PUBLIC HEARING IN THE MATTER OF CHANGING THE MAP OR PLAN OF THE CITY OF NEW YORK BY CHANGING THE GRADE OF BAY RIDGE AVENUE, BETWEEN 14TH AVENUE AND 15TH AVENUE, BOROUGH OF BROOKLYN.

The Secretary presented affidavits of publication showing that the matter had been duly advertised.

No one appearing in favor of, or in opposition to the proposed change, the hearing was closed.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 2d day of November, 1911, resolutions were adopted proposing to change the map or plan of The City of New York so as to change the grade of Bay Ridge Avenue from 14th avenue to 15th avenue, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 29th day of November, 1911, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of November, 1911; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of November, 1911; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who appeared, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of Bay Ridge avenue from 14th avenue to 15th avenue, in the Borough of Brooklyn, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Commissioner of Public Works of the Borough, and dated August 15, 1911.

Affirmative—The Mayor, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

PUBLIC HEARING IN THE MATTER OF CHANGING THE MAP OR PLAN OF THE CITY OF NEW YORK BY CHANGING THE GRADE OF THE STREET SYSTEM WITHIN THE TERRITORY BOUNDED BY COLONIAL ROAD, 88TH STREET, 3D AVENUE AND 91ST STREET, BOROUGH OF BROOKLYN.

The Secretary presented affidavits of publication showing that the matter had been duly advertised.

No one appearing in favor of, or in opposition to the proposed change, the hearing was closed.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 2d day of November, 1911, resolutions were adopted proposing to change the map or plan of The City of New York so as to change the grades within the street system bounded by Colonial road, 88th street, 3d avenue and 91st street, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 29th day of November, 1911, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of November, 1911; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of November, 1911; and

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Isham street from Seaman avenue to Isham avenue; West 218th street from Seaman avenue to the bulkhead line of Harlem River Ship Canal; West 214th street from Park Terrace East to Park Terrace West; Park Terrace East from a line 100 feet south of West 215th street to Isham Park; together with the unacquired triangular parcel located on the westerly side and extending from a point 43.36 feet south of West 218th street to a point 103.64 feet south of West 218th street; together with the unacquired portions of Isham avenue from Isham street to West 218th street; Riverfront street from Isham street to West 218th street; West 215th street from a line 50 feet east of Park Terrace West to a line 100 feet west of Seaman avenue; and Park Terrace West from a line 103 feet 8¾ inches north of West 215th street to Isham Park, in the Borough of Manhattan, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings in the name of The City of New York to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Isham street from Seaman avenue to Isham avenue; West 218th street from Seaman avenue to the bulkhead line of Harlem River Ship Canal; West 214th street from Park Terrace East to Park Terrace West; Park Terrace East from a line 100 feet south of West 215th

street to Isham Park; together with the unacquired triangular parcel located on the westerly side and extending from a point 43.36 feet south of West 218th street to a point 103.64 feet south of West 218th street; together with the unacquired portions of Isham avenue from Isham street to West 218th street; Riverfront street from Isham street to West 218th street; West 215th street from a line 50 feet east of Park Terrace West to a line 100 feet west of Seaman avenue; and Park Terrace West from a line 103 feet 8¾ inches north of West 215th street to Isham Park, in the Borough of Manhattan, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Manhattan in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 29th day of November, 1911; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

1. Beginning at a point on the southerly bulkhead line of Harlem River Ship Canal, where it is intersected by the prolongation of a line midway between West 219th street and West 220th street, and running thence eastwardly along the said line midway between West 219th street and West 220th street and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongation of the centre lines of Park Terrace East and Park Terrace West as these streets are laid out adjoining West 217th street; thence southwardly along the said bisecting line to the intersection with a line at right angles to Park Terrace West and passing through a point on its westerly side distant 103 feet 8¾ inches northerly from its intersection with the northerly line of West 215th street; thence westwardly along the said line at right angles to Park Terrace West to the intersection with its westerly side; thence southwardly along the westerly side of Park Terrace West to the intersection with the northerly line of West 215th street; thence westwardly along the northerly line of West 215th street to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Seaman avenue, the said distance being measured at right angles to Seaman avenue; thence southwardly along the said line parallel with Seaman avenue to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of West 215th street, the said distance being measured at right angles to West 215th street; thence eastwardly along the said line parallel with West 215th street to the intersection with the westerly side of Park Terrace West; thence northwardly along the westerly side of Park Terrace West to the intersection with the southerly side of West 215th street; thence eastwardly along the southerly side of West 215th street to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Park Terrace West, the said distance being measured at right angles to Park Terrace West; thence southwardly along the said line parallel with Park Terrace West to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of West 215th street as this street is laid out westerly from Park Terrace East, the said distance being measured at right angles to West 215th street; thence eastwardly along the said line parallel with West 215th street and along the prolongation of the said line to a point distant 100 feet easterly from the easterly line of Park Terrace East, the said distance being measured at right angles to Park Terrace East; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Park Terrace East and the prolongation thereof, to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the northerly boundary line of Isham Park, as laid out east of Park Terrace East, the said distance being measured at right angles to the said boundary line of Isham Park; thence westwardly along the said line parallel with the northerly boundary line of Isham Park and along the prolongations of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Seaman avenue, the said distance being measured at right angles to Seaman avenue; thence southwardly along the said line parallel with Seaman avenue to the intersection with a line midway between Isham street and Emerson street; thence westwardly along the said line midway between Isham street and Emerson street and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Isham street as this street is laid out where it adjoins Isham avenue, the said distance being measured at right angles to Isham street; thence northwardly along the said line parallel with Isham street and along the prolongations of the said line, to the intersection with the southerly bulkhad line of Harlem River Ship Canal; thence generally eastwardly along the said bulkhead line to the point or place of beginning.

2. Beginning at a point on the westerly line of Park Terrace East distant 43.36 feet southerly from its intersection with the southerly line of West 218th street, and running thence southwardly along the westerly line of Park Terrace East a distance of 60.28 feet; thence westwardly at right angles to Park Terrace East a distance of 100 feet; thence northwardly and parallel with Park Terrace East to the intersection with a line at right angles to Park Terrace East and passing through the point of beginning; thence eastwardly along the said line at right angles to Park Terrace East to the point or place of beginning.

Resolved, by the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the streets to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantors be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurreed in said proceedings to the date when the deed is accepted.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PUBLIC HEARING ON THE PROPOSED AREA OF ASSESSMENT IN THE MATTER OF ACQUIRING TITLE TO AVENUE Q FROM STILLWELL AVENUE TO GRAVESEND AVENUE, AND FROM OCEAN PARKWAY TO THE WESTERLY LINE OF EAST 12TH STREET, EXCEPTING THE RIGHT-OF-WAY OF THE NEW YORK AND SEA BEACH RAILROAD; TO WEST 7TH STREET, FROM AVENUE Q TO KINGS HIGHWAY; TO WEST 8TH STREET FROM AVENUE Q TO KINGS HIGHWAY; AND TO WEST 9TH STREET FROM AVENUE Q TO KINGS HIGHWAY, BOROUGH OF BROOKLYN.

The Secretary presented affidavits of publication showing that the matter had been duly advertised.

No one appearing in favor of, or in opposition to the proposed area of assessment, the hearing was closed.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Avenue Q from Stillwell avenue to Gravesend avenue, and from Ocean Parkway to the westerly line of East 12th street, excepting the right-of-way of the New York and Sea Beach Railroad; West 7th street from Avenue Q to Kings Highway; West 8th street from Avenue Q to Kings Highway, and West 9th street from Avenue Q to Kings Highway, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be acquired for the purpose of opening and extending Avenue Q from Stillwell avenue to Gravesend avenue, and from Ocean Parkway to the westerly line of East 12th street, excepting the right-of-way of the New York and Sea Beach Railroad; West 7th street from Avenue Q to Kings Highway; West 8th street from Avenue Q to Kings Highway, and West 9th street from Avenue Q to Kings Highway, in the Borough of Brooklyn, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Brooklyn, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavits of the Supervisor of the CITY RECORD and the publishers of the corporation newspapers that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 29th day of November, 1911; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

1. Bounded on the north by a line midway between Avenue P and Avenue Q and by the prolongation of the said line; on the east by a line midway between East 2d street and East 3d street; on the south by a line midway between Avenue Q and Avenue R as these streets are laid out adjoining Stillwell avenue, and by the prolongations of the said line; and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Stillwell avenue, the said distance being measured at right angles to Stillwell avenue.

2. Bounded on the north by a line midway between Avenue P and Avenue Q; on the east by a line always distant 100 feet easterly from and parallel with the easterly line of East 12th street the said distance being measured at right angles to East 12th street; on the south by a line midway between Avenue Q and Avenue R as these streets are laid out between Ocean parkway and East 7th street and by the prolongations of the said line; and on the west by a line midway between East 5th street and Ocean Parkway.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the streets to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantors be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PUBLIC HEARING ON THE PROPOSED AREA OF ASSESSMENT IN THE MATTER OF ACQUIRING TITLE TO THE LANDS REQUIRED FOR THE WIDENING OF EAST 182D STREET, BETWEEN PARK AVENUE AND WASHINGTON AVENUE, BOROUGH OF THE BRONX.

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in favor of, or in opposition to the proposed area of assessment, the hearing was closed.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of East 182d street from Park avenue to Washington avenue where not heretofore acquired. in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending East 182d street from Park avenue to Washington avenue where not heretofore acquired in the Borough of The Bronx, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of Title 4, Chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of The Bronx, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of The City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 29th day of November, 1911; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Bounded on the north by the southerly line of East 182d street; on the east by the westerly line of Washington avenue; on the south by a line distant 100 feet south-

erly from and parallel with the southerly line of East 182d street, the said distance being measured at right angles to East 182d street; and on the west by the easterly line of Park avenue.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of Section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the street to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantors be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extendiing to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PUBLIC HEARING ON THE PROPOSED AREA OF ASSESSMENT IN THE MATTER OF ACQUIRING TITLE TO EAST 218TH STREET, FROM WHITE PLAINS ROAD TO OAKLEY STREET, BOROUGH OF THE BRONX.

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

The following communication was then presented:

Mitchell & Mitchell, Attorneys and Counsellors at Law, 44 and 46 Wall street, New York, November 28, 1911.

To the Mayor, Chairman of the Board of Estimate and Apportionment, New York City:

Dear Sir--We beg to notify you that we are to-day writing to the President of the Borough of The Bronx requesting an accurate description of so much of our clients' property as will be required for the opening of East 218th street, from White Plains road to Oakley street. Our clients desire to cede so much of their property as may be so required under section 992 of the Charter. We estimate that there will be approximately twelve whole lots taken and the fronts and other portions of some twenty other lots.

The reason we write is that resolution for the institution of proceedings for the opening of East 218th street will come before your Honorable Board to-morrow, the 29th, for action.

Our clients desire to cede so much of their property as will be required for such roadbed, and we are to-day sending to the Honorable President of the Borough of The Bronx a letter stating the property of our clients which is affected, together with request that he have the Topographical Bureau furnish us with an accurate description to be inserted in the deed of cession in the form approved by the Corporation Counsel.

If any adjournment should be necessary to enable our clients to give this deed of cession, we respectfully ask that such adjournment may be granted. Our clients are ready to execute the deed ceding as above; as soon as a description is furnished by the Topographical Bureau for insertion in such deed. Respectfully yours,

MITCHELL & MITCHELL, Attorneys for Mrs. Joseph Stickney and others, Owners.

No one appearing in favor of, or in opposition to the proposed area of assessment, the hearing was closed.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of East 218th street from White Plains road to Oakley street in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending East 218th street from White Plains road to Oakley street in the Borough of The Bronx, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of Title 4, Chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of The Bronx, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of The City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 29th day of November, 1911; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at a point on the prolongation of a line midway between East 218th street and East 219th street, distant 100 feet westerly from the westerly line of White Plains road, the said distance being measured at right angles to White Plains road, and running thence eastwardly along a line always midway between East 218th street and East 219th street, as these streets are laid out between White Plains road and Laconia avenue, and along the prolongations of the said line to the intersection with the northwesterly line of Oakley street; thence southeastwardly at right angles to Oakley street to the intersection with a line midway between Oakley street and Needham avenue; thence southwestwardly along the said line midway between Oakley street and Needham avenue to the intersection with a line at right angles to Oakley street and passing through a point on the westerly side of Laconia avenue midway between East 217th street and East 218th street; thence northwestwardly along the said line at right angles to Oakley street to the intersection with the westerly side of Laconia avenue; thence westwardly along a line always midway between East 217th street and East 218th street as these streets are laid out between White Plains road and Laconia avenue, and along the prolongation of the said line to the intersection with a line parallel with White Plains road and passing through the point of beginning; thence northwardly along the said line parallel with White Plains road to the point or place of beginning.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of Section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the street to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantors be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extendiing to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was then directed to inform Messrs. Mitchell & Mitchell that the Corporation Counsel is authorized and empowered to accept satisfactory deeds of cession at any time prior to the appointment of the Commissioners of Estimate and Assessment.

PUBLIC HEARING ON A MODIFIED AREA OF ASSESSMENT IN THE MATTER OF AMENDING THE PROCEEDING FOR ACQUIRING TITLE TO CRUGER AVENUE, FROM WILLIAMSBRIDGE ROAD TO GUN HILL ROAD; TO MAPLE STREET, FROM GUN HILL ROAD TO EAST 215TH STREET; AND TO HOLLAND AVENUE, FROM WILLIAMSBRIDGE ROAD TO SOUTH OAK DRIVE, BOROUGH OF THE BRONX.

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in favor of or in opposition to the proposed area of assessment, the hearing was closed.

The following resolution was then adopted:

Resolved, by the Board of Estimate and Apportionment of The City of New York that the proceeding instituted by said Board on January 17, 1908, for acquiring title to Cruger avenue, from Williamsbridge road to South Oak drive; Cruger avenue, from South Oak drive to Gun Hill road; Holland avenue, from Williamsbridge road to South Oak drive, and Maple street, from Gun Hill road to East 215th street, in the Borough of The Bronx, City of New York, be and the same is hereby amended so as to relate to Maple street, as shown upon a map or plan adopted by the Board of Estimate and Apportionment October 19, 1911.

Resolved, That the Corporation Counsel be and he hereby is requested to take the necessary steps to have this amendment carried into effect; and

Whereas, Due notice has been given in the CITY RECORD that the Board would consider a proposed area of assessment for the aforesaid proceeding, as amended; and

Whereas, On the 29th day of November, 1911, a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in this amended proceeding be and is hereby fixed and determined to be as follows:

Beginning at a point on the northeasterly line of Williamsbridge road distant 100 feet westerly from the westerly line of Cruger avenue, the said distance being measured at right angles to the line of Cruger avenue, and running thence northwardly along a line parallel with Cruger avenue and the prolongation thereof to the centre line of Post street; thence westwardly along the centre line of Post street to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Cruger avenue as laid out between Post and Bartholdi streets, the said distance being measured at right angles to the line of Cruger avenue; thence northwardly along the said line parallel with Cruger avenue and the prolongation of the said line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Cruger avenue as laid out between Bartholdi street and Gun Hill road, the said distance being measured at right angles to the line of Cruger avenue; thence northwardly along the said line parallel with Cruger avenue to the southerly line of Gun Hill road; thence northwardly at right angles to Gun Hill road a distance of 200 feet; thence eastwardly and parallel with Gun Hill road to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the easterly line of White Plains road, as laid out between Gun Hill road and East 215th street, and the westerly line of Maple street; thence northwardly along the said bisecting line to a point distant 100 feet northerly from the northerly line of East 215th street, the said distance being measured at right angles to the line of East 215th street; thence eastwardly and parallel with East 215th street to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the easterly line of Maple street and the westerly line of Barnes avenue as laid out between East 215th street and East 214th street; thence southwardly along the said bisecting line to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the easterly line of Maple street and the westerly line of Barnes avenue as laid out between Tilden street and East 214th street; thence southwardly along the said bisecting line to the intersection with a line parallel with Tilden street and passing through a point on the easterly line of Holland avenue distant 100 feet southerly from the southerly line of Gun Hill road, the said distance being measured at right angles to the line of Gun Hill road; thence westwardly along the said line parallel with Tilden street to the easterly line of Holland avenue; thence westwardly and parallel with Gun Hill road to the intersection with a line midway between Cruger and Holland avenues as laid out north of North Oak drive; thence southwardly along the said line midway between Cruger and Holland avenues and the prolongation thereof to a point distant 100 feet northerly from the northerly line of South Oak drive, the said distance being measured on a radial line; thence southeastwardly along a line parallel with and always distant 100 feet from South Oak drive to the intersection with the prolongation of a line midway between Holland and Wallace avenues as laid out south of South Oak drive; thence southwardly along the said line midway between Holland and Wallace avenues and the prolongation thereof to the northerly line of Williamsbridge road; thence northwestwardly along the northeasterly line of Williamsbridge road to the point or place of beginning.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CHANGE IN THE GRADE OF 59TH STREET, BETWEEN 14TH AVENUE AND 15TH AVENUE, BOROUGH OF BROOKLYN.

The following communication from the Acting President of the Borough of Brooklyn, and report of the Chief Engineer, were presented:

The City of New York, Office of the President of the Borough of Brooklyn, August 7, 1911.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—I forward you herewith map showing change of grade in 59th street, between 14th and 15th avenues, this Borough. This block is at present improved with curb and sidewalks, and in order that these improvements may remain it is necessary to change the grade of this block. The present legal grade runs in a straight line from an elevation of 45.20 feet at 14th avenue to an elevation of 43.95 feet at 15th avenue. I therefore recommend that a grade of 46 feet be placed on this street at a point 232 feet east of 14th avenue.

Your Board, on June 29th, passed a resolution for regulating, grading and curbing this street. To carry out this improvement I would respectfully request that this grade change be given early consideration. Yours very truly,

L. H. POUNDS, Acting Borough President.

Report No. 10027. October 20, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Brooklyn, bearing date of August 7, 1911, requesting the approval of a change proposed in the grade of 59th street, between 14th avenue and 15th avenue.

The desired change consists of the insertion of a summit in this block at a point distant 232 feet east of 14th avenue, and is desired for the purpose of making the legal grade conform with improvements already carried out by the property owners.

On June 29 last, a resolution was adopted providing for grading and paving this street, and the change is desired prior to undertaking this work.

The map appears to be a proper one and its approval is recommended after a public hearing. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the grades of 59th street, from 14th avenue to 15th avenue in the Borough of Brooklyn, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the Commissioner of Public Works of the Borough, and dated August 4, 1911.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of December, 1911, at 10.30 o'lock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the Corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

LAYING OUT AND ACQUIRING TITLE TO A PUBLIC PARK AT THE NORTHWESTERLY CORNER OF EAST 180TH STREET AND BRYANT AVENUE, BOROUGH OF THE BRONX.

(*At the meeting of the Board on September* 21, 1911 (*p.* 2566), *this matter was referred to the President of the Borough of The Bronx, who has since recommended that this property be laid out and acquired as a public park*).

The Secretary presented the following:

Memorial Committee, Borough of The Bronx, City of New York, Grand Army of the Republic, Franklin avenue, corner 166th street, New York, November 21, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, City of New York,* New York City:

Dear Sir—Wednesday, the 8th instant, a resolution was adopted by the Board of Local Improvements for The Bronx, referring to the honorable Board of Estimate and Apportionment the question of the City acquiring that small abandoned cemetery at Bryant avenue and 180th street for a memorial park and the expense to be borne by the City at large. It is the only spot in that great section of our City in which has been erected a monument in memory of the faithful men who died that the country might live, and having traveled all over the State and visited all sections, have discovered that even the smallest hamlet has something, if nothing else a stone or tablet, to remind the rising generation of the suffering and sacrifices of the men of '61, the men who saved the country; but the great and important Borough of The Bronx, until about four years ago, when a small Committee of Citizens and Veterans of which I was Chairman, erected the monument in question, had not even a small stone for the purpose. The monument was later dedicated to the care of the Memorial Committee, Grand Army of the Republic, of which I am now Chairman, and we are anxious to know who will care for it when we are gone; we have not many years to stay. It can hardly be supposed that the people of this great City will permit it to be removed and perhaps taken to the scrap yard; and the remains of the few soldiers resting under and near the same, soldiers killed on the battlefield at Cedar Creek, removed to "Potters Field" or taken to the dump, as nearly happened before this Committee erected it.

We beg to assure your Honor that from the best information obtainable, the expense to the City will be nominal. We have endeavored to find claimants to the land for some time, but without much success; and those we found, including the Hon. James L. Wells, upon whose plot the monument stands, are willing to surrender their claims. But it should not be a question of dollars and cents with the people of New York. Such question did not come up in 1862 and 1863 during the most dangerous times, when the fate of the country was in doubt and men were being drafted for the war and patriotic New Yorkers were hunting for substitutes to take their place at the front, and to die perhaps, that they may remain safe at home, offering such substitutes from one to ten thousand dollars each for such service. It was not dollars and cents then.

If it will be necessary to appoint a commission to condemn the land, such commission is ready to serve without fee, including myself, and I am well known as an expert appraiser of nearly fifty years' active experience. I am instructed by the committee to respectfully appeal to your Honor for a hearing before the honorable Board of Estimate and Apportionment on the question. Very respectfully,

CHARLES H. BAXTER.

On motion, the matter was referred to the Chief Engineer for report.

INCLUDING WITHIN THE LINES OF ROSEDALE AVENUE A STRIP OF LAND ON ITS WESTERLY SIDE HAVING A WIDTH OF FROM 4 TO 6 INCHES, IN THE SECTION SOUTH OF WESTCHESTER AVENUE, BOROUGH OF THE BRONX.

The following communication from the President of the Borough of The Bronx, to whom this matter was referred on November 2, 1911, was presented:

City of New York, President of the Borough of The Bronx, office of the President, November 22, 1911.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York, N. Y.:

Dear Sir—At a meeting of the Board of Estimate and Apportionment on November 2, 1911, a communication from the Acting Corporation Counsel, advising that a strip of land, having a width of from four to six inches, falls outside the line of Rosedale avenue in the section south of Westchester avenue, Borough of The Bronx, was referred to me. The strip referred to is on the west side of Rosedale avenue, between the proposed Rosedale avenue and a parcel of land belonging to the Hudson P. Rose Company. It belongs to the owners of the various lots fronting on Clason Point road and extending from Clason Point road to and beyond the west side of Rosedale avenue. In 1906 all of the property in question was owned by the Hudson P. Rose Company, which retained Mr. E. H. Holden, a civil engineer then in the employ of the Topographical Bureau of the Borough of The Bronx, to prepare the necessary map for the laying out of the street, so that there can be no question that the proposed laying out of Rosedale avenue was known to the Hudson P. Rose Company. This Company then proceeded to cut up the land in such a way that it could retain the plot on the west side of Rosedale avenue, and proceeded to sell lots fronting on Clason Point road, which lots were cut in two in many cases by the proposed Rosedale avenue. They then proceeded to sell these lots to innocent small purchasers, who bought them, not knowing of the proposed opening of Rosedale avenue. When Rosedale avenue is opened, these lots in many cases will be practically valueless, while the portion of land retained by the Hudson P. Rose Company will have no frontage on Rosedale avenue. This scheme would have resulted favorably to the Company had it not made a mistake in the laying out of the streets, by leaving the small strip in question, which belongs to the rear of the lots sold, off, and which lies between the west side of Rosedale avenue and the plot retained by the Hudson P. Rose Company in such a way as to cut off the latter from frontage. While it is true that the lots fronting on Clason Point road will be injured greatly by the opening of Rosedale avenue and will have a heavy assessment to pay, the Hudson P. Rose Company, as owner of the retained land on the west side of Rosedale avenue, cannot gain a frontage on that avenue and so reap the benefit of its scheming without purchasing the strip from its grantees.

Many small owners have suffered from the schemes of land developers in The Bronx, but in no case which has come to my notice has the biter been bitten so effectually. I think the City should not interfere in the matter, but leave it to the Hudson P. Rose Company to negotiate with its grantees for the purchase of the strip in question.

I recommend that the application to have the map changed be denied.

Yours very truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

The President of the Borough of The Bronx then offered the following resolution:

Whereas, In a communication dated September 27, 1911, and addressed to the President of the Borough of The Bronx, the Hudson P. Rose Company requested a change in the lines of Rosedale avenue, from Westchester avenue to Gleason avenue, by shifting the same westerly to conform to a property line; be it

Resolved, That it is the sense of the Board of Estimate and Apportionment that this request should be denied, and the Board recommends that the President of the Borough of The Bronx take such action.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was then directed to send a copy of the Borough President's communication to the Corporation Counsel.

LAYING OUT AN EXTENSION OF PENNYFIELD AVENUE, FROM SHORE DRIVE TO THE FORT SCHUYLER RESERVATION, TOGETHER WITH AN UNNAMED STREET EXTENDING FROM PENNYFIELD AVENUE TO THE BULKHEAD LINE OF THE EAST RIVER AND A PUBLIC PARK AT THE JUNCTION OF PENNYFIELD AVENUE AND THE UNNAMED STRRET, BOROUGH OF THE BRONX.

The following communication from the Commissioner of Public Works of the Borough of The Bronx, and report of the Chief Engineer were presented:

The City of New York, Office of the President of the Borough of The Bronx, June 6, 1910.

Mr. Jos. HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—I forward herewith for approval by the Board of Estimate and Apportionment black print of the plan of drainage of Sewerage District No. 45, which is the trunk sewer that drains a part of the Throg's Neck section in the Weir Creek watershed; also plan, establishing a street south of the Shore road at Pennyfield avenue.

The drainage plan was previously transmitted for approval on April 20, 1910, but was returned by the Board of Estimate and held here pending the preparation by the Topographical Bureau of the herewith transmitted plan establishing the street south of Shore road above mentioned; as the street in question is now established on the map and is only awaiting adoption by the Board of Estimate, the drainage plan is again transmitted to you for approval.

I would bring to your attention the necessity of having this drainage plan approved before the Board of Estimate adjourns for the summer, as it is the main line which drains a large portion of the Throg's Neck section, and the property owners interested thereat are anxious for the development of that section.

Respectfully, THOMAS W. WHITTLE, Commissioner of Public Works.

Report No. 10062. October 23, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of June 6, 1910, requesting the approval of a map showing an extension of Pennyfield avenue, from Shore drive to the Fort Schuyler Reservation, together with an unnamed street extending from Pennyfield avenue to the bulkhead line of the East River and a public park at the junction of Pennyfield avenue and the unnamed street.

From information presented by the Commissioner of Public Works it appears that a portion of the Pennyfield avenue extension and the unnamed street have been selected as the route of a trunk sewer for the drainage of a large area, the plan for which was adopted by the Board on June 17, 1910 with the understanding that the construction of the portion of the sewer passing through the Throgs Neck section would be at once undertaken by the owners of the property in the vicinity.

The Pennyfield avenue extension is indicated as having a width of 100 feet. this coinciding with that fixed for the adjoining section north of Shore drive.

The unnamed street of reference consists, in part, of two streets each having a width of 100 feet and separated by the public park which is to have an area of about 0.32 acres. Between the park and the bulkhead line, the street contracts to a width of 80 feet. The latter street could only be called upon to meet the requirements of traffic from the water front, while that portion of Pennyfield avenue south of Shore drive would serve as an outlet for the abutting property and for the unnamed street of reference as well as the only means of approach to the Fort Schuyler Reservation.

The width proposed for these streets is, in my judgment, somewhat extravagant, and I believe that that proposed for the unnamed street could be decreased with advantage where it adjoins the public park, and the park area correspondingly increased.

I see no reason why the plan should not be made the subject of a public hearing and would recommend its adoption in case it is understood that the owners of the property in the immediate vicinity are prepared to assume the expense of acquiring title to all of the land to be included in the street and park system and of improving the former. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out Pennyfield avenue between Shore drive and the boundary line of the United States reservation; laying out an unnamed street between Pennyfield avenue and the United States bulkhead line of the East River; and laying out a Public Park to be bounded by Pennyfield avenue and an unnamed street in the Borough of The Bronx, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated May 31, 1910.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of December, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

FINAL MAP OF SECTION 44 OF THE BOROUGH OF THE BRONX.

The following communication from the Commissioner of Public Works of the Borough of The Bronx, and report of the Chief Engineer were presented:

City of New York, President of the Borough of The Bronx, Office of the Commissioner of Public Works, March 16, 1911.

Mr. Jos. HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—The Board of Estimate and Apportionment on May 29, 1903, adopted a general design for a system of streets, avenues, public squares, places, etc., in that part of the Borough of The Bronx lying easterly of the Bronx River. This plan was a general plan only, drawn on a scale of 300 feet to the inch, without showing dimensions and grades, excepting the width of streets.

In order to render more definite this general design of the street system, maps are being prepared on a scale of 150 feet to the inch, with all necessary information thereon, and section 44, dated March 15, 1911, which is bounded by East 222d street, Hunter avenue, Hammersley avenue, Berrian avenue, Burke avenue, Rombouts avenue, Givan avenue, Provost avenue, Tillotson avenue, Heathcote avenue, Boston road, Hutchinson River, the northern boundary of the City, boundary of the Pelham Bay Park and the Hutchinson River, is herewith submitted for adoption. Dimensions of blocks conform to United States triangulation.

This map is to supersede section 44, dated October 31, 1906, which was prepared prior to the completion of the United States triangulation.

Respectfully, THOMAS W. WHITTLE, Commissioner of Public Works.

Report No. 10107. October 20, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of March 16, 1911, requesting the approval of the final map of section 44.

This map relates to an area of about 287 acres, comprising the territory bounded approximately by East 222d street, Hunter avenue, Hammersley avenue, Varian avenue, Burke avenue, Rombouts avenue, Givan avenue, Provost avenue, Tillotson avenue, Heathcote avenue, Boston road, Hutchinson River, the City line, Pelham Bay Park West and its prolongation, and the Hutchinson River.

A street plan for this area was shown upon a tentative map adopted on May 29, 1903. Final maps have also been adopted for East 222d street and Boston road, each of which streets is to have a width of 100 feet, and for the territory between Hutchinson River and Pelham Bay Park.

The grades shown upon the final maps are retained except that provision is made for an adjustment of the grade of East 222d street which, it is understood, is partly for the purpose of meeting the drainage requirements of the adjoining area and partly in order to definitely fix the treatment of the platforms at the intersecting streets. The changes made in the block dimensions and angles of this and of the remaining streets are stated to be for the purpose of making them conform with the recent triangulation of the Borough, no change being intended in the position of the lines as heretofore fixed.

Hammersley avenue and Steenwick avenue are also indicated as having a width of 100 feet, this conforming with the treatment provided in adjoining sections, plans for which have already been adopted.

Provision is also made for giving Hutchinson avenue a similar width. This street parallels the Hutchinson River with a position distant about 225 feet from it. A map has been presented for the adjoining section on the south, showing an intention of here giving the street the same width and a similar location with reference to the waterfront.

The tentative plan to which reference has been made, indicated that three of the streets between East 222d street and Boston road were to extend to the bulkhead line of the Hutchinson River, with widths ranging from 80 feet to 100 feet. The map now submitted excludes one of these connections but substitutes another and increases the width of two of the streets now proposed to 125 feet, while the third is to have a width of 500 feet. The Commissioner of Public Works for the Borough states that the street last referred to is desired in order to provide public access to the waterfront. It seems probable that the plan has been prepared with a view of utilizing these waterfront streets for public docks, a treatment which would seem to be somewhat at variance with the Charter provisions, inasmuch as improvements of this character are placed wholly under the jurisdiction of the Commissioner of Docks and Ferries and the Commissioners of the Sinking Fund. It is the belief of your Engineer that only such streets leading to and terminating at the waterfront should be incorporated upon the City plan as are required either for the purpose of affording street frontage for what would otherwise be interior property, or in order to provide sewer outlets.

Attention might also be called to the flare indicated at the junction of Hutchinson avenue with Boston road, which will result in the inclusion of a very large area within the street system; this objectionable feature could be overcome by a modification in the alignment of Hutchinson avenue in such a way as to connect it with Boston road at a point much nearer the Hutchinson Riven than indicated upon the plan.

The map shows a definite position for the pier and bulkhead lines of the Hutchinson River, although these lines have never been legalized either by the Federal authorities or by the Commissioner of Docks and Ferries. The attention of the Borough President has heretofore been called to the desirability of presenting a map which will include the entire length of the river in order that the treatment contemplated may be ratified by the proper authorities, and it is understood that such a plan will be submitted to the Board.

