Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx and the Acting President of the Borough of Richmond—13.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

\$15, within the appropriation made to the Permanent Census Board for the year 1912.

Permanent Census Board, The City of New York, 500 Park Avenue, Third Floor, July 24, 1912.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 280 Broadway, Manhattan:

Dear Sir—I transmit herewith copy of a resolution adopted by the Permanent Census Board at its meeting held July 23, 1912, in regard to the transfer of fifteen dollars from "Supplies and Materials" account to the "Telephone" account for this year, and request that you submit it to the Board of Estimate and Apportionment for action. Very truly yours,

GEORGE H. CHATFIELD, Secretary.

Permanent Census Board, The City of New York, 500 Park Avenue, Third Floor, July 24, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of the Permanent Census Board held July 26, 1911, the following resolution was adopted:

"Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of fifteen dollars (\$15) from Budget account 1280 for the year 1912, entitled 'Supplies and Materials,' which fund admits of a reduction therefrom, to Budget account 1281 for the year 1912, entitled 'Telephone Service,' which last mentioned appropriation is insufficient for its purpose."

Respectfully,

GEORGE H. CHATFIELD, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On July 24, 1912, the Permanent Census Board requested the transfer of \$15 from the 1912 account No. 1280, Supplies and Materials, to No. 1281, Telephone Service.

The transfer is to cover a deficit of \$15 for calls outside the territory covered by the regular contract (Manhattan).

I recommend that the request be granted by the adoption of the attached resolution. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That pursuant to the provisions of section 237 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves transfer of funds appropriated to the Permanent Census Board for the year 1912, as follows:

FROM	
1280 Supplies and Materials.....	\$15 00
TO	
1281 Telephone Service .....	\$15 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx and the Acting President of the Borough of Richmond—13.

\$535, within the appropriation made to the President of the Borough of Richmond for the year 1912.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, July 15, 1912.

Department of Finance, 280 Broadway, New York (Investigation and Statistics):

Dear Sirs—On July 11, 1912, the Board of Estimate and Apportionment authorized the transfer of \$4,437 (Calendar page 115, No. 37B), on our request of June 12, 1912, in order that forage contracts from July 1 to December 31, 1912, could be registered.

We now find that the amount of the transfers will be insufficient to cover the new contracts, as more forage was necessary in June (for part of July) than our original estimate contemplated.

The following figures cover the situation:

Payments on first six months' contracts .....	\$10,174 46
Payments on open market orders to date .....	877 07

	\$11,051 53
New contracts, July 1-December 31, 1912 .....	8,019 85

Total required .....	\$19,071 38
Appropriation (fund 2132) .....	\$14,100 00
Transfers (July 11, 1912) .....	4,437 00
	18,537 00

Deficit .....

As it is not possible to secure special revenue bonds at this time and as forage must be procured at once, I would ask a temporary transfer of \$535 from Fund No. 2143 to Fund No. 2132 to meet this situation.

Early action is essential in order that forage may be ordered at once.

Yours truly,  
GEORGE CROMWELL, President of the Borough.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On July 15, 1912, the President of the Borough of Richmond requested a transfer of funds amounting to \$535 within appropriations for other than salaries and wages for 1912. In connection therewith I report as follows:

The President states that on July 11, 1912, the Board of Estimate and Apportionment approved a transfer of funds amounting to \$4,437, to provide for the estimated deficiency for 1912, Account 2132, Forage, Street Cleaning. It is now stated that the amount requested and approved is not sufficient to provide in full for the probable requirements for Forage for 1912, the estimated deficiency being \$534.38.

The President has submitted the following statement showing the situation:

Payments on first six months' contracts .....	\$10,174 46
Payments on open market orders to date .....	877 07

	\$11,051 53
New contracts, July 1 to December 31, 1912 .....	8,019 85

	\$19,071 38
Appropriation (2132) .....	\$14,100 00
Transfers (July 11, 1912) .....	4,437 00
	18,537 00

Deficit .....

I recommend the adoption of the attached resolution granting the request.

Respectfully,  
WM. A. PRENDERGAST, Comptroller.

<i>Purchase and Original Equipment of Apparatus, Machines, Harness and Vehicles, Except Automobiles.</i>

\$17,379.79, within the appropriation made to the Department of Street Cleaning for the year 1912.

Department of Street Cleaning of the City of New York, 13-21 Park Row, New York, September 12, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment, The City of New York:

Sir—I have to report that a further revision of schedules and transfer, amounting to the sum of seventeen thousand three hundred seventy-nine and 79-100 dollars (\$17,379.79) be made within the appropriation allowed the Department of Street Cleaning for the year 1912, entitled as follows:

FROM	
DEPARTMENT OF STREET CLEANING. <i>Special Contract Obligations.</i>	
Disposal of Garbage, Including Towing and Unloading.	
820 Manhattan .....	\$7,407 20
826 Brooklyn .....	5,955 29
829 The Bronx .....	4,017 30
	\$17,379 79

TO	
DEPARTMENT OF STREET CLEANING. <i>Special Contract Obligations.</i>	
Disposal of Ashes, Street Sweepings and Rubbish, Including Towing and Unloading and Hired Scows.	
821 Manhattan .....	\$17,379 79

The reason for the above request is that the funds available for Special Contract Obligations, 821—Manhattan, are insufficient. Respectfully,

WM. H. EDWARDS, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 12, 1912, the Commissioner of Street Cleaning requested the transfer of \$17,379.79 within appropriations to his department for the year 1912, as follows:

FROM	
<i>Special Contract Obligations, Disposal of Garbage, Including Towing and Unloading.</i>	
820 Manhattan .....	\$7,407 20
826 Brooklyn .....	5,955 29
829 The Bronx .....	4,017 30
Total .....	\$17,379 79

TO	
<i>Special Contract Obligations, Manhattan.</i>	
821 Disposal of Ashes, Street Sweepings and Rubbish, including Towing and Unloading and Hired Scows .....	

The Commissioner states that the appropriation for No. 821 is insufficient, chiefly on account of the failure of the Harbor Dredging and Scow Construction Company to carry out the terms of its contract, thereby causing the Department to carry on the work up to September 1, 1912, by Open Market Orders at a greatly increased cost. In addition the prices of the contract of the Kenwood Contracting Company, operative September 1, are in excess of those of the abandoned contract.

I recommend the adoption of the attached resolution granting the request.

Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The City of New York, Office of the President of the Borough of Queens, Long Island City, September 11, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment, City of New York:

Sir—Pursuant to resolutions, prefacing the budget, application is hereby made for a revision of the Schedule Lines, within the funds allotted to this office, for the year 1912, to wit:

—the appropriation being in excess of the amount required or deemed to be necessary for the purposes or objects thereof.	

TO	
Fund 2051, Highways, Maintenance, Repairs and Storage of Automobiles .....	

This transfer is necessary for the maintenance and storage of the automobile of the Acting Chief Inspector of the Bureau of Highways for the balance of the year, and also provides for the maintenance and storage of the new automobile of the Superintendent, Bureau of Highways, lately acquired. Yours very truly,  
MAURICE E. CONNOLLY, President of the Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 19, 1912.

To the Board of Estimate and Apportionment:

The proposed transfer is from Contingencies, No. 2072, Highways, to Maintenance, Repairs and Storage of Automobiles, No. 2051, Highways.

The appropriation for No. 2051 was \$820. The President states that the transfer is necessary for the maintenance and storage for the rest of the year of the automobile of the Acting Chief Inspector of the Bureau of Highways and for the maintenance and storage of the new automobile of the Superintendent of the Bureau.

I recommend the adoption of the attached resolution granting the request.

Respectfully,  
WM. A. PRENDERGAST, Comptroller.

\$6,000 within the appropriation made to the Department of Education for the year 1912.

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to transfer the sum of six thousand dollars (\$6,000) from the special school fund for the year 1912, and from the item contained therein entitled "Supplies and Materials, Administration, No. 1162, Office of the Superintendent of School Supplies," to the item also contained within the special school fund for the year 1912, entitled "Supplies and Materials, Administration, No. 1160, Office of the City Superintendent of Schools," which item is insufficient for its purposes.

A true copy of resolution adopted by the Executive Committee of the Board of Education on August 14, 1912.

FRED H. JOHNSON,  
Assistant and Acting Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On August 14, 1912, the Board of Education requested the transfer of \$6,000 from No. 1162, Supplies and Materials, Administration, Office of the Superintendent of School Supplies, to No. 1160, Supplies and Materials, Administration, Office of the City Superintendent of Schools. In connection therewith I report as follows:

Prior to the Budget for 1912 the appropriations for Supplies and Materials for the several administrative offices of the Board of Education were made in bulk. Consequently, when the Budget Committee requested the Superintendent of School Supplies to segregate the 1912 estimate it was not practicable to make anything more than

a rough estimate of relative expenditures for the several bureaus. It now appears that too much was apportioned to the Bureau of Supplies and too little to the office of the City Superintendent of Schools. The proposed transfer is for the purpose of adjusting the accounts within the total allowance.

I recommend that the request be granted by the adoption of the attached resolution. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

\$1,750, within the appropriation made to the New York Public Library for the year 1912.

The Trustees of The New York Public Library, Astor, Lenox and Tilden Foundations, September 14, 1912.

Board of Estimate and Apportionment of The City of New York, City Hall, New York:

Gentlemen—Upon the request of the Committee on Circulation and on behalf of the Executive Committee of The New York Public Library, I hereby apply to the Board of Estimate and Apportionment for approval of the following transfers in the Library appropriations for the year 1912:

\$600 from Purchase of Furniture and Fittings (Code No. 1474) to Maintenance, Repairs and Storage of Automobile Trucks (Code No. 1465).

\$150 from Purchase of Furniture and Fittings (Code No. 1474) to Repairs to Furniture and Fittings (Code No. 1464).

\$1,000 from Printing (Code No. 1458) to Postage (Code No. 1471).

Very respectfully, G. L. RIVES, Chairman, Executive Committee.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

September 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 14, 1912, the Trustees of the New York Public Library requested transfer of \$1,750 within appropriations to the Library for the year 1912. In connection therewith I report as follows:

The credit transfers are \$600 to No. 1465, Maintenance, Repairs and Storage of Automobile Trucks, \$150, to No. 1464, Repairs to Furniture and Fittings, and \$1,000 to No. 1471, Postage. It is stated that repairs are necessary to the two automobile trucks operated by the Library in the distribution of books and supplies to the various branches. It is stated further that the original appropriation of \$200 for Repairs to Furniture and Fittings has been expended, and that the transfer will be necessary to provide for the rest of the year. The requested transfer to postage is on account of the requirements of the branch libraries for postal cards in connection with the recall of over due books, etc. The provision for 1912 was found to be insufficient for the purpose. The debit transfers are from two accounts, which through savings have sufficient unencumbered balances.

I recommend the adoption of the attached resolution granting the request. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

To the Board of Estimate and Apportionment:

Gentlemen—On September 6, 1912, the Fire Commissioner requested the transfer of \$21.55 within appropriations to his department for 1911. In connection therewith I report as follows:

The credit transfer is to Administration, Borough of Brooklyn, No. 1024, Materials for Repairs and Replacements by Departmental Labor. The account shows a deficit of 5 cents, in addition to \$21.50 outstanding liabilities. The debit transfer

The Secretary presented the following communication from the Acting President of the Borough of Brooklyn requesting, and report of the Comptroller recommending approval, pursuant to the resolution adopted July 11, 1912, of the form of contract for services of McKenzie, Voorhees & Gmelin, Architects, for the preparation of complete plans, specifications, etc., and supervising construction of the proposed Municipal Building for the Borough of Brooklyn, at estimated fees amounting to \$115,000:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, August 12, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Dear Sir—I transmit herewith for your approval final contract for services of Messrs. McKenzie, Voorhees & Gmelin, as Architects, in connection with the erection of the proposed Municipal Building in the Borough of Brooklyn.

Yours very truly, L. H. POUNDS, Acting President of the Borough.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On August 12, 1912, the Acting President of the Borough of Brooklyn requested approval of the form of final contract for the services of Messrs. McKenzie, Voorhees & Gmelin, as Architects, for the preparation of complete plans, specifications, etc., and the supervision of the construction of the proposed Municipal Building, situated at Court and Joralemon streets, in the Borough of Brooklyn.

The proposed contract provides that the City agrees to pay the Architects the following fees, less the sum of \$10,000 paid or payable, under the terms of the preliminary contract, dated March 29, 1912, as follows:

At the rate of five (5) per cent. of the total cost of the work, improvement, building or structure, together with such electrical, heating and ventilating plants, and all necessary and proper appurtenances as are required to make said work, improvement, building or structure an artistic, architectural and engineering production, and render it fit and complete in every respect.

As an additional and cumulative compensation for the reimbursement to the aforesaid the Architects, for the expense of employing an engineering specialist, who shall be approved by the President, two and one-half (2½) per cent. of the total cost of the heating and ventilating work, plumbing, electrical and refrigerating work, power plants and apparatus, specially designed lighting fixtures and specially designed movable and fixed furniture for which said specialist shall have been specifically employed.

The total fees to be subject, however, to a deduction of fifty-eight thousand dollars (\$58,000), provided the total Architects' fees, as herein provided, exclusive of any deduction, shall amount to one hundred and fifty thousand dollars (\$150,000) or more. In case said Architects' fees, as herein provided, exclusive of any deduction, are less than one hundred and fifty thousand dollars (\$150,000), the total deduction shall amount to fifty-eight thousand dollars (\$58,000), less the amount the said fees, exclusive of any deduction, are less than one hundred and fifty thousand dollars (\$150,000). Proper and reasonable additional compensation for the alterations of all drawings and specifications, provided for in Clauses 3, 4, 5 and 8 hereof, when requested in writing after the same have been once duly adopted and approved by the President.

The cost of the transportation and living of the Architects or their representatives in visiting works, mills, quarries and the like, when such expenses are incurred by the direction of the President, made in writing.

The compensation as computed above, with the proper deductions and additions as herein provided, shall be considered the total fees that may be paid the said Architects, pursuant to the provisions of this agreement, except that if the sum paid and the sum hereafter to be adjudged finally by the Courts to be paid by the City shall aggregate less than fifty-eight thousand dollars (\$58,000), for the preparation of preliminary studies, plans, etc., heretofore prepared by other parties than the Architects, in connection with the construction of said Municipal Building, then in that event within a reasonable time after the final decree of the Courts, and after the final payment, as herein provided, the City agrees to pay to the Architects an additional payment, equal to the amount that the total sum paid, together with the sum hereafter adjudged, as above, to be paid, for the preparation of the above preliminary studies, etc., is less than fifty-eight thousand dollars (\$58,000).

Payments to the Architects are to be made at successive stages of the work, provided that they have complied with the terms of the proposed contract by the preparation of plans and specifications for the erection and completion of the proposed structure, which can be built at a cost, including the compensation and fees for architectural services, for an amount not to exceed \$3,500,000. The payments are to be made as follows:

Upon the completion and delivery of the drawings and specifications called for in Clauses 3, 6 and 8 hereof, one-fourth (¼) of the estimated total fees of the Architects' services, estimated or computed, in accordance with the provisions of Clause 12 hereof, upon an accurate estimated cost of said work, building or structure, exclusive of Architects' fees, based upon prevailing market prices, less the sum of ten thousand dollars (\$10,000) paid or to be paid the Architects under the provisions of the preliminary contract heretofore referred to, duly executed by and between the parties hereto as aforesaid; upon the execution and closing of the construction contract or contracts for the work by the City, an amount, which, together with the amount already paid, shall be equal to one-half (½) of the total fees and compensation for the Architects' services, estimated or computed in accordance with the provisions of Clause 12 hereof, on the total amount of the contract price of said construction contract or contracts; or, if the letting of the contract or contracts for the said work be delayed for more than ninety (90) calendar days after the completion and presentation of the said drawings and specifications as required by Clauses 3, 5, 6 and 8 hereof, then and in that event payment of such amount, which, together with the amount already paid, shall be equal to one-half (½) of the total fees for the Architects' services, shall be computed upon the lowest bid received for said work; and, in the absence of such bid, then upon an accurate estimated cost of said work, building or structure, exclusive of Architects' fees, based upon prevailing market prices at the termination of said ninety (90) calendar days.

The remaining one-half or balance of the total fees and compensation provided for in Clause 12 hereof, except the final payment to the Architects, shall be paid in progressive payments computed in accordance with the value and character of the work certified for payment to the contractor by the Architects and the President, pursuant to the terms of the construction contract or contracts; said progressive payments shall bear the same ratio to one-half of the total Architects' fees as provided for in Clause 12 hereof, as the amount earned and certified for payment to the contractor by the Architects and the President, pursuant to the terms of the construction contract or contracts, bears to the total cost of the herein described structure, improvement, work or building; provided, that in computing the progress payments to be so made to the Architects, no deduction shall be made therein for or on account of the retained percentages provided for in said construction contract or contracts, and provided, also, that the total aggregate of said partial or progress payments, together with all previous amounts paid or payable, shall not exceed ninety-eight (98) per centum of the total fees and compensation for Architects' services.

Not less than two (2) per centum of the total fees and compensation for the Architects' services shall be retained by the City until the contract shall have been fully performed on their part, and shall not become due or payable until the actual

physical completion of the aforesaid work complete and entire, together with its appurtenances, nor until the complete fulfillment of the requirements of Clause 6 hereof and the presentation by the Architects to the City or its representative of a complete statement in writing of the balance due on account of services, pursuant to the terms of Clause 12 hereof as aforesaid; said final payment shall, with all previous payments, not exceed an amount equal to the total fees provided for in Clause 12 hereof.

The total compensation to be paid the Architects, pursuant to the provisions of this contract, is estimated at approximately \$115,000, computed as follows:

An additional appropriation was approved in the sum of \$500,000 by the Board of Estimate and Apportionment on July 27, 1911, and concurred in by the Board of Aldermen on July 31, 1911; making a total appropriation of \$623,000 to date. The unencumbered balance in the fund on August 27, 1912, was \$498,190.

The form of contract has been revised in accordance with suggestions of the Department of Finance and in accordance with the resolution adopted by the Board of Estimate and Apportionment on March 29, 1912, approving the preliminary contract for services of Messrs. McKenzie, Voorhees & Gmelin. I transmit same for consideration, if the form of contract receives your approval. I submit the attached resolution for adoption. Respectfully,

The Secretary presented the following communication from the District Attorney, New York County, requesting, and report of the Comptroller recommending, the issue of \$15,000 special revenue bonds (section 1542 of the Charter) to provide funds for the special expenses of the office of said District Attorney, in connection with the murder of Herman Rosenthal, and also the modification of Schedule No. 2218, to provide for said appropriation:

(On September 19, 1912, the request of the District Attorney of New York County for the above appropriation was referred to the Comptroller.)

District Attorney's Office, County of New York, August 20, 1912.

To the Honorable the Board of Estimate and Apportionment, City of New York:

Gentlemen—In accordance with the provisions of section 1542 of the Amended Greater New York Charter, I, Charles S. Whitman, District Attorney of the County of New York, do hereby certify that for the proper conduct of criminal actions in said County arising out of the murder of Herman Rosenthal, and an alleged alliance existing between certain members and officials of the Police Department, and violators of the law involving criminal conduct on their part, which actions are of exceptional difficulty, the public interests demand that an appropriation be made by your Honorable Board to the amount of fifteen thousand dollars (\$15,000), and I hereby respectfully request that your Honorable Board make such appropriation and authorize the Comptroller to issue Special Revenue Bonds to the amount of fifteen thousand dollars (\$15,000) to provide the necessary means therefor.

