Communication from the Assistant Corporation Counsel, recommending the dis-
continuance of the suits named in his report.

On motion, it was
Resolved, That the Corporation Counsel be and is hereby requested to discontinue
without costs the actions against the following named persons for violations of the
Sanitary Code and of the Health Laws, the Inspector having reported the orders
therein complied with, or the nuisances complained of abated, a permit having been
granted or violations removed, or the orders rescinded, to wit:

Sanitary Bureau.

The following communications were received from the Sanitary Superintendent:
First—Weekly reports of the Sanitary Superintendent. Ordered on file.
Second—Weekly reports from the Willard Parker, Reception, Riverside and Kings-
ton Avenue hospitals. Ordered on file.
Third—Certificates in respect to the vacation of premises at No. 35 East Broadway
and No. 84 Bowery, Borough of Manhattan.
On motion, the following preamble and resolutions were adopted:
Whereas, The Sanitary Superintendent has certified to this Board that the build-
ing situated upon lot No. 35 East Broadway, in the Borough of Manhattan, has become
dangerous to life and is unfit for human habitation because of the existence of a nu-
isance on the premises which is likely to cause sickness among its occupants,
Ordered, That all persons in said building situated on lot No. 35 East Broadway,
in the Borough of Manhattan, be required to vacate said building on or before October
30, 1906, for the reason that said building is dangerous to life and is unfit for human
habitation because of the existence of a nuisance on the premises likely to cause sick-
ness among its occupants.
And further, that this order be affixed conspicuously on the front of and in said
building and be served as the law requires, under the direction of the Sanitary Super-
intendent.
Whereas, The Sanitary Superintendent has certified to this Board that the build-
ing situated upon lot No. 84 Bowery, in the Borough of Manhattan, has become dan-
gerous to life and is unfit for human habitation because of defects in the drainage

thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 84 Bowery, in the Borough of Manhattan, be required to vacate said building on or before October 30, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Fourth—Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

Vacations.

BOROUGH OF MANHATTAN.

- No.
6824. No. 159 Third avenue.
9119. No. 465 Lexington avenue.
9048. Nos. 570 to 576 West Broadway.

BOROUGH OF QUEENS.

734. No. 147 Buena Vista street.
115. Corner of Maspeth avenue and Broad street, Maspeth.

Fifth—Certificates declaring premises at No. 227 West Sixty-second street, Borough of Manhattan; No. 506 Seventh avenue, College Point, Borough of Queens; Richmond avenue, near Butcherville road, Third Ward, and Signs road, Third Ward; north side Manor road, First Ward, Borough of Richmond, public nuisances.

On motion, the following orders were entered:

Whereas, The premises, No. 227 West Sixty-second street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the conducting of the barber shop, in its present condition, be discontinued.

Whereas, The premises, No. 506 Seventh avenue, College Point, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the floor so graded that all liquid matter shall be freely discharged therefrom; that sufficient windows and suitable roof ventilators be provided; that the walls and ceilings of the stable be sheathed with matched boards and painted; that a water tight manure box, with tight fitting cover, be constructed, at least three feet from the stable; that the cows be cleaned daily, and that milking be done in a proper and cleanly manner; that 600 cubic feet of air space be provided for each cow; that a properly lighted and ventilated milk house be provided a suitable distance from the stable.

Whereas, The premises, Richmond avenue, near Butcherville road, Third Ward, Borough of Richmond, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the floor so graded that all liquid matter shall be freely discharged therefrom; that sufficient windows and suitable roof ventilators be provided; that the walls and ceilings of the stable be sheathed with matched boards and painted; that a water tight manure box, with tight fitting cover, be constructed, at least three feet from the stable; that the cows be cleaned daily, and that milking be done in a proper and cleanly manner; that 600 cubic feet of air space be provided for each cow.

Whereas, The premises, Signs road, Third Ward, Borough of Richmond, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the floor so graded that all liquid matter shall be freely discharged therefrom; that sufficient windows and suitable roof ventilators be provided; that the walls and ceilings of the stable be sheathed with matched boards and painted; that a water tight manure box, with tight fitting cover, be constructed, at least three feet from the stable; that the cows be cleaned daily, and that milking be done in a proper and cleanly manner; that 600 cubic feet of air space be provided for each cow.

Whereas, The premises, north side of Manor road, First Ward, Borough of Richmond, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the floor so graded that all liquid matter shall be freely discharged therefrom; that sufficient windows and suitable roof ventilators be provided; that the walls and ceilings of the stable be sheathed with matched boards and painted; that a water tight manure box, with tight fitting cover, be constructed, at least three feet from the stable; that the cows be cleaned daily, and that milking be done in a proper and cleanly manner; that 600 cubic feet of air space be provided for each cow.

Sixth—Reports on applications for permits.

On motion, it was

Resolved, That permits be and are hereby granted as follows:

BOROUGH OF RICHMOND.

- Michael Curley, October 8 to October 13, 1906.

Pursuant to notice in the CITY RECORD, bids or estimates for furnishing all the labor and furnishing and erecting all the materials necessary or required to erect and complete a cow stable and dairy building, on the grounds of the sanatorium for the care and treatment of persons living in the City of New York, suffering with tuberculosis, located at Otisville, Town of Mount Hope, Orange County, New York, were opened by the Secretary of the Board on October 23, 1906, pursuant to a resolution of the Board of Health, adopted November 21, 1904, authorizing the said Secretary to open bids on behalf of the Board, tabulate the same and report thereon to the Board at the regular meeting next thereafter, and were submitted to the Board, as follows:

Kelly & Kelley.....	\$20,124 00
James MacArthur.....	20,315 00
Henry H. Vought.....	20,450 00
John Benney.....	26,952 00

On motion, it was

Resolved, That the contract for furnishing all the labor and furnishing and erecting all the materials necessary or required to erect and complete a cow stable and dairy building on the grounds of the sanatorium for the care and treatment of persons living in the City of New York, suffering with tuberculosis, located at Otisville, Town of Mount Hope, Orange County, New York, be and is hereby awarded to Kelly & Kelley, for the sum of \$20,124, they being the lowest bidders, subject to the approval of sureties by the Comptroller, and the President be and is hereby authorized to execute the contract in the form approved by the Corporation Counsel.

On motion, it was

Resolved, That the bid or proposal of Kelly & Kelley, for furnishing all the labor and furnishing and erecting all the materials necessary or required to erect and complete a cow stable and dairy building on the grounds of the sanatorium for the care and treatment of persons living in the City of New York, suffering with tuberculosis, located at Otisville, Town of Mount Hope, Orange County, New York, be and is forwarded to the Comptroller for approval of the sureties thereon.

On motion, it was

Resolved, That the security deposits on bids or estimates for furnishing all the labor and furnishing and erecting all the materials necessary or required to erect and complete a cow stable and dairy building on the grounds of the sanatorium for the

care and treatment of persons living in the City of New York, suffering with tuberculosis, located at Otisville, Town of Mount Hope, Orange County, New York, opened by the Secretary of the Board of Health, on October 23, 1906, pursuant to a resolution of the Board, adopted November 21, 1904, authorizing the said Secretary to open bids on behalf of the Board of Health, be forwarded to the Comptroller, as follows:

Kelly & Kelley, check.....	\$550 00
James MacArthur, check.....	750 00
H. H. Vought & Co., check.....	522 00
John Benney, cash.....	700 00

The Finance Committee presented vouchers for the expenditure of three hundred and fifty dollars (\$350) received from the office of the Comptroller on October 23, 1906 (series 40, check 18,768), pursuant to the resolution of the Board of Aldermen, adopted July 1, 1902, and approved by the Mayor, July 15, 1902. The same were approved and the Secretary was directed to forward them to the Comptroller.

On motion, it was

Resolved, That the Secretary be and is hereby directed to make requisition No. 41 upon the Comptroller for the sum of three hundred and fifty dollars (\$350), account of Revenue Bond Fund, May 11, 1906, Supplies and Contingencies (Brooklyn), for the purpose of defraying any minor or incidental expenses contingent to the Department of Health, pursuant to the resolution adopted by the Board of Aldermen, July 1, 1902, and approved by the Mayor, July 15, 1902.

The application of the Oriental Bank to act as depository of moneys belonging to the Health Department Pension Fund, addressed to Commissioner Doty, was received and laid on the table.

John W. Lieb, Jr., third vice-president of the New York Edison Company; J. P. Sparrow, chief engineer; W. H. Lawrence, electrical superintendent of Waterside Station; Mr. Taylor, an attorney representing said company; Mr. Charles T. Barney, and John B. Coleman, representing the Anti-Smoke League, appeared at the adjourned hearing relative to the matter of the failure of the New York Edison Company to comply with certain orders issued by the Board of Health to abate a nuisance caused by the escape of smoke and cinders. Prof. William Kent, of Syracuse University, also appeared in behalf of the Anti-Smoke League. The matter was held open to give the New York Edison Company an opportunity to submit a brief showing the means to be adopted to overcome the conditions existing.

Report relative to conditions existing at the House of Refuge on Randall's Island, found by an Inspector of the Department to be at variance with the report submitted by the attending physicians for the month ending September 30, 1906, was received and the Secretary was directed to communicate with the President of the Board of Managers of said House of Refuge, calling his attention to the conditions and requesting that steps be taken to remedy the same.

E. Anker, a veterinarian of No. 103 West Thirtieth street, appeared pursuant to notice and was heard in the matter of a violation of section 127 of the Sanitary Code. Upon recommendation of the General Medical Officer, Dr. Anker was reprimanded and the matter was ordered on file.

The application of Samuel Levy for the approval of the plans and specifications for the construction of a poultry slaughter house at No. 414 East Ninety-eighth street, Borough of Manhattan, was received and laid upon the table.

The application of Lewis & Simon for permit to keep and slaughter poultry at No. 77 Irving street, in the Borough of Brooklyn, was received, and, on recommendation of the Sanitary Superintendent, it was

Resolved, That the Secretary be and is hereby directed to issue a permit to Lewis & Simon to keep and slaughter poultry at No. 77 Irving street in the Borough of Brooklyn.

A report was received from the Sanitary Superintendent recommending that the resolution adopted by the Board of Health August 9, 1905, approving of the site on the south side of Pitkin avenue, 75 feet east of Snediker avenue, in the Borough of Brooklyn, as a location for a poultry slaughter house, be rescinded, and, on motion, it was

Resolved, That the resolution adopted by this Board August 9, 1905, approving of the site on the south side of Pitkin avenue, 75 feet east of Snediker avenue, Borough of Brooklyn, as a location for a poultry slaughter house, and the plans and specifications submitted, be and the same is hereby rescinded.

The application of Christopher Martin for the approval of the site at Spuyten Duyvil parkway, opposite Seton Hospital, Borough of The Bronx, for the location of a cow stable, was received, and, on recommendation of the Sanitary Superintendent, it was

Resolved, That the site at Spuyten Duyvil parkway, opposite Seton Hospital, Borough of The Bronx, upon which Christopher Martin proposes to locate a cow stable, be and the same is hereby disapproved.

The application of Agnes A. Norton for the approval of the site on Warren and Forrest streets, Corona, Borough of Queens, for the location of a cow stable, was received, and, on recommendation of the Sanitary Superintendent, it was

Resolved, That the site on Warren and Forrest streets, Corona, Borough of Queens, upon which Agnes A. Norton proposes to locate a cow stable, be and the same is hereby approved.

The application of D. Lumasseger for the approval of the site on east side of Calamus road, 200 feet east of Jefferson avenue, Winfield, Borough of Queens, for the location of a cow stable, was received, and, on recommendation of the Sanitary Superintendent, it was

Resolved, That the site on the east side of Calamus road, 200 feet east of Jefferson avenue, Winfield, Borough of Queens, upon which D. Lumasseger proposes to locate a cow stable, be and the same is hereby approved.

The application of A. Steigestahl for the approval of the site on the northeast corner of Flushing and Ehret avenues, North Beach, Borough of Queens, for the location of a cow stable, was received, and, on recommendation of the Sanitary Superintendent, it was

Resolved, That the site on the northeast corner of Flushing and Ehret avenues, North Beach, Borough of Queens, upon which A. Steigestahl proposes to locate a cow stable, be and the same is hereby approved.

Report of the commencement of the preventive hydrophobia treatment by John Fitzpatrick of No. 529 East Sixteenth street, Borough of Manhattan, was received, approved and ordered on file.

Reports of the preventive hydrophobia treatment sent to Dr. Stetson, Greenfield, Mass.; Dr. A. P. George, Haverhill, Mass.; Dr. D. McDougall, No. 131 Main street, Haverhill, Mass.; Dr. J. J. Clark, for two patients (Wm. Austin and Wm. L. Boss), Haverhill, Mass.; Dr. J. S. Croston, Haverhill, Mass.; M. H. Harrington, Springfield, Mass., and Wm. Schnetman, Cleveland Board of Health, Cleveland, O., at a charge of \$25 for each case, were received, approved and ordered on file.

Report in respect to the preventive hydrophobia treatment given to Roy Buckalen of Newark, N. J., with the recommendation that owing to the financial circumstances of the patients, the charge for such treatment be remitted, was received, and, on motion, it was

Resolved, That the charge for the preventive hydrophobia treatment given to Roy Buckalen of Newark, N. J., be and the same is hereby remitted owing to the financial circumstances of the patients.

Reports in respect to the sanitary condition of certain premises in the Borough of Queens were received, and, on motion, it was

Resolved, That the Assistant Sanitary Superintendent of this Department, assigned to duty in the Borough of Queens, be and is hereby directed to remove cows to the public pound from the following named premises in the Borough of Queens:

No. 217 Elm street, Long Island City.
No. 69 Frankfort street, Long Island City.
No. 103 Grove street, Corona.
Rear of No. 249 William street, Long Island.
No. 26 Fifth street, N. Woodside.
Court street, west of Toledo avenue, Newtown.
Court street, opposite Toledo avenue, Newtown.

On recommendation of the Corporation Counsel it was

Resolved, That the Registrar of Records be and is hereby directed to record the birth of the following-named persons in a special book kept for such purpose in the Bureau of Records of the Department of Health, pursuant to the provisions of section 1241, chapter 466, of the Laws of 1901:

Lena Gottesman, born February 23, 1892.
Bessie Cohen, born September 1, 1892.
Jacob Morgenstern, born December 15, 1891.
Bernard Effross, born February 7, 1891.
Jacob Gartner, born April 26, 1892.
Wallace Everett Hawxhurst, born September 16, 1892.
Hanah Jacoby, born October 12, 1891.
Meno Jablinowski, born August 4, 1891.
Simon Nathansohn, born October 10, 1892.
Harrold Chas. Van Name, born August 3, 1891.
Nelson Rosenthal, born August 27, 1892.
Bertie Brooks, born August 12, 1891.
Gustave Eckenwalder, born April 6, 1891.
Mark Dunnell, Jr., born December 26, 1887.
Ray Zengschmidt, born July 16, 1892.
Henry Weisberger, born June 9, 1892.
Warren P. White, born March 12, 1892.
Lizzie Price, born April 19, 1890.

Report in relation to injury to buggy (F) belonging to the Department of Health on October 22, 1906, caused by a runaway team belonging to Charles B. Rubenack, corner of Lewis and East Fourth streets, borough of Manhattan, was received and ordered on file.

Report in relation to a robbery which took place at the residence of the Assistant Sanitary Superintendent assigned to duty in the Borough of Richmond, in which the badge of the Assistant Sanitary Superintendent was taken, was received, and the Secretary was directed to cause another badge to be purchased for the use of said Assistant Sanitary Superintendent.

A report relative to the sale of elevated railroad tickets purchased for use of the Department of Health, referred to the president, was received, with the explanation of the Medical Inspector in charge of the Division of Communicable Diseases, and ordered on file.

William J. Dalton, an Inspector of Foods (milk), against whom charges for violation of the rules and regulations of the Department of Health, neglect of duty, insubordination and disobedience of orders were preferred, appeared pursuant to notice, accompanied by his counsel, and upon the request of counsel, the hearing was adjourned for one week.

Andrew Byrne, a Driver assigned to duty in the Borough of Manhattan, against whom charges of violation of the rules and regulations of the Department of Health and conduct unbecoming an employee of said Department were preferred, appeared and presented his resignation, to take effect November 1, 1906, which was accepted.

Report of the transfer of Roscoe E. Baldwin, an Office Boy assigned to duty in the Borough of The Bronx, to the Division of Communicable Diseases, to fill the vacancy caused by the resignation of Arthur B. Irving, Junior Clerk, was received from the Sanitary Superintendent and approved, and on motion, it was

Resolved, That Roscoe E. Baldwin, an Office Boy in the employ of this Department, assigned to duty in the Division of Communicable Diseases, Borough of Manhattan, be and is hereby promoted to the position of Junior Clerk, grade B, in accordance with the rules and classification of the Civil Service Commission, with salary at the rate of \$480 per annum, to take effect November 1, 1906.

The resignation of Marcia L. Richardson, a Typewriting Copyist in the employ of the Department, assigned to duty in the Borough of Richmond, to take effect November 1, 1906, was received and accepted.

The resignation of Henry McShane, a Stableman, assigned to duty in the Borough of Richmond, to take effect October 8, 1906, was received and accepted.

On motion, it was

Resolved, That John D. Trezise, of No. 426A Lewis avenue, Borough of Brooklyn, be and is hereby appointed a Medical Clerk in this Department, and assigned to duty in the Bureau of Records, Borough of Manhattan, with salary at the rate of \$1,200 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to date from and after October 22, 1906.

On motion, it was

Resolved, That Herman O. Luderer, of No. 338 East Eighty-third street, Borough of Manhattan, be and is hereby appointed a Laboratory Assistant in this Department, and assigned to duty in the chemical laboratory, Borough of Manhattan, with salary at the rate of \$600 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to date from and after October 26, 1906.

On motion, it was

Resolved, That Isabel A. Willis, of No. 582 Broome street, Borough of Manhattan, be and is hereby appointed a Typewriting Copyist in this Department, and assigned to duty in the Bureau of Records, Borough of Manhattan, with salary at the rate of \$600 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to date from and after October 25, 1906.

On motion, it was

Resolved, That Mary Lawlor, of No. 384 Willis avenue, Borough of The Bronx, be and is hereby appointed a Cleaner in this Department, and assigned to duty in the Division of Communicable Diseases, Borough of The Bronx, with salary at the rate of \$360 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to date from and after October 25, 1906.

On motion, it was

Resolved, That Sarah Hertwig, of No. 300 Broadway, Borough of Brooklyn, be and is hereby appointed a Cleaner in this Department, and assigned to duty in the Division of Communicable Diseases, Borough of Brooklyn, with salary at the rate of \$360 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to date from and after October 25, 1906.

A report of the transfer of Clarence F. Hartig, an Office Boy, assigned to duty in the Division of Communicable Diseases, from the Borough of Brooklyn to the Borough of Manhattan, was received, approved and ordered on file.

A report of the transfer of Richard J. Foley, an Office Boy, assigned to duty in the Division of Communicable Diseases, from the Borough of Manhattan to the office of the Inspector-in-Charge, Borough of Brooklyn, was received, approved and ordered on file.

The resignation of Frank J. Brennan, a Stenographer and Typewriter in this Department, assigned to duty in the Division of Contagious Diseases, Borough of Brooklyn, to take effect October 9, 1906, was received and accepted.

On motion, the Board adjourned.

EUGENE W. SCHEFFER, Secretary.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

REPORT FOR THE QUARTER ENDING JUNE 30, 1905.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, October 4, 1905.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—In accordance with section 1554 of the Greater New York Charter, I submit the following report of the transactions of this Department, for the quarter ending June 30, 1905:

Water Supply.

BOROUGH OF MANHATTAN, THE BRONX, QUEENS AND RICHMOND.

Attached hereto and marked "Document I." is the report of Chief Engineer I. M. de Varona, in which is shown in detail, the condition of the water supply, the expenditures provided for by the budgets and bond issues, the work done along the aqueducts, repairs and extensions of the distribution system, and tables giving consumption, supply and storage for the quarter ending June 30, 1905, for the above-named boroughs.

BOROUGH OF BROOKLYN.

The report of Acting Chief Engineer I. M. de Varona, attached hereto and marked "Document II." covers in detail the condition of the water supply along the Long Island watershed, the work done in repairs and extensions of the distribution system, records from the various pumping stations, tables showing consumption, supply and storage for the quarter ending June 30, 1905.

Report of Edwin I. Miller, Deputy Commissioner, covers the transactions of the Division of Water Supply, and is attached hereto, marked "Document III."

Lighting.

A full exhibit of the public lighting for the boroughs of Manhattan and The Bronx, prepared by Mr. Charles F. Lacombe, Engineer of Surface Construction, is attached hereto and marked "Document IV."

For the Borough of Brooklyn, the report of Mr. A. E. Allen, Engineer in Charge, and marked "Document V." covers the public lighting.

The report submitted by Hon. Edwin I. Miller, Deputy Commissioner for the Borough of Richmond, covers the public lighting and electrical transactions, and is attached hereto and marked "Document VI."

Electricity.

The transactions of the Electrical Bureau for the boroughs of Manhattan and The Bronx, prepared by Mr. Frank E. Brown, Chief Inspector, is attached hereto, and marked "Document VII."

The transactions of the Electrical Bureaus for the boroughs of Brooklyn and Queens are attached hereto and marked "Documents VIII. and IX."

Water Revenue.

The collections for water rents, meter charges, permits and other charges are covered for each borough in reports attached hereto and marked "Document X," transmitted by the several borough fiscal officers.

Respectfully yours,

FRANK J. GOODWIN, Deputy Commissioner.

DOCUMENT I.

Department of Water Supply, Gas and Electricity,
Office of the Chief Engineer, Nos. 13 to 21 Park Row,
City of New York, July 17, 1905.

Hon. JOHN T. OAKLEY, Commissioner:

Sir—I beg to submit herewith report showing the condition of the water supply in the boroughs of Manhattan, The Bronx, Queens and Richmond, for the quarter ending June 30, 1905; the expenditures provided for under the Tax Levy Budget, as well as under the appropriations made by bond issues, and balances remaining on July 1, 1905.

Adhering to the plan outlined in my previous report, in addition to the full financial details, all necessary data are given in regard to the work done and cost thereof, as well as complete tables of consumption, supply and storage.

FINANCIAL.

Total, credit of Sinking Fund.....	\$1,838,549 43
------------------------------------	----------------

Total collections, second quarter, 1905.....	\$1,848,024 56
--	----------------

Expenditures.

BOROUGH OF MANHATTAN AND THE BRONX.

Appropriations for 1905.

Salaries, Bureau of Chief Engineer—	
Balance, April 1, 1905.....	\$9,325 04
Expended per voucher, 1905.....	2,924 97
Balance, July 1.....	\$6,400 07

The expenditures, \$2,924.97, show, on basis of quarter's available funds, \$3,050, a surplus of \$125.03, and on the first six months a surplus of \$300.07.

Salaries, Croton Water System—	
Balance, April 1, 1905.....	\$22,614 80
Expended per voucher, 1905.....	8,320 08

Balance, July 1.....	\$14,294 72
----------------------	-------------

The expenditures for the first six months of 1905 amount to \$16,552.28, leaving a balance of \$14,294.72 for the balance of the year. On the basis of the appropriation, \$30,847, the amount available for the remaining six months will fall short \$1,130 to meet the payrolls current July 1.

Salaries, Bronx River Works—Maintenance and Repairs—

Balance, April 1, 1905.....	\$2,850 00
Expended per voucher, 1905.....	1,050 00

Balance, July 1.....	\$1,800 00
----------------------	------------

This cash balance, \$1,800, is wholly insufficient for the payrolls of the remaining six months, and, as stated in the prior quarterly report, a transfer of \$300 will be asked for to meet the annual deficit.

Maintenance of Croton Water System—Maintenance and Buildings—

Balance, April 1, 1905.....	\$341,860 06
-----------------------------	--------------

Expended, per voucher, 1905—

Salaries	\$54,226 32
Contracts	14,218 67
Sundries	12,085 22
	80,530 21

Cash balance, July 1.....	\$261,329 85
---------------------------	--------------

Outstanding Liabilities (Estimated)—

Contracts	\$73,981 33
Sundries	12,633 00
	86,614 33

Estimated balance, July 1.....	\$174,715 52
--------------------------------	--------------

The expenditures for the six months aggregate \$133,944.65, leaving for the remaining six months \$261,329.85.

Deducting about \$50,000 for taxes to be met, there will remain \$211,329.85 balance. Salaries for the first six months aggregate \$99,200; contracts and sundry requisitions entered into and outstanding aggregate \$86,614, and make \$185,814, the present liabilities against the balance.

Providing the force and contracts remain the same, the above estimated figures should be sufficient for the year.

Repairing and Renewal of Pipes, Etc.—

Balance, April 1, 1905.....	\$205,411 14
-----------------------------	--------------

Expended, per voucher, 1905—

Salaries	\$58,604 40
Contracts	8,435 95
Sundries	8,417 07
	75,457 42

Cash balance, July 1.....	\$129,953 72
---------------------------	--------------

Outstanding Liabilities (Estimated)—

Contracts	\$29,000 00
Sundries	6,100 00
	35,100 00

Estimated balance, July 1.....	\$94,853 72
--------------------------------	-------------

During the first six months \$130,046.28 has been expended out of the appropriation, \$260,000, leaving an actual cash balance of \$129,953.72, and against this there are contracts and requisitions aggregating \$35,100, or a net balance (approximated) of \$94,853.72. This is not sufficient for the balance of the year, salaries for the first six months being \$111,500.66.

During the quarter the Board of Estimate and Apportionment authorized the issue of Revenue Bonds to the amount of \$13,255, which will relieve this account, but a request for an additional sum of at least \$40,000 must be made to meet the apparent deficit.

Bronx River Works, Maintenance and Repairs—

Balance, April 1, 1905.....	\$27,598 78
-----------------------------	-------------

Expended, per voucher, 1905—

Salaries	\$4,813 50
Sundries	848 14
	5,661 64

Cash balance, July 1.....	\$21,937 14
---------------------------	-------------

Outstanding Liabilities (Estimated)—

Sundries	185 00
----------------	--------

Estimated balance, July 1.....	\$21,752 14
--------------------------------	-------------

During the first six months \$10,062.86 has been expended out of \$32,000 appropriated, leaving a balance of \$21,937.14.

From this balance about \$7,000 must be laid aside to meet the tax bills on aqueduct and reservoir property, as prescribed by section 480 of the Revised Charter.

This will leave about \$14,937.14 to meet payrolls and current expenses for the balance of the year.

Assuming the same payrolls for the second as for the first six months, about \$9,100 must be paid out in salaries and wages, leaving \$5,837 to meet all outstanding and current expenses for the balance of the year.

Public Drinking Hydrants—

Balance, April 1, 1905.....	\$3,000 00
-----------------------------	------------

Expended, per voucher, 1905.....

	15 00
Cash balance, July 1.....	\$2,985 00

Water Supply for the Twenty-fourth Ward—

Balance, April 1, 1905.....	\$6,389 93
-----------------------------	------------

Expended, per voucher, 1905.....

	4,585 32
Balance, July 1.....	\$1,804 61

Vouchers have been prepared which will settle all outstanding liabilities and there will remain a very small balance.

Appropriations for 1904.

Maintenance of Croton Water System—

Balance, April 1, 1905.....	\$20,548 81
-----------------------------	-------------

Expended, per voucher, 1905.....

	10,378 76
Cash balance, July 1.....	\$10,170 05

Outstanding liabilities (estimated).....

	8,070 00
Estimated balance, July 1.....	\$2,083 05

Repairing and Renewal Pipes, S. C., Etc.—

Balance, April 1, 1905.....	\$3,724 37
-----------------------------	------------

Expended, per voucher, 1905.....

	3,558 74
Cash balance, July 1.....	\$165 63

Outstanding liabilities (estimated).....

	1,250 00
Estimated deficit, July 1.....	\$1,084 37

Bronx River Works, Maintenance and Repair—

Balance, April 1, 1905.....	\$2,561 63
-----------------------------	------------

Expended, per voucher, 1905.....

	524 60
Cash balance, July 1.....	\$2,037 03

Expended, per voucher, 1905.....	4,674 93
Balance, July 1.....	\$11,687 63

The amount available for the quarter was \$5,262.50, of which \$4,674.93 was expended, leaving the quarter's surplus \$587.57, which, with previous quarter's surplus, makes a total of \$1,162.63 in excess of the available funds allowed for six months, on the basis of the appropriation.

Salaries, Pumping Stations—	
Balance, April 1, 1905.....	\$23,046 02
Expended, per voucher, 1905.....	7,777 25
Balance, July 1.....	\$15,268 77

As in the previous quarter, the expenditures exceeded the amount available by \$55.37, making for the six months, a deficit of \$174.97.

Owing to the conditions of the work done by this Bureau a transfer of an additional sum must be made to meet the increasing demands, in order to give efficient service.

Pumping Stations, Fuel and Supplies—	
Balance, April 1, 1905.....	\$28,101 72
Expended, per Voucher, 1905—	
Contracts	\$5,717 12
Sundries	1,697 36
	7,414 48

Cash balance, July 1..... \$20,687 24

Outstanding Liabilities (Estimated)—	
Contracts	\$11,035 00
Sundries	3,350 00
	14,385 00

Estimated balance, July 1..... \$6,302 24

The appropriation, \$28,500, as stated in previous quarter, may not be sufficient to insure adequate service. The liabilities, outstanding contracts, \$11,035, and sundry requisitions, \$3,350, with the expenditures for first two quarters, \$7,812.76, leave a balance of only \$6,302.24 to maintain this branch of the service for the remaining six months.

Maintenance and Repairs of Water Pipes, etc.—	
Balance, April 1, 1905.....	\$25,005 82
Expended, per Voucher, 1905—	
Salaries	\$5,692 82
Sundries	1,378 50
	7,071 32

Cash balance, July 1..... \$17,934 50

Outstanding liabilities (estimated)

Estimated balance, July 1..... \$16,291 50

To meet the expenses incurred by this branch of the service, extending over the entire Borough, it will be necessary to ask for a transfer of additional funds. An authorization to transfer \$4,500 to this account may be sufficient to maintain efficient service.

Supplying Water to Long Island City—	
Balance, April 1, 1905.....	\$102,568 74
Expended, per voucher, 1905.....	30,387 38
Cash balance, July 1.....	\$72,181 36
Outstanding liabilities (estimated).....	100 00
Estimated balance, July 1.....	\$72,081 36

The total expenditures for the first two quarters aggregate \$52,818.64, leaving a balance for the last six months of \$72,181.36, out of which, however, the unrendered bills for water supplied during June must be paid.