I believe that the map might properly be adopted after a public hearing, and would recommend such action, but with the suggestion that the Borough President's attention be directed to the desirability of either excluding or decreasing the width of the three streets leading to the waterfront to which reference has been made, of modifying the treatment of Hutchinson avenue at the Boston road intersection, and of extending Pelham Park West to the Hutchinson River in order that a bounding street may be provided on the northerly side of Pelham Bay Park.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out the lines and grades of the street system for the territory included within the limits of section 44 of the final maps, bounded approximately by East 222d street, Hunter avenue, Hammersley avenue, Varian avenue, Burke avenue, Rombouts avenue, Givan avenue, Provost avenue, Tillotson avenue, Heathcote avenue, Boston road, Hutchinson River, the northern boundary of The City of New York, Pelham Bay Park West and its prolongation, and Hutchinson River in the Borough of The Bronx, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated March 15, 1911.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of December, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

WIDENING AND CHANGING THE GRADE OF SEDGWICK AVENUE, BETWEEN BAILEY AVENUE AND WEST 183D STREET; CHANGING THE GRADE OF WEST 188TH STREET, BETWEEN SEDGWICK AVENUE AND WEBB AVENUE; EXTENDING WEBB AVENUE, FROM WEST 188TH STREET TO FORDHAM ROAD; AND CHANGING THE LINES AND GRADES OF FORDHAM ROAD, FROM WEST 184TH STREET TO LORING PLACE, BOROUGH OF THE BRONX.

The following communication from the Commissioner of Public Works of the Borough of The Bronx, and report of the Chief Engineer, were presented:

City of New York, President of the Borough of The Bronx, office of the Commissioner of Public Works, October 19, 1911.

Mr. Jos. HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—I forward herewith a map entitled "Map showing the proposed viaduct carrying Sedgwick avenue over Fordham road, and incidental amendments of streets in the vicinity, dated October 17, 1911." This map coincides, with slight amendments, with the map dated April 1, 1911, and is to be considered a final map to supersede the tentative map of April 1, 1911. Respectfully,

THOMAS W. WHITTLE, Commissioner of Public Works.

P. S.—Blue print of above map forwarded herewith.

Report No. 10265. November 4, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of October 19, 1911, submitting for consideration a map showing a proposed readjustment of the street system at the junction of Sedgwick avenue with Fordham road.

The changes shown on this plan comprise the widening of Sedgwick avenue from a point near West 183d street to its junction with Bailey avenue, and the separation of the grade of the easterly half and the westerly half in such a way as to provide a high level and low level street, the former passing over Fordham road and the latter intersecting it at grade; the extension of Webb avenue from West 188th street to Fordham road, and a change in the line and grade of Fordham road, between West 184th street and Loring place.

Sedgwick avenue was originally laid out upon the City Map to have a width of 75 feet in the section south of Fordham road, and of 80 feet northerly therefrom. Provision for increasing the width of the latter section to 100 feet was made under a plan adopted on January 26, 1906, and the acquisition of the widening is now in progress. Title to the land has been vested in the City, and a grading improvement, authorized on July 1, 1910, is now being carried out. On March 9, 1911, a map was adopted showing a desired readjustment in the grades of this street in the section north of and adjoining Fordham road, and to which it was then proposed to make the grading improvement conform.

In recognition of the importance of Fordham road as an east and west artery of traffic connecting the Boroughs of Manhattan and The Bronx, a map was adopted on June 29, 1911, making provision for increasing the width of Fordham road from 80 feet to 100 feet, and at the same time again slightly readjusting the grade at the intersection of this street with Sedgwick avenue. It was then understood that a proceeding would be at once instituted for acquiring the widening at the expense of the area benefited by it, which area, the Board was informed by a number of interested property owners who appeared at the hearing, should be construed to include the Boroughs of Manhattan and The Bronx.

The change now planned at this intersection will, if adopted, make the third one of a radical character within a period of less than six years, and will necessitate a new proceeding for acquiring the additional land to be included within the lines of Sedgwick avenue, the width of which is to be now increased to 120 feet, and notwithstanding that the proceeding has not yet been completed for acquiring the widening previously determined upon.

The grade of Sedgwick avenue as heretofore adopted is approximately 6.5 per cent. in the section south of and adjoining Fordham road. The street will undoubtedly serve as an important north and south artery of water-front traffic, in recognition of which the changes shown on the plan now under consideration have been prepared. The carrying out of the treatment indicated will permit of north and south traffic passing over the Fordham road on the high level street at an easy grade, while eastwardly-bound traffic will be likewise advantaged through the connection provided between the high level street and Fordham road on the line of West 188th street. For west-bound traffic the low level street will be available, but at a less desirable grade than heretofore planned, the rate being increased to a maximum of nearly nine per cent.

The connection of West 188th street with the high level section of Sedgwick avenue will involve a raising of its grade at the latter intersection of approximately 14 feet. This street forms the northerly boundary of Devoe Park, and has been regulated and graded. The extension of Webb avenue southwardly from West 188th street across Devoe Park to connect with Fordham road, will result in providing it with a desirable outlet, but at the same time will seriously decrease the park area. This park, it might be noted, is already subdivided by Andrews avenue, and the change now proposed will have the effect of breaking it up into three distinct parcels.

The changes in the line of Fordham road are located on the easterly side of its intersection with Sedgwick avenue, and here provide for releasing a portion of Devoe Park, which it was originally proposed to include in the Fordham road widening, and also for discontinuing a small area heretofore acquired for street purposes. The grade changes in this street at its junction with Sedgwick avenue are in the nature of an adjustment of the platform elevations.

The immediate vicinity is generally unimproved at the present time, and the plan, if adopted, can be carried out now at a slight expense as compared with the amount which would be involved if action were deferred. One building falls within the lines of the proposed Sedgwick avenue widening, while two four-story brick buildings and one frame building would be affected to some extent by the proposed grade changes.

The effect of the separation of the grade of Sedgwick avenue in such a way as to provide a high and low level street would, in my judgment, be advantageous to the abutting property, as it would conform more closely with the topography than do the grades heretofore planned

The improvement will be an expensive one to carry out, and is of such a nature as to make it the subject of an assessable proceeding unless the policy which has been almost uniformly maintained in carrying out street improvements is departed from. In so far as it relates to Sedgwick avenue, the improvement would undoubtedly prove of substantial local benefit, while at the same time its relation to important traffic arteries of the Borough would seem to make it practicable to include a large area within the assessment district. I am informed that the grading contract now being carried out in the section of Sedgwick avenue, north of Fordham road, can be adjusted in such a way as to meet the new conditions. This, however, will probably require the exclusion from the contract of so much of the work as is located south of the junction of Bailey avenue and Sedgwick avenue, owing to the fact that title to the widening cannot be vested in the City until after a considerable interval of time has elapsed. Since it would be manifestly inconsistent to complete the grading of this section along lines which are to be subsequently modified, it would seem desirable, before the map is adopted, to secure definite advice from the contractor concerning the terms under which this portion of the work could be withdrawn from the contract.

I would recommend that a public hearing be given concerning the plan submitted by the Commissioner, and that it be adopted, provided the owners of the property within the benefited area are prepared to assume the entire expense. In this connection it might be noted that a proceeding for acquiring the additional land to be included in the street system might properly be merged with the one relating to Fordham road widening, and considered as relating to the same area of benefit. I would also suggest that the Borough President be asked to advise the Board on or before the date of the hearing concerning the terms under which the grading contract can be adjusted to meet the new conditions, and that his attention be also called to the desirability of discontinuing the proposed Webb avenue extension across the Devoe Park, in order that the playground space in this vicinity may not be unnecessarily curtailed. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines and grades of Sedgwick avenue, between West 183d street and Bailey avenue; of Fordham road, between West 184th street and Andrews avenue; of West 188th street, between Sedgwick avenue and Andrews avenue and of Bailey avenue at its intersection with Sedgwick avenue; and laying out the lines and grades of Webb avenue, between West 188th street and Fordham road in the Borough of The Bronx, City of New York, which proposed

change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated October 17, 1911.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of December, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

—

The Secretary was then directed to request the Borough President to advise the Board on or before the date of the hearing concerning the terms under which the grading contract can be adjusted to meet the new conditions; and to also call his attention to the desirability of discontinuing the proposed Webb avenue extension across Devoe Park, in order that the playground space in this vicinity may not be unnecessarily curtailed.

FINAL MAP OF SECTION 9, BOROUGH OF QUEENS.

The following communication from the Acting Secretary of the Borough of Queens, and report of the Chief Engineer, were presented:

The City of New York, office of the President of the Borough of Queens, Long Island City, November 6, 1911:

JOSEPH HAAG, ESQ., *Secretary of the Board of Estimate and Apportionment:*

Dear Sir—By direction of President Connolly I transmit herewith for the approval of the Board of Estimate and Apportionment a litho-print of section 9 of the Final Map of the Borough of Queens.

This Final Street System was laid out in conformity with the Tentative Maps which have heretofore been approved by your Board. Yours respectfully,

DAVID W. MURPHY, Chief Clerk and Acting Secretary of the Borough of Queens.

Report No. 10325. November 15, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Acting Secretary of the Borough of Queens, bearing date of November 6, 1911, requesting, on behalf of the Borough President, the approval of the final map of Section 9.

This map relates to an area of about 367 acres, comprising the territory bounded approximately by 11th street, Burnside avenue, 12th street, Patterson avenue, 14th street, Grand avenue, 16th street, Schurz avenue, 18th street, Sigel avenue, 22d street, Schurz avenue, 24th street, Grand avenue, 28th street, Patterson avenue, 31st street, Burnside avenue, 30th street, Jackson avenue, 27th street, Hayes avenue, 25th street, Fillmore avenue, 19th street, Hayes avenue, 15th street and Jackson avenue.

A street system for this section was shown upon a tentative map of the Corona District, which was approved by the Board on April 24, 1908. Since this date a final map has been adopted for that portion of Jackson avenue west of 21st street and east of the easterly limit of the section, both providing for decreasing the width of 150 feet, originally contemplated, to 100 feet; this treatment is ratified by the plan now presented, as is also a decrease in the width of Hayes avenue from 100 feet, as shown on the tentative map, to 95 feet, as provided by the final plans for the adjoining section. With these exceptions and a few slight changes in grade, the map now presented appears to conform with the tentative plan.

The territory is generally undeveloped and a considerable portion of it is of a swampy character.

Provision is made for closing and discontinuing the Trains Meadow road and Duryea's road, both of which have an irregular alignment and a position quite inconsistent with the development of a rectangular street system. I am informally advised that the closing of these streets through portions of their length has already been anticipated by the property owners and that their use has to some extent been discontinued.

The transverse streets, or those designed as the most important traffic arteries, extending in an easterly and westerly direction, have widths ranging from 70 feet to 100 feet. The longitudinal streets in each case are intended to be 60 feet wide, excepting 12th street, which is to have a width of 100 feet, this evidently being intended to serve as the principal artery for traffic in this direction.

I see no reason why the plan should not be adopted, and would recommend such action after a public hearing.

Respectfully, NELSON P. LEWIS, Chief Engineer.

On motion of the President of the Borough of Queens the matter was referred back to him for further consideration.

FINAL MAP OF SECTION 21, BOROUGH OF QUEENS.

The following communication from the Acting Secretary of the Borough of Queens, and report of the Chief Engineer, were presented:

The City of New York, office of the President of the Borough of Queens, Long Island City, November 3, 1911.

JOSEPH HAAG, ESQ., *Secretary of the Board of Estimate and Apportionment:*

Dear Sir—President Connolly directs me to transmit herewith a litho-print of section 21 of the Final Maps of the Borough of Queens for the approval of the Board of Estimate and Apportionment.

This map is in conformity with the Tentative Map already adopted by your Board, with the exception of a number of minor changes in grades on streets where considerable improvements have been made, and also for the reduction in width of 48th street. A small map will be submitted later for the carrying out of the reduction in width of 48th street for its full length. Respectfully,

DAVID W. MURPHY, Chief Clerk and Acting Secretary of the Borough of Queens.

Report No. 10326. November 15, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Acting Secretary of the Borough of Queens, bearing date of November 3, 1911, requesting, on behalf of the Borough President, the approval of the final map of Section 21.

This plan relates to an area of about 367 acres, comprising the territory bounded approximately by 32d street, Patterson avenue, 33d street, Grand avenue, 35th street, Schurz avenue, 37th street, Sigel avenue, 39th street, Mansfield avenue, 43d street, Sigel avenue, Curtis street, Schurz avenue, Butler street, Grand avenue, Flushing Bay, Banks avenue, Astoria avenue, 49th street, Burnside avenue, 48th street, Jackson avenue, 46th street, Hayes avenue, 44th street, Fillmore avenue, 43d street, Hayes avenue, 39th street, Jackson avenue, Junction avenue and Burnside avenue.

A street plan for this territory was indicated on a tentative map of the Corona section of the Borough, which was approved on April 24, 1908. The map now submitted ratifies the tentative plan, excepting that provision is made for decreasing the width of Jackson avenue from 150 feet to 100 feet, of Hayes avenue from 100 feet to 95 feet, of Fillmore avenue from 75 feet to 60 feet, and of 48th street from 60 feet to 50 feet, and for a number of changes in street grade. The latter modifications appear to be proposed as a result of a more extended study of the topography, and are evidently intended to make the established grades conform more closely with existing conditions than did those originally proposed.

The changes indicated in the width of Jackson avenue, Hayes avenue and Fillmore avenue harmonize with modifications shown on the plans already adopted for the adjoining sections. The decrease proposed in the width of 48th street is assumed to be due to an effort to make the lines of this street harmonize with those recognized by the property owners. The Borough Secretary advises that a map, showing the corresponding modification required in the adjoining section, will be later submitted to the Board.

The territory adjoining Jackson avenue, known as the Luona Park section, has been improved to a considerable extent, and provision is made in the plan for increasing the width of a large number of private streets from 50 feet to 60 feet. It is believed that these changes will here result in serious damage to a large number of buildings.

The most important traffic arteries, those having an easterly and westerly direction, are to be given a width ranging from 70 feet to 100 feet, while the streets having a position at right angles thereto are to be 60 feet wide, excepting 48th street, to which reference has already been made; 37th street, which is to have a width of 80 feet, and 43d street, which is to be 70 feet wide.

The plan makes provision for a public park, to include the block bounded by Astoria avenue, Patterson avenue and 45th street, this having an area of approximately 0.04 acre.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out the lines and grades of the street system within the area designated as Section 21 of the Final Maps, bounded approximately by 32d street, Patterson avenue, 33d street, Grand avenue, 35th street, Schurz avenue, 37th street, Sigel avenue, 39th street, Mansfield avenue, 43d street, Sigel avenue, Curtis street, Schurz avenue, Butler street, Grand avenue, Flushing bay, Banks avenue, Astoria avenue, 49th street, Burnside avenue, 48th street, Jackson avenue, 46th street, Hayes avenue, 44th street, Fillmore avenue, 43rd street, Hayes avenue, 39th street, Jackson avenue, Junction avenue and Burnside avenue in the Borough of Queens, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated October 9, 1911.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of December, 1911, at 10:30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, the Bronx, Queens and Richmond—16.

TENTATIVE MAP SHOWING A STREET SYSTEM FOR THE TERRITORY BOUNDED APPROXIMATELY BY HILLSIDE AVENUE, VILLARD AVENUE, FARMERS AVENUE, FREEPORT AVENUE, ROCKAWAY BOULEVARD AND VAN WYCK AVENUE, BOROUGH OF QUEENS.

The following communication from the Acting Secretary of the Borough of Queens, and report of the Chief Engineer were presented:

The City of New York, Office of the President of the Borough of Queens, Long Island City, November 21, 1911.

JOSEPH HAAG, Esq., *Secretary of the Board of Estimate and Apportionment:*

Dear Sir—By direction of President Connolly, I transmit herewith for the approval of the Board of Estimate and Apportionment a black print of "Topographical Map, showing street system and grades of that portion of the Fourth Ward, Borough of Queens, City of New York, bounded by Hillside avenue, Villard avenue, Old Country road, Farmers avenue, Freeport avenue, Rockaway boulevard, Van Wyck avenue and New Haven avenue, dated New York, November 2, 1911."

In connection with this map the Engineer in charge of the Topographical Bureau of this Department states: "This is an amended copy of the Jamaica Map, referred back to the President of the Borough of Queens by resolution of the Board of Estimate and Apportionment of September 21, 1911. The only difference between this map and the map previously transmitted is as follows: The existing street system, known as South Ozone Park lying east of Van Wyck avenue and north of Rockaway boulevard, has been incorporated in the street plan. Zuider avenue has been prolonged to an avenue formerly known as Baisley avenue. The name of Highland avenue has been changed to Baisley avenue. I also transmit by special request of Mr. Arthur S. Tuttle the map originally submitted for the Board's approval, as this map contains notes used by Mr. Tuttle in the preparation of his report."

Yours respectfully, DAVID W. MURPHY, Chief Clerk and Acting Secretary of the Borough of Queens.

Report No. 10344. November 24, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on September 21, 1911, and after a public hearing, a tentative map showing a street system for the territory bounded approximately by Hillside avenue, Villard avenue, Farmers avenue, Freeport avenue, Rockaway boulevard and Van Wyck avenue, in the Fourth Ward of the Borough of Queens, was referred back to the Borough President at his request. At this time a report was submitted by your Engineer in which it was shown that the territory of reference comprised an area of about 4,170 acres, and in which the principal features of the plan were discussed. From this report I beg to quote as follows:

"This map includes the Jamaica, St. Albans, and a portion of the Hollis sections of the Borough, together with a large number of private developments, these including South Ozone Park, Jamaica Park South, Jamaica Park, Jamaica terrace, Jamaica Oaks, South Jamaica place, Dana Park, New Netherlands, Morrell Park, Queensboro Park, Cedar Manor, Locust Lawn and Phraner Park. Nearly all of the area affected by the plan has been at least in part improved, and it is believed that the property has to a large extent been subdivided and sold in small plots. In recognition of this condition, an effort has been made in preparing the plans to recognize the private streets in so far as practicable. The only exceptions to this treatment appear in the vicinity of the South Ozone Park section, where the street system as planned by the developers is entirely inconsistent with any reasonable plan which might be devised for the adjoining area.

"The map includes provision for recognizing the importance of most of the old streets and for giving them an increased width, this, in most cases, ranging from 60 feet to 100 feet. Among the streets having the greater width there are included all or portions of Hillsdale avenue, which has been improved to coincide with this treatment; Jamaica avenue, which as now in use has a width ranging from about 70 feet to 90 feet; Merrick road, at present a narrow street but serving as an important artery of traffic; New York avenue south of South street; Liberty avenue west of Sutphin road; Sutphin road, this, through most of its length, including what was formerly known as the old Rockaway turnpike, a narrow street extensively used, and also following the lines of streets formerly known as Carlton avenue and Guilford street; and Freeport avenue, embracing a street known as Nichols avenue.

"The proposed widening of Jamaica avenue coincides with the treatment already agreed upon for the adjoining section on the west, but the carrying out of the improvement will involve damage to about 13 brick and 58 frame buildings. Recognition has been given the development which has already taken place in the section between Kings Park and Union Hall avenue, where a widening to 100 feet could not be carried out without involving what would appear to be an unwarranted expense, and provision has here been made for retaining the existing street lines, these affording a width of about 90 feet.

"It is believed that the widening proposed for the remaining streets can be effected without serious damage to improvements.

"Aside from the streets already referred to, the map generally contemplates a street width ranging from 60 feet to 80 feet, exceptions being made in a number of cases where it had been found necessary to retain the present width of 50 feet, this treatment applying more particularly to the older and built-up portions of the district. In a number of other instances a lesser width has been indicated, for some of which cases no occasion is apparent.

"The lines of King Park, bounded by Jamaica avenue, Alsop street, Shelton avenue and Ray street, title to which has already been acquired, are retained unchanged excepting in so far as modifications are made along the line of Jamaica avenue in order to permit of widening the street at this point. This park comprises an area of about 11 acres.

"The principal park indicated on the map comprises the territory bounded by Rockaway boulevard, Sutphin road, Yukon avenue, Altmar place, Warburton avenue, New York avenue and Higbie avenue with an area of about 200 acres. Of this property, 70 acres are owned by the City and include the Baisleys Pond, one of the tributaries of the Brooklyn water supply. The pond receives the surface drainage from a large adjoining area, and its use during the last few years has necessitated purification by filtration. I am informally advised that it is proposed by the Water Department to abandon this surface source of supply in the near future and to depend entirely upon shallow wells for securing the supply from this watershed. It would appear that the use of the City property for park purposes is a proper one, and it is assumed that the additional area will be acquired at least in part at the expense of the property owners in the vicinity; the land and a few buildings are assessed at about $350,000. The pond, which might be retained as a permanent feature of the plan, includes an area of about 40 acres of water surface.

"The proposed park bounded by Hillside avenue, Warwick avenue and Mount Joy place, to be known as Lafayette Park, is to comprise an area of about one acre. This park appears upon previous maps of the village, although title to it has not been acquired. It has an assessed valuation of $10,500.

"Fifteen small park spaces are also indicated at important street intersections, these comprising an aggregate area of about one acre.

"The map includes portions of the main line, the Montauk Division, and the Southern Division of the Long Island Railroad. The treatment contemplated for the street system in so far as it affects the main line and Southern Divisions in the westerly portion of the area covered by the plan, was indicated upon a tentative map adopted by the Board on May 18, and the treatment then proposed is ratified by the plan now presented. No agreement has yet been reached with the Railroad Company relative to the treatment of the remaining length of the two roads of reference or of the Montauk Division. The plan, however, has been prepared under the assumption that the railroad will be elevated through its entire length.

"I see no reason why the plan should not be adopted after an informal hearing and would recommend such action, but with the understanding that when the final map is prepared street grades will be omitted in the vicinity of the railroads of reference until such time as the way has been cleared for securing either over or under crossings. I would also suggest that the attention of the Borough President be called to the desirability of ascertaining whether the City has power to lay out and acquire streets across the property now owned by the Metropolitan Jockey Club before definitely locating the streets proposed in this area; of increasing the width of South street, which is occupied by a double track trolley railroad in certain portions of its length, and which appears to have a width ranging from a little over 40 feet upwards to 60 feet; of securing an adequate outlet for Merrick road at its northerly end, either through the provision of a wide street between this terminal and Jamaica avenue, or by widening Liberty avenue through that portion of its length between Merrick road and Sutphin road. It is also suggested that his attention be directed to the somewhat extravagant street areas which are indicated at the northerly terminal of Merrick road and at the intersection of Baisley avenue with Higbie avenue, and which could not be made attractive if the entire space were to be paved; and also to the treatment of Queens boulevard between Hillsdale avenue and Jamaica avenue, where it is proposed to decrease the width from 150 feet as fixed in the adjoining section on the north to 80 feet, a change which appears to be somewhat abrupt and excessive. It is understood that the map will also be subject to further revision in minor details as a result of the closer study which will be made before the final plan is prepared, and that grades will be modified as required to ensure provision for drainage."

In a communication bearing date of November 21, 1911, which is accompanied by revised maps affecting the same area, the Borough Secretary, acting under direction of the President, advises that modifications have now been made in the proposed treatment of the South Ozone Park section of such a character as to make the plan conform with the existing street system, thereby meeting the objections originally raised to it. An examination of the amended plan shows this result has been attained through a distortion of the original, which will have the effect of creating a few blocks with dimensions less than are ordinarily considered desirable. In view, however, of the recognized inability of the City to adjust titles in disconnected portions of existing streets, and the damage which would result to improvements if the original plan is adhered to, I believe that the amendments may be considered as of a commendable character and that the map might properly be approved. The changes have been closely confined to the South Ozone Park section, only two other streets being affected; it is understood that neither of the two latter are in use.

I would recommend that the map be adopted after giving an informal hearing.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Mr. H. B. Salisbury appeared and stated that representatives of civic associations would be prepared to suggest a plan at the hearing the Board will hold in the matter.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of laying out new streets and making changes in the lines and grades of existing streets in the territory bounded approximately by Hillside avenue, Villard avenue, Farmers avenue, Freeport avenue, Rockaway boulevard, Van Wyck avenue and New Haven avenue in the Fourth Ward, Borough of Queens, as shown upon a tentative map bearing the signature of the President of the Borough, and dated November 2, 1911; be it

Resolved, That this Board will give an informal hearing in the matter at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of December, 1911, at 10.30 o'clock in the forenoon.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CHANGE IN THE GRADE OF AMBOY ROAD, FROM FOSTERS ROAD TO HUGUENOT AVENUE, BOROUGH OF RICHMOND.

The following communication from the President of the Borough of Richmond and report of the Chief Engineer were presented:

City of New York, Office of the President of the Borough of Richmond, New Brighton, New York City, October 17, 1911.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—We send you herewith for adoption map showing a change in the grade of Amboy road, from Fosters road to Huguenot avenue, Fifth Ward, Borough of Richmond.

The Public Service Commission of the First District determined that the grade crossing of Amboy road with the tracks of the Staten Island Railway being a peculiarly dangerous one, should be eliminated, so has handed down an order directing the railway company to eliminate the crossing and apportioning for it certain sums of money from the State Treasury.

Some little time ago a map was prepared therefor covering the then agreed upon conditions; but a further study of the case, both on behalf of the railroad and the City, shows the desirability of raising the railroad tracks quite materially, and thereby permitting the raising of the highway level below the tracks, working an advantage to all parties at interest, and fully meeting the desires of the Public Service Commission and the railroad company.

We ask, therefore, for the adoption of the map following necessary public hearing. Yours respectfully,

GEORGE CROMWELL, President of the Borough.

Report No. 10327. November 15, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on February 9, 1911, a resolution was adopted approving a map laying out and fixing grades for Amboy road, between Fosters road and Huguenot avenue, in the Fifth Ward, Borough of Richmond, this providing for the separation of the grade of the street from that of the Staten Island Railway Company. The treatment shown at this point ratified an order adopted by the Public Service Commission at its meeting of February 7, 1911, which provided that the grade of the street should be depressed not less than 10 feet and not more than 12 feet, and the railroad raised to such extent as required to secure a net clearance of 14 feet between the bridge and the highway.

The plan of reference provided for depressing the street elevation about 11.5 feet and for raising the tracks about 7.5 feet.

In the accompanying communication from the Borough President, bearing date of October 17, 1911, the Board is advised that a further study of the conditions has established the practicability of raising the street elevation more than two feet and that such a change would be advantageous to both the City and the railroad company, and would also meet the desires of the Public Service Commission. This change is shown upon the plan now presented by him, which also makes provision for the elimination of a number of grade points shown upon the plan heretofore adopted, and for a slight change in elevation at the point where the street meets Fosters road.

A proceeding is now in progress for acquiring title to the street in order to clear the way for carrying out the construction work required under the Public Service Commission's order.

Under the conditions noted, I believe that the change might properly be made, and would suggest such action after a public hearing.

I would also recommend that the Public Service Commission be requested to amend its order of February 7, 1911, in such a way as to permit of depressing the street to the elevation now proposed, which is somewhat less than the 10 feet heretofore prescribed.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grades of Amboy road, between Fosters road and Huguenot avenue, Fifth Ward, in the Borough of Richmond, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated October 9, 1911.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of December, 1911, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

DISCONTINUING THE PROCEEDING FOR ACQUIRING TITLE TO THE PUBLIC PARK AT THE JUNCTION OF WEST 151ST STREET, CONVENT AVENUE AND ST. NICHOLAS AVENUE, BOROUGH OF MANHATTAN.

The Secretary presented the following:

Office of the President of the Borough of Manhttan, City of New York, City Hall, November 22, 1911.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Dear Sir—I am directed by the Borough President to request you to replace on the calendar of the Board of Estimate for its next meeting the proceeding for acquiring title to the public park at the junction of West 151st street, Convent and St. Nicholas avenues, which matter was referred back to the President of the Borough of Manhattan, at his request at the meeting of the Board on November 16, 1911.

Very truly yours, JULIAN B. BEATY, Secretary to the President.

Law Department, Office of the Corporation Counsel, New York, November 28, 1911.

JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Sir—Pursuant to your request over the telephone yesterday of the Assistant in charge of the Bureau of Street Openings, to be informed as to the amount of the expenses of the City in the above proceeding, I beg to state that such expenses to this date aggregate the sum of $1,893.15.

The above amount is made up of the following items:

Office charges to date	$749 62
Fees of expert witness for the City	250 00
Commissioners' fees	795 00
Preparing maps by Topographical Bureau	98 53

As you stated in your talk with the Assistant that the above information was desired by the Board for the reason that it was considering the advisability of discontinuing the proceeding, provided the petitioners therefor agree to pay the expenses incurred by the City as ascertained by the Corporation Counsel, I think I should inform you that the above amount does not, however, include such sums as may be recovered by owners affected by the proceeding upon the discontinuance thereof under authority of section 1000 of the Charter, which provides that:

"In case of such discontinuance the reasonable actual cash disbursements necessarily incurred and made in good faith by any party interested, shall be paid by The City of New York after the same shall have been taxed by a Justice of the Supreme Court or by a Referee under his special order upon ten days' notice of such taxation being previously given to the Corporation Counsel."

The amount which may be recovered under this provision of the Charter cannot be ascertained at this time, as the same cannot be taxed until after the proceeding has been discontinued by your Board. Respectfully,

G. L. STERLING, Acting Corporation Counsel.

Mr. George B. Markham, representing property owners assessed in the opening proceeding, appeared and presented the following communication, together with certified checks to the amount of $1,893.15, to cover the expenses of the City in this proceeding to date:

George B. Markham, Counsellor at Law, 27 William street, New York, November 29, 1911.

To the Board of Estimate and Apportionment, New York City:

Gentlemen—I beg to transmit to you herewith two (2) certified checks to the order of the Comptroller of New York City for the sums respectively of one thousand and ninety dollars ($1,090) and eight hundred and three dollars and fifteen cents ($803.15), making a total of one thousand eight hundred and ninety-three dollars and fifteen cents ($1,893.15), being in full payment of the costs of the City to date in the above entitled proceeding to be discontinued.

Yours respectfully, GEORGE B. MARKHAM.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment by resolution adopted on December 17, 1909, initiated proceedings for the acquisition of title to the public park bounded by Convent avenue, St. Nicholas avenue and West 151st street, Borough of Manhattan; and

Whereas, A large number of property owners have petitioned the Board to discontinue the proceedings for the reason that the assessments will be far in excess of any benefit conferred upon them through the proceedings; and

Whereas, The Assistant Corporation Counsel in charge of the Bureau of Street Openings has advised that the expenses of the City in these proceedings up to the 29th day of November, 1911, amount to the sum of one thousand eight hundred and ninety-three dollars and fifteen cents ($1,893.15); and

Whereas, At the meeting of the Board of Estimate and Apportionment held on November 29, 1911, representatives of property owners assessed in the proceedings have submitted to the said Board certified checks, payable to the Comptroller of The City of New York, aggregating the sum of $1,893.15, which the said owners pay to The City of New York in order that the aforesaid proceedings may be discontinued; be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 1000 of the Greater New York Charter, as amended, deeming it for the public interest so to do, hereby discontinues any and all legal proceedings for acquiring title to the public park bounded by Convent avenue, St. Nicholas avenue and West 151st street, Borough of Manhattan, instituted or authorized by said Board on December 17, 1909; and be it further

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby rescinds the resolution adopted by said Board on December 17, 1909, directing the acquisition of title to the public park bounded by Convent avenue, St. Nicholas avenue and West 151st street, Borough of Manhattan.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CONVEYANCE BY THE TRUSTEES OF ST. ANDREW'S CHURCH OF A SMALL TRIANGLE HAVING AN AREA OF ABOUT 13 SQUARE FEET ON THE NORTHERLY SIDE OF DUANE STREET, OPPOSITE THE MUNICIPAL BUILDING, BOROUGH OF MANHATTAN.

The following communication from the Chief Engineer and form of deed were presented:

Report No. 10314. November 23, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—On June 29, 1911, the Board of Estimate and Apportionment after a public hearing adopted a plan changing the lines of Duane street on its northeasterly side and opposite the new Municipal Building. This action was taken as the result of a recommendation made to the Board in a report from the Chief Engineer dated June 5, 1911, in which it was shown that a considerable expense could be saved thereby and a proceeding now in progress to acquire the long triangular area on the northerly side of Duane street could be abandoned. This recommendation was contingent upon the willingness of the Trustees of St. Andrew's Church to convey to the City title to a small triangle having an area of about 13 square feet, and it was reported that assurances of their willingness to convey this property had been received. A form of deed has been prepared, together with plans showing the area to be conveyed by the church authorities, but a question has been raised as to whether any religious corporation can convey any of its real estate without consent of the courts, and whether even with such consent it would have the right to convey property without a substantial consideration. My attention has been called to the following cases, in which I understand it was held that consent of the court was necessary before the conveyance of property, namely: Madison Avenue Baptist Church vs. Baptist Church in Oliver street, 46, New York, 131; Reformed Church vs. Schoolcraft, 65, New York, 134; Dudley vs. Congregation of St. Francis, 138, New York, 451; Associated Presbyterian Congregation vs. Hanna, 113, Appellate Division, 12.

