BOARD OF ESTIMATE AND APPORTIONMENT

EXTRACT FROM

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, OCTOBER 4, 1907.

Central Railroad Company of New Jersey.

In the matter of the application of the Central Railroad Company of New Jersey for permission to construct, maintain and use an overhead foot bridge over and across West street, between Liberty and Cedar streets, Borough of Manhattan, to connect the properties owned on both sides of said street by the petitioner and to be used for the accommodation of the public in seeking access to and egress from its ferryboats, upon which a report proposing terms and conditions to govern the consent and a form of resolution for adoption were presented to the Board at its meeting July 8, 1907, and at the request of the company the matter was laid over to this day.

The Secretary presented the following:

CENTRAL RAILROAD COMPANY OF NEW JERSEY,
CENTRAL BUILDING, NO. 143 LIBERTY STREET,
NEW YORK, October 3, 1907.

To the Honorable Board of Estimate and Apportionment of The City of New York:
GENTLEMEN—Referring to application made by this company for permission to construct an overhead foot bridge across West street, etc., etc.

This application was made under a misapprehension and the same is hereby withdrawn.

Yours truly,

W. G. BESLER, Vice-President and General Manager.

Which was ordered filed.

Queens Borough Street Railway Company.

In the matter of the application of the Queens Borough Street Railway Company for a franchise to construct, maintain and operate a street surface railway upon and along Van Alst avenue, from Franklin street to Winthrop avenue, in the First Ward, Borough of Queens.

This application was presented to the Board at its meeting of December 21, 1906, and was referred to the Bureau of Franchises.

The Secretary presented the following:

REPORT No. F-55.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
October 1, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On July 8, 1907, the Board gave a preliminary hearing on the application of the Queens Borough Street Railway Company for a franchise to construct and operate a surface railway upon Van Alst avenue between Franklin street and Winthrop avenue, Long Island City. In presenting this matter to the Board your Engineer stated that a detailed report upon the application, with suggestions as to the terms upon which a franchise could be given, would be presented at a later date, as sufficient information was not at hand at that time for the preparation of such a report. I beg to submit herewith the result of the investigation in the form of a report from the Engineer in charge of the Division of Franchises, together with a proposed form of contract. The report discusses the application and the circumstances in considerable detail.

The proposed line is about one mile in length, and as the company making the application has no connection with any other railway company, it would seem unwise and unreasonable to permit it to charge more than a two cent fare. If, however, the company should enter into an agreement with the New York and Queens County Railway Company, by means of which its patrons could reach other parts of the City, it might collect a five cent fare, with the understanding that free transfers are given to the cars of the New York and Queens County Railway Company. This limit of two cents as the fare which can be charged is similar to the condition in the grant given to the Bush Terminal Company, in the Borough of Brooklyn, which was accepted by that company. The attorney for the applicant company has made objection to a number of the provisions in the proposed agreement, and they have been freely discussed. I believe, however, that the contract in the form in which it is submitted is a proper one, and can see no reason for making any modification in it. The term proposed is fifteen years, with a privilege of renewal for ten years. The initial payment is fixed at \$3,000, while the percentages of the gross receipts are those specified in the Railroad Law, with a minimum during the first five years of \$250, and during the remainder of the term of \$1,000. The other provisions are those which have been used in similar franchises.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
September 30, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The Queens Borough Street Railway Company, hereinafter referred to as the Borough Company, under date of December 7, 1906, petitioned the Board for the right or franchise to construct, maintain and operate a street surface railway upon Van Alst avenue, from Franklin street to Winthrop avenue, in the First Ward (formerly Long Island City), in the Borough of Queens; such railway to be operated by motive power other than locomotive steam power.

Application was presented to the Board on December 21, 1906, and on that date referred to the Bureau of Franchises. The matter was thereupon taken up by the Bureau, and under date of December 27, 1906, a communication was addressed to the company asking for information in regard to the project. The information requested was furnished under date of May 22, 1907, and on June 14, 1907, a communication of this Division was presented to the Board recommending that July 8 be fixed as a date for the preliminary public hearing. This date was fixed by the Board, and the public hearing was duly held. Nobody appeared in opposition to the grant, and only the Counsel for the Borough Company appeared in favor.

The Borough Company filed its certificate of incorporation in the office of the Secretary of State on December 7, 1906, and in the office of the Clerk of Queens County on the same date. The purpose of the organization of the company, as stated in its certificate, is to construct, maintain and operate a railway upon the route for which a franchise is now applied for. The amount of capital stock of the Company, as also stated in the certificate of incorporation, is \$50,000.

On April 16, 1907, the State Board of Railroad Commissioners granted a certificate of convenience and necessity for the construction of the railway.

Van Alst avenue, between Franklin street and Winthrop avenue, as laid down on the City map, is 100 feet in width. The distance between these streets is about 5,500 feet. The portion of the avenue between Franklin street and Hoyt avenue, a distance of about 950 feet, is legally opened, and proceedings were instituted by the Board of Estimate and Apportionment on November 17, 1905, for acquiring title to the remaining portion, that is, between Hoyt and Winthrop avenues. A commission has been appointed and testimony as to the value has been taken. With the exception of two blocks between Ditmars and Winthrop avenues, Van Alst avenue is graded and curbed, but has only an earth roadway. Between Ditmars and Winthrop avenues no improvements have been made.

There are practically no houses in the vicinity of the proposed railway north of Hoyt avenue. The property on each side of Van Alst avenue, between Hoyt avenue and Ditmars avenue is being rapidly developed by the Rickert-Finlay Realty Company, in whose interests the Borough Company was organized. The streets are being graded, and likewise improved, in order to dispose of the property in small parcels.

The attorney for the Borough Company states in a communication dated May 22, 1907, that the object of building the railway is to aid in the development of the vacant property now being improved by the Rickert-Finlay Realty Company. He also states that the only patronage anticipated at once is that of the employees of the Astoria Light, Heat and Power Company, the plant of which is situated just north of Winthrop avenue. These employees, of which it is stated there are approximately 1,500, have no railway facilities for reaching this plant, and must walk from the street railway of the New York and Queens County Railway Company in Astoria, a distance of over a mile. The railway proposed will, no doubt, be of great convenience to these employees, and will be of great value to the property owners in the vicinity of Van Alst avenue. It is the intention of the company to purchase power for the operation of the railway from the Astoria Light, Heat and Power Company, or from one of the other companies in the vicinity for supplying electric power.

Upon request, the company furnished a map showing the railway which it is proposed to construct. This map showed a single track railway only, with the exception of a short distance near Franklin street, where two tracks were contemplated for terminal purposes, and for a distance of about a block in the middle of the line, where two tracks are necessary in order to allow cars to pass one another. It was thought, should there be a development of the section in which it is proposed to construct the railway, that a single track line would be insufficient, and that it would be poor policy on the part of the Board to allow the company to construct one track only, without making provision in the franchise under which a second track may be required should it seem necessary. The attention of the company was called to this, and an amended map has been submitted, the engineers of the company having advised that it would be much less expense to construct two tracks in the first instance than to construct the second track after the first track had been put in operation. The amended map shows two tracks the entire length of the line, with crossovers for switching purposes at each end.

Conditions for the Proposed Franchise.

Grades—The grades of the streets and avenues in this portion of the city have only recently been established. The work of regulating and grading Van Alst avenue between Hoyt avenue and Ditmars avenue has been done by the Rickert-Finlay Realty Company. It is possible that the present grade may not coincide to the adopted grades. Should this be the case, it might cause serious difficulties in grading other streets in the vicinity. I would therefore suggest that a clause be inserted in the contract requiring the company to relocate the tracks, at its own expense, should the City at any time change the existing grades of the street, in order to make the same conform with adopted grades or should the City at any time change the adopted grades of the street.

Rates of Fare—Upon inquiry the attorney for the Borough Company has stated that no traffic agreement has been entered into with any other street railway company, nor has there been any arrangement made whereby the cars of this company

may run over the tracks of any other company. It will be seen that it will not be to the best interests of the City, or to the property owners in the vicinity, to grant a franchise and allow the company operating the railway thereunder of approximately one mile in length, to charge a five-cent fare for so short a distance. The southerly terminus of the proposed railway is at the intersection of two lines of the New York and Queens County Railway Company, to which passengers must transfer in order to reach Astoria Ferry or points in Long Island City. The most satisfactory arrangements that could be made would be for the operation of the cars of the Borough Company over the tracks of the New York and Queens County Railway Company, and the fare for a continuous ride, including transfers, be fixed at not exceeding five cents. However, I see no way by which the City could compel this company to enter into a contract with the New York and Queens County Railway Company for such operation, but I would suggest that a clause be inserted in the contract to the effect that if such an agreement is made at any time during the term of the contract, the fare upon such cars shall not exceed five cents. Further, should the system of transfers be established between the Borough Company and the lines of any other railway company, the fare should not exceed five cents, including transfers to all points on the lines of either company. The fare upon the proposed railway without transfers to other points upon the New York and Queens County Railway should, I believe, be fixed at not exceeding two cents, and would recommend that it be made a condition of the franchise. This is a similar condition to that imposed in the franchise granted to the Bush Terminal Railway Company, and seems fair since the railway is to be only a mile in length, and considering the distance through which a single fare of five cents entitles a passenger to ride on other railways in the City.

Company's Wires and Conduits—Since the abutting property on Van Alst avenue is not yet developed, it hardly seems necessary to require the company to place feed wires in conduits at present. Furthermore, for the operation of so short a railway, it is possible that no feed wires will be required other than the overhead trolley wires. I would recommend, however, that a clause be inserted in the contract reserving to the Board the authority to require the company upon six months' notice to remove any or all of its feed wires, or other wires used in the operation of the railway, with the exception of the overhead trolley wires, and place the same in conduits underneath or alongside the railway tracks.

Underground System—In answer to an inquiry from this office, the Commissioner of Water Supply, Gas and Electricity, under date of January 24, 1907, states that the Engineers of his Department advise him that the permit to this Company should not be construed as being a

"permanent permit or authorization for placing, maintaining or operating any overhead electric appliances or devices in the streets, avenues, or to be placed within the City, but shall be considered a temporary permit for the erection and construction of electrical appliances and devices, subject to such regulations as the Commissioner of this Department may from time to time impose, and all such electrical construction must be removed or placed underground upon proper notice being served on the company by the Commissioner of this Department."

Should the Board require the removal of all wires from above the surface of the street, it would mean that the construction would be similar to that now employed by street surface railways in the Borough of Manhattan; such construction at the present time would be uncalled for in this section of the Borough, and would cause an undue outlay, but nevertheless I believe the Board may properly reserve the right to cause the removal of such wires for the construction of the underground system at any time during the term of the contract, when such construction seems to be necessary. I therefore would recommend that a clause similar to that which was inserted in the grant to the New York City Interborough Railway Company be inserted in the contract, to wit, that upon one year's notice the company shall remove all overhead wires and operate by the underground system.

Paving of Streets—Van Alst avenue has not been paved, though no doubt it will be in the near future. It is absolutely necessary, however, should a railroad be constructed upon this avenue that the street surface along the side of and between the tracks be kept in repair, and I would suggest that the company be required by the terms of the franchise to keep this portion of the avenue in repair, and when the City authorizes the paving of the avenue the Company should be required to pave the portion between the tracks, and keep the same in repair. The work to be done under direction of the President of the Borough of Queens.

Compensation and Security Fund—The Borough Company states that the estimated cost of the railway is approximately \$40,000. The source of the revenue of the company at first is limited to the patronage of the employees of the Astoria Light, Heat and Power Company, there being no residents in the vicinity of the proposed railway. As before stated, the purpose of the railway is to increase value of real estate in the vicinity of the route and owned by parties interested in obtaining the franchise.

This is not the first application for a franchise which the Board has received for a similar purpose. The Fort George Street Railway Company applied for and obtained a franchise in the Borough of Manhattan, approximately one-half a mile in length, for the purpose of developing real estate owned by the company. Should a company which is operating a street surface railway obtain an extension, even though it be in a suburban district such as this, the company would be required by the railroad law to pay three per cent. of its gross receipts for the first five years, and five per cent. thereafter; this percentage to be computed upon the proportion of the total earning of the company as the length of the extension bears to the entire length of railway operated by the company. Of course, this company does not at present operate a railway, but proposes to operate a railway in the borough which is served by the New York and Queens County Railway Company. It would seem, therefore, reasonable to fix the minimum annual sums to be paid by this company for the franchise upon the basis of the earnings of the New York and Queens County Railway Company; said sums to be the proportion of the earnings of the same length of track of the New York and Queens County Railway Company as has been fixed in previous grants by the Board, taking as a basis the earnings of companies operating in the vicinity.

I would therefore suggest the following:

1. An initial sum of three thousand dollars (\$3,000).
2. During the first five years 3 per cent. of the gross receipts, to be not less than two hundred and fifty dollars (\$250) during any one year.
3. During the remainder of the term 5 per cent. of the gross receipts, to be not less than one thousand dollars (\$1,000) during any one year.

