#### Report of the Committee on Apportionment.

Your Committee on Apportionment of Assembly Districts, appointed by the Board to prepare and report to it a plan of division into Assembly Districts of the Counties comprised within The City of New York, hereby reports and recommends for adoption by the Board an appended description of the Assembly Districts of the several Counties.

The Committee has gone into this matter very thoroughly and has made a careful calculation of the requirements as to population laid down by the Act. In order to strictly comply with the law, it has been necessary to make an arbitrary layout which was caused by the inequitable layout of the Senatorial Districts. The Committee feels that the general plan, which it here presents, is one which is most equitable under all the circumstances. It has been necessary to proceed with this work as rapidly as possible in order that the layout may be in the possession of the Board of Elections at the earliest moment, so that the Board may not be hampered, but rather aided, in its work of making the required changes in election districts which are demanded by the reapportionment, and getting ready the enormous mass of printing resulting from so many changes in district lines.

The written description of certain Assembly Districts, to wit—the 10th, 13th 15th, 17th and 19th in the County of New York and the 1st and 2nd in the County of Kings, and an entire new layout of the County of The Bronx was amended in Committee so as to make the same conform with the original maps accompanying this report. The Committee believes that its deliberations have worked out the best possible result, and it, therefore, recommends the adoption of the plan of division into Assembly Districts herewith submitted.

JOHN J. RYAN, JOHN J. O'ROURKE, SAMUEL J. BURDEN, FRANCIS P. KENNEY, EDWARD W. CURLEY, HARRY HEYMAN, MICHAEL J. SHIELDS, BERNARD E. DONNELLY, Committee on Apportionment.

Whereas, Article three of the Constitution of the State of New York provides that in any City embracing an entire county and having no Board of Supervisors, the body exercising the powers of a common council shall assemble at such times as the Legislature making an apportionment of Assembly districts in the State shall prescribe, and divide any such county into Assembly districts as nearly equal in number of inhabitants, excluding aliens, as may be of convenient and contiguous territory, in as compact form as practicable, each of which shall be wholly within a Senate district formed under the same apportionment, and are to be equal in number to the members of Assembly to which such county shall be entitled; and

Whereas, by the provisions of Chapter 798 of the Laws of 1917, it is made the duty of the Board of Aldermen of the City of New York to meet on the 12th day of June, 1917, and proceed to divide the respective counties in such city into so many Assembly districts as they are entitled respectively to Members of Assembly under said law; therefore be it

Resolved, Pursuant to Article 3, Section 5, of the Constitution of the State of New York and the provisions of Chapter seven hundred and ninety-eight of the Laws of 1917, the Board of Aldermen of the City of New York do hereby divide the several counties respectively within such City into Assembly districts, numbered, bounded and described as hereinafter specified.

#### PETITIONS AND COMMUNICATIONS.

No. 1696.

#### Petition Relating to the Removal of Certain Nuisances from the Streets of New York City.

Witnesseth this humble petition of the owners of stores and shops in the Borough of Manhattan, City of New York, selling fish and kindred merchandise, particularly in the neighborhood of Mulberry, Mott, Elizabeth and Stanton Streets, in the Borough of Manhattan, City of New York.

We the undersigned, do hereby solemnly petition and pray the Mayor of the City of New York, the Commissioner of the Police Department of New York and the Honorable Board of Aldermen of The City of New York, that they and each of them heed the grievances and dilemmas of the undersigned as peaceful, law-abiding, honest, true residents of The City of New York and as owners of the premises effected by the petition hereinafter referred to.

We, store keepers and shop keepers, who dealing in the selling of fish and kindred merchandise, beg that the Mayor of The City of New York, Police Commissioner and the Board of Aldermen take up for consideration the terrible, unlawful and unhealthy condition of the streets upon which the undersigned store keepers have their place of business. The business of a fish dealer of necessity brings in to question animal matter, and we do not wish to insult your intelligence in stating before you the question as animal matter, it is most easily and readily capable of becoming decayed and in an unwholesome and unhealthy condition and as a consequence giving forth unhealthful and obnoxious odors and fumes. The undersigned or petitioners, beg to acquaint you with the fact that the streets above named, to wit, Mulberry, Mott, Elizabeth and Stanton Streets, are infected with a host of push carts who sell fish, clams and similar merchandise that are exposed to the air, as this fish must be on push carts, they are likely to become infected and dangerous for human consumption. It is a common, every day sight, and the feeling for you, petitioners and for citizens and residents of The City of New York, upon passing through one of the streets above mentioned, to be confronted with filthy, dirty carts, consisting of fish exposed to dust to the street, giving forth odors which are unpleasant. That in the course of selling of fish by these fish push cart dealers, they constantly throw off from their carts, dirty, filthy, stinky water, to which even the roughest residents of that section is most unpleasant and lying in the street even for a short period, especially in the summer season, breeds germs and diseases and attacks, and makes insecure the health of the poor children who by necessity are compelled to live in the streets, who on the very ground where this refuse from these push carts are thrown and scattered.

Further, the undersigned being the store keepers in the districts above mentioned, beg you to take into consideration that they are annually paying large sums of money directly and indirectly to The City of New York for the conduct of their businesses in the way of water taxes and taxes generally for the up-keep of the streets of The City of New York and for the paying of the land tax of the buildings where they are tenants. It seems to these petitioners earnestly and humbly coming to your Honors that the undersigned should not equitably be called upon to pay these sums of money for their liability and be at the same time interfered with by street cart peddlers who stand in front of their establishment and divest and turn away from their doors trade largely by reason of the taxes and moneys which they pay directly and indirectly to The City of New York for their proper conduct of their businesses. Instances are numerous of the state of affairs, which are as follows:

Honest, upright residents and citizens of The City of New York have opened stores in the Borough of Manhattan, City of New York, on the streets above named and other streets of the city, conducting a general fish business. They have been vested by at least five or six different independent departments of The City of New York and its administration and by at least that number of various inspectors from these various departments and administrations of The City of New York, compelled to undergo rigid examinations, cross-examinations and inspections by these inspectors, and in many cases have been called upon, ordered and forced to make radical changes by their own expense in the construction of their various stores, and are constantly under the supervision of these various departments which these petitioners do not complain of. But these petitioners call your Honorable attention to the fact that while they are strictly accountable to the various inspectors and departments and have in the past and still in the future obey and conform with the orders of these inspectors and departments, still to the minds of these petitioners it does not seem reasonable, and the undersigned ask that your Honors will see it in the clear, equitable light in which these petitioners present the facts that while they are forced to obey these rules, regulations and orders that small push cart dealers who do not have to obey any of these regulations and rules and who of necessity must expose their wares to the elements and whose accommodations of necessity cannot be those of your petitioners must permit these push cart dealers to conduct the similar line of business that these petitioners on different basis, not only to the detriment financially of these petitioners, but also to the detriment of the health of those who buy from these fish dealers their fish and kindred merchandise.

Now comes the other undersigned petitioners who are the owners of the premises upon the streets above mentioned, and say that their vested and fixed rights as owners of premises on the above mentioned streets, and who pay to The City of New York large sums of money for the protection of their property by reason of fire and streets, say that their property rights and vested interests are affected and nullified to a considerable extent by the interference of these small push cart dealers hereinbefore mentioned. They also pay large sums of money to The City of New York for the keeping of the streets clean and in a wholesome condition, and beg that your Honors will look into the question of allowing irresponsible push cart peddlers from backing their carts against the curb directly in front of premises owned by the undersigned, and detracting from the trade and business of the undersigned tenants, and thereby lessening the rental value of the premises. Again the undersigned and owners of the premises beg to present this seemingly anomalous condition of affairs. They pay taxes to The City of New York for the keeping of the streets clean and in a wholesome and healthy condition, and now they find doing their duty honestly and uprightly, paying their taxes to keep the streets in a good condition—small push carts are backed up deliberately in front of their premises and cause them the damage hereinbefore mentioned. It seems that the condition is that the undersigned owners of the premises are paying for a nuisance which is injuring themselves and which the undersigned ask to cease and to be put to an end.

Wherefore the undersigned being owners of stores in the neighborhood above referred to and owners of premises therein, ask that you stop, put at an end and prevent the further continuation of the illegal, obnoxious, unhealthful and unwarranted condition of affairs as these petitioners set forth.

Dated May 21st, 1917.

Respectfully submitted, DACUNDO BROS., 128 Mulberry Street et al.

#### Institute of Public Service—Communication in Regard to Efficiency in Police Department and Urging Study of Methods Employed by Said Department.

Institute for Public Service, City Hall Square, 51 Chambers Street, New York City, June 18, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, New York City:

Dear Sir—The failure of the Police Department, with its staff of detectives and Central Office men, to make a thorough investigation of the premises where the Cruger girl was later found buried, suggests an opportunity for the Board of Aldermen to make a most helpful study.