I would recommend that the accompanying form of deed be referred to the Corporation Counsel for advice as to whether it will be necessary for the church authorities to secure the consent of the court, whether there must be a substantial consideration other than the discontinuance of the opening proceeding now in progress, and for any other recommendations he may make as to the form of the conveyance.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Indenture made this day of , in the year one thousand, nine hundred and eleven, between

as trustees of the Church of St. Andrew, a domestic religious corporation, parties of the first part, and The City of New York, a municipal corporation, party of the second part.

Whereas, the parties of the first part are the owners of the following described land and of all the estate therein within the lines of Duane street in the Borough of Manhattan, as laid down and shown on a certain map or plan showing a change on the easterly side of said Duane street, between City Hall place and Park street, adopted by the Board of Estimate and Apportionment of The City of New York on the day of June, 1911, and approved by the Mayor of The City of New York on the day of , 1911, and are willing to cede the same to The City of New York in pursuance of the provisions of section 992 of the Greater New York Charter, as amended;

Now, Therefore, This Indenture Witnesseth, That the said parties of the first part, in consideration of the sum of one dollar ($1) lawful money of the United States of America paid to the said parties of the first part, the receipt whereof is hereby acknowledged, do hereby grant and release unto the said party of the second part and its successors, forever, all that certain triangular piece or parcel of land situate, lying and being in The City of New York, Borough of Manhattan, County of New York, and State of New York, and shown as a portion of Duane street on the aforesaid map or plan, and being more particularly bounded and described, as follows:

Beginning at a point on the easterly side of Duane street as laid down and shown on the aforesaid map or plan where the said easterly side of Duane street is intersected by the southwesterly boundary line of the property, No. 20 City Hall Place (known as section 1, block 158, lot 38 on the Land Map of The City of New York) which point is distant sixty-nine (69) feet northwesterly from the northwesterly side of City Hall place, measured along said boundary line; running thence northwesterly along the easterly side of Duane street as the same now actually exists thirteen (13) feet seven (7) inches, more or less, to the rear line of the said property No. 20 City Hall place; thence northeasterly along said rear line one (1) foot eleven (11) inches, more or less, to the point where said rear line is intersected by the easterly side of Duane street as laid down and shown on the aforesaid map or plan; thence southeasterly along said easterly line of Duane street as laid down and shown on the aforesaid map or plan thirteen (13) feet nine (9) inches, more or less, to the point or place of beginning; it being intended to describe all that portion of the said premises, No. 20 City Hall Place lying to the west of the easterly side of Duane street as laid down and shown on the aforesaid map or plan, said portion of said premises containing about thirteen (13) square feet in area and being indicated in red on the drawing hereto annexed, which drawing is entitled "State of New York, Public Service Commission for the First District, Engineering Department, Route 9-0-1: Map showing property to be Deeded to The City of New York for Street Purposes, Alfred Craven Acting Chief Engineer," dated June 1, 1911, and numbered File No. 4, Drg. No. 116, in the office of the Public Service Commission for the First District.

Together with the appurtenances and all the estates and rights of the parties of the first part in and to said premises. It being the intention of the grantors to convey all land in said street and all the estate therein that they may own, to the centre thereof, in front of the plot described herein.

To have and to hold the above granted premises unto the said City of New York and its successors forever as fully as if the same had been acquired in fee in trust for street purposes by The City of New York under the power of eminent domain.

In witness whereof, The said parties of the first part have hereunto set their hands and seals the day and year first above written.

ACQUIRING TITLE TO THE LANDS NECESSARY FOR THE HENRY HUDSON MEMORIAL BRIDGE OVER THE HARLEM RIVER.

The following communication and petition were presented:

Delafield Estate, Inc., Riverdale-on-Hudson, New York City, November 22, 1911.

ARTHUR S. TUTTLE, Esq., *Engineer, Board of Estimate,* 277 Broadway, New York, N. Y.:

Dear Mr. Tuttle—I enclose herewith petition, in duplicate, for the acquiring of the lands necessary for the building of the Hendrick Hudson Memorial Bridge over the Harlem River. Petition No. 1 covers signatures obtained from The Bronx end; No. 2 covers signatures from Inwood Hill. Almost all of the property owners on the Inwood Hill have signed it. At our end we could get any number of pages more signatures, but do not think it of advantage.

Would you be kind enough to hand this to the proper officers in your department, so that the matter will be promptly forwarded, and oblige.

Yours very truly, EDWARD L. DELAFIELD.

Petition for Acquiring Title to Lands Necessary for Henry Hudson Memorial Bridge.

New York City, October 2, 1911.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—The subscribers who are property owners and taxpayers in the Boroughs of Manhattan and The Bronx, respectfully petition that title be acquired to the lands necessary and required for the building of the Henry Hudson Memorial Bridge over the Harlem River, the said lands so required having been fixed and placed on the final maps of The City of New York, adopted the eighth day of November, 1907; and that the cost of acquiring title to said lands be assessed upon the Boroughs of Manhattan and The Bronx under the provisions of chapter 679 of the Laws of 1911, being section 247 of chapter 6 of the Greater New York Charter.

And we respectfully request that this matter be acted upon by your Board as soon as possible, and that you do all acts required by law in order to obtain title to such lands.

DAVID STEWART, THE JAMES McCREERY REALTY CORPORATION, HENRY S. LIVINGSTON, FRANK S. HACKETT, and a number of others.

On motion the petition was referred to the committee, appointed April 8, 1910, to consider the matter, consisting of the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan and the President of the Borough of the Bronx.

ACQUIRING TITLE TO EAST 7TH STREET, FROM FOSTER AVENUE TO CANAL AVENUE NORTH, EXCLUDING THE RIGHT-OF-WAY OF THE MANHATTAN BEACH DIVISION OF THE LONG ISLAND RAILROAD, AND ALSO EXCLUDING A TRIANGULAR PARCEL ON THE NORTHERLY SIDE OF THE RAILROAD RIGHT-OF-WAY, HAVING A FRONTAGE OF 10 FEET ON THE EASTERLY SIDE OF EAST 7TH STREET AND 50 FEET UPON THE RAILROAD PROPERTY, BOROUGH OF BROOKLYN.

The following report of the Chief Engineer was presented:

Report No. 10338. November 21, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on the 16th inst., a public hearing was given concerning the area of assessment proposed in the matter of acquiring title to East 7th street, from Foster avenue to Canal Avenue North, excluding the right-of-way of the Manhattan Beach Division of the Long Island Railroad, in the Borough of Brooklyn.

At the close of this hearing, and at the request of the Borough President, the matter was referred back to the Chief Engineer in order that the proceeding might be amended in such a way as to exclude the small triangular parcel on the northerly side of and adjoining the right-of-way of the Long Island Railroad, occupied by a switch leading to the power plant of the Edison Electric Illuminating Company. This parcel has a frontage of 10 feet on the easterly side of East 7th street and extends along the railroad right-of-way a distance of 50 feet. In case its acquisiiton was provided for under the proceeding, and as was originally contemplated, the expense would be substantially increased owing to the consequential damage which would be suffered by the Edison Company. The exclusion of this area, as now proposed, will not in any way prejudice the right of the City to hereafter acquire title to it in case it is needed for street purposes, as might be the case were a bridge to be constructed over the railroad property. I do not understand that such a bridge is contemplated in the immediate future, and see no reason why the desired amendment cannot be made with propriety.

I would therefore recommend that after giving a new hearing concerning a district of assessment, identical in description with that originally proposed, the proceeding be authorized for acquiring title to this street and as now desired.

In the original report upon this proceeding it was shown that the street was in use in disconnected sections, and that the abutting property had been partially improved. It is understood that no buildings encroach upon the street lines.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East 7th street from Foster avenue to Canal Avenue North, excluding the right-of-way of the Manhattan Beach Division of the Long Island Railroad; and also excluding a triangular area on the northerly side of the right-of-way of the railroad with a frontage of 10 feet on the easterly side of East 7th street, extending from the easterly line of East 7th street along the railroad right-of-way for a distance of 50 feet in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of Section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between East 7th street and East 8th street, distant 100 feet northerly from the northerly line of Foster avenue, the said distance being measured at right angles to Foster avenue, and running thence southwardly along the said line midway between East 7th street and East 8th street and along the prolongations of the said line to the intersection with a line midway between Avenue V and Avenue W; thence eastwardly along the said line midway between Avenue V and Avenue W to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of East 7th street and the westerly line of Coney Island avenue as these streets are laid out between Avenue V and Avenue W; thence southwardly along the said bisecting line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Canal avenue north, the said distance being measured at right angles to Canal avenue north; thence westwardly along the said line parallel with Canal avenue north to the intersection with the prolongation of a line midway between East 7th street and Hubbard street; thence northwardly along the said line midway between East 7th street and Hubbard street and along the prolongations of the said line to the intersection with a line midway between Avenue X and Crawford avenue; thence westwardly along the said line midway between Avenue X and Crawford avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the westerly line of East 7th street and the easterly line of Ocean parkway as these streets are laid out between Avenue X and Crawford avenue; thence northwardly along the said bisecting line to the intersection with the prolongation of a line midway between East 7th street and Ocean parkway as these streets are laid out north of Avenue W; thence northwardly along the said line midway between East 7th street and Ocean parkway and along the prolongations of the said line to the intersection with a line parallel with Foster avenue and passing through the point of beginning; thence eastwardly along the said line parallel with Foster avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of December, 1911, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 28th day of December, 1911.

Affirmative.—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

AMENDING THE PROCEEDING FOR ACQUIRING TITLE TO 36TH STREET FROM FORT HAMILTON AVENUE TO WEST STREET, SO AS TO RELATE TO THE STREET AS NOW MAPPED, AND BY THE INCLUSION OF OLD NEW UTRECHT ROAD FROM 36TH STREET TO 14TH AVENUE, AND OF 35TH STREET FROM CHURCH AVENUE TO WEST STREET, BOROUGH OF BROOKLYN.

The following resolution of the Local Board of the Flatbush District, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Flatbush District.

Whereas, a petition for a local improvement, to wit: Opening of 35th street, from Church avenue to West street, has been received by the President of the Borough of Brooklyn, and

Whereas, he has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board, and

Whereas, The said petition was duly submitted thereafter to the said Local Board; now, therefore, it is

Resolved, That the Local Board of the Flatbush District, hereby initiates proceedings to open 35th street from Church avenue to West street and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 13th day of September, 1911, Commissioner Pounds and Aldermen Potter and Morrison voting in favor thereof.

Attest, REUBEN L. HASKELL, Secretary.

Approved on September 21, 1911. L. H. POUNDS, Acting President, Borough of Brooklyn.

Report No. 10303. November 17, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on December 4, 1908, a proceeding was instituted for acquiring title to 36th street, from Fort Hamilton avenue to West street, in the Borough of Brooklyn, but, up to the present time, the proceeding has not advanced materially.

On November 16, 1911, maps were approved under which old Martense lane and old New Utrecht road were incorporated upon the City plan. The former,, west of Church avenue, immediately adjoined, or was partially included within, the lines of 36th street, and its recognition has resulted in giving the latter street a width flaring from about 85 feet at Fort Hamilton avenue to about 100 feet at Church avenue. All of the added street area, however, is probably dedicated to public use.

On September 13 last, the Local Board of the Flatbush District adopted a resolution, which is herewith transmitted, initiating proceedings for acquiring title to 35th street, from Church avenue to West street. The resolution affects the entire length of this section of 35th street, comprising two blocks, or about 600 feet. The street has been given a width of 60 feet; it is roughly in use, and on the southerly side the abutting property is partially improved.

It will be necessary to amend the opening proceeding referred to so as to relate to 36th street as now laid out, but, in my judgment, 35th street, from Church avenue to West street, together with the adjoining section of Old New Utrecht road, from 36th street to 14th avenue, should also be acquired at this time, and can advantageously be combined into a single opening proceeding with 36th street.

Old New Utrecht road has been given a width of about 80 feet, and includes within its lines a narrow roadway, the property abutting upon which is partially improved. The portion affected comprises a little more than one block, or about 400 feet. At the intersection of 37th street and 14th avenue, the old roadway crosses the tracks of the Culver line branch of the Brooklyn Rapid Transit Company at grade, but the street was not mapped across the railroad right-of-way, in the belief that there was no occasion at this time for making application to the Public Service Commission for a ratification of existing conditions.

I would recommend that the opening proceeding relating to 36th street be amended as above outlined after a new public hearing has been given concerning a district of assessment modified as required by the changed conditions, and to include the following area:

Beginning at a point on the easterly line of West street, where it is intersected by the prolongation of a line midway between 36th street and 37th street, and running thence northwestwardly along the said line midway between 36th street and 37th street and along the prolongation of the said line to the intersection with a line midway between 14th avenue and 15th avenue; thence southwestwardly along the said line midway between 14th avenue and 15th avenue to the intersection with a line midway between 37th street and 38th street; thence northwestwardly along the said line midway between 37th street and 38th street to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of 14th avenue, the said distance being measured at right angles to 14th avenue; thence southwestwardly along the said line parallel with 14th avenue to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of 38th street, the said distance being measured at right angles to 38th street; thence northwestwardly along the said line parallel with 38th street to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of 14th avenue, the said distance being measured at right angles to 14th avenue; thence northeastwardly along the said line parallel with 14th avenue to the intersection with a line midway between 37th street and 38th street; thence northwestwardly along the said line midway between 37th street and 38th street to the intersection with a line midway between 13th avenue and 14th avenue; thence northeastwardly along the said line midway between 13th avenue and 14th avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southwesterly line of 36th street and the northeasterly line of 37th street, as these streets are laid out between 12th avenue and 13th avenue; thence northwestwardly along the said bisecting line to a point distant 100 feet northwesterly from the northwesterly line of Fort Hamilton avenue, the said distance being measured at right angles to Fort Hamilton avenue; thence northeastwardly and always distant 100 feet northwesterly from and parallel with the northwesterly line of Fort Hamilton avenue, to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northeasterly line of 36th street and the southwesterly line of Chester avenue, as these streets are laid out between 12th avenue and Tehama street; thence southeastwardly along the said bisecting line to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of 36th street, the said distance being measured at right angles to 36th street; thence southeastwardly along the said line parallel with 36th street to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Church avenue, the said distance being measured at right angles to Church avenue; thence northeastwardly along the said line parallel with Church avenue to the intersection with the prolongation of a line distant 100 feet northeasterly from and parallel with the northeasterly line of 35th street, the said distance being measured at right angles to 35th street; thence southeastwardly along the said line parallel with 35th street and along the prolongations of the said line to the intersection with the easterly line of West street; thence eastwardly at right angles to West street a distance of 100 feet; thence southwardly and parallel with West street to the intersection with a line at right angles to West street and passing through the point of beginning; thence westwardly along the said line at right angles to West street to the point or place of beginning.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board December 4, 1908, for acquiring title to 36th street from Fort Hamilton avenue to West street, Borough of Brooklyn, so as to relate to 36th street from Fort Hamilton avenue to West street; and to include in the proceeding the acquisition of title to Old New Utrecht road from 36th street to 14th avenue and 35th street from Church avenue to West street.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the easterly line of West street, where it is intersected by the prolongation of a line midway between 36th street and 37th street, and running thence northwestwardly along the said line midway between 36th street and 37th street and along the prolongation of the said line to the intersection with a line midway between 14th avenue and 15th avenue; thence southwestwardly along the said line midway between 14th avenue and 15th avenue to the intersection with a line midway between 37th street and 38th street; thence northwestwardly along the said line midway between 37th street and 38th street to the intersecion with a line disant 100 feet southeasterly from and parallel with the southeasterly line of 14th avenue, the said distance being measured at right angles to 14th avenue; thence southwestwardly along the said line parallel with 14th avenue to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of 38th street, the said distance being measured at right angles to 38th street; thence northwestwardly along the said line parallel with 38th street to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of 14th avenue, the said distance being measured at right angles to 14th avenue; thence northeastwardly along the said line parallel with 14th avenue to the intersection with a line midway between 37th street and 38th street; thence northwestwardly along the said line midway between 37th street and 38th street to the intersection with a line midway between 13th avenue and 14th avenue; thence northeastwardly along the said line midway between 13th avenue and 14th avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southwesterly line of 36th street and the northeasterly line of 37th street, as these streets are laid out between 12th avenue and 13th avenue; thence northwestwardly along the said bisecting line to a point distant 100 feet northwesterly from the northwesterly line of Fort Hamilton avenue, the said distance being measured at right angles to Fort Hamilton avenue; thence northeastwardly and always distant 100 feet northwesterly from and parallel with the northwesterly line of Fort Hamilton avenue, to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northeasterly line of 36th street and the southwesterly line of Chester avenue, as these streets are laid out between 12th avenue and Tehama street; thence southeastwardly along the said bisecting line to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of 36th street, the said distance being measured at right angles to 36th street; thence southeastwardly along the said line parallel with 36th street to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Church avenue, the said distance being measured at right angles to Church avenue; thence northeastwardly along the said line parallel with Church avenue to the intersection with the prolongation of a line distant 100 feet northeasterly from and parallel with the northeasterly line of 35th street, the said distance being measured at right angles to 35th street; thence southeastwardly along the said line parallel with 35th street and along the prolongations of the said line to the intersection with the easterly line of West street; thence eastwardly at right angles to West street a distance of 100 feet; thence southwardly and parallel with West street to the intersection with a line at right angles to West street and passing through the point of beginning; thence westwardly along the said line at right angles to West street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of December, 1911, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and corporation newspapers for ten days prior to the 28th day of December, 1911.

Affirmative.—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PETITION FOR THE COMPLETION OF THE PROCEEDING FOR ACQUIRING TITLE TO ROEBLING STREET, AS WIDENED FROM BROADWAY TO DIVISION AVENUE; TO TAYLOR STREET, AS WIDENED, FROM LEE AVENUE, TO BEDFORD AVENUE, AND TO THE PUBLIC PLACE BOUNDED BY ROEBLING STREET, LEE AVENUE AND DIVISION AVENUE, BOROUGH OF BROOKLYN.

The following communication and petition were presented:

Lee Avenue Turkish Baths, Dr. Fred Schmitt, Proprietor, 20 Lee Avenue, Corner Taylor street, Brooklyn, N. Y., November 20, 1911.

Hon. JOSEPH HAAG, *Secretary Board of Estimate and Apportionment,* 277 Broadway Borough of Manhattan, City of New York.

My Dear Sir—I am the owner of real estate affected by the opening, widening and extending of Taylor and Roebling streets, in the Borough of Brooklyn, City of New York, and acquiring public place at Lee and Division avenues.

This proceeding has been dragging on for a number of years, and the Commissioners have completed their report. The Committee of the Board of Estimate and Apportionment reported back to the Board at a meeting held on January 12, 1911 (see Committee's report, meeting of that date) "that there may be legislation which would permit the Board, providing it is disposed to relieve the property owners from assessment, to make the expense a Borough charge and collect it with the annual tax levy, avoiding thereby an issue of corporate stock."

I have been informed that there is a new law known as Chapter 679 of the Laws of 1911 which would permit the action recommended by the Board of Estimate Committee in the report above referred to. With this point in mind, I submit to you herewith two petitions signed by the parties whose properties are taken and assessed for benefit in this proceeding, and ask that the Board dispose of these at once, and I also respectfully urge that title be vested at as early a date as convenient.

The property affected by this proceeding in many cases is unable to be rented through this proceeding, the houses are vacant and they have been raided by vandals. Some properties are rented, but only at nominal rents.

Meantime, the owners must meet the interest of their mortgages, pay taxes, etc., without getting an adequate return.

The purpose of these petitions is to ask immediate action and the vesting of title at as early a date as possible.

I trust you will place this matter before the Board of Estimate and Apportionment at its next meeting, and oblige, Very truly yours,

DR. FREDERICK SCHMITT.

To the Board of Estimate of The City of New York:

Gentlemen—We, the undersigned owners and parties interested, respectfully petition your honorable Board to take some immediate steps in the matter of carrying out and completing the proceeding for the widening of Roebling and Taylor streets, in the Borough of Brooklyn, New York City.

This proceeding has been pending for a number of years, proofs of both sides have been taken by the Commissioners appointed to condemn, and, as we understand, the report of the Commissioners has been ready for filing for some considerable period. We are suffering irreparable loss by reason of the City's delay, for the reason that our property is getting badly out of repair, we are unable to rent the same, and we do not at the present time know what amount we are to receive for the same, nor has any time been fixed for the running of interest. Great injustice is being done us, and the immediate section of this improvement by the City in allowing conditions to remain as they are at present.

We therefore respectfully request your honorable body to take this matter up at once, so that we may know what our position is with reference to this improvement.

JOSEPH ROSENTHALL, Estate of D. ALLERS, GUSTAV J. ALLERS, Exr.; DR. FREDERICK SCHMITT, and ten others.

To the Honorable Board of Estimate and Apportionment of The City of New York:

The undersigned are owners of properties respectively set opposite their names, affected by the opening and widening of Taylor street, and acquiring title to the public place bounded by Lee and Division avenues, Borough of Brooklyn, City of New York.

This proceeding has been under way for the last couple of years, and all of the claims of the claimants in the proceeding have been duly presented to the Commissioners of Estimate and Assessment appointed therein, as well as the testimony offered on behalf of The City of New York. The proceeding is now closed and before the Commissioners, awaiting their report.

Some of the owners of property affected by this proceeding, relying upon the City's action, have purchased in some cases, and in others obligated themselves to purchase properties for homes, as the taking in this proceeding will cause a destruction of their properties.

The purpose of this petition is to ask that the undersigned be relieved from any further uncertainty in relation to the City's intention in this proceeding, and respect-

fully request that the Board of Estimate and Apportionment authorize the vesting of title to the properties affected by this proceeding at a date in the near future.

HENRIETTA A. BARBERIE, HARRIET WILSON FORSHAY, ELIZA M. TARKINSON, and ten others.

On motion, the petition was referred to the committee, consisting of the President of the Borough of Brooklyn, the President of the Board of Aldermen and the Comptroller, appointed on October 21, 1910, to consider a petition for relief from assessment in this proceeding.

TITLE TO FANCHON PLACE, FROM JAMAICA AVENUE TO HIGHLAND BOULEVARD, BOROUGH OF BROOKLYN.

The following communication from the Acting Corporation Counsel and report of the Chief Engineer were presented:

Law Department, City of New York, Office of the Corporation Counsel, New York, November 21, 1911.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Sir—I am in receipt of your letter dated February 14, 1910, transmitting a copy of a petition submitted by August F. Herrmann and seven others, requesting the discontinuance of the proceeding authorized by the Board of Estimate and Apportionment on May 8, 1908, for acquiring title to Fanchon place, from Jamaica avenue to Highland boulevard, Borough of Brooklyn.

You state that the petitioners presented information intended to show that the street has been dedicated to public use, and maintain that for this reason the opening proceeding is unnecessary; that at a meeting of your Board held on February 11, 1910, the matter was referred to the Corporation Counsel for an opinion concerning the value of the evidence presented, and for advice as to what course should be followed in the matter.

I am also in receipt of your letter dated September 22, 1911, transmitting a copy of the resolution of the Local Board of the New Lots District, providing for the changing of the map of The City of New York by reducing the width of Fanchon place between Bushwick avenue and Jamaica avenue, by taking one foot from the westerly side; and a copy of the report of the Chief Engineer of your Board with reference thereto.

You state that at a meeting of the Board of Estimate and Apportionment held September 21, 1911, the Secretary was directed to call the attention of the Corporation Counsel to the proposed map change, and to again request him to advise the Board concerning the propriety of maintaining the opening proceeding as previously requested.

I am also in receipt of your letter, dated November 3, 1911, transmitting a copy of a communication from Mr. Andrew Macrery, withdrawing the petition for the discontinuance of the proceeding authorized on May 8, 1908, for acquiring title to Fanchon place between Jamaica avenue and Highland boulevard, Borough of Brooklyn. You state that at a meeting of the Board of Estimate and Apportionment, held on November 2, 1911, the Secretary was directed to call the attention of the Corporation Counsel to the desirability of preparing an opinion requested by the Board at its meetings held on February 11, 1910, and September 21, 1911.

In reply I wish to state that as the petition which presented the question as to which an opinion was requested has been withdrawn, there is now no question before the Board requiring an opinion in the matter. The Commissioners of Estimate and Assessment who adjourned the hearings in this matter until the question of the discontinuance of the proceeding was settled, will now be advised that this petition has been withdrawn and that they may proceed to perform their duties in this matter.

In your letter of September 22, 1911, you state that the Secretary was directed to call the attention of the Corporation Counsel to the proposed map change. Section 442 of the Greater New York Charter provides as follows: "The Board of Estimate and Apportionment is authorized and empowered, whenever and as often as it may deem it for the public interest so to do, to change the map or plan of The City of New York, so as to lay out new streets, parks, bridges, tunnels and approaches to bridges, and tunnels and parks, and to widen, straighten, extend, alter and close existing streets, and to change the grade of existing streets shown upon such map or plan * * *"

I see no reason why the Board of Estimate and Apportionment should not proceed to exercise the powers granted by the above mentioned section of the charter, if it deems it advisable to do so. Very respectfully,

G. L. STERLING, Acting Corporation Counsel.

Report No. 10347. November 24, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on February 11, 1910, a petition for the discontinuance of the proceeding authorized on May 8, 1908, for the acquisition of title to the two blocks of Fanchon place, between Jamaica avenue and Highland boulevard, in the Borough of Brooklyn, was presented to the Board, the request being based upon an alleged dedication of the street to public use. The matter was at this time referred to the Corporation Counsel, with a request that he advise the Board as to the procedure to be followed.

The damage maps prepared in this proceeding show that a brick car barn of the Brooklyn, Queens County and Suburban Railroad Company, located on the westerly side of the street between Jamaica avenue and Bushwick avenue, encroaches upon the street about one foot. Evidently believing that this condition would result in payment to the railroad company of a substantial amount for damage, the Local Board of the New Lots District at its meeting of March 24, 1910, adopted a resolution recommending that the street line be here changed in such a way as to clear the building of reference. This matter was reported upon to the Board of Estimate and Apportionment at its meeting of September 21, 1911, at which time attention was called to the fact that if the street had been dedicated as was claimed by the property owners, no award could be made for the building, and that if the lines were modified as proposed by the Local Board, it would result in releasing to the railroad company land having a substantial value.

It was therefore recommended that before the map change was acted upon, the attention of the Corporation Counsel be again drawn to the request made for advice relative to the dedication of the street for public use, and also to the propriety of maintaining the proceeding.

At the meeting of November 2, 1911, a communication was presented from Andrew Macrery, who is now understood to be one of the Commissioners acting in the proceeding, advising that since the question of dedication was originally raised, the Commissioners had made no progress in advancing the proceeding, and for that reason he desired to withdraw the petition originally submitted. At this time it was noted that no action had been taken by the Board in the matter of requesting a delay in carrying out the proceeding, and attention was called to the fact that the failure of the Board to dispose of the original petition and of the Local Board application concerning the map change, was due to the absence of advice in the matter from the Corporation Counsel, and the Secretary was again directed to call his attention to the desirability of presenting the opinions as twice previously requested by the Board.

In the accompanying communication from the Acting Corporation Counsel, bearing date of November 21, 1911, the Board is informed that the withdrawal of the petition has left no question now before it requiring an opinion. He also draws attention to section 442 of the Charter under which the Board of Estimate and Apportionment is authorized to change the map as often as it may deem such a change to be in the public interest.

In my judgment this communication entirely fails to meet the points at issue, and particularly in so far as it relates to the map change which, as already pointed out, cannot be acted upon with propriety until after the Board has clearly established the ownership of the land which it is proposed under the change to exclude from the street system.

I would therefore recommend that the matter be again referred to the Corporation Counsel, and that he be requested to advise the Board, on or before December 15, concerning the ownership of the parcel encroached upon by the car barn, and also as to the propriety of maintaining this proceeding in case the map change desired by the Local Board is approved. Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion, the matter was referred back to the Corporation Counsel, with the request that he submit the desired information to the Board on or before December 15, 1911.

ACQUIRING TITLE TO WEST 179TH STREET, FROM CEDAR AVENUE TO EXTERIOR STREET, EXCLUDING THE RIGHT OF WAY OF THE N. Y. C. AND H. R. R. R. CO. AND OF THE NEW YORK AND PUTNAM RAILROAD COMPANY; TO EXTERIOR STREET, FROM WEST 179TH STREET TO AN UNNAMED STREET NORTHERLY THEREFROM; AND TO THE UNNAMED STREET NORTH OF WEST 179TH STREET, FROM EXTERIOR STREET TO THE BULKHEAD LINE OF THE HARLEM RIVER, BOROUGH OF THE BRONX.

(On February 23, 1911, this matter was referred to the Chief Engineer to communicate with the owners of the four parcels affected and see whether they would be willing to sell their property to the City at a reasonable price.)

(The Chief Engineer's report was presented on July 6, 1911; and the matter was laid over on July 27, August 31, September 21, September 28, October 19, November 2, November 16 and November 23, 1911.)

Mr. H. J. Uhl, representing the New York Central and Hudson River Railroad Company, appeared in opposition to the proposed proceeding.

On motion of the President of the Borough of The Bronx, the matter was again laid over for two weeks (December 14, 1911).

AMENDING THE PROCEEDING FOR ACQUIRING TITLE TO LIEBIG AVENUE FROM MOSHOLU AVENUE TO THE CITY LINE, AND TO TYNDALL AVENUE FROM MOSHOLU AVENUE TO A LINE EXTENDING BETWEEN A POINT ON THE WESTERLY LINE OF TYNDALL AVENUE, DISTANT 81.01 FEET NORTH OF THE NORTHERLY LINE OF WEST 260TH STREET AND A POINT ON THE EASTERLY LINE OF TYNDALL AVENUE, DISTANT 65.23 FEET NORTH OF THE NORTHERLY LINE OF WEST 260TH STREET, BOROUGH OF THE BRONX.

The following report of the Chief Engineer was presented:

Report No. 10218. October 25, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on April 8, 1910, a proceeding was instituted for acquiring title to the following streets in the Borough of The Bronx: Liebig avenue, from Mosholu avenue to the City line; Tyndall avenue, from Mosholu avenue to West 260th street.

On November 18 following this proceeding was amended by the inclusion of a short section of Tyndall avenue north of West 260th street. The rule and damage maps were approved on May 18 last, but up to the present time the Commissioners of Estimate and Assessment have not been appointed.

On October 19, 1911, a map was approved under which the lines of Liebig avenue, where this street adjoins the northerly boundary line of the City, are deflected slightly to the west, and a corresponding change in the opening proceeding is therefore necessary.

I would accordingly recommend that the opening proceeding, in so far as it relates to Liebig avenue, be again amended in such a way as to conform with the street as now mapped, after a new public hearing has been given upon a district of assessment identical in description and position with the one heretofore fixed.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York adopted a resolution April 8, 1910, for acquiring title to Tyndall avenue from Mosholu avenue to West 260th street, and to Liebig avenue from Mosholu avenue to the City Line, Borough of The Bronx, which proceeding was amended November 18, 1910, so as to relate to Liebig avenue from Mosholu avenue to the City Line; and Tyndall avenue from Mosholu avenue to a line extending between a point on the westerly line of Tyndall avenue distant 81.01 feet north of the northerly line of West 260th street and a point on the easterly line of Tyndall avenue distant 65.23 feet north of the northerly line of West 260th street; and

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of further amending the aforesaid proceeding, insofar as it relates to Liebig avenue, so as to conform to the street as shown on a map or plan adopted by the Board of Estimate and Apportionment October 19, 1911, and approved by the Mayor November 18, 1911.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the prolongation of a line midway between Von Humboldt avenue and Liebig avenue, as these streets are laid out immediately southerly from and adjoining West 259th street, distant 100 feet northerly from the northerly line of West 256th street, the said distance being measured at right angles to the line of West 256th street, and running thence northwardly along the said line midway between Von Humboldt avenue and Liebig avenue, and the prolongation thereof, to the southerly line of West 259th street; thence northwardly to a point on the northerly line of West 259th street midway between Von Humboldt avenue and Liebig avenue as these streets are laid out north of West 259th street; thence northwardly along a line always midway between Von Humboldt avenue and Liebig avenue to the northerly boundary line of The City of New York; thence eastwardly along the said boundary line to a point midway between Liebig avenue and Tyndall avenue; thence southwardly along a line midway between Liebig avenue and Tyndall avenue to a point distant 100 feet northerly from the northerly line of West 261st street; thence eastwardly and parallel with West 261st street to a point midway between Tyndall avenue and Fieldston road; thence southwardly along a line always midway between Tyndall avenue and Fieldston road to the northerly line of Mosholu avenue; thence southeastwardly and parallel with the line of Fieldston road as this street is laid out between Mosholu avenue and Faraday avenue to the intersection with a line midway between Mosholu avenue and Faraday avenue; thence southwestwardly along the said line midway between Mosholu avenue and Faraday avenue to the intersection with a line parallel with West 256th street and passing through the point of beginning; thence westwardly along the said line parallel with West 256th street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of December, 1911, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

ACQUIRING TITLE TO NEWTON AVENUE, FROM WEST 253D STREET TO WEST 260TH STREET, BOROUGH OF THE BRONX.

