Orders Issued by the Board of Health.

Orders of the Board for the abatement of nuisances are issued under the supervision of the Assistant Chief Clerks in the various boroughs, upon the facts and evidence contained in the written reports of the Sanitary Inspectors, the result of personal inspection of premises complained of. These orders call the attention of owners, lessees and agents to violations of the Sanitary Code and Health Laws in each case, and require the necessary alteration, repairs, cleaning and improvement of the premises named within three days from the receipt of the order. If, upon reinspection, it is found that the requirements of the order have not been complied with, a suit for penalty is commenced against the delinquents under sections 1172 and 1222, chapter 466, Laws of 1901.

Summary of clerical work performed in the various boroughs in connection with the issuance of Board orders, negative reports filed, and fees paid and certificates issued, the result of searching for sanitary violations against premises; also written reference forwarded to other City Departments, as follows:

Searches and Transcripts of Births, Marriages and Deaths.

Certified copies of the records of vital statistics as may be found to be on file in the Bureau of Records are furnished to applicants authorized to receive same, namely, interested parties, next of kin, legal representatives, etc., upon payment of the fee in such cases prescribed by the Board of Health. Written orders are signed by the Assistant Chief Clerk in the various boroughs and issued to the Assistant Registrar of Records, authorizing the search and issuance of a transcript of the record, which, in accordance with the regulations of the Board is authenticated by affixing the seal of the Department of Health, and attested by the signature of the Assistant Chief Clerk of the borough. When search is made and the record is not found to be on file, an official certificate is issued to that effect.

Summary of applications for searches made to the Assistant Chief Clerks in the various boroughs, showing fees received and work performed in connection with searches and transcripts of the records of births, marriages and deaths on file in the Bureau of Records in the Department:

Approving and ratifying the action of the Committee on Supplies in appointing Miss Cecelia A. McEvoy, of No. 528 West Forty-second street, Borough of Manhattan, as Telephone Switchboard Operator in the Bureau of School Buildings, Borough of Brooklyn, at a salary of \$480 per annum, said appointment taking effect November 6, 1905.

Ratifying the awards of contracts made by the Committee on Supplies, and herewith submitted, for special and general supplies required for use in the day and evening high schools and day and evening elementary schools of The City of New York, boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, under the jurisdiction of this Board, during the year 1906, and continuing said contracts in force and effect until the first day of January, 1907; but no payments to be made on account of said contracts until the Committee on Supplies shall have filed the contract to be entered into by it, for and on behalf of the Board of Education, with the contractors named; said contracts to be drawn in the usual manner, in compliance with law and the rules of the Board of Education applicable thereto.

Repealing in its entirety section 12 of the By-Laws of the Board of Education, substituting the following in lieu thereof:

Section 12. There shall be an Executive Committee for the care, government and management of the public school system, to consist of fifteen members and the President of the Board, and to be known as the Executive Committee. Said Committee shall be elected in the month of July in each year, in the same manner as officers of the Board. It shall meet on the second Wednesday in every month, and at such other times as said Committee may determine. Reports and resolutions offered on behalf of Standing Committees shall only be presented to the Executive Committee when expressly ordered by these By-Laws or by special resolution of the Board, and its action or recommendation thereon shall be reported to the Board. The minutes of the Executive Committee shall be printed and shall form part of the minutes of the Board of Education. The Board of Education may, by resolution, confer additional administrative powers upon the Executive Committee when deemed necessary to facilitate the transaction of business. Reports adopted by the Executive Committee shall be signed by the Chairman, or in his absence by the Acting Chairman, and by the Secretary. Chairmen of Standing Committees who are not members of the Executive Committee shall have seats in said Committee and the right to speak on all matters relating to their Committees.

Amending the following sections and subdivisions of the By-Laws:

Section 10 of the By-Laws of the Board of Education so as to read as follows:

Section 10. No officer, clerk or subordinate shall be removed unless by a vote of three-fourths of all the members of the Board, for cause. Pending the trial of charges, any officer, clerk or subordinate may be suspended by the vote of a majority of all the members of the Board, and any clerk or other subordinate may be suspended between the meetings of the Board by the President, except as otherwise provided in the Charter.

Section 13 of the By-Laws of the Board of Education, by striking out, in the last paragraph thereof, the words "or of the Executive Committee."

Subdivision 3 of section 56 of the By-Laws of the Board of Education, in the second line thereof, by striking out the words "Executive Committee," and substituting therefor the word "Board."

The second sentence of subdivision 2 of section 44 of the By-Laws of the Board of Education, so as to read as follows:

"The class teachers shall be in attendance on Friday of the same week from 9 a. m. to 3 p. m. to receive supplies and to make other necessary preparations for the prompt opening of school work on the following Monday."

Schedule XXVIII, as appearing in subdivision 22 of section 64 of the By-Laws of the Board of Education, by inserting immediately before the last paragraph of said subdivision the following:

"Women inspectors of ungraded classes shall receive a salary of \$1,800 per annum."

Section 65 of the By-Laws of the Board of Education, by inserting at the end of the schedule headed "Elementary School Licenses—Day Schools," the following:

"Inspector of ungraded classes."

Section 73 of the By-Laws of the Board of Education, by adding thereto a new subdivision, to be known and designated as subdivision 4, as follows:

4. To be eligible for license as inspector of ungraded classes, the applicant must have the following qualifications:

Eligibility for license No. 1 and three years of experience in teaching classes of atypical children.

Subdivision 7 of section 21 of the By-Laws of the Board of Education, so as to read as follows:

7. All recommendations of the Board of Superintendents with regard to courses of study, selection of text-books, books for supplementary reading, apparatus and other scholastic supplies for high schools and training schools shall be filed with said Committee, and shall be transmitted, with its recommendations as to approval or disapproval, to the Committee on Studies and Text-Books for action thereon.

Subdivision 1 of section 23 of the By-Laws of the Board of Education, so as to read as follows:

Section 23. 1. The Committee on Studies and Text-Books shall have charge of all matters relating to courses of study and the selection of text-books, books for supplementary reading, and apparatus and other scholastic supplies.

Subdivision 2 of section 23 of the By-Laws of the Board of Education, so as to read as follows:

2. All recommendations of the Board of Superintendents with regard to courses of study, selection of text-books, books for supplementary reading, and apparatus and other scholastic supplies, shall be filed with said Committee, and shall be transmitted, with its recommendations as to approval or disapproval, to the Board of Education for action thereon.

Referring to the Committee on By-Laws and Legislation for consideration, an amendment to section 126 of the By-Laws, as follows:

"The By-Laws may be suspended at any meeting by a vote of two-thirds of the members present. A vote of two-thirds of all the members of the Board shall be necessary to amend or repeal any By-Laws, unless the proposed amendment and notice to bring up the same shall be mailed to each member previous to the meeting at which the same is to be considered, in which case the amendment may be passed by a vote of two-thirds of the members present."

Amending section 126 of the By-Laws of the Board of Education so as to read as follows:

Sec. 126. These By-Laws may be suspended at any meeting by a vote of two-thirds of the members present. A vote of two-thirds of all the members of the Board shall be necessary to amend or repeal any By-Law, unless the proposed amendment and notice to bring up the same shall be mailed to each member at least one week previous to the meeting at which the same is to be considered, in which case the amendment may be passed by the vote of a majority of all the members of the Board.

Reaffirming the action taken on July 10, 1905 (see Journal, pages 1421-1422), in selecting as a site for school purposes a plot of land, 200 feet by 200 feet, on the southeast corner of Broadway and Alley road, Douglaston, Borough of Queens, and requesting the Board of Estimate and Apportionment to take such action as may be necessary to insure the speedy acquisition of title thereto.

Amending the second resolution contained in the report adopted by the Board of Education on June 28, 1905 (see Journal, pages 1252-1253), selecting and determining as a site for school purposes a plot of land, 100 by 200 feet, on Park and Lake streets, adjoining Public School 16, Corona, Borough of Queens, by striking therefrom the words and figures "at a cost not to exceed \$9,000."

Relieving the Committee on Elementary Schools from further consideration of the matter of the suspension, without pay, of Adele Rabinowitz, a Teacher in Public School 188, Boys, Manhattan, by District Superintendent Straubenmuller, for neglect of duty, this Teacher's resignation having been received by the City Superintendent of Schools.

Relieving the Committee on Elementary Schools from further consideration of the matter of the suspension, without pay, of Mrs. Ida West, nee Thistle, a Teacher in Public School 57, Borough of Brooklyn, by District Superintendent Shallow, for neglect of duty, this Teacher's resignation having been received by the City Superintendent.

Suspending section 30 of the By-Laws, subdivision 2, for the purpose of paying the following bill, incurred under circumstances of an emergency nature:

James Simpson & Son, Public School 5, The Bronx, repairing a leak in roof \$75 00

(The prompt performance of this work was necessary to protect the property of the Board of Education.)

Approving and ratifying the action of the Committee on Buildings in appointing as Structural Steel Draughtsman Henry Steindler, No. 218 West One Hundred and Forty-third street, New York City, whose name was certified by the Municipal Civil Service Commission, at a rate of compensation of \$30 per week, to take effect November 6, 1905.

Requesting the Corporation Counsel to continue the condemnation proceeding heretofore instituted for the acquisition of title to the premises No. 154 First avenue, adjoining Public School 122, Borough of Manhattan, as a site for school purposes, and press the same to a conclusion as speedily as possible.

Approving the action of the Committee on Special Schools in determining that the sessions of the evening elementary schools be extended to and include December 20, 1905, subject to financial ability, and suspending all By-Laws and parts of By-Laws inconsistent with the purposes of this resolution.

Approving the action of the Committee on Special Schools in accepting the resignation of Nora McCarthy, Cook at the Brooklyn Truant School, to take effect December 1, 1905.

Increasing the salary of Elizabeth Schneyer, Seamstress at the New York Truant School, from \$25 per month, with maintenance, to \$35 per month, with maintenance, to take effect December 1, 1905.

Approving the action of the Committee on Special Schools in granting Attendance Officer Joseph H. Loomis a leave of absence, without pay, for a period of six months from October 1, 1905, on account of personal illness.

Approving the action of the Committee on Special Schools in accepting the resignations of the following-named persons, taking effect on the dates indicated:

Laura Frith, Waitress, Brooklyn Truant School, November 21, 1905.

Alfred Griffith, Gardener, Brooklyn Truant School, November 21, 1905.

Approving and ratifying the action of the Committee on Special Schools in assigning J. Elmer Cates to duty as waiter at the Brooklyn Truant School on November 18, 1905, in place of John F. Rogers, resigned, at a salary of \$25 per month, with maintenance.

Approving the action of the Committee on Lectures and Libraries in approving the following recommendations of the Supervisor of Lectures:

1. That the Supervisor be authorized to provide for the placing of electric lanterns in all schools where there is a special auditorium and where electric light is provided, and that the Committee on Buildings be requested to arrange for a special place in which the electric lantern equipment can be permanently kept.

2. That lectures be established at Public School 13, Williamsbridge.

Amending so much of the resolution adopted by the Board of Education on September 14, 1905 (see Journal, page 1602), as applies to the salary of Walter J. Blair, Janitor of Public School 125, Borough of Brooklyn, by striking out the amount \$1,980 and inserting in lieu thereof \$2,250.

Approving and ratifying the action of the Committee on Care of Buildings in making the following appointments of Janitors and Cleaners, said appointments having been made from eligible lists submitted by the Municipal Civil Service Commission:

Charles C. Goodrich, Janitor, to Public School 108, Manhattan; annual salary, \$1,066.44, from December 1, 1905.

Alfred Gold, Cleaner, to Manual Training High School, Brooklyn; annual salary, \$480, from November 6, 1905.

James Mulhall, Cleaner, to Public School 20, Queens; annual salary, \$480, from November 20, 1905.

Johanna McGarry, Cleaner, to Public School 12, Richmond; annual salary, \$360, from November 20, 1905.

Approving the action of the Committee on Care of Buildings in accepting the resignations of the following-named Cleaners, to take effect on the dates mentioned:

Mary O'Neill, Public School 188, Manhattan, November 4, 1905.

Homar Harris, Public School 12, Richmond, November 4, 1905.

Approving and ratifying the action of the Committee on Care of Buildings in assigning the following-named Janitors to the care of public schools, temporarily, they to receive the salary of the position, less the rent allowance, in each case:

David Dennehy, to Public School Bridge 1, Manhattan; taking effect November 16, 1905.

David Pierce, to Public School 108, Manhattan; taking effect November 16, 1905.

James Murphy, to Public School 47 (old), Brooklyn; taking effect November 16, 1905.

Charles H. Perley, to Public School 100, Brooklyn; taking effect November 16, 1905.

Michael Scannell, to Public School 11, annex, The Bronx; taking effect September 1, 1905.

Approving and ratifying the action of the Committee on Care of Buildings in transferring the following-named Janitors and Cleaner to the schools indicated, said transfers to take effect on the dates mentioned:

James Barnes, from Public School 16, The Bronx, to Public School 35, The Bronx; annual salary, \$2,700; assignment.

David W. Jones, from Public School 131, Brooklyn, to Public School 85, Manhattan; annual salary, \$2,524, from December 1, 1905.

William J. Flynn, from Public School 62, Queens, to Public School 35, Manhattan; annual salary, \$1,729, from December 1, 1905.

James E. Smith, Cleaner, from Public School 81, Queens, to Public School 11, Queens; annual salary, \$480, from November 1, 1905.

Approving and ratifying the action of the Committee on Care of Buildings in increasing the salaries of the following-named Janitors to the sums set opposite their respective names, on account of rent allowance, said increase to take effect December 1, 1905:

John H. Beil, Public School 32, Manhattan; from \$2,015 to \$2,315.

John McGonegal, Public School 68, Manhattan; from \$1,586 to \$1,946.

Joseph Hunt, Public School 124, Manhattan; from \$767 to \$1,127.

Approving and ratifying the action of the Committee on Care of Buildings in increasing the salaries of the following-named Janitors to the sums set opposite their respective names, on account of new playgrounds and extra machinery and sidewalks to care for, said increases taking effect on the dates mentioned:

Thomas D. Wiberly, Public School 83, Manhattan; from \$3,477.37 to \$3,636, taking effect November 10, 1905.

Richard J. Barry, Public School 42, Queens; from \$720 to \$800, taking effect November 11, 1905.

Daniel L. Crocheron, Public School 27, Richmond; from \$300 to \$360, taking effect November 16, 1905.

Approving and ratifying the action of the Committee on Care of Buildings in transferring William Heaney from the position of Cleaner to that of Stoker in the Bryant High School, Borough of Queens, at an annual salary of \$912.50, said transfer taking effect November 10, 1905, and being in accordance with the provisions of Rule XIX. of the Municipal Civil Service Commission.

Requesting the President to make a report to the Board of Education as soon as may be after the end of the scholastic term in June, and not later than the 1st day of

August, upon the various activities under the direction of the Board, said report to have especial reference to the fiscal side of such activities.

Relative to stating names of members of Committees appointed by the President in the order named by him, in the publications issued under the authority of the Board, and that in the absence of the Chairman of any such Committee the acting chairmanship shall devolve upon the member present next in order to the Chairman.

Requesting the Board of Estimate and Apportionment to authorize the issue of Corporate Stock during the current year for the acquisition of sites for new school buildings and additions thereto to the amount of \$1,237,751, and as much more in addition thereto as in their judgment may seem wise.

The following reports and resolutions were also presented and action taken as indicated:

Report of a Special Committee.

Mr. Man presented the following:

New York, November 20, 1905.

To the Board of Education:

The Special Committee appointed to investigate the methods, etc., of the Board of Examiners under the resolution of July 10, 1905, respectfully renders the following report with special reference to the matters referred to it by the supplemental resolution of September 27, 1905:

As to the Academic Examination So Far as It Has Been Conducted as a Qualification for License No. 1.

This examination has been conducted, as appears by the circulars issued, for three separate purposes: (1) As a test for graduation from higher schools; (2) as a test for entrance to training schools; (3) as a preliminary test for license No. 1. The prior two purposes are within the school system and are not comprehended in the duties of the Board of Examiners. The third purpose is distinctly within its special function of conducting all tests for licenses. This duty is vested in the Board of Examiners exclusively, and may not be performed by any other board or office.

Note—The resolutions under which the Special Committee on Examinations proceeded are as follows:

Resolved, That a Committee of Five be appointed by the President to take under consideration the general subject of the examinations conducted by the Board of Examiners under the provisions of section 1089 of the Charter, including the character and scope of the different examinations now provided for and held from time to time, whether the same be conducted under the By-Laws of this Board or under such powers as the Board of Examiners claim under the provisions of said section 1089 or otherwise; to inquire into the method of conducting such examinations, the necessity and expediency of the various examinations conducted, the authority under which the same are conducted, and whether the same are in all respects equitable in their results; and to report their conclusions and recommendations to this Board—Adopted July 10, 1905, Journal, page 1431.

Resolved, That the powers of the Committee appointed by the President, pursuant to the resolution of this Board on the 10th day of July, 1905, to examine into the methods of the Board of Examiners, etc., and report thereon, be and they hereby are extended to cover all academic examinations which have been used as a test for graduation from high schools, for entrance to training schools, and as part of or as a qualification for the examination for License No. 1, whether held by the Board of Examiners or not—Adopted September 27, 1905, Journal, page 2093.

The City Superintendent, in a letter to the committee dated September 20, 1905, states as follows: "The academic examination is prepared and conducted directly under the supervision of the City Superintendent and not of the Board of Examiners; hence the Board has not been able to send you any data in regard to the academic examination." It appears by the testimony of Examiner Byrnes and Examiner O'Connell that the so-called academic part of the examination for license No. 1 is not conducted by the Board of Examiners, and that the passage of this examination conducted by the City Superintendent is regarded by the Examiners named as one of the "conditions upon which the examination for license No. 1 may be taken" under the phraseology of paragraph 2 of section 67 of the By-Laws of the Board of Education. This is the only ground on which the Board of Examiners recognizes the academic examination as in any manner affecting the issue of a license. It is obvious that the By-Law will not bear this construction.

Scrutiny of section 1089 of the Charter of The City of New York, which relates to the appointment and duties of the Board of Examiners, forces the conclusion that examinations for licenses, when prescribed by the City Superintendent, must be conducted and held by the Board of Examiners and not by the City Superintendent or any other officer or board. In his testimony at the session of the committee held on October 11, 1905, the City Superintendent claimed that section 1089 of the Charter authorizes him to hold and conduct any examination which he deems expedient, whether preliminary to the issue of a license or not. He bases this claim upon the sentence near the beginning of the section which reads: "The city superintendent of schools shall have power with the consent of the board of education to employ assistants temporarily at rates to be fixed by the board of education." The obvious meaning of this passage is that the Assistants so appointed and employed shall be Assistants to the Board of Examiners and that their work shall be conducted under the supervision and control of the Board. The City Superintendent's contention that he may employ or appoint persons to conduct an examination under his own supervision and in a manner devised and controlled by him alone, without any act on the part of the Board of Examiners other than their recognition of the result, is untenable, and so far as the City Superintendent has required an academic examination to be taken for license No. 1 and to be so conducted the said examination was held without authority of statute or by-law, and the act of the Board of Examiners in recognizing the results, without having had any voice whatever in the conduct or character of the examination, was equally without authority. The conclusion is that every person who has been excluded from the eligible list by reason of not having passed this academic examination (except those claiming under paragraphs (b) and (c) of section 70 of the By-Laws), that is to say, every person who was eligible under the By-Laws of the Board of Education designating (under the statute) the academic and professional qualifications necessary to eligibility, and who has passed the examination conducted by the Board of Examiners for license No. 1, is now entitled to be placed upon the eligible list for license No. 1 and to be appointed when reached in the manner prescribed by the statute.

