COURT OF GENERAL SESSIONS.

STATE OF NEW YORK, OFFICE OF THE STATE INDUSTRIAL COMMISSION, ss.:

I, WILLIAM S. COFFEY, Secretary of the State Industrial Commission of the State of New York, DO HEREBY CERTIFY that I have compared the foregoing copy of a resolution with the original thereof, duly adopted by the State Industrial Commission on the 2nd day of April, 1918, and duly filed in the office of said Commission, and that the same is a true and correct copy and transcript of said resolution and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the State Industrial Commission this 3rd day of April, 1918. W. S. COFFEY, Secretary.

(Seal)

Whereas, the Crucible Steel Company of America, of Syracuse, N. Y., filed a petition dated Feb. 26, 1918, for a variation from the provisions of Section 79-a-3 of the Labor Law, re construction of stairways, on their "Wire Mill Building," Syracuse, N. Y.; and

Whereas, a public hearing was held on the 13th day of March, 1918, at Albany, N. Y., at which opportunity for all interested persons to be heard hereon was given; and

Whereas, an examination of plans and report of inspection of the premises was made, and report of such inspection is on file in the offices of the Commission, from which inspection it appears that the said building was erected since Oct. 1, 1913, is of mill construction, two stories high, and approximately 80 feet 0 inches by 420 feet 0 inches on first floor, and 50 feet 0 inches by 420 feet 0 inches on second floor; tool steel will be manufactured; not more than 150 persons employed above the ground floor; exits are four unenclosed straight-run stairways terminating at top floor level; roof pitched; two stairways are 37 inches wide, one 44 inches wide and one 41 inches wide; three stairways terminate close to doors opening to outer air. And there appearing from such inspection and public hearing that there are practical difficulties and unnecessary hardship in carrying out the strict provisions of the law of the rules and regulations of the Industrial Code on the said premises, and that in the granting of the variation on said premises the spirit of the law and rules and regulations will be observed and public safety secured.

Be it Resolved by the State Industrial Commission, That a variation be and it hereby is granted to the Crucible Steel Company of America, on their "Wire Mill Building," Syracuse, N. Y., upon the following terms:

That stairways constructed as described above be permitted.

Be it further Resolved, That the said variation is granted only during the period that the conditions above set forth as to exits, number of occupants, nature of industry, etc., are maintained.

STATE OF NEW YORK, OFFICE OF THE STATE INDUSTRIAL COMMISSION, ss.:

I, WILLIAM S. COFFEY, Secretary of the State Industrial Commission of the State of New York, DO HEREBY CERTIFY that I have compared the foregoing copy of a resolution with the original thereof, duly adopted by the State Industrial Commission on the 2nd day of April, 1918, and duly filed in the office of said Commission, and that the same is a true and correct copy and transcript of said resolution and of the whole thereof.

DEPARTMENT OF STREET CLEANING.

Proposals.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Street Cleaning, at Room 1244 Municipal Building, Manhattan, until 12 noon, on

WEDNESDAY, APRIL 10, 1918.

FOR A CONTRACT TO COMPLETE THE "CONTRACT PURSUANT TO SECTION 544 OF THE GREATER NEW YORK CHARTER, FOR THE FINAL DISPOSITION OF THE ASHES, STREET SWEEPING AND RUBBISH THAT MAY BE COLLECTED IN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF THE BRONX, WHETHER BY THE CARTS OF THE DEPARTMENT OF STREET CLEANING OR BY OTHER CARTS AUTHORIZED TO COLLECT THE SAME AND HOLDING PERMITS FROM SAID DEPARTMENT TO DEPOSIT THE MATERIALS AT THE DEPARTMENT DUMPS; THE ASHES FROM THE DOCKS OF BLACKWELL'S AND RANDALL'S ISLANDS; AND THE ASHES AND RUBBISH FROM STEAM TUGS OR OTHER VESSELS IN THE HARBOR, LOCATED AT SUCH POINTS AS THE SUPERVISOR OF THE HARBOR MAY DIRECT. AS PROVIDED IN SECTION 861 OF THE CHARTER, FOR PERIOD OF THREE YEARS COMMENCING JAN. 2, 1914, WITH THE RIGHT TO THE CITY OF NEW YORK TO RENEW THE CONTRACT FOR ANOTHER PERIOD OF TWO YEARS ON THE SAME TERMS AND CONDITIONS, EXCEPTING THE PRIVILEGE FOR RENEWAL" WHICH SAID CONTRACT WAS HERETOFORE AWARDED TO JOHN D. DAILEY AND DEWITT C. IVINS, COMPOSING THE FIRM OF DAILEY & IVINS, AND RENEWED FOR THE TWO YEAR PERIOD.

The period of the work to be performed under this contract will be for eight (8) months, commencing May 1, 1918.

The compensation to be paid to the contractor, which shall be in full for all the work performed, will be as follows for the various items:

For the removal and final disposition of ashes and street sweepings, at a price or sum per ash cartload (a) or in like proportion.

For the removal and final disposition of rubbish, at a price or sum per paper and rubbish cartload (c) or in like proportion.

For the loading, removal and final disposition of the ashes from Blackwell's and Randall's Islands, at a price or sum for eight months beginning May 1, 1918.

For the removal and final disposition of the ashes and rubbish from steam tugs and other vessels in the harbor, at a price or sum for eight months beginning May 1, 1918.

These prices must be written in full and also be given in figures, and all the materials that are more or less than the quantity as estimated in the "Information to Bidders" shall be received and properly disposed of by the Contractor without any extra or other compensation than the said prices, which said prices shall cover all and every cost of transportation and final disposition, however incurred, from the time that the materials are delivered to the contractor.

In the comparison to ascertain the lowest bid, the following method will be used: Multiply the price or sum bid per cartload for ashes and street sweepings by the total cartloads as shown in the table for the last eight months of the year 1917 in the "Information to Bidders"; multiply the price or sum bid per cartload for rubbish by the total of cartloads, as shown in the said table, during the same eight months; to the sum of these two items add the prices or sums bid for eight months beginning May 1, 1918, for the ashes from Blackwell's and Randall's Islands, and for the ashes and rubbish from steam tugs and other vessels in the harbor.

Each bid or estimate must be accompanied by certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller of The City of New York, for five (5) per centum of the estimated amount for which the work bid for is proposed to be performed during the eight months commencing May 1, 1918, as computed by the method above shown to ascertain the lowest bid. This check must not be enclosed, but must be handed in separately from the bid.

The Commissioner of Street Cleaning reserves the right to select from the bids or estimates that bid or estimate the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids or estimates.

A special deposit of Ten Thousand Dollars (\$10,000) in cash will be required to be made to the Comptroller of The City of New York on or before the signing, sealing and delivery of the contract; this amount, or the unexpended portion thereof, to be returned to the contractor at the completion of the contract or other termination thereof.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, or shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, or rent or otherwise, excepting the necessary workmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid, that the several matters stated therein are in all respects true.

No bid will be considered unless as a condition precedent to the reception or consideration of such bid it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate. The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
