Message from the Board:

The Board of Commissioners of the Equal Employment Practices Commission (EEPC) view as sacrosanct our duty to aid entities in implementing equal employment opportunities for employees of, and applicants to, the City of New York. Toward this end, in 2019, the EEPC continued the Sexual Harassment Prevention and Response Practices Audit, an issue-specific audit, which emphasizes implementation of the city, state and federal laws, regulations and policies that directly impact sexual harassment prevention and response practices. The EEPC also initiated follow-up audits of municipal entities that had received Determinations of Non-Compliance during the Employment Practices Audit that was conducted in previous years.

We want to thank the employees of this Commission, and in particular the Executive Director, without whose leadership these accomplishments could not occur. We also thank the municipal entities that continue to extend their cooperation and participation. We look forward to the continued rewards of implementing equal employment opportunities within the City of New York.

Executive Summary

In 2019, the Equal Employment Practices Commission (EEPC) continued its successful fulfillment of pertinent New York City Charter (City Charter) mandates. The year was productive as the EEPC welcomed the appointment of a new Chairperson and dedicated attention to reinforcing efficiency in auditing and monitoring procedures, advancing research initiatives, and strengthening organizational effectiveness.

Appointment of Chairperson

In July 2019, the EEPC's Board of Commissioners (Board) welcomed Sasha Neha Ahuja as the City Charter required fifth Commissioner and Chairperson. This joint appointment, made by the Mayor and New York City Council Speaker, filled a vacancy that had existed since 2015. In addition to her role as the EEPC's Chair/Commissioner, Ms. Ahuja serves as Chief of Staff at Girls for Gender Equity, an intergenerational grassroots organization committed to the physical, psychological, social, and economic development of girls and women. She is also an Adjunct Professor at the Silberman School of Social Work at Hunter College and at the Touro Graduate School of Social Work. Ms. Ahuja previously served as the Deputy Director of the Policy and Innovation Division at the New York City Council, and ran the New York City Young Women's Initiative, a public-private investment and policymaking process to uplift young women and girls of color, which engaged approximately 200 advocates and senior officials across multiple City entities. The appointment of a Chairperson enables the Board to fully operate as intended by the Charter and reinforces the EEPC's standing as the independent oversight entity for equal employment opportunity matters.

Audit: Review, Evaluation, and Monitoring

In 2019, the EEPC initiated year two (2) of a four-year audit plan dedicated to evaluating and monitoring sexual harassment prevention and response practices in City entities. To execute the plan, the EEPC created an issue-specific *Sexual Harassment Prevention and Response Audit* (SHPPRA) to evaluate municipal entities' equal employment opportunity (EEO) strategies, policies, and programs, and ascertain the extent to which they effectively prevent and respond to sexual harassment. The SHPPRA applies relative and uniform standards to entities' practices, deploys electronic data collection tools and questionnaires to support an interactive process, and utilizes automated methods to accept and manage real-time uploads of pertinent entity-specific documents and records. The efficiency resulting from these practices led to the issuance of SHPPRA Final Determinations to forty-eight (48) municipal entities in 2019.

In addition to conducting the SHPPRA, in 2019 the EEPC also issued Final Determinations to three (3) municipal entities that received a follow-up *Employment Practices Audit* (EPA). Each entity previously received a Determination of Non-compliance as a result of an EPA in 2017. In total, the EEPC completed the review and evaluation of fifty (51) municipal entities in 2019 (forty-eight (48) SHPPRA and three (3) EPA). The most frequently issued corrective actions are included in Appendix IV.

Surpassing the annual number issued historically, forty-four (44) municipal entities were each issued a Determination of Compliance for implementing corrective actions received as a result of a SHPPRA. Twelve (12) of these entities eliminated the need for a compliance-monitoring period by having no corrective actions or promptly implementing all corrective actions in response to the EEPC's Final Determination. Twenty-nine (29) more entities (ten (10) evaluated in 2018 and nineteen (19) evaluated in 2019) required and completed a compliance-monitoring period. Three (3) additional entities implemented corrective actions to address previously non-compliant subject areas as a result of a follow-up EPA.

Research Initiatives

To advance research initiatives, the EEPc welcomed a new Director of Research Initiatives and Public Hearings who, as a senior-level administrator with over twenty (20) years of experience in data driven decision making, brings a wealth of research and assessment strategies to the EEPc's Research Unit. Under this direction, in 2019, the Research Unit focused on assessing organizational efficiency and effectiveness and recommending approaches on how the EEPc may enhance operations while working to strengthen the quality of the New York City workforce. The Research Unit found the following:

- ✚ City Charter Mandate: The EEPc initiated and completed the largest number of audits since its inception. In fact, the number of Determinations of Compliance issued increased 43% in 2019 (over 2018) and surpassed the annual number of Determinations historically issued.
- ✚ Internal Study: The EEPc enhanced current practices, policies and procedures by examining the applicability of its auditing standards.
- Training and Development: The Research Unit enhanced the EEPc's efficacy through its development of an electronic platform for entity-wide training on sexual harassment prevention and response practices. This process improved training delivery and evaluation times. All staff members achieved a 100% exam pass rate and were presented with certificates of completion.

Reflecting upon the organizational health of the EEPc, significant indicators (i.e. attaining the highest annual number of charter-mandated audit and compliance determinations in the EEPc's history; enhancing current practices, policies and procedures; delivering an efficient training and assessment program; and applying effective audit practices that positively impact jurisdictional entities' EEO and sexual harassment prevention practices) demonstrate that the EEPc is diligently and progressively working to fulfill the charge of the New York City Charter.

Testimony before New York City Council

In 2019, EEPc representatives were invited to present testimony before the New York City Council Committee on Civil and Human Rights (Committee). On March 25, 2019, the EEPc's Executive Director and two (2) members of the Board of Commissioners provided testimony on the fiscal impact the requirements of Local Law No. 13 will have on the EEPc.

Concurrent with the EEPc's implementation of City Charter-required annual audit plans and compliance-monitoring procedures, Local Law No. 13 tasks the EEPc with significant additional responsibilities at the same level of resources. To fulfill the reporting requirements of Local Law No. 13, the EEPc must collect voluminous Citywide data, and perform both qualitative and statistical analyses. The Executive Director advised the Committee that the current level of funding and the convergence of duties create an excessive burden that necessitates additional staff and resources. In order to responsibly fulfill Local Law No. 13 obligations, the EEPc requested funding to hire, at a minimum, a full-time Data Scientist or Statistician, a full-time Labor Economist, two (2) subject matter consultants, and two (2) Policy Interns as well as supporting resources. The absence of the requested aid would compromise the fulfillment of the additional mandate. As of December 2019, the EEPc's request had not been granted. The EEPc's testimony before the New York City Council is included as Appendix V.

Mission Statement

The Equal Employment Practices Commission (EEPC) audits, evaluates, and monitors the City of New York's employment programs, practices, policies, and procedures to ensure that municipal entities and the City as an employer maintain a properly structured, efficiently administered affirmative employment program of equal opportunity for minority group members and women employed by, or seeking employment with, City government. The EEPC advises and assists municipal entities in their efforts to establish affirmative plans, measures, and programs to provide, and educate employees about, equal employment opportunities; implement and maintain effective employment practices that are non-discriminatory; and utilize discrimination complaint investigation procedures that conform to federal, state and local laws, regulations, policies, and procedures.