A few words as to the character of this examination are appropriate. Its principal purposes are to serve as a test for graduation from the city high schools and for entrance to the city training schools for teachers. With this in view, the draft examination papers are prepared by committees of high school teachers. It does not appear that the Board of Education has ever sanctioned or consented to the appointment of these Teachers as Assistants to the Board of Examiners, as required by the statute. While the City Superintendent nominally requires all applicants to take this examination, he exempts the graduates of the State normal schools and of institutions granting degrees generally except the Normal College (see his testimony, minutes, page 63). In this connection it should be remarked that, as the power of exemption granted to the City Superintendent by section 1089 relates only to examinations held or conducted by the Board of Examiners, the exemptions granted in this instance are of a purely arbitrary character.

The committee renders this report in advance of a more comprehensive one, believing that justice to a large number of persons demands prompt action on the part of the Board.

It respectfully submits the following resolution for adoption:

Resolved, That the passage of the academic examination heretofore conducted by or under the control of the City Superintendent is not a necessary qualification for license No. 1, and that it is the sense of this Board that all persons who are qualified to teach under the laws of the State and who have passed in full the professional examinations or tests conducted by the Board of Examiners for that license and who possess the qualifications called for by the By-Laws of this Board, were and are entitled to be forthwith placed upon the appropriate eligible list.

ALRICK H. MAN,

Chairman,

EGERTON L. WINTHROP, JR.,

RO. L. HARRISON,

Special Committee.

Mr. Greene moved that this report be laid over.

The motion was seconded.

Discussion ensuing, Mr. Greene moved the previous question.

The President put the motion on the previous question and it was lost.

Mr. Greene then announced that six members objected to immediate consideration of the report, and it was thereupon laid over under the fourteenth Rule of Order.

On motion of Mr. Wingate, it was ordered that the report be printed and that copies be sent to all members of the Board as soon as possible.

Mr. Man presented the following:

New York, November 21, 1905.

To the Board of Education:

The Special Committee appointed to investigate the methods of the Board of Examiners July 10, 1905, respectfully renders a preliminary or partial report, as follows:

The Committee concurs generally in the belief that the examination system has had favorable results in raising the standard of the persons appointed to positions in the schools. The Committee favors the retention of all appropriate and necessary examinations, but recognizes that the results obtained can only be comparatively satisfactory. Two general principles must govern all examinations. They should be sufficiently comprehensive to demonstrate the general and relative fitness of candidates and, second, the questions must be so framed as to make it practicable for the different persons who examine the answers to mark them with general and comparative fairness and accuracy. The Committee is convinced that the work of the Board of Examiners is conscientiously done, and recognizes the difficulties and complications which arise from questionable construction of statutes, by-laws and precedents, the conflict between the powers of different officers and boards, and the multifarious character of the duties attributed to and performed by them.

There is great uncertainty as to the construction of the statute creating the Board of Examiners, and the field of the Committee's inquiry is so broad that a comprehensive or final report is impossible at this stage of the investigation. The Committee reserves its more general conclusions for future report, and presents now only such matter as seems to require present action.

As to Assistants to the Board of Examiners.

We call attention to the language of section 1089, as follows: "No Associate City Superintendent, District Superintendent, principal or Teacher in The City of New York shall be allowed to serve on the Board of Examiners." This expression would be superfluous if it merely contemplated the possibility of a person holding the position of Examiner and any of the other positions mentioned at the same time. Its actual purpose seems to be to prevent the appointment of any of the persons named, under the sentence already quoted which authorizes the City Superintendent to appoint assistants to the Board of Examiners. Whether this view be correct or not, the spirit of the enactment is that persons holding the positions of District Superintendent, Principal, etc., in the public school system shall not be called upon or allowed to act as examiners of applicants for licenses. The original purpose of the statute was that the examiners should be taken from outside of the city system (Dr. Maxwell's testimony, minutes, page 67). It appears from the testimony and schedules furnished to this Committee by the Board of Examiners that the persons appointed by the City Superintendent to act as assistants are the District Superintendents, who are appointed without compensation to examine papers in methods of teaching. It does not appear that the Board of Education has consented to their appointment as required by the statute. Numerous high school Teachers and Principals are also, without the consent of the Board of Education, appointed by him to prepare and examine the papers of applicants for license No. 1 in his academic examination. This method of procedure seems to us to be wholly contrary to the spirit of the statute and irregular.

Respective Powers of the City Superintendent and the Board of Examiners.

Passing now to the duties of the Board of Examiners under section 1089 of the Charter, we find that they claim the power under that statute of examining all applicants for licenses and of establishing any tests for this purpose which touch the character, scholarship and general fitness of the applicants. Examiner Byrnes expresses the opinion in his testimony, with which this Committee concurs, that when the statute says "The Board of Examiners shall hold such examinations as the City Superintendent may prescribe," the power given to the City Superintendent is to notify the Board that an examination is necessary to provide a list of eligible persons for one or another kind of license and to set the date and place of such examination. These statutory powers conferred upon the City Superintendent have been amplified by the Board of Education with doubtful authority (apparently transgressing upon the powers granted or claimed to be granted by the Charter to the Board of Examiners) by the provision of section 67 of the By-Laws in so far as they direct that the City Superintendent shall prescribe "the subjects in which candidates for licenses shall be examined, and shall determine the percentage which shall be required in order to constitute a successful examination and also the conditions upon which the examination may be taken." These provisions, in so far as they exceed the powers given to the City Superintendent by the language of the statute, are encroachments upon the functions of the Board of Examiners under the same statute, and the By-Laws should be modified accordingly. This view does not necessarily concede to the Board of Examiners the right which they claim of initiating and establishing all tests of character and general fitness.

Powers of the Board of Education Limiting the Board of Examiners.

The same statute provides as follows "The Board of Education on the recommendation of the Board of Superintendents shall designate, * * * the kinds and grades of license to teach which may or shall be used in The City of New York, together with the academic and professional qualifications required for each kind or grade of license." This language read in connection with what precedes it, throws upon the Board of Superintendents the power of suggesting and upon the Board of Education the power of establishing the academic and professional qualifications necessary for each kind or grade of license. The Board, by its By-Laws, sections 68 to 121, inclusive, has designated (on the recommendation of the Board of Superintendents) the academic and professional requirements for eligibility for fifty-five different kinds or grades of licenses under the language above quoted, and it remains only for the Board of Examiners to conduct "tests" by which to ascertain whether the applicants possess these qualifications, and presumptively (for neither statute nor by-law refers to the subject) to determine their relative standing upon the eligible lists. They cannot, nor can the City Superintendent, nor any other body whatever, require any further or additional academic or professional qualifications than those so designated by the Board of Education under the language above quoted from section 1089 of the Charter. The qualifications so designated, however, do not deal with all the phases of "character and general fitness," and the Board of Examiners claim that it is left to them by the statute to establish such tests of character and general fitness as they may deem appropriate. From this view, however, we respectfully differ. The language of the statute is that the Board of Examiners shall "issue to those who pass the required tests of character, scholarship and general fitness such licenses as they are found entitled to receive." This does not necessarily imply that it is the Board of Examiners who are to require the tests. On the contrary, the conviction is borne home to us that it is the function of the Board of Education to require and of the Board of Examiners to conduct such tests of character and fitness, as well as of scholarship, as the Board of Education, with its supreme power over the educational system of The City of New York, may deem desirable. This we believe is the meaning of the statute, and if the Board of Education has in any instance by its By-Laws or resolutions failed to require a test of character, scholarship or fitness, it is a casus omnisus, and it is the duty of the Board of Examiners to call the attention of the Board of Education to the fact that it has omitted to require tests which the Board of Examiners deem advisable, and to ask for instructions. The language of the statute in this respect is so equivocal that this would be the safe course for the Board of Examiners and would set at rest the numerous complaints that they are acting ultra vires which constantly arise and lead to expensive litigation. (See minutes, page 68, statement of Examiners Smith and Hervey.) Many such complaints have been made to this Committee, and in some cases, which may be dealt with in a subsequent report, great hardships seem to have been suffered. Where there is possibility of doubt as to the construction of a statute granting powers to a subordinate body of the Board of Education, the subordinate body

should not undertake to resolve the question to its own satisfaction, but should submit the questions involved to the Board of Education, as its superior board, which, under the same statute, section 1061, has "the management and control of the public schools and of the public school system of the city." This is especially true where the question of construction relates to an apparent conflict of powers between the subordinate body and the Board of Education itself.

The "Oral English" Test of "Personality."

Passing now to the tests of "character and general fitness" which the Board of Examiners has initiated and conducted under its claim of power under the first sentence of section 1089, we find that in the case of the examination for license No. 1 the test reduces itself to one designated by the Board of Examiners as "personality." No notice of examination refers in any manner to any such test. No applicant is informed that there is such a test, and it was only by examination of the Board of Examiners that the existence of such a test was discovered. This test in personality is conducted as follows:

The applicant, having passed what is known as the professional examination for license No. 1, is summoned to appear for an examination designated by the Board of Examiners as "Oral English," etc. The applicant is required (see testimony of Examiner Byrnes, minutes, page 23) to narrate a short story which she has had the opportunity to read five minutes prior to her interview with the Examiner. We quote from the testimony of Secretary Byrnes as follows: "The purpose of this test in oral English is to disclose any defects in the grammatical or articulate use of the language, and also to test the ability of the applicant to tell something which she has had an opportunity to learn in a straightforward, coherent way. It is the duty of the Examiner to notice the applicant carefully during this interview, and if the Examiner should observe in an applicant any trace of a disagreeable or repulsive personality, to report on it. The Examiner has the opportunity of noting any physical defects."

Q. "What is the maximum for that oral examination—what marks are given and for what?"

A. "In the examination of June last, a maximum of sixteen credits was allowed for the test in oral English out of two hundred."

Q. "How many of the sixteen are counted for a perfect recitation in English?"

A. "There is no definite division of these sixteen credits into parts assigned respectively for English and personality. The Examiner puts down some mark between the passing mark and maximum, if, in his judgment, there is nothing in the applicant's personality as revealed in his speech and manner that is objectionable, that is, sufficiently objectionable to render the person, in his opinion, unfit for the position of Teacher."

Q. "In other words, although the recitation may be perfect, the Examiner is in a position to give the applicant less than the passing mark out of sixteen, if, in his judgment, the person is an unsuitable person to become a Teacher?"

A. "The Examiner is in a position to give any mark he sees fit. * * * If the Examiner gives an applicant an unsatisfactory mark, he must refer the applicant to another Examiner," etc., etc.

As appears by the testimony, the Examiners take into consideration in this test of personality every characteristic observed which in their judgment affects the general fitness of the applicant, as age, physical defects, anything which might render the applicant ludicrous, any appearance of petulance or any other peculiarity whatever, physical, mental or moral. This test is conducted by one Examiner only and invariably follows the labor and anxiety of a written examination, with all the preparation which it may involve, and if the applicant is unsuccessful in the "oral English" test, he or she is merely notified that the necessary mark has not been attained, and that a license is refused. In this connection it is necessary to state that a failure in the oral English test, although the mark counts toward a maximum of 200, is final without any reference to what the applicant may have obtained in the written examination. The rejected applicants remain in ignorance of the reason for their failure, and numerous instances are presented to this Committee where such applicants have thereafter vainly taken written examination after written examination, by way of obtaining additional opportunities to pass in "oral English." While it may relieve the Board of Examiners from a disagreeable task, this practice seems to the Committee most objectionable. It is testified that a second oral examination is granted upon the request of the applicant, but as the applicants are not informed of this they assume the contrary. It appears that an average period of four minutes is allotted to each applicant. Surely it is practicable to devise a more thorough and fairer test of the character of the applicants than is thus afforded. The Committee is of opinion, however, that the Board of Examiners should carry out such tests as the Board of Education may require, but the Board of Education should not approve the practice of the Board of Examiners in hastily passing upon the personal character of applicants.

The Committee does not recommend that any portion of this test should be omitted. On the contrary, it believes that this procedure is so summary and superficial that it does injustice to the public school system by admitting many who are unfit, and to the applicants by excluding many who on deliberate consideration would prove to be well fitted. The applicants come to us after devoting years to preparation for their life work. Is it just that their success or failure should be determined in an embarrassing interview of four or five minutes? On the other hand, can the Examiner find out in the manner described all that should be known for the protection of the schools?

Having determined that the applicant possesses the academic and professional qualifications designated by the Board of Education, the Board of Examiners might well, in cases of questionable personality, report their opinion on that subject either to the Board of Superintendents (who under the Charter make nominations for vacant positions) or to the appropriate committee of the Board of Education, which is called upon to approve such nominations before they are finally confirmed by the Board of Education. In any case applicants should be informed of the precise ground of their rejection and should be allowed to take an appeal (if rejected on personality) to a proper committee of the Board of Education.

Information to Rejected Candidates.

The consideration of this question leads to the discussion of another important point in which the methods relating to examinations may be improved, brought to our attention by a multiplicity of persons. The notice of the numerous examinations for the different kinds and grades of licenses are issued months in advance, specifying the time and place at which the examination will be held. The persons who desire to qualify attend and certain blanks are filled out and the work proceeds. The Examiners assume for the purposes of the test that all who appear possess the qualifications required by the State law and by the By-Laws of the Board of Education. Those who pass the test frequently do not possess these qualifications and are only informed of them after they have been at the pains of preparing for and taking the numerous tests involved. One or two instances will serve to illustrate a vast number of cases.

A teacher of German in the elementary schools sought appointment, by way of promotion, as junior teacher of German in high schools. Having first prepared for and passed the examination required for the position, she was informed by the Examiners that it was necessary for her to take a course of 120 hours in pedagogy in order to qualify under the by-law. This she did at great loss of time and outlay of her hard-earned savings, and upon her return with the proper certificate in hand was interrogated as to her age, and learned that she had just passed the limit imposed by the by-law and was no longer eligible.

A successful teacher in a high school in New Jersey sought a similar appointment in The City of New York, where she resides with her parents. She took the written examination and passed it; took the oral examination and was informed that she had failed. Feeling confident that there was some mistake, she applied for a second oral examination, which was granted her, and again she was notified that she had failed. The only way in which she could obtain another oral examination was by again taking the written examination, which she did six months or a year later. Being again notified that she had passed in the written examination, she took the oral and was a third time rejected. Having confidence that her oral examination was or should have been satisfactory, she applied to one of the Examiners, from whom she ultimately learned that she was rejected on "personality." She asked whether her references and testimonials were not satisfactory, and was informed that they were unexceptionable. At last she learned that she had been excluded under the head of personality by reason of the fact that the Board of Education had then under consideration a by-law establishing an age limit. Some months later the by-law was passed. The Examiner informed her that they could reject on any ground under "personality." The amount of labor, study,

and vexation entailed upon this respectable teacher by the omission to inform her of the reason of her rejection in the first instance can only be estimated after study of the character of the examinations which she had prepared for and passed on three occasions. No ordinary teacher pursuing his or her usual course of duty can pass these examinations without many weeks of special preparation immediately preceding the examination day.

Instances might be multiplied indefinitely. The principle derived from them is that candidates should be required to demonstrate their eligibility under the statutes and By-Laws before they are allowed to take examinations.

The Committee estimates that if this course were pursued the number of persons examined would be reduced very substantially and the work of the Board of Examiners, with the large corps of assistants appointed by the City Superintendent, reduced accordingly. This would not only save the ineligible candidates infinite worry and annoyance, but would result in a substantial reduction of expense. The remedy is simple. It is only necessary that the notice of examination should state the conditions of eligibility and require all applicants to file their applications in advance with the credentials, diplomas, etc., on which they rely.

Mark on Record for License No. 1.

Another feature of the examinations for license No. 1 and other licenses which impresses the Committee as undesirable is the method employed for giving and withholding credit marks for the previous record of the applicant. In the case of license No. 1 the Examiners have recently established a mark of twenty points for record, the principal purpose of which is to exclude from the eligible list persons who have already taught successfully. A mark of less than fourteen in "record" excludes the applicant. The Committee is of the opinion that as to those who have had previous records in teaching this feature should be included under and treated in the same manner as personality. It constitutes part of the personal equation. The By-Laws of the Board of Education recognize no distinction between applicants for license No. 1 so far as record is concerned. They assume that those who apply for this license are novices and upon an equal footing. The objectionable feature of this mark for record is that those who have had no previous teaching experience are given fourteen, the bare passing mark, while others who have had more or less experience are given marks ranging up to the maximum. The result of this is to place the graduates of the Normal College, the City College and other institutions in which no actual practice teaching is a part of the course, at a disadvantage and to lower their standing upon the eligible list as compared to graduates of State normal schools, City training schools, and other persons who have had some experience elsewhere. In the opinion of the Committee this mark for record should be eliminated in the examination for license No. 1, and the applicants who have taught unsuccessfully should be excluded under the personal equation.

Record in Case of Principals, etc.

In the case of candidates for Principals and other higher licenses the mark for record should be based absolutely upon the actual marking of the Teachers by their Principals and by District Superintendents. This, however, is not done. It appears that members of the Board of Examiners make visitations to classrooms and base the mark for "record" to some extent upon what they observe, in some instances giving candidates with excellent official records marks which exclude them from the list. They also call for and receive letters and reports from Principals and others upon the capability of the applicants, and frequently these reports are warped by personal feeling. It is no part of the duty of the Examiners to do more in the way of examination of a Teacher's previous record than to ascertain whether (to use the expression in the By-Laws) the experience has been "successful" and base a mark upon the official returns according to some fair and accurate standard. It is a serious question whether this element in the selection of Principals, Teachers in high schools and other important positions should not be finally determined by some other board than the Board of Examiners. A remedy for this evil would be to establish a system by which in each instance the previous record of the applicant should be certified from the records themselves by the Board of Superintendents in such a manner as to be capable of verification by the applicant. As we have previously suggested, we favor the exclusion of the mark for record so far as it affects the issue of license No. 1, and in this connection it may be well to remark that, as all No. 1 licenses are issued upon probation, it is practicable to terminate the employment of those who prove unsuccessful, after they have received licenses.

The Committee is nevertheless of the opinion that too little weight is given to record in the case of applicants for Principals' licenses and for other positions where experience is an essential if not the controlling element. Prolonged practical demonstration of teaching ability and industry should in these cases count for much more than facility in answering questions upon the debatable propositions of the science of education.

At pages 50 to 61 of the minutes (Dr. Maxwell's testimony) it appears that in rating applicants for Principals' licenses a maximum of 40 is allotted to a successful record of eight years in our own service, out of a total mark of 400, so that a meritorious record amounting as it should to a demonstration of the applicant's ability, only counts for ten per cent. of the counts by which the applicant is rated on the eligible list.

The Records of the Board of Examiners.

The minutes of the Examiners and their book of resolutions used as a code of principles and precedents are in general transcribed in typewriting upon sheets or scraps of paper and pasted in scrap books too bulky for convenient reference. In our opinion, the functions and acts of the Board are of such far-reaching importance, governing as they do the entire future personnel of the teaching and supervising staff, that the minutes should be printed and furnished upon request to the members of the Board of Education, Board of Superintendents and others whose acts may be affected by them. This was formerly done, but has of late been discontinued on the nominal ground of economy.

It has not been practicable in view of the state of the records to examine and report upon the conditions affecting in like manner the examinations held for the fifty-five varieties of licenses provided for by the By-Laws. The Committee is convinced that both the By-Laws and the superadded requirements of the Board of Examiners should be carefully examined and revised by a competent committee of professional educators; that such revision should first receive the approval of the Board of Superintendents and should then be submitted for action on the part of the Board of Education. The importance of the matters involved to the welfare of the schools is so great and so pressing that the Committee deems it advisable that action should be immediately taken upon these subjects.

It submits the following resolutions:

(1) Resolved, That it is the sense of this Board that the proper construction of the portion of section 1089 of the Charter, relating to the appointment of Assistants to the Board of Examiners, is that the names of persons suggested for appointment should in each instance be presented to this Board for the consent or approval required by the statute.

(2) Resolved, That the Committee on By-laws and Legislation be and they hereby are requested to take under consideration the apparent conflict between the duties of the Board of Examiners and powers claimed by them under section 1089 of the Charter and the provisions of the second paragraph of section 67 of the By-laws, and report such amendment in the latter as they may deem expedient.