The following resolution of the Local Board of the Van Cortlandt District, Borough of The Bronx, and report of the Chief Engineer were presented:

In Local Board of Van Cortlandt, 25th District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of Van Cortlandt, 25th District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For acquiring title to the lands necessary for Newton avenue, from West 253d street to West 260th street, in the Borough of The Bronx, City of New York, and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Van Cortlandt, 25th District, on the 29th day of May, 1911, Aldermen Hamilton and Godwin and the President of the Borough of The Bronx voting in favor thereof. Negative—None.

Report No. 10240. November 2, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Van Cortlandt District, Borough of The Bronx, adopted on May 29, 1911, initiating proceedings for acquiring title to Newton avenue, from West 253d street to West 260th street.

This resolution affects six blocks or about 2,800 feet of Newton avenue, which has been laid out upon the city map to have a width of 60 feet. The street is in use only for short distances adjoining Mosholu avenue on the south and West 253d street on the north, and the abutting property is generally unimproved. A building fronting on West 254th street falls largely within the street lines.

I would recommend the approval of the resolution; that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following area:

Beginning at a point on the prolongation of a line midway between Sylvan avenue and Newton avenue distant 100 feet southerly from the southerly line of West 253d street, the said distance being measured at right angles to West 253d street, and running thence northwardly along a line always midway between Sylvan avenue and Newton avenue and the prolongations thereof, to the intersection with a line midway between Mosholu avenue and Faraday avenue; thence westwardly along the said line midway between Mosholu avenue and Faraday avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Huxley avenue and Newton avenue as these streets are laid out between Mosholu avenue and West 259th street; thence northwardly along the said bisecting line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Newton avenue, as this street is laid out where it adjoins West 260th street, the said distance being measured at right angles to Newton avenue; thence northwardly along the said line parallel with Newton avenue to the intersection with the southerly line of West 260th street; thence northwardly at right angles to West 260th street a distance of 160 feet; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of West 260th street to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Newton avenue as this street is laid out where it adjoins West 260th street, the said distance being measured at right angles to Newton avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Newton avenue and the prolongations thereof, to a point distant 100 feet southerly from the southerly line of West 253d street; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of West 253d street to the point or place of beginning. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Newton avenue from West 253d street to West 260th street, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between Sylvan avenue and Newton avenue distant 100 feet southerly from the southerly line of West 253d street, the said distance being measured at right angles to West 253d street, and running thence northwardly along a line always midway between Sylvan avenue and Newton avenue and the prolongations thereof, to the intersection with a line midway between Mosholu avenue and Faraday avenue; thence westwardly along the said line midway between Mosholu avenue and Faraday avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Huxley avenue and Newton avenue as these streets are laid out between Mosholu avenue and West 259th street; thence northwardly along the said bisecting line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Newton avenue, as this street is laid out where it adjoins West 260th street, the said distance being measured at right angles to Newton avenue; thence northwardly along the said line parallel with Newton avenue to the intersection with the southerly line of West 260th street; thence northwardly at right angles to West 260th street a distance of 160 feet; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of West 260th street to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Newton avenue as this street is laid out where it adjoins West 260th street, the said distance being measured at right angles to Newton avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Newton avenue and the prolongations thereof, to a point distant 100 feet southerly from the southerly line of West 253d street; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of West 253d street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of December, 1911, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

ACQUIRING TITLE TO ROOSEVELT AVENUE, FROM WOODSIDE AVENUE TO WATEREDGE AVENUE; TO THE PUBLIC PLACE BOUNDED BY ROOSEVELT AVENUE, ELMHURST AVENUE, AND CASE STREET; TO THE PUBLIC PLACE AT THE INTERSECTION OF ROOSEVELT AVENUE WITH LOUONA AVENUE; TO THE TRIANGULAR AREA BOUNDED BY ROOSEVELT AVENUE, THE EASTERLY SIDE OF VAUX STREET, AND WOODSIDE AVENUE; TO THE TRIANGULAR AREA BOUNDED BY ROOSEVELT AVENUE, THE EASTERLY SIDE OF WARNER AVENUE, AND THE SOUTHERLY SIDE OF ASKE STREET; TO SACKETT STREET, FROM ROOSEVELT AVENUE TO 42D STREET; AND TO THAT PORTION OF LOUONA AVENUE ADJOINING THE PUBLIC PLACE AT ROOSEVELT AVENUE, BOROUGH OF QUEENS.

(*After a public hearing on November 2, 1911, this matter was laid over pending the approval by the Mayor of the resolution adopted on October 19, 1911, laying out Roosevelt avenue, between Woodside avenue and 20th street, and between Peartree avenue and Wateredge avenue. This map change was approved by the Mayor on November 18, 1911.*)

The President of the Borough of Queens offered the following resolution:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and the extending of Roosevelt avenue, from Woodside avenue to Wateredge avenue; the public place bounded by Roosevelt avenue, Elmhurst avenue and Case street; the public place at the intersection of Roosevelt avenue with Louona avenue; the triangular area bounded by Roosevelt avenue, the easterly line of Vaux street and Woodside avenue; the triangular area bounded by Roosevelt avenue, the easterly line of Warner avenue and the southerly line of Aske street; Sackett street, from Roosevelt avenue to 42d street; and Louona avenue where it adjoins the public place at Roosevelt avenue, in the Borough of Queens, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the corporation counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Roosevelt avenue, from Woodside avenue to Wateredge avenue; the public place bounded by Roosevelt avenue, Elmhurst avenue and Case street; the public place at the intersection of Roosevelt avenue with Louona avenue; the triangular area bounded by Roosevelt avenue, the easterly line of Vaux street and Woodside avenue, the triangular area bounded by Roosevelt avenue, the easterly line of Warner avenue and the southerly line of Aske street; Sackett street, from Roosevelt avenue to 42d street; and Louona avenue where it adjoins the public place at Roosevelt avenue, in the Borough of Queens, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Queens, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 2d day of November, 1911; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at a point on a line midway between 3d street and 4th street, distant 100 feet northerly from the northerly line of Stryker avenue, the said distance being measured at right angles to Stryker avenue, and running thence eastwardly and parallel with Stryker avenue to the intersection with the prolongation of a line midway between Fillmore avenue and Polk avenue; thence eastwardly along the said line midway between Fillmore avenue and Polk avenue and along the prolongations of the said line to a point distant 100 feet northerly from the northerly line of Polk avenue as this street is laid out easterly from Junction avenue, the said distance being measured at right angles to Polk avenue; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Polk avenue to the intersection with the prolongation of a line midway between Coman street and Polk avenue; thence eastwardly along the said line midway between Coman street and Polk avenue, and along the prolongations of the said line to the intersection with a line distant 1,160 feet northerly from and parallel with the southerly line of Roosevelt avenue as this street is laid out adjoining Wateredge avenue, the said distance being measured at right angles to Roosevelt avenue; thence eastwardly along the said line parallel with Roosevelt avenue to the intersection with a line midway between Jane street and Henry street as these streets are laid out upon a map adopted by the Board of Trustees of the Village of Flushing on October 5, 1875; thence southwardly along the said line midway between Jane street and Henry street, and along the prolongation of the said line to the intersection with the northerly right-of-way line of the Flushing and Northside Division of the Long Island Railroad; thence westwardly along the said right-of-way line to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Peartree avenue as this street is laid out where it adjoins Roosevelt avenue; thence northwardly along the prolongation of the said line parallel with Peartree avenue to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Kingsland avenue as this street is laid out westerly from Peartree avenue, the said distance being measured at right angles to Kingsland avenue; thence westwardly along the said line parallel with Kingsland avenue, and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of 42d street, the said distance being measured at right angles to 42d street; thence northwardly along the said line parallel with 42d street to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Hunt street, the said distance being measured at right angles to Hunt street; thence westwardly along the said line parallel with Hunt street to the intersection with a line midway between Van Dine street and Van Nest street; thence northwardly along the said line midway between Van Dine street and Van Nest street to the intersection with a line always distant 1,100 feet southerly from and parallel with the southerly line of Roosevelt avenue, the said distance being measured at right angles to Roosevelt avenue; thence westwardly along the said line parallel with Roosevelt avenue to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Grout avenue as this street is laid out between 3d street and 4th street; thence westwardly along the said line parallel with Grout avenue and along the prolongation of the said line to the intersection with a line midway between 3d street and 4th street; thence northwardly along a line always midway between 3d street and 4th street to the point or place of beginning.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of section 994 of the charter, that the corporation counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the streets to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantors be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Report No. 10306. November 21, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith are transmitted two resolutions of the Local Board of the Newtown District, Borough of Queens, adopted on June 30, 1910, and April 12, 1911, initiating respectively proceedings for acquiring title to the following streets in the Second Ward:

Westside street, from Corona avenue to Rodman street;

Waldron street, from Alburtis avenue to Rodman street.

Each of these streets has been laid out upon the City Map to have a width of 60 feet, and the resolutions affect seven blocks or about 1,600 feet of the former, and five blocks or about 2,000 feet of the latter. The relative position of the streets is such that they can advantageously be made the subject of a single opening proceeding, such treatment being recommended.

Westside street is not in use, but a narrow roadway falls within the lines of Waldron street. A few houses have been erected upon the abutting property, and it is believed that two of these encroach upon the land needed for Westside street.

I would recommend the approval of the resolutions; that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following area:

Beginning at a point on the northeasterly line of Alburtis avenue where it is intersected by the prolongation of a line midway between Van Doren street and Waldron street, and running thence eastwardly along the said line midway between Van Doren street and Waldron street and along the prolongation of the said line to the intersection with a line midway between Orontes street and Westside street; thence northwardly along the said line midway between Orontes street and Westside street and along the prolongation of the said line to the intersection with the centre line of Varick street; thence northeastwardly along the centre line of Varick street to a point distant 100 feet northerly from the northerly line of Corona avenue, the said distance being measured at right angles to Corona avenue; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Corona avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Westside street and Saultell street as these streets are laid out between Van Cleef street and Van Doren street; thence southwardly along the said bisecting line to the intersection with a line midway between Van Doren street and Waldron street; thence eastwardly along the said line midway between Van Doren street and Waldron street to the intersection with the northwesterly line of Rodman street; thence southeastwardly at right angles to Rodman street to the intersection with a line midway between Rodman street and Scudder street; thence southwestwardly along the said line midway between Rodman street and Scudder street to the intersection with a line at right angles to Rodman street and passing through a point on its southeasterly line where it is intersected by the prolongation of a line midway between Waldron street and Martense street; thence northwestwardly along the said line at right angles to Rodman street to the intersection with its southeasterly side; thence westwardly along the said line midway between Waldron street and Martense street and along the prolongation of the said line to the intersection with a line distant 300 feet easterly from and parallel with the easterly line of Westside street, the said distance being measured at right angles to Westside street; thence southwardly along the said line parallel with Westside street to the intersection with a line midway between Rodman street and Scudder street; thence southwestwardly along the said line midway between Rodman street and Scudder street to the intersection with a line at right angles to Rodman street and passing through a point on its northwesterly side where it is intersected by the prolongation of a line midway between Orontes street and Westside street; thence northwestwardly along the said line at right angles to Rodman street to the intersection with its northwesterly side; thence northwardly along the said line midway between Orontes street and Westside street and along the prolongation of the said line to the intersection with a line midway between Waldron street and Martense street; thence westwardly along the said line midway between Waldron street and Martense street to the intersection with the northeasterly line of Alburtis avenue; thence southwestwardly at right angles to Alburtis avenue to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Alburtis avenue, the said distance being measured at right angles to Alburtis avenue; thence northwestwardly along the said line parallel with Alburtis avenue to the intersection with a line at right angles to Alburtis avenue and passing through the point of beginning; thence northeastwardly along the said line at right angles to Alburtis avenue to the point or place of beginning. Respectfully,

NELSON P.LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Westside street, from Corona avenue to Rodman street; and Waldron street (Lawn avenue), from Alburtis avenue to Rodman street, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the northeasterly line of Alburtis avenue where it is intersected by the prolongation of a line midway between Van Doren street and Waldron street, and running thence eastwardly along the said line midway between Van Doren street and Waldron street and along the prolongation of the said line to the intersection with a line midway between Orontes street and Westside street; thence northwardly along the said line midway between Orontes street and Westside street and along the prolongation of the said line to the intersection with the centre line of Varick street; thence northeastwardly along the centre line of Varick street to a point distant 100 feet northerly from the northerly line of Corona avenue, the said distance being measured at right angles to Corona avenue; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Corona avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Westside street and Saultell street as these streets are laid out between Van Cleef street and Van Doren street; thence southwardly along the said bisecting line to the intersection with a line midway between Van Doren street and Waldron street; thence eastwardly along the said line midway between Van Doren street and Waldron street to the intersection with the northwesterly line of Rodman street; thence southeastwardly at right angles to Rodman street to the intersection with a line midway between Rodman street and Scudder street; thence southwestwardly along the said line midway between Rodman street and Scudder street to the intersection with a line at right angles to Rodman street and passing through a point on its southeasterly line where it is intersected by the prolongation of a line midway between Waldron street and Martense street; thence northwestwardly along the said line at right angles to Rodman street to the intersection with its southeasterly side; thence westwardly along the said line midway between Waldron street and Martense street and along the prolongation of the said line to the intersection with a line distant 300 feet easterly from and parallel with the easterly line of Westside street, the said distance being measured at right angles to Westside street; thence southwardly along the said line parallel with Westside street to the intersection with a line midway between Rodman street and Scudder street; thence southwestwardly along the said line midway between Rodman street and Scudder street to the intersection with a line at right angles to Rodman street and passing through a point on its northwesterly side where it is intersected by the prolongation of a line midway between Orontes street and Westside street; thence northwestwardly along the said line at right angles to Rodman street to the intersection with its northwesterly side; thence northwardly along the said line midway between Orontes street and Westside street and along the prolongation of the said line to the intersection with a line midway between Waldron street and Martense street; thence westwardly along the said line midway between Waldron street and Martense street to the intersection with the northeasterly line of Alburtis avenue; thence southwestwardly at right angles to Alburtis avenue to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Alburtis avenue, the said distance being measured at right angles to Alburtis avenue; thence northwestwardly along the said line parallel with Alburtis avenue to the intersection with a line at right angles to Alburtis avenue and passing through the point of beginning; thence northeastwardly along the said line at right angles to Alburtis avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of December, 1911, at 10.30 a. m., and that at the same time and place a public hearing thereon will and then there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

ACQUIRING TITLE TO ELIOT AVENUE, FROM METROPOLITAN AVENUE TO MOUNT OLIVET AVENUE, AND FROM EDITH PLACE TO QUEENS BOULEVARD, BOROUGH OF QUEENS.

The following report of the Chief Engineer was presented:

Report No. 10060. October 23, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on December 15, 1905, a proceeding was instituted for acquiring title to Eliot avenue, from Metropolitan avenue to Trotting Course lane in the 2d Ward, Borough of Queens. The Commissioners of Estimate and Assessment had not been appointed on the date when the new street opening law went into effect, and for this reason the resolution was returned by the Corporation Counsel for reauthorization.

The street crosses land owned by certain cemetery corporations which cannot be acquired for street purposes, and on February 8, 1907, the resolution was referred back to the Borough President with the suggestion that it be amended by the exclusion of such lands. No amended resolution was submitted, however, and for the reason that the opening proceeding was based on the tentative map of the Maspeth section it was discontinued on September 24, 1909, with the understanding that a new one would be instituted as soon as the street lines had been definitely fixed.

Eliot avenue has now been laid out upon the final maps of the Borough to have a width of 80 feet. It has, however, been extended northeastwardly from Trotting Course lane about five blocks to an intersection with Queens boulevard, and in my judgment provision should at this time be made for acquiring this additional length also. There would then be affected 36 blocks or about 2 miles, comprising the entire street length. The street is not in use and the abutting property is unimproved with respect to its lines, but it is believed that a number of buildings encroach upon the land to be acquired. Between Mt. Olivet avenue and Edith place the continuity of the street is interrupted by the Lutheran and Mount Olivet cemeteries.

The Main Line Division of the Long Island Railroad is located at Woodhaven avenue and the Montauk Division at Mary street. When the street was mapped its lines were not carried across either right-of-way but a railroad bridge has already been built at the former intersection and at the latter grades have been established which will permit of the ultimate construction of a highway bridge contingent upon the depression of the railroad tracks.

I would recommend the adoption of a resolution for acquiring title to Eliot avenue from Metropolitan avenue to Mt. Olivet avenue and from Edith place to Queens boulevard.

I would also recommend that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following areas:

I. Beginning at a point on the easterly line of Fresh Pond road where it is intersected by a line midway between Baltic street and Mymaud place, and running thence eastwardly along the said line midway between Baltic street and Mymaud place and along the prolongation of the said line to a point distant 100 feet easterly from the easterly line of Mt. Olivet avenue, the said distance being measured at right angles to Mt. Olivet avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Mt. Olivet avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Evelyn street and Winifred street as these streets are laid out between Lilac street and Azalea street; thence westwardly along the said bisecting line to the intersection with a line distant 100 feet easterly from and parallell with the easterly line of Mary street as this street is laid out where it adjoins Metropolitan avenue, the said distance being measured at right angles to Mary street; thence southwardly along the said line parallel with Mary street and along the prolongation of the said line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Metropolitan avenue, the said distance being measured at right angles to Metropolitan avenue; thence westwardly along the said line parallel with Metropolitan avenue to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Collins avenue, the said distance being measured at right angles to Collins avenue; thence northwardly along the said line parallel with Collins avenue and along the prolongations of the said line to the intersection with the prolongation of a line midway

between Adriatic street and Arctic street as these streets are laid out where they adjoin Mary street; thence eastwardly along the said line midway between Adriatic street and Arctic street and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Collins avenue and the westerly line of Mary street as these streets are laid out between Adriatic street and Baltic street; thence northwardly along the said bisecting line to the intersection with a line midway between Baltic street and Adriatic street; thence eastwardly along the said line midway between Baltic street and Adriatic street to the intersection with the westerly line of Fresh Pond road; thence eastwardly in a straight line to the point or place of beginning.

II. Beginning at a point on the easterly line of Corinth avenue where it is intersected by a line midway between Phelps avenue and Remsen place and running thence eastwardly along the said line midway between Phelps avenue and Remsen place and along the prolongation of the said line to the intersection with a line midway between Gwydir street and Cornbury place; thence southwardly along the said line midway between Gwydir street and Cornbury place to the intersection with the prolongation of a line midway between Remsen avenue and Woolley avenue; thence eastwardly along the said line midway between Remsen avenue and Woolley avenue and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southeasterly line of Woodhaven avenue and the northwesterly line of Eliot avenue as these streets are laid out where they adjoin Queens boulevard; thence northeastwardly along the said bisecting line to the intersection with the centre line of Palmer street; thence eastwardly along the centre line of Palmer street to a point distant 100 feet northeasterly from the northeasterly line of Queens boulevard, the said distance being measured at right angles to Queens boulevard; thence southeastwardly and always distant 100 feet northeasterly from and parallel with the northeasterly line of Queens boulevard to the intersection with the prolongation of a line midway between Eliot avenue and Jupiter avenue as these streets are laid out between Saunders place and Booth street; thence southwestwardly along the said line midway between Eliot avenue and Jupiter avenue and along the prolongations of the said line to the intersection with the prolongation of a line midway between Fleming place and Ames place as these streets are laid out where they adjoin Bloomfield street; thence westwardly along the said line midway between Fleming place and Ames place and along the prolongations of the said line to the intersection with the easterly line of Gwydir street; thence westwardly in a straight line to a point on the westerly line of Gwydir street, where it is intersected by a line midway between Fleming place and Ames place as these streets are laid out at Florence avenue; thence westwardly along the said line midway between Fleming place and Ames place to the intersection with the easterly line of Florence avenue; thence southwestwardly in a straight line to a point on the westerly line of Florence avenue where it is intersected by a line midway between Eliot avenue and Jupiter avenue as these streets are laid out west of Florence avenue; thence westwardly along the said line midway between Eliot avenue and Jupiter avenue and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Lisbet place, as this street is laid out where it adjoins Helen place, the said distance being measured at right angles to Lisbet place; thence southwardly along the said line parallel with Lisbet place and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet southeasterly from and parallel with the southeasterly line of Lisbet place as this street is laid out where it adjoins Edith place, the said distance being measured at right angles to Lisbet place; thence southwestwardly along the said line parallel with Lisbet place and along the prolongations of the said line to the intersection with the prolongation of a line distant 200 feet westerly from and parallel with the westerly line of Edith place, the said distance being measured at right angles to Edith place; thence northwardly along the said line parallel with Edith place and along the prolongations of the said line to the intersection with the prolongation of a line midway between Jansen avenue and Eliot avenue as these streets are laid out west of Corinth avenue; thence eastwardly along the said line midway between Eliot avenue and Jansen avenue and along the prolongation of the said line to the intersection with the westerly line of Corinth avenue; thence eastwardly in a straight line to the point or place of beginning.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Eliot avenue, from Metropolitan avenue to Mt. Olivet avenue, and from Edith Place to Queens boulevard, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following are the proposed areas of assessment for benefit in this proceeding:

I. Beginning at a point on the easterly line of Fresh Pond road where it is intersected by a line midway between Baltic street and Mymaud place, and running thence eastwardly along the said line midway between Baltic street and Mymaud place and along the prolongation of the said line to a point distant 100 feet easterly from the easterly line of Mt. Olivet avenue, the said distance being measured at right angles to Mt. Olivet avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Mt. Olivet avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Evelyn street and Winifred street as these streets are laid out between Lilac street and Azalea street; thence westwardly along the said bisecting line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Mary street as this street is laid out where it adjoins Metropolitan avenue, the said distance being measured at right angles to Mary street; thence southwardly along the said line parallel with Mary street and along the prolongation of the said line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Metropolitan avenue, the said distance being measured at right angles to Metropolitan avenue; thence westwardly along the said line parallel with Metropolitan avenue to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Collins avenue, the said distance being measured at right angles to Collins avenue; thence northwardly along the said line parallel with Collins avenue and along the prolongations of the said line to the intersection with the prolongation of a line midway between Adriatic street and Arctic street as these streets are laid out where they adjoin Mary street; thence eastwardly along the said line midway between Adriatic street and Arctic street and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Collins avenue and the westerly line of Mary street as these streets are laid out between Adriatic street and Baltic street; thence northwardly along the said bisecting line to the intersection with a line midway between Baltic street and Adriatic street; thence eastwardly along the said line midway between Baltic street and Adriatic street to the intersection with the westerly line of Fresh Pond road; thence eastwardly in a straight line to the point or place of beginning.

II. Beginning at a point on the easterly line of Corinth avenue where it is intersected by a line midway between Phelps avenue and Remsen place and running thence eastwardly along the said line midway between Phleps avenue and Remsen place and along the prolongation of the said line to the intersection with a line midway between Gwydir street and Cornbury place; thence southwardly along the said line midway between Gwydir street and Cornbury place to the intersection with the prolongation of a line midway between Remsen avenue and Woolley avenue; thence eastwardly along the said line midway between Remsen avenue and Woolley avenue and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southeasterly line of Woodhaven avenue and the northwesterly line of Eliot avenue as these streets are laid out where they adjoin Queens boulevard; thence northeastwardly along the said bisecting line to the intersection with the centre line of Palmer street; thence eastwardly along the centre line of Palmer street to a point distant 100 feet northeasterly from the northeasterly line of Queens boulevard, the said distance being measured at right angles to Queens boulevard; thence southeastwardly and always distant 100 feet northeasterly from and parallel with the northeasterly line of Queens boulevard to the intersection with the prolongation of a line midway between Eliot avenue and Jupiter avenue as these streets are laid out between Saunders place and Booth street; thence southwestwardly along the said line midway between Eliot avenue and Jupiter avenue and along the prolongations of the said line to the intersection with the prolongation of a line midway between Fleming place and Ames place as these streets are laid out where they adjoin Bloomfield street; thence westwardly along the said line midway between Fleming place and Ames place and along the prolongations of the said line to the intersection with the easterly line of Gwydir street; thence westwardly in a straight line to a point on the westerly line of Gwydir street, where it is intersected by a line midway between Fleming place and Ames place as these streets are laid out at Florence avenue; thence westwardly along the said line midway between Fleming place and Ames place to the intersection with the easterly line of Florence avenue; thence southwestwardly in a straight line to a point on the westerly line of Florence avenue where it is intersected by a line midway between Eliot avenue and Jupiter avenue as these streets are laid out west of Florence avenue; thence westwardly along the said line midway between Eliot avenue and Jupiter avenue and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Lisbet place, as this street is laid out where it adjoins Helen place, the said distance being measured at right angles to Lisbet place; thence southwardly along the said line parallel with Lisbet place and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet southeasterly from and parallel with the southeasterly line of Lisbet place as this street is laid out where it adjoins Edith place, the said distance being measured at right angles to Lisbet place; thence southwestwardly along the said line parallel with Lisbet place and along the prolongations of the said line to the intersection with the prolongation of a line distant 200 feet westerly from and parallel with the westerly line of Edith place, the said distance being measured at right angles to Edith place; thence northwardly along the said line parallel with Edith place and along the prolongations of the said line to the intersection with the prolongation of a line midway between Jansen avenue and Eliot avenue as these streets are laid out west of Corinth avenue; thence eastwardly along the said line midway between Eliot avenue and Jansen avenue and along the prolongation of the said line to the intersection with the westerly line of Corinth avenue; thence eastwardly in a straight line to the point or place of beginning.

Resolved, That this Board consider the proposed areas of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 28th day of December, 1911, at 10.30 a. m., and that at the same time and place a public hearing thereon will then be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 28th day of December, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

ACQUIRING TITLE TO FULTON STREET FROM MAURICE AVENUE TO BACKS AVENUE, BOROUGH OF QUEENS.

The following resolution of the Local Board of the Newtown District, Borough of Queens, and report of the Chief Engineer were presented:

In the Local Board of the Newtown District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To legally open Fulton street from Maurice avenue to Back avenue, at Maspeth, Second Ward of the Borough of Queens, and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 7th day of January, 1909, Aldermen Quinn, Emener and Flanagan, and Lawrence Gresser, President of the Borough of Queens, voting in favor thereof.

Attest: John M. CRAGEN, Secretary.

Approved this 7th day of January, 1909.

LAWRENCE GRESSER, President of the Borough of Queens.

Report No. 10342. November 24, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on January 7, 1909, initiating proceedings for acquiring title to Fulton street, from Maurice avenue to Backs avenue, in the Second Ward.

This street has been laid out upon the City map to have a width of 60 feet east of Fisk avenue, and of 50 feet westerly therefrom. The street is not in use, but between Burrough avenue and Fisk avenue it crosses at a slight angle and here partially includes an old street having the same name, which is approximately graded and largely built upon.

The street is shown on sections 11, 12 and 18 of the final maps of the Borough. When the map of the latter section was adopted, the attention of the Borough President was directed to the desirability of amending that portion of it relating to the section west of Fisk avenue, to the end that it might be reconciled more closely to the existing street system, which was here largely ignored and supplanted by a number of new streets of narrow width.

Fulton street is one of those to which this criticism was directed, and before the proceeding now proposed by the Local Board is given consideration, I would recommend that the Borough President be requested to advise whether any change can advantageously be made in its lines. In this connection it might also be noted that if the street, as now mapped, is deemed to be essential for a proper development of the locality, it would seem desirable to increase its width to at least 60 feet, and particularly since this treatment would not involve a substantial increase in the damage which would result if the proceeding is carried out on the present lines.

Respectfully, NELSON P. LEWIS, Chief Engineer.

On motion the matter was referred back to the President of the Borough of Queens.

TITLE TO GRANDVIEW AVENUE, FROM SOUTH STREET TO THE ATLANTIC OCEAN, BOROUGH OF QUEENS.

The following communication from the Acting Secretary of the Borough of Queens and opinion of the Acting Corporation Counsel were ordered printed in the minutes and placed on file:

Office of the President of the Borough of Queens, The City of New York, Long Island City, November 17, 1911.

Mr. JOSEPH HAAG, *Secretary of the Board of Estimate and Apportionment:*

Dear Sir—I enclose herewith copy of report of the Corporation Counsel dated November 15, 1911, relative to the City's title to Grandview avenue, from South street to the Atlantic Ocean, at Far Rockaway, Fifth Ward of the Borough of Queens.

At the meeting of the Board of Estimate and Apportionment on July 27, 1911, the communication from James Caffrey and report of the Chief Engineer of that Board relative to the removal of obstructions from and the improvement of Grandview avenue, were referred to the President of the Borough of Queens, with the

request that he secure the advice of the Corporation Counsel relative to the City's title, and that in case this has been clearly established and the street is desirable, he prepare a map definitely fixing the position of the lines, and with the further recommendation that as soon as the street has been incorporated upon the City plan the matter be laid before the Local Board with the suggestion that a resolution be adopted initiating proceedings for improving it. Respectfully,

DAVID W. MURPHY, Chief Clerk and Acting Secretary of the Borough of Queens.

(Copy.)

Law Department, City of New York, Office of the Corporation Counsel, New York, November 15, 1911.

Hon. MAURICE E. CONNOLLY, *President of the Borough of Queens:*

Sir—I am in receipt of a letter dated October 16, 1911, addressed to the Corporation Counsel by Walter H. Bunn, Commissioner of Public Works, submitting for consideration and advice, reports and correspondence in relation to a strip of land designated as Grandview avenue, from South street to the Atlantic Ocean, situate in Far Rockaway, Borough of Queens.

In reply I beg to state that James Caffrey claims to have conveyed a strip of land 50 feet in width extending from South street to the Atlantic Ocean and known as Grandview avenue, to the Village of Far Rockaway for the purpose of a public highway. The deed of conveyance was never recorded in the office of the Clerk of Queens County. The land which Mr. Caffrey claims to have conveyed is not and never has been shown as a street on the City map, but is partly opened physically.

I have caused an examination to be made of the records in the Queens County Clerk's office to ascertain what title, if any, James Caffrey had, and find that he acquired title to a large tract of land in the neighborhood of Coster street (Grandview avenue) by deed dated November 20, 1858, recorded in Liber 165, page 168, of Conveyances, which described the land conveyed as bounded by the easterly side of Coster street (now Grandview avenue).

The deed from White to Caffrey did not therefore have the effect of vesting title to the fee of the strip of land known as Grandview avenue in Caffrey, because the description in the deed limited the land conveyed to the easterly line or side of Coster street, and excluded any land lying within the lines of such street.

As Mr. Caffrey did not have title to the strip of land known as Grandview avenue at the time his deed to the Village of Far Rockaway was executed, the deed was ineffective to appropriate the land as a public highway.

I have also caused a physical examination to be made of the street, and I find that the same is partially opened. I have not sufficient facts before me to warrant an opinion as to whether the street was or was not dedicated to the use of the public. Very respectfully,

(Signed) G. L. STERLING, Acting Corporation Counsel.

AMENDED RULE AND DAMAGE MAPS IN THE PROCEEDING FOR ACQUIRING TITLE TO EAST 9TH STREET, FROM FOSTER AVENUE TO AVENUE T, AND TO EAST 10TH STREET, FROM FOSTER AVENUE TO AVENUE Q, EXCLUDING, IN EACH CASE, THE RIGHT-OF-WAY OF THE LONG ISLAND RAILROAD, BOROUGH OF BROOKLYN.

The following report of the Chief Engineer was presented:

Report No. 10299. November 16, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the President of the Borough of Brooklyn, bearing date of October 31, 1911, presenting for consideration the amended rule map and damage map prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to the following streets:

East 9th street, from Foster avenue to Avenue T; East 10th street, from Foster avenue to Avenue Q; excluding, in each case, the right-of-way of the Long Island Railroad.

This proceeding was instituted by the Board of Estimate and Apportionment on April 24, 1908, and the oaths of the Commissioners were filed on January 28, 1910.

On May 18, 1911, the proceeding was amended to conform with changes made in Foster avenue, and the maps now presented embody the modifications then made.

These indicate that a gross area of 1,213,330.14 square feet is affected by the amended proceeding. This is 1,487.31 square feet less than the original area, and is distributed as indicated in the following table, which also shows the number of buildings affected:

Streets	East 9th St.	East 10th St.	Total.
Area heretofore legally acquired (sq. ft.)	25,200.00	20,400.00	45,600.00
Area ceded (sq. ft.)	169,951.17	153,106.79	323,057.96
Area included in other opening proceedings (sq. ft.)	9,745.62	4,800.00	14,545.62
Net area to be acquired under this proceeding (sq. ft.)	475,084.35	355,042.21	830,126.56
Number of buildings affected	3	5	8

The streets are in use in disconnected sections, and in addition to the buildings above noted, a number of porches and fences encroach upon the land to be acquired.

Portions of the streets are shown on maps filed by the property owners between September 22, 1851, and October 16, 1908.