I refer to a study of the methods employed by the Police Department to follow up complaints of citizens and to see whether the men from precincts or central offices who are sent to investigate complaints have done their work properly, promptly and thoroughly.

If in general this work is thoroughly done it would be a great pity for the town to lose confidence because of failure in one case, however dramatic that case.

If, on the other hand, the method employed is found to have been careless or dilatory, or insufficiently supervised in a large number of cases, there is still time to secure definite commitment of all political parties to a correction of such methods.

Specifically, may I suggest that the Board of Aldermen, which made an investigation of police methods in Mayor Gaynor's term, now call upon the Police Commissioner to co-operate with the Aldermanic committee to list, point by point, these recommendations:

- (a) Recommendations made by the Aldermanic police inquiry, which the Department has completely carried out.
- (b) Other recommendations which are in process of installation.
- (c) Other recommendations which have not been carried out.
- (d) Changes in procedure which may be considered necessary by either the Police Department or Aldermanic committee.

Very truly yours,

WM. H. ALLEN, Director.

The President laid before the Board the following communication from the Industrial Educational Survey:

No. 1700.

#### Industrial Education Survey—Request for Extension of Time for Use of Special Revenue Bonds, \$15,000.

City of New York, Industrial Education Survey, 49 Lafayette Street, Cooper Union, June 13, 1917.

To the Honorable Board of Aldermen, City Hall:

Gentlemen—On April 7, 1916, at the request of your Honorable Board, the Board of Estimate and Apportionment adopted the following resolution authorizing an issue of special revenue bonds in the amount of \$15,000, the proceeds whereof to be used by a committee to be appointed by his Honor, the Mayor, for the purpose of making an industrial survey for the better guidance of the Board of Education in its extension of industrial education:

"Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the following resolution, adopted by the Board of Aldermen on March 7, 1916, and approved by the Mayor March 14, 1916:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate be and it is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of fifteen thousand dollars (\$15,000), the proceeds whereof to be used by a Committee to be appointed by his Honor, the Mayor, for the purpose of making an industrial survey for the better guidance of the Board of Education in its extension of industrial education.

"That said Committee be given full power to expend this money in the making of such survey and in directing the same.

"That said Committee be composed of twelve (12) members, of whom three shall represent the Board of Education, two shall be employers of labor, two shall be representatives of organized labor, one shall represent the Board of Estimate and Apportionment, one shall represent the Board of Aldermen, one shall represent the National Society for the Promotion of Industrial Education, one shall represent the New York State Department of Labor and one the United States Department of Labor.

"That the appropriation of fifteen thousand dollars (\$15,000) herein made shall be for one year from the date upon which it becomes available, in order to insure the completion of the survey and the report thereon within twelve (12) months."

"—and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding fifteen thousand dollars (\$15,000), redeemable from the tax levy of the year succeeding the year of their issue."

At the meeting of the Board of Aldermen on March 27, 1917, the above resolution, upon request of the Survey Committee, was amended so that the time for expending the funds was extended to June 30, 1917.

The Survey Committee now finds that in order to finish satisfactorily the business of the survey and to put its report in final form, that a further extension of time is desirable.

We are, therefore, compelled to request your Honorable Board to further amend the original resolution so as to extend the time for expending the funds from June 30, 1917, to August 1, 1917.

Respectfully,

C. R. RICHARDS, Chairman.

In connection with the foregoing communication Alderman Delaney offered the following resolution, and moved that the same be made a Special Order for the day:

--be and the same is hereby amended so that the time for expending the funds provided therein be extended to June 30, 1917.

--be and the same is hereby further amended by striking therefrom in the last line the word and figures "June 30, 1917," and inserting in lieu thereof the word and figures "August 1, 1917."

The President laid before the Board the following communication from the Commissioner of Public Charities:

No. 1701.

**Commissioner of Public Charities--Request for Special Revenue Bonds, \$26,000, to Meet Anticipated Deficiency in Appropriation "Donations to Spanish War Veterans."**

Department of Public Charities of The City of New York, Municipal Building, 10th Floor, June 14, 1917.

*Re Issuance of Special Revenue Bonds in the Sum of \$26,000.*

To the Honorable the Board of Aldermen, City Hall, New York:

Gentlemen--Request is hereby made for issuance of special revenue bond funds in the sum of \$26,000, to meet an anticipated deficiency in Code 1989, "Donations to Spanish War Veterans."

Early in April your Honorable Board authorized the issuance of special revenue bond funds in the sum of \$20,000, to be used in making donations to Spanish War Veterans. It was our original intention to request the sum of \$46,000, but this amount was reduced on the advice that the Commissioner of Accounts would conduct an investigation into the matter with a view of seeing if any reductions could be made in the donations given to beneficiaries. I do not think this investigation has been completed as yet.

The balance in the account at the present time will be sufficient to last until about the middle of July. This request is being made at this time in order that funds may be provided before our present account is exhausted. Very sincerely yours,

HENRY C. WRIGHT, Acting Commissioner.

The president laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 1702.

**Commissioner of Water Supply, Gas and Electricity--Request for Amendment to Resolution Authorizing Installation of Water Meters in Certain Buildings.**

The City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York, June 15, 1917.

Hon. FRANK L. DOWLING, President of the Board of Aldermen, City Hall, New York, N. Y.:

Dear Sir--Under date of March 30, 1917, I sent you a communication recommending the installation of water meters in "any or all apartment houses in the City of New York." At that time my attention had not been called to the decision of the Court of Appeals in the *Grimmer* case (204 N. Y., 370), defining the term "apartment house" or to the subsequent act of the Legislature (chapter 13, Laws of 1912) amending the Tenement House Law so as to include all apartment houses in one class with tenement houses. The class of apartment houses which I had in mind when I wrote you under date of March 30 is illustrated by the twelve examples given on pages 2 and 3 of my printed letter, beginning with the "Minnewaska" and ending with the "Castleton." Speaking of these, I said (page 4):

"The illustrations given are sufficient to show that if the large apartment houses in the city were required to pay for the amount of water actually consumed, etc."

In order that my recommendation of March 30 should be limited in the manner intended I brought to the first hearing before the Welfare Committee of the Board of Aldermen, held April 27, a proposed amendment in writing which I then and there made a part of the record. The amended resolution now before you reads as follows (new matter in *italics*):

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he hereby is authorized to install, or cause to be installed, water meters in any or all apartment houses, tenements and flat houses having passenger elevators in the City of New York, pursuant to section 475 of the Greater New York Charter, as amended by chapter 602 of the Laws of 1916.

The use of the words "*having passenger elevators*" limits the applicability of the resolution to some 2,100 dwelling houses within Greater New York. I write you this letter so as to make perfectly clear the department's position and recommendation. Most of the opposition developed at the three hearings thus far held by the Welfare Committee proceeded from persons having no interest whatever in the limited number of buildings to which the department from the outset intended its resolution to refer and to which the resolution as amended does refer.

Respectfully, WILLIAM WILLIAMS, Commissioner.

	\$3,640 00

\$8,741 15

"A request has also been made to recommend to the Board of Aldermen the establishment of the above mentioned positions.

"Reason--*New Force*: In a communication dated May 23, 1917, the Chairman of the Board of Standards and Appeals stated in part, 'Matters that originated previous to January 1, 1917, and pending on that date, were as follows':

	Total Filed.	Pending.
Before the Board of Standards and Appeals--		
Proposed rules .....	9	5
Petitions under labor law .....	187	21
Recommendations of proposed legislation.....	2	1
Miscellaneous .....	22	5
Totals.....	220	32
Before the Board of Appeals--		
Appeals from decisions of Building Superintendents....	71	21
Appeals from decisions of Fire Commissioner.....	30	17
Building zone appeals .....	181	47
Totals .....	282	85
Total before both boards.....	502	117

"From January 1 to May 1, approximately six hundred matters were brought before both boards, most of which were petitions and appeals, including only those that have been actually placed on the calendar. In addition to these, it is estimated that about five hundred petitions have been received, which, due to lack of force, it has been impossible to place on the calendar.

"The number of matters pending May 1, 1917, and not disposed of, though some of them may have been partly considered, as indicated on the calendar for the first week of May, amounted to:

Before the Board of Standards and Appeals—	
Proposed rules .....	14
Petitions .....	48
Matters not yet on the calendar (estimated).....	500
Before the Board of Appeals—	
Appeals from decisions of Superintendents and Fire Commissioner....	54
Building zone appeals .....	32

"The unfinished work by reason of lack of help, consists of:

"(a) The placing on the calendar of the five hundred (estimated) petitions above mentioned.

"(b) The preparation of four hundred and ninety-one resolutions adopted to date since November, 1916, which it has been impossible to put into final shape for the record and for the administrative officials.

"(c) The completion of the minutes of both boards by the incorporation of the resolutions which it has been impossible to prepare.

"(d) The filing, indexing and binding of the completed records of petitions and appeals disposed of since November 1, 1916.

