DEPARTMENT OF PARKS.

REPORT FOR THE QUARTER ENDING JUNE 30, 1907.

Department of Parks, Boroughs of Brooklyn and Queens,
Litchfield Mansion, Prospect Park,
Brooklyn, July 1, 1907.

Hon. GEORGE B. McCLELLAN, Mayor of the City of New York:

Sir—I have the honor to submit to you herewith, in accordance with the provisions of section 1544 of the Charter, a quarterly report of the proceedings and finances of the Department of Parks, Boroughs of Brooklyn and Queens, from April 1 to June 30, 1907, inclusive.

Very truly yours,
M. J. KENNEDY, Commissioner.

STATEMENT OF WORK PERFORMED BY THE DEPARTMENT OF PARKS OF THE BOROUGH OF BROOKLYN AND QUEENS, DURING THE THREE MONTHS FROM APRIL 1 TO JUNE 30, 1907.

During the quarter just closed an unusually large amount of work was done throughout the system along lines of permanent improvement and betterment, besides attending to the ordinary maintenance of the parks and parkways.

Prospect Park received special attention. Large areas of lawns were reseeded, spaded, seeded and sodded. This includes the section fronting on the new boathouse, the area surrounding the main entrance, the vicinity of the new granite steps on the Fifteenth street side of the park, and considerable grading and shaping up of the flower garden.

Beds for the summer flowering plants were prepared in all the parks, and the planting was done early in the season. In Prospect Park the gardeners set out 32,825 plants, while the smaller parks were provided with 47,556 flowering plants. The borders surrounding the flower garden in Prospect Park were replenished with flowering shrubs to the extent of 600, consisting mainly of rhododendrons, kalmias and azaleas, the resultant display during the month of May being an exceptionally fine one.

The removal of the dead chestnut and other trees in Prospect Park continued from time to time. To restore the tree plantations, 570 trees were set out and 1,000 shrubs were planted throughout the park. Over 20,000 square feet of grass sod were laid.

Other planting to a considerable extent was done on the Ocean parkway between Avenue E and Eighteenth avenue and between Coney Island creek and the Concourse, Eastern parkway between Flatbush and Bedford avenues, Prospect Park West, First and Fifteenth streets, Fifteenth street between Ninth avenue and Coney Island avenue, Coney Island avenue between Fifteenth street and the Park Circle, and Seaside Park at Coney Island.

On the Ocean parkway the work consisted in the removal of 168 silver maples planted when the parkway was originally laid out, and which had outlived their usefulness. Tree holes of considerable size were dug and each filled with six cubic yards of selected topsoil. Altogether 526 young and healthy specimens of trees were planted on this parkway. The borders between the cycle paths and the curb were raised, graded, topsoiled, seeded and sodded.

On the Eastern parkway the planting spaces received similar treatment, and 68 new trees were planted.

Along Prospect Park West, Fifteenth street and Coney Island avenue, 116 trees were planted after the dead trees had been removed in many instances and other preparations made for the proper planting of these trees.

On the Bay Ridge parkway, between First and Fourth avenues, 50 trees were planted. Around Fort Hamilton Park 74 trees and 93 shrubs were set out, while Seaside Park received 41 new trees and 50 shrubs. Fourth avenue, between Third and

Sixtieth streets, was thoroughly gone over, and altogether 1,270 fine shrubs set out. Red Hook Park received a top dressing of 2,000 cubic yards of selected topsoil, which was spread, graded and seeded. The trees and shrubs were cleared and other improvements made. Carroll Park also received considerable topsoil during the last quarter. This was spread and 6000 square feet of grass sod laid. The trees and shrubs were cleared of dead wood and insects and otherwise cared for and greatly improved.

Considerable attention was devoted toward restoring the roadways throughout our parks and parkways. The wear and tear on the surface of our macadam and gravel roads is such that the life of the roadway scarcely exceeds one season. As a result a large force of men were kept busy throughout the quarter making repairs and resurfacing the roads and bridle paths.

In Prospect Park the roadways on Breeze Hill were entirely rebuilt. The West drive from the Centre drive to Fifteenth street gate, the Well House drive from the Centre drive to Breeze Hill, the West drive from Well House drive to Coney Island gate, and the Centre drive from the Three Arch Bridge to the Woodland drive were resurfaced with a layer of Hudson river gravel 4 inches in thickness, thoroughly compacted by steam rollers. The remainder of the roads throughout the park were carefully gone over and repairs made wherever necessary. The bridle paths were cleaned and harrowed, and are in good condition.

Plans and specifications have been prepared and a contract advertised for the rebuilding of a large portion of the paths and walks in Prospect Park, as well as a number of the smaller parks. It is proposed to replace the broken and cracked tar and asphalt pavements in Prospect Park and the cinder and gravel paths in the smaller parks with a modern asphalt tile pavement. It is expected that all this work will be completed before the end of the summer.

The work of completing and emplacing the screens and winter doors, the installation of a marble fountain and the completion of the approach were among the things accomplished at the boathouse. A contract was also awarded for an awning to surround the entire upper story of the boathouse, as well as awnings for the various windows. A contract was likewise awarded for 400 chairs and 100 tables. The entire building is now complete, and will be ready for occupancy in a fortnight.

The work on the new shelter house at the main entrance to Prospect Park was resumed, and on June 30 was almost completed, there remaining but the work of plating the hardware and cleaning up to be accomplished.

The work of finishing and completing the granite steps on the Fifteenth street side of Prospect Park was carried to completion, and it adds greatly to that section of the park.