Rentals of Fire Hydrants—

Balance, April 1, 1905.....	\$50,000 00
Expended, per voucher, 1905.....	

Cash balance, July 1..... \$50,000 00

The bills against this account have not been rendered, which will account for the entire appropriation being on hand. If additional hydrants are set for necessary fire protection, this appropriation, averaging the cost of service of former years, may not be sufficient.

Appropriations for 1904.

Pumping Stations, Fuel and Supplies—

Balance, April 1, 1905.....	\$4,456 01
1904 voucher, \$210, cancelled per order Comptroller and new voucher, \$154, substituted	56 00
	\$4,512 01

Expended, per voucher, 1905—

Contracts	\$3,917 27
Sundries	157 30
	4,074 57

Cash balance, July 1..... 437 44

Outstanding liabilities (estimated)..... 12 00

Estimated balance, July 1..... \$425 44

Maintenance and Repairs of Water Pipes, Etc.—

Balance, April 1, 1905.....	\$1,203 83
1904 voucher, \$270, cancelled per order of Comptroller and new voucher substituted	38 00
	\$1,165 83

Expended, per voucher, 1905..... 561 12

Cash balance, July 1..... \$604 71

Outstanding liabilities (estimated)..... 370 00

Estimated balance, July 1..... \$234 71

Supplying Water to Long Island City—

Balance, April 1, 1905.....	\$5,669 58
Expended, per voucher, 1905.....	1,010 50

Cash balance, July 1..... \$4,659 08

Outstanding liabilities (estimated)..... 300 00

Estimated balance, July 1..... \$4,359 08

Bond Accounts.

Water Fund, Borough of Queens—

Balance, April 1, 1905.....	\$809,671 05
1904 voucher, \$164, cancelled per order of the Comptroller and new voucher, \$154, substituted.....	10 00
	\$809,681 05

Expended, per voucher, 1905—

Salaries	\$6,903 20
Contracts	10,704 50

WATER SUPPLY, BOROUGH OF MANHATTAN AND THE BRONX.

Average Daily Consumption—Million Gallons.

	April.	May.	June.	Average for Quarter.
Manhattan.				
New Aqueduct.....	278.4	271.1	274.1	274.4
The Bronx.				
Old Aqueduct	15.7	22.9	19.9	19.6
Bronx and Byram.....	19.0	19.0	19.0	19.0
Total, Manhattan and The Bronx.....	313.1	313.0	313.0	313.0

Water wasted through 48-inch blow-off gates, new Croton Dam, April 1 to April 15.....	10,305 million gallons
During May and June, wasted through gates.....	1,334 million gallons
Total waste at new dam.....	11,639 million gallons

June 3, the new and old aqueducts were changed from the new lake to old lake.
No water ran over the old Croton Dam for the last thirty-five days of the quarter.
From April 1 to 27, water wasted over Kensico Dam to the amount of 705 million gallons.

N. B.—The figures given in the tables originally prepared for this Quarterly Report have been revised, checked and corrected so as to conform to the results obtained by the rating of the current meter made October 24, 1905, by the Aqueduct Commissioners and reported to this Bureau November 16, 1905.

Average Analysis for the Quarter.

The average condition of the Manhattan water supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro- organisms.	Bacteria.
One Hundred and Thirty- fifth Street Gate House.	6	21	.187	.065	1.7	1,047	4,653
High Bridge Reservoir....	5	20	.150	.034	1.4	408	695
Central Park, new reservoir	5	19	.186	.030	1.5	1,053	226
Old Reservoir—							
North basin	5	19	.170	.033	1.5	571	734
South basin	5	20	.172	.036	1.6	917	419
City Hall tap.....	4	19	.110	.015	691	244

The high bacterial figures at the One Hundred and Thirty-fifth Street Gate House are due to the use of water from New Croton Lake during the month of June. The average figure for the months of April and May was 639, while the average figure for the month of June was 12,893. The use of this water has been discontinued.

The average condition of the Bronx water supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro- organisms.	Bacteria.
Williamsbridge Reservoir—							
Influx	4	16	.128	.042	2.1	90	164

Yonkers tap	3	15	.120	.019	2.7	362

Pollution at Mt. Kisco, Bedford, etc.

On my first preliminary inspection of the watershed I visited the sewage disposal works at the Montefiore Home at Bedford Station and ascertained that the works were entirely inefficient and that the sewage from the home was a serious menace to our water supply.

On May 23 I called the attention of the Superintendent of the Montefiore Home to the existing conditions, advising him that the plan adopted "in its present condition is entirely unsatisfactory and unsafe" and specifically stated the changes necessary, on which this Department would insist, to eliminate all danger. The Directors of the Montefiore Home showed the utmost willingness to act in accordance with the recommendations of the Chief Engineer and, after several conferences with the representatives of the Bacterial Sewage Purification Company, with whom the Montefiore Home had a contract for the installation of the plant then existing, I prepared a complete plan for the proper treatment of the sewage, embodying the recommendations above mentioned, which was forwarded to Superintendent Rosenberg of the Montefiore Home, on June 28 for their consideration, so that the work might be commenced without delay. In my communication transmitting these plans, I stated:

"The installation of the filter beds and the chemical plant thus shown should be completed without delay, in order to remedy the existing conditions which constitute a grave danger to the water supply of the City. In the meantime, as the matter is one of extreme urgency and gravity, I have directed that a temporary apparatus for chemical treatment be installed. This will be done by setting two hogsheads just in front of the septic tank so that a chloride of lime solution can be introduced at that point. I have ordered the hogsheads and also three drums of chloride of lime to be delivered at that point and will pay for the expenses of this material and attend to the proper erection and connection of the hogsheads, assuming and expecting that you will take charge of the preparation of the solution and proper treatment until the permanent plant is erected, and also expecting that all further expenses for the materials and chemicals will be paid for by the Montefiore Home.

"The proposed method of temporary chemical treatment consists in the use of 160 pounds of lime dissolved in 200 gallons of water, thoroughly stirred and allowed to settle, after which the clear solution is gradually run off into the septic tank. Two hogsheads are provided so that one may be allowed to settle while the other is in use. The solution should be run in so that the entire 160 pounds will be used during twenty-four hours, after which the second solution will be drawn upon while the sludge from the first hogshead is being removed.

"After the permanent plant is installed, the chemical treatment will consist of the addition of the same amount of lime to the tank, after which 133 pounds of soda ash will be slowly introduced and the mixture allowed to settle. By this means sodium hypochloride will be employed instead of hypochloride of lime. In this manner a perfectly soluble material will be introduced and the clogging of the pipes prevented. This treatment also prevents any unsightly appearance due to the precipitate of lime and also prevents an increase in hardness in the effluent.

"In view of the existing conditions there, which constituted a grave menace to the public health of the City, I have no doubt you will realize the imperative necessity of immediate action to carry out the works outlined above without loss of time."

I found also that at Mt. Kisco there was immediate danger of pollution from the drainage of lands in part occupied by the cheap dwellings of tenants previously removed from plots condemned by the City for the protection of the stream. These tenants had simply removed these buildings a few feet away and therefore the sources of pollution were not abated. Not enough land had been condemned and I immediately prepared plans to condemn the lowlands, which it is not possible to sewer under the proposed plans, and in the district known as "Under the Mountain" enough land was taken up the slope of the hill to make it sure either that no buildings would be erected higher up, or that, if so erected, they could be sewered. A map showing the five parcels of land to be condemned in order to protect the stream was forwarded to the Commissioner on May 23, 1905. The assessed value of these lands, for the purpose of taxation, as taken from the Town Clerk's books, was \$70,000, not including the Roman Catholic Church (Plot No. 50), which is exempt from taxation.

Contracts Entered Into During Quarter Ending June 30, 1906.

BOROUGHES OF MANHATTAN AND THE BRONX.

Summary of the Gates Inspected and Used in Manhattan and The Bronx During the Quarter Ending June 30, 1905.

4-inch gates used and inspected	32
6-inch gates used and inspected	492
8-inch gates used and inspected	8
12-inch gates used and inspected	184
14-inch gates used and inspected	1
16-inch gates used and inspected	1
20-inch gates used and inspected	14
36-inch gates used and inspected	9
48-inch gates used and inspected	8

Total 749

Work Done by the Seven Repair Companies and by the City Plumber.

BOROUGH OF MANHATTAN AND THE BRONX.

New hydrants set in place of defective hydrants	309
Old hydrants repaired	3,298
New stop cocks set in place of defective stop cocks	19
Old stop cocks repaired	394
Defective mains repaired	251
Taps shut off where service pipes were found defective	440
Hydrants found improperly closed after use (closed same properly)	750
Linear feet of pipe used in repairs to mains	888½
Permits issued to tap on City mains (Manhattan)	665
Permits issued to tap on City mains (The Bronx)	815

1,470

New horse troughs set by resolution of Board of Aldermen, approved by His Honor the Mayor	6
Old horse troughs repaired by City Plumber	73
Old horse troughs removed to new localities	2
Old horse troughs removed permanently	1

Permits to place taps over 1 inch in diameter on City mains—

2 inch	39
3 inch	8
4 inch	1

Where complaints have been received of muddy or impure water, the hydrants have been blown off regularly at lowest points in vicinity from which complaints were received, and occupants of premises notified of time hydrants were being blown off.

Pressures.

Owing to the number of 6-inch mains yet to be found in the distribution systems of Manhattan and The Bronx, and to some 4-inch mains also in the latter borough, the pressure in many districts is unsatisfactory for domestic use and entirely inadequate for fire protection, especially when hydrants are connected to these small mains. In all contracts now prepared 8 inches is the minimum size of main adopted for residential districts, and the smaller diameters will be eliminated as speedily as possible. For mains supplying hydrants, unless the circumstances warrant an exception, 12 inches will be adopted.

We have recording gauges at six repair companies, but these are too few and the records have not been properly filed and in other cases are lacking. For the proper remodeling of the distribution system a much larger range of observation and more complete and carefully prepared records are needed. I recommend that the Fire Department be requested to grant us permission to install recording gauges at some of the fire engine houses selected with regard to location, so that the pressures taken there will represent those in the vicinity, the gauges to be 8 inches, recording pressures up to 70 pounds. I have adopted this plan in Brooklyn. In case of fire, an examination of the charts would show the effect on the pressure. Recording gauges are to be placed also at our various pipe yards alongside of the ordinary pressure gauges.

Emergency Gangs.

Reference was made in the last quarterly report to the necessity of organizing emergency night gangs that would be on hand in case of breaks, thus avoiding the delays and extraordinary loss incurred hitherto from lack of making such a provision. Application was made for the requisite appropriation to organize these gangs and the Board of Aldermen, on the 20th of June, passed the necessary resolution authorizing the issue of Special Revenue Bonds to the amount of \$46,200, the proceeds thereof to be applied to the immediate organization and assignment to duty of the night force at the seven repair stations in the boroughs of Manhattan and The Bronx.

Break on Park Avenue Main.

In order to facilitate the construction of the subway on Park avenue, between Fortieth and Forty-second streets, the water in the 48-inch main was shut off and the main placed out of service. Subsequently this main was seriously damaged by an explosion in the subway tunnel in 1902. In spite of repeated communications from this Bureau, the repairs of this main had been delayed by the Rapid Transit Commission or their representatives, who did little or nothing in the matter until some two or three months ago, as I understand it. On June 10 this Bureau was informed that these repairs had been completed (no test having been made, as far as we can ascertain, of the pipe before it was covered, nor any facilities having been given to this Bureau to inspect the pipe either during construction or after completion and before the trench was filled). On the night of Saturday, June 10, at the request of the subway contractors, the employees of this Bureau turned on the water in the 48-inch pipe on the easterly side of Park avenue, between Fortieth and Forty-second streets, on the statement of the contractors for the subway that the repairs had been properly made and that the main was ready for use. In turning on the water in the main the 30-inch gate at Third avenue and Forty-second street was used, opening it only to a small extent, say about nine inches. After the water had been thus turned on the section was patrolled by the employees of this Bureau until about 5 o'clock on the following (Sunday) morning, to see if they could discover any evidence of leaks or other defects, but none appeared up to the time when our men left the watch, as aforesaid. At about 3.30 p. m. on Sunday, June 11, notice was received at this Bureau from the police of the Twenty-third Precinct that there was a large leak at Park avenue and Forty-second street. Our Repair Gangs proceeded to this location, and, having ascertained that the leak was from the 48-inch main on which the pressure had been turned the night before, the water was entirely shut off from the main.

Two communications were addressed by the Chief Engineer to the Rapid Transit Commission on June 12 and June 13, notifying them of the break in the main they had repaired and partially relaid less than fifteen hours before the water had been turned on, and requesting them to immediately dig up and uncover the main from Fortieth to Forty-second streets, so as to thoroughly inspect it and ascertain its condition, and to proceed at once with the necessary repairs. The Rapid Transit Commission were requested to advise us when this work would begin in order to detail an Inspector from this Bureau to examine the condition of the mains and to make the necessary arrangement for preliminary tests on the same before it was finally recovered by the contractors for the Rapid Transit Commission. Mr. George S. Rice, Chief Engineer of the Board of Rapid Transit Railroad Commissioners, in his letter of June 16, acknowledged the receipt of the communications from the Chief Engineer of the 12th and 13th of June and stated that immediately on being notified of the break he had ordered the contractors to at once repair it. He also forwarded, however, a letter received from Mr. S. L. F. Deyo, Chief Engineer of the Subway Construction Company, making the general allegations that it had not been shown that the break was due to any improper work done by the Subway Company and that it was not proven that the break had been due to such improper work either by the contractors or sub-contractors, and that the presumption was that in view of the age, quality and design of the pipe it was more probable that the leak was the result of its own inherent condition and not due to any disturbance by the contractor. Mr. Deyo therefore begged that his letter be submitted to the Rapid Transit Board and that no further requirement should be made on the contractor for the repairs until the matter had been definitely passed on by the Board.

The Secretary of the Board of Rapid Transit Commissioners, on June 12, in a communication to Commissioner Oakley, acknowledged the receipt of the communication of the Chief Engineer in regard to the break, stating that the matter was already receiving the attention of their Chief Engineer.

The Law Department, on June 13, addressed a communication to the Commissioner requesting a thorough investigation of the causes of the accident to determine the cause of the break which occurred, work done by the Repair Gangs, and all and any information that might be of use to the City in passing upon any claims that might be filed for damages. The damages to the tunnel, according to the statements of the Chief Engineer of the Subway Company, were unimportant, but it has been alleged that considerable damage to private property was experienced.

It will be necessary to thoroughly uncover and expose the pipe in order to determine the cause of the break, a full report on which will be made as soon as the facts are ascertained.

BOROUGH OF QUEENS.

Work Done in Borough of Queens During the Quarter.

As to the general condition of the system as at present constituted, I would report the same to be in good order throughout this borough. During the past quarter, owing to the many changes made in the grades of various streets, it has been necessary for our repair gangs to be employed not only in attending to their general duties, but also to be engaged in lowering mains in the different streets where grades have been changed. Strict attention, however, has been given to the hydrant service, and the same is in good working order at the present time.

In reference to the water supplied to this Department in Long Island City, I would say that the two City pumping stations in the First Ward are each furnishing an average daily supply of about 800,000 gallons.

The Bowery Bay Building and Improvement Company are furnishing daily about 250,000 gallons. The Citizens' Water Supply Company (our main source of supply) are now delivering daily about 4,600,000 gallons.

At the present time the supply received from the City stations and from the Bowery Bay Building and Improvement Company can be looked upon, I feel, only as fire streams, yet I find it very essential that the supply received from the Bowery Bay Building and Improvement Company be maintained, for the reason that in very warm weather, or when the supply from the Citizens' Water Company is reduced through accident or otherwise, we can call upon this company to make up the deficiency, this being done only in case of emergency.

The Engineering Corps connected with this office has been engaged during the last quarter on work preparatory to the commencement of the contract lately awarded to Messrs. Norton & Dalton, also in preparing plans, estimates, etc., for work to be done under appropriation for laying new mains in this borough, which work we desire to complete previous to the coming winter.

In reference to contract lately awarded to Norton & Dalton, I would inform you that we have received the first shipment of pipe on same, and expect to commence the work of laying as soon as sufficient pipe is delivered.

The Clinton Beckwith contract for laying mains in Jamaica, Jackson, Nott avenues, etc., has been completed, and final estimate has been mailed to this office.

The Corporation yards in this borough are in good order, and supplied with necessary pipe and fittings for repair work.

Work Done in Borough of Queens During the Quarter.

Kind of Work Done.	First Ward.	Third Ward.
Number of taps made.....	100	64
Number of leaks repaired.....	13	35

Number of days men worked at Corporation Yard.....	5

Distribution System, Borough of Richmond.

No repairs were required during the quarter on the mains, hydrants and gates in the Borough of Richmond.

MECHANICAL DIVISION.

BOROUGH OF MANHATTAN AND THE BRONX.

Jerome Avenue Pumping Station.

A sink, with all necessary connections, has been placed in the boiler room. Lockers for the Enginemen, Oilers and Firemen have been constructed, and a neat shed has been built over the platform scales located on the outside of the coal house.

The work, under contract with Henry R. Worthington, of covering and lagging the boilers, steam and hot water piping and the heated parts of the engines, is progressing satisfactorily.

The Snare & Triest Company, under their contract, have completed the work of placing the cast iron floor plates around the engine beds, of constructing an opening in the engine room floor, of building stairways and platforms to the basement and to the water ends of the pumps, and of placing a hood over the suction tank in the engine room.

As the pumping engines installed by Henry R. Worthington could not be put under steam, started up and run until the 48-inch supply line to the pumping station from gate house No. 4 of the Jerome Park reservoir was completely installed, the contract was held in abeyance, and as a result an extension of time, until September 1, 1905, was requested by the contractor, Henry R. Worthington. This extension of time was duly granted by the Department.

Owing to the inadequacy of the operating force in this station, the plant was operated only eight hours per day, from March 6 until March 24, from which date it was put on a regular daily service of 24 hours. The service was extended to the Williamsbridge and Wakefield districts, and supplanted the supply which previously was obtained from the New York and Westchester Company. This supply was then discontinued. After making the proper connections to the distributing mains, this service will be extended, where practicable, to the remaining high sections in The Bronx.

At the present time all the high areas in The Bronx are dependent for their water supply entirely upon the Jerome Avenue Pumping Station; areas in the Borough of Manhattan, at approximately the same elevation as the high service in The Bronx, are almost entirely dependent upon the tower service of the One Hundred and Seventy-ninth Street Pumping Station.

It is to be recommended that, at the earliest date, these two services be connected together by appropriate sized mains, so that either one may be temporarily supplied from either one of the two stations above mentioned, thereby removing the danger of a water shortage in either service, in case of serious accident in either station.

One Hundred and Seventy-ninth Street Pumping Station.

The general repairs in this station, which were stopped during the last quarter and held in abeyance pending the authorization of the spending of money for this purpose, the amount of which would exceed \$1,000, were continued on June 2; such expenditure being duly authorized by the Board of Aldermen previous to that date.

During the time of the suspension of these repairs, owing to a leaky condition existing in the condenser and in the primary main exhaust heater, Worthington engine No. 6 had to be shut down, and these repairs could not be made until after June 2, after which date the engine was put back in service. Similar repairs were then made to Worthington engine No. 5, and that engine was returned to regular service.

Blake engine No. 2, which had been in continuous service since its installation in 1896, was then taken out of service, and on it general extraordinary repairs and renewals were made.

On Blake engine No. 1, tower service, repairs were completed and the engine was put into excellent condition for service.

On the No. 8 boiler leaky seams were caulked, all the tubes were rerolled and three new tubes were put in place. Boilers Nos. 10 and 11 had flues and tubes rerolled. New stop valves were placed on boilers Nos. 5, 6 and 7.

A new 2½-inch valve was placed in the boiler room, on the boiler feed pump connection. A new joint was made on the bonnet of the 10-inch valve in the main steam line to the Blake engines. These repairs necessitated shutting down of three of the Blake engines.

Repairs were made to the coal conveyor, as follows: A new chute was placed in the hopper, 50 new conveyor buckets were put in place and two new pins were installed on the digger of the coal hoist.

New joints were made on the main throttles of engines Nos. 2 and 4. A new throttle valve was placed in the steam line to No. 3 engine, and the jacket piping of this engine was repaired.

The 4-inch auxiliary steam line from the Nos. 1 and 2 batteries of boilers to the tower service engines (Nos. 1 and 3) was completed, and in the event of it becoming

necessary to shut down the remainder of the Blake plant for repairs to the main steam line, it is now possible to keep either one of these engines in service. Several times in the past, repairs to this main steam line have necessitated the shutting down of the whole of the Blake engines.

During the quarter the boilers were regularly taken off and cleaned and the same are now in good condition.

Ninety-eighth Street Pumping Station.

During the quarter, the steam ends and piping of No. 2 engine were neatly lagged, the lagging was varnished and the main steam lines in the engine room were painted.

The sidewalls of the engine house basement, the vault under the sidewalk, and the tunnel between the boiler room and the coal house were whitewashed, and the engine and pump foundations, stairways, piers and oiler's lockers, the boiler-breechings and the water ends of No. 3 engine were painted.

New brick steps from the basement floor to the air pump pits of engines Nos. 1 and 2 were built.

Jacket return pipes of engines Nos. 1 and 2 were renewed, and new valves were placed in the hot and the cold water pipes in the basement of engine room.

The air compressor in the basement of engine room was overhauled, repaired and repacked, new steam valves and piping were placed, and numerous other small repairs were made throughout the plant.

An auxiliary feed line was run to boilers Nos. 1, 2, 5, 6, 7 and 8. The old feed water heater in the boiler room was overhauled, cleaned, repaired and the joints made up new.

New blow-off valves and piping were placed on boilers Nos. 1, 2 and 5.

Repairs were made to the grate bars and frames in furnaces of all the boilers. The piping and fittings were renewed on the water columns and gauges of boilers Nos. 5, 6, 7 and 8.

The brickwork in back connections of boilers Nos. 1 and 2, and the arches and breast plates in boilers Nos. 5, 6, 7 and 8 were renewed. The brick paving in front of all the boilers was renewed.

Brackets were set into the walls of the engine room and boiler room, and the locomotive headlights (to be used in the event of the gas failing) were set on same.

Early in the year No. 3 engine was taken out of service, and extensive repairs were started on same; but, owing to the stoppage of all work of this nature until June, this engine is still out of service, the repairs to same being now in progress.

The boilers in this station were regularly taken off and cleaned during the quarter.

High Bridge Pumping Station.

No repairs were made at this station during the quarter, nor was the station in commission.

Repairs to Engines.

Reference was made in the report for the previous quarter to the generally bad condition of the engines at the Pumping Stations at One Hundred and Seventy-ninth street and Ninety-eighth street, which was such as to threaten the continuity of the water supply and constitute a source of danger. Bills for work done had also accumulated, which the Comptroller's office refused to pass, as they exceeded in the aggregate the limit of \$1,000, as provided by the Charter for such payments without contract. In view of this unsatisfactory condition, after conferring with the Comptroller, the Chief Engineer recommended that authority be obtained from the Board of Aldermen for the expenditure of a given amount of money to repair these engines without the necessity of previous letting, it being impracticable beforehand to determine the extent and nature of the repairs required in an engine, and it being, of course, imperative that these repairs should not be delayed, thus jeopardizing the service, such action being all the more urgent in view of the conditions then existing. At the request of the Commissioner, the Board of Aldermen therefore, on May 23, authorized, and his Honor, the Mayor, on June 2, approved, a resolution authorizing the expenditure of \$35,000 for repairs to engines and other devices without public letting. We will now proceed to draft requisitions and obtain bids for the proper and economical overhauling, reassembling and general repairs of these engines, so that they may efficiently and economically do the work for which they are intended, and we will also pay the expenses of the bills which had accumulated after these have been thoroughly examined and verified.

BOROUGH OF RICHMOND.

Tottenville Pumping Station.

During the quarter the work of overhauling and repairing No. 1 Worthington pump was completed.

Steam and hot water piping in the station was covered.

The work of building the coal house was started May 1 last, and the house is now ready for the roof covering.

The wagon scales were repaired.

Small repairs were made in the station and to the deep well pumps.

The reservoir was cleaned out during the quarter.

The work of placing steam separators at each deep well pump and trapping same is progressing.

During the quarter the boilers were regularly taken off and cleaned.

BOROUGH OF QUEENS.

First Ward.

Pumping Station No. 1.

The work of installing surface condensers, oil separators and primary feed water heaters in the main exhausts of both pumping engines, and of setting and connecting air pumps, is not progressing as rapidly as it is desirable to have it, for the reason that the contractors, Frank McSwegan & Sons, had difficulty in getting the condensers and some special castings.

The work on engine No. 2 has been completed.

Two new valve rods were placed in engine No. 2.

The storehouse, outhouse and back of boiler house were painted.

The boilers and feed water heaters and purifiers were regularly cleaned during the quarter, and this plant is now in first-class condition.

Pumping Station No. 3.

During the quarter all pipe connections on the feed water heater were made up new.

Air and vacuum pumps on engine No. 2 were overhauled.

Damper regulator connections were repaired.

A new cross-head was ordered for No. 1 engine.

New plungers were placed in the feed pump.

The smokestack seams were filled and the stack was painted.

This plant, except for making some repairs to engine No. 1, is in first-class condition.

During the quarter the boilers were regularly taken off and cleaned.

Third Ward.

Flushing Pumping Station.

The contract entered into with the Snow Steam Pump Company of Buffalo for furnishing and installing a three-million-gallon pumping engine has been completed, and the duty test of the engine was made April 1.

The contract entered into with the Hudson Engineering and Contracting Company for driving wells and installing an air-lift system has been completed, all but making the final test.

The contract entered into with James A. Stevenson for building a new boiler house and placing a monitor on the engine house roof is now progressing, after a delay of almost one year on the part of the contractor.

The contract entered into with Frank McSwegan & Sons is not progressing as rapidly as we should like to have it. The delay is due to the difficulty the contractor is having in getting certain castings made.

Engine No. 1 in this station is apart, undergoing extensive and much needed repairs, and it is necessary to run the new engine continuously until the old engine is in commission again. For the reason that we have to keep the new engine in continuous

service the contractor is prevented from painting this engine, and therefore he cannot complete his contract with the City until the old engine is in service again.

An order has been issued to wire and equip the plant with electric lighting fixtures, and when this work is completed it will be a much needed improvement.

Repairs were made by the Department men to the 5-inch steam line from the boilers to the header.

Lumber has been ordered with which to repair the temporary house over the air compressor.

During the quarter the inlet gates from the stream to the pond were thoroughly and completely sealed with masonry walls and embankments, and it is now absolutely impossible for any of the stream water to find its way into the pond, except by overflowing the banks in time of freshet.

Materials have been ordered with which to make the necessary connections to enable us to pump direct from the wells at this station, should it become necessary to do so, as it would in the event of serious mishap occurring to the one air compressor installed with the air lift system.

Bayside Pumping Station.

The contract entered into with the firm of Ryan & McFarren for building an extension to the present engine house and building new boiler and coal houses is about complete.

An order has been issued to wire and equip with electric lighting fixtures the new plant.

The materials have been ordered for the proposed new flooring in the engine room.

The carpenter built a runway for the new coal house.

The Department painter is at work painting the dwellings attached to the station.

During the quarter the use of the waters from Oakland ponds was discontinued, and as a result this station now depends for its source of supply solely upon the yield from the driven wells, which yield is so inadequate for the requirements of the Ward that it is impossible, without the assistance of Whitestone station, for Flushing and Bayside stations to keep the pressure normal.

Whitestone Pumping Station.

On June 21 this station was put into service again. We were enabled to operate it since the above date by temporarily pressing into service firemen with engineers' licenses, and laborers, pending the appointment of the regular operating force requested.

During the quarter a general storehouse was built at this station by the Department men.

The pumping machinery in this station was repaired and repainted during the quarter.

The work of placing the pressure regulating device and connections on the College Point stand pipe is completed, and materials are ordered to place a temporary shed over same.

High Pressure Fire Service.

A contract with Bernstein & Bernstein was made to secure their services as architects for the high pressure fire service pumping station, situated at the north-west corner of Oliver and South streets, Borough of Manhattan, on March 26, 1905, and a similar contract was made with the same architects for the buildings for the high pressure fire service pumping station to be located on the northerly side of Gansevoort street, at the northeast corner of Gansevoort and West streets, Borough of Manhattan, on May 29.

Office Room.

The space allotted to this Bureau is entirely inadequate for the efficient performance of the work, and inconveniently distributed, so that a portion of our force is on the fifteenth floor and another on the sixth, while our records are scattered over the two floors and also at High Bridge, thus occasioning much loss of time and inconvenience. I am endeavoring to make arrangements to secure larger space and better distribution.

Respectfully submitted,
I. M. DE VARONA, Chief Engineer.

DOCUMENT II.

Department of Water Supply, Gas and Electricity,)
Chief Engineer's Office, Room 25, Municipal Building,)
Brooklyn, N. Y., August 22, 1905)

Hon. THOMAS R. FARRELL, Deputy Commissioner:

Dear Sir—The following report shows the condition of the water supply in the Borough of Brooklyn, the work done in connection with the same for the quarter ending June 30, 1905, the receipts for metered and unmetered water and from miscellaneous charges, and also the expenditures provided for under the Water Revenue Budget and the Tax Levy Budget as prepared by this Bureau, as well as the appropriations made for new work and outstanding balances on July 1, 1905.

FINANCIAL.

Receipts and Expenditures.

Receipts—	
Regular annual frontage rates and penalties.....	\$724,014 77
Meter charges, buildings and steamboats.....	350,965 47
Miscellaneous charges	3,710 11
Permits for tapping mains.....	6,993 50

Total collections to credit of Water Revenue, Borough of Brooklyn.....	<u>\$1,085,683 85</u>
--	-----------------------

Expenditures (Water Revenue Budget)—	
Chief Engineer, Salaries.....	\$121,422 63
Chief Engineer, Supplies.....	39,943 99
	<u>\$161,366 62</u>
Distribution and Repairs, Salaries.....	\$60,616 46
Distribution and Repairs, Supplies.....	5,892 37
	<u>66,508 83</u>
Deputy Commissioner, Supplies.....	446 92

Supplies and Accounts, Salaries.....	\$2,862 48
Supplies and Accounts, Supplies.....	41 86
	<u>2,904 34</u>
Water Registrar, Salaries (Inspectors).....	7,749 69
Water Registrar, Supplies.....	290 75
	<u>8,040 44</u>
Total expenditures.....	<u>\$239,267 15</u>

The Water Revenue Budget prepared for this Bureau for the year 1905 provides the following amounts:

Salaries	\$514,414 80
Supplies and Repairs.....	700,950 00
Total	<u>\$1,215,364 80</u>

So that on this basis the estimated expenses for the quarter would be, for this Bureau:

For Salaries.....	\$128,603 70
For Supplies and Repairs.....	175,237 50
Making a total of.....	<u>\$303,841 20</u>

And the actual expenditures chargeable to the Budget for 1905, for this Bureau, are, as shown above.....

	<u>161,366 62</u>
Thus leaving a balance to our credit of.....	<u>\$142,474 58</u>

Of which the saving in salaries for the second quarter is \$7,181.07.

As stated in the report for the last quarter, the large balance in supplies is due to the fact that no coal bills have yet been paid under the appropriation for 1905, and that bills for expenses in the early part of the year have not yet been rendered. It will be noticed that the surplus for supplies, however, has decreased from \$169,418.68 for the last quarter to \$135,293.51 for the present quarter, showing a difference of \$34,125.17. It is apparent from the above figures that there is still a margin to our credit in the items for supplies and salaries submitted in the Budget.

Expenditures (Tax Levy Budget)—

Laboratory:	
Salaries	\$1,237 50
Supplies (charged to account Supplies and Contingencies)	680 52
	<u>\$1,918 02</u>

The item of Salaries in the Tax Levy Budget prepared by this Bureau for the year 1905 amounted to \$8,330, and the appropriation made was limited to \$7,300.

On this basis, the amount allowable for salaries for the second quarter would be.....

	<u>\$1,825 00</u>
And as the actual expenditure has been, as shown above.....	<u>1,237 50</u>

There would appear a surplus of.....

As stated in the last quarterly report, this surplus is simply apparent, and is due to the fact that the pay of five Laborers at the Laboratory has been taken out of the Water Revenue Fund during both the first and second quarters, after which it will be charged to the Tax Levy Budget. This mode of procedure is necessary to make up the deficit which would result otherwise in the Tax Levy Budget, equal to the amount by which the appropriation was cut down, as above explained.

Appropriations, Expenditures and Balances.

Appropriations for 1905—	
Salaries, Laboratory:	
Balance, April 1, 1905.....	\$6,100 00
Expended, per voucher.....	1,237 50
Cash balance, July 1, 1905.....	<u>\$4,862 50</u>

Rentals of Fire Hydrants:	
Balance, April 1, 1905.....	\$25,000 00
Expended, per voucher.....	
Cash balance, July 1, 1905.....	<u>\$25,000 00</u>
Outstanding liabilities (estimated), contract.....	25,000 00

Water Construction, Borough of Brooklyn—	
Balance, April 1, 1905.....	\$657,239 07
Expended, per voucher.....	

Cash balance, July 1, 1905.....	<u>\$657,239 07</u>
Outstanding Liabilities (Estimated):	
Contracts	\$7,436 42
Sundries	
	<u>7,436 42</u>

Estimated balance, July 1, 1905.....

N. B.—In the report for the last quarter, I stated that the above balance of \$649,802.65 appearing in this account was made up of the appropriation of \$500,000 made for repairs to the Millburn Reservoir (which I did not think it would be advisable to make), and of \$149,802.65 remaining as a balance from the appropriation of \$1,010,000 made for the Additional Pipe Conduit, and I called attention to the importance of taking the necessary steps to utilize this surplus for other works, thus reducing to that amount the necessary appropriations. I added that at present this amount could very advantageously be used either for the Additional Pipe Conduit proposed, or for the extension of the Infiltration Gallery System, and that the transfer of said balance would make up, to that amount, the reductions made by the Board of Estimate and Apportionment in the request for Bond Issues made by this Department for the current year.

Water Main Fund, Borough of Brooklyn—	
Balance, April 1, 1905.....	\$58,939 05
Expended, per Voucher:	
Salaries	\$3,470 50

Total.....	862,820,100	675,110,100	62,600	187,710,000

Rainfall—Inches.

Location.	April. 1904.	April. 1905.	May. 1904.	May. 1905.	June. 1904.	June. 1905.	Total. 1904.	Total. 1905.
Municipal Building	4.74	2.61	2.01	0.83	2.61	4.92	9.36	8.36
Hempstead Reservoir	4.24	3.18	2.44	1.07	3.77	3.41	10.45	7.66

The rainfall for this quarter has been very light, particularly in May, when the rainfall at the Hempstead reservoir amounted only to 1.07 inches. The total rainfall

at the Hempstead Storage Reservoir during the first six months has been 16.91 inches, or at a rate of slightly less than 34 inches per annum, which is about three-fourths of the average yearly rainfall, and only about two-thirds of the rainfall that we have had for the past few years. This low rainfall was not unexpected, and, on the contrary, it should probably continue for several years, as we have had an unprecedented series of high rainfall years. The result of the low rainfall will, of course, mean a much diminished supply from our watershed, and the probable necessity of reducing the pressure within the City.

General Condition of the Supply.

The reduction in consumption during the past quarter, as compared with the consumption during the cold months, has not been as great as was anticipated, the consumers using and wasting more water than was expected.

The average daily consumption for the first six months of this year, as compared with the first six months of 1903 and 1904, is shown in the following table:

Month.	Average Daily Consumption in United States Gallons.			Percentage of Increase.	
	1903.	1904.	1905.	1904 on Basis of 1903.	1905 on Basis of 1904.
January	107,828,904	116,463,845	127,800,488	8.0	9.7
February	108,589,023	128,156,893	134,345,105	18.0	4.8
March	105,100,729	114,487,613	128,192,184	8.9	11.9
April	103,025,471	106,631,005	122,204,130	3.5	14.6
May	104,753,479	106,506,897	125,977,199	1.7	18.3
June	100,690,550	109,029,548	124,769,327	8.3	14.4
Total.....	629,988,156	681,275,801	763,288,433	8.1	12.0

As our daily increase in consumption in the ten (10) years from 1895 to 1904, both inclusive, was only 28,600,000 gallons per day, it will be seen that the increase in consumption in the last two years has been abnormal. This increase, in conjunction with the decrease in the rainfall, will unquestionably result in our having extreme difficulty in furnishing sufficient water to meet the consumption, including the present waste. An appeal to the consumers and a careful inspection should secure a reduction in the waste sufficient to enable us to meet the actual needs of consumers until the additional supply from our proposed infiltration galleries is available. Should the above measures, however, fail to check the waste sufficiently, a reduction of pressure within the City limits may become indispensable.

During the quarter water has been drawn from the Hempstead Storage Reservoir practically since May 27, the number of days for May and June during which water was drawn being as follows:

May	4 days
June	27 days

Even with this draft on our Storage Reservoir the supply was not equal to the demand, and the water fell in the Distribution Reservoirs. The total reduction during the quarter in the water stored in our Hempstead Reservoir and in our Distribution Basins amounted to 187,710,000 gallons.

The reduction in the stored water commenced on May 16. The total amount in storage on May 15 was 983,460,700 gallons, while the total amount in storage on July 1, 1905, amounted to 675,110,100 gallons, making a reduction in storage of 308,296,600 gallons. This amount of water was drawn from storage during a period of forty-six days, the daily draft amounting to 6,702,100 gallons.

We cannot utilize the water in the Storage Reservoir below a depth of about 4 feet, as the water in the conduit must be carried at an elevation equivalent to the level of the Storage Reservoir at this depth, in order to give the necessary supply at the Ridgewood Station. Assuming 4 feet as the minimum depth in the Storage Reservoir, and taking a depth of 10 feet in our Distribution Reservoirs as being the minimum depth to which it would be reasonably safe to draw them, we must assume about 200,000,000 gallons to be the amount of water that must be kept in storage and which is not available for consumption. This would leave us at the present time about 475,000,000 gallons of stored water available for our use, and at the rate at which the storage has been drawn down since May 15, this water would last for seventy-one days.

This is really a more favorable presentation of the situation than is the true condition, because we have during the past quarter been able to draw from the rainfall of previous seasons, but the amount available will rapidly decrease during the summer months, and the situation that now confronts this Department is an extremely serious one, and one which it is difficult to make the general public appreciate. Although the entire City of New York will probably be short of water for several years, the Borough of Brooklyn, having a small storage capacity on its watershed, feels the dry weather sooner than its sister Boroughs of Manhattan and The Bronx. But, on the other hand, we have more opportunity for quickly increasing our supply by extending our system for utilizing the underground waters of Long Island and by the possible extension into Suffolk County. In reference to the latter, it would be well to make an earnest effort to determine once for all whether or not the City can take from Suffolk County the underground supply, as has been asserted, and what rights, if any, it may have to take any of the surface supplies. The construction of works is not a matter of weeks or months, and the requisite time to complete it is much greater in Municipal than in private works, so that no time should be lost to anticipate the probable needs and make adequate preparations to meet them.

The following table shows the amount which was wasted from the supply ponds during the quarter:

	April.	May.	June.	Total.
Massapequa	35,488,300	35,488,300
Wantagh	28,202,500	28,202,500
Newbridge	11,861,200	11,861,200
East Meadow	181,837,000	181,837,000
Millburn
Total.....	257,389,000	257,389,000

It will be seen that practically no water was wasted during the entire quarter, even though the Millburn Station was run for part of the time at a reduced rate of pumping.

The following table shows the average amount which was pumped per day at the Millburn Station during the first six months of this year:

Months.	Average Daily Pumping in U. S. Gallons.
January	60,112,472
February	59,271,655
March	58,733,837
April	58,290,266
May	55,955,902
June	48,505,048
Total	340,869,180

This table shows the rapid dropping off toward the latter part of the quarter in the amount of water available from our new watershed, in spite of the fact that the Wantagh Infiltration Gallery furnished a comparatively large supply, amounting, during the month of June, to an average of 4,371,000 gallons per day.

We were unable to run the driven well stations on the new watershed except for a limited period at two of the stations on account of the lack of the necessary Engine-men and Stokers to man these stations. The stations were run as follows:

Matowa, May 24 to June 30.

Massapequa, June 28 to June 30.

There have not been any new sources of supply added to the system during the quarter, except the Wantagh Gallery, where the contractors have resumed work, and from which, as previously stated, quite a large supply has been obtained during the latter part of the quarter. It is hoped that this work can be carried on, so as to utilize to the fullest extent the supply which can be derived from its construction. The work done to date indicates that a large amount of ground water can be obtained from this gallery, and that the water is of excellent quality.

We have, by washing the clear stream and forest stream wells, increased the yield from these stations by about 1,000,000 gallons per day each, and we have increased the yield from the Oconee station by about 400,000 gallons per day, this increase being drawn from new shallow wells.

While our pumps at the New Lots station have been run at practically their maximum safe speed, we are now working on a connection between the new deep wells and the existing suction main, so as to utilize the supply from the deep wells, thus reducing the vacuum and the slip of the pumps. We expect to complete this work by July 2.

No further work has been done on the proposed new conduit running from Massapequa to the Ridgewood reservoir, as we have been awaiting the opinion of the Corporation Counsel as to our right to use the public highways, and awaiting as well the necessary appropriation.

DISTRIBUTION SYSTEM.

General Condition.

Owing to the increased draft and the limited amount of water, there has been a reduction of the pressure throughout the greater part of our distribution system, thus causing complaints by some of our citizens of lack of sufficient water. The reduction in pressure has been most keenly felt in the Bay Ridge, Fort Hamilton and Dyker Heights localities, as the summer draft for Bensonhurst, Bath Beach and Coney Island has been unusually heavy. The new 20-inch main laid on Harway avenue for supplying the Coney Island district was completed sufficiently to turn the water through it on June 18. But it was impossible to continue its use to supply the section of Coney Island east of West Seventeenth street, as the increased pressure due to this main caused such a great increase in consumption that no water was obtainable on the high sections of Dyker Heights, Fort Hamilton and Bay Ridge. We are therefore using the 20-inch main only for the Sea Gate supply, and, in case of fire, the repair gang

on the island has been notified to open the gates so as to immediately give the necessary supply for fire purposes. Although a great improvement on previous conditions, the present ones are not ideal, but can only be bettered by additional trunk distribution mains leading from the Fort Hamilton avenue main into the districts affected. Contracts are now being prepared for these mains, and it is expected that the work can be done either in the late fall or in the early spring. Additional trunk mains should be provided from the Ridgewood reservoir or Ridgewood engine house to a point about on a line drawn from Myrtle avenue and Broadway to East New York avenue and Albany avenue. We have in general ample trunk main capacity leading from the Ridgewood system below this point, but from approximately this line to the reservoir the velocity in the 48-inch and 36-inch mains is higher than is desirable and results in a loss of head which should be avoided by additional mains. It will, however, be useless to put in these additional mains unless we can obtain sufficient increase in supply, or its equivalent—sufficient decrease in the water wasted—to enable us to meet the demands of the system under the present pressure. We have not as yet been able to utilize to its full capacity the new main on Myrtle avenue, owing to inadequate supply. This is another manifestation of the oft-denounced evil of needless waste of water, owing to which additional pressure now means a large increase in consumption, without commensurate benefit to the consumer, and owing to which the citizen who is now careful of the water is differentiated against under the present system, as his neighbor may waste the water without any adequate check on such waste.

While on this subject, it may be well to refer to a provision of our regulations under which the use of water with hose for washing off sidewalks and sprinkling yards is declared illegal, and which can be claimed as a legitimate use of water. Under our present regulations, there is no charge made for this use of water, it being prohibited unless a meter is placed on the premises. We formerly obtained a large income from the charge made for this use of water, but when the regulations were changed, requiring the meter, we lost this income, and did not obtain any adequate return for such loss, as the use of the water continued, even though it was in violation of our regulations. To enforce this regulation would mean a large corps of Inspectors, and their employment would not give adequate return. Unless we are going to meter all consumers, I think that it would be better policy to return to a general charge for the use of water with the hose and rescind the regulation regarding the installation of meters where the hose is used.

The heavy draft during the summer months of the seashore sections at Coney Island, Bath Beach and Bensonhurst is greater than the supply furnished by the Gravesend and New Utrecht stations, and Ridgewood water is consequently furnished during the summer months to Bay Ridge and Fort Hamilton, while in the winter months the driven well water is furnished. The resulting change in the direction of flow in the mains stirs up the sediment and has caused complaint in the Bay Ridge and Fort Hamilton Districts. In order to minimize the trouble, the hydrants are blown off so as to remove the dirty water in the pipes.

Since the death of Mr. Henry Hawkes, Superintendent of Repairs to Distribution and Complaints, on May 16, the work of which Mr. Hawkes had charge and which is distinctly a part of the work of the Chief Engineer's Bureau, has been under the personal supervision of Mr. Robert Van Buren, Principal Assistant Engineer. Greater economy and efficiency are secured by this consolidation and much confusion and loss of time, in certain cases, has been and will be avoided.

Extension of Distribution.

A contract for extension to distribution has been prepared covering nine streets and avenues, the estimated amount of pipe to be laid being as follows:

20-inch pipe, linear feet.....	7,600
16-inch pipe, linear feet.....	1,200
8-inch pipe, linear feet.....	1,200
6-inch pipe, linear feet.....	500

In some of the streets in which mains are to be laid under the above contract there are at present existing mains, new mains being laid to give additional supply for fire service, the contract covering the streets in the Greenpoint and Hunters Point sections of the borough.

We have under preparation an additional general contract for laying small distribution mains in the outlying districts, as well as a contract for the trunk mains required in these districts, as already mentioned.

Rapid progress has been made in laying small water mains under the contracts with Daniel Douglass dated January 9, 1905; and Isaac Harris, assignee for Murphy Bros., dated February 24, 1905.

The work done under each of these contracts has been as follows:

Contract With Daniel Douglass.

Water Mains Laid.	16-inch.	12-inch.	8-inch.	6-inch.	Total.
Linear feet	1,050	3,816	20,532	14,894	40,292
Stop-cocks set	3	10	45	42	100
Hydrants set	145

Contract With Murphy Bros.

Water Mains Laid.	16-inch.	12-inch.	8-inch.	6-inch.	Total.
Linear feet	8,318	13,510	968	22,796
Stop-cocks set	22	35	25	82
Hydrants set	77

In addition to the work done by these contractors, the Department has had a gang employed laying mains and has also had mains laid and hydrants set by the gangs employed in the repair yards.

The total amount of work done in the extension to distribution has been as follows:

Water Mains Laid.	16-inch.	12-inch.	8-inch.	6-inch.	Total.
Linear feet	1,050	12,134	34,042	15,862	63,088
Stop-cocks set	3	32	80	67	182
Fire hydrants set.....	222

The laying of these new mains with their appurtenances has practically eliminated all complaints from our citizens, and with the general form of contract under which Mr. Harris is working we are able to install the mains within a short time after the petition for new mains has been received and favorably reported on. A continuation of this form of contract should prevent, in the future, practically all cause of complaint and the builder would be certain to obtain the water before his house was constructed and he was ready to utilize the supply.

During the quarter petitions for 29 streets and avenues were received and 15 were reported on unfavorably. These petitions covered the laying of 1,074 feet of 16-inch pipe, 6,819 feet of 8-inch pipe and 2,833 feet of 6-inch pipe, making a total of 10,726 feet.

Repairs to Distribution.

The following work has been done by the repair gangs during the quarter:

New fire hydrants set.....	34
----------------------------	----

Fire hydrants repaired.....	2,127
Drinking hydrants repaired.....	38
Leaks reported by Inspectors.....	142
Premises cut off.....	101
Taps driven and inspected.....	1,937
Stop-cocks repaired.....	443
New water meters tested.....	229
Permits for extension.....	283
Permits for new and old buildings.....	1,659
Cement sidewalk permits.....	507
Street opening permits.....	1,551
Draw tap and plug permits.....	30
Special water permits.....	21
Leaks in distribution (repaired).....	103

	4-inch.	6-inch.	8-inch.	12-inch.	16-inch.	Total.
New water mains laid, linear feet.....	..	136	495	192	..	823
New water gates set.....	2	33	2	11	2	50

Mains laid and new hydrants and gates set have been included in the tables under Extension to Distribution.

Removal and Relaying of Mains.

The removal and relaying of existing tuberculated mains has been actively prosecuted by Mr. M. J. Dady, under his contract dated January 22, 1904, who has now practically completed this work, there being only a very few feet of 20-inch mains to be laid on Myrtle avenue and some cleaning up and paving to be done.

The work done during the quarter was as follows:

Pipe Laid.		
36-inch pipe, linear feet.....	722	
24-inch pipe, linear feet.....	2,653	
20-inch pipe, linear feet.....	23,417	
16-inch pipe, linear feet.....	26	
12-inch pipe, linear feet.....	518	
8-inch pipe, linear feet.....	3,284	
6-inch pipe, linear feet.....	1,938	
	32,558	

A contract was forwarded during the quarter for removing and relaying mains on Wythe avenue and adjacent streets, from Flushing avenue to North Tenth street. This contract covers all the money at present available for this work and the streets in which the mains are to be replaced were determined after consultation with the Fire Department. The great importance of this new work can hardly be overestimated and it is hoped that a liberal appropriation may be available for continuing the work.

The 20-inch main in Adams street and the 24-inch main in Water street were changed in order to permit the construction of the anchorage of the Manhattan Bridge. The work was done by P. J. Murray & Co., under contract with the Bridge Department. The work was done, however, under the supervision of this Department, and according to the plans submitted to and approved by the Chief Engineer. Portions of the 20-inch main in Adams street and of the 24-inch main in Water street were removed, and new 20-inch and 24-inch mains were laid along the new lines of the streets. A new 6-inch line was also laid. The work was begun on May 20, and will be completed about the first week of July. The following is a summary of the work done:

	Pipe Laid. Feet	Removed. Feet Pipe	Set. Gates
24-inch	425	254	2
20-inch	162	266	1
12-inch	4	4	..
6-inch	276	..	2

New Hydrants on Existing Mains.

Bids were received for cutting in about 350 double nozzle hydrants on the existing 30-inch and 20-inch mains, these mains being located mainly in the lower section of the borough. When the distribution system was originally planned it was not considered advisable by the Engineers to have hydrants on mains any larger than 12 inches in diameter. While this may have been good practice, considering the fire apparatus that was available in those days, and the comparatively few mains that were available to supply the City, it should not be adhered to any longer. In order to utilize for fire purposes the abundant supply of water which can be furnished by these large mains, we have, therefore, prepared the present contract, and expect to place hydrants on all the large mains, 30 inches and smaller in diameter, throughout the City as soon as the appropriations warrant.

The present contract covers more than one-half the hydrants required for the entire work. It is expected that the contractor will be able to commence work during the coming quarter.

Sixteen-Inch Mount Prospect Fire Service Main.

The laying of this main has been completed by Mr. Isaac Harris, the following work being done during the quarter:

Pipe Laid.	16-inch.	6-inch.	Total.
Linear feet	1,008	222	1,230
Stop-cocks set	1	8	9
Hydrants set	9

The completion of this main has given a large increase in fire protection along its line, and has also given a main under sufficient pressure to allow connections to be made for sprinkler service. The tests made this year on the main for tightness showed the following results:

Date. 1905.	Section Tested.	Length. Feet.	Time, Minutes.	Pressure.	Allowable Leakage, Gallons.	Actual Leakage, Gallons.
April 10—	Livingston street and Boerum place, from Hoyt street to Fulton street.....	1,447.1	10	125	8.7	5.4
April 11—	Front street, from Main street to Gold street.....	2,128.5	10	125	12.6	8.5

HIGH PRESSURE FIRE SERVICE SYSTEM.

Main System.

The work of installing the mains and appurtenances for the high pressure fire service main system has made slow progress owing to the difficulty the contractor, Mr. John J. Cashman, experienced in obtaining the necessary steel castings. It seems likely that the difficulty experienced, which was mainly due to the foundry where the order was placed being inexperienced in this work, has been overcome and the work can now progress without undue delay.

Test pits have been made along the line of the proposed mains, to give definite information as to the subsurface obstructions to be met with, and the location of the main in each street will be determined by these test pits, the main being laid to avoid interference as far as possible with existing subsurface structures.

Ground was broken for the trench for laying the mains on Sullivan street June 27, 1905, and during the quarter the following amount of work has been done:

525 linear feet of 12-inch pipe laid.
2 12-inch stop-cocks set.

No test has yet been made on the mains, but during the quarter tests were made on the flange joints, and it was found that no difficulty need be anticipated in making the joints tight up to 750 pounds pressure if necessary.

The tests of the hydrants were completed on April 5, the final test being made at the Ridgewood Engine House on the hydrant submitted by the A. P. Smith Manufacturing Company, which was the only hydrant which had complied with the specifications. This hydrant passed the test satisfactorily, and I therefore recommended its acceptance, although the A. P. Smith Manufacturing Company were the highest bidders for the hydrant. In selecting the hydrant for this high pressure work the item of cost is comparatively unimportant, the main factors being safety, durability and ease of operation of the hydrant. The severe test to which the hydrant was subjected showed that the award of the hydrant to simply the lowest bidder without any test would have been detrimental to the City's interests.

The completion and advertisement of the contracts for the pumps and motors to be used at the high service pumping stations was considerably delayed owing to the length of time consumed in consultations with the fire insurance interests before these contracts were made. These consultations were deemed advisable by his Honor, the Mayor, and the Commissioner.

The specifications have finally been printed with slight modifications from the original ones and bids have been asked for, which will be received on July 19.

We have not yet received the final printed copies of the specifications for the buildings for the high pressure stations, but these are now in the hands of the printer. As the construction of the stations will only take about one-half of the time necessary to complete the pumps and motors, the stations should be ready before the contractor for the machinery is ready to place the same.

A contract for laying an additional 20-inch main as a suction supply main for the reserve station at Willoughby and St. Edwards street, and for a 30-inch main as a suction supply main for the station at the corner of Furman and Joralemon streets has been advertised and the contract awarded to the lowest bidder, Mr. John J. Cashman. These mains will be completed before the stations are erected.

Work has been advanced on the contracts for the salt water suction mains, and also on the contracts for the electrical feeders and for other minor installations required in connection with the high pressure fire service system.

After consultation with Commissioner Woodbury of the Street Cleaning Department the location of about 237 street flushing hydrants was fixed, these hydrants to be connected to the high pressure fire service system. It is expected that the contract for furnishing and installing these hydrants will be prepared during the coming quarter. The advisability of these hydrants has been seriously questioned and their installation will be in the nature of an experiment, their retention in use being determined by actual working conditions and results.

It should also be added that the appropriation asked for the installation of the high pressure fire system in this borough did not provide for these sprinkling hydrants, so that probably an additional appropriation may be required to cover, at least partially, their cost.

Coney Island System.

The work of constructing this system has been carried on throughout the quarter, and it is expected that it can be put in use by the early part of July.

The laying of the mains, setting of hydrants and gates has been completed, but the Borough Construction Company, which has the contract for furnishing and laying the mains and appurtenances, has experienced a great deal of difficulty in making the tests prescribed in the contract. The laying of the mains was extremely difficult on account of the nearness of the tidewater to the street surface, especially along Surf avenue and walks to the south of Surf avenue. When the trench was excavated for the new main, both the house and main sewers, water and gas pipes and electric ducts were found to be very near the level of tidewater, and, as it was necessary to lay the main some distance below the surface, to avoid danger of freezing, and also damage to the main from traffic, the 16-inch main was laid below the underground water level for the major portion of the distance between West Fifth and West Seventeenth streets. As the material is fine sand, it moves very rapidly when excavation is made below the water level, and it was almost impossible to prevent sand from entering the pipes and interfering with the proper operation of the gates and hydrants. The result has been that a great deal of trouble has been found in making the gates and hydrants tight under the test pressure, which is 50 per cent. above the maximum working pressure allowed. This difficulty of testing the mains has been felt more severely on account of the heavy summer traffic along Surf avenue, and the inconvenience caused both to the visitors to the Island and the business men along Surf avenue by the trench over the water main not being repaved.

The contractors for the engines and pumps, B. Franklin Hart, Jr., & Co., had both their gas engines and pumping engines completed, ready to ship, when the weather permitted the work to be resumed, but they were delayed in placing the machinery on account of the delay in erecting the building. The shop test of the gas engines was made by Mr. Kenneth Torrance, in charge of our Ridgewood and Line pumping stations, the results being as follows:

	Engine No. 2.		Engine No. 3.		Engine No. 1.	
	Full Load.	Over Load.	Full Load.	Over Load.	Full Load.	Over Load.
Date of test.....	April 14, 1905.	April 14, 1905.	April 17, 1905.	April 17, 1905.	April 17, 1905.	April 17, 1905.
Duration of test.....	30 min.	30 min.	30 min.	30 min.	30 min.	30 min.
Brake, horse power.....	154.1	178.9	153.2	179.1	153.7	180.2
Cubic feet of gas consumed	1,450	1,527	1,382	1,498	1,440	1,568
Cubic feet of gas per horse power per hour..	18.81	17.06	18.03	16.73	18.73	17.40
B. T. U. in cubic feet of gas	592	592	576	576	587	587
B. T. U. per horse power per hour	11,140.3	10,057.7	10,388.8	9,636.5	10,999.0	10,157.8

The pumps and engines have now all been set up and connected, and will be ready to be run in a few days. The construction of the building has been very slow. The contractor, Mr. Christopher Nally, has experienced great difficulty in obtaining both mechanics and material suitable for the work, and, while the building is now up, the roof and the interior portion has not been completed.

The completion of this station will greatly relieve the existing conditions of inadequate fire protection at Coney Island, and should prevent any extensive conflagration such as has visited the Island at several times in past years, causing a great financial loss to the owners of the property, as it has been almost impossible to obtain insurance at rates which were not prohibitive.

PUMPING STATIONS.

Mt. Prospect.

The average amount of water pumped during the quarter at the Mt. Prospect Pumping Station was as follows:

Year.	Low Service.	High Service.
1904	6,701,369	3,817,164
1905	2,027,864	4,995,134
Increase in 1905.....	1,177,970
Decrease in 1905.....	4,673,505

A new 6,000,000 gallon turbine centrifugal pump that was being installed by the D'Olier Engineering Company was completed, and the preliminary run made by the contractors from April 3 to April 10. This run proved satisfactory, and the official test was made from April 21 to April 22 by Mr. Reginald Pelham Bolton, the expert appointed by the City. The result of this test was as follows:

Total pumped in 24 hours, 6,546,899 gallons. Duty per 1,000,000 B. T. U.—82,156,433 foot pounds.

The contract requirements for this turbine and pump were that it should pump 6,000,000 gallons per day of 24 hours, with a duty of 85,000,000 foot pounds of work per each one million B. T. U. consumed by the engine and auxiliaries. It will be seen from the table that the engine and pump exceed the contract requirements, as far as capacity is concerned, but as the duty shown was less than 85,000,000 foot pounds, according to the terms of the contract, a deduction of \$400 from the price bid was made.

The operation of this engine has been very satisfactory since it was put into service, with the exception of the noise caused by the gears running at a very high speed. The gear case is now being covered with a sound-proof material so as to reduce the noise, which at present is objectionable to the residents in the immediate vicinity when the windows of the engine room are open.

The 8-inch steam main supplying the tower engine room is in very poor condition and a requisition has been made for replacing this main with a smaller one. An investigation of the steam used for the station showed that the steam traps were passing a large amount of steam and the installation of the new traps has resulted in a decided economy in the consumption of coal.

The coal sheds of boiler room have been rewired and the inside electrical wiring of this station is now in first-class condition.

Gravesend and New Utrecht.

These stations have been run as usual, and provision is now being made for installing the additional temporary boiler at the Gravesend Station, so as to increase the supply from this station and facilitate the abandonment of the New Utrecht Station. Owing to the expected abandonment of the latter station no repairs have been made to the engines or boilers except those imperatively required to keep the plant in operation. The contracts for remodeling the Gravesend Station are in the hands of the printer, and bids should be received during the coming quarter.

Ridgewood Station.

During the quarter the engines have been run almost continuously, as the consumption has been very high. A preliminary test of the engines showed that the Worthington triple expansion engines had a slip of several per cent., but as it was deemed advisable to check up the results obtained by the weir with the results obtained from the Venturi meters, no correction was made in computing the amount pumped. The figures, therefore, show a somewhat greater consumption than would be obtained if the correction had been made for the slip in these pumps.

Owing to the exceedingly small reserve in pumping capacity at this station, it was deemed advisable to have the old horizontal engine, located in the temporary pit adjoining the new engine house on the east, and known as Engine No. 49, repaired. A requisition has been drawn on Henry R. Worthington, the builder of this engine, to make the necessary repairs, and it is expected that the engine will be in shape to run in the latter part of the coming quarter.

The forms of contract and specifications for the new centrifugal unit are in the hands of the printer, and bids should be received in August.

The Davidson engines have been used with only two of the units in operation on account of the remodeling of the boilers supplying this plant. This work is being done by E. Rutzler, and he has nearly completed the remodeling of four of the boilers.

The two new 200-horse power boilers furnished by Beggs & Co. were fitted and connected up by our men and were put in operation early in June. We were thus enabled to have Morris boilers Nos. 1 and 2 put out of service and turned over to B. F. Hart, Jr., & Co., this company having the contract for remodeling the ten Morris boilers.

The Morris boilers are in an extremely unsatisfactory condition, the leakage of steam being so great that it has been very difficult to keep up the steam to the required pressure. Boilers in the Bigelow and the Strong batteries were cleaned and washed as required and minor repairs made. The roof to the south side station has been repaired, and the roof over the coal shed on the north side has been completed.

New Lots.

This station has been running continuously, but the wells are in rather poor condition and it has been difficult to keep up the level of water in the reservoir. To add to the supply five new deep wells were connected up, and will be put into service about July 1. These wells draw their supply from beneath the clay bed, but do not interfere with the shallow well supply. The contracts for remodeling and rebuilding this station have been forwarded to the printer, and it is expected that work will commence in the fall.

Line Stations.

The necessary repairs have been made to the engines, boilers and building at the line stations to keep them in good running condition.

At the Oconee station four new shallow wells, consisting of a four-inch brass strainer, surrounded by four inches of gravel, have been connected up and have added a half million gallons daily to the supply.

Repairs to Driven Wells.

The following work has been done by the driven well gang during the past quarter:

At the Forest Stream station, thirty-one 2-inch wells have been pulled up and replaced with 2-inch asphalt lined wrought iron pipe and new single gauze slotted strainers. The tops of the wells vary from 26 feet 4 inches to 38 feet 8 inches, and the wells yield from 42 to 70 gallons per minute. Forty 2-inch wells have been pulled up and redriven, after being cleaned, to a depth of from 25 feet 4 inches to 34 feet 6 inches. These wells yielded from 30 to 52 gallons per minute with a hand pump.

At the Clear Stream pumping station, forty-five 2-inch wells were put down and replaced with new strainers, the wells being driven to a depth of from 32 feet 6 inches to 35 feet, and yield from 33 to 48 gallons per minute. Twenty-seven wells have been pulled up and redriven to depths varying from 35 feet to 37 feet and yield from 18 to 52 gallons per minute with a hand pump. One well was pulled up and redriven to a depth of 33 feet at the Engineer's house.

At Oconee pumping station, three wells have been put down by first sinking a 12-inch casing, then placing within the casing a 4-inch brass strainer 12 feet long, connected to 4½-inch pipe. The space around the casing and strainer was filled with gravel and the casing withdrawn. These wells have been sunk to a depth of from 43 feet 9 inches to 46 feet and have shown that they would furnish a large supply of water.

At Jameco pumping station, preparations have been made for cleaning the deep well plant and placing new strainers in the deep wells. At the Spring Creek station

four 4½-inch to 4-inch wells similar to those sunk at Oconee have been put down, the depth of the wells varying from 44 feet to 50 feet.

At the Flushing pumping station, two 2-inch test wells were driven to depths of 65 feet and 70 feet, respectively.

Ponds, Conduits and Reservoirs.

The usual work of patrolling and cleaning the ponds, conduits and reservoirs has been carried on as usual. Owing to the increase in the algæ growth in the Ridgewood reservoir, basins Nos. 2 and 3 were cut off on June 30, the water being pumped through the by-pass and through basin No. 1.

The following schedule gives a summary of the work of cleaning closets and cess-pools done by the Department during the quarter, to prevent pollution of the surface supplies:

Near Foster's Meadow stream.....	442
Near Springfield stream.....	572
Near Valley stream.....	144
Near Schodack brook.....	72
Near Pine's stream.....	99
Near Hempstead.....	2,358
Near Millburn stream.....	72
Near East Meadow stream.....	73
Near Wantagh stream.....	156
Along Conduit Line.....	648

The cost of this work during the quarter was \$825.

Surveys of Land for Protection from Pollution.

The field work has been completed on locating the property along Schodack brook, which it is anticipated that the City will purchase in the future.

Work is now being carried on along the Simonson's streams, surveys being made of the property where the danger from pollution is greatest.

Water Analyses.

During the quarter there have been 1,446 samples of Brooklyn water analyzed, while the total number of analyses of water from all the boroughs, including Brooklyn, made by the Mount Prospect Laboratory, have been 2,631. Besides this work the following examinations and analyses have been made:

Oil	15
Coal	15
Cement	17
Sand	14
Boiler compounds.....	2
Pig lead.....	1
Special tests and experiments.....	4

The average condition of the water supplied during the quarter is shown in the following table:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-organisms.	Bacteria.
Ridgewood—							
Average influxes	3	14	.059	.019	6.3	26	263
Basin No. 1, efflux.....	4	12	.064	.014	38	191
Basin No. 2, efflux.....	4	13	.074	.012	686	183

Mt. Prospect Reservoir....	4	12	.110	.020	7.1	919	722
Average taps	4	13	.069	.011	642	228

The chlorine continues very low, as we have not yet commenced to draw heavily on the driven wells. The water has been in a very satisfactory condition during the quarter.

Contracts.

The following contracts have been prepared and forwarded during the quarter:

- April 10—For furnishing and delivering cast iron pipe and special castings.
April 13—For furnishing and delivering all the necessary materials and labor required in the erection of a new Gravesend pumping station.
April 13—For furnishing, delivering and erecting the necessary steam-fitting, together with all auxiliaries, complete, at the new Gravesend pumping station.
April 13—For furnishing, constructing and erecting one pumping engine with all appliances complete, at the new Gravesend pumping station.
April 13—For furnishing, delivering, erecting and connecting two boilers and one economizer at the new Gravesend pumping station.
April 14—For furnishing, constructing and erecting the new New Lots pumping station.
April 14—For furnishing, delivering, erecting and connecting two (2) pumping engines, including foundations, auxiliaries and piping, at the new New Lots pumping station.
April 14—For furnishing, delivering and erecting the necessary steam-fitting and appurtenances at the new New Lots pumping station.
April 14—For furnishing, delivering and erecting three (3) boilers at the new New Lots pumping station.
April 14—For furnishing, delivering and erecting a temporary pumping plant at the new Ridgewood pumping station.
April 14—For furnishing, delivering, erecting and connecting four (4) water tube boilers at the new Ridgewood Pumping Station.
April 14—For furnishing and erecting two (2) new brick chimneys at the new Ridgewood Pumping Station.
April 27—For furnishing and delivering stop-cocks for distribution mains.
April 27—For furnishing and delivering cast iron special castings.
May 3—For furnishing, delivering and laying water mains and appurtenances in Metropolitan, Morgan, Maspeth and Paidge avenues and Oliver, Ash, Oakland, Provost and Dupont streets.
May 4—For furnishing, constructing and erecting an engine house for high pressure fire service at Furman and Joralemon streets.
May 4—For furnishing, constructing and erecting an engine house for high pressure fire service at Willoughby and St. Edwards streets.
May 4—For furnishing, delivering and erecting the necessary plumbing and gas fitting for the high pressure fire service station at Furman and Joralemon streets.
May 4—For furnishing, delivering and erecting the necessary plumbing and gas fitting for the high pressure fire service station at Willoughby and St. Edwards streets.
May 8—For furnishing and delivering stop-cocks.
May 10—For furnishing, delivering and laying water mains and removing existing water mains in Wythe and Franklin avenues and in Graham, Hewes, Clymer, etc., etc.
May 12—For furnishing and delivering cast iron stop-cock boxes and manhole heads.
May 15—For overhauling and repairing the Davidson engines at the Millburn Pumping Station.
May 18—For furnishing and delivering vitrified, salt glazed, stoneware hub and spigot pipe.
May 25—For furnishing and erecting a wrought iron fence, with gates, at the Mount Prospect Reservoir.
June 26—For furnishing, delivering and constructing a pipe drain at the Forest Stream Filter Beds.
June 26—For furnishing, delivering and laying a 30-inch water main and appurtenances in Avenue S and in East Sixteenth street.
The following are the contracts for which bids were received, together with the names of the lowest bidders and the total amount of their bids on the basis of the Engineer's estimate of the work to be done:

April 12—For furnishing and delivering double nozzle hydrants, as follows:

Section 1—

- (a) 400 double nozzle hydrants.

Section 2—

- (a) 400 double nozzle hydrants.
(b) 200 extra long double nozzle hydrants.

Section 1—Herron Pump and Foundry Company, \$11,800.

Section 2—Herron Pump and Foundry Company, \$18,000.

May 24—For furnishing, delivering and laying water mains and appurtenances in Hicks, Joralemon, Furman and Willoughby streets.

John J. Cashman, \$17,966.

May 24—For tapping 20-inch and 30-inch water mains in service, and hauling and setting 6-inch hydrant service mains, fire hydrants and appurtenances in various streets in the Borough of Brooklyn.

John William Griffin, \$26,225.

June 7—For furnishing and delivering stop-cocks for distribution mains:

Rensselaer Manufacturing Company, \$3,546 05.

June 7—For furnishing and delivering cast iron special castings:

John Fox & Co., \$2,300.

June 21—For furnishing and delivering semi-bituminous and anthracite coal in the following amounts:

Section 1—22,100 gross tons of semi-bituminous coal.

Section 2—54,200 gross tons of anthracite coal.

Section 1—George D. Harris & Co., \$70,375.

Section 2—Rudolph Reimer, \$261,224.

Infiltration Galleries.

The work on the Wantagh Infiltration Gallery has been carried on during the quarter, the work done covering the laying of 508 linear feet of 36-inch pipe east of the pump well and 771.5 feet of 36-inch pipe and 121.75 feet of 33-inch pipe west of the well. The total amount laid to date has been 866.5 feet of 36-inch and 122.5 feet of 33-inch pipe west of the pump well and 1,510 feet of 36-inch pipe east of the well. This makes a total length of gallery of 2,499 feet, and there is yet about 9,800 feet to be laid. The contractors have furnished a supply of about 4,500,000 gallons per day from this gallery during the month of June, besides having pumps located at the ends of the gallery where the work of laying the pipe was progressing, the water pumped from the trench being wasted.

The contracts for the Massapequa Gallery are in the hands of the printer, and it is expected that bids will be received for this gallery some time during July.

The water from these galleries is greatly needed for the City's supply, and additional galleries will be planned and commenced as soon as the appropriations warrant.

Filter Beds.

The Hempstead and Forest Stream Filter Beds have shown extremely satisfactory bacteriological results and the cost of filtering has been very low. A contract has been prepared for the 20-inch drain pipe to be laid from the Forest Stream Filter Beds to a point below the dam, so that the beds can be washed instead of being scraped.

Mechanical Filter Beds.

The Baisleys and Springfield plants have furnished water of a satisfactory quality, although some trouble has been experienced with algae growth. The cost of filtering these plants is fully three times greater than the cost of filtering with the slow sand filters, and the bacterial results are somewhat better from the slow sand filters than from the mechanical filters.

New Work.

In my report of April 11, 1905, I requested that appropriations be granted for the extension and improvement of the water works system, as follows:

Item.	Proposed Work.	Estimated Cost.
1.	New conduit from Massapequa to Ridgewood Reservoir.....	\$2,750,000 00
2.	Remodeling Ridgewood Engine House.....	650,000 00
3.	Extension of distribution.....	200,000 00
4.	A driven well plant within the borough limits, including a connecting main with the distribution system.....	275,000 00
5.	Watts Pond Infiltration Gallery.....	100,000 00
6.	Infiltration Gallery at Oconee.....	200,000 00
7.	Removing and relaying small tuberculated mains.....	200,000 00
8.	Boundary trunk mains for the Mount Prospect system.....	170,000 00
9.	Trunk mains through the old Long Island Water Supply Company system, in the Twenty-sixth Ward.....	70,000 00
10.	Additional hydrants on existing large mains.....	50,000 00
11.	Filter beds for Valley stream.....	75,000 00
12.	Filter beds for Schodack stream.....	50,000 00
13.	Land on the water shed for protection from pollution.....	200,000 00
14.	Coal sheds for the Millburn Pumping Station.....	100,000 00
Total estimated cost.....		\$5,090,000 00

I have been advised that the Board of Estimate and Apportionment has authorized an appropriation of \$3,390,000 for the Borough of Brooklyn, thus making a reduction of \$1,700,000. As, in accordance with the specific instructions from the Commissioner of the Department, the items included in the above schedule comprised only work urgently needed, it is to be regretted that the above reduction was made, as it will be necessary to cut down the amounts required for the improvements of the distribution system; also probably a portion of the new conduit from Massapequa to Ridgewood, and other items required to increase the efficiency and adequacy of the supply. It becomes, therefore, still more urgent, as already stated in a previous part of this report, to secure the necessary authorization to use the appropriation of \$500,000 originally granted for repairs to the Millburn reservoir, and also the surplus of about \$150,000 which was left from the appropriation for the additional pipe conduit. These amounts will make up a good portion of the reduction made in the appropriation requested. It is to be hoped that the Board of Aldermen will take prompt action in approving the authorization of the necessary bond issues for new works.

Law Suits.

There have been no cases brought to trial during the quarter, but a survey was made of the farm of Mr. J. Selover, near the Jameco Pumping Station. Several cases were on the calendar, but were not reached by the end of the quarter.

Office Room and Force.

It is much to be regretted that the increased force requested for this borough has not yet been appointed, as we are compelled to neglect some of the routine work and delay the submission of reports, plans and specifications owing to the lack of the necessary force.

A rearrangement of the rooms allotted to this Bureau on the top floor of the Municipal Building has made it possible to slightly increase the space available for the engineering force, but the total space occupied is utterly inadequate for properly and efficiently carrying on the work and taking care of the maps and reports. I earnestly renew my recommendations to secure, without loss of time, the much needed additional room.

On the 1st of April I was appointed Chief Engineer of the Boroughs of Manhattan, The Bronx, Queens and Richmond, and directed to continue as Acting Chief Engineer for the Borough of Brooklyn.

Yours respectfully,

I. M. DE VARONA,
Acting Chief Engineer.

DOCUMENT III.

Deputy Commissioner of Water Supply, Gas and Electricity,
Borough of Richmond,
New Brighton, June 30, 1905.

Hon. JOHN T. OAKLEY, Commissioner of Water Supply, Gas and Electricity,
No. 21 Park row, New York City:

Dear Sir—I herewith respectfully submit, as required by section 1546 of the Charter of Greater New York, a report of the transactions of the division of the Department of Water Supply, Gas and Electricity, which has charge of the Water Supply in this borough, for the quarter ending June 30, 1905.

Respectfully,

EDWARD I. MILLER,

Deputy Commissioner, Borough of Richmond.

Trial Balance and Statement of Appropriation of Salaries of Deputy Commissioner, as Per Ledger.

Amount of the appropriation for the year 1905.....	\$6,900 00
Amount of vouchers certified to Comptroller to date.....	3,449 94
Balance of appropriation, June 30, 1905.....	\$3,450 06

Trial Balance and Statement of Appropriation, Pumping Station, Salaries and Supplies, as Per Ledger.

Amount of appropriation for the year 1905.....	\$7,100 00
Amount of vouchers certified to Comptroller to date.....	5,655 03
Balance of appropriation, June 30, 1905.....	\$1,444 99

Trial Balance and Statement, as Per Ledger, of Appropriation, Rental of Fire Hydrants.

Amount of the appropriation for the year 1905.....	\$30,052 50
Vouchers certified to Comptroller to date.....	\$180 00
Outstanding bills—	
Staten Island Water Supply Company.....	7,502 46
Crystal Water Supply Company.....	6,852 50
Balance of appropriation, June 30, 1905.....	\$15,507 54

Appropriation of Water Fund, Borough of Richmond, for Laying Water Mains, Erecting Boiler and Store House, and Putting Up Boiler, as Per Ledger.

Appropriation.....	\$78,035 11
Vouchers certified to Comptroller to date.....	66,811 38
Outstanding orders and payments—	\$11,223 73

Clinton Beckwith, 5 per cent. on his payments.....	\$2,814 81
Miscellaneous orders.....	1,638 00
Total.....	4,452 81
Balance of appropriation, June 30, 1905.....	\$7,770 92

Statement of Service of Well and Force Pumps, Coal Consumption, etc., for the Quarter Ending June 30, 1905.

Amount of coal used, gross tons.....	146.134
Amount of machine oil used, gallons.....	13.0625
Amount of cylinder oil used, gallons.....	31.875

Hydrants.

Supplied by the Staten Island Water Supply Company.....	600
Supplied by the Crystal Water Company.....	453
Supplied by the South Shore Water Works.....	18
Supplied by the Tottenville Water Works.....	133
Total	1,204

DOCUMENT IV.

Department of Water Supply, Gas and Electricity,
Bureau of Lamps and Gas,
New York, June 30, 1905.

Hon. JOHN T. OAKLEY, Commissioner, Department of Water Supply, Gas and Electricity:

Dear Sir—In accordance with the requirements of section 1542 of chapter 378 of the Laws of 1897 (City Charter), I herewith submit a report of the transactions of the Bureau of Lamps and Gas for the three months ending June 30, 1905.

Exhibit "A" is a statement showing the amounts expended and incurred during the second quarter of the year 1905, for the lighting of public and department buildings, the fitting up, lighting and maintenance, etc., of public lamps, and the necessary expenditures of the Bureau of Lamps and Gas.

Exhibit "B" is a summary of the lamp account, showing the number of new lamps lighted, old lamps relighted and lamps discontinued by each gas and electric company during the quarter, a total of 78 new gas lamps, 3 new Welsbach naphtha lamps, 27 new electric lamps, and 94 new Welsbach naphtha lamps have been lighted; 793 old gas lamps, 3 naphtha lamps and 14 Welsbach naphtha lamps have been relighted; 1,924 gas lamps, 15 naphtha and 9 electric lamps have been discontinued. The total number of lamps lighted June 30, 1905, was 31,034, of which 572 were ordinary open flame gas lamps, 22,474 single Welsbach gas lamps, 4 double Welsbach gas lamps, 4 cluster Welsbach lamps, 1,438 naphtha lamps, 1,012 Welsbach naphtha lamps and 5,530 electric lamps.

Exhibit "C" is a statement showing the candle power of the gases supplied to the city by each of the gas companies as are within reach of our photometric stations.

The following statement shows the average amount of impurities found in the gases of such of the companies as have gas mains on the lines of our photometric stations, as determined by the analyses of Dr. E. G. Love, Ph. D., our Gas Examiner in the laboratories of this Bureau:

Of What Company.	Sulphur (Grains in 100 Cubic Feet).	Ammonia (Grains in 100 Cubic Feet).	Sulphuretted Hydrogen.
Consolidated Gas Company, Branch 1.....	7.80	Trace	Trace
Consolidated Gas Company, Branch 2.....	16.14	0.16
Consolidated Gas Company, Branch 3.....	9.36	0.04
Consolidated Gas Company, Branch 4.....	13.18	0.20
Consolidated Gas Company, Branch 6.....	7.92	0.05	Trace
New York Mutual Gas Light Company.....	7.04	0.04	Trace
New Amsterdam Gas Company (Equitable Branch).....	8.16	0.03
Standard Gas Light Company.....	7.80	0.06
New Amsterdam Gas Company (East River Branch).....	8.08	0.03

The following will show the specific gravity of the gases:

Consolidated Gas Company, Branch 1.....	.646
Consolidated Gas Company, Branch 2.....	.542
Consolidated Gas Company, Branch 3.....	.632
Consolidated Gas Company, Branch 4.....	.635
Consolidated Gas Company, Branch 6.....	.630
New York Mutual Gas Light Company.....	.641
New Amsterdam Gas Company (Equitable Branch).....	.642
Standard Gas Light Company.....	.638
New Amsterdam Gas Company (East river branch).....	.648

The following statement will show the average maximum and minimum pressure on the mains of such companies as connect with our photometric stations, as recorded on the pressure registers during the quarter, the average being for the time during which the lamps are required to be kept lighted:

Of What Company.	Average Maximum Pressure. Inches.	Average Minimum Pressure. Inches.	Where Taken.	Distance from Gas Works. Miles.
Consolidated Gas Company—				
Branch 1.....	2.31	1.95	Corner Bowery and Grand street....	1.66
Branch 2.....	3.09	2.16	Corner Bowery and Grand street....	1.66
Branch 3.....	3.15	2.30	Corner Bowery and Grand street....	3.84
Branch 4.....	2.87	1.87	Seventy-ninth street, between Second and Third avenues.....	3.35
Branch 6.....	3.63	2.40	Seventy-ninth street, between Second and Third avenues.....	1.05
New York Mutual Gas Light Company	3.26	2.38	Corner Bowery and Grand street....	1.61

Pay roll, Inspectors, etc.....	\$7,018 98
Summary.	
Lighting public lamps.....	\$347,249 70
Lighting public buildings.....	87,294 44
Bureau expenditures	6,206 67
	\$440,750 81

Of this amount of expenditures, as per bills rendered by the various gas and electric companies, only the bill for lighting the Law Department, \$339.36, was transmitted. The Brush-Edison, United and Edison companies have not rendered bills for either lighting lamps or public buildings since March 15, since which date, until June 30, their bills have been figured and estimated, based largely upon prices of preceding months.

C. P. LACOMBE.

EXHIBIT "B."

Summary of the Lamp Account, showing the number of new lamps lighted, old lamps relighted and lamps discontinued by each gas and electric light company during the quarter ending June 30, 1905:

Consolidated Gas Company, Hester Street Branch—

Number of lamps lighted, March 31, 1905.....	4,122
Number of new lamps lighted during the quarter.....	4
Number of old lamps relighted during the quarter.....	352
	<u>4,478</u>
Less lamps discontinued during the quarter.....	424
Number of lamps lighted, June 30, 1905.....	<u>4,054</u>

Consolidated Gas Company, Sixty-sixth Street Branch—

Number of lamps lighted, March 31, 1905.....	3,992
Number of new lamps lighted during the quarter.....	1
Number of old lamps relighted during the quarter.....	205
	<u>4,198</u>
Less lamps discontinued during the quarter.....	259
Number of lamps lighted, June 30, 1905.....	<u>3,939</u>

Consolidated Gas Company, Westchester Branch—

Number of lamps lighted, March 31, 1905.....	348
Number of new lamps lighted during the quarter.....	4
Number of old lamps relighted during the quarter.....	1
	<u>353</u>
Less lamps discontinued during the quarter.....	12
Number of lamps lighted, June 30, 1905.....	<u>341</u>

Consolidated Gas Company, One Hundred and Eleventh Street Branch—

Number of lamps lighted, March 31, 1905.....	9,303
Number of new lamps lighted during the quarter.....	27
Number of old lamps relighted during the quarter.....	153
	<u>9,483</u>
Less lamps discontinued during the quarter.....	332
Number of lamps lighted, June 30, 1905.....	<u>9,151</u>

Consolidated Gas Company, Central Union Branch—

Number of lamps lighted, March 31, 1905.....	1,943
Number of new lamps lighted during the quarter.....	11
Number of old lamps relighted during the quarter.....	20
	<u>1,974</u>
Less lamps discontinued during the quarter.....	30
Number of lamps lighted, June 30, 1905.....	<u>1,944</u>

Consolidated Gas Company, Northern Union Branch—

Number of lamps lighted, March 31, 1905.....	3,437
Number of new lamps lighted during the quarter.....	31
Number of old lamps relighted during the quarter.....	40
	<u>3,508</u>
Less lamps discontinued during the quarter.....	74
Number of lamps lighted, June 30, 1905.....	<u>3,434</u>

Total lamps lighted by Consolidated Gas Company..... 22,863

New Amsterdam Gas Company—

Number of lamps lighted, March 31, 1905.....	643
Number of old lamps relighted during the quarter.....	1
	<u>644</u>
Less lamps discontinued during the quarter.....	575
Number of lamps lighted, June 30, 1905.....	<u>69</u>

Standard Gas Light Company—

Number of lamps lighted, March 31, 1905.....	212
Number of old lamps relighted during the quarter.....	20
	<u>232</u>
Less lamps discontinued during the quarter.....	206
Number of lamps lighted, June 30, 1905.....	<u>26</u>

DOCUMENT V.

Bureau of Lamps and Lighting, Borough of Brooklyn,
Municipal Building, Room 35,
Brooklyn, August 2, 1905.

Mr. THOS. R. FARRELL, Deputy Commissioner:

Dear Sir—Please find herewith submitted report of the work accomplished by the Bureau of Lamps and Lighting during the quarter commencing April 1 and ending June 30, 1905; submitted in duplicate.

Respectfully,

A. E. ALLEN,
Assistant Engineer in Charge of Lighting.

Report for the Quarter Ending June 30, 1905.

There were received in general relation to gas and electric lighting and matters incident thereto 451 complaints and requests, of which number 310 were received from citizens and others and 141 from the Department Inspectors.

The number of lamps of each kind in service June 30, 1905, are as follows:

Gas lamps, open flame.....	10,268
Welsbach lamps, gas.....	4,932
Welsbach lamps, naphtha.....	487
Electric lights, 1,200 candle-power.....	4,802
Electric lights, 600 candle-power.....	210
Naphtha lamps, plain.....	12

Total number of lamps in service..... 20,711

Changes were made in the lighting systems during the quarter as follows:

Open flame lamps, new.....	57
Open flame lamps, uncapped.....	8
Open flame lamps, discontinued.....	67
Welsbach gas lamps, new.....	83

Welsbach gas lamps, discontinued.....	3
Welsbach naphtha lamps, new.....	31
Electric lights, new.....	53
Electric lights, relighted.....	10
Electric lights, discontinued.....	16

The companies supplying street lighting, and the number of lamps of each kind maintained by each company June 30, 1905, are as follows:

Brooklyn Union Gas Company, open flame gas.....	5,906
Brooklyn Union Gas Company, Welsbach gas.....	4,932
Kings County Lighting Company, open flame gas.....	4,362
Edison Electric Illuminating Company, 1,200 candle-power.....	4,150
Edison Electric Illuminating Company, 600 candle-power.....	210
Flatbush Gas Company, 1,200 candle-power.....	652
Welsbach Street Lighting Company of America, naphtha, Welsbach.....	487
New York and New Jersey Globe Gas Light Company, naphtha, plain.....	12

Total..... 20,711

There were received 5,824 reports from the Department of Police during the quarter, submitted daily in the matter of lamps and lighting, from which were tabulated 565 instances of electric lights which were discovered not burning, and 484 instances of gas lamps not burning. These tabulations are the basis for the deductions which are made from the bills of the various companies which supply lighting to the borough.

The following list is of required repairs made to gas lamp-posts; also of new work accomplished during the quarter by gas companies, acting upon orders from this Department:

Lamp-posts, new.....	94
Lamp-posts, reset.....	139
Lamp-posts, straightened.....	2
Lamp-posts, relined.....	5
Lamp-posts, removed.....	447
Lamp-posts, columns.....	2
Services installed.....	8
Standpipes installed.....	20

The following lamp stock was received at the Department storehouse, incident to changes in the lighting systems during the quarter:

Lamp-posts.....	375
Square lanterns.....	30
Square frames.....	642
Canopies.....	42
Reflectors.....	11
Cocks and stems.....	7
Boulevard globes.....	19

The following lamp stock was delivered to gas companies in the matter of new work, reconstruction, repairs, etc., during the quarter:

Lamp-posts.....	453
Square frames.....	122
Square lanterns.....	104
Square domes.....	36
Boulevard globes.....	25
Canopies.....	18
Reflectors.....	4
Cocks and stems.....	32
Boulevard frames.....	12

Showing work accomplished at the Department storehouse—repairs to lanterns, frames, etc.—during the quarter:

Square frames painted and repaired.....	416
Square lanterns painted and repaired.....	530
Boulevard frames painted and repaired.....	407

A. E. ALLEN,

Assistant Engineer in Charge of Lighting.

DOCUMENT VI.

Department of Water Supply, Gas and Electricity,
New Brighton, N. Y., July 20, 1905.

Hon. JOHN T. OAKLEY, Commissioner, Water Supply, Gas and Electricity, No. 21 Park row, New York City:

Dear Sir—I herewith submit the following report of the transactions of the Bureau of Gas and Electricity, Department of Water Supply, Gas and Electricity, Borough of Richmond, for the quarter ending June 30, 1905.

Very respectfully,

EDWARD I. MILLER,

Deputy Commissioner.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade in the territory bounded by Coney Island avenue, East Sixteenth street, Cortelyou road and Newkirk avenue, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 2, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grades in the territory bounded by Coney Island avenue, East Sixteenth street, Cortelyou road and Newkirk avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Dorchester Road.

Beginning at the intersection of Dorchester road and Coney Island avenue, the elevation to be 32.05 feet, as heretofore.

1. Thence northeasterly to the intersection of Stratford road, the elevation to be 31.49 feet;
2. Thence northeasterly to the intersection of Westminster road, the elevation to be 30.68 feet, as heretofore;
3. Thence northeasterly to the intersection of Argyle road, the elevation to be 31.61 feet;
4. Thence northeasterly to the intersection of Rugby road, the elevation to be 32.20 feet;
5. Thence northeasterly to the intersection of Marlborough road, the elevation to be 31.30 feet;
6. Thence northeasterly 74 feet, more or less, to the westerly side of the proposed bridge over the Brighton Beach Railroad, the elevation to be 31.90 feet;
7. Thence northeasterly 70 feet, more or less, to the easterly side of the proposed bridge, the elevation to be 31.90 feet;
8. Thence northeasterly to the intersection of East Sixteenth street, the elevation to be 30.87 feet, as heretofore.

Ditmas Avenue.

Beginning at the intersection of Ditmas avenue and Westminster road, the elevation to be 25.80 feet, as heretofore.

1. Thence northeasterly to the intersection of Argyle road, the elevation to be 26.80 feet;
2. Thence northeasterly to the intersection of Rugby road, the elevation to be 27.80 feet;
3. Thence northeasterly to the intersection of Marlborough road, the elevation to be 28.75 feet;
4. Thence northeasterly 74 feet, more or less, to the westerly side of the proposed bridge over the Brighton Beach Railroad, the elevation to be 31.80 feet;
5. Thence northeasterly 70 feet, more or less, to the easterly side of the proposed bridge, the elevation to be 31.80 feet;
6. Thence northeasterly to the intersection of East Sixteenth street, the elevation to be 28.10 feet, as heretofore.

Stratford Road.

Beginning at the intersection of Stratford road and Ditmas avenue, the elevation to be 27.33 feet, as heretofore.

1. Thence northerly to the intersection of Dorchester road, the elevation to be 31.49 feet;
2. Thence northerly to a summit distant 548 feet from the northwesterly building line of Dorchester road, the elevation to be 34.35 feet;
3. Thence northerly to the intersection of Cortelyou road, the elevation to be 33.70 feet, as heretofore.

Argyle Road.

Beginning at the intersection of Argyle road and Newkirk avenue, the elevation to be 24.00 feet, as heretofore.

1. Thence northerly to the intersection of Ditmas avenue, the elevation to be 26.80 feet;
2. Thence northerly to the intersection of Dorchester road, the elevation to be 31.61 feet;
3. Thence northerly to a summit distant 507 feet from the northwesterly building line of Dorchester road, the elevation to be 34.27 feet;
4. Thence northerly to the intersection of Cortelyou road, the elevation to be 33.46 feet, as heretofore.

Rugby Road.

Beginning at the intersection of Rugby road and Newkirk avenue, the elevation to be 25.00 feet, as heretofore.

1. Thence northerly to the intersection of Ditmas avenue, the elevation to be 27.80 feet;
2. Thence northerly to the intersection of Dorchester road, the elevation to be 32.20 feet;
3. Thence northerly to a summit distant 340 feet from the northwesterly building line of Dorchester road, the elevation to be 34.93 feet;

4. Thence northerly to the intersection of Cortelyou road, the elevation to be 32.43 feet, as heretofore.

Marlborough Road.

Beginning at a point in Marlborough road distant 163 feet northerly from the northwesterly building line of Newkirk avenue, the elevation to be 26.85 feet, as fixed by the Brooklyn Grade Crossing Commission May 15, 1906.

1. Thence northerly to the intersection of Ditmas avenue, the elevation to be 28.75 feet;
2. Thence northerly to the intersection of Dorchester road, the elevation to be 31.30 feet;
3. Thence northerly to a summit distant 543 feet from the northwesterly building line of Dorchester road, the elevation to be 34.27 feet;
4. Thence northerly to the intersection of Cortelyou road, the elevation to be 33.85 feet, as heretofore.

Note—All elevations refer to mean high-water datum, as determined by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.
JOSEPH HAAG,
Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of East Eighth street, between Beverley road and Cortelyou road, and of Avenue C, between East Seventh and East Ninth streets, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 2, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the grade of East Eighth street, between Beverley road and Cortelyou road, and of Avenue C, between East Seventh and East Ninth streets, in the Borough of Brooklyn, City of New York, more particularly described as follows:

East Eighth Street.

Beginning at the intersection of East Eighth street and Beverley road, the elevation to be 45.97 feet, as heretofore; thence southerly to a summit distant 253 feet from the southerly building line of Beverley road, the elevation to be 47.33 feet; thence southerly to the intersection of Avenue C, the elevation to be 44.50 feet; thence southerly to a summit distant 230 feet from the southerly building line of Avenue C, the elevation to be 45.15 feet; thence southerly to a point 580 feet from the southerly building line of Avenue C, the elevation to be 40.60 feet; thence southerly to the intersection of Cortelyou road, the elevation to be 38.42 feet, as heretofore.

Avenue C.

Beginning at the intersection of Avenue C and East Seventh street, the elevation to be 44.98 feet, as heretofore; thence easterly to a summit distant 73 feet from the easterly building line of East Seventh street, the elevation to be 45.42 feet; thence easterly to the intersection of East Eighth street, the elevation to be 44.50 feet; thence easterly to the intersection of East Ninth street, the elevation to be 41.21 feet as heretofore.

Note—All elevations refer to mean high water datum as determined by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.
JOSEPH HAAG,
Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.

NOTICE IS HEREBY GIVEN THAT the Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Hopkinson avenue, between Pacific and Herkimer streets, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 2, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of Hopkinson avenue, between Pacific and Herkimer streets, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of Hopkinson avenue and Pacific street, the elevation to be 108.50 feet, as heretofore;

Thence northerly to the intersection of Atlantic avenue, the elevation to be 98.72 feet, as fixed by the Atlantic Avenue Improvement Commission December 18, 1903;

Thence northerly to a point distant 70 feet from the northerly building line of Atlantic avenue, the elevation to be 109.77 feet;

Thence northerly to the intersection of Herkimer street, the elevation to be 105.77 feet, as now in use and improved.

Note—All elevations refer to mean high-water datum as determined by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Dumont avenue, from Berriman street to New Lots road, and of Atkins avenue, from New Lots road to Blake avenue, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 2, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of Dumont avenue, from Berriman street to New Lots road, and of Atkins avenue, from New Lots road to Blake avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Dumont Avenue.

Beginning at the intersection of Dumont avenue and Berriman street, the elevation to be 19.54 feet, as heretofore;

Thence easterly to a summit distant 100 feet from the easterly building line of Berriman street, the elevation to be 20.08 feet;

Thence easterly to the intersection of Atkins avenue, the elevation to be 19.54 feet;

Thence easterly to the intersection of New Lots avenue, the elevation to be 18.00 feet, as heretofore.

Atkins Avenue.

Beginning at the intersection of Atkins avenue and New Lots avenue, the elevation to be 19.00 feet, as heretofore;

Thence northerly to the intersection of Dumont avenue, the elevation to be 19.54 feet;

Thence northerly to a summit distant 171 feet from the northerly building line of Dumont avenue, the elevation to be 20.48 feet;

Thence northerly to the intersection of Blake avenue, the elevation to be 18.75 feet, as heretofore.

Note—All elevations refer to mean high-water datum, as determined by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.
JOSEPH HAAG,
Secretary,

Telephone 3454 Worth.

NOTICE IS HEREBY GIVEN THAT the Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of New Jersey avenue, from Jamaica avenue to Highland Boulevard, and of Evergreen place, from New Jersey avenue to its westerly terminus, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 2, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of New Jersey avenue, from Jamaica avenue to Highland Boulevard, and of Evergreen place, from New Jersey avenue to its westerly terminus, in the Borough of Brooklyn, City of New York, more particularly described as follows:

New Jersey Avenue.

Beginning at the intersection of New Jersey avenue and Jamaica avenue, the elevation to be 63.90 feet, as heretofore;

Thence northerly to the intersection of Evergreen place, the elevation to be 74.75 feet;

Thence northerly to the retaining wall on the southerly line of Highland Boulevard, the elevation to be 83 feet.

Evergreen Place.

Beginning at the intersection of Evergreen place and New Jersey avenue, the elevation to be 74.75 feet;

Thence westerly along Evergreen place to its westerly termination, the elevation to be 81.07 feet, as heretofore.

Note—All elevations refer to mean high-water datum as determined by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held November 2, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York will consider the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of West One Hundred and Fifty-fifth street, from Broadway to Riverside drive, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

One-half the block on each side of the street to be opened between easterly side of Riverside drive and St. Nicholas avenue.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

Dated December 1, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held November 2, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening of a new avenue between Fort Washington and Haven avenues, and extending from West One Hundred and Seventy-seventh street to its northerly terminal about 434 feet north of West One Hundred and Eighty-first street, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

On the west by a line midway between the new avenue to be opened and Haven avenue south of West One Hundred and Eighty-first street and Northern avenue north of West One Hundred and Eighty-first street, and these lines prolonged southwardly and northwardly; on the east by a line midway between the new avenue to be opened and Fort Washington avenue, and said line prolonged southwardly and northwardly; on the north by a line 100 feet north of the northerly side of the new street extending from the northerly terminus of the new avenue to be opened to Broadway, as shown on the map adopted by the Board of Estimate and Apportionment on December 11, 1903, and on the south by a line 100 feet south of the southerly side of West One Hundred and Seventy-seventh street and parallel therewith.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held November 2, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Thayer avenue, from Broadway to Nagle avenue, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

On the east by a line midway between the easterly side of Thayer street and the westerly side of Dyckman street, and the same extended

northwardly and southwardly; on the west by a line midway between the westerly side of Arden street and the easterly side of Sickles street, and the same extended northwardly and southwardly; on the north by a line 100 feet north of the northerly side of Broadway and parallel therewith between the extensions of the easterly and westerly boundaries above described, and on the south by a line 100 feet south of the southerly side of Nagle avenue and parallel therewith between the extension of the easterly and westerly boundaries above described.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held November 2, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Avenue L, from Ocean parkway to Ocean avenue, excluding the property occupied by the Brooklyn and Brighton Beach Railroad, and by the Manhattan Beach Branch of the Long Island Railroad, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

On the north by a line midway between the northerly side of Avenue L and the southerly side of Avenue K; on the south by a line midway between the southerly side of Avenue L and the northerly side of Avenue M; on the east by the westerly side of Ocean avenue, and on the west by the easterly side of Ocean parkway.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the Corporation newspapers for ten days prior to the 14th day of December, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held November 2, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Thirteenth avenue, from Thirty-sixth street to Seventy-third street, excluding the land occupied by the Prospect Park and South Brooklyn Railroad Company, the Manhattan Beach Division of the Long Island Railroad Company and the Brooklyn, Bath and West End Railroad Company, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

On the northwest by a line midway between the westerly side of Thirteenth avenue and the easterly side of Twelfth avenue; on the southeast by a line midway between the easterly side of Thirteenth avenue and the westerly side of Fourteenth avenue; on the northeast by a line 100 feet northeast of the northeastern side of Thirty-sixth street and parallel therewith; on the southwest by a line 100 feet southwest of the southwesterly side of Seventy-third street and parallel therewith.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the Corporation newspapers for ten days prior to the 14th day of December, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held November 2, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to an easement for a sewer at foot of Elizabeth street, Second Ward, in the Borough of Richmond, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

One hundred (100) feet in width on both sides of Bay street, between the southerly side of Han-nah street and the northerly side of Sands street, east of Bay street and the said northerly line produced westwardly; one hundred (100) feet in width on the northerly side of Elizabeth street, from a line one hundred (100) feet west of Bay street to a line one hundred (100) feet east of Van Duzer street, and one-half the block on the southerly side of Elizabeth street, from a line 100 feet west of Bay street to a line 100 feet east of Van Duzer street; 100 feet on both sides of Van Duzer street and Richmond road, from a line 100 feet north of Elizabeth street to a line 100 feet south of William street and the said line produced eastwardly one hundred feet on both sides of William street, from a line 100 feet west of the westerly side of Van Duzer street to a line 100 feet east of the easterly side of Jackson street; one hundred feet on both sides of Jackson street, from a line 100 feet north of the northerly side of William street, and the said line produced westwardly, and a line 100 feet south of the southerly side of the unnamed street connecting Jackson street and St. Paul's avenue, between William street and Cebra avenue; 100 feet on both sides of the last-mentioned unnamed street, from a line 100 feet west of Jackson street to a line 100 feet east of St. Paul's avenue; 100 feet on both sides of St. Paul's avenue, from a line 100 feet north of the northerly side of the above-mentioned unnamed street to a line 100 feet south of the southerly side of Cebra avenue; 100 feet on both sides of Cebra avenue, from a line 100 feet west of the westerly side of St. Paul's avenue to a line 100 feet west of the westerly side of Ward avenue; 100 feet on both sides of Ward avenue, from a line 100 feet south of the southerly side of Cebra avenue to the northerly side of Austin street and the said line produced westwardly.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out as a public park the triangular area bounded by Convent avenue, St. Nicholas avenue and West One Hundred and Fifty-first street, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at the northwesterly corner of Avenue St. Nicholas and West One Hundred and Fifty-first street; thence northerly along the westerly line of Avenue St. Nicholas, distance 136.94 feet to the easterly line of Convent avenue; thence southerly along the said easterly line, distance 146.14 feet to the northerly line of West One Hundred and Fifty-first street; thence easterly along said northerly line, distance 87.14 feet to the westerly line of St. Nicholas avenue, the point or place of beginning.

Land to be taken is found in Section 7, Block 2066 of the Land Map of the Borough of Manhattan, City of New York.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out as a public park the area bounded by First avenue, East Thirty-sixth street, Marginal street and East Thirty-fifth street, Borough of Manhattan, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 16, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out as a public park the area bounded by First avenue, East Thirty-sixth street, Marginal street and East Thirty-fifth street, in the Borough of Manhattan, City of New York, more particularly shown on diagram submitted by the President of the Borough of Manhattan.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be

held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.
JOSEPH HAAG,
Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, so as to locate and lay out Oakland place, between Tilden avenue and Butler street, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 16, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by locating and laying out Oakland place, between Tilden avenue and Butler street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

The eastern line of Oakland place to be 160 feet westerly from and parallel with the western line of Lott street.

The western line of Oakland place to be 40 feet westerly from and parallel with the above-described eastern line.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.

Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.

NOTICE IS HEREBY GIVEN THAT the Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Fifty-seventh street, between Twelfth and New Utrecht avenues, and of Thirtieth avenue, between Fifty-sixth and Fifty-eighth streets, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 16, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the grade of Fifty-seventh street, between Twelfth and New Utrecht avenues, and of Thirtieth avenue, between Fifty-sixth and Fifty-eighth streets, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Fifty-seventh Street.
Beginning at the intersection of Fifty-seventh street and Twelfth avenue, the grade to be 51 feet, as heretofore;

Thence southeastwardly to a summit distant 350 feet from the southeast building line of Twelfth avenue, the elevation to be 53 feet;

Thence southeastwardly to the intersection of Thirtieth avenue, the elevation to be 51 feet;

Thence southeastwardly to the intersection of New Utrecht avenue, the elevation to be 47.50 feet, as heretofore.

Thirtieth Avenue.
Beginning at the intersection of Thirtieth avenue and Fifty-sixth street, the elevation to be 53.50 feet, as heretofore;

Thence southwestwardly to the intersection of Fifty-seventh street, the elevation to be 51 feet;

Thence southwestwardly to the intersection of Fifty-eighth street, the elevation to be 55 feet, as heretofore.

Note—All elevations refer to mean high water datum as determined by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.

Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.

NOTICE IS HEREBY GIVEN THAT the Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out Stryker Court and Southgate Court to extend from Stryker street to West First street, and an extension of West First street from Avenue W to the Village road, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 16,

1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out Stryker Court and Southgate Court to extend from Stryker street to West First street, and an extension of West First street, from Avenue W to the Village Road, in the Borough of Brooklyn, City of New York, more particularly described as follows:

The northern line of Stryker Court, as here-with laid out, to be 200 feet southerly from and parallel to the southern line of Avenue W, as the same is laid down on the map of the City; the southern line of Stryker Court to be 50 feet southerly from and parallel to the above described northern line.

The southern line of Southgate Court, as here-with laid out, to be 200 feet northerly from and parallel to the northern line of Avenue X, as the same is laid down on the map of the City. The northern line of Southgate Court to be 50 feet northerly from and parallel to the above described southern line.

The eastern and western lines of West First street as laid down on the map of the City, each to be prolonged northerly in a straight line from the northern line of Avenue W to the Village Road.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.

Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, so as to close and discontinue a right-of-way extending from a point near the northeast corner of Fourth avenue and Eighty-fifth street to a point about 42.0 feet south of the southwest corner of Fifth avenue and Eighty-fourth street, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 16, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing a right-of-way extending from a point near the northeast corner of Fourth avenue and Eighty-fifth street to a point about 42.0 feet south of the southwest corner of Fifth avenue and Eighty-fourth street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

The northern line of the right-of-way, beginning at a point in the northern line of Eighty-fifth street, distant 81.65 feet easterly from the intersection of the northern line of Eighty-fifth street and the eastern line of Fourth avenue as the same are laid down on the map of the City; thence 164 degrees 59 minutes 19 seconds to the right 515.49 feet to a point; thence 2 degrees 43 minutes 15 seconds to the right 112.59 feet to a point in the western line of Fifth avenue, distant 45.57 feet southerly from the intersection of the western line of Fifth avenue and the southern line of Eighty-fourth street.

The southern line to be 16.5 feet from and parallel with the above described line.

Note—These angles and dimensions are approximate.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held on November 16, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of West One Hundred and Seventy-sixth street, from Amsterdam avenue to St. Nicholas avenue, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

On the north by a line midway between West One Hundred and Seventy-seventh and West One Hundred and Seventy-eighth streets; on the south by a line midway between West One Hundred and Seventy-fourth and West One Hundred and Seventy-fifth streets; on the east by a line 100 feet east of the easterly side of Amsterdam avenue, and parallel therewith, and on the west by a line 100 feet west of the westerly side of St. Nicholas avenue, and parallel therewith.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

Dated December 1, 1906.
JOSEPH HAAG,
Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held on November 16, 1906, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment will give a hearing on December 14, 1906, at 10.30 o'clock a. m., in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, in the matter of amending the proceedings for opening Hemlock street, between Jamaica and Atlantic avenues, Borough of Brooklyn, by excluding from its provisions that portion of Hemlock street, lying between Ridgewood avenue and Fulton street.

Dated December 1, 1906.
JOSEPH HAAG,
Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held on November 16, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the widening of Freeman street, between Stebbins avenue and Intervale avenue, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point in the middle of the block between Bryant and Longfellow streets midway between the northerly side of Freeman street and the southerly side of Jennings street, and running thence eastward on a line midway between the northerly side of Freeman street and the southerly side of Jennings street to the easterly side of the Southern Boulevard; beginning again on the westerly side of the Southern Boulevard, midway between Wilkins avenue and Jennings street, and running thence eastward to the easterly side of Wilkins avenue midway between the Southern Boulevard and Jennings street, including the entire triangular block bounded by Intervale avenue, Wilkins avenue and Freeman street; beginning again on the westerly side of Intervale avenue at a point midway between Freeman and Jennings streets, and extending westward along a line midway between Freeman and Jennings streets to the easterly side of Prospect avenue; beginning again on the westerly side of Prospect avenue at a point midway between Ritter place and Jennings street, and running westward and parallel with Jennings street to a point one hundred feet west of the westerly side of Prospect avenue, measured at right angles thereto; thence running southward on a line one hundred feet west of the westerly side of Prospect avenue and parallel therewith to a point one hundred feet south of the southerly side of East One Hundred and Sixty-ninth street; thence eastward on a line one hundred feet south of the southerly side of East One Hundred and Sixty-ninth street and parallel therewith to a point one hundred feet west of the westerly side of Stebbins avenue; thence northward on a line one hundred feet west of the westerly side of Stebbins avenue and parallel therewith to the prolongation of a line one hundred feet south of the southerly side of Chisholm street, between Intervale and Stebbins avenues, and parallel therewith; thence eastward along a line one hundred feet east of the easterly side of Intervale avenue and parallel therewith to its intersection with a line drawn midway between the southerly side of Freeman street and the northerly side of Home street; thence eastward along the said line midway between the southerly side of Freeman street and the northerly side of Home street to a point midway between the easterly side of Bryant street and the westerly side of Longfellow street; thence northward on a line midway between the easterly side of Bryant street and the westerly side of Longfellow street to the point of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

Dated, December 1, 1906.

Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Worth.

d1,14

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held on November 16, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Hancock street, from Vernon avenue and Twelfth street north to Vernon avenue, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point in the middle of the block between Eleventh and Twelfth streets midway between the easterly side of Vernon avenue and the westerly side of the Boulevard, and running thence northeastwardly midway between the easterly side of Vernon avenue and Hancock street and the easterly side of the Boulevard to a point 100 feet south of the southerly side of Vernon avenue; thence northeastwardly along a line 100 feet south of the southerly side of Vernon avenue and parallel therewith to the westerly side of the Boulevard; thence along the middle of the block between Broadway and the first street southerly from the easterly side of the Boulevard to a point 100 feet southeastwardly therefrom; thence northeastwardly on a line 100 feet east of the easterly side of the Boulevard and parallel therewith to a point 100 feet north of the northerly side of Broadway; thence northwestwardly along a line 100 feet northeast of the northerly side of Broadway and parallel therewith to a point 100 feet northwest of the westerly side of Vernon avenue; thence southwestwardly and westerly on a line 100 feet northwest and north of the northwesterly and northerly sides of Vernon avenue to a point midway between the westerly side of Hancock street and the easterly side of Hamilton street prolonged; thence along a line midway between the westerly side of Hancock street and the easterly side of Hamilton street to a point midway between the southerly side of Fourteenth street and the northerly side of Nott avenue; thence northwestwardly on a line 100 feet northeast of the northeastwardly line of Nott avenue and parallel therewith to a point 100 feet

northwest of the northwesterly side of Vernon avenue; thence southwardly on a line 100 feet west of the westerly side of Vernon avenue and parallel therewith to a point on the prolongation of a line midway between the southerly side of Twelfth street and the northerly side of Eleventh street; thence southeastwardly on a line midway between the southerly side of Twelfth street and the northerly side of Eleventh street and the prolongation thereof to the point of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

Dated December 1, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held on November 16, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Stockholm street, between the Borough line and Woodward avenue, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the southwest by the Borough line; on the northwest by a line through the middle of the block between Stockholm street and DeKalb avenue, extended to a point distant 100 feet northwesterly from the northerly line of Woodward avenue, measured on a line at right angles thereto; on the northeast by a line 100 feet northeastwardly from and parallel with the northerly side of Woodward avenue; and on the southeast by a line through the middle of the block between Stockholm street and Stanhope street, the same being extended to meet the line last described.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

Dated December 1, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held on November 16, 1906, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of St. Nicholas avenue, between Myrtle avenue and Cooper street, Second Ward, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line midway between St. Nicholas avenue and Cypress avenue, and by the easterly prolongation of said line; on the east by the westerly property line of the Manhattan Beach Division of the Long Island Railroad; on the south by a line midway between St. Nicholas avenue and Wyckoff avenue, and by the easterly prolongation of said line; and on the west by a line distant 100 feet westwardly from the westerly line of Madison street, the said distance being measured at right angles thereto.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 14th day of December, 1906, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 14th day of December, 1906.

Dated December 1, 1906.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out as a public park the territory lying between the westerly side of Riverside Drive and the Hudson river, and between the northerly side of West One Hundred and Fifty-eighth street and the present southerly boundary of Fort Washington Park, Borough of Manhattan, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 7, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 23, 1906, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing portions of certain streets, changing the grades of existing streets and laying out new streets within the limits of and adjacent to the proposed Sunnyside yard and terminal of the Pennsylvania-New York and Long Island Railroad Company and the Long Island Railroad Company, said changes being included within the territory bounded by Jackson avenue, Woodside avenue, Middleburg avenue, Grove street, Skillman avenue, Van Pelt street, Foster avenue, Rawson street, Thompson street, Meadow street, Davis street, Hunter's Point avenue, Oliver street, Third street and East avenue, in the Borough of Queens, as shown upon a map submitted by the said railroad companies dated July 11, 1906, and on file in the office of the Board of Estimate and Apportionment.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

Dated December 1, 1906.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to discontinue Cabot street, from Leggett avenue to the bulkhead line of the East river, as shown by the final maps, and to relay out the same in such a manner that its westerly side coincides with the property line of the New York, New Haven and Hartford Railroad and adjoins Leggett avenue at the abutment of the bridge over the tracks of the railroad, its width to be 80 feet;

Lay out Barry street, from Leggett avenue to the Eastern Boulevard at a width of 60 feet so that its westerly line shall be 220 feet east of the easterly line of Cabot street;

Discontinue and close Dupont street, from Leggett avenue to the bulkhead line of the East river, as shown on the final maps, and to relay out the same from Leggett avenue to the Eastern Boulevard at a width of 60 feet, its westerly line to be 220 feet east of the easterly line of Barry street, Borough of The Bronx, City of New York;

and that a meeting of said Board will be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 14, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on November 23, 1906, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by—

1. Discontinuing Cabot street, from Leggett avenue to the bulkhead line of the East river, as shown by the final maps, and to relaying out the same in such a manner that its westerly side coincides with the property line of the New York, New Haven and Hartford Railroad, and adjoins Leggett avenue at the abutment of the bridge over the tracks of the railroad, its width to be 80 feet.

2. Laying out Barry street, from Leggett avenue to the Eastern Boulevard at a width of 60 feet so that its westerly line shall be 220 feet east of the easterly line of Cabot street.

3. Discontinuing and closing Dupont street, from Leggett avenue to the bulkhead line of the East river, as shown on the final maps, and to relaying out the same from Leggett avenue to the Eastern Boulevard at a width of 60 feet, its westerly line to be 220 feet east of the easterly line of Barry street.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 14th day of December, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 14th day of December, 1906.

n24,d6

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held November 9, 1906, the following petition was received:

In the matter of the application of the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and said Nassau Electric Railroad Company, for the construction of an electric railroad on portions of Atlantic avenue, in the Borough of Brooklyn, City of New York.

To the Board of Estimate and Apportionment: The petition of the undersigned respectfully shows:

First—By chapter 256 of the Laws of 1832, the Brooklyn and Jamaica Railroad Company was organized and empowered to construct a railroad, "with such appendages as may be deemed necessary for the convenient use of the same," between Brooklyn and Jamaica.

In addition to the general powers given by law, the corporation was authorized to prescribe the manner in which the railroad should be used, and by what force the carriages to be used thereon may be propelled.

Second—That thereafter it constructed a steam surface railroad upon a right of way which it acquired by purchase or condemnation proceedings, portions of which line were included within the limits of what is now Atlantic avenue.

Third—By chapter 178 of the Laws of 1834 the Long Island Railroad Company was organized and empowered to construct a railroad from Greenport to a point on the waters adjacent to Brooklyn, "with such appendages as may be deemed necessary for the convenient use of the same," with power to prescribe the manner in which its road shall be used, and by what force the carriages to be used thereon may be propelled.

Fourth—By chapter 94 of the Laws of 1836 the Brooklyn and Jamaica Railroad Company was authorized to lease its railroad from Brooklyn to Jamaica to the Long Island Railroad Company, and it was provided that the use of the said Brooklyn and Jamaica Railroad, under such lease, should be taken as a performance of the obligations on the part of the Long Island Railroad Company to construct its road from Greenport to Brooklyn.

Fifth—This lease was made of all the corporate rights and franchises of the said Brooklyn and Jamaica Railroad Company, and has been extended from time to time, and now has seventy (70) years to run. The Long Island Railroad Company under it and under its own charter has been for many years operating a double-track steam railroad over the right of way formerly of the Brooklyn and Jamaica Railroad Company, situated in the centre of what is now Atlantic avenue, from the junction of Atlantic and Flatbush avenues, in the Borough of Brooklyn to Jamaica and points eastward thereof.

Sixth—The Brooklyn and Jamaica Railroad Company was foreclosed and its property conveyed to the Atlantic Avenue Railroad Company or Brooklyn, and said Atlantic Avenue Railroad Company of Brooklyn was, on or about January 26, 1899, merged with the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company is now possessed of all its property and franchises.

Seventh—By chapter 499 of the Laws of 1897, for the improvement of Atlantic avenue and for the removal of the steam railroad of the Long Island Railroad Company from the surface, it was provided that the railroad of the Atlantic Avenue Railroad Company of Brooklyn, "now leased and operated by the Long Island Railroad Company," between Flatbush avenue and Atkins avenue, should be changed by said companies "by depressing the same from Flatbush avenue to near the easterly side of Bedford avenue, so as to leave the surface free from the steam railroad tracks, fences and gates of the steam railroad of the Long Island Railroad Company then existing thereon." From this point the right of way of the railroad should be operated in an open cut, to a point between Bedford and Nostrand avenues.

From there running east the tracks should be raised and run on an elevated structure to the easterly side of Ralph avenue. From Ralph avenue the tracks were to descend to the grade of Atlantic avenue, at a point between Ralph and Howard avenues. From there they were to be operated in an open cut to the west side of Cooper place. From there they were to be placed below the surface of the street to a point near the east side of Stone avenue. From there the right of way should be through an open cut to a point near the westerly side of Jardine place, where it should coincide with the grade of Atlantic avenue. From there eastward it should be operated on a surface grade to near the easterly side of Snediker avenue. At this point the tracks were to be elevated, passing over Williams avenue at a height of eight feet, and over Alabama avenue at a height of twelve feet, and from the easterly side of Alabama avenue the tracks should be operated over an elevated structure to a point near Linwood avenue. From there they should descend to the grade of Atlantic avenue, near Atkins avenue, and from that point eastward should be operated on the existing grade.

Eighth—Said act also provided that when completed the Long Island Railroad Company, as lessee of the Atlantic Avenue Railroad Company of Brooklyn, was authorized and directed to run its trains "over such improvement and the road of such railroad as constructed and authorized by law," and no cars of other companies, without permission of the said Long Island Railroad Company, shall be run thereon or thereunder.

Ninth—By chapter 497 of the Laws of 1899 it is provided that whenever any right of way, grade or tracks of any steam railroad in any street, in any city of the first class, are required by law to be changed or altered by elevating or depressing the same for the purpose of discontinuing the use of steam power upon the surface of said highway or street, such alteration or change of grade shall not be deemed to curtail or affect any right which such company, or its lessees or assigns, may have to maintain and operate a surface passenger railroad within the limits of the right of way so depressed or ele-

vated, and over or under the railroad tracks so depressed or elevated, with all turnouts, sidings or tracks necessary to secure the continuous connection of portions of such surface railroad. In the event that any such turnouts, sidings or tracks shall extend beyond the lines of the right of way of such railroad corporation whose tracks have been so depressed or elevated in or upon any of the streets or highways aforesaid, such turnouts, sidings or tracks so extending beyond the lines of such right of way shall only be constructed upon condition that the consent of the owners of one-half in value of the property bounded, and the consent also of the local authorities having the control of that portion of such street or highway upon which it is proposed to construct such turnout, siding or tracks, shall be first obtained. No such railroad shall be operated by steam locomotives, and shall not be used except for passenger traffic.

Tenth—That the change of grade provided in and by the aforesaid acts for the improvement of Atlantic avenue has been duly made, such portions of the aforesaid track required by said act to be depressed below the surface of the street have been so depressed, and such portions as were required to be elevated have been elevated, that the connections between the same have been constructed, and the trains of the Long Island Railroad Company are now being operated thereon by electricity.

Eleventh—That the tracks for an electrical railroad have been laid upon the aforesaid right of way of the said railroad, over or under the said improvement, with the exception of the following portions thereof, viz:

1. From the westerly side of Bedford avenue to a point midway between Nostrand avenue and New York avenue.

2. From a point opposite Columbus place to a point near Louis place.

3. From a point opposite Olive place to a point nearly opposite Alabama avenue, with the exception of the portion of the south side of Atlantic avenue, between Snediker and Georgia avenues, occupied by the tracks of the Brooklyn and Rockaway Beach Railroad Company, over which the Long Island Railroad Company has the right to operate.

At these points, where either the cuts are located (being the portions of said right of way by which the trains from the depressed subway reach the surface), or the inclined portion of the elevated structure extends from the grade of the avenue to a place where there is sufficient headroom for the cars to pass thereunder. At these points the existence of these obstacles make it impossible to operate a continuous railroad upon the surface of said right of way.

Twelfth—That in order to secure a continuous connection and operation of said surface railroad, it is necessary that a turnout or siding, consisting of a single track on each side of said right of way, should be constructed in the various portions of Atlantic avenue lying between the points aforesaid, and also that the same should be connected with the tracks of the street surface railroads intersecting the same. That such sidings and connections have been duly located, and that the portions of the streets proposed to be occupied thereby are, and the general line of the improvement is designated on the blue print hereto annexed, marked "A." Drawing No. R-4. Maps showing each one of such sidings in detail are also hereto annexed, marked "B," "C," "D"; maps "E" and "F" show the location of the poles carrying the electric wires.

Thirteenth—That your petitioners are advised and believe that under the statutes aforesaid, and under the provisions of law relative to the subject, your petitioners are authorized to construct said turnouts and sidings and to operate an electric railroad over the same in connection with the line constructed upon the surface of the aforesaid right of way as aforesaid, upon obtaining the consent of the local authorities of The City of New York, and the consent of the majority of the owners of the property abutting on said sidings, or, in lieu of the latter, the consent of the Appellate Division of the Supreme Court.

Fourteenth—That your petitioners have used diligent efforts to obtain the consent of the majority of said abutting owners, but have been unable so to do, and are now about to apply to the Appellate Division for its consent in lieu thereof.

Fifteenth—That the portions of Atlantic avenue over which the petitioners desire to obtain the consent of the City to operate is only a very small portion of the entire route of the proposed railroad, the remainder being upon the property of your petitioners.

That this proposed railroad will be a trolley railroad of the most modern character, and its construction and operation will be a great public convenience, and will, as your petitioners are informed and believe, largely enhance the value of the property abutting on Atlantic avenue and of that in the vicinity. That your petitioners believe that a rental of one hundred dollars (\$100) a year for a franchise to operate each of four turnouts, or the aggregate annual rent of four hundred dollars (\$400) (which represents a capitalization of four per centum of \$10,000), would be a reasonable rent to pay for such privileges, and your petitioners hereby offer to pay the same to the City for its consent to such construction.

Wherefore, your petitioners respectfully pray that the Board of Estimate and Apportionment will grant to the Nassau Electric Railroad Company and the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, the consent of The City of New York for the construction of a double track electrical railroad to be laid on the surface of Atlantic avenue in the Borough of Brooklyn, City of New York, one track thereof to be laid on each side of said avenue in the portions thereof adjoining the places where the right of way of the Long Island Railroad Company above mentioned is obstructed by the elevated and depressed tracks, to wit:

1. Leaving the said right of way at a point forty (40) feet westerly from the westerly side of Bedford avenue, and thence running with a single track on each side of the line of the said right of way and the inner rail of said tracks to be about four (4) feet distant therefrom, to a point about one hundred and fifty (150) feet easterly from the easterly line of Nostrand avenue, and thence curving inward, intersecting the said right of way and connecting with the tracks thereon.

2. Leaving the said right of way at a point about opposite the easterly line (if extended) of Columbus place, and running with a single track on each side of the line of the said right of way and the inner rail of said tracks to be about four (4) feet distant therefrom, to a point about opposite to the easterly side of Cooper place (if extended), and thence curving inward, intersecting the said right of way, and connecting with the tracks thereon.

3. Leaving the said right of way at a point approximately at the centre of Stone avenue, or Eastern Parkway Extension, and running with a single track on each side of the line of the said right of way, to a point about opposite the easterly curb line of Alabama avenue (excepting the portion of the southern side of Atlantic avenue between Snediker and Alabama avenues, occupied by the existing tracks of the Brooklyn and Rockaway Beach Railroad Company, over which the Long Island Railroad Company has the right to operate); thence curving inward into the said

right of way and connecting with the tracks laid thereon.

4. Together with the right to erect and maintain the necessary poles, wires and appurtenances, the poles supporting the wires by which said cars are to be operated to be placed as far as practicable within the limits of the right of way aforesaid.

THE LONG ISLAND RAILROAD COMPANY.

By RALPH PETERS, President.

THE NASSAU ELECTRIC RAILROAD COMPANY.

By T. S. WILLIAMS, Vice-President.

State of New York, County of Kings, ss.:

Ralph Peters, being duly sworn, says that he is the President and an officer of the Long Island Railroad Company, one of the corporations petitioners in the above entitled matter. That the foregoing petition is true to the knowledge of this deponent, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true. That the reason why this verification is not made by the petitioner is because the petitioner is a corporation; that the grounds of deponent's belief as to all matters in said petition not stated upon his own knowledge, are investigations which deponent has caused to be made concerning the subject matter of this action, and information acquired by deponent in the course of his duties as an officer of the corporation petitioner in this action.

RALPH PETERS.

Sworn to before me this 3d day of July, 1906.

WILLIAM J. HAWSON,

Notary Public, Kings County.

Certificate filed in New York County.

State of New York, County of Kings, ss.:

T. S. Williams, being duly sworn, says that he is the Vice-President and an officer of the Nassau Electric Railroad Company, one of the corporations petitioners in the above entitled matter; that the foregoing petition is true to the knowledge of this deponent, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true. That the reason why this verification is not made by the petitioner is because the petitioner is a corporation; that the grounds of deponent's belief as to all matters in said petition not stated upon his own knowledge, are investigations which deponent has caused to be made concerning the subject matter of this action, and information acquired by deponent in the course of his duties as an officer of the corporation petitioner in this action.

T. S. WILLIAMS.

Sworn to before me this 3d day of July, 1906.

J. H. BENNINGTON,

Notary Public, Kings County, N. Y.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company, dated July 3, 1906, was presented to the Board of Estimate and Apportionment at a meeting held September 14, 1906.

Resolved, That in pursuance of law this Board sets Friday, the 7th day of December, 1906, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

JOSEPH HAAG,

Secretary.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF BROOKLYN:

TWENTY-NINTH, THIRTY-FIRST AND THIRTY-SECOND WARDS, SECTIONS 16 AND 20.

EAST NINETEENTH STREET—OPENING, from Avenue M to Foster avenue. Confirmed June 28, 1906; entered November 30, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the southerly side of Avenue M and distant 100 feet easterly of the easterly side of East Nineteenth street; running thence southerly and parallel with East Nineteenth street 100 feet; running thence westerly and parallel with Avenue M to the centre line

of the block between East Eighteenth street and East Nineteenth street; running thence northerly and along the centre line of the block between East Eighteenth street and East Nineteenth street to a point distant 100 feet northerly of the northerly side of Foster avenue; running thence northerly and parallel with Foster avenue to a line drawn parallel with East Nineteenth street and distant 100 feet easterly therefrom; running thence southerly parallel with East Nineteenth street and distant 100 feet easterly therefrom to the point or place of beginning.

The above-entitled assessment was entered on the day herebefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Such section provides that: "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby, ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before January 29, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,

Comptroller.

City of New York—Department of Finance,

Comptroller's Office, November 30, 1906.

d4,17

PROPOSALS FOR \$9,800,000.00 OF FOUR PER CENT. STOCK AND BONDS OF THE CITY OF NEW YORK.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

EXEMPT FROM ALL TAXATION, EXCEPT FOR STATE PURPOSES.

Executors, Administrators, Guardians and others holding Trust Funds are authorized by Section 9 of Article 1 of Chapter 417 of the Laws of 1897, as amended, to invest in said Stock and Bonds.

SEALED PROPOSALS WILL BE RECEIVED BY THE COMPTROLLER OF THE CITY OF New York at his office, No. 280 Broadway, Borough of Manhattan, in The City of New York, until

FRIDAY, DECEMBER 14, 1906

at 2 o'clock p. m., when they will be publicly opened in the presence of the Commissioners of the Sinking Fund, or such of them as shall attend, as provided by law, for the whole or a part of the following-described Registered Stock and Bonds of The City of New York, bearing interest at the rate of Four per cent. per annum, from and including the date of payment therefor, to wit:

\$7,000,000.00 of Corporate Stock of The City of New York (for Various Municipal Purposes). Principal payable November 1, 1936. Interest payable semi-annually on May 1 and November 1.

This stock was duly authorized by the Greater New York Charter, as amended, and other acts of the Legislature of the State of New York, and by the Municipal authorities of The City of New York, and is free and exempt from all taxation, except for State purposes.

1,000,000.00 of Corporate Stock of The City of New York, to Provide for the Supply of Water. Principal payable November 1, 1936. Interest payable semi-annually on May 1 and November 1.

This stock was duly authorized by the Greater New York Charter, as amended, and other acts of the Legislature of the State of New York, and by the Municipal authorities of The City of New York, and is free and exempt from all taxation, except for State purposes.

300,000.00 of Corporate Stock of The City of New York, to Provide for the Supply of Water. Principal payable November 1, 1926. Interest payable semi-annually on May 1 and November 1.

This stock was duly authorized by the Greater New York Charter, as amended, and other acts of the Legislature of the State of New York, and by the Municipal authorities of The City of New York, and is free and exempt from all taxation, except for State purposes.

1,000,000.00 of Assessment Bonds of The City of New York, for Street and Park Openings. Principal payable November 1, 1916. Interest payable semi-annually on May 1 and November 1.

These Bonds were duly authorized by the Greater New York Charter, as amended, and are free and exempt from all taxation, except for State purposes.

500,000.00 of Assessment Bonds of The City of New York (for Street Improvements). Principal payable November 1, 1916. Interest payable semi-annually on May 1 and November 1.

These Bonds were duly authorized by the Greater New York Charter, as amended, and by the Municipal authorities of The City of New York, and are free and exempt from all taxation, except for State purposes.

The said Stock and Bonds are issued in accordance with the provisions of Section 10 of Article 8 of the Constitution of the State of New York.

The principal of and interest on said Stock and Bonds are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to resolutions of the Commissioners of the Sinking Fund, adopted June 9, 1898, and April 18, 1904.

CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for stock or bonds shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money or by a certified check drawn to the order of said Comptroller upon a solvent banking corporation, two per cent. of the par value of the stock or bonds bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the Stock or Bonds awarded to him or them at its or their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted of the amounts due for the Stock or Bonds awarded to them respectively, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of Bonds or Stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the Bonds offered for sale at a price at par or higher may also offer to purchase all or none of said Bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the Bonds to the bidder offering the highest price for all or none of said Bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision the condition that the bidder will accept only the whole amount of Stock or Bonds bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the Stock or Bonds offered for sale.

7. The proposals, together with the security deposits, should be enclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope enclosed in another sealed envelope addressed to the Comptroller of The City of New York.

HERMAN A. METZ, Comptroller.

The City of New York—Department of Finance, Comptroller's Office, December 1, 1906.

d3,14

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NEW YORK, December 1, 1906.

NOTICE TO TAXPAYERS.

UNDER THE PROVISIONS OF SECTION 919 of the Greater New York Charter (chapter 378, Laws of 1897), notice is hereby given to all persons or corporations who have omitted to pay their taxes, "To pay the same in the borough in which the property is located," as follows:

Borough of Manhattan, No. 57 Chambers street, Manhattan, N. Y.;
Borough of The Bronx, corner Third and Tremont avenues, The Bronx, N. Y.;
Borough of Brooklyn, Rooms 2, 4, 6 and 8, Municipal Building, Brooklyn, N. Y.;
Borough of Queens, corner Jackson avenue and Fifth street, Long Island City, N. Y.;
Borough of Richmond, Borough Hall, St. George, Staten Island, N. Y.

—and that under the provisions of section 916 of said Charter, "If any such tax shall remain unpaid on the first day of December, it shall be the duty of the Receiver of Taxes to charge, receive and collect upon such tax so remaining unpaid on that day, in addition to the amount of such tax, one per centum on the amount thereof, and to charge, receive and collect upon such tax so remaining unpaid on the first day of January thereafter, interest upon the amount thereof, at the rate of seven per centum per annum, to be calculated from the day on which said taxes became due and payable (October 1, 1906), as provided by section nine hundred and fourteen of this act, to the date of payment."

DAVID E. AUSTEN,
Receiver of Taxes.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the EIGHTH WARD OF THE BOROUGH OF BROOKLYN, pursuant to the provisions of chapter 365 of the Laws of 1889, and the act amendatory thereof, and chapter 378 of the Laws of 1897, and chapter 466 of the Laws of 1901 amendatory thereof, to wit:

FORTY-FIRST STREET—GRADING AND PAVING, from Second avenue to Third avenue. Area of assessment: Both sides of Forty-first street, between Second and Third avenues, and to the extent of one-half the blocks on the terminating avenues.

FORTY-FIRST STREET—GRADING AND PAVING, from Fifth avenue to Sixth avenue. Area of assessment: Both sides of Forty-first street, between Fifth and Sixth avenues, and to the extent of one-half the blocks on the terminating avenues.

FORTY-THIRD STREET—GRADING, from Fifth avenue to the old City line (excepting from Fifth avenue to Seventh avenue). Area of assessment: Both sides of Forty-third street, from Seventh avenue to the old City line, and to the extent of one-half the blocks on Seventh and Eighth avenues.

FORTY-FOURTH STREET—GRADING AND PAVING, from Second to Third avenue. Area of assessment: Both sides of Forty-fourth street, between Second and Third avenues, and to the extent of one-half the blocks on the terminating avenues.

FORTY-FOURTH STREET—GRADING AND PAVING, from Fifth avenue to Sixth avenue. Area of assessment: Both sides of Forty-fourth street, between Fifth and Sixth avenues, and to the extent of one-half the blocks on the terminating avenues.

FORTY-FIFTH STREET—GRADING AND PAVING, from Second to Third avenue. Area of assessment: Both sides of Forty-fifth street, between Second and Third avenues, and to the extent of one-half the blocks on the terminating avenues.

FORTY-SIXTH STREET—GRADING AND PAVING, from Second to Third avenue. Area of assessment: Both sides of Forty-sixth street, between Second and Third avenues, and to the extent of one-half the blocks on the terminating avenues.

FORTY-SIXTH STREET—GRADING AND PAVING, from Fifth avenue to Sixth avenue. Area of assessment: Both sides of Forty-sixth street, between Fifth and Sixth avenues, and to the extent of one-half the blocks on the terminating avenues.

FORTY-SEVENTH STREET—GRADING AND PAVING, from Second to Third avenue. Area of assessment: Both sides of Forty-seventh street, between Second and Third avenues, and to the extent of one-half the blocks on the terminating avenues.

FORTY-EIGHTH STREET—GRADING AND PAVING, from Fifth avenue to Sixth avenue. Area of assessment: Both sides of Forty-eighth street, between Fifth and Sixth avenues, and to the extent of one-half the blocks on the terminating avenues; also Lots Nos. 22 to 33, inclusive, of Block 225.

FORTY-EIGHTH STREET—GRADING, from Fifth avenue to old City line. Area of assessment: Both sides of Forty-eighth street, between Fifth avenue and the old City line, and to the extent of one-half the blocks on the intersecting and terminating avenues; also Lots Nos. 23 to 33, inclusive, of Block 225; also Lots Nos. 9 to 12, inclusive, of Block 229; also Lot No. 39, of Block 249.

FIFTIETH STREET—GRADING AND PAVING, from Second to Third avenue. Area of assessment: Both sides of Fiftieth street, between Second and Third avenues, and to the extent of one-half the blocks on the terminating avenues.

FIFTY-SECOND STREET—GRADING AND PAVING, from Fifth avenue to Sixth avenue. Area of assessment: Both sides of Fifty-second street, between Fifth and Sixth avenues, and to the extent of one-half the blocks on the terminating avenues; also Lots Nos. 104 and 111 of Block 222.

FIFTY-THIRD STREET—GRADING AND PAVING, from Fifth avenue to Sixth avenue. Area of assessment: Both sides of Fifty-third street, between Fifth and Sixth avenues, and to the extent of one-half the blocks on the terminating avenues.

FIFTY-FOURTH STREET—GRADING AND PAVING, from Second to Third avenue. Area of assessment: Both sides of Fifty-fourth street, between Second and Third avenues, and to the extent of one-half the blocks on the terminating avenues.

FIFTY-FIFTH STREET—GRADING AND PAVING, from Fifth avenue to Sixth avenue. Area of assessment: Both sides of Fifty-fifth

street, between Fifth and Sixth avenues, and to the extent of one-half the blocks on the terminating avenues.

FIFTY-SEVENTH STREET—GRADING AND PAVING, between First avenue and Second avenue. Area of assessment: Both sides of Fifty-seventh street, between First and Second avenues, and to the extent of one-half the blocks on the terminating avenues.

FIFTY-SEVENTH STREET—GRADING AND PAVING, from Second to Third avenue. Area of assessment: Both sides of Fifty-seventh street, between Second and Third avenues, and to the extent of one-half the blocks on the terminating avenues.

FIFTY-SEVENTH STREET—GRADING AND PAVING, from Fifth to Sixth avenue. Area of assessment: Both sides of Fifty-seventh street, between Fifth and Sixth avenues, and to the extent of one-half the blocks on the terminating avenues.

SIXTH AVENUE—GRADING AND PAVING, from Thirty-ninth street to Forty-first street. Area of assessment: Both sides of Sixth avenue, between Thirty-ninth and Forty-first streets, and to the extent of one-half the blocks on the intersecting and terminating streets.

SIXTH AVENUE—GRADING, from Thirty-ninth street to old City line. Area of assessment: Both sides of Sixth avenue, from Thirty-ninth street to the old City line, and to the extent of one-half the blocks on the following named intersecting streets, viz.: Fortieth, Forty-first, Forty-fourth to Forty-eighth, inclusive, Fiftieth to Fifty-ninth, inclusive.

SIXTH AVENUE—GRADING AND PAVING, from Forty-fourth street to old City line. Area of assessment: Both sides of Sixth avenue, from Forty-fourth street to old City line, and to the extent of one-half the blocks on the intersecting streets, excepting Forty-ninth street.

SEVENTH AVENUE—GRADING, from Thirty-ninth street to old City line. Area of assessment: Both sides of Seventh avenue, from Thirty-ninth street to the old City line, and to the extent of one-half the blocks on the intersecting streets west of Seventh avenue; also to the same extent on the intersecting streets between Thirty-ninth and Fifty-second streets east of Seventh avenue; also, on the intersecting streets from Fifty-second to Fifty-sixth street, between Seventh avenue and the City line.

—that the same were confirmed by the Supreme Court, Kings County, on November 9, 1906, and that the Board of Assessors of The City of New York thereafter levied and assessed the "Seventh Installment" thereon, and transmitted the same to the Comptroller on November 15, 1906, for entry and collection.

That the "Seventh Installment" in each case is now due and payable, and unless the amount thereof assessed for benefit on any person or property shall be paid within sixty days after December 1, 1906, interest shall be charged, collected and received thereon at the rate of seven per cent. per annum, to be calculated from December 1, 1906, to the date of payment.

The owner of any parcel of land assessed for any of the foregoing assessments may, pursuant to the provisions of chapter 365, Laws of 1889, as amended by chapter 452, Laws of 1890; chapter 520, Laws of 1895, and chapter 736, Laws of 1896, at any time after the first installment becomes due and payable, pay all the installments not levied of said assessment, and the same will be thereupon canceled.

The above assessments are payable to the Collector of Assessments and Arrears, at the office of the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. to 12 M., and on Saturdays from 9 A. M. to 2 P. M., and all payments made thereon on or before January 30, 1907, will be exempt from interest as above provided.

HERMAN A. METZ,
Comptroller.

City of New York, Department of Finance,
Comptroller's Office, November 28, 1906.
n30, d18

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

TWENTY-EIGHTH WARD, SECTION 11.
WEIRFIELD STREET—REGULATING, GRADING AND CURBING, from Knickerbocker avenue to the boundary lines of the boroughs of Brooklyn and Queens. Area of assessment: Both sides of Weirfield street, from Knickerbocker avenue to the boundary line of the borough of Brooklyn and Queens, and to the extent of half the block at the intersecting streets.

TWENTY-NINTH WARD, SECTION 16.
WESTMINSTER ROAD—REGULATING, GRADING AND CURBING, from Beverley road to Cortelyou road. Area of assessment: Both sides of Westminster road, from Beverley road to Cortelyou road, and to the extent of half the block at the intersecting streets.

THIRTIETH WARD, SECTION 18.
SIXTY-SECOND STREET—REGULATING AND GRADING, from Third avenue to Fifth avenue. Area of assessment: Both sides of Sixty-second street, from Third avenue to Fifth avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

THIRTY-SECOND WARD, SECTION 15.
EAST THIRTY-FOURTH STREET—REGULATING, GRADING AND CURBING, from Avenue F to Glenwood road. Area of assessment: Both sides of Thirty-fourth street, from Farragut road (Avenue F) to Glenwood road, and to the extent of half the block at the intersecting streets.

—that the same were confirmed by the Board of Assessors on November 27, 1906, and entered November 27, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments interest will be collected thereon, as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of pay-

ment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays until 12 M., and all payments made thereon on or before January 26, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York, Department of Finance,
Comptroller's Office, November 27, 1906.

On all assessments which shall be paid to the Collector of Assessments and Arrears before the expiration of thirty days from the time the same shall become due and payable, an allowance shall be made to the person or persons making such payments at the rate of seven and three-tenths per centum per annum for the unexpired portion thereof. On all assessments paid after the expiration of thirty days from the time the same shall have become due and payable there shall be added to and collected as part of every such assessment interest at the rate of nine per cent. per annum, to be computed from the time the same became due and payable to the date of said payment.

HERMAN A. METZ,

Comptroller.
City of New York—Department of Finance,
Comptroller's Office, November 28, 1906.
n30, d14

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 12.

POND PLACE—PAVING AND CURBING, from East One Hundred and Ninety-seventh street to East One Hundred and Ninety-eighth street. Area of assessment: Both sides of Pond place, from East One Hundred and Ninety-seventh street to East One Hundred and Ninety-eighth street, and to the extent of half the block at the intersecting streets.

—that the same, was confirmed by the Board of Assessors, November 27, 1906, and entered on November 27, 1906, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payment made thereon on or before January 26, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,

Comptroller.
City of New York—Department of Finance,
Comptroller's Office, November 27, 1906.
n30, d13.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named avenue in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.

BATHGATE AVENUE—OPENING, from Wendover avenue to East One Hundred and Eighty-eighth street. Confirmed May 12, 1905; entered November 27, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to the southerly side of East One Hundred and Seventy-first street and distant 100 feet southerly therefrom with a line drawn parallel to the westerly side of Washington avenue and distant 100 feet westerly therefrom; running thence northerly along the last-mentioned parallel line to its intersection with a line drawn parallel to the northerly side of East One Hundred and Eighty-ninth street and distant 100 feet northerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the easterly side of Lorillard place and distant 100 feet easterly therefrom; thence southerly along said parallel line to the northeasterly side of Belmont place, near its junction with Third avenue; thence southerly on a straight line to the intersection of the southerly side of Belmont place with a line drawn parallel to the easterly side of Third avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to its intersection with a line drawn parallel to the southerly side of East One Hundred and Seventy-first street and distant 100 feet southerly therefrom; thence westerly along said parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 26, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ,

Comptroller.

City of New York—Department of Finance, Comptroller's Office, November 27, 1906.

n28,d12

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street purposes, in the

Borough of The Bronx

being a portion of a building situated on the corner of Morris Park avenue and Taylor street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, more particularly described on the map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Manhattan. The sale will take place on

FRIDAY, DECEMBER 14, 1906

on the premises, at 11 a. m., and will be sold at the highest marketable price on the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of the buildings, parts of buildings, etc., standing within the lines of said streets, from the streets, by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days, he or they shall forfeit his or their purchase money, and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above described property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

H. A. METZ,

Comptroller.

City of New York—Department of Finance, Comptroller's Office, November 26, 1906.

n28,d14

CORPORATION SALE OF TAX CERTIFICATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 8, 1907

at 12 o'clock m., at the Comptroller's office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to a certain tax sale certificate, registered in the office of the Collector of Assessments and Arrears in Liber 83 of tax sales by the certificate No. 5233, being for the sale for the non-payment of taxes on Lot No. 33 in Block 99 of the Twenty-fourth Ward of the Borough of Brooklyn, now known as Lot No. 39, in Block 1390, Section 5, on the tax maps of the Borough of Brooklyn. The minimum or upset price at which the certificate is to be sold is hereby appraised and fixed at four hundred and seventy-one dollars and forty-four cents (\$471.44), and the Comptroller is hereby authorized to take the necessary steps for making such sale upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount due on said certificate as purchase money at the time of the sale, which sum shall not be less than four hundred and seventy-one dollars and forty-four cents (\$471.44), and in addition thereto the purchaser shall pay the auctioneer's fees on such sale.

Upon the payment of the amount bid at such sale, together with the auctioneer's fees, the Comptroller is hereby authorized to execute and deliver an assignment of the said certificate to the purchaser, which shall be taken by the purchaser without recourse.

The Comptroller may at his option resell the certificate if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for the cost and expense of any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund under resolution adopted at a meeting of the Board held November 21, 1906.

H. A. METZ,

Comptroller.

City of New York, Department of Finance, Comptroller's office, November 28, 1906.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, AUCTIONEER.

AT THE REQUEST OF THE COMMISSIONER of Parks of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for park purposes, in the

Borough of Brooklyn.

All of the remaining buildings situated within the lines of property within the area of Berry street, Nassau avenue, Lorimer street, Driggs avenue, Manhattan avenue, Leonard street, Bayard street, Union avenue and North Twelfth street, in the Fourteenth, Fifteenth and Seventeenth Wards of the Borough of Brooklyn. The sale will take place on

TUESDAY, DECEMBER 4, 1906

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of the buildings, parts of buildings, etc., standing within the lines of said streets, from the streets, by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within ten days, he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above described property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

NOTICE TO PROPERTY OWNERS.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of assessments for **OPENING AND ACQUIRING TITLE** to the following-named streets and road in the **BOROUGH OF BROOKLYN:**

TWENTY-FOURTH WARD, SECTION 5.

UNION STREET—OPENING, between Bedford avenue and Rogers avenue. Confirmed October 30, 1906; entered November 26, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Rogers avenue where the same is intersected by a line drawn parallel with the northerly side of Union street and distant 100 feet northerly therefrom; running thence westerly and parallel with the northerly side of Union street to the easterly side of Bedford avenue; running thence southerly and along the easterly side of Bedford avenue to a line drawn parallel with the southerly side of Union street and distant 100 feet southerly therefrom; running thence easterly and parallel with Union street to the westerly side of Rogers avenue; running thence northerly and along the westerly side of Rogers avenue to the point or place of beginning.

TWENTY-NINTH WARD, SECTION 16.

SEELEY STREET—OPENING, between Gravesend avenue and Nineteenth street. Confirmed October 25, 1906; entered November 26, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Eighteenth street where the same would be intersected by a line drawn parallel with Seeley street and distant 200 feet southerly therefrom; running thence westerly and parallel with Seeley street to the easterly side of Gravesend avenue; running thence northerly and along the easterly side of Gravesend avenue to its intersection with the southerly side of Terrace place; running thence easterly and along the southerly side of Terrace place to the westerly side of Eighteenth street; running thence southerly and along the westerly side of Eighteenth street to the point or place of beginning.

TWENTY-NINTH WARD, SECTIONS 15 AND 16.

BEVERLEY ROAD—OPENING, between Bedford avenue and East Thirty-first street. Confirmed October 26, 1906; entered November 26, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Bedford avenue where the same is intersected by the centre line of the block between Beverley road and Vernon avenue; running thence easterly and along the centre line of the block

between Beverley road and Vernon avenue to the westerly side of East Thirty-first street; running thence southerly and along the westerly side of East Thirty-first street to the centre line of the block between Avenue C and Beverley road; running thence westerly and along the centre line of the block between Avenue C and Beverley road to the easterly side of Bedford avenue; running thence northerly and along the easterly side of Bedford avenue to the point or place of beginning.

THIRTY-FIRST WARD, SECTION 21.

WEST THIRTEENTH STREET—OPENING, between Eighty-sixth street and Gravesend basin. Confirmed October 25, 1906; entered November 26, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point in the southerly side of Eighty-sixth street where the said southerly side of Eighty-sixth street is intersected by the central line of the block between West Thirteenth street and Stillwell avenue; running thence southerly and along the centre line of a block between West Thirteenth street and Stillwell avenue to a point south of Hubbard's creek, which point is located where a prolongation of the northerly side of Gravesend basin would intersect the centre line of the block between West Thirteenth street and Stillwell avenue; running thence easterly and along said prolongation and the northerly side of Gravesend basin to a point where the centre line of the block between West Thirteenth street and West Twelfth street intersects the northerly side of Gravesend basin; running thence northerly and along the centre line of the block between West Twelfth street and West Thirteenth street to its intersection with the southerly side of Eighty-sixth street; running thence northwesterly and along the southerly side of Eighty-sixth street to the point or place of beginning.

The above-entitled assessments were entered on the day hereinafore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 150 of this act."

Section 150 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before January 25, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ,

Comptroller.

City of New York—Department of Finance, Comptroller's Office, November 26, 1906.

n27,d11

CORPORATION SALE OF REAL ESTATE.

BRYAN L. KENNELLY, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

THURSDAY, DECEMBER 13, 1906

at 12 o'clock m., at the New York Real Estate Salesroom, Nos. 14-16 Vesey street, the following-described real estate belonging to the Corporation of The City of New York, and located in the Borough of The Bronx, viz.:

All those certain parcels of land being known and designated by the numbers 1, 2, 8 and 11, as shown on the map filed with the judgment roll, entered December 1, 1899, in the matter of the Mayor, Aldermen and Commonalty of The City of New York against the East Bay Land and Improvement Company, which said parcels were included in the deed made by the East Bay Land and Improvement Company to The City of New York, recorded in the Register's Office of the County of New York, December 11, 1899, in Volume 23, page 211, Section 10, on the land maps of the County of New York.