"(e) The preparation of a proper index to the Bulletin of the Board.

"(f) The preparation of a digest of all decisions of the boards.

"(g) The formulation of the rules that are now pending before the Board of Standards and Appeals.

"(h) The formulation of other rules, for which immediate requests have not been made, but which are required by law or ordinance.

"(i) The investigation of new materials, and the supervision of tests, in connection with proposed rules.

"The Chairman also states that the work to be done by the new Assistant Engineer is: 'To prepare reports on petitions and appeals. At the present time this work is divided between the two Assistant Engineers. An additional Assistant Engineer is necessary in order that the work may be properly attended to. The main work for which the Board of Standards and Appeals has been established—the preparation of rules—has suffered seriously because of the great flood of petitions and appeals that have been filed with the two boards. At the present time there are before the Board of Standards and Appeals, and in the hands of committees of that board, ten rules or sets of rules, to which it has not been possible to give any attention, due to the fact that the Assistant Engineers' time is taken up in the preparation of urgent appeals and petitions. The preparation of these rules requires a great deal of study, investigation and extended interviews. The entire time of one Assistant Engineer is required for this work. For the preparation of reports on appeals and petitions two Assistant Engineers are necessary.'

"Fees and Commissions—

"The increase in the allowance for members' fees is due to the fact that the Board is holding one more meeting a week than was planned at the time the Budget was prepared. The sum of \$1,040 to pay the Chief of the Fire Department was requested and disallowed in the Budget, as the intent of the law was not clear. On December 11, 1916, the Corporation Counsel rendered an opinion that this official was entitled to the compensation paid the appointed members for attendance. The other funds requested are for necessary changes and equipment.

"Finding—The largest item of unfinished work, as shown above, consists of about 500 petitions, which are for variation or relief from the Labor Law. These are due to orders reissued by the Fire Department when the enforcement of this law in the City was transferred to it. They had previously lain dormant in the State Labor Department for two or three years, by reason of non-enforcement, as the conditions were not considered dangerous. In a public statement a member of the Board of Standards and Appeals questioned the advisability of re-issuing these orders at this time, but the Corporation Counsel rendered an opinion that the matter was mandatory on the Fire Commissioner.

"Since their transfer urgent or special cases have been taken up and disposed of at the request of the Fire Commissioner or other officials. The disposition of all of these cases will have to be a gradual process involving many meetings, as each case is discussed fully at the hearings. The Board disposes of about 23 matters at each meeting. The work of disposing of appeals from Building Superintendents on current construction has not suffered to any extent by reason of lack of help. Of the 54 appeals shown pending on May 1, 34 have been carried from 30 to 60 days or longer, awaiting rules, non-appearance and other reasons. The important work neglected is the formulation of additional sets of rules for construction, operation or equipment, which, when promulgated, will have the effect of reducing the matters brought before these boards. In view of this the Bureau of Personal Service deems it advisable to recommend the addition of an Assistant Engineer at \$2,100 and a Stenographer at \$720, from July 1, 1917. The present force is as follows:

Chairman .....	\$7,500 00
Secretary .....	3,600 00
Assistant Engineer .....	2,700 00
Assistant Engineer .....	2,400 00
Chief Clerk .....	1,800 00
Clerk .....	360 00
Stenographer and Typewriter .....	1,560 00
Stenographer and Typewriter .....	1,200 00
Typewriting Copyist, 2 at \$600.....	1,200 00
Messenger .....	1,200 00

\$23,520 00

"In addition, this Bureau has the services of an \$1,800 Stenographer provided for the Committee on Buildings of the Board of Aldermen. The office force of the old Board of Building Examiners consisted of 4 incumbents at a cost of \$4,220. In the opinion of this bureau the additional Clerk at \$1,200 and Typist at \$600 are not needed. At the present time the Clerk at \$1,800 is assigned to work of minor importance."

The Bureau of Contract Supervision reports upon the Other Than Personal Service items as follows:

"It was proposed to expend the sum of \$1,901.15 for the purchase of new equipment and for alterations to the offices.

"The incumbents of the two new positions above recommended must each be supplied with a desk and chairs. Only one typewriter is to be purchased, instead of two requested. This, with the elimination of two desks, will reduce the request by the sum of \$132.95.

"It is proposed to cut a doorway through a room, connecting the administrative offices with the appeal room and other offices.

"Maps and atlases are required for the determination of Building Zone appeals and must be accessible at all times.

"Linoleum, shelving, desk lamps, cabinet for building zone maps and two dictaphone dictating machines and one dictaphone transcribing machine are necessary."

Recommendation—In view of the above report, the Committee recommends the adoption of the attached resolutions providing for the issue of special revenue bonds to the amount of \$6,818.20 and for the establishment of the two positions suggested in the above report. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

Note—On recommendation of the Mayor, at the meeting held June 15, 1917, the amount recommended was increased to \$7,941.15, in order to provide for the positions of Clerk at \$1,200 per annum and of Typewriting Copyist at \$600 per annum.

The City of New York, Office of the President of the Borough of Queens, Long Island City, June 18, 1917.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—On May 8th, 1917, your Board adopted a resolution as follows:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twelve thousand four hundred and seventy-three dollars (\$12,473), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of relieving dangerous highway conditions on Thrall Avenue.

"All obligations contracted for hereunder to be incurred on or before December 31, 1917."

—which was received from his Honor the Mayor on May 22, 1917, without his approval or disapproval, and therefore became effective in the same manner as if he had approved it.

It is my judgment that in view of the character of the expenditure and from the form of the approval of the expenditure heretofore made by the Board of Estimate and Apportionment that the resolution would be more appropriate if it were amended to read, so far as the purposes of the authorization, as follows:

"For the purposes of providing funds to reimburse the Budget Account 'Repairs and Replacements,' by contract or open order service, appropriated to the President of Queens for the year 1917."

Very truly yours, M. O. SMEDLEY, Acting President of the Borough of Queens.

In connection with the foregoing communication, President Connolly offered the following resolution, and moved that the same be made a Special Order for the day.

Which was adopted.

Resolved, That the following resolution adopted May 8, 1917, and received from the Mayor May 22, 1917:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twelve thousand four hundred and seventy-three dollars (\$12,473), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of relieving dangerous highway conditions on Thrall Avenue."

"All obligations contracted for hereunder to be incurred on or before December 31, 1917."

—be and the same is hereby amended by striking therefrom the words "purpose of relieving dangerous highway conditions on Thrall Avenue," and inserting in lieu thereof the words, "purposes of providing funds to reimburse the Budget Account 'Repairs and Replacements,' by contract or open order service appropriated to the President of Queens for the year 1917."

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Burns, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Daly, Delaney, Diemer, Dixon, Donnelly, Dostal, Drescher, Egan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Glennon, Goetz, Gutman, Hatch, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, Martin, Molen, Moore, Mullen, O'Rourke, Post, Quinn, Roberts, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Smith, Squiers, Sullivan, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Van Name, by John E. The Committee on Finance, to which was referred on May 8, 1917 (Minutes, page 300), the annexed request of the Sheriff of New York County for Special Revenue Bonds, \$1,814, for alterations to Ludlow Street Jail, respectfully

### REPORTS:

Sheriff's Office, New York County, 51 Chambers Street, New York, May 5, 1917. Hon. FRANK L. DOWLING, President of the Board of Aldermen, City Hall, New York City:

My Dear President—On several occasions I have taken up personally with you the question of an appropriation for certain improvements and betterments in Ludlow Street Jail. I had hoped that by this time some action looking towards a more complete use of that building for jail purposes would be taken. It seems, however, that I am to have sole custody during the rest of my term, and before that term ends, I am very anxious to make certain much needed improvements. They are as follows:

1. The installation of electric lights in the cells and corridors of the prison.

I am not familiar with other County Jails, but I am informed by the Prison Association that Ludlow Street Jail is the only institution in the State where prisoners have to resort to the use of candles to obtain light in their cells. This condition should be corrected.

2. The interior of the prison is badly in need of painting.

The only satisfactory painting work is oil paint, in order that a vigorous application of soap and water may keep the place in a clean and sanitary condition.

3. The beds are badly in need of new springs.

As bed springs can be purchased at any time, I would say that twenty-five (25) bed springs at this time would be sufficient, as only half the jail is in use at a time.

4. The ventilating fan at the top of the airshaft into which the toilets open, is inadequate and therefore useless.

A new one should be installed at once.

For the purposes of drafting the necessary legislation, I have secured one bid which might be used as a basis. Bids are as follows:

For installation of the electric light.....	\$746 00
Painting cells and walls.....	610 00
Painting ceilings and walls of the Warden's apartments.....	98 00
I am informed by the Department of Correction that the beds can be done over at the Penitentiary, and new springs put in for \$2 a bed.