(3) Resolved, That in all cases where in the administration of the business of this Board the construction of the By-laws of this Board is in doubt, or there is an apparent conflict between a by-law and any statute, or between two or more by-laws, the question so arising should be in the first instance submitted for solution to this Board by the officer, board or other subordinate of this Board whose duties or powers are affected; and further

Resolved, That this Board reserves to itself, subject to the judicial decisions of any competent court and with the advice of the Corporation Counsel, if deemed necessary, the privilege of construing its By-laws and the statutes which grant or limit its powers, or purport to grant to officers, subordinate boards or employees powers which are or may be comprehended within or in apparent conflict with those of this Board.

(4) Resolved, That the Board of Examiners be and they hereby are requested to prepare and report to this Board appropriate tests of character and general fitness of applicants for licenses to be conducted by the Board of Examiners, and provide for an appropriate method by which applicants for licenses may appeal from an adverse

decision of the Board of Examiners as to their "personality" or character and general fitness to the committee of this Board having in charge the particular schools or other field of activity to which the license sought relates.

(5) Resolved, That it is the sense of this Board that rejected applicants for licenses should be informed by letter, circular or special form for the purpose, of the subjects in which they have failed, with the percentage attained in each, and, in cases where the formal examination has been passed, of the precise reason of rejection or lack of qualification causing the rejection, and that full information of the exact grounds of rejection should be freely given to any such applicant, upon request made in person or by letter.

(6) Resolved, That it is the sense of this Board that all notices of examination should contain a concise statement of the academic, professional and other qualifications necessary for eligibility, and a notice to those intending to apply that they must submit, by mail or in person, in advance of the formal examination, at a time and place specified, to the Board of Examiners, the application, statement or other credentials upon which they rely as evidence of their eligibility.

(7) Resolved, That it is the sense of this Board that in the case of examination for License No. 1 there should be no discrimination between candidates by way of marks or counts for previous record or experience, provided, nevertheless, that an applicant whose previous record is such as to prove unfitness may be rejected on that ground (subject to such right of appeal as may exist or be provided); and further

Resolved, That in the judgment of this Board the previous record of an applicant employed in the New York school system for a license other than License No. 1 should be certified to the Board of Examiners by the Board of Superintendents by exact transcript or summary capable of verification, from the records previously made or kept in relation to the applicant by principals, superintendents or supervising officers within the scope of their regular duty, and that such record, so certified, should be the sole basis of the mark or counts given for record or previous experience.

(8) Resolved, That in the case of applicants from within the New York School system for principals' licenses or other higher licenses in the nature of advancement or promotion to higher service within the system, the previous official record of the applicant should be the principal element for which counts or marks establishing standing upon the eligible lists are given or withheld, it being desirable for the good of the service and for the encouragement of the teaching staff that substantial credit should be given in marking for a record of faithfulness, ability and devotion to duty, constituting, as such a record should, a practical, prolonged and continuous demonstration of the applicant's character and fitness for the positions theretofore held.

(9) Resolved, That the Board of Examiners be and they hereby are requested to compile and report to this Board without delay a manual of rules of procedure, standing resolutions and decisions used as precedents, for the purpose (if this Board shall so direct) of printing the same for the information and use of whom it may concern.

(10) Resolved, That hereafter the minutes of the Board of Examiners be printed in the same manner as those of the principal committees of this Board, for the information and use of the members of this Board and of the administrative and supervising staff.

All of which is respectfully submitted.

ALRICK H. MAN,
Chairman,
EGERTON L. WINTHROP, Jr.,
RO. L. HARRISON,
Special Committee.

This report was laid over under the rule (six members having objected to immediate consideration), and, on motion, it was ordered that it be printed and that copies be sent to all members of the Board as soon as possible.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 5:55 o'clock p. m.

CHANGE OF GRADE OF NINETEENTH STREET, BROOKLYN.

In the matter of the proposed change of grade of Nineteenth street, between Third avenue and the bulkhead line, Borough of Brooklyn, affidavits of publication were presented, showing that the matter had been duly advertised.

Nobody appearing in opposition to the proposed change, the following resolution was adopted:

Whereas, at a meeting of this Board, held on the 1st day of December, 1905, resolutions were adopted proposing to change the map or plan of The City of New York so as to change the grade of Nineteenth street, between Third avenue and the bulkhead line, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 29th day of December, 1905, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of December, 1905; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of December, 1905; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of Nineteenth street, between Third avenue and the bulkhead line, in the Borough of Brooklyn, City of New York, does hereby favor the same so as to change the grade of the aforesaid street as follows:

Beginning at Third avenue and Nineteenth street, the grade to be 12.17 feet, as heretofore; thence northwesterly along Nineteenth street to a point 319 feet northwesterly from the northwesterly curb line of Third avenue, the grade to be 8.94 feet; thence northwesterly to the intersection of Second avenue, as authorized by chapter 132 of the Laws of 1892, and Nineteenth street, the grade to be 7.00 feet, as heretofore; thence northwesterly along Nineteenth street to the bulkhead line, the grade to be 5.00 feet.

All elevations refer to mean high water datum as established by the Bureau of Highways of the Borough of Brooklyn.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Richmond—15.

STREET SYSTEM FOR SECOND WARD, QUEENS.

In the matter of the proposed layout of a street system for that portion of the Second Ward, Borough of Queens, bounded by Metropolitan avenue, Trotting Course lane, Satterlee avenue, Dry Harbor road, Trotting Course lane, Hoffman Boulevard, Omega street, Water Edge avenue and Union turnpike, affidavit of publication was presented, showing that the matter had been duly advertised.

The following report was placed on file:

REPORT No. 3467.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 27, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on December 8 the President of the Borough of Queens has submitted, without any communication, a plan for a street system of a portion of the Second Ward, formerly the Town of Newtown, bounded by Metropolitan avenue, Trotting Course lane, Satterlee avenue, Dry Harbor road, Trotting Course lane, Hoffman Boulevard, Omega street, Water Edge avenue and Union turnpike.

The territory covered by this map has an area of approximately 1,750 acres, and it lies immediately east of that portion of the former Town of Newtown covered by the map adopted by the former Board of Estimate and Apportionment on November 13, 1903, while between the territory under consideration and that covered by the map of the Woodhaven and Richmond Hill sections there is an intervening area for which no plan has yet been prepared. This territory is now traversed by a number of old roads very irregular in their course, and while some of them have been included in streets laid down upon the plan submitted, it has been impossible to include others, except for short portions of their length. The most conspicuous feature of the plan is the laying out of Queens Boulevard, which follows the line of the present Hoffman Boulevard at a width of 200 feet. It might seem that this width is excessive, but when consideration is given to the enormous area of the Borough of Queens, to the fact that Hoffman Boulevard and Thomson avenue form at present the only direct connection between its most populous centres, namely, Long Island City and Jamaica, to the fact that nearly all of the automobiles going from Long Island City to the Merrick road in order to reach the easterly section of Long Island, as well as those whose destination is Belmont Park and the Metropolitan Track, the Mineola Fair and the automobile road races, pass over the whole length of this street, and to the further fact that a surface railroad will probably soon be built along Hoffman Boulevard, it

would seem wise to give this street dimensions sufficient to permit of a roadway for automobiles, another for pleasure driving, another for trucking, and still other space for railroad tracks and sidewalks, making this one of the most dignified and important highways in the City. I am advised that the borough authorities are seriously considering a similar widening of the easterly end of this street, together with Thomson avenue. The map of the Woodhaven section recently adopted provided for carrying the Woodhaven road to the northerly limit of the territory covered by that map, with the intention that it should be extended at the same width along Trotting Course lane to Hoffman Boulevard. The present map carries out this idea, and the connection between these two sections will be made when the territory above referred to as intervening between the map now under consideration and the Woodhaven map is cared for.

The present Union turnpike is included in a new street of the same name which is given a width of 125 feet and is immediately adjacent to Forest Park for a portion of its length.

Yellowstone avenue is for the greater portion of this distance a serpentine street 80 feet in width, and for a short distance follows what is known as the White Pot road. The reason for this tortuous course may not be apparent at first glance, but upon an examination of the grades it is quite evident that it follows a material depression in the ground, and the location proposed will result in greatly decreasing the amount of grading which would otherwise be involved.

The main line of the Long Island Railroad is approximately in the middle of the block between Austin street and Burns avenue, this block having a width of 350 feet. It is always a mooted question whether it is wiser to lay out marginal streets on either side of an important railroad, or to place such a railroad in the interior of the blocks. The latter plan has one advantage, namely, that if at any time in the future it becomes necessary to increase the railroad facilities by the addition of tracks, this can be done by taking the land from the rear of the lots, the railroad company meeting the entire expense, without a disturbance of the street system, while if marginal streets are established, the future widening of the railroad right of way for increasing the number of tracks is very difficult. It further makes it possible to avoid the crossing of streets by industrial tracks, as manufacturing plants can be established immediately alongside the railroad tracks.

The only feature of this plan which seems subject to adverse comment is the fact that the streets running in both directions are sixty feet in width. None of them is less than sixty feet, but it is usually the practice to provide a greater width for the streets or avenues having the greater distance between them. It is stated that in the plan under discussion many of these streets lead directly to St. John's Cemetery, while others running northwardly toward Corona cannot be made continuous for any great distance, except in the case of Continental avenue, which has been given a width of 80 feet. The objection to any system of streets with a maximum width of sixty feet is that in case the development of the section requires surface electric railroads, double-track roads cannot properly be accommodated in any street having a width of less than 80 feet. Metropolitan avenue is retained at its present width of 66 feet. It is not improbable that this street will be widened at some time in the future, but as the present map includes but a very limited section of it, it may be wise not to suggest the widening at the present time and in this connection.

The map as a whole is, in my judgment, superior to the plans which have thus far been presented, the absence of existing improvements permitting more freedom of treatment, and I would recommend its adoption.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Nobody appearing in opposition to the proposed layout, the following resolution was adopted:

Whereas, At a meeting of this Board, held on the 8th day of December, 1905, resolutions were adopted proposing to change the map or plan of The City of New York so as to lay out a street system and grades for that portion of the Second Ward (Town of Newtown) bounded by Metropolitan avenue, Trotting Course lane, Satterlee avenue, Dry Harbor road, Trotting Course lane, Hoffman Boulevard, Omega street, Water Edge avenue and Union turnpike, in the Borough of Queens, City of New York, and appointing a hearing at a meeting of this Board to be held on the 29th day of December, 1905, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 29th day of December, 1905; and

Whereas, It appears from the affidavits of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 29th day of December, 1905; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out a street system and grades for that portion of the Second Ward (Town of Newtown) bounded by Metropolitan avenue, Trotting Course lane, Satterlee avenue, Dry Harbor road, Trotting Course lane, Hoffman Boulevard, Omega street, Water Edge avenue and Union turnpike, in the Borough of Queens, City of New York, does hereby favor the same so as to lay out a street system and grades for the aforesaid territory, in accordance with a map or plan submitted by the President of the Borough of Queens on December 8, 1905.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REAL ESTATE IN BROOKLYN FOR WATER SUPPLY.

In the matter of acquiring land located along the Manhattan Beach Branch of the Long Island Railroad northwest of Canarsie, Borough of Brooklyn, affidavits of publication were presented, showing that the matter had been duly advertised.

Nobody appearing in opposition to the proposed acquisition of land, the following resolution was adopted:

Whereas, The Commissioner of Water Supply, Gas and Electricity of The City of New York, acting for and on behalf and in the name of The City of New York, in pursuance of the provisions of chapter 466 of the Laws of 1901, as amended, deems it necessary to take and acquire all the rights, titles and interests in and to certain real estate (as the term "real estate" is defined in the said act) in the County of Kings, State of New York, and to extinguish all claims or damages on account of such rights, titles and interests, or growing out of such taking, for the purpose of maintaining and preserving the supply of pure and wholesome water for The City of New York, and of providing additional works to supply The City of New York with water; said lands to be used for a driven-well station; and

Whereas, The said Commissioner of Water Supply, Gas and Electricity has heretofore prepared and submitted to the Board of Estimate and Apportionment for approval and adoption, under date of November 15, 1905, a map showing the said real estate so to be taken and acquired, as aforesaid, as provided by the said act above mentioned; and

Whereas, In pursuance of a resolution of this Board adopted on the 1st day of December, 1905, public notice has been given, in pursuance of the said act above mentioned, that an opportunity would be afforded to any and all persons interested to be heard respecting such map, and the taking and acquisition of the said real estate

as shown thereon (as the term "real estate" is defined in the said act), and the extinguishment of all claims or damages on account of such rights, titles or interests, or growing out of such taking, at a meeting to be held at the City Hall, Borough of Manhattan, City of New York, on the 29th day of December, at 10.30 o'clock in the forenoon of that day, and such public notice having been duly published, as provided by the said act, in the CITY RECORD, in the corporation newspapers, in two papers published in Kings County, in which county the real estate to be taken and acquired is situated, and in two daily papers published in The City of New York, being the newspapers designated by the Board of City Record in which such notice should be published, once in each week for three successive weeks, and due proof of the publication of such notice by the said several newspapers having been duly filed, and the said hearing having been had at the time and place in said notice stated; therefore be it

Resolved, That the said map, so prepared and submitted by the said Commissioner of Water Supply, Gas and Electricity, showing the said real estate situated between Avenue D and Manhattan Beach Division of the Long Island Railroad, extending from East Eighty-sixth street to East Ninety-second street, required for a driven-well station, be hereby approved and adopted as the map of the real estate (as the term "real estate" is defined in the said act) to be so taken and acquired for the purposes hereinbefore set forth.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REDUCTION OF ASSESSMENT ON EAST ONE HUNDRED AND SEVENTIETH STREET, THE BRONX.

The following communication and report of the Chief Engineer were presented:
In the Matter

of
Acquiring title, etc., to East One Hundred and Seventieth street, from Jerome avenue to Morris avenue, Borough of The Bronx.

To the Board of Estimate and Apportionment:

The undersigned owners of property about to be assessed for the above entitled improvement respectfully show to your Honorable Board:

That the neighborhood in which this street is situated is purely residential, and for all local purposes a street of sixty feet in width is sufficient.

That this street has been acquired at a width of eighty feet for the purpose of affording approaches to the Grand Boulevard and Concourse and providing a wide and commodious thoroughfare from Washington Bridge on the west to Crotona Park on the east.

That the act providing for the Grand Boulevard and Concourse provided that the cost of approaches shall be assessed locally only to the extent of 25 per cent.

Wherefore your petitioner prays that the resolution heretofore passed providing that the entire cost shall be assessed locally be amended so as to make 75 per cent. a City charge and 25 per cent. a local benefit.

Dated New York, November 3, 1905.

DOUGLAS ROBINSON,
J. ROOSEVELT ROOSEVELT,
R. H. M. FERGUSON,
Trustees under the will of William Astor, deceased.
By JOHN C. SHAW, Attorney.

REPORT NO. 3452.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 15, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying petition of Douglas Robinson, J. Roosevelt Roosevelt and R. H. M. Ferguson, trustees of the estate of William Astor, dated November 3, 1905, through John C. Shaw, attorney, asks that the Board assume for the City at large 75 per cent. of the expense of acquiring title to East One Hundred and Seventieth street, between Jerome and Morris avenues, Borough of The Bronx, and limit the assessment on the property to 25 per cent. of the cost.

The reasons assigned for this request are that the neighborhood is purely residential, and that a street 60 feet in width would answer every purpose, and that the street has been made 80 feet wide for the purpose of affording approaches to the Grand Boulevard and Concourse and a connection between Washington Bridge on the west and Crotona Park on the east; and they claim that the street is entitled to the same treatment as that accorded to the Grand Boulevard and Concourse, in which case the City at large pays three-fourths of the expense. This same claim might with equal justice be made for every street crossing the Grand Boulevard and Concourse.

As stated in the petition, the street has a width of 80 feet. The opening proceedings were authorized by the Board of Street Opening and Improvement on May 15, 1896, and the Commissioners of Estimate and Assessment filed their oaths on May 10, 1897, title being vested in the City on the same date, pursuant to the provisions of the opening resolution. The distance covered by the proceeding is about 900 feet, the area taken amounting to 72,094.68 square feet. Of the thirteen parcels three, having an aggregate area of 6,065 square feet, were deemed to have been dedicated, nominal awards of \$1 each having been made therefor. This dedicated area if distributed over the entire length of the street would be equivalent to a strip only 6.73 feet in width, and the dedication may therefore be considered negligible in its effect upon the treatment of the proceeding as an opening or a widening. The final awards for land taken amount to \$17,066.78, and the final assessments amount to \$20,776.13.

I can discover no circumstance which would appear to entitle the property owners along this street to more relief than that which they would have under the rule of the Board for the opening of a street 80 feet in width, namely, that the City at large assume 8 1/3 per cent. of the cost of the proceedings, and it is recommended that this measure of relief be granted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Street Opening and Improvement of the corporation known as the Mayor, Alderman and Commonalty of The City of New York, on the 15th day of May, 1896, instituted proceedings to open and extend East One Hundred and Seventieth street, from Jerome avenue to Morris avenue, in The City of New York, and directed that the entire cost and expense of said proceedings should be assessed upon the property deemed to be benefited thereby; and

Whereas, The Board of Estimate and Apportionment of The City of New York believes it to be fair and equitable that The City of New York should assume eight and one-third per cent. of the cost and expense of said proceeding; now be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, hereby directs that eight and one-third per cent. of the cost and expense of opening and extending East One Hundred and Seventieth street, from Jerome avenue to Morris avenue, in the Borough of The Bronx, City of New York, shall be borne and paid by The City of New York, and that the remainder of such cost and expense shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REDUCTION OF ASSESSMENT ON AUDUBON AVENUE, MANHATTAN.

The following communication and report of the Chief Engineer were presented:
Before the Board of Estimate and Apportionment.

In the Matter

of

The application of The City of New York relative to acquiring title to lands required for the opening of Audubon avenue, from One Hundred and Seventy-fifth street to Fort George avenue, in the Borough of Manhattan, City of New York.

To the Board of Estimate and Apportionment:

Your petitioners respectfully show:

First—That on the 4th day of June, 1897, the Board of Street Openings and Improvements of The City of New York passed a resolution to acquire title to the land required for the above named avenue, wherein and whereby the "entire cost and expense of said proceeding shall be assessed upon the property deemed to be benefited thereby."

Second—That on or about the 29th day of September, 1897, Commissioners of Estimate and Assessment were duly appointed by order of the Supreme Court and said Commissioners subsequently took their oath of office.

Third—That on or about the 30th day of April, 1903, the said Commissioners published their preliminary estimate and assessment wherein it appears that the property of your petitioners is assessed for benefit.

Fourth—That the said Audubon avenue, from One Hundred and Seventy-fifth street to Fort George avenue, is 80 feet in width, whereas a street 60 feet in width would have been amply sufficient for local purposes.

Wherefore your petitioners pray that your Honorable Board direct that a portion of this assessment for the above improvement be borne and paid by The City of New York.

Dated, September 18, 1905.

REPORT NO. 3453.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 16, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying petition addressed to the Board of Estimate and Apportionment by the New York Juvenile Asylum, Gertie A. Gorman and Isabelle Heimath, by John C. Shaw, attorney, under date of September 18, 1905, asks the Board to assume for the City some portion, not specifically stated, of the assessment for acquiring title to Audubon avenue, between West One Hundred and Seventy-fifth street and Fort George avenue, Borough of Manhattan.

The reasons given for this request are that the street is 80 feet in width, while a street 60 feet wide would have been ample for local purposes.

Proceedings to open Audubon avenue were instituted by the Board of Street Opening and Improvement on June 4, 1897, and the oaths of the Commissioners of Estimate and Assessment were filed on October 28, 1897, on which date title was vested in the City, pursuant to the provisions of the resolution authorizing the proceedings. The street has a width of 80 feet, and the length covered by the proceeding is 4,238 feet 8 inches. The area acquired is 339,104 square feet, divided into 90 parcels. Of these 90 parcels, 33 were considered to have been dedicated, and awards of \$1 each were made therefor. These dedicated areas were irregular in their dimensions and location, and are equivalent in area to a strip slightly less than 9 feet in width for the entire length of the street to be opened. The effect, therefore, of this dedication upon the proceeding is scarcely worthy of consideration. The total amount of awards is \$240,272.99, of which \$2,636.58 was for buildings. The Commissioners of Estimate and Assessment, pursuant to the provisions of section 980 of the Charter, assumed for the City at large one-third of the awards for buildings, or \$878.86. The number of buildings taken is nine, so that their value was evidently very small. The expenses of the proceeding to date are \$16,587.51. The awards have all been confirmed, part of them on March 25, 1904, and the remainder on September 26, 1905.

