PROVISIONAL ESTIMATE FOR 1882.

(G. O. 420.)

The President laid before the Board the following:

Resolved, That the Provisional Estimate made by the Board of Estimate and Apportionment on October 31, 1881, of the amounts required to pay the expenses of conducting the public business in the City and County of New York, in each Department and branch thereof, and the Board of Education, for the next ensuing financial year, to wit, for the calendar year eighteen hundred and eighty-two (1882), be submitted to the Board of Aldermen, with the reasons for it in detail, as required by section 112 of chapter 335 of the Laws of 1873.

REASONS FOR THE PROVISIONAL ESTIMATE FOR THE YEAR 1882.

The Provisional Estimate for the year 1882, herewith submitted to the Board of Aldermen of the City of New York, has been adopted and agreed on by the Board of Estimate and Apportionment.

The amounts allowed are such as are prescribed or provided for by law, or such as conform to the Departmental Estimates and to the estimates of necessary expenditures other than those included in Departmental Estimates, except as to the amount of certain items, for which appropriations were asked for, that have been modified or disallowed by the Board of Estimate and Apportionment in making such Provisional Estimate, in the manner and for the reasons stated in detail under the heads of appropriations respectively:

The Common Council.

The sum of \$64,250 is appropriated, being the amount required in the Estimate to pay the expenses of the Common Council in the year 1882, of which amount the sum of \$45,000 is provided by law for salaries of the Aldermen; the sum of \$18,000 is allowed for Clerks and Officers, and \$1,250 for contingencies, these latter sums being deemed sufficient for the purposes specified.

The Mayoralty.

The sum of \$30,000 is appropriated for the Mayor's Office, being the amount of the Estimate for the expenses in the year 1882, and which amount is deemed sufficient.

The Finance Department.

The sum of \$200,500 is appropriated, being the amount of the Departmental Estimate for the year 1882; the amount for salaries, Chamberlain's Office, is reduced \$5,000, under chapter 551, Laws of 1880. The sum appropriated is deemed sufficient.

State Taxes.

The sum of \$2,827,287.73 is appropriated as the quota of State Taxes assessed upon the County of New York, including the salary of the Shore Inspector, as provided by law, and being \$1,443,472.27 less than the amount in 1881, which included the sum of \$731,609.57, appropriated for the new capitol of the State, for which purpose no appropriation was made by the State.

Interest on the City Debt, Payable from Taxation.

The sum of \$8,191,988.45 is appropriated as required by law, including interest on the Debt of the territory annexed from Westchester County, and being \$48,977 less than the amount appropriated for the purpose in 1881.

Redemption of the Principal of the City Debt.

The sum of \$297,609.24 is appropriated, as required by law, including \$40,000 for the Debt of the Annexed Territory, and \$157,609.24, payable from taxation annually for the redemption of bonds and stocks issued after June 3, 1878, as provided by section 8 of chapter 383 of the Laws of 1878.

Rents of Armories and Drill-rooms and other Premises.

The sum of \$69,040.38 is appropriated for rent of Armories and Drill-rooms, and \$40,000 for rent of other premises used for public purposes under leases by the city.

Judgments.

The sum of \$300,000 is appropriated, estimated to be required for that purpose in 1882.

The Law Department.

The sum of \$144,928 is appropriated for the salaries and other expenses of this Department, including the Bureau of the Corporation Attorney, the Public Administrator, and the Attorney for the Collection of Arrears of Personal Taxes, which sum is deemed sufficient.

The Department of Public Works.

The sum of \$2,389,900 is appropriated for all purposes of this Department, which amount is deemed sufficient for the ensuing year.

The Department of Public Parks.

The sum of \$644,500 is appropriated for all purposes of this Department for the year 1882, which is deemed sufficient.

The amount is \$701,000 less than the Departmental Estimate, various items being reduced and disallowed.

The Department of Public Charities and Correction.

The sum appropriated is \$1,312,500, being \$7,500 less than the Departmental Estimate.

The amount required for 1882 is not so great as for the present year, for the reason that appropriations are not required for the construction of buildings, and the amount is \$174,916 less than in the year 1881.

The sum of \$2,500 was appropriated for expense of burial of honorably discharged soldiers and sailors or marines, under chapter 203, Laws of 1881.

The Health Department.