About the EEPc

The New York City Equal Employment Practices Commission (EEPC) was established by vote in favor of amendments to the New York City Charter (City Charter) to ensure that municipal entities maintain an effective employment program of equal employment opportunity for all who are employed by or seek employment with New York City (City) governmental entities.

The EEPc is an independent non-mayoral body empowered by Chapter 36 of the City Charter to audit, evaluate, and monitor municipal entities once every four (4) years for compliance with the City Charter, the City's Human Rights Law, state and federal anti-discrimination laws and regulations, and policies and procedures to increase equal opportunity within municipal employment. Towards that end, EEPc reviews, evaluates and monitors their employment practices, procedures, approaches, measures, standards, and programs, and their efforts to ensure fair and effective equal employment opportunity for women, minority group members and other employees and job applicants identified for protection from discrimination; and recommends practices, procedures, approaches, measures, standards, and programs to be utilized by such entities in these efforts.

Municipal entities meeting the following criteria are governed by the EEPc's purview:

- ✚ the majority of the board members are appointed by the Mayor;
- ✚ the majority of the board members serve by virtue of being City officers; or
- ✚ the entity is funded, in whole or in part, by the City treasury.

City Charter Chapter 36 also authorizes the EEPc to monitor coordination of affirmative employment programs established by the City; and propose policy, legislative and/or regulatory recommendations to the Mayor, New York City Council, and Department of Citywide Administrative Services (DCAS).

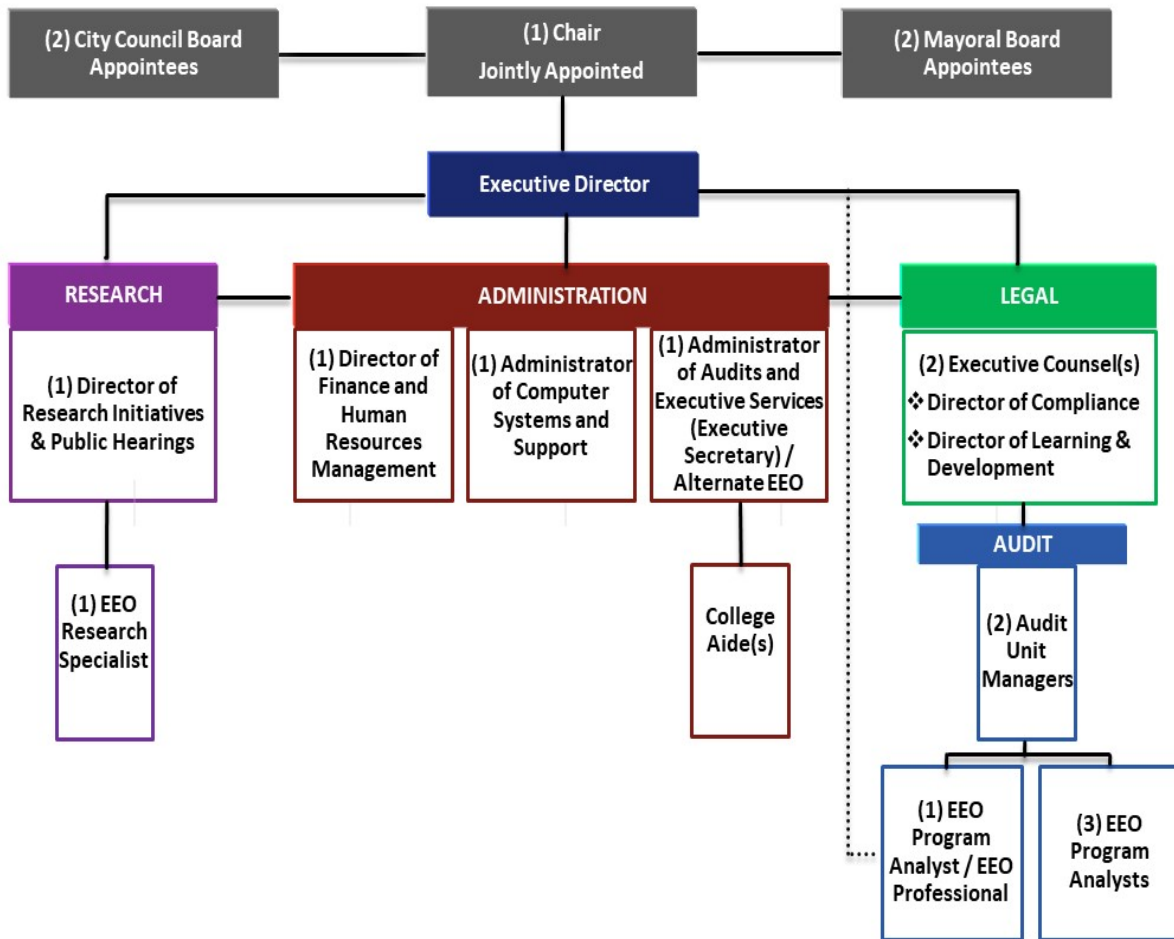

The EEPc has a duty to:

- ✚ review the standards, procedures, and programs established by DCAS to ensure a fair and effective affirmative employment plan of equal employment opportunity for City entities;
- ✚ review the affirmative employment plan of each City entity and provide appropriate comments and suggestions;
- ✚ advise City entities in their efforts to increase employment of minority group members and women who seek employment with city entities;
- ✚ audit and evaluate the employment practices and procedures of each City entity at least once every four (4) years and whenever requested by the New York City Civil Service Commission or Commission on Human Rights, and recommend procedures, standards, and programs to be utilized to ensure fair and effective programs of equal employment opportunity;
- ✚ establish a compliance procedure to monitor the implementation of all corrective actions; hold public and private hearings, compel the attendance of witnesses, and administer oaths for the purpose of ascertaining whether entities are in compliance with equal employment opportunity requirements;
- ✚ establish advisory committees;
- ✚ serve as the City liaison to federal, state and local entities responsible for compliance with equal employment opportunity for minority group members and women who are employed by or who seek to be employed by City entities;
- ✚ publish a report to the Mayor and City Council on the effectiveness of each City entity's affirmative employment efforts and the efforts by DCAS to ensure equal employment opportunity; and
- ✚ make policy, legislative and budgetary recommendations to the Mayor, City

Council, and DCAS necessary to ensure equal employment opportunity for minority group members.

While the EEPC is not authorized to investigate individual complaints of employment discrimination, the EEPC's audit, evaluation and monitoring processes provide a mechanism to ensure each municipal entity institutes and maintains properly structured, efficiently administered employment opportunity practices that comply with federal, state, and city equal employment opportunity laws, requirements, policies and practices calculated to avert errors in judgment or procedure from potentially becoming allegations of employment discrimination.

EEPC Organizational Chart

EEPC Structure

The Board of Commissioners

To fulfill the aforementioned powers and duties, the City Charter assigns a Board of five (5) per diem Commissioners. The Board is comprised of two (2) appointees each from the Mayor and City Council, and a Chair jointly appointed by the Mayor and Speaker of the City Council. This arrangement ensures balance and insulation from political influence and facilitates exercise of jurisdiction over the employment practices of mayoral and non-mayoral entities, as well as the offices of elected officials and political appointees.

