involving the occupation or use of any of the streets, avenues, highways, boulevards, concourses, driveways, bridges, tunnels, parks, parkways, waterways, docks, bulkheads, wharves, piers or public grounds or waters within or belonging to the city, whether on, under or over the surface thereof, for railroads, pipe or other conduits or ways or otherwise for the transportation of persons or property or the transmission of gas, electricity, steam, light, heat or power, provided; however, that no such exercise of power by the board of estimate and apportionment shall be operative until the same shall be in writing approved by the

mayor separately from and after the action of the board of estimate and apportionment; and provided, further, that this section shall not prevent the exercise by the board of aldermen of the powers expressly granted it by sections forty-nine, fifty, fifty-one and fifty-two of this act; but such exercise of powers by the board of aldermen shall in every case be subject to the control by this act granted to the board of estimate and apportionment over all the streets, avenues, highways, boulevards, concourses, driveways, bridges, tunnels, parks, parkways, waterways, docks, bulkheads, wharves, piers and all public grounds and waters which are within or belong to the city. If and when the board of rapid transit railroad commissioners for The City of New York shall, under any of the provisions of chapter four of the laws of eighteen hundred and ninety-one, or of any of the acts amending the same, conclude or determine upon the construction of any rapid transit railway or railways or adopt any route or routes, plans or specifications therefor, or if and when the said board of rapid transit railroad commissioners shall grant any right or rights, franchise or franchises or enter into any contract or contracts under any of the provisions of the said chapter four of the said laws of eighteen hundred and ninety-one or any of the said amendments thereof, the said board shall transmit to the board of estimate and apportionment a copy of any and every such determination or conclusion, grant or contract, and in case any such determination, conclusion, route, plan, specification, right, franchise, or contract shall require or involve the use of any street, avenue, highway, boulevard, concourse, driveway, bridge, tunnel, park, parkway, waterway, dock, bulkhead, wharf, pier or any public ground or water which is within or belongs to the city, the said board of estimate and apportionment shall within sixty days after the receipt by it of such copy of such determination, conclusion, grant or contract determine whether or not it will, as the local authority having the control of such street, avenue, highway, boulevard, concourse, driveway, bridge, tunnel, park, parkway, dock, waterway, bulkhead, wharf, pier or other public ground or water which is within or belongs to the city, consent or refuse to consent to such route, determination, conclusion, plan, specification, right, franchise or contract, and shall within such sixty days transmit in writing to the said board of rapid transit railroad commissioners its said determination whether of consent or refusal. Provided, however, that the said board of estimate and apportionment and the said board of rapid transit railroad commissioners may by resolution adopted by each of them extend such period of sixty days. Hereafter no consent or approval of any such determination, conclusion, route, plan, specification, right, franchise or contract by the board of aldermen or any department or officer of the city shall be necessary.

The board of estimate and apportionment shall have also (4) power to grant its consent to any individual, joint stock association or corporation engaged in any lawful business to construct and use for its or their private use any pipes, conduits and tunnels under, railroad tracks upon, and connecting bridges over any of the streets, avenues, highways, boulevards, concourses, driveways, bridges, tunnels, parks, parkways, waterways, docks, bulkheads, wharves, piers or public grounds or waters within or belonging to the city. Such consent shall continue only during the pleasure of the board of estimate and apportionment and shall be revocable at any time, but no such consent shall be granted for a longer period than ten years, at the expiration of which period such consent shall cease and determine, unless upon a new application being made prior to such expiration, a further extension of such revocable consent shall have been made for a period of not exceeding ten years and upon such terms and conditions as the board of estimate and apportionment may then impose.

The form of such consent shall be by resolution of the board of estimate and apportionment, and shall not be operative until the same be in writing approved by the mayor separately from and after action of the board of estimate and apportionment. Such consents may contain such terms and conditions as the board of estimate and apportionment may prescribe and shall provide for adequate compensation to be paid annually to the city during the continuance of the consent. Provided no revocable consent granted under subdivision four of this section shall authorize any individual, joint stock association or corporation to carry on a business of a public service character.

Sec. 2. This act shall take effect immediately.

Note—New matter in italic.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York has succeeded to certain of the powers formerly possessed by the Board of Aldermen of The City of New York, and has exercised such powers in granting revocable consents for certain structures in the streets to individuals and corporations for their exclusive use, which consents in all cases have been revocable at the pleasure of the Board; and

Whereas, The Court of Appeals has recently decided that the Board of Estimate and Apportionment, under the provisions of section 242 of the Charter, was not possessed of such powers, and in consequence of such decision many of the structures now in the streets, erected pursuant to consents of the Board of Aldermen and of the Board of Estimate and Apportionment, are held by the Corporation Counsel to be illegal structures; and

Whereas, It appears to this Board that power should be given to it to legalize such structures and to grant in the future, in its discretion, rights for the use of the streets in the same manner as heretofore; now therefore be it

Resolved, That the proposed amendment to section 242 of the Charter this day presented to the Board by its Chief Engineer, be and the same is hereby approved; and be it further

Resolved, That the Corporation Counsel is requested to secure the introduction of such bill in the Legislature of the State of New York at the present session, and to direct the representative of the City at Albany to use his best efforts to secure its passage at the present session.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The full minutes of the meeting of this day will appear in the CITY RECORD at a later date.

JOSEPH HAAG, Secretary.

Whereas, Under date of August 30, 1906, the Local Board of Chester, Twenty-third District, Borough of The Bronx, initiated proceedings "For acquiring title to the lands necessary for Taylor street, from East River to Westchester avenue, Borough of The Bronx, City of New York; and

Whereas, Under date of January 21, 1908, the Assistant Engineer in charge, Division of Public Improvements of the Board of Estimate and Apportionment, suggested that the resolution be amended to define the East River terminal as at the pier head line, and that under an opinion of the Corporation Counsel, it appears that the proceeding should be limited by the bulkhead line; therefore be it
Resolved, That the resolution of the Local Board of Chester, adopted August 30, 1906, be and the same is hereby amended so as to read as follows:
"For acquiring title to the lands necessary for Taylor street, from Westchester avenue to the bulkhead line of the East River."
Resolved, That a copy of these preambles and resolutions be transmitted forthwith to the Board of Estimate and Apportionment for its approval.
Unanimously adopted.
Communication from the Chief Engineer of the Borough:
No. 359, of 1906. Two Hundred and Twentieth street, acquiring title, from Carpenter avenue to Chapin avenue.
The report of the Chief Engineer stated: "The Local Board of Chester on September 20, 1906, approved a resolution to acquire title to East Two Hundred and Twentieth street, from Carpenter avenue to Chapin avenue, and since the block easterly of the Bronx boulevard is proposed to be taken for the Bronx River parkway, I beg to recommend that this part of East Two Hundred and Twentieth street be taken from the original proceeding. This leaves only one block of 205 feet to be opened, from Carpenter avenue to Bronx boulevard, and I wish to recommend, since no other part of East Two Hundred and Twentieth street is legally opened, that the whole matter be reconsidered whether it is advisable to acquire title to only one block."
Referred to Alderman Mulligan to take up with the Chief Engineer of the Borough, with request to report at next meeting.
On motion, the Board adjourned until April 2, 1908.
(Signed) HENRY A. GUMBLETON,
Secretary.