These are the minimum percentages which the Board can fix in accordance with the Railroad Law.

For a security deposit to insure the faithful performance of the terms and conditions of the grant, I would recommend three thousand dollars (\$3,000) in money or securities, to be deposited with the Comptroller within thirty days after the contract is signed by the Mayor.

Other Conditions—The contract is drawn to provide for a term of fifteen years, with the privilege of renewal for a further term of ten years.

The Commissioner of Water Supply, Gas and Electricity, in the communication of January 24, 1907, before referred to, states that he desires the contract to be so drawn that his department will have the right to lay and repair water mains, and that no tracks shall be laid to interfere with existing water mains or apparatus used in connection therewith, and that the company be required to take the necessary steps to prevent damage to water mains by electrolysis. I believe that these provisions are amply provided for in recent franchises by the clause which requires the company receiving a franchise to construct the railway under the supervision of City officials having jurisdiction. The Commissioner of Water Supply, Gas and Electricity has jurisdiction given him by the Charter, and he may impose such conditions as he sees fit in regard to the construction of a railway which are necessary to protect structures under his care.

The other conditions proposed and inserted in the proposed form of contract are those which have been employed in former grants made by the City.

The contract as herewith presented has been shown to the attorney for the company, and he objects to certain of the clauses as drawn. These clauses are as follows:

Clause Third—Objection is made to this clause for the reason that the railway becomes the property of the City at the end of the term of grant without cost to the City, and may be used by the City for any purpose whatsoever.

Clause Seventh—The attorney for the company wishes added to this clause a condition that the company may charge any other company using its tracks a portion of the original cost of the railroad.

This would mean a double charge for the use of its tracks, since the clause as drawn, provides that each other company using the tracks shall pay legal interest on such portion of the whole cost of track and track equipment, etc., as the number of cars operated by such company shall bear to the number of cars operated by the Borough Company.

Clauses Eighth and Ninth—The attorney for the company asks that the words "after five years from the date of this contract" be inserted, that is, giving the Board of Estimate and Apportionment the right to require the use of the underground system or to require the placing of the wires underground only after the contract has run for five years.

This right, I believe, is a police power vested in the City by the State, and I believe the Board of Estimate and Apportionment cannot legally waive such power.

Clause Tenth—The attorney for the company wishes added to this clause a condition giving additional time in which to complete the construction, should the same be delayed by legal proceedings.

Clause Thirteenth—The attorney objects to the provision requiring a two cent fare. The reason for the two cent fare condition, as here drawn, has already been fully discussed in this report.

Clause Seventeenth—This clause provides for the watering of the roadway by the company. It is drawn exactly as a similar condition in previous franchises. The attorney for the company objects to the wording of the same.

Clause Twentieth—This clause provides for the paving of the street between the tracks and two feet outside thereof, as required by the Railroad Law. The wording is the same as has been used in several previous grants. The attorney for the Borough Company objects to the wording of the same.

Clause Twenty-fifth—The attorney for the company wishes the last portion of this clause stricken out, which reads as follows:

"Which said resolution may contain the provision to the effect that the railroad constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity."

This clause has been used in many previous grants.

The other clauses of the proposed contract have been accepted by the attorney for the company.

I have previously referred to the fact that the title to that portion of Van Alst avenue between Hoyt and Winthrop avenues, is not in the City, but that proceedings are now under way to acquire such title.

It would seem that in order that there may be no question as to the right of the City to grant a franchise to this company on Van Alst avenue, it would be best for the Board to vest title before making such grant, and I would therefore recommend that the Board adopt this procedure.

At the conclusion of the public hearing on July 8, the application was referred to a Select Committee composed of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Queens, to which this report should be referred.

Should the Board be then inclined to grant a franchise upon the conditions proposed, or should amend the same, I would suggest that since one public hearing has been held, the proposed form of contract be referred to the Corporation Counsel for his approval as to form or that he may incorporate therein such matters as he may deem necessary to fully protect the interests of the City, after which the contract should be placed upon the minutes of the Board for thirty days before final action can be taken.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

Synopsis of Provisions of Contract.

Section 1. Grant of right to Borough Company. Description of route and map referred to.

Sec. 2. Conditions of grant:

First—Consent of property owners must be obtained within six months or an appeal must be made to the Court within two months thereafter, otherwise rights cease.

Second—Term, fifteen years; renewal, ten years upon revaluation and appraisal.

Third—Upon termination of contract, the property within the streets to become the City's without cost, or City may cause the Company to remove the same. City may purchase property not within the streets at termination of grant.

Fourth—Compensation to be paid the City; payments not to be considered a tax.

Fifth—Annual charges to be maintained throughout term of contract.

Sixth—Rights not to be assigned.

Seventh—City has right to grant similar privileges. Tracks may be used by other companies upon compensation to the Borough Company.

Eighth—Railway to be operated by overhead electric power. Board reserves power to require underground system.

Ninth—The Board reserves the right to require all wires for the transmission of power, except trolley wires, to be placed in conduits.

Tenth—Commencement and completion of construction of railway.

Eleventh—Construction to be done under the control of City authorities.

Twelfth—Railroad to be constructed and operated in latest improved manner.

Thirteenth—Fare not to exceed two cents on railway; not to exceed five cents for transfers to other lines if company makes agreements with other companies. Rates for carrying property must be reasonable. No charge to be made to members of police and fire departments.

Fourteenth—Cars to be operated as often as convenience may require, but in no case to have a headway of more than thirty minutes, except between midnight and five o'clock a. m.

Fifteenth—Fenders must be provided for cars.

Sixteenth—Cars must be heated.

Seventeenth—Roadbed must be watered.

Eighteenth—Cars must be lighted.

Nineteenth—Snow and ice must be removed.

Twentieth—Company must keep in repair pavement and must pave between tracks.

Twenty-first—The company to bear cost of alteration of subsurface structures.

Twenty-second—Company must adjust tracks to altered grades or lines of streets. City may require company to lay second track.

Twenty-third—Company to report to the Board.

Twenty-fourth—Company to keep accurate books of account and make a report to Comptroller.

Twenty-fifth—City may sue for forfeiture.

Twenty-sixth—Fine of \$250 for inefficient service. The City may make needed repairs and charge legal interest.

Twenty-seventh—City to assume no liability for damages by construction and operation.

Twenty-eighth—Three thousand dollars deposit to secure performance of conditions.

Twenty-ninth—Grant subject to right of abutting property owners.

Thirtieth—Definition of "Notice," and "Direction."

Thirty-first—If authority of Board of Estimate and Apportionment or other officer is transferred, then such other Board or officer shall act for the City.

Sec. 3. Conditions of Railroad Law not inconsistent with this contract to be complied with.

Sec. 4. Company agrees to abide by all the terms and conditions.

QUEENS BOROUGH STREET RAILWAY COMPANY.

Proposed Form of Contract.

This contract, made this _____ day of _____, 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Queens Borough Street Railway Company (hereinafter called the Company), incorporated under and pursuant to the laws of the State of New York, for the purpose of building, maintaining and operating a street surface railroad, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a street surface railroad by the overhead electric system, similar to that employed at the present time for the operation of the street surface railroads in other portions of the Borough of Queens, together with the necessary wires and other equipment, for the purpose of conveying persons and property in the Borough of Queens, City of New York, upon the following route:

Beginning at the intersection of Franklin street and Van Alst avenue, running thence northeasterly in, upon and along Van Alst avenue to Winthrop avenue and across intersecting streets and avenues.

Said route, together with turnouts, switches and crossovers hereby authorized, are shown upon a map entitled:

"Queens Borough Street Railway Company. Map and profile of proposed line, First Ward, Borough of Queens, New York City,"

—dated March 7, 1907, and signed by G. A. Roullier, engineer, and C. E. Finlay, president, which map is to be deemed a part of this franchise, and to be construed with the text thereof, and is to be substantially followed. Provided that deviations therefrom and additional switches, crossovers and spurs which are consistent with the foregoing description and the other provisions of this franchise, may be permitted by resolution of the Board of Estimate and Apportionment.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Company within six months of the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within two months thereafter make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate a street surface railroad as herein described shall be held and enjoyed by the Company, its successors or assigns, for the term of fifteen years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten years upon a fair revaluation of such right and privilege. Such revaluation shall be of the right and privilege to maintain and operate the said railroad by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the Company, its successors or assigns.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than that sum required to be paid during the last year in this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same is renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets and highways of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

At the termination of this grant as above, the City at the election of the Board, shall have the right to purchase all the property of the Company not within the streets or avenues, at its fair market value, exclusive of any value which such property may have by reason of this contract. Such valuation shall be determined in the same manner as revaluation for a renewal of this contract, as herein provided.

If, however, at the termination of this grant as above, the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice in writing from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—The Company, its successors or assigns, shall pay to the City for the right to construct, maintain and operate a street surface railway on the route herein described, the following sums of money:

1. Three thousand dollars (\$3,000) in cash, within thirty (30) days after the signing of this contract by the Mayor.

2. During the first five years of this contract an annual sum, which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to three per cent. of the gross receipts of the Company, if such percentage shall exceed a sum of two hundred and fifty dollars (\$250).

3. During the remaining ten years of this contract an annual sum, which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to five per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

The payment of such minimum sums shall begin from the day on which the contract is signed by the Mayor.

The terms hereafter to be fixed for any renewal term of this contract shall not be less than the sum required to be paid for the last year of this original contract, and no renewal shall provide for a further renewal.

Such minimum annual sums shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the said Comptroller on or before November 1 in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the matter of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract, shall be strictly complied with. The intention of this paragraph is to fix an annual charge to be paid by the Company, its successors or assigns, to the City for the rights and privileges hereby granted, and it shall not be construed as providing for the payment by the Company, its successors or assigns, for said right and privilege of a percentage of gross receipts within the meaning of any general or special statute, or to any ordinance of the City.

Any and all payments to be made by the terms of this contract to the City, by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or resolution of the Board or by any law of the State of New York.

Fifth—The annual charges or payments shall continue throughout the whole term of the contract hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any part of the route mentioned herein, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of the City, acting by the Board, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving, or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways, and the right to make the requisite and necessary connections with the tracks of the Company, its successors or assigns, which shall be constructed under this contract.

The use of the railroad which shall be constructed and maintained in the streets, avenues and highways under this contract, including the tracks, wires and other equipment used in connection therewith, shall be permitted by the Company, its successors or assigns, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways, for street railroad purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railroad and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavements and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railroad so used.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railroad which may necessitate the use of any portion of the railroad which shall be constructed under this contract.

If at any time during the term of this contract the City shall operate a street surface railroad over the whole or any portion of the railroad which shall be constructed under this contract, the Company shall allow the City to use the whole or any part of the track and track equipment, together with sufficient power to operate the cars over such track upon payment of an annual sum by the City to the Company which shall not exceed the legal interest upon such proportion of the whole cost of construction of the portion of the railroad so used as the number of cars operated by the City shall bear to the number of cars operated by the companies then using the same, and the City shall further pay to the company the actual cost of the power necessary for the operation of its cars thereon.

Eighth—The railroad to be constructed under this contract may be operated by overhead electric power substantially similar to the overhead electric traction now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board and consented to by owners of property, in accordance with the provisions of law, and by the Public Service Commission of the First District of the State of New York.

Provided, however, that the Board of Estimate and Apportionment, or its successors in authority, upon giving to the grantee, its successors or assigns, one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets, avenues and highways of the City.

Ninth—Upon six months' notice by the Board to the Company all wires for the transmission of power, except trolley wires for the operation of the railroad hereby authorized, shall be placed in conduits beneath or alongside of the railroad. The Company shall provide in such conduits two ducts not less than 3 inches in diameter for the exclusive use of the City; such ducts shall be used only by the Company for the operation of its railroad and by the City, as above.

Tenth—The Company shall commence construction of the railroad herein authorized within six months from the date upon which the consents of the property owners are obtained, or upon the decision of the Appellate Division of the Supreme Court that such railroad ought to be constructed, and shall complete the construction of the same within twelve months from the same date, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each.

Eleventh—The said railroad shall be constructed, maintained and operated, subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided in the Charter of the City.

Twelfth—The said railroad shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railroad and property of the Company shall be maintained in good condition throughout the terms of this contract.

Thirteenth—The rate of fare for any passenger upon said railroad for a continuous ride from any point upon such railroad to any other point upon said railroad shall not exceed two (2) cents. The Company shall not charge any passenger more than five (5) cents for one continuous ride between any point on said railroad and any point on any other street surface railway or line or branch operated in connection with

such other street surface railway, should the Company enter into any agreement with such other street surface railway providing for interchange of transfers, or for the operation of cars of one company over the tracks of the other company.

