MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 1065.

City of New York—Office of the Mayor, }
August 10, 1906.

To the Honorable the Board of Aldermen of The City of New York:

Sirs—I return herewith, with my disapproval, a resolution adopted by your Honorable Board on July 31, 1906, as follows:

Resolved, That permission be given and the same is hereby given to Berthold Mucke, to place, keep and maintain an ornamental clock on the sidewalk at the curb in front of his store, situate at No. 2633 Eighth avenue, said clock not to be used for advertising purposes, and said permission to continue only during the pleasure of the Board of Aldermen.

In passing on this question it is perhaps immaterial whether or not the provision that the clock shall not be used for advertising purposes has any real meaning, inas-

much as it is very certain that Mr. Mucke does not intend to make a present to the public of a clock, but intends, on the contrary, to place the same in front of his store and to inscribe upon the same his name for the purpose of attracting customers.

Whether or not the clock is to be used for advertising purposes, this resolution is fatally bad for several reasons.

The powers of the Board of Aldermen in regard to such matters are derived from section 50 of the Charter, which gives to that body the power "to regulate the use of the streets for signs, signposts * * * posts for telegraph or other electric wires, and other purposes."

The erection of a clock is not apparently covered by the portion of the section cited, but even if it is there still remains a fatal objection to the ordinance.

The subsequent portions of the section in question contain these provisions:

"The Board of Aldermen shall not have power to authorize the placing or continuing of any encroachment or obstruction upon any street or sidewalk, except the temporary occupation thereof during the erection or repairing of a building on a lot opposite the same. * * * The Board of Aldermen shall not pass any special ordinance in relation to any of the matters mentioned in this section. All ordinances in relation thereto shall be general ordinances which may either apply throughout the whole City or throughout specified portions thereof. * * * All general ordinances relating to authorized structures, encroachments or obstructions in or upon the streets or sidewalks * * * shall fix a definite license fee for every such authorized structure, encroachment or obstruction * * *"

It is apparent, therefore, that the special resolution in question is in absolute and direct conflict with the specific provisions of the section in question, and, therefore, I cannot approve the same.

Respectfully yours,

P. F. McGOWAN, Acting Mayor.

Resolved, That permission be given and the same is hereby given to Berthold Mucke, to place, keep and maintain an ornamental clock on the sidewalk at the curb in front of his store, situate at No. 2633 Eighth avenue; said clock not to be used for advertising purposes, and said permission to continue only during the pleasure of the Board of Aldermen.

Which was laid over, ordered to be printed in the Minutes and published in full in the CITY RECORD.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

PETITIONS AND COMMUNICATIONS.

No. 1079.

Central Federated Union, }
No. 184 Eldridge Street, }
New York, August 9, 1906.

To the Honorable Board of Aldermen:

Gentlemen—By direction of the Central Federated Union, I desire to call your attention to a grievance lodged by the International Union of Pavers and Ramblers against the New York City Railway Company, in which said company is charged with keeping its tracks in such a condition that they are a menace to the traveling public. The following streets should be repaired at once: Second avenue, north to One Hundred and Twenty-ninth street; Eighth avenue, from Forty-sixth street to Fifty-eighth street; Eighth avenue, from One Hundred and Third street north to One Hundred and Fifty-fifth street; the Bowery, from Cooper square south to Grand street; Ninth avenue, from Thirty-fourth to Fifty-ninth street. Other streets are in a deplorable condition, having been torn up by the subway company and the salt water main contractors since early spring.

Desiring and expecting that your honorable body will give this matter immediate consideration, I am,

Very truly,

ERNEST BOHM, Corresponding Secretary.

Which was referred to the Committee on Railroads.

No. 1080.

To the Board of Aldermen of The City of New York, Board of Estimate and Apportionment and the Local Board of the Borough of Richmond:

Gentlemen—The undersigned petitions that suitable resolutions be adopted by the proper authorities to close Lafayette avenue, Port Richmond, in the Third Ward of the Borough of Richmond, City of New York, as shown on "An amended map of property of the heirs of Charles Van Name, Port Richmond, Staten Island, Wm. R. Hillyer, Surveyor," June, 1892, from Charles avenue south about four hundred and fifty (450) feet to property of the heirs of Peter C. La Forge, deceased, except such part as is within the new street line, and in support of this petition would state:

First—That there is a commission of estimate and assessment now in session on a new line of Lafayette avenue, in close proximity to the old one.

