## DEPARTMENT OF PUBLIC CHARITIES.

### REPORT FOR THE QUARTER ENDING DECEMBER 31, 1906.

Department of Public Charities of The City of New York,  
Foot of East Twenty-sixth street,  
February 5, 1907.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Sir—I have the honor to transmit herewith, pursuant to the provisions of section 1544, chapter 466, Laws of 1901, the report of the Department of Public Charities of The City of New York for the quarter ending December 31, 1906, together with the reports of the heads of institutions under the jurisdiction of the Department for the same period.

#### Census for the Quarter.

The average daily census of patients in all the hospitals, schools for the feeble-minded, asylums, homes for the aged and infirm and other institutions of the department for this quarter has been 8,010, as compared with 7,811 for the corresponding period of the preceding year. The admissions have been 7,890, as against 7,442, the number admitted during the same quarter of 1905.

#### Additional Appropriations.

June 30, 1906, a request was forwarded to the Board of Aldermen for an appropriation of \$203,367.75, to meet an anticipated deficiency in some of the appropriations allowed to this department for the year 1906. On October 2 the Board of Aldermen adopted a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$150,000, the proceeds whereof to be applied to meeting the deficiencies in some of the appropriations.

On November 2 the Board of Estimate and Apportionment approved of and concurred in the resolution of the Board of Aldermen adopted October 2, to the extent of sixty thousand dollars, for the purpose of providing means to meet the deficiency in the Supplies and Contingencies appropriation, and on November 7 the Board of Estimate and Apportionment approved of and concurred in, to the extent of a further appropriation of \$78,812.94, the resolution of the Board of Aldermen adopted October 2, to be applied as follows:

Supplies and contingencies.....\$74,345 43  
Clothing for epileptics sent to Craig Colony.....1,355 55  
Donations to Grand Army veterans.....3,111 96

Total.....\$78,812 94

—making a total additional appropriation of \$138,812.94.

Several transfers from one appropriation to another were requested from the Board of Estimate and Apportionment, and all of them were granted.

#### Supplies.

Coal—Owing to the mildness of the winter of 1905 and 1906—and so far of this winter—there was quite a saving on the quantity of coal used. The money thus saved on coal has been used in purchasing other supplies for the institutions, the cost of which has shown an advance.

#### Nurses at Kings County Hospital and Cumberland Street Hospital.

The course of training for the Nurses (female) at the Kings County and Cumberland Street hospitals, Borough of Brooklyn, was changed from three years to two years, said change taking effect October 1, 1906. This was decided on after three years' trial of the longer (three-year) course.

#### Fire-escapes.

The three new spiral fire-escapes—one at the City Hospital (to match the one erected during 1903) and two at the new male Tuberculosis Infirmary, Blackwell's Island—were completed during this quarter, also the new iron fire-escapes on three cottages, Farm Colony, were about finished by December 31, 1906.

Plans and specifications for the new fireproof stairway and passenger elevator in the central portion of the male Home for the Aged and Infirm, Brooklyn Division, were prepared and advertised in the corporation papers, bids to be opened January 9, 1907. Award will be made to the lowest bidder and the work pushed to completion as soon as possible, as this elevator has been a long-felt necessity.

#### New Buildings, Alterations and Improvements.

October 4, 1906, Mr. Raymond F. Almirall, architect, was requested to prepare plans and specifications for the following new buildings, appropriation for which was granted by the Board of Estimate and Apportionment on July 5, 1906, and by the Board of Aldermen on July 31, 1906:

##### At City Hospital, Blackwell's Island:

Residence for Superintendent.....	\$20,000 00
Residence for medical staff.....	30,000 00
Storehouse and service building.....	125,000 00

##### At Metropolitan Hospital, Blackwell's Island:

Nurses' Home and Training School.....	\$200,000 00
Wing to present Nurses' Home.....	50,000 00
Wing to male employees' dormitory.....	50,000 00

##### At Home for Aged and Infirm, Blackwell's Island:

Day room for female inmates.....	\$25,000 00
Day room for male inmates.....	25,000 00
Reception pavilion for female inmates.....	45,000 00
Reception pavilion for male inmates.....	45,000 00
Operation pavilion.....	25,000 00

In view of the fact that this institution may be removed in the course of a few years, I desire to have these buildings so constructed as to permit of the removal and reconstruction at a minimum cost.

Kings County Hospital, Brooklyn, new morgue and mortuary chapel....	\$40,000 00
Brooklyn office of the department, repairs, changes and additions.....	\$40,000 00

It is my desire to have all of these buildings constructed as simply and expeditiously as possible, and including fees, absolutely within their respective appropriations.

Plans and specifications prepared by the department Architect for the following:

Two new isolation pavilions for Randall's Island; estimated cost, \$10,000.

Five new toilet towers for buildings on Randall's Island; estimated cost, \$42,000.

Buildings in course of construction and nearing completion:

Male employees' dormitory, Metropolitan Hospital, and female employees' dormitory, City Hospital.

Male employees' dormitory, Randall's Island, which is being remodeled and enlarged by the addition of a commodious wing.

Infants' Hospital building, Randall's Island; new sashes and repairs to frames.

New Municipal Lodging House, now building on East Twenty-fifth street, 400 feet east of First avenue, would have been about finished had not great delay been caused by getting a proper foundation for one corner of the building where the boiler pit is to be located. In digging for this pit quicksand was encountered, thus causing a change in the method of construction, for which the contractor claims an extra allowance of \$20,400. The whole matter was, on December 20, 1906, referred to the Corporation Counsel for his opinion. In the meantime all the work was stopped on said building.

On October 20, 1906, the Art Commission notified this department that it had been requested by his Honor the Mayor, acting under section 637 of the Charter, to pass upon the following buildings for this department:

New buildings for City Hospital, Blackwell's Island.

New buildings for Metropolitan Hospital, Blackwell's Island.

New morgue, Kings County Hospital, Brooklyn.

New buildings for Coney Island Hospital, Brooklyn.

Helpers' dormitory, City Farm Colony, Borough of Richmond.

Working drawings were submitted to the Art Commission as follows:

On December 24, 1906.

	Estimated Cost.
New Coney Island Hospital—	
1. Main hospital building.....	\$125,000 00
2. Nurses' building.....	18,000 00
3. Power house.....	15,000 00
4. Helpers' building.....	14,000 00
5. Morgue.....	8,000 00
6. Stable.....	8,000 00
Total.....	\$188,000 00

On December 27, 1906.

City Hospital—	
1. Superintendent's house.....	\$20,000 00
2. Janeway Hall (staff dormitory).....	55,000 00
3. Kitchen and general service building.....	125,000 00
Total.....	\$200,000 00

Home for the Aged and Infirm—	
1. Two day pavilions.....	\$50,000 00
2. Two reception houses.....	60,000 00
3. Operation pavilion.....	25,000 00
Total.....	\$135,000 00

Metropolitan Hospital—	
1. New Nurses' home.....	\$255,000 00
2. Annex to old home.....	40,000 00
Total.....	\$295,000 00

1. Superintendent's house.....	\$20,000 00
2. Janeway Hall (staff dormitory).....	55,000 00
3. Kitchen and general service building.....	125,000 00
Total.....	\$200,000 00

Home for the Aged and Infirm—	
1. Two day pavilions.....	\$50,000 00
2. Two reception houses.....	60,000 00
3. Operation pavilion.....	25,000 00
Total.....	\$135,000 00

Metropolitan Hospital—	
1. New Nurses' home.....	\$255,000 00
2. Annex to old home.....	40,000 00
Total.....	\$295,000 00

The preliminary designs for the above buildings were approved by the Art Commission at its meeting held December 11, 1906.

Plans and specifications of new buildings and alteration to existing buildings were submitted to the State Board of Charities, in accordance with the provisions of the Poor Law, as follows:

- October 25—Two isolation pavilions, Randall's Island; estimated cost, \$10,000.  
 December 3—Removal of wooden stairway and the erection of a passenger elevator and fireproof stairway in the central portion of the male Home for the Aged and Infirm, Brooklyn Division; estimated cost, \$30,000.  
 December 24—Five toilet towers for buildings on Randall's Island; estimated cost, \$42,000.  
 December 26—Coney Island Hospital buildings; total cost for the group of six buildings, \$188,000.

#### Coney Island Hospital.

Site for the new Coney Island Hospital on Ocean parkway, containing about 25½ acres. November 3, 1906, the Assistant Corporation Counsel for Brooklyn, Hon. J. D. Bell, notified this department as follows:

"Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities:

"Sir—Herewith I transmit Commissioners' transcript of estimate and report in proceedings brought to acquire title to premises bounded by Ocean parkway, Avenue Y, East Sixth street, Canal avenue and Coney Island creek, in the Borough of Brooklyn, as a site for hospital purposes.

"Under the provisions of the Greater New York Charter, these papers should be filed in your Department as of November 5, 1906, and should there remain permanently on file, open to the inspection of all persons interested in the premises sought to be condemned.

"Very truly yours,

(Signed) "J. D. BELL,

"Acting Corporation Counsel in Charge."

On December 7, 1906, this Department was again notified as follows:

"Law Department,  
 "Office of the Corporation Counsel,  
 "New York, December 7, 1906."

"Hon. ROBERT W. HEBBERD, Commissioner of Department of Public Charities:

"Sir—In the matter of acquiring title by the City to certain lands and premises bounded by Ocean parkway, Avenue Y, East Sixth street, Canal avenue and Coney Island creek, in the Borough of Brooklyn, for hospital purposes, I transmit herewith a certified copy of an order of the Supreme Court, bearing date December 4, 1906, and filed and entered in the office of the Clerk of the County of Kings on December 5, 1906, confirming the report of Commissioners of Estimate in the proceedings brought to condemn said lands, and taking the costs and expenses of the proceeding, other than the expenses incurred by the City for expert witnesses and searches.

"Said order has been duly obtained and its provisions should be complied with.

"I call your attention to the fact that the transcript of estimate in this proceeding was heretofore filed in your office August 14, 1906, and that, after the hearing of objections thereto, said transcript was refiled and the final report herein filed, in your office on November 5, 1906, and now remains there on file.

"I further call your attention to the fact that in accordance with the provisions of section 1440 of chapter 466 of the Laws of 1901, the Board of Estimate and Apportionment on December 3, 1905, adopted a resolution that title to the lands in question and all interests therein should vest in The City of New York on December 9, 1905.

"I therefore beg to advise you that said awards draw interest at the rate of 6 per cent. per annum from the date of the vesting of title in the City to said premises, to wit, December 9, 1905, to the date of payment thereof.

"I also inclose a certified copy of the bill of costs and expenses in the proceeding as taxed by a Justice of the Supreme Court.

"Respectfully yours,

(Signed) "G. L. STERLING,

"Acting Corporation Counsel."

The awards by these Commissioners amounted to \$115,000, and the expenses to \$1,237, and this Department was requested to pay this bill of costs. As this Department never requested the City to purchase this property by private sale or condemnation proceedings, the whole matter was referred on December 15, 1906, to the Corporation Counsel's office in the following letter:

"Hon. GEORGE L. STERLING, Assistant Corporation Counsel, New York City:

"Dear Sir—Your valued communication of the 7th inst., with relation to acquiring title to lands on Ocean parkway, near Coney Island, for hospital purposes, with notice to pay the bill of costs for the same, amounting to \$1,237, was duly received and has had careful consideration. It also appears that the Department is required to pay the cost of the property amounting to \$115,000, and subject to certain mortgages, liens and unpaid taxes aggregating a large additional amount. As I am unable to find in the records of the Department any evidence to show that anyone authorized to act for it has ever requested the purchase of such property, and am informed by those who should know about the matter that such request was never made, I am at a loss to know what my duties are in the premises, and should appreciate further enlightenment on the subject. It is my understanding that my predecessor, Commissioner Tully, in a communication to the Honorable Board of Estimate and Apportionment on December 13, 1904, requested that a piece of the property in question, supposed to belong to the City, be turned over to the Department as a site for the proposed Coney Island hospital, but it does not appear that he asked to have any property purchased for such purpose, and the Department did not have then, and has not had since any moneys for such purpose.

"Further than this, when notice of the condemnation proceedings was first brought to my attention, I sent word to this effect by the Second Deputy to the office of the Corporation Counsel in Brooklyn, which then had charge of the matter, and received answer to the effect that there would be no charge to the Department.

"Awaiting, therefore, your further advice on this subject, I am,

"Respectfully yours,

(Signed) "ROBT. W. HEBBERD, Commissioner."

The renewal of the lease of the lodging house No. 368 First avenue, which was requested under date of August 20, 1906, of the Sinking Fund Commission, was granted at a meeting held October 10, 1906. This renewal was made necessary because of the delay in constructing the new Municipal lodging house on East Twenty-fifth street, east of First avenue, the contractors for which were notified on December 23, 1905, to proceed with the work. It was to be completed in 240 working days, but, as previously stated, they have been greatly delayed.

The Board of Aldermen on October 30, 1906, adopted a resolution allowing this Department to make a contract with the contractor who was building the dormitory for male employees at the Metropolitan Hospital for extra plumbing to comply with the regulations of the State Board of Charities, at a cost not to exceed \$1,565, without public letting.

December 7, 1906: Keys to the annex building used by the Long Island State Hospital for the Insane at Flatbush, Brooklyn, were turned over to this Department. This is one of the group of buildings used by the State Hospital for the Insane in Flatbush.

#### New Positions.

On October 3, 1906, the following request was forwarded to the Board of Estimate and Apportionment:

"To the Honorable the Board of Estimate and Apportionment:

"Gentlemen—I would respectfully request that the following new positions, with the salaries stated, for which you have already made specific appropriation, be established in this Department, in addition to the positions and salaries heretofore established, under the provisions of section 56 of the Greater New York Charter:

"1. A Confidential Stenographer, per annum, \$1,500.

"2. A Confidential Inspector of Food Supplies, per annum, \$1,500.

"Your Honorable Board approved of and concurred in, to the extent of \$12,935, on May 25, 1906, the resolution adopted by the Board of Aldermen April 10, 1906, requesting the issue of Special Revenue Bonds in the amount of \$14,170.01, the

proceeds whereof to be applied to paying the salaries of one Confidential Stenographer, one Confidential Inspector of Food Supplies and other classes of employees (grades for which have previously been established by your Board) of this Department, as per my request of March 27, 1906, to the Board of Aldermen.

"The purpose of this request is to have the grades formally established pursuant to the provisions of the Charter.

"Respectfully yours,

(Signed) "ROBT. W. HEBBERD, Commissioner."

#### Increase in Pay of Pilots.

On October 4 the following letter was forwarded to His Honor, the Mayor:

"Hon. GEORGE B. MCLELLAN, Mayor of The City of New York, the City Hall, New York City:

"Dear Sir—The letter to you from Mr. Luther B. Dow, general manager of United Harbor No. 1, of the American Association of Masters and Pilots of Steam Vessels, with relation to the pay of Masters and Pilots in this Department, which you caused to be referred to me, has had consideration.

"In answer permit me to say that there is no law, by local enactment or otherwise, compelling this Department to pay \$1,620 a year to Masters, and \$1,400 a year to Pilots, as Mr. Dow seems to claim in his letter. The facts are that the Department has grades for Pilots at \$900, \$1,000, \$1,050, \$1,200, \$1,350, \$1,400 and \$1,620 per annum, the last two grades being 'additional' established in December, 1905, by the Board of Estimate and Apportionment and the Board of Aldermen.

"The Department is at present paying the two principal Pilots these additional rates, the Master of the 'Brennan' getting \$1,620, and the Master or Pilot of the 'Fidelity,' \$1,400 a year.

"Other Pilots serving as Assistants on the 'Brennan,' the Department's largest boat, are receiving \$1,200 a year each, while those on the smaller ferryboats or launches, the 'Mulry' and the 'Wickham,' receive \$900 per annum.

"In my opinion all of the men, excepting the four who are paid \$900 a year, are getting what may be justly regarded as the maximum of the prevailing rate of wages, particularly when it is considered that they also receive their meals when they are at work.

"I am, therefore, not in a position to recommend that these Pilots be paid any higher wages at present at least, except as they may earn them through promotion.

"In the cases of the four Pilots running the ferry launches 'Mulry' and 'Wickham,' I am of the opinion that they should have \$1,200 a year, and in the Departmental estimate for 1907, I am asking that this amount be granted to them.

"It is always gratifying to me to be able to pay good wages to good men in this Department (such as the Pilots are required to be), particularly as the Department's greatest handicap is its relatively low wages. But in view of the paramount need of better compensation for the Hospital Helpers, so as to secure a reputable grade of service, as well as because of many other pressing needs, I cannot recommend any greater compensation for the Pilots than is hereinbefore indicated.

"The counsel for the association which Mr. Dow represents, has been asked for proof that the Department is not paying the prevailing rate of wages to Pilots, but such proof has not been furnished.

"In conclusion permit me to say that I shall be glad to give consideration to any further statements that the representatives of the association may wish to make with relation to this matter, but as at present advised, I can see no legal ground for their contention.

"Respectfully yours,

(Signed) "ROBT. W. HEBBERD, Commissioner."

#### Sea View Hospital, Borough of Richmond.

On October 12, 1906, bids were opened "for providing all labor and materials required for the excavation, masonry, steel and iron, roofing and metal work, carpentry, glazing, painting, hardware, electric work and all other work (except plumbing, heating, elevator machinery and cars, electric wiring and fitting up of the diet kitchens and utility rooms)," as set forth in the drawings and specifications for the construction and completion of eight ward buildings of the Sea View Hospital, situated on certain property owned by The City of New York, on the south side of the Manor road, township of Castleton, Borough of Richmond, The City of New York. There were six bidders, the lowest being Waters & O'Connell, No. 103 East One Hundred and Twenty-fifth street, for \$1,265,000. As this amount was larger than the amount estimated, all bids were rejected.

On October 12, 1906, an injunction was filed against this Department, and also against the Comptroller, forbidding the awarding of the contract for the Sea View Hospital. This was filed before the bids were opened. The matter was referred the same day (October 12) to the Corporation Counsel for his attention.

Nothing having been heard about the injunction proceedings, the following letter was written November 27, 1906:

"Hon. WILLIAM B. ELLISON, Corporation Counsel, New York City:

"Dear Sir—On October 12 last, the Secretary of the Department forwarded to you for attention affidavits and order to show cause in the injunction proceedings regarding the awarding of contracts for the proposed Sea View Hospital, at Staten Island, which is intended mainly for the care of tuberculosis patients. We have as yet heard nothing from you with relation to this matter, and as the need for this hospital is very great and urgent, I shall be greatly obliged if the proceedings to be taken to dissolve this injunction can be expedited as much as possible.

"Hoping that this can receive your kind attention in the near future, I am,

"Respectfully yours,

(Signed) "ROBT. W. HEBBERD, Commissioner."

On October 23, 1906, bids were opened for the transportation and burial of the pauper dead in the Borough of Queens. There were only two bidders, the lowest being Henry Schlitz, of No. 722 Metropolitan avenue, Brooklyn, for \$5.50 per body.

#### Central Office, Brooklyn.

On October 29 bids were opened "for furnishing all labor and materials required for the complete alteration and repairing, with the complete plumbing work, complete electric wiring and fixtures and complete heating work, of the Department of Public Charities building situated at No. 327 Schermerhorn street, Borough of Brooklyn (Central office, Brooklyn)." There were only two bidders, the lowest being Daniel J. Ryan, of No. 723 Third avenue, Brooklyn, to whom the contract was awarded the same day at \$37,215.

On October 29 bids were opened "for furnishing and delivering 250 tons of ice." There were three bidders, the lowest being the American Ice Company, to whom the contract was awarded at \$3.50 per ton on the same day.

On November 19 bids were opened "for furnishing all the work, labor, services and materials required for the extermination of rats and mice, and for the extermination of roaches and water bugs. There was only one bidder, the Brown Insecticide Company, which proposed to do all the work for \$350, and the contract was awarded to it on November 20, 1906.

On December 17 bids were opened "for furnishing and delivering fresh meats, fresh fish, poultry and fluid and condensed milk. There were twelve bidders.

On December 19 the following awards were made, they being the lowest bidders:

Sayles-Zahn Company, for meats, Manhattan and The Bronx.....	\$143,489 00
Atlantic Hotel Supply Company, for meats, Brooklyn and Queens.....	47,431 82
Mutual Milk and Cream Company, for fresh milk, Manhattan.....	44,415 00
Empire State Dairy Company, for fresh milk and condensed milk, Brooklyn.....	21,420 12
McDermott Dairy Company, for condensed milk, Manhattan.....	15,875 00
John W. Walker Company, for fish, oysters and clams, Manhattan, The Bronx and Brooklyn.....	0,078 10
Hunter & Trimm Company, for oysters, Manhattan, and fish, Brooklyn.....	1,585 00
Beakes Dairy Company, cream and butter milk, Manhattan.....	1,080 00
Conron Brothers Company, pork loins and ham, Brooklyn and Queens.....	1,045 00

All bids on poultry were rejected because the price was excessive, and the item was ordered readvertised.

On December 19 bids were opened "for furnishing and delivering butter, eggs and yeast." There were nine bidders.

On December 22 contracts were awarded to the lowest bidders, as follows:  
Common Brothers Company, for butter and eggs..... \$117,740 00  
Vienna Pressed Yeast Company, for yeast..... 2,070 00

On December 19 bids were opened "for furnishing and delivering anthracite, bituminous, blacksmith's and gas coal." There were eight bidders.

On December 22 awards for coal were made to the lowest bidders, as follows:

For delivery alongside Blackwell's Island and Randall's Island—

Howard S. Bowns, 8,000 tons egg, at \$4.93 per ton; 1,800 tons stove, at \$4.77 per ton; 14,000 tons buckwheat, at \$2.53 per ton..... \$83,446 00  
A. J. McCollum, 14,000 tons bituminous, at \$2.97 per ton; 800 tons gas coal, at \$2.87 per ton..... 43,892 00

For delivery at Lodging House, No. 398 First avenue—

Geo. F. Sinram, 100 tons stove, at \$5.90 per ton; 1,800 tons pea, at \$3.85 per ton..... 7,520 00

For delivery at Brooklyn Borough institutions—

Wm. Nungesser, 700 tons pea, at \$3.86 per ton; 1,200 tons stove, at \$5.86 per ton; 200 tons egg, at \$5.86 per ton..... 35,224 00

On December 10 new naphtha lamps were installed by the Bureau of Lamps and Gas, Department of Water Supply, Gas and Electricity, along the road between the office building of the Home for Aged and Infirm, Blackwell's Island, and the storehouse. These were lighted for the first time December 10. With these lamps about all of the roads on Blackwell's Island are now lighted, which makes night traveling on the island as safe and comfortable as in the city.

During this quarter requests were made of the Department of Docks and Ferries as follows:

October 1—To repair the Morgue dock at the foot of East Twenty-sixth street, which was damaged by the steamer "Thomas S. Brennan" on September 27; also to make necessary repairs to the dock at the bakery on the east side of Blackwell's Island. This was granted and the work ordered.

October 5—For permission to place a float stage at the foot of East One Hundred and Sixteenth street, as a landing place for the Randall's Island ferry. This was denied, because the Manhattan State Hospital objected, claiming that it would interfere with the landing of their boats at this point for the Ward's Island ferry service.

October 19—Permission was requested to place a waiting room 12 feet by 14 feet on the pier at North Second street, Williamsburg, Brooklyn; also permission to build a shed on the pier at the foot of Summerfield avenue, Mariner's Harbor, Staten Island. These two piers are used as landing places for the department boat "Fidelity," which goes to Staten Island three times a week with supplies and inmates for the Farm Colony.

To which reply was made as follows:

"November 2, 1906.

"J. McKEE BORDEN, Esq., Secretary, Department of Public Charities:

"Sir—Referring to your communication of October 19, 1906, I beg to advise that by direction of the Commissioner permission is hereby granted you to build a shed on the pier at the foot of Summerfield avenue, Mariner's Harbor, Borough of Richmond, as shown on the sketch submitted by you, the work to be done under the direction and supervision of the Engineer-in-Chief of this department, and in accordance with detail plans of construction to be first approved by him.

"The shed is to remain only during the pleasure of the Commissioner of Docks. Your request for permission to place a waiting room on the pier at the foot of North Second street, Borough of Brooklyn, has been denied by the Commissioner.

"Yours respectfully,

(Signed) "J. W. SAVAGE, Secretary."

November 10—To repair, where necessary, the dock sheathing just outside of shed at the East Twenty-sixth street dock; also to remove the present float stage at the East One Hundred and Twentieth street dock and anchor in its place the new float stage now lying at Randall's Island; also to repair where necessary the decking and piles of the dock at East One Hundred and Twentieth street and at Randall's Island; and also to make the necessary repairs to the inboard end of the coal dock at Randall's Island. This was granted and order issued by the Dock Department to have this done.

November 30—To redrive and renew piles where necessary at the north end of the sand dock, also to replace two new cleats and set the mooring post at the coal dock; both at the Metropolitan Hospital, Blackwell's Island, on the east side.

December 20—To repair the rangers, decking and deck sheathing on the inboard end of the Twenty-sixth Street Pier, so that the Department of Charities may be able to renew the sills for the office building of the Bureau of Dependent Adults.

