GILV OF NEW YORK,
BORDOON OF BROOKLYN—DEPARTMENT OF HUMBERS, MUNDIPAL BUILDING, May 8, 1901.

Hon, WILLIAM BRENSAN, Deputy Commissioner, Department of Science :

Dear Six-I beg to call your attention to the fact that, under an ordinance ascently pasced by the Manicipal Assembly, and in accordance with special law passed by the Legislature of the State of New York, the foot of Grand street is to be paved with granics block passement, and has been widened so as to include an area approximately too feet square, which has been condemned and is to be formed into a sort of plaza. Specifications and contracts are about to be submitted for the above improvement, but the changes contemplated will render necessary the construction of a new sewer-basin at what will now be the intersection of the easterly side of River street with the northerly side of the plaza or open space at the toot of Grand street. At the same time the present basin, located at the northeasterly corner of Grand and River streets, will become unnecessary and can be removed.

Herewith I beg to submit blue print of the plan of the improvement in question, apon which are indicated the location of the new sewer-basin which should be built and the old one which should be removed, and would respectfully recommend that the matter be brought to the attention of the President of the Borough in order that the necessary steps may be taken without aday for the construction of the basin as mentioned above, if, in your opinion, the basin should be built in the usual manner and the cost assessed upon the property benefited; also that you may take steps to have the old basin removed as stated above.