I would recommend the approval of the maps and that, after certification, they be forwarded to the Corporation Counsel.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the amended rule map and damage map, submitted by the President of the Borough of Brooklyn, to be used by the Corporation Counsel in the proceeding instituted by said Board April 24, 1908, for acquiring title to East 9th street, between Foster avenue and Avenue T, and East 10th street between Foster avenue and Avenue Q, excluding in each case the lands of the Long Island Railroad Company, Borough of Brooklyn, which proceeding was amended May 18, 1911, so as to relate to the foregoing streets as modified by a map or plan (reducing from 80 feet to 60 feet the width of Foster avenue between Gravesend avenue and Coney Island avenue), adopted by the Board of Estimate and Apportionment June 17, 1910, and approved by the Mayor June 24, 1910.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

RULE MAP, DAMAGE MAP AND PROFILE IN THE PROCEEDING FOR ACQUIRING TITLE TO EDISON PLACE, FROM EDSALL AVENUE TO INDIANA PLACE; TO OLMSTEAD PLACE, FROM EDSALL AVENUE TO INDIANA PLACE; TO RIDGEWOOD PLACE, FROM EDSALL AVENUE TO MYRTLE AVENUE; AND TO TESLA PLACE, FROM EDSALL AVENUE TO INDIANA PLACE, BOROUGH OF QUEENS.

The following report of the Chief Engineer was presented:

Report No. 10301. November 17, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Acting Secretary of the Borough of Queens, bearing date of November 2, 1911, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to the following streets: Edison place, from Edsall avenue to Indiana place; Olmstead place, from Edsall avenue to Indiana place; Ridgewood place, from Edsall avenue to Myrtle avenue; Tesla place, from Edsall avenue to Indiana pace.

This proceeding was instituted by the Board of Estimate and Apportionment on November 19, 1909, and was amended on May 18, 1911, to conform with changes made in the street lines.

The maps now presented accord with the plan under which the streets are laid out, and indicate that the proceeding affects areas within the lines of each, as shown in the following table, which also indicates the number of buildings affected:

Streets.	Area Included in Other Opening Proceedings, Square Feet.	Area Ceded by Property Owners, Square Feet.	Net Area to Be Acquired Under This Proceeding, Square Feet.	Number of Buildings Affected.
Edison place	3,750	3,574	101,210.6	1
Olmstead place	3,750	3,568	101,327	5
Ridgewood place	3,750	.....	76,185	3
Tesla place	3,750	3,574	96,497.3	..
Total	15,000	10,716	375,219.9	9

Each of the streets is in use through the entire distance described, and the abutting property is largely improved. In addition to the buildings above noted, a number of steps and fences encroach upon the land to be acquired.

Portions of the streets are shown on maps filed by the property owners between October 8, 1861, and December 18, 1906.

I would recommend that the maps be approved, and that, after certification, they be forwarded to the Corporation Counsel.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted: :

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the rule map, damage map and profile, submitted by the Acting Secretary of the Borough of Queens, to be used by the Corporation Counsel in the proceeding instituted by said Board November 19, 1909, for acquiring title to Edison place from Edsall avenue to Indiana place; Olmstead place from Edsall avenue to Indiana place; Tesla place from Edsall avenue to Indiana place; and Ridgewood place from Edsall avenue to Myrtle avenue, Borough of Queens, which proceeding was amended May 18, 1911, so as to relate to the foregoing streets as shown on Section 34 of the Final Maps of said Borough, adopted by the Board of Estimate and Apportionment February 9, 1911, and approved by the Mayor February 16, 1911.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

RULE MAP, DAMAGE MAP AND PROFILE IN THE PROCEEDING FOR ACQUIRING TITLE TO CASTLETON BOULEVARD, FROM FOREST AVENUE TO CASTLETON AVENUE, BOROUGH OF RICHMOND.

The following report of the Chief Engineer was presented:

Report No. 10283. November 10, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Acting Commissioner of Public Works, Borough of Richmond, bearing date of October 28, 1911, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to Castleton boulevard, from Forest avenue to Castleton avenue, in the First Ward.

This proceeding was instituted by the Board of Estimate and Apportionment on June 29, 1911, and the maps indicate that it affects an area of 111,107 square feet, corresponding in dimensions with the plan under which the street was laid out, and that the land is unimproved.

I would recommend that the maps be approved, and that, after certification, they be forwarded to the Corporation Counsel.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the rule map, damage map and profile, submitted by the Acting Commissioner of Public Works, Borough of Richmond, to be used by the Corporation Counsel in the proceeding instituted by said Board June 29, 1911, for acquiring title to Castleton boulevard from Forest avenue to Castleton avenue, Borough of Richmond.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

MODIFICATION IN THE DRAINAGE PLAN OF DISTRICT NO. 1, BOROUGH OF QUEENS.

The following communication from the Acting Secretary of the Borough of Queens and report of the Chief Engineer were presented:

Office of the President of the Borough of Queens, The City of New York, Long Island City, November 9, 1911.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Dear Sir—By direction of President Connolly, I transmit herewith for the approval of the Board of Estimate and Apportionment, an amended plan of drainage showing location, size and grades of the extension of the Nott avenue trunk sewer to the pierhead and bulkhead line in Sewerage District No. 1, First Ward, of the Borough of Queens.

Attached herewith is a report in the matter made by the Assistant Engineer in Charge of the Bureau of Design, this Department. Yours truly,

DAVID W. MURPHY, Chief Clerk and Acting Secretary of the Borough of Queens.

Report No. 10315. November 22, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Acting Secretary of the Borough of Queens, bearing date of November 9, 1911, requesting, on behalf of the Borough President, the approval of a modification in the drainage plan of District No. 1.

This plan provides for the extension of the Nott avenue sewer from the high water mark of the East River to the bulkhead line. Its approval is desired at this time in order to clear the way for the construction of the sewer before work is begun on the pier which the Dock Commissioner is about to build.

Provision is made for enlarging the Nott avenue sewer at its outlet and as will be required to meet the ultimate needs of the territory.

I see no reason why the map should not be adopted and would recommend such action. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the modified plan of drainage showing an extension of the Nott avenue trunk sewer from its existing terminus to the pierhead and bulkhead line in Sewerage District No. 1, First Ward, Borough of Queens, bearing the signature of the President of the Borough, and dated November 2, 1911, be and the same is hereby approved.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

LOCAL IMPROVEMENTS—BOROUGH OF MANHATTAN.

(PRELIMINARY AUTHORIZATION.)

PAVING WEST 142D STREET FROM A POINT ABOUT 450 FEET EAST OF LENOX AVENUE TO MARGINAL STREET, BOROUGH OF MANHATTAN.

The following resolution of the Local Board of the Harlem District, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Harlem District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the

said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, By the Local Board of the Harlem District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby imitate proceedings for the said local improvement, to wit:

To pave with sheet asphalt pavement on concrete foundation 142d street from a point 450 feet east of Lenox avenue to the marginal street, and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Harlem District on the 17th day of October, 1911, all members present voting in favor thereof.

Attest: JULIAN B. BEATY, Secretary.

Approved this 20th day of October, 1911.

GEORGE McANENY, President of the Borough of Manhattan.

Report No. 10237. October 30, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Harlem District, Borough of Manhattan, adopted on October 17, 1911, initiating proceedings for paving with asphalt West 142d street, from a point about 450 feet east of Lenox avenue to marginal street.

This resolution affects about 600 feet of West 142d street, title to which has been legally acquired. A narrow roadway is in use, the abutting property is partially improved, and all of the subsurface construction has been provided. The Borough President was recently authorized to carry out the necessary grading improvement.

The work is estimated to cost about $4,300, and the assessed valuation of the land to be benefited is $230,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Harlem District, duly adopted by said Board on the 17th day of October, 1911, and approved by the President of the Borough of Manhattan on the 20th day of October, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To pave with sheet asphalt pavement on concrete foundation 142d street, from a point 450 feet east of Lenox avenue to the marginal street," and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, that the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Manhattan has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative.—The Mayor, the Comptroller, the Presidents of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

LOCAL IMPROVEMENTS—BOROUGH OF BROOKLYN.

SEWER IN CONSELYEA STREET, FROM HUMBOLDT STREET TO GRAHAM AVENUE; IN GRAHAM AVENUE, FROM CONSELYEA STREET TO RICHARDSON STREET; IN RICHARDSON STREET, FROM GRAHAM AVENUE TO UNION AVENUE; IN UNION AVENUE, FROM RICHARDSON STREET TO NORTH 12TH STREET; AND IN NORTH 12TH STREET, FROM UNION AVENUE TO THE END OF THE EXISTING PIER AT THE EAST RIVER, BOROUGH OF BROOKLYN.

The following resolution of the Local Board of the Williamsburg District, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Williamsburg District.

Resolved, That the Local Board of the Williamsburg District, Borough of Brooklyn, after duly advertised hearing, had this 10th day of July, 1911, hereby initiates proceedings to construct sewers in Conselyea street, from Humboldt street to Graham avenue; in Graham avenue, from Conselyea street to Richardson street; in Richardson street, from Graham avenue to Union avenue; in Union avenue from Richardson street to North 12th street; and in North 12th street, from Union avenue to the end of the existing pier in the East River; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Williamsburg District on the 10th day of July, 1911, Commissioner Pounds and Alderman Finnegan voting in favor thereof.

Attest, REUBEN L. HASKELL, Secretary.

Approved on August 1, 1911.

L. H. POUNDS, Acting President, the Borough of Brooklyn.

Report No. 9998. September 8, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Williamsburg District, Borough of Brooklyn, adopted on July 10, 1911, initiating proceedings for constructing sewers in the following streets: Conselyea street from Humboldt street to Graham avenue; Graham avenue from Conselyea street to Richardson street; Richardson street from Graham avenue to Union avenue; Union avenue from Richardson street to North 12th street; North 12th street from Union avenue to the end of the existing pier at the East River.

Title to Graham avenue, Union avenue, and North 12th street from Union avenue to Driggs avenue and from Kent avenue to the bulkhead line of the East River, has been legally acquired. The records do not show that title to the remaining streets has been formally established, but they have been paved, and their condition is such as to prove an undoubted easement for the purposes of the desired construction.

The resolution now presented affects lengths varying from one block or about 400 feet of Conselyea street to six blocks or about 3,600 feet of North 12th street, aggregating 18 blocks or about 7,500 feet. The entire frontage on the easterly side of Union avenue in the northerly block and the northerly side of North 12th street east of Berry street is occupied by Greenpoint park; the abutting property is otherwise generally largely improved.

These sewers will form the outfall section for an important system of drainage, plans for which have recently been adopted by the Board. They will in part serve to reinforce or replace sewers now in use but of inadequate capacity and in part to provide outlets for an adjoining area now unsewered, and will also provide an outlet for a proposed system of sewers for the Maspeth District in the Borough of Queens. It is suggested that the attention of the Borough President be directed to the desirability of making provision for at least screening the flow before discharging it into the East River.

The work described in the resolution, this comprising what appears to be designated as section 2 of the entire trunk improvement falling within the limits of the Borough of Brooklyn, is estimated to cost about $420,000, and the assessed valuation of the property to be benefited is $65,470,785. Information is presented to show that it is deemed impracticable to subdivide the work into smaller sections.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Williamsburg District, duly adopted by said Board on the 10th day of July, 1911, and approved by the President of the Borough of Brooklyn on the 1st day of August, 1911, as follows, to wit:

"Resolved, That the Local Board of the Williamsburg District, Borough of Brooklyn, after duly advertised hearing had this 10th day of July, 1911, hereby initiates proceedings to construct sewers in Conselyea street, from Humboldt street to Graham avenue; in Graham avenue, from Conselyea street to Richardson street; in Richardson street, from Graham avenue to Union avenue; in Union avenue, from Richardson street to North 12th street; and in North 12th street, from Union avenue to the end of the existing pier in the East River," and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative.—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was then directed to call the attention of the President of the Borough of Brooklyn to the desirability of making provision for at least screening the flow before discharging it into the East River.

RECEIVING BASIN AT THE SOUTHERLY AND WESTERLY CORNERS OF KNICKERBOCKER AVENUE AND LINDEN STREET, BOROUGH OF BROOKLYN.

The following joint resolution of the Local Boards of the Bushwick and New Lots Districts, Borough of Brooklyn, and report of the Chief Engineer, were presented:

In the Local Boards of the Bushwick and New Lots Districts.

Whereas, A petition for a local improvement, to wit: Sewer basins at the northwest corner and southwest corner of Knickerbocker avenue and Linden street, has been received by the President of the Borough of Brooklyn, and

Whereas, He has appointed a time for a meeting of these Local Boards, at which meeting the said petition would be submitted by him to the said Local Boards, and

Whereas, The said petition was duly submitted thereafter to the said Local Boards; now, therefore, it is

Resolved, That the Local Boards of the Bushwick and New Lots Districts hereby initiate proceedings to construct sewer basins at the southerly corner and westerly corner of Knickerbocker avenue and Linden street.

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for approval.

Adopted by the Local Boards of the Bushwick and New Lots Districts on this 23d day of November, 1910, Commissioner Pounds and Aldermen Hoertz, Bent, Markert, Eichhorn, Grimm and Drescher voting in favor thereof.

Attest: REUBEN L. HASKELL, Secretary.

Approved on December 2, 1911.

L. H. POUNDS, Acting President, Borough of Brooklyn.

Report No. 10136. October 6, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution adopted at a joint meeting of the Local Boards of the New Lots and Bushwick Districts, Borough of Brooklyn, on November 23, 1910, initiating proceedings for the construction of receiving basins at the southerly and westerly corners of Knickerbocker avenue and Linden street.

From the report of the Engineer of Sewers, which accompanies this resolution, it appears that the flooded condition at this intersection, and which the basins described are intended to relieve, is occasioned by the inadequate capacity of the sewers already built. It is, therefore, evident that the provision of additional basins would not bring about the desired results. An examination of the grade map also shows that the basin described as located at the westerly corner would be placed at a summit and would only receive such flow as continued from the north across the platform intersection. It also appears that the basin at the southerly corner could be construed at best as benefiting only a very small area, with a resulting assessment of about $20 a lot.

Under these conditions, I would recommend that the resolution be referred back to the Borough President for further consideration, and with the suggestion that it should be at least amended in such a way as to exclude the westerly basin.

Respectfully, NELSON P. LEWIS, Chief Engineer.

On motion the matter was referred back to the President of the Borough of Brooklyn.

GRADING, CURBING, RECURBING AND FLAGGING ATKINS AVENUE FROM PITKIN AVENUE TO SUTTER AVENUE, BOROUGH OF BROOKLYN.

The following resolution of the Local Board of the Bushwick District, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bushwick District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the

said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 2d day of November, 1905, hereby initiates proceedings to regulate, grade, set or reset curb and lay cement sidewalks on Atkins avenue, between Pitkin and Sutter avenues, and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 2d day of November, 1905, Commissioner Brackenridge and Aldermen Haenlein and Grimm voting in favor thereof.

Attest: JOHN A. HEFFERNAN, Secretary.

Approved this 1st day of December, 1905.

MARTIN W. LITTLETON, President of the Borough of Brooklyn.

Report No. 10129. September 29, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on November 2, 1905, initiating proceedings for grading, curbing, recurbing and flagging Atkins avenue, from Pitkin avenue to Sutter avenue.

An opening proceeding relating to this street from Pitkin avenue to New Lots road was instituted by the Board of Estimate and Apportionment on June 19, 1908. The oaths of the Commissioners of Estimate and Assessment were filed on April 1, 1911, and title to the land can be vested in the City at any time.

The resolution now presented affects two blocks or about 900 feet of Atkins avenue. An approximately graded roadway is in use and the abutting property is partially improved.

The work is estimated to cost about $5,400, and the assessed valuation of the land to be benefited is $24,300.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 2d day of November, 1905, and approved by the President of the Borough of Brooklyn on the 1st day of December, 1905, as follows, to wit:

"Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 2d day of November, 1905, hereby initiates proceedings to regulate, grade, set or reset curb and lay cement sidewalks on Atkins avenue, between Pitkin and Sutter avenues,"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequnt to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REGULATING AND GRADING EAST 14TH STREET FROM AVENUE U TO AVENUE V, BOROUGH OF BROOKLYN.

The following resolution of the Local Board of the Flatbush District, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Flatbush District.

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after duly advertised hearing, had, this 7th day of April, 1911, hereby amends resolution of April 10, 1907, initiating proceedings to regulate, grade, set curb on concrete and lay cement sidewalks on East 14th street from Avenue O to Gravesend Neck road, by excluding the portions of East 14th street between Avenue O and Kings Highway and between Avenue V and Gravesend Neck road, and to have the amended resolution read as follows: "To regulate, grade, set cement curb and lay cement sidewalks on East 14th street, from Kings Highway to Avenue V."

This resolution was further amended at the meeting by excluding the portion of East 14th street between Kings Highway and Avenue U, and to make the resolution read as follows: "To regulate, grade, set cement curb and lay cement sidewalks on East 14th street, from Avenue U to Avenue V."

—and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for approval.

Adopted by the Local Board of the Flatbush District this 7th day of April, 1911, Commissioner Pounds and Aldermen Potter and Morrison voting in favor thereof.

Attest: REUBEN L. HASKELL, Secretary.

Approved October 2, 1911.

ALFRED E. STEERS, President of the Borough of Brooklyn.

Report No. 10227. October 25, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on April 7, 1911, initiating proceedings for grading, curbing and flagging East 14th street, from Avenue U to Avenue V.

This resolution affects one long block, or about 700 feet of East 14th street. Title to this street, from Avenue U to the northerly line of the Waterworks property has been acquired under formal opening proceedings. From the latter point to Avenue V, a distance of about 260 feet, the land within the street lines as well as the adjoining property was acquired and is now being used for waterworks purposes.

A winding road is in use in the last described section and it is understood that wells and pipe lines are located within the street lines. In the remainder of the block the roadway is approximately graded and the abutting property is partially improved.

It is recommended that this resolution be referred back to the Borough President to be amended by the exclusion of the section which has not been acquired for use as a highway, or to be withheld until the Sinking Fund Commissioners have arranged for a transfer of jurisdiction over this portion of the street from the Department of Water Supply. Respectfully, NELSON P. LEWIS, Chief Engineer.

On motion of the President of the Borough of Brooklyn the matter was laid over.

PAVING SHEPHERD AVENUE FROM ATLANTIC AVENUE TO LIBERTY AVENUE, BOROUGH OF BROOKLYN.

The following resolution of the Local Board of the New Lots District, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the New Lots District.

Whereas, A petition for a local improvement, to wit: To regulate, grade, curb, lay sidewalks and pave Shepherd avenue, from Atlantic avenue to New Lots road, has been received by the President of the Borough of Brooklyn, and

Whereas, He has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board, and

Whereas, The said petition was duly submitted thereafter to the said Local Board; now, therefore, it is

Resolved, That the Local Board of the New Lots District, hereby initiates proceedings to pave with asphalt on concrete foundation Shepherd avenue, between Atlantic and Liberty avenues; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for approval.

Adopted by the Local Board of the New Lots District on the 14th day of June, 1909, Commissioner Farrell and Aldermen Sandiford, Grimm and Martyn voting in favor thereof.

Attest: CHARLES FREDERICK ADAMS, Secretary.

Approved on June 21, 1909.

BIRD S. COLER, President, Borough of Brooklyn.

Report No. 10131. September 29, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on June 14, 1909, initiating proceedings for paving with asphalt Shepherd avenue, from Atlantic avenue to Liberty avenue.

This resolution affects one block, or about 700 feet of Shepherd avenue, title to which has been legally acquired. The street is graded, curbed and flagged; the abutting property in the southerly portion of the block is partially improved, and all of the subsurface construction has been provided.

Under an amended plan for the drainage of the adjoining territory which at the present time is being prepared by the Chief Engineer of the Sewer Bureau, the existing Shepherd avenue sewer will be replaced by one of much greater capacity. It seems unnecessary, however, to defer the paving now desired for the reason that the proposed reconstruction will not be effected for some years to come.

The work is estimated to cost about $5,400, and the assessed valuation of the property to be benefited is $35,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the New Lots District, duly adopted by said Board on the 14th day of June, 1909, and approved by the President of the Borough of Brooklyn, on the 21st day of June, 1909, as follows, to wit:

"Resolved, That the Local Board of the New Lots District hereby initiates proceedings to pave with asphalt on concrete foundation Shepherd avenue, between Atlantic and Liberty avenues,"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequnt to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

LOCAL IMPROVEMENTS—BOROUGH OF THE BRONX.

(PRELIMINARY AUTHORIZATION.)

SEWER IN BARRETTO STREET, FROM SPOFFORD AVENUE TO LAFAYETTE AVENUE, BOROUGH OF THE BRONX.

The following resolution of the Local Board of the Morrisania District, Borough of The Bronx, and report of the Chief Engineer, were presented:

In Local Board of Morrisania, 22d District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of Morrisania, 22d District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For constructing a sewer and appurtenances in Barretto street between Spofford avenue and Lafayette avenue, together with all work incidental thereto, in the Borough of The Bronx, City of New York, and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, 22d District, on the 17th day of October, 1911, Aldermen Fagan and the President of the Borough of The Bronx voting in favor thereof. Negative—None.

Attest: GEO. DONNELLY, Secretary.

Approved and certified this 23d day of October, 1911.

CYRUS C. MILLER, President of the Borough of The Bronx.

Report No. 10246. October 31, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on October 17, 1911, initiating proceedings for constructing a sewer in Barretto street, from Spofford avenue to Lafayette avenue.

This resolution affects one block, or about 800 feet, of Barretto street, title to which has been legally acquired. The street is regulated and graded, but, with the exception of a monastery and a charitable institution, the abutting property is generally unimproved. The outlet sewer is built.

The work is estimated to cost about $5,300, and the assessed valuation of the property to be benefited is $188,142.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 17th day of October, 1911, and approved by the President of the Borough of The Bronx on the 23d day of October, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For constructing a sewer and appurtenances in Barretto street, between Spofford avenue and Lafayette avenue, together with all work incidental thereto, in the Borough of The Bronx, City of New York,"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of The Bronx to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of The Bronx has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Report No. 10226. October 25, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on September 26, 1911, initiating proceedings for flagging the westerly side of Garrison avenue, from Hunts Point avenue to Faile street.

This resolution affects two blocks, or about 500 feet of Garrison avenue, title to which has been legally acquired. The street is paved, and the abutting property on the easterly side is partially improved.

The work is estimated to cost about $600, and the assessed valuation of the property to be benefited is $60,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 26th day of September, 1911, and approved by the President of the Borough of The Bronx on the 18th day of October, 1911, as follows, to wit:

Report No. 10215. October 24, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on July 21, 1911, initiating proceedings for constructing a sewer in Hopkins avenue, from Taylor street to Clark street, in the First Ward.

Title to this street west of the centre line has been acquired by deed of cession, and the Engineer of the Topographical Bureau advises that it has been improved for its full width by the former authorities of Long Island City. Under these circumstances there can be no question of the possession by the City of sufficient rights to permit of carrying out the desired improvement.

The resolution now presented affects one short block of Hopkins avenue. An approximately graded roadway is in use and the property abutting on the easterly side is partially improved. The outlet sewer is built.

The work is estimated to cost about $1,100, and the assessed valuation of the property to be benefited is $31,100.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 21st day of July, 1911, and approved by the President of the Borough of Queens on the 26th day of July, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For the construction of a sewer and appurtenances in Hopkins avenue, from Taylor street to Clark street, First Ward of the Borough of Queens."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminiary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To extend the sewer in Nott avenue to the pier and bulkhead line and to construct receiving basin on the southeast corner of Nott avenue and West avenue, First Ward of the Borough of Queens, and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Report No. 10343. November 23, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on October 6, 1911, initiating proceedings for extending the Nott avenue sewer to the pier and bulkhead line of the East River and for the construction of a receiving basin at the southeasterly corner of Nott avenue and West avenue.

The Nott avenue sewer as constructed prior to consolidation now terminates a short distance back of the high water mark, where it discharges into an open drain. The Commissioner of Docks and Ferries is about to carry out a waterfront improvement in this locality, this including the construction of a dock within the lines of Nott avenue. It is understood that the object of the improvement now proposed is to provide proper sewerage facilities for the section before the dock work is undertaken in order that the latter may not be unnecessarily disturbed. A narrow roadway of crooked alignment is in use within the street lines at the present time, but the abutting property is practically unimproved.

Title to all of the land on the northerly side of Nott avenue and to two parcels on the southerly side was acquired under a deed dated May 17, 1905, at which time it was proposed to use the land as the site for a municipal lighting plant. The deeds of reference show that the grantors ceded to the City all their right, title and interest to land within the lines of Nott avenue adjacent to the properties conveyed as well as to land under water located between the high water mark and the bulkhead line of 1857. The title policy obtained by the City at this time makes no reference to the land within the street lines, and I am in some doubt as to whether title to it has passed to the City.

From information presented by the Engineer in Charge of the Topographical Bureau, it appears that all of the land under water within the lines of Nott avenue as extended to the pier and bulkhead line of 1890 was not included in the conveyance, and that a portion of it is still in private ownership, while the remainder belongs to the State. I understand that under the Charter provisions the latter property will come to the City as soon as the street has been laid out with a bulkhead line as its terminal. The extension seems to have been contemplated under a special act of the Legislature in 1889, which provided that all of the streets of Long Island City which originally terminated at the high water mark of the East River should be deemed to extend to the bulkhead line. In order to remove any question as to this extension in other cases along the Long Island City waterfront, special maps have been presented to and approved by the Board, providing for laying them out upon the City map.

I would recommend that this matter be referred to the Corporation Counsel, with the request that he advise the Board concerning the title owned by the City within the lines of Nott avenue, between Vernon avenue and the bulkhead line as now established by the Federal authorities, and that the Borough President be requested to submit a map which will provide for clearly extending Nott avenue to the bulkhead line. Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion, the matter was referred to the Corporation Counsel with the request that he advise the Board concerning the City's title in this street, and the Secretary was directed to call the attention of the President of the Borough of Queens to the desirability of submitting a map to provide for extending the street to the bulkhead line as now fixed by the Federal authorities.

REGULATING AND GRADING WILSON AVENUE, FROM 12TH AVENUE TO 19TH AVENUE, AND FLAGGING, FROM 10TH AVENUE TO 12TH AVENUE, BOROUGH OF QUEENS.

The following resolution of the Local Board of the Newtown District, Borough of Queens, and report of the Chief Engineer were presented:

Report No. 10067. September 20, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on June 30, 1911, initiating proceedings for grading, curbing and flagging Wilson avenue from 12th avenue to 19th avenue, and for flagging from 10th avenue to 12th avenue, in the First Ward.

This resolution affects nine blocks, or about 2,300 feet of Wilson avenue, title to which has been legally acquired. Westerly from 17th avenue the roadway is approximately graded, but easterly therefrom the street is not in use. The abutting property is generally unimproved.

The work is estimated to cost about $12,800, and the assessed valuation of the property to be benefited is $682,200.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 30th day of June, 1911, and approved by the President of the Borough of Queens on the 7th day of July, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For regulating, grading, curbing, flagging and laying crosswalks on Wilson avenue, from 12th avenue to 19th avenue, and for laying sidewalks, from 10th avenue to 12th avenue, together with all work incidental thereto, First Ward of the Borough of Queens,"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

GRADING, CURBING AND REPAVING WASHINGTON STREET, FROM SOUTH STREET TO A POINT ABOUT 300 FEET NORTHERLY THEREFROM, BOROUGH OF QUEENS.

The following resolution of the Local Board of the Jamaica District, Borough of Queens, and report of the Chief Engineer were presented:

In the Local Board of the Jamaica District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, the said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of the Jamaica District, pursuant to titles 2 and 3 of Chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To regulate, grade, curb and repave with Belgian block pavement Washington street, from South street to a point 300 feet north, together with all work incidental thereto, Fourth Ward of the Borough of Queens, and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

WALTER H. BUNN, Acting President of the Borough of Queens.

Report No. 10120. October 6, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Jamaica District, Borough of Queens, adopted on April 12, 1911, initiating proceedings for grading, curbing, and repaving with Belgian block Washington street from South street to a point 300 feet northerly therefrom, in the Fourth Ward.

With this resolution, information is presented to show that Washington street was recognized on the map of the former Village of Jamaica, although its lines were not definitely fixed; that it has been shown on sales maps as having a width of 50 feet; that it has been fully dedicated to public use; that all of the subsurface improvements have been provided; that it has been paved with Belgian block; and that some of the curbing and flagging have been provided. The street, however, has not been definitely laid out upon the City map, nor have grades been established for it. Until the latter essentials have been complied with, it would seem impracticable to authorize any physical improvement.

At the meeting of the Board of Estimate and Apportionment held on August 3, 1911, a resolution was adopted designating as Class A all such pavements as had been "laid prior to June 20, 1910, accepted by The City of New York, or the local authorities having jurisdiction prior to consolidation, which were laid at the expense of the abutting property owners or by local taxation or by bond issues paid by the locality before consolidation."

From the papers presented with the resolution it also appears that the existing pavement was laid under a resolution of the Jamaica Trustees adopted on March 4, 1897, but no information is given as to how the work was paid for. It also appears that the work now contemplated is intended to consist of the taking up and relaying of the old blocks at an expense of fifty cents a square yard.

In my judgment the relaying of this class of pavement as an assessable improvement should not be consented to, and I believe that there is considerable doubt as to the ability of the City to collect the assessment for it if the resolution of August 3 is to be enforced. It is therefore recommended that the resoluion be referred back to the Borough President in order that the improvement may be preceded by the mapping of the street, and with the further suggestion that information be presented to show how the existing pavement was paid for in case it is proposed to assess the cost of the repaving now desired.

Respectfully, NELSON P. LEWIS, Chief Engineer.

On motion the matter was referred back to the President of the Borough of Queens.

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of Chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For paving with asphalt block on a concrete foundation the roadway of 8th avenue from Graham avenue to Pierce avenue, First Ward of the Borough of Queens, together with all work incidental thereto, and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 15th day of September, 1911, Aldermen Ehntholt, Brady and Dujat, and Walter H. Bunn, Commissioner of Public Works, voting in favor thereof.

Attest: JOHN N. BOOTH, Secretary.

Approved September 22, 1911.

LAWRENCE GRESSER, President of the Borough of Queens.

Report No. 10192. October 18, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 15, 1911, initiating proceedings for paving with asphalt block 8th avenue, from Graham avenue to Pierce avenue, in the First Ward.

This resolution affects one block, or about 600 feet of 8th avenue, title to which has been legally acquired. The street is graded, curbed and flagged; a few buildings have been erected upon the abutting property, and all of the subsurface construction has been provided.

The work is estimated to cost about $5,400, and the assessed valuation of the property to be benefited is $101,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 15th day of September, 1911, and approved by the President of the Borough of Queens on the 22d day of September, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For paving with asphalt block on a concrete foundation the roadway of 8th avenue, from Graham avenue to Pierce avenue, First Ward of the Borough of Queens, together with all work incidental thereto."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

LOCAL IMPROVEMENTS—BOROUGH OF MANHATTAN.

(FINAL AUTHORIZATION.)

RECONSTRUCTING SEWER IN EAST 117TH STREET, FROM THE HARLEM RIVER TO PLEASANT AVENUE, MANHATTAN.

The following report of the Chief Engineer was presented:

Report No. 10335. November 25, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Manhattan, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvement have been complied with:

Reconstructing the sewer in East 117th street, from the Harlem River to Pleasant avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on July 6, 1911, at which time information was presented to show that its probable cost would be about $5,500. The Borough President states that the time to be allowed for the completion of the improvement is 150 days, and that the expense incurred for the preliminary work amounts to $59.58.

The work to be done comprises the following: 151 linear feet 3-foot wooden barrel sewer; 676 linear feet 15-inch vitrified pipe sewer.

The cost of the improvement is now estimated to be $6,000.

I see no reason why the construction work required to carry out this improvement should not be authorized and would recommend such action.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

A copy of a resolution of the Local Board of the Harlem District, duly adopted by said Board on the 20th day of June, 1911, and approved by the President of the Borough of Manhattan on the 21st day of June, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: Alteration and improvement to sewer in 117th street, between Harlem River and Pleasant avenue";

—and thereupon, on the 6th day of July, 1911, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Manhattan to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Manhattan had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Manhattan, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of $6,000; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of $1,057,300, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

LOCAL IMPROVEMENTS—BOROUGH OF THE BRONX.

(FINAL AUTHORIZATION.)

The following report of the Chief Engineer was presented:

Report No. 10341. November 25, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith are transmitted communications from the President of the Borough of The Bronx, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with:

1. Grading, curbing and flagging Palisade place, from Popham avenue to the change of grade point about 100 feet east of Sedgwick avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 5, 1911, at which time information was presented to show that its probable cost would be about $2,400. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to $40.50.

The work to be done comprises the following: 1,280 cubic yards earth and rock excavation, 640 linear feet curb, 2,820 square feet cement sidewalk.