December 29—The matter of acquiring a new dock for the ferry landing near Forty-ninth street and East river was taken up with the Department of Docks and Ferries in the following communication:

"Hon. JOHN A. BENDEL, Commissioner, Department of Docks and Ferries, Pier 'A,' North River:

"Dear Sir—Under date of October 22 we wrote to you requesting that a suitable dock be built between Forty-ninth and Fiftieth streets, East river, for a landing place for the boats of this department that run every half hour between said point and Blackwell's Island. This was asked because the dock at present used by this department at foot of East Fifty-second street is very inaccessible owing to the height of the street above the river at this point. There is a long flight of stairs leading from the street to the dock which in winter is exceedingly dangerous to the many thousand passengers that cross to the island at this point.

"You replied under date of November 19 that as the Department of Docks and Ferries does not own the property between Forty-ninth and Fiftieth streets, East river, our request for the construction of a dock at this point could not be complied with.

"My object in writing further on this subject is to ask if you will not kindly take up the question of the City acquiring this river front property between Forty-ninth and Fiftieth streets. This is a valuable piece of property and we have no doubt would amply repay the expenditure, at the same time give to this department landing facilities it so much requires at this point of Manhattan Island. A dock near Forty-ninth street would give better and easier access to the lines of transportation.

"I would say further for your consideration in this connection that our boat lands at this Fifty-second street dock every half hour between 7 a. m. and midnight. During the year 1905, 176,477 passengers were carried on this route, with every indication of carrying more this year, for during the first six months of 1906 95,372 passengers have been carried.

"Respectfully yours,

(Signed) "ROBT. W. HEBBERD, Commissioner."

The following is the only change in the personnel of the different medical boards:  
October 1—Dr. P. D. Saylor, Assisting Visiting Physician, resigned from the Metropolitan Hospital Medical Board.

#### GENERAL AND SPECIAL ORDERS.

General Order No. 38.

October 1, 1906.

(Re: Convalescent Help.)

Complaint having reached me to the effect that convalescent patients, although suffering from diseases which make them unfit for such work, are sometimes employed as kitchen helpers or in handling the food, utensils and materials used by others, which is not only disgusting but involves an element of danger; therefore

Ordered, That no one shall hereafter be employed in any such position as convalescent help without the certificate in writing of the physician or surgeon in attendance, and to be entered in a book kept for that purpose, that the patient is in proper physical condition to attend to the duties of the position to which he is assigned.

(Signed) ROBERT W. HEBBERD, Commissioner.

General Order No. 39.

October 12, 1906.

(Re: Alien Poor.)

Supplementing General Order No. 3 relative to the reference of State, alien, non-resident and Indian poor to the State Board of Charities, please take notice that the said board has supplied printed blanks, of which a sample is attached, to facilitate the reference to it of alien cases. These blanks may be secured from the Secretary of the department, and as made out in individual cases are to be sent to the State Board of Charities, No. 287 Fourth avenue, this City, where they will be given attention.

All employees of the department should co-operate cordially with the State Board of Charities in its efforts looking to the return of alien cases.

(Signed) ROBERT W. HEBBERD, Commissioner.

General Order No. 40.

October 17, 1906.

(Re: Property of Deceased Patients.)

Ordered, That the following rules and regulations, amending the rules adopted April 9, 1902, are hereby adopted governing the disposition of the personal effects of deceased patients and inmates of institutions of this department:

1. On the first day of each calendar month, or as soon thereafter as possible, the Superintendent of each institution of the department in the Borough of Manhattan shall turn over to the Commissioner, through the Private Secretary, all property, except clothing, of deceased patients and inmates of such institutions.

The Superintendent of the institutions of the department in the Borough of Brooklyn shall likewise turn over all such property to the Second Deputy Commissioner of the department, and the Superintendent of the institutions in the Borough of Richmond shall turn over the property of patients or inmates of institutions in that borough to the Superintendent of the Bureau of Dependent Adults of the said borough.

2. When making a transfer of such property a complete list thereof shall be made in duplicate, one copy to be retained by the Commissioner and the other signed by way of receipt and returned to the institution, and such list shall, when practicable, be in typewriting.

3. The Superintendent shall be personally responsible for all such property while it is under care at the institution and until it is transferred to the Commissioner, Deputy Commissioner or the Superintendent, as the case may be.

4. Such property shall in no case be transferred to any other person, all such transfers being the function of the Public Administrator.

5. The Commissioner, Deputy Commissioner and the Superintendent, as hereinafter indicated, will, as soon as practicable after the first of each month, transfer all such property, unless claimed by the department by way of reimbursement, to the Public Administrator, taking an itemized receipt in due form for such property.

(Signed) ROBERT W. HEBBERD, Commissioner.

General Order No. 41.

October 20, 1906.

(Re: Death Certificates.)

Complaint having been made to me by a committee of the Undertakers' Association that death certificates are not always sent with bodies to the Morgue,

Ordered, That attention be called to the rule on this subject adopted December 18, 1902, as follows:

"The death certificate shall in every case, except Coroner's cases, be sent with the body. In case the attending physician is unwilling to state the cause of death absolutely he shall state the same as of his information and belief."

Heads of institutions are requested to see that this rule is carefully observed hereafter.

(Signed) ROBERT W. HEBBERD, Commissioner.

General Order No. 42.

October 22, 1906.

(Re: Patients and Inmates of Institutions.)

Ordered, That rules and regulations with relation to patients and inmates of institutions, adopted April 9, 1902, are hereby adopted in amended form as follows:

1. In the admission of patients or inmates the names and addresses of two relatives or friends, living at different addresses if possible, shall be secured. Names and addresses of relatives or friends visiting patients or inmates shall be taken on each such visit and posted to the patient's record.

2. Heads of institutions shall in every case send notice to relatives or friends in case serious illness unexpectedly develops. This shall be done in city homes as well as in hospitals.

3. In case of surgical operations the written consent of the patient, if of years of discretion and in a condition to give such consent, shall always be secured. In all cases of minors the written consent of the parent or parents shall be secured unless the visiting physician shall state in writing that it is necessary to perform such operation at once. The written statement of the visiting or attending physician to the same effect shall always be secured in case of an adult who is not in a condition to give such consent. Whenever the consent of the parent or relatives cannot be secured in advance and an emergency operation is necessary, they shall be immediately requested to call at the institution or notified that such operation has been performed.

4. In Manhattan and The Bronx all death notices shall be sent to the Superintendent of the Bureau of Dependent Adults. They shall be sent at once by telephone between the hours of 9 and 4, and all deaths occurring after 4 p. m. to 9 a. m. of the following morning shall be reported promptly at 9 a. m. by telephone. In all cases a written death notice with names and addresses of friends, so far as known, shall also be sent by the head of the institution to the Superintendent of the Bureau of Dependent Adults.

5. In all cases of death a tag containing the name and address of the deceased shall at once be fastened to the right wrist of the body, and shall under no circumstances be removed therefrom by any employee of this department.

6. The census of each institution shall be verified by an actual count of the inmates at least once each month.

(Signed) ROBERT W. HEBBERD, Commissioner.

General Order No. 43.

October 23, 1906.

(Re: Property of Patients and Inmates of Institutions.)

Ordered, That rules and regulations with relation to the property of patients and inmates of institutions adopted April 9, 1902, are hereby adopted in amended form, as follows:

1. Each patient or inmate before leaving the reception room of the institution shall be required to turn over whatever property he may have in his possession to the custody of the person designated to take charge of such property, who shall be known as the "Property Clerk."

2. The said Property Clerk shall thereupon enter in the book kept for such purpose the name of the patient or inmate, the date of his or her entry in the institution, the date on which the property is turned over and a detailed list of such property. After such entry the patient and the Property Clerk will sign their names in the place provided therefor in the said book.

3. When the patient or inmate is too ill to sign his or her name in the said book, then two witness shall sign their names instead.

4. When the patient or inmate is without property an entry to that effect will be made in the book and the patient will sign his or her name to such statement.

5. When the patient or inmate leaves the institution, the Property Clerk shall return his or her property to the said patient or inmate, who shall acknowledge the receipt thereof in the space provided for such acknowledgment in the said book.

6. There shall be prominently displayed in large, legible type, in the reception room of each institution, a notice reading as follows:

**"Notice.**

"Patients having any money or valuables in their possession shall turn the same over to the Property Clerk for safe keeping, and a record of the same will be made in the property book.

"The undersigned will not be responsible in case of loss unless this rule is complied with."

—which shall be signed with the name of the Superintendent of the hospital or institution.

7. On the first day of each calendar month, or as soon thereafter as possible, the Superintendent of each institution of the Department in the Borough of Manhattan shall turn over to the Commissioner, through the Private Secretary, all property, except clothing, of deceased patients and inmates of such institutions.

The Superintendent of the institutions of the Department in the Borough of Brooklyn shall likewise turn over all such property to the Second Deputy Commissioner of the Department, and the Superintendent of the institutions in the Borough of Richmond shall turn over the property of patients or inmates of institutions in that Borough to the Superintendent of the Bureau of Dependent Adults of the said Borough.

8. When making a transfer of such property, a complete list thereof shall be made in duplicate, one copy to be retained by the Commissioner and the other signed by way of receipt and returned to the institution, and such list shall, when practicable, be in typewriting.

9. The Superintendent shall be personally responsible for all such property while it is under care at the institution and until it is transferred to the Commissioner, Deputy Commissioner or the Superintendent, as the case may be.

10. Such property shall in no case be transferred to any other person, all such transfers being the function of the Public Administrator.

11. The Commissioner, Deputy Commissioner and the Superintendent, as hereinbefore indicated, will, as soon as practicable after the first of each month, transfer all such property, unless claimed by the Department by way of reimbursement, to the Public Administrator, taking an itemized receipt in due form for such property.

12. The Superintendent of each hospital or institution shall be personally responsible for all property belonging to patients and inmates that comes into the keeping of the institution.

(Signed) ROBT. W. HEBBERD, Commissioner.

**General Order No. 44.**

October 24, 1906.

(Re: Political Assessments and Activities.)

Ordered, That the attention of all officers and employees of the Department be and the same is hereby called to the following provisions of chapter 370 of the Laws of 1899, as the same has been amended, known as and constituting "the Civil Service Law," which must be strictly enforced:

"Section 23. \* \* \* No person in the civil service of the State or of any city or civil division thereof is for that reason under any obligation to contribute to any political fund or to render any political service, and no person shall be removed or otherwise prejudiced for refusing so to do. No person in the said civil service shall discharge or promote or reduce, or in any manner change the official rank or compensation of any person in said service, or promise or threaten so to do for giving or withholding or neglecting to make any contribution of money or service or any other valuable thing for any political purpose. \* \* \*

"Section 24. Political Assessments Prohibited.—No officer, agent, clerk or employee under the government of the State of New York or any civil division or city thereof shall, directly or indirectly, use his authority or official influence to compel or induce any other officer, clerk, agent or employee under said government or any civil division or city thereof, to pay or promise to pay any political assessment, subscription or contribution. Every said officer, agent, clerk or employee who may have charge or control in any building, office or room occupied for any purpose of said government or any said division or city thereof, is hereby authorized to prohibit the entry of any person, and he shall not knowingly permit any person to enter the same for the purpose of therein making, collecting, receiving or giving notice of any political assessment, subscription or contribution; and no person shall enter or remain in any said office, building or room, or send or direct any letter or other writing thereto, for the purpose of giving notice of, demanding or collecting a political assessment, nor shall any person therein give notice of, demand, collect or receive any such assessment, subscription or contribution; and no person shall prepare or make out, or take any part in preparing or making out, any political assessment, subscription or contribution with the intent that the same shall be sent or presented to or collected of any officer, agent or employee, subject to the provisions of this act, under the government of the State of New York, or that of any civil division or city thereof, and no person shall knowingly send or present any political assessment, subscription or contribution to or request its payment of any said officer, agent or employee. Any person who shall be guilty of violating any provision of this section shall be deemed guilty of a misdemeanor."

Furthermore, the right of every employee to exercise the duties of citizenship as he chooses must in every case be recognized and respected throughout the entire Department. At the same time, employees are requested to remember that it is particularly essential in a Department like this, charged with the care of thousands of sick and otherwise dependent persons, to refrain from such partisan activity as would be likely to provoke the resentment of any interest and thereby prove injurious to the Department.

(Signed) ROBT. W. HEBBERD, Commissioner.

**General Order No. 45.**

October 25, 1906.

(Re: Medical Requisitions.)

Ordered, That hereafter all monthly medical requisitions are to be signed by the Chairmen of the Committees on Inspection of the respective institutions, and with such signatures are to be submitted to the undersigned in their original form for approval.

(Signed) ROBT. W. HEBBERD, Commissioner.

**General Order No. 46.**

November 9, 1906.

During the absence of the undersigned Commissioner, and the First Deputy Commissioner, at the Seventh New York State Conference of Charities and Correction, from November 13 to 16, inclusive, the Second Deputy Commissioner, Hon. Jas. J. McInerney, will be the Acting Commissioner of the Department in accordance with the provisions of section 659 of the Greater New York Charter, as follows:

"In the absence or disability of both the Commissioner and the First Deputy, the Second Deputy shall possess all the powers and perform all the duties of the Commissioner, except the power of making appointments."

During the period hereinbefore mentioned, namely, from November 13 to November 16, inclusive, all communications from officers and employees intended for the Commissioner should be addressed to "Hon. James J. McInerney, Second Deputy and Acting Commissioner, Department of Public Charities, foot of East Twenty-sixth street, New York City."

(Signed) ROBT. W. HEBBERD, Commissioner.

**General Order No. 47.**

November 28, 1906.

(Re: Stage and Mail Service, Farm Colony.)

Ordered, That Section XI., paragraph 1, of General Order No. 28 be amended by omitting "legal holidays." This paragraph will then read as follows:

"Paragraph 1. A Department stage will run daily, except on Sundays, to Castleton Corners, morning and afternoon, at stated hours, which will be posted by the Superintendent in the entrance hall of each cottage. Inmates going out and returning on pass may use this stage; also visitors provided with passes, clergymen and physicians.

(Signed) ROBT. W. HEBBERD, Commissioner.

**General Order No. 48.**

November 30, 1906.

(Re: Duties of Superintendents, Deputy Superintendents and Stewards of Hospitals and Institutions.)

Ordered, That the following rules and regulations governing the duties of Superintendents, Deputy Superintendents and Stewards of hospitals and institutions of the Department of Public Charities be and they are hereby adopted, to take effect December 1, 1906:

**I.—Duties of Superintendents of Hospitals and Institutions.**

1. The Superintendent is the chief executive officer of the hospital or institution with which he is connected, and except as otherwise provided or modified, shall be responsible for and exercise general supervision and control over (a) the buildings, grounds, furniture, equipment, appurtenances, fixtures, stock, supplies and all other property of the hospital or institution; (b) the officers, Nurses and other employees; (c) all patients and inmates of the hospital or institution. He shall make monthly requisition on the Commissioner, in accordance with the provisions of section 679 of the Greater New York Charter and the rules and regulations of the department, for all articles deemed necessary by the said officer to be used in the respective institutions under his charge, and shall keep an accurate record of the same.

2. The Superintendent shall reside in the hospital or institution, or in an adjacent building on the grounds thereof. His hours of active duty shall be from 8 a. m. to 5 p. m., with an hour's intermission for luncheon, and he shall be on duty at such other times as may be necessary in case of emergency. He shall not be absent from duty during these hours without the consent of the Commissioner in writing. The Superintendent is required to sleep at the hospital or institution, or in an adjacent building on the grounds thereof, unless absent on leave with the consent, in writing, of the Commissioner, in order to be prepared to take charge of the hospital or institution in case of fire or other emergency.

3. Whenever the Superintendent leaves the hospital or institution, whether by day or by night, he shall notify the Deputy Superintendent in writing of such contemplated absence, at the same time stating its probable duration, but he and the Deputy Superintendent shall not be absent at the same time, and a record in their own handwriting, showing their attendance and absence, shall be kept at the office of the hospital or institution in a book provided for that purpose.

4. The Superintendent, and in his absence the Deputy Superintendent, shall enforce the rules and regulations established by the Commissioner for the government of the hospital or institution. If any person employed in such hospital or institution shall disregard the rules and regulations, or otherwise misbehave, it shall be the duty of the Superintendent to report the offender in writing to the Commissioner, with such recommendation as may be deemed wise. If such offender is a house physician or a house surgeon, or one of their assistants, he shall also be reported to the Committee of Inspection, and the Superintendent may suspend such offender until action can be taken by the proper authorities. If such offender be a member of the nursing force of a hospital or institution with a training school for Nurses or attendants, he or she shall also be reported to the Superintendent of such school, and the Superintendent of the hospital or institution may also suspend such offender until action can be taken by the proper authorities.

5. The Superintendent, or at his request the Deputy Superintendent, shall visit every ward and department of the hospital or institution at least once a day, and shall note the quality and quantity of food and other supplies furnished, the cleanliness, ventilation and general sanitary condition of the ward or building, the care of the patients, and any repairs, changes or other matters requiring his attention. He shall also visit the kitchens from time to time to see that the food is properly prepared, cooked and served, and that a sufficient quantity is provided for all patients or inmates, as well as for all officers and employees.

6. The Superintendent shall bring promptly to the attention of the responsible heads of the several departments of the hospital or institution, in writing, with a request for their action, anything requiring action on the part of such officer or employee, which it shall be the duty of the Superintendent to see is taken promptly. Matters pertaining to the medical administration of the institution shall also be brought to the attention of the Committee of Inspection.

7. The Superintendent shall receive at least once a week, on the forms provided for that purpose, reports from the various heads of the administrative departments of the hospital or institution regarding their work, and shall keep the same on file. In case of emergency such reports shall be made at once.

8. The Superintendent shall see that all officers and employees of the administrative departments of the hospital or institution are properly instructed as to their duties, particularly in the case of fire or other emergency, and shall see that such duties are properly discharged by them.

9. The Superintendent is particularly charged with the duty of seeing that all the apparatus, hose and other equipment of the hospital or institution designed for use in case of fire is inspected and tested weekly, and that all employees are required to take part in a fire drill at least once a week and are familiar with the use of such apparatus and equipment, as well as with the proper method of escape from the building by outside fire-escape or otherwise, in the event of fire or other disaster.

10. The Superintendent shall familiarize himself with the rules and regulations of the Board of Health which are applicable to the hospital or institution of which he is the head, and shall see that such rules and regulations are at all times strictly observed.

11. The Superintendent of every hospital and institution of the department shall also familiarize himself with and shall carefully respect and observe the provisions of the Poor Law (chapter 225 of the Laws of 1896) and State Charities Law (chapter 546 of the Laws of 1896), providing for the visitation of public institutions of charity by the State Board of Charities and the State Charities Aid Association. He shall allow the representatives of such bodies free access to all parts of the hospital or institution, and shall furnish and freely permit them to secure from employees or otherwise such information with respect to the administration of the hospital or institution as they may desire, in accordance with the provisions of law.

12. The Superintendent shall sign all requisitions for supplies, which he shall carefully examine for the purpose of seeing that they are proper in form, quantity and otherwise, and he shall also see that they are obtained as promptly as possible. He shall also sign all bills, discharges and passes.

13. It shall be the special duty of the Superintendent to prevent the misuse as well as the improper and inequitable distribution of supplies, and particularly of the wines and liquors provided for the use of patients. He shall take care that no wines or liquors are furnished for the use of patients, except by direction of the Attending or the House Physicians or Surgeons.

14. The Superintendent shall receive, classify, transfer and discharge all patients in accordance with the rules and regulations of the medical department of the hospital or institution.

15. When an inmate is discharged the Superintendent shall enter his name in a book provided for that purpose, stating in the case of a patient his disease and whether he was cured, improved or incurable, and in the case of an inmate whether he eloped or was disorderly, with the date of the discharge and the name of the person to whom or of the institution to which the patient or inmate is surrendered or transferred.

16. The Superintendent shall promptly notify the nearest relatives or friends of patients or inmates who are dangerously ill. On the decease of a patient or inmate the Superintendent shall cause the name, time of death and the name of the attending physician or surgeon to be entered in the register, and the body of the patient or the inmate to be taken to the dead house and there safely kept until transferred to the Morgue. The Superintendent shall immediately notify the Superintendent of the Bureau of Dependent Adults by telephone, and also in writing, of such death and of the names and addresses of the persons to be notified in accordance with the rules and regulations of the department.

17. The Superintendent shall see that certificates are duly and promptly executed in cases of death, except Coroner's cases, and shall have duplicate certificates furnished

without cost to relatives or others interested when the same are properly requested. In Coroner's cases it shall be the duty of the Superintendent to notify the Coroner's office immediately.

18. The Superintendent shall see that accident and all supposed insane or other dangerous cases receive prompt attention. He shall report forthwith to the Commissioner any accident, casualties or other unusual occurrences.

19. Whenever a patient or inmate is desirous of conversing with any spiritual adviser the Superintendent shall see that such person is promptly notified of the request.

20. The Superintendent shall take prompt action on all requests or complaints that are brought to his attention, and shall communicate in writing to those properly concerned a report of the action taken by him with respect to such requests or complaints.

21. The Superintendent shall see that boats or carriages placed at his service for business purposes are not put to any other use or purpose. The small boats in service at the island hospitals and institutions are intended for the use of attending and house physicians in emergencies when the ferryboats are not running, and are expected to be restricted as closely as possible to this use.

22. The Superintendent shall conduct the correspondence of the hospital or institution of which he is the executive head in accordance with the instructions of the Commissioner and the rules and regulations of the Department. He shall carefully preserve in the files of the hospital or institution all letters and documents received, and shall keep press copies in press copy books of all that are sent out. All orders issued by the Superintendent shall be in writing, and press copies of the same kept in a press copy book. They shall be posted in a conspicuous place by the heads of Departments to whom issued.

23. He shall promptly make such official reports as the Commissioner may direct or the rules and regulations of the Department require, and shall keep copies of the same in the letter press copy book when practicable, and otherwise in duplicate form.

24. He shall see that all books, accounts and records deemed necessary by the Commissioner or required by the rules and regulations of the Department are at all times properly kept.

25. The Superintendent shall submit to the Commissioner, daily, a census of the hospital or institution with which he is connected.

26. The Superintendent or other chief officer of every hospital or institution of the Department shall, in accordance with the provisions of section 680 of the Greater New York Charter and the rules and regulations of the Department, once in each week report in writing to the Commissioner the number of persons who have been received or transferred, who are sick, who have died, and who are remaining in the respective institutions under his charge, the discipline which has been maintained therein, the punishments imposed and the quantity and kind of labor performed, with such other information as the Commissioner may require.

27. He shall, on the first day of each month make to the Commissioner a report of the average number of patients for the preceding month. The Superintendent shall, as soon as practicable after the end of each month, report to the Commissioner and to the Medical Board, on the blanks provided for that purpose, the amount of liquors and of the more important drugs consumed in the institution during the preceding month.

28. At the close of each quarter, and also of each year, the Superintendent shall make a report to the Commissioner, in such form as the latter may direct, of all matters pertaining to the hospital or institution during such quarter or year. He shall also make such other reports as the Commissioner may direct or the rules and regulations of the Department require.

29. He shall not permit any person other than the officers, employees, members of the house staff and the immediate members of his own family to take their meals or to sleep in any part of the hospital or institution, except by permission of the Commissioner.

30. The Superintendent shall be held responsible for all moneys, valuables or other property found in the possession of patients, and shall see that all such moneys, valuables and other property are carefully safeguarded and disposed of strictly in accordance with the rules and regulations of the Department.

31. These rules shall apply to the Deputy Superintendent whenever he is acting in the place of the Superintendent during the latter's absence from duty.

## II.—Duties of Deputy Superintendents of Hospitals and Institutions.

1. The Deputy Superintendent is the assistant executive officer of the hospital or institution with which he is connected, and in the absence of the Superintendent he shall perform all the duties and possess the powers and responsibilities of that office. Except as otherwise provided, he shall be responsible, under the direction of the Superintendent, for the assignment and oversight of the male employees, and for such other matters as shall be devolved upon him by the Superintendent. He shall see that the employees are punctual in their attendance, that they perform their duties efficiently and in a courteous manner, and that they are properly uniformed and at all times present a neat, clean and respectable appearance. He shall promptly report to the Superintendent any dereliction of duty or misbehavior on the part of any employee.

2. The Deputy Superintendent shall reside and sleep in the hospital or institution or in an adjacent building upon the grounds thereof, in rooms assigned to him by the Superintendent, with the approval of the Commissioner. His hours of active duty shall be from 8 a. m. to 5 p. m., with an hour's intermission for luncheon, and he shall be on duty at such other times as may be necessary in case of emergency. He shall not be absent from duty during these hours without the consent in writing of the Superintendent. The Deputy Superintendent shall not be absent from the hospital or institution at the same time as the Superintendent, and a record in his own handwriting, showing his attendance and absence shall be kept in the office of the hospital or institution in a book provided for that purpose.

3. On the morning of each working day he shall make a written report to the Superintendent showing where the workmen are placed and the nature of their work, which report shall be placed on file in the office of the hospital or institution.

4. He shall keep in the office a book known as "the repair book," in which officers and employees shall enter a memorandum of all repairs needed; he shall consult the same daily, and shall see that such repairs as are needed are made promptly. He shall compile the quarterly labor report, and such other reports of the work under his jurisdiction as the Superintendent may require.

5. He shall see that the buildings are kept in good repair and painted as often as may be necessary.

6. He shall see that the grounds are laid out and beautified with trees, shrubbery and flower beds; that the grass is mowed and the lawns, roads and grounds are kept in good order and free from litter.