GEORGE C. NORTON,
LEWIS A. ABRAMS,
Commissioners.

LAMONT McLOUGHLIN,
Clerk.

COMMISSIONERS OF THE SINKING FUND.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, in accordance with the provisions of chapter 372 of the Laws of 1907, will hold a public hearing in Room 16, City Hall, Borough of Manhattan, at 11 o'clock in the forenoon, on

TUESDAY, APRIL 14, 1908,

relative to a recommendation of the Commissioner of Docks that the Commissioners of the Sinking Fund approve of an agreement to be entered into between the Commissioner of Docks and the owners of the following-described property in the vicinity of Jamaica avenue, Astoria, Borough of Queens:

"Beginning at a point in the late Village of Astoria (now Long Island City), at the boundary line of land of A. W. Winans at high-water mark, which point is also on the westerly line of the Boulevard; running thence north 56 degrees 36 minutes west 163 feet 11 inches to the Harbor Commissioner's bulkhead and pier line; thence along said Harbor Commissioner's line south 50 degrees 11 minutes west 261 feet 8 inches to the northerly side of property belonging to John W. Scott; thence along northerly side of property belonging to John W. Scott, south 49 degrees 36 minutes east 164 feet 7 1/2 inches to the westerly side of the Boulevard (the title of which was vested and confirmed in The City of New York December 22, 1891); thence along said westerly side of the Boulevard

94 feet to the southerly side of Jamaica avenue (the title of which was vested in The City of New York June 10, 1902); thence westerly and along said southerly side of Jamaica avenue 50 feet to the line of low water as determined in 1902; thence northerly and along the line of mean low water, as determined in 1902, 82 feet 5 1/2 inches to the northerly side of Jamaica avenue aforesaid; thence easterly and along said northerly side of Jamaica avenue 50 feet to the westerly side of the Boulevard above mentioned; thence northerly and along the westerly side of the Boulevard 104 feet 8 1/4 inches to the point or place of beginning, together with all the right, title and interest of the owner of the said property of, in and to the property referred to as Parcel D in the report of the Comptroller, which property is the prolongation of Jamaica avenue on the easterly side of the Boulevard, having a frontage of 82.46 feet thereon, with a depth of 50 feet on the northerly and southerly sides thereof, running to low-water mark and along low-water mark 82.46 feet."

—for the purchase of same for the sum of Eighty-five Thousand Dollars (\$85,000).
The Appraiser of Real Estate of the Department of Finance, in his report to the Comptroller, states that the price asked for the property is not excessive.

The map of the property, together with the communication of the Commissioner of Docks and the report of the Appraiser of Real Estate of the Department of Finance, approved by the Comptroller, are open to the inspection of any citizen at the office of the Comptroller of the City of New York, No. 280 Broadway, Borough of Manhattan, at all times during business hours.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, in accordance with the provisions of chapter 372 of the Laws of 1907, will hold a public hearing in Room 16, City Hall, Borough of Manhattan, at 11.05 o'clock in the forenoon, on

TUESDAY, APRIL 14, 1908,

relative to a plan adopted by the Commissioner of Docks March 2, 1908, for improving the waterfront of The City of New York, between Montgomery and Jackson streets, East River, and amending the former plan for improving this portion of the waterfront adopted by the Commissioners of the Sinking Fund April 27, 1871, and transmitted to the Commissioners of the Sinking Fund for approval.

A technical description of the proposed amendment is as follows:

It is proposed to amend the new plan determined by the Board of Docks April 13, 1871, and adopted by the Commissioners of the Sinking Fund April 27, 1871, between Montgomery and Jackson streets, East River, in accordance with the map submitted herewith in duplicate, as follows:

The six piers between Montgomery and Jackson streets, East River, including the pier at the foot of Montgomery street, shown on the new plan for improving the waterfront of The City of New York on the East River, determined by the Board of Docks April 13, 1871, and adopted by the Commissioners of the Sinking Fund April 27, 1871, are hereby discontinued.

The bulkhead line established on said new plan of 1871, extending from the westerly side of Corlears Hook Park and prolonged southerly to a point in said bulkhead line where a line drawn parallel with and 100 feet southerly from the northerly line of South street intersects the same, is hereby discontinued.

A new bulkhead line is hereby established 100 feet southerly from and parallel with the northerly line of South street, to extend westerly from the southerly prolongation of the westerly side of Corlears Hook Park to an intersection with the bulkhead line established in 1871 below Montgomery street.

A marginal street, wharf or place 30 feet in width is hereby established adjoining the southerly side of South street and adjoining said new bulkhead line, extending from the southerly prolongation of the westerly side of Corlears Hook Park southerly to the westerly side of Montgomery street.

A new pier 60 feet wide is hereby established at the foot of Montgomery street, with its easterly line extending southerly and at right angles from the said proposed bulkhead line at a point where the southerly prolongation of the easterly side of Montgomery street intersects said bulkhead line.

A new pier 70 feet wide is hereby established easterly of the preceding pier with its westerly line parallel with and distant 140 feet easterly from the easterly line of the last described pier at Montgomery street.

A new pier 70 feet wide is hereby established at the foot of Gouverneur slip, with its easterly line extending southerly or outshore at right angles from the said proposed bulkhead line at a point where the southerly prolongation of the easterly line of Gouverneur slip intersects said bulkhead line.

A new pier 60 feet wide is hereby established easterly of the preceding pier, with its westerly line parallel with and distant 120.62 feet easterly from the easterly line of the preceding described pier at the foot of Gouverneur slip.

A new pier 60 feet wide is hereby established easterly of the last described pier, with its westerly line parallel with and distant 106 feet easterly from the easterly line of the last described pier.

