**HUMAN RESOURCES ADMINISTRATION**

■ INTENT TO AWARD

*Human Services/Client Services*

**06922Y0084-GOOD JOBS CHALLENGE** - Request for Information - PIN# 06922Y0084 - Due 1-4-22 at 2:00 P.M.

The Human Resources Administration/Office of Employment & Support Administration, is seeking to award a sole source procurement with the Consortium for Worker Education for the Good Jobs Challenge. DSS/HRA will serve as the lead applicant in response to a recent Notice of Funding Opportunity (NOFO) from the Federal Economic Development Administration (EDA). The NOFO provides for grants of up to \$25 million each in support of sectoral partnerships designed to connect jobseekers to training and placement services, with employers in high-demand sectors of the local economy. The grant parameters specifically require applicants to identify a "backbone

organization” for each proposed sectoral partnership. Backbone organizations offer well-established partnerships of employers from the same sector, who ally with stakeholders from government, education, economic development, organized labor, and/or community groups to develop workforce solutions that meet the local talent needs of that industry.

The target sector for our proposal is Industrial/Transportation. We plan to use the grant funds, if awarded, to procure a contractor to provide career readiness, training, job development, and to create apprenticeship pathways specific to that industry, and to identify partners for training, union apprenticeships, and employment.

Based upon these criteria, as well as the application partners’ comprehensive knowledge of the provider community in this area, DSS/HRA has concluded that the only organization within New York City that fits the parameters of this grant is the Consortium for Worker Education (CWE), to provide curriculum design and access to employment and union jobs. The contract will be for three years with an estimated budget of 1,500,000.00. The EDA Good Jobs Challenge Notice of Funding Opportunity has indicated a competitive preference for union jobs and apprenticeships. CWE is the only provider organization in New York City remotely approaches this set of relationships, or could add as much, as quickly, to our application. No other provider in New York City has the demonstrated knowledge and experience in creating new registered apprenticeships in the transportation sector in partnership with the Department of Labor. Among the outcomes we expect CWE to provide are developing systems and processes to measure and track key outcomes and metrics; delivering quality skills training to place HRA clients into career-track jobs; and offering technical assistance for employers to retain and advance workers placed through this program.

Any firm or organization which believes they can also provide this service is invited to respond to the RFI “06922Y0084-SOLE SOURCE-GOOD JOBS CHALLENGE on PASSPort. If you have any questions, please email, ”frazierjac@dss.nyc.gov”, with the subject line “06922Y0084-SOLE SOURCE-GOOD JOBS CHALLENGE“. Please indicate your interest by responding to the RFI EPIN: 06922Y0084 in PASSPort, no later than January 4, 2022, 2:00 P.M.

**HEALTH AND MENTAL HYGIENE**

■ NOTICE

**ORDER OF THE COMMISSIONER OF HEALTH AND MENTAL HYGIENE TO REQUIRE COVID-19 VACCINATION FOR NONPUBLIC SCHOOL STAFF**

**WHEREAS**, on March 12, 2020, Mayor Bill de Blasio issued Emergency Executive Order No. 98 declaring a state of emergency in the City to address the threat posed by COVID-19 to the health and welfare of City residents, and such order remains in effect; and

**WHEREAS**, on March 25, 2020, the New York City Commissioner of Health and Mental Hygiene declared the existence of a public health emergency within the City to address the continuing threat posed by COVID-19 to the health and welfare of City residents, and such declaration and public health emergency continue to be in effect; and

**WHEREAS**, on November 26, 2021, New York State Governor Kathy Hochul, pursuant to Section 28 of Article 2-B of the Executive Law, found that New York is experiencing COVID-19 transmission at rates the State has not seen since April 2020 and that the rate of new COVID-19 hospital admissions has been increasing over the past month to over 300 new admissions a day due to the Delta variant, and therefore declared a State disaster emergency for the entire State of New York through January 15, 2022; and

**WHEREAS**, on November 26, 2021, the World Health Organization ("WHO") declared the new COVID B.1.1.529 variant, named Omicron, a variant of concern because it has a large number of mutations and preliminary evidence suggests an increased risk of reinfection and spread across the world, including to the United States; and

**WHEREAS**, pursuant to Section 558 of the New York City Charter (the "Charter"), the Board of Health may embrace in the Health Code all matters and subjects to which the power and authority of the Department of Health and Mental Hygiene ("the Department") extends; and

**WHEREAS**, pursuant to Section 556 of the Charter and Section 3.01(c) of the Health Code, the Department is authorized to supervise the control of communicable diseases and conditions hazardous to life and health and take such actions as may be necessary to assure the maintenance of the protection of public health; and

