495 11 Avenue Owner Realty LLC, the New York City Police Department (NYPD), the New York City Department of Citywide Administrative Services (DCAS), and the New York City Economic Development Corporation (EDC), are proposing a series of land use actions, to activate a City-Owned site, in the Hell's Kitchen area of Manhattan, referred to as, the 495 Eleventh Avenue site, or the "project site," with a new mixed-use development, comprised of residential dwelling units (DUs), community facility space comprised of supportive housing DUs, commercial office and retail supermarket spaces, a hotel, restaurant, building amenities, including a laundromat, and NYPD vehicle and equipment storage (the "Proposed Project"). The project site, is located, on a block bounded by, West (W.) 40th Street to the north, Eleventh Avenue to the east, W. 39th Street to the south, and Twelfth Avenue to the west, and has a lot area of approximately 24,687 square feet (sf) (0.57 acres). Since 1992 the project site has been used as an NYPD parking facility.

In partnership with the New York City Department of Housing Preservation and Development (HPD), EDC released a request for proposals (RFP), in December 2015, seeking a developer, for the project site, which was the former site of the New York Butchers' Dressed Meat Company, and currently serves as a surface parking lot, for NYPD vehicles. In parallel, EDC has prepared a land use application, with a series of land use actions, that would facilitate this development. Thus, pursuant to City Environmental Quality Review (CEQR), an EIS will be prepared, which will analyze a Reasonable Worst-Case Development Scenario (RWCDs), that considers the worst-case development potential, for environmental effects, in each technical area. For the purposes of presenting a conservative analysis, the RWCDs anticipates, that the project site would facilitate approximately 701,749 gross square feet ("gsf"), of mixed-use development, on the Project Site, comprised of approximately 276,445 gsf of residential floor area, providing 275 DUs (of which 83 DUs would be restricted to households, with incomes up to 80% of area-wide median income); approximately 49,748 gsf of community facility use, comprised of 75 supportive housing DUs; approximately 349,115 gsf of commercial floor area, comprised of 307,068 gsf (755 keys/rooms) of hotel use, 25,168 gsf of office use, a 14,108 gsf supermarket, and a 2,771 gsf restaurant; approximately 25,568 gsf, for NYPD vehicle and equipment storage providing 55 spaces; and approximately 873 gsf, for building amenities and mechanical space, to include a laundromat. The build year, for the proposed project, is 2024.

A previous iteration of the Proposed Project, included commercial office and student dormitory use. Following completion of an Environmental Assessment Statement (EAS), on March 23, 2018, a Positive Declaration, was issued, by the NYC Mayor's Office of Environmental Coordination. The Positive Declaration directed, that a Draft EIS (DEIS), be prepared, in response, to the determination of potential

significant adverse impacts, disclosed in the EAS, based on the findings of the environmental review. A public scoping meeting, was held, on April 30, 2018, at 6:00 P.M., at Beacon High School, located at 522 West 44th Street, New York, NY 10036. The scoping period, for the previous iteration of the Proposed Project, ended May 10, 2018, to which EDC oversaw preparation of the Final Scope, which incorporated all relevant comments on the Draft Scope, and revised the extent of methodologies of the studies, as appropriate, in response to comments.

Because the Proposed Project development program has been modified since the issuance of the March 2018 EAS, and the subsequent scoping process, a new EAS document, has been prepared, to reflect the revised programming, and the public scoping process will be initiated, for public review and comment. Following the public scoping process, a DEIS will be prepared, in accordance with the Final Scope.

The proposed project would require multiple City approvals. Some of these approvals are discretionary actions requiring review, under the New York State Environmental Quality Review Act (SEQRA), and CEQR. It is anticipated that the following approvals are required:

- 1) Zoning map amendment to change existing M1-5 manufacturing district to a C6-4 district;
- 2) Zoning text amendments to the New York City Zoning Resolution (ZR) would:
 - a. Establish a new Subdistrict G of the Special Hudson Yards District; and
 - b. Establish the project site as a Mandatory Inclusionary Housing Area (MIHA);
- 3) Site Selection Applications to permit long-term use of the Project Site for the parking of NYPD vehicles.
- 4) Approval of Business Terms of land disposition.

In addition, the developer may seek funding from the New York City Housing Development Corporation (HDC).

Copies of the EAS, Positive Declaration and Draft Scope of Work for the project may be obtained by any member of the public from:

PROCUREMENT**“Compete To Win” More Contracts!**

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- **Win More Contracts, at nyc.gov/competetowin**

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children’s Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR") AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

NYC DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of NYC DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, NYC DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. NYC DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL, will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values.