Very truly yours, CHARLES S. WHITMAN, District Attorney.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On August 20, 1912, the District Attorney of New York County requested \$15,000 in special revenue bonds, pursuant to the provisions of section 1542 of the Greater New York Charter. In connection therewith I report as follows:

Section 1542 provides in part: "It shall be lawful, however, for the board of estimate and apportionment in its discretion, and upon the certificate of the district attorney of any such county that the public interests demand for the proper conduct of a criminal action of exceptional difficulty that an additional appropriation be made for that purpose, to make such appropriation and to authorize the comptroller to issue special revenue bonds to provide the necessary means therefor."

The District Attorney states that by reason of the number of persons who have been connected with the murder of Herman Rosenthal, on July 16, 1912, the great mass of evidence to be gone over in preparation for trial, the transportation and expenses of material witnesses who are or have been without the State, the expenses of detectives employed to locate many of the witnesses, the investigation of the alleged criminal complicity between certain violators of the law and members and officials of the Police Department in connection with this murder, the case is one of exceptional difficulty, and that he will require an additional appropriation of \$15,000 in order to properly conduct this action.

In view of the foregoing, I recommend the adoption of the attached resolutions granting the request and modifying the appropriate schedule. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Commissioner of Bridges requesting, and report of the Comptroller recommending, the modification of Salary Schedules Nos. 101 and 102 for said Department for the year 1912, to be effective as of September 1, 1912, providing for an increase in the salary of an Assistant Engineer from \$5,000 to \$6,000 per annum, and for the elimination of the position of Bridge Tender, at \$900 per annum, involving the transfer of \$333.32:

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, N. Y., September 5, 1912.

Hon. WM. A. PRENDERGAST, Comptroller, The City of New York, 280 Broadway, New York:

Sir—I have to request a modification of the schedules supporting the Budget Appropriation made for the Department of Bridges for the year 1912, and involving a transfer of \$333.32, effective as of September 1, 1912, as follows:

Personal Service.

Operation and Maintenance—General—

102 Salaries—Regular Employees:

Change line item—

Bridge Tender—178, at \$900..... \$160,200 00

Balance unassigned ..... 220 00

To read—

Bridge Tender—177, at \$900..... \$159,300 00

Balance ..... 120 00

—thereby decreasing the schedule total by \$1,000, and the necessary appropriation, \$333.32.

Operation and Maintenance—Supervision—

101 Salaries—Regular Employees—

Change line item—

Assistant Engineer, 4 at \$5,000..... \$20,000 00

To read—

Assistant Engineer ..... 6,000 00

Assistant Engineer, 3 at \$5,000..... 15,000 00

—thereby increasing the schedule total \$1,000, and the necessary appropriation, \$333.32.

This transfer is requested to permit of the increase of salary of Mr. E. A. Byrne, Assistant Engineer, who has been detailed as an Assistant to the Chief Engineer, on account of his unusual experience in and knowledge of construction and maintenance of bridges in the various divisions of this Department.

He had immediate charge of the construction of the following named bridges: Third Avenue, over Harlem River; Willis Avenue, over Harlem River; Vernon Avenue, over Newtown Creek; Flushing Bridge, over Flushing Creek; the Borden Avenue and Hunters Point Avenue bridges, over Dutch Kills, Long Island City, as well as the maintenance of bridges in the Boroughs of Brooklyn, Queens and Richmond. His services have been uniformly satisfactory.

He is an old employee of the City of New York, having been in continuous service since 1886, and I believe the increase a most justifiable one. He is also temporarily performing the duties of Deputy Chief Engineer of the Department, which position is now vacant.

This transfer does not increase the Budget appropriation made this Department for the year 1912.

Respectfully,

ARTHUR J. O'KEEFE, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 5, 1912, the Commissioner of Bridges requested modification of two salary schedules for Operation and Maintenance, involving a transfer of \$333.32, in his Department for the year 1912. In connection therewith I report as follows:

In No. 101, Supervision, it is proposed to increase Edward A. Byrne, an Assistant Engineer, from \$5,000 to \$6,000 per annum. Mr. Byrne has been in the City's service since 1886, and has immediate charge of the Third Avenue and Willis Avenue Bridges over the Harlem River, the Vernon Avenue Bridge over Newtown Creek, the Flushing Bridge over Flushing Creek, the Borden Avenue and Hunters Point Avenue Bridges over Dutch Kills. He also supervises the maintenance of bridges in the Boroughs of Brooklyn, Queens and Richmond. It is stated that on account of unusual experience and detailed knowledge of the construction and maintenance of bridges, Mr. Byrne has been detailed as an assistant to the Chief Engineer. He is also performing the duties of Deputy Chief Engineer, which position is now vacant. The Commissioner states that the services of Mr. Byrne have been uniformly satisfactory and that the increase requested is a most justifiable one.

The necessary amount of \$1,000 is to be provided by eliminating a Bridge Tender at \$900 per annum, and using \$100 of an unassigned balance in No. 102, General.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Decrease.	Increase.	Decrease	Increase.
101	Assistant Engineer, 4 at \$5,000..	\$5,000 00	.....	\$1,666 67	.....
	Assistant Engineer, at \$6,000...	.....	\$6,000 00	.....	\$2,000 00
102	Bridge Tender, 188 at \$900.....	900 00	.....	300 00	.....
	Unassigned balance .....	100 00	.....	33 33	.....
		\$6,000 00	\$6,000 00	\$2,000 00	\$2,000 00

The modification is in conformity with the policy of your Board.

I recommend, therefore, the adoption of the attached resolutions approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was then adopted:

Resolved, That, pursuant to the provisions of section 237 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves transfer of funds appropriated to the Department of Bridges for the year 1912, as follows:

If the same meets with your approval, please advise me at your very earliest convenience. Yours truly,

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 19, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On August 27, 1912, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost in the sum of \$7,800, for furnishing and delivering valve box castings in the Boroughs of Manhattan and The Bronx.

For the reason that the unencumbered balance in the fund against which the cost is to be charged is only \$6,518.64, the form of contract has been amended by reducing the quantity of material so that the estimate of cost is now \$5,680.

The form of contract as amended and the plans and specifications are satisfactory. The estimate of cost as amended is reasonable.

The cost is to be paid from the corporate stock fund authorized in the sum of \$110,000 by the Board of Estimate and Apportionment on July 17, 1911, and entitled "C. D. W.—36A, Water Supply System, Boroughs of Manhattan and The Bronx, Supplies and Materials for Labor Construction Force."

I recommend the adoption of the attached resolution approving the form of contract as amended, the plans and specifications and the amended estimate of cost. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

Item 2 .....	20,000 00

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 19, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 12, 1912, the Board of Education requested approval of form of contract, specifications, plans and estimates of cost for (Item 1), General Construction, at an estimated cost of \$254,000, and for (Item 2), Plumbing and Drainage, at an estimated cost of \$20,000, at new Public School 52, Borough of The Bronx.

The cost of the items is to be charged to the unencumbered balance of \$366,020, as of September 18, 1912, in the corporate stock fund entitled "C. D. E.—110E, School Buildings, Construction and Equipment, The Bronx, Sub-title 5." An appropriation of \$366,030 was approved for the fund by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911.

The specifications and plans have been approved by the Department of Water Supply, Gas and Electricity, and are satisfactory. The form of contract is satisfactory, and the estimates of cost are reasonable.

I recommend the adoption of the attached resolution granting the request. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, specifications, and plans for (Item 1) the General Construction, at an estimated cost of two hundred and fifty-four thousand dollars (\$254,000), and for (Item 2) the Plumbing and Drainage, at an estimated cost of twenty thousand dollars (\$20,000), of new Public School 52, Borough of The Bronx, under the jurisdiction of the Department of Education, the cost to be charged to the corporate stock fund entitled "C. D. E.—110E, School Buildings, Construction and Equipment, The Bronx, Subtitle 5."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Board of Education relative to, and report of the Comptroller recommending, the acquisition, at private sale, for the sum of \$14,000, of property on the southerly side of Poplar street, running from Benton place to Prospect avenue, Douglaston, Borough of Queens, as a site for school purposes:

(On May 2, 1912, the request of the Board of Education for the acquisition of the above site was referred to the Comptroller.)

To the Board of Education:

The Committee on Sites respectfully reports that in the Corporate Stock Budget for the year beginning July 1, 1911, as adopted by the Board of Estimate and Apportionment and the Board of Aldermen (see Journal, 1911, page 1474), provision was made for the acquisition of a site for a new school building in the vicinity of Hillside avenue and Cherry street, Douglaston, Queens. Your committee has selected for this purpose a plot of land, 200 feet by 200 feet, on the southerly side of Poplar street, running from Benton place to Prospect avenue, which is now occupied, under a lease, by a portable building used as an annex to Public School 32, Queens, and submits for adoption the following resolutions:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Poplar street, Prospect avenue and Benton place, Douglaston, in Local School Board District No. 43, Borough of Queens, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$3,700:

Beginning at a point formed by the intersection of the southerly line of Poplar street with the westerly line of Prospect avenue, and running thence westerly along the southerly line of Poplar street, 200 feet to the easterly line of Benton place, thence southerly along the easterly line of Benton place 200 feet, thence easterly and parallel with Poplar street 200 feet to the westerly line of Prospect avenue, thence northerly along the westerly line of Prospect avenue 200 feet to the southerly line of Poplar street, the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education on April 24, 1912.  
A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Comptroller's Office, September 20, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board, held May 2, 1912, there was referred to the Comptroller for consideration and report, a communication from the Secretary of the Board of Education, transmitting certified copy of a resolution adopted by said Board on April 24, 1912, requesting the acquisition of property on Poplar street, Prospect avenue and Benton place, Borough of Queens, as a site for school purposes.

At a meeting of your Board, held July 17, 1911, corporate stock to the amount of \$695,000 was authorized to provide means for the acquisition of school sites in the different boroughs, which amount provided for a site in the vicinity of Hillside and

Cherry streets, Douglaston, Borough of Queens. This resolution was concurred in by the Board of Aldermen on July 25, 1911.

After a thorough investigation it has been determined that the plot of ground, 200 by 200, on the southerly side of Poplar street, running from Benton place to Prospect avenue, Douglaston, Borough of Queens, would be the most desirable for the purposes mentioned.

After negotiation by the Comptroller these premises may be secured for the sum of \$14,000, or an average price of \$700 per lot of the size, 20 by 100.

The price being reasonable and just, I respectfully recommend that your Board approve of the selection of the following described property for use of the Department of Education:

All that certain lot, piece or parcel of land, situate, lying and being in Douglaston, Borough of Queens, City of New York, bounded and described as follows:

Beginning at a point formed by the intersection of the southerly line of Poplar street with the westerly line of Prospect avenue; running thence westerly along the southerly line of Poplar street 200 feet to the easterly line of Benton place; thence southerly along the easterly line of Benton place 200 feet; thence easterly and parallel with Poplar street 200 feet to the westerly line of Prospect avenue; thence northerly along the westerly line of Prospect avenue 200 feet to the southerly line of Poplar street, the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the streets and avenue in front thereof to the centre thereof,

—and authorize the Comptroller to enter into contract for the acquisition of the same, at private sale, at a price not exceeding \$14,000, said contract to be submitted to the Corporation Counsel for his approval as to form. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Board of Education of the following described property located on the southerly side of Poplar street between Benton place and Prospect avenue, Borough of Queens, for school purposes:

All that certain lot, piece or parcel of land, situate, lying and being in Douglaston, Borough of Queens, City of New York, bounded and described as follows:

Beginning at a point formed by the intersection of the southerly line of Poplar street with the westerly line of Prospect avenue; running thence westerly along the southerly line of Poplar street 200 feet to the easterly line of Benton place; thence southerly along the easterly line of Benton place 200 feet; thence easterly and parallel with Poplar street 200 feet to the westerly line of Prospect avenue; thence northerly along the westerly line of Prospect avenue 200 feet to the southerly line of Poplar street, the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the streets and avenue in front thereof to the centre thereof;

—and authorizes the Comptroller to enter into a contract for the acquisition of said property, at private sale, at a price not exceeding fourteen thousand dollars (\$14,000), said contract to be submitted to the Corporation Counsel for approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

The Secretary presented a report of the Comptroller returning for filing communication from Mrs. Elizabeth Gilmore Oppenheimer, offering to sell to the City a plot of ground in Hawthorne, Westchester County, as a site for a hospital for contagious diseases, under the jurisdiction of the Department of Health, and stating that in his opinion The City of New York would not be interested in the purchase of these premises.

Which was ordered filed and the Secretary directed to transmit a copy thereof to Mrs. Elizabeth Gilmore Oppenheimer.

(On July 15, 1912, the above offer was referred to the Comptroller.)

The Secretary presented a report of the Comptroller recommending that the Board consent to the proposed contract to be entered into between John F. Stevens Construction Company and The City of New York, acting by the Public Service Commission for the First District, for the construction, in the Borough of The Bronx, of Section 1, Route 19-22, known as the Southern Boulevard and Westchester Avenue Rapid Transit Railroad, extending under East 138th street and Southern boulevard, in The Bronx, about 100 feet south of Alexander avenue to about 270 feet north of East 147th street, with stations at Brook avenue, Cypress avenue and St. Marys street, and further recommending that the Board authorize the issue of corporate stock in the sum of \$2,253,281.75 to provide means for executing said contract.

Which was laid over for one week—October 3, 1912.

(On September 19, 1912, a communication from the Public Service Commission requesting the Board to consent to the award of the above contract was referred to the Comptroller.)

Subsequently the Comptroller withdrew this matter from the consideration of the Board.

The Secretary presented a report of the Committee on Standardization of Salaries and Grades, referring to the petition of the Boilermakers in the Department of Docks and Ferries for an increase in compensation from \$3.50 to \$4.25 per diem, for 8 hours' work, and stating that the present rate of \$3.50 per diem paid in the Department of Docks and Ferries for marine work, compared with rates paid in private employ, seems to be a fair wage.

Which was ordered filed, and the Secretary was directed to transmit a copy thereof to the Committee representing the Boilermakers in the Department of Docks and Ferries.

(On July 15, 1912, the above petition was referred to said Committee.)

The Secretary presented the following communication from the Chief City Magistrate, Second Division, requesting the establishment of the grade of position of Law Clerk and Librarian, at the rate of \$2,500 per annum, together with a report of the Committee on Salaries and Grades, recommending that said request be disapproved, as there are no funds available in the Budget appropriation to provide for said additional position:

(On May 16, 1912, the above request was referred to said Committee.)

Office of Chief City Magistrate, Board of City Magistrates, Second Division, City of New York, 44 Court Street, Brooklyn, New York, May 7, 1912.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, New York City:

Dear Sir—At a meeting of the Board of City Magistrates, Second Division, held on April 30, 1912, the following resolution was unanimously adopted, which I herewith forward to your Honorable Body:

"Resolved, That this Board requests the Board of Estimate and Apportionment, in pursuance of section 56 of the Charter of Greater New York, to recommend to the Board of Aldermen the establishment of the additional grade of position of Law Clerk and Librarian in the City Magistrates' Courts, Second Division, at the annual salary rate of \$2,500." Yours very truly,

OTTO KEMPNER, Chief City Magistrate.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 5, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 30, 1912, the Board of City Magistrates, Second Division, requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Law Clerk and Librarian in the City Magistrates' Courts, Second Division, at the rate of \$2,500 per annum. There are no funds available in the budget appropriation to provide for the additional position.

We recommend, therefore, that the request be not approved. Respectfully,  
WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby disapproves of the request of the Board of City Magistrates of the Second Division, as set forth

in a resolution adopted by said Board April 30, 1912, for the establishment of the grade of position of Law Clerk and Librarian at \$2,500 per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx and the Acting President of the Borough of Richmond—13.

The Secretary was directed to transmit a copy of the report of the above Committee to the Chief City Magistrate, Second Division.

The Secretary presented a report of the Committee on Salaries and Grades, recommending that no action be taken, at this time, on the request of the Commissioner of Water Supply, Gas and Electricity, for the establishment of the position of Architectural Designer, at \$2,550 per annum, for one incumbent, as the position of Draftsman, at \$2,550 per annum, for the Division of Design, is included in the departmental estimate for said Department for 1913, and, if approved, the position of Architectural Designer will be provided for.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the Commissioner of Water Supply, Gas and Electricity.

(On August 19, 1912, the above request was referred to said Committee.)

The Secretary presented the following communication from the Police Commissioner requesting the establishment of the grade of positions of Foreman Printer at \$2,000 per annum, Pressman at \$1,400 per annum, Job Compositor at \$1,400 per annum and Feeder at \$1,000 per annum, together with a report of the Committee on Salaries and Grades recommending that said request be disapproved, as, according to the opinion of the Corporation Counsel, the Board of Estimate and Apportionment has no authority to grant said request.

(On May 9 and 31, 1912, communications from the Police Commissioner relative to the above matter were referred to said Committee.)

Police Department of The City of New York, Office of the Commissioner, May 21, 1912.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—I have the honor to withdraw my request to you of May 3, 1912, asking for the establishment of the position of Job Compositor in the Police Department for six incumbents at \$1,400 per annum each, and to substitute therefor a request for the establishment in this department of the following position:

Foreman Printer, for one incumbent, at \$2,000 per annum.

Pressman, for one incumbent, at \$1,400 per annum.

Job Compositor, for six incumbents, at \$1,400 each per annum.

Feeder, for one incumbent, at \$1,000 per annum.

The Foreman Printer is paid, under Code No. 688, at the rate of \$1,820 per annum. Under Code No. 689 the Pressman is paid at the rate of \$4 per diem; the Job Compositors at the rate of \$23 each a week to October 1, 1912, and thereafter at the rate of \$24 a week, and the Feeder at the rate of \$2.66 2-3 per diem.

The establishment of the grades requested will necessitate the issue of special revenue bonds to pay the increased compensation from June 1 to December 31, 1912, in the sum of \$753.66. Of this \$105 would be required to pay the Foreman Printer, and \$648.66 the Job Compositors and the Feeder. The appropriation for the Pressman's salary is sufficient to cover his compensation at the proposed rate.

Respectfully,

R. WALDO, Police Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 9, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On May 3, 1912, the Police Commissioner requested the establishment in the Police Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of job compositor at \$1,400 per annum for six incumbents. On May 21 the request was amended to include the establishment of the following additional grades of positions:

Title of Position.	Rate per Annum.	Number of Incumbents.
Foreman Printer .....	\$2,000 00	One
Pressman .....	1,400 00	One
Feeder .....	1,000 00	One

The matter was referred by the Comptroller to the Corporation Counsel, who, under date of July 10, 1912, advised as follows:

"Hon. WILLIAM A. PRENDERGAST, Comptroller:

"Sir—I am in receipt of your letter dated July 1, 1912, which reads, as follows:

"The Police Commissioner has requested the establishment in the Police Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the following additional grades of positions:

Title of Position.	Rate per Annum.	Number of Incumbents.
Foreman Printer .....	\$2,000 00	One
Job Compositor .....	1,400 00	Six
Pressman .....	1,400 00	One
Feeder .....	1,000 00	One

"The Foreman Printer's present salary is \$1,820 per annum. It is proposed to increase it to \$2,000 per annum.

"The Job Compositors are now paid at the rate of \$23 per week each. On October 1, the prevailing rate of wages will entitle them to \$24 per week each.

"The Pressman is receiving compensation at \$4.00 per day, and the feeder is paid at the rate of \$2.66 2-3 per day.

"The Compositors, Pressman and Feeder state that they are frequently employed overtime, and receive no compensation for the extra work. According to their statements they were employed 118 hours overtime during 1911, and received no pay for the service.

