The Comptroller presented the following opinion of the Corporation Counsel relative to obligation of the City under lease of premises on Radde street near Freeman avenue, Long Island City :

NEW YORK, January 10, 1900.

To the Honorable the Commissioners of the Sinking Fund :

SIRS—I beg leave to acknowledge receipt of a communication from Deputy Comptroller Edgar J. Levey, Secretary of the Commissioners of the Sinking Fund, under date of June 10, 1899, transmitting an extract from the minutes of the proceedings of the Commissioners of the Sinking Fund held June 8, 1899, relative to a renewal of the lease of premises on Radde street, near Freeman avenue, First Ward, Borough of Queens, for the use of the Fire Department, which was referred by the Commissioners to me, and inclosing a copy of the lease.

In a communication under date of May 23, 1899, to you, Hon. John J. Scannell, Fire Commissioner, after calling attention to the fact that the lease of the premises in question would expire June 1, 1899, and that said lease contains a clause whereby the former City of Long Island City obligated itself either to purchase said premises at a valuation of \$4,900, or to renew the lease for a further term of five years at an annual rental of \$600, states that the premises are required by the Fire Department, and requests the Commissioners of the Sinking Fund to take such action in the matter as they deem proper.

The Comptroller upon said application presented a report of Eug. E. McLean, Engineer, to him, dated May 31, 1899, wherein, after describing the premises and the terms of the lease, he states that, in his judgment, a fair market valuation of the premises is \$3,600, and that the rental agreed upon, to wit, \$600 per annum, based upon such valuation, is excessive.

I have carefully examined the lease in question and find it to be a positive engagement on the part of former Long Island City with the lessors to either purchase the premises in question at a valuation of \$4,900, or in the event of a failure so to do, to renew the lease for a further period of five years after its expiration, to wit, June 1, 1899, at a rental of \$600 per annum, to which obligation The City of New York, as the successor corporation to the former City of Long Island City succeeded.

I am of opinion that, in view of the failure of the City to exercise its option to purchase the premises within the time in said lease limited, The City of New York has under and by its terms become the lessee of said premises for a further period of five years from the first day of June, 1899.

I return the copy of lease and the extract from the minutes of the proceedings of the Commissioners of the Sinking Fund transmitted to me with Mr. Levey's communication.

Respectfully,

CHARLES BLANDY, Acting Corporation Counsel.

Which was ordered filed.

The following communication was received from the Police Department relative to a renewal of the lease of premises in the rear of Nos. 37 and 39 Vernon avenue, Borough of Brooklyn:

NEW YORK, January 18, 1900.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Board held this day, it was Resolved, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute a renewal of the lease from Frederick E. Very respectfully,

WM. DELAMATER, Deputy Chief Clerk.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from Frederick E. Schultze, of the premises occupied by the Police Department, on the north side of Vernon avenue, three hundred and fifty feet east of Flatbush avenue, Borough of Brooklyn, for a term of one year from March 1, 1900, at an annual rental of two hundred and forty dollars (\$240) per annum, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Which was unanimously adopted.

The following report and resolution were received from the Board of Education relative to a lease of premises No. 530 Rockaway avenue, Borough of Brooklyn:

To the Board of Education:

The Committee on Buildings, to which was referred a resolution adopted by the School Board for the Borough of Brooklyn on November 8, 1899, recommending the leasing for school purposes, to relieve Public Schools 63, 66 and 84, the building No. 530 Rockaway avenue, Brooklyn, at a monthly rental of \$20, until June 30, 1900, respectfully reports that the matter has been investigated and it is found that the building mentioned is a wooden structure, one story in height, 20 by 40 feet; that by the expenditure of about \$650 accommodations for two classes would be afforded, and as the rental of \$20 per month is considered reasonable, in view of the need for additional school accommodations in the Borough of Brooklyn, the following resolution is submitted for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize the Comptroller to execute a lease of the building No. 530 Rockaway avenue, Borough of Brooklyn, until June 30, 1900, at a monthly rental of twenty dollars; the owner, Henry Meyer, to furnish water; all necessary alterations, etc., to be made by the Board of Education.

A true copy of report and resolution adopted by the Board of Education on January 10, 1900.
 A. EMERSON PALMER, Secretary, Board of Education.