**Report of the Committee on Finance in Favor of Filing Request of the Commissioner of Correction for Special Revenue Bonds, \$123,750, to Provide for Deficiencies in Various Accounts.**

The Committee on Finance, to which was referred on May 22, 1917 (Minutes, page 372) the annexed request of the Commissioner of Correction for Special Revenue Bonds, \$123,750, to provide for deficiencies in various accounts, respectfully

### REPORTS:

That this is an emergency measure, and the Committee believes application should be made to the Comptroller under subdivision 7 of section 188 of the Charter.

It therefore recommends the request be placed on file.

Department of Correction of the City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, May 17th, 1917. Hon. FRANK L. DOWLING, President, Board of Aldermen, City of New York:

Dear Sir—Pursuant to subdivision 8, section 188 of the Charter, I respectfully ask your Honorable Board to request the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds in the sum of \$123,750, to provide for deficiencies in the various accounts of this Department, as enumerated below:

Code No. 2652, Food Supplies .....	\$110,000 00
Code No. 2654, Forage and Veterinary Supplies.....	8,000 00
Code No. 2661, General Plant Supplies .....	2,000 00
Code No. 2674, Telephone Service .....	2,000 00
Code No. 2671, Shoeing and Boarding Horses.....	750 00
Code No. 2675, General Plant Service .....	1,000 00

Total..... \$123,750 00

Code No. 2652, Food Supplies, \$110,000.

The budget allowance in this code is \$390,000, and is proving entirely inadequate owing to the steadily rising price of every article of food stuffs contained in our dietary, although frequent changes have been made to eliminate the soaring cost of a certain item, such as, rice being substituted for potatoes on certain days, etc.

The cost of flour alone for this Department has risen since 1916 from an average of \$6.17 per bbl. to \$9.05 per bbl., and our annual consumption of this commodity amounts to approximately 12,000 barrels, this increase represents a deficit of \$34,560. It is estimated that our next price will be \$13 per barrel.

Code No. 2654, Forage and Veterinary Supplies, \$8,000.

The budget allowance in this code is \$12,000, based on a horse census of 83, but since Jan. 1st, 1917, in order to carry out an extensive agricultural and construction programme, we have increased the census to 113 horses. In addition to the increased number of horses the cost of forage has risen to an unprecedented price. Oats now cost \$2.87 per hundred as against \$1.69 per hundred in 1916.

We have also purchased chickens and pigs for New Hampton Farms this year, and their feed amounts to approximately \$50 per month.

Code No. 2661, General Plant Supplies, \$2,000.

The budget allowance in this code is \$5,800, but on account of the greatly increased cost of all commodities the fund is depleted and the additional funds are required for the purchase of Electric Bulbs, Cotton Waste, Lubricating Oils, Toilet Paper and miscellaneous articles.

**Code No. 2674, Telephone Service, \$2,000.**

The budget allowance in this code is \$5,000, which has proven insufficient, owing to additional extensions and the increased cost of service at New Hampton Farms and throughout the Department. The number of local calls allowed in our contract for the year 1917 is 7,500, while up to the present time this year the Department has averaged approximately 5,500 local messages a month, in addition to toll calls. This shortage will cause an overdraft on our contract later in the year.

**Code No. 2671, Shoeing and Boarding Horses, including Veterinary Service, \$750.**

The budget allowance in this code is \$3,076, based on a horse census of 83, but since Jan. 1, 1917, we have acquired 30 additional horses, and the extra money requested is to provide for their shoeing and veterinary services; also to cover an increased cost of \$10 per month for boarding horses, caused by the rising price of forage.

**Code No. 2675, General Plant Service, \$1,000.**

The amount requested is to pay for dry cleaning the winter suits of the inmates of this Department for sanitary and economical reasons. Under the present procedure the winter suit is retained by the inmate and when surrendered upon his discharge is absolutely worthless.

It is estimated that the life of a suit will be doubled if it can be taken from the inmate in the Spring and reissued in the Fall, and as the cost of a suit is \$8 it is evident that a considerable saving can be effected by the expenditure of fifty cents per suit for dry cleaning.

Trusting you will take favorable action upon this request, I remain,  
Very respectfully,  
BURDETTE G. LEWIS, Commissioner.

**Report of the Committee on Finance in Favor of Filing Request of the Commissioner of Correction to Amend Special Revenue Bonds Issue, \$2,750, to Provide for Deficiencies in Two Departmental Accounts.**

The Committee on Finance, to which was referred on June 12, 1917 (Minutes, page 490), the annexed request of the Commissioner of Correction to amend special revenue bond issue, \$2,750, to provide for deficiencies in two departmental accounts, respectfully

**REPORTS:**

That the Committee has been informed that this deficiency has been provided for in a subsequent request.

It therefore recommends the matter be placed on file.

FRANCIS P. KENNEY, JOHN T. EAGAN, JOHN DIEMER, F. H. STEVENSON, ROBERT L. MORAN, CHARLES DELANEY, MICHAEL STAPLETON, LAUREN CARROLL, Committee on Finance.

Department of Correction of the City of New York, Commissioner's Office, Municipal Building, Centre and Chambers sts., New York, May 31, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen.

Dear Sir—In accordance with the instructions conveyed by the Finance Committee at the public hearing of May 28, 1917, upon the request of this department for the issue of \$123,750 revenue bonds, pursuant to subdivision 8, section 188 of the Charter, I herewith transmit an amended request to your Honorable Board to issue special revenue bonds in the sum of \$2,750 to provide for deficiencies in two accounts of this department, as follows:

Code 2674, Telephone Service ..... \$2,000 00  
Code 2671, Shoeing and Boarding Horses ..... 750 00  
Code 2674, Telephone Service, \$2,000:

The budgetary allowance in this code is \$5,000, which has proven insufficient owing to the increased cost of service at New Hampton Farms and throughout the department, and also because of the opening of additional pens in connection with additional divisions of the Magistrates' Courts requiring additional telephone service. The number of local calls allowed in our contract in 1917 is 7,500, while up to the present time this year the department has averaged approximately 5,500 local messages a month in addition to toll calls. This shortage will cause an overdraft on our contract later in the year.

In connection with this request I wish to point out that action was taken the middle of last year to reduce the number of private calls in the department and to list all calls from local institutions, so that the charges could be made for calls for private business. This operated to considerably reduce the monthly telephone bills. Our telephone operator, Miss Becker, is very careful in enforcing the provisions of this general order of the department.

**Code 2671, Shoeing and Boarding Horses, including Veterinary Service, \$750.**

The budgetary allowance in this code is \$3,076, based upon a horse census of 83, but since January 1, 1917, we have acquired 30 additional horses, and the extra money requested is to provide for their shoeing and the veterinary service made necessary. An increased cost of \$10 per month for boarding horses must be provided for because of the rising price of forage. Respectfully,

BURDETTE G. LEWIS, Commissioner.  
May 31, 1917.

Hon. WILLIAM A. PRENDERGAST, Comptroller.

Dear Sir—On May 28th the Finance Committee of the Board of Aldermen gave a hearing upon the application of this department for the authorization of \$123,750 in special revenue bonds, pursuant to subdivision 8, section 188, of the Greater New York Charter. The Committee informed me that it had been determined that applications for Revenue Bonds to meet deficiencies due to war conditions should be made with the Comptroller with the provisions of subdivision 7, section 188, of the Greater New York Charter, and that, therefore, application should be made to the Comptroller for all items, save Code 2674, Telephone Service, \$2,000; Code 2671, Shoeing and Boarding Horses, \$750.

Pursuant to subdivision 7 of section 188 of the Greater New York Charter, I hereby made application to the Comptroller for the issue of special revenue bonds in the sum of \$121,000, enumerated below:

Code 2652, Food Supplies ..... \$110,000 00  
Code 2654, Forage and Veterinary Supplies ..... 8,000 00  
Code 2661, General Plant Supplies ..... 2,000 00  
Code 2675, General Plant Service ..... 1,000 00

Total ..... \$121,000 00

The budget of the department as finally determined by the Board of Estimate, was made up by estimating costs at the then current market prices. In making up the original estimate of the department we had tried to estimate future market prices. The Board of Estimate, however, believed this was not the best way to make up the budget. In the case of food supplies we made the stipulation for the record.

**Code 2652, Food Supplies, \$110,000.**

The budgetary allowance in this code is \$390,000, made up by estimating that raw food would cost sixteen cents per inmate per day, although the actual cost at the time the budget was made was \$0.1768523, which meant upon the then census a shortage of \$80.72 per day, or a deficit of \$29,466.18. On the budgetary basis the cost of food supplies per month was \$32,518.70 for the year 1917. The present cost per month is \$41,722.24, an approximate increase in food costs of 28 per cent.

The department was able to feed prisoners at the rate of 16 cents per day during the years 1914, 1915 and 1916, but that amount was proven inadequate.