Parcel No. 1 being a part of Edgewater road, lying between Craven and Worthen streets.

Parcel No. 2 being a part of East Bay avenue, lying between Craven and Worthen streets.

Parcel No. 8 being a part of Worthen street, lying south of Eastern Boulevard.

Parcel No. 11 being a part of Craven street, lying south of Eastern Boulevard.

The minimum or upset price at which said property shall be sold is hereby fixed at forty thousand dollars (\$40,000).

The sale of the said premises is made upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay ten (10) per cent. of the amount of his bid and the auctioneer's fee at the time of sale and ninety (90) per cent. upon the delivery of the deed, which shall be thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the party who may fail to comply therewith will be held liable for any deficiency that may result from any such resale.

The right is reserved to reject any and all bids. Maps of said real estate may be seen on application at the Comptroller's office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under resolution adopted November 14, 1906.

H. A. METZ,

Comptroller.

City of New York—Department of Finance, Comptroller's Office, November 22, 1906.

n24,d13

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property,

affected by the following assessments for **LOCAL IMPROVEMENTS** in the **BOROUGH OF MANHATTAN:**

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND SEVENTY-FIRST STREET—SEWER, from Fort Washington avenue to Broadway. Area of assessment: Lots Nos. 1, 50, 58 and 80, of Block 2142, same being bounded by Fort Washington avenue and Broadway and One Hundred and Seventieth and One Hundred and Seventy-second streets. —that the same were confirmed by the Board of Revision of Assessments on November 22, 1906, and entered on November 22, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 21, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ,

Comptroller.

City of New York—Department of Finance, Comptroller's Office, November 22, 1906.

n23,d7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for **LOCAL IMPROVEMENTS** in the **BOROUGH OF THE BRONX:**

TWENTY-FOURTH WARD, SECTION 11.

EVELYN PLACE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Jerome avenue to Aqueduct avenue East. Area of assessment: Both sides of Evelyn place, from Jerome avenue to Aqueduct avenue East, and to the extent of half the block at the intersecting avenues.

FREEMAN STREET—REGULATING, GRADING, SETTING CURBSTONES, FLAGGING SIDEWALKS, LAYING CROSSWALKS, PLACING FENCES, LAYING PAVEMENT AND PLANTING TREES, from Southern Boulevard to the Bronx river. Area of assessment: Both sides of Freeman street from the Southern Boulevard to Westchester avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same were confirmed by the Board of Revision of Assessments November 22, 1906, and entered on November 22, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 21, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ,

Comptroller.

n23,d7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for **LOCAL IMPROVEMENTS** in the **BOROUGH OF BROOKLYN:**

TWENTY-SIXTH WARD, SECTION 13.

MILFORD STREET—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS between Atlantic and Glenmore avenues. Area of assessment: Both sides of Milford street, from Atlantic to Glenmore avenues, and to the extent of half the block at the intersecting avenues.

THIRTEENTH WARD, SECTION 18. **SEVENTY-FOURTH STREET—PAVING**, between Second and Third avenues. Area of assessment: Both sides of Seventy-fourth street, from Second to Third avenue and to the extent of half the block at the intersecting avenues.

—that the same were confirmed by the Board of Revision of Assessments on November 22, 1906, and entered November 22, 1906, in the

Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments interest will be collected thereon as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessments shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays till 12 m., and all payments made thereon on or before January 21, 1907 will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

NOTICE TO PROPERTY OWNERS.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of assessments for OPENING AND ACQUIRING TITLE to the following-named streets in the BOROUGH OF BROOKLYN:

TWENTY-FOURTH WARD, SECTION 5.

PRESIDENT STREET—OPENING. between Bedford avenue and Rogers avenue. Confirmed October 26, 1906; entered November 20, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Rogers avenue, where the same is intersected by a line drawn parallel to the northerly side of President street and distant 100 feet northerly therefrom; running thence westerly and parallel with President street to the easterly side of Bedford avenue; running thence southerly and along the easterly side of Bedford avenue to where a line drawn parallel with the southerly side of President street and distant 100 feet southerly therefrom would intersect the same; running thence easterly and parallel with President street to the westerly side of Rogers avenue; running thence northerly along the westerly side of Rogers avenue to the point or place of beginning.

TWENTY-EIGHTH WARD, SECTION 11.

DECATUR STREET—OPENING. between Hamburg avenue and Brooklyn line. Confirmed October 25, 1906; entered November 20, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly side of Hamburg avenue where the same is intersected by the centre line of the block between Decatur street and Cooper street; running thence northerly and along the centre line of the blocks between Decatur street and Cooper street to the line dividing the boroughs of Queens and Kings; running thence northwesterly and along the line dividing the boroughs of Kings and Queens to the centre line of the blocks between Decatur street and Schaeffer street; running thence southwesterly and along the centre line of the blocks between Decatur street and Schaeffer street to the northerly side of Hamburg avenue; running thence easterly along the northerly side of Hamburg avenue to the point or place of beginning.

THIRTIETH WARD, SECTION 18.

NARROWS AVENUE—OPENING. from Seventy-first street to Shore road. Confirmed March 29, 1906; entered November 20, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Commencing at the intersection of the easterly side of Narrows avenue with the Bay Ridge parkway or shore road; running thence easterly and parallel with the southerly side of Eighty-ninth street to the centre line of the block between Narrows avenue and First avenue; running thence northerly and along the centre line of the blocks between Narrows avenue and First avenue to the southerly side of Bay Ridge avenue; thence westerly along the southerly side of Bay Ridge avenue to the Shore road, and thence southerly along the easterly side of the Bay Ridge parkway or Shore road to the point or place of beginning.

The above entitled assessments were entered on the day hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Such section provides that: "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of 7 per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all

payments made thereon on or before January 17, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of 7 per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ,
Comptroller.

City of New York—Department of Finance,
Comptroller's Office, November 20, 1906.

n22,d6

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND SIXTY-SEVENTH STREET—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSS-WALKS, from Edgecombe avenue to Amsterdam avenue. Area of assessment: Both sides of West One Hundred and Sixty-seventh street, from Amsterdam avenue to Edgecombe avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

TWENTY-SECOND WARD, SECTION 4.

WEST SIXTY-EIGHTH STREET—ALTERATION AND IMPROVEMENT TO SEWER, between West End avenue and Amsterdam avenue. Area of assessment: Both sides of Sixty-eighth street, from West End avenue to Amsterdam avenue; east side of West End avenue and west side of Amsterdam avenue, from Sixty-eighth to Sixty-ninth street.

WEST SIXTY-NINTH STREET—ALTERATION AND IMPROVEMENT TO SEWER, between West End avenue and Amsterdam avenue. Area of assessment: Both sides of Sixty-ninth street, from West End avenue to Amsterdam avenue; east side of West End avenue and west side of Amsterdam avenue, from Sixty-ninth street to a point about 100 feet northerly therefrom.

—that the same were confirmed by the Board of Assessors on November 20, 1906, and entered on November 20, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and all payments made thereon on or before January 19, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ,
Comptroller.

PUBLIC NOTICE IS HEREBY GIVEN that written applications for non-competitive examinations for the following positions on the steam dumpers "Cinderella," "Aschenbroedel" and "Cenerentola," in accordance with the rules of the Municipal Civil Service Commission, will be received at the main office of the Department of Street Cleaning, on the fourteenth floor of Nos. 13 to 21 Park row, Room 1416, on Wednesdays of each week at 2 o'clock p. m., beginning

WEDNESDAY, OCTOBER 24, 1906.

3 Masters.
3 Mates.
6 Marine Engineers.
12 Deckhands.
12 Firemen.

M. CRAVEN,
Commissioner.

027

ASHES, ETC., FOR FILLING IN LANDS.

PERSONS HAVING LANDS OR PLACES in the vicinity of New York Bay to fill in can procure material for that purpose—ashes, street sweepings, etc., collected by the Department of Street Cleaning—free of charge by applying to the Commissioner of Street Cleaning, Nos. 13 to 21 Park row, Borough of Manhattan.

MACDONOUGH CRAVEN,
Commissioner of Street Cleaning.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, ROOM 1536, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES FOR THE below named work and materials will be received at the office of the Department of Water Supply, Gas and Electricity, Room 1536, Nos. 13 to 21 Park row, Borough of Manhattan, in the City of New York, until 2 o'clock p. m. on

WEDNESDAY, DECEMBER 5, 1906.

Borough of Brooklyn.

No. 1. FOR FURNISHING AND DELIVERING WROUGHT IRON OR WROUGHT STEEL PIPE AND PIPE FITTINGS.

The time allowed for the delivery of the supplies and the performance of the contract is ninety (90) calendar days.

The amount of security shall be fifty (50) per cent of the amount of the bid or estimate.

Bids will be received on any or all classes, but in bidding on any particular class the bidder must state a price for each and every item in that class, per linear foot or other unit of measurement, by which the bids will be tested.

The bids will be compared and awards made to the lowest bidder on each class.

All goods must be delivered, as directed, at the places stated in the specifications. The weight, measure, etc., will be allowed as received at the places of delivery.

Delivery will be required to be made from time to time and in such quantities and places as may be directed by the Commissioner.

Blank forms may be obtained at the office of the Department of Water Supply, Gas and Electricity, the Borough of Manhattan, Nos. 13 to 21 Park row, and at Rooms 25 and 28, Municipal Building, Borough of Brooklyn.

JOHN H. O'BRIEN,
Commissioner.

Dated November 19, 1906.

BOARD OF WATER SUPPLY.

OFFICE OF THE BOARD OF WATER SUPPLY, NO. 299 BROADWAY, NEW YORK, November 5, 1906.

TO CONTRACTORS.

CONSTRUCTING PORTIONS OF THE PEEKSKILL DIVISION OF THE CATSKILL AQUEDUCT.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply at the above offices until 2 p. m. on

TUESDAY, DECEMBER 4, 1906.

FOR THE CONSTRUCTION OF PORTIONS OF THE PEEKSKILL DIVISION OF THE CATSKILL AQUEDUCT, BETWEEN HUNTER'S BROOK AND FOUNDRY BROOK VALLEYS, IN THE TOWNS OF CORTLANDT AND YORKTOWN, WESTCHESTER COUNTY, AND PHILLIPSTOWN, PUTNAM COUNTY, NEW YORK.

At the above place and hour the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable.

This work is authorized by chapter 724, Laws of 1905, of the State of New York.

The principal items in the Engineer's estimate of the work are as follows:

1,061,000 cubic yards of excavation in open cut.

661,000 cubic yards of refilling and embankment.

131,000 cubic yards of excavation and replacing of top soil for surface dressing.

167,000 cubic yards of excavation in tunnels.

211,000 cubic yards of concrete masonry for aqueduct in open cut.

45,000 cubic yards of concrete masonry in tunnel.

340,000 barrels of Portland cement.

300,000 pounds of steel for reinforcing concrete.

76,000 linear feet of stone boundary walls.

60,000 linear feet of fences and guard rails.

The bond required for faithful performance of the contract will be Five Hundred Thousand Dollars (\$500,000). No bid will be received or considered unless accompanied by either a certified check upon a national or State bank in the City of New York, drawn to the order of the Comptroller, or money to the amount of Seventy-five Thousand Dollars (\$75,000).

Time allowed for the completion of the work is 48 months after signing of contract.

Copies of a pamphlet containing further information for bidders, form of proposal, forms of contract and bond, approved by the Corporation Counsel, specifications and drawings can be obtained at the office of the Board of Water Supply on application in person or by mail.

BOARD OF ASSESSORS.

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

BOROUGH OF BROOKLYN.

List 9012, No. 1. Sewer basins at the north-east and northwest corners of Linden and Rogers avenues.

List 9021, No. 2. Laying cement sidewalks on the east side of Howard avenue, between Dean and Bergen streets; between St. Mark's avenue and Prospect place; between Prospect and Park places; between Bergen street and St. Mark's avenue; between Park and Sterling places; between Sterling and St. John's places, and on the west side of Howard avenue, between Atlantic avenue and Pacific street; between Pacific and Dean streets; between Dean and Bergen streets; between Bergen street and St. Mark's avenue; between Prospect and Park places; between Sterling and St. John's places, and between Park and Sterling places.

List 9025, No. 3. Fencing vacant lots on the north side of Thirty-second street, between Fourth and Fifth avenues; on the north side of Fifty-sixth street, between Third and Fourth avenues; on the northeast corner of Glenmore avenue and Hendrix street; southeast side of Bleecker street, between Irving avenue and Wyckoff avenue; northeast side of Irving avenue, between Bleecker street and Ralph street; west side of Seventh avenue, between Nineteenth and Twentieth streets; north side and south side of Prospect place, between Underhill avenue and Washington avenue; south side of Thirteenth street, between Seventh and Eighth avenues; north side of Cook street, between Morrell street and Bushwick avenue; northeast side of South Fifth street, between Bedford and Driggs avenues; northwest side of Driggs avenue, between South Fourth and South Fifth streets, and south side of Huntington street, between Hamilton avenue and Henry street.

List 9029, No. 4. Sewer in Degraw street, between Franklin and Bedford avenues.

List 9030, No. 5. Reconstructing sewer in Stanhope street, between Knickerbocker avenue and Irving avenue.

List 9031, No. 6. Sewer in Second avenue, between Bay Ridge avenue and Sixty-eighth street.

List 9032, No. 7. Sewer in Seventy-third street, between Narrows avenue and First avenue.

List 9033, No. 8. Sewer basin at the northwest corner of Greenpoint avenue and Provost street.

List 9034, No. 9. Sewer basin on the east corner of Sixtieth street and Fourth avenue.

List 9035, No. 10. Sewer basin at the southwest corner of Barbey street and Arlington avenue.

List 9036, No. 11. Sewer basin at the north-east corner of Fourth avenue and Butler street.

List 9037, No. 12. Sewer basins at the north-east and northwest corners of Norwood avenue and Etna street.

List 9038, No. 13. Sewer basins at the north-east and southeast corners of Thirtieth street and Fourth avenue, and at the southeast corner of Thirty-fourth street and Fourth avenue.

List 9039, No. 14. Sewer basin at the southwest corner of Wyona street and Belmont avenue.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Rogers avenue, from Linden avenue to Lenox road; north side of Linden avenue, extending about 240 feet east of Rogers avenue; south side of Lenox road, extending about 272 feet east of Rogers avenue.

No. 2. Both sides of Howard avenue, from Bergen street to Dean street; west side of Howard avenue, from Dean street to Atlantic avenue; east side of Howard avenue, from Prospect place to St. Mark's avenue; both sides of Howard avenue, between St. Mark's avenue and Bergen street; both sides of Howard avenue, between St. John's place and Prospect place.

No. 3. North side of Thirty-second street, between Fourth and Fifth avenues, on Block 677, Lot No. 64; north side of Fifty-sixth street, between Third and Fourth avenues, on Block 830, Lot No. 58; northeast corner of Glenmore ave-

nue and Hendrix street, Block 3979, Lots Nos. 35 to 38, inclusive; southeast corner of Bercey street and Irving avenue, on Block 3319, Lots Nos. 9 and 10; west side of Seventh avenue, between Nineteenth and Twentieth streets, on Block 886, Lot No. 45; both sides of Prospect place, between Underhill avenue and Washington avenue, on Block 1153, Lot No. 54; Lots Nos. 15 and 19 of Block 1160; south side of Thirtieth street, between Seventh and Eighth avenues, on Block 1100, Lot No. 14; north side of Cook street, between Morrell street and Bushwick avenue, on Block 3116, Lot No. 34; north side of South Fifth street, from Driggs avenue to Bedford avenue, on Block 2444, Lots Nos. 29 to 39, inclusive; south side of Huntington street, between Henry street and Hamilton avenue, on Block 536, Lots Nos. 12 to 17, inclusive.

No. 4. Both sides of Degraw street, from Franklin avenue to Bedford avenue.

No. 5. Both sides of Stanhope street, from Knickerbocker avenue to Irving avenue.

No. 6. Both sides of Second avenue, from Bay Ridge avenue to Sixty-eighth street.

No. 7. Both sides of Seventy-third street, from Narrows avenue to First avenue.

No. 8. West side of Provost street, from Kent street to Greenpoint avenue.

No. 9. North side of Sixtieth street, from Fourth to Fifth avenue; west side of Fifth avenue, from Fifty-ninth to Sixtieth street.

No. 10. South side of Arlington avenue, from Schenck avenue to Barbey street; west side of Barbey street, extending about 167 feet south of Arlington avenue.

No. 11. North side of Butler street, from Fourth to Fifth avenue; east side of Fourth avenue, from Baltic street to Butler street; west side of Fifth avenue, extending about 100 feet northeast of Butler street.

No. 12. Block bounded by Hale avenue, Norwood avenue, Etna street and Jamaica avenue; also east side of Norwood avenue, from Etna street to Jamaica avenue, and south side of Jamaica avenue, extending about 211 feet east of Norwood avenue, and north side of Etna street, extending about 111 feet east of Norwood avenue.

No. 13. Both sides of Thirtieth street, from Fourth to Fifth avenue; east side of Fourth avenue and west side of Fifth avenue, from Twenty-ninth to Thirtieth street; south side of Thirtieth street, from Fourth to Fifth avenue; east side of Fourth avenue, from Thirtieth to Thirty-sixth street; both sides of Thirtieth street, between Fourth and Fifth avenues, and west side of Fifth avenue, between Thirtieth and Thirty-sixth streets.

No. 14. West side of Wyona street, from Sutter avenue to Belmont avenue; north side of Sutter avenue and south side of Belmont avenue, from Vermont street to Wyona street.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before January 2, 1907, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

ANTONIO ZUCCA,
PAUL WEIMANN,
JAMES H. KENNEDY,
Board of Assessors.

WILLIAM H. JASPER,
Secretary,
No. 320 Broadway,
City of New York, Borough of Manhattan,
November 28, 1906.

n28,d10

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

BOROUGH OF MANHATTAN.

List 8899, No. 1. Paving Broadway (excluding the area between the tracks of the Metropolitan Street Railway Company), north from Dyckman street to the Spuyten Duyvil Creek, with asphalt blocks, curbing and recubing.

List 8979, No. 2. Sewer in One Hundred and Fifty-sixth street, between Boulevard Lafayette and Riverside drive.

List 8968, No. 3. Sewer and appurtenances in St. Nicholas avenue, west side, between One Hundred and Eighty-first and One Hundred and Eighty-third streets.

List 8944, No. 4. Paving with asphalt pavement, curbing and recubing Kingsbridge avenue, between Terrace View avenue South and Van Corlear place.

List 8996, No. 5. Regulating and paving Kingsbridge avenue, between Van Corlear and Wicker places.

List 8997, No. 6. Paving, curbing and recubing Kingsbridge avenue, from Terrace View avenue North southerly to Wicker place.

List 9011, No. 7. Laying crosswalks on One Hundred and Sixty-fifth street, at the west side of Broadway.

List 9016, No. 8. Paving West One Hundred and Forty-third street, from Lenox to Seventh avenue, with sheet asphalt, curbing and recubing.

BOROUGH OF THE BRONX.

List 8744, No. 9. Regulating, grading, curbing, flagging and laying crosswalks in East One Hundred and Sixty-fifth street, from Jerome avenue to the approach to the Grand Boulevard and Concourse, and from the approach to the Grand Boulevard and Concourse to Webster avenue, together with a list of awards for damages caused by a change of grade.

List 8760, No. 10. Regulating, grading, curbing, flagging and laying crosswalks in Ryer avenue, from Burnside avenue to East One Hundred and Eighty-third street, together with a list of awards for damages caused by a change of grade.

List 8987, No. 11. Receiving basins and appurtenances at the northeast, southeast and northwest corners of River avenue and East One Hundred and Fiftieth street.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Broadway, from Dyckman street to the Harlem River Ship Canal, and to the extent of half the block at the intersecting and terminating streets.

No. 2. Both sides of One Hundred and Fifty-sixth street, from Broadway to Riverside Drive.

No. 3. West side of St. Nicholas avenue, from One Hundred and Eighty-first to One Hundred and Eighty-third street.

No. 4. View Avenue South to Van Corlear place, and to the extent of half the block at the intersecting streets.

No. 5. Both sides of Kingsbridge avenue, from Van Corlear place to Wicker place, and to the extent of half the block at the intersecting and terminating streets and avenues.

No. 6. Both sides of Kingsbridge avenue, from Terrace View Avenue North to Wicker place, and to the extent of half the block at the intersecting and terminating streets.

No. 7. Both sides of One Hundred and Sixty-fifth street, from Fort Washington avenue to Broadway.

No. 8. Both sides of One Hundred and Forty-third street, from Lenox to Seventh avenue and to the extent of half the block at the intersecting streets and avenues.

No. 9. Both sides of One Hundred and Sixty-fifth street, from Jerome avenue to Walton avenue, and from Sherman avenue to Webster avenue, and to the extent of half the block at the intersecting streets and avenues.

No. 10. Both sides of Ryer avenue, from Burnside avenue to East One Hundred and Eighty-third street, and to the extent of half the block at the intersecting streets and avenues.

No. 11. Block bounded by One Hundred and Forty-ninth and One Hundred and Fiftieth streets, River and Gerard avenues, and block bounded by One Hundred and Fiftieth and One Hundred and Fifty-first streets, Cromwell and Gerard avenues.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before December 26, 1906, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

See General Instructions to Bidders on the last page, last column, of the "City Record."

BOROUGH OF RICHMOND.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Richmond at the above office until 12 o'clock m. on

THURSDAY, DECEMBER 27, 1906.

Borough of Richmond.

No. 1. FOR FURNISHING PLANS FOR THE FOUNDATIONS, BUILDING, RUNWAY, CONNECTING FLUES AND CHIMNEY OF A REFUSE DESTRUCTOR TO BE BUILT AT WEST NEW BRIGHTON, IN ADDITION TO FURNISHING ALL PLANS, SPECIFICATIONS, SUPERVISION, LABOR, MATERIALS AND APPURTENANCES NECESSARY FOR THE ERECTION AND COMPLETION OF THE FURNACE AND STEAM BOILER PORTION OF THE PROPOSED WEST NEW BRIGHTON DESTRUCTOR AT WEST NEW BRIGHTON, BOROUGH OF RICHMOND, THE CITY OF NEW YORK, U. S. A.

The time of delivery shall not be later than June 30, 1907, except under the following conditions:

First—Delivery must be made not more than 30 days after the receipt of copy, if required by the Supervisor.

Second—Where revised copy is required by the character of the sample, all work shall be completed within 30 days after such revised copy is received from the department by the contractor.

The amount of security shall be twenty-five per cent. of the amount of the bid.

The bidder must state the price for each item and the total price of each schedule. The bids will be tested and the award made as a whole to the bidder whose aggregate bid is the lowest for the entire contract; but the Board of City Record may, in its discretion, award the contract by schedule.

Bidders will write out the total amount of their estimates in addition to inserting the same in figures.

The said Board reserves the right to reject all bids or estimates if it deems it to be for the interest of the City so to do.

Delivery will be required to be made at the office of the City Record from time to time and in such quantities as may be directed by the Supervisor of the City Record.

The specifications require an incinerator or destructor capable of burning in a sanitary and economical manner sixty (60) tons per 24 hours of mixed refuse containing ashes, garbage and rubbish.

The destructor portion of the installation shall be erected complete by the contractor, including furnace, steam boiler, forced draught apparatus, etc.

No experimental or untried installations will be considered.

The time for the completion of the work and the full performance of the contract is 90 days.

The amount of security required is 50 per cent. of the bid or estimate.

Contract for the building based on such plans as may be selected will be subsequently made.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said President.

The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, St. George, New Brighton, The City of New York.

GEORGE CROMWELL,
President.

The City of New York, November 16, 1906.

n20,d27

See General Instructions to Bidders on the last page, last column, of the "City Record."

BOARD OF CITY RECORD.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Supervisor of the City Record, Room 807, Park Row Building, Nos. 13 to 21 Park Row, in The City of New York, until 11 o'clock a. m., on

THURSDAY, DECEMBER 13, 1906.

FOR SUPPLYING PRINTED, LITHOGRAPHED OR BLANK BOOKS, DOCKETS, LIBERS, BINDING COVERS, BINDING, ETC., FOR THE USE OF THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK DURING THE YEAR 1907.

The time of delivery of the materials and supplies and the performance of the contract shall not be later than June 30, 1907. The Supervisor, however, may require delivery at an earlier date of any item or items on this contract by notice to the contractor, whereupon the item or items called for must be delivered not later than thirty days after said notice.

The amount of security shall be twenty-five per cent. of the amount of the bid.

The person or persons making an estimate shall furnish the same in a sealed envelope indorsed with the title given above, of the work for which the estimate is made, with his or their name or names and the date of presentation to the Supervisor of the City Record, at the said office, on or before the date and hour above named, at which time and in the office of the Mayor the estimates received will be publicly opened by the Board of City Record and read, and the award of the contract made according to law as soon thereafter as practicable.

The bidder must state the item price for each item and the total price of each Department, Bureau or Court schedule. The bids will be tested and the award made by the schedule.

Bidders will write out the total amount of their estimates in addition to inserting the same in figures.

The said Board reserves the right to reject all bids or estimates if it deems it to be for the interest of the City so to do.

Delivery will be required to be made at the office of the City Record from time to time and in such quantities as may be directed by the Supervisor of the City Record.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work, reference must be made to the specifications, to be had at the office of the Supervisor and on file in the office of the Comptroller.

GEORGE B. McCLELLAN,
Mayor;
WILLIAM B. ELLISON,
Corporation Counsel;
HERMAN A. METZ,
Comptroller;
Board of City Record.

The City of New York, December 1, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Supervisor of the City Record, Room 807, Park Row Building, Nos. 13 to 21 Park Row, in The City of New York, until 11 o'clock a. m., on

TUESDAY, DECEMBER 4, 1906.

FOR SUPPLYING PRINTED, LITHOGRAPHED OR STAMPED FORMS, PAMPHLETS, PRINTED BLANKS AND STATIONERY, INCLUDING LETTER AND WRITING PAPER AND ENVELOPES, WITH PRINTED HEADINGS OR INDORSEMENTS, ETC., FOR THE USE OF THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK DURING THE YEAR 1907.

The time of delivery shall not be later than June 30, 1907, except under the following conditions:

First—Delivery must be made not more than 30 days after the receipt of copy, if required by the Supervisor.

Second—Where revised copy is required by the character of the sample, all work shall be completed within 30 days after such revised copy is received from the department by the contractor.

The amount of security shall be twenty-five per cent. of the amount of the bid.

The bidder must state the price for each item and the total price of each schedule. The bids will be tested and the award made as a whole to the bidder whose aggregate bid is the lowest for the entire contract; but the Board of City Record may, in its discretion, award the contract by schedule.

Bidders will write out the total amount of their estimates in addition to inserting the same in figures.

The said Board reserves the right to reject all bids or estimates if it deems it to be for the interest of the City so to do.

Delivery will be required to be made at the office of the City Record from time to time and in such quantities as may be directed by the Supervisor of the City Record.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work, reference must be made to the specifications, to be had at the office of the Supervisor and on file in the office of the Comptroller.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Board of City Record, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the City Record, where further information can be obtained.

GEORGE B. McCLELLAN,
Mayor;
WILLIAM B. ELLISON,
Corporation Counsel;
HERMAN A. METZ,
Comptroller;
Board of City Record.

New York, November 20, 1906.

BROOKLYN DISCIPLINARY TRAINING SCHOOL.

BOARD OF MANAGERS OF THE BROOKLYN DISCIPLINARY TRAINING SCHOOL FOR BOYS (CENTRAL OFFICE), NOS. 4 AND 5 COURT SQUARE, BOROUGH OF BROOKLYN, NEW YORK CITY.

TO CONTRACTORS.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Supplies Committee of the Board of Managers of the Brooklyn Disciplinary Training School for Boys at the above office until 12 o'clock m. on

WEDNESDAY, DECEMBER 12, 1906.

FOR FURNISHING AND DELIVERING GROCERIES, VEGETABLES, MEATS, FISH, BREAD, ROLLS AND PIE, MILK AND CREAM, ICE, DRY GOODS AND CLOTH, AND TAILOR-SHOP SUPPLIES, HARDWARE, LEATHER AND SHOE-SHOP SUPPLIES, LUMBER, ENGINEER'S SUPPLIES, DRUGS, ETC., EDUCATIONAL AND SCHOOL SUPPLIES, PAINTS, OILS, ETC., HAY GRAIN AND FEED.

The time for the performance of the contract is during the year 1907.

The amount of security required is fifty (50) per cent. of the amount of the bid or estimate.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms may be obtained at the office of the Board of Managers, Nos. 4 and 5 Court square, Borough of Brooklyn.

The bidder will state the price of each item contained in the specifications herein contained or hereto annexed, by which the bids will be tested. The extensions of each class must be made and footed up, as the bids will be read from the total footings and awards made to the lowest bidder on each item, as specified in schedule or annexed specifications.

MORRIS ADLER,
President, Board of Managers.

EPHRAIM BYK,
Secretary pro Tem., Board of Managers.

790 linear feet of concrete sewer, double section, 9 feet by 8 feet each.

542 linear feet of concrete sewer, double section, 8 feet 6 inches by 8 feet, each.

273 linear feet of concrete sewer, double section, 8 feet 3 inches by 8 feet each.

796 linear feet of concrete sewer, double section, 8 feet by 8 feet each.

263 linear feet of concrete sewer, 12 feet by 8 feet.

270 linear feet of concrete sewer, 11 feet 9 inches by 8 feet.

267 linear feet of concrete sewer, 10 feet 9 inches by 8 feet.

263 linear feet of concrete sewer, 9 feet 6 inches by 8 feet.

271 linear feet of concrete sewer, 9 feet by 8 feet (flat roof).

7 linear feet of concrete sewer, 32 inches by 44 inches.
12 linear feet of concrete sewer, 3 feet 6 inches diameter.
152 linear feet of concrete sewer, 2 feet 9 inches diameter.
400 linear feet of pipe sewer, 30-inch.
30 linear feet of pipe sewer, 24-inch.
10 linear feet of pipe sewer, 20-inch.
15 linear feet of pipe sewer, 18-inch.
6 linear feet of pipe sewer, 15-inch.
30 linear feet of pipe sewer, 12-inch.

