DEPARTMENT OF PUBLIC CHARITIES.

Report for the Quarter Ending June 30, 1902.

Department of Public Charities,
Boroughs of Manhattan and The Bronx,
Commissioner's Office, foot of East Twenty-sixth street,
New York, July 1, 1902.

Hon. SETH LOW, Mayor, City of New York:

Dear Sir—I beg to submit herewith the second quarterly report of this Department for the three months ending June 30, 1902. In addition to the reports of the various institutions, the following changes during the quarter may be placed on record:

Food.

As stated in my previous quarterly report, the amount of food provided for the patients and inmates of the hospitals and almshouses of this Department was very seriously reduced during 1901 below the amount required for proper nourishment of the sick and aged, as indicated by dietary tables prepared by experts. Confident that the Board of Estimate and Apportionment would increase the appropriation for supplies for this Department, the food allowances were increased in January, 1902, to the amounts as required by the dietary tables, which are certainly very moderate. After the adoption of the revised Budget in April, in which the amount allotted to this Department for supplies and contingencies was increased by two hundred thousand dollars, greater variety in the food supply has been provided.

At the almshouse on Blackwell's Island particularly, in which the breakfast had consisted solely of bread and coffee, and the supper of bread and tea throughout the year, there is now provided in addition for the breakfast and supper, a half-ounce of butter daily for each inmate, a half-ounce of syrup daily for each inmate, two ounces of oatmeal or rice on Saturday mornings and one ounce of prunes on Sunday afternoons. The dinner remains as before except that the quantity has been increased.

The amounts of several staple articles of food actually provided at the almshouse proper during the month of June, 1901, and during the corresponding month, 1902, is shown by the following table:

	June, 1901, Average Census, 1575.	June, 1902, Average Census, 1533.
Beef	12,801 pounds.	16,475 pounds.
Mutton	8,124 "	8,211 "
Fish	3,835 "	4,131 "
Bread	59,690 "	53,203 "
Sugar	5,027 "	7,721 "
Butter (except 240 pounds to the blind and to workers)	None.	1,599 "
Barley	703 "	821 "
Potatoes	176 "	184 "
Beans	8 bushels.	12 bushels.
Pean	8 "	12 "
Prunes	None.	430 pounds.
Oatmeal	None.	430 "
Rice	None.	430 "
Syrup	None.	210 "

In addition to the above, 850 heads of lettuce, 100 bunches of turnips and 300 bunches of onions, grown on the Richmond County Poor Farm, were provided.

It will be noted that each item in the above table shows a material increase in the amount provided in 1902, as compared with 1901, notwithstanding the fact that the average census was 42 less in 1902 than in 1901, with the exception of bread. Each inmate had, however, during June, 1902, all the bread he desired at every meal. The explanation of the reduced consumption is that heretofore bread had been cut in very thick slices and in many cases only a small portion of the slice was eaten, the remainder being thrown away. Orders were given in May that throughout the Department bread should be cut in slices not to exceed three-quarters of an inch, and that each inmate should be given as many slices as he wished. The result shows a saving of 6,487 pounds during June at the Almshouse alone, without diminishing the amount actually consumed by the inmates. White crockery has replaced tin dishes on the Almshouse tables.

The bakery has been reorganized and the quality of the bread has been very greatly improved. Heretofore bread has been bought by contract from an outside party for the use of officers of institutions, medical staff and others. The quality of bread manufactured by the Department has improved to the extent that it is now preferred by many to that purchased in the market, and at the expiration of the present contract the only bread provided will be that made in the Department. Under the new management the amount of bread made from each barrel of flour has increased by fifty pounds. This effects a saving of over \$150 per week.

In April the meat schedules were rearranged, substituting less expensive qualities of meat for making beef tea and some other purposes, with the result that the expenditure was reduced \$500 per month, and the revised schedules gave rather better satisfaction than the earlier ones.

HOSPITAL FOR CONSUMPTIVES.

The Hospital for Consumptives has been further developed during the second quarter of the year by transferring thereto all patients from special wards formerly set apart for consumptives in the Metropolitan Hospital and the Almshouse, and by sending directly to this hospital all consumptives received by the Department. The total number of patients admitted to the Hospital for Consumptives since its opening, January 31, 1902, is 740. Of this number 281 have been discharged, of whom 197 had materially improved by the treatment in the hospital and 84 had not improved. Fifty-seven have been transferred to other hospitals as not having phthisis. One hundred and forty-nine patients, admitted in the advanced stages of the disease, have died, and 252 remain in the infirmary on June 30, 1902. The results secured in case of those admitted in the earlier stages of the disease have continued to be most encouraging.

FEMALE NURSES.

In May the decision was made to replace male nurses in male wards of the City Hospital by female nurses, as is the custom in all the leading private hospitals. The various classes in the Training School for Male Nurses are to be allowed to finish

their course of study, and as each class graduates its place is taken by female nurses. The change was made in several wards on June 1, 1902, and the improvement in the care of the patients in these wards since that date has been noticeable. A change will occur in a number of other wards on the graduation of the next class on September 1, 1902, and the last class of the male nurses will graduate March 1, 1903.