In connection therewith the Comptroller presented the following report:

JANUARY 23, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, at a meeting held January 10, 1900, adopted the following report and resolution:

"The Committee on Buildings, to which was referred a resolution adopted by the School Board for the Borough of Brooklyn on November 8, 1899, recommending the leasing for school purposes, to relieve Public Schools 63, 66 and 84, the building No. 530 Rockaway avenue, Brooklyn, at a monthly rental of \$20, until June 30, 1900, respectfully reports that the matter has been investigated and it is found that the building mentioned is a wooden structure, one story in height, 20 by 40 feet; that by the expenditure of about \$650, accommodations for two classes would be afforded, and as the rental of \$20 per month is considered reasonable, in view of the need for additional school accommodations in the Borough of Brooklyn, the following resolution is submitted for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize the Comptroller to execute a lease of the building No. 530 Rockaway avenue, Borough of Brooklyn, until June 30, 1900, at a monthly rental of twenty dollars; the owner, Henry Meyer, to furnish water; all necessary alterations, etc., to be made by the Board of Education."

The premises consist of a one-story frame structure, 20 by 40 feet, on the plot of ground 25 by 60 feet, and are valued on the tax books at \$800.

I consider a full market value for these premises to be \$1,500 and that a rental of \$12.50 per month would be adequate.

It will be seen from the report quoted above that the resolution by the School Board for the Borough of Brooklyn, recommending the leasing of these premises, was adopted November 8, 1899, and that it was not until January 10, 1900, that the same was acted upon by the Board of Education, also that the sum of \$650 will have to be expended upon these premises to fit them for school purposes, and I am informed that the greater part of this amount is required to comply with the rules of the Board of Health.

As there now remains but five months to the end of the proposed lease, and it will take at least thirty days for the lease to be authorized and the improvements and alterations to be made to the building, I hardly consider the proposition of the Board of Education a good one, from a business standpoint, in any respect.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

BIRD S. COLER, Comptroller.

On motion of the Mayor the application of the Board of Education was denied.

The following communication was received from the Department of Street Cleaning, relative to a lease of premises, No. 61 Howard avenue, Borough of Brooklyn:

NEW YORK, January 18, 1900.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Sinking Fund Commissioners:

SIR—I request the consent and approval of your Board for a lease, pursuant to section 541 of the Charter, from Thomas C. O'Brien of the store of the premises known as No. 61 Howard avenue, in the Borough of Brooklyn, for a term of three (3) years and three (3) months from February 1, 1900, at the rental of three hundred dollars (\$300) per annum, payable quarterly, the owner to put and keep the premises in good repair and to pay the water taxes.

The dimensions of the store are as follows:

Fifteen (15) feet nine (9) inches wide, forty-five (45) feet three (3) inches deep, with a toilet room and running water in store.

Respectfully yours,

F. M. GIBSON, Deputy Commissioner, Borough of Manhattan, designated with full powers of the Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JANUARY 22, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—Mr. F. M. Gibson, Deputy and Acting Commissioner of Street Cleaning, in a communication under date of January 18, 1900, requests the consent and approval of the Commissioners of the Sinking Fund.

"For a lease pursuant to section 541 of the Charter from Thomas O'Brien of the store of the premises known as No. 61 Howard avenue, in the Borough of Brooklyn, for a term of three (3) years and three (3) months from February 1, 1900, at the rental of three hundred dollars (\$300) per annum, payable quarterly, the owner to put and keep the premises in good repair and to pay the water taxes.

The dimensions of the store are as follows:

Fifteen (15) feet nine (9) inches wide, forty-five (45) feet three (3) inches deep, with a toilet room and running water in store."

The premises are of the dimensions as stated above, and consist of the store-floor of the three-story brick building on the southeast corner of Jefferson and Howard avenues, Borough of Brooklyn.

I consider the rental asked, namely, \$300 per annum for a term of three years and three months, with the conditions as named, to be a full but not excessive rental.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

BIRD S. COLER, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution of a lease by the Commissioner of Street Cleaning from Thomas C. O'Brien of the store of the premises known as No. 61 Howard avenue, Borough of Brooklyn, for a term of three years and three months, from February 1, 1900, at a rental of three hundred dollars (\$300) per annum, payable quarterly, the owners to put and keep the premises in good repair and to pay the water taxes, the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Street Cleaning, requesting an amendment to the resolution authorizing a lease of premises corner Nostrand avenue and Butler street, Borough of Brooklyn:

NEW YORK, January 30, 1900.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Commissioners of the Sinking Fund:

SIR—I request that your Board amend its resolution of December 28, 1899, approving and consenting to the execution of a lease by the Commissioner of Street Cleaning from the Borough Construction Company of the premises on the southwest corner of Nostrand avenue and Butler street, now Sterling place, Borough of Brooklyn, for a term of five years from the date of occupation with the privilege of a renewal for five years on the same terms and conditions at an annual rental of \$1,500 per annum, payable quarterly; the lessor to make all necessary repairs and alterations, partition off box stalls, whitewash the interior of the stalls, repair the flooring, put and keep the premises in tenable condition and pay all taxes, and ground water taxes, etc., so as to substitute for the Borough Construction Company, as lessor, William F. Donovan, to make the term of lease five years without any privilege of renewal, to omit the special requirements as to stalls, etc., and to substitute therefor, that the lessor shall put the premises in the condition required by the Department before entering into possession, relieving him from any further obligation of that kind except to keep the premises in a tenable condition; the lessor to pay all taxes and ground and building water taxes; the City to pay the rates for the water used by it.

Respectfully yours,

F. M. GIBSON, Deputy Commissioner, Borough of Manhattan, designated with full powers of the Commissioner.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund at meeting held December 28, 1899, approving and consenting to the execution of a lease by the Commissioner of Street Cleaning from the Borough Construction Company of the premises on the southwest corner of Nostrand avenue and Butler street, now Sterling place, Borough of Brooklyn, be and the same is hereby amended by substituting for the Borough Construction Company, as lessor, William F. Donovan; by striking out the renewal clause, omitting the special requirements as to stalls, etc., and by substituting therefor that the lessor shall put the premises in the condition required by the Department before entering into possession, and to keep the premises in tenable condition, and pay all taxes and ground and building water taxes; the City to pay the rates for water used by it.

Which was unanimously adopted.

The following communication was received from the Department of Street Cleaning relative to a renewal of the lease of premises No. 743 East One Hundred and Sixty-seventh street, Borough of The Bronx:

NEW YORK, January 16, 1900.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Commissioners of the Sinking Fund:

SIR—I desire the consent and approval of your Board, pursuant to section 541 of the Greater New York Charter, for a renewal of the lease from Patrick J. Bond, of the basement of premises, No. 743 East One Hundred and Sixty-seventh street, in the Borough of The Bronx, for a term of two (2) years from May 1, 1900, at an annual rental of \$300, payable monthly, otherwise on the same terms and conditions as are contained in the existing lease.

Respectfully yours,

JAMES McCARTNEY, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JANUARY 19, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. James McCartney, Commissioner of Street Cleaning, in communication under date of January 16, 1900, requests the consent and approval of the Commissioners of the Sinking Fund, pursuant to section 541 of the Greater New York Charter, for a renewal of the lease from

Patrick J. Bond of the basement of premises No. 743 East One Hundred and Sixty-seventh street, in the Borough of The Bronx, for the terms of two years from May 1, 1900, at an annual rental of \$300, payable monthly, otherwise on the same terms and conditions as are contained in the existing lease.

The Department of Street Cleaning will have been in possession of the premises for two years on May 1, 1900, paying an annual rental of \$200. An application was first made for these premises on April 25, 1898, the rental asked being \$300 per annum.

At that time I made an examination of the premises, and under date of May 5, 1898, reported as follows:

"This basement, which in my opinion might properly be designated as a cellar, has an area of 1,008 square feet, and receives its light and air entirely from the area west to east and south of it. At \$300 per annum the rate of rent is 29.76 cents per square foot per annum. * * *

"I consider the proposed rent excessive. Two hundred dollars would be a full rent to pay in my opinion."

I see no reason to change my opinion as expressed in the report as quoted above, and consider that a renewal for two years of these premises should be obtained on the same terms as in the existing lease.

Respectfully,
EUG. E. McLEAN, Engineer.

Approved:
BIRD S. COLER, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning of a renewal of the lease from Patrick J. Bond, of the basement of the premises No. 743 East One Hundred and Sixty-seventh street, Borough of The Bronx, for a term of one year from May 1, 1900, at an annual rental of two hundred dollars (\$200), payable monthly, otherwise upon the same terms and conditions as are contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Street Cleaning, requesting an amendment to the resolution authorizing a lease of premises at No. 219 West Seventy-seventh street, Borough of Manhattan:

NEW YORK, January 20, 1900.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Sinking Fund Commissioners:

SIR—I urgently request your Board to amend its resolution of January 16, 1900, in reference to a proposed lease from William Carlin, of the lot No. 219 West Seventy-seventh street, in which resolution your Board approved of a rental of \$2,000 per annum, so as to make the said rent \$2,700 per annum. Possibly \$2,700 may seem high but it will be cheap for the City and this Department if it is considered how difficult it is to obtain suitable stabling in that part of the City, and the hard work upon the horses and the length of hauling occasioned by the lack of any dumping facilities of this Department in all that region west of Central Park.

I would like to have also provided in the resolution for this lease that the lessor will pay the taxes and that the City will pay the Croton water rent and will make the necessary inside repairs.

Respectfully yours,
JAMES McCARTNEY, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JANUARY 27, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. James McCartney, Commissioner of Street Cleaning, in a communication under date of January 20, 1900, states as follows:

"I urgently request your Board to amend its resolution of January 16, 1900, in reference to a proposed lease, from William Carlin, of the lot No. 219 West Seventy-seventh street, in which resolution your Board approved of a rental of \$2,000 per annum, so as to make the said rent \$2,700 per annum. Possibly \$2,700 may seem high, but it will be cheap for the City and this Department if it is considered how difficult it is to obtain suitable stabling in that part of the City, and the hard work upon the horses and the length of hauling occasioned by the lack of any dumping facilities of this Department in all that region west of Central Park.

I would like to have also provided in the resolution for this lease that the lessor will pay the taxes and that the City will pay the Croton water rent and will make the necessary inside repairs."

This lease was the subject of a report by me under date of January 11, 1900, and in which I estimated the value of the premises to be \$25,000, and considered the rent of \$2,000 per annum as just and reasonable.

Mr. Carlin, the owner, has called upon me and submits the following valuation:

| | |
|-------------------------------|-------------|
| Cost of lot..... | \$18,000 00 |
| Cost of excavation..... | 2,000 00 |
| Estimated cost of stable..... | 12,000 00 |
| Total..... | \$32,000 00 |

The owner declines positively to accept less than \$2,700 per annum and upon his own valuation the rental would be upon the basis of 8.43 per cent.

I consider Mr. Carlin's valuation high and that the rental as proposed by him could only be approved upon the grounds that the Street Cleaning Department by securing this stable adjoining the present one leased by them, at the price named, would be able to economize in time and horseflesh more than the difference in rental.

The Commissioner states that it is also desired that the provision be made that the City pay Croton water rents and make inside repairs.

Respectfully,
EUG. E. McLEAN, Engineer.

Approved:
BIRD S. COLER, Comptroller.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund at meeting held January 16, 1900, approving of and consenting to the execution of a lease by the Commissioner of Street Cleaning, from William Carlin, of the premises No. 219 West Seventy-seventh street, Borough of Manhattan, be and the same is hereby amended by substituting as the rental "two thousand seven hundred dollars (\$2,700) per annum" instead of "two thousand dollars (\$2,000) per annum," and by providing that the lessor will pay the taxes and that the City pay the Croton water rents and make the necessary inside repairs.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Sewers relative to a lease of premises on Fourth street, between West and Vernon avenues, Borough of Queens:

NEW YORK, January 16, 1900.

Sinking Fund Commissioners:

GENTLEMEN—I respectfully make application to your Honorable Board for the piece of property on the southerly side of Fourth street, between West and Vernon avenues, in the Borough of Queens, to be leased for store-yard purposes of this Department.

The Department of Sewers have been using this property for over a year and cannot possibly get along without it. I have the honor to submit original papers received from the Department of Sewers, Borough of Queens, in relation thereto.

Yours respectfully,
JAS. KANE, Commissioner of Sewers.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JANUARY 22, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. James Kane, Commissioner of Sewers, in a communication under date of January 16, 1900, makes application to the Commissioners of the Sinking Fund to authorize the lease from H. J. Sharkey of the plot of land 25 by 100 feet, situated on the south side of Fourth street, 175 feet west of Vernon avenue, Long Island City, with the exception of the front stable thereon and privilege to use driveway through the property to connect with buildings in the rear of the adjoining lot. Terms \$240 per annum for a three or five year lease.

It is stated that the Department in the Borough of Queens has used a portion of these premises for storage purposes for some time past, rent free, and that it is necessary that the use of the premises be continued.

In addition to the stable mentioned above, premises contain two sheds, one 10 by 15 feet and the other 13 by 15 feet, situated in the rear of the lot; both very old and in very poor condition.

I consider that part of the premises not restricted and available for storage purposes to be of

the value of \$900, upon which a rental of \$72 per annum, an eight per cent. basis, the owner to pay water taxes, would be reasonable and just.

Respectfully,
EUG. E. McLEAN, Engineer.

Approved:
BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from H. J. Sharkey, of the plot of land twenty-five by one hundred feet situated on the south side of Fourth street, one hundred and seventy-five feet west of Vernon avenue, Long Island City, with the exception of the front stable thereon and privilege to use the driveway through the property to connect with buildings in the rear of the adjoining lot, for the use of the Department of Sewers, for a term of three years from February 1, 1900, at an annual rental of seventy-two dollars (\$72), payable quarterly, the owner to pay the water taxes; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by section 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Highways relative to a lease of property located on Beach street, Borough of Queens:

BOROUGH OF MANHATTAN, January 17, 1900.

Hon. ROBERT A. VAN WYCK, Mayor, and Chairman, Commissioners of the Sinking Fund:

DEAR SIR—The Department of Highways, Borough of Queens, is in urgent need of a Corporation yard in the First Ward of said borough, for the purpose of storing rollers, road machines, tools, paving blocks, sand and screenings.

The property shown on the attached sketch, located on Beach street, 150 feet from Jackson avenue, and being 25 by 100 feet in size, is suitable and convenient for a Corporation yard.

The property is owned by Mrs. Mary Hicks, residing at No. 150 Jackson avenue, Long Island City, and she is willing to erect a six-foot tight board fence around the ground. She will also erect a tool-house, 25 by 25 feet, and a shed 25 by 25 feet, as shown on the sketch.

In my judgment a fair and reasonable rent for these premises would be \$400 per annum, with the privilege of renewal for five years on the same terms; the rent to be paid quarterly, and the owner to pay all taxes, assessments, water rates, and to furnish heat and light.

I respectfully request that authority be granted to execute a lease of the premises herein described, on the conditions set forth, from February 1, 1900, with the privilege of renewal for five years.

Very respectfully,
JAMES P. KEATING, Commissioner of Highways.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JANUARY 22, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. James P. Keating, Commissioner of Highways, in a communication under date of January 17, 1900, states that the department in the Borough of Queens is in urgent need of a Corporation yard in the First Ward of the said borough, for the purpose of storing rollers, road machines, tools, paving blocks and screenings, and requests the Commissioners of the Sinking Fund to authorize the lease of certain premises, and submits the following proposition from Mrs. Mary Hicks, No. 150 Jackson avenue, Long Island City:

To lease to The City of New York plot of land as shown on the diagram below, containing one and one-half city lots, and to erect thereon a shed 25 by 25 feet, a tool-house 25 by 25 feet, and inclose the property by a tight board fence six feet high. Terms, one year with the privilege of five years renewal, at an annual rental of \$400, the owner to pay water rates.

I have caused an estimate to be made of the cost of the proposed buildings and fence, and allowing the owner 8 per cent. upon the value of the land and the cost of the improvements, and the full value of the improvements in a six-year lease, I find that a just and reasonable rental will be \$150 per annum.

Respectfully,
EUG. E. McLEAN, Engineer.

Approved:
BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Mrs. Mary Hicks, of the plot of land on Beech street, Borough of Queens, containing one and one-half city lots, and situated one hundred and fifty feet from Jackson avenue, for the use of the Department of Highways, for a term of one year from the date of the completion of the buildings and fence, with the privilege of five annual renewals on the same terms and conditions, at a rental of one hundred and fifty dollars (\$150) per annum, payable quarterly, the owner to erect thereon a shed twenty-five by twenty-five feet, a tool-house twenty-five by twenty-five feet, and to inclose the property by a tight board fence six feet high, the owner also to pay the water rates, and, the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from Mr. Charles Siedler, relative to a renewal of premises No. 398 First avenue, Borough of Manhattan, occupied by the Department of Public Charities:

NEW YORK, November 4, 1899.

Hon. BIRD S. COLER, Comptroller, Chambers street and Broadway, City:

DEAR SIR—I received letter from your office dated the first instant, which says that the "lease for the premises No. 398 First avenue, leased from you by the City for the Department of Public Charities, is ready for execution, and requesting me to call at your office at my earliest convenience and execute the same."

Upon calling at Mr. Daly's office I stated that I had not entered into any arrangement with the City for an extension of the lease, but that, while I had no desire to dispossess, I was bound to say that a reasonable advance in the rate of rent should be first agreed upon. At the time that I leased this property to the former Commissioners, I told them that, at the expiration of the said lease, the rental must be advanced, for the reason that the said Commissioners required me to make certain changes, alterations and betterments which their Engineer estimated to cost about \$1,200 to \$1,500; but I stated that it was my judgment that the said alterations would cost over \$2,000;

whereupon the said Commissioners agreed with me verbally that they wished me to go ahead with the improvements, and, if they cost in excess of \$2,000, they would pay me one-half of the excess above \$2,000. The alterations in question cost over \$3,000, and I subsequently presented them a bill for one-half of such excess, which bill, when brought before the Board, was ordered paid, as will be seen by reference to the minutes of the said Board. When the new Commissioner, Mr. Keller, assumed the office, he declined to pay the said bill. It was referred to your office, and up to the present date it has never been paid.

The further fact that the property is worth more money, and other reasons, fully justify me in asking that the rate of rental should be increased in the new lease to \$2,500 per annum.

I am, very respectfully yours,
CHARLES SIEDLER.

In connection therewith the Comptroller presented the following report of the Engineer of the Department of Finance, communication from the President of the Department of Public Charities relative thereto, and offered the following resolution :

DECEMBER 7, 1899.

Hon. BIRD S. COLER, Comptroller :

SIR—Regarding the communication from Mr. Charles Siedler, under date of November 4, 1899, in reference to the lease of the premises No. 398 First avenue, at present occupied by the Department of Public Charities as a "lodging house for homeless men," I would recommend that the communication be referred to Commissioner Keller, in order that he may make a report upon the statements contained therein, and also a recommendation to the Commissioners of the Sinking Fund for the further use of these premises at the price named.

Respectfully,
EUG. E. McLEAN, Engineer.
NEW YORK, January 25, 1900.

To the Sinking Fund Commission :

GENTLEMEN—After careful investigation of the matter and an extended search for other suitable quarters, I have come to the conclusion that the proposition of Mr. Charles Siedler to renew the lease of the premises now occupied by the Municipal Lodging House for Homeless Men, for a rental of \$2,400 per annum, is the most advantageous to the City that I can find. I would therefore recommend that these premises be leased for one year from November 1, 1899, to October 31, 1900, inclusive, for \$2,400 per annum.

Yours truly,
JOHN W. KELLER.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund, at meeting held October 9, 1899, authorizing a lease of premises No. 398 First avenue, Borough of Manhattan, for the use of the Department of Public Charities, be and the same is hereby amended by substituting "twenty-four hundred dollars per annum" as the rental instead of "two thousand dollars per annum," and by substituting as the term of the lease, "one year" in place of "three years," as in the resolution.

Which resolution was unanimously adopted.

The following communication was received from Mr. George H. King, agent of premises Nos. 63 and 65 Broadway, Flushing, occupied by the Board of Education, relative to an amendment to the resolution authorizing a lease of said premises :

NEW YORK, January 24, 1900.

EDGAR J. LEVEY, Esq., Secretary, Commissioners of the Sinking Fund :

DEAR SIR—I have been advised by the Board of Education that the Commissioners of the Sinking Fund have refused to enter into a lease of certain premises, Nos. 63 and 65 Broadway, Flushing, Borough of Queens, for use as a branch depository of supplies, at the rental proposed by me, namely, \$600 per annum.

These premises were renovated at my expense, and in accordance with the wishes of Mr. Kirkland, Deputy Superintendent of School Supplies, with the apparent understanding that premises would be leased by the Board of Education.

The Board of Education have been in occupation of the premises to some extent since October 4, 1899.

In view of the above facts, I hereby agree to lease to The City of New York the premises above mentioned for the term of three years from date of occupancy, namely, October 4, 1899, at an annual rental of \$480 per annum, the owner to keep the outside of the building in repair and the City to make inside repairs.

Yours truly,
GEO. H. KING (agent for owner),
No. 75 West One Hundred and Thirteenth street, Manhattan.

In connection therewith the Comptroller presented the following report and offered the following resolution :

JANUARY 25, 1900.

Hon. BIRD S. COLER, Comptroller :

SIR—Mr. George H. King, agent for the owner of the premises Nos. 63 and 65 Broadway, Flushing, Borough of Queens, in a communication under date of January 24, 1900, submits a new proposition for the rental of these premises to the City.

The Board of Education, by resolution dated November 22, 1899, requested that authority be granted to lease the first floor and basement of the premises for a term of three (3) years from date of occupancy, at an annual rental of \$600, with the privilege of renewal on the same terms. The premises to be used as a branch depository for school supplies for the Borough of Queens.

This resolution was the subject of a report by me on December 7, 1899, in which I gave it as my opinion that a fair rental value of this store would not exceed \$40 per month, and the Commissioners of the Sinking Fund declined to authorize the lease on the proposed terms.

I consider the terms now offered by Mr. King to be just and reasonable, and I would therefore propose that the Commissioners of the Sinking Fund amend their resolution of June 8, 1899, in regard to these premises, by inserting the name of George H. King, agent for owner, in place of Mrs. A. M. Ledlein, and substituting an annual rental of \$480, in place of the \$420 in the resolution, the owner to keep the outside of the building in repair and the City to make inside repairs.

Respectfully,
EUG. E. McLEAN, Engineer.

Approved.
BIRD S. COLER, Comptroller.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund, at meeting held June 8, 1899, authorizing a lease of premises Nos. 63 and 65 Broadway, Flushing, Borough of Queens, for the Board of Education, be and the same is hereby amended by substituting an annual rental of four hundred and eighty dollars (\$480), in place of the four hundred and twenty dollars (\$420) in the resolution, and substituting the name of George H. King, agent for owner, in place of Mrs. A. M. Ledlein, and by adding that the owner keep the outside of the building in repair and the City to make the inside repairs.

The report was accepted and the resolution unanimously adopted.

The Comptroller offered the following resolution to pay \$1,740 to John R. Thomas for architect's fees :

Resolved, That the Commissioners of the Sinking Fund hereby approve of the payment of seventeen hundred and forty dollars (\$1,740) to John R. Thomas, architect of the Gouverneur Hospital, payable from the fund created under the provisions of chapter 703 of the Laws of 1894 and chapter 399 of the Laws of 1895, as per statement rendered December 21, 1899, and certified to by the Commissioner of Public Buildings, Lighting and Supplies.

Which was unanimously adopted.

The following communication was received from the Board of Armory Commissioners relative to a payment of \$243.39 to Messrs. Horgan & Slattery, architects, for professional services :

NEW YORK, January 16, 1900.

To the Honorable the Commissioners of the Sinking Fund :

GENTLEMEN—At a meeting of the Armory Board held January 16, 1900, the following was adopted :

"Resolved, That the Comptroller be authorized and requested to pay to Messrs. Horgan & Slattery, architects, the sum of two hundred and forty-three dollars and thirty-nine cents (\$243.39) on account of professional services in preparing plans and specifications, and supervision of the work of an alteration and improvement to the rifle range in the Fourteenth Regiment armory building, in the Borough of Manhattan, and that the Commissioners of the Sinking Fund be requested to concur in the same."

The vouchers are herewith transmitted.

Yours truly,
THOS. L. FEITNER, Secretary.

In connection therewith the Comptroller presented the following report of the Engineer of the Department of Finance, and offered the following resolution :

JANUARY 22, 1900.

Hon. BIRD S. COLER, Comptroller :

SIR—Hon. Thomas L. Feitner, Secretary of the Board of Armory Commissioners, in communication of January 16, 1900, to the Commissioners of the Sinking Fund, incloses a resolution adopted by the Armory Board, January 16, 1900, as follows :

"Resolved, That the Comptroller be authorized and requested to pay to Messrs. Horgan & Slattery, architects, the sum of two hundred and forty-three dollars and thirty-nine cents (\$243.39) on account of professional services in preparing plans and specifications, and supervision of the work of an alteration and improvement to the rifle range in the Fourteenth Regiment Armory Building, in the Borough of Brooklyn, and an alteration to the Seventy-first Regiment Armory Building, in the Borough of Manhattan, and that the Commissioners of the Sinking Fund be requested to concur in the same."

The bill of Messrs. Horgan & Slattery, architects, referred to in this resolution, is for 3 1/2 per cent. of the contract price of the work under contract. This is the usual rate for the first payment to architects, and may be properly concurred in by the Commissioners of the Sinking Fund.

Respectfully,
EUG. E. McLEAN, Engineer.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the resolution adopted by the Armory Board at meeting held January 16, 1900, authorizing and requesting the Comptroller to pay to Messrs. Horgan & Slattery, architects, the sum of two hundred and forty-three dollars and thirty-nine cents (\$243.39), on account of professional services in preparing plans and specifications and supervision of the work of an alteration and improvement to the rifle range in the Fourteenth Regiment Armory Building in the Borough of Brooklyn, and an alteration to the Seventy-first Regiment Armory Building in the Borough of Manhattan.

Which resolution was unanimously adopted.

The following communication was received from the Department of Docks and Ferries relative to the issue of \$3,000,000 bonds :

NEW YORK, January 26, 1900.

EDGAR J. LEVEY, Esq., Secretary, Commissioners of the Sinking Fund :

SIR—At a meeting of the Board of Docks held this date, the following resolution was adopted :

Resolved, That the Commissioners of the Sinking Fund, pursuant to the authority vested in them by section 18c, chapter 378 of the Laws of 1897, be and they are hereby requested to direct the Comptroller to prepare and issue Corporate Stock of The City of New York to the amount of three million dollars for the uses and purposes of this Department for the year 1900.

Yours respectfully,
WM. H. BURKE, Secretary.

Which was referred to the Comptroller.

The following communication was received from the Hon. M. R. Ryttenberg, relative to a bill introduced in the Assembly on behalf of the Mount Sinai Hospital :

ALBANY, January 30, 1900.

Sinking Fund Commissioners, New York City :

GENTLEMEN—Pursuant to the request of Mr. Edward Lauterbach, who represents the Mount Sinai Hospital, I have introduced a bill in the Assembly, a copy of which I inclose, No. 465. The same bill has been introduced in the Senate by Senator Ellsberg. In the petition accompanying the bill, the President of the Hospital states that this bill provides for the same relief that an act known as chapter 257 of the Laws of 1898 afforded, but that the act in question, by some oversight, covered only the property on the south side of Sixty-seventh street and omitted the property on the north side.

