Admissions: a cumulative measure of individuals admitted to DOC custody over time

The 16 charts included in this report adhere to the following format:

* Defendants with no bail set are those with remands in all of their cases. Bail figures indicate any individual admitted with bail set on a case; bail may not be the sole reason for the detention.

** $1 bail is used to account for time spent in jail by a defendant who is already in jail for another case or hold.

***Individuals with amount pending have had bail posted but are awaiting surety review to determine if the source of the funds is legitimate.