"The Police Commissioner states that if the employees of the Printing Bureau are paid the annual salaries requested by him, he could command their services on Sundays, holidays and after 5 p. m. week days, whenever emergencies required their services. It is also stated that the said employees are willing to work overtime whenever called upon, if their compensation is fixed at the annual rates requested.

"Kindly advise me whether the Job Compositors, Pressman and Feeder employed in the Police Department would be entitled to receive annual compensation at a higher rate than they are now paid, if such increase should be based on an implied and voluntary understanding that they would work overtime whenever an emergency required it."

"Whatever the consideration which would induce the Police Commissioner to increase the annual compensation of the employees in his Department, the Labor Law contains an express inhibition against the employment of all classes of employees in excess of eight hours a day. This law will prevent the Police Commissioner from calling on these employees to work overtime, notwithstanding the implied and voluntary understanding that they would work overtime whenever an emergency required it."

"W. P. BURR, Acting Corporation Counsel."

According to the opinion of the Acting Corporation Counsel, the Board of Estimate and Apportionment has no legal authority to grant the request of the Police Commissioner.

We recommend, therefore, that the request be disapproved. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby disapproves of the request of the Police Commissioner, as set forth in a communication dated May 21, 1912, for the establishment of the following grades of positions:

Foreman Printer .....	\$2,000 00	1
Pressman .....	1,400 00	1

The Secretary was directed to transmit a copy of the report of the above Committee to the Police Commissioner.

The Secretary presented the following communication from the Commissioner of Public Charities, requesting the establishment of grades of position of Housekeeper at \$600, \$750 and \$900 per annum, respectively, together with a report of the Committee on Salaries and Grades, recommending that said request be disapproved, as there are no funds available to meet the proposed increases in salaries contingent upon the establishment of said grades:

Department of Public Charities of the City of New York, foot of East 26th street, April 4, 1912.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—We would respectfully request, in accordance with the provisions of section 56 of the Charter, that you establish for this department the position of "Housekeeper" at the following salaries: \$600, \$750 and \$900 per annum.

Said position has been classified by the Civil Service Commission, and you have also created said position for Bellevue and Allied Hospitals.

We would, therefore, request that it be established for this department.

Respectfully yours,

M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 5, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 4, 1912, the Commissioner of Public Charities requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

Title of Position.	Rate Per Annum.	Number of Incumbents.
Housekeeper .....	\$600 00	3
Housekeeper .....	750 00	3
Housekeeper .....	900 00	3

In connection therewith we report as follows:

This request is made to permit the Commissioner to change the title of Matrons when in his opinion the title of Housekeeper would be more appropriate to the duties performed. Also to increase the salary of such Matrons at the time when the change of title is made. The maximum salary paid to Matrons in this Department at the present time is \$600. The establishment of the proposed grades would permit increases in salaries. It is not shown that funds are available to meet any possible increase or that a corresponding decrease in an individual salary is contemplated.

We recommend that the request be not approved. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

The Secretary presented the following communication from the Chief City Magistrate, Second Division, requesting the establishment of the grade of position of Court Stenographer, at \$3,000 per annum, for eighteen incumbents, together with a report of the Committee on Salaries and Grades recommending that said request be disapproved, as there are no funds available in the Budget appropriation to provide for the proposed increase:

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, N. Y.:

Dear Sir—I hereby respectfully request that your Honorable Board establish the grade of the position of Court Stenographer in and for the City Magistrates' Courts of the Second Division, for 18 incumbents, at \$3,000 per annum.

I enclose herewith a communication received from the stenographers of the City Magistrates' Courts, Second Division, by the Board of City Magistrates at its last monthly meeting. By a unanimous vote of the Magistrates it was decided to recommend to your Honorable Board that the increase in salary asked for be granted. The argument in justification of this demand is so fully and forcibly stated in the enclosed letter that it is hardly necessary to submit any additional plea. I only desire to add that the Magistrates of our division, without exception, firmly believe that the demand of the stenographers is well founded, and should receive the favorable consideration of your Board. Yours very respectfully,

OTTO KEMPNER, Chief City Magistrate.

In the matter of the application of the stenographers attached to the City Magistrates' Courts in the Second Division of the City of New York for an increase in salary.

To the Board of City Magistrates of the Second Division:

The technical construction given to section 221 of the Code of Criminal Procedure by the District Attorney of Kings County, and the order of the Chief City Magistrate dated January 19, 1912, based thereon, has entailed an enormous amount of extra work upon your petitioners. As your Honors well know, since the middle of January of this year, in every case where a defendant is held to await the action of the Grand Jury, or for trial at Special Sessions, the stenographer is obliged to write out in full the testimony taken upon the examination and file the transcript for the use of the District Attorney within five days after the date upon which the defendant was held. To comply with this order literally involves an amount of grinding, nerve-racking labor that is simply appalling. Some of your petitioners have been able to obey the order literally, while others have found it impossible to write out all the cases. As a result there has been some friction between the District Attorney and some of your Honors.

It is needless to remind you, who daily preside in the Magistrates' Courts, that what is termed an "examination" is frequently more lengthy than a trial, especially in cases where the issues are sharply drawn, where each side is represented by counsel, and where a host of witnesses is necessary to give either side the advantage. While you know that examinations frequently consume considerable time in the actual hearing, we beg leave to remind you that the time consumed in transcription is five times as great; in other words, an examination which takes an hour to hear requires five hours to transcribe. The greater portion of the evidence taken in a Magistrate's Court is evidence given upon examinations, and in more than one-half of such cases the defendant is held for disposition before a higher tribunal.

Typewriting, while mechanical work, is wearing upon the nerves when taken in allopatic doses, and it takes a great deal more out of the stenographer than the task of actual note-taking. Very few of your petitioners, if the present practice of transcribing cases continues, expect to serve the City long enough to enjoy a pension, for few of us could stand the strain long enough.

Considering the nature of the work and the qualifications for the office, the stenographer in the City Magistrate's Courts is paid less compensation for his services than any other City official. The examinations in a Magistrate's Court do not proceed with the same degree of smoothness and deliberation that prevail upon trials in courts of record. The litigants and their witnesses, as a rule, are people of the lower class, illiterate, often violating all the rules of English grammar in a single sentence, rapid talkers, frequently speaking in pigeon English. The recollection of their wrongs makes them excited and irritable, and it often requires the highest degree of skill on the part of the stenographer to get an intelligent record. Most of your petitioners are men who have grown gray in the service, and who can do it with greater ease than our better paid confreres in the higher courts.

For about ten years we have been receiving the same salary, while almost every other public official has had his salary raised. As your Honors well know, the cost of living has increased enormously during the past decade, and yet we are obliged to get along—struggle along as best we can—on the same compensation. And now our burdens have again been added to, for we must now not only meet this increased cost of living, but some of us must needs pay out a large slice of our salary for typewriting if we are to keep up with the work. The Page Investigating Committee in its report to the Legislature recommended that the stenographers in the Magistrates' Courts in the City of New York have an increase in their salary, considering the work required of them, but no action has been taken on such recommendation.

Ours are the only courts in which a stenographer is obliged to write out a single folio without compensation. True, occasionally a lawyer orders a copy of minutes from us, but those cases are rare, as the lawyers and litigants now have access to the evidence filed with the District Attorney, and our revenue from this source has fallen off.

It seems to your petitioners that in view of the enormous increase in work, to say nothing of the greatly enhanced cost of living, our salaries should be increased to three thousand dollars per annum. And we can truthfully say that many of us would be obliged to pay out at least one-half of this extra compensation to typewriter operators. It may be argued that to do this would be putting the Magistrates' Court stenographer on a plane with the Supreme and County Court stenographer. As against this view, we beg leave to remind your Honors that every line the stenographer in the Supreme and County Courts, and even the Municipal Courts, writes out he is paid for, even when the minutes are ordered by the judge for his perusal. In the Supreme Court in this department no stenographer receives less than six thousand dollars per annum for his transcript; many of them make as much as ten thousand.

For years in the First Division of the City of New York the stenographers have been paid by the District Attorney of New York County for whatever transcript he orders, and this pays them so well that they would not care to accept a thousand dollars' increase in salary in lieu thereof. We sought to accomplish the same thing by legislation during the past winter, but our proposed legislation was so bitterly opposed by the District Attorney of Kings County in the Assembly that the bill failed of passage there, on the ground that he is unalterably opposed to a curtailment of the amount of work called for by the Code, although he has expressed himself as being in favor of the stenographers receiving proper compensation for such work.

For the foregoing reasons, your petitioners respectfully pray your Honorable Board to recommend to the Board of Estimate and Apportionment of the City of New York that the salaries of the stenographers in the City Magistrates' Courts of the Second Division be increased to three thousand dollars per annum.

Dated Brooklyn, April 30, 1912.

WILLIAM J. MORRISON, CHAS. CHRISTMAN, JOHN F. MOEN, JOHN P. TUOMEY, EDGAR H. ROSS, RICHARD BROPHY, THOMAS B. BLYTH, EARL H. KELLER, JOS. A. ROONEY, JAMES P. DUNNE, GUSTAV H. HUTTENLOCHER, A. J. HORN.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 5, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On May 8, 1912, the Chief City Magistrate of the Board of City Magistrates, Second Division, requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Court Stenographer, at \$3,000 per annum, for 18 incumbents.

The request involves an increase of \$1,000 in the compensation of 12 Stenographers, and of \$1,200 in the compensation of 6 Stenographers, or a total yearly increase of \$19,200.

There are no funds available in the Budget appropriation for 1912 to provide for the proposed increases and the request, therefore, does not conform to the policy of your Board.

For that reason we recommend that the request be not approved. Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby disapproves of the request of the Chief City Magistrate of the Second Division, as set forth in a communication dated May 8, 1912, for establishment of the grade of position of Court Stenographer at \$3,000 per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx and the Acting President of the Borough of Richmond—13.

The Secretary was directed to transmit a copy of the report of the above Committee to the Chief City Magistrate, Second Division.

(On March 7, 1912, the above request was referred to said Committee.)

Police Department of the City of New York, Office of First Deputy Commissioner, New York, March 4, 1912.

Honorable Board of Estimate and Apportionment of The City of New York:

Gentlemen—The Police Commissioner directs me to forward you the attached application of George W. Reed, Chief Lineman, Police Department, requesting increase in salary from \$1,500 to \$1,750 per annum. This request is accompanied by statement of character of service performed by applicant, submitted by Superintendent of Telegraph Michael R. Brennan. Respectfully, D. I. McKAY, First Deputy Commissioner.

Police Department of The City of New York, February 28, 1912.

The Board of Estimate and Apportionment, City of New York:

Gentlemen—I have the honor to request that the salary of Chief Lineman of the Police Department be increased from \$1,500 to \$1,750. Under chapter 732 of the Laws of 1904 the salary of Chief Lineman was fixed at \$1,500, the prevailing salary of Roundsman, now known as Sergeant, in the Police Department. In the Budget of 1912 the compensation of Lineman was fixed at \$4.50 per day, increasing their salary from \$1,200 to \$1,647 per annum.

Linemen are, therefore, receiving larger compensation than the Chief Lineman, who is foreman of all installation and construction work for the Police Department for the entire city. It was the intent of the law to fix the compensation of Chief Lineman at the same rate as that of Sergeant of Police, and I therefore respectfully request that this appeal be given favorable consideration. Respectfully, GEORGE W. REED, Chief Lineman, Police Department.

Police Department of The City of New York, February 28, 1912.

The Police Commissioner, "Through Official Channels":

Sir—I forward herewith application of Chief Lineman George W. Reed for an increase in salary from \$1,500 to \$1,750.

The applicant was originally appointed Lineman in April, 1886, Doorman in November, 1894, and Chief Lineman in September, 1904.

His services have been satisfactory in all respects, particularly in emergencies, as he is subject to call for duty day and night, and has always responded promptly and rendered exceptionally good services. The application being reasonable and just, I respectfully recommend favorable consideration. Respectfully, MICHAEL R. BRENNAN, Superintendent of Telegraph.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 4, 1912, the Police Commissioner transmitted a communication, dated February 28, 1912, from George W. Reed, Chief Lineman in the Police Department, requesting an increase in annual compensation.

The Commissioner has verbally approved of the request, which involves the establishment of a new grade of position for Chief Lineman at \$1,750 per annum. The present rate is \$1,500.

There are no funds available in the budget appropriation to provide for the additional position.

We recommend, therefore, that the request be not approved. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby disapproves of the request of the Police Commissioner, as set forth in a communication dated March 4, 1912, that the salary of the position of Chief Lineman be increased from \$1,500 to \$1,750 per annum.

*To the Board of Estimate and Apportionment:*

Gentlemen—On July 10, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of rates of compensation for Janitors of Public Schools 130, 111, 98 B and C, De Witt Clinton High School, Manhattan, 54, 94 (old), Girls' High School, Commercial High School, Brooklyn, and 8, Richmond.

The temporary rate of \$75 per month for Public School 8, Richmond, and \$10 additional for Public School 130, Manhattan, for the care of the vacant lot adjoining the school, have already been established. It is not necessary to re-establish the grade every time the incumbent is changed. The rate of \$1,848 per annum for Public School 54, Brooklyn, as against the present rate of \$2,160, is requested on account of the non-renewal of the lease to the annex. An increase from \$5,832 to \$5,880 per annum is proposed for the Girls' High School, Brooklyn, on account of additional machinery, and from \$1,008 to \$1,236 for old Public School 94, Brooklyn, on account of rent allowance. The rate of \$3 per session for the Janitors of the De Witt Clinton High School and the Commercial High School is for services in connection with the continuation schools which are being held in their respective buildings during the summer vacation.

We recommend that, with the exception of the grades which have been established, the request be granted by the adoption of the attached resolution. Respectfully,

The Secretary presented a report of the Committee on Salaries and Grades, recommending that the request of the President of the Borough of Queens for the establishment of the grade of position of Inspector of Buildings, at \$2,000 per annum, be referred to the Committee on Standardization of Salaries and Grades.

Which was referred to the Committee on Standardization of Salaries and Grades. (On March 7, 1912, the above request was referred to said Committee.)

The Secretary presented the following resolution from the Board of Education requesting, and report of the Corporate Stock Budget Committee recommending, that the resolution adopted January 11, 1912 (amending resolution of June 3, 1910), relative to the issue of \$213,525 corporate stock for the construction of new Public School 40, Pacific and Union Hall streets, Jamaica, Borough of Queens, be further amended by reducing said authorization to \$211,549.50, and further recommending the issue of \$1,975.50 corporate stock to provide means for the equipment of said school.

A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, August 5, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On June 26, 1912, the Board of Education requested that a resolution authorizing \$213,525 in corporate stock for the construction of Public School 40, Borough of Queens, be amended by making \$1,975.50 available for furniture for the school. In connection therewith we report as follows:

In the 1910 corporate stock budget the sum of \$226,000 was authorized for the construction, and \$47,340 for the equipment, of Public School 40, Pacific and Union Hall streets, Jamaica, Borough of Queens. The cost of construction was less than anticipated, and the original resolution was amended reducing the amount authorized to \$213,525. The appropriation for equipment did not include furniture. The sum of \$16,000 was made available for this purpose on January 11, 1912, but the amount is insufficient. It is therefore proposed to make the balance of \$1,975.50 in the construction account applicable to the deficit in the appropriation for equipment.

We recommend that the request be granted by the adoption of the attached resolutions. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Inasmuch as the entire work will cost thirty-one thousand and thirty-five (\$31,035) dollars, which is well within the total of thirty-two thousand (\$32,000) dollars provided, I am directed by Ernst J. Lederle, Ph.D., President of the Board of Health, to request that you will be good enough to amend your approval of August 7, 1912, as follows:

A—Underground tunnel system at an estimate of cost in the sum of thirteen thousand and eighty-six (\$13,086) dollars.

B—Pipes, traps, tanks, etc., with all connections at an estimate of cost of seventeen thousand nine hundred and forty-nine (\$17,949) dollars.

To the Board of Estimate and Apportionment:

Gentlemen—On September 12, 1912, the Board of Education requested approval of the form of contract, specifications, plans and estimate of cost in the sum of \$3,000 for installing electric equipment in Addition to and Alterations in Public School 72, Borough of Manhattan.

The cost of the equipment is to be charged to the unencumbered balance of \$17,587 (as of September 17, 1912) in the corporate stock fund entitled "C. D. E.—100D, School Buildings, Construction and Equipment, Manhattan, Subtitle 4."

An appropriation of \$52,000 was approved for this purpose by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911.

The specifications and plans have been approved by the Department of Water Supply, Gas and Electricity and are satisfactory. The form of contract is satisfactory. I am advised by an Engineer in the Department of Finance that the estimate of cost is too high, and that \$2,000 represents a reasonable cost for the work.

I recommend the adoption of the attached resolution approving the form of contract, specifications and plans, and \$2,000 as the estimate of cost. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On August 29, 1912, the Commissioner of Parks, Borough of The Bronx, requested approval of the form of preliminary contract and estimate of cost in the sum of \$32 for the services of La Farge & Morris, of No. 23 East 26th street, as architects, for the preparation and preliminary drawings and specifications of a proposed hippopotamus tank addition to the elephant house in the Zoological Park, Bronx Park.

I am advised by an Assistant Engineer in the Department of Finance that the proposed work is of such a nature that the engineering force regularly employed by the Park Department can prepare the plans and specifications and supervise the work, thereby rendering unnecessary the employment of additional expense to the City of an outside architect.

I recommend, therefore, that the request be not approved, and that the contract be returned to the Commissioner for reconsideration. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby disapproves of the request of the Commissioner of Parks, Borough of The Bronx, as set forth in a communication dated August 29, 1912, for approval of form of preliminary contract and estimate of cost (\$32.00) for the services of Lafarge & Morris, architects, for the preparation of preliminary drawings and specifications of a proposed Hippopotamus tank addition to the Elephant house in the Zoological Park, The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

The Secretary was directed to return the form of contract together with a copy of the report of the Comptroller, to the Department of Parks, The Bronx.

The Secretary presented the following report of the Comptroller recommending that the resolution adopted May 9, 1912, authorizing the acquisition, by condemnation proceedings, of property known as No. 409 West 28th street, Manhattan, for use as a site for a public bath, under the jurisdiction of the President of the Borough of Manhattan, be rescinded, and that this property be acquired at private sale for a sum not exceeding \$14,250:

(On May 9, 1912, the Board authorized the purchase, at private sale, of property known as Nos. 407, 411 and 413 West 28th street, Manhattan, for the above purpose, but the price asked by the owner of No. 409 West 28th street being deemed excessive, said parcel was authorized by condemnation proceedings. See Financial Minutes of the meeting held May 9, 1912, at pages 2891-2893 of the pamphlet.)

City of New York, Department of Finance, Comptroller's Office, September 23, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On May 9, 1912, the Board of Estimate and Apportionment adopted a resolution directing the Corporation Counsel to institute proceedings on behalf of the City of New York to acquire by condemnation certain property located on the northerly side of West 28th street, distant 125 feet westerly from the westerly side of 9th avenue, Borough of Manhattan.

This is part of a plot of ground known as Nos. 407, 409, 411 and 413 West 28th street, which was selected by the President of the Borough of Manhattan as the most available location for the construction of a new public bath, having a frontage of 75 feet on 28th street, with a depth on each side of 98 feet.

This property was in three ownerships. The purchase of No. 407 at private sale was authorized by the Board of Estimate and Apportionment on May 9, 1912, for the sum of \$14,750, and the purchase of Nos. 411 and 413 was authorized on the same date for \$27,000. The owner of No. 409 refused to sell for less than \$18,000, which price I deemed to be excessive, and recommended that the same be acquired by condemnation. Since then, however, he has agreed to sell at private sale for \$14,250, which I deem to be a reasonable figure.