The cost of the improvement is now estimated to be $3,000.

2. Paving with asphalt where the grade is 3 per cent. or less and with asphalt block where the grade is more than 3 per cent., and curbing where necessary, Hall place, from East 165th street (Rogers place) to East 167th street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 19, 1911, at which time information was presented to show that its probable cost would be about $6,300. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to $33.92.

The work to be done comprises the following: 1,700 square yards sheet asphalt pavement; 275 square yards asphalt block pavement, 1,200 linear feet new and old curb.

The cost of the improvement is now estimated to be $6,300.

3. Sewer in Aqueduct avenue, from Burnside avenue to Tremont avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 19, 1911, at which time information was presented to show that its probable cost would be about $9,000. The Borough President states that the time to be allowed for the completion of the improvement is 150 days, and that the expense incurred for the preliminary work amounts to $54.64.

The work to be done comprises the following: 575 linear feet 18-inch pipe sewer, 800 linear feet 12-inch pipe sewer, 14 manholes, 2 receiving basins.

The cost of the improvement is now estimated to be $8,400.

4. Receiving basins on the easterly and westerly sides of Walton avenue, at the northerly right-of-way line of the New York Central and Hudson River Railroad.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 2, 1911, at which time information was presented to show that its probable cost would be about $2,600. The Borough President states that the time to be allowed for the completion of the improvement is 40 days, and that the expense incurred for the preliminary work amounts to $13.13.

The cost of the improvement is now estimated to be $2,700.

I see no reason why the construction work required to carry out these improvements should not be authorized, and would recommend such action.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

REGULATING AND GRADING PALISADE PLACE, FROM POPHAM AVENUE TO THE CHANGE OF GRADE POINT ABOUT 100 FEET EAST OF SEDGWICK AVENUE, THE BRONX.

MISCELLANEOUS.

MODIFICATION IN THE TERMS OF THE RESOLUTION PROVIDING FOR RELEASING THE CITY'S INTEREST TO LAND WITHIN THE LINES OF EAST STREET, BETWEEN EAST 3D STREET AND EAST 4TH STREET, BOROUGH OF MANHATTAN.

(*At the meeting of the Board on November* 16, 1911, *this matter was laid over for two weeks.*)

On motion of the President of the Borough of Manhattan, the matter was again laid over for two weeks (December 14, 1911).

ACQUIRING TITLE TO A PARCEL OF PROPERTY LOCATED ON THE EASTERLY SIDE OF MORGAN AVENUE, EXTENDING FROM MASPETH AVENUE TO BULLION STREET, WITH A FRONTAGE UPON EACH OF THE TWO LATTER STREETS OF 200 FEET, TO BE USED AS THE SITE FOR A SEWERAGE PUMPING STATION, BOROUGH OF BROOKLYN.

The following resolution of the Local Board of the Williamsburg District, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Williamsburg District.

Resolved, That the Local Board of the Williamsburg District, Borough of Brooklyn, after duly advertised hearing had this 10th day of July, 1911, hereby initiates proceedings to acquire title to a parcel of land on the easterly side of Morgan avenue, between Bullion street and Maspeth avenue, the same being 196 feet by 200 feet, located in Block 2896, in section 10 of the Land Map of Kings County, to be used for a pumping station for sewage; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Williamsburg District on the 10th day of July, 1911, Commissioner Pounds and Alderman Finnigan voting in favor thereof.

Attest: REUBEN L. HASKELL, Secretary.

Approved on July 20, 1911.

L. H. POUNDS, Acting President, Borough of Brooklyn.

Report No. 10324. November 16, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Williamsburg District, Borough of Brooklyn, adopted on July 10, 1911, initiating proceedings for the acquisition of title

to a parcel of property located on the easterly side of Morgan avenue, extending from Bullion street to Maspeth avenue, with a frontage upon the two latter streets of 200 feet, the land to be used as the site for a sewage pumping station.

The depth of the block is 196 feet, from which it would appear that the area affected by the proposed proceeding is about 0.9 acre.

The proposed station is to be used for pumping the sanitary flow from an area of about 380 acres in the Borough of Brooklyn and an area of about 1,450 acres in the Borough of Queens, the entire drainage district comprising about 1,830 acres. The land is unimproved and is valued on the books of the Department of Taxes and Assessments at $11,500.

The case appears to be somewhat similar to one considered by the Board in 1910, under which provision was made for the acquisition of a site for a pumping station on Avenue V. In view of the impracticability of assessing such a large area under the procedure prescribed by the Charter, it was then determined to place the entire expense upon the City at large.

Negotiations were conducted by the Comptroller for the purchase of the property by direct agreement with the owner, as a result of which the land was acquired without resorting to a condemnation proceeding, and on his recommendation the Board on June 15, 1911, adopted a resolution providing that the expense involved should be paid out of the Street Improvement Fund with the understanding that the amount of the expenditure would be included in the assessment to be levied for the construction of the sewer, thereby relieving the City at large from the expense of this improvement which involves only a local benefit.

I see no reason why the procedure then followed should not be applied in this case, and would recommend the adoption of resolutions approving the map and requesting the Comptroller to negotiate with the owner of the property for its purchase.

The construction of this sewer is urgently desired in order to make adequate and prompt provision for important sewer improvements in the Borough of Queens, and I would suggest that the attention of the Comptroller be drawn to the desirability of advising the Board at an early date concerning the outcome of his negotiations in order that condemnation proceedings may be instituted if terms cannot be agreed upon.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the map bearing the signature of the Secretary of the said Board, and dated May 25, 1911, showing a parcel of land on the easterly side of Morgan avenue, between Bullion street and Maspeth avenue, Borough of Brooklyn, to be used for a pumping station for sewage, the said parcel being 196 feet by 200 feet, located in Block 2896, in Section 10 of the Land Map of Kings County.

Resolved, That the Board of Estimate and Apportionment hereby authorizes and requests the Comptroller of The City of New York to negotiate with the owners of the property shown on the aforesaid map for its purchase.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

—

The Secretary was then directed to call the Comptroller's attention to the desirability of advising the Board at an early date concerning the outcome of the negotiations, in order that condemnation proceedings may be promptly instituted if required.

MAP SHOWING A PARCEL OF PROPERTY EXTENDING FROM JOHNSON AVENUE TO NETHERLAND AVENUE, BOROUGH OF THE BRONX, IN WHICH IT IS DESIRED TO LAY A DISTRIBUTING MAIN.

The following communications from the Department of Water Supply, Gas and Electricity and report of the Chief Engineer were presented:

Department of Water Supply, Gas and Electricity, Commissioner's Office, 21 Park Row, City of New York, March 20, 1911.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, Manhattan:

Dear Sir—I am transmitting herewith a tracing describing a piece of property ten feet in width located between Johnson and Netherland avenues and Kappock street, in the Borough of The Bronx, which I would recommend be purchased. The property is required for a twenty-inch main which the Department proposes to lay. In crossing this private property we avoid a very acute angle at the intersection of Johnson avenue and Kappock street, at which point the main would almost return upon itself. Deducting the cost of this land from the expense which would be incurred if the Department laid this proposed pipe along the lines of Johnson avenue and Kappock street, as existing at present, there is a saving of about $7,000.

The property is owned by the estate of Isaac C. Johnson and Edgehill Terrace Company. That portion of the strip which lies within the bed of the proposed Netherland avenue and extending from the easterly line of Kappock street to the southerly line of Netherland avenue, the Johnson estate will give an easement through to the City for the maintenance of the water main. They have fixed a price of $200 for this easement. I would recommend that the ten-foot strip of land, in addition to the easement, be acquired by the City by condemnation proceedings. Yours truly,

HENRY S. THOMPSON, Commissionr.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 21 Park Row, City of New York, November 20, 1911.

Board of Estimate and Apportionment, JOSEPH HAAG, *Secretary,* 277 Broadway, Manhattan:

Dear Sir—In my communication addressed to the Board of Estimate and Apportionment, dated March 20, 1911, I recommended the purchase of a plot of ground, and that, in addition, the City pay $200 for an easement across proposed Netherland avenue, Borough of The Bronx.

I understand that it is not the policy of the City to pay for an easement in locations that will eventually become City streets. The owners of the property, on being advised to this effect, have informally agreed to grant the Department permission to lay its main across the proposed street, if arrangements can be made to acquire by private purchase the ten-foot strip of land through the property located between Johnson and Netherland avenue and Kappock street, which procedure I would recommend.

Therefore, I am transmitting with this communication a revised map showing the ten-foot strip of land to supersede the one forwarded with my letter of last March. The parcel of land is described as follows: "Beginning at a point on a curve which is the westerly line of Johnson avenue in said Borough, and distant southerly (along said curve whose radius is 460 feet, and has a bearing at said point south 34 degrees 2 minutes and 50 seconds east) 74.64 feet from a point of change of curve (which point of change of curve from the preceding curve of 785 feet radius is shown on New York City Street Map, Section 22 of Twenty-third and Twenty-fourth Wards, adopted June 7, 1895, and is located radially and northwesterly from Monument No. VII., 89); thence running southerly along said curve of 460 feet radius 11.10 feet to a point still in the westerly line of Johnson avenue; thence north 60 degrees 22 minutes 38 seconds west, 65 feet to a point; thence north 44 degrees 41 minutes 35 seconds west, 125.48 feet to a point 'A'; thence easterly 13.18 feet along a curved line (whose radius is 160 feet and has a bearing from 'A' north 1 degree 39 minutes 34 seconds west) to a point; thence south 44 degrees 41 minutes 35 seconds east 115.51 feet to a point; thence south 60 degrees 22 minutes 38 seconds east 68.42 feet to a point or place of beginning, containing within said bounds 1,870.61 square feet, more or less." The proposed main through this land will be part of the trunk system of distribution mains, and the Department plans to begin work early next spring.

I would, therefore, respectfully request that this matter be favorably acted upon at an early date. Yours truly, HENRY S. THOMPSON, Commissioner.

Report No. 10346. November 24, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Water Supply, Gas and Electricity, bearing date of November 20, 1911, requesting authorization of the purchase of a parcel of property having a width of 10 feet, extending from Johnson avenue to Netherland avenue, in the Borough of The Bronx, in which it is proposed to lay a water main. The map submitted by the Commissioner shows that the parcel of reference has a length of about 190 feet and an area of about 1,870 square feet; it is located north of and near the intersection of the bounding streets with Kappock street.

In another communication on this subject, the Commissioner states that the acquisition of this property will materially shorten the length of the pipe line which it is proposed to lay, and will result in a net saving of about $7,000. The land is unimproved and is located on a steep hillside, the elevation at the Netherland avenue boundary being about 100 feet higher than at the Johnson avenue boundary.

The books of the Department of Taxes and Assessments show that the property in this vicinity has not been subdivided into lots, but the frontage values indicate that the parcel is assessed as worth about $710.

It is understood that a proceeding is about to be begun for acquiring title to the land within the lines of Netherland avenue, but the Commissioner advises that the owners of the property have informally agreed to permit of the use of the street, provided the parcel shown on the plan now submitted is acquired by private purchase.

In my judgment the map is a proper one, and its approval is recommended after the statutory hearing.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Commissioner of Water Supply, Gas and Electricity of The City of New York, acting for and in behalf and in the name of The City of New York, in pursuance of the provisions of chapter 466 of the Laws of 1901, as amended, has selected and determined certain real estate (as the term "real estate" is defined in the said act) in the County of New York, as and for sources of public water supply in and for The City of New York, and deems it necessary to take and acquire the same and all the rights, titles and interests therein, and to extinguish all claims or damages on account of such rights, titles and interests, or growing out of such taking, for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for The City of New York, and of providing additional waterworks to supply The City of New York with water; and

Whereas, The said Commissioner has prepared and submitted to the Board of Estimate and Apportionment of The City of New York, under date of November 20, 1911, a map showing a parcel of property having a width of 10 feet, extending from Johnson avenue to Netherland avenue, in the Borough of The Bronx, in which it is proposed to lay a water main, to be taken and acquired as aforesaid, as provided in the said act; therefore be it

Resolved, That a public notice be given of a hearing to be held by the Board of Estimate and Apportionment of The City of New York, in the old Council Chamber, Room 16, City Hall, Borough of Manhattan, City of New York, on the 28th day of December, 1911, at 10.30 o'clock a. m., at which a full opportunity shall be afforded to any and all persons interested to be heard respecting such map, and the taking and acquisition of the real estate as shown thereon;

Resolved, That such public notice be published once in each week for three successive weeks in the CITY RECORD and in two papers published in New York County, in which county the real estate to be taken and acquired is situated, and in two daily papers published in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

ORDER OF THE PUBLIC SERVICE COMMISSION DETERMINING THE GRADE AT WHICH ASHLAND STREET SHALL CROSS THE TRACKS OF THE NEW YORK AND ROCKAWAY BEACH DIVISION OF THE LONG ISLAND RAILROAD, IN THE FOURTH WARD, BOROUGH OF QUEENS.

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 154 Nassau Street, New York, November 24, 1911.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Dear Sir—Transmitted herewith, and hereby served upon The City of New York, is a certified copy of an order in Case No. 1402, adopted by the Commission at a meeting on November 24, 1911, determining the method of crossing of Ashland street, in the Fourth Ward of the Borough of Queens, to be opened across the tracks of the Long Island Railroad Company.

Please acknowledge receipt of the enclosure. Yours very truly,

TRAVIS H. WHITNEY, Secretary.

At a stated meeting of the Public Service Commission for the First District, duly held at its office 154 Nassau street, in the Borough of Manhattan, City and State of New York, on the 24th day of November, 1911.

Present—William R. Wilcox, Chairman; William McCarroll, Milo R. Maltbie, John E. Eustis, J. Sergeant Cram, Commissioners.

Case No. 1402—Final Order and Determination as to Grade of New Street.

In the matter of the application of The City of New York, relative to opening across the tracks of the New York and Rockaway Beach Division of the Long Island Railroad Company, Ashland street, in the Fourth Ward, Borough of Queens, City of New York.

Application having been made by The City of New York, by resolution of the Board of Estimate and Apportionment, adopted September 21, 1911, to this Commission, pursuant to the provisions of section 90 of the Railroad Law, to determine whether a certain new street, namely, Ashland street, in the Fourth Ward, Borough of Queens, City of New York, should pass under, over or at grade of the tracks of the New York and Rockaway Beach Division of the Long Island Railroad Company; and a hearing having been had on such application on November 13, 1911, and on November 17, 1911, before Mr. Commissioner Cram, presiding; Arthur DuBois, Esq., Assistant Counsel, attending for the Commission; William J. Clarke, Esq., Assistant Corporation Counsel, appearing for The City of New York; C. L. Addison, Esq., appearing for the Long Island Railroad Company, and it appearing at said hearing that due notice of more than ten days had been given to the Long Island Railroad Company, to The City of New York and to the owners of land adjoining the railroad and that part of Ashland street to be opened and extended, and it being agreed by all parties who appeared at said hearing that Ashland street should be extended at a grade of approximately 55 feet above mean high water, this elevation being approximately 17 feet below the present grade of the tracks; that no change should be made in the elevation of the railroad tracks, and it appearing that notice of intention to construct and extend Ashland street had been duly given to the Long Island Railroad Company, as required by law, and that said Railroad Company had been given an opportunity to be heard before the proper authorities of The City of New York on the question of the necessity of the construction or extension of Ashland street, and that The City of New York had duly determined that said extension was necessary.

Now, therefore, it is ordered and determined:

(1) That when Ashland street shall hereafter be constructed across the tracks of the Long Island Railroad Company it shall be constructed under the said railroad at an elevation of approximately 55 feet above mean high water.

(2) That the tracks of the Long Island Railroad Company shall remain as at present at an elevation of approximately 72 feet above mean high water.

(3) The clearance from the surface of the street to the lowest member of the bridge carrying the railroad over the street shall be not less than 14 feet.

(4) The type of bridge to be used for carrying the tracks over the street shall be the type of bridge in general use throughout the City, on the lines of the Long Island Railroad Company, and shall be of closed floor type, steel and concrete construction.

(5) Before the construction of this improvement is begun, detailed plans and specifications, approved by the Chief Engineer of the Railroad Company and by the Chief Engineer of the Board of Estimate and Apportionment, and an estimate of the expense of the proposed changes shall be submitted to the Public Service Commission for the First District for approval.

(6) The grades for the proposed improvement shall be those shown on blue print, received in evidence in this proceeding, and entitled "Map and profile showing scheme for carrying Ashland street, Borough of Queens, across the tracks of New York and Rockaway Beach Division of Long Island Railroad," P 1005, being Exhibit No. 1 in this proceeding.

Further ordered and determined, that this improvement be carried out in the manner provided by sections 90 and 91 of the Railroad Law.

Further ordered, that this order take effect at once.

[SEAL.] BY THE COMMISSION, TRAVIS H. WHITNEY, Secretary.

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on November 24, 1911, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 24th day of November, 1911.

[SEAL.] TRAVIS H. WHITNEY, Secretary.

On motion, the order was placed on file, and the Secretary was directed to send a copy thereof to the President of the Borough of Queens.

COURSE TO BE PURSUED IN THE MATTER OF THE CLAIM SET UP FOR PREPARING THE ASSESSMENT MAPS AND LISTS RELATING TO THE INGLESIDE TRUNK SEWER IMPROVEMENT, BOROUGH OF QUEENS.

The following communication from the President of the Borough of Queens, and report of the Chief Engineer were presented:

The City of New York, Office of the President of the Borough of Queens, Long Island City, November 23, 1911.

Hon. JOSEPH HAAG, *Secretary, the Board of Estimate and Apportionment,* The City of New York:

Dear Sir—Referring to resolution of the Board adopted November 16 extending until December 1 the time for the delivery of the assessment lists for the Ingleside trunk sewer, Borough of Queens, in default of which this office is subject to conditions of resolution of February 25, 1910, and the amount thereof charged against our limit of $500,000 for contracts completed and accepted and not reported to the Board of Assessors, it is my desire to secure a further extension, or until such time as the matter is adjudicated by the courts.

I am enclosing a copy of communication in reference thereto which I am this day sending to the Corporation Counsel. Very truly yours,

MAURICE E. CONNOLLY, President of the Borough of Queens.

The City of New York, Office of the President of the Borough of Queens, Long Island City, November 23, 1911.

Hon. ARCHIBALD R. WATSON, *the Corporation Counsel,* The City of New York:

Dear Sir—Pursuant to resolution of the Local Board of the Jamaicca District, adopted February 24, 1904, approved by the President of the Borough of Queens the same date, concurred in by the Board of Estimate and Apportionment by resolution on July 24, 1905, the President of the Borough of Queens entered into a contract "For constructing sewer and appurtenances in Oak street, from Flushing Creek to 17th street; and in 17th street, from Oak street to Cypress avenue; and in Cypress avenue, from 17th street to 16th street; and in Queens avenue, from 17th street to 20th street; and the construction of fourteen (14) catch basins in connection therewith, Ingleside, Third Ward, Borough of Queens."

The final certificate of the completion and acceptance of this work is dated July 28, 1911, and was forwarded to the Department of Finance on July 31, 1911. In connection therewith the following self-explanatory order was issued by the then President of the Borough of Queens on December 23, 1905, to wit:

"The City of New York, Office of the President of the Borough of Queens, Long Island City, December 23, 1905.

"SYLVESTER H. MCLAUGHLIN, Esq., Fulton Street, Jamaica, L. I.:

"Dear Sir—You will please take notice that contract has been let for the construction of trunk sewers and disposal plant at Ingleside, in the Third Ward of the Borough of Queens, and you are hereby designated and employed to make and furnish all the necessary maps and lists for the levying of assessments for the purpose of paying for the said trunk sewers and disposal plant; the area of assessment to be the same as that approved of by the Board of Estimate and Apportionment, January 29, 1904.

"Respectfully, JOS. CASSIDY, President, Borough of Queens."

In accordance therewith, there has been delivered in this office by S. H. McLaughlin assessment lists in triplicate consisting of two volumes each, accompanied by his bill, of which the following is a transcript:

"Jamaica, N. Y., February 7, 1911.

"The City of New York, to S. H. MCLAUGHLIN, Dr., Civil Engineer, City Surveyor, Telephone, 339 Jamaica; Bank of Long Island Building.:

"For Assessment Map and List, for the construction of a sewer in Oak street, from Flushing Creek to 17th street; and in 17th street, from Oak street to Cypress avenue; and in Cypress avenue, from 17th street to 16th street; and in Queens avenue, from 17th street to 20th street, and the construction of catch basins in connection therewith, Ingleside, Third Ward, Borough of Queens, one original and two copies of each:

419,703.92 linear feet map front, at 3 cents per linear foot for the original	$12,591 11
419,703.92 linear feet map front, at 2 cents per linear foot for each of 2 copies	16,788 16
	$29,379 27"

I have deferred the acceptance, and have withheld my signature from these lists pending the outcome of the suit now on the December calendar of the Supreme Court in the matter of McLaughlin vs. The City of New York, with which you are familiar, the issue being identical with our subject—the President of the Borough of Queens accepting maps and forwarding a voucher in payment thereof amounting to $74,707.85 for similar work performed under an order of Joseph Cassidy, President of the Borough of Queens, in connection with the construction of a City sewage disposal plant and the completion of the sewer system in the old village of Jamaica, now 4th Ward, Borough of Queens. We understand also, from Mr. McLaughlin, that the matter is pending in your office for the payment of $27,455.58 for similar work in connection with contract for sewer in Broadway between Trains Meadow road and Thomson avenue, Borough of Queens.

The Board of Estimate and Apportionment limit the amount of our outstanding lists on contracts completed and accepted and not reported to the Board of Assessors to $500,000. The amount of this assessment list on the Ingleside sewer is $216,000, consequently it operates to our disadvantage in progressing public improvements in this Borough, and necessitated our procuring from the Board of Estimate and Apportionment the passage of the following resolution, to wit:

Whereas, By resolution adopted by the Board of Estimate and Apportionment on February 25, 1910, it was determined not to authorize further local improvements for the Borough of Queens in case the value of such improvements authorized subsequent to January 1, 1902, which had been completed, but not required, exceeded the sum of $500,000; be it

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, excludes from the provisions of the resolution aforesaid the nine (9) resolutions adopted by the Board on various dates between July 29, 1910, and July 27, 1911, authorizing the construction of the Richmond Hill trunk sewer, the exclusion of these resolutions to be in effect up to May 1, 1912; and be it further

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, excludes from the provisions of the resolution adopted by the Board on February 25, 1910, the two resolutions of the Board authorizing the construction of the Ingleside trunk sewer, the exclusion of these resolutions to be in effect up to December 1, 1911.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting of said Board held November 16, 1911. JOS. HAAG, Secretary.

You will note that we have an extension of time until December 1 in order to forward the maps on the Ingleside sewer. I would therefore thank you to advise me as to what course to pursue.

At the time your office took up the bill of $74,707.85 which is now in litigation, as aforesaid, the representatives of your office expressed grave doubts as to the legality of an order of the President of the Borough of Queens to do this work.

This office should be relieved of the responsibility for the delay in forwarding these maps until such time as the legal question is adjudicated.

Very truly yours,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Report No. 10350. November 25, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on November 16, a communication was presented from the President of the Borough of Queens, requesting that the Ingleside and Richmond Hill trunk sewer improvements be excluded from the operations of the resolution adopted by the Board on February 25, 1910, under which it was provided that in case the value of completed improvements in the Borough of Queens for which assessment lists had not been forwarded to the Board of Assessors should, at the end of any quarter, exceed $500,000 in value, further authorizations should be withheld until lists had been forwarded which would bring the outstanding total within the limit fixed.

On the recommendation of your Engineer, resolutions were then adopted under which provision was made for the exclusion of the Ingleside trunk sewer improvement, amounting in value to $183,786.29, until December 1, 1911, and of the work done in connection with the Richmond Hill trunk sewer, aggregating $112,357.59 in value at the close of the quarter, until May 1, 1912.

At this time it was pointed out to the Board that the delay in forwarding the lists for the former improvement was due to a question as to the liability of the City for a claim of $29,379.27, which had been presented by S. H. McLaughlin, who had been retained by a former Borough President to prepare the assessment maps and lists, and the suggestion was made that if the Borough President were to fix upon a fair estimate of the value of the service rendered, the entire expense of the improvement could be properly certified to the Board of Assessors, and any further dispute in the matter made the subject of litigation, while if the lists were to be withheld until after the dispute had been finally adjusted, the property owners would be obliged to pay substantial and unnecessary interest charges for the improvement, and the Street Improvement Fund would in the meantime be correspondingly depleted. It was also noted that the effect of the action would be to modify the value of the accumulated and unreported lists in such a way that on December 1 they would aggregate a total value of $565,967.83, less the value of the additional lists returned prior to that date.

The records of the Assessors show that the lists received from the President of Queens between the date when the estimate was prepared and November 24, amount in value to $147,024.56, from which it follows that the outstanding improvements now charged against the Borough amount in value to $418,943.27, which amount will justify the authorization of further improvements during the balance of the present quarter.

With the accompanying communication from the Borough President, bearing date of November 23, 1911, there is presented a copy of a communication sent by him to the Corporation Counsel, under the same date, in which advice is requested concerning the course to be pursued in the matter of the claim set up for preparing the assessment maps and lists, and the Borough Preesident now asks that the Ingleside sewer improvement be excluded from the provisions of the February 25, 1910, resolution until the claim has been adjudicated by the Courts.

I can see no reason for now modifying the recommendations which I have heretofore made in this matter, and particularly since the way is now clear for continuously advancing all Queens improvements, providing that an effort is made to return the assessment lists for improvements other than for the two of reference. I would, however, recommend that a copy of this report and of my report of November 11, 1911, on the same subject be sent to the Corporation Counsel, with the request that the advice desired by the Borough President be furnished promptly, and that a copy of the opinion rendered be at the same time forwarded to this Board.

Respectfully, NELSON P. LEWIS, Chief Engineer.

On motion, the Secretary was directed to request the Corporation Counsel to advise the Borough President as promptly as possible concerning the course to be followed in the matter of paying for the assessment maps, and to also send a copy of his opinion to this Board.

EFFECT UPON THE FOURTH AVENUE SUBWAY, OF THE FAILURE TO PROCEED WITH PROJECTED SEWER IMPROVEMENTS IN THE BOROUGH OF BROOKLYN, NOTABLY THE BUILDING OF THE CLASSON AVENUE RELIEF SEWER.

The following communication from the Chairman of the Public Service Commission was presented:

State of New York, Public Service Commission for the First District, 154 Nassau Street, New York, November 24, 1911.

To the Board of Estimate and Apportionment of The City of New York:

Sirs—On behalf of the Commission I desire to again call to your attention the serious effect upon the Fourth Avenue Subway of the failure to proceed with projected sewer improvements in the Borough of Brooklyn, notably the building of the Classon avenue relief sewer.

As has been explained in previous communications, the plans of the Borough authorities, which have been approved and for which appropriations had been made prior to the preparation of detailed plans for the Fourth Avenue Subway, contemplateed the building of relief sewers in Classon avenue and other streets, thus permitting the abandonment of the old storm sewer in Hanson place and 4th avenue. In connection with the subway work, and in order to temporarily care for the old storm sewer pending abandonment, provision was made for carrying it during construction in the easterly track of the subway. After the plans for the Fourth Avenue Subway had been approved and work started, the resolutions authorizing the relief sewers and appropriating money for their construction were rescinded. The situation then is that as the construction of the relief sewers was not prosecuted, and as it was therefore impossible to abandon the storm sewer in 4th avenue, the easterly subway track has continued to be devoted to this non-railroad use.

On March 2, 1911, the Commission, in an official communication, called this situation to your attention, and you thereafter determined that the construction of the relief sewers should be carried through as an assessment proposition, and according to the Commission's information no further steps have been taken either by the Board of Estimate and Apportionment or by the Borough authorities. Under the most favorable conditions it will take at least eighteen months to construct the Classon avenue sewer. Long before this time the Fourth Avenue Subway will be completed. The failure to execute the approved sewer plans is therefore very likely to result in crippling the operation of the Fourth Avenue Subway, since the easterly or northbound local track must continue to be used for carrying the old storm sewer until it can be abandoned by reason of the completion of the Classon avenue relief sewer.

The Commission again respectfully calls this situation to your attention, and urges that some steps be immediately taken to relieve this situation.

The Commission is taking the liberty of sending a copy of this communication to the President of the Borough of Brooklyn. Respectfully yours,

WILLIAM R. WILLCOX, Chairman.

On motion, the matter was referred to the Chief Engineer for report.

State of New York, Public Service Commission, 154 Nassau Street, New York, December 1, 1911.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Dear Sir—Transmitted herewith and hereby served upon The City of New York is a certified copy of a resolution in Case No. 1405, adopted by the Commission at a meeting on December 1, 1911, determining the manner of crossing of East 166th street to be opened across the tracks of the New York and Harlem Railroad Company.

Please acknowledge receipt of the enclosure.

Yours very truly, TRAVIS H. WHITNEY, Secretary.

At a stated meeting of the Public Service Commission for the First District, duly held at its office, No. 154 Nassau street, in the Borough of Manhattan, City and State of New York, on the 1st day of December, 1911.

Present: William R. Willcox, chairman; William McCarroll, Milo R. Maltbie, John E. Eustis, J. Sergeant Cram, Commissioners.

In the matter of the application of The City of New York relative to opening across the tracks of the New York and Harlem Railroad Company, East 166th street, from Brook avenue to Park avenue, East, in the Borough of The Bronx, City of New York; Case No. 1405, Resolution Granting Application.

An application having been made by The City of New York by resolution of the Board of Estimate and Apportionment adopted October 5, 1911, to this Commission pursuant to section 90 of the Railroad Law to determine whether a certain proposed new street, namely East 166th street, from Brook avenue to Park avenue, East, in the Borough of The Bronx, City of New York, should pass over or under or at grade the tracks of the New York and Harlem Railroad,

And the Commission having appointed November 10 1911, at 2.30 o'clock in the afternoon as the time, and the office of the Commission at 154 Nassau street, Borough of Manhattan, City of New York, as the place for a hearing upon said application, and having given notice of such hearing as required by law to the railroad company whose railroad is to be crossed by such new street, to the municipal corporation and to owners of land adjoining the railroad and that part of the street to be extended across said railroad;

And a hearing having been had upon said application at the time and place aforesaid, before Commissioner Eustis, presiding, William J. Clarke, Assistant Corporation Counsel, appearing for The City of New York, in support of said application, and H. J. Uhl, attorney, appearing for the New York and Harlem Railroad Company, and not opposing said application, and no one appearing in opposition to said application; and testimony having been taken upon said hearing and the Commission having determined that said new street should be carried across said railroad above grade by means of an overhead bridge for pedestrian traffic only;

Resolved, That this Commission determine under section 90 of the Railroad Law that East 166th street, Borough of The Bronx, New York City, shall cross the tracks of the New York and Harlem Railroad above the grade of such railroad and on an overhead bridge for pedestrian traffic only, such bridge to be constructed substantially, as shown on map or plan received in evidence as Exhibit No. 2 on the hearing had in this matter, which map or plan bears the following endorsement:

"Office of the President of the Borough of The Bronx, Topographical Bureau, map or plan showing the locating, laying out and the grades of East 166th street from Park avenue, East, to Brook avenue for the purpose of constructing a foot bridge across the tracks of the N. Y. & H. R. R. in the 23d Ward, Borough of The Bronx, City of New York. Prepared by the President of the Borough of The Bronx, under authority of chapter 466, Laws of 1901. Dated New York, March 3, 1911."

—and has been approved by the Topographical Engineer of the Borough of The Bronx and by the Chief Engineer of Sewers and Highways of the Borough of The Bronx.

Resolved, Further, That before proceeding with the construction of said bridge or letting any contract for the construction thereof, said the New York and Harlem Railroad Company submit to this Commission for its approval detailed plans and specifications showing the height, length, width and material of said bridge, and the length, character and grades of the approaches thereto and shall procure the approval thereof by this Commission.

Resolved, Further, That in case the work of constructing said bridge is to be done by contract the proposals of contractors shall be submitted to this Commission for its consideration in order that the Commission may approve such bid as it may deem proper, and in order that it may require the submission of new proposals in case it shall determine that all the bids submitted are excessive.

[SEAL.] BY THE COMMISSION, TRAVIS H. WHITNEY, Secretary.

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on December 1, 1911, and that it is a correct transcript therefrom and of the whole of the original.

In Testimony Whereof, I have hereunto subscribed my hand and affixed the seal of the Commission, this 1st day of December, 1911.

[SEAL.] TRAVIS H. WHITNEY, Secretary.

ACQUIRING TITLE TO THE LANDS REQUIRED FOR THE APPROACH TO THE QUEENSBORO BRIDGE, BOUNDED BY 2D AVENUE, 3D AVENUE, EAST 59TH STREET AND EAST 60TH STREET, AND FOR THE WIDENING OF 2D AVENUE FROM EAST 57TH STREET TO EAST 61ST STREET, BOROUGH OF MANHATTAN, AS SHOWN ON A MAP OR PLAN ADOPTED BY THE BOARD OF ESTIMATE AND APPORTIONMENT ON FEBRUARY 8, 1907, AND APPROVED BY THE MAYOR ON FEBRUARY 20, 1907.