In this connection permit me to point out that the newspapers have recently carried a statement purporting to have been given out by Secretary of War Baker on May 21, 1917, in which there is contained the following statement:

"It costs almost three times as much to feed an American soldier to-day as it did during the Spanish-American War. In 1898 the average cost per man was 12.81 cents a day. Now it is 32 cents."

Drastic action has been taken to obviate the great increase in the cost of food stuff:

1. In making bread, a formula providing 20 per cent. corn meal has been utilized, and experiments are now being made with a larger percentage of corn meal.
2. Rice has been substituted for potatoes to a large extent.
3. More drastic action has been taken to eliminate waste of food, particularly bread, although this is uphill work among some of the prisoners, who are of the opinion that only fools should go hungry as long as there is anything to take.

Our purchasing department has taken advantage of every opportunity to obviate the increase of prices:

1. By letting contracts and ordering in supplies to the fullest extent in order to obviate rise in prices.
2. By special arrangements with the Comptroller's office for expediting payments in order to secure better prices and occasional discounts.

3. By demonstrating the promptness of the Department in taking care of supplies delivered.

Notwithstanding our action prices have increased to a remarkable degree. The cost of flour has risen since 1916 from an average of \$6.17 per barrel to \$9.05 per barrel. Our annual consumption of flour amounts to 12,000 barrels, so that this increase in price represents a deficit of \$34,560. We fear that our next contract price will be \$13 per barrel.

**Code 2654, Forage and Veterinary Supplies, \$8,000.**

This increase is due only slightly to the increased number of horses to feed and to provide for, but, for the most part, to an abnormal increase in the cost of supplies. The budgetary allowance in this code is \$12,000, based on a horse census of 83, but since January 1, 1917, in order to carry out an extensive agricultural and construction programme the horse census has increased to 113. The cost of forage has risen to an unprecedented degree. Oats cost \$2.87 per hundred as against \$1.69 per hundred in 1916. Additional chickens and pigs have been purchased for New Hampton Farms and their food amounts to approximately \$50 per month. This is a paying investment, however, as eggs are now being produced at New Hampton at about 16 cents per dozen. The cost of producing pigs is likewise small where there has been plenty of labor to care for them.

**Code 2661, General Plant Supplies, \$2,000.**

The budgetary allowance in this code is \$5,800, but on account of the greatly increased cost the expenses are doubled and additional funds are required for the purpose of electric bulbs, cotton waste, lubricating oil, toilet paper and miscellaneous articles. The Department has been severely criticised by the State Commission of Prisons for not providing toilet paper and we will again come in for more serious criticism than ever if an additional supply is not provided at once.

**Code 2675, General Plant Service, \$1,000.**

This request is occasioned by war conditions. It is because the price of clothing has so increased. The amount requested is to pay for the dry cleaning of the winter suits of the inmates of this Department for sanitary and economic reasons. Under the former procedure, the winter suit of an inmate has been retained by him and when surrendered upon his discharge has usually been absolutely worthless. We hope by the new procedure to save a number of these suits for use. I am informed that the cost of materials if the suits were to be cleaned by our own labor would be greater than the cost of having them cleaned by concerns fully equipped to do such work. The greatest part of the expense, I am told, are the materials used. There is danger that our prisoners would waste so much material as to more than exceed the cost of labor and materials under contract.

It is estimated that the life of a suit would be doubled if it can be taken from the inmate in the Spring and re-issued in the Fall. As the present cost of a suit is about \$8 it is obvious that a considerable saving can be effected with the expenditure of fifty cents per suit for dry cleaning.

I trust that your department will take favorable action upon this request.

Respectfully,  
....., Commissioner.

**Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the President of the Borough of Brooklyn to Purchase a Buffalo-Pitts Single Drive Roller, Without Public Letting.**

The Committee on Public Letting, to which was referred on June 12, 1917 (Minutes, page 485), the annexed request of the President of the Borough of Brooklyn for authority to purchase a Buffalo-Pitts single drive roller without public letting, respectfully

#### REPORTS:

That experience in the past has been that better results are obtained by making certain purchases in the open market than by contract. This the Committee believes to be such a case and recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Brooklyn be and he is hereby authorized and empowered to contract in the open market without public letting, for the purchase of one new Buffalo-Pitts single drive roller at a cost not to exceed two thousand dollars (\$2,000).

The City of New York, Office of the President of the Borough of Brooklyn, Borough Hall, Brooklyn, June 4, 1917.

*The Honorable Board of Aldermen, the City of New York:*

Gentlemen—Your approval is hereby requested, in accordance with the provisions of section 419 of the Greater New York Charter, of entering into a contract, without public letting, for the expense incidental to the purchase of one new Buffalo-Pitts Single Drive Roller, not exceeding in cost the sum of \$2,000.

It is essential that we procure a new steam roller for the work of our Bureau of Highways this season, as promptly as possible and this new roller is intended to take the place of a roller which has been in the service about ten years, the cost to rebuild the old one would cost as much or more than to purchase a new one.

Our experience in the past has been that it takes considerable time to secure a roller by inviting bids at public letting; also that it is a very difficult matter to write an open specification which would permit the various roller concerns to bid, so it is more economical to secure the roller without public letting and what is a very important consideration to us, the avoiding of any unnecessary delay.

Your kind attention to this matter as promptly as possible will be appreciated by, Yours very truly,

E. W. VOORHIES, Acting Borough President.

**Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the President of the Borough of Manhattan to Purchase Steel Furniture for the Hall of Records, Without Public Letting.**

The Committee on Public Letting, to which was referred on June 12, 1917 (Minutes, page 501), the annexed request of the President of the Borough of Manhattan for authority to purchase steel furniture for the Hall of Records, without public letting respectfully

#### REPORTS:

That this is another case where the lowest bid was in excess of the amount available at the time of opening such bids. The necessary fund being now available, and wishing to take advantage of the lowest bid without readvertising, this request is made.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized and empowered to enter into contract for the purchase of steel furniture and fixtures for the Hall of Records, in the open market, without public letting, at a cost not to exceed thirty-five thousand dollars (\$35,000).

JOHN McCANN, JOHN F. McCOURT, ALEXANDER S. DRESCHER, WM. P. McGARRY, EDWARD W. COX, PATRICK W. SULLIVAN, MICHAEL J. HOGAN, PETER SCHWEICKERT, Committee on Public Letting.

City of New York, Borough of Manhattan, Municipal Building, June 9th, 1917.

*Re Request of Exemption from Public Letting for the Purchase of Steel Furniture for the Hall of Records in the Amount of \$35,000.*

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, N. Y. City:

Dear Sir—At a recent meeting of the Board of Aldermen the sum of \$45,000 was appropriated by the Board for the purchase of steel furniture and fixtures for the Hall of Records. Of this amount \$10,000 was set up for alterations of the building. This sum is now under contract.

Bids were advertised for the purchase of steel furniture for the sum of \$35,000 remaining, with the result that the lowest bid obtained was \$48,193.43. This is \$13,193.43 in excess of the appropriation made for this purpose.

This office has received another bid from a responsible party who is willing to deliver the furniture and fixtures under the specifications for the sum of \$35,000 and will give a satisfactory bond. It is therefore possible to save upwards of \$13,000 if this contract be exempted from public letting forthwith.

Tenants are now waiting to move in the Hall of Records and it is therefore highly important that action be taken respecting this matter at the next meeting of the Board. Will you kindly take this matter up with the Committee on Public Letting and, if possible, have immediate consideration given at the meeting on next Tuesday, June 12th? Yours very truly,

RALPH FOLKS, Acting President, Borough of Manhattan.

City of New York, Office of the Commissioner of Accounts, Municipal Building, June 11, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, Manhattan:

Sir—The Superintendent of Public Buildings and Offices, Borough of Manhattan,

has sent me a copy of the communication transmitted to you under date of June 9, 1917, by the Acting President of the Borough of Manhattan, requesting exemption from public letting of steel furniture for the Hall of Records in the amount of \$35,000.

Through a representative of my office I have been continuously in touch with the attempt of the President of the Borough of Manhattan to obtain a bid by public letting for this work and equipment, which, you will remember, is part of the program initiated by this office for freeing of space in the Hall of Records, Borough of Manhattan so that a substantial portion of that building could be leased, as it has been, to departments of the State government having offices in New York City.

The bids submitted in response to advertisement therefor were very largely in excess of the preliminary estimates submitted for the same work by certain persons who submitted bids. This excess appears to me to be entirely without justification, and a responsible person stands ready, if public letting be waived, to do the work and furnish the equipment at a price within the original estimates. In this situation, I urge very strongly that the request of the President of the Borough of Manhattan be granted by the Board of Aldermen. Very truly yours,

LEONARD M. WALLSTEIN, Commissioner of Accounts.