The premises consist of a plot of ground 18 ft. 9 in. x 98 ft. 9 in. on the northerly side of West 28th street, distant 125 feet westerly from the corner formed by the intersection of the northerly side of 28th street and the westerly side of 9th avenue.

I, therefore, respectfully recommend that the resolution adopted by the Board of Estimate and Apportionment on May 9, 1912, authorizing the acquisition by condemnation of the above mentioned property be rescinded, and the price being reasonable and just, that your Board approve the selection of the following described premises for a public bath under the jurisdiction of the President of the Borough of Manhattan:

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, City, County and State of New York, bounded and described as follows:

Beginning at a point on the northerly side of 28th street, distant one hundred and twenty-five feet westerly from the corner formed by the intersection of the northerly side of 28th street and the westerly side of 9th avenue, and running thence northerly parallel with 9th avenue, and part of the way through a party wall, ninety-eight feet nine inches, to the centre line of the block; thence westerly along said centre line of the block, eighteen feet nine inches; thence southerly again parallel with 9th avenue, and part of the way through another party wall, ninety-eight feet nine inches to the northerly side of 28th street, and thence easterly along the northerly side of 28th street, eighteen feet nine inches to the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the street in front thereof to the centre thereof

—and authorize the Comptroller to enter into contract for the acquisition of the above described premises at private sale at a price not exceeding \$14,250, said contract to be submitted to the Corporation Counsel for his approval as to form. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment May 9, 1912, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of the following described property for a public bath, under the jurisdiction of the President of the Borough of Manhattan:

—and authorizes the Corporation Counsel to institute condemnation proceedings for the acquisition of said property, the title to vest in the City ten days after the filing of the oaths of the Commissioners of Estimate and Appraisal appointed in the proceeding.

"Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into a contract for the acquisition of the above-described property at private sale, subject to the approval of the Board of Estimate and Apportionment."

The Secretary presented the following communication from the Department of Docks and Ferries, requesting, and report of the Comptroller, recommending approval, pursuant to resolution adopted July 11, 1912, of the form of contract, plans, specifications and estimate of cost (\$58,998.25) for removing a strip of the present asphalt pavement and laying new granite pavement on the marginal street from Lighthouse street to a point 75 feet north of the north corner of West Houston street, Manhattan, under the jurisdiction of said Department:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, September 3, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—In two communications dated July 29, 1912, you approved forms of contract, plans and specifications for laying a strip of granite pavement 50 feet in width in lieu of the existing asphalt paving between Barclay street and Clarkson street, North River, Borough of Manhattan.

One communication covered Contract No. 1337, for paving between Barclay street and Lighthouse street at an estimate of \$62,010; the other communication covered Contract No. 1338, for paving between Lighthouse street and Clarkson street, at an estimate of \$62,205.

Both contracts were based upon an estimate of \$3.90 per square yard.

Both contracts were advertised and at the opening of the bids the lowest figure was found to be \$4.09 per square yard.

On the 20th ult. we requested that you approve the awarding of Contract No. 1337, for the laying of the pavement between Barclay street and Lighthouse street, North River, at the lowest bid received, aggregating \$65,031. This matter is now before you for your action.

The awarding of Contract No. 1337 at the said figure of \$65,031 will leave a balance of \$59,969 in the fund C. D. D.—33 to meet the expense of paving north of Lighthouse street. For lack of funds the bids received August 14, 1912, on Contract No. 1338 were rejected on August 20th.

Contract No. 1338 has been revised by reducing the extent of the paving so as to cover the area aggregating 14,425 square yards between Lighthouse street and a

point 75 feet north of the northerly line of West Houston street. This modified stretch of pavement can be done within the available balance at a figure of \$4.09 per square yard, the lowest figure received at the opening of bids on the 14th ult.

You will find herewith copy of the form of contract and specifications as modified.

Pursuant to the provisions of a resolution adopted by the Board of Estimate and Apportionment on July 11, 1912, I request that you approve the form of contract and specifications as modified at an estimate of \$58,998.25 or \$4.09 per square yard. The plans are the same as those approved by you on July 29, with the exception of the reduction of the area by making the northerly line of the pavement 75 feet north of the northerly line of West Houston street.

Yours very truly,

WM. J. BARNEY, Second Deputy and Acting Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On July 29, 1912, approval was given by me for work under the jurisdiction of the Department of Docks and Ferries as follows:

Contract No. 1337 for removing a strip of the present asphalt pavement and laying a new granite pavement on the Marginal street from Barclay to Lighthouse street, North River, Manhattan, at an estimated cost based on 15,900 square yards at \$3.90 per square yard, \$62,010.

Contract No. 1338, for removing a strip of the present asphalt pavement and laying a new granite pavement on the Marginal street from Lighthouse to Clarkson street, North River, Manhattan, at an estimated cost, based on 15,950 square yards at \$3.90 per square yard, \$62,205.

Bids were opened for the work on August 14, 1912. The lowest bid was \$4.09 per square yard for both contracts.

The amount authorized for the entire work was \$125,000. At the low bid the cost of both contracts would have been \$130,266.50, or \$5,266.50 in excess of the amount provided.

On September 3, 1912, a new estimate of cost in the sum of \$65,031, based on the low bid of \$4.09 per square yard, was approved by me for contract No. 1337. All of the bids on contract No. 1338 were rejected by the Commissioner of Docks on account of lack of funds. The balance available in the fund after the approval of contract No. 1337 was \$59,969.

On September 3, 1912, the Acting Commissioner of Docks requested approval of the form of contract, No. 1338, plans and specifications as amended, and estimate of cost in the sum of \$58,998.25 for repaving with granite blocks the Marginal street along the North River from Clarkson street to a point 75 feet north of the northerly line of West Houston street. The amendment to the contract, etc., consists in the elimination of that part of the work included in the former proposed contract, between the point 75 feet north of the north line of West Houston street and Clarkson street, thereby reducing the area to be repaved and bring the cost within the amount remaining in the fund.

The contract provides for the repaving of 14,425 square yards. At the estimated price of \$4.09 per square yard, this would cost \$58,998.25.

The cost is to be paid from a corporate stock fund of \$125,000 authorized by the Board of Estimate and Apportionment on July 11, 1912, and entitled, "C. D. D.—33 Department of Docks and Ferries, Granite Paving of Marginal street along the North River between Barclay and Clarkson street." There has been no expenditures from the fund.

The form of contract, plans and specifications are satisfactory and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost in the sum of fifty-eight thousand nine hundred and ninety-eight dollars and twenty-five cents (\$58,998.25), for removing a strip of the present asphalt pavement and laying a new granite pavement on the Marginal street from Lighthouse street to a point 75 feet north of the north corner of West Houston street, under the jurisdiction of the Department of Docks and Ferries, the cost to be paid from the corporate stock fund entitled "C. D. D.—33, Department of Docks and Ferries, Granite Paving of Marginal street along North River between Barclay and Clarkson streets."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 11, 1912, of the form of contract, specifications and estimate of cost (\$5,565) for dredging about 6,500 cubic yards in all boroughs, under the jurisdiction of said Department:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, September 9, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—In your letter of August 1, 1912, you approved specifications and form of Contract No. 1348 for dredging about 9,000 cubic yards in the five boroughs at estimate of \$5,850, or 65 cents per cubic yard, the cost to be paid from the corporate stock fund entitled "C. D. D.—31, Department of Docks and Ferries, Mud Dredging and Hard Dredging in New York Harbor."

We advertised this contract and but two bids were received in response to our call, one being from the R. G. Packard Co., at 84 cents per cubic yard and the other from the Morris & Cummings Dredging Co., at 85 cents per cubic yard.

In the fund there is available for this dredging the sum of \$5,565.

We have modified the contract by reducing the quantity to 6,500 cubic yards. A copy of the modified form of contract is transmitted herewith. I request that you approve the same at estimate of 85 cents per cubic yard so that we may proceed to readvertise the contract. Very truly yours,

CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On August 1, 1912, approval was given by the Comptroller to the form of contract (No. 1348), and specifications for dredging under the jurisdiction of the Department of Docks and Ferries, of about 9,000 cubic yards, in all Boroughs, at an estimated cost of \$5,850. The cost was based on an estimate of 65 cents per cubic yard.

Bids were opened for the work on August 22, 1912. Two bids were received, one at 84 cents, the other at 85 cents per cubic yard. The balance in the fund against which the cost was to be charged was insufficient, and both bids were rejected.

On September 9, 1912, the Commissioner of Docks requested approval of the form of contract, specifications and estimate of cost in the sum of \$5,565, for dredging about 6,500 cubic yards, in all Boroughs. This estimate is based on the bids received on August 22.

The prices bid for this class of work since 1909 have ranged from 39 to 89 cents per cubic yard, and contracts have been awarded at the lower figure, and at 63 and 68 cents per cubic yard.

The letting of August 22 was duly advertised in conformity with the law, and I am of the opinion that the bids received may be accepted as fairly representing a reasonable estimate of cost at the present time.

The cost is to be paid from a corporate stock fund of \$33,000, authorized by the Board of Estimate and Apportionment on June 8, 1911, and entitled, "C. D. D.—31, Department of Docks and Ferries, Mud and Hard Dredging in New York Harbor." On September 21 an unencumbered balance of \$5,565 remained in the fund.

The form of contract and specifications are satisfactory.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

To the Board of Estimate and Apportionment:

Gentlemen—On September 13, 1912, the District Attorney for the County of Kings requested modification of a salary schedule in his office for the year 1912. In connection therewith I report as follows:

The District Attorney, by chapter 309 of the Laws of 1911, chapter 772 of the Laws of 1896, chapter 409 of the Laws of 1911, and chapter 452 of the Laws of 1911, is empowered to fix the salaries of the various employees of his office with limitations as to the maximum amount to be paid. Under the authority of the laws cited he fixed the salaries of the staff appointed by him since January 1, 1912, the date he took office, at rates less than paid during the administration of his predecessor, and also dropped a number of employees whom he considered unnecessary, thereby effecting a total saving in his appropriation of \$15,550 per annum. The proposed modification is to conform with the actual salaries which will appear on the September payroll for his office. The decrease of \$15,550 is scheduled as unassigned.

I recommend the adoption of the attached resolution granting the request.

To the Board of Estimate and Apportionment:

Gentlemen—On September 3, 1912, the Commissioner of Parks, Borough of Brooklyn, requested modification of a 1912 schedule in his Department for the wages of temporary employees. In connection therewith I report as follows:

It is proposed to decrease the allowances for Bricklayers at \$5.60 and Masons at \$5 to the extent of \$3,100, and increase the line item for Drivers at \$2.50 in the same amount. The Commissioner states that owing to increased work on parks and parkways it is necessary to employ Drivers for a longer period than the original schedule allowed.

The following table shows the line item changes in detail:

Hon. WM. A. PRENDERGAST, Comptroller, The City of New York, 280 Broadway, New York.

Sir—I have to request a modification of the schedules supporting the Budget appropriation made for the Department of Bridges for the year 1912, and involving a transfer of \$166.66, effective as of September 1, 1912, as follows:

This transfer is requested to permit of the increase of salary of Mr. C. I. Crocker, Assistant Engineer, who is one of the most efficient Engineers in the employ of the

Department. He has been assigned to special work in connection with the maintenance of the bridges over the East River. The work which he is doing was formerly done by an Engineer who received \$5,000.

This transfer does not increase the Budget appropriation made this Department for the year 1912. Respectfully,  
ARTHUR J. O'KEEFE, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 11, 1912, the Commissioner of Bridges requested modification of two salary schedules for operation and maintenance, involving a transfer of \$166.66, in his department for the year 1912. In connection therewith I report as follows:

In No. 101, Supervision, it is proposed to increase Calvin I. Crocker, an Assistant Engineer, from \$3,500 to \$4,000 per annum. Mr. Crocker was appointed on May 28, 1903, at \$1,500 per annum. On December 1, 1904, he was increased to \$1,800 per annum, on July 18, 1905, to \$2,100; on April 1, 1906, to \$3,000; and on May 1, 1910, to the present rate.

Mr. Crocker is the Engineer in charge of the Brooklyn and Manhattan bridges. Formerly he was in charge of the bridges in the Boroughs of Brooklyn and Richmond. Mr. Crocker is also in charge of the Municipal Garage. The Commissioner states that Mr. Crocker is one of the most efficient engineers in the employ of the Department, and that the increase requested is a most justifiable one. It is also stated that the work to which Mr. Crocker is now assigned was formerly done by an Engineer receiving \$5,000 per annum. This engineer has been assigned to other work, and is requested for 1913 at \$4,000 per annum.

The necessary amount of \$500 is to be provided by eliminating a Bridge Tender at \$900 per annum, in No. 102, General. The balance of \$400 is to be scheduled in No. 102 as unassigned.

The modification is in conformity with the policy of your Board.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Decrease.	Increase.	Decrease.	Increase.
101—Assistant Engineer, 1 at \$3,500.		\$3,500 00	.....	\$1,166 66	.....

		\$4,400 00	\$4,400 00	\$1,466 66	\$1,466 66

I recommend the adoption of the attached resolutions approving the request. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

Which was laid over one week, October 3, 1912.

The Secretary presented the following communications from the President and the Acting President of the Borough of Brooklyn, requesting, and report of the Comptroller recommending, the modification of Salary Schedules Nos. 1928, 1933 and 1935 for the office of the President of the Borough of Brooklyn, for the year 1912, to be

effective as of September 1, 1912, providing for a change in title of a number of Sewer Cleaners to that of Laborer at the same rate of compensation, for the transfer of a Foreman at \$4 per diem to Schedule No. 1933, the elimination of a Housesmith at \$5 for 94 days in Schedule No. 1935, to provide for an increase in the number of days of Life Saver at \$3, involving the transfer of \$400:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, September 7, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller.

Dear Sir—I transmit herewith copy of report received from the Superintendent of the Bureau of Sewers, Mr. William J. Taylor, requesting modification of salary schedule No. 1928—Personal Service, Maintenance, Sewers, Wages, Regular Employees, which I respectfully request that you kindly approve and advise me of your approval as early as convenient.

In connection therewith I would say that this modification is merely for the purpose of changing the title of a number of sewer cleaners to laborers at the same compensation. Yours very truly,  
ALFRED E. STEERS, Borough President.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, September 13, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller, 280 Broadway, New York:

Dear Sir—I respectfully request that you prepare a report recommending to the Board of Estimate and Apportionment a modification of Salary Schedules No. 1928, Wages, Regular Employees, Bureau of Sewers, and No. 1933, Wages Regular Employees, Bureau of Public Buildings and Offices, as follows:

Reduce line of Foreman at \$4 per day, 314 days, Account No. 1928, from 9 to 8 incumbents, and increase the line in Account 1933, Wages, Regular Employees, Foreman, at \$4 per day, 314 days, to 3 incumbents instead of 2, as at present, and transfer the sum of \$1,256 from Account No. 1928 to Account No. 1933, to cover this modification.

No increase in salary is involved in this change, the same being within the appropriation for the year 1912.

I also respectfully request that you prepare a report recommending the modification of Salary Schedule No. 1935, Coney Island Bath, Wages, Temporary Employees, by eliminating the line of 1 Housesmith at \$470, and increasing the number of days for Life Saver from 488 to 518, and leaving an unassigned balance of \$380.

Both of these Schedules to date from September 1. Yours very truly,

L. H. POUNDS, Acting Borough President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On August 1, 1912, approval was given by the Comptroller to the plans, specifications and estimate of cost in the sum of \$14,500 for the alteration and addition to the playground house and comfort station near the ball ground in Central Park, Borough of Manhattan.

On September 9, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested approval of three contracts covering the work, as follows:

The general work, exclusive of plumbing, gas fitting, heating and ventilating at an estimated cost of \$10,300.

The work of plumbing and gas fitting, at an estimated cost of \$3,000.

The work of heating and ventilating, at an estimated cost of \$1,200.

The total of the three contracts is \$14,500 and the subdivision is in compliance with chapter 514 of the Laws of 1912, requiring separate specifications for (1) plumbing and gas fitting, and (2) steam heating, hot water and ventilating apparatus. The law became operative on September 1.

The cost is to be charged against the corporate stock fund entitled "C. D. P.—39B, Improvement of Central Park; Alteration of Comfort Station near Ballground." The fund was authorized in the sum of \$15,000, by the Board of Estimate and Apportionment on July 17, 1911, and was concurred in by the Board of Aldermen on July 25, 1911. The unexpended balance as of September 12, 1912, was \$14,919.35.

The plans and specifications are satisfactory, and the estimate of cost is reasonable.

I recommend the adoption of attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

The cost of the contracts is to be charged against the corporate stock fund entitled "C. D. P.—39B, Improvement of Central Park, Alteration of Comfort Station near Ball Ground."

The Secretary presented the following communication from the Department of Public Charities requesting, and report of the Comptroller recommending approval, pursuant to the resolution adopted July 11, 1912, of increased estimates of cost for work to be done at the Power House of the Metropolitan Hospital, under the jurisdiction of said Department, viz:

A—Erection of a radial brick chimney.....	\$4,500 00
B—Installation of two new high-pressure boilers and other apparatus.....	19,200 00

(On August 10, 1912, the Comptroller approved of the estimates of cost for the above work at \$4,000 and \$17,000, respectively; the increased estimates of cost is to permit of awarding the contracts to the lowest bidder.

Department of Public Charities of the City of New York, Foot of East 26th street, September 10, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Sir—Under date of July 30 we forwarded to you the plans, specifications, form

of contract and estimate of costs for the following work in the Metropolitan Hospital District, Blackwell's Island:

(1) For furnishing all the labor and materials required for the erection of a radial brick chimney in connection with additional heating boilers for Metropolitan Hospital District boiler plant, Blackwell's Island.

(2) For furnishing all the labor and materials required for the installation and erection of two high pressure boilers and other apparatus for the heating plant and power house, Metropolitan Hospital District, Blackwell's Island.

—and stated that these expenditures are chargeable to the Department of Public Charities Building Fund C. CH.—33F, and the estimated cost \$21,000 (1-\$4,000) (2-\$17,000). The exact title of the corporate stock is as follows:

"To provide means for the installation of additional boilers in heating plant, Metropolitan Hospital District, Blackwell's Island, \$25,000."

These plans, specifications and form of contract were approved by the Department of Finance and under date of August 10 we were notified as follows:

"Pursuant to the resolution adopted by the Board of Estimate and Apportionment on July 11, 1912, I hereby approve the forms of contracts and specifications, as amended, the plans and estimates of cost for the following work:

(1) For furnishing all the labor and materials required for the erection of a radial brick chimney in connection with additional heating boilers for Metropolitan Hospital District boiler plant, Blackwell's Island; estimated cost, four thousand dollars (\$4,000).

(2) For furnishing all the labor and materials required for the installation and erection of two high pressure boilers and other apparatus for the heating plant and power house, Metropolitan Hospital District, Blackwell's Island; estimated cost seventeen thousand dollars (\$17,000)."

The cost of the two contracts is to be charged to the corporate stock fund entitled "C. CH.—33F, Department of Public Charities, Installation of Additional Boilers for Heating Plant, Metropolitan Hospital." Yours truly,

(Signed) D. MATHEWSON, Deputy and Acting Comptroller."

On September 4 we opened bids for job No. 1 and the bids were as follows: \$5,170, \$4,930 and \$4,500. September 9 we opened bids for job No. 2 and the bids were as follows: \$19,200, \$20,267 and \$20,975, making a total for the two jobs of \$23,700, chargeable against the appropriation of 25,000, leaving a balance of \$1,300, against which there will be a charge of \$1,185 for the architect's fees. The architect has certified in writing that these two bids are fair and reasonable and recommends that the contracts be awarded to the respective concerns.

