Subject: DOHMH Report: NYC Community Air Survey
Date: Monday, April 22, 2019 5:14:08 PM

Hello,

Please follow the link below to the annual New York Community Air Survey (NYCCAS). NYCCAS is a collaboration between the Health Department and Queens College of the City University of New York and provides data to:

- Help inform the City's sustainability plan, OneNYC
- Track changes in air quality over time
- Estimate exposures for health research

This report fulfills the reporting requirement of Local Law 103 of 2015 which requires that DOHMH conduct community air quality surveys and publish the results annually.

<https://nyc-ehs.net/nyccas>

Please let us know if you have any questions.

Thanks,

Jacob Kraemer *(he/him/his)*
