**STATEMENT FROM MAYOR DE BLASIO ON MUNICIPAL LABOR COMMITTEE'S
HEALTH CARE SAVINGS VOTE**

“This vote by the Municipal Labor Committee reinforces our commitment to work with our union partners in the best interest of both workers and taxpayers. Building on the success of the health savings from the first round of negotiations, we enter this second round with a deal in place and a promise to save over a billion dollars – all the while improving the health of our City workers. I thank MLC Chair Harry Nespoli, co-Chair Henry Garrido, Executive Vice Chair Michael Mulgrew, and the unions represented at the MLC for this crucial vote.”
