therefor, to be specified by the lowest bidder, shall be  
due or payable for the entire work.

The person making any bid or estimate must furnish  
the same inclosed in a sealed envelope, to the head of  
said Department, at his office, on or before the day and  
hour above mentioned and read.

The envelope must be indorsed with the name or names  
of the person presenting the same, the date of its presenta-  
tion, and a statement of the work to which it relates.

The sealed envelope must be publicly opened by the  
head of the said Department at the place and hour last  
above mentioned and read.

Each bid or estimate shall contain and state the name  
and place of residence of each of the persons making the  
same; the names of all persons interested with him or  
them therein; and if no other person be so interested, it  
shall distinctly state that fact; that it is made without  
any collusion or fraud, and that no member of the Com-  
mon Council, Head of a Department, Chief of a Bureau,  
Lieutenant or Clerk of the City, or other officer of the  
Corporation, is directly or indirectly interested therein,  
or in the supplies or work to which it relates, or in any  
portion of the profits thereof. The bid or estimate must  
be made and subscribed by all the parties interested, and  
for the same purpose, and is in all respects fair and with-  
out collusion or fraud; and that no member of the Com-  
mon Council, Head of a Department, Chief of a Bureau,  
Lieutenant or Clerk of the City, or other officer of the  
Corporation, is directly or indirectly interested therein,  
or in the supplies or work to which it relates, or in any  
portion of the profits thereof. The bid or estimate must  
be made and subscribed by all the parties interested, and  
for the same purpose, and is in all respects fair and with-  
out collusion or fraud; and that no member of the Com-  
mon Council, Head of a Department, Chief of a Bureau,  
Lieutenant or Clerk of the City, or other officer of the  
Corporation, is directly or indirectly interested therein,  
or in the supplies or work to which it relates, or in any  
portion of the profits thereof.

Each bid or estimate shall be accompanied by the con-  
sent, in writing, of two householders or freeholders in the  
City of New York, with their respective places of busi-  
ness or residence, to the effect that if the contract be  
awarded to the person making the estimate, they will, on  
its being so awarded, become bound as his sureties for its  
faithful performance; and that if he shall omit or refuse to  
execute the same, they will pay to the Corporation any  
difference between the estimate which he would be entitled  
to on its completion and that which the Corporation may be  
obliged to pay to the person or persons to whom the con-  
tract may be awarded at any subsequent letting; the amount  
in each case to be calculated upon the estimate upon the  
amount of the work by which the bids are tested. The con-  
sent above mentioned shall be accompanied by the oath or  
affirmation, in writing, of each of the persons making the  
same, that he is a householder or freeholder in the City  
of New York, and is worth the amount of the security  
required for the completion of this contract, over and  
above all his debts of every nature, and over and above  
all his liabilities or obligations as bail, surety or other-  
wise; that he has offered himself as surety in good faith  
and with the intention to execute the bond required by  
section 27 of chapter 8 of the Revised Ordinances of the  
City of New York, if the contract should be awarded to  
the person or persons for whom he consents to become  
surety. The adequacy and sufficiency of the security  
offered to be approved by the Comptroller of the City of  
New York.

No bid or estimate will be considered unless accom-  
panied by either a certified check upon one of the  
National or State Banks of the City of New York,  
drawn to the order of the Comptroller, for the amount  
of the estimate, or by a cash deposit of the same, made  
with the Comptroller, or by a cash deposit of the same  
made with the officer or clerk of the Department who  
has charge of the Estimate-book, and no estimate can be  
deposited in said book until such check or money has been  
examined by said officer or clerk and found to be correct.  
All such deposits, except that of the successful bidder, will be returned to the per-  
sons making the same within three days after the con-  
tract is awarded. If the successful bidder shall refuse or  
neglect, within five days after notice that the contract  
has been awarded to him, to execute the same, the amount  
of the deposit made by him shall be forfeited to and re-  
tained by the City of New York, as liquidated damages  
for such neglect or refusal; but if he shall execute the  
contract within the time aforesaid, the amount of  
his deposit will be returned to him.

N. B.—The prices must be written in the estimate and  
also stated in figures, and all estimates will be considered  
as equal, unless the bidder shall be awarded the contract  
for which bids are herein called, or which contain bids for  
items for which bids are not heretofore called for. Per-  
mission will not be given for the withdrawal of any bid  
or estimate. No bid will be accepted from, or contract  
awarded to, any person who is in arrears to the Corpora-  
tion upon debt or contract, or who is a defaulter, as  
surety or otherwise, upon any obligation to the Cor-  
poration.

The amount in which security will be required for the  
performance of the contract is \$15,000.

The Department of Public Parks reserves the right to  
reject any and all bids received in response to this ad-  
vertisement if it should deem it for the interest of the  
city so to do, and to readvertise until satisfactory bids  
or proposals shall be received. But the contract, when  
awarded, will be awarded to the lowest bidder.

Blank forms for proposal and form of contract, which  
the successful bidder will be required to execute, can be  
had at the office of the Secretary, and Nos. 49 and 51  
Chambers street.

No. 301 MOTT STREET,  
New York, February 24, 1888.

PROPOSALS FOR ESTIMATES FOR THE  
ALTERATION OF THE WILLARD  
PARKER HOSPITAL, EAST SIX-  
TEENTH STREET.

PROPOSALS FOR ESTIMATES FOR THE  
Alteration of the Willard Parker Hospital, East  
Sixteenth street, City and County of New York, will be  
received by the Commissioners of the Health Department,  
at their office, No. 301 Mott street, until 2 o'clock P. M.  
of the 8th day of March, 1888, at which time and  
place they will be publicly opened and read by said  
Commissioners.

Any person making an estimate for the above work  
shall furnish the same in a sealed envelope to the head  
of said Health Department, indorsed "Estimate for the  
Alteration of the Willard Parker Hospital, East Sixteenth  
Street, City and County of New York," and also with the  
name of the person or persons presenting the same, and  
the date of its presentation.

Any bidder for this contract must be known to be en-  
gaged in and well prepared for the business, and must  
have satisfactory testimonials to that effect; and the  
person or persons to whom the contract may be awarded  
will be required to give security for the performance of  
the contract by his or their bond, with two sufficient  
sureties, each in the penal sum of \$2,000.

Bidders are required to submit their estimates upon  
the following express conditions, which shall apply to and  
become part of every estimate received:

1st. Bidders must satisfy themselves, by personal ex-  
amination of the location of the proposed work, and by  
such other means as they may prefer, as to the accuracy  
of the estimate, and shall not at any time after the sub-  
mission of an estimate, dispute or complain of the state-  
ment of quantities, nor assert that there was any misun-  
derstanding in regard to the nature or amount of the  
work to be done.

2d. Bidders will be required to complete the entire  
work to the satisfaction of the Health Department, and  
in substantial accordance with the specifications of the  
contract and the plans therein referred to. No extra  
compensation beyond the amount payable for the work  
before mentioned, which shall be actually performed, at  
the prices therefor to be specified by the lowest bidder,  
shall be due or payable for the entire work.

Bidders will state in their estimates a price for the  
whole of the work to be done, in conformity with the  
approved form of contract and the specifications therein  
set forth, by which price the bids will be tested. This  
price is to cover all expenses of every kind involved in or  
incident to the fulfillment of the contract, including any  
claim that may arise through delay from any cause, in  
the performing of the work thereunder.

Bidders will distinctly write out, both in words and in  
figures, the amount of their estimates for doing this work.  
The person or persons to whom the contract may be  
awarded will be required to attend at this office with the  
sureties off red by him or them, and execute the contract  
within five days from the date of the service of a notice  
to that effect; and in case of failure or neglect so to do,  
he or they will be considered as having abandoned it, and  
as in default to the Corporation, and the contract will be  
re-advertised and relet, and so on until it be accepted and  
executed.

Bidders are required to state in their estimate their  
names and places of residence, the names of all persons  
interested with them therein; and if no other person be  
so interested, the estimate shall distinctly state the fact;  
also that the estimate is made without any connection

with any other person in making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk thereof, or officer, or official of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are true and correct. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business, or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Health Department may be obliged to pay to the subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath, or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and that he is not interested in the work, or in any portion of the profits thereof, or in the supplies or work to which it relates, or in any portion of the profits thereof; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimates, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department declines all the estimates if reserved, if deemed for the interest of the Corporation of the City of New York.

Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, No. 301 Mott street, New York.

The damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the respective times specified in the fulfillment thereof may have expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimate the price per cubic foot for the stones to be furnished, by which price the bids will be tested. This price is to cover the expenses of furnishing all the necessary materials and labor and the performance of all the work set forth in the approved form of contract and the specifications therein contained, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out in their bids, both in figures and in words, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, or he or they, or the contract, as having abandoned it, and as in default to the Corporation; and the contract will be readvised and relet, and so on until it is accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk thereof, or officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or person would be entitled on its completion, and that which said Corporation may be obliged to pay to the subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath, or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and *over and above his liabilities as bail, surety and otherwise*; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimates, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer in Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates if reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

—Will be received at the Department of Public Charities and Correction, in the City of New York, until 9:30 o'clock A. M. of Friday, March 9, 1888. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Lumber, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons

signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, or to their order, after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited, and to be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and let as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

## PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 352 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rents, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars (\$5) is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, will be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled of record on the books of the Department.

Deputy and Acting Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, November 10, 1886.

## NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing water faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

Commissioner of Public Works.