Second—That the undersigned is the owner in fee simple, free from all incumbrances, of all the land on both sides of Lafayette avenue requested to be closed, and also was the owner of the La Forge tract, through which new Lafayette avenue was continued by him, and said old one was never continued or traveled over, the said La Forge tract being in a woods, and no houses were fronting on said street sought to be closed or upon the land facing such street.

Third—That Hon. S. F. Rawson, of De Groot, Rawson & Stafford, stated, professionally, to the applicant that after having acquired all the land on both sides of this street, it having but one outlet—to wit, Charles avenue—that the same could be closed and the land redivided if desired, but for greater certainty for the Title Insurance Company's insurance, to apply as herein for a resolution upon this statement of facts.

Fourth—A copy of said map, showing new and old Lafayette avenue, is attached hereto.

Fifth—That petitioner derived title to the lots as follows:

5. Joseph Howard Crittenden and others to W. Wallace Cornell and H. J. Sharrett, deed July 26, 1906, Lots Nos. 52 and 60, and the right to close said avenue.

7. John A. Burrucker and wife to Wm. Wallace Cornell, deed dated July 27, 1906, Lot No. 51.

8. That Peter C. La Forge, Andrew Hagaman, William Wallace Cornell, have conveyed all their rights to said premises and others to Horatio J. Sharrett.

9. That said premises have been redivided and will be sold to-morrow, August 25, 1906, according to said new map fronting upon said new Lafayette avenue, as adopted by The City of New York.

Hon. P. J. SCULLY, City Clerk:

Resolved, That the Board of Aldermen be and is hereby respectfully requested to authorize the Board of Health, pursuant to the provisions of section 419, chapter 466, of the Laws of 1901, to contract for and purchase at a price not exceeding \$3,000, in the open market, without public letting, an automobile, to be used by the Assistant Sanitary Superintendent of this Department, assigned to duty in the Borough of Manhattan, in the performance of his official duties.

Which were severally referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Corporation Counsel:

No. 1083.

Law Department—Office of the Corporation Counsel,
New York, August 2, 1906.

To the Board of Aldermen of The City of New York:

Dear Sirs—Pursuant to the request contained in the resolution of your Board adopted February 6, 1906, in relation to the property on Wall and William streets, in the Borough of Manhattan, occupied as a Custom House and known as Lot No. 1 in Block 27, Section 1, on the land map of the Borough of Manhattan, by which resolution the Corporation Counsel was requested to inform your Board upon the following points:

1. Of the name of the owner, or owners, of the aforesaid property.
2. The assessed value of the said property.
3. The amount of taxes assessed against or imposed upon said property since 1899, and what, if any, part thereof has been paid.
4. What, if any, reason is assigned for non-payment of any such tax.
5. What, if any, effort has been or is being made to collect the taxes due and unpaid on the aforesaid property.

From such information as I have been able to obtain from the Department of Taxes and Assessments and the Receiver of Taxes of The City of New York and other sources, I would respectfully state to your Honorable Board:

1. That the owner of the aforesaid property in the year 1899 was, and continuously since that date has been, the United States Government.

2. That the property was assessed for taxation in each of the years 1899 to 1905, inclusive, as follows:

1899	\$2,600,000 00
1900	2,400,000 00
1901	2,400,000 00
1902	2,800,000 00
1903	3,150,000 00
1904	4,500,000 00
1905	4,500,000 00

In the years 1900 and 1901 the assessment was by name against the National City Bank; in the year 1899 against United States Custom House, and in each of the other years against United States Government.

3. In each of the years 1899 to 1905, inclusive, the property, although assessed as required by law, was marked "Exempt," and no taxes were levied thereon.

4 and 5. The reason assigned for non-payment of taxes and for the absence of any effort to collect "the taxes due and unpaid on the aforesaid property" is that no tax was levied for any of the years in question.

Since your resolution was transmitted, the general question of the taxation or exemption from taxation of the Old Custom House property has been the subject of consideration in Congress, and it is now commonly known that the property was sold by the United States Government in 1899 and was bid in by the National City Bank at the sum of \$3,265,000. No deed appears to have been given by the United States to the bank, for the reason that there still remains due and unpaid a balance of \$50,000 on the original selling price.