A new pier 60 feet wide is hereby established at the foot of Jackson street, with its easterly line extending southerly or outshore at an angle of 90 degrees from the said proposed bulkhead line at a point where the southerly prolongation of the westerly side of Corlears Hook Park intersects said bulkhead line.

A new pier 60 feet wide is hereby established westerly of the last described pier, with its easterly line parallel with and 140 feet westerly from the westerly line of the last described pier, at the foot of Jackson street.

All of the seven hereinbefore described new piers to extend from the said proposed new bulkhead line southerly and at right angles with said bulkhead line to the pierhead line established by the Secretary of War in 1890.

The Engineer of the Department of Finance, in his report to the Comptroller, states that the newly adopted plan reduces the width of the marginal street between Montgomery and Jackson streets 30 feet, making the combined width of the marginal street and South street 100 feet, which is wide enough.

The advantage of this plan is that large piers and greater wharfage length is provided than in the plan adopted in 1871, and he recommends its approval by the Commissioners of the Sinking Fund.

The plan as adopted by the Commissioner of Docks, together with his communication and the report of the Chief Engineer of the Department of Finance, approved by the Comptroller, are open to the inspection of any citizen, at the office of the Comptroller of the City of New York, No. 280 Broadway, Borough of Manhattan, at all times during business hours.

GEO. B. McCLELLAN,
Chairman, Commissioners of the Sinking Fund.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE BRIDGE
Commissioner for the Boroughs of Brooklyn and Queens, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale, at public auction, all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, located in the

Borough of Brooklyn

being the building known as St. James School, situated on Jay street and occupying the northwest corner of McLaughlin Park, but which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 7, 1908, the sale of the above described building and appurtenances thereto will be held by direction of the Comptroller on

amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said building extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Department of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof, within sixty days from the day of sale will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they, or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised, and to direct the sale thereof as financial officer of the City.

KELLY STREET—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSSWALKS, BUILDING APPROACHES AND ERECTING FENCES, between Westchester avenue and Intervale avenue, north of One Hundred and Sixty-seventh street. Area of assessment: Both sides of Kelly street, from Westchester avenue to Intervale avenue, north of One Hundred and Sixty-seventh street, and to the extent of half the block at the intersecting streets and avenues.

TWENTY-FOURTH WARD, SECTION 11.

EAST ONE HUNDRED AND SEVENTY-SIXTH STREET—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES, from Arthur avenue to the Southern Boulevard. Area of assessment: Both side of East One Hundred and Seventy-sixth street, from Arthur avenue to the Southern Boulevard, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same were confirmed by the Board of Revision of Assessments on April 9, 1908, and entered April 9, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such

assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before June 8, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings and parts of buildings owned by The City of New York, located in the

Borough of The Bronx

acquired by it for street opening purposes, being all those buildings and parts of buildings, etc., lying within the lines of the Parkway, between Morris avenue and Weeks avenue, in the Twenty-fourth Ward, Borough of The Bronx, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 1, 1908, the sale of the above described buildings and appurtenances thereto will be held by the direction of the Comptroller on

TUESDAY, APRIL 21, 1908,

at 11 a. m. on the premises upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any portion thereof within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Queens, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the power vested in them by law, will offer for sale at public auction all the buildings and parts of buildings now standing on property owned by The City of New York, acquired by it for the proposed extension of Crescent street, in the

Borough of Queens

—being all those buildings, parts of buildings, etc., situated on the south side of Thomson avenue, near the Court House, First Ward, Borough of Queens; two two-story frame buildings within the lines of the proposed extension of Crescent street, First Ward, Borough of Queens, and which are more particularly described on certain maps on file in the office of the Collector of City Revenue, Department of Finance.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 1, 1908, the sale of the above described buildings and appurtenances thereto will be held by the direction of the Comptroller on

THURSDAY, APRIL 23, 1908,

at 11.30 o'clock a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any portion thereof within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

TWENTY-FIFTH WARD, SECTION 11.

BRYANT STREET—OPENING, from East One Hundred and Seventy-sixth street to East One Hundred and Eighty-second street. Confirmed March 3, 1908; entered April 6, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Seventy-fourth street with the middle line of the blocks between Bryant street and Vyse street; running thence northeasterly along said middle line of the blocks to its intersection with a line drawn through a point 300 feet southwesterly from the southeast corner of Boston road and Vyse street, on the southeasterly line of Vyse street and at right angles thereto; thence northwesterly along said right-angled line to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Vyse street; thence northeasterly along said parallel line and its prolongation to its intersection with a line parallel to and 100 feet northerly from the northerly line of Boston road; thence easterly along said last-mentioned parallel line to its intersection with the southeasterly line of Vyse street; thence northeasterly along said southeasterly line of Vyse street and its northwesterly prolongation to its intersection with a line parallel to and 200 feet northeasterly from the northeasterly line of East One Hundred and Eighty-second street; thence southeasterly along said parallel line to its intersection with the prolongation of the northwesterly line of Boston road; thence southwesterly along said northwesterly line of Boston road and its prolongation into a line parallel to and 100 feet southwesterly from the southeasterly line of Longfellow street to the intersection of the latter with a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Seventy-sixth street; thence northwesterly along said parallel line to its intersection with the middle line of the blocks between Longfellow street and Bryant street; thence southwesterly along said middle line of the blocks to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Seventy-fourth street; thence northwesterly along said parallel line to the point or place of beginning.

The above entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless

the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before June 5, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE BRIDGE Commissioner, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction, all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired for bridge purposes, in the

Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., lying within the limits of the right of way of the bridge in the Borough of Brooklyn, between Front and Nassau streets, which were acquired for bridges, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held October 9, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller, on

MONDAY, APRIL 20, 1908,

at 10.30 o'clock a. m., and continue from day to day until concluded, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of Fifty Dollars the sum of Fifty Dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof, within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against or from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ,

Comptroller.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

VANDEVENTER AVENUE—REGULATING, GRADING, CURBING AND FLAGGING, from Sixth to Tenth avenue. Area of assessment: Both sides of Vandeventer avenue, from Sixth to Tenth avenue, and to the extent of half the block at the intersecting streets and avenues.

—that the same was confirmed by the Board of Revision of Assessments April 2, 1908, and entered on April 2, 1908, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before June 1, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

PUBLIC SERVICE COMMISSION—FIRST DISTRICT.

PROPOSALS FOR CONSTRUCTION OF RAPID TRANSIT LINES IN BROOKLYN.