7. He shall exercise careful supervision of the farm and vegetable gardens, where such exist at the hospital or institution, and shall see that the crops are properly planted, cared for, harvested and distributed; that the stock, if any, is given proper care and food, and that the farm is economically managed. Special care shall be exercised to retain only such stock as will yield profitable returns for its care and feeding.

8. In the absence of the Steward, or in case of a vacancy in such position, the Deputy Superintendent shall, unless otherwise provided, perform all the duties pertaining to such position.

## III.—Duties of Stewards of Hospitals and Institutions.

1. The Steward is responsible, under the Superintendent, for the receipt, care, handling and distribution of all food, clothing, furniture and ward supplies. He shall check, weigh and carefully examine all articles received by him, keeping an account of them in his receipt book, and shall certify the invoices as correct in quantity and quality where such is the case. He shall issue supplies only on the written order of the Superintendent, and shall keep such orders on file.

2. He shall promptly reject any deficient, bad or false article, making a written report thereon to be forwarded to the Superintendent for transmittal to the Commissioner.

3. He shall daily inspect the cellars, kitchen and all rooms, ice boxes and other places where supplies are handled or stored to see that they are kept clean, dry and in good order. He shall see to the cremation of the garbage and that the dumps are clean and leveled.

4. He shall keep proper books written up to date and showing clearly at all times:

- All requisitions of the Superintendent on the General Storekeeper.
- All goods received and all invoices therefor.
- The distribution of all goods.
- The kind and quantities of goods condemned and the disposition made of the same.
- The amount of grease, bones, iron and rags.

5. On the first of January and on the first of July he shall make an inventory in duplicate, on the forms provided for that purpose, of all supplies, stock, furniture tools and other movable property, one copy to be sent to the Commissioner through the Superintendent, and one to be preserved on file in the hospital or institution.

6. The Steward shall have charge of the storeroom, and shall see that the same is kept clean and well arranged, and that the supplies are properly and conveniently shelved or otherwise stored. The storeroom shall be open from 8 a. m. to 5 p. m. The Steward shall be on duty from 7 a. m., or as much earlier as may be necessary to receive goods, and especially meats and other perishable articles in person, until 5 p. m.

7. He shall fill without delay all orders issued by the Superintendent for food, clothing or other supplies. If the articles required to fill any requisition are not on hand he shall report the fact to the Superintendent at once.

8. In the absence of the Deputy Superintendent, or in case of a vacancy in such position, the Steward shall perform all the duties pertaining to that office, unless some other employee is detailed to such duty.

(Signed.) ROBT. W. HEBBERD, Commissioner.

General Order No. 49.

December 12, 1906.

(Re: Powers and Duties of the Commissioner of Public Charities, under the Provisions of the Greater New York Charter and the General Poor Law, Chapter 225 of the Laws of 1896.)

Ordered, That for purposes of record and publication the following definition and interpretation of the powers and duties of the Commissioner of Public Charities be and the same is hereby adopted and placed in the files of the Department as General Order No. 49.

The duties of the Commissioner of Public Charities, who is the head of the Department of Public Charities, as provided in section 658 of the Greater New York Charter, are such as are specifically set forth in the provisions of said charter, and particularly in sections 658 to 691 thereof, inclusive, and in sections 1543 and 1544, as well as in the provisions of the General Poor Law, the same being chapter 225 of the Laws of 1896, with amendments, and in other general and special laws and ordinances applicable thereto.

1. (Section 659.) The Commissioner has power to establish general rules and regulations for the administration of the Department and the government of the institutions under its jurisdiction.

2. The Commissioner has power to appoint, and in his discretion to remove, not more than two deputies, to be known as First Deputy and Second Deputy, and is required to define their duties.

3. The Commissioner, within the limit of his appropriation, has power to appoint and remove, subject to the requirements of the Civil Service Laws, such subordinate officers and assistants as may be necessary for the efficient performance of his duties as Commissioner.

4. (Section 660.) The Commissioner has jurisdiction over and is required to take charge of and to establish and enforce rules and regulations for all institutions within the jurisdiction of the Department.

5. (Section 661.) The Commissioner is required to certify that children supported in private institutions at public expense have been received and retained therein pursuant to rules and regulations established by the State Board of Charities.

6. The Commissioner has all the authority concerning the care, custody and disposition of insane, feeble-minded, sick, infirm and destitute persons heretofore conferred on the Board of Public Charities and upon the several Commissioners of Public Charities, and is subject to the same obligations and duties except as modified by the charter.

7. The Commissioner is the Overseer of the Poor of the City. As such, he is governed by the provisions of the Poor Law with relation to Overseers of the Poor.

8. The Commissioner has no power to dispense any form of outdoor relief except as provided in the chapter of the charter relating to the Department, but has power to pay the cost of the removal or transportation of any person who may come under his charge whenever, in his judgment, the City will be relieved from an unnecessary or improper charge.

9. The Commissioner is required to make provision for the temporary care of vagrant and indigent persons and to provide for an investigation into their circumstances, causing vagrants to be brought before a magistrate pursuant to law.

10. (Section 663.) The Commissioner is required to investigate the circumstances of persons admitted to an institution under his charge and of the near relatives of such persons.

11. The Commissioner is required to cause all inmates of the institutions of the Department to be classified.

12. The Commissioner is empowered to establish schools or classes for the instruction of inmates.

13. (Section 664.) The Commissioner has power to commit, to indenture, place out, discharge, or transfer children in his custody or placed by him in an institution as a public charge, whenever in his judgment it shall be for the best interests of the child so to do.

14. The Commissioner may employ any duly incorporated charitable institution or society, and may reimburse such institution or society for any expenses, other than salaries, actually incurred in the placing out, supervision and transfer if necessary of children who are public charges.

15. The Commissioner has powers with relation to minors committed or otherwise placed under his charge as were on the first day of January, 1898, vested by law in the corresponding officers of the cities of New York and Brooklyn and the counties of Kings, Richmond and Queens, mentioned in section 662.

16. The Commissioner cannot commit children to any institution which shall have been certified by the State Board of Charities to have failed to comply with the rules and regulations of such Board, nor to any institution outside The City of New York, unless such institution shall have been certified by said Board to be properly protected from fire and other dangers.

17. (Section 665.) The Commissioner may appear, either by clerk or counsel, on all hearings or proceedings for the commitment of children. He is required to investigate the circumstances of their relatives, whose duty it is to relieve and maintain them, and to file with the court or magistrate a statement in writing of such fact or facts as, in the opinion of the Commissioner, render it proper or improper that such child should be supported as a public charge.

18. (Section 669.) The Commissioner is required to keep and preserve a proper record of all persons who shall come under his care or custody and of the disposition made of such persons, together with copies of any instrument of indenture or agreement executed by him. He is also required to keep and preserve such records of all persons who are inmates of private institutions who are accepted by him as proper charges upon the City.

19. (Section 671.) The Commissioner is required to provide and maintain as may be necessary, suitable rooms or wards for the reception, medical examination and temporary care of persons alleged to be insane, for the boroughs other than Manhattan and The Bronx.

20. (Section 672.) The Commissioner has power, provided an appropriation has been made therefor, to enlarge or alter the buildings occupied by the institutions of the Department, and to make all needful repairs to buildings and property under his control.

21. (Section 673.) The Commissioner has charge of the Potters' Field and has power to lay out additional Potters' Fields or other public burial places for the poor or strangers. The Commissioner is empowered to cremate bodies of deceased paupers where relatives do not object to such cremation.

22. (Section 674.) The Commissioner is required to keep accurate and detailed accounts in a form approved by the Comptroller of all moneys received and expended by him, the sources from which they are received and the purposes for which they

are expended. The Commissioner is required, on or before the first day of September in each year, to prepare an itemized estimate of his necessary expenses for the ensuing fiscal year, to be submitted to the Board of Estimate and Apportionment. The Commissioner is prohibited from incurring any expense for any purpose in excess of the amount appropriated therefor, and from expending any money for any purpose other than that for which it was appropriated.

23. (Section 675.) The Commissioner is required to advertise in the City Record and the corporation newspapers for not less than ten days for proposals for such articles and supplies as shall be necessary to be used in and for the relief and support of the poor of the City, and which cannot be supplied by the Department or the Department of Correction, and to award contracts for the same to the lowest bidder, who shall give adequate security for the faithful performance of such contracts.

24. The Commissioner is empowered, in case of an emergency or in the purchase of perishable articles, to purchase without calling for competition at a total expense not exceeding three thousand dollars a month, but is required to enter in a book a detailed statement of the facts which rendered purchase by contract impracticable.

25. (Section 676.) The Commissioner is authorized and empowered to insert in his annual estimate an item for the relief of the poor, adult, blind, not to exceed seventy-five thousand dollars and to distribute the sum so appropriated each year in uniform sums not to exceed one hundred dollars to any one person.

26. (Section 677.) The Commissioner is empowered to request the Department of Correction to detail inmates of the correctional institutions to perform necessary work, labor and services in and upon the grounds and buildings which are under his charge.

27. (Section 678.) The Commissioner is authorized to permit the reception and treatment of non-residents in hospitals under his jurisdiction, provided they shall pay such sum for board and attendance as may be fixed by the Commissioner and that they shall not be received to the exclusion of patients who reside in New York. The Commissioner is required to collect and pay over such moneys to the Chamberlain once every month and to report the same to the Comptroller of the City.

28. (Section 679.) The Commissioner is required to receive and pass upon requisitions from the superintendents of institutions under his charge.

29. (Section 680.) The Commissioner is required to receive weekly reports from the superintendents of institutions under his charge.

30. (Section 682.) The Commissioner is required to fix the hours of labor required of inmates of the institutions of the Department, and is empowered to direct the punishment of those who violate the rules and regulations. The Commissioner is empowered to cause delinquent inmates to be brought before the court for commitment to the Workhouse or the Penitentiary as a disorderly person.

31. (Section 683.) The Commissioner is empowered to approve the manner in which dependent persons are supported by relatives legally chargeable with their care, and may apply to the court in case the relatives of a poor person fail to maintain and relieve him as provided.

32. (Section 684.) All bastardy proceedings are to be conducted by and in the name of the Commissioner, and the amount collected is to be paid to him and be by him applied to the care of the child or of the child and its mother, and is to be accounted for by him in a manner to be approved by the Comptroller. The Commissioner is authorized to compromise bastardy and abandonment cases.

33. (Section 685.) The Commissioner is authorized to receive moneys in abandonment cases.

34. (Section 687.) The Commissioner is empowered to institute proceedings upon any bond or recognizance given in abandonment proceedings and any moneys recovered in any suit, action or proceeding, is to be paid to the Commissioner and to be by him applied and expended for the support of the wife and children for whom provision is thereby made. Undertakings are for the future appearance of the defendant or for the bail to pay to the Commissioner a specified sum in the event of his failure to appear.

35. (Section 688.) In the name of the Commissioner an action may be brought when such an undertaking is forfeited to recover the amount specified therein, which shall be applied and expended for the support of the wife and children or either or any of them of the person charged with the offense. Said money shall be paid to the Commissioner by the person with whom it is deposited upon presenting to him a certificate from the City Magistrate certifying to the forfeiture thereof.

36. (Section 689.) The Commissioner is to be served with notice of appeal taken by the defendant, and may appear by Clerk or Counsel upon the hearing of such appeal. The Commissioner is authorized to take an appeal to the Court of General Sessions. Such appeals are to be disposed of in accordance with the provisions of the Code of Criminal Procedure.

37. (Section 690.) Upon proof by affidavit of the Commissioner that he is unable to serve a summons upon a surety in an action brought for a default in the terms of the bond, or that the same cannot be satisfied, the Magistrate may issue a warrant for the arrest of the defendant and require him to give security or be committed under the original order and conviction.

38. (Section 691.) The Commissioner may apply to the Court for a warrant for the arrest of the defendant in bastardy proceedings where a recovery cannot be had on an undertaking, or where the original undertaking shall have been complied with, or if money deposited in lieu of bail is exhausted and the bastard still needs support, and the court shall make an order for a new undertaking, or shall commit him, as provided by the Code of Criminal Procedure.

39. (Section 1544.) The Commissioner is required to render quarterly, annual and other reports, as may be required, to the Mayor with relation to the work of the Department.

40. Except as the same are modified by the provisions of the Greater New York Charter, the Commissioner, as Overseer of the Poor of The City of New York, is governed by the requirements of the General Poor Law of the State, chapter 225, of the Laws of 1866, with relation to the care of poor persons.

While it is apparent that the carrying out of the details of the work devolved upon the Commissioner must for the most part be delegated to various officers and employees, the more important duties particularly assigned to the Commissioner personally are the following:

- The establishment of general rules and regulations for the administration of the Department and the government of the institutions under its jurisdiction.
- The appointment of two Deputies and the defining of their duties.
- The appointment and removal of subordinate employees and assistants.
- The approval of requisitions for supplies which the heads of the institutions of the Department are required to submit in accordance with the provisions of section 679 of the Greater New York Charter.

- The compromise of bastardy and abandonment cases.
- The rendering of quarterly, annual and other reports to the Mayor, in accordance with the provisions of section 1544 of the Greater New York Charter.

(Signed.) ROBT. W. HEBBERD, Commissioner.

General Order No. 50.

December 11, 1906.

(Re: Provisions of the Sanitary Code of the Board of Health of The City of New York.)

By request of the Board of Health of this City,

Ordered, That attention be and it is hereby called to the following provisions of the Sanitary Code of the City (a copy of which is sent to you herewith), with relation to infectious diseases, which must be carefully observed by officers and employees of this Department:

"Section 133. It shall be the duty of every physician to report to the Department of Health, in writing, the full name, age and address of every person suffering from any one of the infectious diseases included in the list appended, with the name of the disease, within twenty-four hours of the time when the case is first seen:

"A. Contagious (very readily communicable): measles, rubella (röteln), scarlet fever, small-pox, varicella (chicken-pox), typhus fever, relapsing fever.

"B. Communicable: Diphtheria (croup), typhoid fever, Asiatic cholera, tuberculosis (of any organ), plague, tetanus, anthrax, glanders, epidemic cerebro-spinal meningitis, leprosy, infectious diseases of the eye (trachoma, suppurative conjunctivitis), puerperal septicemia, erysipelas, whooping cough.

"C. Indirectly communicable (through intermediary host): Yellow fever, malarial fever.

"Section 134. It shall be the duty of the Commissioners or managers or the Principal, Superintendent or Physician of each and every public institution or dispensary in this City to report to the Department of Health, in writing, the full name, age and address of any person suffering from any one of the infectious diseases included in the list appended, with the name of the disease, within twenty-four hours of the time when the case is first seen:

"A. Communicable: Influenza, lobar pneumonia, broncho-pneumonia, infectious diseases of the gastro-intestinal canal (dysentery, cholera morbus, cholera infantum, summer diarrhoeas of infants).

"B. Parasitic Diseases of the Skin: Scabies, tinea tonsurans, impetigo (contagious), favus.

"Section 135. It shall be the duty of every physician to report forthwith, in writing, to the Department of Health, the death of every person who dies from, or while suffering with any infectious disease, and to state in such report the specific name and type of such disease.

"Section 138. It shall be the duty of the Commissioners or managers, or the Principal, Superintendent or Physician of each and every public and private institution or dispensary in this City to report to the Department of Health, in writing, or to cause such report to be made by some proper and competent person, the name, age, sex, occupation and latest address of every person afflicted with tuberculosis, who is in their care or who has come under their observation, within one week of such time. It shall be the duty of every person sick with this disease and of every person in attendance upon any one sick with this disease, and of the authorities of public or private institutions or dispensaries, to observe and enforce all the sanitary rules and regulations of the Board of Health for preventing the spread of pulmonary tuberculosis.

"Section 139. Whenever an Inspector of this Department shall report in writing that any person is sick of any infectious disease, under such circumstances that the continuance of such person in the place where he or she may be is dangerous to the lives of other persons residing in the neighborhood, the Sanitary Superintendent, an Assistant Sanitary Superintendent or the Chief Inspector of the Division of Contagious Diseases, upon the report of the Medical Inspector of the Department, may cause the removal of such sick person to one of the hospitals under the charge of this Department or to a hospital delegated by the Board of Health.

"Section 140. In every public hospital or dispensary in The City of New York there shall be provided and maintained a suitable room or rooms for the temporary isolation of persons suffering from any of the following infectious diseases: measles, diphtheria (croup), scarlet fever, small-pox, chicken-pox, epidemic cholera, typhus fever, rubella (röteln), plague and whooping cough; and such persons shall immediately be separated from other persons at such dispensary or hospital. It shall be the duty of the Physician or Physicians, and of the officers and managers of every hospital or dispensary to cause a report to be immediately made to the Department of Health of The City of New York of every person afflicted with any one of the infectious diseases herein specified who comes to their knowledge, and to have such persons properly isolated from other persons.

"Section 143. No person shall within this city, without a permit from the Board of Health, carry, remove or cause, or permit to be carried or removed, any person sick with any infectious disease, or remove or cause to be removed any such person from any building or vessel to any other building or vessel or to the shore, or to or from any vehicle in any part of the city. Nor shall any person, by any exposure of any individual sick of any infectious disease, or of the body of such person, or by any negligent act connected therewith, or in respect of the care or custody thereof, or by a needless exposure of himself, cause or contribute to or promote the spread of disease from any such person or from any dead body."

Attention is particularly called to the foregoing provisions of the Sanitary Code which call for reports to the Board of Health; for the isolation of patients having infectious diseases, and prohibit the removal of patients having such diseases without a permit from the Board of Health.

Reports in writing are to be made to the undersigned with reference to any further equipment or supplies that may be necessary to carry out these requirements of the Sanitary Code which it will be the purpose of this department at all times to enforce.

(Signed) ROBT. W. HEBBERD, Commissioner.

General Order No. 51.

December 12, 1906.

(Re: Rules and Regulations Governing the Duties of the First Deputy Commissioner of Public Charities.)

Ordered, That the following rules and regulations governing the duties of the First Deputy be and they are hereby adopted, to take effect January 1, 1907:

1. The First Deputy Commissioner of Public Charities shall have his official headquarters in the principal office of the department which is located in the Borough of Manhattan.

He shall have charge of and exercise supervision over the institutions, departments, bureaus and properties of the department in the Boroughs of Manhattan, The Bronx and Richmond, and of the employees thereof, and shall be obeyed and respected accordingly.

2. Except as otherwise provided by law or the rules and regulations of the department, or as may be directed by the Commissioner, all communications with relation to internal matters from the paid heads of such institutions, departments and bureaus shall be addressed to the First Deputy Commissioner, who shall give them such attention as they may require.

When action by the Commissioner is necessary or seems desirable upon any of the said communications, the First Deputy Commissioner shall refer such communications to the Commissioner, with recommendations endorsed thereon or attached thereto.

3. The First Deputy Commissioner shall inspect the institutions, departments and bureaus and properties of the department in the Boroughs of Manhattan, The Bronx and Richmond at least monthly, and shall see that the provisions of law and the rules and regulations governing the same are carefully observed.

4. The First Deputy Commissioner shall promptly bring to the attention of the Commissioner in writing the facts with regard to any evil, defect or abuse in the work of the department, or of any employee thereof, that may come under his notice, with his recommendations for remedying the same. In pursuance of these duties he shall give special attention to the food and other supplies of the department and to the punctuality, deportment and industry of all employees in the boroughs named. He is authorized and empowered to bring charges against any such employee who fails to observe any of the rules and regulations of the department, and to suspend from duty any such employee pending the result of such charges.

5. The First Deputy shall pass upon all requisitions for supplies and repairs in the boroughs hereinbefore specified, in accordance with the rules and regulations of the department governing requisitions.

6. Special duties shall from time to time be devolved upon the First Deputy as circumstances may require.

(Signed) ROBT. W. HEBBERD, Commissioner.

General Order No. 52.

December 12, 1906.

(Re: Rules and Regulations Governing the Duties of the Second Deputy Commissioner of Public Charities.)

Ordered, That the following rules and regulations governing the duties of the Second Deputy be and they are hereby adopted, to take effect January 1, 1907:

1. The Second Deputy Commissioner of Public Charities shall have his official headquarters in the office of the department which is located in the Borough of Brooklyn.

He shall have charge of and exercise supervision over the institutions, departments, bureaus and properties of the department in the Boroughs of Brooklyn and Queens and of the employees thereof, and shall be obeyed and respected accordingly.

2. Except as otherwise provided by law or the rules and regulations of the department, or as may be directed by the Commissioner, all communications with relation to internal matters from the paid heads of such institutions, departments, bureaus

and properties shall be addressed to the Second Deputy Commissioner, who shall give them such attention as they may require.

When action by the Commissioner is necessary or seems desirable upon any of the said communications the Second Deputy Commissioner shall refer such communications to the Commissioner with recommendations endorsed thereon or attached thereto.

3. The Second Deputy Commissioner shall inspect the institutions, departments, bureaus and properties of the department in the Boroughs of Brooklyn and Queens at least monthly, and shall see that the provisions of law and the rules and regulations of the department governing them are carefully observed.

4. The Second Deputy Commissioner shall promptly bring to the attention of the Commissioner in writing the facts with regard to any evil, defect or abuse in the work of the department, or of any employee thereof, that may come under his notice, with his recommendations for remedying the same. In pursuance of these duties he shall give special attention to the food and other supplies of the department and to the punctuality, deportment and industry of all employees in the boroughs named. He is authorized and empowered to bring charges against any such employee who fails to observe any of the rules and regulations of the department, and to suspend from duty any such employee pending the result of such charges.

5. The Second Deputy shall pass upon all requisitions for supplies and repairs in the boroughs hereinbefore specified, in accordance with the rules and regulations of the department governing requisitions.

6. Special duties shall from time to time be devolved upon the Second Deputy as circumstances may require.

(Signed) ROBT. W. HEBBERD, Commissioner.

(General Order No. 53.)

December 17, 1906.

(Re: Requisitions for and Distribution of Supplies.)

Ordered, That the following rules and regulations with respect to general, special and other requisitions be and they are hereby adopted, covering all boroughs and institutions, in conformity with the provisions of section 679 of the Greater New York Charter, as follows:

"Each Superintendent, Warden or chief officer of every institution under the charge of the Commissioner shall make his requisition in writing on the Commissioner for all articles deemed necessary by the said officers to be used in the respective institutions under his charge, and shall keep an accurate account of the same."

1. Requisitions shall be known as "General Requisitions," "Special Requisitions," "Engineers' Requisitions," "Medical and Surgical Requisitions."

2. All requisitions are to be made on the forms furnished by the department for that purpose, and are to be fully and accurately made out. In accordance with the provisions of the Charter hereinbefore quoted, all such requisitions are to be made upon the Commissioner, or in his absence upon the Acting Commissioner, without whose written approval endorsed thereon no requisition of any kind shall be granted, nor any order based thereon issued, nor expense incurred, except in actual emergencies.

3. General requisitions are to be made on the 15th of each month for the common and ordinary maintenance supplies for the succeeding calendar month. The quantities called for on such requisitions are to be based on the assumption that the allowance for the succeeding calendar month will be received on the first or the second of such month. The officer in charge of the storehouse of the borough from which such estimate comes will indicate by a blue check mark such items as are neither in stock nor under contract, and where practicable by alteration in black lead such items payable from stock or from the proceeds of contracts as seem to be in excess of the monthly pro rata quantities allowed to the related institutions upon yearly estimate allowed or contract entered into by the Commissioner.

Each institution, family or household drawing supplies will be required to submit a separate estimate for such supplies, which, as approved, will be paid directly from the appropriate storehouse of the department.

The requisition is then to be submitted to the Dietitian to pass upon, in conformity to the established dietary, and finally to the respective Deputy Commissioner for his approval, so that it may be submitted to the Commissioner on or before the 20th of the month preceding that to which the requisition relates.

4. The general requisition should include everything involving expense for ordinary maintenance during the succeeding calendar month for which need can be foreseen, except as hereinafter provided. Articles which, from their perishable nature or otherwise, are naturally the subject of weekly requisitions, and are thereon stated in detail, should be specified in bulk only on the general requisition, a sufficient number of lines being used for each separate article or item. The cost of each item should be carefully estimated and the amounts set down in pencil and duly footed up in an appropriate column.

Care must be taken not to submit on any general requisition items which are proper for special or other requisitions, as such error will be likely to delay action.

5. Special requisitions are to be issued under the following circumstances, and, so far as practicable, are to follow the routine for general requisitions:

A. When the call is for unusual articles or things or for unusual quantities, involving the expenditure of considerable sums, or for any reason requiring special attention from the Commissioner or the Acting Commissioner.

B. When the call is really an urgent one, upon the prompt consideration of which any matter of importance depends.

C. When the expense is to be met from some special appropriation.

Except in cases of actual emergency, or where haste is really important, such requisitions shall be limited to the first and the fifteenth of each calendar month.

6. Engineer's requisitions are to be made on the 15th of each month for the succeeding month and are to have, in addition to the approval of the Superintendent and the Deputy Commissioner, the written approval of the Supervising Engineer, before submission to the Commissioner for his action. All items that properly belong to the Engineer's Department are to be separated from the general and the special requisitions, and any advertisements necessary for the same are to be prepared by the Supervising Engineer and to be included in regular calls for that class of supplies.

