Human Services / Client Services

06922Y0084-GOOD JOBS CHALLENGE - Request for Information - PIN# 06922Y0084 - Due 1-4-22 at 2:00 P.M.

The Human Resources Administration/Office of Employment & Support Administration, is seeking to award a sole source procurement with the Consortium for Worker Education for the Good Jobs Challenge. DSS/HRA will serve as the lead applicant in response to a recent Notice of Funding Opportunity (NOFO) from the Federal Economic Development Administration (EDA). The NOFO provides for grants of up to \$25 million each in support of sectoral partnerships designed to connect jobseekers to training and placement services, with employers in high-demand sectors of the local economy. The grant parameters specifically require applicants to identify a "backbone organization" for each proposed sectoral partnership. Backbone organizations offer well-established partnerships of employers from the same sector, who ally with stakeholders from government, education, economic development, organized labor, and/or community groups to develop workforce solutions that meet the local talent needs of that industry.

The target sector for our proposal is Industrial/Transportation. We plan to use the grant funds, if awarded, to procure a contractor to provide career readiness, training, job development, and to create apprenticeship pathways specific to that industry, and to identify partners for training, union apprenticeships, and employment.

Based upon these criteria, as well as the application partners' comprehensive knowledge of the provider community in this area, DSS/ HRA has concluded that the only organization within New York City that fits the parameters of this grant is the Consortium for Worker Education (CWE), to provide curriculum design and access to employment and union jobs. The contract will be for three years with an estimated budget of 1,500,000.00. The EDA Good Jobs Challenge Notice of Funding Opportunity has indicated a competitive preference for union jobs and apprenticeships. CWE is the only provider organization in New York City remotely approaches this set of relationships, or could add as much, as quickly, to our application. No other provider in New York City has the demonstrated knowledge and experience in creating new registered apprenticeships in the transportation sector in partnership with the Department of Labor. Among the outcomes we expect CWE to provide are developing systems and processes to measure and track key outcomes and metrics; delivering quality skills training to place HRA clients into career-track jobs; and offering technical assistance for employers to retain and advance workers placed through this program.

Any firm or organization which believes they can also provide this service is invited to respond to the RFI "06922Y0084-SOLE SOURCE-GOOD JOBS CHALLENGE on PASSPort. If you have any questions, please email, "frazierjac@dss.nyc.gov", with the subject line "06922Y0084-SOLE SOURCE-GOOD JOBS CHALLENGE". HEALTH AND MENTAL HYGIENE

■ NOTICE

ORDER OF THE COMMISSIONER OF HEALTH AND MENTAL HYGIENE TO REQUIRE COVID-19 VACCINATION FOR NONPUBLIC SCHOOL STAFF

WHEREAS, on March 12, 2020, Mayor Bill de Blasio issued Emergency Executive Order No. 98 declaring a state of emergency in the City to address the threat posed by COVID-19 to the health and welfare of City residents, and such order remains in effect; and

WHEREAS, on March 25, 2020, the New York City Commissioner of Health and Mental Hygiene declared the existence of a public health emergency within the City to address the continuing threat posed by COVID-19 to the health and welfare of City residents, and such declaration and public health emergency continue to be in effect; and

WHEREAS, on November 26, 2021, New York State Governor Kathy Hochul, pursuant to Section 28 of Article 2-B of the Executive Law, found that New York is experiencing COVID- 19 transmission at rates the State has not seen since April 2020 and that the rate of new COVID- 19 hospital admissions has been increasing over the past month to over 300 new admissions a day due to the Delta variant, and therefore declared a State disaster emergency for the entire State of New York through January 15, 2022; and

WHEREAS, on November 26, 2021, the World Health Organization ("WHO") declared the new COVID B.1.1.529 variant, named Omicron, a variant of concern because it has a large number of mutations and preliminary evidence suggests an increased risk of reinfection and spread across the world, including to the United States; and

WHEREAS, pursuant to Section 558 of the New York City Charter (the "Charter"), the Board of Health may embrace in the Health Code all matters and subjects to which the power and authority of the Department of Health and Mental Hygiene ("the Department") extends; and WHEREAS, pursuant to Section 556 of the Charter and Section 3.01(c) of the Health Code, the Department is authorized to supervise the control of communicable diseases and conditions hazardous to life and health and take such actions as may be necessary to assure the maintenance of the protection of public health; and

WHEREAS, the WHO and the U.S. Centers for Disease Control and Prevention ("CDC") have advised all individuals to take measures to reduce their risk of COVID-19, especially the Delta and Omicron variants, including vaccination, which is an effective tool to prevent the spread of COVID-19 and benefits both vaccine recipients and those they come into contact with, including persons who for reasons of age, health, or other conditions cannot themselves be vaccinated; and

WHEREAS, the CDC has recommended that school teachers and staff be "vaccinated as soon as possible" because vaccination is "the most critical strategy to help schools safely resume full operations [and] is the leading public health prevention strategy to end the COVID-19 pandemic;" and

WHEREAS, on November 30, 2021, the federal Administration for Children and Families issued an interim final rule requiring that all Head Start staff and volunteers working in classrooms or directly with children be vaccinated for COVID-19 by January 31, 2022; and

WHEREAS, Section 17-104 of the Administrative Code of the City of New York directs the Department to adopt prompt and effective measures to prevent the communication of infectious diseases such as COVID-19, and in accordance with Section 17-109(b), the Department may adopt vaccination measures to effectively prevent the spread of communicable diseases; and

WHEREAS, the City is committed to safe, in-person learning in all preschool to grade 12 schools, following public health science; and

WHEREAS, more than 240,000 students across the City attend nonpublic schools, including students in the communities that have been disproportionately affected by the COVID- 19 pandemic and students who are too young to be eligible to be vaccinated; and

WHEREAS, a system of vaccination for individuals working in nonpublic schools will potentially save lives, protect public health, and promote public safety; and

WHEREAS, pursuant to Section 3.01(d) of the Health Code, I am authorized to issue orders and take actions that I deem necessary for the health and safety of the City and its residents when urgent public health action is necessary to protect the public health against an existing threat and a public health emergency has been declared pursuant to such section; and

WHEREAS, on September 12, 2021, I issued an Order requiring COVID-19 vaccinations for individuals working in certain covered child care programs, as defined therein; and

WHEREAS, on September 15, 2021, I issued and on September 28, 2021, I amended, an Order requiring COVID-19 vaccination for DOE employees, contractors, and others who work in- person in New York City Department of Education ("DOE") school settings or DOE buildings and for staff of NYC charter schools; and

WHEREAS, on November 17, 2021, I issued an Order requiring COVID-19 vaccinations for staff of child care programs, as defined therein, and in early intervention programs; and

NOW THEREFORE I, Dave A. Chokshi, MD, MSc, Commissioner of Health and Mental Hygiene, finding that a public health emergency within New York City continues, and that it is necessary for the health and safety of the City and its residents, do hereby exercise the power of the Board of Health to prevent, mitigate, control and abate the current emergency, do hereby order that:

ORDER OF THE COMMISSIONER OF HEALTH AND MENTAL HYGIENE

TO REQUIRE COVID-19 VACCINATION FOR PARTICIPATION IN HIGH RISK EXTRACURRICULAR ACTIVITIES

WHEREAS, on March 12, 2020, Mayor Bill de Blasio issued Emergency Executive Order No. 98 declaring a state of emergency in the City to address the threat posed by COVID-19 to the health and welfare of City residents, and such order remains in effect; and

WHEREAS, on March 25, 2020, the New York City Commissioner of Health and Mental Hygiene declared the existence of a public health emergency within the City to address the continuing threat posed by COVID-19 to the health and welfare of City residents, and such declaration and public health emergency continue to be in effect; and

WHEREAS, on November 26, 2021, New York State Governor Kathy Hochul issued Executive Order No. 11 declaring a disaster emergency in the State finding that New York is experiencing COVID-19 transmission at rates the State has not seen since April 2020 and that the rate of new COVID-19 hospital admissions had been increasing over the past month to over 300 new admissions a day due to the COVID-19 Delta variant; and

WHEREAS, COVID-19 continues to spread and mutate, and on November 26, 2021, the World Health Organization ("WHO") declared a new variant of COVID-19, named Omicron, a variant of concern and preliminary evidence suggests an increased risk of reinfection and transmission; and

WHEREAS, the WHO and the U.S. Centers for Disease Control and Prevention ("CDC") have advised all individuals to take measures to reduce their risk of COVID-19, especially the Delta and Omicron variants, and such measures include vaccination, which is the most effective tool to prevent the spread of COVID-19 and benefits both vaccine recipients and those they come into contact with, including persons who for reasons of age, health, or other conditions cannot themselves be vaccinated; and

WHEREAS, on October 29, 2021, the U.S. Food and Drug Administration authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine for the prevention of COVID-19 for children 5 through 11 years of age; and

WHEREAS, on November 5, 2021, CDC issued updated guidance, reflecting the authorization of COVID-19 vaccines for children ages 5-11, reiterating that vaccination is the leading public health prevention strategy to end the COVID-19 pandemic and that promoting vaccination can help schools safely return to inperson learning as well as extracurricular activities and sports, and recommends that, "High-risk sports and extracurricular activities should be virtual or canceled in areas of high community transmission unless all participants are fully vaccinated"; and

WHEREAS, under the CDC criteria, New York City is an area of high community transmission; and

WHEREAS, on August 12, 2021, the New York State Education Department ("NYSED") issued guidance for the 2021–2022 school year that recognizes the importance of school-sponsored sports and extracurricular activities for providing students with enrichment opportunities that can help them learn and achieve and support their social, emotional, and mental health, provided however, that high-risk sports and extracurricular activities should be virtual or canceled in areas of high community transmission unless all participants are fully vaccinated; and

WHEREAS, on August 20, 2021, the New York City Schools Chancellor issued a declaration that all participants in Public Schools Athletic League ("PSAL") sports designated as high risk, or PSAL sports otherwise requiring vaccination because they take place in spaces subject to the Key to NYC program are required to be vaccinated against COVID-19 as a condition of participation, absent a duly granted exemption from such vaccination requirement; and

WHEREAS, on September 2, 2021, the New York State Department of Health ("NYSDOH") issued guidance reiterating the CDC recommendation that high risk or elevated risk extracurricular activities that involve singing, shouting, playing instruments, or exercising that leads to increased exhalation should be conducted virtually or cancelled in areas of high community transmission unless all participants are fully vaccinated; and

WHEREAS, pursuant to Section 558 of the New York City Charter ("Charter"), the Board of Health may embrace in the Health Code all matters and subjects to which the power and authority of the Department of Health and Mental Hygiene ("Department") extends; and **WHEREAS,** pursuant to Section 556 of the Charter and Section 3.01(c) of the New York City Health Code ("Health Code"), the Department is authorized to supervise the control of communicable diseases and conditions hazardous to life and health and take such actions as may be necessary to assure the maintenance of the protection of public health; and

WHEREAS, pursuant to Section 3.01(d) of the Health Code, upon the declaration of a public health emergency within the City as a result of COVID-19, I am authorized to issue orders and take other actions necessary to protect the health and safety of the City of New York and its residents; and

WHEREAS, on September 15, 2021, I issued and on September 28, 2021, I amended, an Order requiring COVID-19 vaccination for DOE employees, contractors, and others who work in- person in New York City Department of Education ("DOE") school settings or DOE buildings and for staff of New York City charter schools; and

WHEREAS, on September 15, 2021, I issued an Order requiring COVID-19 vaccination for all DOE students participating in high risk extracurricular sports and other high risk extracurricular activities who are eligible to be vaccinated, as well as for charter school students participating in PSAL sports, who are eligible to be vaccinated; and

WHEREAS, Section 17-109(b) of the Administrative Code of the City of New York authorizes the Department to adopt vaccination measures in order to effectively prevent the spread of communicable diseases; and

NOW THEREFORE I, Dave A. Chokshi, MD, MSc, Commissioner of Health and Mental Hygiene, finding that a public health emergency within New York City continues, and that it is necessary for the health and safety of the City and its residents, do hereby exercise the power of the Board of Health to prevent, mitigate, control and abate the current emergency, and I hereby

 $\underline{\textbf{RESCIND}}$ my Order of September 15, 2021, requiring COVID-19 vaccination for participation in high risk extracurricular activities; and now

ORDER that all DOE and charter school students participating in high risk extracurricular activities who are eligible to be vaccinated must be fully vaccinated to participate.

For the purposes of this Order:

"Fully vaccinated" means at least two weeks have passed after an individual received a single dose of a vaccine that requires only one dose or the second dose in a two-dose series of a COVID-19 vaccine authorized for use by the U.S. Food and Drug Administration or the World Health Organization, *provided, however, that*:

(i) A student who is under the age of 12 as of December 10, 2021 will be deemed to have satisfied the requirement to be fully vaccinated if the student receives the first dose of a vaccine by December 14, 2021.

(ii) A student whose 5th birthday occurs after December 10, 2021 will be deemed to have satisfied the requirement to be fully vaccinated if the student receives the first dose of a vaccine within two weeks of their birthday.

(iii) A charter school student who participates in a high risk extracurricular activity other than PSAL sports will be deemed to have satisfied the requirement to be fully vaccinated if the student receives the first dose of a vaccine by December 14, 2021.

(iv) A student who is starting a new high risk extracurricular activity will be deemed to have satisfied the requirement to be fully vaccinated if the student receives the first dose of a vaccine by the start of such activity.

In cases described in items (i) through (iv), the student must complete the second dose, if required for the type of vaccine received, in accordance with the applicable schedule for that vaccine (*e.g., currently* 3 weeks after first shot for the Pfizer vaccine and 4 weeks after first shot for the Moderna vaccine, or such other timeline given for any other authorized vaccine).

DOE students age 12 and over participating in high-risk extracurricular activities and charter students participating in PSAL sports continue to be required to be fully vaccinated as was required by the September 15, 2021 Order, herein rescinded and replaced.

"High risk extracurricular activities" means:

(i) Sports deemed higher risk using criteria established by the CDC, NYSED, or NYSDOH, including PSAL sports designated by DOE as high risk; and

(ii) Extracurricular activities that involve increased exhalation, such as singing, shouting, band, orchestra, chorus, musical theatre, dance/dance team, marching band, cheerleading, step teams, flag teams and other similar activities.