OUTDOOR POOR DEPARTMENT.

Husbands who neglect to support their families have been followed more systematically and vigorously than before, both in securing through the co-operation of the Corporation Counsel an order directing them to make payment of a certain sum weekly toward the support of their families, and in enforcing payments after the order has been made. As a result, the amount collected from these sources during the past quarter for the support of wives, children and aged parents, was \$28,080.29 as against \$19,569.87 during the corresponding quarter of last year, an increase of 43½ per cent. To obviate the sending of applicants for relief unnecessarily from one office to another, it has been ordered that applicants shall be received and relief afforded in the borough in which the applicant resides at the time, irrespective of whether he has or has not resided in that particular borough for a year, provided he has lived in The City of New York as a whole for one year. It is further ordered that applicants, whose necessities can be met more adequately in some other borough than that in which they reside, may be sent to another borough for treatment in some special hospital or institution. The applications to State institutions for the admission of those who are public charges in the various boroughs in The City of New York have been centralized in the office of the Superintendent of Outdoor Poor, Boroughs of Manhattan and The Bronx, and an agent has been assigned to this particular work, in order that the City may avail itself fully of all opportunities afforded by the State for the care of dependents from this City.

CENTRALIZATION.

Several important steps have been taken in the organization of the Department as a whole, independent of borough lines. In April all feeble-minded and idiotic children, eighty-eight in number, were transferred from the Kings County Hospital and Almshouse to the institutions for children on Randall's Island, where schools and classes in industrial training, with plenty of opportunity for outdoor life are available, and orders were issued that hereafter all feeble-minded children should be sent from all parts of the City to Randall's Island. All able-bodied male epileptics have been transferred from the Kings County Hospital and the hospitals on Blackwell's Island to the Richmond County Poor Farm, consisting of 114 acres, near New Dorp, Staten Island, and about fifty of the more able-bodied paupers from the Blackwell's Island Almshouse have also been sent there. This step has four advantages—outdoor life and occupation for the epileptics, providing a "work test" for the able-bodied paupers (many of whom took their discharge rather than go to the farm to work), relief of the overcrowding on Blackwell's Island, and the production of vegetables on the Richmond County Poor Farm for use there and on Blackwell's Island.

On June 1 the bookkeeping, auditing of bills and preparation and execution of contracts were centralized at the main office of the Department under the immediate direction of the Commissioner, having been formerly carried on at three different offices in the boroughs of Manhattan, Brooklyn and Richmond. The Auditor of the Department has been ordered to inspect the books of each institution, accounting for the supplies furnished to it, at least once each quarter, and report in writing to the Commissioner as to the condition in which the books are kept and as to any changes that should be made. The Chemist has been similarly instructed to examine the drug-rooms of each of the hospitals and institutions in the Department at least once each quarter, and report as to their condition.

BUREAU OF DEPENDENT CHILDREN.

The Bureau of Dependent Children, formerly a dependency of the Outdoor Poor Department, has been relieved of its connection with that Department and organized as a separate Bureau, the head of which is responsible directly to the Commissioner. A card system of keeping the records of the children has been adopted in place of the cumbersome and unsatisfactory records heretofore in use. A list has been compiled of children placed in family homes directly by the Department by indenture who have not yet reached the age of 18 years and a system of oversight and visitation of these children is being established. In Brooklyn it was found that although the rules of the State Board of Charities have for several years required an annual reacceptance of each child supported in a private institution at public expense, many hundreds of children were being so supported, the circumstances of whose parents had never been investigated since the original commitment. Two additional Examiners have been transferred to the Brooklyn office from the office in Manhattan, and by the end of the current year the circumstances of all children supported at public expense in the boroughs of Brooklyn and Queens (over 4,000 in number) will have been investigated in compliance with the rules of the State Board of Charities, and with the result of relieving the City of the maintenance of a very considerable number of children.

EMPLOYMENT AGENT.

One of the greatest difficulties in connection with the Department has been that of securing satisfactory employees in the lower grades. The number of employees discharged for intemperance, insubordination and kindred offenses has been very large and is in part accounted for by the fact that very many of the employees have been received directly from the Workhouse at the expiration of their sentences in that institution. With a view to securing a better grade of service, an Employment Agent was employed on May 23 to secure from various employment agencies, charitable societies and other sources a more reliable class of employees for the lower grades of service. During the five weeks that have since elapsed, 22 people of a very much better grade than those formerly employed have been secured in this manner. If it should be found possible, as now seems likely, to supplant in this manner the former notoriously unreliable service with respectable and reliable employees, the morale of the Department will be vastly improved.

CONVALESCENT PATIENTS.