The Company shall carry free upon the railroad hereby authorized, during the term of this contract, all members of the Police and Fire departments of The City of New York, when such employees are in full uniform.

The rate for the carrying of property over the said railroad upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, or its successors in authority, and may be fixed by such Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by it.

Fourteenth—The cars of said railroad shall run at intervals of not more than thirty minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board, provided, however, that the Company during the first five years of this contract shall not be required to operate its cars between the hours of 12 o'clock midnight and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Fifteenth—The Company shall attach to each car run over the said railroad proper fenders and wheel guards in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Sixteenth—All cars which are operated on said railroad shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which the railroad shall be constructed under this contract, shall cause to be watered the entire roadway of such streets and avenues at least three times in every twenty-four hours, when the temperature is above 35 degrees Fahrenheit.

Eighteenth—All cars operated on said railroad shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Nineteenth—The Company shall at all times keep the streets, avenues or highways upon which the said railroad is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—As long as the said railroad or any portion thereof remains in the street, avenue or highway, the Company shall have and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railroad is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street, avenue and highway, and in that event the Company, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewal or altered pavement.

Twenty-first—Any alteration which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, conduits, etc., laid in the streets, on account of the construction or operation of the railroad, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Twenty-second—Should the grades or lines of the streets in which a franchise herein granted be changed at any time during the term of this contract, the Company shall, at its own expense, change its tracks to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the track at its own expense; all to be done subject to the direction of the President of the Borough of Queens.

Should the Company construct only a single track railroad, it is agreed that upon six months' notice by the Board to the Company, the Company shall construct a second track upon the whole or any portion of the route, and thereafter operate a double track railroad.

Twenty-third—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, or at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board. For each failure to comply with the foregoing the Company shall pay the penalty of one hundred dollars (\$100), which may be collected by the Comptroller without notice.

Twenty-fourth—The Company shall at all times keep accurate books of account of the gross earnings from the privileges granted under this contract. The Company shall on or before November 1 of each year make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain a statement of the gross receipts from operation of the railroad, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-fifth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity.

Twenty-sixth—If the Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, except for those defaults or defects for which penalties are hereinafter provided, pay to the City the sum of two hundred and fifty dollars (\$250), as fixed or liquidated damages, or the Board, in case such structures which may affect the surface of the streets shall not be put in condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with

legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Twenty-seventh—The Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-eighth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of three thousand dollars (\$3,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railroad; and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of three thousand dollars (\$3,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-ninth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirtieth—The words "notice," or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice, or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-first—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This contract is also upon the further and express condition that the provisions of the Railroad Law, applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railroads operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Bernheimer & Schwartz Pilsener Brewing Company.

The Secretary presented the following:

BERNHEIMER & SCHWARTZ PILSENER BREWING COMPANY,
ONE HUNDRED AND TWENTY-SEVENTH STREET AND AMSTERDAM AVENUE,
NEW YORK, July 3, 1907.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment,
New York City:

DEAR SIR—We, the undersigned, would respectfully apply to your Honorable Board to erect a bridge across One Hundred and Twenty-eighth street, about 200 feet east of Amsterdam avenue, for the purpose of connecting our present machinery building with a proposed new boiler house to be erected on the north side of One Hundred and Twenty-eighth street, directly opposite the present machinery building; this bridge is for the purpose of carrying steam, electric wire and other pipes from the boiler house to the machinery building, and will be 19 feet in the clear from the ground. We might add further that this street has never been declared open. It is closed at the east end by the elevation of Convent avenue at this point.

Trusting this application will meet your favorable approval, we remain,

Yours respectfully,

BERNHEIMER & SCHWARTZ PILSENER BREWING COMPANY.

Per ANTON SCHWARTZ.

P. S. Plans for the proposed bridge are filed herewith.

REPORT No. F-53.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
October 1, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On July 3 last, the Bernheimer & Schwartz Pilsener Brewing Company petitioned the Board of Estimate and Apportionment for its consent to the erection and

maintenance of a bridge across West One Hundred and Twenty-eighth street, about 218 feet east of Amsterdam avenue, for the purpose of connecting the present machinery building of the company on the south side of the street with a proposed new boiler house to be erected on the north side.

According to the plans submitted, the bridge is to have a width of 5 feet 11 inches and a height of 7 feet 2 inches, outside dimensions, and will provide a clearance of 19 feet over the centre of the roadway. The plans have been submitted to the President of the Borough of Manhattan, to the Commissioner of Water Supply, Gas and Electricity, and to the Fire Commissioner. None of them offers any objection, except that the Fire Commissioner opposed the placing of electric wires upon the bridge, as they would present an element of danger in case of fire. The petitioners were accordingly notified, and have withdrawn that portion of their request relating to the installation of electric wires.

There is no apparent reason why the modified request should not be complied with, and a form of resolution is herewith submitted to the Board for its adoption. The period covered by the proposed grant is ten years, but is revocable at the pleasure of the Board. The annual charges computed on the basis uniformly followed in such cases would be \$150 annually during the first five years, and \$175 during the second five years, with a security deposit of \$500. Approval of the resolution is recommended.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
September 28, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The Bernheimer & Schwartz Pilsener Brewing Company, under date of July 3, 1907, has presented a petition to the Board of Estimate and Apportionment for permission to erect and maintain a bridge over and across West One Hundred and Twenty-eighth street, about 218 feet east of the easterly line of Amsterdam avenue, for the purpose of connecting the present machinery building of the company, on the southerly side of said One Hundred and Twenty-eighth street, with a proposed new boiler house to be erected by the company directly opposite, on the northerly side of said street.

The bridge is to be 5 feet 11 inches wide and 7 feet 2 inches high, outside dimensions, and is designed to give a clearance of 19 feet above the centre of the roadway. The petition states that it is desired to use the proposed bridge for the purpose of carrying steam and other pipes and electric wires from the boiler house to the machinery building.

It is also stated that West One Hundred and Twenty-eighth street between Amsterdam avenue and Convent avenue has never been declared open, but examination has revealed that this statement is in error, as the report of the Commissioners for the opening of this street was confirmed on July 13, 1894, by the Supreme Court.

Copies of the application and plan were sent to the President of the Borough of Manhattan, the Commissioner of Water Supply, Gas and Electricity and the Fire Commissioner, with a request that the project be examined by the respective bureaus having jurisdiction, with a view to ascertaining if there were any objections or any special conditions which should be incorporated in the form of consent heretofore used for similar privileges. Replies were received from the Commissioner of Public Works and the Commissioner of Water Supply, Gas and Electricity, stating that there were no objections to the granting of the requested permission.

In a reply received from the Fire Commissioner objection was made to the placing of electric wires upon the bridge on account of danger in case of fire. The petitioner was notified of this objection, and in a communication to this Division, withdrew that portion of the application requesting permission to place electric wires upon the proposed bridge. The Fire Commissioner was then informed of this action by the petitioner, and a reply has been received from said official, stating that there is now no objection to the erection and maintenance of the bridge, provided the same be constructed of fireproof material, and it has been made a particular condition of the form of consent herewith submitted that no electric wires shall be placed upon or attached to the bridge, and that the bridge shall be constructed of fireproof material throughout.

I can see no good reason why the requested permission should not be granted, and would recommend that consent be given during the pleasure of the Board of Estimate and Apportionment, but in no case to extend beyond ten years from the date of approval by the Mayor and revocable upon sixty days' notice in writing, and that it should be made a condition of this consent that a security deposit in the sum of five hundred dollars (\$500), be required, said deposit to be in the form of either money or securities to be approved by and deposited with the Comptroller for the faithful performance of the terms and conditions of the consent.

On the basis of compensation heretofore adopted by the Board in similar cases, for a bridge over a street 60 feet in width, I would recommend that the annual charge be fixed as follows:

During the first term of five years an annual sum of \$150.

During the second term of five years an annual sum of \$175.

This compensation should commence on the date of the approval of the consent by the Mayor.

I transmit herewith a form of resolution for adoption by the Board, containing the customary provisions.

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, The Bernheimer & Schwartz Pilsener Brewing Company has presented an application, dated July 3, 1907, to the Board of Estimate and Apportionment of The City of New York, for its consent to the construction, maintenance and use of an overhead bridge across West One Hundred and Twenty-eighth street between Amsterdam avenue and Convent avenue, in the Borough of Manhattan, said bridge to connect the buildings of the company on either side of said West One Hundred and Twenty-eighth street, and to be used as a passageway and for the conveyance of steam and other pipes between said buildings; now therefore be it

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the Bernheimer & Schwartz Pilsener Brewing Company, the owner of certain properties on both sides of West One Hundred and Twenty-eighth street, between Amsterdam avenue and Convent avenue, Borough of Manhattan, City of New York, to construct, maintain and use a single span bridge across said West One Hundred and Twenty-eighth street, connecting its buildings as shown on the plan accompanying the application and entitled:

"Plan of a bridge connecting the proposed boiler house and present machine room for the purpose of carrying steam and water pipes, on the property owned by Messrs. Bernheimer & Schwartz, Pilsener Brewery, West 128th street near Amsterdam avenue, Manhattan, New York. To accompany application of July 3, 1907. Bernheimer & Schwartz Pilsener Brewing Company, by Anton Schwartz."

—a copy of which is annexed hereto and made a part hereof, upon the following terms and conditions:

1. Said consent shall continue only during the pleasure of the Board of Estimate and Apportionment or its successors in authority, and shall be revocable upon sixty (60) days' notice in writing to said grantee, its successors or assigns, but in no case shall it extend beyond a term of ten (10) years from the date of approval by the Mayor, and thereupon all rights of the said Bernheimer & Schwartz Pilsener Brewing Company in or over said West One Hundred and Twenty-eighth street by virtue of this consent, shall cease and determine.

2. The said Bernheimer & Schwartz Pilsener Brewing Company, its successors or assigns, shall pay into the Treasury of The City of New York, as compensation for

the privilege hereby granted, during the first term of five years the annual sum of one hundred and fifty dollars (\$150); during the second term of five years the annual sum of one hundred and seventy-five dollars (\$175). Such payments shall be made in advance on November 1st of each year, provided, however, that the amount of the first payment to be made within thirty (30) days after the approval of this consent by the Mayor, shall be only that proportion of one hundred and fifty dollars (\$150), as the time between the approval of this consent by the Mayor and November 1 following, bears to the whole year. Such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid under any ordinance of The City of New York or by any law of the State of New York.

3. Upon the removal of the said grantee from either one or both of the buildings connected by the bridge or upon revocation or termination of this consent, the said grantee, its successors or assigns, shall, at its own cost, cause the bridge and all its appurtenances to be removed from the limits of the street, if required so to do by The City of New York, through its duly authorized representatives. If the bridge constructed by the said grantee under this consent shall not be required to be removed, it is agreed that the said bridge shall become the property of The City of New York.

4. The consent hereby given is for the exclusive use of the grantee and shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any person or corporation whatsoever, either by the acts of said grantee, its successors or assigns, or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority.

5. The said grantee shall pay the entire cost of—

- (a) The construction and maintenance of the bridge;
- (b) The protection of all surface and subsurface construction in West One Hundred and Twenty-eighth street which may be disturbed by the construction of the bridge;
- (c) The replacing or restoring of the pavement in said street which may be disturbed during the construction of said bridge;
- (d) Each and every item of the increased cost of any future structure caused by the presence of said bridge under this consent;
- (e) The inspection of all work during the construction or removal of the bridge, which may be required by any department of The City of New York having jurisdiction over such construction.

6. It is made a particular condition of this consent that the said bridge shall be constructed of fireproof material throughout.

Before the construction shall be begun, the grantee shall obtain permits to do the work from the President of the Borough of Manhattan, and the Commissioner of Water Supply, Gas and Electricity, and the said grantee shall perform all the duties which may be imposed as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to such officials working plans, which shall include and show in detail the method of construction of said bridge and the mode of protection or changes in all structures required by the construction of said bridge.

7. The grantee, its successors or assigns, shall allow to The City of New York a right of way under, over or through any part of the bridge constructed under the consent hereby granted, for any and all structures which are now or may be hereafter placed by The City of New York in that portion of the above named street occupied by said bridge.

8. Said bridge shall be constructed, maintained and used subject to the supervision and control of the proper authorities of The City of New York, and said bridge shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. Said bridge shall be used by the said grantee as a passageway and to convey steam and water pipes between the aforementioned buildings and for no other purpose whatsoever, and no material of any kind, character or description shall be allowed to remain standing thereon, and no electric wires shall be placed upon or attached to the said bridge.

10. The grant of this privilege is given subject to whatever right, title or interest the owners of the abutting property or any other person or persons may have in and to the streets where the bridge is to be constructed, and the said grantee shall be liable for all damage to persons or property, including the street, by reason of the construction or maintenance of said bridge, and it is a condition of this consent that The City of New York assumes no liability to either persons or property on account of this consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. The said grantee, its successors or assigns, shall commence the construction of said bridge under this consent and complete the same on or before April 1, 1908; otherwise this consent shall be forfeited forthwith and without any proceeding, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding three months beyond the date specified.

