DISTRICT RESOURCE STATEMENT

Fiscal and Service Reports For Fiscal Years 2014 and 2015

Human Resources Administration

The City of New York
Bill de Blasio, Mayor

INTRODUCTION

The District Resource Statement (DRS) is prepared annually by the Office of Management and Budget. Sections 2707 and 2708 of the New York City Charter require that agencies report to the City's 59 community boards expense budget and service information at the agency's service district level. The reporting levels vary by agency and by program. Service districts range from police precincts which can be smaller than community districts to multi-borough offices.

This edition of the DRS gives information for both FY 2014 and FY 2015. The current edition reports on agencies that deliver services directly to community districts and boroughs. These agencies manually generate the information in the DRS, except for the fiscal data which is provided by the Financial Information Services Agency. The agencies also provide performance indicators for a variety of services. An explanation of agency programs and performance indicators is included.

Personnel headcounts and corresponding fiscal data, equipment information, performance indicators, and contractual services are organized as follows:

- **Personnel Report** - FY 2014 headcounts and fiscal data are as of June 30, 2014. FY 2015 Adopted Budget data is as of the Budget Adoption in June.
- **Equipment Report** - Unless otherwise noted, FY 2014 information is as of June 30, 2014. FY 2015 information indicates proposed equipment levels.
- **Performance Report** - Once again, community boards will be able to compare select measures of agency

performance within their district to a borough-wide and/or citywide average of the agency's performance. Except where indicated, the performance figures are full year figures for FY 2014. Section 12(c)6 of the New York City Charter states that "for agencies with local service districts or programs within community districts and boroughs, the mayor's preliminary management report and management report insofar as practicable shall include schedules of agency service goals, performance measures and actual performance relative to goals for each such local service district or program." Indicator information in the DRS supplements the Mayor's Management Report by providing measures of performance at the local level. Totals for all the districts reporting in the DRS will be consistent with the citywide numbers reported in the MMR except where otherwise noted.

- **Contract Report** - Data on contractual services varies somewhat from program to program, but includes at least the time period of the contract, the cost of the contract, the kind of service provided and some measure of the service.

For each agency program, all pages for a particular local service district are grouped together in the following order: Personnel, Equipment, Performance, and Contract Reports. The Personnel Reports give a complete description of the service and the address of the local service district headquarters. The contract pages provide the names and addresses of vendors, and sometimes the location where the service is provided.

The District Resource Statement is useful to the community boards at all stages of the budget participation process. Community boards can use the DRS to monitor service delivery throughout the year. It provides a common data base which the agencies and community boards can use to discuss service delivery and to formulate specific budget requests. The Performance Reports can help the boards assess the quality of the service in relation to the resources which are deployed in or budgeted for the community district. By comparing this year's DRS with previous editions, community boards can also use the DRS to analyze trends in funding levels, resource allocation, and service delivery. Using the Mayor's Management Report, boards are able to compare service performance indicators in their district with citywide findings.

Caution must be used in interpreting the information contained in this document. Agencies often need to move personnel or equipment from one district to another or employ seasonal workers depending on the time of the year. These changes are not reflected in the DRS. A reduction in staffing levels does not necessarily signal a corresponding reduction in services. Where necessary agencies provide explanatory footnotes. Also, Financial Plan Savings are not reflected in the local district reports because these amounts are budgeted at the Unit of Appropriation level. It is not possible to predict the impact of financial savings on an individual service district level.

OMB publishes District Resource Statements for the following agencies:

- Department for the Aging
- Department of Buildings
- Department of Cultural Affairs
- Department of Small Business Services
- Department of Environmental Protection
- Fire Department
- Department of Health & Mental Hygiene
- Department of Housing Preservation & Development
- Human Resources Administration
- Libraries
- Department of Parks and Recreation
- Police Department
- Department of Sanitation
- Department of Transportation
- Department of Youth and Community Development

HUMAN RESOURCES ADMINISTRATION

AGENCY MISSION

The Human Resources Administration/Department of Social Services (HRA/DSS) enhances the quality of life for all New Yorkers by providing temporary help to eligible individuals and families with social service and economic needs in order to assist them in leading independent lives. These goals are accomplished through the effective administration of a broad range of social welfare programs and services.

