BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
MONDAY, October 30, 1882—1 o'clock, P. M.

The Board met in pursuance of an adjournment.

Present—All the members, viz.:

Wm. R. Grace, the Mayor; Allan Campbell, the Comptroller; Wm. Sauer, the President of the Board of Aldermen; Thos. B. Asten, the President of the Department of Taxes and Assessments. The minutes of the meeting held October 28, 1882, were read and approved.

On motion, the Board took a recess until 1.30 o'clock, P. M.

The Board reassembled at 1.30 o'clock, P. M.

Present—All the members.

On motion, the Board proceeded to the consideration of the Provisional Estimate for the year 1883.

The estimate of the Police Department was taken up for consideration.

The Comptroller moved that the sum of \$45,000 be allowed for "Salaries—Police Fund—Clerical Force."

Which was agreed to by the following vote:

Affirmative—The Mayor, Comptroller, and President of the Department of Taxes and Assessments—3.

Negative—The President of the Board of Aldermen—1.

The Estimate of the Department of Public Charities and Correction was then taken up for consideration.

Commissioner H. H. Porter, of the said Department, appeared before the Board and presented the following:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, June 8, 1882.

To the Commissioners of the Department of Charities and Correction:

GENTLEMEN—I am in receipt of a communication from your Department, of the 1st instant, inclosing a copy of a communication from Henry Gallien, Deputy State Comptroller, to Mrs. S. G. Mooney, relative to the allowance of money and clothing to State convicts, discharged from penitentiaries, as provided for by chapter 471 of the Laws of 1879, and my opinion is requested as to the best manner to proceed to obtain the necessary funds to comply with the provisions of the above act.

The communication from the Deputy Comptroller to Mrs. Mooney, dated April 24, 1882, apparently written in response to an inquiry from her, states that there is ample authority of law for allowance of money and clothing to State convicts, discharged from penitentiaries, and that all such institutions, except the one in New York City, observe the provisions in that regard of chapter 471 of the Laws of 1879; that he is under the impression that the authorities having charge of the New York Penitentiary have given, as a reason for not furnishing the clothing and money to discharged convicts, that they have no funds from which they can make the necessary advancements during the whole year until reimbursed by the State Treasury, as provided by section 3 of said act, and there is no authority for the Comptroller to make such advances to the institutions in anticipation of the rendering of the account provided for.

Section 1 of chapter 471 of the Laws of 1879, declares that it shall be the duty of the superintendent of county penitentiaries to furnish to each convict, male or female, who shall have been convicted of a felony, and imprisoned in said penitentiaries, in pursuance of the provisions of chapter 571 of the Laws of 1875, upon their discharge from prison, by pardon or otherwise, necessary clothing, not exceeding \$12, except for the time between the 1st day of November and the 1st day of April, when clothing not exceeding \$18 in value may be given; and a sum of money not exceeding, on an average, \$5, as said superintendent may deem proper and necessary; and the sum of four cents for each mile which it may be necessary for each convict to travel, to reach his or her place of residence within the State, and, if such convict has no residence within the State, to the place of his or her conviction.

Section 2 makes it the duty of the superintendents of said penitentiaries to make a return to the Comptroller of the State, under oath, on September 30 of each year, in which he shall set forth the name of each convict so imprisoned and discharged, with certain other particulars, and the sums of money paid to such convicts, under the provisions of this act.

Section 3 requires the Comptroller to audit and allow, to such penitentiaries, such sums as may be found due to them, under the above provisions, during the year preceding the said 30th day of September, and to draw his warrant upon the Treasurer of the State, payable to the superintendent of each penitentiary, for the amount so audited and allowed, payable out of any money in the Treasury not otherwise appropriated.

Section 1 of chapter 571 of the Laws of 1875, provides that whenever any person shall be convicted of an offence punishable with imprisonment in the State Prison, in either of the Judicial Districts of the State having a county penitentiary, and such person, when convicted, shall be sentenced to imprisonment for a term not exceeding three years, the court, before which such conviction shall be had, may, in its discretion, sentence the person so convicted to be imprisoned in the county penitentiary situated within that Judicial District, instead of the State Prison, and every person so sentenced shall be received into the said penitentiary, and shall be kept, and employed therein, in the manner prescribed by law, and shall be subject to the rules of discipline of said county penitentiary.

Section 3, of this act, makes it the duty of the several superintendents of county penitentiaries to make return to the State Comptroller on September 30 of each year, setting forth the name of such convict, so sentenced to their respective penitentiaries, and certain other particulars, and the Comptroller is required to audit and allow such penitentiary for the maintenance of such convicts at a rate not exceeding \$1.50 per week, and to draw his warrant upon the Treasurer of the State in favor of the Superintendent, for the amount so audited and allowed, payable out of any money in the Treasury not otherwise appropriated.

The appropriation to the Department of Public Charities and Correction, for the year 1882, contains, among others, the following item:

"For supplies—for all supplies for the Department of Public Charities and Correction, and for maintenance of children transferred from Randall's Island Nursery to various institutions, \$900,000."

I am of the opinion that the money and the expense of the clothing which said act of 1879 declares shall be given to each convict on his discharge from the penitentiary, may be paid in the first instance out of the above appropriation for supplies.

As I understand the matter, the expense of food, clothing, etc., for convicts sentenced to the penitentiary in this city, under said act of 1875, are paid, in the first instance, out of the above appropriation for supplies, and I see no reason why the money and the expense of the clothing to be given to the convict, on his discharge, should not be paid out of the same appropriation. Such money and clothing are as much "supplies," for such convicts, as the clothing and food to be furnished them during the period of their imprisonment.

I have no doubt myself on this point, but if this view is not concurred in, the only other method of obtaining money would be for the Commissioners to ask the Board of Estimate and Apportion-

ment to transfer a sum sufficient to furnish such money and clothing for the remainder of the year 1881, from some unexpended appropriation, and for the next and future years, to request the said Board to make a separate appropriation for the specific purpose of supplying such money and clothing.

I am, gentlemen, yours respectfully,

WM. C. WHITNEY, Counsel to the Corporation.

The foregoing is a copy of the opinion of the Corporation Counsel as entered in the Opinion Book.

A. T. CAMPBELL, Chief Clerk.

Which was ordered to be printed in the minutes.

Robert H. Shannon, Esq., appeared before the Board and made statements relative to the salaries—Law Department, etc.

The Comptroller presented the following:

CITY OF NEW YORK,
DEPARTMENT OF PUBLIC PARKS, 36 UNION SQUARE,
October 27, 1882.

Hon. ALLAN CAMPBELL, Comptroller:

DEAR SIR—At the meeting of the Board of Estimate and Apportionment, on Thursday last, when the item of \$25,000 for Riverside Park and Avenue came up for consideration, you desired that it should be laid over in order to enable you to more fully look into the matter.

In order to aid you in so doing, I send you herewith a copy of a report made by our Engineer in relation to the condition of the Drive. It may be proper for me here to state that the word "Park" is used in connection with the item in order that the fund may be applicable to the grounds upon which the Park is to be constructed, should occasion require to use any portion of it in opening sewers, drains, and building culverts, fences, etc., and in otherwise protecting it.

I think, from the best information I can get, that the amount asked for will be required.

The increase asked for in the item Police Salaries, is a very important one to the city, and is one in which our best citizens are much interested in order that the parks may be properly policed and made secure to visitors and property.

The item of Maintenance of the Twenty-third and Twenty-fourth Wards is one worthy of your careful consideration.

With great respect,

S. H. WALES.

P. S.—I beg to call your attention to the item Harlem River Bridges, as asked for in our estimate last year, a copy of which I enclose herewith, showing that we were mindful of the necessities of rebuilding some of the old bridges, but were prevented from so doing in our failing to secure the necessary appropriation.

S. H. W.

October 3, 1882.

To the Honorable the Commissioners of the Department of Public Parks:

GENTLEMEN—In accordance with your directions of the 27th ultimo I have the honor to report as follows upon the condition of the retaining and parapet walls, roadway, bridle-path and foot-paths on the Riverside avenue, with an estimate of the cost of the repairs necessary, considering them in the above order:

Retaining and Parapet Walls.

These show marked settlement at many points, principally at those shown on the plan accompanying my report of the 20th of April, 1881. The parapet coping is very generally out of line in a greater or less degree.

In many places this is due to the settlement of the retaining wall beneath.

The character of the parapet wall can best be seen where the break has occurred at One Hundred and Fifteenth street, and its interior construction exposed.

A serious break has occurred in the retaining wall at this point.

The failure was doubtless hastened by the sewer excavation recently made beneath it, but my former report will show that serious settlement had occurred prior to the construction of the sewer. I should estimate that from sixty to seventy lineal feet of this wall and parapet would have to be rebuilt at a cost of about \$1,000.

A section of the wall and parapet near One Hundred and Fourth street is in so critical a condition as to be unsafe. About fifty lineal feet of it should be rebuilt at once at a cost, say, of \$800 or \$900.

At Ninetieth street the wall is undermined to provide for the construction of an outlet sewer. It should be taken down and rebuilt somewhat beyond the lines of the sewer trench, the expense being charged to the sewer construction. The time allowed me for preparing this report has been too brief to allow of anything more than a general examination of the wall. I have failed to discover any other points where the wall is in immediate danger, but it so bulged at points that it would seem to be the part of prudence to strengthen it thereat at an early day.

This could be done, I think, by constructing some few solid masonry stairways, similar to those already built, which would act as buttresses for the wall and give access to the park without the former use being discerned. I make this suggestion with some hesitancy, not being familiar with the considerations which determined the location of the steps in the original design for the avenue and park.

Roadway.

The main roadway is in no need of extraordinary repairs, I think.

The construction of the new sewers along the eastern side of the avenue have acted as I predicted in my former report—referred to above—in taking care of a large volume of water which formerly poured over the avenue from intersecting streets.

On the other hand, the narrow, steep roadway, at the upper end of the avenue, from One Hundred and Twenty-fourth to One Hundred and Twenty-ninth street, is in a dangerous and bad condition. Some fifty cubic yards of gravel are required to fill up the gullies and resurface the road, and nearly as much more will be required after every heavy rain-storm. The excessively steep grade of this portion of the avenue will always make it impossible to keep a macadam or gravel road in proper condition. It will be found economy to have this section of the roadway carefully paved with narrow stone blocks, at an estimated cost of \$7,000.

The capacity of the catch-basins on the west is quite inadequate to the duty they are called upon to perform. They should be placed at such short intervals that no great amount of water could accumulate before being intercepted and removed from the road. At least five new basins should be added and connected with the new sewer under the eastern sidewalk, say at cost of \$200.

Bridle-path.

I do not think that the surface of the bridle-path requires anything further than ordinary careful maintenance. There are occasional places where it has been heavily washed, but no serious settlement is apparent, as far as I could observe, at any point.

Foot-way.

This is seriously damaged in many places, and seems steadily deteriorating; near One Hundred and Nineteenth, One Hundred and Twelfth, One Hundred and Ninth, One Hundred and Fifth, One Hundred and First, Ninety-ninth, Ninety-sixth, Eighty-fourth and Eighty-second streets, the sidewalk has been badly undermined, leaving many large holes.

The arrangements for surface drainage of the bridle-path and foot-way seem radically defective; most of the storm-water from the surface of the former flows over the latter; what few catch-basins there are for the foot-way seem entirely clogged and useless.

I should recommend generally that a shallow gutter be paved, separating the bridle-path and foot-way; and that catch-basins with large gratings be placed at frequent intervals along this gutter; also that the surface of the foot-way be raised along the parapet sufficiently to throw all surface drainage to this gutter. A rough estimate of the cost of this improvement is \$5,000 to \$6,000.

In connection with the foregoing it would seem proper to call your attention to the condition in which the park has been left on the line of the outlet sewer at One Hundred and Fifteenth street. The present covering of light sandy material will soon be washed out if left unprotected.

The debris from the rock of the sewer-cut, now piled along the side of the trench, should be used to cover and protect the same.

Arrangements should be made to deflect all surface-water from the line of the sewer to the former still existing natural drainage channels on either side.

Some provision should be made to prevent the wasting away of the bluff at the north end of the park. A thousand yards or more of sand have already been washed away from it and spread over the surface of One Hundred and Twenty-ninth street, Twelfth avenue, and adjacent private property. When reporting on the complaint of F. F. Tone, in the Spring of 1881, I recommended with some fullness what would seem to be the proper remedy, in brief, the completion of a portion of the proposed park roads at Clermont, and would urge that the matter again receive attention.

Respectfully submitted,

E. B. VAN WINKLE,

Topographical Engineer, D. P. P.

The Comptroller presented the following:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, October 30, 1882.

Hon. ALLAN CAMPBELL, Comptroller:

SIR—With your letter to me of the 25th instant was transmitted a copy of a communication from the Hon. Frederick Smyth, Recorder, to the Board of Estimate and Apportionment, relative to the salaries claimed by him as a member of the Board of Revision and Correction of Assessments, and as one of the Commissioners of the Sinking Fund. You state that this communication has been referred to you for report, and you request me to examine the matters referred to therein, and to give my opinion upon the questions involved, in order that the Board of Estimate and Apportionment may take such action as may be necessary in making the provisional estimate.

Assessments for local improvements were formerly subject to the approval of the Common Council. By chapter 308 of the Laws of 1861, the powers and duties of the Common Council in relation to such assessments were transferred to a Board consisting of the Recorder, Comptroller, and Corporation Counsel. After the passage of this statute, and on December 27, 1862, a resolution was adopted by the Common Council, fixing the salaries of each member of said Board at \$1,000 per annum, to

take effect from the day on which they entered upon their duties. The action of the Common Council in passing this resolution was approved and ratified by the Legislature, for, although I have not examined the session laws in every year, I find from examination of the tax levy of several years, that the sum of \$3,000 was included under the head of Salaries of the Board of Revision and Correction of Assessments, and I am informed that such salaries were paid to each of the three members of the Board in every year from 1861 to 1873.

The Sinking Fund was originally established, and the office of Commissioner of the Sinking Fund was originally created, by the Common Council, the first ordinance on the subject having been passed as early as 1813. The Commissioners are the Mayor, Recorder, Comptroller, Chamberlain, and the Chairman of the Finance Committee of the Board of Aldermen. The Board of Commissioners of the Sinking Fund was continued by the Charter of 1870, and also by the Charter of 1873, and was further continued, with greatly enlarged powers, by chapter of the Laws of 1878. I am informed that for many years prior to 1873, each member of the Board of Commissioners of the Sinking Fund received a salary which was paid by order of the Common Council out of its Contingent Fund.

The Charter of 1873 fixed the salaries of the Mayor, Comptroller, Chamberlain, Alderman and Corporation Counsel, and moreover provided that such salaries should be in full for all services rendered by them to the city or county, in any capacity whatever. After the passage of this statute, it was no longer competent for the Comptroller and Corporation Counsel to receive any additional salary for services as members of the Board of Revision and Correction of Assessments, nor for the Mayor, Comptroller, or Chamberlain, or the Chairman of the Finance Committee of the Board of Aldermen to receive additional salaries for their services as Commissioners of the Sinking Fund. This prohibition of the charter, however, did not apply to the Recorder, nor is there any statute which forbids the city to pay, or the Recorder to receive a suitable compensation for the services rendered by him as a member of the Board of Revision and Correction of Assessments and as one of the Commissioners of the Sinking Fund, which services are not judicial in their character and are in no way connected with the office of Recorder.

I am inclined to the opinion that the resolution of the Common Council above referred to, fixing the compensation of the members of the Board of Revision and Correction of Assessments at \$1,000 per annum, has always been, and is now, in force, so far as relates to the Recorder, and that under it Recorder Smyth is entitled to receive payment from the time he became such Recorder, and for the remainder of his term, at the rate of \$1,000 per annum.

There is, however, clear authority for the Board of Estimate and Apportionment to fix the salary to be paid the Recorder, both as a member of the Board of Revision and Correction of Assessments and as a Commissioner of the Sinking Fund. Section 97 of the Charter of 1873 provides that "the salaries of all officers paid from the City Treasury, whose officers now exist but are not embraced in any Department, shall be fixed by the Board of Apportionment." Under this provision the Board of Estimate and Apportionment can fix the salary or compensation to be paid the Recorder for the services performed by him as a member of the Board of Revision and Correction of Assessments and as a Commissioner of the Sinking Fund, both for the future and for the services already rendered by him, from the time when he first became Recorder to the present date. Whatever amount may be allowed for the past can be included in the estimate for 1883, and hereafter the salary will, of course, be included in the annual appropriations.

I am, sir, yours respectfully,

WM. C. WHITNEY, Counsel to the Corporation.

Which was referred to the Comptroller to report upon at the next meeting.
The President of the Board of Aldermen moved, that when the Board adjourn, it do so to meet to-morrow (31st inst.), at 1.30 o'clock, P. M.

DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE,
NEW YORK, October 28, 1882.

TO IRON BRIDGE BUILDERS.

PROPOSALS FOR BUILDING THE SUPERSTRUCTURE OF THE MADISON AVENUE BRIDGE OVER THE HARLEM RIVER.

SEALED BIDS OR ESTIMATES FOR THE ABOVE
work, indorsed "Estimate for Building Superstructure of Madison Avenue Bridge," also with the name of the person or persons making the same, and date of the presentation, will be received from iron bridge builders only, at the office of the Department of Public Parks, No. 36 Union Square, New York City, until half-past nine o'clock A. M., on Saturday, the eleventh day of November, 1882, at which place and hour the bids will be publicly opened by the Board of Commissioners of the said Department, and read, and the award of the contract will be made as soon thereafter as practicable. The adequacy and sufficiency of the security offered is subject to the approval of the Comptroller of the City of New York.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be re-advertised and relet, and so on until the contract be accepted and executed.

N. B.—The prices must be written in the bid, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in these proposals, or which contain bids for items not called for herein. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also, that such bid or estimate is made without any connection with any other person making a bid or estimate for the same purpose; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the bid or estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath, or affirmation in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above his liabilities as bail, surety, and otherwise; that he has offered himself as surety, in good faith, and with an intention to execute the bond required by law.

The engineer's estimate of work and materials by which the bids will be tested is as follows, to wit:

Iron work in fixed spans—Nos. 1, 2, 4 and 5:	
Riveted wrought-iron work.....	450,000 lbs.
Nests of rollers.....	1,500 "
Lateral rods, etc.....	4,500 "
Rolled I beams, 8 in. deep.....	80,000 "
Wrought-iron corrugated floor-plates.....	110,000 "
Bolts, plates, fixed aprons....	8,500 "
Castings.....	40,000 "
	694,500 lbs.

SUPREME COURT.

In the matter of the application of the Mayor, Aldermen
and Commonalty of the City of New York, relative to
the opening of Ninety-first street, from Fourth avenue
to the East river, in the City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS
of Estimate and Assessment in the above entitled
matter, hereby give notice to the owner or owners, occu-
pant or occupants, of all houses and lots and improved or
unimproved lands affected thereby, and to all others
whom it may concern, to wit:

That our report herein will be presented to the Su-
preme Court of the State of New York, at a Special
Term thereof, to be held at the County Court House, in
the City of New York, on Friday, the third day of No-
vember, 1882, at the opening of the Court on that day,
and that then and there, or as soon thereafter as counsel
can be heard thereon, a motion will be made that the
said report be confirmed.

Dated New York, September 27, 1882.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE
COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE
heard here, from 10 to 3 daily, from all persons
hitherto liable or recently serving who have become ex-
empt, and all needed information will be given.

Those who have not answered as to their liability, or
proved permanent exemption, will receive a "jury enroll-
ment notice," requiring them to appear before me this
year. (Whether liable or not, such notices must be an-
swered in person, if possible, and at this office only) under
severe penalties. If exempt, the party must bring proof
of exemption; if liable, he must also answer in person,
giving full and correct name, residence, etc., etc. No
attention paid to letters.

Persons "enrolled" as liable must serve when called
or pay their fines. No mere excuse will be allowed or
interference permitted. The fines if unpaid will be entered
as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and
secure reliable and respectable juries, and equalize their
duty by serving promptly when summoned, allowing their
clerks or subordinates to serve, reporting to me any attempt
at bribery or evasion, and suggesting names for enrollment.
Persons between sixty and seventy years of age, summer
absentees, persons temporarily ill, and United States and
District Court jurors are not exempt.

Every man must attend to his own notice. It is a mis-
demeanor to give any jury paper to another to answer.
It is also punishable by fine or imprisonment to give or
receive any present or bribe, directly or indirectly, in re-
lation to a jury service, or to withhold any paper or make
any false statement, and every case will be fully prose-
cuted.

GEORGE CAULFIELD,
Commissioner of Jurors,
Room 17, New County Court-house.

DEPARTMENT OF DOCKS.

DEPARTMENT OF DOCKS,
117 AND 119 DUANE STREET,
NEW YORK, October 20, 1882.

TO CONTRACTORS.

(No. 170.)

PROPOSALS FOR ESTIMATES FOR REPAIR-
ING THE BULKHEAD AT THE DEPART-
MENT YARD, AT FOOT OF SEVENTEENTH
STREET, EAST RIVER.

ESTIMATES FOR REPAIRING THE BULK-
head at the Department Yard, at foot of Seven-
teenth street, East river, will be received by the Board
of Commissioners at the head of the Department of
Docks, at the office of said Department, Nos. 117 and
119 Duane street, in the City of New York, until 12
o'clock A. M.

THURSDAY, NOVEMBER 2, 1882.

at which time and place the estimates will be publicly
opened by the head of said Department. The award of
the contract, if awarded, will be made as soon as practi-
cable after the opening of the bids.

Any person making an estimate for the work shall
furnish the same in a sealed envelope to said Board, at
said office, on or before the day and hour above named,
which envelope shall be indorsed with the name or names
of the person or persons presenting the same, the date
of its presentation, and a statement of the work to which
it relates.

The Engineer's estimate of the nature, quantities, and
extent of the work, is as follows:

1. Yellow Pine Timber, hewed or sawed, 12"x12", 43,680
feet, B. M., measured in the work.
- " " " 8"x8", 2,500 feet B. M.,
measured in the work.
- " " " 6" plank, 450 feet, B. M.,
measured in the work.

Total..... 46,680 feet, B. M., measured in the work.

NOTE.—The above quantities are exclusive of
extra lengths required for scarfs, laps, etc., and of waste.

2. Spruce, Yellow Pine, White Pine, or Cypress
Piles, about..... 186
3. Oak Fender Piles..... 6

(It is expected that the piles will be from
45 to 65 feet in length, but all of them must be of
sufficient length to comply with the specifications
for the work, as set forth in the approved form of
contract.)

4. White Pine Mooring Posts..... 3
5. Crib Ties and Flooring Logs, about..... 660 pieces
6. 1"x32", 7/8"x20", 3/4"x20", 3/4"x20", 3/4"x16",
and 3/4"x10" to 14", square, wrought-iron dock
spikes, about..... 7,100 pounds

7. 1" wrought-iron screw bolts, and
Cast-iron washers, about..... 100 pounds.
8. Cast-iron pile shoes, about..... 4,400 pounds.
9. Stone filling for rear of bulkhead... 400 cubic yds.
10. Labor of framing and carpentry, including all
moving of timber, jointing, planing, bolting,
spiking, painting, and labor of every description.
11. Labor of removing from the premises all the old
material, except that to be used in the work
under this contract.

N. B.—As the above-mentioned quantities, though
stated with as much accuracy as is possible, in advance,
are approximate only, bidders are required to submit their
estimates upon the following express conditions, which
shall apply to and become part of every estimate received:

(1.) Bidders must satisfy themselves, by personal ex-
amination of the location of the proposed work, and by
such other means as they may prefer, as to the accuracy
of the foregoing Engineer's estimate, and shall not, at any
time after the submission of an estimate, dispute or
complain of the above statement of quantities, nor assert
that there was any misunderstanding in regard to the
nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire
work contracted for to the satisfaction of the Depart-
ment of Docks, and in substantial accordance with the
specifications of the contract. No extra compensation
beyond the amount payable for the work before men-
tioned, which shall be actually performed at the price
thereof, to be specified by the lowest bidder, shall be
due or payable for the entire work.

The bidder to whom an award is made shall give
security for the faithful performance of his contract, in
the manner prescribed and required by ordinance, in the
sum of One Thousand Dollars.

The work to be done under the contract is to be com-
menced within five days after the date of the contract,
and the entire work is to be fully completed on or before
the 1st day of January, 1883, and the damages to be
paid by the contractor for each day that the contract may
be unfulfilled after the time fixed for the fulfillment
thereof has expired, Sundays and holidays not to be ex-
cepted, are, by a clause in the contract, fixed and li-
quidated at Fifty Dollars per day.

All the old material taken from the portion of the
bulkhead to be removed under the contract, will be
relinquished to the contractor, and bidders must estimate
the value of such material when considering the price
for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole
of the work to be done, in conformity with the ap-
proved form of agreement and the specifications therein
set forth, by which price the bids will be tested. This price
is to cover all expenses of every kind involved in or inci-
dent to the fulfillment of the contract, including any
claim that may arise through delay, from any cause, in
the performing of the work thereunder.

Bidders will distinctly write out, both in words and in
figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract
within five days from the date of the service of a notice
to that effect; and in case of failure or neglect so to do, he or
they will be considered as having abandoned it, and as
in default to the Corporation; and the contract will be re-
advertised and relet, and so on until it is accepted and
executed.

Bidders are required to state in their estimates their
names and places of residence; the names of all persons
interested with them therein; and if no other person be so
interested, the estimate shall distinctly state the fact; also
that the estimate is made without any connection with any
other person making an estimate for the same work, and
that it is in all respects fair and without collusion or fraud;
and also that no member of the Common Council, Head
of a Department, Chief of a Bureau, Deputy thereof, or
Clerk therein, or other officer of the Corporation, is
directly or indirectly interested therein, or in the sup-
plies or work to which it relates, or in any portion of the
profits thereof; which estimates must be verified by the
oath, in writing, of the party making the estimate, that
the several matters stated therein are in all respects true.
Where more than one person is interested, it is requisite
that the verification be made and subscribed to by all
the parties interested.

Each estimate shall be accompanied by the consent, in
writing, of two householders or freeholders in the City of

New York, with their respective places of business or
residence, to the effect that if the contract be awarded to
the person or persons making the estimate, they will, on
its being so awarded, become bound as his or their sureties
for its faithful performance; and that if said person or
persons shall omit or refuse to execute the contract, they will
pay to the Corporation of the City of New York any differ-
ence between the sum to which said person or persons
would be entitled on its completion, and that which
said Corporation may be obliged to pay to the per-
son or persons to whom the contract may be
awarded at any subsequent letting; the amount
in each case to be calculated upon the es-
timated amount of the work to be done by which the
bids are tested; the consent above mentioned
shall be accompanied by the oath or affirmation, in writing,
of each of the persons signing the same, that he is a
householder or freeholder in the City of New
York, and is worth the amount of the security
required for the completion of the contract,
over and above all his liabilities as bail, surety, and
otherwise; and that he has offered himself as
surety in good faith, and with the intention to execute
the bond required by law. The adequacy and sufficiency
of the security offered will be subject to approval by the
Comptroller of the City of New York, after the award is
made and prior to the signing of the contract.

No estimate will be received or considered unless accom-
panied by either a certified check upon one of the national
banks of the City of New York, drawn to the order of the
Comptroller, or money, to the amount of five per centum
of the amount of security required for the faithful
performance of the contract. Such check or money must
not be inclosed in the sealed envelope containing the es-
timate, but must be handed to the officer or clerk of the
Department who has charge of the Estimate-book, and no
estimate can be deposited in said box until such check or
money has been examined by said officer or clerk and found
to be correct. All such deposits, except that of the suc-
cessful bidder, will be returned by the Comptroller to the
persons making the same within three days after the con-
tract is awarded. If the successful bidder shall refuse or
neglect, within five days after notice that the contract has
been awarded to him, to execute the same, the amount of
the deposit made by him shall be forfeited to and retained
by the City of New York as liquidated damages for such
neglect or refusal; but if he shall execute the contract
within the time aforesaid, the amount of his deposit will be
returned to him by the Comptroller.

Bidders are informed that no deviation from the speci-
fications will be allowed, unless under the written instruc-
tions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded
to, any person who is in arrears to the Corporation, upon
debt or contract, or who is a defaulter, as surety or other-
wise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if
deemed for the interest of the Corporation of the City of
New York.

Bidders are requested, in making their bids or estimates,
to use the blank prepared for that purpose by the Depart-
ment, a copy of which, together with the form of the
agreement, including specifications, and showing the
manner of payment for the work, can be obtained upon
application therefor at the office of the Department.

WILLIAM LAIMBEER,
JACOB VANDERPOEL,
JOHN R. VOORHIS,
Commissioners of the Department of Docks.

DEPARTMENT OF DOCKS,
117 AND 119 DUANE STREET,
NEW YORK, October 20, 1882.

TO CONTRACTORS.

(No. 171.)

PROPOSALS FOR ESTIMATES FOR REPAIRING
PIER AND BULKHEAD AT FIFTH STREET,
EAST RIVER.

ESTIMATES FOR REPAIRING PIER AND
Bulkhead at the foot of Fifth street, East river, will
be received by the Board of Commissioners at the head
of the Department of Docks, at the office of said Depart-
ment, Nos. 117 and 119 Duane street, in the City of New
York, until 12 o'clock A. M., of

THURSDAY, NOVEMBER 2, 1882.

at which time and place the estimates will be publicly
opened by the head of said Department. The award of
the contract, if awarded, will be made as soon as practi-
cable after the opening of the bids.

Any person making an estimate for the work shall
furnish the same in a sealed envelope to said Board, at
said office, on or before the day and hour above named,
which envelope shall be indorsed with the name or names of
the person or persons presenting the same, the date of its
presentation, and a statement of the work to which it
relates.

The bidder to whom the award is made shall give se-
curity for the faithful performance of the contract, in the
manner prescribed and required by ordinance, in the sum
of Five Thousand Dollars.

The Engineer's estimate of the nature, quantities, and
extent of the work, is as follows:

- | | Feet B. M.,
measured in
the work. |
|--|---|
| 1. Yellow pine timber, sawed, 12"x12"..... | 122,358 |
| " " " 6"x12"..... | 6,186 |
| " " " 6" plank..... | 8,400 |
| " " " 5"x10"..... | 11,412 |
| " " " 4" plank..... | 50,300 |
| " " " 4"x4"..... | 6,900 |
| Total..... | 206,056 |

2. Pine timber, sawed, 4"x4", 1,380 feet B. M. mea-
sured in the work.
3. North Carolina yellow pine or spruce timber; 3"
plank, 43,809 feet B. M., measured in the work.

NOTE.—The above quantities are exclusive of
extra lengths required for scarfs, laps, etc.,
and of waste.

4. Spruce, yellow pine, white pine or cypress piles,
about..... 327
5. White pine mooring piles..... 12

(It is expected that the vertical piles will be from
45 to 55 feet in length, but all of them must be of suf-
ficient length to comply with the specifications for the
work, as set forth in the approved form of contract.)

6. White pine mooring posts..... 4
7. Half-round oak fenders..... 94
8. Crib ties and flooring logs, about..... 600 pieces
9. Stone for filling crib, about..... 380 cubic yards.

It is expected that about one-third of this crib
stone, and of these pieces, may be had from the old
work.

9. 3/8" x 20", 3/4" x 20", 3/4" x 18", 3/4" x
16", 3/4" x 14", 3/4" x 12", 3/4" x 10",
7-16" x 9", and 7-16" x 6" square, and
3/4" x 10" round, wrought-iron dock
spikes, and 7" cut spikes, about..... 17,500 pounds.
10. 1" wrought-iron screw bolts, about..... 3,536 pounds.
11. Cast-iron washers for 1" screw bolts,
and cast-iron pile shoes, about..... 7,000 pounds.
12. Wrought-iron corner bands, about..... 420 pounds.
13. Labor of framing and carpentry, including all moving
of timber, jointing, planing, bolting,
spiking, painting, oiling or tarring, and furnishing the ma-
terials for painting, oiling or tarring, and labor of
every description, for an area of about 17,300
square feet of pier and about 60 linear feet
of bulkhead.
14. Labor of removing the Dumping Board and other
structures, and all of the pier and bulkhead at the
foot of Fifth street, E. R., and of removing all the
old material from the premises.

N. B.—As the above-mentioned quantities, though
stated with as much accuracy as is possible, in advance,
are approximate only, bidders are required to submit their

estimates upon the following express conditions, which
shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal ex-
amination of the location of the proposed work, and by
such other means as they may prefer, as to the accuracy
of the foregoing Engineer's estimate, and shall not, at
any time after the submission of an estimate, dispute or
complain of the above statement of quantities, nor assert
that there was any misunderstanding in regard to the
nature or amount of the work to be done.

2d. Bidders will be required to complete the entire
work to the satisfaction of the Department of Docks,
and in substantial accordance with the specifications of
the contract, and the plans therein referred to. No extra
compensation beyond the amount payable for the work
before mentioned, which shall be actually performed, at
the price therefor to be specified by the lowest bidder,
shall be due or payable for the entire work.

The work to be done under the contract is to be com-
menced within five days after the date of the contract,
and the entire work is to be fully completed on or before
the 15th day of February, 1883, and the damages to be
paid by the contractor for each day that the contract may
be unfulfilled after the time fixed for the fulfillment thereof
has expired, Sundays and holidays not to be excepted, are,
by a clause in the contract, fixed and liquidated at Fifty
Dollars per day.

All the old material taken from said pier and bulkhead
inclusive of the dumping board and other structures, ex-
cept the office of the Street-Cleaning Department, to be
removed under this contract, will be relinquished to the
contractor, and the bidders must estimate the value of
such material when considering the price for which they
will do the work under the contract.

Bidders will state in their estimates a price for the
whole of the work to be done, in conformity with the
approved form of contract, and the specifications
therein set forth, by which prices the bids will be
tested. These prices are to cover all expenses of
every kind involved in or incidental to the fulfillment
of the contract, including any claim that may arise
through delay, from any cause, in the performing of the
work thereunder.

Bidders will distinctly write out, both in words and in
figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract
within five days from the date of a service of a notice to
that effect; and in case of failure or neglect so to do, he
or they will be considered as having abandoned it, and as
in default to the Corporation, and the contract will be
readvertised and relet, and so on until it is accepted and
executed.

Bidders are required to state in their estimates their
names and places of residence, the names of all persons
interested with them therein; and if no other person be so
interested, the estimate shall distinctly state the fact; also
that the estimate is made without any connection with any
other person making an estimate for the same work, and
that it is in all respects fair, and without collusion or
fraud; and also that no member of the Common Council,
head of a department, chief of a bureau, deputy thereof,
or clerk therein, or other officer of the Corporation, is
directly or indirectly interested therein, or in the sup-
plies or work to which it relates, or in any portion of the
profits thereof; which estimates must be verified by the oath,
in writing, of the party making the estimate, that the several
matters stated therein are in all respects true. Where
more than one person is interested, it is requisite
that the verification be made and subscribed to by all the
parties interested.

Each estimate shall be accompanied by the consent, in
writing, of two householders or freeholders of the City of
New York, with their respective places of business or
residence, to the effect that if the contract be awarded to
the person or persons making the estimate, they will, on
its being so awarded, become bound as his or their sureties
for its faithful performance; and that if said person or
persons shall omit or refuse to execute the contract, they
will pay to the Corporation of the City of New York, any dif-
ference between the sum to which said person or per-
sons would be entitled on its completion, and that which
said Corporation may be obliged to pay to the person
to whom the contract may be awarded at any subse-
quent letting; the amount in each case to be calcu-
lated upon the estimated amount of the work to be done,
by which the bids are tested. The consent above men-
tioned shall be accompanied by the oath or affirmation, in writing,
of each of the persons signing the same, that he is a
householder or freeholder in the City of New York,
and is worth the amount of the security required for the
completion of the contract, over and above all his
debts of every nature, and over and above his liabilities as
bail, surety, and otherwise; and that he has offered himself
as surety in good faith, and with the intention to execute
the bond required by law. The adequacy and sufficiency
of the security offered is to be subject to the approval of
the Comptroller of the City of New York, after the award
is made and prior to the signing of the contract.

No estimate will be considered unless accompanied
by either a certified check upon one of the National
Banks of the City of New York, drawn to the order
of the Comptroller, or money, to the amount of
five per centum of the amount of security required for the
faithful performance of the contract. All such deposits,
except that of the successful bidder, will be returned to the
persons making the same within three days after the con-
tract is awarded. If the successful bidder shall refuse or
neglect, within five days after notice that the contract has
been awarded to him, to execute the same, the amount of
the deposit made by him shall be forfeited to and retained
by the City of New York as liquidated damages for such
neglect or refusal; but if he shall execute the contract
within the time aforesaid, the amount of his deposit will be
returned to him by the Comptroller.

Bidders are informed that no deviation from the speci-
fications will be allowed, unless under the written in-
structions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded
to, any person who is in arrears to the Corporation, upon
debt or contract, or who is a defaulter, as surety or
otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if
deemed for the interest of the Corporation of the City of
New York.

Bidders are requested, in making their bids or estimates,
to use the blank prepared for that purpose by the De-
partment, a copy of which, together with the form of the
agreement, including specifications, and showing the man-
ner of payment for the work, can be obtained upon appli-
cation therefor at the office of the Department.

JACOB VANDERPOEL,
JOHN R. VOORHIS,
Commissioners of the Department of Docks

DEPARTMENT OF DOCKS,
Nos. 117 and 119 DUANE STREET,
NEW YORK, October 20, 1882.

TO CONTRACTORS.

the Department of Docks, at the office of the said Department, Nos. 117 and 119 Duane street, in the City of New York, until Twelve o'clock M.

THURSDAY, NOVEMBER 2, 1882.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work or for either class thereof shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be endorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at each of the premises mentioned the depths of water set opposite thereto in the specifications, is as follows:

CLASS I.	Cubic Yards.
Pier at foot of Twenty-fourth street, East River.....	about 42,000
CLASS II.	
Dumping Boards at Pier 61, East River.....	about 2,500
Dumping Board foot of Seventeenth street, East River.....	3,500
Dumping Board foot of Twenty-second street, East River.....	5,250
Dumping Boards foot of Forty-seventh street, North River.....	6,500
Total under Class 2.....	17,750

N.B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work contracted for to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor per cubic yard in each class, to be specified by the lowest bidder, shall be due or payable for the entire work.

Estimates may be made for either one, or both, of the above two classes.

The bidder to whom an award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of three thousand five hundred dollars for Class 1, and in the sum of one thousand five hundred dollars for Class 2, and in case the contract for both of the above named classes be awarded to him, in the sum of the aggregate amount required for the two classes.

The work to be done under the contract is to be commenced within five days after the date of the contract and all the work contracted for under Class 1 is to be fully completed on or before the 15th day of January, 1883, and all the work contracted for under Class 2 is to be fully completed on or before the 1st day of January, 1883, and the damages to be paid by the Contractor for each day that the contract or any part thereof may be unfulfilled after the time or times fixed for fulfillment has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed at Fifty Dollars per day. But the Board of Docks may extend the time for the completion of the work, if, in its judgment, the work has been delayed by ice in the river or harbor, or by very severe weather.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law; and any material dredged, not so deposited, shall not be paid for.

Bidders will state in their estimates a price for the whole of the work to be done in either or both of the above two classes respectively, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each of the two classes of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default of the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of the City of New York any difference between the sum to which said person would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done, in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to the approval of the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons mak-

ing the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

POLICE DEPARTMENT.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
300 MULBERRY STREET.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with fifteen hundred tons of best quality of Lehigh Coal, will be received at the Central Office of the Department of Police in the City of New York, until ten o'clock, A.M., of Friday the 3d day of November, 1882.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for furnishing Coal," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars as to the quality, kind and size of coal required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of coal is to be delivered within thirty days from the date of the execution and delivery of the contract.

The person or persons to whom the contract may be awarded will be required to give security, for the performance of the contract, in the manner prescribed by law, in the sum of five thousand dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract was awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank estimates may be obtained by application to the undersigned, at his office in the Central Department.

By order of the Board,

S. C. HAWLEY,
Chief Clerk.