**WHEREAS**, the WHO and the U.S. Centers for Disease Control and Prevention ("CDC") have advised all individuals to take measures to reduce their risk of COVID-19, especially the Delta and Omicron variants, including vaccination, which is an effective tool to prevent the spread of COVID-19 and benefits both vaccine recipients and those they come into contact with, including persons who for reasons of age, health, or other conditions cannot themselves be vaccinated; and

**WHEREAS**, the CDC has recommended that school teachers and staff be "vaccinated as soon as possible" because vaccination is "the most critical strategy to help schools safely resume full operations [and] is the leading public health prevention strategy to end the COVID-19 pandemic;" and

**WHEREAS**, on November 30, 2021, the federal Administration for Children and Families issued an interim final rule requiring that all Head Start staff and volunteers working in classrooms or directly with children be vaccinated for COVID-19 by January 31, 2022; and

**WHEREAS**, Section 17-104 of the Administrative Code of the City of New York directs the Department to adopt prompt and effective measures to prevent the communication of infectious diseases such as COVID-19, and in accordance with Section 17-109(b), the Department may adopt vaccination measures to effectively prevent the spread of communicable diseases; and

**WHEREAS**, the City is committed to safe, in-person learning in all preschool to grade 12 schools, following public health science; and

**WHEREAS**, more than 240,000 students across the City attend nonpublic schools, including students in the communities that have been disproportionately affected by the COVID-19 pandemic and students who are too young to be eligible to be vaccinated; and

**WHEREAS**, a system of vaccination for individuals working in nonpublic schools will potentially save lives, protect public health, and promote public safety; and

**WHEREAS**, pursuant to Section 3.01(d) of the Health Code, I am authorized to issue orders and take actions that I deem necessary for the health and safety of the City and its residents when urgent public health action is necessary to protect the public health against an existing threat and a public health emergency has been declared pursuant to such section; and

**WHEREAS**, on September 12, 2021, I issued an Order requiring COVID-19 vaccinations for individuals working in certain covered child care programs, as defined therein; and

**WHEREAS**, on September 15, 2021, I issued and on September 28, 2021, I amended, an Order requiring COVID-19 vaccination for DOE employees, contractors, and others who work in-person in New York City Department of Education ("DOE") school settings or DOE buildings and for staff of NYC charter schools; and

**WHEREAS**, on November 17, 2021, I issued an Order requiring COVID-19 vaccinations for staff of child care programs, as defined therein, and in early intervention programs; and

**NOW THEREFORE I**, Dave A. Chokshi, MD, MSc, Commissioner of Health and Mental Hygiene, finding that a public health emergency within New York City continues, and that it is necessary for the health and safety of the City and its residents, do hereby exercise the power of the Board of Health to prevent, mitigate, control and abate the current emergency, do hereby order that:

2. All staff members at any nonpublic school hired on or after the effective date of this Order must provide proof of vaccination against COVID-19 to their employer on or before their start date, except as provided in paragraph 6 of this Order.
3. Nonpublic schools to whom staff must submit proof of vaccination status, must securely maintain a record of such submission, either electronically or on paper, and must make such records immediately available to the Department, or its designee, upon request. These records must include the following:

  - (b) The type of proof of vaccination submitted; the date such proof was collected; and whether the person is fully vaccinated, as defined in this Order.
  - (c) For any staff member who submits proof of the first dose of a two-dose vaccine, the date by which proof of the second dose must be provided, which must be no later than 45 days after the proof of first dose was submitted.

(d) For any staff member who does not submit proof of COVID-19 vaccination because of a reasonable accommodation, the record must indicate that such accommodation was provided, and the employer must separately maintain records stating the basis for such accommodation and the supporting documentation provided by such staff in accordance with applicable laws, including the Americans with Disabilities Act.

4. No later than December 28, 2021, nonpublic schools must electronically submit an initial affirmation of compliance with the requirements of paragraph 3 of this Order in the form prescribed by the Department, and such nonpublic schools must also submit follow up affirmations in the form prescribed by the Department by February 17, 2022, to demonstrate that all staff are fully vaccinated.

5. For the purposes of this Order:

“Fully vaccinated” means at least two weeks have passed after an individual received a single dose of a COVID-19 vaccine that only requires one dose, or the second dose of a two-dose series of a COVID-19 vaccine approved or authorized for use by the Food and Drug Administration or World Health Organization, or any other circumstance defined by the Department in its guidance associated with this Order.

“Nonpublic school” means any location other than a DOE or charter school setting, as defined in my Order of September 15, 2021, where instruction and related services are provided to students from preschool through grade 12, or any portion thereof, such as only elementary or only secondary school, and includes:

- (a) locations providing such instruction and related services:

  - (ii) pursuant to New York State Education Law section 3204; and
- (b) residences of students receiving home instruction from a school other than a DOE or charter school.