The work of connecting up the new comfort station at the main entrance to Prospect Park with the sewer in Park plaza was started and completed during the quarter just ended.

The work of cleaning up, grading and enclosing the Willink entrance addition to Prospect Park was resumed, and is now almost completed.

Highland Park.

The drives in Highland Park were rerolled, repaired, cleaned and placed in good condition. The flower garden in this popular park received the addition of several thousand new plants, and was much admired during the spring season. A small lake has been constructed adjoining the flower garden, wherein it is proposed to give a display of aquatic plants during the summer season.

Forest Park.

The golf links were thoroughly gone over and opened to the public on the 1st of May. The golf house has been ready for the public use for some time, but it has been impossible to get an adequate water supply. I have now installed an electric pump and temporary tank on the top floor of the house, and expect to have water introduced before the end of July, when this new building may be thrown open to the public.

The greenhouse and nursery were largely drawn upon for the floral displays in Prospect Park and the various small parks, and the product of the same has been a credit to the Department and was greatly admired by the general public.

Small Parks.

The small parks throughout the two boroughs received a great deal of attention, the usual spring preparations, such as the cleaning up of the parks, pruning, clearing out of trees and shrubbery, was completed, and the parks turned over to the public in an attractive condition.

The work of completing the locker contracts for the Forest Park golf house and parade ground building was finally completed, but has not yet been accepted by this Department.

Work on a new shelter house at Sunset Park was started and rapid progress has been made. The house at the end of the quarter is about 50 per cent. finished. A contract was prepared and advertised for paving all of the walks in Sunset Park with asphalt tiles. This work will be prosecuted without delay.

The work of constructing McLaughlin Park was resumed. The entire sidewalks on the outside of the Parks, all of the walks within the park and the railing around the park and playgrounds have been constructed. There remains very little to be done in this park to make it a completed project.

The work of laying cement sidewalk on the north side of Coney Island concourse, which was started last year and closed down owing to the weather conditions, was resumed and the work entirely finished.

Work on the timber jetty at Coney Island, a contract for which was let in the previous quarter, was resumed, and at the close of the present quarter was about one-third finished.

Fifty per cent. of the work of emplacing stone in the bulkhead at the foot of the Ocean parkway, with additional work for same, was done at the end of the present quarter.

The contract for repaving Pennsylvania avenue was started and finished during the month of June.

Contracts were also prepared and advertised for cement sidewalks around Kings Park, Jamaica, and for the erection of a three-rail post and pipe fence around Greenpoint Park. Work on the former is well under way, but on the latter it has not been started.

A contract was also prepared for asphalt tile walks in Kings Park, Jamaica, and bids were received thereon. Owing to the amount of the bid received exceeding the appropriation, the work was readvertised at a later date.

Th mechanical forces were engaged in the repairing of the various buildings under the jurisdiction of the Department, painting the houses, fences and railings, the erection of a potting shed and pump house in Forest Park, the building of a number of tool houses and boxes, the repairs to the rustic work throughout Prospect Park, and numerous other repair work, plumbing, gymnasium apparatus, rolling stock, sprinklers, etc.

Music.

The concert season in Prospect Park opened on Sunday, June 2, under unfavorable conditions. The United German Singers were to have sung, but it rained hard throughout the day, and that part of the programme was abandoned, a regular band concert being given instead. On the following Sunday, June 9, the singers provided an excellent concert, which was listened to by a large crowd. Concerts have been arranged for every Saturday and Sunday until October in Prospect Park, and in the small parks music will be given on Sundays during July and August.

Care of Trees in City Streets.

Since the care and preservation of the City trees was placed under the jurisdiction of this Department by chapter 453 of the Laws of 1902, the work has vastly increased. It is only the past two years that an appropriation was made for this specific purpose.

During the past quarter 1722 requests were received, embracing the treatment of trees, and in response to which the following was done:

Kind of Work.	Brooklyn.	Queens.	Total.
Sprayed	543	720	1,263
Scraped	1,525	1,525
Trimmed	1,675	2,128	3,803
Removed	157	28	185
Transplanted	85	85
Cemented	143	125	268
Dressed	822	164	986

In the Borough of Brooklyn the destruction of the egg masses that would otherwise hatch into caterpillars in June, as well as light trimming and the removal of dead wood, were the principal features of the three months' work. The egg clusters were in great abundance in sections where no systematic cleaning has been done in the past, and all preparations were made to commence spraying at the earliest possible season. The spraying of the 1263 trees given in the above summary represents work done partly on the Tussock moth and partly on scale insects that had to be treated in early spring or winter.

As soon as the weather became warm enough a good beginning in the cleaning and cementing of diseased cavities was made. This work, which was done on an extensive scale last summer, has now shown the method of treatment to be an assured success.

The transplanting of 85 trees in Flatbush, Bath Beach and Borough Park has saved them from destruction by those who are reconstructing the streets.

A new feature of the work during the past three months is the frequent call upon this Department for advice or special treatment of a technical nature on the street trees. Proper treatment administered at the right time has saved many trees that have been speedily dying.

In Queens and Hollis trees were trimmed on all the important streets. Large sections in Ozone Park, Woodhaven, Flushing, Jamaica and Richmond Hill also received considerable attention, and work was done in Whitestone and College Point. All the elm trees in Flushing were sprayed twice for the elm leaf beetle.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11 o'clock a. m., on Monday, August 5, 1907.

Present—Patrick F. McGowan, Acting Mayor; John H. McCooley, Deputy and Acting Comptroller; James J. Martin, Chamberlain, and Elias Goodman, Acting President, Board of Aldermen.