The sum of \$296,262 is appropriated, being \$13,390 less than the Departmental Estimate, on salaries and some other items therein in excess of the amounts required.

The Police Department.

The sum appropriated is \$3,360,680, being \$40,060 less than the appropriation for 1881, and \$212,430.50 less than the Departmental Estimate for 1882, being a reduction of \$88,200 for salaries of additional Sergeants, Patrolmen, and Doorman; \$4,464 for salaries clerical force; \$10,266.50 for supplies for Police; \$9,500 for alterations, fitting up, etc., station-houses, and \$100,000 for construction of two new station-houses in Twenty-eighth and Thirty-fourth Precincts.

These reductions are made mainly for the reason that the necessity for an increase of the Police force is not apparent, further information being required, and that it is not deemed advisable to make so large an expenditure for new station-houses at this time.

The Department of Street Cleaning.

This Department was created by chapter 367, Laws of 1881.

An appropriation is made of \$1,000,000 for the cleaning of the streets, removing ashes and garbage, and snow and ice, and also for purchase of new plant.

This sum may be reduced in the Final Estimate, as it is proposed by the Commissioner to enter into contracts to carry out the provisions of the law.

The Fire Department.

The sum of \$1,464,850 is appropriated, being \$34,000 less than the Departmental Estimate for 1882, for new houses, for engine and hook and ladder companies, which expenditure, it is believed, may be judiciously postponed until the following year.

The Department of Taxes and Assessments.

The sum of \$101,600 is appropriated, being \$1,000 more than the appropriation for 1881, and \$3,700 less than the Departmental Estimate for 1882, the amount allowed being deemed sufficient.

The Board of Education.

The sum of \$3,500,000 is appropriated for the public schools in 1882, this amount being deemed sufficient for conducting them and providing for all necessary expenditures during the ensuing year, including the purchase of sites for and the construction of school buildings.

In some sections of the city the school accommodations are said to be more than are required, while in others they are deficient, especially in regard to primary schools.

If the school buildings where they are not needed were sold and a better distribution of the public schools were made, this difficulty would be, to a great extent, obviated; while under an economical system of conducting them, it is believed they would be supported at much less expense, and with greater public benefit.

The College of the City of New York.

The sum of \$140,000 is appropriated, being the same in amount as for last year, which is deemed to be sufficient for this purpose in the ensuing year.

Advertising, Printing, Stationery, and Blank Books.

The sum of \$171,200 is appropriated, being the amount of the Departmental Estimate and of the Appropriation for 1881.

Salaries—City Courts.

The sum of \$336,100 is appropriated, being \$13,085 less than the Departmental Estimate for 1882, and \$200 more than the appropriation for 1881.

The salaries of the city courts being fixed by law, limited discretionary power over the appropriations for this purpose is vested in the Board of Estimate and Apportionment.

The sum of \$10,000 asked for by the Board of Police Justices for the salaries of five Stenographers is disallowed, their services not being considered necessary.

Were discretionary power vested in the Board of Estimate and Apportionment in the regulating of the number and salaries of Clerks and Attendants, the allowance for this purpose would be materially reduced.

The Judiciary.

The sum of \$870,250.58 is appropriated under this head for salaries of Judges, Clerks, Officers, and all persons connected with the Judiciary and the County Officers, excepting the Police and Civil District Courts.

The same discretionary power in regard to the number and salaries of the Clerks and Attendants of the Courts referred to above, would also enable the Board of Estimate and Apportionment to materially reduce the allowance for that purpose.

Coroners' Fees.

The sum appropriated is \$50,977.76, being a reduction of \$1,500 on the Departmental Estimate for post-mortem examinations, and \$4,977.76 more than the appropriation for 1881, arising from additional allowances, as provided by chapter 465, Laws of 1881.

Sheriff's Fees.

The sum of \$50,000.00 is appropriated, the amount of the estimate for 1882, and \$10,000.00 more than the appropriation for 1881, in consequence of increased expenses under the new Code.

Election Expenses.

The sum of \$160,150.00 is appropriated, this amount being deemed sufficient for this purpose.

Miscellaneous Purposes.

Appropriations are made for the several purposes under this head, as follows:

Armories and Drill-rooms—Wages of Armorsers	\$13,182 00

	50,000 00

The several amounts named are deemed sufficient for these objects.

Asylums, Reformatories, and Charitable Institutions.