I can see nothing in the proceeding to warrant any further relief than that which would be given by the rule of the Board in acquiring title to a street 80 feet in width, namely, 8 1/3 per cent. of the cost, and it is recommended that relief to this extent be given.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Street Opening and Improvement of the corporation known as the Mayor, Alderman and Commonalty of The City of New York, on the 4th day of June, 1897, instituted proceedings to open and extend Audubon avenue from West One Hundred and Seventy-fifth street to Fort George avenue, in The City of New York, and directed that the entire cost and expense of said proceedings should be assessed upon the property deemed to be benefited thereby; and

Whereas, The Board of Estimate and Apportionment of The City of New York believes it to be fair and equitable that The City of New York should assume eight and one-third per cent. of the cost of said proceeding; now be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, hereby directs that eight and one-third per cent. of the cost and expense of opening and extending Audubon avenue, from West One Hundred and Seventy-fifth street to Fort George avenue, in the Borough of Manhattan, City of New York, shall be borne and paid by The City of New York, and that the remainder of such cost and expense shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CHANGE OF GRADE OF DIVISION STREET, MANHATTAN.

The following report was presented:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 20, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Committee on Manhattan Bridge Terminal reports that after consideration of the situation at the intersection of the bridge with the Elevated Railway at Division street, and after conference with the Chief Engineer of the Elevated Railway Company, it seems advisable that the City should procure an act amending the charter of the railroad company, or such other legislation as will enable the City, by the Board of Estimate and Apportionment, to prescribe a clearance of the railroad over the street at this point, which will be between twelve and fourteen feet, and which will also enable the City to pay the entire expense caused by change of grade of the street and of the railroad structure. This is in accordance with the position taken by the company in its formal communication, dated December 15, which was submitted to the

Board of Estimate on that day. As the company in that communication states its willingness to co-operate to these ends, we advise that the map now pending be approved and that the City proceed on the assumption that the legislation will be obtained.

Respectfully,
EDWARD M. GROUT,
Comptroller.
C. V. FORNES,
President of the Board of Aldermen.
JOHN F. AHEARN,
President of the Borough of Manhattan.

On motion of the Comptroller, the following resolution was adopted:

Resolved, That the Secretary be directed to request the Corporation Counsel to take steps to secure the necessary legislation.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

EXTENDING ST. NICHOLAS PARK, MANHATTAN.

The following communication from the Commissioner of Parks was presented:

DEPARTMENT OF PARKS,
THE ARSENAL, CENTRAL PARK,
December 23, 1905.

J. H. MOONEY, Esq., Assistant Secretary, Board of Estimate and Apportionment, No. 277 Broadway, City:

DEAR SIR—Commissioner Parsons directs me to acknowledge receipt of your communication of the 22d inst., forwarding a copy of a resolution of the Local Board of the Washington Heights District recommending the extension of St. Nicholas Park at West One Hundred and Thirtieth street and St. Nicholas avenue, and requesting his views as to the desirability of the proposed addition, and advise you that the extension contemplated meets with his entire approval.

In this connection the Commissioner refers to his letter to your Board of the 21st inst.

Respectfully,
WILLIS HOLLY, Secretary, Park Board.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 17th day of November, 1905, resolutions were adopted proposing to change the map or plan of The City of New York so as to lay out an extension of St. Nicholas Park, from its southerly line near West One Hundred and Thirtieth street to a point nearly opposite to the southerly line of West One Hundred and Twenty-eighth street, in the Borough of Manhattan, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 15th day of December, 1905, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 15th day of December, 1905; and

Whereas, It appears from the affidavits of the Supervisor of the CITY RECORD that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 15th day of December, 1905; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out an extension of St. Nicholas Park, from its southerly line near West One Hundred and Thirtieth street to a point nearly opposite to the southerly line of West One Hundred and Twenty-eighth street, in the Borough of Manhattan, City of New York, does hereby favor the same so as to lay out an extension of the aforesaid park as follows:

Beginning at a point in the westerly line of St. Nicholas avenue distant 257 feet 13/8 inches northerly from the northerly line of West One Hundred and Twenty-seventh street; thence northerly along said westerly line of St. Nicholas avenue, distance 328 feet 8 3/8 inches; thence still along the westerly line, distance 199 feet 10 inches; thence westerly and in continuation of West One Hundred and Thirtieth street, distance 230 feet to the easterly line of St. Nicholas terrace; thence southerly along said easterly line, distance 525 feet; thence easterly and parallel to West One Hundred and Twenty-seventh street, distance 181 feet 7 inches to the point or place of beginning.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

ACQUIRING LAND FOR SEWERS IN DISTRICT NO. 28, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that title vest in the following described land to be used for the construction of an outlet sewer for district to be known as Sewerage District No. 28: Beginning at a point on the easterly side of Fort George avenue 211 46-100 feet north of the first point of curve north of One Hundred and Ninetieth street, and running northeasterly at an angle of 126 degrees 43 minutes and 43 seconds to the westerly line of Amsterdam avenue extended 101 58-100 feet; thence southeasterly at right angles 6 feet; thence northeasterly and in the same direction as the first course 180 2-100 feet to the westerly line of Fort George Park; thence northwesterly along the westerly side of said Fort George Park 30 5-100 feet; thence southwesterly parallel to and 30 feet distant from the last course but one 181 53-100 feet; thence southeasterly at right angles 6 feet; thence southwesterly parallel to and 18 feet distant from the first described course to the easterly side of Fort George avenue; thence along said easterly side of Fort George avenue 18 28-100 feet back to the point or place of beginning; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 6th day of June, 1905, all the members present voting in favor thereof.

REPORT No. 3455.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 19, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on June 6, 1905, recommends to the Board of Estimate and Apportionment that title to the land needed for the construction of an outlet sewer between Fort George Park and Fort George avenue be vested in the City without further delay.

Accompanying the resolution are copies of the following letters:

From Stetson, Jennings & Russell, dated March 13, 1905, to the President of the Borough of Manhattan, stating that on February 23, 1897, the then Commissioner of Public Works, Charles T. H. Collis, requested the Corporation Counsel to take the necessary proceedings to acquire this land, and that on December 24, 1897, the Commissioners who were sitting in what was known as the "Fort George Park Proceeding" were appointed by Mr. Justice Truax to act in the proceeding to acquire this land. In view of the fact that the proposed sewer ran through a part of the proposed park lands, the Corporation Counsel is said to have advised that the matter be held in abeyance until the completion of the Fort George Park proceeding.

From Mr. Edward H. Hawke, Special Counsel for the City, to the Secretary to the President of the Borough of Manhattan, saying that he would consult with the attorneys for the owners of the land which it is proposed to acquire for a sewer outlet, and endeavor to secure their consent to the passage of a resolution by the Board of Estimate and Apportionment vesting title to this land in the City.

From Mr. Edward H. Hawke, dated May 19, 1905, to the Secretary to the President of the Borough of Manhattan, stating that he has been unable to secure the consent of the owners of the property to the taking of title by the City, they having been unable to induce the lessees of the buildings located upon the property to surrender the portions of the structures which are upon the land to be acquired.

Being somewhat in doubt as to whether or not this proceeding was still alive, I have requested the Corporation Counsel for advice, and he has forwarded to me a letter from Mr. Edward H. Hawke, Jr., Special Counsel for the City in this matter, from which it appears that the oaths of the Commissioners were filed in the office of the County Clerk on May 18, 1905, and inasmuch as six months have already elapsed, the City can take title at any time, although there are buildings upon the land to be taken.

The Chief Engineer of Sewers, in a letter addressed to the Superintendent of Sewers on April 4, 1905, says that the sewer is very much needed, but that it cannot be built, as there is no outlet; that he has recently furnished plans showing the land required for the outlet, and that when this land is acquired the sewer can be provided.

The actual construction of this sewer does not appear to have been authorized, at least not by the Board of Estimate and Apportionment, during the last four years, and it will apparently be necessary to have a resolution of the Local Board providing for construction. It is quite evident, therefore, that title to the land will not be needed until such resolution can be passed. I would recommend that title to this land be vested in the City on February 1, 1906, and that the President of the Borough of Manhattan be requested to forward to the Board of Estimate and Apportionment the necessary resolution for the construction of this sewer.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Commissioner of Public Works of the corporation heretofore known as the Mayor, Aldermen and Commonalty of The City of New York, on the 23d day of February, 1897, requested the Counsel to the Corporation to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of constructing an outlet sewer between Fort George Park and Fort George avenue, more particularly described as follows:

Beginning at a point on the easterly side of Fort George avenue 211.46 feet north of the first point of curve north of One Hundred and Ninetieth street, and running northeasterly at an angle of 126 degrees 43 minutes and 43 seconds to the westerly line of Amsterdam avenue extended 101.58 feet; thence southeasterly at right angles 6 feet; thence northeasterly and in the same direction as the first course 180.02 feet to the westerly line of Fort George Park; thence northwesterly along the westerly side of said Fort George Park 30.05 feet; thence southwesterly parallel to and 30 feet distant from the last course but one 181.53 feet; thence southeasterly at right angles 6 feet; thence southwesterly parallel to and 18 feet distant from the first described course to the easterly side of Fort George avenue; thence along the said easterly side of Fort George avenue 18.28 feet to the point or place of beginning, in The City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said land, and the oaths of said Commissioners of Estimate and Assessment were duly filed, as required by law, on the 18th day of May, 1905; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, directs that upon the 1st day of February, 1906, the title to each and every piece or parcel of land above described, required for the purpose of constructing an outlet sewer in the Borough of Manhattan, City of New York, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING BRONX PARK ADDITION, THE BRONX.

The following report from the Chief Engineer was presented:
REPORT No. 3458.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 21, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on December 1, 1905, the Board of Estimate and Apportionment authorized the acquisition of an addition to Bronx Park, on its easterly side, the laying out of which was approved after a public hearing on July 7 of the present year. Such action was taken at this particular time in order to prevent the destruction of a number of fine trees located on this land, the presence of which made it a desirable addition to the park, and was the controlling consideration which influenced the Board to approve of the extension. Appreciating the necessity for prompt action, the Corporation Counsel, under date of December 8, has given notice of his intention to apply to the court for the appointment of Commissioners to act in this proceeding, the date of such application being fixed for December 29.

At the time the proceedings were initiated the Board requested the Police Commissioner to use every effort to stop the destruction of these trees, but the only effective way to accomplish this will be for the City to take title at as early a date as possible. The portion of the addition to the park upon which the trees are located contains no

buildings, and I would therefore recommend the adoption of a resolution providing for the vesting of title in this particular portion of the park extension on the date of the filing of the oaths of the Commissioners. The area of the forest land can be defined as "That portion of Parcel A as outlined in the technical description of this property which lies south of a line parallel with the southerly boundary of Bronx Park, east of the Bronx river, and distant 3,000 feet northerly therefrom."

It is recommended that a resolution be adopted for the vesting of title to this portion of the area to be taken upon the filing of the oaths of the Commissioners.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Estimate and Apportionment on the 1st day of December, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening the addition to Bronx Park, on its easterly side, as laid out on July 7, 1905, in the Borough of The Bronx, City of New York; and

Whereas, It appears to the Board of Estimate and Apportionment, from surveys made and information furnished to it, that there are no buildings upon the land to which it is now proposed to vest title; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 900 of the Greater New York Charter, directs that upon the filing of the oaths of the Commissioners of Estimate and Assessment, appointed by the Supreme Court in proceedings to acquire title to the land aforesaid, title to that portion of Parcel A as outlined in the technical description of this property, as shown on the map or plan adopted by this Board on July 7, 1905, and which lies south of a line parallel with the southerly boundary of Bronx Park, east of the Bronx river, and distant 3,000 feet northerly therefrom, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING AVENUE B, MANHATTAN.

The following resolution of the Local Board of Kips Bay, Borough of Manhattan, and report of the Chief Engineer were presented:

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Kips Bay District, pursuant to titles 2 and 3 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Acquiring title to extension of Avenue B, from East Twenty-first street to marginal street, wharf or place, East river, in the Eighteenth Ward, Borough of Manhattan, City of New York, as shown on map approved by the Board of Estimate and Apportionment on the 14th day of July, 1905, and by his Honor the Mayor on the 8th day of August, 1905; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Kips Bay District on the 12th day of September, 1905, all the members present voting in favor thereof.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 15, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Kip's Bay District, Borough of Manhattan, adopted on September 12, 1905, initiating proceedings for acquiring title to Avenue B, between East Twenty-first street and the marginal street.

The extension of Avenue B through the block was laid out upon the map of the City on July 14 last, the lines providing for a street 60 feet wide. It is not in use at the present time, and the land is inclosed partly by a high, brick wall, and partly by a wooden fence, and is occupied by the Consolidated Gas Company. The Local Board some time ago passed a resolution for grading the street, and the work cannot be carried out until after title to it has been acquired.

Approval of the resolution is recommended, the cost to be assessed upon the property benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Avenue B, from East Twenty-first street to marginal street, wharf or place, as laid out on July 14, 1905, in the Borough of Manhattan, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Avenue B, from East Twenty-first street to marginal street, wharf or place, as laid out on July 14, 1905, in the Borough of Manhattan, City of New York.

Resolved, That the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

WIDENING GUN HILL ROAD, THE BRONX.

The following resolution of the Local Boards of Morrisania and Chester, Borough of The Bronx, and report of the Chief Engineer were presented:

Joint Session in Local Board of Chester, Twenty-fifth District, and Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of the Local Boards of Morrisania and Chester, Twenty-fourth and Twenty-fifth Districts, not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Boards; and

Whereas, The said petition was duly submitted to the said Local Boards which did duly consider the same; now therefore be it

Resolved, by the Local Boards of Morrisania and Chester, Twenty-fourth and Twenty-fifth Districts, Borough of The Bronx, pursuant to the Greater New York Charter, that the said petition be and the same is hereby granted; and it is hereby

Resolved, That these Local Boards do hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for widening Gun Hill road, between Webster avenue and Elliott avenue, as an approach to the bridges over the New York and Harlem Railroad and the Bronx river, the entire cost and expense to be borne and paid for by The City of New York; and it is hereby

Resolved, That a copy of these resolutions be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Boards of Morrisania and Chester, Twenty-fourth and Twenty-fifth Districts, on the 8th day of July, 1905.

REPORT No. 3456.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 20, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Morrisania District, Borough of The Bronx, on July 8, 1905, initiates proceedings for acquiring the land necessary for the widening of Gun Hill road, between Webster avenue and Elliott avenue.

This widening of Gun Hill road was approved after a public hearing on June 9, 1905. The widening was made necessary owing to the fact that between Briggs avenue, at Williamsbridge, and Two Hundred and Thirty-third street, at Woodlawn, there is no street crossing the Bronx river and the tracks of the New York and Harlem Railroad, and that consequently undue amount of traffic is concentrated on these two streets. The present bridges over the Bronx river and the railroad are old, narrow and entirely inadequate, and the widening of the street was described in the resolution as a widening for the purpose of affording proper approaches to these bridges. Three studies were submitted, according to one of which the entire twenty feet for the widening was taken from the northerly side of the street. In another, a triangular area varying in width from nothing to twenty feet was taken from each side of the street. The third plan, which was that adopted, provided for the taking of ten feet from each side of the street, it having been shown that buildings which would be interfered with were of small value and the amount of property destroyed in each of the three plans would be very nearly the same. The necessary filing plans were furnished by the Borough President and checked and approved for filing on October 20 last. Just after the adoption of this plan the President of the Borough requested an issue of Corporate Stock in the sum of \$150,000 to meet the cost of rebuilding the bridges and approaches thereto. A report was submitted on this request on July 10, 1905.

The present resolution provides for acquiring title to the land which was added to the street, but the improvement described in the resolution is as follows:

"For acquiring title to the land necessary for the widening of Gun Hill road, between Webster avenue and Elliott avenue, as an approach to the bridges over the New York and Harlem Railroad and the Bronx river, the entire expense to be borne and paid for by The City of New York."

It will be seen that the provision relating to the distribution of expense has been incorporated in the resolution initiating the proceeding, and the Board has heretofore been reluctant to approve of resolutions of this kind, the Board of Estimate and Apportionment being under the Charter the only body which can determine what part, if any, of the cost of such improvements is to be borne by the City at large. If this were treated simply as a street widening, the City would assume, according to the rule under which the Board has recently acted, one-half of the expense; and if the entire cost of rebuilding the bridges and of improving the roadway is to be borne by the City at large, it might not be unfair to assess one-half the cost of acquiring the necessary land, notwithstanding the fact that the property owners in this vicinity have once been assessed for the acquisition and improvement of the present street.

It is certainly desirable that the land be acquired without further delay, and the matter is submitted to the Board for determination as to whether it will approve the resolution of the Local Board, including the assumption by the City of the entire expense, or whether it will require a new resolution which shall omit any mention of the distribution of expense in order that the Board may impose such percentage of the cost as it sees fit upon the property deemed to be benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The Comptroller moved that the matter be referred back to the President of the Borough for further consideration by the Local Board, which motion was agreed to by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

September 19, 1905.

Hon. GEORGE B. MCCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith map or plan showing the widening of Bronx Park, East (legally opened as White Plains road), from White Plains road to Bronx and Pelham parkway, Twenty-fourth Ward, Borough of The Bronx, dated August 18, 1905, and technical description in triplicate. This matter was submitted to the Local Board of Chester, Twenty-fifth District, on the 7th of September, 1905, and it was respectfully recommended that the map or plan be forwarded to the Board of Estimate and Apportionment for its approval.

Respectfully,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

REPORT No. 3436.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 14, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of September 19, 1905, the President of the Borough of The Bronx has submitted a plan showing the widening of Bronx Park, East (legally opened as White Plains road), from White Plains road to Bronx and Pelham parkway.

Bronx Park, East, is already a street 100 feet in width, and its further widening is proposed to remedy another one of those unfortunate blunders which have several times been brought to the attention of the Board by which portions of old roads were left intervening between a street laid down upon the map of the City and opened, and the abutting property. In this case it is partly the old Bear Swamp road and partly the old White Plains road, both of which had a width of 50 feet and both of which could have been wholly included within the lines of the new White Plains road when these lines were fixed. This, however, was not done. White Plains road was opened, title vested in the City, and the improvement of the street authorized. The owners of the abutting property will be cut off from access to the White Plains road unless they can in some way acquire the fee in the old road, and in addition to this the fee in certain areas lying west of the old road and between it and the easterly side of White Plains road as now laid out and opened. This it will be difficult to do, and it is quite probable that the City would be obliged to pay any damages to the owners of the property more than the cost of acquiring the additional area shown upon the map herewith presented. The strip which it is proposed to add to the street is 66 feet in width, making the new street 166 feet wide for a distance of about 1,700 feet.

I am reluctant to recommend such an extensive widening, but it may be found that it would be more economical to make this change in the map than to pay the damages which the courts would find that the owners of the abutting property will have sustained by leaving the lines of the street as they are at present.

In the acquisition of title to the additional area, one-half of the expense should be assessed and the other half borne by the City.

It is recommended that a public hearing be given.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by widening Bronx Park, East (legally opened as White Plains road), from White Plains road to Bronx and Pelham parkway, in the Borough of The Bronx, City of New York.

This widening is for the purpose of including in Bronx Park, East, those portions of Bear Swamp road and old White Plains road lying easterly of the present Bronx Park, East (legally opened as White Plains road), and is described as follows:

Beginning at a point in the easterly line of the land acquired for White Plains road distant 280.753 feet northerly of the first angle point in said White Plains road lying southerly of the Bronx and Pelham parkway.