7. Medical and surgical requisitions are also to be made on the 15th of each month for the succeeding month, and are to have, in addition to the approval of the Superintendent and the Chairman of the Committee on Inspection, if any, of the hospital or institution, and the Deputy Commissioner, the written approval of the Pharmacist in charge of the General Drug Department, before submission to the Commissioner for his action.

8. Every requisition for an item of supplies or repairs for a new article or for one seldom furnished, or for an increase in the amounts of any article regularly furnished, as well as for any other item or article naturally calling for special consideration on the part of the Commissioner, or in his absence of the Acting Commissioner, shall be accompanied by a memorandum letter addressed to the Commissioner clearly explaining the need of such article, which shall be attached to such requisition. All requisitions for articles not heretofore furnished or for articles seldom furnished, the estimated cost of which is in excess of fifty dollars, should be submitted on the special requisition blank.

Every requisition, whether general or special, for any article for which there is urgent and immediate need, shall be accompanied by a letter addressed to the Commissioner, setting forth the occasion and nature of the emergency. All requisitions are filed as far as possible from outstanding contracts. Requisitions for articles for which there are no outstanding contracts will be filled by advertising and awarding new contracts whenever practicable, as the Department is limited in the amount of its open market purchases. Heads of institutions, in sending in requisitions, should indicate any article not included in existing contracts, in regard to which the delay occasioned by advertisement and execution of a new contract would occasion hardship to such institution. Heads of institutions will be held responsible for such hardships unless the emergency character of the requisition is indicated when the requisition is submitted.

9. All requisitions are to be made in triplicate, of which two copies are to be transmitted in due form as herein provided for the approval of the Commissioner, and the third copy retained on file at the institution in the binder provided for that purpose.

10. Whenever any requisition shall have been approved by the Commissioner or the Acting Commissioner, the alterations which shall have been made will be copied

by the General Storekeeper upon the duplicate form. This will then be returned to the officer issuing it, who will take note of the changes and forward the document to the borough storehouse, there to be retained on file in the binder provided for such purpose, special requisitions following general requisitions in order of date.

Such officer will then issue distribution orders to the appropriate storehouse, based upon but not in excess of such approved requisition, and the person in charge of such storehouse shall fill them. The Purchasing Agent will proceed to buy such articles as may be indicated for purchase and to secure from the City Record such supplies as are procurable therefrom without cost to the Department.

11. Heads of institutions, in making requisition for any particular article shall forward a full description of such article, and where possible shall refer to the catalogue, page and number, for the purpose of identification, as for example: "One oak table, length, height, width and thickness of top of same. States Prison Catalogue, page."

12. Heads of institutions are warned against calling upon the storehouse for supplies which are not on duly approved requisition, altering requisitions after they have been submitted, and making special requisitions for things that should be on general requisitions, except in an emergency.

13. Heads of institutions in making requisitions for supplies shall confine themselves to such requisition, and if any item is not received, it shall be their duty to write to the Commissioner with relation thereto, at the same time giving the date and number of the requisition referred to and the folio and line numbers of the items, and not to place the item or items on another requisition unless so authorized by the Commissioner or the Acting Commissioner in writing.

14. Every bill, invoice, credit voucher or other evidence of acquisition or transfer of value, relating to any institution, shall be entered on the record thus made at the institution, Borough Storehouse and Bureau of Supplies on the line or lines whereon is expressed the call for the related article or articles, and no bill or invoice shall be certified until it shall have been so entered. Heads of institutions and others whose duty it is to certify to the correctness of bills are enjoined to make certain that the article or service furnished is in all respects in conformity with such bills and the specifications, if any, upon which the order for such article or service was based, and the total shall be added and the footings carried forward from sheet to sheet and from "General" to "Special" month by month until the end of the year.

15. Officers in charge of storehouses will at all times see that a sufficient and not excessive stock of all non-perishable goods under contract, or procured from the State or County Prisons pursuant to law, shall be maintained at all times to the end that all duly authorized calls thereon, may be paid promptly on the first business day of the month to which any general requisitions shall relate.

16. Upon the arrival of a boat of coal intended for any institution, notice of such arrival, with the name of the boat and the quantity of coal on board, must be sent at once to the storehouse.

17. All requisitions other than calls upon the General Drug Department and the weekly requisitions for daily supplies of meats, fish, poultry, bread and rolls, must pass through the related Borough Storehouse. The exceptions must be sent, in one case to the Acting Chemist, and in the other, in the Borough of Manhattan, to the General Storekeeper, and in the Borough of Brooklyn to the Storekeeper, which officers shall proceed to order in such supplies as are thereon granted. All lists of goods to be ordered for maintenance of stock in pursuance of section 15 hereof, and such as may be indicated by the requisitions, must come from the Borough Storehouse; in Manhattan, to the General Storekeeper, and in Brooklyn, to the Storekeeper, which officers shall, each for the related borough, send out the orders for the goods indicated on said lists, and no order is to be sent out by either of the above mentioned officers that is not covered by a list from the Borough Storehouse.

18. The Steward or other person in charge of supplies which have not entered into consumption, shall only issue such supplies upon a written order in each case by the Superintendent, or other persons designated to act for him in that capacity in his absence.

The Steward upon receipt of such requisition duly signed or countersigned by the Superintendent of the hospital or institution shall thereupon issue the articles for which call is made. In case he shall not have the articles in stock, he shall alter the requisition so as to agree with the quantities and qualities which he is actually able to furnish, and shall notify the Superintendent of his inability to send the remaining articles specified on the call.

19. Requisitions by the Superintendent upon the Steward for issuing supplies shall be in the form of requisition books provided by the Department for such purpose, one of which shall be kept in each ward, and one for each officer's family or other group of persons to and for whom supplies are issued. The nurse or other person with whom the requisition originates shall enter in the requisition book so provided, a detailed statement of the articles and supplies needed, so far as practicable a separate page being used for each day, the date being indicated and the requisition signed by the said nurse or other person with whom it originates.

In institutions in which there are training schools for nurses, the requisition shall be signed by the Superintendent of the school before being submitted to the Superintendent of the hospital or institution for his approval.

20. Except as otherwise provided, every Steward, druggist or other person issuing supplies shall enter in a set of books, one for each ward and for each officer's family or other group of persons to or for whom supplies are issued, to be kept by him in his office for that purpose, a duplicate statement of the articles and supplies furnished on each such requisition, stating the amount of each article furnished and the date, and shall require thereto the signature of the person actually receiving from him such articles or supplies.

21. The person with whom the requisition originates shall, upon delivery of the goods, compare the same with the requisition as revised by the Steward, Druggist or other person and shall write underneath the same the word "Received" and shall sign the same as a receipt therefor. In case the articles delivered fail to correspond with the requisition such fact shall be reported forthwith to the Superintendent in writing.

(Signed) ROBT. W. HEBBERD, Commissioner.

General Order No. 54

December 31, 1906.

(Re: Drug Stores of the Department.)

Ordered, That the Superintendents of the several institutions of the Department be and they hereby are instructed to cause their respective Apothecaries to leave the key to the drug store, when closed, in the office of the Superintendent or with some one designated by him to have charge of the said store during the absence of the Apothecary; and further

Ordered, That the room where alcohol and liquors are kept be securely locked with a first class lock, and that but one key thereof be kept in use, the said articles being procurable only at the hours designated by the Superintendent, who shall be held strictly responsible for their use.

(Signed) ROBT. W. HEBBERD, Commissioner.

Special Order No. 40.

October 6, 1906.

(Re: Registrar of the Bureau of Dependent Adults.)

The Registrar or Acting Registrar of the Bureau of Dependent Adults shall have charge of the Registration Division of such Bureau, with hours of duty and in other respects subject to the rules and regulations of the Department. He shall have charge of all books, papers and documents in such division and shall see that they are properly kept and preserved. The Registrar or Acting Registrar shall assign work to the Examiners, Visitors and Clerks of the Division, but shall not change assignments without the approval in writing of the Superintendent of the Bureau. The Registrar or Acting Registrar shall see that the work assigned to the Examiners, visitors and Clerks of the Division receives proper attention, that reports are made promptly and regularly and in due form, and that a proper account is kept of the punctuality, work, capacity and deportment of each employee of the Division, in accordance with the rules of the Civil Service. He shall make such reports to the Superintendent of the Bureau as the latter may direct.

Examiner Max Rothschild is hereby assigned to the duties of Acting Registrar of the Bureau of Dependent Adults, action to date Monday, October 8, 1905.

(Signed) ROBT. W. HEBBERD, Commissioner.

## Special Order No. 41.

October 29, 1906.

Ordered, That Frances C. Aldred, Dietitian, at \$720 per annum, be and she hereby is transferred to the Kings County Hospital from Metropolitan Hospital, to date November 1, 1906, and salary increased to \$900 per annum.

(Signed) ROBT. W. HEBBERD, Commissioner.

## Special Order No. 42.

October 30, 1906.

The following dietary is hereby approved tentatively and ordered into effect November 1, 1906, as an experiment for the inmates of the New York City Children's Hospitals and Schools, Randall's Island.

(Signed) ROBT. W. HEBBERD, Commissioner.

## Special Order No. 47.

December 4, 1906.

(Re: Duties of the Dietitian of the New York City Children's Hospitals and Schools, Randall's Island.)

Ordered, That the following rules and regulations governing the duties of the Dietitian of the New York City Children's Hospitals and Schools of the Department of Public Charities be and they hereby are adopted, to take effect December 10, 1906:

1. The Dietitian of the New York City Children's Hospitals and Schools is responsible to the Superintendent for the work of all Cooks, Waitresses and other helpers employed in the Dietary Department. She must assign their work, supervise its execution, criticize the condition of their workrooms, uniforms, personal appearance and conduct while on duty, arrange for their off-duty time, instruct them when needed, and make any recommendations concerning them to the Superintendent.

2. She shall inspect daily the condition of the dining-rooms, kitchens, cupboards, ice-boxes, ranges and all equipment of the department, and give instructions for the care of the same, having full authority to enforce her instructions.

3. She shall make daily inspection of all raw and cooked food materials and see that they are properly cared for; that excess quantities are accounted for, and that only the minimum waste occurs. She shall personally see that all foods for inmates and employees of the various grades are carefully prepared and properly distributed, with minimum waste.

4. She shall visit all patients' and inmates' dining-rooms at least twice each week, observing the service of the food, the disposition of excess quantities and waste of food, making any criticism or suggestion in writing to the Superintendent.

5. The Dietitian shall be responsible to the Committee on Diet of the Medical Board for carrying out the specific dietaries approved by this committee. She shall make a note of all changes and omissions in the dietaries, with reasons therefor, and report the same in writing to the committee as often as required. The Dietitian shall prepare an outline for the lessons in dietetics to be given by her to the classes of the Training School, and she may from time to time suggest changes in it. All of which shall be submitted to the Committee on Diet for approval.

The Dietitian shall have entire charge of the pupils of the Training School during their hours of duty in the diet kitchen, planning and criticizing their work. She

shall keep a record of the work done by each pupil, which shall be reported in writing to the Supervising Nurse.

6. She shall be responsible for carrying out the dietaries approved for the institution and shall exercise her judgment in adapting meals of all employees to the conditions existing at any time.

7. After the ward diet summaries have been approved by the Superintendent as conforming to the ward diet sheets and the physician's order, they shall be brought to the office of the Dietitian at 3 o'clock on the day preceding the one on which they are to go into effect. The Dietitian shall supervise their summary for the use of the kitchens and storerooms and shall take any criticism which she may make on any requisition to the proper source for adjustment.

8. The Dietitian shall visit employees' dining-rooms during their hour of service of meals and correct any error in service of the food she may observe. Any complaint from any source regarding the work of the dietary department shall be promptly and personally investigated by the Dietitian. The Dietitian at any time may recommend to the Superintendent the employment of, the discharge of, or the modification of compensation of any employee in her department.

9. The Dietitian shall supervise the preparation of food in the special diet kitchen, and make to the Supervising Nurse any recommendations concerning the work, equipment or the Nurses and Helpers employed there.

10. At all times the Dietitian shall see that responsibility for the work to be done is properly placed, and in case of her absence she shall designate some person in her department to act for her. She shall leave the island during duty hours only with the knowledge and approval of the Superintendent.

11. The Dietitian shall report to the Dietitian of the department any criticisms regarding the condition of or amounts of supplies received; any suggestions for extraordinary repairs or improvements, and any radical changes in the number or compensation of employees, after same have received the approval of the Superintendent.

12. The Dietitian shall revise and sign all daily, weekly and monthly requisitions for food supplies on the storekeeper of the institution, and she shall also revise the weekly and monthly requisitions and the yearly estimate for food supplies sent to the General Storekeeper of the department before submitting them to the Superintendent.

13. The Dietitian shall inspect the condition of all sources of food supply produced in connection with the institutions of the New York City Children's Hospitals and Schools, and shall make any reports or suggestions relating thereto in writing to the Superintendent of these institutions.

(Signed) ROBT. W. HEBBERD, Commissioner.

## Special Order No. 48.

December 5, 1906.

Ordered, That Mary E. Moore be and she hereby is appointed Stenographer and Typewriter in the Bureau of Dependent Adults, Borough of Richmond, Department of Public Charities, at a salary of \$600 per annum; action to date December 5, 1906.

(Signed) ROBT. W. HEBBERD, Commissioner.

## Special Order No. 49.

December 6, 1906.

(Re: Amending Rules Regulating the X-Ray and Photographic Service of the Metropolitan Hospital, Blackwell's Island.)

Ordered, That article 4 of Special Order No. 2, approved March 20, 1906, be amended so as to read as follows:

"4. The House Physician or Surgeon in charge of the patient to be treated shall, in his discretion, notify the Superintendent of Nursing of his hospital, who shall see that a Nurse is available at all times to accompany the patients to and from the Laboratory. Female patients shall always be so attended."

(Signed) ROBT. W. HEBBERD, Commissioner.

## Special Order No. 50.

December 7, 1906.

(Re: Deputy Superintendent of City Home, Manhattan Division.)

Ordered, That Joseph D. Flick, of No. 62 Prospect avenue, Flushing, be and he is hereby appointed Deputy Superintendent of the City Home, Manhattan Division, at a salary of \$1,000 a year, with maintenance for himself and family, consisting of wife and two minor children, in accordance with the rules and regulations of the department; action to date December 15, 1906.

(Signed) ROBT. W. HEBBERD, Commissioner.

## Special Order No. 51.

December 7, 1906.

(Re: Deputy Superintendent of City Hospital.)

Ordered, That Albert M. Conklin of City Hospital, Blackwell's Island, be and he is hereby appointed Deputy Superintendent of the City Hospital, at a salary of \$1,000 a year, with personal maintenance, in accordance with the rules and regulations of the Department; action to date December 15, 1906.

(Signed) ROBT. W. HEBBERD, Commissioner.

## Special Order No. 52.

December 18, 1906.

(Re: Rules for Medical Department of the City Hospital.)

Ordered, That, in pursuance of the authority granted by section 659 of the Greater New York Charter, the following rules and regulations governing the Medical Department of the City Hospital are hereby adopted, to go into effect December 17, 1906:

## Rules and Regulations Governing the Medical Department of the City Hospital.

I. The Medical Department of the City Hospital shall consist of:

1. Consulting Physicians and Surgeons.
2. Attending Physicians and Surgeons.
3. A Pathologist.
4. Assistants to the Attending Physicians and Surgeons.
5. Assistants in Pathology.
6. A house staff.

II. The Medical Board shall consist of eight Attending Physicians, four Surgeons, two Gynecologists, two Obstetricians, three Genito-urinary Surgeons, three Dermatologists, two Ophthalmologists, one Laryngologist and Otolgologist, three Neurologists, one Dental Surgeon and the Pathologist; thirty members in all. This rule shall not apply to the present Attending Physicians and Surgeons in excess of the numbers stated.

III. The officers of the Medical Board shall be a President a Vice-President and a Secretary.

IV. The President shall preside at all meetings of the Board and shall be ex-officio a member of all committees.

V. The Vice-President shall fulfill the duties of the President in the event of his absence.

VI. The Secretary shall keep the minutes of all meetings and shall transmit them, together with all reports, to the Commissioner. He shall be ex-officio a member of the Committee of Inspection.

VII. The Medical Board shall have control of all matters pertaining to the medical administration of the hospital and shall make rules for the same, subject to the approval of the Commissioner.

VIII. The Medical Board shall meet regularly on the first day of each month, unless it be a Sunday or legal holiday, when the meeting shall be upon the next day. The January meeting shall be the annual meeting for the election of officers and members of the standing committees and for the determination of the term of service of the physicians and surgeons of each division at the recommendation of each division. Any member absent from three consecutive meetings without written excuse acceptable to the Board shall be considered as having tendered his resignation from the hospital.

- IX. The order of business at the regular meetings of the Medical Board shall be—
- (a) Reading of the minutes.
  - (b) Reports from the attending physicians and surgeons and from the Pathologist.
  - (c) Report from the Superintendent.
  - (d) Report from the Apothecary.
  - (e) Report from the Committee of Inspection.
  - (f) Report of special committees.
  - (g) Assignment of attending physicians and surgeons to duty in the hospital.
  - (h) Election of officers. (Annual meeting.)
  - (i) Miscellaneous business.
  - (j) Adjournment.

X. Five members of the Medical Board shall constitute a quorum for receiving all monthly reports and for assignments of attending physicians and surgeons for duty. For all other business a quorum of ten shall be required.

XI. The standing committees of the Medical Board shall be a committee of inspection and an examining committee.

#### Committee of Inspection.

I. The Committee of Inspection shall consist of the President and the Secretary of the Medical Board and three members to be elected as follows: At the meeting following the adoption of these rules the Medical Board shall elect three members to serve one, two and three years respectively. Thereafter it shall, at the annual meeting each year, elect one member to serve for three years. Vacancies on the committee arising in any other way than by expiration of a member's term shall be filled by election for the unexpired term.

II. The member of the committee serving the last year of his term shall be its chairman.

III. The Committee of Inspection shall be the executive committee of the Medical Board in the execution of its rules and orders and shall exercise full supervision over all departments of the hospital. All questions involving the discipline of the house staff shall be referred to it. All business of the Medical Board with the Commissioner and with the heads of the departments of the hospital shall be carried on through it. The Chairman of the Committee of Inspection shall approve all requisitions on the Commissioner for medical and surgical supplies, and shall make such reports as the Commissioner may require in the interest of the hospital.

IV. The committee shall hold at least one meeting a month, shortly before the meeting of the Medical Board, and such others as may be called by the Chairman.

V. It shall make a written report at each meeting of all actions taken. At the annual meeting of the Medical Board this report shall contain a statement of the number of visits made by and the minimum number required of each attending physician and surgeon during the year with leaves of absence granted by the Medical Board.

#### The Examining Committee.

I. The examining committee shall consist of the pathologist and four other members to be elected as follows: Following the adoption of these rules two members shall be elected to serve for two years and two to serve one year. Thereafter at each annual meeting two members shall be elected to serve two years. They shall elect their own chairman from the members serving the last year of their term.

II. This committee shall conduct all examinations for positions on the house staff, determine the time and place of same and shall recommend to the Medical Board for appointment by the Commissioner successful candidates in the order of their merit.

#### Attending Physicians and Surgeons.

I. The attending Physicians and Surgeons shall be appointed as follows: When a vacancy occurs on any service of the hospital the President of the Medical Board shall appoint a committee, consisting, if possible, of two members of the Board representing that service and one other member, three members in all, who shall canvass the applicants and present the names and qualifications of all candidates to the Medical Board at its next regular meeting. A list of candidates to be voted on shall be sent with the call to the meeting. This list of candidates with their qualifications and a recommendation of one of them for appointment shall be sent to the Commissioner. In order to be qualified for appointment candidates for the position of Attending Physicians and Surgeons must be graduates of medicine of at least eight years and must have been identified for at least five years with that branch of medicine to which they seek appointment.

II. The Attending Physicians and Surgeons shall have the entire direction of the treatment of the patients, they shall also supervise the conditions of their wards, the behavior of nurses and orderlies, the nursing and the character of the food of the patients.

III. They shall be required, as a minimum of their services, to visit their wards as follows: In medicine, three times a week; in surgery, three times a week; in gynecology, three times a week; in obstetrics, twice a week; in genito-urinary surgery, three times a week; in dermatology, twice a week; in laryngology and otology, twice a week; in neurology, twice a week; in ophthalmology, twice a week.

IV. At each visit to the hospital they shall record their names in a book kept at the hospital for the purpose.

V. In case of absence for over two weeks they shall offer their service to their colleagues on the division and only if declined by them, to the assistant. In case of contemplated absence for such period they shall, in advance, notify the Chairman of the Inspection Committee of their intention and of the disposition made of their service.

VI. Failure of an Attending Physician or Surgeon to do two-thirds of his yearly duty without previous permission of the Medical Board shall be considered equivalent to resignation from the hospital. In determining the number of visits during the year no more visits per week shall be counted than the minimum prescribed in Rule 3 of this section.

VII. Transfers to other services of the hospital shall be made only upon the signature of the Attending Physicians and Surgeons. Complaints of irregularity or injustice in transfer shall be referred to the Committee of Inspection for investigation and adjudication. In case of emergency or of a contagious nature or of mistakes in the distribution of the patients by the examining officer, the Attending Physician or Surgeon may direct immediate transfer through his house physician or surgeon. All transfers shall be promptly reported to the hospital office.

VIII. It shall be the duty of the Attending Physicians and Surgeons to investigate and report in writing over their signature to the Committee of Inspection any incompetency or insubordination on the part of any member of the house staff or nurse in his wards.

#### Assistant Attending Physicians and Surgeons.

I. There shall be Assistant Attending Physicians and Surgeons as determined by the Medical Board.

II. Candidates for appointment as Assistant Attending Physicians or Surgeons must be graduates in medicine of five years and shall be recommended to the Commissioner for appointment by the Medical Board upon unanimous vote of the attendings on the division to which they seek appointment.

III. They shall visit the hospital as specified in Rules 2 and 3 of the previous section, when called upon to do so by the Attending Physicians and Surgeons, but they shall not be required to take charge of the service for a period of more than two weeks without previous notice of at least one month.

An Assistant Orthopedic Surgeon may be chosen by the Medical Board. He shall rank as an assistant in general surgery and shall so act when called upon. He shall also carry out mechanical orthopedic treatment on patients in any ward of the hospital when requested so to do by the Attending Physician or Surgeon.

#### The Pathologist.

I. The Pathologist is director of the Strecker Memorial Laboratory. He shall have entire charge and be held responsible for all apparatus, instruments and all the pathological material and shall supervise the proper preservation of the same. He shall approve all requisitions on the Commissioner for laboratory supplies, which approval in this instance only shall take that of the Chairman of the Committee of Inspection.

II. All records and specimens are the property of the institution and are open at all times to inspection and study from members of the Medical Board and the house

staff, but no record or specimen is to be removed from the laboratory without consent of the pathologist.

III. Adequate notice of autopsies to be performed shall be sent to the attending physicians and surgeons from whose ward the case has come.

IV. In case an attending physician or surgeon is unable to be present at an autopsy, all material will be kept fresh at his request to the pathologist or one of his assistants for two days. Individual organs and tissues only shall be kept in a preservative at special request for a longer time.

V. Reports on clinical specimens are to be given promptly to attendings and the staff in a suitable form and record of such examinations are to be kept. Special chemical, microscopical or bacteriological examinations of specimens from cases in the wards shall be made at the request of the attending physician and surgeons by the assistant pathologist, when directed by the pathologist.

VI. The pathologist shall have a right to give instructions in pathology in the Strecker Memorial Laboratory, and shall have the privilege of using the material of the institution for that purpose.

VII. He may use the Strecker Memorial Laboratory for work of his own and original research, and acknowledgment shall be made to the institution in all publications coming from it.

#### The Assistants in Pathology.

I. Assistants in pathology shall be recommended by the Medical Board to the Commissioner for appointment or nomination by the pathologist. They shall do such duties as are assigned to them by the pathologist, who shall also determine their rank in the laboratory.

II. In case of absence of the pathologist he shall, having notified the chairman of the Inspection Committee, designate one of his assistants to act for him.

III. They shall have standing and privileges of members of the house staff.

#### The House Staff.

I. There shall be appointed by the Commissioner of Public Charities, on nomination of the Medical Board, as previously provided, a specified number of graduates in medicine who shall be known as the house staff.

II. Their individual duties, time of service and ranks shall be determined by the Medical Board, and at the end of satisfactory service they shall receive a diploma of graduation. Any member of the staff who fails to complete the required term of service shall not be entitled to this diploma. They shall live in hospital quarters provided for them, and shall receive in addition their board and washing, but shall not be allowed any other emoluments, perquisites or fees whatsoever.

III. Their commission may be canceled at any time by the Commissioner at the recommendation of the Medical Board if their work should prove unsatisfactory.

IV. They shall not be engaged in any other business than that of the hospital, nor shall they practice outside of the hospital.

V. The house staff shall consist of house officers, seniors, juniors and special assistants.

VI. The house officers shall enter upon their duty after a satisfactory service as juniors and seniors. The time of these services is to be determined by the Medical Board subject to the approval of the Commissioner. They shall select their services according to the standing determined by the entrance examination.

VII. The house officers shall have charge, under the control of their attending physician or surgeon, of their individual services and be held responsible for them.

VIII. Seniors and juniors shall act as assistants to the house officers and perform such duties as are assigned to them by him.