The Chair called for a hearing, the matter of the request of the Commissioner of Docks, that the Commissioners of the Sinking Fund approve of an agreement to be entered into between his department and the owners of property between the centre line of Twenty-eighth street prolonged, the southerly line of Thirty-sixth street prolonged, the westerly line of Second avenue and the pierhead line; also the property between the centre line of Fifty-ninth street prolonged, the westerly line of First avenue, the centre line of Sixty-first street, prolonged, and the pierhead line.

June 21, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I beg to recommend that the Commissioners of the Sinking Fund approve of an agreement to be entered into between the Commissioner of Docks and the owners of the property at the rate of \$1.10 per square foot for the following described premises:

All the uplands, filled in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled in lands, lands and lands under water and wharf property situate in The City of New York, Borough of Brooklyn, and bounded and described as follows:

Beginning at a point in the westerly line of Second avenue as laid down on the map of the Commissioners appointed by the Legislature of New York to lay out streets, avenues and squares in the former City of Brooklyn, where the centre line of Twenty-eighth street intersects said westerly line of Second avenue, and running thence southerly and along the westerly line of said Second avenue to the southerly line of Thirty-sixth street; thence westerly and along the southerly line of Thirty-sixth street and along the westerly prolongation of said southerly line to the pierhead line, approved by the Secretary of War in 1890; thence northeasterly and along said pierhead line until it intersects the westerly prolongation of the centre line of Twenty-eighth street; thence easterly and along the westerly prolongation of and along the centre line of said Twenty-eighth street to the point or place of beginning.

Under date of May 7, 1907, the Comptroller submitted to this Department a report made by one of his Appraisers of Real Estate, in which he refers to an offer made by J. Archibald Murray, owner, to sell the plot of land bounded by the centre line of Twenty-eighth street, the southerly side of Thirty-sixth street, the easterly side of Second avenue and the pierhead line, for the sum of \$1.30 per square foot; that after negotiations with the representatives of the owners of the property in regard to the parcels mentioned they have agreed to accept the sum of \$1.10 per square foot.

The report of the Comptroller's Appraiser concludes as follows:

"Your attention is called to the price paid by the City for property in the proximity of the proposed improvement, to wit: Property acquired on Second avenue, between

Thirty-sixth and Thirty-eighth streets, in the Borough of Brooklyn, for market purposes, the price for the same in condemnation proceedings being the sum of \$802,942.50; title to said property vested in The City of New York on December 22, 1905; and also the property acquired for ferry terminal purposes, situated at Second avenue, between Thirty-eighth and Thirty-ninth streets, Borough of Brooklyn, the price paid for the same being the sum of \$750,000, which amount was paid on December 29, 1906.

"I am of the opinion that the price asked for the property at the rate of \$1.10 per square foot is not excessive, taking into consideration the price heretofore paid for adjoining property when condemnation proceedings were resorted to. Under these conditions, it would appear advantageous for the interests of the City to accept the offer."

I also beg to recommend that said agreement to purchase include the following described property:

Beginning at a point in the westerly line of First avenue, where the centre line of Fifty-ninth street as laid down on a map of the Commissioners appointed by the Legislature of New York to lay out streets, avenues and squares in the former City of Brooklyn, intersects said westerly line of First avenue, and running thence southerly and along said westerly line to the centre line of Sixty-first street; thence westerly and along the centre line of Sixty-first street and the westerly prolongation of said centre line to the pierhead line approved by the Secretary of War March 4, 1890; thence northerly and along said pierhead line until it intersects the westerly prolongation of the centre line of said Fifty-ninth street; thence easterly and along said westerly prolongation of and along the centre line of said Fifty-ninth street to the point or place of beginning.

Inquiries among experts in Brooklyn real estate indicate that this price is a low one and the general opinion among them is that the property is worth considerably more.

Taking into consideration the prices paid by the City for similar property where condemnation proceedings had been completed, in my opinion, which is concurred in by the Comptroller, a better arrangement can be made with the owners of these premises by private agreement than by the institution of condemnation proceedings.

The property comprised in the two lots above described is required by the Department to carry into effect the plan as shown on the accompanying map by the erection of seven piers, building of the bulkhead wall and the construction of a marginal street.

The demands of steamship lines for additional wharfage room capable of accommodating deep draught vessels, and the congested condition of that section of the water front of the Borough of Manhattan suitable for such purpose leads me to believe that accommodations must be secured, and at once, along the Brooklyn water front. The most available sites in my opinion for water front improvement are those indicated upon the accompanying map; and in order to complete this work of water front improvement the properties above described must be acquired by the City.