The Human Resources Administration (HRA) provides economic support and social services to families and individuals through the administration of major benefit programs including Cash Assistance, Supplemental Nutritional Assistance Program benefits (food stamps), Medicaid, and Child Support Services. HRA also provides homelessness prevention, educational, vocational and employment services, assistance for persons with disabilities, services for immigrants, civil legal aid and disaster relief. For the most vulnerable New Yorkers, it provides HIV/AIDS Services, Adult Protective Services, Home Care and programs for survivors of domestic violence.

The Human Resources Administration Program Areas

Adult Protective Services (APS)

Adult Protective Services (APS) administers case management services for over 5,000 vulnerable clients. APS is a state-mandated program that is available to persons 18 years of age and older without regard to income who are; mentally and/or physically impaired; and due to these impairments are unable to manage their own resources carry out the activities of daily living, or protect themselves from abuse, neglect and exploitation or other hazardous situations without assistance from others; and have no one available to who is willing and able to assist them responsibly. APS clients typically lack the ability to meet their essential needs for food, clothing, or health care. APS seeks to resolve promptly the risks faced by eligible clients by arranging for services and support that will enable these individuals to live independently and safely within their homes communities. APS works collaboratively with many community organizations to provide comprehensive services to this population.

Customized Assistance Services (CAS)

Customized Assistance Services (CAS) helps Human Resources Administration (HRA) clients with health and/or mental health conditions reach the highest attainable level of functioning and self-sufficiency by providing comprehensive, integrated, individualized clinical and support services.

CAS works with other components of HRA and with other governmental and non-governmental service providers to create new programs and to integrate and refine existing services so the people it serves can achieve their maximum functional capacity.

CAS provides clinical expertise, recommendations, and direction to HRA in the fields of health, mental health, substance abuse reasonable accommodations and vocational rehabilitation. CAS staff provides psychiatric evaluation and crisis intervention services, housing eligibility service, reasonable accommodation determinations and assistance in obtaining federal disability benefits. CAS manages contracts that serve individuals and families with medical, mental health, functional limitations and/or substance abuse disorders. CAS programs provide clinically focused case management and utilize sophisticated clinical tracking and reporting systems. In Fiscal 2015, HRA will issue a new solicitation for services to improve SSI award rates through an enhanced appeals process.

Emergency and Intervention Services (EIS)

Emergency and Intervention Services (EIS) provides a variety of comprehensive emergency social services to vulnerable populations. These services address immediate and long-term needs of individuals and families, and are administered through a matrix of programs that include the following: the Office of Domestic Violence (ODV), Emergency Food and Nutrition Assistance Services, the Home Energy Assistance Program (HEAP), and Emergency Utility Intervention Programs (EUIP).

Office of Domestic Violence (ODV) provides oversight for the largest domestic shelter system in the country which provides safety and services for this vulnerable population. This network of more than 52 emergency domestic violence shelters provide temporary emergency housing, and supportive services to over 17,500 survivors of domestic violence and their children annually. ODV provides oversight and funding for the 24-hour domestic violence hotline. ODV also administers the No Violence Again (NOVA) program located at the DHS intake center, and the Domestic Violence Liaison Unit, which provides domestic violence counseling and intervention at Job Centers. ODV partners with a network of 13 community-based organizations, which provide counseling, legal services, financial development services, and job readiness for domestic violence survivors. In addition, ODV leads a nationally recognized domestic violence primary prevention effort, the Teen Relationship Abuse Prevention Program (RAPP). Teen RAPP is located in over 60 high schools and middle schools citywide.

The ***Emergency Food and Nutrition Assistance Program***, administers the **Emergency Food Assistance Program (EFAP)**, which provides administrative funding, food (non-perishable and frozen), and technical assistance to over 480 community kitchens and food pantries citywide. EFAP distributes over 11 million pounds of food annually and serves over 10 million people each year. This office also administers the **Supplemental Nutrition Assistance Program (SNAP) Outreach Services**, which provides community based outreach, education and enrollment for **SNAP benefits and the SNAP Education Program (SNAP - Ed)**, which provides nutrition education to SNAP eligible populations.

Home Energy Assistance Program (HEAP) is federally funded program that assists low-income, elderly and vulnerable eligible households with grants to pay for their heating costs. The program provides regular and emergency grants during the heating season to defray energy costs and ensure continued service during the winter months. HEAP provides more than \$38 million in grants each year.

Emergency Utility Intervention Programs (EUIP) administers a group of programs that assist vulnerable elderly and low-income residents maintain utility service during the heating season. These programs provide emergency grants and negotiate with the utility companies to ensure that services to this vulnerable, elderly and low-income population are not interrupted during the heating season.