13. This consent is upon the express condition that within thirty (30) days after its approval by the Mayor, and before anything is done in exercise of the rights conferred hereby, the said grantee shall deposit with the Comptroller of The City of New York the sum of five hundred dollars (\$500), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge.

In case of default in the payment of the annual charge, The City of New York shall collect the same, with interest, from such fund after ten (10) days' notice in writing to the said grantee.

In case of any drafts so made upon the security fund, the said grantee shall, upon thirty (30) days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five hundred dollars (\$500), and in default of the payment thereof the consent hereby given may be canceled and annulled, at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

14. Said grantee shall give notice to the President of the Borough of Manhattan and to the Commissioner of Water Supply, Gas and Electricity, in writing of its intention to begin construction of the work hereby authorized at least forty-eight (48) hours before such construction commences. The grantee shall also give to the Board of Estimate and Apportionment notice in writing of the date on which the work

was commenced, and also the date on which the same was completed, not later than ten (10) days after such dates.

15. This consent shall not become operative until said grantee shall duly execute an instrument in writing, wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file the same with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor.

And the said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damage to persons and property which may result from the construction, maintenance or use of the bridge hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Presidents of the Boroughs of Brooklyn and Queens and the Acting President of the Board of Aldermen—12.

Seaboard Refrigeration Company.

A communication, dated September 24, 1907, was received from the Mayor's office, returning, duly approved by the Mayor, resolution adopted by the Board September 20, 1907, fixing November 1, 1907, as the date for public hearing on the application of the Seaboard Refrigeration Company for certain changes and modifications in the terms and conditions of the contract dated June 22, 1906, granting a franchise to said company, and designating the "New York Times" and the "New York World" as the daily newspapers in which notice of such hearing should be published.

Which was ordered filed.

Which was ordered filed.

Queens Lighting Company.

In the matter of the application of the Queens Lighting Company for a franchise to construct, maintain and operate the necessary pipes, mains and conductors under and along the streets, avenues and highways in a certain portion of the Borough of Queens, for the purpose of supplying gas to public and private consumers.

The final public hearing was had on this application September 20, 1907, and the matter was referred to the Comptroller.

The Secretary presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
September 30, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At meeting of the Board of Estimate and Apportionment held September 20, 1907, a final public hearing was had upon the proposed form of contract for the grant of a franchise to the Queens Lighting Company to construct, maintain and operate the necessary pipes, mains and conductors under and along the streets, avenues and highways in a certain portion of the Borough of Queens, for the purpose of supplying gas to public and private consumers, and at the conclusion of such hearing the matter was referred to the Comptroller.

I would report that I have examined the proposed form of contract for the grant of a franchise to the Queens Lighting Company and I see no reason why same should not be adopted by the Board of Estimate and Apportionment. I am informed that the proposed terms and conditions are acceptable to the company.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following was offered:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Queens Lighting Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract, made and entered into this day of , 190 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Queens Lighting Company, a corporation formed under and pursuant to the Laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable pipes, mains or other conductors with the necessary service pipes and connections therewith, for conducting gas through the streets, lanes, alleys, squares and highways now opened or which may hereafter be opened in that portion of the Third and Fourth Wards of the Borough of Queens, as constituted by section 1581 of chapter 466 of the Laws of 1901 (the Greater New York Charter), bounded and described as follows:

Commencing at the point on the southerly shore of Little Neck Bay where the boundary line between The City of New York and the County of Nassau intersects the same; thence southwesterly along said southerly shore of Little Neck Bay to the creek known as Alley creek; thence southerly along the line of the centre of said Alley creek to a point where the same extended would meet West Alley road; thence westerly along said West Alley road to where the same intersects and joins Rocky Hill road; thence southerly along said Rocky Hill road to the point where the same intersects and joins Black Stump road; thence westerly along said Black Stump road to a point where the same intersects and joins the road known as Brushville road and Holliswood avenue; thence southerly along said road known as the Brushville road and Holliswood avenue to a point where the continuation of the same is known as Flushing avenue; thence continuing southerly along said Flushing avenue to a point where the same joins and intersects Hillside avenue; thence easterly along said Hillside avenue to a point where the same joins and intersects Carpenter avenue; thence southerly and southwesterly along said Carpenter avenue to a point where the same joins and intersects Pocahontas avenue; thence southwesterly along said Pocahontas avenue to where the same joins and intersects the right-of-way of the Long Island Railroad Company, otherwise known as Atlantic avenue; thence westerly along the right-of-way of the Long Island Railroad Company, otherwise known as Atlantic avenue, to a point formed by the intersection of such right-of-way of the Long Island Railroad Company, otherwise known as Atlantic avenue, Farmers avenue and a road known as the Old Country road, or Hollis road; thence southerly across said road known as the Old Country road or Hollis road to Farmers avenue; thence southerly along said Farmers avenue to a point where the same meets Locust avenue, at or near Central avenue; thence southwesterly along said Locust avenue to a point where the same joins and intersects the road known as Rockaway road; thence northwesterly along said Rockaway road to a point where

the same joins and intersects the road known as the Three Mile Mill road; thence southwesterly along said Three Mile Mill road to a point where the same reaches Jamaica Bay, near Cornell's creek; thence easterly along the northerly shore of Jamaica Bay to the boundary line between The City of New York and the County of Nassau; thence northeasterly along said boundary line between The City of New York and the County of Nassau, as present constituted, to the point or place of beginning. Being all that portion of the Third and Fourth Wards of the Borough of Queens, City of New York, embraced within such boundaries, as more clearly shown on the map or plan attached to this contract and certified to by the president of the Company, and dated June 4, 1907.

Section 2. The grant of this privilege is in consideration of and subject to and conditioned upon the performance and observance of the following conditions:

First—The said right to lay, construct, maintain and operate pipes, mains or other conductors for conducting gas in the above described territory shall be held and enjoyed by the Company, its successors or assigns, from the date when this contract is signed by the Mayor until the twenty-seventh day of October, nineteen hundred and thirty-one, with the privilege of renewal of said contract for a further period of twenty-five (25) years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate such a gas system by itself, and is not to include any valuation derived from the ownership, operation or control of any other gas, electric or other system used for the purpose of supplying light, heat or power, by the Company, its successors or assigns.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year, before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but the annual sum to be paid by the Company to the City under such renewal shall not be less than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable, but no annual sum thus fixed shall in any event be less than the sum required to be paid by the Company to the City during the last year of this original contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board, one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum to be paid thereunder shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this original contract, or if the same is renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, if the Board shall so elect, the mains, service pipes and street lamps erected and located by the Company in the territory designated in section 1 of this contract, including all property erected or located by it in the public streets or roads of the City, as the same now exist or may be extended, and in all new streets or roads which may be hereafter opened in that portion of the Borough of Queens, constructed pursuant to this contract, shall become and be the property of the City, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If the Board shall so elect, upon the termination of this grant for any cause, the plant and property erected and located by the Company pursuant to this contract, in that portion of the Borough of Queens as bounded and described in section 1 of this contract, including the buildings, plants, holders, meters, house fittings and all property not situated in the public streets or roads used by the Company in the manufacture and distribution of gas to street lamps and public and private buildings in said territory, shall become and be the property of the City on payment to the Company of the value of the same, as fixed by three disinterested freeholders, appointed and paid in the same manner and with the same powers as appraisers appointed upon any renewal of this original contract, as above set forth, but such valuation shall in no case be greater than the value of such property as shown by the last report submitted by the Company to the Board, as required by the terms of this contract, and shall not include any compensation for any value which such property may have by reason of this grant.

If, however, at the termination of this grant for any cause, as aforesaid, the City, by the Board, shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its pipes, mains and conductors from all the streets and public places within the limits of the territory in which it is authorized to operate by this contract.

Third—The Company, its successors or assigns, shall pay for this privilege to the City the following sums of money, to wit:

1. One thousand dollars (\$1,000) in cash within thirty days after the signing of this contract.

2. During the period between the date on which this contract is signed by the Mayor and the twenty-seventh day of October, nineteen hundred and eleven, an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

3. During the succeeding five years of this original contract an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of five hundred dollars (\$500).

4. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to two (2) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

5. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand five hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand five hundred dollars (\$1,500).

6. During the last five years of this original contract an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500), and which shall be equal to five (5) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

All the sums herein provided for shall be paid into the treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Fourth—The said annual charge or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore

provided, notwithstanding any clause in any statute or in the charter of any gas or other company providing for payments for similar rights or franchises at a different rate, and no transfer, sale, assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or any part thereof, shall be valid or effectual for any purpose unless the said transfer, sale, assignment, lease or sublease shall contain a covenant on the part of the transferee, purchaser, assignee, or lessee that the same is subject to all the conditions of this contract and that the transferee, purchaser, assignee or lessee assumes and will be bound by all of said conditions, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said transferee, purchaser, assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

It is agreed that any and all payments to be made under the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinances of the City or by any law of the State of New York.

Fifth—The plant, manufactory or works of this Company which may be erected under the privilege contained in and granted by this contract for the purpose of manufacturing and furnishing gas, shall be constructed so as not to be in any way detrimental to the public health, nor otherwise create a nuisance. Before the construction of any plant, holder or other apparatus used in the manufacture or storage of gas the Company shall obtain the approval of the Board to the location and the plans for the construction of the same.

Sixth—The Company shall construct, maintain and operate its gas system, mains, conductors, service connections and pipes subject to the supervision, control and inspection and to the entire satisfaction of the proper authorities of the City who have jurisdiction in such matters, under the Charter or ordinances of the City, or under the provisions of this contract, and the entire expense of such supervision, control and inspection shall be borne by the Company.

Before opening any street, lane, alley or public place to lay or begin the laying of any mains, conductors, pipes or service connections, the Company shall submit to the President of the Borough of Queens and the Commissioner of Water Supply, Gas and Electricity, working plans which shall include and show in detail the proposed location and method of construction of said mains, conductors, pipes or service connections, and the mode of protection or changes in all subsurface structures required by the construction of such mains, conductors, pipes or service connections, and shall obtain from these officials, if such working plans are approved, permits for the construction of such work.

Wherever the pipes or conductors of the Company in any part of the Borough of Queens are to be laid under or adjoining a railroad track, the work of trenching for and laying the same shall be conducted so as to interrupt as little as possible the running of cars thereon, and when the work is finished, the track and street, avenue or public place shall be replaced and repaved by said Company in as good condition as before the commencement of the work.

Whenever the Company shall open any street, avenue or public place in the territory in which it is granted the privilege to operate by this contract, for the purpose of laying pipes or conductors, then the Company, when restoring the pavement of said street, shall do so in accordance with the specifications for the construction of said pavement, and the Company shall also, at its own cost and expense, maintain the same in good condition, and at the proper grade and curvature, for the period of one year from the time of its restoration, whether the same had been restored by the said Company or by the City authorities, as hereinafter provided. When streets paved with improved pavements, on which the contractor's guarantee has not expired through time, are to be paved, the Company shall have the power to arrange with the contractor to open and relay such pavements under an agreement or contract.

If the Company, at any time, after five days' notice from the President of the Borough of Queens, shall neglect or refuse to restore, repave or maintain any pavement in accordance with the provisions of this contract, then the President of the Borough of Queens may restore, repave or maintain the same, and the cost of such restoration, repavement or maintenance, with legal interest thereon, shall be a proper charge against, and may be deducted from, the security fund to be deposited by the Company with the Comptroller, as hereinafter provided.

Seventh—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eighth—Within three (3) months after the execution of this contract by the Mayor, the Company shall commence the laying of mains, and within two (2) years thereafter shall have laid and in operation at least five miles of mains within the streets in the territory in which it is hereby granted the privilege to lay its mains, and shall supply gas through the same to the sections known as Queens and Little Neck. The Company shall also, within ten (10) years thereafter have laid, ready to supply gas through the same, a main or conductor, as follows: Commencing at or near Little Neck Bay, then through Main avenue to Alley road; through Alley road to Springfield road, and through Springfield road to Rockaway road; also, from Alley road, along Rocky Hill road and Hillside avenue to the section known as Holliswood. From and after five (5) years from the date of the signing of this contract the Company shall also lay such further mains as may be directed by the Board. Unless the provisions of this paragraph be fulfilled by the Company, this grant shall cease and determine.

Ninth—In the event that the City finds it necessary to change the grade or line of any street, road or avenue now existing, or which may hereafter be opened in any part of the Borough of Queens, or place therein any new structures, or change the location of any structure therein, the Company agrees that it will make no claim or attempt to obtain any compensation for its expense in relaying or replacing its mains, if the same is necessary to conform to such improvement in or of such street, road or avenue, in the territory in which it is hereby granted the right to lay its mains.