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

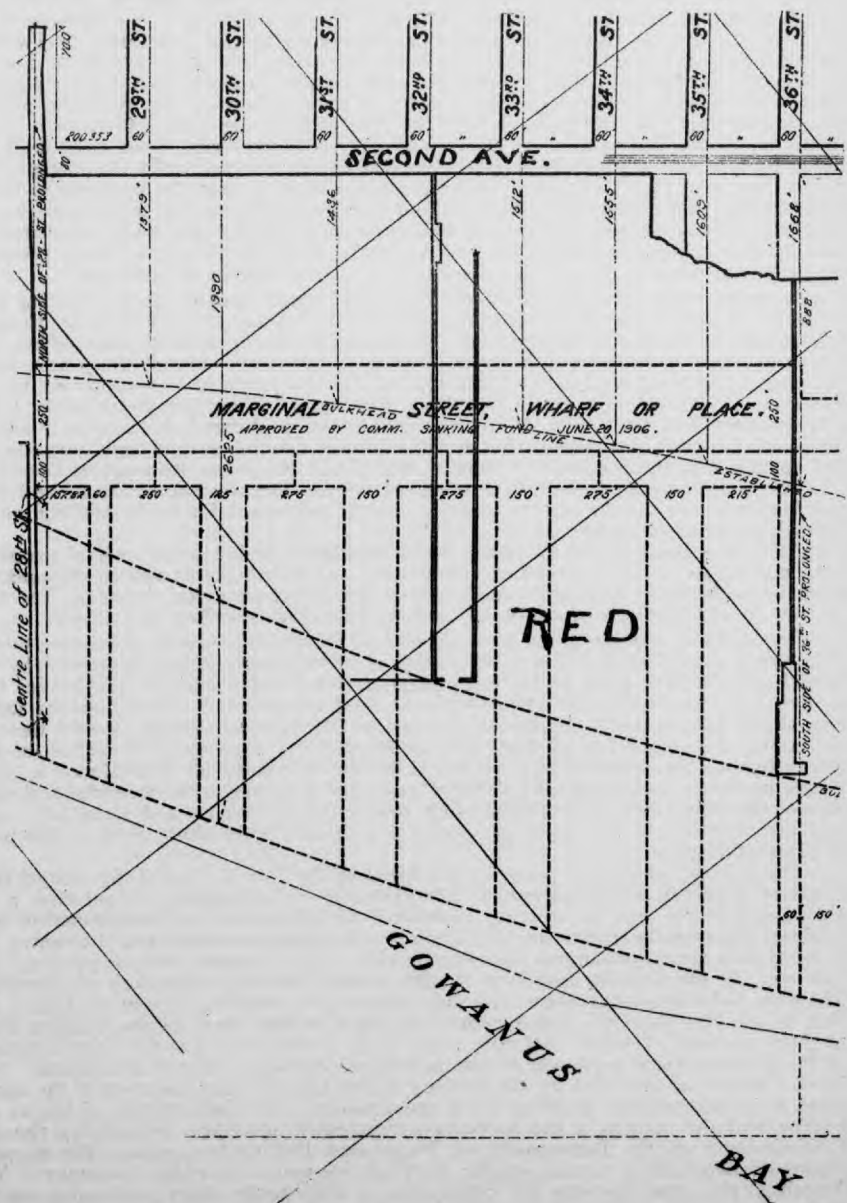

June 22, 1907.

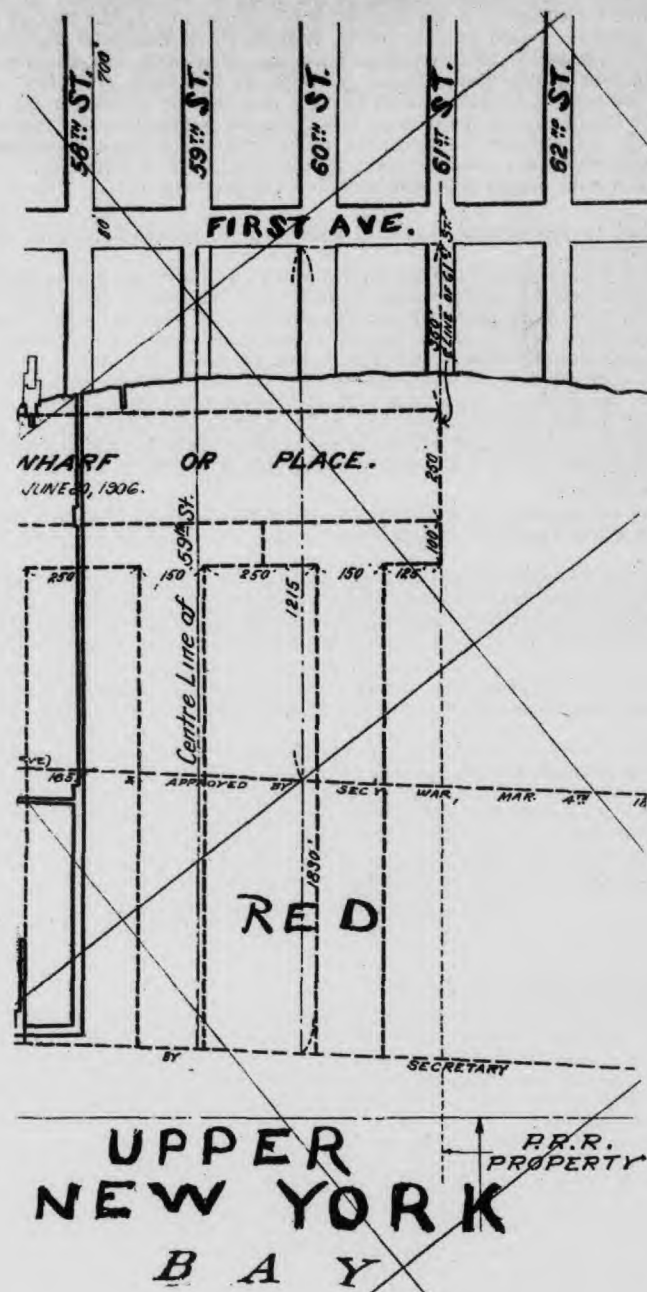

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable John A. Bense, Commissioner of the Department of Docks and Ferries, in a communication under date of June 21, 1907, addressed to the Commissioners of the Sinking Fund, recommends that the said Board approve of an agreement to be entered into between his department and the owners of property herein-after described, at the rate of \$1.10 per square foot, the property in question being described as follows:

All the uplands, filled in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled in lands, lands and lands under water and wharf property situate in The City of New York, Borough of Brooklyn, and bounded and described as follows:

Beginning at a point in the westerly line of Second avenue, as laid down on the map of the Commissioners appointed by the Legislature of New York to lay out streets, avenues and squares in the former City of Brooklyn, where the centre line of Twenty-eighth street intersects said westerly line of Second avenue, and running thence southerly and along the westerly line of said Second avenue to the southerly line of Thirty-sixth street; thence westerly and along the southerly line of Thirty-sixth street and along the westerly prolongation of said southerly line to the pierhead line approved by the Secretary of War in 1890; thence northeasterly and along

said pierhead line until it intersects the westerly prolongation of the centre line of Twenty-eighth street; thence easterly and along the westerly prolongation of and along the centre line of said Twenty-eighth street to the point or place of beginning, and refers to a communication from this department, under date of May 7, 1907, transmitting a report from the Bureau of Real Estate referring to an offer made by J. Archibald Murray to sell the plot of land bounded by the centre line of Twenty-eighth street, the southerly side of Thirty-sixth street, the easterly side of Second avenue and the pierhead line, for the sum of \$1.30 per square foot, and after negotiations with the representatives of the owners of the property in regard to the parcels mentioned, they have agreed to accept the sum of \$1.10 per square foot. The Commissioner of the Department of Docks and Ferries further states that from inquiries made by him among experts in Brooklyn real estate, it is indicated that the price is a low one, and that the general opinion among them is that the property is worth considerably more, and that further, taking into consideration the prices paid by the City for similar property where condemnation proceedings had been completed, in his opinion a better arrangement can be made with the owners of these premises by private agreement than by the institution of condemnation proceedings.

It appears that the Board of Estimate and Apportionment, at its meeting held February 8, 1907, adopted a resolution authorizing the Corporation Counsel to institute condemnation proceedings for the acquisition of certain property situated between the centre line of Fifty-seventh street prolonged, the centre line of Sixty-first street prolonged, the westerly side of First avenue and the pierhead line approved by the Secretary of War in 1890, South Brooklyn, Borough of Brooklyn, and also the property between the centre line of Twenty-eighth street prolonged, the southerly line of Thirty-sixth street prolonged, the westerly line of Second avenue and the pierhead line approved by the Secretary of War in 1890, South Brooklyn, Borough of Brooklyn.

The communication of the Commissioner of the Department of Docks and Ferries further states that he desires to enter into an agreement for the acquisition of the following described property:

All the uplands, filled in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled in lands, lands and lands under water and wharf property situate in The City of New York, Borough of Brooklyn, and bounded and described as follows:

Beginning at a point in the westerly line of First avenue where the centre line of Fifty-ninth street, as laid down on a map of the Commissioners appointed by the Legislature of New York to lay out streets, avenues and squares in the former City of Brooklyn, intersects said westerly line of First avenue; and running thence southerly along said westerly line to the centre line of Sixty-first street; thence westerly and along the centre line of Sixty-first street and the westerly prolongation of said centre line to the pierhead line approved by the Secretary of War March 4, 1890; thence northerly and along said pierhead line until it intersects the westerly prolongation of the centre line of said Fifty-ninth street; thence easterly and along said westerly prolongation of and along the centre line of said Fifty-ninth street to the point or place of beginning.

The price at which this property is offered to the City is also at the rate of \$1.10 a square foot, and in my opinion is not excessive. The property in question is included within the area of property authorized to be acquired by condemnation proceedings between the centre line of Fifty-seventh street prolonged and the centre line of Sixty-first street prolonged, the westerly side of First avenue and the pierhead line approved by the Secretary of War in 1890, South Brooklyn, Borough of Brooklyn. The plan for the improvement was duly adopted by the Department of Docks and Ferries on May 31, 1906, and approved by the Commissioners of the Sinking Fund on June 20, 1906. I would therefore respectfully recommend that the Commissioners of the Sinking Fund, pursuant to the provisions of section 822 of the Greater New York Charter, as amended by chapter 624 of the Laws of 1903, approve of the agreement to be entered into between the Commissioner of the Department of Docks and Ferries and the owners of the property hereinbefore described, authorizing the said Commissioner of the Department of Docks and Ferries to purchase the property situated between First avenue and the pierhead line approved by the Secretary of War March 4, 1890, and between the centre line of Fifty-ninth street prolonged and the centre line of Sixty-first street prolonged, South Brooklyn, Borough of Brooklyn,

at the rate of \$1.10 a square foot for the property contained within the area described, the amount of money to be paid for the same to be determined after a survey is prepared by the Department of Docks and Ferries, at the rate mentioned.

The nature and extent of the improvement intended is the acquisition in fee in the name and for the benefit of The City of New York of certain uplands, filled in lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled in lands and lands under water and wharf property, with the buildings and structures erected thereon, for the improvement of the waterfront of The City of New York appertaining to the property in question, a plan for the improvement having been duly adopted by the Department of Docks on May 31, 1906, and approved by the Commissioners of the Sinking Fund on June 20, 1906. Commissioners of Estimate and Appraisal in these proceedings have recently been appointed by the Supreme Court of the County of Kings.

I am of the opinion that the price asked for the property at the rate of \$1.10 per square foot, which was arrived at after considerable negotiation, is not excessive, taking into consideration the price heretofore paid for adjoining property when condemnation proceedings were resorted to. Under these conditions it would appear advantageous for the interest of the City to accept the offer. I would further respectfully recommend that the Commissioners of the Sinking Fund, pursuant to the provisions of section 822 of the Greater New York Charter, as amended by chapter 624 of the Laws of 1903, approve of an agreement to be entered into between the Commissioner of the Department of Docks and Ferries and the owners of the property hereinbefore described, authorizing the said Commissioner of Docks and Ferries to purchase the said property situated between the centre line of Twenty-eighth street prolonged, the southerly line of Thirty-sixth street prolonged, the westerly line of Second avenue and the pierhead line approved by the Secretary of War in 1890, South Brooklyn, Borough of Brooklyn, at the rate of \$1.10 per square foot for all of the property contained within the area described, the amount of money to be paid for the same to be determined after a survey is prepared by the Department of Docks and Ferries, at the rate mentioned.

Respectfully submitted for approval,

THOMAS F. BYRNES,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The Secretary submitted the following:

August 5, 1907.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I hereby certify that the following is a true copy of notice of hearing published in the CITY RECORD on July 22, 23, 24, 25, 26, 27 and 29, 1907, and that all the requirements of chapter 372 of the Laws of 1907 have been complied with.

N. TAYLOR PHILLIPS,
Secretary, Commissioners of the Sinking Fund.

COMMISSIONERS OF THE SINKING FUND.

Public notice is hereby given that the Commissioners of the Sinking Fund, in accordance with the provisions of chapter 372 of the Laws of 1907, will hold a public hearing in Room 16, City Hall, Borough of Manhattan, at 11 o'clock a. m. on Monday, August 5, 1907, relative to a recommendation of the Commissioner of Docks, that the Commissioners of the Sinking Fund approve of an agreement to be entered into between the Commissioner of Docks and the owners of property between the centre line of Twenty-eighth street, prolonged, the southerly line of Thirty-sixth street, prolonged, the westerly line of Second avenue and the pierhead line; also the property between the centre line of Fifty-ninth street, prolonged, the westerly line of First avenue, the centre line of Sixty-first street, prolonged, and the pierhead line, Borough of Brooklyn, for the purchase of same at the rate of \$1.10 per square foot.

The Appraiser of Real Estate of the Department of Finance, in his report to the Comptroller, after reciting all the facts, states that in his opinion the price asked for the property at the rate of \$1.10 per square foot was arrived at after considerable negotiation, and is not excessive, taking into consideration the price heretofore paid for the adjoining property when condemnation proceedings were resorted to. Under these conditions it would appear advantageous for the interests of the City to accept the offer. He therefore recommends that the Commissioners of the Sinking Fund approve of the proposed agreement, as recommended by the Commissioner of Docks. The map of the property, together with the communication of the Commissioner of Docks and the report of the Appraiser of Real Estate of the Department of Finance, approved by the Comptroller, are open to the inspection of any citizen at the office of the Comptroller of The City of New York, No. 280 Broadway, Borough of Manhattan, at all times during business hours.

GEO. B. McCLELLAN,
Chairman, Commissioners of the Sinking Fund.

No one appeared in opposition to the proposed purchase.

Mr. A. R. Smith, a former member of the New York Commerce Commission and now representing the Merchants' and Manufacturers' Board of Trade, and others, appeared in favor of the proposition.

There being no opposition the Chair decided that it was unnecessary to hear those in favor thereof.

Deputy Comptroller John H. McCooey then offered the following resolution for adoption:

Whereas, A public hearing having been given and all the requirements of chapter 372 of the Laws of 1907 having been complied with, it is

Resolved, That pursuant to the provisions of section 822 of the Greater New York Charter as amended by chapter 624 of the Laws of 1903, the Commissioners of the Sinking Fund hereby approve of an agreement to be entered into between the Commissioner of Docks and the owners of the following described property:

All the uplands, filled in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled in lands, lands and lands under water and wharf property situate in The City of New York, Borough of Brooklyn, and bounded and described as follows:

Beginning at a point in the westerly line of Second avenue as laid down on the map of the Commissioners appointed by the Legislature of New York to lay out streets, avenues and squares in the former City of Brooklyn, where the centre line of Twenty-eighth street intersects said westerly line of Second avenue, and running thence southerly and along the westerly line of said Second avenue to the southerly line of Thirty-sixth street; thence westerly and along the southerly line of Thirty-sixth street and along the westerly prolongation of said southerly line to the pierhead line approved by the Secretary of War in 1890; thence northeasterly and along said pierhead line until it intersects the westerly prolongation of the centre line of Twenty-eighth street; thence easterly and along the westerly prolongation of and along the centre line of said Twenty-eighth street to the point or place of beginning.

Also the property beginning at a point in the westerly line of First avenue, where the centre line of Fifty-ninth street as laid down on a map of the Commissioners appointed by the Legislature of New York to lay out streets, avenues and squares in the former City of Brooklyn, intersects said westerly line of First avenue, and running thence southerly and along said westerly line to the centre line of Sixty-first street; thence westerly and along the centre line of Sixty-first street and the westerly prolongation of said centre line to the pierhead line approved by the Secretary of War March 4, 1890; thence northerly and along said pierhead line until it intersects the westerly prolongation of the centre line of said Fifty-ninth street; thence easterly and along said westerly prolongation of and along the centre line of said Fifty-ninth street to the point or place of beginning.

