On motion, it was Resolved, That this Board deeply regrets the death ot Dr. Edward H. Janes, Assistant Sanitary Superintendent, and the loss of his valuable services to this Department. For a period of twenty-seven years he has served this City with distinguished ability and faithfulness in important positions of trust and responsibility, and his official career reflects honor upon the Department. Always dis-creet, courteous and conscientious, always loyal to the public interests, and always devoted to duty, his career as a public official has commended itself to his superiors, won the respect and admiration of his associates, and secured the generous approval of the public. While testifying to the distin-guished worth and valuable public services of Dr. Janes, the members of the Board of Health also desire to express their sincere sympathy with his bereaved family. Resolved, That the above resolution be entered in the minutes of this Board, and a copy be transmitted to the tamily of the deceased. On motion, it was

Hon. E. P. BARKER, Secretary, Armory Board : SIR—In consequence of being unwell I was obliged to defer replying to your favor of the 16th of March, with copy of resolutions, etc., of Armory Board of the same date, in reference to Seventy-first Regiment Armory. For information to the Armory Board through you, I desire to say that since the weather permitted my doing any work the job is being pushed with all possible speed. I expect to have iron roof construction of main drill-room in place about May 4, if not sooner, with the side walls topped out, at the same time pushing the executive portion of the building, in which the interior walls are now up to the second-story floor and the front up to mizzen floor. When roof is on main drill-room I shall proceed to complete the interior works of battery and main drill-room, both of which I hope to be able to give you for use even before the time of contract expires, notwithstanding that I have encountered more difficulties, including the severest winter we have had in years, than any contractor, I believe, ever had to contend with on one job.