Which, on motion of Alderman McCann, was made a Special Order for the day.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Burns, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Daly, Delaney, Diemer, Dixon, Donnelly, Dostal, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Glennon, Goetz, Gutman, Hatch, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, Martin, Molen, Moore, Mullen, O'Rourke, Post Quinn, Roberts, Robitzek, Ryan, Schmitz, Schweickert Shields, Silberstein, Smith, Squiers, Sullivan, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; the Vice-Chairman—65.

Reports of the Committee on Salaries and Offices—

No. 1222 (G. O. No. 341).

**Report of the Committee on Salaries and Offices in Favor of Adopting Resolution Fixing Certain Salaries in the Office of the Surrogate of Queens County.**

The Committee on Salaries and Offices, to which was referred on January 30, 1917 (Minutes, page 225), the annexed request of the Surrogate of Queens County for fixation of certain salaries under the Code of Civil Procedure, respectfully

**REPORTS:**

That according to section 2491 of the Code of Civil Procedure, this is a mandatory proposition, and the Committee believing the positions necessary, and the allowance reasonable, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 2491 of the Code of Civil Procedure, and the fixation thereof by the Surrogate of Queens County, as set forth in the accompanying communication, the compensation of the following Clerks (heretofore appointed), is hereby ratified and fixed as follows: William F. Hendrickson, Clerk of the Surrogate's Court, \$4,500 per annum; Paul M. Pelletreau, Clerk (to Surrogate), \$2,500 per annum; George R. Creed, Index Clerk, \$1,800 per annum; William A. Brooks, Probate Clerk, \$2,100 per annum; Robert McC. Robinson, Jr., Accounting Clerk, \$2,100 per annum; John S. Noble, Copyist, \$1,500 per annum; William J. Mahoney, Copyist, \$1,200 per annum; William L. Whitnell, Copyist, \$1,200 per annum, to take effect as of January 1, 1917; and the position of Guardianship Clerk (to be appointed), at \$2,000 per annum.

CHARLES DELANEY, JAMES J. MOLEN, JOHN J. O'ROURKE, STEPHEN F. ROBERTS, W. W. COLNE, Committee on Salaries and Offices.

Office of the Surrogate, Queens County, N. Y., Jamaica, January 26, 1917.  
Honorable Board of Aldermen of the City of New York, City Hall, New York City, N. Y.:

Gentlemen—Pursuant to the power vested in you by section 2491 of the Code of Civil Procedure, a copy of which is hereto annexed, I hereby make application to you to fix the compensation of clerks (heretofore appointed) in my office, to take effect as of January 1st, 1917, as follows:

	Present Salary.	Requested Salary.
William F. Hendrickson, Clerk of the Surrogate's Court	\$3,500 00	\$5,000 00
Paul M. Pelletreau, Clerk (to Surrogate)	2,100 00	3,000 00
William F. Rockstroff, Court Stenographer	2,000 00	2,500 00
George R. Creed, Index Clerk	1,500 00	1,800 00
William A. Brooks, Probate Clerk	1,500 00	2,500 00
Robert McC. Robinson, Jr., Accounting Clerk	1,500 00	2,500 00
John S. Noble, Copyist	1,200 00	1,500 00
William J. Mahoney, Copyist	900 00	1,200 00
William L. Whitnell, Copyist	900 00	1,200 00

I would also request that you fix the compensation of two additional clerks to be appointed by me, as follows:

Guardianship Clerk	\$2,500 00
Assistant Clerk	1,500 00

The appointment of a guardianship clerk has been rendered imperatively necessary by the new Surrogate's Practice Act, taking effect September 1st, 1914, imposing many additional duties upon the clerks in charge of guardianship proceedings. This work is now being done by the Accounting Clerk, but the business of the office has increased so largely that it is impossible for him to properly attend to that department, and, therefore, a special clerk must be appointed to take charge of all guardianship proceedings and the work incidental thereto.

The additional assistant clerk requested is also made necessary by the large increase in business, as appears by memorandum herewith.

I annex hereto a memorandum, giving the details of the duties performed by the respective clerks for whom increases in salaries are requested, the reasons for such requests and a table, giving salaries paid to the clerks in the New York and Kings County Surrogates' Courts performing similar duties, as compared with the salaries of such clerks in my office.

Yours respectfully,  
DANIEL NOBLE, Surrogate.  
Office of the Surrogate, Queens County, N. Y., Jamaica, Jan. 26th, 1917.

Honorable Board of Aldermen of the City of New York, City Hall, New York, N. Y.:

Gentlemen—In connection with my application under this date to your Honorable Board, to fix compensation of clerks in my office, I beg to give you the following data as to salaries paid for similar services in Surrogates' Court of New York and Kings and in other courts and offices where practically similar services are performed:

*Surrogates' Courts.*

	New York.	Kings.	Queens. Present Salaries.	Queens. Salaries Requested.
1 Clerk of Surrogate's Court	\$10,000 00	\$9,000 00	\$3,500 00	\$5,000 00
1 Clerk (to Surrogate)	3,000 00	4,000 00	2,100 00	3,000 00
1 Court Stenographer	3,250 00	3,000 00	2,000 00	2,500 00
1 Probate Clerk	5,000 00	4,500 00	1,500 00	2,500 00
1 Accounting Clerk	3,000 00	5,000 00	1,500 00	2,500 00
1 Index Clerk			1,500 00	1,800 00
1 Copyist	1,500 00	{ \$1,400 00 } { 1,300 00 }	1,200 00	1,500 00
2 Copyists			900 00	1,200 00
1 Guardianship Clerk	2,100 00	4,000 00		2,500 00
1 Assistant Clerk				1,500 00

\*Law Assistant. †Chief.

In New York, the Clerk of the Court, or Chief Clerk, has to assist him a first deputy at \$5,500 and a second deputy at \$3,000. In New York County there is one Assistant Probate Clerk at \$2,400, another at \$2,100; in Kings County an Assistant Probate Clerk at \$2,400. In New York there is an Assistant Accounting Clerk at \$2,000 and in Kings an Assistant Accounting Clerk at \$1,800.

There seems to be no position of Index Clerk in the New York and Kings County

Surrogates' offices. The Index Clerk in my office is virtually superintendent of the record room, having a general supervision over the filing of records, doing all necessary indexing and doing typewriter copying as well. His duties are varied and are, no doubt, such as come under various classifications of Superintendent of Recording Clerks (New York), Superintendent of Indexing (Register, New York), \$1,980; Chief Record Clerk (Register, New York), \$2,100; Supervisor of Indexing (Register, New York), \$1,800; Commissioner of Records, Surrogates' Court (New York), Chief Recording Clerk, \$1,800.

Some of the salaries paid to clerks in the office of the County Clerk, Register, etc., of New York and Kings are as follows:

County Court, Kings County: Chief Clerk, \$7,500; Assistant, \$5,000; two Clerks at \$4,000; two Clerks at \$3,800.

Deputy County Clerk, \$5,000; Deputy County Clerk (Queens), \$4,500. In the County Clerk's office of Kings copyists are paid \$1,500; in the County Clerk's office, New York, copyists would seem to be included in the classification of General Clerk at \$1,000 to \$2,400. In the office of the Commissioner of Records of the Surrogates' Court, New York, the salaries of recording clerks are from \$1,200 to \$1,500.

It will be seen from the foregoing that in many cases the salaries to clerks in my office are less than one-third of those paid to clerks performing similar services in New York and Kings Surrogates' offices. This is, manifestly, an unjust discrimination, as the various clerks in my office must be fully as conversant with the laws and rules governing the practice in Surrogates' Courts as the clerks holding similar positions in other such offices, and, further, in New York and Kings you will notice that the various clerks have a number of assistants to help them perform their duties, whereas in my office each clerk attends to several departments, the present accounting clerk having charge not only of the accounting department, but also of the guardianship and miscellaneous departments and having charge of the order and bookkeeping departments. The probate clerk, in addition to his duties in that department, has charge of all administration proceedings and acts as cashier. The index clerk and copyists act as custodians and searchers, for which special men are provided in other offices. I have no law assistant as provided in the Counties of New York, Kings and Bronx, and the duties of such a clerk are performed by my personal clerk and the Clerk of the Surrogate's Court. I also wish to call your attention to the fact that the two copyists in my office at \$900 per year are the only copyists in the City employ paid less than \$1,200 a year.

I annex hereto general statements of the duties at present performed by each of the various clerks.

*Guardianship Clerk.*

The creation of this position is made imperatively necessary by the growth of the business of the office, which has increased from a total of 933 cases of all kinds in 1900 to 2,603 in 1915, or an increase of nearly 200 per cent. The person appointed to this position must be thoroughly familiar with the statutes and the sections of the code of civil procedure governing the appointment of guardians, their control and the management of the funds coming into their possession. He must keep a card index of each guardian appointed, showing the amount of the estate, pass upon all petitions, applications for allowance, etc., and in February of each year he must make an examination of the accounts filed during the preceding month by such guardians and then go through his card index, send notices to guardians previously appointed and who have failed to comply with the law in filing their annual accounts, and take the necessary steps to compel them to comply with the law as to the filing of their annual accounts. It is a position requiring a man of much ability and will entail much hard and arduous labor.