1. Thence southwesterly along the easterly line of said White Plains road for 280.753 feet.
2. Thence southeasterly still along said line for 1,852.783 feet.
3. Thence northerly deflecting 163 degrees 18 minutes 20 seconds to the left for 321.813 feet.
4. Thence westerly deflecting 90 degrees to the left for 25 feet.
5. Thence northwesterly deflecting 63 degrees 18 minutes 20 seconds to the right for 1,535.273 feet.
6. Thence northerly curving to the right on the arc of a circle of 50 feet radius and tangent to the preceding course for 33.331 feet.
7. Thence northeasterly on a line tangent to the preceding course for 205.580 feet to the point of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of January, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of January, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CHANGE OF LINES OF EAST ONE HUNDRED AND SIXTY-FIRST STREET, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For laying out on the map of The City of New York a change of line at the southwest corner of Third avenue and St. Ann's avenue so as to discontinue the widening at that point shown on the final maps, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 8th day of July, 1905.

Alderman Dougherty, Alderman Harnischfeger, Alderman Stumpf, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 12th day of July, 1905.

REPORT No. 3449.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 15, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on July 8, 1905, recommending a change in the map or plan of The City of New York by changing the location of the southerly line of East One Hundred and Sixty-first street, between St. Ann's and Third avenues.

As now laid out upon the map of the City, the southerly line of East One Hundred

and Sixty-first street through this block is about 42 feet south of the southerly line of the street east of St. Ann's avenue. The street meets Third avenue at an acute angle, forming a public place at Third avenue, the entire area here being paved. The resolution is accompanied by a petition requesting the discontinuing of the widening of East One Hundred and Sixty-first street through this block, the evident intention being to provide for the continuation of the southerly line of East One Hundred and Sixty-first street through to Third avenue. The widened area is occupied at the present time for private uses, there being four one-story frame buildings wholly within its lines, as is also a portion of a two-story frame building. The Local Board has not carried out the petition in full, but has provided a widening of the street of 10 feet, the width of the strip to be acquired being diminished by about 32 feet. Upon the land which it is proposed to retain within the street there are portions of three one-story frame buildings. East of St. Ann's avenue the street now has a width of 50 feet, but there is and can be no congestion in the block between St. Ann's and Third avenues, because of the public place already referred to.

I see no reason why the request of the petitioner cannot be carried out, in which case the lines of the streets would be retained, as they exist at present upon the ground, and a large expense for the purchase of land and buildings would be avoided.

I would recommend, however, that a public hearing be given in the matter.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the location of the southerly line of East One Hundred and Sixty-first street, between St. Ann's avenue and Third avenue, so as to discontinue the widening at that point shown on the final maps, in the Borough of The Bronx, City of New York, in accordance with a map or plan submitted by the President of the Borough of The Bronx, dated July 7, 1905.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of January, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of January, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CHANGE OF GRADE OF OVINGTON AVENUE, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 27th day of September, 1905, hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by changing the grade on Ovington avenue, between Fifth and Seventh avenues, by lowering the grade at Ovington avenue and Sixth avenue two (2) feet, and such other changes in the adjacent blocks as may be necessary to meet the present established grades; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 27th day of September, 1905.

President Littleton and Aldermen Malone and Lundy voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Resolution forwarded to the Board of Estimate and Apportionment without the signature of the President of the Borough as a recommendation of the Local Board.

REPORT No. 3462.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 22, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on September 27, 1905, recommending a change in the map or plan of The City of New York by changing the grade of Ovington avenue, between Fifth and Seventh avenues, and of Sixth avenue, between Bay Ridge avenue and Seventy-first street.

This change affects Ovington avenue by removing the crown between Fifth and Sixth avenues, and by raising the grade two feet at the latter point. The grade of Sixth avenue is changed to meet the proposed grade at Ovington avenue, the present elevation at Seventy-first street being retained and a summit inserted in the block between Ovington and Bay Ridge avenues, the grade of the northerly half of the block remaining unchanged. The object of this change is to make the established grade better conform with the existing surface of Ovington avenue through the block between Fifth and Sixth avenues. The street has been in use between these limits for a great many years and is lined with very old shade trees. Several houses have been erected upon the abutting property and conform with the street as now in use. There is a depression of about 8 feet in the middle of the block, and while it does not seem practicable to continue the same, the conditions would be very much improved by adopting the grades suggested. Sixth avenue has recently been graded and curbed, which work will be slightly affected by the proposed changes.

Approval of the map is recommended after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of Ovington avenue, from Fifth avenue to Seventh avenue; and of Sixth avenue, from Bay Ridge avenue to Seventy-first street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Ovington Avenue.

Beginning at the intersection of Ovington avenue and Fifth avenue, the elevation to be 69.70 feet as heretofore; thence southeasterly to the intersection of Sixth avenue, the elevation to be 66.70 feet; thence southeasterly to the intersection of Seventh avenue, the elevation to be 76.56 feet as heretofore.

Sixth Avenue.

Beginning at the intersection of Sixth avenue and Bay Ridge avenue, the elevation to be 66.70 feet as heretofore; thence southwesterly to a summit distant 138.94 feet from the southwesterly building line of Bay Ridge avenue, the elevation to be 67.70 feet; thence southwesterly to the intersection of Ovington avenue, the elevation to be 66.70 feet; thence southwesterly to the intersection of Seventy-first street, the elevation to be 69.60 feet as heretofore.

Note—All elevations refer to mean high-water datum as established by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of January, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of January, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

WIDENING SEDGWICK AND BAILEY AVENUES, THE BRONX.

The following report of the Chief Engineer was presented:

REPORT No. 3423.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 6, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment held on September 22, 1905, a public hearing was given on a proposed change in the map of the City by the widening of Sedgwick avenue, Bailey avenue and Albany road, in the Borough of The Bronx, and the laying out of an exterior street west of the tracks of the New York Central and Hudson River Railroad Company, with three streets extending from this exterior street to the bulkhead line. Acting on the suggestion made in the report of your Engineer, the Board approved that portion of the map providing for the laying out of the exterior street and the intersecting streets, but laid over the question of street widenings for further consideration, referring the matter meanwhile to the Engineers of the Board and of the Borough of The Bronx.

Pursuant to these instructions I have, in company with the Chief Engineer of the Borough, made a careful study of the map and an inspection of the streets affected. The existing improvements which would be interfered with by the proposed widening are relatively few. Beginning at the northerly end at Van Cortlandt Park, South, there are between West Two Hundred and Thirty-eighth street and West Two Hundred and Thirty-third street some twenty-one frame buildings which would be taken. They are, however, of very little value, most of them being shanties and sheds. Between West Two Hundred and Thirty-third street and West Two Hundred and Thirtieth street the widening is on both sides of the street, but it avoids all improvements on the easterly side, except that several stoops and steps are disturbed, while on the westerly side there are two buildings which will be cut in two, and portions of two others will be taken. All, however, are frame structures. Immediately south of West Two Hundred and Thirtieth street there are five other buildings which would be damaged, but one of these also stands partly within the lines of West Two Hundred and Thirtieth street and would be taken in the opening of that street. Just south of West Two Hundred and Twenty-ninth street another building on the easterly side of the street will be partly destroyed, but between West Two Hundred and Twenty-ninth street and Sedgwick avenue there are no buildings, and the expense of the widening would simply be that of the acquisition of the additional land for this distance. The proposed widening is nearly all on the westerly side of the street until Heath avenue is reached, where, owing to the steep slope on the westerly side, the widening is transferred to the easterly side of the street. On Sedgwick avenue it is proposed to widen on the westerly side at the intersection of Bailey avenue, and on the easterly side from there to Fordham road. This widening on the easterly side will involve the taking of some of the property of the Webb Home for Shipbuilders, representatives of which are strongly opposed to this plan. Although the grounds of the institution are quite ample, some good trees would be sacrificed. I have discussed this matter carefully with the Borough Engineer, and he has prepared an amendment moving the street westwardly about twelve feet, so that the trees would be undisturbed. This amendment, being a modification of the plan upon which the hearing has already been held, I assume that it will be necessary to hold another hearing.

The plan also includes a modification of the existing map at the junction of Harlem River terrace and Bailey avenue, with the introduction of a small public place on the steep slope between these two streets. The interference with existing improvements is far less than I had supposed possible when the first report was submitted to the Board. There is no north and south road of generous width in this part of the borough, except Broadway, and that is separated from this territory by the tracks of the Putnam Division of the New York Central and Hudson River Railroad Company. With the development now taking place and which will result from the opening of the Rapid Transit Railroad to Kingsbridge, Bailey avenue will be taxed beyond its capacity, it being only 60 feet in width, and it is probable that its widening will ultimately be necessary.

It is recommended that another public hearing be given.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines of Harlem River terrace, between the new street between Harlem River terrace and Exterior street, laid out on plan approved by the Board of Estimate and Apportionment on July 14, 1905, and Bailey avenue; the widening of Sedgwick avenue, between Fordham road and Bailey avenue; the widening of Bailey avenue, between Sedgwick avenue and Albany road; the widening of Albany road, between Bailey avenue and Van Cortlandt Park, South; the widening of the first street west of the intersection of Albany road and Van Cortlandt Park, South, and connecting these two streets, and by the laying out of a public place between Harlem River terrace, as changed, and Bailey avenue, in the Borough of The Bronx, City of New York, in accordance with a map or plan submitted by the President of the Borough of The Bronx, dated March 25, 1905, as amended.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of January, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of January, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING THATFORD AVENUE, BROOKLYN.

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bushwick District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 3d day of May, 1905, hereby initiates proceedings to open Thatford avenue, from Riverdale avenue to Avenue D, in the Borough of Brooklyn; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 3d day of May, 1905. President Littleton and Aldermen Haenlein and Grimm voting in favor thereof.

REPORT No. 3313.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
October 24, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on May 3, 1905, initiating proceedings for acquiring title to Thatford avenue, between Riverdale avenue and Avenue D.

This resolution affects a length of six blocks of Thatford avenue, which street has been laid out upon the map of the City to have a width of 60 feet. An unshaped roadway is in use through a portion of the distance, but the same in sections departs from the line of the street. The abutting land is open and unimproved.

I see no reason why this resolution should not be approved, and would recommend such action, the cost of the proceeding to be assessed upon the property benefited.

I am uncertain whether or not there are buildings upon the land to be acquired.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Thatford avenue, from Riverdale avenue to Avenue D, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Thatford avenue, from Riverdale avenue to Avenue D, in the Borough of Brooklyn, City of New York.

Resolved, That the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING FORTY-THIRD STREET, BROOKLYN.

The following resolution of the Local Boards of Bay Ridge and Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Boards of the Bay Ridge and Flatbush Districts.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, The said petition was duly submitted thereafter to the said Local Boards, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Boards of the Bay Ridge and Flatbush Districts, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, this 3d day of May, 1905, hereby amend pending proceedings for opening Forty-third street, from the old City line to West street, by excluding therefrom that portion of Forty-third street lying between the old City line and New Utrecht avenue, the amended resolution to read as follows:

Resolved, That the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, after hearing had this 3d day of May, 1905, hereby initiates proceedings to open Forty-third street, from New Utrecht avenue to West street; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

REPORT No. 3328.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
October 24, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted on May 3, 1905, at a joint meeting of the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, providing for amending the pending proceedings for acquiring title to Forty-third street, between the old city line and West street, by excluding that portion of the street between the old city line and New Utrecht avenue.

Proceedings for opening Forty-third street, between the old city line and West street, were authorized by the Board of Public Improvements on July 12, 1899, but by reason of the Railroad Law not having been complied with, no progress has been made in the proceeding, and the Commissioners of Estimate and Assessment have not been appointed. Attention was called to this case in a report sent to the Board of Estimate and Apportionment on December 9, 1904, and it was recommended that the President of the Borough be requested to advise the Board whether the proceeding should be amended to exclude the railroad crossing in New Utrecht avenue, or discontinued. It now appears that title to that portion of the street between the old city line and New Utrecht avenue has been acquired under a deed of cession, and it is proposed to limit the bounds of the proceeding by New Utrecht avenue and West street, thus avoiding lands occupied by the railroad company. The street is in use at the present time, but the evidences of dedication are not complete.

Approval of the proposed amendment is recommended. The street is laid out upon the map of the City to have a width of 60 feet, and I believe that there are buildings within its lines. Under the terms of the original resolution the cost of the proceeding will be assessed upon the property benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, by the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 1000 of the Greater New York Charter, that the proceedings initiated by the Board of Public Improvements on July 13, 1899, for opening and extending Forty-third street, from the old City line to West street, in the Borough of Brooklyn, City of New York, be and the same hereby are discontinued so far as they relate to that portion of Forty-third street lying between the old City line and New Utrecht avenue.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING SEVENTY-EIGHTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bay Ridge District.

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 3d day of May, 1905, hereby amends pending proceedings for opening Seventy-eighth street, from Narrows avenue to Stillwell avenue, by excluding therefrom the land occupied by the Brooklyn, Bath and West End Railroad, the amended resolution to read as follows:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 3d day of May, 1905, hereby initiates proceedings to open Seventy-eighth street, from Narrows avenue to Stillwell avenue, excepting the land occupied by the Brooklyn, Bath and West End Railroad.

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

REPORT No. 3330.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
October 24, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on May 3, 1905, providing for amending the proceedings for acquiring title to Seventy-eighth street, between Narrows avenue and Stillwell avenue, by excluding land occupied by the Brooklyn, Bath and West End Railroad.

This proceeding was included in a list of similar cases submitted to the Board of Estimate and Apportionment on December 9, 1904, in which attention was drawn to the fact that no progress had been or could be made in the matter of securing title for the reason that the railroad company had not been taken into consideration and notified when the proceeding was authorized by the Board of Public Improvements on May 1, 1901. The Borough President was requested to advise the Board whether the proceeding should be amended to exclude the railroad lands, or discontinued, and as a result of that recommendation the resolution now submitted is presented.

I see no reason why the amendment should not be approved, and would recommend such action. The street has a width of sixty feet, and there are buildings upon the land to be acquired. Under the terms of the original resolution the entire cost of the proceeding is placed upon the property benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, by the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 1000 of the Greater New York Charter, That the proceedings initiated by the Board of Public Improvements on May 1, 1901, for opening and extending Seventy-eighth street, from Narrows avenue to Stillwell avenue, in the Borough of Brooklyn, be and the same hereby are discontinued so far as they relate to that portion of said street occupied by the Brooklyn, Bath and West End Railroad Company.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING TWENTY-THIRD AVENUE, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 3d day of May, 1905, hereby amends pending proceedings for opening Twenty-third avenue, from West street to Sixty-fifth street, and from Stillwell avenue to Gravesend Bay, by excluding therefrom the land occupied by the Brooklyn, Bath and West End Railroad, the amended resolution to read as follows:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 3d day of May, 1905, hereby initiates proceedings to open Twenty-third avenue, from West street to Sixty-fifth street, and from Stillwell avenue to Gravesend Bay, excepting the land occupied by the Brooklyn, Bath and West End Railroad; and it is hereby

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
October 24, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on May 3, 1905, amending proceedings now pending for acquiring title to Twenty-third avenue, between West street and Sixty-fifth street, and between Stillwell avenue and Gravesend Bay, by excluding therefrom land occupied by the Brooklyn, Bath and West End Railroad.

Proceedings to acquire title to Twenty-third avenue, between the limits above named, including railroad lands, were authorized by the Board of Public Improvements on July 12, 1899, but by reason of the Railroad Law not having been complied with, no progress has been made in the matter, and the Commissioners of Estimate and Assessment have not been appointed. Attention was drawn to this proceeding in a report presented to the Board of Estimate and Apportionment on December 9, 1904, and the matter was referred to the President of the Borough for advice as to whether the proceeding should be discontinued or amended so as to exclude the railroad lands. The resolution now presented provides for correcting the defect in the original resolution by excluding lands occupied by the railroad, and the approval of the amendment is recommended. The street is laid out to have a width of 80 feet, except through that portion of its length between Cropsey avenue and New York Bay, where the width is 60 feet, and there are buildings within its lines. Under the terms of the original resolution the entire cost of the proceeding is placed upon the property benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, by the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 1000 of the Greater New York Charter, That the proceedings initiated by the Board of Public Improvements on July 12, 1899, for opening and extending Twenty-third avenue, from West street to Sixty-fifth street, and from Stillwell avenue to Gravesend Bay, in the Borough of Brooklyn, City of New York, be and the same hereby are discontinued so far as they relate to that portion of said street occupied by the Brooklyn, Bath and West End Railroad.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
October 24, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on June 7, 1905, initiating proceedings for acquiring title to Midwood street, between Nostrand and Kingston avenues.

This resolution affects a length of three blocks of Midwood street, which has been laid out upon the map of the City to have a width of 60 feet. A rough, unshaped wagon path is in use through almost the entire length of the street, and several small frame buildings have been erected upon the abutting property, one or more of which encroach upon the lines of the street.

I see no reason why this proceeding should not be authorized, and would recommend such action, the cost to be assessed upon the property benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Midwood street, from Nostrand avenue to Kingston avenue, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Midwood street, from Nostrand avenue to Kingston avenue, in the Borough of Brooklyn, City of New York;

Resolved, That the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
October 24, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on May 3, 1905, initiating proceedings to acquire title to Conway street, between Broadway and Norman place.

On March 3, 1905, a resolution providing for paving this block of Conway street was referred to the Corporation Counsel for an opinion as to the sufficiency of the dedication of the street, the lines being encroached upon by a building. The desired opinion was presented on April 14 last, in which it was held that no improvement could be made until after title to the full width of the street had been legally acquired. The resolution now presented follows the lines laid down by the Corporation Counsel. The street is laid out upon the map of the City to have a width of 70 feet, but in view of the undoubted dedication of almost the entire area to be acquired, the awards will probably be nominal, except for the building. I believe, therefore, that the entire cost of the proceeding may, without injustice, be assessed upon the property benefited.

Approval of the resolution is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Conway street, from Broadway to Norman place, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment and to take the necessary proceedings, in the name of The City of New York, to acquire title wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Conway street, from Broadway to Norman place, in the Borough of Brooklyn, City of New York.

Resolved, That the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 15, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on June 5, 1905, initiating proceedings for acquiring title to West Two Hundred and Twenty-ninth street, between Bailey avenue and Heath avenue.

This resolution affects the entire length of the street, or one block, and it is laid out to have a width of 60 feet. The street is not in use at the present time, nor are its lines marked in any way upon the ground. The land has been fenced off at the Bailey avenue end, and is generally several feet below the established grade.

The abutting property is unimproved, with the exception of an old barn located on the southerly side.

Approval of the resolution is recommended, the cost to be assessed upon the property benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 15, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment.

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on June 28, 1905, initiating proceedings for acquiring title to Central avenue, between Myrtle avenue and Proctor street.

This resolution affects the entire length of Central avenue, which was placed upon the map of the City in 1903. The street has a length of about one mile and includes twenty short blocks. The main outlet of this street is at Myrtle avenue, and the width is here fixed at 60 feet for a length of one block, while through the remainder of its length the width is 75 feet. Through the narrow section, however, the street adjoins the land of the Long Island Railroad, for which reason there should be no need for a sidewalk and courtyards, except on one side, so that, although the street is narrowed on the map, there is no need for a contraction in the width of the roadway. The average width of the street for its entire length is 74 feet.

A roughly shaped roadway is in use through the four blocks between Ridgewood place and Tompkins place, and several buildings have been erected upon the abutting property, the same including a public school at the corner of Olmsted place.

Through the block between Proctor street and McComb place, and through the five blocks between Tompkins place and Richard avenue a rough, unshaped roadway is in use, but the abutting property is practically unimproved. Through the remainder of the length of Central avenue the street is not in use at the present time, and the land is unimproved. Some of the buildings which have been erected encroached upon the land to be acquired, and I believe that a factory building on the northerly side of Kossuth place is almost wholly within the street lines.

The approval of this resolution is recommended, six per cent. of the costs to be placed upon the City and the remainder upon the property benefited, this relief from assessment recommended being based upon the rule established by the Board of Estimate and Apportionment in 1902.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Central avenue, from Myrtle avenue to Proctor street, as laid out on November 13, 1903, in the Borough of Queens, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings in the name of The City of New York to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Central avenue, from Myrtle avenue to Proctor street, as laid out on November 13, 1903, in the Borough of Queens, City of New York.