IX. The house officers shall, as soon as practicable after admission, see each new patient and order such treatment as may be found necessary until the arrival of the attending physician or surgeon.

X. They shall visit each and every patient in their wards at least every morning and evening, morning rounds to commence promptly at 9 a. m., and they shall be prepared to report the state of each patient to the attending physician or surgeon.

XI. House officers and their staff are required to accompany their respective attendings in making rounds. Seniors and juniors shall accompany the house officers on their morning rounds unless it shall become necessary to detail them to other duties, and they shall also be accompanied by the head nurse.

XII. No operation shall be performed by any member of the house staff without permission from his visiting surgeon, except in cases of emergency when delay would be attended by serious danger to the patient. In such cases the attending surgeon shall be notified in detail as soon as possible, and the house officer shall file with the superintendent, to be transmitted to the Committee of Inspection, a full description of the case.

XIII. If they, their seniors, juniors or special assistants shall leave the hospital, they shall enter in a book kept for that purpose the exact time of their departure and return, but they and their seniors shall not be absent from the hospital at the same time without permission from the Chairman of the Inspection Committee, nor shall more than half the number of house officers be absent from the hospital at the same time without such permission. They shall be notified by the seniors, juniors and special assistants whenever they wish to leave the hospital. No member of the house staff shall leave the hospital grounds on week days between the hours of 9 a. m. and 5 p. m. without special permission of the Chairman of the Committee of Inspection.

XIV. The regular yearly vacations of members of the staff shall be determined by the Medical Board and granted by the Committee of Inspection. Special leave of absence may be given by the Chairman of the Inspection Committee.

XV. No member of the staff shall entertain any guest in his quarters or in the hospital for a period exceeding twenty-four hours, without permission of the Chairman of the Inspection Committee and of the Commissioner in writing.

XVI. Special Assistants shall have the official staff rank of juniors, and at the expiration of a satisfactory term of service shall receive a certificate of such service.

#### Hospital Rules.

I. The hospital is to be divided into the following services:

- First and second medical divisions.
- The surgical division.
- The gynecological division.
- The genito-urinary division.
- The obstetrical division.
- The ophthalmological division.
- The laryngological and otological division.
- The dermatological division.
- The neurological division.

The distribution of patients to these divisions shall be as follows: All cases requiring treatment for internal diseases and that do not belong to the special services as hereafter specified, shall be assigned to the medical divisions. All cases requiring operative or other surgical treatment, and which do not belong to one of the special surgical services hereafter specified, shall be assigned to the surgical division. Women requiring treatment for diseases of the external genitals, excepting venereal diseases, and of the uterus and appendages, shall be assigned to the gynecological division. All patients suffering from venereal diseases of the external genitals, diseases of the urethra, male genital organs, prostate, bladder and operations of the kidney shall be assigned to the genito-urinary division, excepting cases of syphilis, in which there are secondary or tertiary skin lesions. All cases requiring treatment chiefly for diseases of the skin, and including the skin manifestations of syphilis shall be assigned to the dermatological division. All patients requiring treatment chiefly for the eye and for the nose, throat and ear, shall be assigned to the ophthalmological and otological and laryngological services respectively. All patients with diseases of the nervous system who do not require immediate surgical treatment or immediate treatment for internal diseases, shall be assigned to the neurological division. All maternity cases, excepting those suffering from diseases the nature of which would render them unfit for care in the maternity wards, shall be assigned to the obstetrical division.

II. No patient, except accident cases and employees of the hospital, shall be received and treated in any ward of this hospital unless admitted through the central examining office at Twenty-sixth street, and patients who are in emergencies referred to the hospital by the attending Physician or Surgeon over their own signature, and subsequently reported to and accepted by the Commissioner as a public charge.

III. Employees of the hospital requiring medical and surgical treatment shall be admitted to the wards of the hospital only upon written request of the Superintendent and after examination by the physician in charge of the reception office. Cases of

accident shall be reported at once to the Physician in charge of the reception office and be examined by him before they are sent to the wards.

IV. No operation shall be performed, except in cases of emergency, unless notice is sent at least twelve hours prior to the operation to the hospital office. In any medical or surgical case of emergency the house officer shall request the immediate attendance of the attending Physician or Surgeon, or if he cannot be found, of any other attending Physician or Surgeon of that division, or if neither can be found, of the Assistant.

V. Clinical instruction may be given by the attending Physicians and Surgeons on patients under their care.

VI. Requests for extra or special Nurses shall be made to the Superintendent of the Training School, upon the authority of the Attending Physicians or Surgeons. Failure to receive the required Nurses shall be reported in writing to the Committee of Inspection.

VII. All requisitions for new instruments or hospital apparatus shall be made to the Committee of Inspection over the signature of the attending Physician or Surgeon. All medical or surgical supplies shall be ordered from the Apothecary over the signature of the house Physician or Surgeon, who shall be held responsible for the same.

VIII. The diet of all patients shall be prescribed by the attending Physicians or Surgeons, and shall be supplied on their authority only.

IX. Patients shall be discharged from the hospital under the authority and by the signature of the attending Physicians and Surgeons, and in no other manner. Cards thus signed, together with the ward records of the case, shall at once be transmitted to the office.

X. The hospital office shall be promptly notified by the house Physician or Surgeon of all patients seriously ill or in extremis. Cases of suspected contagious diseases shall be reported at once to the office and isolated.

XI. Upon the death of a patient the house physician or surgeon shall be immediately notified and the body shall not be removed from the ward except upon his authority.

#### Amendments.

Except as otherwise provided by the Commissioner, none of these rules shall be amended, added to or repealed, except upon two-thirds vote of the Medical Board present at a meeting, the call for which issued at least one week in advance, shall have contained notice of such proposed action, and with the approval in writing of the Commissioner.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 53.

December 19, 1906.

Ordered, That Frederick E. Goldthwaite, Clerk, salary \$900 per annum, be and he hereby is increased to \$1,200 per annum, action to date December 18, 1906.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 54.

December 27, 1906.

Ordered, That Ella J. Bartlett be and she hereby is promoted from Trained Nurse, at \$600, to Supervising Nurse, at \$750 per annum; action to date January 1, 1907.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 55.

December 28, 1906.

Ordered, That E. Grace McCullough, Dietitian, salary \$720 per annum, be and she hereby is transferred from Home for the Aged and Infirm (Manhattan Division) to the Metropolitan Hospital; action to date January 4, 1907.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 56.

December 28, 1906.

Ordered, That Florence Lee be and she hereby is reinstated as Dietitian in the Department of Public Charities, at a salary of \$720 per annum; action to date January 4, 1907.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 57.

December 29, 1906.

Ordered, That C. D. Cosgrove, Visitor, \$750 per annum, be and he hereby is promoted to \$1,000 per annum; action to date January 1, 1907.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 58.

December 29, 1906.

Ordered, That Albert E. Batchelor, Visitor, \$900 per annum, be and he hereby is promoted to \$1,000 per annum; action to date January 1, 1907.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 59.

December 31, 1906.

(Re: Salary of Pilots.)

Ordered, That the salary of P. Joseph Conron, Harry Daniels, Jas. M. Sheehan and Michael F. Shaughnessy, pilots, in the Department of Public Charities, be and it is hereby placed at the sum of \$1,200 per annum, the same being, in my opinion, the prevailing rate of wages for like services; action to date January 1, 1907.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 60.

December 31, 1906.

(Re: Salary of Superintendent of the Children's Bureau.)

Ordered, That, in pursuance of and conformity with the action of the Board of Estimate and Apportionment on April 3, 1903, the Board of Aldermen on April 7, 1903, and approved by the Mayor on April 13, 1903, establishing the grade of Superintendent of Bureau of Dependent Children (now the Children's Bureau) of the department, and fixing the salary thereof at \$2,700 per annum, the salary of the Superintendent of the Children's Bureau, Mr. F. E. Bauer, is hereby placed at the said sum of \$2,700 per annum, action to date January 1, 1907.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 61.

December 31, 1906.

(Re: Salary of Supervising Engineer.)

Ordered, That, in pursuance of and conformity with the action of the Board of Estimate and Apportionment on April 3, 1903, the Board of Aldermen on April 7, 1903, and approved by the Mayor on April 13, 1903, establishing the grade of Supervising Engineer of the Department, and fixing the salary thereof at \$2,400 per annum, the salary of the Supervising Engineer of the department, Mr. Gavin Hamilton, is hereby placed at the said sum of \$2,400 per annum, action to date January 1, 1907.

(Signed) ROBT. W. HEBBERD, Commissioner.

#### Special Order No. 62.

December 31, 1906.

(Re: Salary of Superintendent, Bureau Dependent Adults.)

Ordered, That, in pursuance of and conformity with the action of the Board of Estimate and Apportionment on April 3, 1903, the Board of Aldermen on April 7, 1903, and approved by the Mayor on April 13, 1903, establishing the grade of Superintendent of the Out-door Poor (now Bureau of Dependent Adults) of the department, and fixing the salary thereof at \$2,700 per annum, the salary of the Superintendent of the Bureau of Dependent Adults, Mr. George W. Meeks, is hereby placed at the said sum of \$2,700 per annum, action to date January 1, 1907.

(Signed) ROBT. W. HEBBERD, Commissioner.

Acknowledgment is made to the Department of Health for its kind co-operation in regard to the inspection of milk supplied to this department, and in removing from the hospitals of this department patients who developed contagious diseases; to the Department of Docks and Ferries for making repairs to the several docks when requested to do so; to the Department of Water Supply, Gas and Electricity for granting our requests for the betterment of the condition of the water supply on Blackwell's Island, and also in installing new gas lamps along the roads of said island and for many other minor changes; to the Department of Correction for detaining gangs of prisoners to unload flour, lumber and other supplies from barges alongside our storehouse and bakery docks, and also for the help of these prisoners in numerous other ways on Blackwell's and Randall's Islands, such as building and repairing sea-walls, roads and in handling the large quantity of freight which goes to the islands by the department's boats; and to the State Board of Charities for its prompt assistance in returning alien and non-resident cases that become public charges in this city, thus relieving the City of their care and support.

The following reports from the heads of institutions and bureaus are included in this quarterly report:

Private Secretary's report.

\$961 00

E. & O. E.,

New York, January 23, 1907.

CYRUS V. KEAN, Auditor.

#### REPORT OF THE DEPARTMENTAL DIETITIAN.

December 31, 1906.

Hon. ROBERT W. HEBBERD, Commissioner:

Dear Sir—Herewith I beg to hand you my report for the fourth quarter of the year.

##### Organization.

On October 1, Miss E. Grace McCullough was reappointed as Dietitian in this Department and assigned to the New York City Home for Aged and Infirm, Blackwell's Island, a vacancy having existed there for some months.

November 1, Mrs. Frances C. Aldred, Dietitian, was transferred from the Metropolitan Hospital to the Kings County Hospital, Brooklyn, to succeed Mrs. Florence Lee, Dietitian, whose resignation took effect on that date. The Civil Service Commission being unable to furnish us with names of Dietitians eligible to appointment, it was impossible to appoint a successor to Mrs. Aldred at the Metropolitan Hospital, and Miss Amelia McNaughton, Pupil Dietitian since June 1, was appointed Acting Dietitian, at \$600 per year, until such time as a regular appointment could be made. Arrangements were made for Miss McCullough to come from the City Home and teach classes in cookery at the Metropolitan Training School for the five lessons remaining in the term.

Rules and regulations governing the duties of the Dietitian at the New York City Children's Hospitals and Schools were adopted and promulgated December 4, as Special Order No. 47 (see appendix "A").

Further progress has been made in the reorganization of the kitchen force at City Hospital, by creating the position of Fry Cook, at \$30 per month, thus affording the Chef additional assistance and insuring more careful preparation of food for employees.

##### Buildings and Equipment.

At the New York City Home for Aged and Infirm, plans are made for converting a small room off one of the hospital wards into a special diet kitchen, where special cooking can be done by a Nurse for the patients most in need of it. This room will probably be equipped soon after the first of the new year.

Plans are completed for a new kitchen and dining room building at the City Hospital, Blackwell's Island.

Plans for the improvement of the service of food in the general dining room at the New York City Home for Aged and Infirm, by means of rearrangement of dining room furnishings and the installation of steam tables, are under consideration.

##### Dietaries and Food Supply.

A dietary for the inmates of the New York City Children's Hospitals and Schools was tentatively adopted and promulgated October 30, as Special Order No. 42 (see appendix "B"). This dietary offers improvement upon the previous one by providing liberally for fruits and cereals, and for greater variety in the preparation of meats. An increased allowance of cereals and fruits is required, and probably a reduction in meats can be made to compensate for this. No difference is made for the various classes of inmates, i. e., sick children, feeble-minded children and idiots, but it is expected that after a trial of this dietary, it would be possible to say just what differentiation of diets is advisable.

A book providing for the record of food inspections made at Twenty-sixth street pier has been ordered. This book provides spaces for the following information: Article ordered, quantity, date for which ordered, date received, contractor's name, destination, inspected by, if rejected, why? when sent to institution. The necessity for this book arises from the fact that several people are inspecting food supplies and it is sometimes difficult to fix responsibility for these inspections.

Improved specifications have been recommended for certain articles of food supply to be advertised for the year 1907, as follows: Baking powder, cocoa, gelatine, fruits, vegetables, a greater variety of fresh fish and an extension of the season during which meats should be covered with burlap.

##### Teaching of Classes.

At the New York City Training School for Nurses the following classwork has been conducted by myself:

Two last lessons of the term in chemistry for the August probationary class.  
Five lessons in the principles of cookery for the October probationary class.  
Five lessons in general elementary chemistry for the October probationary class.  
Six lectures in dietetics for the intermediate class of twenty-one members.  
Eight lessons in bacteriology, completing the term of ten lessons begun in September for the junior class of two sections.

Respectfully submitted,

FLORENCE R. CORBETT, Departmental Dietitian.

#### APPENDIX "A."

Special Order No. 47.

December 4, 1906.

(Re: Duties of the Dietitian of the New York City Children's Hospitals and Schools, Randall's Island.)

Ordered, That the following rules and regulations governing the duties of the Dietitian of the New York City Children's Hospitals and Schools of the Department of Public Charities be and they hereby are adopted to take effect December 10, 1906:

1. The Dietitian of the New York City Children's Hospitals and Schools is responsible to the Superintendent for the work of all cooks, waitresses and other helpers employed in the Dietary Department. She must assign their work; supervise its execution; criticize the condition of their workrooms, uniforms, personal appearance and conduct while on duty; arrange for their off-duty time; instruct them when needful; and make any recommendations concerning them to the Superintendent.

2. She shall inspect daily the condition of the dining rooms, kitchens, cupboards, ice boxes, ranges and all equipment of the Department, and give instructions for the care of the same, having full authority to enforce her instructions.

3. She shall make daily inspection of all raw and cooked food materials and see that they are properly cared for; that excess quantities are accounted for; and that only the minimum waste occurs. She shall personally see that all foods for inmates and employees of the various grades are carefully prepared and properly distributed, with minimum waste.

4. She shall visit all patients' and inmates' dining rooms at least twice each week, observing the service of the food, the disposition of excess quantities and waste of food, making any criticism or suggestion in writing to the Superintendent.

5. The Dietitian shall be responsible to the Committee on Diet of the Medical Board for carrying out the special dietaries approved by this committee. She shall make a note of all changes and omissions in the dietaries, with reasons therefor, and report the same in writing to the committee as often as required. The Dietitian shall prepare an outline for the lessons in dietetics to be given by her to the classes of the Training School, and she may from time to time suggest changes in it. All of which shall be submitted to the Committee on Diet for approval.

The Dietitian shall have entire charge of the pupils of the Training School during their hours of duty in the diet kitchen, planning and criticizing their work. She shall keep a record of the work done by each pupil, which shall be reported in writing to the Supervising Nurse.

6. She shall be responsible for carrying out the dietaries approved for the institution and shall exercise her judgment in adapting meals of all employees to the conditions existing at any time.

7. After the ward diet summaries have been approved by the Superintendent as conforming to the ward diet sheets and the physician's order, they shall be brought to the office of the Dietitian at 3 o'clock on the day preceding the one on which they are to go into effect. The Dietitian shall supervise their summary for the use of the kitchens and storerooms and shall take any criticism which she may make on any requisition to the proper source for adjustment.

8. The Dietitian shall visit employees' dining rooms during their hour of service of meals and correct any error in service of the food she may observe. Any complaint from any source regarding the work of the dietary department shall be promptly and personally investigated by the Dietitian. The Dietitian at any time may recommend to the Superintendent the employment of, the discharge of, or the modification of compensation of any employee in her department.

9. The Dietitian shall supervise the preparation of food in the special diet kitchen, and make to the Supervising Nurse any recommendations concerning the work, equipment, or the nurses and helpers employed there.

10. At all times the Dietitian shall see that responsibility for the work to be done is properly placed, and in case of her absence, she shall designate some person in her department to act for her. She shall leave the Island during duty hours only with the knowledge and approval of the Superintendent.

11. The Dietitian shall report to the Dietitian of the Department any criticisms regarding the condition of, or amounts, of supplies received, any suggestions for extraordinary repairs or improvements, and any radical changes in the number or compensation of employees, after same have received the approval of the Superintendent.

12. The Dietitian shall revise and sign all daily, weekly and monthly requisitions for food supplies on the storekeeper of the institution, and she shall also revise the weekly and monthly requisitions and the yearly estimate for food supplies sent to the General Storekeeper of the Department before submitting them to the Superintendent.

13. The Dietitian shall inspect the condition of all sources of food supply produced in connection with the institutions of the New York City Children's Hospitals and Schools, and shall make any reports or suggestions relating thereto in writing to the Superintendent of these institutions.

(Signed) ROBT. W. HEBBERD, Commissioner.

Attest:

(Signed) J. McKee Borden, Secretary.

#### APPENDIX "B."

## REPORT OF EMPLOYMENT AGENT FOR QUARTER ENDING DECEMBER 31, 1906.

January 24, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities:

Dear Sir—I have the honor to submit herewith the quarterly report of the Employment Bureau for the three months ending December 31, 1906, during which period the following is a summary of the work performed by me as Employment Agent:

October 1, 1906, to December 31, 1906.

Total number of personal and referred applications received at this office.....	642
Number found eligible and placed in hospitals, asylums or institutions under the Department of Public Charities.....	121
Number referred to Bellevue Hospital and Training School.....	33
Number referred to Riverside Hospital.....	11
Number referred to Willard Parker Hospital.....	8
Number referred to State Charities Aid Association.....	5
Number of applicants unable to furnish satisfactory references.....	11
Number referred to the Ophthalmic Hospital.....	2
Failed to report for duty.....	10
Transferred on reapplication.....	3
Declined to have references investigated.....	8
Number advised and directed for possible employment.....	256
Considered undesirable after investigation.....	147
Placed on waiting list for possible vacancies.....	27
Number of visits to hospitals, institutions, societies, agencies, and references for the advancement of the Employment Bureau.....	143

I have found it necessary to visit the following hospitals, institutions and employment agencies during the past quarter for the advancement of the Employment Bureau:

## Hospitals.

Infirmery for Women and Children.  
Infants' Hospital.  
Harlem Hospital.  
Roosevelt Hospital.  
Bellevue Hospital.  
Cumberland Street Hospital, Brooklyn.  
St. Ann's Maternity Hospital.  
Emergency Hospital.  
Post-Graduate Hospital.  
City Hospital, Blackwell's Island.  
Metropolitan Hospital, Blackwell's Island.  
New York City Home for the Aged and Infirm, Blackwell's Island.  
Metropolitan Training School for Nurses, Blackwell's Island.  
Infants' Hospital, Randall's Island.  
Fordham Hospital.  
Tuberculosis Infirmery, Blackwell's Island.  
New York City Training School for Nurses, Blackwell's Island.

## Institutions, Societies and Employment Agencies.

Institution of Mercy.  
Mission of the Immaculate Conception.  
Bleecker Street Mission.  
Municipal Lodging House.  
Association for Improving the Condition of the Poor.  
Charity Organization Society.  
St. Bartholomew's Employment Bureau.  
Carpenter's Employment Bureau.  
St. Barnabas House.  
Bellevue Training School for Nurses.  
Young Women's Christian Association.  
Cooper's Employment Bureau.  
State Charities Aid Association.  
Mission of Our Lady of the Rosary.  
St. Mary's Home.  
Home Bureau for Nurses.  
New England Employment Bureau.  
Irving's Employment Agency.  
St. Joseph's Home.  
Catholic Home Bureau.  
Emergency Shelter for Women.  
Krelberg's Agency.  
Washington Square Home for Friendless Girls.

During the past quarter I have given considerable attention to the investigating of references furnished by applicants, particularly the last employer, with a view of securing a more capable and efficient class.

At the present reporting I am in touch with fifty-two employment bureaus and with those interested in similar agencies and in labor matters generally, for the purpose of securing more competent people for the positions requested throughout the Department.

I have endeavored to meet as promptly as possible all requests for Helpers which have been received at this office for the several hospitals, asylums and institutions under your supervision, directing those only whose character and ability would warrant their recommendation for employment.

During the past quarter I have received several requests for female help through the Board of Health to supply Riverside and Willard Parker Hospitals, which requests were granted only when I have had a surplus of applications after supplying the hospitals and institutions under the Department of Public Charities.

Respectfully submitted,

MARGUERITE D. CLAWSON, Employment Agent.

## REPORT OF THE GENERAL STOREKEEPER.

January 15, 1907.

Hon. ROBERT W. HEBBERD, Commissioner:

Dear Sir—Herewith please find report of operations for Storehouse and dependencies for the three months ending December 31, 1906.

Storehouse.	
October invoices.....	\$42,714 55
November invoices.....	29,974 55
December invoices.....	51,489 05
Total.....	\$124,178 15
October distributions.....	\$37,032 53
November distributions.....	39,793 26
December distributions.....	40,307 38
Total.....	\$117,133 17

## Blackwell's Island Bakery.

Sacks.	
No. 1 flour on hand October 1.....	.....
No. 2 flour on hand October 1.....	783
No. 1 flour received October, November, December.....	3,300
No. 2 flour received October, November, December.....	2,520
Total.....	6,663
Sacks.	
No. 1 flour consumed October, November, December.....	1,831
No. 2 flour consumed October, November, December.....	1,831
No. 1 flour paid out October, November, December.....	115
No. 2 flour paid out October, November, December.....	60
No. 1 flour on hand January 1, 1907.....	1,414
No. 2 flour on hand January 1, 1907.....	1,412
Total.....	6,663

Bread made, 714,201 pounds; an average of 273 pounds to the barrel of 196 pounds.

## Blackwell's Island Stables.

Days Work.	
Carpenters, average five men.....	314
Painters, average three men.....	201
Harnessmaker, average one man.....	74
Wheelwright, average one man.....	75
Carriage Blacksmith, average one man.....	75
Blacksmith's Helper, average one man.....	73
Total number horses on hand.....	23
Total number of horses employed.....	20
Total number days work performed.....	1,520
Total number drivers.....	24
Total number drivers paid.....	18
Total number drivers unpaid.....	6
Total number days work performed by drivers.....	1,944

## Distribution of Horses.

Storehouse, two horses, one hundred and fifty days of eight hours each.  
City Hospital, two horses, one hundred and fifty days of eight hours each.  
City Home, five horses, four hundred and twenty days of ten hours each.  
Metropolitan Hospital, ten horses, eight hundred and ten days of nine hours each.  
Blackwell's Island stable, one horse, ninety days of ten hours each.  
Blackwell's Island stable, three horses sick and unable to work.

Respectfully submitted,

A. J. DICKERSON, General Storekeeper.

## REPORT OF THE SUPERVISING ENGINEER.

January 8, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Charities:

Dear Sir—I beg to report list of passengers carried by the boats of this Department during the quarter ending December 31, as follows:

"Brennan".....	23,719
"Wickham".....	47,545
"Malry".....	89,892
"Fidelity".....	5,111

## Unclaimed Dead Taken to the City Cemetery, Hart's Island.

Adults.....	381
Children.....	803
Disinterments.....	26

Respectfully submitted,

G. HAMILTON, Supervising Engineer.

## REPORT OF DEPARTMENT ARCHITECT.

Plans and Specifications.	Title.	Estimated Cost.	Remarks.
Plans and specifications..	Two new isolation pavilions for Randall's Island.....	\$10,000 00	Now being advertised.
Plans and specifications..	Five new toilet towers for Randall's Island.....	42,000 00	Specifications at printer's.
Plans and specifications..	New fireproof stairway at Male Almshouse, Kings County Hospital.....	30,000 00	Specifications at printer's.
Plans.....	Floor plans of two wings, Kings County Hospital.....	.....	For additional steam heating.
		\$82,000 00	

## CONDITIONS OF CONTRACTS.

## Male Dormitory at Metropolitan Hospital.

This work should have been completed during December but a delay in obtaining the woodwork and red metal partition standards held the building back so that it will be about February first before the contract will be closed. The work remaining to be done is as follows:

Varnishing of woodwork, hardware to be put on, marble and tile work to be completed, floors laid.

## Female Dormitory at City Hospital.

Had it not been for the slow progress of the plumbing work this building could have been in use by now, but the plumbing contractors were so slow in starting their work that the whole job has been delayed so that the work will not be finished before early in February.