*Assistant Clerk.*

The creation of this position is made necessary by reason of the great growth of business and the expected growth in future, due to the extension of rapid transit lines into Queens County, one of which will be opened February 1st and another shortly thereafter. The present staff of clerks is hard pressed to keep the work up to date and therefore additional help is required.

As to the lower paid clerks in the office, I wish to call your attention to the fact that the greatly increased cost of living has made it impossible for those clerks to properly maintain themselves and their families, and that this fact has been taken into consideration by the Board of Estimate recently in granting increases in salaries to several hundred city employees in the lower paid grades.

As to the other increases requested, I believe you will agree with me that it is unjust to pay clerks in Queens County one-half or one-third the salaries paid to men rendering identically the same services in the Courts of New York and Kings Counties. The fact that these counties are larger than Queens and the office staffs are proportionately larger is not a good argument against giving similar salaries in Queens, as in New York and Kings each clerk in charge of a department or division has a number of assistants who undoubtedly perform the bulk of the work, leaving to the clerk in charge a general supervision.

Here, each clerk must perform all the duties of his position, must know the laws and the rules governing practice, and the fact that the work in Queens has been carefully and conscientiously performed is attested by all lawyers doing business in the court.

In my attendance at meetings of the Board of Estimate and of the Committee in charge of the preparation of the annual budget I have heard judges of various courts giving as one of their reasons for increased appropriations the fact that the collections for fines, etc., by their courts equal or offsets the amounts asked for by them to pay salaries of clerks, etc. In my office the only amounts collected directly are fees for certificates and certified copies, the proceedings of which are used to pay the salaries of three clerks in the office whose names do not appear in the regular departmental estimate.

There is, however, collected through the agency of my court a transfer tax on estates of decedents. This tax is paid to the State Comptroller and used by him for the purpose of paying the general expenses of the state. As the share of the City of New York of the state's tax amounts to about 70 per cent, it will readily be seen that the tax collected through the agency of my court tends to reduce the amount to be paid by the state to that extent. You will readily see by the following table that the city's 70 per cent. of the transfer tax so collected will far more than pay the entire expense of conducting my court and offices.

The following is a table of collections for the past six years:

1910.....	\$53,348 73
1911.....	40,185 32
1912.....	351,965 73
1913.....	187,814 79
1914.....	142,846 58
1915.....	202,595 41

The figures for 1916 are not yet available.

I trust that upon careful consideration of the foregoing facts and such other facts as I may give you upon the hearing upon my application, you will take favorable action upon the same.

Yours respectfully,  
DANIEL NOBLE, Surrogate.

**Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$2,900, for Cleaning, Repairing, Etc., Columns of Viaduct Carrying Riverside Drive Over West 96th Street—Commissioner of Parks, Manhattan and Richmond.**

The Committee on Finance to which was referred on May 22, 1917 (Minutes, page 372), the annexed request of the Commissioner of Parks, Manhattan and Richmond, for special revenue bonds, \$2,900, for the cleaning, painting, minor structural repairs and placing concrete protection about the bases of the columns of the viaduct carrying Riverside Drive over West 96th Street, respectfully

**REPORTS:**

That having examined the subject and basing its opinion on the annexed report of the Bureau of Contract Supervision, which states the repairs are necessary and the amount reasonable, it recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand nine hundred dollars (\$2,900), the proceeds whereof to be used by the Commissioner of Parks, Manhattan and Richmond, for the purpose of cleaning, painting, minor structural repairs and placing concrete protection about the base of the columns of the viaduct carrying Riverside Drive over West 96th Street.

All obligations contracted for hereunder to be incurred on or before December 31, 1917.

FRANCIS P. KENNEY, JOHN T. EAGAN, F. H. STEVENSON, JNO. DIEMER, ROBERT L. MORAN, SAMUEL J. BURDEN, MICHAEL STAPLETON, FRANK A. CUNNINGHAM, Committee on Finance.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, 10th Floor, May 17, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall:

Dear Sir—Request is hereby made for an issue of special revenue bonds, in accordance with the provisions of subdivision 8, section 188 of the Greater New York Charter, to an amount not exceeding \$2,900, the proceeds to be used for the cleaning, painting, minor structural repairs and placing concrete protection about the bases of the columns of the viaduct carrying Riverside Drive over West 96th Street, Borough of Manhattan.

The money will be used by the Department of Plant and Structures, under whose supervision the work will be performed, as in the case of repairs, etc., to the viaduct from 152nd to 155th Streets and Riverside Drive, revenue bonds for which were authorized by resolution of the Board of Aldermen adopted on June 20, 1916, and concurred in by the Board of Estimate on July 27, 1916.

Respectfully yours,

CABOT WARD, Commissioner of Parks.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, May 31, 1917.

No. 1622—Commissioner of Parks, Boroughs of Manhattan and Richmond—Request for Special Revenue Bonds, \$2,900, for Cleaning, Painting, Minor Structural Repairs and Placing Concrete Protection About the Bases of Columns of Viaduct Carrying Riverside Drive over 96th Street.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—The matter has been investigated in accordance with your request of May 24, 1917.

The viaduct structure was last painted more than nine years ago. The steel-work is badly rusted, and to prevent further deterioration, with consequent greater cost for repairs in future, it should be thoroughly cleaned, scraped and painted. The structural repairs are necessary to replace minor parts which are too badly rusted to remain in the structure. The concrete around column bases is intended to prevent the accumulation of rubbish and street filth in contact with the metal, which causes excessive corrosion.

It is the opinion of this Bureau that the work should be done by employees of the Department of Plant and Structures, rather than by contract, but it would have to be done under the jurisdiction of the Park Department.

The amount asked, \$2,900, is a reasonable estimate of the expense of labor and materials for the purpose. Respectfully,

TILDEN ADAMSON, Director.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Burns, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Daly, Delaney, Diemer, Dixon, Donnelly, Dostal, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Glennon, Goetz, Gutman, Hatch, Haubert, Heyman, Hilkeuer, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, Martin, Molen, Moore, Mullen, O'Rourke, Post, Quinn, Roberts, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Smith, Squiers, Sullivan, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Van Name, by John E. **Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$55,000, to Meet Anticipated Deficiency in Account for Year 1917, "Donations to Grand Army Veterans"—Department of Public Charities.**

The Committee on Finance, to which was referred on May 29, 1917 (Minutes, page 419), the annexed request of the Commissioner of Public Charities for Special Revenue Bonds, \$55,000, to meet anticipated deficiency in the account for the year 1917, "Donations to Grand Army Veterans," respectfully

**REPORTS:**

That this is a mandatory appropriation and should have been allowed in the budget for 1917. Predicating on the allowance of last year the Committee believes the amount reasonable, and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifty-five thousand dollars (\$55,000), the proceeds whereof to be used by the Commissioner of Public Charities for the purpose of meeting anticipated deficiency in the account for the year 1917, "Donations to Grand Army Veterans."

FRANCIS P. KENNEY, JOHN T. EAGAN, F. H. STEVENSON, JOHN DIEMER, ROBERT L. MORAN, SAMUEL J. BURDEN, MICHAEL STAPLETON, FRANK A. CUNNINGHAM, Committee on Finance.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, May 29, 1917.

To the Honorable the Board of Aldermen, City Hall, N. Y.:

Gentlemen—Request is hereby made for the issuance of special revenue bond funds in the amount of \$55,000 to meet an anticipated deficiency in account, Code 1988-1917, "Donations to Grand Army Veterans."

The appropriation for this purpose for the year 1917 was \$55,000. The balance in the account to-day is \$6,636. The donations made amount to about \$9,000 per month. The amount expended in 1916 relieving Grand Army Veteran cases was \$102,074.50. The amount which we hereby request, together with the original appropriation, will

make the total for the year 1917, \$110,000, or an increase of \$9,925.50, our experience of last year. This increase is accounted for in some measure by the increased cost of living which has made it necessary for the Department to grant larger allowances in many cases.

The balance in hand at the present time will not suffice to cover requests for relief for the period of one month. It is therefore desirable that funds be made available as soon as possible.

Very sincerely yours, HENRY C. WRIGHT, Acting Commissioner.  
Which, on motion of Alderman Kenney, was laid over for one week.

**Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the President, Borough of Manhattan, to Purchase Gasoline Without Public Letting.**

The Committee on Public Letting, to which was referred on May 22, 1917 (Minutes, page 372), the annexed request of the President, Borough of Manhattan, for authority to purchase gasoline without public letting, respectfully

**REPORTS:**

That a similar permission was granted by the Board on February 6, 1917 (Int. No. 1175), at which time Mr. Cantor, Purchasing Agent, stated that \$2,500 would provide for a six months' supply of gasoline. The Committee believes that market conditions warrant this method of purchasing and further, on the previous statement of the Purchasing Agent, that the same amount will suffice for the next six months. It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized and empowered to purchase gasoline, in the open market without public letting, to an amount not to exceed two thousand five hundred dollars (\$2,500).