The sum of \$1,004,956.86 is appropriated, being \$21,191.45 less than the appropriation for 1881, and a reduction of \$67,153.64 on the total amount of the estimates for this purpose in 1882.

These appropriations are made in pursuance of the requirements of law, allowing specific sums annually and per capita payments for the support of the inmates of the institutions.

Revisionary Powers of the Board of Estimate and Apportionment.

The Board of Estimate and Apportionment possesses only very limited powers of revision over the Departmental Estimates and total amount of the annual appropriations.

About two-thirds of the total annual appropriations are for objects and purposes, the amount of which is either fixed or provided for by law, upon which the Board can exercise no revisionary or discretionary authority, such as the State taxes, redemption of the principal and payment of the interest of the city debt, salaries of the judiciary, city courts, public officers, Fire and Police Departments, asylums, reformatories, and charitable institutions, and other objects and purposes, leaving about one-third only of the total annual appropriations subject, in a partial degree, only to revision by the Board of Estimate and Apportionment.

The appropriations in the Final Estimate for the year 1881, amounted to \$31,354,322.59, the sum of \$20,360,839.24 being for objects and purposes fixed or provided for by law, and \$10,993,483.35 for general purposes, including the public schools and other expenses required for conducting the public business in each department and branch of the city government.

DEPARTMENT OF DOCKS,
Nos. 117 and 119 DUANE STREET,
New York, November 10, 1881.

TO CONTRACTORS.

(No. 148.)
PROPOSALS FOR ESTIMATES FOR REMOVING CERTAIN OLD STRUCTURES AND FOR BUILDING A CRIB BULKHEAD, WITH APPURTENANCES, AT COENTIES SLIP, EAST RIVER.

ESTIMATES FOR REMOVING CERTAIN OLD structures and for building a crib bulkhead, with appurtenances, at and across Coenties slip, East river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Nos. 117 and 119 Duane street, in the City of New York, until 12 o'clock M. of

WEDNESDAY, NOVEMBER 23, 1881,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Four Thousand Dollars.

The Engineer's estimate of the nature, quantities, and extent of the work, is as follows:

1. About 169,000 cubic feet, more or less, of crib work, complete, including fenders, mooring posts, and backing logs.
2. Wooden sewer boxes, complete, containing about the following quantities:

	Feet B. M., measured in the work.
a. Yellow Pine Timber, 10" x 12".....	3,260
" " " " 10" x 10".....	4,184
" " " " 6" x 12".....	5,970
" " " " 5" plank.....	1,320
" " " " 4" plank.....	23,052
Total.....	34,731

- b. $\frac{3}{4}$ " x 20", $\frac{3}{4}$ " x 18", $\frac{3}{4}$ " x 10", and 9-16" x 9" square wrought iron dock spikes, about..... 4,300 pounds
- c. 6" cut spikes, about..... 400
- d. Piles to be driven, about..... 108

The Department of Docks will furnish, free of charge to the Contractor, as many of these piles as do not require to be over 22 feet in length. It is expected that these piles will be from 18 to 22 feet in length, but the Contractor will furnish, at his own expense, all those that require to be longer than 22 feet, to bring up, in driving, according to the requirements of the specifications.

- e. About 2,250 lineal feet of timber for covering sewer boxes.

It is expected that enough suitable old material for this purpose can be taken from the old work to be removed under this contract, but if there should not be enough, the Contractor will be required to supply the deficiency at his own expense, in 8 inches by 8 inches yellow pine timber.

- f. 2" Spruce plank, about 5,400 feet B. M., measured in the work.

3. Temporary approach on piles, complete, to Pier 7, in area, about..... 1,500 sq. ft.
4. Temporary plank roadway, about..... 2,200 sq. ft.
5. Belgian pavement, about..... 700 sq. yds.
6. Labor of removing all the old work to be removed under this contract, and the temporary approach on piles and the plank roadway, and for removing the materials from the vicinity of the work.
7. Labor of framing and carpentry, including all moving of timber, jointing, planing, bolting, spiking, painting, and furnishing the materials for painting and labor of every description, for the crib bulkhead, sewer boxes and drains, temporary approach and plank roadway, paving, removals and renewals of piers, required to make room for the crib bulkhead, and to strengthen old work, and raising the grade of inner end of Pier 7 at the new bulkhead.