Resolved, That six per cent. of the cost and expense of said proceedings shall be borne and paid by The City of New York, and that the remainder thereof shall be assessed upon the property deemed to be benefited thereby.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 21, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment.

SIR—The accompanying resolution adopted by the Local Board of the Newtown District, Borough of Queens, on March 15, 1905, is designed to initiate proceedings "to

obtain the land necessary for the straightening of the lines of Highland Park, and for an addition thereto."

This action was not one which the Local Board could properly take, for the reason that this so-called addition to Highland Park had never been laid out on the map of the City, but inasmuch as the Board of Estimate and Apportionment has full and exclusive jurisdiction over the changing of the map of the City by the laying out of parks, etc., the Board can properly take the necessary steps to place this park on the map and can subsequently initiate proceedings to acquire title.

The description of the property contained in the first resolution was inaccurate, and a new description and plan were received on November 15. The proposed park is described as an addition to Highland Park. This is an inaccurate description, as it is not contiguous to Highland Park at any point, the lands and reservoir of what was formerly the Long Island Water Supply Company intervening. The Board of Estimate and Apportionment has already approved of an extension to Highland Park in the Borough of Brooklyn by adding thereto a strip lying between the park as originally laid out and Jamaica avenue, so that convenient access to the park, formerly lacking, is now supplied.

The proceedings of the Local Board were prompted by a petition setting forth the advantages of this extension of Highland Park, which petition is said to have been signed by Louis Beidermann, James Dean, Benjamin J. Donaldson and others. An examination of the records of the Department of Taxes and Assessments shows that the three petitioners whose names are given are all owners of land which would be taken. Whether or not this holds true as to the others whose names are not given, I am unable to state. From this fact it is quite evident that the movement in favor of this park originated with those whose property would be taken.

The petition states that "The lines of said park as at present laid out are irregular, and the most essential and interesting park land, i. e., the brow of the hill, is at present not included in the park. By this addition the park will become one of the prettiest and most interesting parks."

While the boundaries are somewhat vague, they are indicated by a cemetery on one side and well defined highways on all other sides except one. The addition which is proposed would, in my judgment, make the park not more, but less, symmetrical. The land which it is proposed to take contains a number of buildings, and its total assessed value, according to the tax-rolls for 1905 is \$65,800, of which \$46,800 is for land and the remainder for buildings.

The Board will probably desire to give a public hearing on this project, and I am sending a copy of this report to the Commissioner of Parks for the Boroughs of Brooklyn and Queens in order that he may submit his own report before this hearing is given.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out a public park in the Borough of Queens, City of New York, more particularly described as follows:

Beginning at a point formed by the intersection of the easterly side of Miller avenue with the northerly side of Highland Boulevard, and running thence northerly in a straight line through private property to Vermont street or the Conduit; thence westerly along said Vermont street or the Conduit to the land of the Long Island Water Supply Company or the land of The City of New York; thence southerly and along the line of said last mentioned land to the northerly side of Highland Boulevard; thence easterly and along the northerly side of Highland Boulevard to the point or place of beginning, the same being situated in the Second Ward of the Borough of Queens.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of January, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of January, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING THIRD STREET, QUEENS.

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented, and a hearing was fixed for January 26, 1906.

In the Local Board of the Newtown District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board, not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To legally open Third street, from Thompson avenue to Jackson avenue, in the Second Ward of the Borough of Queens, in accordance with the map as adopted by the Board of Estimate and Apportionment on November 13, 1903, or so much thereof as has not heretofore been legally opened; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 11th day of October, 1905.

Aldermen McCarthy and Koch and Joseph Cassidy, President of the Borough of Queens, voting in favor thereof.

President of the Borough of Queens.

REPORT No. 3451.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 15, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment.

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on October 11, 1905, initiating proceedings for acquiring title to Third street, between Thompson and Jackson avenues, in the Second Ward.

This resolution affects the entire length of Third street as laid out upon the map of the City in 1903, the same comprising a length of seven blocks, or about three-quarters of a mile. The street has a width of 60 feet. At the present time a roadway is in use at the Jackson avenue end, and between Riker and Woodside avenues several houses have been erected. Through the section adjoining Thompson avenue the street is not marked in any way upon the ground, and a few buildings encroach upon its lines. The street crosses the tracks of the Long Island Railroad.

I would recommend that the resolution be approved after due notification to the officials of the Long Island Railroad, and that application be made to the State Railroad Commission to determine the character of the crossing to be provided.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

VESTING TITLE TO PUBLIC PLACE AT ONE HUNDRED AND THIRTY-EIGHTH STREET AND BROADWAY, MANHATTAN.

The following communication from the President of the Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Washington Heights District.

Resolved, That the Board of Local Improvements of the Washington Heights District recommends to the Board of Estimate and Apportionment that title vest in the triangular plot of ground laid out as a public place, bounded by West One Hundred and Thirty-eighth street, Broadway and Hamilton place.

Adopted by the Local Board of the Washington Heights District on the 6th day of December, 1905, all of the members present voting in favor thereof.

Acting President, Borough of Manhattan.

REPORT No. 3461.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 23, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of December 6, 1905, the President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution adopted by the Local Board of the Washington Heights District, recommending that title to the triangular plot of ground laid out as a public place and bounded by West One Hundred and Thirty-eighth street, Broadway and Hamilton place, be vested in the City at once.

This triangular area was laid out by a resolution of the Board of Estimate and Apportionment, adopted on June 17, 1904, and on September 30, 1904, proceedings were instituted to acquire title. I am advised that the Commissioners of Estimate and Assessment appointed in this proceeding filed their oaths on December 22, 1904, and there is therefore no legal obstacle to the vesting of title at any time. The area is small and is now inclosed with a high board fence. I have asked the Commissioner of Parks whether or not he was prepared to assume the care of this area, and improve it as a park if title were taken at once, and he has advised me that a recent examination of the ground shows that it is in much better condition than he had anticipated, that it is practically at grade, and that there is no reason why the fence surrounding the property should not be removed at once and the area thrown open to the public, although its final improvement cannot be undertaken immediately.

In view of these circumstances I see no reason why the City should not take title, and would recommend the adoption of a resolution providing for the vesting of title in the City on January 10, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, the Board of Estimate and Apportionment, on the 30th day of September, 1904, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the public place bounded by West One Hundred and Thirty-eighth street, Broadway and Hamilton place, in the Borough of Manhattan, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said public place, and the oaths of said Commissioners of Estimate and Assessment were duly filed, as required by law, on the 22d day of December, 1904; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 10th day of January, 1906, the title to each and every piece or parcel of land lying within the lines of said public place bounded by West One Hundred and Thirty-eighth street, Broadway and Hamilton place, in the Borough of Manhattan, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CLOSING TWENTY-SIXTH AVENUE, BROOKLYN.

The President of the Borough of Brooklyn moved to take up the matter of closing Twenty-sixth avenue, from Centre place to the bulkhead line, in the Borough of Brooklyn, which was referred to him at the meeting of December 18, and the following resolutions were adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by striking therefrom Twenty-sixth avenue, from Centre place southwesterly to the bulkhead line of Gravesend Bay, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the northwestern line of Twenty-sixth avenue, as the same is laid down on the map of the City, with the southern line of an old road known as Centre place;

1. Thence extending southwesterly along the northwestern line of Twenty-sixth avenue aforesaid for about 928 feet to the bulkhead line as laid down by the Kings County Town Survey Commission;

The southeastern line of Twenty-sixth avenue is 80 feet easterly from and parallel to the aforesaid northwestern line of Twenty-sixth avenue, and extends from the southern line of Centre place aforesaid for a distance of about 933 feet to the bulkhead line aforesaid.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of January, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of January, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

GRADING BAY RIDGE PARKWAY, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 27th day of September, 1905, hereby initiates proceedings to regulate, set or reset curb on Bay Ridge parkway, from Fifth avenue to Seventh avenue; lay brick gutter from Shore road to First avenue, and from Fifth avenue to Seventh avenue; and to lay cement sidewalks, where not already laid, between Shore road and Seventh avenue; also

Resolved, That the Local Board of the Bay Ridge District hereby recommends to the Board of Estimate and Apportionment that it assume, on behalf of The City of New York, such an amount of the expense of the aforesaid improvement as would be fair and equitable to the property owners, in view of the fact that part of the property has been taken by the City to make this thoroughfare a parkway, to be under the jurisdiction of and improved by the Park Department of The City of New York; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 27th day of September, 1905.

President Littleton and Aldermen Malone and Lundy voting in favor thereof.

REPORT No. 3358.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
November 2, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a resolution adopted by the Local Board of the Bay Ridge District, Borough of Brooklyn, on September 27, 1905, providing for regulating, grading and curbing Bay Ridge parkway, from Fifth avenue to Seventh avenue, for laying brick gutters on the same street, from Shore road to First avenue, and from Fifth avenue to Seventh avenue, and for laying cement sidewalks where not already laid between Shore road and Seventh avenue. The resolution further recommends to the Board of Estimate and Apportionment that the City bear such an amount as would be fair to the property owners in view of the fact that part of the property has been taken to make this thoroughfare a parkway under the jurisdiction of the Park Department of The City of New York.

This is one of three resolutions affecting Bay Ridge parkway, which were adopted on September 27, another resolution providing for macadamizing this street, between Shore road and First avenue, and between Second and Seventh avenues, and still another for paving with asphalt, between First and Second avenues. All of them contain the recommendation that the Board assume for the City a proper portion of the cost of the improvement.

The name Bay Ridge parkway is evidently intended to apply to Seventy-fifth street, this name having been put in parentheses after Bay Ridge parkway in the report of the Superintendent of Sewers attached to the resolution, although most of the maps of the City indicate that Bay Ridge parkway is the connection between Fort Hamilton avenue and the Shore road, lying between Sixty-sixth and Sixty-seventh streets, and probably including these two streets. In a report addressed to the Board of Estimate and Apportionment, on December 20, 1904, by the Commissioner of Parks for the Boroughs of Brooklyn and Queens, the Bay Ridge parkway is described as identical with the Shore road, and includes its connection with Fort Hamilton avenue, between Sixty-sixth and Sixty-seventh streets. The petition attached to the resolution describes the street as "Bay Ridge parkway, also known as Seventy-fifth street." I think there is little doubt as to the intent of the resolution, but the description is certainly indefinite. The report of the Commissioner of Parks of December 20, 1904, already referred to, enumerates the different streets under the control of the Park Department, and concerning Seventy-fifth street he says:

"This street, when paved and graded from Fort Hamilton avenue to New York Bay, which has a length of 6,600 feet and a width of 100 feet, will become a parkway and be under the jurisdiction of this Department. At present the Department exercises no control over it whatever."

I think there is a question as to the power of the Board to authorize the curbing and paving of this street and the laying of sidewalks as an assessable improvement. The report of the Chief Engineer of Highways attached to the resolution expresses doubt as to whether an assessment could be levied against the property, and suggests that the advice of the Corporation Counsel be obtained before the adoption of the resolution, but this does not appear to have been done. Several years ago the laying of cement sidewalks on both sides of Fort Hamilton avenue was authorized by the Board of Public Improvements as an assessable improvement, and the work was carried out. Property owners, however, contested the assessment, and I am quite positive they were successful in defeating it on the ground that this was one of the streets within the jurisdiction of the Department of Parks, and that it should therefore have been improved by that Department and without assessment upon the abutting property. It appears unfair that owners of property on any one street should be entirely relieved of the expense of improving that street and even of laying a sidewalk, because that street, by an act of the Legislature, has been placed under the control of the Department of Parks, while their neighbors, who front upon other streets, must bear the full cost of their improvement. There are a number of other streets in the Borough of Brooklyn which have been placed arbitrarily under the jurisdiction and control of the Department of Parks for no apparent reason other than that owners of property along these streets succeeded in securing legislation to this effect, with the express purpose of having the streets improved at the expense of the City at large. They are in no sense boulevards, and are not a logical part of the park system of the City. I believe that Seventy-fifth street is in this class.

Before considering this resolution I would recommend that the Corporation Counsel be asked for advice as to whether assessments for sewers, curbing, paving, sidewalk improvements, or any other improvements in Seventy-fifth street can be levied upon the property benefited by such improvements. I believe that it would be wise to endeavor to secure legislation taking streets of this kind from the control of the Department of Parks and placing them under the control of the Borough President, in order that they may be treated in the same manner as are other streets of the same character. I would therefore recommend that the Commissioner of Parks for the Boroughs of Brooklyn and Queens be requested to advise the Board which, if any, of the streets named in his report of December 20, 1904, he would be willing to have transferred from his Department to the President of the Borough. The other reso-

lutions affecting this street will be held until a decision has been reached as to the disposition of the one now presented.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The Commissioner of Parks for the Borough of Brooklyn presented the following communication from the Corporation Counsel, which was placed on file:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, January 11, 1903.

Hon. MICHAEL KENNEDY, Commissioner of Parks:

SIR—A communication bearing date December 12, 1903, from the former Park Commissioner, Hon. Richard Young, addressed to my predecessor in office, Mr. Rives, has been received by the Law Department.

In it is stated that Seventy-fifth street, from Fort Hamilton avenue to the bay, "has been laid out and graded, but has not been curbed or paved, and a part of it has not been physically opened," and the question is asked "if this work should be done by and at the expense of the Department of Parks?"

Chapter 665 of the Laws of 1892 reads in part as follows:

"Section 2. After the highway laid out upon the map of the town survey of Kings County, which map is duly filed in the office of the Register of the County of Kings and known as Seventy-fifth street, and extending from Twenty-second avenue, in the Town of New Utrecht, to low-water mark at New York Bay, shall have been duly opened, graded and constructed in accordance with the provisions of the statute in such case made and provided, the said highway as so opened, graded and constructed shall be under the exclusive charge and management of the Park Commissioner of the City of Brooklyn, and shall be known as Bay Ridge parkway * * * Its subsequent maintenance shall be a charge upon the City of Brooklyn."

The Town of New Utrecht was annexed to the former City of Brooklyn in pursuance of chapter 451 of the Laws of 1894. Section 1 of said act provided that the various officials of said city should have, over the annexed district, similar jurisdiction to that exercised by them over the City of Brooklyn as theretofore existing.

The various provisions of the Greater New York Charter do not extend the jurisdiction of the Park Department over the highways in question. Such jurisdiction as said department may have (if any) in said street must be found in chapter 665 of the Laws of 1892, heretofore quoted.

I am of opinion that the language of said chapter evidences a legislative intent that the opening, grading and construction of said Seventy-fifth street were to be done by the former Town of New Utrecht; that being a part of the general scheme of highways of said town, and appearing upon an existing map, made in contemplation of town purposes, without reference to any park use by the City of Brooklyn, the legislature intended that the town should carry out the work, and that after its completion the Park Department should have jurisdiction. This interpretation seems to be borne out by the language: "Its subsequent maintenance shall be a charge upon the City of Brooklyn."

Under this view the work of opening, grading and constructing said highway devolves upon the borough officials, and, through the several acts of annexation and consolidation, have succeeded to the duties of the town officials.

Respectfully,

JOHN J. DELANY, Corporation Counsel.

DRAINAGE PLAN, SEWERAGE DISTRICT 33-G-4, THE BRONX.

The following communication from the President of the Borough of The Bronx and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
NEW YORK, August 4, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith for the approval of the Board of Estimate and Apportionment, black print of modified plan of drainage showing location, sizes and grades of sewers in Sewerage District No. 33-G-4, made necessary on account of the amendment of the final maps by the filing of East One Hundred and Ninety-seventh street (a new street), between Bainbridge avenue and Creston avenue.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

REPORT No. 3463.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 23, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of The Bronx, bearing date of August 4, 1905, requesting the approval of a map showing modification in the drainage plans of Sewerage District 33-G-4.

This modification consists of the laying out on the drainage map of a sewer for East One Hundred and Ninety-seventh street, between Creston avenue and Bainbridge avenue. The street was placed upon the map of the City on September 30, 1904, but up to the present time no arrangement has been made for the provision of a sewer.

The plan proposed seems to be a proper one, and its approval is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the map submitted by the President of the Borough of The Bronx, showing a modification in the drainage plans of Sewerage District 33-G-4.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

DRAINAGE PLAN FOR DISTRICT 42-U, THE BRONX.

The following communication from the President of the Borough of The Bronx and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
NEW YORK, July 14, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith for the approval of the Board of Estimate and Apportionment, black print of modified plan of drainage for Sewerage District 42-U. The need for this modified drainage plan arises from the fact that Mohegan avenue and Waterloo place, between East One Hundred and Seventy-fifth street and East One Hundred and Seventy-sixth street, as shown on said plan, were recently placed upon the final maps; therefore the necessity for providing sewerage facilities for these new streets.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

REPORT No. 3464.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 23, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of The Bronx, bearing date of July 14, 1905, requesting the approval of the change in the drainage map of Sewerage District 42-U.

This plan provides for laying out sewers in Mohegan avenue, and in Waterloo place, between East One Hundred and Seventy-fifth and East One Hundred and

Seventy-sixth streets. Both of these streets have been in use for a great many years, but were not recognized on the official map of the City until this year.

The plan proposed seems to be a proper one, and its approval is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the map submitted by the President of the Borough of The Bronx, showing modified plan of drainage for Sewerage District 42-U.

DRAINAGE PLANS FOR DISTRICTS 44-X AND 45-Y, BROOKLYN.

The following report of the Chief Engineer was presented, and, on motion of the President of the Borough of Brooklyn, the matter was laid over:

REPORT No. 3466.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 23, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—With the accompanying letter, dated November 22, 1905, the Commissioner of Public Works of the Borough of Brooklyn, through his Secretary, has submitted to the Board a map in two plates, designated as Plate A and Plate B, amending Map X, District 44, and Map Y, District 45, of the drainage plans of the Borough of Brooklyn, and he asks that these maps be approved by the Board of Estimate and Apportionment, as required by the Charter. Several requests have been received for the prompt approval of these plans.

The amendment proposed by these plans is a radical one and involves a change in the method of disposing of the sewage of two large districts having an aggregate area of some 5,000 acres lying partly in the Twenty-sixth, Twenty-ninth and Thirty-second Wards of the Borough. The drainage plans for Map X, District 44, and Map Y, District 45, approved by the Board of Public Improvements on February 1, 1899, provided that the drainage of the territory covered by Map X should be taken by gravity to a point near the head of Fresh creek, where provision would be made for the overflow of storm water into that creek, while the dry weather flow would be taken through the Hegeman avenue sewer to the disposal plant now located in the Twenty-sixth Ward on the meadows near the foot of Hendrix street. The drainage from the territory covered by Map Y was to be conducted to the Paerdegat Basin at about the intersection of Ralph avenue and Flatlands avenue, where provision would be made for the overflow of the storm water into the basin, and the dry weather flow would be pumped through a force-main into the main sewer of Map X, about at Avenue C and Ralph avenue, whence it would flow by gravity through the territory covered by Map Y with the sewage from that district to the Hendrix street disposal plant. When the Local Board of this district had under consideration resolutions for the construction of sewers according to this plan, the residents of East New York and the members of the Local Board of the Bushwick District strongly objected to the introduction of the sewage from the two districts under consideration into the system of sewers, and the disposal plant, which had been built at the expense of the property owners of the Twenty-sixth Ward, formerly the Town of New Lots. I am advised by the Commissioner of Public Works and the members of his staff that the proposed amendment to the plans will overcome almost entirely the objection raised by the people of the Twenty-sixth Ward, and that at the same time the modified plans will be much simpler and more economical. It is pointed out that the entire dry weather sewage of District 45, Map Y, would, under the old plans, be pumped twice, once from Paerdegat Basin into the mains of District 44, Map X, and again at the sewage disposal plant. It is also stated by them that a considerable portion of the dry weather sewage from the territory covered by Map X, District 44, was, under the old plans, to be conducted to Paerdegat Basin, and there lifted by pumping backward into the main, accommodating the remainder of this district, thence reaching the disposal plant by gravity. This, however, the Engineer of Sewers of the borough says, is not the case, only the dry weather flow from District 45, Map Y, being pumped twice. It has further been stated by the advocates of the amended plans that the grade of the main sewer between Fresh creek and the present Hegeman avenue sewer is so light that under normal conditions a considerable portion of the dry weather flow will back up and discharge into Fresh creek. It is further claimed that the Hendrix street disposal plant was designed to accommodate from one and a half to two million gallons of sewage, and that there is now forced through it some nine million gallons daily, with the result that the treatment has little, if any, effect upon the crude sewage, and that Dr. Lederle, the former Commissioner of Health, stated, after an examination of this plant, that the only way in which he could detect the difference between the crude sewage and the effluent of the disposal plant was by the labels on the bottles of his samples.

The amendment now proposed consists in the diversion of all the drainage of both these districts to the Paerdegat Basin, with the exception of a limited area of some 200 acres immediately adjacent to the Twenty-sixth Ward, which it is proposed to conduct to Fresh creek and thence to the Hendrix street plant. Into the Paerdegat Basin the storm water will overflow, while the dry weather sewage from both the districts, with the exception above noted, will be pumped through a force-main along Avenue H and Flatbush avenue to Foster avenue, where it will be taken into the large main passing through Foster avenue, Sixtieth street, etc., to the outlet at the foot of Sixty-fourth street, where it can be discharged into New York Bay without treatment. While the lift under the amended plan is greater and the force-main will be longer, it is stated that the cost of pumping plants, mains, etc., under the amended plan will be some \$200,000 less than under the old plan, this difference being due to a material reduction in the size of the main sewers.

It will be noticed that the plans submitted for adoption do not contain the approval of the Engineer of Sewers for the Borough of Brooklyn, there having been a controversy as to the wisdom of the change, which fact, it is believed, makes it incumbent upon your Engineer to describe the present plans and the amendment more fully than would be done under ordinary circumstances. The Engineer of the Bureau of Sewers will admit that the treatment of the sewage now flowing into Jamaica Bay from Hendrix street plant is not effective in preventing pollution, but maintains that this plant was originally designed to accommodate 20,000,000 gallons of sewage daily; that the pumping capacity for this amount has already been provided, and that a larger amount than now passes through it can be cared for by an enlargement of the plant and the building of additional basins, which was originally intended, and to provide for this extension the City has already purchased a strip of land 300 feet in width, extending from the disposal plant to Jamaica Bay. The approval of the present plans is strongly urged in order that a district of the Twenty-sixth Ward which is developing very rapidly may secure its sewers without further delay, and the amendments indicated on Plate 1, and which relate to Map X, District 44, are confined almost wholly to this territory.

The design of a system of sewerage for the enormous areas of the outlying wards of the Borough of Brooklyn presents very unusual difficulties, and the Chief Engineer of Sewers advises me that the old design was prepared with a view of meeting conditions which will exist when this entire territory is built up; that it was thought that the further discharge of sewage into Jamaica Bay would be unwise and improper, and that it would ultimately be conducted across the bay and into the Atlantic Ocean, while to conduct the dry weather flow from this enormous area into New York Bay through the large main sewers recently built would result in a pollution of the Bay which would be most objectionable. The amendments proposed would certainly seem to result in marked economy in the immediate future. They would avoid the necessity of treatment of the sewage, which is expensive and unsatisfactory, and it is probable that for some years the pollution of New York Bay would not be serious. The problem is so complex and so important to The City of New York that, in my judgment, it should receive the most careful consideration by a commission of experts created for the purpose. The City has already paid dearly for inadequate provision for the drainage of Brooklyn. Millions of dollars have been expended in relief sewers, and the Board has already committed itself to the expenditure of millions in addition, and yet the Sewer Engineers admit that they have not sufficient data to enable them to design with confidence plans

for the relief which is now needed. The sum which would be expended for the cost of a commission to make a thorough investigation of the present sewer system of the Borough of Brooklyn and of the plans now under consideration for relieving the old portions of the borough and those which have been adopted for the drainage of the outlying territory, would be a wise investment.

I have repeatedly called attention to the serious difficulties presented in the drainage of the Borough of Queens. No general and consistent plan for caring for the sewage of the different centres of population in this borough has yet been thought out. The City is authorizing large expenditures for systems involving the use of purification plants, which, it has been amply demonstrated, do not purify. There is no uniformity in the method of sewer design in the various boroughs. The Borough of Manhattan is doubtless in a class by itself. The drainage problems in this borough are simplified by its enormous water front, and the property is of such great value that the Borough President is justified in planning sewers of sufficient capacity to meet any possible contingency, and this, as I understand it, is being done. A special investigation is now in progress in the Borough of The Bronx, and an additional appropriation has recently been made for that purpose.

If the Board approves of the appointment of a Commission such as has been suggested, I believe that this Commission should be instructed to examine and report upon the methods of sewer design now followed in the Boroughs of Brooklyn, Queens and Richmond; that a careful examination be made of the topography of these boroughs, and that recommendations be made by the Commission for a general plan for the drainage and disposal of the sewage of each borough. It would, in my judgment, be wise to have a Commission of three engineers appointed for this purpose.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

DRAINAGE MAPS FOR FOURTH WARD, QUEENS.

The following communication from the office of the President of the Borough of Queens and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS,
LONG ISLAND CITY, December 20, 1905.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Kindly have the inclosed resolution providing for the adoption of Maps Nos. 1 and 2, as drainage maps of the Fourth Ward of the Borough of Queens, placed on the calendar for Friday's meeting of the Board of Estimate and Apportionment, and by so doing oblige,

Yours respectfully,

GEO. S. JERVIS, Secretary to President.

REPORT NO. 3469.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 28, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of December 20, 1905, the President of the Borough of Queens, through his Secretary, has transmitted to the Board of Estimate and Apportionment two plans establishing Drainage Districts Nos. 1 and 2 of the Fourth Ward, Borough of Queens, with accompanying resolutions providing for the approval of these plans.

This action is the result of several conferences which your Engineer has had with the Consulting Engineer of the Borough concerning the action which should be taken to permit of the levying of an assessment to meet the cost of the sewage disposal plant erected some time ago south of the Village of Jamaica. A sewerage system for the former Village of Jamaica was built previous to consolidation, and the expense was met from the issue of town bonds. Subsequently, the Board of Public Improvements authorized the construction of a sewage disposal plant to treat the sewage from this district before discharging it into Jamaica Bay. As I understand it, the expense of this plant was paid from the Street Improvement Fund with the idea that the amount should be levied upon the drainage district as an assessment. This drainage district comprises not only the former Town of Jamaica, in which the sewers have been built, but also the entire section lying between the Town of Jamaica and the Brooklyn Borough line, which was included in the map of the Woodhaven and Morris Park sections recently adopted by the Board of Estimate and Apportionment. In order to prepare the way for the levying of this assessment it was suggested that plans laying out sewerage districts be submitted to the Board of Estimate and Apportionment for its approval, and this has been done. This course seems to me the proper one under the circumstances, and it is recommended that the plans which are designated as plans for districts 1 and 2 be approved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment do hereby approve of and adopt Map No. 1 of the Fourth Ward of the Borough of Queens as drainage map for the said ward of the borough aforementioned, bounded and described as follows:

On the north by the boundary line between the Third Ward (formerly the Town of Flushing) and the Village of Jamaica, on the east by the easterly line of the former Village of Jamaica, on the south by the southerly line of the former Village of Jamaica, and on the west by VanWyck avenue, Newtown road, and the boundary line between the Second Ward (formerly the Town of Newtown) and the Village of Jamaica.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Resolved, That the Board of Estimate and Apportionment do hereby approve of and adopt Map No. 2 of the Fourth Ward of the Borough of Queens as drainage map for the said ward of the borough aforementioned, bounded and described as follows:

On the north by the Second Ward, Myrtle avenue, St. Ann's avenue, Brevoort street and Metropolitan avenue, on the east by VanWyck avenue and Ocean avenue, on the south by Liberty avenue and Sutter avenue, and on the west by the Brooklyn Borough line.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

IMPROVING STREETS AT FORT GEORGE, STATEN ISLAND.

The following resolution of the Local Board of Staten Island, Borough of Richmond, was presented, and, on motion of the Comptroller, the matter was referred back to the President of the Borough:

In the Local Board of the Staten Island District, Borough of Richmond.

Whereas, The Board of Estimate and Apportionment, on the 29th day of May, 1903, initiated proceedings for the St. George Ferry approach street improvement; and Whereas, In the form of a communication from the Board of Estimate and Apportionment, bearing date the 17th day of November, 1905, a petition for the full physical improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby approve of the initiation of proceedings for the said local improvement, to wit:

For improvement of the streets within the "St. George Ferry approach plan," extending from Hannah street on the south to the intersection of Stuyvesant place and Jay street with Richmond terrace on the north, namely: South street, Jay street, Hyatt street, Stuyvesant place to Weiner place, extension of Stuyvesant place to Griffin street, and the widening of Griffin street, the work to consist in general of building retaining walls, with their copings and railings; regulating and grading, paving, constructing sidewalks, curbing, turfing, planting trees, setting of street lamps, culverts, and all other necessary features in connection with carrying out the work outlined; be it further

Resolved, That this Board recommends that the entire cost and expense of the above improvement shall be borne and paid by The City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Staten Island District on the 12th day of December, 1905.

Alderman Collins, Alderman Shea and President Cromwell being present and voting in favor thereof.

MAYBURY FLEMING, Secretary.

Approved this 12th day of December, 1905.

GEORGE CROMWELL,

President of the Borough of Richmond.

FRIDAY, JANUARY 12, 1906,

FOR FURNISHING AND DELIVERING WHITE ASH ANTHRACITE COAL, AS REQUIRED, TO THE DEPARTMENT STEAMBOATS, IN THEIR BUNKERS, AS DIRECTED, THE PLACE FOR COALING TO BE LOCATED ALONG THEIR ROUTES BETWEEN THE FOOT OF EAST SIXTEENTH STREET, BOROUGH OF MANHATTAN, AND NORTH BROTHER ISLAND, BOROUGH OF THE BRONX, THE CITY OF NEW YORK, OR AT DOCKS WITHIN A RADIUS OF TWO MILES OF THE TERMINAL POINTS, DURING THE YEAR 1906.

The Department steamboats ply daily between North Brother Island, Borough of The Bronx, and the foot of East Sixteenth street, Borough of Manhattan. They will call at the dock of the Contractor daily, or as often as necessary, to receive such coal as is required to keep their bunkers well supplied. The dock of the Contractor must be located along the routes of the steamboats, or within a radius of two miles from either terminal. The dock of the Contractor must be a regularly equipped coal dock, fitted with machinery for handling coal and for loading the same into boats quickly and to the satisfaction of the Department. Such apparatus should be in the nature of a chute to be lowered into the steamboats' bunkers, through which the coal can be rapidly passed, or must be of some other modern type satisfactory to the Department. Provision must be made at the dock to coal the boats upon demand without any unnecessary or unreasonable delay. Notice will be given the Contractor by telephone, at least one hour before a boat arrives at the Contractor's dock, that it will require coal at some given hour; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The time for the completion of the work and the full performance of the contract is during the year 1906.

CITY OF NEW YORK.

BOARD OF ESTIMATE AND APPORTIONMENT.

A MEETING OF THE BOARD OF Estimate and Apportionment, held December 15, 1905, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, New York and Port Chester Railroad Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate its railroad across certain streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, The Mayor has, in pursuance of such laws, designated "New York Times" and "New York Daily News" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to New York and Port Chester Railroad Company and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record and at least twice in "The New York Times" and "The New York Daily News," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board;

Now, therefore, it is Resolved, That the following form of the resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

"Resolved, That the Board of Estimate and Apportionment hereby grants to New York and Port Chester Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 190 , by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and New York and Port Chester Railroad Company, a domestic railroad corporation of the State of New York, hereinafter called the Railroad Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Railroad Company, subject to the conditions and provisions hereinafter set forth, the right to cross certain streets and highways hereinafter described, and the right and privilege to construct, maintain and operate a railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railroad, by means of electricity, or by any other mechanical motive power which may be lawfully employed upon the same, except steam locomotive power, in, upon and across the following-named streets, avenues, parkways, highways and public places, and upon the following route, all situate in the Borough of The Bronx, City, County and State of New York, namely:

Main Line—Beginning at a point at or near the intersection of Southern Boulevard and Willis avenue, in the Borough of The Bronx, and running thence easterly between One Hundred and Thirty-fourth street and Southern Boulevard, crossing Brown place to Brook avenue; thence crossing Brook avenue and thence crossing the

Southern Boulevard, between St. Ann's avenue and Brown place; thence crossing St. Ann's avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence easterly and northeasterly, between Southern Boulevard and One Hundred and Thirty-second street to Cypress avenue; thence crossing Cypress avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence between Cypress avenue and Willow avenue to One Hundred and Thirty-fourth street; thence crossing One Hundred and Thirty-fourth street to One Hundred and Thirty-fifth street; thence between Willow avenue and Southern Boulevard, crossing One Hundred and Thirty-fifth street, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street to Willow avenue; thence crossing Willow avenue and crossing One Hundred and Thirty-eighth street, at or near its intersection with Willow avenue, to One Hundred and Thirty-ninth street; thence crossing One Hundred and Thirty-ninth street and One Hundred and Fortieth street, between Southern Boulevard and the tracks of the New York, New Haven and Hartford Railroad to One Hundred and Forty-first street; thence crossing One Hundred and Forty-first street, and thence crossing and along Southern Boulevard and Whitlock avenue, at or near their junction between One Hundred and Forty-first street and One Hundred and Forty-second street; thence crossing St. Joseph's street, between Whitlock avenue and Austin place; thence crossing One Hundred and Forty-ninth street, between Austin place and Whitlock avenue to Austin place; thence crossing Austin place, between Whitlock avenue and Timpon place to Timpon place; thence between Whitlock avenue and Southern Boulevard, and crossing Timpon place, Leggett avenue, East One Hundred and Fifty-sixth street, Craven street, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoe street, Faile street, Bryant street, Longfellow street, Aldus street, Whittier street, to Guttenberg street; thence between Whitlock avenue and Longfellow street, crossing Guttenberg street and Westchester avenue to and crossing Home street; thence crossing Freeman street, Boone street, Edgewater road, West Farms road and Jennings street; thence crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, between West Farms road and Boone street; thence along and across Boone street to One Hundred and Seventy-sixth street; thence between West Farms road and Longfellow street, crossing One Hundred and Seventy-sixth street and Rodman place to West Farms road; thence along and across West Farms road to and across East One Hundred and Seventy-seventh street to Tremont avenue; thence to and across Bronx street to the Bronx river; thence crossing East One Hundred and Seventy-ninth street and Lebanon street, between Bronx Park avenue and Bronx river; thence along and across East One Hundred and Eightieth street and Bronx Park avenue at or near their intersection; thence to and across the northerly branch of West Farms road or Adams street, between Morris Park avenue and the easterly line of Bronx Park; thence to and across Unionport road, an unnamed street, or another branch of Unionport road, Victor street, Washington street, or White Plains road, Louise street, Lincoln street, Jefferson street, Madison street and Bear Swamp road or Bronxdale avenue to Williamsbridge road; thence crossing Williamsbridge road approximately 2,400 feet southeast of Bronx and Pelham parkway to Bronx and Pelham parkway; thence crossing Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Corsa lane, between Boston Post road and Saw Mill lane to Boston Post road; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line, being the route shown on maps entitled "Survey Maps and Profiles of the line or route of the railroad of the New York and Port Chester Railroad Company, in the County of New York, State of New York," adopted by the Board of Directors of said Company on the 8th day of February, 1904, and signed by W. C. Gotshall, President; W. C. Gotshall, Chief Engineer, and Francis Blanchard, Secretary, under seal and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 6th day of May, 1904, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Branch Line—Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike, or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road, near its intersection with the Southern turnpike, or Westchester avenue, being the route shown on a map entitled "Map and profile of branch line extending from main line (Bronx Park) to Clason's Point, New York City," forming part of the maps filed with the County Clerk of the City and County of New York, referred to in the preceding paragraph, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or their successors in authority. The "Survey Map and Profiles" are hereinafter referred to solely for the purpose of indicating the route of the railroad and not the profile thereof.

General—And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered, in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railroad to cross, in order to make connections with any other railway within two thousand (2,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections; and provided, further, that such connections shall be limited to two (2) in number.

Section 2. The grant of this privilege is subject to the following conditions:

1. The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the Railroad Company to file with the Comptroller of The City of New York a map or maps showing the number of tracks and length of same, including crossovers, switches, turnouts, sidings and stands within the present limits of The City of New York, such lengths to be accurately determined by measurements to be taken after the commencement of the operation of any portion of the railroad within the present limits of The City of New York.

2. The said right to cross the streets and the privilege to construct and operate said railroad shall be held and enjoyed by said Railroad Company, its lessee or successors, for the term of twenty-five years from the date when this con-

tract is signed by the parties hereto, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. In the determination of the said revaluation may be considered and included the extension of the provisions of this agreement contained in the paragraphs numbered 7 and 8 herein, and the payment of the costs and expenses therein provided for by the Railroad Company, or otherwise.

If the Railroad Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Railroad Company and the Board of Estimate and Apportionment or such other authority in its place. If the Railroad Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the Railroad Company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Railroad Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Comptroller or his successor in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Railroad Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Railroad Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

3. Upon the termination of this grant, if it be not renewed, or, in case of a renewal thereof, upon the termination of such renewal, all rights and privileges hereby granted to cross the said streets shall cease and determine, unless the said Railroad Company, its successors or assigns, shall have previously procured a new grant for the same from The City of New York.

4. The Railroad Company, its successors or assigns, shall pay to The City of New York, for the rights and privileges hereby granted, the following sums of money:

During the first five years commencing from the day when this contract is signed, an annual sum of eight thousand dollars (\$8,000), and during the next succeeding five years an annual sum of thirteen thousand dollars (\$13,000), and during the next succeeding fifteen years an annual sum of thirty-five thousand dollars (\$35,000).

From the date of the commencement of the operation of any portion of the railroad until the end of the first five years of this grant, an additional sum of five and four-tenths cents per linear foot per annum of single track, including all crossovers, switches, turnouts, sidings and stands, within the present boundaries of The City of New York, and for the next succeeding five years an additional sum of seven and seven-tenths cents per linear foot per annum of single track, as aforesaid, in lieu of said sum of five and four-tenths cents, and for the next succeeding fifteen years an additional sum of twenty cents per linear foot per annum, as aforesaid, in lieu of said sum of seven and seven-tenths cents.

All such payments shall be made to the Comptroller of the City, in equal payments at the end of each quarter year, on the first day of January, April, July and October of each year. Any and all payments to be made by the terms of this contract to The City of New York by the Railroad Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

5. The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

6. The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Port Chester Railroad Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, and the

granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage nor to a sale under foreclosure, provided that no sale under foreclosure shall be made to any person or corporation owning, operating or controlling any other railroad in The City of New York.

7. The grade of the railroad has not yet been established. Profile maps definitely showing such grade within the present limits of The City of New York shall be filed with the Board of Estimate and Apportionment by the Railroad Company before beginning the construction of its railroad within the present limits of The City of New York. A duplicate thereof shall at the same time be filed with the Board of Rapid Transit Railroad Commissioners of The City of New York. The Board of Estimate and Apportionment, after a public hearing, of which ten days' notice shall be given by publication, shall then approve or disapprove the said profile map and grades, and upon the Board approving the same the Railroad Company may thereupon proceed with the construction of its railroad within the present limits of The City of New York.

If said Board disapproves the same it shall within 30 days after said hearing prescribe such changes in said map as it may deem necessary.

Within the present limits of The City of New York no street or railroad shall be crossed by the railroad at grade, and no existing park or parkway shall be crossed by the railroad at or above the grade of said park or parkway. All streets now open or in use and streets hereafter opened within the present limits of The City of New York, crossing the line of the railroad, shall be carried over or under the said railroad by the Railroad Company, at the sole cost and expense of the Railroad Company. The cost of all changes in grades of all approaches to such crossings within the present limits of The City of New York shall likewise be borne and paid by the Railroad Company, and The City of New York assumes no liability for any damages to property injured thereby, or by said railroad crossings, or any damages to property along the line of said railroad or contiguous thereto, caused by reason of the construction or operation of the said railroad, and the Railroad Company hereby agrees to indemnify and save harmless The City of New York and from all such liability.

The City shall have the right at any time it so desires to open across the route of the Railroad Company within the present limits of The City of New York any new streets other than those now open or in use, and the Railroad Company hereby gives its consent to said opening.

8. Within the present limits of The City of New York all viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed and maintained at the expense of the Railroad Company. All viaducts over streets within the present limits of The City of New York shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the center and ten feet in the clear on the building or side line of said street, and in the case of tunnel construction under a street there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

9. Within the present limits of The City of New York any superstructure of the railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved by the Board of Estimate and Apportionment. The width of such superstructure of the railroad shall not exceed sixty (60) feet when measured over all.

10. The plans for all structures over or under any street within the present limits of The City of New York must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of steel, concrete or masonry, or a combination of these materials. Such structures over streets shall be floored and shall be water-tight.

11. The railroad shall be constructed in the most modern and approved manner of railroad construction. Unless otherwise authorized by the Board of Estimate and Apportionment, the roadbed shall be ballasted throughout its entire length within the present limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast. The Board of Estimate and Apportionment may, however, at any time require a portion of the road not theretofore ballasted to be ballasted.

12. The roadbed within the limits of The City of New York as now fixed or hereafter extended shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. Should, however, watering the roadbed in any way injure electric line equipment which has been approved by the Board of Estimate and Apportionment, or its successors in authority, then other means of preventing dust shall be used, which shall be first approved by the Board of Estimate and Apportionment. For any failure to comply with the foregoing, the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day.

13. The entire right of way of the company within the present limits of The City of New York, except at stations, shall be fenced throughout.

14. Within the present limits of The City of New York, all abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company.

15. There shall be constructed along the line of the route of the main line of the railroad as proposed, for the accommodation of local passenger traffic, at least six stations between the Harlem river and the Bronx river, at least six stations between the Bronx river and the northern line of The City of New York, as now fixed. On the branch line there shall be constructed at least three stations east of Morris Park avenue, unless otherwise authorized by the Board of Estimate and Apportionment.

16. Said railroad may be operated by electric power or by any other mechanical motive power, which may be lawfully employed upon the same, except locomotive steam power. If electrical power is used, the Railroad Company shall, before the commencement of any of the construction of the electrical line equipment, within the present limits of The City of New York, file with the Board of Estimate and Apportionment plans showing such proposed construction, within the present limits of The City of New York, including all methods of insulation, position of contact conductor and all feed wires, conductors or cables, with method of carrying the same, and said plans must be approved by the said Board before construction thereof shall begin. The Board of Estimate and Apportionment hereby retains the right to make such conditions relative to construction of such line equipment within the present limits of The City of New York as it may see fit at the time of the approval of such plan.

17. No wires for the transmission of power shall be permitted within the present limits of The City of New York unless they be placed in

conduits or carried in a manner which shall have been approved by the Board of Estimate and Apportionment. The City may use the structure of the Railroad Company for carrying wires or cables for the use of the City within the present limits of The City of New York not exceeding such a quantity as might be carried in two conduits each of not more than three inches in diameter, without charge to the City. If the Railroad Company shall place its wires for the transmission of power in conduits, then the Railroad Company shall construct and permit the City to use without charge two conduits each of not more than three inches in diameter for carrying wires or cables for the use of the City.

18. The Railroad Company shall not carry wires or conduct power on its structures or along its right of way within the present limits of The City of New York for any purpose except for the operation of its railroad and except, as provided above, for the use of the City.

19. The Railroad Company shall maintain throughout the term of this grant or any renewal thereof a train schedule on the main line within the limits of The City of New York of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time, either day or night, shall there be greater headway within the City limits between such trains than thirty (30) minutes; provided, however, that said Railroad Company shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 5 o'clock a. m., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

The Board of Estimate and Apportionment may require, from time to time, as it may see fit, such number of trains to be run on the branch line—not exceeding 60 trains a day.

20. All cars on said railroad shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty dollars (\$50) per day for each offense.

21. All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment. For any failure to comply herewith the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day for each violation.

22. The Railroad Company shall light the space beneath any superstructure which it shall erect across streets and the approaches to stations, within the limits of The City of New York, in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

23. During the term of this grant the rate of fare upon said railroad within the limits of The City of New York, as now fixed, shall not exceed five cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railroad, or a line or branch operated in connection therewith, and controlled by it, to any point thereof or of any such connecting line, or branch thereof, within the present limits of The City of New York during such term. The New York and Port Chester Railroad Company shall operate cars over the route hereby authorized, and shall not operate cars over the route of any other railroad company within the present limits of The City of New York until it shall have received authority for such operation from the Board of Estimate and Apportionment, and it shall not, without like authority, permit any other company within the present limits of The City of New York to run cars over the railroad hereby authorized. The Board of Estimate and Apportionment reserves the right to fix the compensation to be paid for such privilege to The City of New York by such other company as shall be authorized to run cars over the route hereby authorized, and said Board further reserves the right to fix the compensation to be paid to The City of New York by the New York and Port Chester Railroad Company for the privilege of operating cars over the route of any other railroad company within the present limits of The City of New York.

Whenever the New York and Port Chester Railroad Company shall have entered into a contract with another railroad company within the limits of The City of New York permitting the cars of such other company to run over the route hereby authorized, in pursuance of authority from the Board of Estimate and Apportionment, or its successors in authority, the Board of Estimate and Apportionment may prescribe the maximum fare which may be charged by either company within the limits of The City of New York during the continuance of such contract to a passenger desiring to make a continuous trip in either direction between any point on the railroad of the New York and Port Chester Railroad Company and any point on the railroad of such other railroad company within the present limits of The City of New York. For their refusal to comply with the requirements of this section, the corporation so refusing shall forfeit fifty dollars (\$50) to the aggrieved party. Two or more penalties may be recovered in one action.

The rates for carrying of property upon the routes of the Railroad Company within the present limits of The City of New York shall, in all cases, be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the Railroad Company, and when so fixed such rate shall be binding upon the Railroad Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by said Board of Estimate and Apportionment.

24. The said Railroad Company shall carry free within the present limits of The City of New York during the existence of this grant members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

25. The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters, under the Charter of the City.

26. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof, then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said Railroad Company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure, and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of

forfeiture shall accrue. The right of action as herein provided shall not affect or limit any other rights of the City.

27. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

28. The Railroad Company shall commence actual construction within one year from the date of the signing of this contract, and shall complete and have in operation a four-track railroad upon the main line, from the northerly line of the City to a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river, and a railroad of at least two tracks from a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river to the southerly terminus as aforesaid at or near the intersection of Southern Boulevard with Willis avenue, and a railroad on the branch line of at least two tracks, all within five years from the date of the signing of this contract, otherwise this grant shall cease and determine.

The Board of Estimate and Apportionment may require the construction of two additional tracks on that portion of the route between One Hundred and Seventy-seventh street and the southerly terminus, as aforesaid, at or near the intersection of Southern Boulevard and Willis avenue so as to make a railroad of four tracks on such portion of the route, whenever public convenience and necessity shall require the construction thereof; and in case the construction of such two additional tracks is so required by the Board of Estimate and Apportionment, the Railroad Company shall complete the construction thereof within five (5) years after such requirement, otherwise this grant may be forfeited; and the Railroad Company is hereby authorized to construct a railroad of four tracks on the entire route authorized by this contract, if, in its judgment, public convenience and necessity shall require the construction thereof.

The Railroad Company shall actually expend or cause to be so expended the sum of at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of this contract, upon the actual construction of said railroad between the northerly line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street, and shall also actually expend or cause to be so expended an additional sum of two hundred thousand dollars (\$200,000) within three years after the date of the signing of this contract, upon the actual construction of the railroad between Westchester avenue as above and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why The City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue, and will have to resort to condemnation proceedings for its right of way south thereof.

Verified statements of moneys so expended for construction shall be submitted, on demand, to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board an expenditure of the said sum within the time given is not proven, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within said five years from the date of the signing of this contract shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railroad shall cease and determine, and, in such case, all structures erected by the Railroad Company, its successors or assigns, upon any portion of the route so forfeited within the lines of any street within said City, shall become the property of The City of New York.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the provisions of this section, the Railroad Company shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed shall be allowed a hearing.

The Board of Estimate and Apportionment shall extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above, for a period or periods not exceeding in the aggregate two years if the reasons given by the Railroad Company for non-fulfillment are for causes over which the Railroad Company had no control and was in nowise responsible.

29. The Railroad Company shall assume all liability by reason of the construction and operation of the railroad, and the City shall assume no liability whatsoever to either persons or property by reason of said construction, maintenance or operation, and the Railroad Company hereby agrees to indemnify and save harmless the said City from all liability whatsoever by reason of the construction, maintenance and operation of said railroad.

As a condition of this grant, the Railroad Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Railroad Company, its successor or assigns.

30. Any portion of the right of way of the said Railroad Company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

31. The Railroad Company shall not operate cars over any extension of any length whatsoever within the present limits of The City of New York not specifically hereby authorized, and shall not make any connection within the present limits of The City of New York with any other railroad, either by means of extensions or branches or by means of a platform building, unless it shall have received authority therefor from said Board of Estimate and Apportionment or its successors in authority, and upon such terms as shall be fixed by the Board. In the event that the provisions of this section cause a conflict because of the lawful right of any other railroad to compel a connection with the Railroad Company, the City agrees that it may be made a party to any legal proceedings between the said companies and its rights and duties therein determined.

32. In case any of the streets as now shown on the map of The City of New York and crossed by the said railroad above grade are altered or widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

33. In case the route as laid out shall make it necessary, in the opinion of the Board of Esti-

mate and Apportionment, to change the map of The City of New York in order to avoid impracticable, unnecessary or undesirable crossings, purely on account of the location of the railroad, and by reason of such change additional or substitute streets crossing the railroad are determined upon, then the Railroad Company shall pay to the City the additional cost thus made necessary, or may, at its own expense, acquire the lands necessary and cede them to the City without cost, provided, however, that the lands so to be acquired or paid for shall not extend more than 400 feet upon each side of said railroad.

34. Any alterations which may be required to the sewerage or drainage system, or to any sub-surface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railroad, shall be made at the sole cost of the Railroad Company and in such manner as the proper City officials may prescribe.

35. In case the Board of Estimate and Apportionment shall, in order to avoid impracticable, unnecessary and undesirable crossings purely on account of the location of the railroad, within one year from the date of the signing of this contract, adopt a map or a change in the map laying out a street or streets bounding or adjoining the right of way of the Railroad Company, on either or both sides thereof, from the easterly line of the White Plains road to the northerly line of the City, or any part thereof, then the Railroad Company shall acquire the lands necessary for such streets and cede them to the City without cost, or will pay to the City the cost of acquiring such lands, provided that it shall not be required to acquire, and cede or pay for an amount of land which in the aggregate will exceed a strip fifty feet in width and in length the distance between the easterly side of White Plains road and the northerly line of the City. The Railroad Company, at its own expense, shall regulate and grade said strips of land to such grade as shall be hereafter fixed by the City authorities, such regulating and grading to be done, from time to time, as directed by the Board of Estimate and Apportionment. On notice to the City by the Railroad Company that said Railroad Company cannot acquire such lands, the City covenants to use all possible diligence in acquiring the actual possession of the lands necessary for such streets to the end that the Railroad Company may regulate and grade the same while it is grading its railroad within the present limits of The City of New York.

36. All construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the Railroad Company to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund hereinafter provided.

37. The company's property and structures within the present limits of The City of New York shall not be used for advertising purposes in any way, under a penalty of fifty dollars (\$50) per day for each offense. Such restriction shall not apply to stations or cars nor to the interior of fences or walls.

38. The City, the Board and all duly authorized representatives of the City shall have the right at all reasonable times, as well during construction as afterwards, to inspect the railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this contract shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

39. The Railroad Company shall deposit with the Comptroller, within six months after the date of signing this contract, the sum of \$100,000, either in money or in securities to be approved by him, which fund shall be security for the construction of the road authorized hereby, and which the Railroad Company is under obligation to construct, and said fund shall be repaid to the Railroad Company only as hereby specified. If the City exercises its option to require the construction of the additional two tracks south of One Hundred and Seventy-seventh street, the Railroad Company shall, within three months after notification thereof, make a like deposit of \$25,000 as security for such construction. Whenever and as often as the Railroad Company shall have actually constructed one mile of single track, a certificate showing the construction of such track shall be prepared by the engineer of the Railroad Company, and such certificate shall be delivered to the Board of Estimate and Apportionment. The said Board shall, as soon as practicable thereafter, verify the correctness of such certificate and either accept such certificate as correct, or if it finds it to be incorrect, return said certificate to the Railroad Company, specifying in writing the respects in which it finds such certificate to be incorrect. Upon the verification of the correctness of any such certificate, or if any such certificate shall be found to be incorrect, upon its being corrected, and subsequently verified, the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for payment to said company of the sum of \$2,500, and the amount so certified by said Board shall be forthwith paid by said Comptroller from said fund to the Railroad Company, upon the construction of the said mile of single track. This procedure shall be followed by the Railroad Company and by said Comptroller as often as the Railroad Company shall construct an additional mile of single track.

Upon the completion of the construction of the entire track authorized hereby, which the Railroad Company shall remain under obligation to construct, a final certificate shall be prepared by the engineer of said company and approved by the president thereof, showing the fact of such completion and the fact that the road is ready for operation. Such final certificate shall be delivered to the said Board of Estimate and Apportionment of The City of New York, and shall be subject to a like verification as the certificate hereinbefore mentioned. Upon the verification of the correctness of such final certificate, or if such final certificate shall be found to be incorrect, upon being corrected the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for the payment by the Comptroller to the said company of the balance of said funds remaining in his hands.

If such final certificate, certifying to the completion of the entire construction of the road, which the Railroad Company shall be under obligation to construct, shall not be delivered to the Board of Estimate and Apportionment on or before the expiration of the time at which the Railroad Company shall be under obligation to complete the road, under and in pursuance of the terms and conditions of this contract, and if the construction of the entire road authorized hereby, which the Railroad Company shall be under obligation to construct, shall not have been completed by said time, the balance of said fund shall be forthwith delivered by the Comptroller of The City of New York and thereafter said company shall have no claim or cause of action therefor.

The word construction as used herein shall include the grading of the bed of the railroad,

laying of tracks thereon, ballasting of the same and the construction of all bridges or viaducts necessary for the support of the railroad.

The word completion, as used herein, shall include the laying of tracks, electrical conductors and all structures necessary to the operation of trains over the route authorized hereby, and which the Railroad Company shall be under obligation to construct and shall include also such street bridges or other structures as the company is required hereby to make, and such final certificate shall include proof that all of the antecedent acts required by this contract have been performed by said company, in so far as their completion is required hereby.

40. This grant is upon the express condition that within thirty days after the date of the signing of this contract and before anything is done in exercise of the rights conferred thereby, the Railroad Company shall deposit with the Comptroller of The City of New York the sum of twenty-five thousand dollars (\$25,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Railroad Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the president of said company. In case of failure of the said company to comply with any of the terms of this contract, or its neglect or refusal to comply with any demand or direction of the Board of Estimate and Apportionment, or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, if no other money penalty is provided therefor, the said company shall pay to the Comptroller of The City of New York a penalty of \$50 for each violation; and in case of any violation of the provisions of this contract for which money penalties are provided, the said company shall pay to the Comptroller of said City the penalties so provided.

The procedure for the imposition and collection of penalties provided in this contract shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify said company through its president to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If said company fail to make an appearance or, after a hearing, appear in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the said company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$25,000 and in default thereof the said company shall pay to the Comptroller of The City of New York the sum of one hundred dollars for each day that the security fund is reduced to the amount of \$25,000. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

The right of the City to collect any penalties imposed for non-compliance with the terms of this contract, or with any law or ordinance now in force or hereafter adopted, shall not be limited to the said sum of \$25,000, and the enumeration or reservation of any rights by the City herein shall not operate to the exclusion of any other rights belonging to the City, either in law or at equity. Nor shall the imposition of any penalty by the terms of this contract interfere with or diminish the right of the City specifically to enforce any of the terms or conditions of this contract.

41. If the Railroad Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings within the present limits of The City of New York in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said Company specifying any default on the part of said Company, and requiring the said Company to remedy the same within a reasonable time, and upon the failure of the said Company to remedy its said fault within a reasonable time said Company shall for each day thereafter during which said fault or defect remains pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

42. The Railroad Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

By..... Mayor.
NEW YORK AND PORT CHESTER
RAILROAD COMPANY,
By..... President.

Attest:
[SEAL] Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor are that the money value of such franchise or right proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of Proposed Contract for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company and the said form of Proposed Contract for the grant of such franchise or right and said results of such inquiry, after the same shall be entered

in the minutes of this Board, shall be published at the expense of New York and Port Chester Railroad Company, for at least twenty days immediately prior to January 26, 1906, in THE CITY RECORD, and at least twice, during the ten days immediately prior to January 26, 1906, in "The New York Times" and "The New York Daily News," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, and fully set forth and described in the foregoing form of Proposed Contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 23, 1906,

at 11 a. m., on the premises, the buildings and appurtenances thereto belonging erected upon real estate acquired for the purpose of constructing thereon a pumping station for the high pressure fire system, under the supervision of the Department of Water Supply, Gas and Electricity, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the high pressure fire system, situated in the Borough of Manhattan and described as follows:

Beginning at the point of intersection of the westerly side of Oliver street with the southerly side of Water street, and running thence westerly along the southerly side of Water street 90.83 feet; thence southerly 39.3 feet; thence again westerly 0.8 feet; thence again southerly 121.81 feet to the northerly side of South street; thence easterly along the northerly side of South street 92.04 feet to the northwesterly corner of Oliver and South streets; thence northerly along the westerly side of Oliver street 160.61 feet to the southwesterly corner of Water and Oliver streets, the point or place of beginning.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Tuesday, January 23, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be im-

plied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

H. A. METZ,
Comptroller.

—that the same were confirmed by the Board of Assessors on December 26, 1905, and entered on December 26, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of

Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before February 24, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

THURSDAY, JANUARY 11, 1906,

at 11 a. m., on the premises, the buildings and appurtenances thereunto belonging, erected upon real estate acquired for school purposes belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging, erected upon the following described parcel of land under the jurisdiction of the Board of Education of The City of New York, being on the westerly side of Webster avenue, adjoining the north line of lands of Public School 67, Glendale, Borough of Queens, more particularly described as follows:

Beginning at a point formed by the intersection of the northerly line of the lands of Public School 67 with the westerly line of Webster avenue, which point is distant 125 feet northerly from the northerly line of Central avenue and running thence northerly along the westerly line of Webster avenue 18 feet; thence westerly and parallel with Central avenue 100 feet; thence southerly and parallel with Webster avenue 18 feet to the northerly line of the lands of Public School 67; thence easterly along the northerly line of said lands of Public School 67 100 feet to the westerly line of Webster avenue, the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Thursday, January 11, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of POTTER AVENUE (although not yet named by proper authority), from the East river to Chaucev street, and from Rapelje avenue to Flushing avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 20th day of January, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of January, 1906, at 11 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said city, there to remain until the 1st day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the United States bulkhead or pierhead line of the East river and the middle line of the blocks between Potter avenue and Woolsey avenue; running thence easterly along said middle line to its intersection with the northerly line of Flushing avenue; thence running again easterly along the northerly line of Flushing avenue to its intersection with the westerly line of Baldwin street; thence running northerly along the westerly line of Baldwin street to its intersection with the middle line of the blocks between Potter avenue and Ditmars avenue; thence running westerly along the middle line of the blocks between Potter avenue and Ditmars avenue to its intersection with the United States bulkhead or pierhead line of the East river; thence running southerly along the United States bulkhead or pierhead line of the East river to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 27th day of March, 1906, at the opening of the Court on that day.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