When, in the year 1900, an application was filed in the Department of Taxes and Assessments to exempt the property from taxation on the ground that the bank was not the owner of the property, and that the title was still in the United States, the matter was referred to the Law Department of the City and the Corporation Counsel advised, under date of May 5, 1900, that, if the United States was the owner of the premises on the second Monday of January of that year, the assessment was void.

As there has been no apparent change in the situation since 1900, the Department of Taxes and Assessments has continued the exemption on its books.

Respectfully yours,

THEODORE CONNOLLY,

Acting Corporation Counsel.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the District Attorney of Kings County:

No. 1089.

Office of the President of the Borough of Queens,
Long Island City, August 2, 1906.

Mr. PATRICK J. SCULLY, Clerk to the Board of Aldermen, City of New York:

Dear Sir—I am directed by President Bermel to transmit, herewith, in accordance with paragraph 62 of section 1, chapter 754, of the Laws of 1897 (Grade Crossing Law), a resolution recently adopted by the Jamaica Local Board of Improvements of the Borough of Queens, relative to the construction of a tunnel at the grade crossing at Farmers avenue, Hollis, Fourth Ward, Borough of Queens, for such action as may be necessary by the Board of Aldermen, in conformity with the provisions of the law above referred to.

Respectfully,

HERMAN RINGE,

Secretary, Borough of Queens.

Whereas, A petition for the construction of a tunnel at the grade crossing at Farmers avenue, Hollis, Fourth Ward of the Borough of Queens, has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board, at which the petition was duly submitted by him and a full hearing given thereon; and

Whereas, Owing to the heavy vehicular and pedestrian traffic at this point there is great and constant danger to life and limb; therefore be it

Resolved, by the Local Board of Improvements of the Jamaica District, in meeting assembled on July 18, 1906, That, in accordance with paragraph 62 of section 1, chapter 754, of the Laws of 1897 (Grade Crossing Law), as amended, recommendation be and the same hereby is made to the Mayor of The City of New York and to the Board of Aldermen, that they bring their petition in writing to the State Board of Railroad Commissioners for the abolition of the said grade crossing at Farmers avenue, Hollis, Fourth Ward of the Borough of Queens; and be it further

The Vice-Chairman laid before the Board the following communication from the Department of Finance:

No. 1090.

Department of Finance—City of New York,
August 24, 1906.

To the Honorable Board of Aldermen:

Gentlemen—I would respectfully request an authorization of Special Revenue Bonds to the amount of \$6,500, the proceeds whereof to be applied to the purchase of two automobiles by and for the use of the Department of Finance.

The work of examination and investigation in the Engineering Bureau includes personal inquiry in all the Boroughs of the City. Questions of appropriation referred to me by the Board of Estimate and Apportionment I must have examined by the Engineering Bureau before making a report back to the Board. On account of the scope of the work in the different locations of proposed improvements the Engineer should be provided with an automobile in order to facilitate his work.

The other machine will be used by the Department in general, by myself in official inspections of proposed improvements, the Real Estate Bureau, etc.

The work is so varied in this Department and the area to be covered so large (the entire City) that I consider two automobiles will be necessary for the proper performance of the duties of the employees of this Department.

Respectfully,

H. A. METZ, Comptroller.

Resolved, That, pursuant to subdivision 8, section 188, of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand, five hundred dollars (\$6,500), the proceeds whereof shall be applied to the purchase of two automobiles by and for the use of the Department of Finance.

Which was referred to the Committee on Finance.

Whereas, Because of the deficiency in the Budget allowances for 1906 many Departments of the City have been compelled to apply for the issuance of large amounts of Special Revenue Bonds to carry along the regular and necessary departmental work; and

Resolved, That this Board respectfully recommends to the Board of Estimate and Apportionment that in the preparation of the Budget for 1907 due allowance be made for the necessary and reasonable expenses for properly and economically carrying on each Department of the City, so that Special Revenue Bond issues will be made for emergency purposes only.

MUNICIPAL CIVIL SERVICE COMMISSION.

A meeting of the Civil Service Commission of The City of New York was held at the Commission's offices, No. 299 Broadway, on Wednesday, July 11, 1906, at 10 o'clock in the forenoon.