The Board of Commissioners (Board) performs the following duties and responsibilities essential to the mandate:

- ✚ review and approve the annual audit plan;
- ✚ review the auditing standards used to ensure entities' compliance with the City Charter, New York City Human Rights Law, and other relevant city, state, and federal EEO laws, regulations, procedures and policies;
- ✚ review, approve, and adopt Resolutions pursuant to EEO Program Analysts' findings and issue Determination letters;
- ✚ review and approve entities' implementation of corrective actions, adopt Determinations of Compliance or Non-Compliance at the end of the City Charter-mandated compliance-monitoring period, and issue relevant Resolutions;
- ✚ deliberate on issues and trends of employment practices pursuant to the audit and evaluation of entities;
- ✚ publish an annual report to the Mayor and City Council on the activities of the Commission and the effectiveness of each City entity's affirmative employment efforts and the efforts by DCAS to ensure equal employment opportunity for employees and

applicants for employment with City entities;

- ✚ make budgetary, legislative and policy recommendations to the Mayor, City Council, DCAS or any City entity as the EEPC deems necessary to improve the City's equal employment opportunity programs;
- ✚ conduct public hearings on major EEO topics relevant to the City; and
- ✚ when appropriate, compel the testimony of witnesses, and establish advisory committees.

Executive Director

The Board of Commissioners appoints the Executive Director to effectuate the powers and duties delegated to the EEPC in the City Charter including but not limited to:

- ✚ advise and assist the Board in the development and implementation of strategic plans and initiatives;
- ✚ establish the organizational structure, plans and methods for the execution of mandated City Charter duties;
- ✚ develop the EEPC's annual audit plans;
- ✚ develop the EEPC's audit, evaluation and monitoring standards to ensure municipal entities' compliance with the City Charter, New York City Human Rights Law, and other relevant city, state, and federal EEO laws, regulations, procedures and policies;
- ✚ formulate audit, evaluation and monitoring protocols according to the Board's decisions and in conformance with the aforementioned laws and policies;
- ✚ manage the audit and evaluation processes for municipal entities under the EEPC's jurisdiction;
- ✚ advise the Board in its deliberations, report issues, and present audit Determinations and Resolutions;
- ✚ present audit findings to entity heads;
- ✚ develop public hearings on topics of interest to the EEPC; and
- ✚ testify at relevant New York City Council hearings.

Legal Unit

The Legal Unit serves to interpret and reinforce the EEPC's authority; support and enhance the EEPC's foundation; ensure the legal application of the EEPC's Uniform Standards for Auditing Municipal Entities to audits of municipal entities, and the City as an employer; and maintain legal compliance with laws and policies.

The Legal Unit is comprised of two (2) Executive Agency Counsels: the Director of Compliance and the Director of Learning and Development. The Legal Unit serves as resource for the EEPC by performing the following duties and responsibilities essential to the City Charter mandate:

- ✚ identify municipal entities that are under the EEPC's jurisdiction based on Chapter 36 of the New York City Charter and New York City Law Department decisions and opinions;
- ✚ interpret legal issues relative to the administration of the responsibilities, duties and authority of the EEPC;
- ✚ propose policy, legislative and/or regulatory recommendations to the Mayor, New York City Council, and DCAS, and other entities as delineated in the City Charter;
- ✚ provide guidance to ensure audit and evaluation protocols are verified, sound and devoid of legal misinterpretation;
- ✚ conduct legal research and investigations relative to compliance within the legal framework of current federal, state and local EEO laws, regulations, and judicial decisions;
- ✚ approve legal documents for presentation to the Executive Director and Board of Commissioners;
- ✚ manage the City Charter-mandated compliance monitoring process to ensure that municipal entities implement corrective actions appropriately and effectively;
- ✚ inform the Board whether municipal entities have taken appropriate and

effective corrective actions to remedy non-compliance, and if not, whether further action is warranted under the City Charter; and

- ✚ research and provide opportunities for training and development of EEPC staff.

Audit Unit

The Audit Unit is comprised of a Co-Manager, EEO Analysis and Audit and Co-Manager, Labor Relations Analysis and Audit, and four (4) EEO Program Analysts. The Audit Unit reports to the EEPC's Legal Unit to ensure comprehension of the legal foundation and interpretation of EEO laws and policies, ensure the implementation of Audit Unit protocols, and sustain efficiency in the management of audits. The Audit Unit serves as resource for the EEPC by performing the following duties and responsibilities essential to the City Charter mandate:

- ✚ conduct comprehensive and issue-specific reviews, audits, and evaluations of entities' employment/ EEO programs at least once every four (4) years;
- ✚ administer surveys and interview questionnaires, and conduct follow-up interviews with EEO personnel and others involved in employment and EEO program administration;
- ✚ analyze information and prepare audit Determinations, which include findings and prescribe corrective action, to bring entities into compliance with city, state, and federal EEO laws, regulations, procedures and policies; and
- ✚ serve as a resource to the Director of Compliance, Executive Director, and Board for audit findings and conclusions.

Research Unit

The Research Unit performs the following duties and responsibilities essential to the City Charter mandate:

- ✚ conduct longitudinal research projects to develop policy recommendations to the Mayor, City Council, and DCAS for ensuring equal employment opportunities;
- ✚ conduct trend analysis on audit data and information, and research employment/EEO compliance risks within and among municipal entities;
- ✚ analyze recruitment and selection systems, availability, adverse impact and underutilization;
- ✚ develop advisory committees on pertinent employment/EEO issues for the purpose of ascertaining facts or determining whether entities comply;
- ✚ collaborate with organizations, institutions and governmental entities to promote research initiatives and recruit interns;
- ✚ develop audit risk assessment indicators and audit impact measurement systems;
- ✚ develop relevant data collection tools and databases for the EEPC's use; and
- ✚ propose prominent topics for public hearings.

Commission Meetings

The City Charter requires that the Board meet at least once every eight (8) weeks. Consequently, the Board meets eight to ten (8-10) times a year. Notices of the Board's meetings are published in the City Record at least five (5) days prior to each meeting. Three (3) Commissioners constitute a quorum for a meeting. In accordance with the New York Open Meetings Law, Board meetings are open to the public. Additionally, pursuant to Local Law 103 of 2013, Board meetings are recorded and made available to the public online.

During meetings, the Board adopts and approves audit-related Resolutions, which delineate corrective actions, and compliance-related Resolutions, which confirm entities' implementation of such actions.

The Board deliberates on whether issues and trends revealed through entity audits are appropriate for further investigation, for public hearings or, consistent with its role as monitor of the City's employment practices, for recommendation to the Mayor, City Council, and DCAS to improve the City's equal employment opportunity policies and programs.

Authority

Chapter 36, Sections 830(a) and 831(d)(2) and (5) of the City Charter authorize the EEPCC to audit, evaluate and monitor the employment practices, procedures, and programs of City agencies and other municipal entities, and their efforts to ensure fair and effective equal employment opportunity, and to recommend practices, procedures, approaches, measures, standards, and programs to be utilized by such entities for compliance with federal, state, and local laws and regulations, and policies and procedures designed to increase equal opportunity for women, minorities, and other employees and job applicants identified for protection from discrimination.

For a comprehensive understanding of the EEPCC's mandate, Chapter 36 of the City Charter is provided in its entirety as Appendix I.

Jurisdiction

City Charter Chapter 36

Chapter 36, Section 831(a) of the City Charter accords EEPCC this authority for any “city, county, borough or other office, administration, board, department, division, commission, bureau, corporation, authority, or other agency of government where the majority of the board members of such agency are appointed by the mayor or serve by virtue of being city officers or the expenses of which are paid in whole or in part from the city treasury...”