N. B.—As the above mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and

in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 1st day of March, 1882, and the damages to be paid by the Contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the old structures, to be removed under the contract, will be relinquished to the Contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; and the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made, and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate Box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above his debts of every nature, and over and above his liabilities, as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract for five days after written notice that the same has been awarded to his or their bid or estimate, or if, after acceptance, he or they should refuse or neglect to execute the contract and give proper security for five days after notice that the contract is ready for execution, he or they will be considered as having abandoned it, and the contract will be re-advertised and relet, and so on, until it be accepted and executed.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders will state the price for doing either of the works by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Payment will be made by a requisition on the Comptroller, issued in the manner specified in the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment for the work, will be furnished at the office of the Department.

CHAPTER 33.

AN ACT relative to the collection of taxes and assessments,
and of arrears of taxes and assessments, and Croton
water rents, in the City of New York.
(Passed March 26, 1881; three-fifths being present.)

The People of the State of New York, represented in
Senate and Assembly, do enact as follows:

Section 1. If any taxes of any year shall remain unpaid
on the first day of November, after the assessment-rolls
and the warrants to collect such taxes have been delivered
to the Receiver of Taxes in the City of New York, it shall
be the duty of said Receiver to give public notice, by ad-
vertisement for at least ten days in two of the daily news-
papers, and in the CITY RECORD, printed and published in
said city, respectively, that unless the same shall be paid
to him at his office on or before the first day of December,
in any such year, he will immediately thereafter proceed
to collect such unpaid taxes, as provided in the following
section of this act.

Section 2. If any such tax shall remain unpaid on the
said first day of December, it shall be the duty of the said
Receiver of Taxes in said city to charge, receive, and collect
upon such tax so remaining unpaid on that day, in addition
to the amount of such tax, one per centum on the
amount thereof; and to charge, receive, and collect upon
such tax so remaining unpaid on the first day of January
thereafter, interest upon the amount thereof at the rate of
seven per centum per annum, to be calculated from the
day on which said assessment-rolls and warrants shall have
been delivered to the said Receiver of Taxes to the date of
payment.

The same rate of interest shall be so charged and col-
lected upon any tax levied in the year eighteen hundred
and eighty, remaining unpaid at the date of the passage of
this act.

Section 3. All existing provisions of law which impose a
charge and require the collection of interest at the rate of
twelve per centum per annum upon arrears of taxes on
real and personal estate within the City of New York,
upon arrears of assessments for local improvements and
street openings in said city, and upon arrears of Croton
water rents in said city, are hereby repealed; and in lieu

per annum, there shall be charged and collected by the
officer authorized to collect and receive any such arrears
of taxes and assessments and Croton water rents, interest
upon the amount thereof at the rate of seven per centum
per annum, to be calculated for the same period as inter-

quired by law to be calculated thereon. This provision
shall apply to taxes, assessments, or Croton water rents
remaining unpaid and due, for the non-payment of which
the lands and tenements liable therefor shall be hereafter
sold at public auction as now provided by law; provided,
however, that nothing in this act shall be construed to
affect the rights of purchasers at sales for taxes, assess-
ments, or Croton water rents, heretofore made, or to
authorize the redemption of lands and tenements from
sales heretofore made for any lesser sums than the sums
collectible for such redemption under the provisions of
existing laws.

Section 4. It shall be the duty of the Comptroller of the
City of New York to give public notice by advertisement

for at least ten days, in the CITY RECORD, printed and
published in said city, immediately after the confirmation

confirmation by the Board of Revision and Correction of
Assessments in proceedings for local improvements, and
by the Supreme Court in proceedings for street openings,
and also the date of entry in the record of titles of assess-
ments kept in the Bureau for the Collection of Assessments,
and of Arrears of Taxes and Assessments, and of Croton
water rents, notifying all persons, owners of property
affected by any such assessment, that, unless the amount
assessed for benefit on any person or property shall be
paid within sixty days after the date of said entry of any
such assessment, interest shall thereafter be collected
thereon as provided in the following section of this act,
and all provisions of law or ordinance requiring any other
or different notice of assessments and interest thereon are
hereby repealed.

Section 5. If any such assessment shall remain unpaid
for the period of sixty days after the date of entry thereof
in the said record of titles of assessments, it shall be the
duty of the officer authorized to collect and receive the
amount of such assessment, to charge, collect, and receive