These two new additional boilers will be needed in this district the coming winter because since last winter new buildings have been opened, and as the bids are within the appropriation, although not within our estimate, I would respectfully request that you approve of the awarding of these contracts to the respective lowest bidders in order that the work of installing these boilers may proceed at once. Respectfully,

M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On September 10, 1912, the Commissioner of Public Charities requested approval of increased estimates of cost for work at the Power House of the Metropolitan Hospital District, Blackwell's Island, as follows:

For the erection of a radial brick chimney, \$4,500.

For the installation of two new high-pressure boilers, and other apparatus, \$19,200.

On August 10, 1912, I approved the estimates of cost for these contracts at respectively, \$4,000 and \$17,000.

On September 4, 1912, bids were opened for the construction of the radial brick chimney and the lowest of three bids received was that of H. R. Heinicke, Inc., for \$4,500.

On September 9, bids were opened for the installation of the two high-pressure boilers and other apparatus, and the lowest of three bids received was that of Child & Scott Co., for \$19,200.

The amounts of these two low bids are reasonable, and funds are available in the Corporate Stock Fund entitled, "C. C. H. 63 F, Installation of Additional Boilers for Heating Plant, Metropolitan Hospital."

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the President of the Board of Aldermen requesting, and report of the Committee on Salaries and Grades recommending, the establishment in the office of said President of the following grades of positions:

	Per Annum.	Incumbents.
Clerk.....	\$480 00	1
Stenographer.....	1,500 00	1
Examiner.....	4,000 00	2

—and that the following grades of positions be abolished:

	Per Annum.	Incumbents.
Clerk.....	\$900 00	1
Stenographer.....	1,800 00	1
Examiner.....	3,500 00	2

(On September 19, 1912, the request of the President of the Board of Aldermen for the establishment of the above grades of positions was referred to said Committee.)

Office of the President of the Board of Aldermen, 51 Chambers street, September 16, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—Request is hereby made for the establishment of the following additional grades of positions in this office:

1 Clerk at \$480 per annum, 1 Stenographer at \$1,500 per annum and 2 Examiners at \$4,000 per annum.

It is proposed to abolish the following grades of positions:

1 Clerk at \$900 per annum, 1 Stenographer at \$1,800 per annum and 2 Examiners at \$3,500 per annum.

To take effect upon the establishment of the new grades, as indicated.

No additional appropriation is necessary. The transfer of the Clerk at \$900 per annum to the Department of Water Supply, Gas and Electricity, and the substitution of a Stenographer at \$1,500 in place of one at \$1,800, resigned, will provide more than the necessary funds to increase the salary of a Clerk from \$300 to \$480 per annum and 2 Examiners from \$3,500 per annum to \$4,000 per annum, as is purposed when the new grades are established.

The Clerk whose salary it is proposed to increase has been employed in this office for nearly two years, starting at the lowest salary in his grade, \$300. He is faithful and intelligent, and the character of his work is far above the standard usually expected from a first grade Clerk.

The two Examiners who are to receive an increase from \$3,500 to \$4,000 per annum are rendering important service of a technical nature on a par with that of the best rated Examiners and investigators in any of the City Departments, most of whom are receiving much higher salaries. Both are able and efficient, thoroughly trained and experienced in the class of work which they are called upon to do. They deal with matters highly technical and requiring expert knowledge and experience. These men give their time and service, not alone during the usual office hours, but frequently long after the office has closed for the day.

Favorable consideration by your Board is requested. Respectfully,  
JOHN PURROY MITCHEL, President of the Board of Aldermen.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 16, 1912, the President of the Board of Aldermen requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

	Rate Per Annum.	Number of Incumbents.
Clerk .....	\$480 00	1
Stenographer .....	1,500 00	1
Examiners .....	4,000 00	2

In the same communication it was proposed to abolish the following grades of positions:

	Rate Per Annum.	Number of Incumbents.
Clerk .....	\$900 00	1
Stenographer .....	1,800 00	1
Examiners .....	3,500 00	2

to take effect upon the establishment of the new grades.

In connection therewith we report as follows:

A Clerk at nine hundred dollars (\$900) per annum was recently transferred from the Office of the President of the Board of Aldermen to the Department of Water Supply, Gas and Electricity. A Stenographer at eighteen hundred dollars (\$1,800) per annum resigned. It is proposed to appoint to the latter vacancy a Stenographer at fifteen hundred dollars (\$1,500) per annum. It is not intended to fill the vacancy caused by the transfer of the Clerk mentioned. This fact, together with the saving of three hundred dollars (\$300) per annum in the salary of the Stenographer will provide more than the necessary funds to make the increases contemplated in the establishment of the grades as requested.

The clerical grade at four hundred and eighty dollars (\$480) per annum is for the purpose of increasing the salary of a Clerk now receiving three hundred dollars (\$300) per annum who has been employed in the office for nearly two years, rendering faithful and intelligent service. It appears that his promotion is well deserved.

It is proposed to increase the salaries of Richard C. Harrison and Burdette G. Lewis, from three thousand five hundred to four thousand dollars (\$4,000) per annum. These men are members of the executive staff of the President of the Board of Aldermen. Their services are of great value in connection with a proper discharge of the manifold duties devolving upon that official. Without an examination generally into the important matters coming before the Board of Estimate and Apportionment, Sinking Fund Commission and Armory Board, of which bodies the President of the Board of Aldermen is a member, and particular and careful investigation as to matters emanating from those bodies and referred to sub-committees of which the President of the Board of Aldermen is chairman, that official would not be in a position properly to deal with such matters and intelligently to act upon them. As stated by the President, Messrs. Harrison and Lewis are able and efficient men, thoroughly trained and experienced in the class of work which they are called upon to do. They deal with matters highly technical and requiring expert knowledge and experience.

We recommend the adoption of the attached resolution, approving the request to establish the grades and to abolish the others as indicated. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Board of Aldermen of the following grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk .....	\$480 00	1
Stenographer .....	1,500 00	1
Examiners .....	4,000 00	2

—and the abolishment of the following grades of positions:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk .....	\$900 00	1
Stenographer .....	1,800 00	1
Examiners .....	3,500 00	2

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Board of Education requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 11, 1912, of the increased estimate of cost (\$4,654) for the general construction, etc., of a portable school building as an annex to Public School No. 17, Borough of Queens, under the jurisdiction of the Department of Education:

(On August 2, 1912, the Comptroller approved of the estimate of cost for the above work in the sum of \$4,500, and the increased estimate is to provide for awarding the contract to the lowest bidder.)

Board of Education, Park Avenue and 59th street, New York, September 18, 1912.  
Hon. WM. A. PRENDERGAST, Comptroller, The City of New York:

Dear Sir—I have the honor to advise you that at a meeting of the Committee on Buildings held on the 16th inst. it was ordered that you be requested to amend the approximate estimate of cost for the general construction, etc., of a portable school building as an annex to Public School 17, Queens, by changing the amount from \$4,500 to \$4,654. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 18, 1912, the Board of Education requested approval of \$4,654 as an increased estimate of cost for the general construction, etc., of a portable school building as an annex to Public School 17, Queens.

On August 2, 1912, the estimated cost of this building was approved at \$4,500.

On August 5, 1912, bids were opened; and the lowest of the five bids received was that of the H. L. Haffen Contracting Co. for \$4,654. The amount is reasonable. There are funds available to pay the increased cost.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the estimate of cost in the sum four thousand six hundred and fifty-four dollars (\$4,654) for the general construction, etc., of a portable school building as an annex to Public School 17, Borough of Queens, under the jurisdiction of the Department of Education; the cost to be

charged to the corporate stock fund entitled "C. D. E.—92, School Building Fund, Portable Buildings, Queens."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the President of the Borough of Brooklyn, requesting, and report of the Comptroller recommending, the modification of salary Schedules Nos. 1931 and 1932, for the office of said Borough President for the year 1912, to be effective as of September 1, 1912, providing for an increase in the salary of an Attendant from \$900 to \$1,050, of two Drivers from \$750 to \$900 each, and a Clerk from \$1,500 to \$1,800, the addition of a Laborer at \$750 per annum, a Draftsman at \$1,800, a Messenger at \$1,050, and a Clerk at \$300 per annum, involving the transfer of \$1,150:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, September 16, 1912.

Hon. WM. A. PRENDERGAST, Comptroller, Department of Finance, City of New York:

Dear Sir—I transmit herewith proposed schedules for accounts Nos. 1931 and 1932—Salaries, Regular Employees, Bureau of Public Buildings and Offices, and respectfully request that you prepare a report recommending to the Board of Estimate and Apportionment the adoption of same.

Modification of No. 1932 provides for the increase of: One Attendant from \$900 to \$1,050 per annum; two Drivers from \$750 to \$900 per annum, and one additional Laborer at \$750 per annum.

To provide for these changes it is proposed to eliminate: Four Attendants at \$750 per annum, one Janitor at \$900 per annum; one Janitress at \$750 per annum.

The balance, \$3,450, is to be transferred to Account No. 1931, Administration, to provide for: One new Draftsman, at \$1,800 per annum; one Messenger, at \$1,050 per annum; one clerk, at \$300 per annum, and increases the salary of one Clerk from \$1,500 to \$1,800 per annum.

I respectfully ask that this matter be given early consideration as the changes shown above are in keeping with our Budget for the year 1913, for Account No. 1932, which account does not ask for any additional force or appropriation for next year.

Yours very truly,

ALFRED E. STEERS, President of the Borough.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 2, 1912.

The foregoing changes are made possible through the demise, after a lingering illness of Richard J. Garland, a Messenger employed in this office for many years and whose salary was \$1,500 per annum.

The individuals affected by the modification recommended are

Ellen E. Kelly and Carolyn E. Frakes, Stenographers and Typewriters. They were appointed during 1911 at a salary of \$750 each per annum; they are competent and perform their duties satisfactorily; they accepted appointment at their present rate of compensation reluctantly and only upon my assurance that if they proved competent and performed their duties to my satisfaction, I would recommend an increase in compensation for them, which I did in the departmental estimate for this year. Opportunity for better salaries, through transfer, has occurred but I urged them to remain in this office as their compensation would undoubtedly be fixed as I have recommended herein.

Horace F. Burpee and John J. Kennedy, Clerks, will receive an increase of \$150 and \$120 respectively. They are industrious and deserve this recognition.

The change will also provide for an additional Clerk, or Office Boy, at \$300 per annum, whose services are absolutely required. Yours very truly,

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 11, 1912, the Secretary of the Board of Estimate and Apportionment requested modification of the 1912 schedule entitled, "Personal Service, Administration, No. 1385, Salaries, Regular Employees." In connection therewith I report as follows:

It is proposed to eliminate a position of Messenger at \$1,500 per annum and add a Clerk at \$300 per annum. The sum of \$330 is to be scheduled as unassigned, and \$870 used to increase two Stenographers and Typewriters \$300 each, a Clerk \$150, and one \$120 per annum.

The following shows the date of appointment of the incumbents for whom salary increases are requested, their periods of service and previous and proposed increases:

Ellen F. Kelly, Stenographer and Typewriter, from \$750 to \$1,050 Per Annum.

Miss Kelly was appointed as a Stenographer and Typewriter at her present salary on August 28, 1911. Her previous position was that of Clerk and Stenographer at \$900 per annum in the State Lunacy Commission.

Carolyn E. Frakes, Stenographer and Typewriter, from \$750 to \$1,050 Per Annum.

Miss Frakes was appointed as a Stenographer and Typewriter at her present salary on September 7, 1911.

Horace F. Burpee, Clerk, from \$900 to \$1,050 Per Annum.

Mr. Burpee was appointed on February 1, 1906, as an Office Boy at \$300 per annum. On March 15, 1907, he was promoted to the position of Clerk at \$480 per annum. On June 5, 1908, he was increased to \$600 per annum, on June 1, 1909, to \$750, and to his present salary on June 22, 1911.

John J. Kennedy, Clerk, from \$480 to \$600 Per Annum.

Mr. Kennedy was appointed as a temporary Clerk at \$300 per annum on June 18, 1909, and as a Clerk at \$300 per annum on February 11, 1910. He was increased to his present salary on June 22, 1911.

The Secretary states that the incumbents are exceptionally efficient and deserving of promotion. He also states that the additional Clerk at \$300 per annum is necessary on account of the extensive correspondence and the mailing of calendars, pamphlets, etc.

The following table shows the line item changes in detail:

Code No.	Schedule Line.	Schedule Transfer.		Cash Transfer.

The Secretary presented the following communication from the Law Department requesting, and report of the Comptroller recommending, the modification of Salary Schedule No. 88 for said Department for the year 1912, to be effective as of August 1, 1912, to correct a clerical error in the resolution adopted by the Board on July 15, 1912, modifying said schedule, which provided for the elimination of a Clerk at \$1,500 per annum, instead of a Law Clerk at the same rate:

City of New York, Law Department, Office of the Corporation Counsel, New York, August 5, 1912.

*To the Honorable the Board of Estimate and Apportionment of The City of New York:*

Sirs—On June 1, 1912, I wrote your Board, asking that the salary schedule of this Department be amended by striking out the following positions:

Law Clerk .....	\$1,500 00
Stenographer and Typewriter .....	750 00
—and by inserting in place thereof the following:	
One Law Clerk .....	\$1,200 00
One Law Clerk .....	1,050 00

I am in receipt of a resolution creating the two new positions of Law Clerk at \$1,200 and \$1,050 per annum, respectively, and omitting the position of Stenographer and Typewriter at \$750, as requested, but I find that instead of striking out the position of one Law Clerk at \$1,500, the Board has stricken out the position of Clerk at \$1,500.

I presume that an error was made by the person who drafted the resolution, and I request that the mistake be corrected by again amending the salary schedule by omitting one position of Law Clerk at \$1,500, and by substituting in place thereof one position of Clerk at \$1,500, to take effect on August 1, 1912.

As one of the clerks in the Department at \$1,500 cannot receive his salary until this amendment is made, I ask that the matter receive prompt attention.

Yours respectfully,  
ARCHIBALD R. WATSON, Corporation Counsel.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On August 5, 1912, the Corporation Counsel requested modification of a salary schedule in his office for 1912. In connection therewith I report as follows:

On July 15, 1912, the Board of Estimate and Apportionment modified a salary schedule for the office. By a clerical error a position of Clerk at \$1,500, was dropped, instead of Law Clerk at \$1,500. The Corporation Counsel asks for a correction of the error.

I recommend the adoption of the attached resolution granting the request. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the President of the Borough of Brooklyn, requesting, and report of the Comptroller recommending, the modification of Salary Schedules Nos. 1917 and 1923 for the office of said Borough President for the year 1912, to be effective as of September 1, 1912, providing for the substitution of a Clerk at \$540 for one at \$900 and for an increase in the salaries of 3 Clerks, 1 from \$1,200 to \$1,350, 1 from \$900 to \$1,050 and 1 from \$480 to \$540, involving the transfer of \$20.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, September 16, 1912.

Hon. WM. A. PRENDERGAST, Comptroller, Department of Finance, City of New York:  
Dear Sir—I transmit herewith modification of schedule for accounts 1917 and 1923, for which I respectfully request you to prepare report to the Board of Estimate and Apportionment recommending same.

In Account 1917 it is proposed to drop one clerk at \$900 per annum, and substitute therefor one Clerk at \$540. With the balance, \$360, it is proposed to increase one Clerk from \$1,200 to \$1,350 per annum, and one Clerk from \$900 to \$1,050 per annum; the balance, \$60, to be transferred to Account 1923 for the purpose of increasing a First Grade Clerk from \$480 to \$540 per annum.

In connection with this modification I respectfully state that with these two small increases in Schedule 1917 we have prepared our Budget for 1913 accordingly, and that in said Budget there are no requests for increases in salary over the proposed schedule, the Budget remaining the same.

I would thank you to have this matter given early consideration, the said changes of date from September 1, 1912. Yours very truly,

ALFRED E. STEERS, President of the Borough.

The Secretary presented the following communication from the Municipal Explosives Commission requesting, and report of the Comptroller, recommending the modification of Salary Schedule No. 1392 for said Commission, for the year 1912, providing for the elimination of the restriction as to the number of sessions to be held by the Commission.

Municipal Explosives Commission of The City of New York, 157 East 67th Street, September 13, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller of The City of New York, 280 Broadway, New York City:

Dear Sir—We desire to state the following facts:

There was appropriated for the pay of the members of this Commission for the current year the sum of \$7,920, and at the same time the number of sessions to be held by the Commission during the year was limited to 198.

Under the law this Commission only meets as directed by the Fire Commissioner, but because of the great amount of business before it, it has thus far been in session every week day of the year.

The Commissioners are paid at the rate of ten dollars for each Commissioner for each session. A quorum of three is necessary to transact business, but it frequently happens that one of the four paid Commissioners is absent, with the result

that it is impossible to estimate with accuracy a year ahead as to the number of meetings which may be paid for by any sum appropriated.

Because of all the Commissioners not being present at each of the 198 sessions authorized, it has resulted that on the 23d day of August, 1912, this Commission held its 198th session, but of the amount appropriated for the pay of the Commissioners there then remained unexpended the sum of \$1,260. Because of being limited to 198 sessions, however, we are informed by your office that this sum is not available now for the further pay of the Commission.

In view of the above facts, we request that you modify Schedule No. 1392 so as to make said funds immediately available for the pay of the Commission since the 23d day of August, 1912, and for the future sessions of the Commission.

Very respectfully,

MUNICIPAL EXPLOSIVES COMMISSION, JOS. JOHNSON, ex-officio, Chairman; GEO. O. EATON, BARTHOLOMEW DONOVAN, RUSSELL W. MOORE, Commissioners.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 13, 1912, the Municipal Explosives Commission requested modification of Schedule No. 1392 for the Commission for the year 1912. In connection therewith I report as follows:

The schedule consists of the following line item:

Fees of Commissioners, 4 at \$10 per session (198 sessions)..... \$7,920 00

A total of 198 sessions had been held up to August 23, 1912, but owing to the fact that frequently only three Commissioners were present there remains \$1,260 unexpended. It is proposed to make this amount available by striking out the restriction as to the number of sessions. The meetings of the Commission are called by the Fire Commissioner.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Department of Public Charities requesting, and report of the Comptroller recommending, the modification of Salary Schedule No. 566 of said Department for the year 1912, to take effect as of August 1, 1912, providing for the transfer of \$10.48 from the line item Lecturer, \$2,390—to the item Stenographer and Typewriter, \$50, which amount was allowed for the employment of a Temporary Stenographer during the vacation period:

Department of Public Charities of The City of New York, Foot of East 26th Street, September 7, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—We would respectfully request that Appropriation No. 566 be modified as indicated below:

*Present Appropriation.*

566 Salaries, Temporary Employees:	
Hospital Helpers.....	\$5,425 00
Lecturers.....	2,390 00
Fire Drill Expert.....	975 00
Telephone Operator.....	90 00
Medical Examination.....	195 00
Stenographer and Typewriter.....	50 00
Honorariums.....	300 00
	\$9,425 00

*Revision as Requested.*

566 Salaries, Temporary Employees:	
Hospital Helpers.....	\$5,425 00
Lecturers.....	2,379 52
Fire Drill Expert.....	975 00
Telephone Operator.....	90 00
Medical Examination.....	195 00
Stenographer and Typewriter.....	60 48
Honorariums.....	300 00
	\$9,425 00

Under the authority of this appropriation we employed during August a Stenographer and Typewriter at the rate of \$750 per annum, having obtained permission from the Civil Service Commission to employ a person (temporary-emergency) for a period not to exceed thirty (30) days. This person was to take the place of the Stenographers who were on their vacations. We thought when the original appropriation was asked for that we could obtain a competent person at the rate of \$50 per month, but during the month of August we found upon inquiry at the agencies we could not obtain anyone at the rate of \$50 who was competent. We therefore had to pay at the rate of \$750 per annum. We did obtain a person and found it was necessary to continue her services for thirty (30) days, beginning August 2d. Thirty (30) days at the rate of \$750 per annum amounts to \$60.48, but there was only \$50 in the appropriation, as you will notice by line 6 in the above quoted appropriation. Hence this request in order that the services of the young woman who was employed may be paid for. Respectfully yours,

M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 7, 1912, the Commissioner of Public Charities requested modification of a salary schedule for his Department for the year 1912. In connection therewith I report as follows:

In No. 566, Personal Service, General Administration, Office of the Commissioner, Temporary Employees, the sum of \$50 was allowed for the employment of a Stenographer during the vacation season of the regular employees. The Commissioner states that in order to secure a competent temporary Stenographer for this period it was necessary to exceed the appropriation by \$10.48.

It is proposed to provide for the deficiency by transferring \$10.48 from the available balance in the line item for Lecturers in the same schedule.

The following table shows the line item changes in detail

Account No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Increase.	Decrease.	Increase.	Decrease.
566	Lecturers, \$2,390.....		\$10 48		\$10 48
	Stenographer and Typewriter, \$50.....	\$10 48		\$10 48	
		\$10 48	\$10 48	\$10 48	\$10 48

I recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller.

(On September 19, 1912, the request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the amendment of the above resolution, etc., was referred to said Committee.)

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, September 10, 1912.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—I respectfully request an amendment of the following resolution, authorizing an issue of corporate stock to an amount of \$50,000, to provide means for the general improvement of Silver Lake Park, including the erection of a shelter house, which was adopted by your Board at a meeting held July 27, 1911, concurred in by the Board of Aldermen on July 31, 1911, and approved by the Mayor on August 30, 1911, which reads as follows:

"Resolved, That, pursuant to the provisions of Section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding fifty thousand dollars (\$50,000), to provide means for the general improvement of Silver Lake Park, including the erection of a shelter house, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of the City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—by making \$15,000 of the said amount applicable to the general improvement of the triangle at Washington Park, Stapleton, S. I., including the erection of a comfort station.

There has been a constant demand for the improvement of this triangle from the residents of that Borough, and in view of the fact that the proposed site is in a very bad condition, and is a source of numerous complaints, and in view of the further fact that at the present time it is inadvisable to expend any great amount of money on the general improvement of Silver Lake Park, for the reason that a portion of same may be taken over by the Department of Water Supply for their purposes, I respectfully request that the resolution, when amended, read as follows:

Resolved, That, pursuant to the provisions of Section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding fifty thousand dollars (\$50,000), thirty-five thousand dollars (\$35,000) to provide means for the general improvement of Silver Lake Park, including the erection of a shelter house, and fifteen thousand dollars (\$15,000) for the general improvement of the triangle at Washington Park, Stapleton, S. I., including the erection of a comfort station, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

I would further state that the plans and specifications for the general improvement of the triangle at Washington Park, Stapleton, S. I., and the proposed comfort station have been prepared, and your immediate action upon this request will be greatly appreciated. Respectfully yours,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 10, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested amendment of a resolution authorizing an issue of corporate stock in the sum of \$50,000, to provide means for the general improvement of Silver Lake Park, including the erection of a shelter house. In connection therewith we report as follows:

The authorization was made in the 1911 Corporate Stock Budget. It is proposed to rescind \$15,000 of the amount, and appropriate a similar sum for the general improvement of the triangle at Washington Park, Stapleton, Staten Island, including the erection of a comfort station. The Commissioner states that the Washington Park triangle is in a very bad condition, and that there has been a constant demand for its improvement. He also states that \$35,000 is sufficient for Silver Lake Park, for the reason that part of the park may be taken over by the Department of Water Supply, Gas and Electricity.

We recommend the adoption of the attached resolutions approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

mond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

To the Board of Estimate and Apportionment:

Gentlemen—On August 26, 1912, the President of the Borough of Manhattan requested modification of a salary schedule in his office for the year 1912. In connection therewith I report as follows:

The request is in Highways, Engineering, Salaries, Regular Employees (Corporate Stock Force).

It is proposed to drop a position for an Inspector at \$1,650 for a Transman at \$1,500 and for a Draftsman at \$1,200 per annum. This reduces the number of such Inspectors from 63 to 62. The President states that, by the proposed modification, useless positions, which are now vacant, will be eliminated and very necessary positions will be substituted. The schedule total remains the same. No salary increases are included in the request. The following table shows the line item changes in detail.

Corporate stock allowance ..... \$219,900 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

The Secretary presented the following resolution of the Sinking Fund Commission requesting, and report of the Corporate Stock Budget Committee recommending, the issue of \$425,000 corporate stock for the payment of salaries and wages of the employees in the Department of Docks and Ferries, engaged in work of construction and improvement, or the preparation of plans therefor:

(On August 19, 1912, a resolution of the Commissioners of the Sinking Fund requesting the above appropriation, was referred to said Committee.)

Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock of The City of New York to an amount not exceeding four hundred and twenty-five thousand dollars (\$425,000), the proceeds to the amount of the par value thereof to be applied by the Department of Docks and Ferries for the payment of salaries and wages of the employees of the Department engaged in work of construction and improvements or the preparation of plans therefor.

A true copy of resolution adopted by the Commissioners of the Sinking Fund July 17, 1912.

JNO. KORB, Jr., Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On July 17, 1912, the Commissioners of the Sinking Fund adopted a resolution recommending that a corporate stock authorization of \$425,000 for the payment of salaries and wages of the employees of the Department of Docks and Ferries, engaged in work of construction and improvements, on the preparation of plans therefor. In connection therewith we report as follows:

In his 1912 corporate stock estimate, the Commissioner of Docks requested the following appropriations for salaries and wages of the construction force, for the year ending June 30, 1913:

Salaries on basis of existing schedules ..... \$260,154 50

Wages on basis of existing schedules ..... 1,119,169 03

\$1,379,323 53

The request for \$1,379,323.53 was based on the assumption that large amounts of corporate stock would be authorized for certain requested improvements, and that the salary and wage schedules of the Department would be correspondingly large. The Corporate Stock Budget for the Department of Docks and Ferries has not yet been acted upon, and it is unlikely that all of the requested authorizations will be granted when action is taken. However, it is urgent that some provision be made now to provide salaries for the force necessary to carry on the work for which authorizations have already been made.

It is estimated that \$425,000 will be sufficient to carry the salary and wage schedules to July 1, 1913.

We recommend the adoption of the attached resolution approving an authorization in that amount. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, as amended, and the recommendations of the Commissioners of the Sinking Fund by resolution adopted on July 17, 1912, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding four hundred and twenty-five thousand dollars (\$425,000), and the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds to the amount of the par value thereof to be applied by the Department of Docks and Ferries, to be payment of the salaries and wages of the employees of the Department engaged in work of construction and improvements, on the preparation of plans therefor.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Board of Education requesting, and report of the Comptroller recommending, the modification of Salary Schedule No. 1142, for the Department of Education for the year 1912, providing for the substitution of a Clerk at \$300 for one at \$900, and for an increase in the salaries of 1 Clerk from \$900 to \$1,050, 1 from \$1,050 to \$1,200, 4 from \$300 to \$420, 2 from \$420 to \$540, and 1 from \$540 to \$750:

Clerk, 11 at \$420	4,620 00

The above request involves no increase in appropriation.

The modifications herewith are in addition to those requested on July 5, 1912, to take effect July 2, 1912. The additional modifications are necessary in order to provide for increases in the salaries of several Clerks made possible by the transfer of a Clerk receiving \$1,200 per annum and the appointment of a Clerk at \$300.

On April 1, 1910, the Board of Estimate and Apportionment authorized corporate stock to an amount not exceeding \$3,000, for the maintenance of the Brooklyn Loop Lines extending under Centre, Canal and Delancey streets, in the Borough of Manhattan, which were then nearing completion. This section has now been completed with the exception of the portion affected by the construction of the Municipal Building. This appropriation has been exhausted. It is necessary to maintain this subway until it is put in operation as part of the dual system of subways, which the Commission states will be in about eighteen months.

We recommend the adoption of the attached resolution authorizing the appropriation. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and pursuant to chapter 48 of the Consolidated Laws, as amended, known as the Public Service Commissions Law, and pursuant to a requisition of the Public Service Commission of the First District, duly made by the Chairman and Secretary thereof on August 14, 1912, the Comptroller be and is hereby authorized to issue corporate stock of The City of New York to an amount not exceeding five thousand dollars (\$5,000), the proceeds thereof to provide means for the maintenance of the portion of the Brooklyn Loop Lines extending under Centre, Canal and Delancey streets, in the Borough of Manhattan.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—13.

Fire Department of The City of New York, Office of the Commissioner, July 29, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman, Board of Estimate and Apportionment:

Sir—The services of a janitor are required in the building occupied by the Bureau of Fire Prevention. The rent for said building being \$1 a year no janitor services are included. A modification of the Budget is desired, as shown by the attached schedule, approval of which is requested, so that a janitor may be appointed.

Respectfully, JOS. JOHNSON, Fire Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 10, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—On July 29, 1912, the Fire Commissioner requested modification of Schedule No. 880, Bureau of Fire Prevention, in his Department for the year 1912.

In connection therewith I report as follows:

A lump sum of \$200,000 was allowed in the Budget of 1912 for the Bureau of Fire Prevention, to be disbursed in accordance with schedules to be approved by the Board of Estimate and Apportionment. A schedule approved on March 14, 1912, apportioned \$10,000 of this amount for rent. It was proposed to lease a building, or part of a building, the lessor to provide the necessary janitor service, cleaning, etc. The Department has leased for the period of five years at an annual rental of one dollar a four-story building, 85 by 45, located on East 67th street, near 3d avenue, Manhattan, formerly known as the Chapin Home for Aged and Infirm. To provide for the care of this building and for supplies and materials, transfers were made which have reduced the allowance for rent to \$3,193. No provision was made for a janitor because that position had not been established, in accordance with the pro-

visions of section 56 of the Greater New York Charter. In lieu of this, provision was made for one Laborer at \$3 a day for 366 days. The position of Janitor was established June 16, 1912, for one incumbent, at the rate of \$1,200 per annum. As the position of Janitor takes the place of Laborer, that position has been eliminated from the schedule.

The attached communication, if signed by you, will approve the modification necessary for payment of the Janitor from September 1, 1912. Respectfully,  
WILLIAM BULLOCK, Acting Supervising Statistician and Examiner.

September 14, 1912.

The balance of \$750 is to be scheduled as unassigned. The following table shows the line item changes in detail:

Yours truly, DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, August 19, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—I respectfully request a modification of Schedule 915—Wages, Temporary Employees, Maintenance, Parks and Boulevards, by increasing the days allowed for Laborers at \$2.50 per day, 4,000 days, to be paid from special revenue bonds.

The line item as modified will read—

Laborer at \$2.50 a day, 118,000 days:

Paid from tax levy .....	\$270,000 00
Paid from revenue bonds .....	25,000 00

Total .....

This modification is absolutely necessary to enable me to continue with the work entailed by the restoration of the park lawns.

The 6,000 days requested and allowed by the Board of Estimate and Apportionment on April 24 was the estimated number of days necessary, but was not sufficient to properly complete the work undertaken.

I further request that the modification be made effective as of August 20, as the unexpended balance for Laborers in the schedule will only allow their employment until that date.

Your immediate action on this modification is respectfully requested.

Yours respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 11, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—On August 19, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested modification of the temporary wage schedule, No. 915, Maintenance, Parks and Boulevards, for the year 1912.

The change requested is an increase from 114,000 to 118,000 days for Laborers, at \$2.50 per day, amounting to \$10,000. The Commissioner states that the line amount for the present force of Laborers was exhausted on August 20, and that the modification is necessary for a continuance of the work of regenerating park lawns. The funds for the change are provided by a reduction of the line item now reading: Gardener at \$2.50 per day, 4,500 to Gardener at \$2.50 per day, 2,900, a reduction of \$4,000, and \$6,000 from an available balance of \$12,000 out of an issue of \$40,000 in special revenue bonds for regenerating park lawns.

The attached communication, if signed by you, will grant the request.

Respectfully,

WILLIAM BULLOCK, Acting Supervising Statistician and Examiner.

Mayor's Office, Bureau of Licenses, City Hall, New York, August 29, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller, 280 Broadway, New York City:

Dear Sir—Under date of July 11, 1912, the Board of Estimate and Apportionment modified the Budget schedule of this Bureau, as follows:

Account No. 3, 1912, line 4, to read:

Clerk, 8 at \$1,200..... \$9,600 00

This is an error. The schedule should show five of these Clerks, to be paid from the annual appropriation for the year 1912, and three, together with one additional Clerk at \$300 per annum, to be paid from special revenue bond appropriation.

I therefore request that this Budget schedule be again modified to read as follows:

Account No. 3, 1912, line 4, to read:

Clerk, 5 at \$1,200..... \$6,000 00

Account R. C. M.—21K:

Clerk, 3 at \$1,200..... \$1,650 00

Clerk, 1 at \$300..... 150 00

Respectfully,

W. B. F. ROGERS, Deputy Chief of Bureau.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 14, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—On July 11, 1912, the Board of Estimate and Apportionment modified Schedule No. 3, The Mayoralty, Personal Service, Bureau of Licenses, Manhattan and The Bronx, by adding three Clerks at \$1,200 per annum each, and one additional Clerk at \$300 per annum. Special revenue bonds sufficient to meet the additional salaries were authorized at the same time. In modifying the schedule the additional positions were not shown as chargeable against the revenue bond fund. The Auditing Bureau has declined to audit the current payroll until the schedule shows the sum chargeable to the revenue bond fund.

The attached communication, if signed by you, will approve the necessary correction. Respectfully, WILLIAM BULLOCK, Acting Supervising Statistician and Examiner.

The Secretary presented the following communication from the New York State Barge Canal Terminal Conference and report of Committee, consisting of the President of the Board of Aldermen, Comptroller and the President of the Borough of Manhattan, relative to the application by the State Canal Board for the fixing of pierhead and bulkhead lines between the northerly line of Dyckman street and the Harlem Ship Canal pending before the United States Harbor Line Board, and recommending that the Secretary be instructed to request the United States Harbor Line Board that no action be taken on the application, etc., that the Committee on Terminal Improvements be instructed to consult with the State Canal Board for the purpose of securing a change in the proposed location of the Port of Call of the State Barge Canal either to a point south of Dyckman street or to some point in the Hudson River not connected with the water-front, and further recommending that application be made to the United States Harbor Line Board to draw in the pierhead and bulkhead lines on the Hudson River between the northerly line of Dyckman street and the Harlem Ship Canal in order to protect the Inwood Hill from disfigurement through the creation of a commercial development at this point:

(On July 15, 1912, a communication from the New York State Barge Canal Terminal Conference relative to the acquisition of lands and location of terminals was referred to the above committee.)

New York State Barge Canal Terminal Conference, 203 Broadway, New York, July 12, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On behalf of the Executive Committee of the New York State Barge Canal Terminal Conference, I would request that your Honorable Board take such steps as may be necessary to bring to the attention of your Board officially the provisions of Chapter 746 of the laws of 1911, which provide for the construction in the City of New York of Barge Canal traffic terminals and imposes upon the Board of Estimate and Apportionment certain powers and duties with reference to the selection of the locations of such terminals and the co-ordination of such improvements with the plans of the City of New York for the improvement of New York harbor.

The Act provides under certain conditions, and precedent to the location of terminals and the acquiring of lands by the State for such terminals that when the lands to be acquired are owned in whole or in part by the City of New York such lands shall be acquired by an agreement and not otherwise between the Canal Board acting for the State, and the Board of Estimate and Apportionment acting for the City of New York.

The Canal Board has already by formal resolution approved locations for a canal terminal at Gowanus Bay; and for one at Newtown Creek, Brooklyn, and one at Dyckman street, Manhattan. The City of New York, we understand, owns some of the lands which have been taken. If the City has such interests in such properties they have been illegally taken and in disregard of the provisions of chapter 746 of the laws of 1911, and the rights of the Board of Estimate and Apportionment have been ignored, unless your Board has entered into an agreement with the Canal Board with reference to them.

It is of the highest importance to the commerce of this City and State that the construction of the proposed terminals by the State shall proceed as rapidly as possible, and above all that the proceedings taken to locate terminals and acquire land shall be legal, binding and final; also that the State improvements shall co-ordinate with those to be made by the City.

I would venture to suggest, therefore, that the Board of Estimate and Apportionment communicate with the Canal Board and request full information as to all Barge Canal terminals that may be at any time under consideration or heretofore acted upon, showing the lands under water and uplands privately owned, and those owned by the City of New York which would be required to the end that the interests of the City may be protected, the provisions of the law complied with and construction of these canal terminals expedited.

It is important that these terminals shall be completed if possible by the time that the Barge Canal enlargement shall have been completed, which will be in 1915.

Very respectfully,

FRANK S. GARDNER, Secretary.

To the Board of Estimate and Apportionment:

Gentlemen—The State Canal Board has established the port of call for the State Barge Canal along the Manhattan water-front between the northerly line of Dyckman street and the Harlem Ship Canal. There are two serious objections to this location.

1. It will create an unsightly nuisance on the water-front directly below the beautiful Inwood Hill section, a large part of which is a part of the City park system.

2. There is no necessity for placing the port of call in the location proposed. It will be possible to combine the barge canal terminal with the proposed freight yard of the New York Central Railroad Company to be established south of Dyckman street.

It has been suggested, too, that it may be possible to establish the port of call near the centre of the river by the use of mooring posts, thus relieving the shore front entirely of the encumbrance.

The State Canal Board has a pending application before the United States Harbor Line Board requesting the alteration of the pierhead and bulkhead line between Dyckman street and the ship canal to permit of the establishment of the port of call as proposed.

During the recess of this Board, the President of the Board of Aldermen, as Chairman of the Committee on Terminal Improvements, requested the Harbor Line Board to take no action on this matter until it could be brought officially to the Board of Estimate and Apportionment for such action in the premises as it might deem wise to take. It is recommended that a resolution be passed requesting the Harbor Line Board to deny the application of the State Canal Board for the alteration of the pierhead and bulkhead lines, and that your Committee be instructed to communicate with the State Canal Board with a view to establishing the port of call either in connection with the proposed terminal of the New York Central and Hudson River Railroad Company south of Dyckman street, or at some point in the Hudson River not directly connected with the water-front.

It is further suggested that formal application be made to the United States Harbor Line Board requesting that the pierhead and bulkhead lines in the Borough of Manhattan, from the northerly line of Dyckman street to the Harlem Ship Canal, be drawn in so as to prevent the commercial development of this point, thus protecting the important park which is already created at Inwood Hill.

Respectfully submitted,

JOHN PURROY MITCHEL, President of the Board of Aldermen; WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President of the Borough of Manhattan.

The following was offered:

Whereas, The State Canal Board has established the port of call of the State Barge Canal on the Manhattan water-front between the northerly line of Dyckman street and the Harlem Ship Canal without consultation with the authorities of The City of New York, as provided in the State Barge Canals Act; and

Whereas, The said location will create an unsightly nuisance which may be avoided by the changing of the location of the proposed port of call to a point south

of Dyckman street, in connection with the proposed freight yard of the New York Central Railroad Company, or by its location at some point in the Hudson River not connected with the shore front; and

Whereas, There is pending before the United States Harbor Line Board an application of the State Canal Board to adjust the pierhead and bulkhead lines so as to permit the creation of the proposed terminal at said location; now, therefore, be it

Resolved, That the Secretary be instructed to communicate with the United States Harbor Line Board requesting that no action be taken on the application of the State Canal Board until the Board of Estimate has had an opportunity to confer with the said Board; and be it further

Resolved, That the Committee on Terminal Improvements be instructed to confer with the State Canal Board for the purpose of securing the location of said port of call at a point south of Dyckman street, or at a point in the Hudson River not connected with the shore front; and be it further

Resolved, That the said Committee be authorized to make application to the United States Harbor Line Board requesting the drawing in of the pierhead and bulkhead lines along the Manhattan water-front between the northerly line of Dyckman street and the Harlem Ship Canal in order to prevent the use of that portion of the water-front for commercial purposes.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan and Brooklyn, the Acting President of the Borough of The Bronx, the President of the Borough of Queens and the Acting President of the Borough of Richmond—16.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan and Brooklyn, the Acting President of the Borough of The Bronx, the President of the Borough of Queens and the Acting President of the Borough of Richmond—16.

The Secretary presented a communication from the Commissioner of Docks relative to plans for proposed terminal facilities and equipment thereof, and therefor, at the North River waterfront, between Dey and West 60th streets, Borough of Manhattan, and recommending that the Board, pursuant to Section 3 of Chapter 776 of the Laws of 1911, authorize the Commissioner of Docks to adopt the plan now submitted.

Which was referred to the Committee on Terminal Improvements, consisting of the President of the Board of Aldermen, the Comptroller, the President of the Borough of Manhattan and the Chief Engineer of the Board.

The Secretary presented the following communication from President of the Borough of Queens requesting the establishment of the grade of position of Chief Clerk, at \$3,000 per annum, for 1 incumbent, together with a report of the Committee on Salaries and Grades recommending that said request be denied, for the reason that the work and responsibility of the position has been largely reduced by the appointment of a Secretary to the President:

(On May 2, 1912, the above request was referred to said committee.)

(On June 27, July 11, July 15 and September 19, 1912, the above report was presented to the Board and laid over.)

The City of New York, Office of the President of the Borough of Queens, April 24, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment, City of New York:

Sir—Pursuant to the provisions of section 56 of the Greater New York Charter, I have the honor to request that the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment in this Office of the position of Chief Clerk, General Administration, at three thousand dollars (\$3,000) per annum for one (1) incumbent.

It is my desire to have this position established, for the purpose of increasing the salary of the present incumbent, Mr. David W. Murphy, from \$2,500 to \$3,000 per annum, who has been in the service for twelve (12) years, and has, by the faithful discharge of his duties, earned the approbation of his former and present superiors.

This position is one of peculiar responsibilities, the incumbent, by long service, acquiring a general knowledge of all the functions of this office and the several divisions thereof, and whose duties are of such a nature as to render him a valuable aide to the Heads of Departments, and who has on several occasions acted as Secretary of the Borough for long periods.

This has been recognized by my predecessor, who endeavored in the last two budget requisitions to have this position established at \$3,000 per annum, the request being denied in consequence of the general resolution adopted by the Board of Estimate and Apportionment prohibiting any raises in salaries in the budgets for the years 1911 and 1912. Respectfully,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 27, 1912.

To the Board of Estimate and Apportionment.

Gentlemen—On April 24, 1912, the President of the Borough of Queens requested the establishment in his office of the position of Chief Clerk, General Administration, at \$3,000 per annum, for one incumbent. In connection therewith I report as follows:

It is proposed to increase David W. Murphy, Chief Clerk of the Bureau of Audit and Accounts. Mr. Murphy now receives a salary of \$2,500 per annum.

One reason urged by the Borough President in favor of his request is that on several occasions Mr. Murphy has acted as Secretary of the Borough for long periods.

There is no longer any reason why Mr. Murphy should act as the Secretary of the Borough of Queens. The Budget provides for a Secretary of the Borough at \$4,000, a Clerk to the President at \$3,000 and in addition to this Budget provision there is a special revenue bond provision for a Secretary to the President. Mr. Joseph Flanagan is Secretary to the Borough at \$4,000 a year. Mr. Hugh Hall is Secretary to the President at \$3,000. Mr. Thomas McGraw is Clerk to the President at \$3,000 per year. This means that the President of the Borough of Queens has \$10,000 for Secretaries in his office.

The President of the Borough of Manhattan has \$9,000 for Secretaries in his office.

The President of the Borough of Brooklyn has \$7,500 for Secretaries in his office.

The President of the Borough of The Bronx has \$6,500 for Secretaries in his office.

The President of the Borough of Richmond has \$5,500 for a Secretary of the Borough and an Executive Clerk.

The above figures show that the President of the Borough of Queens already has a greater provision for Secretaries than any other Borough President has.

The position of Secretary to the President at \$3,000 a year was provided for on April 18, 1912, when the Board of Estimate and Apportionment concurred in a resolution of the Board of Aldermen authorizing the Comptroller to issue special revenue bonds for the purpose of providing means to pay the salary of a Secretary to the Borough President at the rate of \$3,000 per annum. At the time this provision was made it was recognized that the Borough President was already well supplied with secretarial help, but owing to the fact that the Clerk to the President had been dismissed at one time and reinstated by the courts and could not be regarded as holding confidential relation to the Borough President, the Board of Estimate made provision for the additional Secretary.

The appointment of a Secretary to the President has relieved Mr. Murphy of his larger responsibilities. There was a time when the office of the Secretary to the Borough was vacant and when there was no Secretary to the President that some of the secretarial duties were performed by Mr. Murphy. His duties now are simply clerical. In view of the fact that his work and responsibility have both been largely reduced your Committee does not believe that there should be any increase of salary.

We recommend that the request of the Borough President be denied.

Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the President of the Borough of Queens, as set forth in a communication dated April 24, 1912, for the establishment of the position of Chief Clerk, with salary at the rate of three thousand dollars (\$3,000) per annum, for one (1) incumbent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan and Brooklyn, the Acting President of the Borough of The Bronx, and the Acting President of the Borough of Richmond—15.

Negative—The President of the Borough of Queens—1.

The Secretary was directed to transmit a copy of the report of the above Committee to the President of the Borough of Queens.

The Secretary presented the following report of the Comptroller certifying, pursuant to section 246 of the Charter, claim of Fiss, Doerr and Carroll Horse Company in the sum of \$249.25, without interest, representing the difference in price of a horse supplied to the Bureau of Engineering Construction, Borough of Richmond, and one given in exchange:

City of New York, Department of Finance, Comptroller's Office, September 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—Under and pursuant to the provisions of section 246 of the Charter, I hereby certify that the Fiss, Doerr and Carroll Horse Company has presented a claim for \$265.00, alleged to be the difference between the price of a brown horse supplied to the Bureau of Engineering Construction in the Borough of Richmond, and the price of a sorrel horse given in exchange; that the President of the Borough of Richmond was without authority to make such exchange and the claim for the difference in price is, therefore, illegal and invalid; that, notwithstanding, in my judgment it is equitable and proper for the City to pay the difference between the value of the horse delivered to the claimant company and the cost to the claimant of the horse delivered by it in exchange; that such difference is the sum of \$249.25, and the City has received a benefit to that extent; that the bill of the claimant company was filed prior to the adoption of the resolution of the Board of Estimate and Apportionment on the 28th of March, 1912, and may therefore be the subject of adjustment by your Board; that the said sum of \$249.25 should be paid to the claimant company in full satisfaction of its claim upon the execution by it of a full release from all claims against the City arising out of the said transaction, and that the said sum should be paid out of the account "General Administration, contingencies, Borough of Richmond," No. 1430, of 1909. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The City of New York, Department of Finance, Comptroller's Office, May 22, 1912.

In the Matter of the Voucher prepared in favor of Fiss, Doerr & Carroll Horse Company, for \$265, being the difference between the cost price of a brown horse supplied to the Bureau of Engineering Construction, in the Borough of Richmond, and the price of a sorrel horse given in exchange.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—On the 4th of June, 1909, a voucher was received in this Department, for payment to the Fiss, Doerr & Carroll Horse Company, of the sum of \$265, being the difference in value between a horse valued at \$325 supplied to the Bureau of Engineering Construction, Borough of Richmond, and a sorrel horse taken in exchange, valued at the sum of \$60.

In a communication, dated the 25th of August, 1910, addressed to you by Louis L. Tribus, Acting President of the Borough of Richmond, he stated: "We had in one of our stables, early in 1909, a horse no longer useful in our service. It could not do the work required, yet was costing as much to keep as would a good horse, which could render efficient service. Your auditing bureau was called upon by telephone, and we were advised by the official then in authority that he could see nothing standing in the way of turning in the old horse as part payment in the purchase of a new animal. Acting on that advice, and in accordance with what we believed to be proper policy and good business, we purchased a new horse from Fiss, Doerr & Carroll Horse Company, on April 27, for the sum of \$325, said company agreeing to allow the city \$60 for the old animal, a price that we were advised at the time by our own horse experts to be a good figure for the animal. In due time a voucher was made out for the balance due to the said company for the sum of \$265. Some time late in the year 1909, we learned at the Department of Finance that the voucher had not been paid, on the score that the transaction was 'probably' an 'illegal' one. We are not in position to advise your department on the proposition of legality, but we certainly believe that in justice, propriety, and commonsense the transaction was a wise one, and that the voucher should have been paid on presentation. This morning a representative of the Fiss, Doerr & Carroll Horse Company called us by telephone to state that they could not secure payment, though the city has been satisfactorily using the horse purchased, for a year and a half, and presumably the horse taken in exchange has long since passed out of the horse company's ownership."

Isidor Mehrbach was examined under oath, and testified that he was one of the directors of the claimant company, and had personal knowledge of the facts stated. On the 27th of April, 1907, the Bureau of Engineers, Borough of Richmond, purchased a brown horse for \$325, and the company allowed the City \$60 for an old horse, making a difference of \$265 due the company. The horse taken in exchange was an old one, no longer of any use to the Department—played out. It was in very poor condition, and the company allowed every dollar it was worth—\$60. In exchange was given a first-class young horse, sound, and under six years of age. The company received 5 per cent. profit on all horses which it sold. This testimony is transmitted herewith.

Herewith transmitted is a report made by Examiner William P. Riggs, of the Division of Law and Adjustment of this Department, in which he stated that the actual price paid by the company for the horse, delivered to the Bureau of Engineering Construction was \$285, and \$60 allowed as the value of the horse taken by the company in exchange. The latter horse, however, was sold for \$50.

It is evident that the City is under no legal obligation to pay this claim. It may, however, be adjusted under the provisions of section 246 of the Charter.

This bill was filed prior to the adoption of the resolution of the Board of Estimate and Apportionment on the 28th of March, 1912, in which it was provided that the recommendation of the Comptroller, as contained in his report dated the 4th of December, 1911, on this class of claims should not apply to claims thereafter filed. The resolution of the said Board, adopted on the 7th of March, 1912, approved of the recommendations of the Comptroller as to this class of claims, the recommendation being as follows: That in cases where property had been purchased by the City, and old property, such as an automobile, taken in exchange as part payment, "it would seem equitable to pay the claimant in full, without interest."

It appears, therefore, that the claimant company should be paid the value of the horse, without interest. As the horse was bought for the sum of \$285, and Mr. Mehrbach testified that a reasonable profit was 5 per cent., the value of the horse was, approximately, \$299.25. As the company received the sum of \$50 for the horse delivered by the Bureau of Engineering Construction, it would be only fair to allow the company the difference between the amount received for the latter horse and the value of the horse delivered, viz., the sum of \$249.25. The reasonable and just amount to be paid to the company in the adjustment of this claim would, therefore, be the sum of \$249.25.

It is respectfully recommended that the certificate prescribed in section 246 of the charter as a requisite for the consideration of this claim, be issued in favor of the Fiss, Doerr & Carroll Horse Company, in settlement of this claim, in the sum of \$249.25, and that that amount be paid to the claimant company upon the execution by it of a release in favor of the City of all claims by reason of the above-mentioned transaction. Respectfully,

JOS. L. HANCE, Auditor of Accounts.

Approved May 27, 1912: ALBERT E. HADLOCK, Chief of the Division of Law and Adjustment.

Approved June 27, 1912: DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That, pursuant to section 246 of the charter, being chapter 601 of the Laws of 1907 of the State of New York, as amended, the Board of Estimate and Apportionment hereby determines that the City has received a benefit from the Fiss, Doerr & Carroll Horse Company, and is justly and equitably obligated to pay to it the sum of two hundred and forty-nine dollars and twenty-five cents (\$249.25) without interest, the difference between the cost of a horse supplied to the Bureau of Engineering Construction, office of the President of the Borough of Richmond, and the price of a horse given in exchange; that the said sum shall be paid to the said company in full satisfaction of the claim which has been presented by that company for the alleged difference in value, and shall be paid only upon the execution of a full release by the said company in favor of the City from all claims arising out of the said transaction in such form as may be approved by the Corporation Counsel; and the Comptroller is hereby authorized to pay the said amount out of the account "General Administration, Contingencies, Borough of Richmond," No. 1430 of 1909.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan and Brooklyn, the Acting President of the Borough of The Bronx, the President of the Borough of Queens, and the Acting President of the Borough of Richmond—16.

The Secretary presented a report of the Committee on Salaries and Grades recommending that the request of the President of the Borough of Queens for the establishment of the grades of the positions of Engineer in Charge at \$6,000, Messenger at \$1,500, \$1,350 and \$1,200 per annum, be disapproved.

The President of the Borough of Queens announced the withdrawal of the request referred to in the report of the Committee.  
(On July 11, 1912, the request of the President of the Borough of Queens for the establishment of these grades was referred to said Committee.)

The following matters, not upon the Calendar for this day, were considered by unanimous consent:

The President of the Borough of Queens presented a communication requesting the transfer of \$20,000 within appropriations made to his office for the year 1912. Which was referred to the Comptroller for report at the next meeting—October 3, 1912.

The President of the Borough of Queens moved that the motion adopted June 6, 1912, requesting the Mayor to appoint a Commission, consisting of one lawyer and two engineers of experience in the appraisal of water works, to report upon the private water companies in the Borough of Queens, pursuant to a suggestion contained in the report of the Comptroller and the Chief Engineer under date of May 17, 1912, be amended by eliminating therefrom the restrictions as to one lawyer and two engineers and the limitation to the Borough of Queens, thereby requesting the Mayor to appoint a Commission of Three to report upon the private water companies in the Boroughs comprising the City of New York.

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan and Brooklyn, the Acting President of the Borough of The Bronx, the President of the Borough of Queens, and the Acting President of the Borough of Richmond—16.

(The report of the Comptroller and Chief Engineer and motion above referred to, are printed in the Financial Minutes of the meeting held June 6, 1912, at pages 2564-2565 of the pamphlet.)

On motion, the Board adjourned to meet Thursday, October 3, 1912, at 10.30 o'clock, a. m.

JOSEPH HAAG, Secretary.

## APPELLATE DIVISION—FIRST JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, pursuant to the provisions of chapter 276 of the Laws of 1910, for a determination of the amount of indebtedness incurred by said City prior to the 1st day of January, 1910, for dock investment, which may be excluded in ascertaining the power of said City to become otherwise indebted, pursuant to the provisions of section ten of article eight of the Constitution.

The petition and application of The City of New York, acting by its Board of Estimate and Apportionment, respectfully shows to the Court upon information and belief:

First—Pursuant to the provisions of section ten of article eight of the Constitution, as amended, which went into effect on the first day of January, 1910, and which, among other things, provides that any indebtedness incurred by The City of New York for any rapid transit or dock investment prior to said first day of January, 1910, may be excluded in ascertaining the power of said City to become otherwise indebted proportionately to the extent to which the current net revenue received by such City therefrom shall meet the interest and the amortization installments thereof, and that the legislature should prescribe the method by which and the terms and conditions under which the amount of any debt to be so excluded should be determined, and that the legislature might, in its discretion, confer appropriate jurisdiction upon the Appellate Division of the Supreme Court in the First Judicial Department, for the purpose of determining the amount of any debt to be so excluded, the legislature passed an Act, being chapter 276 of the Laws of 1910, which was duly signed by the Governor and went into effect on the 11th day of May, 1910.

By said act, which prescribes the method by which and the terms and conditions under which the amount of any debt to be so excluded should be determined, The City of New York, acting by the Board of Estimate and Apportionment of said City is authorized to present to the Appellate Division of the Supreme Court in the First Judicial Department, a verified petition setting forth the facts and praying for a determination of the amount of any debt incurred by The City of New York for rapid transit or dock investment prior to the first day of January, 1910, which may be excluded in ascertaining

the power of said City to become otherwise indebted under the provisions of said section ten of article eight of the Constitution and conferred jurisdiction upon said Appellate Division to make such determination.

Second—Pursuant to the said constitutional provision and statute hereinbefore recited, the Board of Estimate and Apportionment of the petitioner, by a resolution duly adopted on the 31st day of May, 1912, required the Comptroller of the petitioner to prepare and submit to said Board a statement showing in detail indebtedness incurred by the petitioner for dock investment prior to the first day of January, 1910, with the dates of maturity of such indebtedness, the terms of any and all agreements and contracts made by or in behalf of the petitioner with respect to such investment, the gross revenue received by the petitioner therefrom, the interest paid and to be paid by the petitioner on said indebtedness, the annual installments necessary for the amortization thereof, and the current net revenue derived by the petitioner from said investment, and pursuant to such resolution the said Comptroller did prepare and submit to said Board such statement, and thereupon, the said Board of Estimate and Apportionment did, by resolution adopted on the 11th day of July, 1912, direct that application be made to this Court for a determination of the amount of indebtedness incurred by the petitioner, prior to the first day of January, 1910, for dock investment, which may be excluded in ascertaining the power of the petitioner to become otherwise indebted under the provisions of said section ten of article eight of the Constitution of the State of New York.

Third—Prior to the year 1879 and to and including the 31st day of December, 1909, it was the practice to make all payments of money of whatever character on account of the several functions of the Department of Docks and Ferries of the petitioner and of its predecessor departments, viz.: docks, recreation buildings and municipal ferries, out of a common fund known as the Dock Fund. The moneys in the dock fund were and are now provided principally by issue of long time bonds of The City of New York. These bonded obligations were issued prior to the 1st day of January, 1898, by the Mayor, Aldermen and Commonalty of The City of New York, one of the predecessor corporations of The City of New York as now constituted and are described and designated as "Dock Bonds," and since January 1, 1898, such money has been and is now provided by the issue of corporate stock of The City of New York.

Prior to January 1, 1910, the yearly maintenance and operating expenses of the Department of Docks and Ferries and its predecessor departments were paid from the proceeds of the sale of bonded obligations and the cost of such maintenance, and the amount of such operating expenses incurred prior to January 1, 1910, form part of the bonded indebtedness enumerated in the paragraph of this petition marked "Fourth," since January 1, 1910, pursuant to the provisions of chapter 277 of the Laws of 1909 the yearly maintenance and operating expenses of the Department of Docks and Ferries have been charged to and paid from annual appropriations made for the Department of Docks and Ferries in the tax budget of the petitioner, and since that date have not been charged against or paid from the proceeds of the sale of corporate stock.

Annexed hereto, marked "Exhibit A," and made a part hereof to the same extent as if the facts therein stated were herein fully and at length set forth, is a comprehensive statement giving in detail data as to all the activities of the Department of Docks and Ferries of The City of New York and its predecessor departments, under the following subdivisions:

1. Bonded indebtedness.
  2. Contract liability.
  3. Land liability.
  4. Terms of agreements and contracts.
  5. Gross revenue received by the City.
  6. Interest paid and to be paid by the City on bonded indebtedness.
  7. Annual installment necessary for amortization of indebtedness.
  8. Current net revenue received by the City.
- This statement relates to lands, wharves, piers, bulkheads, floating plants and appurtenances and all classes of the activities under the jurisdiction of the Department of Docks and Ferries, including recreation buildings, which are portions of certain piers, usually the upper decks, used as public recreation places; municipal ferries, which are ferries which are owned by the petitioner and operated by it under the jurisdiction of the Department of Docks and Ferries and the Roosevelt Street-Broadway Ferry, which is the ferry operated by the Brooklyn and Manhattan Ferry Company under the terms in said schedule more particularly set forth.

Fourth—The bonded obligations for indebtedness incurred prior to January 1, 1910, for which the petitioner is liable, issued by it and its predecessor corporations previous to said day for the several activities under the jurisdiction of the Department of Docks and Ferries and its predecessor departments, showing the year when issued, the year of maturity and the rate of interest, are as follows:

Sixth—In 1899 corporate stock to the amount of \$100,000, to mature in 1929, bearing interest at the rate of three per cent. per annum, was issued, the proceeds of which were used for the improvement of Wallabout Basin, Borough of Brooklyn. This fund was used for the construction of piers Nos. 3 and 4 in the Wallabout Basin and for paving, etc., to fill in land in the rear of the bulkhead wall on the easterly side of Wallabout Market. This issue of corporate stock is not classified in the accounts of the Department of Finance or the Department of Docks and Ferries among stocks and bonds issued for dock purposes, but in view of the purposes for which the proceeds of the sale of this corporate stock was used, the facts with respect thereto are submitted to the Court.

Seventh—Of the bonded obligations for indebtedness incurred prior to January 1, 1910, for which the petitioner is liable, issued by it and its predecessor corporations for the several activities under the jurisdiction of the Department of Docks and Ferries and its predecessor departments, the sum of \$72,975,008.58 was issued to pay for uplands, lands under water, wharves, piers, bulkheads, floating plant and appurtenances and for construction work for all the activities of the Department of Docks and Ferries and its predecessor departments other than recreation buildings, municipal ferries and the Roosevelt Street-Broadway Ferry, and if the \$100,000 of corporate stock, proceeds whereof were used for the improvement of Wallabout Basin, in the Borough of Brooklyn, is included, then the amount will be \$73,075,008.58; and bonded obligations to the amount of \$10,672,608.69 were issued to pay the expense of maintenance and operation of such activities.

Eighth—On December 31, 1909, there were outstanding liabilities upon contracts in connection with the activities more particularly described in the paragraph of this petition marked "Seventh," amounting to the sum of \$2,472,029.94, all of which were discharged from the proceeds of the sale of corporate stock issued during the years 1910 and 1911. Subdivision 2 of Part II of Exhibit "A," hereto annexed, under the caption "Contract Liability," is a schedule showing in detail such indebtedness.

Ninth—On December 31, 1909, the liability of petitioner for land in process of acquisition for use in connection with such activities amounted to the sum of \$6,798,728.51, of which the sum of \$2,200,416.01 was paid from the proceeds of the sale of corporate stock issued during the years 1910 and 1911. Subdivision 3 of Part II of Exhibit "A," hereto annexed, under the caption "Land Liability," is a schedule showing in detail such indebtedness.

Tenth—Of the corporate stock issued during the years 1910 and 1911 for the Department of Docks and Ferries, the sum of \$8,406,097.96 was used for such activities, of which corporate stock in the sum of \$2,449,661.93 was issued to discharge contract liability incurred prior to the first day of January, 1910, and corporate stock in the sum of \$2,180,505.68 was issued to defray land liability incurred prior to the first day of January, 1910.

Eleventh—There are now outstanding bonded obligations for which the petitioner is liable totalling \$76,398,633.31, issued to pay debt incurred prior to January 1, 1910, for such activities; and if the \$100,000 of corporate stock issued for the improvement of Wallabout Basin is included, the amount of such bonded obligations will be \$76,498,633.31.

Twelfth—In Schedules "A," "B," and subdivisions 1 and 3 of Schedule "C" of Exhibit "A," hereto annexed, is contained a schedule of all agreements and contracts in force on the 31st day of December, 1911, with respect to such activities, showing the terms thereof.

Thirteenth—The yearly gross revenue of the petitioner from such activities as of the 31st day of December, 1911, was the sum of \$4,563,459.65.

Fourteenth—The annual interest paid and to be paid on the sum of \$72,975,008.58, being the bonded obligations for which the petitioner was liable on December 31, 1909, proceeds whereof were used for the acquisition of property and for construction work, was and will be the sum of \$2,615,014.07. If the \$100,000 of corporate stock issued in 1899 for the improvement of Wallabout Basin is included, the amount of such interest was and will be the sum of \$2,618,014.07.

The annual interest paid and to be paid by the petitioner upon the corporate stock issued in the years 1910 and 1911 to discharge contract liability amounting to the sum of \$2,472,029.94 incurred prior to the first day of January, 1910, was and will be the sum of \$100,102.99.

The annual interest paid and to be paid by the petitioner upon the corporate stock issued in the years 1910 and 1911 to discharge land liability amounting to the sum of \$2,200,416.01 incurred prior to the first day of January, 1910, was and will be the sum of \$89,104.18, making a total of \$2,804,221.24.

From this should be deducted the annual interest paid prior to its redemption upon bonded obligations issued for such activities redeemed during the years 1910 and 1911, amounting to the sum of \$1,206,542.88, which interest amounted to the sum of \$54,464.55.

Therefore the annual interest paid and to be paid by the petitioner on account of bonded

Prendergast is Comptroller of the City of New York, and that John Purroy Mitchell is President of the Board of Aldermen of The City of New York and as such are members of the Board of Estimate and Apportionment of the petitioner.

That by resolution adopted by said Board on the 19th day of September, 1912, deponents were authorized and directed by said Board to subscribe and verify the foregoing petition in behalf of said Board, acting for the petitioner herein.

That they have read and know the contents of the foregoing petition, and that the same is true to their own knowledge, except as to the matters therein stated to be alleged upon information and belief, and as to those matters they believe it to be true.

The reason this verification is made by deponents, and not by the petitioner, is that the petitioner is a domestic municipal corporation, of which deponents are officers. Severally sworn to before me this 19th day of September, 1912.

EXHIBIT A.

PART I.

1. BONDED INDEBTEDNESS.

The following is a statement showing the dock bonds and corporate stock of The City of New York issued for all purposes of the Department of Docks and Ferries outstanding December 31,

indebtedness incurred for such activities is the sum of \$2,749,756.69, and if the interest upon the corporate stock issued in 1899 for the improvement of Wallabout Basin is included, the amount of such interest will be the sum of \$2,752,756.69.

Fifteenth—The annual installments necessary for the amortization of the bonded obligations for which the petitioner is liable, amounting to said sum of \$72,975,008.58, is the sum of \$1,057,779.67. If the \$100,000 of corporate stock issued in 1899 for the improvement of Wallabout Basin is included, the amount required for annual amortization purposes will be the sum of \$1,059,881.59.

The annual installments necessary for the amortization of the corporate stock issued in the years 1910 and 1911 to discharge contract liability amounting to the sum of \$2,472,029.94, incurred prior to the first day of January, 1910, is the sum of \$29,073.95.

The annual installments necessary for the amortization of the corporate stock issued in the years 1910 and 1911 to discharge land liability amounting to the sum of \$2,200,416.01, incurred prior to the first day of January, 1910, is the sum of \$19,648.58, making a total of \$1,099,502.20.

From this should be deducted the annual installments necessary for the amortization of the bonded obligations issued for such activities redeemed during the years 1910 and 1911, amounting to the sum of \$1,206,542.88, which annual installments were the sum of \$25,179.49.

Therefore, the annual amortization requirements for the redemption of bonded indebtedness incurred for such activities is the sum of \$1,074,322.71; and if the annual installment necessary for the amortization of the corporate stock issued in 1899 for the improvement of Wallabout Basin is included, the amount of such annual installments will be the sum of \$1,076,424.63.

Therefore, the total annual interest and amortization charges on such indebtedness amount to the sum of \$3,824,079.40; and if the annual interest and amortization charges upon the corporate stock issued in 1899 for the improvement of Wallabout Basin are included, such amount will be the sum of \$3,829,181.32.

Sixteenth—The current net revenue which the petitioner is receiving from such activities is the sum of \$3,675,352.77, arrived at by deducting from the yearly gross revenue as stated in paragraph

Of the \$101,547,970.52 bonded indebtedness outstanding December 31, 1909, there was redeemed during the years 1910 and 1911 the amount of \$1,383,000 of bonds maturing during those years, as shown in the following schedule:

Issued in Year.	Year of Maturity.	Rate of Interest, Per Cent.	Amount.	
1879.....	1910	5	\$75,000 00	
1880.....	1910	5	445,000 00

1881.....	1911	4	672,000 00	
Total.....				\$1,383,000 00

This left a balance of bonded indebtedness outstanding December 31, 1911, of bonds issued prior to January 1, 1910, of \$100,164,970.52. In addition to this amount there was issued during the years 1910 and 1911 corporate stock aggregating \$9,296,292.62, thus making a total of (see note) \$109,461,263.14 bonded indebtedness outstanding December 31, 1911. Following is a schedule of the corporate stock issued during the years 1910 and 1911:

Issued in Year.	Year of Maturity.	Rate of Interest, Per Cent.	Amount.	
1910.....	1959	3	\$640,000 00

1911-1912.....	1962	4½	793,388 14	
Total.....				\$9,296,292 62

Note—In addition to the amounts included in the foregoing schedules of bonds issued to provide funds for dock purposes it appears that in 1899 corporate stock to the amount of \$100,000 was issued to mature in 1929, with interest at the rate of 3 per cent, the proceeds whereof having been used for the improvement of Wallabout Basin, Borough of Brooklyn. An analysis of the disbursements from this account indicates that the fund was used for the construction of Piers Nos. 3 and 4 in the Wallabout Basin and for paving, etc., the filled in land in the rear of the building wall on the easterly side of Wallabout Basin. Although this issue of corporate stock is not classified in the accounts of the Department of Finance or the Department of Docks and Ferries among stock and bonds issued for dock purposes, it would seem proper in view of the disposition of the proceeds of the stock that for the purpose of this statement it should be considered as part of the City's indebtedness for dock investment. If this view of the matter is sustained the net bonded indebtedness for dock

970.52, and on December 31, 1911, the amount would be \$109,561,263.14.

*Indebtedness Represented by Investment.*

Based upon the Departmental records of the expenditures made from the Dock Fund, from 1879 to 1909, inclusive, an apportionment has been made of the bonded indebtedness, amounting, as herein previously shown, to \$101,547,970.52, as between the bonded indebtedness represented by expenditures for the acquisition of land and other property and construction thereon, which may be termed investment account, and the expenditures for yearly maintenance and operation of the several Departmental functions. This apportionment shows that of the \$101,547,970.52 total bonded indebtedness, \$83,144,617.78 is represented in property and construction and the balance of \$18,403,352.74 in expenses of yearly operation and maintenance. If the \$100,000 for the improvement of Wallabout Basin is to be added, the amount represented in property and construction was \$83,244,617.78.

Beginning with January 1, 1910, pursuant to the provisions of chapter 277 of the Laws of 1909, the yearly maintenance and operating expenses of the Department of Docks and Ferries have been charged to appropriations provided in the yearly tax budget, and since that date have not been made a charge against funds provided by the issue of corporate stock. We find, therefore, that of the \$109,461,263.14 total bonded indebtedness outstanding December 31, 1911, \$91,234,367.52 was for permanent investment as represented by expenditures for property and construction, and the balance, \$18,226,895.62, for expenses of operation and maintenance. To a sum \$91,234,367.52 should be added \$100,000 of corporate stock issued for Wallabout Basin improvement, making a total of \$91,334,367.52; provided that this item is to be considered indebted-

The outstanding liabilities for contracts chargeable to corporate stock funds on December 31, 1909, amounted to \$2,816,686.19. Following is a schedule showing the details of this amount, as also the amounts paid thereon from the proceeds of corporate stock during 1910 and 1911, viz., \$2,777,796.47, and the amount thereof undischarged December 31, 1911, viz., \$38,889.72.

#### 6. Interest Paid and to be Paid on Bonded Indebtedness.

The annual interest paid and to be paid by the City on \$101,547,970.52, the total amount of dock bonds and corporate stock issued for all of the purposes of the Department of Docks and Ferries still unredeemed and outstanding December 31, 1909, was \$3,692,150.23. If the \$100,000 of corporate stock issued in 1899 for the Wallabout improvement is to be included in the bonded indebtedness the sum of \$3,000 should be added to the amount stated, making the total yearly interest \$3,695,150.23.

The annual interest paid and to be paid on \$83,144,617.78, that being the proportion of the bonded indebtedness outstanding December 31, 1909, represented by disbursements for investment account in property and construction, amounts to \$3,012,205.75. Adding \$3,000 for interest on the \$100,000 corporate stock issued for the Wallabout improvement, all of which was expended for construction, the amount would be \$3,015,205.75.

The annual interest paid and to be paid by the City on corporate stock issued during the years 1910 and 1911 amounts to \$379,883.24, and the interest paid on \$1,383,000 of dock bonds redeemed during the years 1910 and 1911 amounted to \$62,430.

The annual interest cost of the bonded indebtedness of the City for all purposes of the Department of Docks and Ferries, as existing December 31, 1911, was \$4,009,603.47. With \$3,000 added for interest on corporate stock issued for the Wallabout improvement the total would be \$4,012,603.47.

The annual interest paid and to be paid on \$91,234,367.52, that being the proportion of the

bonded indebtedness outstanding December 31, 1911, represented by disbursements for investment account in property and construction, amounts to \$3,337,624.44. Adding \$3,000 for interest on the \$100,000 corporate stock issued for the Wallabout improvement, the amount would be \$3,340,624.44.

7. Annual Installments Necessary for Amortization of Indebtedness.

The annual installments necessary for the amortization of the \$101,547,970.52 of bonds and corporate stock outstanding December 31, 1909, amounted to \$1,403,421.13. Adding to this amount \$2,101.92 necessary for the amortization of the \$100,000 of corporate stock issued for the Wallabout improvement, would make the total \$1,405,523.05.

The annual installments necessary for the amortization of the \$83,144,617.78 of bonded indebtedness outstanding December 31, 1909, represented by investment account in payments for property and construction, amounts to \$1,163,756.89. Adding \$1,101.92 necessary for the amortization of the \$100,000 corporate stock issued for the Wallabout improvement would make the total \$1,165,858.81.

The annual installments necessary for the amortization of the \$9,296,232.62 corporate stock issued during the years 1910 and 1911, amounts to \$83,769.11, and the installments necessary for the amortization of the \$1,383,000 of bonds redeemed during 1910 and 1911 was \$28,862.

The annual installments necessary for the amortization of the bonds and corporate stock issued by the City for all of the purposes of the Department of Docks and Ferries remaining unredeemed and outstanding December 31, 1911, was \$1,458,328.24. With \$2,101.92 added for the \$100,000 corporate stock issued for the Wallabout improvement the total would be \$1,460,430.16.

about improvement the total would be \$1,460,430.16.

The annual installments necessary for the amortization of \$91,234,367.52 of bonded indebtedness outstanding December 31, 1911, represented by investment account in payments for property and construction, amounts to \$1,222,346.51. Adding \$2,101.92 necessary for the amortization of the \$100,000 corporate stock for the Wallabout improvement would make the total \$1,224,448.43.

8. Current Net Revenue Received by the City.

The current net revenue received by the City from the operation of all of the properties under the jurisdiction of the Department of Docks and Ferries as of December 31, 1911, was \$2,745,435.13, this figure representing yearly gross revenues of \$5,569,639.69, as herein previously shown in detail, less expenses of operation and maintenance, depreciation in the value of ferryboats and other floating plant and the subvention allowed to the Brooklyn-Manhattan Ferry Company for the year 1911, aggregating \$2,824,204.56.

#### PART II.

##### Dock Purposes.

(This includes uplands, lands under water, wharves, piers, bulkheads, leased ferry slips, floating plant and appurtenances for all purposes of the Department of Docks and Ferries, other than recreation buildings, municipal ferries and the Roosevelt street-Broadway ferry.)

1. Bonded Indebtedness.

The dock bonds and corporate stock of The City of New York outstanding December 31, 1909, the proceeds whereof were expended for dock purposes, amounted to \$83,647,617.27, exclusive of an issue of \$100,000 for the improvement of Wallabout Basin, Borough of Brooklyn. From an analysis of the disbursements made from the fund for the improvement of Wallabout Basin, it appears that the whole amount provided by this issue of corporate stock was expended for the construction of piers and for paying the upland contiguous thereto. As certain revenues from rentals and wharfage are now received by the Department of Docks and Ferries from this dock property, it would seem proper that the indebtedness represented by the outstanding corporate stock issued for this improvement should be included in this statement of the City's indebtedness for dock purposes; notwithstanding the fact that this issue of corporate stock is not classified among bonds for dock purposes on the

records of the Department of Docks and Ferries or the Department of Finance. Including this amount of \$100,000, the City's bonded indebtedness for docks December 31, 1909, was therefore \$83,747,617.27. Of the \$83,647,617.27 bonded indebtedness outstanding December 31, 1909, there was redeemed during the years 1910 and 1911 the amount of \$1,383,000 of bonds maturing during the years specified. This left a balance of bonded indebtedness outstanding December 31, 1911, of bonds issued prior to January 1, 1910, of \$82,264,617.27. In addition to this amount there was issued during the years 1910 and 1911 corporate stock amounting to \$8,406,097.96, thus making a total of \$90,670,715.23 bonded indebtedness outstanding December 31, 1911. With the addition of \$100,000 corporate stock issued for the Wallabout improvement, the total would be \$90,770,715.23.

Based upon the records of the Department of Docks and Ferries of expenditures made from the Dock Fund for dock purposes, an apportionment has been made of the bonded indebtedness therefor as between indebtedness incurred for investment, i. e., the acquisition and construction of dock properties and the yearly expenses of maintenance and operation of this division of the Department's functions. The apportionment thus made shows that of \$83,647,617.27, the amount of bonds outstanding December 31, 1909, the sum of \$72,975,008.58 is represented in dock investment and \$10,672,608.69 in expenses of yearly maintenance and operation. If the \$100,000 for the improvement of Wallabout Basin is to be included, then the amount represented in investment was \$73,075,008.58.

As previously stated in Part I of this statement, the practice of paying the expenses of yearly maintenance and operation of the functions of the Department of Docks and Ferries from the proceeds of the sale of corporate stock was discontinued with the close of 1909 and thereafter all such expenses have been met from yearly tax budget appropriations, as provided in chapter 277 of the Laws of 1909. All the bonded indebtedness incurred during 1910 and 1911, therefore, was to provide for investment purposes. Of the \$90,670,715.23 bonded indebtedness existing December 31, 1911, \$80,174,563.66 was on account of investment and \$10,496,151.57 expenses of maintenance and operation. To the \$80,174,563.66 should be added the \$100,000 corporate stock issued for the Wallabout Basin improvement, or a total of \$80,274,563.66.

#### 2. CONTRACT LIABILITIES.

The outstanding liabilities for contracts chargeable to corporate stock funds on December 31, 1909, amounted to \$2,472,029.94. Following is a schedule showing the details of this amount, all of which was discharged during the years 1910 and 1911:

## NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale.

Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, come or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale.

The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point.

The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City