Tenth—The Company shall, upon being directed to do so by the Commissioner of Water Supply, Gas and Electricity, extend its main to such places and along such streets as he may direct, but shall not be required to lay a greater length of main or conductor during any one year than that hereinbefore prescribed, provided, however, that if any public building or public lamps the Commissioner desires to be lighted are situated within one hundred (100) feet of any main or conductor of the Company in a public street, avenue or highway, then and in that case the Company shall be required to extend the same, in addition to the above, in compliance with section 65 of the Transportation Corporations Law (chapter 566 of the Laws of 1890), and a public lamp shall be deemed a building or premise within the meaning of such section.

Eleventh—The gas plant, mains and all appurtenances thereto shall be constructed and operated in the latest approved manner, and shall be operated with the most modern and improved appliances. The gas furnished by the Company shall be of the best quality, and the supply shall be continuous for twenty-four hours in each day during the term of this contract, or any renewal thereof, except for interruption from unavoidable causes over which the Company shall have no control.

Twelfth—The Company shall file with the Board on or before the first day of November in each year a map, plan or diagram, showing the boundaries of the territory in which the Company is authorized to lay its mains by this contract, upon which shall be plainly marked in black the mains laid, up to September 30 of the year preceding, and in red the mains laid during the year ending on the 30th day of September next preceding the date of the filing of such map, plan or diagram. This map, plan or diagram shall have a statement thereon of the number of miles of mains laid up to the 30th day of September of the preceding year, and of the number of miles of mains laid during the year ending on the 30th day of September next preceding the date of the filing of the same, in the words and figures following, viz.:

Number of miles of mains laid up to September 30, 19	:	miles,	feet.
Number of miles of mains laid during the year ending September 30, 19	:	miles,	feet.

—and shall be certified by the Secretary of the Company. Copies of this map, plan or diagram shall also be filed in the office of the Department of Water Supply, Gas and Electricity, and in the office of the President of the Borough of Queens.

Thirteenth—The gas to be furnished by the Company shall be of the standard at present fixed by law. Said gas shall have an illuminating power of not less than twenty-two sperm candles of six to a pound, burning at the rate of one hundred and twenty grains of spermaceti per hour, tested at a distance of not less than one mile from the distributing holder by a burner consuming five cubic feet of gas per hour by a flat flame burner giving greatest results at not less than four-tenths of an inch

pressure at the point of ignition, and each one hundred cubic feet of gas shall not contain more than five grains of ammonia, nor more than twenty grains of sulphur, nor more than a trace of sulphuretted hydrogen. Provided, however, that should a new process be hereafter generally used to manufacture gas of a higher standard than the gas at present manufactured by the Company, then the Company binds itself to furnish gas equal to that furnished by such new process, should the same be ordered by the Board. And the Company further binds itself to furnish gas of superior candle-power and quality to that herein set forth or ordered by the Board whenever required to do so by any general or local act of the Legislature, and such act shall be deemed a modification of this agreement, but no act providing for the furnishing of an inferior quality of gas shall be deemed to in any way affect the provisions of this agreement. The pressure of said gas shall not exceed that fixed by law.

Fourteenth—The Company agrees to provide and furnish to the Department of Water Supply, Gas and Electricity the necessary apparatus and station to conduct tests to ascertain the pressure and quality of the gas furnished by it, if required to do so by the Commissioner of Water Supply, Gas and Electricity. Should any tests made by the said Commissioner of gas furnished by the Company show that said gas is of an inferior quality or other than that specified herein, or is being furnished at a pressure exceeding that fixed by law, the Company shall immediately remedy such defect upon notice from said Commissioner.

Fifteenth—The rates to be charged by the Company in the Borough of Queens for gas furnished by it to the City and to private consumers shall never be in excess of the following, and it is agreed that the same may be reduced by the Board, as hereinafter provided:

For gas furnished to the City for street lighting, to be used in its public buildings, or for gas furnished to any other public buildings located in the Borough of Queens, the sum of 75 cents per thousand cubic feet.

For furnishing gas to open-flame lamps, consuming 3 cubic feet of gas per hour, and burning for a period of three thousand nine hundred and fifty hours in any one year, for each lamp, at each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes and burners, the replacing of cross-heads, lamp-irons and lanterns, and the replacing and repairing of lamp-posts when owned by the Company, a sum not to exceed seventeen dollars (\$17) per year, and for similar services to other open-flame lamps burning a different number of cubic feet per hour, or a different number of hours per year, at proportionate rates.

For furnishing and connecting, ready for use, each mantle gas lamp with improved burner appliances and incandescent mantles, including cocks, tubes, burners, mantles, globes, chimneys, rods, regulating apparatus and all appurtenances necessary for each lamp, at each lamp, and also operating and maintaining it, including illuminating, the operation and maintenance to include the lighting, extinguishing, cleaning, reglazing, repairing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burner appliances, mantles, chimneys, globes, rods, regulating apparatus, lanterns, lamp-irons, frames and cross-heads thereto, and repairing and replacing of lamp-posts when owned by the Company, a sum not to exceed twenty-five dollars (\$25) for every such lamp not consuming more than three and one-half (3½) cubic feet of gas per hour, for three thousand nine hundred and fifty hours in any one year, and for similar services to mantle lamps burning a different number of cubic feet per hour or a different number of hours per year at proportionate rates.

For furnishing illuminating material other than gas for each lamp, at each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burners, burning appliances, lamp-posts, lanterns, lamp-irons and cross-heads thereto, the sum of twenty dollars (\$20) per lamp, burning three thousand nine hundred and fifty hours in any one year, and for similar service for a greater number of hours at proportionate rates.

For supplying illuminating material other than gas to, and for furnishing and connecting ready for use, each mantle lamp, with improved burner appliances and incandescent mantles, including cocks, tubes, burners, mantles, globes, chimneys, rods and regulating apparatus, necessary for each lamp, at each lamp, and also operating and maintaining it. The operation and maintenance to include the lighting, extinguishing, cleaning, reglazing, repairing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burner appliances, mantles, chimneys, globes, rods, regulating apparatus, lanterns, lamp-irons, frames and cross-heads thereto, the sum of twenty-seven dollars (\$27) per lamp burning three thousand nine hundred and fifty hours in any one year, and for similar service for a greater number of hours at proportionate rates.

For gas furnished to private consumers in that portion of the territory in which the Company is hereby granted the right to lay its mains lying in the Third Ward of the Borough of Queens, \$1.20 per thousand cubic feet during the year 1907; \$1.15 per thousand cubic feet during the year 1908; \$1.10 per thousand cubic feet during the year 1909; \$1.05 per thousand cubic feet during the year 1910; and \$1 thereafter, and in that portion of the territory in which the Company is hereby granted the right to lay its mains lying in the Fourth Ward of the Borough of Queens, the sum of \$1 per thousand cubic feet.

The Company also agrees that if in the future any new or improved style of street lighting is available for use it will furnish the same throughout the territory in which it is hereby granted the right to operate at such reasonable prices as may be fixed by the Board, subject to the provisions of this contract.

Sixteenth—The Company shall supply gas to the public buildings and public lamps of all types situated on the line or lines of the mains of said Company throughout the territory in which it is hereby granted the right to lay its mains and furnish open flame and mantle naphtha lamps, where such mains are not laid, if required by the Commissioner of Water Supply, Gas and Electricity, and said public buildings and lamps shall be lighted when required by the City at rates not to exceed those hereinbefore set forth, or as may be hereafter established by the Board. As a condition of this contract the Company binds itself to submit bids or proposals for lighting the public buildings and furnishing and lighting public lamps of all types in the entire territory in which it is granted the right to operate by this contract along the lines of its mains as they exist or may be extended, whenever the same are advertised or called for by the Commissioner of Water Supply, Gas and Electricity, or his successor in authority, at rates not exceeding those above set forth, or which may be hereafter established by the Board.

Seventeenth—The Company shall also, in any and all bids or proposals which it may hereafter submit for lighting public buildings and lamps in the Borough of Queens, agree to repair such lamp-posts as belong to the City or may be acquired or erected by it, and erect new ones at prices not to exceed the following, except as provided elsewhere in this paragraph:

For each lamp-post straightened, the sum of one dollar and fifty cents (\$1.50).
For each column releaded, the sum of one dollar and fifty cents (\$1.50).
For each column recalked, the sum of one dollar (\$1).
For each column refitted, the sum of three dollars and fifty cents (\$3.50).
For each service pipe refitted, the sum of six dollars (\$6).
For each standpipe refitted, the sum of four dollars (\$4).
For discontinuing service per lamp, the sum of two dollars (\$2).
For each lamp-post removed, the sum of three dollars and fifty cents (\$3.50).
For each lamp-post reset, the sum of ten dollars (\$10).
For each lamp-post painted, the sum of twenty-five cents (25c) per coat.
For the erection of each new lamp-post, complete (with service and stand pipes when for gas), and with cross-heads, lamp-irons and lanterns in place, the sum of ten dollars (\$10).

For the sale to the City of the gas lamp-posts with gas lamps belonging to the Company, erected ready for use complete with service and stand-pipes connected, all in good repair, per post, the sum of eight dollars (\$8).

The Company may submit bids for any or all of these items at prices not to exceed 25 per cent. in excess of those above set forth, or which may be hereafter fixed by the Board, whenever, in the opinion of the Commissioner of Water Supply, Gas and Electricity these prices appear to be insufficient.

Eighteenth—During the term of this contract or any renewal thereof the Board shall have the power to regulate and fix the maximum and minimum rates to be charged by the Company throughout the territory in which it is hereby granted the right to lay its mains for gas for private lighting, provided such rates shall be reasonable and fair.

The maximum rates herein fixed for public lighting and for repairs and replacements of street lamps and posts shall continue until October 27, 1911, at which time and at the end of each period of five years thereafter during the term of the contract or any renewal thereof, the Board shall have the power to reduce such rates, provided such reduced rates shall be reasonable and fair.

Nineteenth—The Company shall supply gas to all applicants in the territory in which it is authorized to operate, not in arrears for prior bills, owning or occupying premises on streets in which gas mains or conductors are laid, and where the Company has not laid mains or conductors it shall lay the same upon the application, in writing, of the owner or occupant of any building or premises within 100 feet of any main laid by it, provided he shall pay all money due from him to the Company. The Company, however, shall not refuse to supply gas to any person owning or occupying premises on the line of its mains or to extend its mains for that purpose if there be any rent or compensation in arrear for gas supplied, or for pipes or fittings furnished to a former occupant thereof, unless such owner applying for a supply of gas shall have undertaken or agreed with the former occupant to pay or to exonerate him from the payment of such arrears, and shall refuse and neglect to pay the same; and if for the space of ten days after such application, and the deposit of a reasonable sum as security, if required, in pursuance of section 66 of the Transportation Corporations Law, the Company shall refuse or neglect to supply gas as required, said Company shall forfeit and pay to the applicant the sum of \$10, and the further sum of \$5 for every day thereafter during which such refusal or neglect shall continue; provided that the Company shall not be required to lay service pipes for the purpose of supplying gas to any applicant where the ground in which such pipe is required to be laid shall be frozen or shall otherwise, in the opinion of the Board, present serious obstacles to laying the same; nor unless the applicant, if required, shall deposit in advance with the Company a sum of money sufficient to pay the cost of his portion of the pipe required to be laid, and the expense of laying such portion.

The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate. Any consumer or person who desires to be connected with the mains of the Company can apply to the Board to compel the Company to comply with the provisions of this contract, and all orders of the Board made on the request of any such consumer or person shall be complied with by the Company.

The provisions herein made in regard to a penalty for refusal to comply with the provisions of this subdivision of the contract, and requiring the payment of interest on deposits made by consumers, may, in the event of the refusal of the Company to comply with any order of the Board, on complaint made in regard thereto, be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided, and the Comptroller is authorized to deduct the amount from the said fund and pay the same to the claimant, on being directed to do so by the Board.

The repeal or amendment of section 65 of the Transportation Corporations Law, requiring the Company to extend its mains to supply gas to any building within 100 feet of its existing mains, upon application for the same, shall not be deemed to in any way affect the provisions of this contract, except that if such amendment requires the Company to do something in addition to or not inconsistent with the provisions of this contract, then, and in that case, the Company shall comply with both the provisions of this contract and the laws of the State in regard to such extensions.

Twentieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twenty-first—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation, merger or sale of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests, or enter into any agreement for a division of business, interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporations without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

In the event of any consolidation, sale or merger with any other gas company operating in the same territory whereby any duplication of plant or mains shall be effected, such duplication shall not be included in the assets on which a return is to be provided in fixing a reasonable rate.

