***Vision Zero Safety Notice Fall 2023***

***School is back in session!***

- Drivers should be familiar with school zones.
- Stop for school bus lights.
- Obey crossing guards.
- Be careful around parked vehicles. Children who are waiting to cross may be especially difficult to see behind cars on the side of the road.
- Do not speed. The speed limit in most school zones during school times or when children are present is 25 miles per hour.

***Operate Safely During Trade Waste Collection***

- Drive **ONLY** on the correct side of the road, **even if that means making additional turns.**
- Stay clear of cross walks, bike lanes, and sidewalks.
- Adhere to designated truck routes.
- **Exercise extreme caution during loading and unloading of containers.** This should never occur while the vehicle is in motion or in close proximity to pedestrians and cyclists.

***Reminder: BIC Online Driver/Helper Portal***

- You can now disclose required driver and helper information through the [BIC Online Portal](#) to fulfill BIC's requirements instead of submitting update forms. See the How-To Guide at this [link](#).
- For disclosing employees other than drivers and helpers, please follow the normal process by sending updates to BIC's Licensing Unit by mail or email.

Thank you for your continued attention to these matters.