The Family Independence Administration (FIA)

The Family Independence Administration (FIA) operates HRA's Job and SNAP Centers which administer temporary and recurring Cash Assistance, SNAP benefits, medical assistance and employment services for those individuals and families that meet the eligibility criteria. To support clients receiving cash assistance, FIA emphasizes individual assessments, greater access to education and training, literacy programs and other vocational programs that will lead to skilled jobs. This approach is intended to reduce the number of people who quickly return to Cash Assistance because of placement in jobs with unsustainable wages. For eligible families with children who are facing urgent needs resulting from a sudden occurrence or a set of circumstances requiring immediate attention, FIA provides cash grants to prevent evictions and assist clients in a crisis situation. FIA is strongly focused

on homelessness prevention and assists clients in securing housing and access to emergency benefits for payment of rental or mortgage and tax arrears, rent in advance and other fees to secure stable housing. FIA works closely with other programs, including CAS, HASA, OCSE, and ODV to ensure that the delivery of cash benefits and needed support services are all coordinated.

HIV/AIDS Services Administration (HASA)

The HIV/AIDS Services Administration (HASA) is the most comprehensive program of its kind in the country, helping New Yorkers living with clinically symptomatic HIV or AIDS live healthier and more independent lives. Individualized service plans are developed which target the support and necessary benefits that are specific to a client's medical situation, and that will enhance his or her well-being.

HASA provides intensive case management, rental assistance, emergency and non-emergency housing, and assistance with applying for public benefits and services including Medicaid, SNAP and Cash Assistance. HASA also provides clients with access to voluntary vocational services to assist them in preparing to enter or re-enter the workforce. Clients are better able to select vocational goals and receive support with counselors to help identify barriers to employment.

Other HASA services include: home care and homemaking services, mental health and substance abuse screening and treatment referrals, transportation assistance, referrals to community-based organizations, and assistance with SSI or SSD applications and appeals.

Homelessness Prevention Administration (HPA)

The Homelessness Prevention Administration (HPA) works to keep New Yorkers in their homes. HPA works with the State Office of Court Administration's Housing Courts, the Department of Homeless Services (DHS), the NYC Housing Authority (NYCHA) and many other organizations and City agencies to assist families and individuals who need help in maintaining stable, affordable housing. Within the Homelessness Prevention Administration is: Housing and Homeless Services, the Rental Assistance Program, the Legal Assistance Initiatives Unit, and the Early Intervention Outreach Team, all of which are vital partners in assisting New Yorkers in need.

During Fiscal 2015, HRA continues to expand programs to prevent homelessness, including the centralization of anti-eviction and civil legal services contracts, expedited access to rental arrears benefits, an increased presence in Borough Housing Courts and DHS sites, and the creation of six new rental assistance programs for homeless families in partnership with DHS and New York State.

Medical Assistance Programs (MAP)

Medical Assistance Programs (MAP) administers the Medicaid public health care program and other public health insurance programs for the City of New York, providing eligible families and individuals access to doctors, medication and other health care services.

Home Care Services Program (HCSP)

The Home Care Services Program (HCSP) is responsible for Medicaid-funded non-institutional long-term care programs in New York City. Programs include the Personal Care Services Program, the Long Term Home Health Care Program and the Care at Home Program Certified Home Health Agencies (CHHAs) are the responsibility of New York State Department of Health (SDOH), not the City of New York. HCSP is responsible for transferring a client from a CHHA to personal care services when a CHHA so requests.

Office of Community Affairs and Immigrant Services (OCAIS)

Each year the Office of Community Affairs and Immigrant Services (OCAIS) communicates with constituents through more than two million phone calls and 6,500 letters/emails, meets with 59 community boards citywide, liaises with over 100 non-profit organizations and works collaboratively with HRA program areas to remove potential barriers to services for one million limited English proficient (LEP) clients.

OCAIS oversees the Office of Constituent Services (OCS), the Office of Community Affairs (OCA); and the Office of Refugee and Immigrant Affairs.

Office of Constituent Services (OCS) is comprised of the Office of Constituent Communications (OCC) and Infoline, HRA's call center. The OCC is responsible for processing and resolving constituent concerns and complaints which are referred to HRA directly from constituents, the Mayor's Office, elected officials, 311, community-based organizations, client advocates and other HRA staff. The unit works closely with all of the Agency program areas and service centers to address these inquiries.

Infoline provides information on HRA's programs to the general public. Infoline uses both an interactive voice response system (IVRS) and live telephone agents who speak to callers directly and are able to provide case specific information. Constituents can call the Infoline telephone service line for information on all HRA programs, including how to apply, emergency assistance, office locations and case status. Homebound applicants may call this number to request an application and home visit. The Central Complaint Unit (CCU), a unit at Infoline, handles more complex cases that often require working with the Job Centers and Caseworkers for resolution.

Office of Community Affairs (OCA) acts as a liaison between HRA and elected officials, community-based organizations and 59 Community Boards citywide by providing them with information on HRA's programs. OCA is responsible for coordinating HRA's role in the City's Budget Consultation process in which the City's 59 Community Boards meet with all City agencies to provide community feedback on City projects. OCA coordinates HRA's participation in regular Mayoral Civic Meetings held in different neighborhoods across the City every year. Four Borough Coordinators attend regular Community Board meetings weekly covering all 59 Community Boards and deliver presentations about HRA to community-based organizations.

Office of Refugee and Immigrant Affairs (ORIA) has the goal of ensuring that New York City's Limited English Proficient (LEP) and immigrant residents have equal access to HRA's benefits and services, in accordance with Federal, State and local laws. ORIA monitors HRA's LEP client contact points; centralizes management of translation and interpretation contracts; assists program areas in drafting and implementing policies regarding service to LEP clients; contracts for testing of prospective bilingual workers; develops and provides training to Agency staff on utilizing interpretation services, compliance with NYC Local Law 73 and Executive Order 120; and provides guidance to program areas on immigrant eligibility for public benefits.

Office of Citywide Health Insurance Access (OCHIA)

HRA's Office of Citywide Health Insurance Access (OCHIA) works through a broad array of partnerships and its informational website, NYC Health Insurance Link, to help NYC residents and business owners understand their coverage opportunities and responsibilities under health care reform. OCHIA engages public and private organizations to make health insurance enrollment assistance through the NY State of Health Marketplace available on-site at city offices and events in neighborhoods throughout the five boroughs. To reach NYC's diverse population, OCHIA creates fact sheets in Arabic, Bengali, Chinese, French, Haitian Creole, Korean, Russian and Urdu to help New Yorkers understand the Affordable Care Act (ACA) and the full scope of their coverage and care options, including new tax credits and cost-sharing subsidies made available through the ACA to help make coverage more affordable. OCHIA serves to link all New Yorkers – particularly those least likely to have health insurance including immigrants, freelancers, small business owners and their employees, and young adults – to the coverage and care options that are best suited to their needs.

Office of Child Support Enforcement (OCSE)

The Office of Child Support Enforcement (OCSE) works with NYC families to ensure that children receive financial support from both parents. OCSE helps locate noncustodial parents, establishes paternity, provides summons service, helps establish court-ordered child support and medical support orders, and collects and enforces those child support orders. All custodial parents, guardians, and caretakers are eligible for child support services regardless of their income or immigration status. OCSE also works with noncustodial parents (NCPs) to make their orders reflect their income and educate them on the rules governing child support. OCSE can help unemployed NCPs find work through the Support Through Employment Program (STEP), and refer parents to free or low-cost mediation services to resolve disputes outside of Family Court. OCSE's goal is for increased NCP compliance with child support orders and the avoidance of the accumulation of arrears. OCSE maintains a Customer Service Walk-in Center and field offices in each borough and in Family Court. It also includes the divisions of Parent and Community Engagement, Fiscal Services, and Enforcement.

OCSE has implemented several programs and initiatives to help parents understand the benefits of child support, their rights and responsibilities in the formal child support process, and manage their child support cases.

EXPLANATION OF INDICATORS

CENSUS DATA

The source for the 2010 Census demographic and socioeconomic data is from New York City's Department of City Planning.

PROGRAM DATA

Included for New York City, each borough and each community district is the data relating to Public Assistance, SNAP benefits, Medicaid, and SSI programs as of October 2014. The geographic breakdowns are based on address information provided by clients.

DIRECT SERVICE OFFICES

The direct service offices operated by HRA program areas are broken down by borough and community district. Identified is the community district of their location although many of the direct service offices serve multiple community districts and/or multiple boroughs.

CONTRACT SERVICES - Planned for fiscal year 2015 (As of October 2014)

The DRS includes a list of human service contracts based on the Contractor's address. Information for these contracts includes type of service, contractual dates, contractor's name and address and contract amount. Contract addresses may not represent the areas served by the contract since the address may only be an administrative address and many contracts serve multiple community districts, as well as multiple boroughs.