Twenty-second—The Company hereby agrees and stipulates that any and all rights which by its incorporation it may now have or may hereafter acquire under the law, as it now exists or may be hereafter amended or altered, whereby it may purchase, acquire or hold stock, bonds or other evidences of indebtedness in any other corporation, are hereby waived; but the Company may exercise such rights upon acquiring the consent of the Board so to do, under such conditions as it may impose.

Twenty-third—The Company shall submit a report duly verified to the Board not later than November 1 of each year, for the year ending September 30 next preceding, which shall show the following:

1. Capital authorized—
 - (a) Preferred stock.
 - (b) Common stock.
 - (c) Bonds (classes to be specified).
 - (d) Debentures.
2. Capital issued—
 - (a) Preferred stock.
 - (b) Common stock.
 - (c) Bonds (classes to be specified).
 - (d) Debentures.
3. Amount of sinking fund.
4. Amount and rate of dividends paid during year.
5. Amounts and rates of interest paid on the various classes of bonds during the year.
6. Capacity attached to piping—
 - (a) Miles of mains.
 - (b) Street lights.
 1. Open flame.
 2. Mantle lights.
 - (c) House lights.
 - (d) Meters.
 - (e) Number of consumers for light.
 - (f) Number of consumers for fuel.
7. Highest price received for gas per thousand cubic feet.
8. Average price received for gas per thousand cubic feet.
9. Authorized price per thousand cubic feet.
10. Amount of gas manufactured during year.
11. Amount of gas sold during year.
12. Detailed statement of total cost of manufacture and distribution of entire amount of gas during year, showing also cost of manufacture and distribution of same per thousand cubic feet.
13. Balance sheet showing assets and liabilities in detail.
14. Detailed statement of cost of property situated in the Borough of Queens, showing miles and size of mains, number of meters, holders, buildings, machinery, manufactories, interior piping, lamps, service connections, etc., and cost of same, including, separately, value of franchise.
15. Detailed statement of amount of depreciation on above.
16. Detailed statement of present value of above.

17. Statement showing stock and bonds owned in other companies, setting forth names of companies, date of acquiring stock, par value, amount paid for and present value of same.

18. Statement showing number and location of factories and holders.

A detailed statement showing the kinds and quantities of residuals and the prices received for the same.

And such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing, the Company shall pay a penalty of twenty-five dollars (\$25) per day until such statement or copy of such report is rendered, and in default of such payment, the same, upon order of the Board, may be deducted from the security fund to be deposited by the Company with the Comptroller, as hereinafter provided.

Twenty-fourth—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain the standard fixed by the Board or by law, as set forth above, for the quality of gas furnished by it to the City or private consumers, or exceed the maximum pressure allowed by law, or fail to maintain its structures in good condition throughout the full term of its occupancy of such streets, or fail to comply with any provision of this contract, the Board may give written notice to the said Company, specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time said Company shall for each day thereafter during which the default or defect remains pay to the City the sum of one hundred dollars (\$100), as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, or in default of such payment, the same shall be a proper charge against and may be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided.

If, for a period of two consecutive weeks, the gas system of the Company shall not be operated, the Board may declare the right and franchise granted by this contract terminated without further proceedings in law or in equity, if it shall appear, in the judgment of said Board, that the same was not operated through the fault of the Company.

The Company shall, in the exercising of any and all the rights conferred on it by this contract, comply with all the provisions of chapter 429 of the Laws of 1907, establishing the "Public Service Commissions" of the State of New York, and all acts amendatory or additional thereto, and shall immediately upon obtaining the same, furnish to the Board, for filing among its records, a copy of the certificate required to be obtained by the Company under section 68 of such act, certified by the Commission having jurisdiction over the Company.

Twenty-fifth—The Company shall at all times keep accurate books of account, and shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts from all business done by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

And the said Comptroller shall at all times have access to the plant of said Company, and on reasonable notice be provided with an inventory thereof.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions of this contract, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that all property constructed and in use by virtue of this grant, shall thereupon become the property of the City without proceedings at law or in equity.

Twenty-seventh—This grant is upon the express condition that the Company, within thirty (30) days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of one thousand five hundred dollars (\$1,500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the Company. In case of the failure of the Company to comply with the terms of this contract relating to the filing of annual statements, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events the Company shall pay to the Comptroller of the City a penalty of one hundred and twenty-five dollars (\$125) for each violation.

The procedure for the imposition and collection of the penalties in the grant shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Comptroller, to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure, withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of one thousand five hundred dollars (\$1,500), and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then, and in such case, such other board, authority, officer or officers, shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-ninth—The words "notice," "demand" or "direction," wherever used in this contract, shall be deemed to mean a written notice, demand or direction. Every such notice, demand or direction to be served upon the Company shall be delivered at such office in The City of New York as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at The City of New York. Delivery or mailing of such notice, demand or direction as and when above provided, shall be equivalent to direct personal notice, demand or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways of the territory in which the Company is authorized to operate by this contract, and nothing contained herein shall be deemed to affect in any way the right of the City to grant a similar privilege upon the same or other terms and conditions to any other person or corporation in any part of the Borough of Queens.

Thirty-first—Whenever this contract requires the Company to do or refrain from doing something in addition to or not inconsistent with the laws of the State or the ordinances of the City, the Company shall be bound to observe the provisions of the contract or any amendments or modifications of the same. This provision shall be deemed to apply to any and all orders, requests and directions of all local authorities vested with powers by this contract, in addition to those conferred upon such authorities by the laws of the State and the ordinances of the City.

Section 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Brooklyn Union Elevated Railroad Company.

The Secretary presented the following:

REPORT No. F-54.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
October 1, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Brooklyn Union Elevated Railroad Company has presented to the Board of Estimate and Apportionment an application for the right to the exclusive use by the said company of two of the railroad tracks to be constructed upon the Manhattan Bridge and the approaches thereto. This petition was, on September 20 last, referred to the Chief Engineer for consideration and report.

The railroad company states that at the same time it has applied to the Public Service Commission for the First District for the right to extend its elevated railroad along certain streets in the Borough of Brooklyn, through which it would reach the southerly approach to the Manhattan Bridge. In the consideration of this application certain questions arise as to the jurisdiction of the Commissioner of Bridges, the Public Service Commission and the Board of Estimate and Apportionment over franchises to operate railroads across the Manhattan Bridge and its approaches. These questions are clearly stated in a report from the Engineer in charge of the Division of Franchises, which is herewith submitted, together with the application of the Brooklyn Union Elevated Railroad Company, with the recommendation that the Corporation Counsel be requested to advise the Board as to its precise jurisdiction, and as to whether it has the exclusive right to grant franchises to elevated railroads crossing the East river bridges.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
September 26, 1907.

NELSON P. LEWIS, Esq., Chief Engineer:

SIR—At a meeting of the Board of Estimate and Apportionment held September 20, 1907, a petition was received from the Brooklyn Union Elevated Railroad Company, asking the Board to grant exclusive rights to said company of two of the railroad tracks to be constructed on the upper tier of the Manhattan Bridge and the approaches thereto. The petition also recites that application on the same day was made to the Public Service Commission for the First District, for the right to extend said railroad along certain streets in the Borough of Brooklyn, and connecting with the southern approach of said bridge.

I take it from the petition that the company deems that under the law the Public Service Commission has the right to grant franchises for elevated railroads in the street, but not over the bridges. On the other hand, the Public Service Commission in laying out rapid transit railways has assumed jurisdiction not only over streets and under streets, but also over the several bridges, and the same is contained in the several routes as adopted by the said Commission.

In order that there may be no doubt as to the jurisdiction of the Commission and of the Board of Estimate and Apportionment, I would suggest that the Corporation Counsel be requested to advise the Board of its precise jurisdiction in this matter, and whether the exclusive right to grant franchises to elevated railroads crossing the East river bridges is vested in the Board of Estimate and Apportionment.

A copy of the petition of the Brooklyn Union Elevated Railroad Company is inclosed.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

Which was referred to the Corporation Counsel to advise the Board of its precise jurisdiction in the matter and whether the exclusive right to grant franchises to elevated railroads crossing the Manhattan and Blackwell's Island Bridges is vested in the Board of Estimate and Apportionment.

The full minutes of the meeting of this day will appear in the CITY RECORD at a later date.

JOSEPH HAAG, Secretary.

Board of Examiners, September 10, 1907.

Present—Messrs. Warren A. Conover, Charles Buck, Lewis Harding, Charles G. Smith, Edward F. Croker and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

The Chairman presented and read a letter from the appellant, in re Appeal 60 of 1907 (laid over at last meeting), which, on motion, was ordered on file; the appeal being laid over in accordance with request made by appellant.

Adjourned.

EDWARD V. BARTON, Clerk.

BOARD OF EXAMINERS.

Board of Examiners, September 17, 1907.

Present—Messrs. Warren A. Conover, Charles Buck, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 60 of 1907, laid over at last meeting by request of appellant.

The Chairman presented a communication from the appellant dated the 13th inst., which, on motion, was ordered on file.

Mr. Maurer and Mr. Connolly appeared before the Board, requesting permission to withdraw Appeal 60, which was granted, the Clerk being instructed to enter on the records:

Appeal 60, withdrawn by appellant.

Appeal 62 of 1907, New Building 810 of 1907, premises southeast corner of One Hundred and Forty-sixth street and Park avenue, The Bronx; Cleverdon & Putzel, architects and appellants.

That height of building exceeded height permitted by law:

The proposed structure, while exceeding the height prescribed by law for a wooden building above yard grade, does not exceed height allowable above curb.

The building proposed to be constructed of wood framing and covered with corrugated iron, the west side formed by brick wall of four-story fireproof factory, owned and occupied by the same owners, the east side 67 feet and the south side 64 feet 10 inches from adjoining buildings forming yard, the north side on street.

That the structure is on premises adjoining a fireproof factory and a considerable distance from adjoining buildings, as shown on accompanying diagram.

Mr. Cleverdon appeared before the Board.

On motion, approved, on condition that the height of the shed shall not exceed 15 feet above curb level.

Appeal 63 of 1907, Alteration 3121 of 1906, Violation 3628 of 1907, premises No. 136 Front street, Manhattan; S. A. McGuire, architect and appellant.

Erecting wooden tank on top of bulkhead and same not shown on plans approved.

The construction proposed is as required by the Fire Department.

That we be permitted to erect tank as proposed, as it improves the property.

We have put in a standpipe, and to do this it became necessary to raise the tank 20 feet to secure adequate pressure. The supports are steel, everything possible being done for security.

This standpipe system is in strict accordance with the regulations issued by the Fire Department, and as the work adds to the safety of the building, we ask your approval.

Mr. McGuire appeared before the Board.

On motion, denied.

Adjourned.

EDWARD V. BARTON, Clerk.

BOARD OF EXAMINERS.

Board of Examiners, September 24, 1907.

Present—Messrs. Warren A. Conover, Charles Buck, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 64 of 1907, New Building of 1907, northeast corner of St. Paul's place and Crooke avenue, Brooklyn; Blumenstein & McGlashan, architects and appellants.

That this building is a hotel and should comply with section 105 of the Building Code.

The rules and regulations of the President of the said Borough or the provisions of law or ordinances do not apply.

Under what classification should such a building be put in order properly to comply with the requirements of the Building Code (without being rendered prohibitive in cost, which would be the case if required to be fireproof)?

1. That this building has been specially planned (a) to do away with kitchens for each suite of rooms, thereby meeting the requirements of those who desire the accommodation of a superior apartment house without the fire risk and annoyances attendant upon a kitchen; (b) as a solution of the "servant problem" for this class of residence.

2. That this building differs from a hotel in that (a) it has not the requisite number of bedrooms called for by the law to meet the definition of a hotel; (b) it will not have furnished rooms ready for occupancy; (c) it has, on the other hand, unfurnished suites of rooms, with private halls and baths.

Mr. McGlashan appeared before the Board.

On motion, denied.

Appeal 65 of 1907, Alteration 1928 of 1907, Nos. 521 and 541 West Twenty-fifth street, Manhattan; Louis C. Maurer, architect and appellant.

4. Additional stairs are required.

5. Building exceeds area allowed for a non-fireproof structure, and should not be increased in height.

In addition to the enclosed rear outside iron stairs it is proposed to construct at the westerly side of main building at front, enclosed on all sides with brick walls, one continuous flight of stairs from entrance at ground floor to top story, having access to each floor by means of fireproof doors to each stair landing, making five continuous stairways all total.

The building, which is divided at the centre on the interior with solid brick partition wall full depth, and of same thickness as required by outside wall, having fireproof self-closing doors to each opening, practically makes it two buildings, with a small excess area of 400 square feet of floor surface to each division. The boiler is in a separate adjoining fireproof building, divided by brick walls, and the main building having no cellar.

4. Number of stairs to be increased from two to five by adding two outside enclosed iron stairways, and one adjoining the west front wall accessible to each floor.

5. That one additional story to the main building, now a four, to a five-story building.

4. For reason that by adding two outside enclosed iron stairways and one to west front wall accessible to each floor, which make equivalent to five (5) stairways, in number all that is required by law.

5. That the intended new story be used solely for storage purposes, such storage of a non-hazardous nature and not excessive as to height, being only five stories in all with the new story, and excess area being only 400 square feet to each division.

Mr. Maurer and Mr. Connolly appeared before the Board.

On motion, approved, on condition that the new stairs on the westerly side of building at front be made thoroughly fireproof.

Adjourned.

M. M. D. CLARK, Acting Clerk.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

From August 11 to August 31, inclusive, 142 operations were performed at Bellevue Hospital, 17 at Gouverneur Hospital, 27 at Harlem Hospital, and 24 at Fordham Hospital, at all of which the attending Surgeons or their Assistants were present.

The departmental estimate for 1908 asks an increase in appropriation for incidental expenses from \$3,000 to \$3,600, to meet the probable demand caused by the enlarged Gouverneur, Harlem and Fordham hospitals. It is recommended that the resolution of the Board of Aldermen of February 3, 1903, allowing the sum of \$300 a month, from time to time, not to exceed \$3,000, be increased to \$3,600.

It is recommended that the Board of Aldermen be requested to pass a resolution admitting the purchase, in the open market, of fresh fruit and vegetables by the several hospitals of the department, at a total cost not to exceed the sum of \$8,000.

Louis Friedman, the contractor for duck suits for members of the house staff, has not delivered satisfactory uniforms, and it has been necessary to purchase in the open market. Approval is requested for this action.

A rule is desirable that members of the house staff suffering from contagious diseases will be admitted to Minton Hospital, and the account paid by the City, and it is recommended that any member of the house staff taken sick in line of duty may be admitted to the wards of the hospital for treatment, and, if possible, he may be given a separate room. It is also recommended that any employee of the department who is taken sick in line of duty may be admitted to the wards of the hospital in which he is employed without charge.

The advertisement of the Commissioners of the Sinking Fund of the sale of the buildings constituting the plant of the Electric Light and Power Company, at 10 a. m., September 5, is reported.

In the report received from the Coroner's office in the case of an inquest of David Rodesky, Bellevue Hospital was censured for not giving proper treatment to deceased while under its care. It is the opinion of the writer that this censure was undeserved, and not justified by facts.

It is recommended that the Medical Boards of the Allied Hospitals be informed that no patients who are affected with tuberculosis or chronic diseases, or who are

prisoners, are to be kept in the hospitals if in a condition to be transferred to the proper wards for the treatment of such cases in Bellevue Hospital.

Attention is invited to the fact that Dr. Higgins, Visiting Surgeon of Fordham Hospital, has violated a rule of the Board of Trustees, in directing an admission to that hospital of a patient suffering from a condition that was not emergent. The said patient was not a resident of the hospital district, and stated that he was able to pay for services. Such patients, under the rule of the Board, were to be admitted only after reference to the General Medical Superintendent, which was not done in this case.

All persons who are employed in the wards of the hospital should be on the City payroll, and not maintained by private benefactors.

The Superintendent of the Training Schools requests authority to incur an expenditure, not to exceed \$15 per month, for the rental of an additional room in the vicinity of Harlem Hospital that is needed to accommodate Nurses.

There have been eight cases of typhoid fever among those who eat in the Nurses' dining-room at Gouverneur Hospital. Of the other eighty employees none has been affected, which would indicate that the filter plant and ice supply are intact, and that the infection is the result of either some particular food stuff that those who eat in this dining-room had or from some person who has carried the typhoid organism. The writer has inspected the hospital thoroughly, and it has been inspected by Dr. Huber of the Executive Committee of the Medical Board, and careful inspection has been made by the Director of Laboratories, Dr. Norris, and none of us has found anything in the condition of the institution which would cause this disease to develop. An inspection has also been requested by the Board of Health, and the results of their finding will be acted on if any recommendation is made of any modification of present methods.

On motion, duly seconded, it was

Resolved, That the recommendation that the resolution of the Board of Aldermen of February 3, 1903, allowing the sum of \$300 a month, from time to time, not to exceed \$3,000, be increased to \$3,600, be referred to the Secretary with power.

On motion, duly seconded, it was

Resolved, That, whereas, the purchase of fresh fruit and vegetables in the open market during the past year has resulted in a much better quality of articles of consumption, with little or no corresponding increase in the price; therefore be it

Resolved, That the Board of Trustees request the Board of Aldermen to authorize the purchase, without public letting, of fresh fruit and vegetables for the various hospitals of this department, at a total cost not to exceed the sum of \$8,000 for the ensuing year.

On motion, duly seconded, it was

Resolved, That Louis Friedman, the contractor for duck suits, be notified that the department is dissatisfied with the quality and fit of the goods supplied by him and that it is the intention of the department to purchase these uniforms in the open market, and charge the difference to his contract, because of failure on his part to comply with the terms.

On motion, duly seconded, it was

Resolved, That the suggestions of the General Medical Superintendent, with regard to the amendment of the rules relating to the treatment of members of the Medical Staff, who may be taken ill, be and the same are hereby referred to the Committee on Rules for consideration and report.

On motion, duly seconded, it was

Resolved, That the General Medical Superintendent be requested to acquire a copy of the Coroner's minutes in the case of David Rodesky, and that such copy be kept on file in the office.

On motion, duly seconded, it was

Resolved, That the Medical Boards of the various hospitals of this department, other than Bellevue, be informed that no patients affected with tuberculosis or other chronic complaint, and no prisoners are to be kept in those hospitals, but that such patients who may be proper subjects for detention in the hospitals of this department be transferred to Bellevue when in proper condition.

On motion, duly seconded, it was

Resolved, That all employees in the service of the department must be on the City payroll; that the presence of no employees, supported by private philanthropy or otherwise than as a regular employee of the hospital, can be permitted in the department.

On motion, duly seconded, it was

Resolved, That an expenditure not to exceed \$15 per month be permitted for the rental of an additional room in the vicinity of Harlem Hospital to accommodate two additional nurses.

On motion, duly seconded, it was

Resolved, That the Board of Health be requested to make an immediate investigation at Gouverneur Hospital for the purpose of determining the cause of the recent outbreak of typhoid among the employees of that institution; that the Board of Health be requested to communicate the result of its investigation to the General Medical Superintendent at the earliest possible moment, and that the General Medical Superintendent be instructed to request a special meeting of the Board of Trustees, should such course seem advisable to him.

New Business.

Mr. Tierney, the Acting President, brought up the question of allowing vacation to Miss Ferrier, Acting Supervising Nurse, at Fordham Hospital, and it was

Resolved, That in view of Miss Ferrier's exceptional service to the hospital in the trying period of removal from the old hospital building, that she be granted a vacation of two weeks, providing that the application is approved by the Superintendent of the Bellevue Training School for Nurses.

On motion, the Board adjourned.

J. K. PAULDING, Secretary.

BELLEVUE AND ALLIED HOSPITALS.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Tuesday, September 17, 1907, at 1 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. Tierney, Tack, Stern, Sachs and Paulding, Trustees.

The minutes of the two previous meetings were read and approved.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

From September 1 to September 14, inclusive, 98 operations were performed at Bellevue Hospital, 8 at Gouverneur Hospital, 18 at Harlem Hospital and 11 at Fordham Hospital, at all of which the attending Surgeons or their Assistants were present.

I regret to report that the General Superintendent of Training Schools informed me, on the morning of September 13, that she had received a letter calling attention to

an advertisement which appeared in the "New York Herald," and which read as follows: "Elective courses for post-graduate work are open to nurses at Bellevue and Allied Hospitals. Protestants preferred. Apply to General Superintendent of Nurses, Bellevue Hospital, East Twenty-sixth street." The General Superintendent of Training Schools informed me that the training school did not advertise in the newspapers, and that no such advertisement was inserted by her or with her approval. On investigation it was found that the advertisement had been left at the Thirty-fourth street office of the "Herald," and was paid for in cash by the person who left it. It was evidently written in a malicious spirit, with the intent to discredit the administration of the institution, and to give the impression that there was discrimination against those of Catholic or Hebrew faith. It is needless to state to the Board that there is no religious discrimination in this any more than in any other public school, and those who meet the educational qualifications necessary to admit them as probationers are admitted without question as to their religious faith. It is believed that every effort should be made to determine the source of this discreditable work.

Attention is invited to the fact that since the Nurses of the City Hospital Training School have been withdrawn from Fordham and Harlem Hospitals, that training school has at no time supplied to Gouverneur Hospital the number of Pupil Nurses that the hospital requires. At present there are 23 women Nurses, when there should be 33. On September 7 Commissioner Hebbard's attention was invited to the shortage, but I understand that training school has none to spare. In view of this fact, it is recommended that the Bellevue and Allied Hospital Training School be requested to assume supervision of the nursing at Gouverneur Hospital, and such Pupil Nurses as can be loaned by the City Hospital Training School will be gladly accepted there for duty.

The investigation by the Board of Health, while inviting attention to what it considered some minor faults at Gouverneur Hospital, did not indicate any source of the typhoid cases that occurred there, and I am glad to state that there has been no patient since September 9, and that all those affected are doing well.

In consequence of the failure of P. Lawless Sons, contractors for potatoes, to make deliveries of potatoes on August 7 to Harlem, Fordham and Gouverneur hospitals, it was necessary to purchase in the open market, in accordance with the authority conferred by the contract. The total amount of the bill is \$58.76, and I recommend that I be directed to refer the matter to the Corporation Counsel for collection.

This office received a letter from the International Union of Steam Engineers, in which they request that I make provision in the departmental estimate for an amount sufficient to pay the prevailing rate of wages, \$4.50 per day, to stationary engineers, and \$5 per day to portable engineers. They state in the communication that these figures were determined by a committee appointed by the Mayor to ascertain the rates that should prevail in Greater New York. This department, however, has not received from the Mayor's office any letter conveying such information.

It is recommended that the sum of \$3,000 be transferred from the appropriation for Supplies and Contingencies to the appropriation for new ambulances, horses, etc., in order to meet prospective deficiency caused by the heavy demands on this appropriation during the present year.

It is recommended that the salary of Norman Barton, one of the Night Operators, who has been in the department two years, be increased from \$25 to \$30 per month.

On motion, duly seconded, it was

Resolved, That the General Medical Superintendent be empowered to make the fullest investigation possible concerning the origin of the bogus advertisement inserted in the "Herald," with a view to bringing to punishment, as guilty of forgery, any person found to be responsible for the same.

On motion, duly seconded, it was

Resolved, That the recommendation that the Bellevue and Allied Hospital Training School be requested to assume supervision of the nursing at Gouverneur Hospital be referred to the President with power.

On motion, duly seconded, it was

Resolved, That the recommendation of the General Medical Superintendent that the bill of P. Lawless Sons, contractors, for potatoes, of \$58.76, be referred to the Corporation Counsel for collection, be approved.

On motion, duly seconded, it was

Resolved, That the recommendation that the sum of \$3,000 be transferred from the appropriation for Supplies and Contingencies to the appropriation for New Ambulances, Horses, etc., be approved.

On motion, duly seconded, it was

Resolved, That the salary of the Night Operator be increased from \$25 to \$30 per month.

Reports of Committees.

The Chairman of the Building Committee, to which was referred at the last meeting the bids for building the tunnel under Twenty-sixth street, reported against accepting any of the bids received, and, on motion, duly seconded, it was

Resolved, That, in the best interests of the City, all bids be rejected, and that an advertisement for new bids for building a tunnel under Twenty-sixth street, connecting Pavilions A and B of the New Bellevue Hospital with the Training School for Women Nurses, be inserted in the CITY RECORD without delay.

Communications.

A communication dated September 7, 1907, was received from the Department of Docks and Ferries, relative to pier at Twenty-eighth street, and use of portion of Bellevue Hospital grounds.

On motion, duly seconded and carried, this letter was placed on file.

A communication dated September 13, 1907, was received from McKim, Mead & White, submitting plans for fixtures for Pavilions A and B.

On motion, duly seconded and carried, it was referred to the Building Committee for investigation and report.

A communication dated September 3, 1907, was received from the General Inspector, reporting on progress of work, Pavilions A and B.

On motion, duly seconded and carried, this report was placed on file.

Two communications were received from Parish & Schroeder, dated September 9 and 10, 1907, reporting on the progressive work on Training School for Women Nurses.

On motion, duly seconded and carried, these letters were placed on file.

A communication dated September 9, 1907, was received from John H. Parker & Co., requesting balance of money for construction of the new Fordham Hospital.

On motion, duly seconded and carried, this letter was referred to the President for reply.

A communication, dated September 13, 1907, was received from R. F. Almirall, reporting incomplete items in work of J. H. Parker Company, at Fordham Hospital.

On motion, duly seconded and carried, this letter was referred to the President for reply.