JOHN McCANN, WM. P. McGARRY, PATRICK H. SULLIVAN, PETER SCHWEICKERT, EDWARD W. COX, JAMES J. BROWNE, ALEXANDER S. DRESCHER, JOHN F. McCOURT; Committee on Public Letting.  
City of New York, President of the Borough of Manhattan, Municipal Building, May 17, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, N. Y.:

Dear Sir—Request is hereby made for permission to purchase in the open market, without public letting, a quantity of gasoline, not to exceed the sum of \$5,000, as it is found that a better price can be obtained for such quantities as may be required from time to time than for a large quantity by contract at a public letting.

Very truly yours, MARCUS M. MARKS, President, Borough of Manhattan.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Burns, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Daly, Delaney, Diemer, Dixon, Donnelly, Dostal, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Glennon, Goetz, Gutman, Hatch, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, Martin, Molen, Moore, Mullen, O'Rourke, Post, Quinn, Roberts, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Smith, Squiers, Sullivan, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; the Vice-Chairman—65.

**Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Correction to Purchase Men's Oak Outsoles Without Public Letting.**

The Committee on Public Letting, to which was referred on May 29, 1917 (Minutes, page 413), the annexed request of the Commissioner of Correction for authority to purchase men's oak outsoles without public letting, respectfully

**REPORTS:**

That, having examined the subject, it believes the request reasonable, as the Commissioner of Correction states considerable saving will be had. The details are fully set forth in the letter of application.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Correction be and he is hereby authorized and empowered to purchase nine thousand five hundred pairs of men's oak outsoles, in the open market without public letting, at a cost of fifty-five cents per pair, a total of five thousand two hundred and twenty-five dollars (\$5,225).

JOHN McCANN, WM. P. McGARRY, PATRICK H. SULLIVAN, PETER SCHWEICKERT, EDWARD W. COX, JAMES J. BROWNE, ALEXANDER S. DRESCHER, JOHN F. McCOURT, Committee on Public Letting.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York May 23, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Dear Sir—I hereby respectfully request approval by your Honorable Board of an open market expenditure, without the formality of advertising, in the sum of \$5,225, for the purchase of 9,500 pairs of men's oak outsoles at 55 cents per pair.

As the price of leather is very high and the market unsettled at the present time, it will effect great economy if this approval is granted, not only saving the difference between 55 cents and the current price, which is 75 cents, but also the cost of advertising.

Our manufacturing industries are greatly in need of these soles, and the time required to solicit competitive bids will work a hardship on this Department by reducing the daily output of shoes that are so urgently needed by the inmates.

Trusting you will take favorable action on this request at your earliest convenience. Very respectfully,

DAVID I. KELLY, Deputy and Acting Commissioner.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

**Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Street Cleaning to Purchase Repair Parts for Dumpers Without Public Letting.**

The Committee on Public Letting, to which was referred on May 29, 1917 (Minutes, page 415), the annexed request of the Commissioner of Street Cleaning for authority to purchase repair parts for Dumpers without public letting, respectfully

**REPORTS:**

That, inasmuch as the Commissioner of Street Cleaning stated to the Committee that considerable saving would be had by purchasing these parts from the manufacturers of the wagons, it believes it to be to the City's interest to grant the permission sought, and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Street Cleaning be and he is hereby authorized and empowered to purchase in the open market without public letting repair parts for Watson dumpers, consisting of springs, hinges, pole chains, loops for bar for pole chain, eveners plates, front and rear axles, axle nuts, axle boxes, malleable iron parts, etc., the whole at a cost amounting to two thousand five hundred and thirteen dollars and twenty-five cents (\$2,513.25).

JOHN McCANN, WM. P. McGARRY, PATRICK H. SULLIVAN, PETER SCHWEICKERT, EDWARD W. COX, JAMES J. BROWNE, ALEXANDER S. DRESCHER, JOHN F. McCOURT, Committee on Public Letting.

Department of Street Cleaning of The City of New York, Office of the Commissioner, Municipal Building, New York City, May 26, 1917.

Hon. FRANK L. DOWLING, President of the Board of Aldermen:

Dear Sir—Pursuant to section 419 of the Greater New York Charter, I respectfully request permission to purchase in the open market, without public letting, repair parts for Watson dumpers, consisting of springs, hinges, pole chains, loops for spreader bar for pole chain, eveners plates, front and rear axles, axle nuts, axle boxes, malleable

iron parts, etc., the whole amounting to twenty-five hundred and thirteen dollars and twenty-five cents (\$2,513.25).

Upon investigation I find that these articles cannot be purchased in the open market except at a greatly increased cost over the bid of the Watson Wagon Company, who are the manufacturers of the dumping wagons to which these parts belong. The prices obtained from them are, to the best of my belief, fair and reasonable.

As these parts are necessary for the proper performance of the work of this department, I respectfully request that the same be given immediate consideration.

Yours truly,

J. T. FETHERSTON, Commissioner.

The President put the question whether the Board would agree with said report and adopt such resolution.

#### Report of the Committee on General Welfare in Favor of Adopting a Substitute Ordinance to Amend the Code of Ordinances, Relating to Dealers in Second-hand Articles.

The Committee on General Welfare, to which was referred on May 22, 1917 (Minutes, page 338), the annexed ordinance to amend section 44, article 4, chapter 14 of the Code of Ordinances, relating to dealers in second-hand articles, respectfully

## REPORTS:

That the Committee after having held a public hearing on the original ordinance on the same subject bearing No. 1373, which was referred to the Committee on March 13, 1917, and having heard Mr. Van Wirt, representing the Police Department; Mr. Hartman, representing the old clothes dealers; Mr. Diamond, Secretary Old Clothes Dealers; Mr. Yager and Mr. Salken in favor of same, who urged the adoption of this ordinance for the reason that it would regulate and place under the jurisdiction of the Commissioner of Licenses all dealers of old clothes, and having been informed by the representative of the Police Department that the present method of selling old clothes upon the streets caused considerable trouble and annoyance, and further that many of the dealers in and peddlers of old clothes have been acting in violation of the law. The Committee believes that this ordinance will prevent recurrences of this kind in the future; it further believes that a fee of \$5 will be ample compensation for this privilege.

It, therefore, recommends the adoption of the accompanying substitute ordinance

HARRY ROBITZEK, Chairman; ALEXANDER BASSETT, JAMES R. FERGUSON, JOHN T. EAGAN, WILLIAM T. COLLINS, CHAS. H. HAUBERT, S. FRIEDLANDER, ARNON L. SQUIERS, Committee on General Welfare.

City of New York, Department of Licenses, 49 Lafayette Street, June 11, 1917.

Hon. HARRY ROBITZEK, Chairman, Committee on General Welfare, Board of Aldermen, City Hall:

Dear Sir—There has been introduced by the Welfare Committee in the Board of Aldermen, in new form, an amendment to the second hand dealers' ordinance, providing for the licensing of old clothes dealers and peddlers. While on the whole

the amendment is a good one, there are two features of it to which this Department must respectfully object.

The first feature is that providing for a license fee lower than that charged to any other second hand dealer. I am unable to find any reason why this particular group should pay less than other dealers, especially as the rate was worked out very carefully on the basis of the cost of licensing and regulating all second hand dealers. It is also a fact that when this question was first brought to us by the second hand clothing peddlers, they had no objection to the license fee already fixed in the second hand dealers' ordinance.

The other objection is to the date when the ordinance will become effective, which is January 1, 1918.

In order not to seriously complicate the work of the Department, the ordinance should become effective immediately, or else not before January 31, 1918. This latter date is the expiration date of all second hand dealers' licenses.

If the ordinance became effective immediately, a provision might be included under which a license fee for part of a year might be charged now and the license now issued made to expire on January 31, 1918, when licenses for a full year could be obtained.

If the provision now in the ordinance were retained, a man would be compelled to pay a year's license fee on January 1, 1918, and his license would expire at the end of that month.

I hope that the Welfare Committee and the Board as a whole will see fit to amend the proposed ordinance in the particulars mentioned above. Very truly yours,

GEORGE H. BELL, Commissioner.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Burns, Carroll, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Delaney, Diemer, Dixon, Donnelly, Dostal, Eagan, Farley, Ferguson, Ferrand, Gaynor, Gilmore, Glennon, Gutman, Hatch, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, Molen, Moore, Mullen, O'Rourke, Post, Quinn, Roberts, Robitzek, Schmitz, Schweickert, Silberstein, Smith, Squiers, Stapleton, Stevenson, Trau, Walsh, Williams, Wirth, Wise; President Van Name, by John E. ### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidders assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."