To please the Master Plumbers the plumbing contract was let separate from the general building contract, but the experience on this work recommends letting the entire job as one contract and I respectfully submit this proposition for your consideration.

#### Remodeling Male Dormitory, Randall's Island.

This work has been going ahead very well and should be entirely completed early in February.

#### New Sash and Repairs to Frames, Infants' Hospital, Randall's Island.

This work has been very slow and has caused much annoyance and loss of time but I am of the opinion that two weeks will find the contract finished.

#### New Fire Escapes, Three Cottages, Farm Colony.

This contract progressed very slowly, by reason of the inconvenience of getting material to the site and difficulty of retaining workmen. At present there is but the setting of the stone platform at the start of the stairs and ought to be finished very shortly.

Respectfully submitted,

WM. FLANAGAN, JR., Department Architect.

### REPORT OF THE BUREAU OF DEPENDENT ADULTS, BOROUGHES OF MANHATTAN AND THE BRONX.

Department of Public Charities of The City of New York, }  
January 28, 1907. }

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities,  
Twenty-sixth street and East river, New York, N. Y.:

Dear Sir—In forwarding the report of this Bureau (Morgue included), for the quarter ending December 31, 1906, I beg to call your attention to the following facts:

During said quarter, 2,850 applicants for admission to hospitals were sent to the Examining Physician of this Department, for examination as to their eligibility for admission to the hospitals connected with this Department; 293 children sent to institutions for children on Randall's Island; 835 persons sent to the New York City Home for the Aged and Infirm; 2 applications for admission to the New York City Home for the Aged and Infirm disapproved.

There were 318 children discharged from the institutions on Randall's Island. This Bureau issued 20,050 passes to visit Blackwell's and Randall's Islands; 710 tickets for meals were given to persons awaiting disposition of their cases.

Transportation was afforded to 129 sick and destitute persons, to reach their homes, thereby preventing them from becoming charges upon the City and County of New York.

There were 21 sick and destitute persons committed to the State Alms House, Blackwell's Island, for care, awaiting the action of the State Board of Charities.

There were 512 persons sent to the Municipal Lodging House; requests were made for the examination as to sanity of 148 men and 126 women; 58 deaf mutes were admitted to institutions for same; 59 were admitted to the New York Institution for the Blind.

There have also been sent, from this Bureau, 16 patients to the Craig Colony for Epileptics, Sonoma, N. Y.; 11 to the State Custodial Asylum for Feeble-minded Women, Newark, N. Y.; 8 to the Syracuse State Institution for Feeble-minded Children, Syracuse, N. Y.; 26 to the New York State Hospital for Incipient Tuberculosis, Ray Brook, N. Y.

In addition, this Bureau has examined 7,633 cases of applicants for admission to hospitals and homes other than our own, to be cared for there at the expense of the City and County of New York, of which 1,735 were rejected as improper charges.

This Bureau has also taken 262 complaints of abandonment, of which 81 were granted requisitions and 181 treated at this office; 74 non-support applications; 60 bastardy cases sent to the Court of Special Sessions; 39 bastardy cases not sent to court; 18 discharges from the Workhouse.

Payments in abandonment and bastardy cases, during the quarter ending December 31, 1906, have amounted to \$44,946.35, and disbursements in same, \$41,904.50, thus saving that much to the taxpayers of the City and County of New York.

Total number of cases (including the passes issued to visit Blackwell's and Randall's Islands) handled by the Bureau of Dependent Adults for the Boroughs of Manhattan and The Bronx, Department of Public Charities of The City of New York, during the quarter ending December 31, 1906, 34,258.

This Bureau has charge of the Morgue, at foot of East Twenty-sixth street, and the Harlem Morgue, at foot of East One Hundred and Twentieth street, both in the Borough of Manhattan. During the three months ending December 31, 1906, 2,665 bodies were received, of which but 1,213 were buried by friends.

Respectfully,

GEO. W. MEEKS, Superintendent.

F. M. BAUER, M. D., Examining Physician.

## REPORT OF THE CHILDREN'S BUREAU.

New York, December 31, 1906.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities:

Dear Sir—I have the honor to submit herewith the report of the Children's Bureau for the quarter ending December 31, 1906.

During this quarter there were fifteen hundred and sixty-six (1,566) children proposed for commitment, of which two hundred and four (204) were recurrent cases. During the same period this bureau reinvestigated the cases of twenty-four hundred and ninety-eight (2,498) children at present in institutions as public charges. The sum of seven thousand six hundred and sixty-five dollars and twenty-five cents (\$7,665.25) was received during the quarter from parents having children in institutions as partial public charges.

There are many propositions to commit children of parents who have gone back to their native country for their health. The application is generally made after the departure of the parent. When such an application is made for the commitment of children, the parent making the application is asked the question, "Where is the father or mother of these children?" as the case may be, and the reply is generally, "Oh, he has gone back to the old country for his health." Asked where he got the funds to enable him to make the voyage, the reply invariably is that friends or a charitable society furnished the money. There seems to be plenty of money available to send sick husbands back to their native country for their health, but very little money for their wives and children while the men are absent.

Now, the difficulty in these cases is this: When the absent parent learns that his children have been placed in an institution, and you may be sure that he does learn of it, he is in no hurry to return home, after he regains his health, to resume his parental responsibilities, whereas if he had entered a hospital in this City for treatment he would be discharged as soon as cured, and when he resumed work his children would be discharged to him and the City relieved of the expense of their care and maintenance. But with parents on the other side of the ocean that is another proposition.

I am of the opinion that the thing greatly needed in this City is a Court of Domestic Relations, where all cases of failure to support wives and children could be adjudicated. In many of these cases women do not get the consideration their cases merit. I know of a case recently passed upon by one of the Courts where a woman with two children was allowed the munificent sum of six dollars per month to support two children; the result of this order was that one of the children quickly became

a public charge. In numberless other cases old offenders—in the matter of non-support of wives and children—are paroled to pay their wives a certain sum of money per week and then usually the man disappears and the mother of the children applies to place the children in an institution at public expense. But if perchance she locates her husband before applying for the children's commitment, she presents herself to the Court where her husband was ordered to pay, only to find very often that the Magistrate who passed upon her case has left the Court and will not sit again for a week or two. In the meantime she can do nothing but wait until that particular Magistrate returns to the bench, as it seems to be the ethics of Court work that one Magistrate will not take up the case of another Magistrate, and doubtless there are good reasons for not doing so. But in the meantime the delinquent parent again disappears, and so it goes on, with the result that thousands of children have become public charges, simply because men are not held to a more rigid enforcement of their parental responsibilities.

With a Court of Domestic Relations in operation all this could be changed. The Magistrate assigned to such a Court could give his personal attention to these cases, not only at the initial hearing, but later, if the man fails to live up to the order of the Court. At present the latter phase of this work is usually left to a probation officer and the result is far from satisfactory, and I have no hesitation in saying that such a Court well administered would make unnecessary the commitment of at least five hundred (500) children yearly, and this is a conservative estimate. Every child over two years of age committed to an institution costs the City two dollars and twenty-five cents (\$2.25) per week, and the average length of time a child remains in an institution is about three (3) years. Assuming that the aforesaid five hundred (500) children remained public charges for three (3) years, we find that the expense to the City would be \$175,500. It seems to me that the above figures advance a very good argument that there should be such a Court in operation.

I have no criticism to make of the present Board of City Magistrates; I realize that they are now taxed to the utmost to handle the vast amount of work coming daily before them, and for that reason they have not time to go into the details of non-support cases in order that an equitable decision may be made in each case. All such cases should be thoroughly investigated. I have known of cases where women have applied to the Court for the arrest of their husbands on the ground of non-support and after the men were placed under an order to pay their wives a certain sum of money weekly, it developed that the men had been compelled to leave their wives on account of their vicious habits of living, and subsequently the children whom they were bonded to support were taken from the mothers and arraigned in the Children's Court and committed to an institution for no proper guardianship. These cases will serve as an illustration of the importance of a thorough investigation in non-support cases.

Transfer—John V. Harte, fourth grade Clerk, was transferred on December 13, 1906, from this Bureau to the Department of Water Supply, Gas and Electricity, Borough of Brooklyn.

The statistical portion of the report follows.

Respectfully submitted,

FREDERICK E. BAUER, Superintendent.

Supervision of Children Placed in Families by Indenture by the Department of Public Charities.

Number under supervision at beginning of quarter.....	66
Number removed from supervision during the quarter—	
Adopted.....	1
Number remaining under supervision at close of quarter.....	65

During the quarter ending December 31, 1906, transportation was furnished in the following cases, who were public charges, thereby relieving the City of any further expense:

October 22, 1906—One boy sent to Philadelphia, Pa.

November 2, 1906—One boy sent to Lorain, Ohio.

November 22, 1906—Mother and two children sent to Henderson, N. C.

November 26, 1906—One boy sent to Kansas City, Mo.

Table showing the nativity of children proposed for commitment; also the nativity of the parents in families applying. Where both parents are alive, the nativity of the father is tabulated. In the event of one parent being deceased, the nativity of the surviving one is tabulated; death of both, the father's:

Report of the Municipal Lodging House, No. 398 First Avenue, for Quarter Ending December 31, 1906.

Hon. ROBERT W. HEBBERD, Commissioner:

Dear Sir—I beg to present for your consideration the report of the Municipal Lodging House for quarter ending December 31, 1906.

In addition to tabulated statistics covering this period, I beg to say that, owing to unforeseen conditions, all work on our new building on East Twenty-fifth street has been brought to a complete stop through the inability of the contractors to find a solid foundation to sink piles on the northeast corner of the plot; the iron and brick work in the meantime to the height of three (3) stories was more or less completed on about 75 per cent. of the ground, when the entire work was halted until such time as ways and means may be found to overcome this serious problem.

Employment Bureau.

Many of the institutions in our Department as well as Bellevue and Allied Hospitals have been supplied with Mechanics, Helpers, Scrubwomen, etc.

Requests from nearly all of the prominent hotels are being constantly received for Cleaners and Scrubwomen; in fact, the demand from this source is at all times larger than the supply.

No one, either man or woman, is sent to fill any vacancy whose record is unfavorable on our books.

## Precautions Against Fire.

Employees, as usual, are being continually schooled as to their duties in case of fire; the day Engineer trains the day force and the night engineer the night force. All fire extinguishers and other fire apparatus throughout the institution are inspected at regular intervals.

## Supplies.

Supplies of all kinds received from the storehouse, meat department and bakery during this quarter were, as usual, of very good quality.

## Requisitions.

Requisitions for supplies, repairs, etc., have been acted upon promptly, and in a very satisfactory manner by the officials at the Central office having charge of same.

## Disposition of Inmates.

Reports, etc., as to the disposition of such inmates referred to the Bureau of Dependent Adults, the Children's Bureau and the Wayfarers' Lodge and Woodyard have been received as usual without delay.

## Charitable Societies.

All communications, requests, etc., to and from charitable organizations and interested individuals have been acted upon promptly and courteously.

## Conduct of Employees.

Taking into consideration the fact that we fed, lodged, bathed, fumigated clothing and rendered medical and surgical aid when needed to 11,684 men, women and children of all nationalities and creeds during this quarter, I think I have every reason to feel proud, on the whole, of the conduct of the officers and employees of this institution (about 66 per cent. of the latter are unpaid).

Very respectfully yours,

WM. C. YORKE, Superintendent.

## REPORT OF THE GENERAL DRUG DEPARTMENT.

Hon. ROBT. W. HEBBERD, Commissioner, Department of Public Charities, New York City:

Sir—Herewith I have the honor to submit my report for the fourth quarter of the current year. Regular and special requisitions for medical and surgical supplies have been filled for the following Institutions, viz.:

City Hospital, Blackwell's Island .....	\$4,212 80
City Training School for Nurses, Blackwell's Island .....	30 80
New York City Home for Aged, Blackwell's Island .....	1,338 76
Metropolitan Hospital, Blackwell's Island .....	3,473 13
Randall's Island Hospitals, Randall's Island .....	1,410 32
Kings County Hospital and Dependencies .....	4,750 66
Municipal Lodging House .....	25 26
Richmond Farm Colony .....	300 87
Steamboats .....	7 17
Bureau of Dependent Adults .....	3 54
General Drug Department .....	62 73
Total .....	\$15,625 04

The repairs to surgical instruments and apparatus amounted to \$301.66.

We have continued to supply Bellevue and Allied Hospitals and the Department of Correction with medicines and surgical instruments. The two Departments have replaced the supplies furnished by the equivalent purchase of a few expensive articles of large consumption.

The preparation of sterilized and chromicized catgut for the hospitals has been discontinued, and the manufacturing bureau has turned out a great variety of pharmaceutical preparations. These comprise 400 gallons fluid extracts and tinctures, 475 gallons elixirs and syrups, 1,100 gallons liniments, 300 gallons mixtures, 400 pounds of ointments, 75 pounds powders, and 2,600 gallons of distilled water.

Very respectfully,

D. J. GERRITY.

## NEW YORK CITY TRAINING SCHOOL FOR NURSES.

January 1, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities, foot of East Twenty-sixth street, New York:

Dear Sir—I respectfully submit the following report of the New York City Training School for the quarter ending December 31, 1906:

October 1, census, 161; December 31, census, 158; classification was as follows:

October 1, December 31.

Officers .....	5	5
Trained Nurses .....	12	12
Pupil Nurses .....	95	101
Probationers .....	17	8
Male Orderlies .....	3	3
Stenographer .....	1	1
Clerical Assistant .....	1	1
Matron .....	1	1
Help .....	26	26
Total .....	161	158

On December 31, the force was distributed as follows:

Six Trained Nurses, forty-three Pupil Nurses, eight Probationers, three Male Orderlies, at City Hospital.

Five Pupil Nurses, at Maternity Hospital.

One Trained Nurse, eighteen Pupil Nurses, at Gouverneur Hospital.

One Trained Nurse, thirteen Pupil Nurses, at Harlem Hospital.

One Trained Nurse, ten Pupil Nurses, at Fordham Hospital.

Twelve Pupil Nurses on vacation.

At the Home—Three Trained Nurses, five men and twenty-one women.

During the quarter nine nurses graduated; one nurse was dropped for illness but was restored to the roll after a month's rest; one head nurse resigned to take another position, and one pupil nurse was dropped, unable to continue with her duties.

Of the eight probationers who composed the August class, six completed the three months' probation period, all passing the examinations satisfactorily, and were appointed as pupil nurses of the School November 1. October 1, the last class of the year was received, consisting of nine pupils. Eight passed the entrance examination, one was dropped as unsatisfactory and seven have gone through their course of probation and passed the necessary examinations and are recommended for appointment as pupil nurses of the School. The usual semi-annual examinations of all the classes were held during the month of December. The nurses all made very satisfactory records.

October 27, the annual commencement of the Training School was held. The exercises were carried out along the same lines as formerly. Forty-six diplomas were presented, also prizes to the pupil of highest standing in each grade, also special prizes for the lecture course to four of the pupils. The badges of the School were not presented to the pupils by the Department this year.

During the month of December the Superintendent was given a month's leave of absence for recreation. During her absence Miss Silver had charge of the school, Miss LeFebvre, First Assistant Superintendent, having fallen ill on December 8, and at the present date is still in a serious condition.

Our supplies during the quarter have been of good quality, but there has been quite a little trouble about the time of their delivery, so many things being rejected and time lost in having them replaced. The Thanksgiving dinner was a very good one, and much enjoyed by the inmates of the Home.

For Christmas \$145 was donated by the Island Mission towards special Christmas cheer for the patients, and \$100 by Mrs. Elbridge T. Gerry. These amounts were used for the patients and receipts bills sent to the donors, with an itemized account of expenditures. It has been customary to present every inmate of the Hospital and Home with a little remembrance on Christmas Day, and this was followed out as usual, the women of the Hospital receiving warm shawls for their shoulders, and the men socks, which could be used when discharged from the Hospital.

Very respectfully,

MARY S. GILMOUR, Superintendent Training School.

#### REPORT OF THE CITY HOSPITAL, BLACKWELL'S ISLAND.

January 8, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department Public Charities, New York City:

Dear Sir—I herewith submit to you the fourth quarterly report of this Hospital for the year ending December 31, 1906:

Remaining September 30, 1906.....	541	
Admitted since .....	1,311	1,852
Discharged since .....	1,102	
Died since .....	79	
Transferred to other institutions.....	26	
		1,207
Remaining December 31, 1906.....	645	

The new boiler plant being completed has been in constant use during the entire quarter; there were several alterations necessary which have been accomplished, and the entire plant is now working very satisfactorily.

The new women's dormitory is near completion, the wood trim, plumbing and steamfitting is being pushed as rapidly as possible, and from present indications the building will be turned over during the month of February, 1907.

The two wings of the old Klondike Building have been torn down and material remove to bake house at City Home. This completes the demolition of all the old buildings, with the exception of a small part of a building known as the O. P., which is used as a Carpenter shop; this will be abandoned as soon as the old boiler plant is removed.

A new road has been projected between the new boiler house and the men's dormitory; sufficient stone has been acquired from the Penitentiary quarry and is on the ground; the work will be pursued as opportunity presents itself.

An unusually large amount of painting has been accomplished during the past quarter, the entire two upper floors having been thoroughly renovated. The usual ordinary repairs have been executed and properly reported.

Respectfully submitted,

JAMES D. LAMB, Superintendent.

New York City Home for the Aged and Infirm,  
Blackwell's Island,  
January 4, 1907.

Hon. ROBERT W. HEBBERD, Commissioner:

Sir—I inclose herewith the fourth quarterly report of this institution for the quarter ending December 31, 1906, showing the number of admissions, discharges and deaths during the quarter, and the number remaining December 31, 1906.

There was an increase of 125 in the inmate population during the quarter.

The following improvements have been made:

New curbing has been laid on the terrace at the hospital wards.

A brick walk has been relaid at the hospital wards.

All the roads have been graded and rebuilt with ashes.

Mr. Joseph Flick was appointed as Deputy Superintendent at this institution December 15, 1906, and he, with his wife and two children are living in the cottage formerly occupied by Mr. Brooks, broommaker, and his wife. The cottage was thoroughly cleaned and repainted for Mr. Flick. Mr. Brooks and his wife are now residing in two rooms on the second floor of the female barracks.

All the general painting, etc., has been attended to during the quarter covered in this report.

Respectfully submitted,

ROBERT ROBERTS, Superintendent.

Superintendent's Office,  
New York City Home for Aged and Infirm,  
December 31, 1906.

To the Commissioner of Public Charities:

ROBERT ROBERTS, Superintendent.

#### Metropolitan Hospital, Blackwell's Island.

Hon. ROBERT W. HEBBERD, Commissioner:

Sir—I have the honor to submit herewith the fourth quarterly report, ending December 31, 1906.

Daily average census during the quarter was..... 1,056

Patients Remaining September 30, 1906—

Main hospital.....	478
Infirmiry.....	513
	991

Patients Admitted During the Quarter—

Main hospital.....	937
Infirmiry.....	670
	1,607

Births.....	16
Still births.....	2

Patients Discharged During the Quarter—

Main hospital.....	782
Infirmiry.....	402
	1,184

Deaths During the Quarter—

Main hospital.....	59
Infirmiry.....	218
	277

Remaining in the Hospital, Quarter Ending December 31, 1906—

Main hospital.....	574
Infirmiry.....	563
	1,137

Mortality—Main hospital, 4 per cent.; infirmiry, 18 per cent.

Improvements.

Steam heating apparatus was installed in the male tuberculosis building.

An enameled iron sink has been placed in Ward L, dining room.

A tower has been erected for the fire bell by the employees of the institution.

The grounds in the back of the kitchen have been graded, sidewalks laid and the grass plots enclosed by railings.

Although 2,500 pounds of white lead was furnished to the institution, it was not sufficient to complete the work on the tuberculosis dormitory.

The rooms and alcoves of Ward Q, and the halls of Ward M, dressing rooms and throat rooms, have all been painted.

Storm enclosure has been added to the morgue.

The work on the new male dormitory has progressed slowly during the past month, due to some delay in the marble work and steam fitting.

Proposition of November 10, 1906, for installing eleven (11) toilets and partitions in the new male dormitory, was accepted and the work is going on.

All general repairs have been attended to.

## Recommendations.

1. That the toilets in Ward M, attached to Alcove B, be remodeled and the barber shop removed therefrom.
2. That the room at the southeast end of Ward M be fitted up with running water and a sink and same be used for a barber shop.
3. That hot and cold water and gas be furnished to the dressing rooms in Wards N and Q, enabling us to set up and put in operation a water sterilizing apparatus. That steam heat be supplied for tents Nos. 11, 12, 13 and 14.
4. That a sink be placed in the toilet in the hallway leading to Ward H.
5. That the steam plant be thoroughly overhauled.
6. That our call for white lead, to finish painting the tuberculosis institution and to paint the hospital, be allowed.

## Changes.

A Librarian was appointed to look after Dr. Guernsey Library, presented by Miss Florence Guernsey to this institution.

An Apothecary was appointed October 19 to fill vacancy.

Mrs. Frances C. Aldred, Dietitian, was transferred to the Kings County Hospital. Miss Amelia McNaughton, Pupil Dietitian, was made Acting Dietitian.

Mr. Cosmo D. O'Neil was appointed Deputy Superintendent on the 15th of November to fill vacancy caused by the removal of the former Deputy Superintendent.

Respectfully submitted,

G. T. STEWART, Superintendent.

## REPORT OF THE METROPOLITAN HOSPITAL TRAINING SCHOOL, BLACKWELL'S ISLAND.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities:

Dear Sir—The following is the report of the Metropolitan Hospital Training School for the quarter ending December 31, 1906:

## Summary.

During the quarter ninety-one days were lost owing to illness:

Pupil Nurses	72
Head Nurses	4
Help	5
Probationers	9
Permanent Nurses	1
<b>Total</b>	<b>91</b>

## Appointments.

	Per Annum.
3 Hospital Helpers	\$60 00
82 Hospital Helpers	150 00
3 Hospital Helpers	102 00
11 Hospital Helpers	300 00
1 Hospital Helper	480 00
1 Head Pupil Nurse	360 00
1 Trained Nurse	480 00
4 Pupil Nurses	120 00
1 Pupil Nurse (reappointed)	120 00

## Promotions.

	Per Annum.
2 Hospital Helpers, \$150 to	\$192 00
2 Hospital Helpers, \$150 to	300 00
1 Hospital Helper (Cook), \$60 to	300 00
1 Hospital Helper, \$300 to	360 00
5 Pupil Nurses, \$120 to	144 00
9 Pupil Nurses, \$144 to	180 00

## Resignations.

12 Hospital Helpers	\$150 00
3 Hospital Helpers (illness)	150 00
4 Hospital Helpers	300 00
1 Head Pupil Nurse	360 00
1 Trained Nurse	480 00

## Dropped from the Roll.

2 Hospital Helpers	\$60 00
47 Hospital Helpers	150 00
2 Hospital Helpers	192 00
4 Hospital Helpers	300 00

## General Report.

During the quarter the nursing staff has been kept unusually busy, owing to the number of very sick patients and heavy work on the surgical wards.

In Wards B, C, and F a number of beds have been painted, also a part of the ward furniture, stretchers, screens, etc. In Ward E several rooms have been painted. The padded rooms have been improved by having the canvas on the walls painted, which makes it possible to keep the rooms much more cleanly.

Ward G dressing room has been painted, and "B" operating room has also been much improved by painting.

Work on Ward C has been commenced toward providing a bath room for the Children's Division, which when finished will be a great convenience. The delivery room on Ward C has been entirely painted.

Several of the wards have received new chairs.

The green suits which have been provided for the deportation cases, have been found of value, in that they are easily distinguished from other patients.

## Classes.

The classes have been continued each week as scheduled. Miss McCullough, Dietitian from the City Home, has given the instruction in Dietetics.

Examinations were held with the following results:

	Per cent.
Intermediate class	75 13-16
Junior class	70 26-30
Preparatory class	83 49-72

## Lectures.

Lectures have been delivered to the Senior Class as follows:

Dr. Rudderow, October 2 and 16; subject, The Heart.  
Dr. Mills, October 23 and 30; November 6; subject, The Lungs.  
Dr. Storer, November 13 and 20; December 4, 11 and 18; subject, Obstetrics.  
Dr. A. W. Paimer, December 14 and 21; subject, Nose and Throat.

## Probationers.

Four probationers passed the examination in practice and theory and were accepted as Pupil Nurses November 1.

Eight probationers passed the entrance examination on November 1. Six commenced the preparatory course; two expect to report for duty January 1.

Christmas day was celebrated both in the Hospital and Nurses' Home, and much pleasure was derived from it, for which we are very grateful to friends who provided Christmas trees and decorations, as well as gifts. In the children's division the day was a particularly happy one, and the little ones really found it hard to look after all their toys.

In the Nurses' Home the pretty tree was made very attractive by the decorations and Christmas gifts.

We are indebted to the Society of St. Vincent de Paul for ice cream, and cake during the holidays.

The Library has been enriched by the gift of three new books, Harpers Magazine and the Times.

Respectfully submitted,

JANE M. PINDELL, R. N., Superintendent Training School.

## REPORT OF THE NEW YORK CITY CHILDREN'S HOSPITALS AND SCHOOLS, RANDALL'S ISLAND, NEW YORK.

December 31, 1906.