The Secretary presented the following communication from the President of the Borough of Manhattan:

City of New York, Office of the President of the Borough of Manhattan, City Hall, December 6, 1911.

To the Honorable, Board of Estimate and Apportionment:

Gentlemen—On February 8, 1907, your Board adopted a resolution amending the map of The City of New York by providing for the laying out of the Plaza between 2d and 3d avenues and 59th and 60th streets facing the Manhattan terminal of the Queensboro Bridge, and for the widening of 2d avenue between 57th and 61st streets, all in accordance with certain plans therewith submitted.

On December 6, 1907, a petition was submitted for the discontinuance of the proposed Plaza and street widening, and a public hearing was ordered for January 15, 1908; after which the matter was referred to a committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan. This committee submitted no report and, on February 25, 1910, on the motion of the President of the Board of Aldermen, it was discharged from further consideration of the subject.

I am convinced, upon examination of the physical conditions at the Queensboro Bridge terminal, and upon hearing the representations of various property owners affected by the proposed proceeding, that this matter should be reopened and that definite steps should be taken toward carrying out the proposed improvement.

The plan adopted on February 8, 1907, is still incorporated in the City map, and I would recommend, therefore, that the matter of the proceeding to acquire title to the property in question be again referred to a Committee of the Board—consisting of the Comptroller, the President of the Borough of Manhattan and the President of the Borough of Queens, with directions that public hearings be given and that a report with recommendations be submitted at the earliest date practicable.

Respectfully, GEORGE McANENY, President, Borough of Manhattan.

On motion of the President of the Borough of Manhattan the matter was referred to a Committee consisting of the Comptroller, the President of the Borough of Manhattan and the President of the Borough of Queens.

DELIVERY OF THE GRANTS AND DEEDS UNDER THE AGREEMENT APPROVED BY THE BOARD OF ESTIMATE AND APPORTIONMENT ON JUNE 8, 1911, BETWEEN THE NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY AND ITS LESSORS, THE NEW YORK AND HARLEM RAILROAD COMPANY, AND THE SPUYTEN DUYVIL AND PORT MORRIS RAILROAD COMPANY AND THE CITY OF NEW YORK, GRANTING TO THE COMPANIES CERTAIN EASEMENTS, SUB-SURFACE RIGHTS, ETC., ALONG PARK AVENUE BETWEEN 138TH AND 149TH STREETS IN EXCHANGE FOR PROPERTY ALONG THE LINE OF EAST 161ST STREET, ETC., TO BE USED FOR STREET PURPOSES; BOROUGH OF THE BRONX.

The following was ordered printed in the minutes and placed on file:

Law Department, Office of the Corporation Counsel, New York, December 5, 1911.

Board of Estimate and Apportionment:

Sirs—Under date of June 8, 1911, your Board authorized the execution of an agreement between The City of New York and the New York Central and Hudson River Railroad Company and its lessors, the New York and Harlem Railroad Company, and the Spuyten Duyvil and Port Morris Railroad Company, granting to said railroad companies certain easements, sub-surface rights, etc., along Park avenue between 138th and 149th streets, in exchange for property along the line of East 161st street, Borough of The Bronx, to be used for street purposes. By such agreement the said railroad company was to convey to the City two separate parcels of land. Under date of June 17, 1911, I approved the said contract as to form, but stated "while the contracts may now be executed on behalf of the City, delivery of same should not be made until I am satisfied a good and clear title can be given to the said properties."

A careful search has been made as to the titles involved and policies of title insurance have been obtained from the Lawyers' Title and Insurance Trust Company. I now advise you that a good and clear title can be given to the said properties and that delivery may now be made of the said contracts. Respectfully,

G. L. STERLING, Acting Corporation Counsel.

(The delivery of said grants and deeds was made on December 5, 1911, and the deeds to the City were transmitted to the Corporation Counsel for recording and subsequent filing with the Comptroller.)

APPROVED PAPERS.

The following communication from the Secretary was ordered printed in the minutes and placed on file:

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, December 7, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—I beg to advise you that his Honor, the Mayor, has returned to this office resolutions, adopted by the Board of Estimate and Apportionment, and approved by him on the dates mentioned below, changing the map or plan of The City of New York, viz:

Adopted November 16, 1911; approved November 28, 1911.

308—By widening 36th street on its southerly side from Fort Hamilton parkway to Church avenue, establishing the lines and grades of old New Utrecht road from 36th street to 14th avenue and changing the grades of the street system bounded by Fort Hamilton Parkway, 36th street, 14th avenue and 38th street, Borough of Brooklyn.

309—By laying out the lines of old New Utrecht road from 14th avenue to 18th avenue, Borough of Brooklyn.

310—By changing the lines of the street system bounded by West street, Avenue V, Ocean avenue, Emmons avenue and Canal avenue, Borough of Brooklyn.

311—By laying out the lines and grades of section 52 of the Final Maps, bounded approximately by Mayflower avenue, Bronx and Pelham parkway, Bassett avenue, Demeyer street, Waring avenue, Edson avenue, Bushnell avenue, Wright avenue, Allerton avenue and its prolongation, Hutchinson River, Pelham Bay Park, Westchester avenue and Wilkinson avenue, Borough of The Bronx.

312—By changing the grades of the street system bounded by Grand street, Hamilton place, Perry avenue, Mueller street, Clinton avenue, Fisk avenue, Hull avenue and Ramsey street, Borough of Queens.

313—By laying out the lines and grades of Redfern (Remsen) avenue from Carlton avenue to McNeil avenue, Borough of Queens.

314—By laying out the lines and grades of Carlisle street between Maywood street and South street, Borough of Queens.

Adopted November 23, 1911; approved November 28, 1911.

315—By changing the lines and grades of Southside boulevard between Arthur Kill and a line about 240 feet easterly from Central avenue, Borough of Richmond.

Respectfully, JOSEPH HAAG, Secretary.

On motion of the Comptroller the Board adjourned to meet Thursday, December 14, 1911, at 10.30 o'clock a. m. JOSEPH HAAG, Secretary.

DEPARTMENT OF PUBLIC CHARITIES.

Report for the Quarter Ending September 30, 1911.

November 25, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, City of New York:

Dear Sir—Herewith I have the honor to submit, in accordance with the requirements of section 1544 of the Greater New York Charter, the report of the Department of Public Charities for the quarter ending September 30, 1911.

Respectfully yours, MICHAEL J. DRUMMOND, Commissioner.

Report of the Secretary.

November 16, 1911.

Hon. MICHAEL J. DRUMMOND, Commissioner:

Dear Sir—I herewith submit the report of the Secretary for the quarter ending September 30, 1911.

Census.

The average daily census of patients in the hospitals, schools for the feeble-minded, asylums, homes for the aged and infirm and other institutions of the Department for this quarter has been 13,041, as against 12,206 for the corresponding period of the preceding year.

The average daily census of employees in the Department during the quarter was 2,618, including therein the Nurses of the different institutions, their average daily census being 345 during this period.

The following shows the causes and number of changes among the employees during the quarter: Appointments, 1,299; promotions, 182; decreases, 174; resignations, 519; transfers, 56; dismissals, 662; total, 2,892.

Administrative.

On August 10, General Order No. 234 was issued, re General Medical Superintendent of Hospitals, reading as follows: "Ordered, That Dr. John F. Fitzgerald, General Medical Superintendent, Kings County Hospital, salary $5,000 per annum, be and he hereby is detailed to the Central Office, Manhattan, as General Medical Superintendent of the Department, and his salary increased to $6,000 per annum, action to date July 25, 1911."

On September 6, General Order No. 239 was issued, re General Medical Superintendent, reading as follows: "Whereas, Dr. John F. Fitzgerald, General Medical Superintendent of Kings County Hospital, has been transferred to the Central Office, Manhattan, as General Medical Superintendent of the Department of Public Charities, therefore be it ordered that on and after this day all matters pertaining to the medical administration of any institution under the jurisdiction of the Department of Public Charities shall be submitted to the said General Medical Superintendent before being presented to the Commissioner for his final approval. This order to be strictly complied with."

Issue of Corporate Stock.

On July 17 the following items, as recommended in our statement of May 19, 1911, to the Corporate Stock Committee, were authorized by the Board of Estimate and Apportionment:

To provide means for the erection and equipment of an extension to East Tuberculosis Infirmary, Metropolitan Hospital, Blackwells Island	200,000 00
	$2,934,000 00

Concurred in by the Board of Aldermen on July 25 and July 31, and approved by the Mayor on August 31 and September 11.

The following additions were also allowed to existing authorizations:

To provide means for completing the construction of a dormitory for female employees, Metropolitan Hospital, Blackwells Island	$20,000 00
To provide means for the completion of the remodeling of the tower of the main building of the Metropolitan Hospital, Blackwells Island, into operating rooms	10,000 00
	$30,000 00
Total authorizations	$2,964,000 00

The following rescindments were made to existing corporate stock authorizations:

Amend resolution of Board of Estimate and Apportionment and Board of Aldermen, adopted, respectively, February 9 and February 21, 1911 to provide means for the erection of new buildings, additions, improving and permanently bettering and equipping existing buildings and new steamboats, to read $1,214,000, instead of $1,216,710.22, thereby rescinding an amount of	$2,710 22
Amend resolution of Board of Estimate and Apportionment and Board of Aldermen, adopted, respectively, December 1 and December 13, 1910, to provide means for the erection of new buildings, and for additions, improvements and permanently bettering existing buildings, to read $720,562.04, instead of $818,186.49, thereby rescinding an amount of	97,624 45
	$100,334 67

On September 19 the yearly estimate for 1912 was submitted to the Board of Estimate and Apportionment. The total amount requested to cover the entire expenses of the Department for 1912 was $3,588,956.38, an increase over the Budget for 1911 of $438,451.22. The most important items that go to make up this large but necessary increase are: Salaries and Wages, $185,851.22—The reason for this increase is a desire to improve and render more efficient the work and service of this large and growing branch of the City government, the great majority of whose employees of the lower grades have for years been much underpaid.

General Supplies, $195,927.12—This increase is requested because of a considerable increase in the number of patients and inmates to be taken care of. The necessity for the increase is based on the actual distribution for 1910 and on the distribution for the first six months of 1911.

Repairs and Replacements, $51,920.88—The extraordinary needs of the Department in this respect wherein it is estimated that the sum of $317,451.88, an increase of $51,920.88 over the Budget allowance for 1911, will be necessary to put in a sanitary and effective condition the several hundred buildings of this Department, great and small, many of them, together with their necessary appurtenances and equipment, while old and in some cases dilapidated, being still able of rendering good service for years to come, if the necessary repairs are made with a reasonable degree of promptness. Many of the buildings require painting. The plumbing needs removal in many cases. Steel ceilings are required to replace lath and plaster. It is the desire of the Department to place all buildings and equipment in a good and effective condition and to keep them in such condition. This same request has been repeated each year, but we have never had sufficient appropriation allowed the Department to put all the buildings in an efficient condition at the same time.

Board of Aldermen.

On June 14 request was made for the issue of special revenue bonds in the sum of $200,133, to provide the funds necessary to install fire alarm systems, up-to-date fire escapes, stand pipes, hose and other necessary equipment in all the hospitals, to make the buildings as safe as it is possible to make them, in order that the lives of the many thousands of inmates under the jurisdiction of this Department may be properly protected from fire. Approved by the Board on July 11.

On July 10 request was made for the issue of special revenue bonds for the purchase, without public letting, of two automobile ambulances not to exceed in cost the sum of $2,500 each, one for service at the new 70th Street Emergency Hospital and the other at the new Coney Island Hospital. This request was made because, owing to the excessive heat during the summer, the ambulance service had broken down in all parts of the City, and it was therefore necessary for this Department to make provision for additional ambulances. Approved by the Board, July 31.

On July 28, request was made to purchase a site for the new Cumberland Street Hospital for the sum of $72,000, corporate stock having been issued to this Department for the purchase of a site and the construction of a hospital in the sum of $425,000.

There were eight general and twenty-three special orders issued during this quarter, and twenty-two propositions accepted and awarded for work costing not over $1,000 in each case.

All of which is respectfully submitted.

J. McKEE BORDEN, Secretary.

Report of the Departmental Dietitian.

October 9, 1911.

Hon. MICHAEL J. DRUMMOND, Commissioner:

Dear Sir—Herewith I submit my report for the quarter ending September 30.

July 3, Miss Anna Morrison was sent to City home to relieve, without pay, Miss Esther Stewart, who was on her vacation.

July 22, Miss Mary Anderson was appointed Pupil Dietitian at Metropolitan Hospital, to succeed Miss Margaret Taylor, who resigned July 21.

July 29, Miss Helen Usher was appointed Pupil Dietitian at New York City Children's Hospitals and Schools, Randalls Island, to succeed Miss Mary Anderson, who resigned July 15.

August 3, Miss Anna Morrison was appointed as Pupil Dietitian at Kings County Hospital. Resigned September 1, and was appointed Dietitian at Coney Island, to succeed Miss May Martin, who resigned August 25.

August 25, Miss Mary Martin resigned as Dietitian at Coney Island Hospital.

September 1, Miss Nella Whitney resigned as Assistant Dietitian at New York City Training School, and Miss Helen Usher was appointed as her successor September 9.

September 2, Miss Palmer was appointed Pupil Dietitian at Kings County Hospital, to succeed Miss Anna Morrison, who resigned September 1.

September 21, Miss Pease was appointed Pupil Dietitian at Kings County Hospital, to succeed Miss Margaret Baker, who resigned September 21, after having successfully completed her three months' course.

September 25, Miss Beatrice MacDonald was appointed Pupil Dietitian at Metropolitan Hospital, to succeed Miss Mary Anderson, who resigned.

September 30, Miss Wynne was appointed Pupil Dietitian at Metropolitan Hospital.

I have visited the Dietary Department frequently, paying most attention to the hospitals, as it is in those institutions I find most difficulties, owing to incompetent help, vacations, etc.

I am working now on a per capita allowance, which will give all an ample supply without having that waste of food which you spoke about. This per capita will give ten resident Dietitians something to work on in making up their requisitions, and will also, if established, make it possible to have a uniform system throughout the Department.

The fresh fruits and vegetables have been fairly good and at all times compared with the standard. There have been several complaints regarding the butter and eggs, but on investigation have found that they come up to the contract. We have received a large quantity of vegetables from the New York City Farm Colony, Staten Island, which made it possible for us to cut down our weekly calls from the contractors.

At the New York City Training School the lessons on Dietitics and Bacteriology began on September 4.

At Metropolitan Training School for Nurses they also began on September 4, Bacteria to the Nurses, also a course of twelve lessons in Dietitics.

At Kings County Hospital arrangements were made for a course of twelve lessons in Dietitics to begin.

Respectfully submitted, ELLA G. ENNIS, Departmental Dietitian.

Report of the Children's Bureau, Manhattan.

November 24, 1911.

Hon. MICHAEL DRUMMOND, Commissioner:

Dear Sir—I herewith submit my report for the quarter ending September 30, 1911:

Commitment of Children—Number of families applying, 1,480; number of children proposed for commitment, 2,645; number of children approved for commitment and accepted, 836; number of children approved and sent to institution with mothers, 6; Number disapproved and referred to private charities, 341; number disapproved unconditionally (children), 1,462—total, 2,645.

Applications disapproved were disapproved for the following reasons—Non-residents, 124; immigrants, 11; unknown at address given, 64; insufficient information, 47; able to be paid for in full and whose parents were referred to institutions, 106; able to be supported at home, 910; mothers referred to the several agencies to secure positions with only dependent child (number of children), 106; children referred to Bureau of Dependent Adults, mentally or physically defective, 57; children referred to the Society for the Prevention of Cruelty to Children, 17; children referred to Division of Domestic Relations, 20—total, 1,462.

Of the 2,645 children proposed for commitment, 74 were recurrent cases.

Table showing the nativity of children proposed for commitment, also the nativity of the parents in families applying. Where both parents are alive the nativity of the father is tabulated. In the event of one parent being deceased, the nativity of the surviving one is tabulated; death of both, the father's.

Discharge of Children.

Number of discharges of children applied for and investigated, 374. Of these there were approved 313; disapproved, 61—total, 374.

Those disapproved were disapproved for the following reasons:

Applicants financially unable to provide for them at home—number of children, 9; home accommodations inadequate—number of children, 7; applicants unknown at address given—number of children, 11; applicants unfit guardians—number of children, 6; applicants referred to Society for the Prevention of Cruelty to Children for discharge—number of children, 25; applicants referred to Catholic Home Bureau for discharge, as names of children had been previously referred to that Bureau for indenture—number of children, 3—total, 61.

Reinvestigation of Children in Institutions.

Number of reinvestigations made, 953; approved to remain for a year, 367; approved to remain for a period less than a year, 199; unable to locate at address given, 246; disapproved for further retention as a public charge, 141—total, 953.

Report in the matter of agreements to pay, showing the amount of money received, the number of new agreements signed, and the number of agreements made void through the removal of children from institutions:

Cash, $7,600.15. Number of new agreements signed, 114, providing for 244 children, as follows:

Causes of Destitution in the Families of Children Committed.

It must be borne in mind that only the direct causes are considered in arranging the following table. There is no doubt, in the mind of the compiler, that in more than fifty per cent. of the cases coming under the notice of this Bureau, the destitution is caused by intemperate and vicious habits of living on the part of the parents of children proposed for commitment.

Death, 31½ per cent.; illness, 24½ per cent.; desertion, 28 per cent.; imprisonment, 2 per cent.; intemperance, ½ per cent.; lack of industry, thrift or judgment, 3½ per cent.; miscellaneous, 10 per cent.—total, 100 per cent.

Respectfully submitted, FREDERICK E. BAUER, Superintendent.

Report of the General Drug Department.

New York, October 1, 1911.

Hon. MICHAEL J. DRUMMOND, Commissioner:

Sir—I have the honor to submit herewith my report for the third quarter of the current year.

Regular and special requisitions for medical and surgical supplies have been filled for the following institutions, viz.: City Hospital, Blackwells Island, $3,162.82; New York City Home for the Aged, Blackwells Island, $1,326.98; Metropolitan Hospital, Blackwells Island, $4,189.20; Randalls Island Hospitals, $1,255.73; Kings County Hospital, $4,591.13; Bradford Street Hospital, $17.43; Coney Island Hospital, $581.62; Cumberland Street Hospital, $324.03; Richmond Farm Colony, Staten Island, $189.06; Municipal Lodging House, $39.06; steamboats, $1.03; Inspector of Foods, $2.04; Bureau of Dependent Adults, $14.23; General Drug Department, $43.26; total, $15,737.62.

The repairs to surgical instruments and apparatus amounted to $159.76.

This Bureau has continued to supply Bellevue and Allied Hospitals and the Department of Correction with medicines and surgical instruments, and the Bureau of Disinfectants has distributed disinfectants to the various City departments.

The Manufacturing Bureau has prepared for the several institutions as many pharmaceutical and chemical articles as are preferably made by the Department. These comprise 655 gallons fluid extracts, tinctures and elixirs, 1,054 gallons liniments, 388 gallons syrups, 436 gallons mixtures, 535 pounds ointments, 105 pounds powders and numerous other articles.

The preparation of sterilized catgut for the hospitals has been continued, and a great number of analyses have been made of supplies received and of materials submitted by the General Storekeeper and the heads of institutions.

Very respectfully, FREDERICK KENNEY, Chemist.

Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, acquired by it for school site purposes in the

Borough of Brooklyn.

Being all the buildings, parts of buildings, etc., standing on the plot of ground, 80 feet by 100 feet, on the easterly side of Pennsylvania avenue, distant 200 feet southerly from the southeast corner of Pennsylvania avenue and Liberty avenue, in the Borough of Brooklyn, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution adopted by the Commissioners of the Sinking Fund, at a meeting held October 25, 1911, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

SATURDAY, DECEMBER 16, 1911,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1—One-story frame church building, 173 Pennsylvania avenue.

Sealed Bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, until 11 a. m. on the 16th day of December, 1911, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened December 16, 1911," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held November 22, 1911, the sale by sealed bids, at the upset or minimum prices named in the description of each parcel of the above buildings and appurtenances thereto, will be held by direction of the Comptroller on

THURSDAY, DECEMBER 21, 1911,

at 11 a. m., in lots and parcels and in manner and form and at upset prices as follows:

Parcel 6—One story frame building, 79 Gale street. Upset price, $20.

Parcel 7—One and one-half story frame building, 77 Gale street. Upset price, $5.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, until 11 a. m., on the 21st day of December, 1911, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened December 20, 1911," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

WM. A. PRENDERGAST, Comptroller, City of New York, Department of Finance, Comptroller's Office, November 25, 1911. n29,d16

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN REAL ESTATE AND APPURTENANCES THERETO.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund, and pursuant to a resolution adopted by them at a meeting held November 22, 1911, the Comptroller of The City of New York will sell by sealed bids on

FRIDAY, DECEMBER 15, 1911,

at 11 a. m., in Room K, 280 Broadway, Borough of Manhattan, the lease for a period of five years commencing January 1, 1912, of the premises belonging to the Corporation of The City of New York, situated on the northwesterly corner of Delancey and Attorney sts., plot 25 feet by 100 feet, with the improvements thereon, known as 178 Delancey st., in the Borough of Manhattan.

The Comptroller will receive sealed bids for the lease of the said parcel of land and the improvements thereon, for the said period, at the minimum or upset price of $3,100 per annum, payable quarterly in advance, and the said sale will be made upon the following

TERMS AND CONDITIONS:

Each bid must be accompanied by cash or certified check for twenty-five per cent. of the amount of the yearly rental offered; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease, when notified that it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rent paid, with two sufficient sureties to be approved by the Comptroller, for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid shall be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety, or otherwise, upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions as follows:

First—A clause providing that the lessee shall pay the usual rates for water, per meter measurements, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements on the property, except with the consent and approval of the Comptroller.

Third—A clause providing that the lessee shall make all necessary repairs at his own cost and expense and comply with the rules and regulations of all City departments.

Fourth—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease shall become the property of The City of New York at the expiration of said lease.

The Comptroller shall have the right to reject any or all bids if deemed to be to the interest of The City of New York.

WM. A. PRENDERGAST, Comptroller, City of New York, Department of Finance, Comptroller's Office, November 23, 1911. n28,d15

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE POLICE COMmissioner, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, acquired by it for Police Department purposes in the

Borough of Manhattan,

Being the old Eighteenth Precinct Station House and the adjoining building, which are situated on the plot of ground approximately 50 feet by 90 feet on the southerly side of West 20th st., distant 405.2 feet westerly from the southwest corner of 7th ave. and West 20th st., and known as 230 and 232 West 20th st., in the Borough of Manhattan, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution adopted by the Commissioners of the Sinking Fund, at a meeting held November 22, 1911, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, DECEMBER 14, 1911,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1—Four story and basement brick building, 230 West 20th st. Old Eighteenth Precinct Station House.

Parcel No. 2—Three story and basement brick building, 232 West 20th st., and four story brick rear building.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, until 11 a. m., on the 14th day of December, 1911, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened December 14, 1911," and must be delivered or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

WM. A. PRENDERGAST, Comptroller, City of New York, Department of Finance, Comptroller's Office, December 2, 1911. d6,16

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

TWENTY-FOURTH AND TWENTY-NINTH WARDS, SECTIONS 5 AND 16.

OPENING, EXTENDING, LAYING OUT AND IMPROVING BEDFORD AVENUE, from Eastern parkway to Flatbush ave., pursuant to the provisions of chapter 764, Laws of 1900, as amended by chapter 590, Laws of 1901, and by chapter 498, Laws of 1903.

—that the area of assessment for this improvement as fixed by the Commissioners of Estimate and Assessment appointed by the Supreme Court on September 13, 1901, includes all those lands, tenements, hereditaments and premises situated, lying and being, and which, taken together, are bounded and described as follows: Beginning at a point on the southerly side of Eastern parkway, distant 250 feet easterly of the easterly side of Bedford ave.; running thence southerly and parallel with Bedford ave. to the northerly side of Flatbush ave.; running thence northwesterly along the northerly side of Flatbush ave. to a point where a line drawn parallel with Bedford ave. and distant 250 feet westerly therefrom would intersect the same; running thence northerly and parallel with Bedford ave. to the southerly side of Eastern parkway at a point 250 feet westerly of Bedford ave.; running thence easterly along the southerly side of Eastern parkway to the point or place of beginning.

The Board of Assessors of The City of New York has levied and assessed this assessment in twenty annual installments.

The "Third Installment" in each case is now due and payable, and hereafter for seventeen years an amount equal to one of the aforesaid installments shall be assessed upon the lots or parcels of land benefited by said improvement. This assessment was confirmed by the Board of Revision of Assessments on December 2, 1909, and entered December 2, 1909, and the Third Installment entered on December 2, 1911, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the second installment in each case shall be paid within sixty days after the said date of entry interest shall be charged, collected and received thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The owner of any parcel of land assessed for the foregoing assessment may, at any time after the first installment becomes due and payable, pay all the installments not levied of said assessment, and the same will be thereupon canceled.

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague sts., Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 31, 1912, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

WM. A. PRENDERGAST, Comptroller, City of New York, Department of Finance, Comptroller's Office, December 2, 1911. d6,16

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

FILLING PRIVILEGES.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon, on

TUESDAY, DECEMBER 26, 1911,

for the right to dump and fill in at the following locations:

Privilege 1. BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON PART OF THE YORKVILLE SECTION ON THE EAST RIVER, BOROUGH OF MANHATTAN.

Privilege 2. ON PART OF THE CORLEARS SECTION, EAST RIVER, BOROUGH OF MANHATTAN.

GENERAL TERMS AND CONDITIONS OF SALE.

Privilege 1. The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall now built or to be built extending from a point about 100 feet south of the intersection of the southerly side of E. 71st st. (prolonged outshore) with the bulkhead wall and extending northerly along the bulkhead wall a distance of about 575 feet to a point 54 feet south of the southerly side of E. 73d st. prolonged outshore and extending also from the rear bulkhead wall when it is completed inshore a distance of about 50 feet to the present top of bank.

Privilege 2. The area behind the new bulkhead wall extending from the easterly side of Pier 41 at the foot of Gouverneur Slip to the filling at the westerly side of Pier 42, East River, extending inshore a distance of about 23 feet to the present top of bank.

The filling to be placed under the above privileges shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a sloping grade to the level of the street adjacent.

The bidder may bid on one or both privileges, as each privilege is a separate and distinct contract in itself.

The bidder will state both in writing and in figures a lump sum price which he will agree to pay for the right of filling in the whole of the area described in the privilege upon which a bid is submitted.

The awards, if made, will be made to the bidder whose lump sum price is the highest for the privilege.

It is estimated that the area outlining the above described limit will create a basin to be filled in under the agreement whose cubical contents in the net void space are equal to about 4,400 cubic yards under Privilege 1 and about 700 cubic yards under Privilege 2.

In the estimated amounts given the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by the estimate, and bidders must satisfy themselves of the actual quantities required to fill in the above described areas by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore.

All material must be dumped and filled in only in such manner, at such points, and in such order of procedure, and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 100 cubic yards per day shall be placed under Class I. and not less than 35 cubic yards per day under Class II., and the whole amount of the filling called for to bring the above described basins up to grade shall be completed under Class I. within forty-four days and under Class II. within twenty days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling, and at all times until the completion thereof, take all necessary precaution and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work of guarding the same, to which the surety is also bound.

No bid or estimate will be considered in either privilege unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

The contractor agrees that he will comply with the provisions of the Labor Law. He further agrees that no laborer, workman or mechanic in the employ of the contractor, subcontractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be permitted or required to work more than eight hours in any one calendar day, except as in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work or upon any material to be used thereon, shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of sections 3 and 14 of the Labor Law.

BOARD OF ESTIMATE AND APPORTIONMENT.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held November 29, 1911, the following petition was received:

To the Board of Estimate and Apportionment:

The Bronx Traction Company, a street surface railroad company, hereby applies for the consent of The City of New York to the construction and operation of a double-track extension of its road on the following route, in the Borough of The Bronx, City of New York:

Commencing at the present terminus of its road at Westchester square, in the Village of Westchester, Borough of The Bronx, City of New York, extending with double tracks in, upon, and along the surface of Westchester avenue to the intersection of said avenue with the Eastern boulevard or Pelham Bay Park, also situated in said Borough of The Bronx, City of New York.

The proposed extension is to be operated by an overhead current of electricity, and will connect the company's lines now terminating at Westchester square with the Pelham Bay Park, thus affording a new line of transportation to the park from the southern and western portions of the Borough of The Bronx.

Dated November 24, 1911.

BRONX TRACTION COMPANY,

(Seal) By EDWARD A. MAHER, President.

City and County of New York, ss:

Edward A. Maher, being duly sworn, says that he is the president of the Bronx Traction Company, the petitioner herein; that he has read the foregoing petition and knows the contents thereof, and that the same is true to his knowledge except as to those matters which are therein stated on information and belief, and as to such matters he verily believes it to be true.

EDWARD A. MAHER.

Sworn to before me this 24th day of November, 1911.

JAS. S. WILLIAMS, Notary Public, New York County.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Bronx Traction Company, dated November 24, 1911, was presented to the Board of Estimate and Apportionment at a meeting held November 29, 1911;

Resolved, That in pursuance of law this Board sets Thursday, the 21st day of December, 1911, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

(The New York Press and the New York Times designated.)

JOSEPH HAAG, Secretary.

New York, November 29, 1911. d9,21

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The City of New York, by an ordinance adopted by the Board of Aldermen July 26, 1904, and approved by the Mayor August 2, 1904, granted to the New York, Westchester and Boston Railway Company the right to construct, maintain and operate a four-track railroad upon certain routes, particularly set forth in section 1 of said ordinance, and which ordinance, including all the terms and conditions thereof, was accepted by said Company by an instrument in writing duly filed with the Comptroller of The City of New York on August 13, 1904; and

Whereas, The Board of Estimate and Apportionment, by resolution adopted July 14, 1905, and approved by the Mayor July 21, 1905, consented to certain modifications or alterations in the aforesaid routes; and

Whereas, Said ordinance was further amended by contracts between the City and the Company dated January 29, 1909, and August 2, 1911, respectively; and

Whereas, The said Company has petitioned the Board of Estimate and Apportionment by a petition verified October 11, 1911, for the consent of The City of New York to certain modifications and alterations in said routes, as is fully set forth in said petition; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on October 26, 1911, fixing the date for a public hearing thereon as November 23, 1911, at which citizens were en-

titled to appear and be heard, and publication was had for at least two (2) days in the "New York Press" and "Morning Telegraph," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, The said Board has made inquiry as to the proposed modification and amendment of said ordinance as heretofore amended; now, therefore, it is

Resolved, That the following form of resolution for the consent or right applied for by the New York, Westchester and Boston Railway Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain changes, alterations and amendments in the route of the New York, Westchester and Boston Railway Company as granted by an ordinance of the Board of Aldermen approved by the Mayor August 2, 1904, as amended by resolution of the Board of Estimate and Apportionment approved July 21, 1905, and by contracts dated January 29, 1909, and August 2, 1911, respectively, and the right to cross certain streets, avenues, highways and public places and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, such changed, altered or amended route being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said ordinance of the Board of Aldermen as heretofore amended, which said ordinance as heretofore amended otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this.....day of..... 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York, Westchester and Boston Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City did by ordinance approved by the Mayor August 2, 1904, grant to the Company the right to cross certain streets and highways and the privilege to construct and operate a four-track railroad upon certain routes particularly set forth in section 1 of said ordinance, and as shown on certain maps and profiles therein referred to and filed in the office of the County Clerk of the City and County of New York, on the 23d day of June, 1904; and

Whereas, The Board did on July 14, 1905, adopt a resolution which was approved by the Mayor July 21, 1905, consenting to a change in the route of the Company; and

Whereas, The Board did on November 20, 1908, adopt a resolution which was approved by the Mayor November 30, 1908, authorizing the execution and delivery of a contract modifying and altering certain of the terms and conditions of the said ordinance of the Board of Aldermen approved by the Mayor August 2, 1904, as amended by the said resolution of the Board of Estimate and Apportionment approved by the Mayor July 21, 1905, and said contract so authorized was executed by the President and Secretary of the Company on January 29, 1909, and by the Mayor and City Clerk, February 8, 1909, and bears the former date; and

Whereas, The Board did on July 6, 1911, adopt a resolution which was approved by the Mayor July 11, 1911, authorizing the execution and delivery of a contract changing the route of the Company and modifying and altering certain of the terms and conditions of the said ordinance of the Board of Aldermen approved by the Mayor August 2, 1904, as amended by the said resolution of the Board of Estimate and Apportionment approved by the Mayor July 21, 1905, and as further amended by the said contract dated January 29, 1909, and said contract so authorized was executed by the President and Secretary of the Company on July 21, 1911, and by the Mayor and City Clerk on August 2 and August 15, 1911, respectively, and bears date of August 2, 1911; and

Whereas, In and by said ordinance as amended by said resolution and said contracts, the consent of the City was granted to the Company for the construction, maintenance and operation of the said railroad across certain enumerated streets, avenues or highways, either above or below the grade thereof within said City upon certain conditions therein fully set forth; and

Whereas, On the 10th day of December, 1910, the Board of Directors of said Company at a meeting of said Board of Directors duly held on said date, and by a vote of two-thirds of all the Directors of said Company, adopted a resolution altering and amending the route of the said Company as amended by the said resolution of July 21, 1905, and the said contract dated January 29, 1909, and which alterations and amendments are shown upon a certain map dated December 10, 1910, entitled:

"Map and Profile of New York, Westchester & Boston Railway Company, New York County, New York, part of section 1, December 10, 1910, being map and profile of that part of the route of the main line of said railway Company within said County extending from a point near the intersection of Willis avenue and 132d street in the Borough of The Bronx, City of New York, to a point between 134th street and 135th street, east of Willow avenue, in said Borough and City, as altered, changed, amended and adopted by affirmative vote of two-thirds of all the Directors of the said Company on the 10th day of December, 1910. E. J. Langford, Chief Engineer, New York, Westchester & Boston Railway Company."