These entities include, but are not limited to, the offices of elected officials such as the Mayor, New York City Council, Borough Presidents, City Comptroller, District Attorneys, and Public Advocate; non-pedagogical employees of the Department of Education and the community colleges of the City University of New York; the New York City Housing Authority; and the Pension and Retirement Systems.

New York City Corporation Counsel's Opinion 11-90

The New York City Corporation Counsel (Corporation Counsel) issued Opinion No. 11-90 (Opinion 11-90) to address whether provisions of the 1989 amendment to the City Charter -- regarding conflicts of interest, administrative rule-making procedures, procurement, the budget process, equal employment and economic opportunity requirements, and audit by the Comptroller -- applied to entities established by or pursuant to State law to perform a local governmental function or serve a governmental purpose in New York City. The inquiry sought to determine whether application of the 1989 Charter requirements would frustrate, curtail, impair or conflict with the provisions of State law that established the entity.

The parameters of the EEPCC's jurisdiction are clarified by Opinion No. 11-90, and subsequent Corporation Counsel Opinions. Opinion 11-90 cited the record of the 1989 Charter Revision Commission, which expressed its intention to incorporate as broad a definition of “agency” as legally possible “to widen the effect of the City's anti-discrimination policies [...]” (NYC Corp. Op. 11-90 1990 WL 709125 (WestLaw), December 20, 1990). Thus, the Corporation Counsel concluded that “the equal employment opportunity provisions of Chapter 36 ... are a central component of the City's personnel administration[.]”

Opinion 11-90 discusses the EEPCC's jurisdiction with respect to the following entities:

New York City Housing Authority

The New York City Housing Authority (NYCHA) is a public benefit corporation established pursuant to the New York State Public Housing Law. NYCHA is required by that law to conform to the personnel standards of the City of New York with regard to employment classifications, salaries, hours of work, and terms and conditions of employment. NYCHA hires employees from the same DCAS-established civil service lists as are used by other City

entities. Based on these requirements, Corporation Counsel concluded in Opinion 11-90 that the equal employment opportunity provisions of City Charter Chapter 36 apply to NYCHA.

Department of Education: Non-Pedagogical Employees

The Department of Education (DOE) is funded in part from the City treasury, and is headed by the Chancellor, who is appointed by the Mayor. The DOE is subject to EEP's audit, evaluation and monitoring of its employment practices with regard to its non-teaching (non-pedagogical) employees only. The non-pedagogical employees are within the classified service and are governed by the City Personnel Rules and Regulations. New York State Education Law requires that pedagogical employees, teachers, and teaching supervisors, are hired and promoted pursuant to standards and tests prepared and administered by the Chancellor and State Board of Examiners. For this reason, Corporation Counsel concluded the DOE's employment practices regarding pedagogical employees are not subject to local authority, such as the EEP's audit, evaluation and monitoring pursuant to Chapter 36 of the City Charter.

New York City Housing Development Corporation

The New York City Housing Development Corporation (HDC) is a public benefit corporation, created under the New York State Private Housing Finance Law and the New York City Housing Development Corporation Act. It is headed by two (2) mayoral and two (2) gubernatorial appointees; its expenses are not funded by the City treasury; and its employees are not City employees. HDC is not subject to the 1988 and 1989 City Charter amendments. Nevertheless, Opinion 11-90 concluded that because the HDC follows the provisions of the civil service law and the rules of the city civil service commission, application of Chapter 36 would not be inconsistent with the law governing HDC. On January 30, 1991, HDC issued its subsequent opinion regarding Opinion 11-90, stating that even though HDC is

not obliged to adhere to its requirements by law, as a matter of policy HDC agreed to comply with the substance of Chapter 36 of the City Charter. Since 1991, HDC has consented to the EEP's audit and evaluation of its employment practices, and consistently adopts and implements prescribed corrective actions, if any.

New York City Economic Development Corporation

The New York City Economic Development Corporation (NYCEDC) is a public benefit corporation, which is not funded by the City treasury and its employees are not City employees. Although Opinion 11-90 concluded the predecessor entity to NYCEDC was not subject to the requirements of City Charter Chapter 36, it opined the equal employment opportunity provisions could be applied to its employment practices without conflict or contradiction with its legal foundation. NYCEDC has also voluntarily consented to the EEP's audit, evaluation and monitoring of its EEO program. Based on NYCEDC's commitment to ensure that no person is excluded from participation in, or denied the benefits of equal opportunity, NYCEDC consistently adopts and implements EEP's prescribed corrective actions, if any.

NYC Health + Hospitals

NYC Health + Hospitals (H+H) (formerly the New York City Health and Hospitals Corporation) was established by the New York City Health and Hospitals Corporation Act, a State law, to operate the citywide health and medical services system separate from the City administration. H+H's autonomy includes the authority to establish its own job titles and specifications. Corporation Counsel, in Opinion 11-90, determined that although City Charter Section 831(a) includes H+H among the entities within the EEP's jurisdiction, because the H+H has autonomy in its personnel administration, its employment practices are not subject to operational review by the EEP.

Board of Elections

Opinion 11-90 determined that although the Board of Elections (BOE) is paid entirely by the

City and its employees are City employees, because the New York State Constitution requires that all local boards of elections have equal representation of both major political parties, its employment practices are not subject to the EEPC's review.

School Construction Authority

The School Construction Authority (SCA) was created and is governed by the New York State Public Authorities Law (PAL). The PAL specifically grants the SCA autonomy in personnel matters, including the autonomy to establish its own job titles and civil service lists. With respect to equal employment practices, the PAL states explicitly "no other agency shall have jurisdiction over the compliance by the Authority with the requirements of any [EEO] program."

New York City Water Board and Water Finance Authority

The New York City Water Board (WB) and Water Finance Authority (WFA) were established by the PAL for financing expansion of the City's water supply and sewage systems. The seven (7) members of the WB are appointed by the Mayor. All of WB's employees are employees of the New York City Department of Environmental Protection (DEP), with rights and responsibilities under its EEO Program; therefore, the EEPC does not conduct a separate audit and evaluation of the WB's employment practices.

A majority of the WFA's members are City officers or Mayoral appointees. The statute governing the WFA provides that WFA employees are neither city nor state employees during their employment, and that the qualifications, duties and compensation of the WFA employees are subject to the state civil service law and the rules of the Civil Service Commission. Therefore, WFA's employment practices are not subject to the EEPC's audit and evaluation.

New York City Corporation Counsel's Subsequent Opinion

On occasion, the EEPC has requested additional guidance on its jurisdiction from the Office of the Corporation Counsel and received formal as well as informal opinions. One such opinion follows.

Offices of the District Attorneys

In 2003, the Corporation Counsel responded to the EEPC's inquiry regarding whether the Offices of the District Attorneys within New York City were subject to the jurisdiction of the EEPC. Although the District Attorneys are established by State law, they are elected within each county in New York City and the City has jurisdiction over personnel management of county offices. Thus, Corporation Counsel concluded that the District Attorneys are county officers, subject to personnel management by the City of New York, and the EEPC has jurisdiction over the employment practices of Offices of the District Attorneys.

EEO-Related Responsibilities Assigned by the City Charter

City Charter Chapter 35 ascribes EEO-related responsibilities to the DCAS Commissioner and the head of each City entity. In addition, City Charter Chapters 35 and 36 vest the EEPC with specific powers and duties that pertain to their respective equal employment opportunity related responsibilities.

City Charter Chapter 35 Section 812(a) states that the personnel policies and practices of the City government, in furtherance of the City Charter, the civil service law and rules and other applicable law, shall: (1) preserve and promote merit and fitness in City employment, (2) ensure that appointments and promotions in City service are made, and that wages are set, without regard to political affiliation, and without unlawful discrimination based on sex, race, color, religion, religious observance, national origin, disability, age, marital status, citizenship status or sexual orientation; and promote and support the efficient and effective delivery of services to the public.

Included in the EEPC's powers set forth in City Charter Chapter 36 is the duty "to review the uniform standards, procedures, and programs of [DCAS] pursuant to [sections 814(a)(12) and 814(a)(14).]"

City Charter Chapter 35 Section 814 assigns the following responsibilities concerning equal employment opportunity to the DCAS Commissioner:

- ✚ establish and enforce uniform procedures and standards to be utilized by City entities in establishing measures, programs and plans to ensure equal employment opportunity for minority group members and women who are employed by, or who seek employment with, City entities;
- ✚ set the procedures for each entity to develop its plan for equal employment opportunity (Annual EEO Plan);
- ✚ review and provide comments and suggestions on each entity's draft EEO plan; and
- ✚ provide assistance to minority group members and women employed by, or interested in being employed by, City entities to ensure that they benefit, to the maximum extent possible from City employment and educational assistance programs.

The DCAS Commissioner also has the responsibility to submit an annual report to the EEPC on DCAS's activities to ensure equal employment opportunity for City employees and those who seek employment with City entities, which must include the following:

- ✚ an analysis of the city government workforce and applicants for such employment by entity;
- ✚ an analysis of the effectiveness of the City's efforts to provide fair and effective affirmative employment practices; and
- ✚ legislative, programmatic and budgetary recommendations for the development, implementation or

improvement of such activities.

In addition, the DCAS Commissioner has the responsibility to submit a quarterly report to the Mayor, New York City Council, New York City Civil Service Commission and the EEPC on the:

- ✚ number of provisional employees specified by entity and by title;
- ✚ length of time such employees have served in their provisional positions; and
- ✚ actions taken by the City to reduce the number of employees serving in provisional positions.

City Chapter 35 Section 815 assigns the following powers and duties concerning equal employment opportunity in personnel management to Entity Heads:

- ✚ ensure and promote equal opportunity for all persons in appointment, payment of wages, development and advancement;
- ✚ establish measures and programs to ensure fair and effective equal employment opportunity;
- ✚ adopt and implement an annual plan of such measures, standards and procedures to accomplish this objective;
- ✚ provide assistance to minority group members and women employed, or interested in being employed, by City entities;
- ✚ ensure that minority group members and women benefit, to the maximum extent possible, from City employment and educational assistance programs; and
- ✚ ensure that their entities do not discriminate against employees or applicants for employment as prohibited by federal, state and local law.

To effectuate these goals, City Charter Chapter 35 Section 815(h) requires the head of each City entity to:

- ✚ establish measures and programs to ensure equal employment opportunity for minority group members and women who are employed by, or who seek employment with, the entity;
- ✚ adopt and implement an annual plan of such measures, standards and procedures to accomplish this objective;
- ✚ present a draft Annual EEO Plan for review by DCAS and the EEPCC;
- ✚ file copies of the Annual EEO Plan with the Mayor, New York City Council, New York City Civil Service Commission, DCAS and the EEPCC; and
- ✚ submit quarterly reports on their entity's efforts during the previous quarter to implement the Annual EEO Plan to the Mayor, New York City Council, DCAS, and the EEPCC.

The EEPCC meticulously considers the responsibilities the City Charter assigns to City entities, the heads of entities and the DCAS Commissioner, in developing its audit, evaluation and monitoring protocols. The aforementioned duties also play a vital role in any policy, legislative, and budgetary recommendation the EEPCC may make to the Mayor, City Council, and DCAS regarding equal employment opportunities for women, minority group members and other employees and job applicants identified for protection from discrimination.

EEO Policies, Laws and Enforcement

City of New York's EEO Policy

The Citywide Equal Employment Opportunity Policy - Standards and Procedures to be Utilized by City Agencies, as amended (Citywide EEO Policy), was established by DCAS in fulfillment of its City Charter mandated duty "[t]o establish ... uniform procedures and standards to be utilized by city agencies ... to ensure a fair and effective ... equal employment opportunity plan for ... minority group members and women who are employed by, or who seek employment with, city agencies." (Chapter 35 §814(a)(12)). The

Citywide EEO Policy also includes the City's EEO training, accountability, and reporting requirements for supervisors, managers, and entity heads.

The EEPCC evaluates municipal entities for compliance with the following city, state, and federal laws and regulations to provide job applicants and employees equal opportunities to the various terms, conditions and privileges of employment in municipal entities.

New York City's EEO Laws

New York City Human Rights Law

New York City Human Rights Law (NYCHRL) (Administrative Code of the City of New York, Title 8) prohibits an employer with four (4) or more employees from refusing to hire or employ, barring or discharging a person from employment; representing that any employment or position is not available when in fact it is available; or discriminating against a person in compensation or in terms, conditions or privileges of employment based on: actual or perceived age, race, religion, creed, color, national origin, alienage or citizenship status, gender (including gender identity and sexual harassment), disability (including pregnancy related conditions), marital status, partnership status, caregiver status, sexual orientation, uniformed service, status as a victim of domestic violence, stalking, and sex offenses, consumer credit history, salary history or unemployment status and sexual and reproductive health decisions; or to deny employment due to arrest or criminal conviction record. Discrimination based on a person's association with a member of a protected class; retaliation for filing a complaint or otherwise opposing discrimination; and bias-related harassment are also prohibited.

The City Commission on Human Rights (CCHR) is charged with receiving, investigating and making determinations on complaints of discrimination, and investigating group tensions, bias, and discrimination against persons or groups of persons. The CCHR has

the authority to work with other government entities, groups and organizations in an effort to reduce or eliminate prejudice and discrimination.

New York State's EEO Laws

New York State Human Rights Law

Under the New York Executive Law, Article 15, Human Rights Law (NYSHRL), it is an unlawful discriminatory practice for an employer with four (4) or more employees to refuse to hire/employ, bar or discharge from employment, or discriminate against an individual in compensation or in terms, conditions or privileges of employment because of an individual's age, race, creed, color, national origin, sexual orientation, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status.

The NYSHRL charges the State Division of Human Rights with the authority to investigate and resolve complaints of discrimination; promote human rights through affirmative measures; develop, articulate, and advocate human rights policy and legislation; and act as a resource to assist public and private entities in preventing or eliminating discrimination.

New York State Civil Service Law Section 55-a

New York State Civil Service Law Section 55-a was enacted to encourage municipal employers to hire and employ qualified persons with disabilities in positions that would be reserved for the competitive class by designation of positions having duties which may be performed by persons with physical or mental disabilities. Civil Service Law Section 55-a requires the municipal employer to treat employees appointed pursuant to section 55-a as if they were employees in the competitive class with regard to abolishment, reduction in rank or salary grade, suspension or demotion of positions.

New York State Labor Law

In 2018, New York State promulgated laws to combat sexual harassment in the workplace, including requiring all public and private employers in New York State, regardless of the size or nature of the business to establish a sexual harassment prevention policy and sexual harassment prevention training that equals or exceeds the minimum standards provided by the model sexual harassment prevention policy developed by the New York State Department of Labor in consultation with the State Division of Human Rights. The New York State Public Officers Law also requires officers and employees of the state or of any public entity to reimburse the entity for any state or public payment made upon a money judgement of intentional wrongdoing related to a claim of sexual harassment.

The Department of Labor Division of Labor Standards enforces EEO related Labor Laws such as paid family leave and provisions for nursing mothers to receive break time to express breast milk at work.

Federal EEO Laws

Federal laws prohibit workplace discrimination and require that federal, state and local governments, educational institutions, labor organizations and private employers with fifteen (15) or more employees provide equal opportunities to employees and applicants for employment. Under federal law, discrimination is prohibited in recruitment, selection, promotion, layoffs, benefits, compensation, and other aspects of employment based on:

Race, Color, Religion, Sex, National Origin: Title VII of the Civil Rights Act of 1964, as amended, protects applicants and employees from discrimination in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment, on the basis of race, color, religion, sex (including pregnancy), or national origin. Religious discrimination includes failing to reasonably accommodate an employee's religious

practices where the accommodation does not impose undue hardship.

Individuals With Disabilities: Title I of the Americans with Disabilities Act of 1990, as amended, and ADA Amendments Act of 2008, prohibits discrimination “against a qualified individual on the basis of disability in regard to job application procedures, the hiring, advancement, or discharge of employees, employee compensation, job training, and other terms, conditions, and privileges of employment.” This includes using qualification standards, employment tests or other selection criteria that screen out or tend to screen out an individual with a disability or a class of individuals with disabilities unless the standard, test or other selection criteria, as used by the covered entity, is shown to be job-related for the position in question and is consistent with business necessity. Employment discrimination on the basis of disability includes not making reasonable accommodations to known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, barring undue hardship. The law also protects from discrimination because of asserting one’s rights and based on having a relationship with a person with a disability.

Section 503 of the Rehabilitation Act of 1973, as amended, requires that government entities that work on or under federal contracts refrain from discriminating in employment against individuals with disabilities, and requires these employers to take affirmative action to recruit, hire, promote, and retain individuals with disabilities at all levels of employment, including the executive level.

Disabled, Recently Separated, Other Protected, and Armed Forces Service Medal Veterans: The Vietnam Era Veterans’ Readjustment Assistance Act of 1974, as amended, 38 U.S.C. §4212, prohibits job discrimination and requires affirmative action to employ and advance in employment veterans who are disabled or recently separated (within three (3) years of discharge or release from active duty); who served during a war or in a campaign or

expedition for which a campaign badge has been authorized; and Armed Forces service medal veterans (veterans who, while on active duty, participated in a U.S. military operation for which an Armed Forces service medal was awarded).

Age: The Age Discrimination in Employment Act of 1967, as amended, protects applicants and employees forty (40) years of age or older from discrimination based on age in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment.

Sex: The Lilly Ledbetter Fair Pay Act of 2009 strengthened the protections against sex discrimination under Title VII of the Civil Rights Act, and the Equal Pay Act of 1963, which prohibits sex-based wage discrimination between men and women in the same establishment who perform jobs that require substantially equal skill, effort, and responsibility under similar working conditions. Under the Lilly Ledbetter Fair Pay Act of 2009, the statutory time period to file a claim for discrimination in compensation is measured not only from the time a discriminatory compensation decision or practice is adopted, but also when the employee or applicant is affected by application of the discriminatory compensation decision or practice, including each time wages, benefits, or other compensation is paid as a result of such a decision or practice.

Genetics: Title II of the Genetic Information Nondiscrimination Act (GINA) of 2008 protects applicants and employees from discrimination based on genetic information in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment. GINA also restricts employers’ acquisition of genetic information and strictly limits disclosure of genetic information. Genetic information includes information about genetic tests of applicants, employees, or their family members; the manifestation of diseases or disorders in family members (family medical history); and requests for or receipt of genetic services by

applicants, employees, or their family members.

Retaliation: Federal EEO laws prohibit covered entities from retaliating against a person who files a charge of discrimination, participates in a discrimination proceeding, or otherwise opposes an unlawful employment practice.

filing with the EEOC must occur within 300 days (42 U.S.C. 2000e-5(e)).

City employees have the right to file a complaint of employment discrimination with their entity's EEO Professional prior to contacting any of the federal, state, and local entities listed above.

Audits: Evaluating and Monitoring Procedure

Review and Evaluation

The purpose of an EEPC audit is to analyze and evaluate a municipal entity's employment practices and EEO Program to ensure that it fulfills the EEO-related responsibilities assigned by the City Charter.

The EEPC audit examines an entity's efforts to establish and maintain:

- ✚ affirmative plans, measures, and programs to provide equal opportunities for minority group members and women,
- ✚ a firm policy against discriminatory employment practices,
- ✚ a meaningful and responsive procedure for investigating discrimination complaints, and
- ✚ a program to educate employees about unlawful discriminatory practices.

The EEPC adopted uniform standards to review, evaluate, and monitor entities' employment and EEO-related practices, procedures, approaches, measures, standards, programs, and policies for compliance with local, state and federal laws, regulations, policies and procedures designed to increase equal opportunity for women, minorities, and other employees and job applicants identified for protection from discrimination. These standards are founded upon and consistent with federal, state and local laws, regulations, procedures and policies including but not limited to, the Citywide Equal Employment Opportunity Policy - Standards and Procedures to be Utilized by City Entities; the employment provisions of the New York City Human Rights Law (NYC Administrative Code, Title 8); New York State Human Rights Law (New York Executive Law, Article 15); the New York State Civil Service Law, §55-a; the Uniform Guidelines on Employee Selection Procedures (29 CFR §§1607.3 - 1607.7); the

Americans with Disabilities Act and its Accessibility Guidelines, as amended; and the equal employment opportunity requirements of the City Charter. Prescribed corrective actions are consistent with the aforementioned parameters.

The EEPC is not authorized to investigate individual complaints of employment discrimination and does not issue findings of discrimination pursuant to the New York City Human Rights Law. The EEPC's audit, evaluation and monitoring processes provide a mechanism to ensure each municipal entity institutes and maintains properly structured, efficiently administered employment opportunity practices that comply with federal, state, and city equal employment opportunity laws, requirements, policies and practices calculated to avert errors in judgment or procedure from potentially becoming allegations of employment discrimination.

Subject Areas

A typical EEPC audit examines the following aspects of a municipal entity's EEO program: Issuance, Distribution and Posting of EEO Policies; EEO Training; Discrimination and Sexual Harassment Complaint and Investigation Procedures; Review and Analysis of Employment Practices; Discrimination Complaints and Legal Activities; Selection and Recruitment Systems (including Career Counseling, if applicable); EEO and Reasonable Accommodations Procedures for Employees and Applicants for Employment with Disabilities; Responsibility for EEO Plan Implementation (EEO Professionals, Supervisors, and Managers); and EEO-related Reporting Standards for Entity Heads.

Methodology

The EEPC's audit, review and evaluation commences with distribution of an Audit Overview Chart at the initiation of each audit. This document introduces the EEPC Interview Questionnaire Topics, Documents Suggested for Reference/Upload, and the estimated time needed to complete each questionnaire. The

audit proceeds with the collection and analysis of documents, records and data that an entity provides in response to the EEPD Preliminary Interview Questionnaires (PIQs); review of the entity's Annual EEO Plans and Quarterly EEO Reports; analysis of utilization data from the Citywide Equal Employment Database System (CEEDS); and review of responses to interview questionnaires for EEO professionals and others involved in EEO program administration.

Preliminary Interview Questionnaires

The EEPD utilizes online interview questionnaires referred to as PIQs (Preliminary Interview Questionnaires) to gather the necessary information and data from the relevant employees, including, but not limited to, past or current EEO Officers, Deputy or Co-EEO Officers, EEO Counselors, EEO Trainers, EEO Investigators, Disability Rights Coordinators, Career Counselors, Section 55-a Program Coordinators, and others involved in employment and EEO program administration such as the Entity Counsel and Human Resources/Personnel Directors. The municipal entity is typically given three (3) weeks to complete the individual interview questionnaires regarding their role in their agency's employment practices and programs, complaint investigation program, sexual harassment prevention program and EEO program as a whole. The recently revised PIQs were upgraded to include the additional functionality that allowed files (and other relevant documents) to be uploaded simultaneously whilst responding to the questions. The interview questionnaires aim to collect relevant information in the most effective and concise manner for the entity. When necessary, the EEO Program Analysts also conduct follow-up discussions or interviews with EEO personnel.

Citywide Equal Employment Database System (CEEDS) Reports

The EEPD's EEO Program Analysts review data from CEEDS to better understand the municipal entity's workforce. The EEPD utilizes the CEEDS Reports generated by DCAS. The

CEEDS Workforce Composition Summary Report provides a snapshot of the entity's workforce by EEO job group category, job title, ethnicity and gender. This report gives the EEPD the necessary baseline information on the entity's workforce for a specific period. The CEEDS Ethnic/Gender Summary by Agency, Type, Job Group and Title Report provides the entity's hires, promotions, and separations by EEO job group, job title, ethnicity and gender. Such personnel transactions are reviewed in order to ascertain a municipal entity's employment practices. The Work Force Compared with Internal & External Pools Report provides underutilization information by EEO job group, ethnicity and gender. This report examines the concentrations of race/gender groups within a municipal entity's workforce, and imbalances between the number of employees in a particular job category and the number that would reasonably be expected when compared to their availability in the relevant labor market. Where underutilization is revealed within a municipal entity's workforce, EEO Program Analysts assess whether the entity has undertaken reasonable measures to address it. (CEEDS may be unavailable for certain non-mayoral entities. In such cases, the EEPD requests that these entities submit similar statistics and analyses.). These reports provide the EEPD with tangible data, which, in combination with the responses given by the entity, assists in producing findings that are thorough, detailed and holistic in nature.

Discrimination

The EEPD's EEO Program Analysts review the complaint and investigation component of a municipal entity's EEO Program to ascertain whether it has established effective, uniform and responsive procedures for investigating discrimination complaints. EEO Analysts examine the number and types of complaints the municipal entity has received; the availability of personnel for complaint intake and investigation; the complaint tracking and monitoring system; documentation of investigations conducted; communications between the municipal entity and parties to a

complaint and the roles responsibilities of the EEO personnel, Entity Council and Entity Head in the complaint investigation process..

After a review and analysis of documents, records and data, the EEPC issues its Preliminary and Final Determination Letters, which delineate audit findings and corrective actions, if any, a municipal entity should take to achieve compliance with city, state, federal EEO laws, regulations, policies and procedures.

Merging of Audit, Evaluation and Compliance-Monitoring Procedures

Preliminary/Final Determination

If the EEPC makes a preliminary determination that a municipal entity has adopted or utilized a plan, program, procedure, approach, measure or standard that does not provide equal employment opportunity; and/or has not provided equal employment opportunity, the EEPC notifies the entity in writing of its findings, prescribes appropriate corrective action, and provides an opportunity for response.

The EEPC then considers the response and consults with the entity. If corrective actions taken or planned by the entity are not sufficient to correct the non-compliance identified in the Preliminary Determination, the EEPC issues a Final Determination which includes any remaining corrective action, to which the entity must respond within thirty (30) days. If the entity opts to forego responding to the Preliminary Determination, that Determination becomes the Final Determination to which the entity is required to respond.

Merging of Audit, Evaluation and Compliance-Monitoring Procedures

The EEPC's compliance-driven procedures eliminate findings of non-compliance when a municipal entity demonstrates it has taken corrective activity during the audit. The EEPC issues a Preliminary Determination after its initial EEO program audit and evaluation; the entity may issue an optional response; if the entity submits a response with attached

documentation of corrective activity since the initial analysis, the EEPC revises or eliminates any corresponding corrective action. The Board votes on a Resolution to issue a Final Determination with contemporaneous findings/corrective action, if any, and assigns a period of up to six (6) months for monitoring. The entity is then monitored for a written reply and implementation of the remaining corrective action(s).

Entities that demonstrate implementation of all corrective actions prior to the issuance of or in response to a Final Determination are exempt from a period of monitoring for compliance.

Compliance -Monitoring Procedure

After receiving the entity's written reply, the EEPC commences monitoring the entity's efforts to achieve compliance for a period of up to six (6) months. During this period, the entity submits monthly compliance monitoring updates on its progress implementing any remaining corrective action. Each entity receives an assigned period of up to six (6) months for compliance monitoring; however, implementing corrective actions immediately is encouraged.

Determination of Compliance

At the end of an entity's assigned compliance monitoring period, the Board votes on a Resolution to issue a *Determination of Compliance* (or *Non-Compliance*). In order for the EEPC to determine that an entity has satisfactorily completed the compliance monitoring phase of the audit, the EEPC requires the Entity Head to inform employees of the corrective actions that the entity received and implemented as a result of the EEPC's audit.

Because the City Charter mandates the EEPC to recommend actions entities should consider including in their Annual EEO Plans, the EEPC also requires that an entity incorporate the corrective actions into prospective EEO Plans and its EEO Program.

Non-Compliance

After six (6) months of monitoring, if the EEPC determines that an entity has not taken appropriate and effective corrective action, the entity will receive a *Determination of Non-Compliance*, and will be subject to another audit and evaluation in less than four (4) years. Thereafter, the EEPC will take appropriate steps as outlined in City Charter, Chapter 36, Section 832(c), which include notifying the entity in writing and publishing a report of its findings and prescribed corrective action.

For mayoral entities: In addition to the aforementioned, the EEPC may recommend to the Mayor whatever appropriate corrective action it deems necessary to ensure that the entity's EEO Program provides equal employment opportunity to employees and applicants for employment.

Availability of Audit Determinations

Pursuant to Local Law 11 and Chapter 49, Section 1133(a) of the City Charter, the EEPC forwards electronically publishes each entity's audit Determinations, responses, Resolutions (which includes the corrective actions the entity has implemented), and the entity head's memorandum to staff on the Open Records portal maintained by the Department of Records and Information Services.

Audit Process: Compliance or Non-Compliance?

Audit Types

An audit is a methodical review and analysis for evaluating the condition of a municipal entity's practices, procedures, and programs, and its efforts to ensure fair and effective equal employment opportunity for women, minority group members and other employees and job applicants identified for protection from discrimination. It concludes upon the implementation of corrective action, if any. The EEPC has developed and uses various audit types as described below.

General Employment and EEO Program Audit

A general employment and EEO Program audit is comprehensive in scope and assesses a municipal entity's employment and EEO program, policies and/or practices for compliance with the EEPC's standards and local, state and federal rules, regulations, laws and policies designed to increase equal opportunity for employees and job applicants.

Municipal Entities with 150 or more employees

For entities with 150 or more employees, the EEPC uses broad protocols that examine employment practices and EEO program including, but not limited to personnel, discrimination complaint and legal activities; issuance, distribution and posting of EEO policies and procedures; EEO and sexual harassment prevention training; discrimination and sexual harassment complaint and investigation procedures; recruitment and selection systems; career counseling; accessibility of facilities for employees and applicants for employment with physical disabilities; reasonable accommodations for employees/applicants for employment with disabilities; responsibility for EEO plan implementation (EEO professionals and supervisors/managers); and reporting standards for entity heads.

Municipal Entities with fewer than 150 employees

Specific protocols are used for a general employment and EEO Program audit of municipal entities with fewer than 150 employees. These smaller municipal entities are evaluated to ensure that they: issue, distribute, and post EEO and sexual harassment prevention policies and an EEO/sexual harassment prevention Policy Statement; promote EEO in internal/external job advertisements; provide EEO and sexual harassment prevention training to employees; appoint trained and appropriate EEO personnel for complaint intake/investigation (or secure such personnel through a memorandum of agreement with another entity); establish a procedure whereby employees may request and receive consideration for reasonable accommodations; ensure that facilities are accessible for employees and applicants for employment with physical disabilities; and maintain reporting standards for entity heads.

Community Boards (five or fewer employees)

The Community Boards are comprised of unsalaried members appointed by the respective Borough Presidents, a full time, salaried District Manager and between one and five (1-5) salaried support staff to administer its District Office. Under the EEPC's protocol for audits of Community Boards, the expectation is that each Community Board adopts and distributes the respective Borough President's EEO policies. (A Community Board may, however, adopt the Citywide EEO Policy.) A typical audit and evaluation of a Community Board evaluates: the issuance, distribution, and posting of EEO Policies; consultation and cooperation with the Borough President's EEO Officer on EEO issues; dissemination of EEO information/EEO training for employees; discrimination complaint system; posting of job vacancies; use of an EEO tagline in advertising; and assessment of facilities for accessibility to applicants/employees with disabilities.

Issue-Specific Audits

The EEPC also developed the following issue-specific audit and evaluation protocols:

Employment Practices Audit (EPA)

The EPA (formerly the Selection and Recruitment Audit) evaluates an entity's workforce data and employment practices (i.e. recruitment, selection, and retention), policies, programs, and procedures to identify whether the entity affords equal opportunities in the terms and conditions of employment by establishing and utilizing tools that eliminate potential barriers.

The EEPC audits, evaluates and monitors whether the entity has conducted an assessment of its recruitment or selection procedures to determine if there is adverse impact upon any particular racial, ethnic, disability, or gender group; and the entity's development of plans to correct deficiencies (e.g. underutilization) within the entity's selection, recruitment, and retention systems. If underutilization or adverse impact is identified in titles where an entity has discretion in hiring, the EEPC examines the entity's efforts toward remedial measures.

Typical remedial measures would include identifying titles within particular job groups which experience underutilization; targeting recruitment strategies; training personnel involved in the recruitment and selection processes to effectively recruit and identify the most capable candidates; developing a recruitment and/or selection plan to increase employment opportunities for titles closed for recruitment; and establishing and utilizing tools that afford equal opportunity (e.g. annual performance evaluation programs that assess employee and managerial performance and substantiate employment decisions made with regard to probation, promotion, assignments, incentives and training).

The EEPC also examines the entity's EEO obligations as a result of government grants and/or contracts and what, if any, corrective

actions are required under court decrees and/or governmental audits.

Discrimination Complaint and Investigation Procedure Audit (DCIPA)

The DCIPA evaluates the complaint and investigation component of an entity's EEO Program to ascertain whether the entity has established a meaningful and responsive procedure for investigating discrimination complaints. EEO Program Analysts examine the number and types of complaints the entity has received; the entity's complaint intake process, complaint investigation procedures, and complaint files; the timeliness with which complaints are investigated; the availability and training of personnel for complaint intake and investigation; and the roles and responsibilities of EEO Professionals, related personnel, Entity Counsel and entity head in the entity's complaint investigation process.

Although the EEPC may conduct a DCIPA in cases where a municipal entity has received either excessive discrimination complaints or a saturation of a particular complaint type, these conditions are not prerequisites to this type of audit.

Sexual Harassment Prevention and Response Practices Audit (SHPPRA)

The SHPPRA framework examines and evaluates components of the entity's workforce and workplace structure. The SHPPRA entails review of policies instituted to prevent sexual harassment; procedures for receiving and investigating sexual harassment complaints; review of documentation of complaints investigated, determinations made, and remedial action taken; the roles and responsibilities of EEO professionals, Entity Counsel and the entity head in sexual harassment complaint intake, investigation and response procedures; and the entity's sexual harassment prevention awareness and training program.

The corrective actions most frequently issued and implemented during the 2019 SHPRA are included in Appendix IV.

Disability, Accessibility & Reasonable Accommodation Audit (DARAA)

The DARAA examines the policies, practices, procedures and efforts the entity has made to employ, promote and/or accommodate qualified individuals with disabilities. This includes availability of trained personnel dedicated to implementation of the reasonable accommodation procedures, and review of reasonable accommodation procedures for compliance with federal, state, and local laws, as well as City and entity policies pertaining to employees, and applicants for employment, with disabilities.

The DARAA also reviews an entity's assessment of accessibility of its facilities, barriers within its facilities and the efforts the entity has taken, or will take, to remove barriers pursuant to the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities.

Compliance-Monitoring

City Charter Chapter 36, Section 832(c) authorizes the EEPD to make a determination that any plan, program, procedure, approach, measure, or standard utilized by any municipal entity does not provide equal employment opportunity; require appropriate corrective action; and assign a compliance-monitoring period of up to six (6) months to monitor efforts taken to eliminate areas of non-compliance, if any. The entity is required to respond in thirty (30) days and submit a report each month during this period on the progress of efforts taken to correct outstanding areas of non-compliance.

At the end of the Monitoring Period, a *Determination of Compliance* is issued if the EEPD determines that the entity eliminated areas of non-compliance and satisfied the equal employment standards set by the EEPD pursuant to its authority under City Charter Chapters 35 and 36.

If an entity was monitored for up to six (6) months to satisfy the corrective actions prescribed, and received a *Determination of Compliance* as a result, it is assigned “Compliance With Monitoring” status.

NYC Open Data

New York City Local Law 11 of 2012 (Open Data Law) mandates that all "public" data be made freely available on a single web portal. According to the Open Data Law, a "public dataset" is any comprehensive collection of data that is maintained on a computer system by, or on behalf of, a City entity. *NYC Open Data*, which is the free public data published by New York City entities, provides an opportunity to engage New Yorkers in the information that is produced and used by City government.

The EEPIC is committed to *NYC Open Data* for all to increase transparency, accountability, and accessibility within City government. To that end, the EEPIC appointed an Open Data Coordinator, who serves as the main point of contact for the public, and works to identify, document, structure, and manage the EEPIC's public datasets. In 2019, the EEPIC continued to identify and develop datasets, with accompanying data dictionaries, to be published on the NYC Open Data Portal.