“Nonpublic school” does not include “covered child care programs,” “child care programs,” or “early intervention provider” as defined in my Orders of September 12, 2021, and November 17, 2021.

“Nonpublic school staff” means staff serving students in nonpublic schools and includes (i) full or part-time employees and (ii) all unpaid adults serving in nonpublic school settings including, but not limited to, student teachers and volunteers supporting school functions.

6. Nothing in this Order shall be construed to prohibit any reasonable accommodations otherwise required by law.

7. This Order shall be effective immediately and remain in effect until rescinded, subject to the authority of the Board of Health to continue, rescind, alter, or modify this Order pursuant to Section 3.01(d) of the Health Code.

**WHEREAS**, on March 25, 2020, the New York City Commissioner of Health and Mental Hygiene declared the existence of a public health emergency within the City to address the continuing threat posed by COVID-19 to the health and welfare of City residents, and such declaration and public health emergency continue to be in effect; and

**WHEREAS**, the COVID-19 virus continues to spread and mutate, and on November 26, 2021, the World Health Organization (“WHO”) declared a new variant of COVID-19, named Omicron, a variant of concern and preliminary evidence suggests an increased risk of reinfection and spread across the world, including to the United States; and

**WHEREAS**, on November 26, 2021, New York State Governor Kathy Hochul issued Executive Order No. 11 to address new emerging threats across the State posed by COVID-19, finding that New York is experiencing COVID-19 transmission at rates the State has not seen since April 2020 and that the rate of new COVID-19 hospital admissions has been increasing over the past month to over 300 new admissions a day; and

**WHEREAS**, COVID-19 spreads when an infected person exhales the virus and these are breathed in by other people or land on their eyes, noses, or mouth, with people closer than 6 feet from the infected person most likely to get infected, making the risk of COVID-19 transmission greater in workplace settings because of close proximity to others and the sharing of office space and facilities such as restrooms, elevators, lobbies, meeting and break rooms, and other common areas; and

**WHEREAS**, the WHO and the U.S. Centers for Disease Control and Prevention (“CDC”) have advised all individuals to take measures to reduce their risk of COVID-19, especially the Delta and Omicron variants, including vaccination, which is an effective tool to prevent the spread of COVID-19 and benefits both vaccine recipients and those they come into contact with, including persons who for reasons of age, health, or other conditions cannot themselves be vaccinated; and

**WHEREAS**, a study by Yale University demonstrated that the City’s vaccination campaign was estimated to have prevented about 250,000 COVID-19 cases, 44,000 hospitalizations and 8,300 deaths from COVID-19 infection since the start of vaccination through July 1, 2021, and the City believes the number of prevented cases, hospitalizations and death has risen since then; and that between January 1, 2021, and June 15, 2021, over 98% of hospitalizations and deaths from COVID-19 infection involved those who were not fully vaccinated;

**WHEREAS**, a system of vaccination that requires employers to implement vaccination policies for their employees will potentially save lives, protect public health, and promote public safety; and

**WHEREAS**, on September 9, 2021, President Biden issued an Executive Order stating that “It is essential that Federal employees take all available steps to protect themselves and avoid spreading COVID-19 to their co-workers and members of the public,” and ordering each federal agency to “implement, to the extent consistent with applicable law, a program to require COVID-19 vaccination for all of its Federal employees, with exceptions only as required by law”; and

**WHEREAS**, on August 16, 2021, Mayor Bill de Blasio signed Emergency Executive Order No. 225, the “Key to NYC,” which requires the employees, as well as patrons, of establishments providing indoor entertainment, dining, and fitness to show proof of at least one dose of an approved COVID-19 vaccine, and such Order, as reissued in Emergency Executive Order No. 316 on December 13, 2021, is still in effect; and

**WHEREAS**, on August 24, 2021, I issued an Order requiring that Department of Education employees, contractors, and visitors provide proof of COVID-19 vaccination before entering a DOE building or school setting, and such Order was re-issued on September 12 and 15, 2021, and subsequently amended on September 28, 2021, and such Orders and amendment were ratified by the Board of Health on September 17, 2021 and October 18, 2021; and

**WHEREAS**, on September 12, 2021, I issued an Order requiring that staff of early childhood programs or services provided under contract with the Department of Education or the Department of Youth and Community Development provide proof of COVID-19 vaccination, and that Order was ratified by the Board of Health on September 17, 2021; and

**WHEREAS**, on October 20, 2021, I issued an Order requiring that City employees provide proof of vaccination to their agencies or offices by October 29, 2021 or be excluded from their workplace, and on October 31, 2021, I issued a supplemental Order, and both Orders were ratified by the Board of Health on November 1, 2021; and