Hon. ROBERT W. HEBBERD, Commissioner:

Dear Sir—I have the honor to submit the report of the New York City Children's Hospitals and Schools for the quarter ending December 31, 1906.

The following is the number of children treated in the three divisions of this institution:

Children's Hospital	815
School for Feeble-minded	439
Custodial Asylum	457

**Total** 1,711

## Admitted during the quarter—

Children's Hospital	211
School for Feeble-minded	41
Custodial Asylum	41

**Total** 293

## Of the total number of admissions there were received from—

Parents or friends	79
City Institutions	214

**Total** 293

## Discharged during the quarter—

Children's Hospital	238
School for Feeble-minded	68
Custodial Asylum	12

**Total** 318

## Discharged to—

Parents or friends	110
City Institutions	101
Syracuse State Institution	8
Newark State Custodial Asylum	6
Craig Colony for Epileptics	3

**Total** 318

Of the total number treated during the quarter, 24 died; the total death rate of the institution was 1.40 per cent.

The following is the number of deaths and percentages in each of the three divisions:

	Deaths.	Per-centage.
Children's Hospital .....	6	00.74
School for Feeble-minded .....	7	01.59
Custodial Asylum .....	11	02.41

#### School Census.

	Day School.	School for Feeble-minded.	Ind'nt. School.
Number remaining September 30, 1906.....	346	434	111
Admitted during the quarter .....	149	36	..
Total.....	495	470	111
Discharged during the quarter.....	116	25	7
Remaining December 31, 1906.....	379	445	104
Average daily attendance .....	278	350	98

During the quarter the following wards were quarantined:

Ward 36, for chickenpox from November 14 to December 11, and for diphtheria from December 11 to December 31; Ward 39, Reception Hospital, for chickenpox, from December 16 to December 31.

On October 9, Pavilion K No. 1, used as a medical feeble-minded ward, was converted into a dormitory for the accommodation of idiots, Pavilion F being too small for that purpose, and the patients of Pavilion K No. 1 transferred to Ward 23. The female epileptic children in Ward 23 were transferred to Ward 1, South Hospital, as a result of this change.

#### Repairs.

At the Infants' Hospital Building the contract for furnishing new windows, sashes, hardware, etc., is not quite completed; the contractor has been granted an extension of time and expects to have the work finished by the end of January, 1907.

At the boiler house a "Kiely" pump governor has been fitted up and all the necessary steam and water connections made. Repairs to high and low pressure steam mains between the laundry and kitchen have been made. Six galvanized skylights have been placed on top of air shafts at this building.

At the School for Feeble-minded a stone crosswalk leading to the office building has been laid; also a brick walk, 25 feet by 4 feet, laid in the yard. Many repairs in the line of plastering and painting have been made in the classroom, playroom and dormitory of this building.

At the north and south hospitals two plaster ceilings, one in each building, covering an area of 54 feet by 7 feet, have been removed and substituted by board ceilings.

The alterations and additions to the male helpers' dormitory are progressing favorably. It is expected that they will be completed during the next quarter.

At the day school building two steam coils have been fitted up and steam and return connections made to same in cellar.

The exterior of the cottage has been painted in two coats. This was very much needed, that building not having been painted during the last ten years.

At the central power house the entire rear walls of boilers Nos. 1, 2 and 3 have been torn down and rebuilt. All the steam pumps have been repaired, the damper regulator overhauled, and new connections made between water arch and boiler No. 1. A 7-inch expansion slip joint has been placed in position in the steam line adjoining the power house.

At the gashouse considerable difficulty has been experienced in purifying the gas as the apparatus used is totally inadequate.

Two fire hydrants that were below grade, one at the storehouse and the other at Ward 15, have been raised, and the hydrant adjoining dormitory 2 has been moved about seven feet from the roadway.

At the crematory a new set of firebox blocks has been placed.

A pipe railing 350 feet long has been fitted up along the walk leading from the office building to the storehouse, and 100 feet around the front of the Protestant Church.

Between the drug store and the Protestant Church 5,000 square yards of ground have been filled in with ashes and graded with loam; also 2,770 yards of ground between the north hospital and storehouse, 320 square yards of which have been sodded.

During the quarter 26 iron beds have been painted and enameled; 1,286 lights of plain glass and 80 lights of ground glass have been placed in the various buildings.

In addition to the foregoing, many minor repairs consisting of plastering, painting and carpentry, have been made throughout the several buildings.

On the contract for electric lighting 45 poles have been erected.

Fire drills have been held regularly.

During the quarter 100 young trees, consisting of maples, lindens and poplars, have been planted on the grounds.

Eight hundred and fifty-eight tons of coal have been carted from coal dock to boiler house and coal pile; 312 tons of ice have been stored in the icehouse; 540 loads of ashes have been hauled from the boiler-rooms and gashouse, some of which has been used in repairing roadways and the remainder hauled to the dumps.

Ten thousand seven hundred and seventeen quarts of farm milk have been distributed among the different subdivisions of this institution.

Six thousand one hundred and ninety-one pounds of bones, 2,812 pounds of grease and 1,085 pounds of rags have been sent to the storehouse, Blackwell's Island.

Five bull calves have been slaughtered during the quarter and one heifer calf sent to the New York City Farm Colony, Staten Island.

The following is a list of the work performed at the Industrial School during the quarter:

#### Sewing Department.

Made—	
Pieces girls' clothing.....	1,972

#### FOURTH QUARTERLY REPORT OF THE KINGS COUNTY HOSPITAL, THE NEW YORK CITY HOME FOR THE AGED AND INFIRM, BROOKLYN DIVISION; CUMBERLAND STREET HOSPITAL, BRADFORD STREET HOSPITAL AND RECEPTION HOSPITAL, CONEY ISLAND; ALSO THE TRAINING SCHOOLS AND OTHER BRANCHES OF THE DEPARTMENT OF PUBLIC CHARITIES, IN THE BOROUGH OF BROOKLYN AND QUEENS, NEW YORK, 1906.

Brooklyn, New York, January 15, 1907.

Hon. ROBERT W. HEBBERD, Commissioner Public Charities, New York:

Dear Sir—I respectfully submit for your consideration the fourth quarterly report of the institutions of the Department of Public Charities in the Boroughs of Brooklyn and Queens.

#### Kings County Hospital.

There were in this hospital September 30, 1906, 321 male and 237 female patients, making a total of 558. During the fourth quarter 2,294 cases were admitted, of whom 1,696 were males and 598 were females, making the number under treatment 2,017 males and 835 females, a total of 2,852. Of this number 834 were discharged recovered, 938 as improved, 165 as unimproved, 192 were transferred to State hospitals for the insane, 192 died and 531 remained under treatment December 31, 1906, of whom 369 were males and 162 were females.

The death rate based on the total number under treatment was 6.73 per cent.

In the maternity service 36 women were confined, giving birth to 18 male children and 16 females. There were two still births.

The number of visits made by the visiting staff was 509, and 64 major operations were performed.

During the quarter 488 ambulance calls were made, of which 223 were transfers and 265 were emergencies.

#### Kings County Hospital Dispensary.

There were treated in this dispensary during the quarter 760 cases, of whom 504 were males and 256 were females. Of this number 267 were new cases and 493 were revisits.

#### Kings County Hospital Training School for Female Nurses.

There are in the Kings County Hospital Training School, 1 Superintendent, 1 Deputy Superintendent, 1 Supervising Nurse, 10 Trained Nurses and 39 Pupil Nurses. The Supervising Nurse and 1 Pupil Nurse are at the Bradford Street Hospital. There are also 6 Probationers.

#### The New York City Home for the Aged and Infirm, Brooklyn Division.

There were in this home September 30, 1906, 746 men and 600 women; 476 men and 219 women were admitted during this quarter, making the number in the Home 1,222 men and 819 women, a total of 2,041. Of this number 447 were discharged, 80 died and 1,514 remained in the Home December 31, 1906, of whom 896 were men and 618 were women.

The number of days labor performed by inmates during the quarter was as follows:

The New York City Home for the Aged and Infirm, Brooklyn Division, 40,928; Kings County Hospital, 6,057; Department of Transportation and Gardens, 3,560; a total of 50,545, of which 30,415 were performed by the men and 20,130 by the women.

#### Neurological Hospital.

\* This hospital was opened for the year on May 1, 1906, and closed September 30, 1906.

Borough of Brooklyn, New York City, January 1, 1907.

Dr. JOHN F. FITZGERALD, General Medical Superintendent of the Department of Public Charities for the Boroughs of Brooklyn and Queens:

Dear Sir—I have the honor herewith to submit to you the quarterly report of the Kings County Morgue, for the quarter ending December 31, 1906.

The number of bodies received was 149, of which number 121 were identified and 28 were not identified. Of the number identified 57 were interred by the County, making total interred by County 85, including the 28 unidentified. The remaining 64 were interred by relatives or friends.

Respectfully submitted,

P. MAGUIRE, Keeper.

## REPORT OF THE BUREAU OF DEPENDENT ADULTS, BOROUGH OF RICHMOND, FOR THE QUARTER ENDING DECEMBER 31, 1906.

Hon. ROBERT W. HEBBERD, Commissioner of Public Charities, New York City:

Dear Sir—I have the honor to herewith submit a report for the three months ending December 31, 1906.

It is with deep regret that I mention in this report the death of Mr. Thomas Kenny, Sr., Superintendent of this Bureau, who died December 26, 1906.

The tabulated report will show that the number of dependent children remaining in institutions and families September 30, 1906, was two hundred and fourteen (214). The number committed to institutions during this quarter was eight. Of this number seven were committed by City Magistrates and one by the Department. Six children were committed to board in families (by reason of the closing of the County Branch of the Nursery and Child's Hospital, and also being refused admission to institutions on account of lack of room), thus making the total number in institutions and families during the quarter two hundred and twenty-eight (228).

The number of children discharged during the same period was thirty-one (31), leaving the number remaining in institutions and families December 31, 1906, one hundred and ninety-seven (197).

I am sorry to report that owing to the ill-health of the late Superintendent of this Bureau, who had previously made the reinvestigations of children in institutions, that there are no reinvestigations on file in this office for the quarter.

The amount received during the quarter in part payments toward the support of dependent children was.....\$159 00

For the aged and infirm.....53 00

Total.....\$212 00

## The disbursements to Your Honor for the quarter:

Part payments for support of dependent children and aged and infirm were .....	\$212 00
Cash on hand (abandonment and bastardy account) September 30, 1906, was .....	\$106 00
The receipts for the present quarter were * .....	850 00
	\$965 00
The disbursements for the present quarter were .....	515 00
Balance on hand December 31, 1906 .....	\$450 00
Items—	
Abandonment .....	\$58 00
Bastardy .....	392 00
	\$450 00
	450 00

\* Of this amount three hundred and fifty dollars (\$350) was a compromise in bastardy proceedings.

Respectfully submitted,

JEREMIAH CONNELLY,

Acting Superintendent of Bureau of Dependent Adults.

## Commitment of Children.

Number of applicants for the commitment of children pending September 30, 1906 .....	—
Number of applicants for the commitment of children received during quarter ending December 31, 1906 .....	7
Total number of applications under consideration during the quarter .....	7
Number of applications approved for commitment .....	3
Number referred to private charities .....	—
Number disapproved and referred to private charities .....	—

Respectfully submitted,

JEREMIAH CONNELLY,

Acting Superintendent of Bureau of Dependent Adults.

## REPORT OF THE NEW YORK CITY FARM COLONY, STATEN ISLAND.

January 9, 1907.

Hon. ROBERT W. HEBBERD, Commissioner:

Dear Sir—I have the honor to herewith submit my report for the New York City Farm Colony for the quarter ending December 31, 1906.

The following repairs and improvements have been made during the quarter:

A steam-heating apparatus has been installed in the Superintendent's house. Electric lights have also been installed in the Superintendent's house, the house being lighted before by kerosene oil. The house has also been equipped with stationary tubs.

The old range which was in the Superintendent's kitchen has been removed and replaced by a No. 9 Boynton's Lakewood range.

The fire escapes on the three cottages have been completed. The cottages, male dormitory, Superintendent's residence and women's building have all been regutted.

A hand-power elevator has been installed in the barn, a great convenience in hoisting of grain, feed, wagons, etc.

Storm windows have been placed on the windows on the north and west sides of the cottages, thereby doing away with considerable of the cold which the inmates experienced in the previous winters.

One of the wings of the old stone building, formerly occupied by the Baker, who resigned on December 1, has been fitted up as quarters for the male employees, this being more comfortable than their previous quarters in the male dormitory.

Work has been commenced on the laying out of a new road leading to the cottages from the main road. This is progressing quite rapidly, considering the weather and the time of year.

The women's dormitory has all been thoroughly renovated, also the laundry. A butcher was hired to alter, kill and dress pigs for the holidays.

The inmates this quarter have been employed in grading, carting coal to the various buildings, harvesting, spreading manure, whitewashing, general cleaning up of the grounds and various other occupations.

Thanksgiving and Christmas were both during this quarter. On these days the inmates were served dinner of the following:

Menu—Fresh pork, turkey, mashed potatoes, mashed turnips, celery, cranberries, apples, oranges, grapes, nuts, wafers, coffee cake, tea, coffee, bread and butter.

Very respectfully,

HENRY JETTER, Superintendent.

## Quarterly Report for the Three Months Ending December 31, 1906.

Number of inmates remaining September 30, 1906	251
Number of inmates admitted during the quarter	101

	352
Number of inmates discharged	49
Number of inmates died	3
Number of inmates transferred to other institutions	27

	79
Number of inmates remaining December 31, 1906	273
Officials (1), employees (31)	32

Total number of officials, employees and inmates remaining December 31, 1906	305
--	-----

Dead wagon calls	9
Ambulance calls	9

Unidentified and interred in Potter's Field	1
Identified and interred in other cemeteries	2

## Insane.

Number of patients received at pavilion for examination	18
---	----

Committed to Manhattan State Hospital	13
Certified to as sane by medical examiners	5

	18
--	----

Cost of clothing	\$123 98
------------------	----------

Very respectfully,

HENRY JETTER, Superintendent.

## BOARD OF REVISION OF ASSESSMENTS.

A meeting of the Board of Revision of Assessments was held in the Council Chamber, City Hall, on Thursday, February 21, 1907, at 11.03 o'clock a. m.

Present at roll call—N. Taylor Phillips, Deputy and Acting Comptroller, and Lawson Purdy, President of the Department of Taxes and Assessments.

On motion of the Assistant and Acting Corporation Counsel, the minutes of the meeting of February 7, 1907, were approved as printed in the City Record.

## BOROUGH OF THE BRONX.

Regulating, etc., Concord Avenue.

The assessment list for regulating, grading, curbing, flagging and laying cross-walks in Concord avenue, from East One Hundred and Forty-first street to Kelly street, with applications for awards for damages, objections and testimony taken in said matter, the further consideration of which was postponed after hearing at meeting of February 7, 1907, on motion, was taken up.

Mr. Maurice Deiches, attorney, who was heard at the last meeting of the Board, appeared and filed brief relative to claims made for awards for damages in said matter.

On motion of the President of the Department of Taxes and Assessments the further consideration of the assessment was postponed until the next meeting, all the members present voting in the affirmative.

Sewer, etc., in Ryer Avenue, with Branches.

The Deputy and Acting Comptroller presented the assessment list for sewer and appurtenances in Ryer avenue, between Burnside avenue and East One Hundred and Eighty-third street, with branches in East One Hundred and Eightieth street, from Ryer avenue to Anthony avenue; in Anthony avenue, from East One Hundred and Eightieth street to the Concourse; and on the east side of the Concourse, from Anthony avenue to East One Hundred and Eighty-third street; and objections of Annie Matthies, filed by Wm. T. Matthies, attorney; of Anna F. Hodgins and others, by Lawrence E. French, attorney; of Fred. J. Weiss and others, by Arthur A. Brown, attorney, and of Frances T. Lord and others, by John C. Shaw, attorney, having been received from the Board of Assessors under date of February 16, 1907.

Mr. French, attorney, appeared and stated that he rested upon his objections.

Mr. Brown, attorney, appeared.

No others appearing in opposition after notice, on motion of the President of the Department of Taxes and Assessments, the objections filed against the assessment were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

## BOROUGH OF BROOKLYN.

Grading Lots Southeast Side of Meeker Avenue.

The assessment list for grading lots on the southeast side of Meeker avenue, between Stewart avenue and Gardner avenue, known as Lots Nos. 1 to 6, inclusive, Block 99, Eighteenth Ward, and objections filed by Moore, Ashley & Linton, attorneys, in behalf of the owners of Lots Nos. 6 and 9, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of February 16, 1907.

Messrs. Moore, Ashley & Linton, attorneys, were heard by representative in opposition to the assessment.

On motion of the President of the Department of Taxes and Assessments, the objections filed against the assessment were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

Sewer in Fort Hamilton Avenue.

The assessment list for sewer in Fort Hamilton avenue (Parkside avenue), between Flatbush and Ocean avenues, and objections of Mary A. Walsh, owner, and also of the Brooklyn Union Elevated Railroad Company, filed by George D. Yeomans, attorney, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of February 16, 1907.

Mr. George L. Sterling, Assistant and Acting Corporation Counsel, here entered and took his seat in the Board.

Mr. Yeomans, attorney, appeared by representative and requested that action in the matter be postponed, as he was unable personally to attend.

Mrs. Walsh, owner, was heard in opposition to the assessment for the reason that she had built and paid for a private sewer 300 feet in length, connecting with the one in Flatbush avenue, which is ample for the property.

On motion of the Assistant and Acting Corporation Counsel, the further consideration of the assessment was postponed until the next meeting, all the members voting in the affirmative.

## BOROUGH OF MANHATTAN.

Paving, etc., Broadway, from Dyckman Street, North.

The assessment list for paving Broadway (excluding the area between the tracks of the Metropolitan Street Railway Company) north from Dyckman street to the Spuyten Duyvil creek, with asphalt blocks, and curbing and resetting curb, and objections of the American Real Estate Company, filed by James Cowden Meyers, attorney; Sterling Realty Company, by George R. Coughlan, attorney; F. P. Hummel, attorney, objector in person, and of Andrew A. Ross and others, by Joseph A. Flannery, attorney, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of February 19, 1907.

Mr. Meyers, attorney, was heard in opposition to the assessment, and requested that an opportunity be afforded him of filing some affidavits in support of his objections.

Mr. Flannery, attorney, appeared by representative.

On motion of the Assistant and Acting Corporation Counsel, the further consideration of the assessment was postponed until the next meeting, all the members voting in the affirmative.

At 11.30 o'clock a. m., on motion of the President of the Department of Taxes and Assessments, the Board adjourned.

HENRY J. STORRS,  
Chief Clerk, Board of Revision of Assessments.

## BOROUGH OF THE BRONX.

## BUREAU OF BUILDINGS.

I herewith submit a report of the operations of the Bureau of Buildings, Borough of The Bronx, for the week ending February 9, 1907:

Plans filed for new buildings (estimated cost, \$427,200)	28
Plans filed for alterations (estimated cost, \$25,650)	11
Unsafe cases filed	2
Violation cases filed	18
Unsafe notices issued	7
Violation notices issued	26
Violation cases forwarded for prosecution	5
Number of pieces of iron and steel inspected	372

P. J. REVILLE,

Superintendent of Buildings, Borough of The Bronx.

John H. Hanan, Chief Clerk.

## PUBLIC ADMINISTRATOR.

## NEW YORK COUNTY.

Public Administrator of the County of New York,  
No. 119 Nassau Street,  
New York, January 1, 1907.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—The Public Administrator, pursuant to chapter 230 of the Laws of 1898, section 27 of said Act, herewith exhibits to the Board of Aldermen of The City of New York a statement, on oath, of the total amount of his receipts and expenditures in each case in which he shall have taken charge of and collected any effects, or on which he shall have administered during the year 1906, with the names of the deceased, his or her addition, and the country or place from which he or she came, if the same be known.

Respectfully,

WILLIAM M. HOES, Public Administrator.

Estate of John Weber.

Bond for \$5,000 secured by mortgage on property near Fordham avenue, New York City.

Estate of John Weber.

Bond of \$1,800 secured by mortgage on property in Unionport, New York.

BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENT MATTERS.)

Minutes of meeting of Board of Estimate and Apportionment, City of New York, held in Room 16, City Hall, Friday, January 11, 1907.

The Board met in pursuance of adjournment.

Present—Hon. George B. McClellan, Mayor; Hon. Herman A. Metz, Comptroller; Hon. John F. Ahearn, President, Borough of Manhattan; Hon. Bird S. Coler, President, Borough of Brooklyn; Hon. Louis F. Haffen, President, Borough of The Bronx; Hon. Joseph Berner, President, Borough of Queens, and Hon. George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

The minutes of the meetings of November 16, 23 and 30, and December 7, 1906, were approved as printed.

FINANCIAL STATEMENT.

The following report of the Chief Engineer was presented:

FINANCIAL STATEMENT No. B-17.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
NEW YORK, January 9, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I beg to submit the following statement of the estimated cost for each borough, and total for all boroughs, of local improvements authorized by the Board of Estimate and Apportionment during the year 1906, together with the total authorizations for each borough in 1905:

## BOROUGH OF MANHATTAN.

		Estimated Cost.
40 street improvements.....	\$666,000 00	
43 sewer improvements.....	361,800 00	
Total for Manhattan.....	\$1,028,700 00	
Total for Manhattan during 1905.....		\$864,530 00
BOROUGH OF BROOKLYN.		
140 street improvements.....	\$1,295,200 00	
100 sewer improvements.....	1,337,950 00	
Total for Brooklyn.....	2,633,150 00	
Total for Brooklyn during 1905.....		1,850,950 00
BOROUGH OF THE BRONX.		
84 street improvements.....	\$1,901,100 00	
63 sewer improvements.....	1,853,500 00	
Total for The Bronx.....	3,754,600 00	
Total for The Bronx during 1905.....		2,097,500 00
BOROUGH OF QUEENS.		
48 street improvements.....	\$726,550 00	
30 sewer improvements.....	656,600 00	
Total for Queens.....	1,383,150 00	
Total for Queens during 1905.....		972,750 00
BOROUGH OF RICHMOND.		
13 street improvements.....	\$859,000 00	
5 sewer improvements.....	140,400 00	
Total for Richmond.....	1,000,300 00	
Total for Richmond during 1905.....		72,500 00
565 Total for all boroughs since January 1, 1906.....	\$9,799,900 00	
Total for all boroughs during the year 1905.....		\$5,858,230 00

No improvements were authorized between July 1 and November 2, but on October 26 the Board determined to authorize improvements of an estimated cost of \$2,500,000 to be contracted for during the year 1906, with the understanding that any authorizations in excess of the \$2,500,000 should be charged against the allowance for local improvements for the year 1907.

The estimated cost of improvements during the year can be divided as follows:		
Authorizations prior to November 2, 1906.....	\$5,853,150 00	
Authorizations on and subsequent to November 2, 1906.....	3,946,750 00	
Total.....	\$9,799,900 00	
Limit fixed for 1906.....		8,353,150 00
Difference, or amount to be charged against allowance for 1907.....		\$1,446,750 00

Respectfully,

NELSON P. LEWIS, Chief Engineer.

## LAYING OUT WEST SECOND STREET, BROOKLYN.

In the matter of laying out West Second street, in the Borough of Brooklyn, from Canal avenue to Sheepshead Bay road, affidavits of publication were presented showing that the matter had been duly advertised.

After hearing a property owner in opposition to the proposition, nobody appearing in favor thereof, the hearing was closed.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 14th day of December, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to locate and lay out West Second street, from Canal avenue to Sheepshead Bay road, Thirty-first Ward, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 11th day of January, 1907, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the City Record and in the corporation newspapers for ten days prior to the 11th day of January, 1907; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the City Record and in the corporation newspapers for ten days prior to the 11th day of January, 1907; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest to change the map or plan of The City of New York by locating and laying out West Second street, from Canal avenue to Sheepshead Bay Road, Thirty-first Ward, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to locate and layout the aforesaid street as follows:

The western line of West Second street as herewith laid out from Canal avenue to Sheepshead Bay road to be 200 feet easterly from and parallel with the eastern line of West Third street as the same is laid down on the map of the City.

The eastern line of West Second street as herewith laid out to be 60 feet from and parallel with the above described line.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

## LAYING OUT CANARSIE LANE, BROOKLYN.

In the matter of the proposed laying out of Canarsie lane from Flatbush avenue to Schenectady avenue, in the Borough of Brooklyn, affidavits of publication were presented showing that the matter had been duly advertised.

After hearing Mr. Andrews in favor of the proposition, and a property owner in opposition, the hearing was closed.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 14th day of December, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to locate and lay out Canarsie lane, from Flatbush avenue to Schenectady avenue, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 11th day of January, 1907, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the City Record

and in the corporation newspapers for ten days prior to the 11th day of January, 1907; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the City Record and in the corporation newspapers for ten days prior to the 11th day of January, 1907; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest to change the map or plan of The City of New York by locating and laying out Canarsie lane, from Flatbush avenue to Schenectady avenue, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to locate and lay out the aforesaid street as follows:

The centre line of Canarsie lane to begin at a point on the eastern line of Flatbush avenue distant about 431 feet northerly of the intersection of the eastern line of Flatbush avenue with the northern line of Clarendon road, as the same are laid down on the map of the City.