I write to ascertain whether there is any objection on your part to having this bill passed. As the hospital authorities desire to have the bill passed as speedily as possible, I would thank you for an immediate reply to this letter, as I wish to press the bill in event that there is no objection. Personally I see no objection to the bill, but want your views on the subject.

Yours very truly,
M. R. RYTTEMBERG.

Which was ordered on file.

Adjourned.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misstatement in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Board of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the receipt of a notification from the Engineer-in-Chief of the Department of Docks and Ferries that the work, or any part of it, is ready to be begun, and all the work to be done under this contract (except about 100 feet of the inshore end of the pier, which may not be constructed until the bulkhead-wall is constructed by the Department of Docks and Ferries) is to be wholly completed on or before the expiration of one hundred and ten days after the date of service of said notification, and the said 100 feet are to be completed within forty-five days after notice shall be given to the contractor by the said Engineer-in-Chief of the Department of Docks and Ferries that work on the said 100 feet may be begun; and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

It is the intention of the Board of Docks to deposit rip-rap over the outer about 440 feet of the pier site, along the easterly and westerly sides and across the outer end of the pier, and also for the foundation-piles in the inner portion of the pier. This work may or may not be done in whole or in part during the progress of the pier construction; and, if so ordered by the Engineer, the contractor will suspend work on the pier to permit the Department to deposit rip-rap, in which case due allowance will be made the contractor for any delay thereby occasioned in making the final estimate for time of completion of this contract.

Where the City of New York owns the wharf, pier or bulkhead at which the materials under this contract are to be delivered, and the same is not leased, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

THE RIGHT TO REJECT ALL THE BIDS IS RESERVED IF DEEMED FOR THE INTEREST OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Board, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Board.

Dated, New York, January 26, 1900.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with Stationery and Printing for election purposes will be received at the Central Office of the Department of Police, in The City of New York, until 2 o'clock P. M. of

WEDNESDAY, THE 28TH DAY OF FEBRUARY, 1900.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Furnishing Stationery and Printing for Primary Election," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the quantity and kind of stationery and printing required, reference must be made

to the specifications, blank forms of which may be obtained at the office of the Superintendent of Elections of The City of New York in the Central Department.

Bidders will state a price for the work and material furnished in accordance with the specifications. The price must be written in the bid and stated in figures.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids should it be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of stationery and printing is to be put up in boxes and delivered at such times and places, and in such quantities in each place, as shall be directed by the Superintendent of Elections of The City of New York.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of Three Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received.

Samples of stationery and printing required may be examined and blank forms for estimates may be obtained by application to the Superintendent of Elections of The City of New York, at his office in the Central Department.

By order of the Board, WILLIAM H. KIPP, Chief Clerk.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with eight hundred tons of best quality of Anthracite Coal for use on the steamboat "Patrol," will be received at the Central Office of the Department of Police, in The City of New York, until 2 o'clock P. M. of

WEDNESDAY, THE 28th DAY OF FEBRUARY, 1900.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Coal for Steamboat," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars as to the quality, kind, quantity and size of coal required and time of delivery, reference

must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state the kind of anthracite coal they propose to furnish by giving the name of its mine or other business appellation.

The attention of bidders is called to the following provisions of the contract: "And it is hereby expressly agreed by and between the parties to this contract that the said parties of the second part may and they are hereby authorized to increase or diminish the amounts of coal required to be furnished herein by an amount not to exceed 10 per cent, without compensation to the said party of the first part other than the prices per ton herein agreed upon to be paid for the amount actually furnished under this agreement."

Bidders will state the price per ton of two thousand two hundred and forty pounds for the coal to be delivered. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of Two Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein, and if no other person be so interested, shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms for estimates may be obtained by application to the undersigned at his office in the Central Department.

By order of the Board, WILLIAM H. KIPP, Chief Clerk.

THE CONTRACTS MUST BE BID FOR SEPARATELY. BIDDERS MUST NAME A PRICE FOR EACH AND EVERY ITEM INCLUDED IN THE SPECIFICATIONS UPON WHICH THESE BIDS ARE BASED, AND ALSO STATE THE TOTAL AMOUNT OF THEIR BIDS.

Bidders, or their representatives, must satisfy themselves, by a personal examination of the samples of materials mentioned in the specifications, as to the nature and quantity of the materials required, and shall not at any time after the submission of an estimate, dispute or complain of such statement, nor assert that there was any misunderstanding relative to the nature or quantity of the materials to be furnished.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety; the adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Park Board reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do. Blank forms for proposals and information relative thereto, can be had at the office of the Park Board, Arsenal, Central Park.