All the Commissioners were present.

The hearing, which had been ordered preparatory to removing the name of William C. Klepper from the list for promotion to the grade of Roundsman in the Police Department, under the authority of Rule VII., paragraph 14, was dismissed in accordance with the advice of the Acting Corporation Counsel.

Matthew Horgan, of No. 90 Amity street, Brooklyn, then appeared before the Commission, in accordance with its direction, to show cause why his name should not be removed from the list for Court Attendant and Financial Clerk, under the provisions of Rule VII., paragraph 14. Decision in the matter was reserved.

Richard Millbrad, No. 309 West One Hundred and Forty-fifth street, appeared before the Commission to show cause why his application for the position of Patrolman should not be rejected. The candidate being unable to explain the several discrepancies in the dates set forth in the application and in the baptismal certificate furnished by him, the application was rejected under the provisions of Rule VII., paragraph 14.

The Commission then went into regular session and the minutes of the meeting held July 2 were approved.

The Committee on Transfers recommended the approval of the following transfers:

—and recommended that the following transfers be disapproved:

Herbert N. Lathrop, from the position of Clerk in the Department of Water Supply, Gas and Electricity, Borough of Brooklyn, first grade, to that of Telephone Operator, with salary at the rate of \$900 per annum, for the reason that his name was not among the first three on the eligible list for the latter position.

Miss Mary A. Cullum, from the position of Clerk, second grade, in the Board of Education, to the position of Stenographer and Typewriter, second grade, in the Law Department, for the reason that her name does not appear on the eligible list for the latter position.

The report was ordered filed.

On motion, it was

Resolved, That the eligible list resulting from the examination for Dynamo Engineman held on April 12 be and the same hereby is established as of July 2, 1906, the date upon which the rating of the papers was completed.

On motion, it was

Resolved, That the eligible list resulting from the examination for Heliotrope held on May 14 be and the same hereby is established as of July 7, 1906, the date upon which the rating of the papers was completed.

On motion, it was

Resolved, That the eligible list resulting from the examination for Librarian held on May 10 be and the same hereby is established as of July 9, 1906, the date upon which the rating of the papers was completed.

A communication was presented from the Chief Examiner, dated July 9, forwarding reports of Examiner Rafferty on the cases of Mary Sullivan, Emma Stirrup, Margaret Deane and Mary Kerrigan, candidates for Attendant, and stating that so far as the said reports went there seemed to be no reason for withholding the candidates' names from the eligible lists, but calling attention to the fact that with the exception of Mary E. Kerrigan, the Examiner had failed to secure statements from all of the vouchers of the respective candidates, and asking, in view of such fact, whether a further investigation should be made. It appearing from the Examiner's reports that at least two of the vouchers of each candidate had responded to his inquiries, and that they all had certified to the honesty, punctuality and sobriety of the applicants, the Chief Examiner was directed to place their names on the eligible list in accordance with their percentage.

A communication was presented from the Chief Examiner, dated July 5, with reference to the protest of John S. Spietaler, a Rodman in the Aqueduct Commission, against being debarred from competing in the examination for promotion to the grade of Leveler, held on June 27. It appearing from the report of the Chief Examiner that there was no merit in the candidate's complaint, the papers were ordered filed.

A report was presented from Examiners Evans and Smith, recommending that the mark on the first question of the arithmetic paper of Attendant No. 98 be changed from 35 to 78, as the lower mark would work a substantial injustice to the candidate. The recommendation of the Examiners was adopted.

The Secretary was directed to attach the certificate of the Commission to the pay-rolls of Messrs. Fuller and Dunlap, the experts employed in the Department of Water Supply, Gas and Electricity in connection with the installation of the filtration plant at Jerome Park Reservoir, for the period between the date of the Commission's approval of their appointment and the date of the approval of the State Board, and to forward the same to the Comptroller for audit.

The Secretary called the attention of the Commission to the pay-roll of George G. Brown, Jr., Examiner in the Board of Education, for arrears of salary at the rate of \$2,000 per annum, from August 25, 1904, to June 30, 1906, which the Board of Education asked to have approved under the decision of the Court in the case of Douglass vs. Baker. The Secretary was directed to inform the Board of Education that the Commission declined to certify the pay-roll, it still being of the opinion that Mr. Brown was ineligible for promotion to a salary of \$2,000 per annum without examination.

The Secretary presented to the Commission a certified copy of an order of the Appellate Division of the Supreme Court, Second Judicial Department, entered on the 8th day of June, 1906, reversing the judgment of the Supreme Court entered on the 28th day of July, 1905, in the matter of the People ex rel. John J. Corkhill vs. William McAdoo, as Police Commissioner, and Robert B. Saul. The Secretary was thereupon directed to attach the certificate of the Commission to the pay-rolls of Robert B. Saul for services rendered as Complaint Clerk in the Police Department from July 1, 1905, to June 30, 1906.

The "emergency" appointment of John O'Rourke, as Marine Engineer in the Department of Public Charities, for seven days from July 16, was approved under the provisions of Rule XII, paragraph 4.

A communication was presented from the President of the Borough of The Bronx, dated July 6, stating that Messrs. Egbert V. Lawrence and Charles U. Stepath, Transitmen and Computers in his office, has been promoted to the grade of Assistant Engineer, with salary at the rate of \$1,800 per annum, to take effect July 1. The promotion of Mr. Lawrence was approved, it appearing that he was promoted to the grade of Assistant Engineer at a salary of \$1,800 on August 1, 1905, he having successfully passed a promotion examination therefor, and then transferred back to the grade of Transitman at a later date, by order of the Commission, for the reason that he did not possess the requisite ten years' experience as a civil engineer. The Secretary was directed to inform President Haffen, however, that the promotion of Mr. Stepath could not be approved, for the reason that when he was originally appointed as an Assistant Engineer in that office, January 1, 1906, it was at a salary of \$1,500, which he was receiving when transferred back to the grade of Transitman (he also being ineligible for the position of Assistant Engineer for lack of experience); that there were nineteen names ahead of his on the list for Assistant Engineer at \$1,800 per annum, and he could not be transferred or promoted to that salary until reached for regular appointment.

A communication was presented from the President of the Borough of Richmond, dated July 7, withdrawing his request for the exemption of the position of Consulting Engineer in his office, and asking approval of the appointment of Mr. Louis L. Tribus to that position under the provisions of Rule XII, paragraph 5. The matter was laid over.

A communication was presented from the Tenement House Commissioner, dated July 2, with reference to the complaint made to the Commission to the effect that two Inspectors in The Bronx office of his Department were assigned to clerical duties. It appearing from the letter that the complaint was well founded, the Secretary was directed to communicate with Commissioner Butler and state that unless the Inspectors were immediately assigned to appropriate duties their pay-rolls would no longer be certified by the Commission.

The reports of the Boards of Examiners for positions in the Non-Competitive Class of the following departments were approved upon the recommendation of the Chief Examiner:

Department of Health—June 1.
 Brooklyn Disciplinary Training School for Boys—July 7.
 Department of Correction—June 30, July 2.
 Department of Charities—July 2.

A communication was presented from the President of the Borough of The Bronx, dated June 27, transmitting a supplementary pay-roll for the salary of John Corbly, Inspector of Sewer Connections, for the months of January, February, March, April and May, 1906, with the statement that the Inspector's absence during that time had been due to illness and that he wished to pay him for such period. The Commission declined to certify the pay-roll.

A letter was presented from Deputy Comptroller McCooey, dated July 6, transmitting an affidavit from one Peter J. Tracy, an office boy in the Department of Finance, to the effect that he received no notification of the recent examination for promotion to the grade of Junior Clerk, and requesting a special examination. The request was denied.

A communication was presented from A. Emerson Palmer, Esq., Secretary to the Board of Education, dated July 3, transmitting a report from Mr. C. B. J. Snyder, Superintendent of School Buildings, with reference to the Commission's request for an explanation of the fact that, although the Board of Education had complained of the difficulty it was experiencing in securing an adequate number of Draughtsmen from the competitive eligible list for that position, yet it consented to the transfer of its employees to other city departments. The communication was ordered filed.

The following leaves of absence were approved, a certificate of illness having been furnished in each case:

William J. Green, Inspector of Tenements, Tenement House Department, four months from May 1.

Mary McVean, Inspector of Tenements, three months from June 1.