Note—Items 1 to 24, inclusive, include the furnishing and placing of all materials entering into the construction thereof, as shown by the standard and typical sections of the same on the plan.

Items 1 to 12, inclusive, also include the construction of all manholes on the line thereof.
32,100 cubic yards of excavation of all kinds.
6 manholes, complete.
812 spurs for house connections.
50 cubic yards of Class "A" concrete, in place, additional to that shown on the plan.
5,000 cubic yards of Class "B" concrete, in place.

211,300 pounds of 5/8-inch steel bars, furnished and in place, in foundations.
200 pounds of steel bars, 1/4-inch to 1 1/4-inch, furnished and in place, additional to those shown on the plan.
650 cubic yards of broken stone for foundations, in place.

470,000 feet, B. M., of timber for foundations, furnished and laid, and sheeting, furnished and left in place.
172,000 linear feet of piles below cut-off, furnished, driven and cut off, and shod when required.

30 cubic yards of brickwork, in place.
260 linear feet of drain pipe, 12-inch to 24-inch, furnished and laid.

The time allowed for the completion of the work is 600 working days.
The amount of security required will be One Hundred and Seventy-five Thousand Dollars.

No. 3. FOR THE REBUILDING OF THE TRUNK SEWER IN PARK AVENUE, SOUTH OF EAST ONE HUNDRED AND FIFTY-THIRD STREET.

The Engineer's estimate of the work is as follows:

5,900 cubic yards of excavation of all kinds.
230 cubic yards of brickwork in place.
95 cubic yards of Class "A" concrete in place.

13 spurs for house connections.
2 manholes, complete.

117,000 feet, B. M., of timber furnished and placed and left in work.
150 linear feet of 6-inch pipe, as risers for house connections, including surrounding concrete, as shown on plan.

20 linear feet of 12-inch drain pipe furnished and laid.

The time allowed for the completion of the work will be 200 working days.
The amount of security required will be Ten Thousand Five Hundred Dollars.

No. 4. FOR CONSTRUCTING A SEWER AND APPURTENANCES IN ALBANY ROAD BETWEEN WEST TWO HUNDRED AND THIRTY-THIRD STREET AND WEST TWO HUNDRED AND THIRTY-FIRST STREET, IN BAILEY AVENUE, FROM WEST TWO HUNDRED AND THIRTY-THIRD STREET TO THE SUMMIT SOUTHERLY THEREFROM, AND IN WEST TWO HUNDRED AND THIRTY-FIRST STREET, BETWEEN BROADWAY AND BAILEY AVENUE.

The Engineer's estimate of the work is as follows:

391 linear feet of pipe sewer, 18-inch.
386 linear feet of pipe sewer, 15-inch.
970 linear feet of pipe sewer, 12-inch.
232 spurs for house connections, over and above the cost per linear foot of sewer.

19 manholes, complete.

1 receiving basin, complete.

100 cubic yards of rock to be excavated and removed.

15 cubic yards of Class "B" concrete, in place, additional to that shown on the plan.

190 cubic yards of rubble masonry in mortar, for foundations, in place.

10,000 feet, B. M., of timber for foundations, furnished and laid, and sheeting furnished and left in place.

25 linear feet of 12-inch drain pipe, furnished and laid.

The time allowed for the completion of the work will be 180 working days.

The amount of security required will be Four Thousand Five Hundred Dollars.

No. 5. FOR CONSTRUCTING A SEWER AND APPURTENANCES IN PERRY AVENUE, BETWEEN EAST TWO HUNDRED AND FIRST STREET AND EAST TWO HUNDREDTH STREET.

The Engineer's estimate of the work is as follows:

416 linear feet of pipe sewer, 12-inch.

58 spurs for house connections, over and above the cost per linear foot of sewer.

4 manholes, complete.

675 cubic yards of rock to be excavated and removed.

3 cubic yards of Class "B" concrete in place, additional to that shown on the plan.

1,000 feet (B. M.) of timber for foundations, furnished and laid, and sheeting furnished and left in place.

10 linear feet of 12-inch drain pipe, furnished and laid.

The time allowed for the completion of the work will be 75 working days.

The amount of security required will be One Thousand Eight Hundred Dollars.

No. 6. FOR CONSTRUCTING A SEWER AND APPURTENANCES IN SHAKESPEARE AVENUE, FROM BOSCOBEL AVENUE TO FEATHERBED LANE.

The Engineer's estimate of the work is as follows:

110 linear feet of pipe sewer, 18-inch.

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF EDUCATION.

DEPARTMENT OF EDUCATION, SOUTHWEST CORNER OF PARK AVENUE AND FIFTY-NINTH STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Superintendent of School Buildings at the above office of the Department of Education until 11 o'clock a. m. on

MONDAY, DECEMBER 10, 1906.

Borough of Manhattan.

No. 1. FOR MANUAL TRAINING EQUIPMENT IN STUYVESANT HIGH SCHOOL, ON FIFTEENTH AND SIXTEENTH STREETS, ABOUT 80 FEET WEST OF FIRST AVENUE, BOROUGH OF MANHATTAN.

The time allowed to complete the whole work will be 90 working days, as provided in the contract.

The amount of security required in each case will be fifty per cent. (50%) of the total aggregate cost of item or items awarded to the contractor where such aggregate equals or exceeds one thousand dollars (\$1,000). For awards whose aggregate cost in each case is less than one thousand dollars (\$1,000) no contract will be entered into and no bond or sureties will be required. Such awards will be made by written order.

(a) Each item must be bid upon as separate and distinct from any other item.

(b) A person submitting a proposal may enter upon one bid blank two or more items, as he may see fit, but each item must be bid upon as required in (a).

(c) Should a person who had submitted a proposal for each item separately, including them all, desire to supply all the materials and perform all of the work, Items 1 to 44, inclusive, at a less price than the sum total of the bids for each item of his bid, such a proposal may be entered thereon, and not otherwise, as an alternate under the heading: LUMP SUM BID FOR ALL OF THE MATERIALS AND LABOR AS REQUIRED BY ITEMS 1 TO 44, INCLUSIVE, but the Committee will not make such award unless paragraph (a) has been strictly complied with, and the lump sum so bid is lower than the total sum of the lowest amount bid for each item.

(d) In the event of award being made as provided in (c) the amount of security required will be Thirty Thousand Dollars (\$30,000).

On Contract No. 1 the bidders must state the price of each or any article or item contained in the specifications or schedules herein contained or hereto annexed, by which the bids will be tested.

Extensions must be made and footed up, as the bids will be read from the total of each item, and award made to the lowest bidder on each item.

Delivery will be required to be made at the time and manner and in such quantities as may be directed.

Blank forms, plans and specifications may be obtained or seen at the office of the Superintendent at Estimating Room, ninth floor, Hall of the Board of Education, Park avenue and Fifty-ninth street, Borough of Manhattan.

C. B. J. SNYDER,

Superintendent of School Buildings.

Dated November 26, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF EDUCATION, CORNER OF PARK AVENUE AND FIFTY-NINTH STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Superintendent of School Buildings at the above office of the Department of Education until 11 o'clock a. m. on

MONDAY, DECEMBER 10, 1906.

Borough of Manhattan.

No. 2. SALE OF USED AND DISCARDED FURNITURE, BUILDING MATERIALS, ETC.

The articles to be sold are now on storage at No. 426 East One Hundred and Tenth street, Borough of Manhattan, where they may be seen, and are marked as intended for sale.

The removal of said articles from the premises where they are now stored must be made within ten (10) working days from the opening of bids.

The amount of security required is One Hundred Dollars (\$100).

The following is a list of the articles to be sold:

Lots Nos. 1, 2, 3, 4 and 5, assortment of broken desks and chairs.

Lot No. 6, 54 modeling desks.

Lot No. 7, gymnasium apparatus, old lumber, etc.

Lot No. 8, 3 book closets.

Lot No. 9, 3 tables and 4 desks.

Lot No. 10, 12 small desks.

Lot No. 11, 13 lockers, 1 closet base and 4 desks.

Lot No. 12, 12 wire screens.

Lot No. 13, various pairs of filing boxes.

Lot No. 14, 14 crates of sash adjusters.

Lot No. 15, 67 fast top desks.

Lots Nos. 16 and 17, 141 three-seated desks.

Lot No. 18, 9 settees.

Lot No. 19, 8 biology tables.

Lot No. 20, 2 swings.

Lot No. 21, 36 three-seated desks.

Lot No. 22, 4 screens.

Lot No. 23, 106 desks on street.

Lot No. 24, 20 pieces of slate.

Lot No. 25, 64 pedestal chairs and box top desks, 1 water filter, 1 gas range, 17 pieces of pine partition, 1 rolling shutter, 36 glass rolling doors.

Lot No. 27, 16 large rolling doors and sash.

Cash payment must be made at the time and place of sale by the successful bidder, in addition to submitting the bond heretofore set forth, in the sum of one hundred dollars.

Should the successful bidder fail to remove the goods or articles within ten days, the said bidder will be considered as having forfeited ownership of said articles and the money paid therefor and the said articles will be resold for the benefit of the City. In the event of the successful bidder failing to remove the articles within the time limited, the security above mentioned will be considered as forfeited, and will be retained by The City of New York.

C. B. J. SNYDER,

Superintendent of School Buildings.

German—"Staats-Zeitung."

Designated by the Board of City Record, January 22, 1906. Amended March 1, 1906, and November 20, 1906.

DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, NEW YORK, November 30, 1906.

THE COMMISSIONER ON NOVEMBER 16, 1906, fixed the rate of wharfage for coal hoists on scows, of floats with coal hopper, etc., at \$1 per day, the new rate taking effect November 17, 1906.

This change does not affect the present charge for coal hoists occupying permanent berths under permits.

J. W. SAVAGE,

Secretary.

d3,13

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, NEW YORK.

ON NOVEMBER 21, 1906, THE COMMISSIONER issued the following order, fixing the rates of wharfage for coal boats:

"It is hereby ordered that, beginning December 1, 1906, the rate of wharfage on coal boats engaged in transporting coal in the harbor shall be fixed at 50 cents for boats 110 feet and under in length, and all boats over 110 feet in length the rate shall be one cent per running foot; said rates to apply to all coal boats whether light or loaded. This change to take effect December 1, 1906.

"All actions heretofore taken fixing the rates of wharfage for coal boats engaged in harbor transportation, inconsistent with above rates, are rescinded and annulled."

J. W. SAVAGE,

Secretary.

n30,d11

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, NEW YORK, March 31, 1904.

THE COMMISSIONER HAS FIXED THE amounts of bonds required on contracts awarded by this Department, as follows:

On all contracts for supplies, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is not over \$200,000, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$200,000, but not over \$1,000,000, 25 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$1,000,000, 20 per cent. of the estimated cost.

JOSEPH W. SAVAGE,

Secretary.

POLICE DEPARTMENT.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, No. 300 MULBERRY STREET.

SEALED BIDS OR ESTIMATES WILL BE received by the Police Commissioner of the Police Department of The City of New York at the above office until 10 o'clock a. m. on

MONDAY, DECEMBER 17, 1906.

FOR FURNISHING ALL THE LABOR AND ERECTING ALL THE MATERIALS NECESSARY TO BUILD AND COMPLETE THE NEW STATION-HOUSE, PRISON AND STABLE FOR THE NINETEENTH PRECINCT, ON THE GROUND AND PREMISES IN THE CITY OF NEW YORK ON THE SOUTH SIDE OF WEST THIRTIETH STREET, 263 FEET EASTERLY FROM SEVENTH AVENUE, BOROUGH OF MANHATTAN.

The time allowed for making and completing the entire work will be two hundred and forty (240) days.

The surety required will be fifty thousand dollars (\$50,000).

Bidders are particularly requested to examine the plans, specifications and location of the work before bidding, and they are expressly notified that no deviation from the specifications will be allowed, unless the same has been previously authorized by a written permission therefor obtained from the Police Commissioner.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the specifications and lists of materials, supplies and apparatus

to be furnished, and to the plans on file at the office of R. Thomas Short, Architect, Nos. 3 and 5 West Twenty-ninth street, Borough of Manhattan, where blank forms for making bids or estimates may be obtained.

The bidder shall state one aggregate price for the whole work described and specified, as the contract is entire and for a complete job.

Bidders will write out the total amount of their estimates in addition to inserting the same in figures.

Dated December 3, 1906.

THEODORE A. BINGHAM,

Police Commissioner.

MUNICIPAL CIVIL SERVICE COMMISSION.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK CITY, November 30, 1906.

PUBLIC NOTICE IS HEREBY GIVEN OF the proposed amendment of the classification of positions in the Labor Class, Part II, by including therein the following title:

NICKEL-PLATER, FIRE DEPARTMENT.

A public hearing will be held on the proposed amendment, according to the provisions of Rule III, at the Commission's offices, No. 299 Broadway, New York City, on Wednesday morning, December 5, 1906, at 1

close. Applications will be received for only such examinations as are scheduled. When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

WILLIAM F. BAKER,

President;
R. ROSS APPLETON,
ALFRED J. TALLEY,
Commissioners.

FRANK A. SPENCER,
Secretary.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Bridges at the above office until 2 o'clock p. m. on

THURSDAY, DECEMBER 13, 1906.

FOR CONSTRUCTING THE FOUNDATIONS, ABUTMENT CORE AND METAL WORK OF THE STEEL VIADUCT OF THE QUEENS APPROACH OF THE BLACKWELL'S ISLAND BRIDGE OVER THE EAST RIVER, BETWEEN THE BOROUGH OF MANHATTAN AND QUEENS.

The contractor will be required to begin work on this contract within ten days after receipt of instructions from the Commissioner of Bridges to begin, and shall complete the entire work to the satisfaction of the Commissioner and the Engineer, and in accordance with the plans and specifications, within twelve consecutive calendar months after date of notification by the Commissioner to begin work.

The amount of security to guarantee the faithful performance of the work under this contract will be Two Hundred Thousand Dollars (\$200,000).

The right is reserved by the Commissioner to reject all the bids should he deem it to be to the interest of the City so to do.

Blank forms, plans and specifications may be obtained at the office of the Department of Bridges.

J. W. STEVENSON,

Commissioner of Bridges.

Dated November 27, 1906.

DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION, No. 148 EAST TWENTIETH STREET, BOROUGH OF MANHATTAN.

TO BE SOLD AT PUBLIC AUCTION.

WEDNESDAY, DECEMBER 12, 1906

at 11 a. m., at the Kings County Penitentiary, No. 245 Crown street,

Borough of Brooklyn.

About 6,000 yards broken stone, now at the Kings County Penitentiary, No. 245 Crown street, Borough of Brooklyn.

About 200 yards cobblestone. All quantities to be "more or less." All quantities to be "as are." All the above to be received by the purchaser at the Kings County Penitentiary, and removed therefrom immediately upon being notified that same are ready for de-

livery. All loading will be done by the Department.

All stone must be removed by January 15, 1907.

The successful bidder will be required to pay twenty-five per cent. in cash or certified check, of the estimated amount of his purchase to me at the time and place of sale, and the balance to the Warden at the Kings County Penitentiary, in cash or certified check on a New York City bank, upon delivery of the goods.

The Commissioner reserves the right to order resale of any goods that shall not have been removed by the purchaser within ten days after he shall have been notified that they are ready, and in case of such resale to forfeit to the use of the Department of Correction the twenty-five per cent. paid in at the time and place of sale. Goods can be examined at the Kings County Penitentiary by intending bidders on any weekday before the day of sale.

JOHN V. COGGEY,

Commissioner.

OFFICE OF THE DEPARTMENT OF CORRECTION, No. 148 EAST TWENTIETH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Correction at the above office until 11 o'clock a. m. on

THURSDAY, DECEMBER 6, 1906.

Borough of Manhattan.

No. 1. FOR FURNISHING AND DELIVERING HARDWARE, PAINTS, IRON, STEAM FITTINGS, LUMBER AND MISCELLANEOUS ARTICLES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before ten days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the totals, and awards made to the lowest bidder on each item. The bids on lumber will be compared and the contract awarded at a lump or aggregate sum.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Department of Correction, the Borough of Manhattan, No. 148 East Twentieth street.

JOHN V. COGGEY,

Commissioner.

Dated November 22, 1906.

LAW DEPARTMENT.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Corporation Counsel of The City of New York, No. 2 Tryon row, in The City of New York, at 11 o'clock a. m. on

FRIDAY, DECEMBER 7, 1906

for searching the title of all the property involved in a proceeding known as "In the matter of acquiring title by The City of New York to certain lands and premises, situated in the Counties of Kings and Queens," etc., the said property being generally a strip about two hundred (200) feet wide, immediately south of the present conduit line in the County of Queens, and running from the Kings County line or thereabouts to the Nassau County line or thereabouts. Accurate surveys will be furnished by the City, and may be seen at the office of the Corporation Counsel in the Borough of Brooklyn.

Only bids from title companies will be accepted.

The search required should run back forty years, and should be guaranteed to the City, and should show all persons having any interest of any description in the property on the date of vesting title in the City, June 18, 1906, and all taxes, liens or other incumbrances. The City will furnish the names of the reputed owners of the property and the instruments under which they claim so far as known to it.

The amount of the security shall be Five Hundred Dollars.

WILLIAM B. ELLISON,

Corporation Counsel,

No. 2 Tryon Row,

Manhattan,

COUNTY OF NEW YORK.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the SOUTHERLY SIDE OF ONE HUNDRED AND FIRST STREET, between Second and Third avenues, in the Borough of Manhattan, duly selected for purposes of a public playground.

NOTICE IS HEREBY GIVEN THAT Charles L. Hoffman, Samuel S. Koenig and John B. Davis, Commissioners of Estimate and Appraisal, appointed by an order of the Supreme Court in the above-entitled proceeding, filed in the office of the Clerk of the County of New York on the 23d day of November, 1906, will appear before the Justice of the Supreme Court, sitting at Special Term, Part II., at the County Court House, in the Borough of Manhattan, on the 10th day of December, 1906, at 11 o'clock in the forenoon, to be examined by any person interested in said proceeding, as to their qualifications to act as such Commissioners.

Dated New York, November 26, 1906.

WILLIAM B. ELLISON,

Corporation Counsel.

n27,d8

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening GROTE STREET (although not yet named by proper authority), from East One Hundred and Eighty-second street to Southern Boulevard, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward, City of New York.

In re applications for damages to new Lot No. 32 in new Block 3100 (old Lot No. 79 in old Block 1427), new Lot No. 35 in new Block 3100 (old Lot No. 80 in old Block 1427), new Lot No. 36 in new Block 3100 (old Lot No. 81 in old Block 1427), new Lot No. 37 in new Block 3100 (old Lots Nos. 82, 83, 84 and 85 in old Block 1427), new Lot No. 6 in new Block 3100 (old Lot No. 86 in old Block 1427).

By reason of the discontinuance, abandonment and closing in front thereof of former Kingsbridge road, from Prospect avenue to Southern Boulevard, in the Twenty-fourth Ward, Borough of The Bronx, The City of New York.

WE, THE COMMISSIONERS OF ESTIMATE AND ASSESSMENT in the above-entitled proceeding, having been directed as follows:

First—By order bearing date the 22d day of March, 1904, and duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Benjamin F. Gerding for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 32 in Block 3100 (old Lot No. 79 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Second—By order bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Franz Guth for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 35 in Block 3100 (old Lot No. 80 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Third—By order bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Franz Yuengling for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 36 in Block 3100 (old Lot No. 81 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Fourth—By order bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to John P. Dowd, for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 37 in Block 3100 (old Lot Nos. 82, 83, 84 and 85 in old Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

Fifth—By order, bearing date the 22d day of March, 1904, duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which, upon proof of all the facts, should justly be made and legally awarded to Fred Flaccus and Charles Flaccus, for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 6 in Block 3100 (old Lot No. 86 in old

Block 1427), by reason of the closing, discontinuance and abandonment of Kingsbridge road, from Prospect avenue to Southern Boulevard, in front of and adjoining said premises.

All the foregoing premises are more particularly described in the petitions on which the said orders were based and filed therewith in the office of the Clerk of the County of New York and are shown on the Damage Map attached to our abstract of Estimate and Assessment.

And we, the said Commissioners, having been directed also by the aforesaid orders and by the provisions of chapter 1006 of the Laws of 1895, to ascertain and determine the benefit and advantage to the lands, tenements and hereditaments and premises which shall be benefited by the closing, discontinuance and abandonment of the aforesaid Kingsbridge road, from Prospect avenue to Southern Boulevard.

We, therefore, the undersigned, hereby give notice to all persons interested in these proceedings, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Sixth—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 17th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of December, 1906, at 10 o'clock a. m.

Seventh—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of December, 1906.

Eighth—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx in The City of New York, and being all that part of Kingsbridge road within the block bounded by Southern Boulevard, Prospect avenue, Grote street and Garden street, and designated on the tax maps of The City of New York as Lot No. 33 in Block 3100.

Ninth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 22d day of January, 1907, at the opening of the Court on that day.

Tenth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, October 13, 1906.

FRANK D. ARTHUR,

Chairman;

THEODORE E. SMITH,

HENRY H. SHERMAN,

Commissioners.

JOHN P. DUNN,

Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of the approaches to the MADISON AVENUE BRIDGE, over the Harlem river, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS OF Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, Room 805, No. 277 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, on November 24, 1906, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting at our said office on the 10th day of December, 1906, at 4 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, November 23, 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the widening of THIRD AVENUE, opposite East One Hundred and Fifty-ninth street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS OF Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 17th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of December, 1906, at 10 o'clock a. m.

ments and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 13th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting and for that purpose will be in attendance at our said office on the 18th day of December, 1906, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 17th day of December, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the middle line of the block between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Third avenue and running thence northerly along the said parallel line to its intersection with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Washington avenue; thence northerly along the said last-mentioned parallel line to a point on the southerly line of East One Hundred and Sixtieth street; thence easterly along the said southerly line of East One Hundred and Sixtieth street and its prolongation to a point on the easterly line of Washington avenue; thence northeasterly and parallel to the northwesterly line of Third avenue to a point on the easterly line of Brook avenue; thence southeasterly to a point on the southeasterly line of Third avenue, distant one hundred (100) feet northeasterly from the corner formed by the intersection of the easterly line of Brook avenue with the southeasterly line of Third avenue; thence southerly and parallel to the easterly line or side of Brook avenue to a point on a line parallel to and distant one hundred (100) feet southeasterly from the southeasterly side of Third avenue; thence southwesterly along the said last-mentioned parallel line to a point on the westerly line or side of Brook avenue; thence southerly along the said westerly line of Brook avenue to its intersection with the middle line of the block between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street, and thence westerly along said middle line of the blocks to the point or place of beginning, as such area is shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 4th day of February, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of PUBLIC PARK bounded by Rae street, German place, Carr street and St. Ann's avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of December, 1906, at 12 o'clock noon.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 13th day of December, 1906.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to

be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 17th day of January, 1907, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, November 16, 1906.

FRANCIS W. POLLOCK,
Chairman;
HENRY ILLWITZER,
MARTIN J. DONNELLY,
Commissioners.

JOHN P. DUNN,
Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BATHGATE AVENUE (although not yet named by proper authority), from East One Hundred and Eighty-eighth street to Pelham avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 12th day of December, 1906, at 4 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 12th day of December, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and distant one hundred (100) feet southwesterly from the southwesterly line of Tremont avenue and the southwesterly prolongation of a line parallel to and distant one hundred (100) feet northwesterly from the northwesterly line of Bathgate avenue; running thence northeasterly along said southwesterly prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet southwesterly from the southwesterly line of East One Hundred and Eighty-eighth street; thence northwesterly along said parallel line to its intersection with the southeasterly line of Washington avenue; thence northeasterly along said southeasterly line of Washington avenue and its northeasterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet northeasterly from the northeasterly line of Pelham avenue; thence southeasterly along said last-mentioned parallel line to its intersection with the northeasterly prolongation of the northwesterly line of Hoffman street; thence southwesterly along said northeasterly prolongation and northwesterly line of Hoffman street to its intersection with a line parallel to and distant one hundred (100) feet southwesterly from the southwesterly line of East One Hundred and Eighty-eighth street; thence northwesterly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet southeasterly from the southeasterly line of Bathgate avenue; thence southwesterly along said last-mentioned parallel line and its southwesterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet southwesterly from the southwesterly line of Tremont avenue; thence northwesterly along said last-mentioned parallel line to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 31st day of January, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, November 15, 1906.

WALLACE S. FRASER,
Chairman;
JAMES H. GOGGIN,
PATRICK GORDON,
Commissioners.

JOHN P. DUNN,
Clerk.

SUPREME COURT—SECOND DEPARTMENT.

SECOND JUDICIAL DISTRICT.

In the matter of acquiring title by The City of New York to certain lands and premises situated at the SOUTHWESTERLY CORNER OF FLEET PLACE AND WILLOUGHBY STREET, in the Borough of Brooklyn, duly selected as a site for an office building, clinic and stable for the Department of Health, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate in the above-entitled matter, appointed pursuant to the provisions of

the statutes relating thereto, hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons interested in the lands or premises affected by this proceeding or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Department of Health of The City of New York at the southwest corner of Fifty-fifth street and Sixth avenue, Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate and who may object to the same or any part thereof, may within ten days after the first publication of this notice, December 4, 1906, file their objections to such estimate, in writing, with us at our office, Room 92, Franklin Trust Company Building, No. 166 Montague street, in the Borough of Brooklyn, in said City, as provided by statute, and that we, the said Commissioners, will hear parties so objecting at our office on the 17th day of December, 1906, at 4 o'clock in the afternoon, and upon such subsequent days as may be found necessary.

Dated City of New York, Borough of Brooklyn, December 4, 1906.

JOHN T. BOOTH,
CHARLES H. COTTON,
ARTHUR BECKWITH,
Commissioners.

GEORGE T. RIGGS,
Clerk.

d4,14

KINGS COUNTY.

In the matter of acquiring title by The City of New York to certain lands, etc., situated on the WESTERLY SIDE OF POWELL STREET AND THE EASTERLY SIDE OF SACKMAN STREET 200 feet south of Dumont avenue, in the Borough of Brooklyn, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court of the State of New York, bearing date October 22, 1906, and filed in the office of the Clerk of the County of Kings on October 22, 1906, William B. Hurd, Jr., Henry B. Ketcham and William Watson were appointed Commissioners of Estimate and Appraisal in the above-entitled proceeding.

Notice is further given that, pursuant to the provisions of said order and pursuant to the statute in such case made and provided, the said Commissioners so nominated will attend at a Special Term of the Supreme Court for the hearing of motions to be held at the County Court House, in the County of Kings, on December 14, 1906, at 10:30 o'clock in the forenoon, for the purpose of being examined under oath by the Corporation Counsel of The City of New York or by any person having interest in said proceedings as to their qualifications to act as Commissioners of Estimate and Appraisal in this proceeding.

Dated December 3, 1906.

WILLIAM B. ELLISON,
Corporation Counsel,
Borough Hall,
Borough of Brooklyn,
New York City.

d3,13

SECOND DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the southerly side of MAURICE AVENUE, between Columbia avenue and Carroll place, in the Borough of Queens, in The City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT THE report of William S. Cogswell, Joseph Fitch and Edward E. Sprague, Commissioners of Estimate and Appraisal, duly appointed in the above-entitled proceeding, which report bears date the 21st day of November, 1906, was filed in the office of the Board of Education, situated at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, on the 28th day of November, 1906, and a duplicate of said report was filed in the office of the Clerk of the County of Queens on the same day.

Notice is further given that the said report will be presented for confirmation to the Supreme Court of the State of New York, in the Second Judicial District, at Special Term for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, in The City of New York, on the 18th day of December, 1906, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, November 28, 1906.

WILLIAM B. ELLISON,
Corporation Counsel,
Borough of Manhattan,
City of New York.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HULST (STREET) AVENUE (although not yet named by proper authority), from Greenpoint avenue to Jackson avenue, in the First Ward, Borough of Queens, of The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 17th day of December, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of December, 1906, at 11 o'clock a. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 18th day of December, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of the northerly line of Greenpoint avenue with the middle line of the block between Buckley street and Hulst street; running thence northerly along said middle line of the block to its intersection with the southerly line of Jackson avenue; thence easterly along the said southerly line of Jackson avenue to its intersection with the middle line of the block between Hulst street and Van Pelt street; thence southerly along the last-mentioned middle line to its intersection with the northerly line of Greenpoint avenue; thence westerly along the northerly line of Greenpoint avenue to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 23d day of January, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by Chapter 653 of the Laws of 1906.

Dated Borough of Manhattan, New York, November 22, 1906.

JOHN ALLEN, Chairman;
C. J. DILLON,
P. GILSEY MEADING,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of GREENE AVENUE (although not yet named by proper authority), from Forest avenue to Grand View avenue, in the Second Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court, bearing date the 24th day of January, 1906, and the 9th day of October, 1906, and duly entered in the office of the Clerk of the County of Queens, in The City of New York, on the 20th day of May, 1906, and the 23d day of October, 1906, copies of which orders were duly filed in the office of the Clerk of the County of Queens, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 20th day of May, 1906; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our

office, No. 252 Jackson avenue, Borough of Queens, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 6th day of December, 1906, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, November 22, 1906.

WM. S. COGSWELL,
HENRY P. HULING,
CHAS. AICHMANN,
Commissioners.

In the matter of the application of The City of New York relative to acquiring title to FORTY-TEENTH AVENUE, from West street to Sixty-fifth street, excepting that portion of said avenue occupied by the tracks of the Long Island Railroad and the Sea Beach Railroad, between Sixty-first street and Sixty-second street, in the Twenty-ninth and Thirtieth Wards, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 29th day of May, 1906, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 30th day of June, 1906, and indexed in the

Index of Conveyances in Section 17, Blocks 5594, 5599, 5600, 5605, 5606, 5611, 5612, 5617, 5618, 5623, 5624, 5629, 5630, 5635, 5636, 5642, 5643, 5649, 5650, 5656, 5657, 5663, 5664, 5670, 5671, 5677, 5678, 5684, 5685, 5691, 5692, 5698, 5699, 5705, 5706, 5712, 5713, 5719, 5720, 5726, 5727, 5733, 5734, 5740, 5741, 5747, 5748; Section 16, Blocks 5297, 5298, 5299, 5300, 5301, 5314, 5344, 5345, 5346, 5347, 5348, 5349, 5350, 5351. Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 14th day of December, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, November 19, 1906.

CROMWELL G. MACY,
JAS. B. SHELDON,
ARCHIBALD I. QUAIL,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