INVITATION TO CONTRACTORS.

(FLATBUSH AVENUE EXTENSION, NASSAU STREET TO WILLOUGHBY STREET, MANHATTAN BRIDGE, NO. 1.)

THE City of New York, acting by the Public Service Commission for the First District, by this advertisement invites proposals to construct that part of the proposed Fourth Avenue Subway in the Borough of Brooklyn which begins at the northerly side of Nassau Street and runs thence under said Flatbush Avenue Extension to a point about 20 feet north of the centre line of Willoughby Street.

The general plan of construction calls for a four-track subsurface Railroad, but the Contractor will not be required under the contract proposed to provide or lay tracks, ties or ballast. A station between Tillary Street and Johnson Street will be constructed; and suitable cross-overs, turn-outs and sidings are also to be provided, all as indicated on the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the station are intended to be placed within private property, rights in which will be acquired for the purpose, or on the streets, or on the sidewalks adjacent to private property, as indicated on the plans.

The manner of construction shall be by open excavation unless otherwise provided in the contract or directed by the Commission; such portions of the street, however, where the work may not be completed and the backfill is not placed at the expiration of fifteen months from the time of executing the contract, must be substantially boarded over to permit freedom of traffic, if so ordered by the Commission.

In the detailed plans for construction, provisions for pipe galleries along the line of the tunnel are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Commission reserves the right to accept a bid for construction of the railroad and at the same time to reject the accompanying bid for pipe galleries.

Bidders must visit the location of the railroad and station to be built under this contract and note the present conditions along the line of the proposed railroad. The buildings standing within the lines of the said Flatbush Avenue Extension are being, or are to be, demolished and the materials removed by other contractors.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Commission, No. 154 Nassau Street, in the Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this Invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty-four months from the date of delivery of the contract.

Sealed bids or proposals will be received at the said office of the Commission, at No. 154 Nassau Street, in the Borough of Manhattan, The City of New York, until

FRIDAY, THE 8TH DAY OF MAY, 1908, at 12 o'clock noon, at which time or at a later date to be fixed by the Commission the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

The proposal must contain a statement, in the form prescribed, of the quantities and unit values upon which the bid is based. Such statement shall be merely for the information of the Commission to enable it to determine upon what basis the proposal is made and for no other purpose whatsoever, and the Commission shall not be bound in any way to make payments or value work done, upon the basis of such quantities and unit values contained in such statement.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Commission.

The award of the contract or contracts (if awarded) will be made by the Commission within twenty days after the opening of the proposals. The bidder whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of one hundred and fifty thousand dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission. The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security to the City, ten per cent. of each amount certified from time to time to be due to the contractor will be retained until the work is fully completed.

Bidders whose proposals are otherwise satisfactory to the Commission may, in case the sureties or securities named by them are not approved by the Commission, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Commission; but such substitution must be made within five days after notice of disapproval by the Commission, unless this period is extended by the Commission.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract.

In the latter case the Commission will give notice thereof to the defaulting bidder. And the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "PROPOSAL FOR CONSTRUCTING RAPID TRANSIT RAILROAD—FLATBUSH AVENUE EXTENSION, NASSAU STREET TO WILLOUGHBY STREET," and must be delivered to the Commission or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a certified check drawn upon a National or State Bank or Trust Company within The City of New York and satisfactory to the Commission, payable to the order of the Comptroller of The City of New York, for the sum of twelve thousand five hundred dollars.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or make a deposit in cash or securities, then this Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions as to security are complied with.

PROPOSALS FOR CONSTRUCTION OF RAPID TRANSIT LINES IN BROOKLYN.

INVITATION TO CONTRACTORS.

WILLOUGHBY STREET TO ASHLAND PLACE.

THE City of New York, acting by the Public Service Commission for the First District, by this advertisement, invites proposals to construct that part of the proposed Fourth Avenue Subway in the Borough of Brooklyn which begins at a point about 20 feet north of the centre line of Willoughby Street and runs through Flatbush Avenue Extension, private property and Fulton Street to and under Ashland Place to a point about 40 feet south of the south line of Fulton Street.

The general plan of construction calls for a subsurface Railroad having four or more tracks, but the Contractor will not be required under the proposed contract to provide or lay tracks, ties or ballast. A station at DeKalb Avenue will be constructed; and suitable cross-overs, turnouts and sidings are also to be provided, all as indicated

on the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit, but several of the tracks will branch and be depressed both north and south of the station in order to avoid grade crossings and to provide convenient connections with other subways now building or to be hereafter built. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the station are intended to be placed within private property, rights in which will be acquired for the purpose, or on the streets, or on the sidewalks adjacent to private property as indicated on the plans.

PROPOSALS FOR CONSTRUCTION OF RAPID TRANSIT LINES IN BROOKLYN.

INVITATION TO CONTRACTORS.

(FOURTH AVENUE AND ASHLAND PLACE—FULTON STREET TO SACKETT STREET.)

THE City of New York, acting by the Public Service Commission for the First District, by this advertisement invites proposals to construct that part of the proposed Fourth Avenue Subway in the Borough of Brooklyn which begins at a point under Ashland Place about forty (40) feet South of the South line of Fulton Street and runs through and under Ashland Place and private property on the West side of Ashland Place, under the present Subway structure in Flatbush Avenue, and along and under Fourth Avenue and private property on the Easterly side thereof to Pacific Street, thence continuing Southerly along and under Fourth Avenue to a point about sixty (60) feet North of the North line of Sackett Street.

The general plan of construction calls for a four-track sub-surface Railroad, but the contractor will not be required under the contract proposed to provide or lay tracks, ties or ballast. A station on Fourth Avenue, between Pacific Street and Dean Street will be constructed; and suitable cross-overs, turn-outs and sidings are also to be provided, all as indicated on the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the station are intended to be placed within private property, rights in which will be acquired for the purpose, or on the streets, or on the sidewalks adjacent to private property, as indicated on the plans.

The manner of construction shall be by excavation under cover, unless otherwise provided in the contract or permitted by the Commission.

In the detailed plans for construction, provisions for pipe galleries along the line of the railroad are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. PROPOSALS FOR CONSTRUCTION OF RAPID TRANSIT LINES IN BROOKLYN.

INVITATION TO CONTRACTORS.

(FOURTH AVENUE FROM TENTH STREET TO TWENTY-SEVENTH STREET.)

THE City of New York, acting by the Public Service Commission for the First District, by this advertisement invites proposals to construct that part of the proposed Fourth Avenue Subway in the Borough of Brooklyn between points on Fourth Avenue 10 feet north of the north line of Tenth Street and 15 feet south of the south line of Twenty-seventh Street.

The general plan of construction calls for a four-track subsurface Railroad, but the contractor will not be required under the contract proposed to provide or lay tracks, ties or ballast. Two stations, one between Prospect Avenue and Seventeenth Street, and one between Twenty-fifth Street and Twenty-sixth Street, will be constructed; and suitable cross-overs, turnouts and sidings

are also to be provided, all as indicated on the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the stations are intended to be placed within private property, rights in which will be acquired for the purpose, or on the streets, or on the sidewalks adjacent to private property, as indicated on the plans.

The manner of construction shall be by excavation in open trench, unless otherwise provided in the contract or directed by the Commission.

In the detailed plans for construction, provisions for pipe galleries along the line of the railroad are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Commission reserves the right to accept a bid for construction of the railroad and at the same time to reject the accompanying bid for pipe galleries.

Bidders must visit the location of the railroad and stations to be built under this contract and note the present conditions along the line of the proposed railroad.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Commission, No. 154 Nassau Street, in the Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this Invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty-four months from the date of delivery of the contract.

Sealed bids or proposals will be received at the said office of the Commission, at No. 154 Nassau Street, in the Borough of Manhattan, The City of New York, until

FRIDAY, THE 8TH DAY OF MAY, 1908,

at 12 o'clock noon, at which time or at a later date to be fixed by the Commission the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

The proposal must contain a statement, in the form prescribed, of the quantities and unit values upon which the bid is based. Such statement shall be merely for the information of the Commission, to enable it to determine upon what basis the proposal is made and for no other purpose whatsoever, and the Commission shall not be bound in any way to make payments or value work done, upon the basis of such quantities and unit values contained in such statement.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Commission.

The award of the contract or contracts (if awarded) will be made by the Commission within twenty days after the opening of the proposals. The bidder whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of one hundred and fifty thousand dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission. The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security to the City, ten per cent. of each amount certified from time to time to be due to the contractor will be retained until the work is fully completed.

Bidders whose proposals are otherwise satisfactory to the Commission may, in case the sureties or securities named by them are not approved by the Commission, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Commission; but such substitution must be made within five days after notice of disapproval by the Commission, unless this period is extended by the Commission.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Commission will give notice thereof to the defaulting bidder. And the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "PROPOSAL FOR CONSTRUCTING RAPID TRANSIT RAILROAD—FOURTH AVENUE TENTH STREET TO TWENTY-SEVENTH STREET" and must be delivered to the Commission or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a certified check drawn upon a National or State Bank or Trust Company within The City of New York, and satisfactory to the Commission, payable to the order of the Comptroller of The City of New York, for the sum of twelve thousand five hundred dollars.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or make a deposit in cash or securities, then this Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions as to security are complied with.

New York, April 1st, 1908.

ship of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. PROPOSALS FOR CONSTRUCTION OF RAPID TRANSIT LINES IN BROOKLYN.

INVITATION TO CONTRACTORS.

(FOURTH AVENUE FROM TWENTY-SEVENTH STREET TO FORTY-THIRD STREET.)

THE City of New York, acting by the Public Service Commission for the First District, by this advertisement invites proposals to construct that part of the proposed Fourth Avenue Subway in the Borough of Brooklyn between points on Fourth Avenue 15 feet south of the south line of Twenty-seventh Street and 150 feet south of the south line of Forty-second Street.

The general plan of construction calls for a four-track subsurface Railroad, but the Contractor will not be required under the contract proposed to provide or lay tracks, ties or ballast. A station at Thirty-sixth Street will be constructed; and suitable cross-overs, turnouts and sidings are also to be provided, all as indicated on the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the station are intended to be placed within private property, rights in which will be acquired for the purpose, or on the streets, or on the sidewalks adjacent to private property, as indicated on the plans.

The manner of construction shall be by excavation in open trench, unless otherwise provided in the contract or directed by the Commission.

In the detailed plans for construction, provisions for pipe galleries along the line of the railroad are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Commission reserves the right to accept a bid for construction of the railroad, and at the same time to reject the accompanying bid for pipe galleries.

Bidders must visit the location of the railroad and stations to be built under this contract and note the present conditions along the line of the proposed railroad.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Commission, No. 154 Nassau Street, in the Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this Invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty-four months from the date of delivery of the contract.

Sealed bids or proposals will be received at the said office of the Commission, at No. 154 Nassau Street, in the Borough of Manhattan, The City of New York, until

FRIDAY, THE 8TH DAY OF MAY, 1908,

at 12 o'clock noon, at which time or at a later date to be fixed by the Commission the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

The proposal must contain a statement, in the form prescribed, of the quantities and unit values upon which the bid is based. Such statement shall be merely for the information of the Commission to enable it to determine upon what basis the proposal is made, and for no other purpose whatsoever, and the Commission shall not be bound in any way to make payments or value work done, upon the basis of such quantities and unit values contained in such statement.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Commission.

The award of the contract or contracts (if awarded) will be made by the Commission within twenty days after the opening of the proposals. The bidder whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of one hundred and fifty thousand dollars. SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TWENTY-SECOND STREET, formerly Eighth street or avenue (although not yet named by proper authority), from Bronx River to Seventh street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 5th day of May, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of May, 1908, at 4 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 7th day of May, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the easterly line of the Bronx River and the westerly prolongation of the middle line of the blocks between East Two Hundred and Twenty-seventh street and East Two Hundred and Twenty-eighth street, running thence easterly along said westerly prolongation and middle line and its easterly prolongation to its intersection with a line parallel to and distant two hundred (200) feet east of the easterly line of Seventh street; thence southerly along said parallel line to its intersection with the easterly prolongation of the middle line of the blocks between East Two Hundred and Sixteenth street and East Two Hundred and Seventeenth street; thence westerly along said easterly prolongation and middle line and its westerly prolongation to its intersection with the easterly line of the Bronx River; thence northerly along said easterly line of the Bronx River to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 11th day of June, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 6, 1908.

FIRST JUDICIAL DISTRICT.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel of The City of New York, pursuant to the provisions of chapter 4 of the Laws of 1891 and the several statutes amendatory thereof and supplemental thereto, to make application to the Supreme Court of The State of New York, at a Special Term, Part III, thereof, to be held in and for the County of New York, at the County Court House, in the Borough of Manhattan, City of New York, on the 6th day of May, 1908, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of three disinterested freeholders, residents of The City of New York, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property, rights, franchises, easements or privileges sought to be taken or acquired by The City of New York, or which may be affected or damaged by this proceeding. The City of New York, by this proceeding, seeks to acquire an estate in fee simple in certain real property hereinafter described and a permanent and perpetual underground right, easement and right of way, and also a temporary right or easement in certain other real property hereinafter described for the construction, maintenance and operation in perpetuity of a rapid transit railroad, in accordance with the routes adopted by the Board of Rapid Transit Railroad Commissioners by resolution on the 25th day of May, 1905, and approved by the Board of Estimate and Apportionment of The City of New York on the 14th day of July, 1905, and approved by the Mayor of The City of New York on the 28th day of July, 1905, and consented to by an order of the Appellate Division of the Supreme Court, First Judicial Department, made and entered on or about the 12th day of March, 1907, which railroad is further described in the contract for the construction thereof made by The City of New York, acting through the said Board of Rapid Transit Railroad Commissioners with the Bradley Contracting Company, dated June 27, 1907, the subway or subways for said railroad to be constructed substantially as shown in said contract, and upon the maps or plans adopted by the Public Service Commission for the First District of the State of New York on the 4th day of March, 1908.

The premises in which an estate in fee simple is to be acquired in this proceeding are two parcels of land briefly described as follows:

The first parcel consists of certain lands or parcels of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York on the 4th day of March, 1908, as Lots Nos. 28 and 29, in Block 478, which lots, taken together, form a parcel of land situated at the northwest corner of Delancey street extension and the Bowery, with a frontage on the westerly side of the Bowery extending about 25 feet 2 1/4 inches northerly from the northerly side of Delancey street extension, and with a frontage on the northerly side of Delancey street extension extending about 100 feet 11 3/4 inches westerly from the westerly side of the Bowery, said Lot No. 28 being also designated upon said maps as No. 176 Bowery, and said Lot No. 29 being also designated upon said maps as No. 174 Bowery.

The second parcel consists of certain lots or parcels of land designated upon said maps adopted by the Public Service Commission for the First District of the State of New York on the 4th day of March, 1908, as Lots Nos. 31 and 32, in Block 478, which lots, taken together, form a parcel of land situated at the southwest corner of Delancey street extension and the Bowery, with a frontage on the westerly side of the Bowery extending about 19 feet 5 1/2 inches southerly from the southerly side of Delancey street extension and with a frontage on the southerly side of Delancey street extension extending about 99 feet 8 3/4 inches westerly from the westerly side of the Bowery, said Lot No. 31, being also designated upon said maps as Nos. 170 and 170 1/2 Bowery, and said Lot No. 32 being also designated upon the said maps as No. 168 Bowery, all in the Borough of Manhattan, in The City of New York.

The premises to be subject to such permanent and perpetual underground right, easement and right of way, and also to such temporary right or easement, are portions of two parcels of land briefly described as follows:

The first parcel in which such permanent and temporary easements are to be acquired consists of a portion of certain lots or parcels of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York on the 4th day of March, 1908, as Lots Nos. 11 and 12 in Block 478, which lots taken together form a parcel of land situated at the northeasterly corner of Delancey street extension and Elizabeth street, with a frontage on the northerly side of Delancey street extension extending about 90 feet 3/4 inch easterly from the easterly side of Elizabeth street, and with a frontage on the easterly side of Elizabeth street extending about 19 feet 10 1/2 inches northerly from the northerly side of Delancey street extension, said Lot No. 11 being also designated upon said map as No. 162 Elizabeth street, and said Lot No. 12 being also designated on said map as No. 164 Elizabeth street.

The second parcel in which such permanent and temporary easements are to be acquired consists of a portion of certain lots or parcels of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York on the 4th day of March, 1908, as Lots Nos. 8 and 9 in Block 478, which lots, taken together, form a parcel of land situated on the southeasterly corner of Delancey street extension and Elizabeth street, with a frontage on the southerly side of Delancey street extension extending about 100 feet 4 1/2 inches easterly from the easterly side of Elizabeth street, and with a frontage on the easterly side of Elizabeth street extending about 30 feet, more or less, southerly from the southerly side of Delancey street extension, said Lot No. 8 being also designated upon said map as No. 154 Elizabeth street, and said Lot No. 9 being also designated upon said map as No. 156 Elizabeth street, all in the Borough of Manhattan, in The City of New York.

A fuller statement setting forth the location and boundaries of the several lots and parcels of land, and rights, franchises, easements or privileges sought to be taken or affected, and a brief statement as to each of said lots or parcels of the title, interest, rights, easements, terms or privileges therein or appurtenant thereto sought to be acquired by The City of New York is annexed to each of three similar maps adopted by the Public Service Commission for the First District of the State of New York on the 4th

day of March, 1908, which said maps were filed, one in the office of the President of the Borough of Manhattan, City of New York, on the 9th day of March, 1908; one in the office of the Public Service Commission for the First District of the State of New York, at No. 154 Nassau street, Borough of Manhattan, City of New York, on the 4th day of March, 1908, and one in the office of the Register of the County of New York, on the 10th day of March, 1908.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee, to the lands, tenements and hereditaments required for the opening and extending of CASTLE HILL AVENUE, from West Farms road to the public place at its southern terminus, and the PUBLIC PLACE at the southern terminus of Castle Hill avenue, fronting on Westchester Creek, the East River and Pugsleys Creek, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY orders of the Supreme Court, bearing date the 31st day of October, 1907, and the 16th day of March, 1908, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan in The City of New York on the 16th day of December, 1907, and the 17th day of March, 1908, a copy of the order bearing date the 31st day of October, 1907, was duly filed in the office of the Register of the County of New York, we, Timothy F. Driscoll, Charles Knight and George W. Kearney, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue and public place, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said Timothy F. Driscoll was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue and public place so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situate within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and public place, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 24th day of April, 1908, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the widening of THIRD AVENUE, on its easterly side, from Willis avenue to East One Hundred and Forty-ninth street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of April, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23d day of April, 1908, at 4 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of April, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the east by a line drawn parallel with Brook avenue and 100 feet easterly therefrom; on the south by a line drawn parallel to East One Hundred and Forty-sixth street and 100 feet southerly therefrom; on the west by a line drawn parallel to Cortlandt avenue and 100 feet westerly therefrom; on the northerly side by a line drawn parallel to East One Hundred and Fifty-second street and 100 feet northerly therefrom until you reach the easterly side of Third avenue, and thence southeasterly and parallel with Rose street until you meet the easterly boundary line of this area, being a line 100 feet easterly of Brook avenue, the point or place of beginning; as such area is shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof, heretofore legally opened, as shown on our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said supplemental and amended abstracts, our supplemental and amended final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 23d day of June, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said supplemental and amended abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of A PLAZA AT THE MANHATTAN BRIDGE TERMINAL in the Borough of Brooklyn, as the same was authorized by a resolution of the Board of Estimate and

Apportionment adopted on the 23d day of November, 1906, and amended by resolution dated the 21st day of December, 1906, in the Fourth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 10th day of March, 1908, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 19th day of March, 1908, and indexed in the Index of Conveyances in Section 1, Blocks 88, 88A, 98 and 98A, Commissioners of Estimate and Appraisal for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of a plaza at the Manhattan Bridge terminal, in the Borough of Brooklyn, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of performing the trusts and duties required of us by chapter 21 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of said plaza, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Appraisal, at our office, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within ten days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 20th day of April, 1908, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL AND FOR THE APPROVAL BY THE SUPREME COURT OF THE NEW HIGHWAY SYSTEM SHOWN ON THE MAPS HEREINAFTER REFERRED TO AND HEREINAFTER PARTICULARLY DESCRIBED, MOUNT PLEASANT AND NORTH CASTLE.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended, and for the purpose of procuring the approval of the Supreme Court of the highway system as hereinafter particularly described. Such application will be made to the Supreme Court at a Special Term thereof, to be held in and for the Ninth Judicial District, at the Court House in the City of Newburgh, Orange County, N. Y., on the 16th day of May, 1908, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act, and discharge all the duties conferred by the said law and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

Further application will be made, as required by said act, to have the highway system, as shown on the maps of Sections 3, 4 and 7, approved by the Court.

The real estate sought to be taken or affected, in so far as Section No. 7 is concerned, is situated in the Town of North Castle, County of Westchester and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing of the map.

All those certain pieces or parcels of real estate situated in the Town of North Castle, County of Westchester and State of New York, shown on a map entitled "Southern Aqueduct Department, Section No. 7. Also a strip of land in the property of The City of New York 60 feet wide, 30 feet on each side of the production of the before mentioned centre line, necessary to connect the above described strip with Bear Gutter road leading to Armonk.

The above described substituted new road runs across or through the following numbered parcels: 456, 455, 459, 468, 473, 475, 474, 478, 477, 479, 480, 481, 484, 485, 486, 490, 491, 496, 494, 495, 499 and 503.

Also,

All that certain strip, piece or parcel of real estate 60 feet wide, 30 feet on each side of the centre line thereof, shown on map of Section No. 7, Southern Aqueduct Department, filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on the 3d day of December, 1907, which strip is marked "Substituted New Road" on said map, and the said centre line of which is bounded and described as follows:

Beginning at a point in the centre of a road leading from Pleasantville (King street), said point being more particularly defined as follows: 21.9 feet at right angles to course, north 16 degrees 16 minutes west, in the easterly line of King street, distant 29.1 feet southerly from the end of said course, and running thence on a curve of 100 feet radius to the left, 120.3 feet, on a curve of 319.6 feet radius to the right, 257.4 feet, south 39 degrees 4 minutes east 269.6 feet, and on a curve of 319.6 feet radius to the right, 157.7 feet, to a point where said centre line intersects the centre line of the first above described strip, in the property of The City of New York, near a public school (District No. 6).

The above described substituted new road runs across or through Parcels Nos. 501 and 503.

Reference is made to the said map so filed as aforesaid for a more definite description and location of the real estate hereinbefore described, the use of which is to be dedicated to the public for highway purposes forever in place and stead of the highways to be acquired or changed as shown on said map.

Public notice is further given that The City of New York has acquired under the said act certain lands in the Towns of North Castle and Mount Pleasant, Westchester County, designated as Sections Nos. 3 and 4, of the Southern Aqueduct Department, as shown on the maps filed in the Register's office of Westchester County, on the 22d day of April, 1907. It is the intention of The City of New York to apply to the Court to approve the new highway system, as shown on said maps Nos. 3 and 4.

The following is a description of the real estate owned by The City of New York, which it is proposed to dedicate to the public use forever in the place and stead of such highways which must necessarily be closed and are now owned by The City of New York.

All that certain strip, piece or parcel of real estate 60 feet wide, 30 feet on each side of the centre line thereof, shown on maps of Sections Nos. 3 and 4, Southern Aqueduct Department, filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on the 22d day of April, 1907, which strip is marked "Proposed New Road" on said maps, and the said centre line of which is bounded and described as follows:

Beginning at a point in the centre of Broadway, shown on before mentioned map of Section No. 3, distant 192.4 feet southerly from the point of intersection of the following described

centre line with the said easterly line of Broadway, measured along said centre line, and running north 109.7 feet and on a curve 573.7 feet radius to the right 82.7 feet to the before mentioned point of intersection of the easterly line of Broadway with the hereby described centre line; thence the following curves, courses and distances: On a curve of 573.7 feet radius to the right 246.6 feet, north 32 degrees 53 minutes east 500.6 feet, crossing See avenue on a curve of 95.4 feet radius to the left 828.5 feet, crossing Hillandale avenue and Clove road, north 16 degrees 48 minutes west 132.8 feet to a point in the before mentioned See avenue, on a curve of 573.7 feet radius to the right 462.8 feet, crossing Chambers avenue, north 29 degrees 25 minutes east 590 feet, recrossing before mentioned See avenue, and running partly along Carpenter avenue on a curve of 819 feet radius to the right 301.6 feet, crossing Valhalla avenue on a curve of 905.1 feet radius to the left 741.4 feet, north 3 degrees 35 minutes east 602.8 feet, on a curve of 859.9 feet radius to the right 256.4 feet, on a curve of 359.3 feet radius to the right 282.2 feet, on a curve of 573.7 feet radius to the left 330.4 feet, north 32 degrees 4 minutes east 199.1 feet, on a curve of 573.7 feet radius to the left 248.2 feet, north 7 degrees 54 minutes east 250.7 feet, on a curve of 319.6 feet radius to the left 302.4 feet, on a curve of 319.6 feet radius to the right 360.7 feet, north 18 degrees 21 minutes east 706.3 feet, on a curve of 573.7 feet radius to the right 243.1 feet, north 42 degrees 38 minutes east 298 feet, and on a curve of 573.7 feet radius to the left 334.2 feet to a point in the southerly line of Hill road, distant 386.3 feet westerly from the most easterly point of Parcel No. 286, measured along said southerly road line, said easterly point being also the southeast corner of Parcel No. 456, shown on map of Section No. 7, Southern Aqueduct Department.