—for the purchase of same at the rate of one dollar and ten cents (\$1.10) per square foot for all the property contained within the area described; the amount of money to be paid for the same to be determined after a survey is prepared by the Department of Docks and Ferries, at the rate mentioned.

Which resolution was unanimously adopted.

Adjourned.

N. TAYLOR PHILLIPS, Secretary.

LAW DEPARTMENT.

BOARD OF EXAMINERS.

New York, July 9, 1907.

Present—Messrs. Warren A. Conover, Charles Buek, Lewis Harding, Charles G. Smith, Edward F. Croker and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal No. 38, of 1907, premises west side of Brook avenue, 151 feet north of One Hundred and Sixty-third street, The Bronx, new building 551, of 1907, George N. Reinhardt per Michael J. Garvin, appellant.

Referred to Chief Croker at last meeting for examination and report.

The Chairman presented and read report from the Chief dated the 8th inst.; whereupon, on motion, said report was received and approved.

On motion, Appeal No. 38 approved.

Appeal No. 39, of 1907, new building 443, of 1907, premises south side of One Hundred and Eighth street, 190 feet east of First avenue, Manhattan, George Haiss Manufacturing Company, appellants.

Referred to Chief Croker at last meeting for examination and report.

The Chairman presented and read report from the Chief dated the 8th inst.; whereupon, on motion, said report was received and approved.

On motion, Appeal No. 39 approved.

Appeal No. 41, of 1907, Alteration No. of 1907, premises No. 27 Whipple street, Brooklyn, Max Hirsch, architect and appellant.

That the height of present building is 24 feet from curb level to highest point of roof beams at centre of facade, contrary to section 142 of the Building Code.

It was intended to improve the property by adding one story on top of present building, and make same uniform as majority of buildings on Whipple street are three story frame buildings, and that if the alterations were approved we would be able to remove one side frame wall two stories in height, which is in a dilapidated condition, and substitute an 8-inch brick wall three stories in height, and a 12-inch brick wall in foundation.

That the building is now 24 feet in height, and according to law should be 25 feet, as per section 142 of the Building Code.

I, as appellant, ask the Board of Examiners to act favorably upon my appeal, as the present building is now in a dilapidated condition, and that the proposed alterations were to remove existing side frame wall which is in a very poor condition, and build three-story brick side extension and increase height of building from two to three stories.

Mr. Max Hirsch appeared before the Board.

On motion, denied.

Adjourned.

EDWARD V. BARTON, Clerk.

NOTICE TO PROPERTY OWNERS.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears for OPENING AND ACQUIRING TITLE to the following named streets in the BOROUGH OF BROOKLYN:

TWENTY-EIGHTH WARD, SECTION 11.

CORNELIA STREET—OPENING, from Knickerbocker avenue to the Borough line of Queens. Confirmed May 29, 1907. Entered August 7, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly side of Knickerbocker avenue, where the same intersects the centre line of the block between Cornelia street and Jefferson avenue; running thence northerly and parallel with Cornelia street to the line dividing the counties of Kings and Queens; running thence northwesterly along the line dividing the counties of Kings and Queens to the centre line of the block between Putnam avenue and Cornelia street; running thence southwesterly and along the centre line of the block between Putnam avenue and Cornelia street to the northerly side of Knickerbocker avenue; running thence southeasterly and along the northerly side of Knickerbocker avenue to the point or place of beginning.

TWENTY-NINTH WARD, SECTIONS 15 AND 16.

MARTENSE STREET—OPENING, from New York avenue to Flatbush avenue. Confirmed May 14, 1907. Entered August 7, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Commencing at a point where the easterly side of Flatbush avenue is intersected by the centre line of the block between Linden and Martense avenues as said avenues are laid down on the Commissioners' Map of the City of New York; running thence easterly along the centre line of the block between Linden and Martense avenues to the westerly side of New York avenue; running thence southerly along the westerly side of New York avenue to a point where said westerly side of New York avenue is intersected by the centre line of the block between Martense and Church avenues as laid down on said map of the City of New York; running thence westerly along the centre line of the block between Martense and Church avenues to the easterly side of Flatbush avenue; and thence northerly along the easterly side of Flatbush avenue to the point or place of beginning.

THIRTIETH WARD, SECTION 17.

FIFTY-FIRST STREET—OPENING, from Ninth avenue to New Utrecht avenue. Confirmed May 29, 1907. Entered August 7, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southeasterly side of Ninth avenue and distant one hundred (100) feet northerly from the northerly side of Fifty-first street; running thence southeasterly and parallel with Fifty-first street to the westerly side of New Utrecht avenue; running thence southerly and along the westerly side of New Utrecht avenue to where a line drawn parallel with the southerly side of Fifty-first street, and distant one hundred (100) feet southerly therefrom would intersect the same; running thence northwesterly and parallel with Fifty-first street and distant one hundred (100) feet southerly therefrom to the southeasterly side of Ninth avenue; running thence northeasterly along the southeasterly side of Ninth avenue to the point or place of beginning.

The above entitled assessments were entered on the day hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after

the date of entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before October 7, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, machinery and appurtenances thereto, standing upon property owned by The City of New York, acquired by it for the use of the terminal on the Manhattan side of the Brooklyn Bridge, the said buildings being situated in the

Borough of Manhattan.

Being the buildings known by the street numbers 76 and 78 Park row, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, the sale of the above buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, AUGUST 13, 1907,

at 11 a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor. The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

J. H. MCCOOEY,

Deputy and Acting Comptroller, City of New York, Department of Finance, Comptroller's Office, August 6, 1907.