George M. Trede, Inspector of Tenements, three months from June 18.

Eduardo Breker, Axeman, office of the President of the Borough of Richmond, six months from May 9.

The request of the Board of Water Supply, under date of July 5, for authority to continue the employment of the "temporary" Topographical Draughtsmen in its department until such time as the eligible list for that position was announced, was granted.

On motion, it was

Resolved, That the emergency appointment of Dr. John C. Teas, of Flushing, New York, as Coroner's Physician in the Coroner's office, Borough of Queens, be and the same hereby is approved for a period of seven days from June 21, under the provisions of Rule XII, paragraph 4, of the rules of this Commission.

A letter was presented from Mr. Daniel D. Jackson, Chemist in charge of the Mount Prospect Laboratory, Department of Water Supply, Gas and Electricity, Brooklyn, dated July 9, requesting the Commission to certify the pay-roll of Mr. Henry E. Martin, Laboratory Assistant, for services rendered in his office from January 15, 1906, to February 14, 1906. The Secretary stated that he had declined to certify Mr. Martin's pay-roll for that period, for the reason that the Commission's certificate authorizing his transfer from the Department of Health to the Department of Water Supply, Gas and Electricity was not issued until the latter date, and that his services prior to that time should have been rendered to the Department of Health. The Secretary was instructed to certify the pay-roll, for the reason that the services were rendered in the Department of Water Supply during the period mentioned, but to communicate with the said department and request that in future, in cases of transfer, no employees be assigned to duty until after the issuance of a certificate by the Commission.

On motion, it was

Resolved, That Mr. Arrow C. Hankins, of the Borough of Queens, to be employed in the office of the President of the Borough of Queens for a period not to exceed five months, "for the purpose of acquiring precise information as to whether certain streets in that locality are private or public thoroughfares," be and he hereby is excepted from examination under the provisions of Rule XII, paragraph 6, it appearing that Mr. Hankins is a person engaged in private business, and that the services to be rendered are professional, expert, and of an occasional and exceptional character; provided, however, that the amount of his compensation shall not exceed the sum of two hundred and fifty dollars (\$250).

The reassignment to duty of the following-named employees of the Department of Docks and Ferries was approved, it appearing from the doctors' certificates furnished that their absence was due to illness:

David Marshall Tulloch, Diver, absent from May 21.

J. M. Syron, Engineman, absent from April 21.

A communication was presented from the Deputy Commissioner of Water Supply, Gas and Electricity, dated July 6, giving further information regarding the proposed employment of Messrs. Hering and Fuller and Mr. John A. Vogelsson, Hydraulic Engineers. After a consideration of the statements in the communication, on motion, it was

Resolved, That, subject to the approval of the Acting Mayor and the State Civil Service Commission, Messrs. Hering and Fuller and Mr. John A. Vogelsson, to be employed as Hydraulic Engineers in the Department of Water Supply, Gas and Electricity in connection with the installation of the filtration plant at the Jerome Park Reservoir, be and they are exempted from examination under the provisions of Rule XII, paragraph 6, of this Commission, it appearing that Messrs. Hering, Fuller and Vogelsson are persons engaged in private business and that the services to be rendered are professional, expert, and of an occasional and exceptional character; provided, however, that the compensation to be paid Messrs. Hering and Fuller shall not exceed the sum of \$8,000 per annum jointly, and that the compensation to be paid Mr. John A. Vogelsson shall not exceed the sum of \$2,400 per annum.

On motion, it was

Resolved, That the emergency appointment of Rutherford B. H. Wheat and John O'Rourke as Marine Enginemen in the Department of Public Charities, for seven days, from July 9, be and the same hereby is approved under the provisions of Rule XII, paragraph 4, of the rules of this Commission.

A communication was presented from Eugene St. Clair de Massiah, No. 2595 Fulton street, Brooklyn, dated July 4, with reference to his dismissal from the position of Interpreter in the Seventh District Municipal Court, Borough of Brooklyn. The Secretary stated that the provisions of the Civil Service Rules governing dismissals had been complied with, and that copies of the papers in the case had been filed with the Commission, in accordance with the law. The communication was ordered filed.

A communication was presented from John Tregaskis, dated June 29, stating that he was a veteran of the Civil War; that although he headed promotion lists for the entire Finance Department, several promotions had been made from said lists, not only in other bureaus, but in the one in which he was employed, while he was passed over, and calling attention to the decision of the Court in the case of Nason vs. the Board of City Magistrates, Second Division. The Secretary stated that the records of the office showed that Mr. Tregaskis's name was on the list for promotion to the old sixth grade (\$1,500 per annum), established October 2, 1903, which list was divided into bureau lists, under an opinion of the Corporation Counsel, and at the request of the Comptroller, and that after such division he was first on the list for the Bureau of Assessments and Arrears, from which bureau list no promotions had been made; that his name also appeared first on the list for promotion to the old fifth grade (\$1,350 per annum), promulgated October 2, 1903, from which list also no promotions had been made. The Secretary was instructed to answer the communication and state the facts.

The request of Mary A. Coughlin, No. 67 East One Hundred and Fourteenth street, that her name be restored to the preferred list for Attendant was granted, she having declined re-employment in the Dock Department at the salary she formerly received under a misapprehension of the rules.

The request of Patrick F. McGahey, No. 197 East Second street, Brooklyn, that his name be restored to the list for Patrolman and recertified for appointment was denied, it appearing that he was rejected by the Police Surgeons for failing to come up to the physical requirements of the Department.

A communication was presented from Albert T. Reed, dated July 7, protesting against the assignment of Firemen to do the work of Oil Surveyors in the Bureau of Combustibles of the Fire Department. The Secretary was instructed to transmit a copy of the communication to the Fire Commissioner and request that he report to the Commission on the matter at the earliest possible date.

A communication was presented from John F. Johnson, No. 690 East One Hundred and Eighty-third street, requesting a special examination for promotion to sixth grade Clerk, Department of Finance, he having been unable to attend the regular examination owing to illness. The request was denied for lack of power.

A communication was presented from William Bergheim, No. 1208 Bushwick avenue, Brooklyn, requesting that his name be restored to the eligible list for the position of Patrolman. The request was granted, it appearing that he was appointed in the Police Department on May 23, 1906, and that he resigned without fault or delinquency on June 9, 1906, before he had completed his period of probation.

A communication was presented from Thomas F. Cumiskey, No. 70 East One Hundred and Twenty-first street, dated July 5, protesting against the transfer of one Daniel Walsh from the position of Attendant in the Eighth District Municipal Court, Borough of Manhattan, to that of Attendant in the Court of General Sessions, for the reason that the said transfer carried an increase in salary of \$500. The Secretary was instructed to communicate with Mr. Cumiskey and inform him that the transfer in question was made in accordance with the Civil Service Law and Rules.

A communication was presented from M. G. Murphy, No. 1698 Broadway, Brooklyn, requesting that his name be restored to the eligible list for Watchman, and stating that his reason for not accepting the appointment offered him in the Brooklyn Disciplinary Training School was the irregularity of the hours of duty. The request was granted.

The request of James A. Higgins, No. 219 Degraw street, Brooklyn, that his name be restored to the eligible list for Junior Clerk was granted, it appearing from the doctor's certificate furnished that he declined appointment on March 13, 1906, on account of illness.

The request of J. M. McEvoy, No. 652 Eagle avenue, The Bronx, that the records of the Commission be changed to show that he declined appointment as Axeman in the Borough of Richmond on the score of location instead of "insufficiency of compensation" was granted upon his statement that he was willing to accept a salary of \$720 per annum in any other borough.

The request of Walter B. Gormly, No. 81 Morningside avenue, that the records of the Commission be changed to show that he declined appointment as Assistant Engineer in the Board of Water Supply on June 18, 1906, on account of the salary offered (\$1,350 per annum) was granted.

A communication was presented from Joseph A. Ryan, dated July 6, stating that in the examination for promotion to Assistant Engineer, Department of Water Supply, Gas and Electricity, held June 28, 1906, he did not interpret the first question on the experience paper as a personal one, but rather as a question pertaining to general engineering knowledge and experience, and requesting that he be permitted to submit an amended experience paper. The request was granted, and the Chief Examiner was instructed to rate the same as part of his examination.

The Commission then adjourned to meet Wednesday, July 25, 1906, at 10 o'clock.

FRANK A. SPENCER, Secretary.