The above described substituted new road lies wholly within the Town of North Castle.

Also all that certain strip, piece or parcel of real estate 60 feet wide, 30 feet on each side of the centre line thereof, shown on before mentioned maps of Sections Nos. 3 and 4, Southern Aqueduct Department, which strip is marked "Proposed New Road" on said maps, and the said centre line of which is bounded and described as follows:

Beginning at a point in North Castle road, shown on before mentioned map of Section No. 4, distant 16.6 feet easterly on a bearing of north 44 degrees 22 minutes east, measured from the point of intersection of the easterly line of Kensico avenue with the centre line of Davis Brook, and running thence south 39 degrees 15 minutes east 2,007.4 feet, crossing Harlem avenue, property of The City of New York, the Bronx River and the line between the towns of Mount Pleasant and North Castle to the point of intersection of the said centre line with the easterly line of Broadway, said point of intersection being distant 59.8 feet southerly from the southwest corner of Parcel No. 203, measured along said easterly line of Broadway; thence south 39 degrees 15 minutes east 30.7 feet, on a curve of 573.7 feet radius to the right 113.2 feet, south 27 degrees 57 minutes east 531.5 feet, and on a curve of 146.2 feet radius to the left 171.3 feet, crossing See avenue, and north 84 degrees 55 minutes east 28.9 feet to the point of intersection of the hereby described centre line with the centre line of the first described parcel.

The above described proposed new road lies within the towns of Mount Pleasant and North Castle.

NINTH JUDICIAL DISTRICT, WESTCHESTER COUNTY.

KENSICO RESERVOIR.

Section No. 8.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made to the Supreme Court at a Special Term thereof, to be held in and for the Ninth Judicial District, at the Court House, in the City of Newburgh, Orange County, N. Y., on the 16th day of May, 1908, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said act and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate sought to be taken or affected is situated in the Town of Mount Pleasant, County of Westchester and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing of the map.

All those certain pieces or parcels of real estate situated in the Town of Mount Pleasant, County of Westchester and State of New York, shown on a map entitled "Southern Aqueduct Department, Section No. 8. Board of Water Supply of The City of New York. Map of real estate situated in the Town of Mount Pleasant, County of Westchester and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Kensico Reservoir and appurtenances, from Third street to the vicinity of Vassar street," which map was filed in the office of the Register of the County of Westchester, at White Plains, New York, on the 3d day of December, 1907, as Map No. 1767; which parcels are bounded and described as follows:

Beginning at the point of intersection of the northerly line of Tarrytown road with the line of the property of The City of New York, at the southeast corner of Parcel No. 516, said point being also in the easterly line of Parcel No. 507, and running thence partly along said easterly line and said City property line, south 21 degrees 19 minutes east 544.7 feet, crossing said road, to a point in Mount Pleasant avenue, in the northerly line of real estate Section No. 6, Southern Aqueduct Department, filed in the Register's office of the County of Westchester, at White Plains, N. Y., on May 3, 1907; thence partly along said northerly line, along said Mount Pleasant avenue, and continuing along the easterly line of Parcel No. 507, south 1 degree 26 minutes east 262 feet, to the southeast corner of said parcel; thence partly along the southerly line of same, and continuing along said northerly line of Section No. 6, the following courses and dis-

tances: North 76 degrees 13 minutes west 39.3 feet, north 79 degrees 40 minutes west 227.5 feet, north 78 degrees 14 minutes west 162 feet, crossing Kensico avenue, north 76 degrees 51 minutes west 207 feet, north 81 degrees 10 minutes west 333.6 feet, and north 75 degrees 25 minutes west 117.1 feet, to the northwest corner of said Section No. 6; thence continuing along the southerly line of Parcel No. 507, south 84 degrees 49 minutes west 369.2 feet, crossing Prospect avenue, to the most southerly point of Parcel No. 508, in Madison avenue; thence along the westerly lines of said parcel and Parcel No. 510, north 35 degrees 6 minutes west 893.7 feet, north 1,229 feet, and north 45 degrees east 35.8 feet, recrossing Tarrytown road, to a point in the northerly line thereof, at the northwest corner of said Parcel No. 510; thence along the northerly lines of said parcel and said road, north 84 degrees east 253.9 feet, south 77 degrees 44 minutes east 95.6 feet, and south 61 degrees 17 minutes east 130.9 feet, to the northwest corner of Parcel No. 595; thence partly along the northerly line of said parcel and along the northerly lines of Parcels Nos. 567, 568, 569, 570, 573, 581, 582 and 594, the following courses and distances: North 83 degrees 47 minutes east 148.6 feet, north 84 degrees 49 minutes east 300 feet, north 83 degrees 46 minutes east 150 feet, crossing Wynne avenue, north 83 degrees 22 minutes east 102.7 feet, north 83 degrees 39 minutes east 102.7 feet, crossing Harvard avenue, north 84 degrees 58 minutes east 248.7 feet, crossing Yale avenue, and north 85 degrees 2 minutes east 154.2 feet, to the northeast corner of said Parcel No. 592, in the before mentioned line of the property of The City of New York; thence along said City property line and the easterly lines of said parcel and Parcels Nos. 593 and 592, partly along the easterly line of Parcel No. 591, along the easterly lines of Parcels Nos. 590 and 589, partly along the easterly lines of Parcels Nos. 588 and before mentioned Parcel No. 595, and along the easterly lines of Parcels Nos. 559, 558, 520, 523, 514, 515 and 516, south 5 degrees 58 minutes west 492.1 feet and south 6 degrees 26 minutes east 971.2 feet, crossing Lafayette place, Amherst street and Wilford street, to the point or place of beginning.

The fee is to be acquired by The City of New York in all the real estate Parcels Nos. 507 to 595, both inclusive, contained in the above description.

Reference is hereby made to the said map filed as aforesaid in the office of the Register of the County of Westchester, for a more detailed description of the real estate to be taken in fee as above described.

In case any real estate hereinbefore described is used for highway or other public purposes, said use shall continue until such time as The City of New York may acquire the right to close any highway shown on said map.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