The above entitled assessments were entered on the day hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said

Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third Avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 1, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

The principal of and interest on said stock and bonds are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to resolutions of the Commissioners of the Sinking Fund, adopted June 9th, 1898, and April 18th, 1904.

CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for bonds or stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a solvent banking corporation, two per cent. of the par value of the bonds or stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit. All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the bonds or stock awarded to him or them at its or their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted, of the amounts due for the bonds or stock awarded to them respectively, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of bonds or stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of bonds or stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the bonds or stock offered for sale.

7. Bonds or stock issued in Coupon form can be converted at any time into Registered Bonds or Stock, and bonds or stock issued in Registered form can be converted at any time into Coupon Bonds or Stock in denominations of \$1,000.

8. The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York" and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York. (No special form of proposal is required, therefore no blanks are furnished.)

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Queens, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Queens.

Being all those buildings, parts of buildings, fences, etc., within the lines of Emma street, between Flushing avenue and Nurge street, Second Ward of the Borough of Queens, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held July 8, 1907, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, AUGUST 9, 1907,

at 11 a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

J. H. MCCOY, Deputy and Acting Comptroller, City of New York, Department of Finance, Comptroller's Office, July 19, 1907. jy20,89

THURSDAY, AUGUST 15, 1907,

Borough of Manhattan.

CONTRACT NO. 1087.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR PREPARING FOR, REPAIRING AND REBUILD

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuation:

For the ferryboats "Bay Ridge," "Gowanus" and "Nassau," \$200,000 for each boat, or a total of \$600,000 for the three boats; and in no case shall the Department be deemed as a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hurt, detriment and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds \$500.

Losses shall be payable in thirty days after proof of loss or damage, and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Municipal Ferries."

The estimates received will be publicly opened by the Commissioner of Docks and read, and the award of the contract made according to the law as soon thereafter as practicable.

No bid or estimate will be considered unless as a condition precedent to the reception of consideration of any proposal it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of One Thousand Dollars.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Bidders will write out the rate per cent. of their estimates in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deem it for the interest of the City so to do.

JOHN A. BENDEL,
Commissioner of Docks.

Boroughs of Queens and Richmond.

No. 16. FOR THE GENERAL CONSTRUCTION, ETC., OF TWO GRANDSTANDS.

Item 1—One to be placed on the Athletic Field on Munson and Orchard streets and the East river, Astoria, Long Island City, Borough of Queens; and

Item 2—One to be placed on the Athletic Field on Hamilton avenue and St. Mark's place, New Brighton, Borough of Richmond.

The time allowed to complete the whole work will be seventy-five working days for Item 1, and seventy-five working days for Item 2, as provided in the contract.

The amount of security required is as follows:

Item 1, \$12,000.

Item 2, \$16,000.

A separate proposal must be submitted for each item and award will be made thereon.

On Contracts Nos. 5, 6, 7, 8, 9, 10, 11, 12, 14, 15, the bids will be compared and the contract awarded in a lump sum to the lowest bidder on each contract.

On Contracts Nos. 13 and 16 the bidders must state the price of each or any article or item contained in the specifications or schedules herein contained or hereto annexed, by which the bids will be tested.

The extensions must be made and footed up, as the bids will be read from the total of each item and award made to the lowest bidder on each item.

Delivery will be required to be made at the time and manner and in such quantities as may be directed.

Blank forms, plans and specifications may be seen or obtained at the office of the Superintendent at Estimating Room, ninth floor, Hall of the Board of Education, Park avenue and Fifty-ninth street, Borough of Manhattan; also at Branch Offices, No. 69 Broadway, Flushing, Borough of Queens, and Borough Hall, New Brighton, Borough of Richmond, for work for their respective boroughs.

All Boroughs.

No. 17. FOR FURNISHING AND INSTALLING LOOSE-LEAF SHAKING AND DUMPING GRATES FOR STEAM BOILERS IN SCHOOLS IN ALL BOROUGHS.

The time allowed to complete the work in each school will be two weeks, calendar time, from date of order in each case.

The amount of security required is Two Thousand Dollars (\$2,000).

The State Commission of Prisons has the right under the provisions of the Law to furnish these grates, but in many cases they cannot furnish them within the time limit allowable, and therefore issue a certificate or release permitting of goods being purchased in the open market. Immediately upon receipt of such certificate the Superintendent of School Buildings will issue an order to the contractor under this contract, and said contractor shall then proceed at once to install the grates covered by such certificate, and shall complete the installation of such grates within the above specified contract time.

The probable quantity of such grates needed by this department within the year will be about 1,500 square feet, but owing to the above stated law allowing the State Commission of Prisons to furnish all, or such part as they can, of such grates, no exact amount of grates to be furnished under this contract can be stated or determined.

Bids will be received upon the basis of an estimate per square foot for full sets of grate surface set in place.

Bids will also be received upon the basis of cost per pound for repair parts which also shall be inclusive of cost of setting in place, complete, inclusive of freight and cartage to the schools wherever located. Also all alterations, connecting and repairing, etc., of fronts and masonry necessary in the setting of the grates.

The Department of Education will furnish and set front and rear bearing bars ready for the reception of grates.

The grates shall be of approved pattern of loose-leaf shaking and dumping grates for steam boilers, weighing at least 90 pounds per square foot.

Blank forms may be obtained or seen at the office of the Superintendent at Estimating Room, ninth floor, Hall of the Board of Education, Park avenue and Fifty-ninth street, Borough of Manhattan.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