A communication, dated September 14, was received from R. F. Almirall, relative to incomplete and defective work at Gouverneur Hospital, for which John R. Sheehan is responsible.

On motion, duly seconded and carried, it was

Resolved, That the revised estimate of Mr. Almirall of \$6,875, for repairing incomplete and defective work at Gouverneur Hospital be accepted.

A lien of Herrmann & Grace against John R. Sheehan, dated September 13, 1907, was received, and, on motion, duly seconded and carried, it was placed on file.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, OCTOBER 14, 1907,

at 11 a. m., at the office of the Collector of City Revenue and Markets, Room 141, No. 280 Broadway, Borough of Manhattan, Parcel 1 and Parcels 2 and 8, excepting so much thereof as lies west of Leggett's creek, as shown on the map filed with judgment roll, entered December 1, 1899, in the matter of the Mayor, Aldermen and Commonalty of The City of New York against the East Bay Land and Improvement Company, which said parcels or portions thereof were included in the deed made by the East Bay Land and Improvement Company to The City of New York, recorded in the Register's Office of the County of New York, December 11, 1899, in Volume 23, page 211, Section 10 on the land maps of the County of New York. The minimum or upset price at which said property shall be sold is hereby fixed at twenty-seven thousand five hundred dollars (\$27,500), and the sale is to be had upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid, together with the auctioneer's fees, at the time of sale. The deed, which shall be a quit-claim deed, is to be delivered within thirty days after the date of the sale. The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from such resale. The right is reserved to reject any or all bids. Map of real estate may be seen on application at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund under resolution adopted September 20, 1907.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 7.

SEVENTH AVENUE—SEWER, west side, between One Hundred and Forty-fifth and One Hundred and Forty-sixth streets. Area of assessment: West side of Seventh avenue, from One Hundred and Forty-fifth street to One Hundred and Forty-sixth street.

—that the same was confirmed by the Board of Assessors on October 1, 1907, and entered on October 1, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before November 30, 1907, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, OCTOBER 21, 1907,

at 12 o'clock m., at the Comptroller's Office, Room 141, No. 280 Broadway, Borough of Manhattan, all the right, title and interest of The City of New York in and to the following property, which it has by virtue of a lease from the Supervisor of the Town of Gravesend and afterwards conveyed to the City of Brooklyn, which lease is dated December 28, 1895, and recorded in the Kings County Register's Office on December 31, 1895, in Section 21, Liber 1 of Conveyances, at page 500; all that certain lot, piece or parcel of land situate, lying and being in the Thirty-first Ward of the Borough of Brooklyn, City of New York, known as and by the number 13 on the assessment map for grading Sea Breeze avenue, from East Fifth to West Fifth street, in the former Town of Gravesend, later City of Brooklyn, now Thirty-first Ward of the Borough of Brooklyn, which lease thereof for 100 years was sold on January 11, 1893, for the sum of \$53.78, and which lease was for the unexpired term conveyed to the City of Brooklyn by the Supervisor of the Town of Gravesend on December 28, 1895.

The minimum or upset price at which the said land is to be sold and is hereby appraised at the sum of \$101.14, being the sum of \$53.78, together with interest at the rate of 6 per cent. per annum to date of sale; the purchaser in addition thereto to pay the auctioneer's fees and \$100 for the expense of examination, advertising, etc. The sale of the said premises is to be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money, together with the auctioneer's fee, at the time of sale, together with the further sum of \$100 for expenses of examination, advertising, conveyance, etc., the quit-claim deed for the above-described premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held September 20, 1907.

NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK NOW KNOWN AS THE BOROUGH OF RICHMOND, FOR UNPAID TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES, ASSESSMENTS AND WATER RENTS, STEWART BUILDING, No. 280 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK CITY, August 10, 1907.

UNDER THE DIRECTION OF HERMAN A. METZ, Comptroller of The City of New York, the undersigned hereby gives public notice, pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assessments and Arrears, at his office in the Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York;

And that, if default shall be made in such payment, such lands and tenements will be sold at public auction, in Room 129, Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York, on

WEDNESDAY, NOVEMBER 20, 1907.

at 10 o'clock in the forenoon of that day, for the lowest term of years at which any person shall offer to take the same, in consideration of advancing the said taxes or assessments, as the case may be, and the interest thereon as aforesaid, to the time of sale, together with the charges of this notice and advertisement, and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given that a detailed statement of such taxes and assessments and the ownership of the property taxed and on which such taxes and assessments remain unpaid, is published in a pamphlet and that copies of the said pamphlet are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of Manhattan and Richmond, and will be delivered to any person applying for the same.

DANIEL MOYNAHAN,
Collector of Assessments and Arrears
of The City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BRIGGS AVENUE (although not yet named by proper authority), from the Bronx river to Pelham Bay Park, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of October, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 4th day of November, 1907, at 2 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 1st day of November, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the southeasterly line of Station place with the northwesterly prolongation of a line drawn parallel to and distant 500 feet southwesterly from the southwesterly line of that part of Briggs avenue lying east of White Plains road; thence northeasterly along said southeasterly line of Station place and its northeasterly prolongation to an intersection with the easterly line of Bronx river; thence northerly along the easterly line of Bronx river to its intersection with the northwesterly prolongation of a line drawn parallel to and distant 500 feet northwesterly from the northeasterly line of that part of Briggs avenue lying east of White Plains road; thence southeasterly along said prolongation and parallel line and its southeasterly prolongation to an intersection with a line drawn parallel to the northerly right of way line of the New York, New Haven and Hartford Railroad, and distant 175 feet southerly therefrom; thence westerly along said parallel line to its intersection with the southeasterly prolongation of a line drawn parallel to the southwesterly line of Briggs avenue and distant 500 feet southwesterly therefrom; thence northwesterly along said prolongation and parallel line and its northwesterly prolongation to the point or place of beginning; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said supplemental and amended abstracts, our supplemental and amended final report herein will be presented for confirmation to the Supreme Court of The State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 21st day of January, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said supplemental and amended abstracts of estimate and assessment, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, October 3, 1907.

FIRST DEPARTMENT.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel of The City of New York, pursuant to the provisions of chapter 4 of the Laws of 1891 and the several statutes amendatory thereof and supplemental thereto, to make application to the Supreme Court of the State of New York at Special Term, Part III. thereof, to be held in and for the County of New York, at the County Court House, in the Borough of Manhattan, City of New York, on the 29th day of October, 1907, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of three disinterested freeholders, residents of The City of New York, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property, rights, franchises, easements or privileges sought to be taken, or acquired by The City of New York or which may be affected or damaged by this proceeding.

The City of New York by this proceeding seeks to acquire a permanent and perpetual underground right, easement and right of way and also a temporary right or easement for the construction, maintenance and operation in perpetuity of a rapid transit railroad in accordance with the routes adopted by the Board of Rapid Transit Railroad Commissioners by resolution, adopted on the 25th day of May, 1905, and approved by the Board of Estimate and Apportionment of The City of New York on the 14th day of July, 1905, and approved by the Mayor of The City of New York on the 28th day of July, 1905, and consented to by an order of the Appellate Division of the Supreme Court, First Judicial Department, made and entered on or about the 12th day of March, 1907, which railroad is further described in the contract for the construction thereof, made by The City of New York acting by the said Board of Rapid Transit Railroad Commissioners and the Degnon Contracting Company, dated May 9, 1907, the subway or subways for said railroad to be constructed substantially as shown in said contract and upon the maps or plans adopted by the Public Service Commission, for the First District of the State of New York, on the 29th day of August, 1907.

The premises to be subject to such permanent and perpetual underground right, easement and right of way, and also to such temporary right or easement, are briefly described as portions of certain lots or parcels of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York, on the 29th day of August, 1907, as lots numbers 3, 4, 5, 7, 8, 9, 10 and 11, which lots taken together form a parcel of land, occupying the entire street front on the southerly side of Walker street, between Baxter and Centre streets, with a frontage on the westerly side of Baxter street extending about 99 feet 11 inches southerly from the southerly side of Walker street, and with a frontage on the easterly side of Centre street extending about 128.81 feet southerly from the southerly side of Walker street, in the Borough of Manhattan, in The City of New York.

A fuller statement, setting forth the location and boundaries of the several lots or parcels of property and rights, franchises, easements or privileges sought to be taken, or affected, and a brief statement as to each of said lots or parcels, of the title, interest, rights, easements, terms or privileges therein or appurtenant thereto sought to be acquired by The City of New York, is annexed to each of three similar maps adopted by the Public Service Commission for the First District of the State of New York on the 29th day of August, 1907, and which said maps were filed, one in the office of the President of the Borough of Manhattan, City of New York, on the 4th day of September, 1907; one in the office of the Public Service Commission for the First District of the State of New York, at No. 154 Nassau street, Borough of Manhattan, City of New York, on the 29th day of August, 1907; and one in the office of the Register of the County of New York, on the 11th day of September, 1907.

Dated New York, September 16, 1907.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to TAYLOR STREET (although not yet named by proper authority), from Morris Park avenue to West Farms road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of

all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of October, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 29th day of October, 1907, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of October, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northerly prolongation of a line parallel to and distant one hundred (100) feet westerly of the westerly line of Van Buren street and a line parallel to and distant three hundred (300) feet northerly of the northerly line of Morris Park avenue; running thence easterly along said last mentioned parallel line to Morris Park avenue, to its intersection with the northerly prolongation of a line parallel to and distant one hundred (100) feet easterly of easterly line of Fillmore street; thence southerly along said northerly prolongation and parallel line and its southerly prolongation to its intersection with the northerly line of the New York, New Haven and Hartford Railroad; thence again southerly along a straight line to the point of intersection of a line parallel to and distant one hundred (100) feet southerly of the southerly line of West Farms road with the middle line of the block between Saxe avenue and Cottage Grove avenue; thence westerly along said last mentioned parallel line to its intersection with the middle line of the blocks between Theriot avenue and Saxe avenue; thence southerly along said middle line to its intersection with a line parallel to and distant one hundred (100) feet north of the northerly line of Archer place; thence westerly along said parallel line to its intersection with the middle line of the blocks between Harrison avenue and Theriot avenue; thence southerly along said middle line to its intersection with a line parallel to and distant one hundred (100) feet north of the northerly line of the blocks between Clason Point road and Harrison avenue; thence northerly along said middle line to its intersection with a line parallel to and distant one hundred (100) feet north of the northerly line of Archer place; thence westerly along said parallel line and its westerly prolongation to its intersection with the middle line of the blocks between St. Lawrence avenue and Clason Point road; thence northerly along said middle line to its intersection with a line parallel to and distant one hundred (100) feet southerly of the southerly line of West Farms road; thence westerly along said parallel line to a point midway between Commonwealth avenue and St. Lawrence avenue; thence northerly along a straight line from said point to its intersection with a line parallel to and distant one hundred (100) feet westerly of the westerly line of Van Buren street where same intersects the northerly line of the New York, New Haven and Hartford Railroad; thence northerly along said last mentioned parallel line and its northerly prolongation to the point or place of beginning; as such area is shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 3d day of December, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the easterly line of TENTH AVENUE, between Fifth and Fifty-first streets, in the Borough of Manhattan, City of New York, duly selected as a site for a public library, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, Room 1405, No. 277 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, September 28, 1907, file their ob-

jections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 10th day of October, 1907, at 2 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, September 27, 1907.
S. STANWOOD MENKEN,
ADAM T. SCHNEIDER,
EZEKIEL R. THOMPSON,
Commissioners.

SUPREME COURT—NINTH JUDICIAL DISTRICT.

NINTH JUDICIAL DISTRICT.

WESTCHESTER COUNTY.

Catskill Aqueduct, Section No. 1.

In the matter of the application and petition of Edward Simmons, Charles A. Shaw and Charles N. Chadwick, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of the City of New York, under chapter 724 of the Laws of 1905 and the acts amendatory thereof, in the Towns of Yorktown and Cortlandt, Westchester County, New York, for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN that the Third Separate Report of Edward G. Whitaker, William C. Kellogg and Arthur W. Lawrence, who were appointed Commissioners of Appraisal in the above entitled matter, by an order of this Court made at a Special Term thereof, held at the Court House at White Plains, Westchester County, N. Y., January 19, 1907, was filed in the office of the Clerk of the County of Westchester on the 13th day of September, 1907, and affects Parcels Numbers Forty-seven (47), Forty-six (46) and Forty-eight (48), shown on the map in this proceeding.

Notice is further given that an application will be made at a Special Term of the Supreme Court of the State of New York, to be held in and for the Ninth Judicial District, at the Justice's Chambers, in the City of New Rochelle, Westchester County, New York, on the 26th day of October, 1907, at 10 o'clock in the forenoon of that day or as soon thereafter as Counsel can be heard, for an order confirming said report and for such other and further relief as may be just.

Dated New York, September 30, 1907.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereto at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