A circular letter has been written to Visiting and Resident Physicians, directing the retention in the hospitals of the Department, for a brief period of convalescence, of patients who have sufficiently improved to be able to leave the hospital but are not able to resume their usual occupations and have no homes or friends to whom they could return. The office of the Superintendent of Outdoor Poor and the offices of various charitable societies have frequently called attention to the too early discharge of patients from the City hospitals.

MORGUE.

The management of the Morgue has been reorganized in order to prevent mistakes which have occurred from time to time in the past in the delivery of bodies, and also to prevent favoritism to certain undertakers who have, by reprehensible practices and by securing information from employees of the Department, subjected the relatives of patients dying in the City hospitals to importunity, embarrassment, extortion and distress. It frequently happened that one of a small group of undertakers, learning from some employee of the Department of the death of a patient, would call on the relatives, secure the death certificate through misrepresentation, or through ignorance on their part that they were thereby authorizing him to take charge of the body, and then take charge of the remains and either insist on conducting the funeral or extort a payment for "services" already rendered.

To prevent mistakes it has been ordered that a tag, with the name and address of the deceased and the name and address of the nearest relative shall be attached immediately after death to each body to be sent to the Morgue, and shall not be removed therefrom. Scrupulous care is taken to prevent information of deaths being given to undertakers. There has been appended to the former death notice an order to be signed by the nearest relative designating the undertaker who is to take charge of the remains, and bodies are given out of the Morgue only upon this order. Each undertaker receiving a body is required to sign the receipt for the same, stating that he was authorized by the nearest relative to receive it. The Department is reliably informed that these steps have been effectual in breaking up what was known as the "Undertakers' Trust."

MISCELLANEOUS.

For the greater convenience of Visiting Physicians, relatives of patients, and other visitors to the institutions on Blackwell's Island, this Department, in co-operation with the Department of Correction, has arranged a half-hourly ferry service from East Seventieth and East Fifty-second street to Blackwell's Island, from the hours of 10 a. m. to 6 p. m., in place of the hourly service heretofore maintained. This is not only a convenience to the public, but enables the Visiting Physicians to spend a longer time in the treatment of patients in the hospitals, as they are enabled to leave and reach the Island with less delay than formerly.

The Chemist of the Department has obtained a ruling from the United States Treasury Department enabling this Department, the Department of Correction, and Bellevue and Allied Hospitals to secure alcohol without paying the Government tax. This will result in a saving of some six to seven thousand dollars per annum to the three Departments mentioned. Drugs are hereafter to be supplied to the hospitals and Almshouse in Kings County through the General Drug Department at a very material reduction in cost. The milk delivered to the Department is now analyzed at least twice each week by the General Drug Department and a material improvement in quality has resulted therefrom. Apparatus for regulating the pressure of gas has been tried at several of the hospitals and has very materially reduced the bills as compared with corresponding months of the previous year. The system is being extended to other hospitals in the Department. Two hundred chairs with backs have been placed in the wards of the City Hospital for the use of patients who are able to sit up and who heretofore had to sit on small round stools without backs.

BOROUGH OF BROOKLYN AND QUEENS.

The pavilions formerly occupied by feeble-minded who have been transferred to Randall's Island have been remodeled and afford comfortable accommodations for the employees of the Kings County Hospital.

A new bakery of sufficient capacity to supply all the institutions of this Department in Brooklyn and Queens has been completed, equipped with modern appliances and put in operation. A superior quality of bread is now made. The special and extra diets for patients in the Kings County Hospital have been extended and now include all that could reasonably be required.

The department for electro-therapeutics and X-ray work has been equipped and put in operation; also a dental and nose and throat department. These new departments are in constant use and have been of very great benefit in the treatment of various diseases.

On May 21 the Reception Hospital at Coney Island was reopened. This consists of three small buildings on Sea Breeze avenue, opposite the new park recently established. Emergency cases are admitted, and those requiring extended care are transferred to the Kings County Hospital.

Cumberland Street Hospital, formerly the Brooklyn Homeopathic Hospital, has been organized and equipped, and was opened for patients late in June. Already half of its capacity of 200 beds is occupied.

The reception pavilions for the alleged insane of the Kings County Hospital have been placed under the charge of a paid Resident Physician, who has had ten years of experience in the care and treatment of the insane in a State hospital. This will make possible the treatment by modern methods of acute cases of insanity in the early stages and avoid delaying such treatment until after the patient has been committed to a State hospital.

All of which is respectfully submitted.

Respectfully,

HOMER FOLKS, Commissioner.

During the past quarter this Department has begun to supply the hospitals in the boroughs of Brooklyn, Queens and Richmond with medicines, thus allowing them to share the benefit of the lower prices of our manufactured articles and all supplies purchased in large quantities.

The manufacturing department has turned out a great variety of pharmaceutical and chemical products. Homeopathic tinctures and several other preparations, which can be made to advantage by the Department, have been added to the list, saving thereby on an average of 20 to 40 per cent. on the cost. A material extension of manufacture is planned for the future, so as to insure, besides considerable saving, uniformity of strength and composition.

The quality of the supplies purchased has been carefully controlled. Exorbitant bids on contracted goods have been uniformly thrown out, and a material saving has been obtained on the contracted goods.

The preparation of sterilized catgut has been continued and extended with uniform success.

Various analyses have been made of samples of materials which were referred to the undersigned by the General Storekeeper and the heads of institutions.

Since the 13th of June an Assistant Chemist has been engaged, who carefully controls our milk supply. He has had considerable practice and training in the analysis of food, with the result that the quality of milk supplied to this Department has improved lately.

Yours very respectfully,
W. E. DREYFUS, Ph. D., Chemist.

BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, COUNCIL CHAMBER, CITY HALL, FRIDAY, JULY 11, 1902.

The Board met in pursuance of an adjournment.

Present—Seth Low, the Mayor; Edward M. Grout, the Comptroller; Charles V. Fornes, the President of the Board of Aldermen; Jacob A. Cantor, the President of the Borough of Manhattan; J. Edward Swanstrom, the President of the Borough of Brooklyn; Louis F. Haffen, the President of the Borough of The Bronx; Joseph Cassidy, the President of the Borough of Queens; George Cromwell, the President of the Borough of Richmond.

The reading of the minutes of the meetings held April 9, 10, 11, 14, 15, 16, 17, 21, 23, 25, 28, 30, May 9, 12, 16, 20, 23, 26, June 6, 13, 20, 27, July 8, 1902, was dispensed with.

The Mayor presented the following:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, July 11, 1902.

Hon. SETH LOW, Chairman Board of Estimate and Apportionment, New York City:

DEAR SIR—I shall be obliged to remain in this borough until 11 o'clock this morning, for the purpose of opening bids.

I have been informed by the Corporation Counsel that, under the provisions of section 383 of the amended Greater New York Charter, I can delegate my powers in the premises only to the Commissioner of Public Works of this borough. Mr. Redfield is at present out of town on his vacation; and I shall, therefore, to my great regret, be about an hour and a half late for to-day's meeting of the Board of Estimate and Apportionment.

Yours very truly,

J. EDW. SWANSTROM.

Which was ordered on file.

The following preamble and resolution were offered:

Whereas, Section 226 of the Greater New York Charter contains the following provision of law:

"The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond shall constitute the Board of Estimate and Apportionment.

"The said Board shall annually, between the first day of October and the first day of November, meet and make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of The City of New York, as constituted by this act and of the counties of New York, Kings, Queens and Richmond, for the then next ensuing year.

"Such budget shall be prepared in such detail as to the titles of appropriations, the terms and conditions, not inconsistent with law, under which the same may be expended, the aggregate sum and the items thereof allowed to each department, bureau, office, board or commission, as the said Board of Estimate and Apportionment shall deem advisable.

"In order to enable said board to make such budget, the presidents of the several boroughs, the heads of departments, bureaus, offices, boards and commissions shall, not later than September 10, send to the Board of Estimate and Apportionment an estimate in writing, herein called a departmental estimate, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, bureaus, offices, boards, commissions, including a statement of each of the salaries of their officers, clerks, employees and subordinates.

"Duplicates of these departmental estimates and statements shall be sent at the same time to the Board of Aldermen."

Resolved, That the Comptroller request the Presidents of the several boroughs, the heads of the departments, bureaus, offices, boards and commissions of The City of New York, and the Counties of New York, Kings, Queens and Richmond, and the officers of institutions entitled by law to receive money from the City Treasury, or to incur expenditures payable therefrom, to send their estimates of expenditure for the year 1903, in conformity with the foregoing provisions of law, in triplicate, one copy to the Mayor as Chairman of the Board of Estimate and Apportionment, one copy to the Comptroller and one copy to the Board of Aldermen, on or before September 1, 1902.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

The Secretary presented the following in relation to the purchase of additional land for Harlem Hospital, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street and Lenox avenue.

BELLEVUE AND ALLIED HOSPITALS,
OFFICE OF THE BOARD OF TRUSTEES, BELLEVUE HOSPITAL,
FOOT EAST TWENTY-SIXTH STREET,
NEW YORK, July 1, 1902.

Hon. EDWARD M. GROUT, Comptroller, Department of Finance, No. 280 Broadway, New York City:

DEAR SIR—I beg to call your attention to the desirability of acquiring more land to the east of the site of the new Harlem Hospital, in order that the building may not be crowded by high apartments which may be erected, and also to provide for future extensions to meet the needs of the rapidly growing population of this section of the City. The site already owned by the City is only 200 by 210 feet. At the time of its purchase the amount asked for by the Harlem Board of Commerce was 200 by 400 feet. The land desired is valued at about \$8,000 per lot. We ought to have at least sixteen lots, which would give us 200 feet additional frontage on One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street. The first eight lots belong to the Equitable Life Insurance Company, the rest to other parties. I inclose a survey of the whole plot of ground as required by the Revised Charter.

I understand that the Equitable Life Insurance Company does not care to sell. The land now owned by the City was bought under condemnation proceedings and I should suggest that the same method be followed in making the new purchase.

If we could be assured that the land would be acquired by the City sooner or later, we could plan the hospital to much better advantage.

Respectfully,

JOHN W. BRANNAN, President, Board of Trustees.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
NEW YORK, July 10, 1902.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment, held on July 8, there was referred to me a communication from Dr. John W. Brannan, President of the Board of Trustees of Bellevue and Allied Hospitals, recommending that additional land be purchased for the site of the new Harlem Hospital. This hospital is to be located on a plot of ground about two hundred (200) feet square on the easterly side of Lenox avenue, extending from West One Hundred and Thirty-sixth street to West One Hundred and Thirty-seventh street. Ground has not yet been broken for the construction of the new building.

It is fair to presume that the new Harlem Hospital will prove to be as useful an institution as the others under the control of this Board, and it is also probable that its usefulness will be such as to require extensions which could not be accommodated on this plot two hundred (200) feet square. I cannot but think, therefore, that the recommendation of the Trustees is a wise one, and that sixteen (16) additional lots lying to the east of the present site should be secured. This will just double the area available for the building and grounds. The Trustees estimate the cost of the additional lots at \$8,000 each, or a total cost of \$128,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of the property situated on One Hundred and Thirty-sixth and One Hundred and Thirty-seventh street, in the Borough of Manhattan, described as follows:

Beginning at a point on the northerly side of One Hundred and Thirty-sixth street, distant 210 feet east of the northeast corner of Lenox avenue and One Hundred and Thirty-sixth street, and running thence easterly along the northerly side of One Hundred and Thirty-sixth street 200 feet; thence north and at right angles to One Hundred and Thirty-sixth street, 190 feet 10 inches; thence westerly along the southerly side of One Hundred and Thirty-seventh street 200 feet; thence southerly and parallel to Lenox avenue 190 feet 10 inches to the point or place of beginning; and that the Corporation Counsel be and is hereby authorized to institute condemnation proceedings for the acquisition of the above described premises required for the New Harlem Hospital.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

The Secretary presented a communication from the Department of Parks, Borough of The Bronx, dated July 9, 1902, requesting an appropriation of \$56,000 for the improvement of the various parks, parkways, etc., in the Borough of The Bronx.

Which was laid over until the next meeting of the Board.

The Secretary presented a communication from the Department of Parks, Borough of Brooklyn, dated July 9, 1902, requesting an appropriation of \$65,000 for the improvement of various parks, parkways, etc., in the boroughs of Brooklyn and Queens.

Which was laid over until the next meeting of the Board.

The Secretary presented the following in relation to the purchase of new stock plant, Department of Street Cleaning:

DEPARTMENT OF STREET CLEANING,
NEW YORK, June 21, 1902.

Hon. SETH LOW, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I desire to withdraw my communication of March 31, 1902, in which I submitted an estimate for a Bond Account (new stock plant) for the boroughs of Manhattan and The Bronx, and also a separate one for the Borough of Brooklyn, and I now substitute therefor, under the provisions contained in section 546 of the Charter, as amended, a Bond Account (New Stock—Plant) for the Borough of Brooklyn alone.

The articles enumerated are in my opinion imperatively necessary, in order that the work in the Borough of Brooklyn may be properly performed and extended to meet the present requirements.

The following preamble and resolution were offered:

Whereas, The Commissioner of Street Cleaning, in a communication to the Board of Estimate and Apportionment, dated June 21, 1902, has made requisition for the issue of bonds to the amount of one hundred and forty-five thousand two hundred and fifty-one dollars and twenty-five cents (\$145,251.25), to provide for the purchase, acquisition or construction of stock or plant for the Department of Street Cleaning, as provided by section 546 of the amended Greater New York Charter, the estimated expense thereof being for the Borough of Brooklyn; and

Whereas, The expenditure of \$145,251.25 of said amount appears to be necessary for the proper conduct of the Department of Street Cleaning;

Resolved, That, subject to concurrence herewith by the Board of Aldermen, the Comptroller be authorized to issue Corporate Stock of The City of New York, in the

manner provided by section 169 of the Greater New York Charter, to the amount of one hundred and forty-one thousand one hundred and forty-three dollars and seventy-five cents (\$141,143.75), the proceeds whereof shall be expended for the purchase, acquisition or construction of new stock or plant for the Department of Street Cleaning in the Borough of Brooklyn.

Which were adopted by the following vote:

No. 62 WILLIAM STREET,
NEW YORK, July 7, 1902.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Pursuant to chapter 580 of the Laws of 1901 your Honorable Body is vested with the authority to acquire sites for the free branch Carnegie libraries. In section 1 of said act it is provided as follows:

"Such sites so selected and located shall be and are hereby set apart for the purposes of the buildings to be erected thereon and for use as free branch public libraries for circulation with reading rooms and other necessary accommodations. Meyer, situate in the Town of Newtown, Queens County, L. I. Made by Cornelius Hyatt, Surveyor, dated February, 1896," and filed in the office of the Clerk of said County of Queens on March 3, 1896, and numbered 1118, being Block twenty-five (25), which is bounded and described as follows: Beginning at the southwest corner of Third street and Whitney avenue, and running thence southeasterly along the southwesterly side of Third street 204 feet 2 1/4 inches to Ludlow avenue, thence southwesterly along the northerly line of Ludlow avenue 355 feet 2 3/4 inches to Whitney avenue, thence northeasterly along the southeasterly side of Whitney avenue, 279 feet 7 3/4 inches to the southwest corner of Whitney avenue and Third street, to the point or place of beginning.

The property is therefore accessible by three different lines of railroad, and is very centrally located, and is convenient for all the villages adjoining in the Second Ward.

Fornes, President of the Board of Aldermen of The City of New York, and Hon. Joseph Cassidy, Borough President of Queens, were appointed to examine the site offered by us and also the site recommended by the Carnegie Library Committee, which they asked the City to purchase. They inspected our property the latter part of May, and when talking to our representative in our Elmhurst office, both expressed themselves as being highly pleased with the site offered by us. We understand that they reported to the Board of Estimate and Apportionment on our site favorably.

The Cord Meyer Company hereby tenders the above-described premises to your Honorable Body, and is at all times ready and willing to give a warranty deed of it to The City of New York for the purposes specified.

The site which the building is to occupy now contains three frame buildings, which are used for school purposes. Public School 145.

New Public School 145 will be erected on the north side of One Hundred and Sixty-fifth street between Tinton and Union avenues, Borough of The Bronx.

As there are at present three frame buildings on the plot, which have been altered and fitted up so that they now accommodate about nine hundred and fifty children, it has been found necessary to remove them all to the easterly end and put them in such condition that school sessions may be continued while the westerly half of the new building is under construction.

As the frame buildings occupy a portion of the site required for the new building, the contract and specifications have been so drawn as to provide that the westerly half of the structure shall be first completed, the pupils removed thereto, the old building demolished and the easterly portion of the building completed.

The complete structure will be 200 feet long by 60 to 75 feet wide, covering a superficial area of 12,906 square feet.

A cellar will be placed under the lower or westerly end, in which will be placed the heating and ventilating apparatus.

The basement will be arranged for an indoor playroom, and for physical and manual training.

The first, second, third and fourth stories will have twelve classrooms each, or a total of forty-eight.

The exterior will be of red brick, Flemish bond, with gray terra cotta, gray brick and buff limestone trimmings.

The construction will be fireproof throughout, with iron and stone stairways.

Teachers' rooms, lockers, ventilated wardrobes, etc., are provided for upon each floor.

Contract price for the building, exclusive of sanitary, heating and ventilating, and furniture, \$215,800.

To the Board of Education:

The Committee on Finance respectfully reports that certain salary claims have been presented of the employees in the Department of Education applicable to the fund for "Salaries of Officers, Clerks and Other Employees" in the Board of Education for the year 1900. These claims arise by reason of certain action taken by the Board of Education in the year 1900, which action, however, at the time, was not approved by the Municipal Civil Service Commission. Since that time, owing to certain legal decisions, the Civil Service Commission has notified this Board that it has receded from its previous position, and has certified a payroll which amounts to \$132.03. The balance in the fund for "Salaries of Officers, Clerks and Other Employees" in the Board

of Education for the year 1900 is insufficient for its purposes; therefore it will be necessary to request the Board of Estimate and Apportionment to transfer the sum of \$132.03 in order to provide sufficient funds to settle the liabilities.

The following resolution is therefore submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of one hundred and thirty-two and 3/100 dollars (\$132.03) from the item contained within the Special School Fund for the year 1900 entitled, "Incidental Expenses," Borough of Richmond, which fund is in excess of its requirements, to the item, also contained within the Special School Fund for the same year, entitled "Salaries of Officers, Clerks and Other Employees," Board of Education, which fund is insufficient for its purpose.

A true copy of report and resolution adopted by the Board of Education on July 7, 1902.

A. EMERSON PALMER, Secretary Board of Education.

The following resolution was offered:

Resolved, That the sum of one hundred and thirty-two dollars and three cents (\$132.03) be and hereby is transferred from the appropriation made to the Department of Education for the year 1900, entitled "Special School Fund Borough of Richmond—Incidental Expenses," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Department for 1900, entitled "Special School Fund, Board of Education—Salaries of Officers, Clerks and Other Employees," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to claim of Adolphus Ottenburg for interest on award of school site proceeding, corner of Broome and Cannon streets:

To the Board of Education:

The Comptroller of The City of New York has advised this Board that Adolphus Ottenburg, a former owner interested in the school site proceeding northeast corner of Broome and Cannon streets, Borough of Manhattan, has filed a demand for payment of the award, and also for interest from the date thereof to the date of payment of said award. The Comptroller advises that the Corporation Counsel holds that said demand is valid and sufficient to start interest from the date thereof to the date of payment of award. The Comptroller therefore requests that arrangements be made for the payment of interest on said award of \$61,750, amounting to \$957.12, from March 24, 1902, to June 27, 1902. The following resolution is submitted for adoption:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of nine hundred and fifty-seven dollars and twelve cents (\$957.12) be, and the same is hereby, appropriated from premiums derived from the sale of Corporate Stock of The City of New York, issued by the Comptroller pursuant to former section 48 of the Greater New York Charter; said sum to be applied in payment to Adolphus Ottenburg for interest on the award, amounting to \$61,750, of the school site proceeding northeast corner of Broome and Cannon streets, Borough of Manhattan, from March 24 to June 27, 1902, requisition for said sum being hereby made upon the Comptroller.

To the Board of Education:

The Committee on Finance respectfully reports that the following communication has been received from the Corporation Counsel:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, JUNE 19, 1902.

Hon. CHARLES C. BURLINGHAM, President, Board of Education:

SIR—I inclose a certified copy of an order of the Supreme Court, taxing the bills of costs of the Commissioners, the Stenographer and Surveyor in the proceeding to acquire premises on the southwesterly corner of One Hundred and Forty-fifth street and College avenue, and also in the proceeding to acquire lands at One Hundred and Forty-fourth street and College avenue.

These proceedings were abandoned by direction of the Board of Education, but the City was liable for the fees of the Commissioners, the Stenographer and the Surveyor employed in both proceedings.

The order has been properly entered, and should be complied with.

Respectfully yours,
(Signed) G. L. RIVES, Corporation Counsel.

From the foregoing communication it appears that the City is liable for the fees of the Commissioners, Stenographer and Surveyor employed in the before-mentioned school site proceeding, which proceeding has been abandoned by the direction of this Board. It becomes necessary, therefore, to provide means for the payment of the liabilities incurred, which are taxed by the Supreme Court at the sum of sixteen hundred and nine dollars and twenty-five cents (\$1,609.25). The detailed items are as follows:

Franklin Bien, Commissioner.....	\$450 00
Benjamin Oppenheimer, Commissioner.....	450 00
William R. Pryor, Commissioner.....	450 00
George J. Chambers, Stenographer.....	204 25
Francis W. Ford, Surveyor.....	55 00

The following resolution is submitted for adoption:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of sixteen hundred and nine dollars and twenty-five cents (\$1,609.25) be, and the same is hereby, appropriated from the proceeds of Corporate Stock issued by the Comptroller, pursuant to section 160 of the Greater New York Charter, said sum to be applied in payment of the bills of costs of the commissioners, stenographer and surveyor in the proceeding to acquire premises on the southwesterly corner of One Hundred and Forty-fifth street and College avenue, and also in the proceeding to acquire lands at One Hundred and Forty-fourth street and College avenue, as follows:

George J. Chambers, Stenographer.....	204 25

The Secretary presented the following in relation to the transfer of \$1,500 to maintenance of Queens County Jail and \$300 to Sheriff's services in Criminal and Court matters, Queens County:

OFFICE OF THE SHERIFF, QUEENS COUNTY,
COUNTY COURT HOUSE,
LONG ISLAND CITY, July 7, 1902.

Hon. EDWARD M. GROUT, Comptroller:

DEAR SIR—In reply to communication from your office of June 30, 1902, "Claim M, 8,688," McK.

I hereby make a request for a transfer of \$1,500 from the appropriation for 1901, entitled "Queens County Contingent Fund," to the appropriation for 1901, entitled "Maintenance of Queens County Jail;" also a transfer of \$300 from said "Queens County Contingent Fund" to the appropriation of 1901 entitled "Sheriff's Services in Criminal and Court Matters."

My reason for making this request is that I find an unexpended balance, approximating \$4,000, was transferred from my appropriation for 1901, entitled "Sheriff's Services in Criminal and Court Matters," to the General Fund, such transfer having been made without my knowledge or consent.

On April 10, 1902, I sent a communication to the Board of Estimate and Apportionment asking for a transfer of \$1,500, but am informed by a letter from your office of June 30, 1902, that same was not received.

The transfer of these amounts with the amount now in Maintenance Fund for 1901, is required to pay claims properly chargeable to the City from these appropriations.

Respectfully,
JOSEPH H. DE BRAGGA.

The following resolution was offered:

Resolved, That the sum of one thousand eight hundred dollars (\$1,800) be and the same is hereby transferred from the appropriation made to the County of Queens for the year 1901, entitled "County Contingent Fund," the same being in excess of the amount required for the purposes thereof, to the following appropriations made to the County of Queens for 1901, and as follows:

"Sheriff, Queens County: Maintenance of Queens County Jail".....	\$1,500 00
"Sheriff, Queens County: Sheriff's Services in Criminal and Court Matters".....	300 00
	<u>\$1,800 00</u>

—the amount of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a copy of a resolution of the Board of Aldermen adopted July 7, 1902, in relation to the salaries of war veterans and veteran firemen in the employ of the City, in any department, and whose salaries have been reduced within the past year by the Board of Estimate and Apportionment or any other authority.

The President of the Borough of Brooklyn moved that it be referred to the Mayor.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a copy of a resolution of the Board of Aldermen, adopted July 7, 1902, in relation to the salaries of the Register's Office, New York County; also a communication from the Register in relation to the salaries of Philip V. Walsh and William M. Hoge.

The following resolution was offered:

Resolved, That all papers in the matter of fixing of the salaries in the Register's Office, New York County, be submitted to the Corporation Counsel, with the request that he advise us whether or not the recital in the report of the Board of Aldermen that the salaries of veterans in that office have been reduced contrary to State law is correct.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to telephone service in the office of the Assistant Secretary to this Board:

**BOARD OF ESTIMATE AND APPORTIONMENT,
NEW YORK, July 11, 1902.**

Hon. SETH LOW, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I beg to call your attention to the pressing need of a telephone service in the office of the Assistant Secretary and the Chief Engineer of this Board. On several occasions it has seemed as though such a service were to be installed, but I am told that the representative of the Telephone Company now says that the use of the telephone from this office would probably be doubled if an instrument were placed here, and if this were the case, the exchange now located in this building would be overtaxed.

It would be difficult to overstate the inconvenience, not only to myself, but to the attendants in the Mayor's Office, by being compelled to go to a comparatively distant part of the building for each telephone message.

As there seems to be no prospect of relief by a separate wire from the present exchange, I would earnestly request that the authority of the Board be given for an independent wire, with extensions for desk telephones, for the Assistant Secretary and the Chief Engineer.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Secretary be and he is hereby authorized to enter into an agreement with the New York Telephone Company for telephone service in the Office of the Assistant Secretary of this Board in the City Hall, Borough of Manhattan.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That Mr. William Martin Aiken, the Consulting Architect of the Borough of Manhattan, be and he is hereby authorized to prepare the necessary plans and specifications for reconstructing and modernizing of the New York County Court House, in accordance with the recommendations contained in the report of the Subcommittee, consisting of the Mayor, the Comptroller and the President of the Borough of Manhattan, to whom the question of the repairs, alteration and extension, etc. of said Court House was referred by resolution adopted June 27, 1902.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to the transfer of printing, stationery, etc., Board of City Record:

OFFICE OF THE CITY RECORD, NO. 2 CITY HALL,
NEW YORK, July 11, 1902.

The Honorable the Board of Estimate and Apportionment, New York City:

GENTLEMEN—Application is hereby respectfully made for the transfer of the sum of \$1,500 from the appropriation for 1902, viz.:

Board of City Record, Kings County: For Supreme Court, Second Department	\$3,500 00
to	
Board of City Record, Kings County: Printing, Stationery and Blank Books for County Offices and Courts, other than Supreme Court.	22,000 00

The above transfer of \$1,500 is asked for the reason that the appropriation for "County Offices (other than Supreme Court) of Kings County," has been found insufficient. The changes made in offices of County Clerk, Register and Sheriff, by the provisions of the Laws of 1901, have necessitated the fitting out of these respective offices with entirely new blank books, printed forms, etc., involving an outlay in excess of last year of over \$5,000.

Respectfully submitted,
PHILIP COWEN, Supervisor, City Record.

The following resolution was offered:

Resolved, That the sum of one thousand five hundred dollars (\$1,500) be and hereby is transferred from the appropriation made to the County of Kings for 1902, entitled "Board of City Record, Kings County: For Supreme Court, Second Department," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said County, for 1902, entitled "Board of City Record, Kings County: Printing, Stationery and Blank Books for County Offices and Courts, other than Supreme Court," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Pursuant to a resolution adopted by the Board of Estimate and Apportionment on June 6, 1902, authorizing the President of the Borough of Manhattan, with the Comptroller, to negotiate for the purchase at private sale of three distinct plots of ground for permanent bath house sites, I herewith request authority from the Board of Estimate and Apportionment to purchase, at private sale, for the sum of thirty-three thousand seven hundred and fifty dollars (\$33,750), the following described plot of ground situated at Nos. 347 and 349 West Forty-first street, Borough of Manhattan: 50 feet by 98 feet 9 inches.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to a fire alarm system, Borough of Richmond:

Resolved, That pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-five thousand three hundred dollars (\$25,300), for the establishment, equipment and maintenance by the Fire Commissioner of The City of New York of a fire alarm telegraph system for the Borough of Richmond.

Adopted by the Board of Aldermen July 7, 1902, three-fourths of all the members elected voting in favor thereof.

Approved by the Mayor July 11, 1902.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, approved by the Mayor July 11, 1902, in relation to the expenditure of twenty-five thousand three hundred dollars (\$25,300), for the establishment, equipment and maintenance by the Fire Commissioner of The City of New York of a fire alarm telegraph system for the Borough of Richmond, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of twenty-five thousand three hundred dollars (\$25,300), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:
