of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or by such other authority in its place) or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment, or its successors in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, all conduit lines and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to The City of New York the following sums of money, to wit:

1. Five thousand dollars (\$5,000) in cash within thirty (30) days after the signing of the contract.

2. During the first five years of this contract an annual sum which shall in no case be less than eight hundred and fifty dollars (\$850), and which shall be equal to 4 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eight hundred and fifty dollars (\$850).

During the second five years of this contract an annual sum which shall in no case be less than eleven hundred dollars (\$1,100), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eleven hundred dollars (\$1,100).

During the third and remaining five years of this contract an annual sum which shall in no case be less than fourteen hundred dollars (\$1,400), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of fourteen hundred dollars (\$1,400).

3. An annual payment of ten (10) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when the permit is obtained to open the streets for any section of the work.

All sums herein provided for shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments of refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—If a conduit line as herein described shall not be constructed and in actual operation in all the streets and avenues, and upon all the routes hereby described, on May 1, 1911, all rights hereby given shall be thereupon forthwith and immediately forfeited without judicial or other proceedings, unless at least 50 per cent. of the conduit line shall then be constructed and in operation, when, in such case, the forfeiture shall affect only the Company's rights, privileges and franchises on the remaining portion of the conduit line hereby granted.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the routes.

Ninth—The said Company shall bear the expense of keeping in repair for one year after it has been replaced all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Tenth—The said Company shall bear the expense of inspection which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said conduit line, which shall be done under this grant.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made, without injury to the pipes, shall be executed by an officer of the Company, indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board of Estimate and Apportionment.

Twelfth—The Company, its successors or assigns, shall not charge consumers more than three dollars and fifty cents (\$3.50) for the same amount of refrigeration which is produced by one ton of ice. During the term of this contract the Board of Estimate and Apportionment shall have absolute power to regulate the maximum and minimum rates, provided that such rates shall be reasonable and fair. All refrigeration which may be required by The City of New York at any point along the routes herein described, shall be furnished by the Company without cost to the City.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigeration at the prices which are hereinafter prescribed, or at which such prices may be hereafter fixed, in properly insulated compartments, under contracts containing fair and reasonable regulations for such service; otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

It is mutually understood and agreed by and between the parties hereto that in the event of any dispute arising between the company and any consumer or user of its refrigeration, as to the fairness and reasonableness of the regulations contained in said contracts, the Board of Estimate and Apportionment on the application of either said consumer, user or Seaboard Refrigeration Company shall have the power to pass upon and decide as to the fairness and reasonableness of such regulations, and said Seaboard Refrigeration Company hereby agrees to abide by such decision and conform such regulations thereto.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb line of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all conduit lines which are authorized by this grant are constructed or until the right hereby authorized to construct conduit lines along the routes described have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant, the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns. Due notice of any such demand shall be given to the Company.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Seventeenth—If the Company has in position a conduit or pipe line in streets or avenues other than those herein described, then the Company shall remove such conduit or pipe line at its own expense, within one year from the date of signing this contract. If the Company owns a conduit or pipe line in the streets or avenues herein described, such conduit or pipe line shall be deemed to be a conduit line herein authorized, but no right is hereby given to lay or construct a conduit line in addition to that which the Company already has in such streets or avenues.

Eighteenth—The conduit line hereby authorized shall be used only by the Company and for no other purpose than for supplying refrigeration for the ammonia process or such other process as may be consented to by the Board of Estimate and Apportionment.

Nineteenth—The Company hereby agrees not to issue stock or bonds other than have been heretofore issued, until a certificate of authority thereto has been issued by the Board of Estimate and Apportionment, or until such Board shall further certify in writing as to the amount of stock or bonds reasonably required for the purposes of the Company. The stock and bonds of the said Company shall not be issued in excess of the amount so certified.

The Company shall not increase its capital stock or its bonded indebtedness without the consent in writing of the Board of Estimate and Apportionment stating the amount of the authorized increase. For the purpose of making this determination as to the amount of stock and bonds to be issued, or the amount of the authorized increase of the capital stock and bonded indebtedness of the Company, the Board of Estimate and Apportionment may take and hear testimony under oath and examine the books and

papers of the Company, and require verified statements from the officers thereof, pertaining to the value of the property and of the franchise owned or operated by the Company. Such determination shall be made within sixty (60) days after the final submission of the papers or of final hearing on the application for the issue or increase of capital stock or bonds of indebtedness.

The Company shall submit a report to the Board of Estimate and Apportionment not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

Twentieth—The Company shall at all times keep accurate books of accounts of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York, of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