—and signed by the Chief Engineer, President, Secretary and ten Directors, which map was filed in the office of the County Clerk of New York County on July 24, 1911; and

Whereas, The Company has applied to the Board as the local authority of the City by a petition verified October 11, 1911, for the consent of such local authority for such change, alterations and amendments to the route of said railroad and for the right to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on said amended route and for the modification of the said ordinance, resolution and contracts in accordance therewith, to wit:

That the description of the main line of the Company as contained in section 1 of the contract of January 29, 1909, as amended by contract dated August 2, 1911, be altered and amended between the terminus of the railway of the Company at the Harlem River to a point between 134th and 135th streets east of Willow avenue.

—and

Whereas, After due publication, a public hearing at which citizens were entitled to appear and be heard, was held by the Board upon the modifications and amendments contained in the petition on the 23d day of November, 1911; and

Whereas, The Board has made inquiry as to the proposed modifications and amendments of said ordinance of 1904, resolution of 1905, and contracts of 1909 and 1911; and

Whereas, On the ..... day of ....., 1912, the Board, as the local authority of the City, adopted a resolution granting to the Company the right to make such changes, alterations and amendments to the route of said railroad and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and authorized the Mayor to execute and deliver a contract granting such rights in the name and on behalf of the City, which resolution was approved by the Mayor on the ..... day of....., 1912.

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right to make such changes, alterations and amendments to the route of said railroad and the right to cross certain streets, avenues, highways and public places and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, which amended route is shown upon the map heretofore referred to and is more particularly described as follows:

1. The description of the main line of the Company as contained in section 1 of the contract of January 29, 1909, as amended by contract dated August 2, 1911, is hereby amended by striking therefrom that portion of said description reading as follows:

"Beginning at a point on the Harlem River near the point where Lincoln avenue intersects the north bank of the Harlem River in the Borough of The Bronx, and crossing Lincoln avenue between the Harlem River and 132d street; thence running easterly substantially parallel to 132d street between 132d street and the Harlem River; thence crossing 132d street at or near its intersection with Willow avenue; thence crossing 133d street, 134th street, 135th street, 136th street, 137th street 138th street, between Willow avenue and the Harlem River and Port Chester Railroad;"

—and substituting therefor the following:

"Beginning at a point on the Harlem River near the point where Lincoln avenue intersects the north bank of the Harlem River in the Borough of The Bronx, and crossing Lincoln avenue between the Harlem River and 132d street; thence running easterly substantially parallel to 132d street between 132d street and the Harlem River to a point approximately seven hundred and two feet east of the easterly line of Willis avenue; thence running easterly and contiguous to the existing route of the Harlem River and Portchester Railroad Company and crossing East 132d street at a point where the centre line of the Main Line is distant approximately two hundred and ten feet easterly from the easterly line of Willow avenue; thence running northerly and contiguous to the existing route of the Harlem River and Portchester Railroad Company and crossing East 133d street and East 134th street at points where the centre line of the Main Line is distant approximately three hundred feet and three hundred and forty feet, respectively, easterly from the easterly line of Willow avenue; thence running northerly and contiguous to the existing route of the Harlem River and Portchester Railroad Company and crossing East 135th street, East 136th street, East 137th street and East 138th street between Willow avenue and the Harlem River and Portchester Railroad;"

The amended route hereby authorized is more particularly shown upon a map entitled:

"N. Y., W. & B., Ry. Map showing proposed change of route from the intersection of Willis avenue and 132d street to a point between 134th street and 135th street East of Willow avenue, Borough of The Bronx, to accompany petition dated October 11, 1911, to the Board of Estimate and Apportionment."

—and signed by L. S. Miller, President, and J. L. Crider, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said ordinance approved by the Mayor August 2, 1904, the said resolution of the Board, approved by the Mayor July 21, 1905, and the said contracts dated January 29, 1909, and August 2, 1911, respectively, shall remain unchanged and shall apply to the routes described in said ordinance as amended, as hereby further amended, with the same force and effect as when they applied to the routes described in said ordinance as amended, and as though the changes in route herein authorized had been specifically described in said ordinance as amended.

Second—The Company hereby agrees to assume all liability to any person or corporation by reason of the execution of this contract, the change of route herein authorized and the abandonment of the route herein described, and it is a condition of this contract that the City shall assume no liability whatsoever either to any person or corporation on account of the same, and the Company hereby agrees to repay to the City any damage which the City may be compelled to pay by reason of this contract, and by the said change of route and abandonment.

Section 3. The Company covenants and agrees to abandon and relinquish, and does hereby abandon, surrender and relinquish to the City all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on those portions of the route described in the said ordinance approved by the Mayor August 2, 1904, as amended by resolution approved by the Mayor July 21, 1905, and by contracts dated January 29, 1909, and August 2, 1911, respectively, to wit: Main Line between the intersection of Willis avenue and East 132d street and a point between East 134th and East 135th streets east of Willow avenue; which are not covered by the description of the new and amended route as herein described, and which are not shown on the map of the amended route hereinabove referred to as having been filed in the office of the County Clerk of New York County on the twenty-fourth day of July, 1911, and which are not shown outlined in red upon the map accompanying the said petition of October 11, 1911, a copy of which is attached hereto and forms a part of this contract.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to, and abide by and perform all of the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By....., Mayor.
(CORPORATE SEAL)
Attest: ....., City Clerk.

NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY,
By....., President.
(SEAL)
....., Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, are as specified and fully set forth in the said ordinance approved by the Mayor August 2, 1904, as heretofore amended, as further amended by the foregoing form of proposed contract for the consent of such modifications and alterations.

Resolved, That these preambles and resolutions, including said resolution for the consent of The City of New York to the modifications and alterations as applied for by the New York, Westchester and Boston Railway Company, and said form of proposed contract for the grant of said franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, January 4, 1912, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, January 4, 1912, in two (2) daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the New York, Westchester and Boston Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to certain modifications and alterations in the routes of the New York, Westchester and Boston Railway Company, as granted by ordinance of the Board of Aldermen, approved by the Mayor August 2, 1904, and amended by resolution of the Board of Estimate and Apportionment, approved by the Mayor July 21, 1905, and by contracts dated January 29, 1909, and August 2, 1911, respectively, such modifications and alterations being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhttan, City of New York, on Thursday, January 4, 1912, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

(The New York "Times" and the New York "Press" designated).

JOSEPH HAAG, Secretary.

Dated New York, November 23, 1911.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Riverside Light & Power Company has under date of May 16, 1911, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate conduits with the necessary branches and extensions therefrom for the purpose of supplying electricity for light and power within a district bounded by West 129th street, 12th avenue, West 134th street and the easterly line of the marginal street, wharf or place as adopted by the Commissioner of Docks February 27, 1907, and approved by the Commissioners of the Sinking Fund April 3, 1907, in the Borough of Manhattan, City of New York; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on June 8, 1911, fixing the date for the public hearing thereon as July 6, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the New York "Herald" and the New York "Press," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Riverside Light & Power Company and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by the Riverside Light & Power Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Riverside Light & Power Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 191 by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Riverside Light & Power Company, a corporation formed under and pursuant to the laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter contained, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits, for the purpose of supplying electrical current for light, heat and power, said conductors to be laid, constructed, maintained and operated only within that portion of the Borough of Manhattan bounded and described as follows:

Beginning at the intersection of the centre line of West 129th street with the easterly line of the marginal street, wharf or place, as adopted by the Commissioner of Docks February 27, 1907, approved by the Commissioners of the Sinking Fund April 3, 1907, and laid down on the maps of the Department of Docks and Ferries; thence northeasterly along the easterly line of the said marginal street, wharf or place to its intersection with the centre line of West 134th street; thence easterly along the centre line of West 134th street to its intersection with the centre line of 12th avenue; thence southerly along the centre line of 12th avenue to its intersection with the northerly line of West 131st street; thence easterly along the northerly line of West 131st street to a point 125 feet east of the easterly line of 12th avenue; thence southerly from the said point on the northerly line of West 131st street, 125 feet east of the easterly side of 12th avenue to the centre line of West 131st street, the same distance from 12th avenue; thence westerly from the said point in the centre of West 131st street, 125 feet east of the easterly line of 12th avenue to the centre line of 12th avenue; thence southerly along the centre line of 12th avenue to its intersection with the centre line of West 129th street; thence westerly along the centre line of West 129th street to the easterly line of the marginal street, wharf or place, at the point or place of beginning. Said boundaries and district being more particularly shown by a red line on the map or plan attached to this contract, dated May 16, 1911, and signed by Joseph Conron, President of the Company, and made a part hereof.

It is, however, understoon and agreed that the Company shall have no right to carry on the business of furnishing electricity for light, heat or power in the blocks abutting on West 131st street east of 12th avenue, but that any wires or conductors laid by it in said street shall only be for the purpose of connecting the plant which it proposes to construct in the block on the north side of said street with the territory above described west of the centre line of 12th avenue, for the purpose of supplying consumers therein.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company.

First—The said right to lay, construct, maintain and operate said conductors and appurtenances shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until March 7, 1926, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but the annual sum to be paid by the Company to the City under such renewal shall not be less than the sum required to be paid during the last year of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable, but no annual sum thus fixed shall in any event be less than the sum required to be paid by the Company to the City during the last year of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revalutions aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum to be paid thereunder shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money.

1. The sum of five hundred dollars ($500) for the privilege hereby granted within thirty (30) days after the signing of this contract by the Mayor.

2. During the period between the date on which this contract is signed by the Mayor and March 7, 1916, an annual sum which shall in no case be less than one hundred dollars ($100) and which shall be equal to two (2) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one hundred dollars ($100).

3. During the succeeding five years of this original contract an annual sum which shall in no case be less than one hundred and seventy-five dollars ($175) and which shall be equal to three (3) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one hundred and seventy-five dollars ($175).

4. During the last five years of this original contract, an annual sum which shall in no case be less than two hundred and fifty dollars ($250) and which shall be equal to five (5) per cent. of the gross receipts of the Company if such percentage shall exceed the sum of two hundred and fifty dollars ($250).

All annual sums as above shall be paid into the treasury of the City on February 1 of each year, and shall be for the amount due to December 31 next preceding. Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year for the year ending December 31 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal) notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall con-

tain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, in the same streets and avenues, or within the district hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by the operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conductors and appurtenances, including conduits, if any, of the Company, constructed or maintained pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board remove any and all of its conductors and appurtenances, including conduits, if any, constructed or maintained pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The Company shall construct and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City, and shall bear the expense of all inspection by such authorities, and of the inspection of all work of construction.

Within thirty (30) days after the signing of this contract by the Mayor, the Company shall apply to the Commissioner of Water Supply, Gas and Electricity for leave to place its wires or conductors underground, in or across the streets, where they are now laid or where it is proposed to locate them, and shall also demand of the Consolidated Telegraph and Electrical Subway Company space in its conduits or subway crossing Manhattan street, West 131st street and West 132d street at these points, in which to place the existing wires or conductors, or if no such conduits or subways have been built by the Subway Company which will accommodate these wires or conductors, then that the said Subway Company be required to build the same across the said streets where the said wires or conductors are now laid or where it is proposed to locate them.

If there be no conduits or subways of the Subway Company for the accommodation of the existing wires or conductors of the Company crossing the streets at these points, it shall have the right to maintain said wires or conductors as at present maintained and operated until such new conduits or subways are placed at its disposal by the Subway Company for use and occupation, whereupon the Company agrees and binds itself to discontinue the use of its present electric conduits in the public streets and to place its said wires or conductors in such conduits or subways of the Consolidated Telegraph and Electrical Subway Company.

All other or additional wires or conductors of the Company shall be placed in conduits or subways to be leased from the Consolidated Telegraph and Electrical Subway Company, or from the City, should it succeed to the rights of such company, provided, however, that should the said Consolidated Company within six (6) months after notice and demand neglect or refuse to construct such conduits or subways as are necessary and to place the same at the disposal and use of the Company, the Company, with the further consent of the Board, may construct such conduits or subways as are necessary for use by its own wires or conductors. Any such subways or conduits constructed by the Company shall be transferred to the Consolidated Telegraph and Electrical Subway Company, or the City, on payment to the Company of the reasonable cost thereof, and the Company agrees and binds itself to so transfer any such conduits or subways upon payment therefor by the Subway Company or the City.

Eighth—The electric plant, conduits, wires, conductors, connections and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner, and with the most modern and improved appliances.

Ninth—The Company shall, upon being directed to do so by the Commissioner of Water Supply, Gas and Electricity, extend its wires and conductors and furnish light, heat or power to any public building or street lamp within the territory herein described.

Tenth—The Company shall file with the Board on the first day of February in each year a map or plan upon which shall be plainly indicated the number of wires which are in use by the Company on December 31 of the preceding year, the streets in which the same are located, and also those which were put in use during the preceding year.

Eleventh—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant, by the Company.

Twelfth—The rates to be charged shall never be in excess of those authorized by the laws hereafter enumerated, and it is agreed that the same may be altered or changed by the Board as hereinafter provided.

For electricity furnished to the City, the Company shall not charge higher rates than those authorized by chapter 733 of the Laws of 1905, as amended by chapter 390 of the Laws of 1906, and chapter 479 of the Laws of 1910.

For electricity furnished to other consumers, the Company shall not charge higher rates than those authorized by chapter 732 of the Laws of 1905, as amended by chapter 616 of the Laws of 1906.

The Company also agrees that if in the future any new or improved style of street lighting is available for use, it will furnish the same at such reasonable prices as may be fixed by the Board, subject to the provisions of this contract.

Thirteenth—During the term of this contract, or any renewal thereof, the Board shall have the power to regulate and fix the maximum and minimum rates to be charged by the Company throughout the territory in which it is hereby granted the right to operate, provided such rates shall be reasonable and fair.

The maximum rates herein fixed for electricity furnished by the Company shall continue until March 7, 1916, at which time and at the end of each period of five years thereafter during the term of the contract or any renewal thereof, the Board shall have the power to readjust such rates, provided the same shall not exceeed those fixed by law or be unreasonable or unfair to the Company.

Fourteenth—The Company shall upon request from any individual, company or corporation, occupying premises in the territory covered by this contract, not in arrears to it for services already rendered, and who has not agreed with any previous occupier of the premises occupied by such individual, company or corporation, to assume the payment of any moneys due by such previous occupier to the Company, extend its conductors to the premises of such individual, company or corporation and supply current for light, heat or power or any or all of such purposes; provided that it shall not be required to so extend its conductors where the ground in which the same are to be laid shall be frozen, during the period in which the said frozen condition shall continue.

The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate. Any consumer or person who desires to be connected with the conductors of the Company can apply to the Board to compel the Company in compliance with the provisions of this contract, to connect with and furnish electricity to such consumer or person, and all orders of the Board made on the request of any such consumer or person shall be complied with by the Company.

The provisions of section 62 of the Transportation Corporations Law fixing a penalty for failure of any electric company to extend its service to an applicant, and of this subdivision of the contract requiring the payment of interest on deposits made by consumers, may in the event of the refusal of the Company to comply with any order of the Board, on complaint made in regard thereto, be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided, and the Comptroller is authorized to deduct the amount from the said fund and pay the same to the claimant, on being directed to do so by the Board.

Fifteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Sixteenth—The Company shall submit to the Board a report not later than February 1 of each year, for the year ending December 31 next preceeding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt as by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate of interest per annum on funded debt.
10. Statement of dividends paid during year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the stockholders of the Company held for that purpose.
13. Cost of underground conductors and appurtenances, including conduits if any to the year preceding and moneys expended on same during year.
14. Present value of said conduits and appurtenances, based on cost and depreciation.
15. Miles of conductors.
16. Amount of electricity in kilowatts furnished to consumers other than City, number and kind of lamps, motors and heaters supplied with same and amount received therefor.
17. Amount of electricity furnished to the City, in kilowatts, number and kind of lamps, motors and heaters supplied with same and amount received therefor.
18. Total receipts from sales of electricity.
19. Operating expenses, interest and other charges.
20. Net earnings and surplus from such sales.
21. Cost of furnishing electricity per kilowatt.
22. Balance sheet for year.
23. Amounts paid by Company for damages to persons or property on account of construction and operation.

—and such other information in regard to the business of the Company as may be required by the Board.

Seventeenth—The Company shall at all times keep accurate books of account and shall, on or before February 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending December 31 next preceding. Such report shall contain a statement of the gross receipts from all business done by the Company in the territory in which it is authorized to operate by this contract, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Eighteenth—In case of any violation or breach or failure to comply with any of the provisions of this contract, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that all property constructed and in use by virtue of this grant shall thereupon become the property of the City without proceedings at law or in equity.

If for a period of two consecutive weeks the electric system of the Company shall not be operated, the Board may declare the right and franchise granted by this contract terminated without further proceedings at law or in equity, if it shall appear in the judgment of said Board that the same was not operated through the fault of the Company. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Nineteenth—If the said Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures in good condition throughout the full term of its occupancy of such streets, or fail to comply with any provision of this contract, except as hereinafter otherwise provided, the Board, if it so elects, instead of commencing proceedings to terminate this contract may give written notice to the said Company, specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars ($50) as fixed and liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time and after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, and in default of such payment, the same shall be a proper charge against and may be deducted from the security fund to be deposited with the Comptroller as hereinafter provided.

Twentieth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of five hundred dollars ($500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted; and in case of such default in the annual payment, the City shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the said Company. In case of the failure of the Company to comply with the terms of this contract relating to the filing of annual statements, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars ($50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on its own motion or on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalties, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him.

In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars ($500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City, in the same manner as elsewhere provided herein. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided, shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then, and in such case, such other Board, authority, officer or officers shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-third—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways of the territory in which the Company is authorized to operate by this contract.

Twenty-fourth—The words "streets and avenues," or "streets or avenues," when and where used, shall be deemed to mean and include any and all streets, avenues, roads, highways, boulevards, parkways, parks and public places.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained, in addition to all provisions of law pertinent hereto.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By....., Mayor.
(CORPORATE SEAL)
Attest: ....., City Clerk.
RIVERSIDE LIGHT AND POWER COMPANY,
By....., President.
(CORPORATE SEAL)
Attest: .....Secretary.
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions for the grant of the franchise or right applied for by the Riverside Light & Power Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, December 21, 1911, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, December 21, 1911, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the Riverside Light & Power Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of a franchise or right applied for by the Riverside Light & Power Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, December 21, 1911, at 10.30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SIXTY-EIGHTH STREET, from Amsterdam avenue to Jumel place, in the Twelfth Ward, Borough of Manhattan, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part III. thereof, in and for the County of New York, in the County Court-house, in the Borough of Manhattan, City of New York, on the 19th day of December, 1911, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York for the use of the public to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of West 168th street, from Amsterdam avenue to Jumel place, in the Twelfth Ward, Borough of Manhattan, City of New York,

being the following-described pieces or parcels of land, viz.:

Beginning at a point on the easterly line of Amsterdam avenue, distant 111.12 feet north of the northerly line of West 167th street, as this street is laid out east of Amsterdam avenue; thence easterly and at right angles to the line of Amsterdam avenue, distant 200 feet to the westerly line of Jumel place; thence northerly along the line of Jumel place, distant 75 feet; thence westerly and parallel to the last course but one; distant 200 feet to the easterly line of Amsterdam avenue; thence southerly along the line of Amsterdam avenue, distance 75 feet to the point or place of beginning.

This land is located in Section 8, Block No. 2112 of the Land Map of the Borough of Manhattan, City of New York.

The Board of Estimate and Apportionment on the 29th day of June, 1911, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the westerly line of Amsterdam avenue distant 75 feet southerly from its intersection with the southerly line of West 168th street, and running thence westwardly and parallel with West 168th street to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Amsterdam avenue, the said distance being measured at right angles to Amsterdam avenue; thence northwardly along the said line parallel with Amsterdam avenue to a point distant 75 feet northerly from the northerly line of West 168th street, the said distance being measured at right angles to West 168th street; thence eastwardly and parallel with West 168th street to the intersection with the westerly line of Amsterdam avenue; thence eastwardly in a straight line to a point on the easterly line of Amsterdam avenue distant 175 feet northerly from its intersection with the northerly line of West 168th street; thence eastwardly and parallel with West 168th street and its prolongation as laid out adjoining Jumel place, to a point distant 90 feet easterly from the easterly line of Jumel place, the said distance being measured at right angles to Jumel place; thence southwardly and parallel with Jumel place to the intersection with the prolongation of a line distant 125 feet southerly from and parallel with the southerly line of West 168th street, as this street is laid out between Amsterdam avenue and Jumel place, the said distance being measured at right angles to West 168th street; thence westwardly along the said line parallel with West 168th street and along the prolongation of the said line to the intersection with a line midway between Amsterdam avenue and Jumel place; thence northwardly along the said line midway between Amsterdam avenue and Jumel place to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of West 168th street, as this street is laid out between Amsterdam avenue and Jumel place, the said distance being measured at right angles to West 168th street; thence westwardly along the said line parallel with West 168th street to the intersection with the easterly line of Amsterdam avenue; thence westwardly in a straight line to the point or place of beginning.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to amending its application heretofore made in the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of the EASTERN BOULEVARD, from the property of the New York, New Haven and Hartford Railroad to Hunts Point road, in the Twenty-third Ward, Borough of The Bronx, City of New York, so as to omit from said proceeding that portion of the said Eastern Boulevard, between Truxton street and the property of the New York, New Haven and Hartford Railroad.

PURSUANT TO THE STATUTES IN SUCH cases made and provided notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term, Part III. thereof, to be held at the County Court-house, in the Borough of Manhattan, in The City of New York, on the 19th day of December, 1911, at the opening of the Court on that day or as soon thereafter as Counsel can be heard thereon, for an order amending the above-entitled proceeding so as to omit from said proceeding that portion of the said Eastern boulevard between Truxton street and the property of the New York, New Haven and Hartford Railroad.

The land not required for that portion of Eastern boulevard from the property of the New York, New Haven and Hartford Railroad to Hunts Point road, as amended by omitting therefrom that portion between Truxton street and the property of the New York, New Haven and Hartford Railroad in The City of New York, is bounded and described as follows:

Beginning at a point in the northern line of Eastern boulevard (as now being legally acquired) distant 820 feet westerly from the intersection of said line with the western line of Tiffany street.

1. Thence westerly along the northern line of Eastern boulevard (as now being legally acquired) for 840 feet.
2. Thence southerly deflecting 90 degrees to the left for 100 feet.
3. Thence easterly deflecting 90 degrees to the left for 840 feet.
4. Thence northerly for 100 feet to the point of beginning.

Land not required for Eastern boulevard is shown on Section 4 of the Final Maps and Profiles of the Twenty-third and Twenty-fourth Wards, filed in the office of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards of The City of New York, on July 8, 1893, in the office of the Register of the City and County of New York on July 12, 1893, as Map No. 355, and in the office of the Secretary of State of the State of New York on July 18, 1893.

Land not required for Eastern boulevard is located in Block 2606 of Section 10 of the Land Map of The City of New York.

By a resolution adopted by the Board of Estimate and Apportionment on the 20th day of April, 1911, the area of assessment for benefit in this amended proceeding is fixed and determined by the said Board to read as follows:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Randall avenue, and by the prolongation of the said line, the said distance being measured at right angles to Randall avenue; on the east by a line midway between Halleck street and Payne street; on the south by a line distant 100 feet southerly from and parallel with the southerly line of East Bay avenue and by the prolongation of the said line, the said distance being measured at right angles to East Bay avenue; and on the west by a line midway between Barry street and Dupont street, and by the prolongation of the said line.

WE, THE COMMISSIONERS OF ESTIMATE and Assessment in the above-entitled proceeding, having been directed as follows:

First—By order bearing date the 19th day of June, 1907, and entered in the office of the Clerk of the County of New York on the 19th day of June, 1907, to ascertain and determine the compensation which should be justly made to Charles B. Galvin under, by and in consequence of the closing and discontinuance of Thwaite's place in front of and adjoining petitioner's lot No. 27 on the map of Thwaite's estate.

Second—By order bearing date the 25th day of April, 1907, and entered in the office of the Clerk of the County of New York on the 29th day of April, 1907, to ascertain and determine the compensation which should be justly made to Mary J. Fitzsimmons under, by and in consequence of the closing and discontinuance of Thwaite's place in front of and adjoining petitioner's lot No. 40 on the map of Thwaite's estate.

Third—By order bearing date the 25th day of April, 1907, and entered in the office of the Clerk of the County of New York on the 29th day of April, 1907, to ascertain and determine the compensation, which should be justly made to William J. Galvin under, by and in consequence of the closing and discontinuance of Thwaite's place in front of and adjoining petitioner's lot No. 41 on the map of Thwaite's estate.

Fourth—By order bearing date the 25th day of April, 1907, and entered in the office of the Clerk of the County of New York on the 29th day of April, 1907, to ascertain and determine the compensation which should be justly made to Ester M. T. Galvin under, by and in consequence of the closing and discontinuance of Thwaite's place in front of and adjoining petitioner's lots Nos. 42, 43 and 44 on the map of Thwaite's estate.

Fifth—By order bearing date the 1st day of July, 1907, and entered in the office of the Clerk of the County of New York on the 1st day of July, 1907, to ascertain and determine the compensation, if any, which should be made to Frank McGarry, by reason of the closing, discontinuance and abandonment of Elliott avenue, in front of and adjoining petitioner's lots Nos. 1201, 1202 and 1217.

All the foregoing premises are more particularly described in the petitions on which the said orders were based and filed therewith in the office of the Clerk of the County of New York and are shown on the damage map attached to our abstract of estimate and assessment.

And having also by the provisions of Chapter 1006 of the Laws of 1895 to ascertain and determine the benefit and advantage to the lands, tenements, hereditaments and premises which shall be benefited by the discontinuance, closing and abandonment of the aforesaid Thwaite's place and Elliott avenue.

We, therefore, the undersigned hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to-wit:

Sixth—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of December, 1911, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 29th day of December, 1911, at 2 o'clock p. m.

Seventh—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 29th day of December, 1911.

Eighth—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, and being all that part of old Thwaite's place lying in the block south of Thwaite's place and between Bronx Boulevard (Bronx Park East) and Barker avenue. All that part of old Thwaite's place lying in the block north of Thwaite's place and between Richard street and Barker avenue, and all that part of old Thwaite's place lying in the block south of Thwaite place and between Richard street and White Plains road.

All that part of Elliott avenue lying in the block bounded by Wilgus street (Bridge street), Barker avenue, Adee avenue (King street) and White Plains road.

Ninth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 15th day of February, 1912, at the opening of the Court on that day.

Tenth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, in fee wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HEBERTON AVENUE, between a line about 188 feet north of Ann street and Richmond terrace, in the Third Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to-wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 26th day of December, 1911, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 28th day of December, 1911, at 1 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at

his office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 26th day of December, 1911, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 29th day of December, 1911, at 1.30 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 1st day of July, 1910, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on a line midway between Heberton avenue and Broadway, where it is intersected by a line at right angles to Richmond terrace, and passing through a point on its westerly side midway between Heberton avenue and Broadway, as measured along the westerly line of Richmond terrace, and running thence northeastwardly along the said line at right angles to Richmond terrace to a point distant 100 feet easterly from its easterly side; thence southwardly and always parallel with Richmond terrace to the intersection with a line bisecting the angle formed by the intersection of the easterly line of Heberton avenue with the northerly line of Bennett street; thence southwestwardly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Heberton avenue, the said distance being measured at right angles to Heberton avenue, thence southwardly and parallel with Heberton avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongation of the easterly line of Heberton avenue, as laid out adjoining Bennett street, with the westerly line of Cottage place; thence southwardly along the said bisecting line to the intersection with the prolongation of a line midway between Heberton avenue and Washington place; thence southwardly along the said line midway between Heberton avenue and Washington place, and along the prolongation of the said line, to the intersection with the prolongation of a line midway between Heberton avenue and Decker avenue, as these streets are in use adjoining St. Mary's avenue and Catherine street, respectively; thence southwardly along the said line midway between Heberton avenue and Decker avenue, and along the prolongation of the said line, to the intersection with the prolongation of the southerly line of St. Mary's avenue; thence westwardly along the southerly line of St. Marys avenue, and the prolongation thereof, to the intersection with a line midway between Richmond avenue and Heberton avenue; thence northwardly along a line always midway between Richmond avenue and Heberton avenue to the intersection with a line midway between Mersereau avenue and Albion place; thence eastwardly along the said line midway between Mersereau avenue and Albion place to the intersection with the prolongation of a line midway between Broadway and Heberton avenue; thence northwardly along a line always midway between Broadway and Heberton avenue, and along the prolongation thereof, to the point or place of beginning.

(The lines of the streets herein referred to and which have not yet been formally incorporated upon the City map are intended to be those now in use and as commonly recognized).

Fourth—That the abstract of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of December, 1911.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 8th day of February, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, November 28, 1911.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BLEECKER STREET (although not yet named by proper authority), from Brooklyn Borough Line to Forest avenue, in the Second Ward, Borough of Queens, City of New York, as amended by an order of the Supreme Court, duly made and entered herein on the 10th day of May, 1910, so as to conform to the lines of said street, as shown upon Sections 15 and 16 of the Final Maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 21st day of May, 1909, and approved by the Mayor on the 4th day of June, 1909.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 15th day of December, 1911, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of December, 1911, at 11 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 18th day of December, 1911.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the line dividing the Boroughs of Brooklyn and Queens, distant 100 feet northwesterly from the northwesterly line or side of Bleecker street, measured on a line drawn at right angles with said northwesterly line or side of Bleecker street, running thence northeasterly and easterly and at all times parallel with the northwesterly and northerly line or side of Bleecker street and 100 feet distant therefrom to a point on the westerly side of Forest avenue 100 feet north from the intersection of the westerly side of Forest avenue with the northerly side of Bleecker street, thence still easterly in prolongation of the last mentioned line 166.05 feet, thence southerly and at all times parallel with the easterly side of Forest avenue and 100 feet distant therefrom 260.05 feet, thence westerly in prolongation of a line drawn parallel with and 100 feet distant from the southerly side of Bleecker street to a point distant 100 feet southeasterly from the southeasterly side of Bleecker street, measured at right angles therewith, and thence southwesterly and at all times parallel with the southeasterly side of Bleecker street and 100 feet distant therefrom to the line dividing the Boroughs of Brooklyn and Queens and thence northwesterly along said last mentioned line to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 25th day of January, 1912, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

In the matter of the application and petition of J. Edward Simmons, Charles N. Chadwick and Charles A. Shaw, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under Chapter 724 of the Laws of 1905 and the Acts amendatory thereof in the City of Yonkers, Westchester County, New York, for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN THAT the amended report of the Commissioners of Appraisal in the above entitled matter, dated October 11, 1911, filed in the office of the Clerk of the County of Westchester at White Plains, New York, October 20, 1911, including Parcels 1 and 3, 4, 8, 14, 17, 29, 38, 40 and 54, will be presented to the Supreme Court for confirmation, at a Special Term thereof, to be held in and for the Ninth Judicial District, at the Court House in White Plains, Westchester County, New York, on the 15th day of December, 1911, at ten o'clock in the forenoon of that day or as soon thereafter as counsel can be heard; reserving to The City of New York the right to oppose the confirmation of any or all of the awards contained in said report.

Dated November 16, 1911.

ARCHIBALD R. WATSON, Corporation Counsel, Office and Post Office Address, Hall of Records, Corner of Chambers and Centre streets, Borough of Manhattan, New York City. n24,d15

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resoved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