**WHEREAS**, on November 17, 2021, I issued an Order requiring COVID-19 vaccinations for staff of child care programs, as defined therein, and in early intervention programs, and such Order was ratified by the Board of Health on November 19, 2021; and

**WHEREAS**, on December 2, 2021, I issued an Order requiring COVID-19 vaccinations for all nonpublic school staff and volunteers; and

**WHEREAS**, pursuant to Section 558 of the New York City Charter (the "Charter"), the Board of Health may embrace in the Health Code all matters and subjects to which the power and authority of the Department of Health and Mental Hygiene ("the Department") extends; and

**WHEREAS**, pursuant to Section 556 of the Charter and Section 3.01(c) of the Health Code, the Department is authorized to supervise the control of communicable diseases and conditions hazardous to life and health and take such actions as may be necessary to assure the maintenance and protection of public health; and

**WHEREAS**, Section 17-104 of the New York City Administrative Code ("Administrative Code") directs the Department to adopt prompt and effective measures to prevent the communication of infectious diseases such as COVID-19, and in accordance with Section 17-109(b) of Administrative Code, the Department may adopt vaccination measures to effectively prevent the spread of communicable diseases; and

**WHEREAS**, pursuant to Section 3.01(d) of the Health Code, I am authorized to issue orders and take actions that I deem necessary for the health and safety of the City and its residents when urgent public health action is needed to protect the public health against an existing threat and a public health emergency has been declared pursuant to such section; and

**NOW THEREFORE**, I, Dave A. Chokshi, MD, MSc, Commissioner of the Department of Health and Mental Hygiene, finding that a public health emergency within New York City continues, and that it is necessary for the health and safety of the City and its residents, do hereby exercise the power of the Board of Health to prevent, mitigate, control and abate the current emergency, and hereby order that:

2. Covered entities shall verify workers' proof of vaccination. Covered entities shall:
  - a. maintain a copy of each worker's proof of vaccination and, if applicable, a record of reasonable accommodation(s) as described in (b)(iv); *OR*
  - b. maintain a record of such proof of vaccination, provided that such record shall include:
    - i. the worker's name; and
    - ii. whether the person is fully vaccinated; and

  - c. check the proof of vaccination before allowing a worker to enter the workplace and maintain a record of the verification.

For a non-employee worker, such as a contractor, a covered entity may request that the worker's employer confirm the proof of vaccination in lieu of maintaining the above records. A covered entity shall maintain a record of such request and confirmation.

Records created or maintained pursuant to this section shall be treated as confidential.

A covered entity shall, upon request by a City agency, make available for inspection records required to be maintained by this section, consistent with applicable law.

    - i. A CDC COVID-19 Vaccination Record Card or other official immunization record from the jurisdiction, city, state, or country where the vaccine was administered, or from a healthcare provider or other approved immunizer who administered the vaccine, that provides the person's name, vaccine brand, and date of administration. A digital photo or photocopy of such record is also acceptable.
    - ii. New York City COVID Safe App showing a vaccination record;
    - iii. A valid New York State Excelsior Pass/Excelsior Pass Plus;

  7. This Order shall take effect immediately, and remain in effect until rescinded, subject to the authority of the Board of Health to continue, rescind, alter, or modify this Order pursuant to Section 3.01(d) of the Health Code.

**ORDER** that all DOE and charter school students participating in high risk extracurricular activities who are eligible to be vaccinated must be fully vaccinated to participate.

For the purposes of this Order:

"Fully vaccinated" means at least two weeks have passed after an individual received a single dose of a vaccine that requires only one dose or the second dose in a two-dose series of a COVID-19 vaccine authorized for use by the U.S. Food and Drug Administration or the World Health Organization, *provided, however, that:*

- (iii) A charter school student who participates in a high risk extracurricular activity other than PSAL sports will be deemed to have satisfied the requirement to be fully vaccinated if the student receives the first dose of a vaccine by December 14, 2021.
- (iv) A student who is starting a new high risk extracurricular activity will be deemed to have satisfied the requirement to be fully vaccinated if the student receives the first dose of a vaccine by the start of such activity.

In cases described in items (i) through (iv), the student must complete the second dose, if required for the type of vaccine received, in accordance with the applicable schedule for that vaccine (*e.g., currently 3 weeks after first shot for the Pfizer vaccine and 4 weeks after first shot for the Moderna vaccine, or such other timeline given for any other authorized vaccine*).

DOE students age 12 and over participating in high-risk extracurricular activities and charter students participating in PSAL sports continue to be required to be fully vaccinated as was required by the September 15, 2021 Order, herein rescinded and replaced.

"High risk extracurricular activities" means:
