HUGH J. GRANT, Mayor.

Resolved, That an improved iron drinking-fountain, for man and beast, be placed on the sidewalk, near the curb, on the northwest corner of One Hundred and Sixty-first street and Sedgwick avenue, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

To the Honorable the Board of Aldermen :

I return, without approval, the resolution of your Honorable Body, adopted May 19, 1891, which provides for the placing of an improved drinking-fountain at the southwest corner of One Hundred and Sixty-first street and Sedgwick avenue.

The Commissioner of Public Works reports that, according to the latest official map, completed in January last, there is no such location as the junction or intersection of One Hundred and Sixty-first street and Sedgwick avenue.

HUGH J. GRANT, Mayor.

Resolved, That an improved iron drinking-fountain be placed on the sidewalk, near the curb, on the southwest corner of One Hundred and Sixty-first street and Sedgwick avenue, under the direction of the Commissioner of Public Works.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
June 1, 1891.

To the Honorable the Board of Aldermen :

I return, without approval, the resolution of your Honorable Body, adopted May 29, 1891, permitting one E. J. Freedman to "examine and make extracts from the early records and unpublished minutes of the Common Council."

These records are to a certain extent public and open at reasonable hours and under ordinary circumstances to the inspection of the public, but it appears that the desire in the present instance is to make voluminous extracts from the records relative to the rights of the city to the water-front, which information might subsequently be used to the detriment of the city's interests. Such a precedent would, at least, be a bad one.

HUGH J. GRANT, Mayor.

Resolved, That E. J. Freedman be and is hereby granted leave to consult and make such extracts as he may desire from the early records and unpublished minutes of the Common Council of this city, now deposited in the office of the Clerk of the Common Council, at such time and in such manner as may be fixed by the Clerk of the Common Council, who is hereby authorized and requested to afford every facility to the said E. J. Freedman for such purpose.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
May 29, 1891.

To the Honorable the Board of Aldermen :

I return, without approval, the resolution of your Honorable Body, adopted May 19, 1891, which provides for the lighting of One Hundred and Seventy-ninth street, from Webster to Vanderbilt avenue, and of Vanderbilt avenue, from One Hundred and Seventy-eighth to One Hundred and Seventy-ninth street.

The Commissioner of Public Works reports that neither of these two streets has been regulated and graded, and that there is, consequently, no proper place on which to put public lamps. The resolution is, therefore, premature.

HUGH J. GRANT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in One Hundred and Seventy-ninth street, from Webster to Vanderbilt avenue, and in Vanderbilt avenue, from One Hundred and Seventy-eighth to One Hundred and Seventy-ninth street, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
May 29, 1891.

To the Honorable the Board of Aldermen :

I return, without approval, the resolution of your Honorable Body, adopted May 19, 1891, permitting the erection and maintenance of a storm-door in front of No. 34 Grand street.

While many such storm-doors exist they are but illegal obstructions on the sidewalks and I doubt the authority of the Common Council to give permission for their erection.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Thomas Harnett to place and keep a storm-door in front of the entrance to his premises, No. 34 Grand street (dimensions, three feet ten inches wide, four feet long and eight feet high), the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Comptroller :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 2, 1891.

To the Honorable the Board of Aldermen of the City of New York :

Section 212 of the New York City Consolidation Act of 1882 provides as follows : " It shall be the duty of the Comptroller of said city to prepare and submit to the Board of Aldermen at least four weeks before the annual meeting, in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year, on account of the corporation of the City of New York, or for city purposes within said city ; and also an estimate of the probable amount of receipts into the city treasury during the then current year, from all the sources of revenue of said general fund, including surplus revenues from the sinking fund available in accordance with law, other than the surplus revenues of the sinking fund for the payment of the city debt ; and the said Board of Aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised by tax only the balance of said aggregate amount, after making such deduction."

In pursuance of the foregoing provision of law, I have the honor to submit to your Honorable Body a statement setting forth in detail the amount by law authorized and required to be raised by tax in and for the year 1891, on account of the Corporation of the City of New York, or for city purposes within said city, as follows, to wit :

The Final Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, in each department and branch thereof, and of the Board of Education, for the fiscal year 1891, as adopted by the Board of Estimate and Apportionment on Wednesday, December 31, 1890, for which appropriations were made, aggregating the sum of thirty-five million nine hundred and sixty thousand eight hundred and ninety-one dollars and twenty-two cents (\$35,960,891.22), in which estimate is included such sum as is necessary for the payment of interest on the bonds of the said city and county which becomes due and payable within said year which is not otherwise provided for ; also, such sum as is necessary to be raised by tax to pay the principal of any bonds and stocks which becomes due and payable during the said year which is not otherwise provided for ; also, the amount to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued to provide for the supply of water, pursuant to the provisions of section 11 of Article VIII. of the Constitution of the State of New York, as amended in 1884 ; also, the amount appropriated to charitable institutions required by law, and also so much as may be necessary to pay the proportion of the State tax required to be paid by the City and County of New York in said year 1891.

From the aggregate amount of the Final Estimate for said year 1891 is to be deducted the sum of two million eight hundred thousand dollars (\$2,800,000), supplied by the General Fund for the reduction of taxation, that sum being the amount of the estimated receipts of said fund payable into the City Treasury during the said year 1891 derived from all sources of revenues applicable to and available for this object, including unexpended balances of appropriations of previous years and surplus moneys in the Excise Fund transferred to the General Fund, less the sum of twenty-one thousand eight hundred and ten dollars and eighty-eight cents (\$21,810.88), not deducted from the appropriations, as follows :

I, Theodore W. I further certify that the estimated amount of the revenues derived from all sources of the General Fund, in the year 1891, is two million eight hundred and twenty-one thousand six hundred and ten dollars and eighty-eight cents (\$2,821,610.88), as stated in detail in a communication to your Honorable Body herewith submitted, setting forth the amounts by law authorized to be imposed and raised by tax in and for the said year 1891, from which amount is deducted the sum of twenty-one thousand six hundred and ten dollars and eighty-eight cents (\$21,610.88), leaving two million eight hundred thousand dollars (\$2,800,000) as the amount of estimated revenues of the General Fund applied to the reduction of taxation by the Board of Estimate and Apportionment.

THEO. W. MYERS, Comptroller.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination, of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the several classes of the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, or of a notification of the Engineer-in-Chief of the Department of Docks, and all the work to be done under the contract is to be fully completed on or before the first day of October, 1891, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work comprised in all the classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until Friday, June 5, 1891, at 10 A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Addition to Harlem Hospital," and with his or their name or names, and the date of presentation, to the head

of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of FIVE HUNDRED (\$500) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security, as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

The form of the contract, including specifications showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

Dated New York, May 22, 1891.