1. Thence to extend easterly to a point on the centre line of Bedford avenue distant about 434 feet northerly of the northern line of Clarendon road;

2. Thence easterly to a point on the centre line of Brooklyn avenue distant about 329 feet northerly from the northern line of the Clarendon road;

3. Thence easterly to a point on the centre line of Schenectady avenue distant about 272 feet northerly from the northern line of Clarendon road.

The northern and southern side lines of Canarsie lane to be respectively 30 feet northerly and southerly of and parallel to the above described centre line, making the street 60 feet in width.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

## LAYING OUT PARK AT THE KINGSTON AVENUE HOSPITAL, BROOKLYN.

In the matter of the proposed laying out of a public park adjacent to the Kingston Avenue Hospital, closing certain streets and laying out other streets in the Borough of Brooklyn, affidavits of publication were presented showing that the matter had been duly advertised.

Nobody appearing in favor of or in opposition to the proposed improvement, the hearing was closed and the matter was laid over.

## CLOSING THE EXTENSION OF BEDFORD AVENUE, BROOKLYN.

In the matter of the proposed discontinuance of proceedings for the extension of Bedford avenue, etc., for an approach to the Williamsburg Bridge, affidavits of publication were presented showing that the matter had been duly advertised.

After hearing the Rev. Dr. Downey in favor thereof, nobody appearing in opposition, the hearing was closed.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 21st day of December, 1906, resolutions were adopted proposing to change the map or plan of The City of New York by discontinuing and closing the proposed extension of Bedford avenue, from the intersection of the present Bedford avenue and Heyward street to the intersection of Broadway and Havemeyer street, and the triangular public places at Lee avenue and Hewes street and at Division avenue, Marcy avenue and Ross street; widening Roebling street, between the southerly side of Broadway and the northerly side of Division avenue; laying out a public place bounded by the easterly side of Roebling street, between Broadway and Division avenue, extended southwardly in a straight line to the northeasterly side of Lee avenue, the northeasterly side of Lee avenue and the southerly side of Division avenue; widening Taylor street, between the southwesterly side of Lee avenue and the northeasterly side of Bedford avenue; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers that the aforesaid resolutions and notice have been published in the City Record and in the corporation newspapers for ten days prior to the 11th day of January, 1907; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by discontinuing and closing the proposed extension of Bedford avenue, from the intersection of the present Bedford avenue and Heyward street to the intersection of Broadway and Havemeyer street, and the triangular public places at Lee avenue and Hewes street and at Division avenue, Marcy avenue and Ross street; widening Roebling street, between the southerly side of Broadway and the northerly side of Division avenue; laying out a public place bounded by the easterly side of Roebling street, between Broadway and Division avenue, extended southwardly in a straight line to the northeasterly side of Lee avenue, the northeasterly side of Lee avenue and the southerly side of Division avenue; widening Taylor street, between the southwesterly side of Lee avenue and the northeasterly side of Bedford avenue.

1. The proposed extension of Bedford avenue from the intersection of the present Bedford avenue and Heyward street to the intersection of Broadway and Havemeyer street, as laid out by resolution adopted by the Board of Estimate and Apportionment on February 10, 1905; together with the triangular public place at Lee avenue and Hewes street and at Division avenue, Marcy avenue and Ross street, laid out by the Board of Estimate and Apportionment on March 31, 1905, to be discontinued and closed.

2. Roebling street, between the southerly side of Broadway and the northerly side of Division avenue to be widened by adding twenty (20) feet to its westerly side, making the street one hundred (100) feet in width.

3. The easterly side of Roebling street, between Broadway and Division avenue, to be extended southwardly in a straight line to the northeasterly side of Lee avenue, and the area included between this extension of the easterly side of Roebling street, the northeasterly side of Lee avenue and the southerly side of Division avenue, to be laid out as a public place.

4. Taylor street, between the southwesterly side of Lee avenue and the northeasterly side of Bedford avenue to be widened by adding thirty (30) feet to its southwesterly side, making the street one hundred (100) feet in width.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**CLOSING WHALE CREEK CANAL, BROOKLYN.**

In the matter of the proposed closing of Whale Creek canal, between Humboldt street and the easterly side of Kingsland avenue, Borough of Brooklyn, affidavits of publication were presented showing that the matter had been duly advertised.

After hearing those in favor and those in opposition, the hearing was closed.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 19th day of October, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to close and discontinue Whale Creek canal, between Humboldt street and the easterly side of Kingsland avenue, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 16th day of November, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 16th day of November, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the CITY RECORD and the publishers of the corporation newspapers that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 16th day of November, 1906; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by closing and discontinuing Whale Creek canal, between Humboldt street and the easterly side of Kingsland avenue, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to close and discontinue the aforesaid canal as follows:

The width of the canal is 60 feet, the centre line of which is described as follows:

Beginning at a point on the easterly side of Humboldt street distant 10 feet southerly from the southeasterly corner of Humboldt street and Calyer street; running thence northeasterly to a point on the westerly side of Kingsland avenue distant 275 feet southerly from the southwesterly corner of Kingsland avenue and Greenpoint avenue; thence easterly at right angles with the westerly side of Kingsland avenue to the easterly side of Kingsland avenue.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**ESTABLISHING GRADES FOR STREET CROSSINGS OF THE NEW YORK AND PORTCHESTER RAILROAD, THE BRONX.**

The matter of fixing the grades at which the New York and Portchester Railroad shall cross various streets, between Westchester avenue and the northerly city line, in the Borough of The Bronx, which was laid over on December 14, 1906, was taken up.

The Comptroller moved that the hearing be adjourned to February 8, which motion was agreed to by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**AMENDING LAYOUT, LINES AND GRADES OF APPROACHES TO ST. GEORGE FERRY, RICHMOND.**

In the matter of the proposed amending layout, lines and grades of the approaches to the St. George Ferry, in the Borough of Richmond, affidavit of publication was presented showing that the matter had been duly advertised.

Nobody appearing in opposition to, or in favor of the proposed changes, the hearing was closed.

The following resolution was then adopted:

Whereas, At a meeting of this Board, held on the 7th day of December, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to amend the layout, lines and grades of the approaches to the St. George Ferry, in the Borough of Richmond, City of New York, and appointing a hearing at a meeting of this Board to be held on the 11th day of January, 1907, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 11th day of January, 1907; and

Whereas, It appears from the affidavits of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 11th day of January, 1907; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by amending the layout, lines and grades of the approaches to the St. George Ferry, in the Borough of Richmond, City of New York, does hereby favor the same, so as to make the aforesaid changes as follows:

**Technical Description of the Change of the Northwestern Line of South Street, from Jay Street to Stuyvesant Place.**

Beginning at a point on the southwesterly line of Jay street 450.76 feet southeasterly from the intersection of said southwesterly line of Jay street and the southeasterly line of DeKalb street;

(1) Thence southerly curving to the right on the arc of a circle of 27.63 feet radius tangent to said southwesterly line of Jay street 27.97 feet;

(2) Thence southwesterly curving to the right on the arc of a circle of 180 feet radius tangent to the preceding course 201.06 feet;

(3) Thence westerly curving to the right on the arc of a circle of 27.63 feet radius tangent to the preceding course 27.97 feet to a point on the northeasterly line of Stuyvesant place, as previously adopted.

**Technical Description of the Change of Line of South Street, Northeast of Jay Street.**

Beginning at a point on the northerly line of South street, as previously established, 90.19 feet easterly from the southeasterly point of curvature at the intersection of the northerly line of South street and the northeasterly line of Jay street;

(1) Thence northeasterly curving to the left on the arc of a circle of 60 feet radius tangent to said northerly line of South street 43.87 feet;

(2) Thence still northeasterly tangent to the preceding course 801.07 feet;

(3) Thence southeasterly deflecting 90 degrees to the right 100 feet;

(4) Thence southwesterly deflecting 90 degrees to the right 265.40 feet to the easterly prolongation of the southerly line of South street, as previously established, said line being the northerly line of the United States Government Lighthouse property;

(5) Thence westerly along the said easterly prolongation of the southerly line of South street to the point of tangency previously established.

**Technical Description of a Public Place at the Intersection of Jay Street and South Street.**

Beginning at a point on the curve at the intersection of the northerly line of South street and the northeasterly line of Jay street, as previously established, 14.36 feet westerly from the southeasterly point of curvature of said curve;

(1) Thence northwesterly curving to the right on the arc of a circle of 100 feet radius tangent to the said northerly line of South street, said curve being previously established 107.21 feet to the northwesterly point of tangency of the curve at the said intersection of the northerly line of South street and the northeasterly line of Jay street;

(2) Thence northwesterly along the northeasterly line of Jay street to a point 1,237.42 feet southeasterly from the southeasterly point of tangency of the curve at the intersection of the northerly line of Richmond terrace and the northeasterly line of Jay street;

(3) Thence easterly curving to the left on the arc of a circle of 46.66 feet radius tangent to the preceding course 92.39 feet;

(4) Thence southeasterly and parallel to the northeasterly line of Jay street 257.07 feet;

(5) Thence southerly 20.17 feet to the point of beginning.

**Technical Description of the Change of Grade of Stuyvesant Place, from Weiner Place to Hyatt Street.**

Beginning at an elevation of 51.1 feet previously established at the northerly curb line of Weiner place;

(1) Thence to an elevation of 54.8 feet opposite the southerly point of curvature of the curve at the intersection of the easterly line of Stuyvesant place and the southerly line of South street;

(2) Thence to an elevation of 51.4 feet at a point 182.64 feet beyond;

(3) Thence to an elevation of 56.8 feet opposite the southerly point of curvature of the curve at the intersection of the southerly line of Hyatt street and the westerly line of Stuyvesant place;

(4) Thence to an elevation of 61.6 feet on a perpendicular to the last mentioned curve distant 53.72 feet measured along said curve northwesterly from the last mentioned point of curvature;

(5) Thence to an elevation of 69.7 feet previously established on the northerly curb line of Hyatt street.

**Technical Description of the Change of Grade of Stuyvesant Place and South Street.**

Beginning at an elevation of 54.8 feet mentioned in the previous description as being opposite the southerly point of curvature of the curve at the intersection of the easterly line of Stuyvesant place and the southerly line of South street;

(1) Thence to an elevation of 39.7 feet on the centre line of Jay street;

(2) Thence to an elevation of 36.5 feet opposite the southeasterly point of curvature of the curve at the intersection of the northerly line of South street and the northeasterly line of Jay street;

(3) Thence to an elevation of 5.3 feet at the northeasterly extremity of South street.

**Technical Description of the Change of Grade of Hyatt Street and South Street, from Central Avenue to Jay Street.**

Beginning at an elevation of 88.3 feet opposite the south curb of Central avenue;

(1) Thence to an elevation of 61.6 feet on a perpendicular to the curve at the intersection of the southerly line of Hyatt street and the westerly line of Stuyvesant place at a point 53.72 feet northwesterly measured along said curve from the southerly point of curvature of said curve;

(2) Thence to an elevation of 59 feet 40 feet beyond;

(3) Thence to an elevation of 45.8 feet 107.08 feet beyond;

(4) Thence to an elevation of 39.7 feet on the centre line of Jay street previously mentioned in the description of the change of grade of Stuyvesant place and South street.

**Technical Description of the Change of Grade of Jay Street, from Richmond Terrace to South Street.**

Beginning at an elevation of 32.8 feet previously established opposite the northwesterly point of curvature of the curve at the intersection of the westerly line of Stuyvesant place and the southerly line of Richmond terrace;

(1) Thence to an elevation of 32.5 feet opposite the easterly curb of Stuyvesant place;

(2) Thence to an elevation of 27.2 feet on the northwesterly curb line of Hamilton avenue;

(3) Thence to an elevation 27.2 feet on the southeasterly curb line of Hamilton avenue;

(4) Thence to an elevation of 42.6 feet 224.7 feet southeasterly from the southeasterly line of DeKalb street;

(5) Thence to an elevation of 40.8 feet opposite the northwesterly point of tangency of the curve at the intersection of the northerly line of South street and the northeasterly line of Jay street;

(6) Thence to an elevation of 39.7 feet on the centre line of South street previously mentioned in the description of the change of grade of Stuyvesant place and South street.

**Technical Description of the Change of Grade of Stuyvesant Place, from Richmond Terrace to Hamilton Avenue.**

Beginning at an elevation of 32.8 feet previously established at the northwesterly point of curvature of the curve at the intersection of the westerly line of Stuyvesant place and the southerly line of Richmond terrace;

(1) Thence to an elevation of 33.3 feet at the southerly curb of Jay street;

(2) Thence to an elevation of 52 feet previously established opposite the northerly curb corner of Hamilton avenue and Stuyvesant place.

**Technical Description of the Change of Grade of DeKalb Street, from Stuyvesant Place to Jay Street.**

Beginning at an elevation of 60.8 feet previously established at the northeasterly line of Stuyvesant place;

(1) Thence to an elevation of 39.1 feet at the southwesterly line of Jay street meeting the changed grade of Jay street before described;

(2) Thence level across Jay street.

*Technical Description of the Change of Grade of Wall Street at Jay Street.*

Beginning at an elevation of 33.4 feet previously established at the southwesterly line of Jay street meeting the changed grade of Jay street before described;

(1) Thence level across Jay street.

Note—Elevations refer to Richmond high water datum.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**OPENING LANE AVENUE, PUBLIC PLACE AND WESTCHESTER AVENUE, THE BRONX.**

In the matter of fixing an area of assessment for the proposed opening of Lane avenue (Seabury avenue) from Westchester avenue to West Farms road, including the public place bounded by Lane avenue, West Farms road and Westchester avenue, in the Borough of The Bronx, affidavit of publication was presented, showing that the matter had been duly advertised.

Nobody appearing in favor of or in opposition to the proposed area of assessment, the hearing was closed.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Lane avenue, between Westchester avenue and the West Farms road, with the public place bounded by Lane avenue, West Farms road and Westchester avenue; and of Westchester avenue, between Main street, or West Farms road, and the Eastern boulevard at Pelham Bay Park, in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Lane avenue, between Westchester avenue and the West Farms road, with the public place bounded by Lane avenue, West Farms road and Westchester avenue; and of Westchester avenue, between Main street, or West Farms road, and the Eastern boulevard, at Pelham Bay Park, in the Borough of The Bronx, City of New York.

Resolved, That the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter as amended, including the expense of the Bureau of Street Openings, and of the awards, if any for damages caused by intended regulation, and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby in such proportion as this Board shall hereafter determine, and the remaining proportion of such cost as aforesaid shall be borne and paid by The City of New York; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described, and would give a public hearing thereon upon the 11th day of January, 1907, at 10.30 o'clock a. m.; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board.

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at a point in the middle of the block between Railroad avenue and Second street and a point 100 feet southwest of the southwesterly side of Zerega avenue; running thence northeastwardly on a line midway between the southeasterly side of Railroad avenue and the northwesterly side of Second street and the prolongation thereof to the southwesterly side of West Farms road; thence diagonally across West Farms road and Williamsbridge road to a point on the northeasterly side of Williamsbridge road on the prolongation of a line midway between the southeasterly side of Roberts avenue and the northwesterly side of Ponton avenue; thence northeastwardly on a line midway between the southeasterly side of Roberts avenue and the northwesterly side of Ponton avenue, to its intersection with the westerly side of Ponton avenue north of the angle in the said Ponton avenue northeast of Lang avenue; thence eastwardly and at right angles to Ponton avenue to the middle of the block between Ponton avenue and Appleton avenue; thence northwardly along the middle of the block between Ponton avenue and Appleton avenue to a point midway between Roberts avenue and Buhre avenue; thence eastwardly and at right angles to the line of Appleton avenue to the easterly side of Appleton avenue; thence northeastwardly on a line parallel with the northwesterly side of Libby place and the extension thereof to its intersection with the prolongation of a line 100 feet northwest of the northwesterly side of Buhre avenue, between Mulford avenue and Mayflower avenue; thence northeastwardly on a line 100 feet northwest of the northwesterly side of Buhre avenue and the prolongation thereof to the westerly side of Mayflower avenue; thence eastwardly and at right angles to Mayflower avenue to the middle of the block between Mayflower avenue and Pilgrim avenue; thence northwardly on a line midway between Mayflower and Pilgrim avenues to a point 100 feet south of the southerly side of Morris Park avenue, thence eastwardly on a line 100 feet south of the southerly side of Morris Park avenue, and parallel therewith, to the middle of the block between Pilgrim and Edison avenues; thence northwardly on a line midway between Pilgrim and Edison avenues and the prolongation thereof to its intersection with a line 600 feet northwest of the northwesterly side of Westchester avenue, between Wilkinson avenue and the Eastern boulevard, and parallel therewith; thence northeastwardly along a line 600 feet northwest of the northwesterly side of Westchester avenue and the prolongation of the said line to a point in Pelham Bay Park 600 feet east of the westerly side of Pelham Bay Park; thence southwardly on a line parallel with the westerly boundary of Pelham Bay Park to its intersection with the prolongation northeastwardly of the northwesterly side of Morris Park avenue; thence southwestwardly along the said prolongation of the northwesterly side of Morris Park avenue to a point 250 feet distant east of the easterly

boundary of Pelham Bay Park; thence southeastwardly on a line 250 feet east and northeast of the easterly and northeasterly boundary of Pelham Bay Park to the prolongation of a line 100 feet southeast of the southeasterly side of Buhre avenue, and parallel therewith; thence southwestwardly along a line 100 feet south of the southeast side of Buhre avenue and parallel therewith to a point midway between Mahan and Gainsborg avenues; thence southeastwardly on a line midway between Mahan and Gainsborg avenues to a point midway between Buhre avenue and Roberts avenue; thence southwestwardly along a line midway between Buhre and Roberts avenues to a line midway between Jarvis avenue and Mahan avenue; thence southeastwardly on a line midway between Jarvis avenue and Mahan avenue to a point 100 feet northwest of the northwesterly side of Roberts avenue; thence southwestwardly on a line 100 feet northwest of the northwesterly side of Roberts avenue and parallel therewith to a line midway between Crosby avenue and Hobart avenue; thence southeastwardly on a line midway between Crosby avenue and Hobart avenue to a point 100 feet southeast of the southeasterly side of Roberts avenue; thence southwestwardly along a line 100 feet southeast of the southeasterly side of Roberts avenue and parallel therewith to the northwesterly side of Crosby avenue; thence southeastwardly to a point on the southeasterly side of Crosby avenue, at its intersection with a line 100 feet south of the southerly side of Roberts avenue, west of Crosby avenue; thence westwardly on a line 100 feet south of the southerly side of Roberts avenue and parallel therewith to a line 100 feet east of the easterly side of Bradford avenue; thence southwardly on a line 100 feet east of the easterly side of Bradford avenue and parallel therewith, to the prolongation of a line 200 feet south of the southerly side of Roberts avenue and parallel therewith; thence westwardly on a line 200 feet south of the southerly side of Roberts avenue and parallel therewith to a line midway between Edison avenue and Bradford avenue; thence southwardly on a line midway between Edison avenue and Bradford avenue, to a line 100 feet north of the northerly side of Middletown road; thence westwardly on a line 100 feet north of the northerly side of Middletown road and parallel therewith to a point 100 feet west of the westerly side of Edison avenue; thence southwardly on a line 100 feet west of the westerly side of Edison avenue to a point midway between Middletown road and Roebling avenue; thence westwardly on a line midway between Middletown road and Roebling avenue, to a point 100 feet east of the easterly side of Mayflower avenue; thence southwardly on a line 100 feet east of the easterly side of Mayflower avenue and parallel therewith to a point midway between Roebling avenue and Zulette avenue; thence westwardly on a line midway between Roebling avenue and Zulette avenue to a point 100 feet west of the westerly side of Mayflower avenue; thence southwardly on a line 100 feet west of the westerly side of Mayflower avenue and parallel therewith to a point midway between Zulette avenue and Wellman avenue; thence westwardly on a line midway between Zulette avenue and Wellman avenue to a point 100 feet east of the easterly side of Ericsson street; thence southwardly on a line 100 feet east of the easterly side of Ericsson avenue to its intersection with a line 100 feet southeast of the southeasterly side of the first street south of Fort Schuyler road, between Westchester creek and Appleton avenue; thence southwestwardly along the said line 100 feet southeast of the southeasterly side of the first street south of Fort Schuyler road and the prolongation thereof to its intersection with the prolongation of a line 100 feet southeast of the southeasterly side of Halsey street, between Wellington avenue and Seabury avenue, and parallel therewith; thence southwestwardly along a line 100 feet southeast of the southeasterly side of Halsey street and the prolongation thereof to the prolongation of a line 100 feet southwest of the southwesterly side of Zerega avenue, as laid out between Castle Hill avenue and Westchester avenue; thence northwestwardly on a line 100 feet southwest of the southwesterly side of Zerega avenue, to the place of beginning.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**(OPENING BUTLER AVENUE, EUREKA PLACE, ARENTS AVENUE AND CHESTNUT STREET, RICHMOND.**

In the matter of fixing an area of assessment for the opening of Butler avenue, between Eureka place and Broadway; Eureka place, Arents avenue and Chestnut street, between Bentley avenue and Church street, in the Borough of Richmond, affidavits of publication were presented, showing that the matter had been duly advertised.

Nobody appearing in favor of or in opposition to the proposed area of assessment, the hearing was closed. The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Butler avenue, between Eureka place and Broadway; and Eureka place, Arents avenue and Chestnut street, between Bentley avenue and Church street, as laid out on the map or plan of The City of New York, in the Fifth Ward, in the Borough of Richmond, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Butler avenue, between Eureka place and Broadway; and Eureka place, Arents avenue and Chestnut street, between Bentley avenue and Church street, as laid out on the map or plan of The City of New York, in the Fifth Ward, in the Borough of Richmond, City of New York.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 11th day of January, 1907, at 10.30 o'clock a. m.; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board.

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at the intersection of the prolongation of a line midway between Eureka place and Amboy avenue with a line 100 feet westerly from and parallel with the westerly side of Bentley street, the said distance being measured at right angles to the line of Bentley street, and running thence northerly and parallel with Bentley street to the intersection with the prolongation of a line midway between Broadway and Eureka place, and through that portion of their length between Bentley street and Butler avenue; thence easterly along said line midway between Eureka place and Broadway and the prolongation thereof, to the intersection with a line midway between Bentley street and Butler avenue; thence northerly along said line midway between Bentley street and Butler avenue, and the prolongation thereof, to a point 100 feet north of Broadway, said distance being measured at right angles to the line of Broadway; thence easterly, parallel with Broadway, to the intersection with the prolongation of a line midway between Butler avenue and Main street; thence southerly along said line midway between Butler avenue and Main street and the prolongation thereof to the intersection with a line midway between Broadway and Eureka place, through that portion of the length of the said streets between Butler avenue and Main street; thence easterly along said line midway between Broadway and Eureka place and the prolongation thereof to the centre line of Main street; thence along the centre line of Main street to the intersection with the prolongation of a line midway between Arents avenue and Broadway through that portion of their length between Main street and Johnson avenue; thence northerly and along a line midway between Arents avenue and Chestnut street, and Broadway, and the prolongation of said line to a point distant 100 feet east of the easterly side of Church street, said distance being measured at right angles to the line of Church street; thence southerly and parallel with the line of Church street to the intersection with the prolongation of a line midway between Chestnut street and Amboy avenue; thence easterly along said line midway between Amboy avenue and Chestnut street and the prolongation thereof and along a line midway between Arents avenue and Eureka place, and Amboy avenue, to the point described as the point or place of beginning. The said streets designated as Bentley street, Broadway, Church avenue, Amboy avenue, Johnson avenue and Main street being the streets thus known in the vicinity, although not yet placed upon the map of the City.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### LAYING OUT APPROACH TO BLACKWELL'S ISLAND BRIDGE, MANHATTAN.

The following report was presented from the Committee, to which was referred, on November 2, 1906, the matter of suggesting a suitable approach to the Blackwell's Island Bridge, on the Manhattan side:

REPORT No. 4722.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on November 2, 1906, a public hearing was given upon a plan for the widening of Second avenue, between East Fifty-seventh and East Sixty-first streets by adding 100 feet to its westerly side, and for laying out the remainder of the block bounded by East Fifty-ninth and East Sixtieth streets, Second and Third avenues, as an approach to the Blackwell's Island Bridge. At the conclusion of the hearing the matter was referred to a committee consisting of the Chief Engineer of the Board of Estimate and Apportionment, the Chief Engineer of the Board of Rapid Transit Railroad Commissioners, Mr. O. F. Nichols, Consulting Engineer to the Department of Bridges, and Mr. J. O. B. Webster, Chief Engineer of the Borough of Manhattan.

Your Committee begs to report that they have had several meetings and have carefully considered the plan upon which the hearing was given, together with an alternative plan consisting of the widening of Third avenue, between East Fifty-seventh and East Sixty-first streets, by adding forty feet to its easterly side, the widening of East Fifty-ninth street, between Second and Third avenues by adding sixty feet to its northerly side, and the restriction of the plaza, or approach, in front of the Blackwell's Island Bridge to a length of 200 feet between East Fifty-ninth and East Sixtieth streets.

A careful examination of the tax values for the year 1906, indicates that the probable expense of these two plans would be so nearly the same that we cannot predict which would be the more costly. The alternative plan above referred to contemplates the leaving of a block 140 feet in width and 370 feet in length, between Second and Third avenues, and between East Fifty-ninth and East Sixtieth streets. After considerable discussion and careful consideration, your Committee believes that the original plan upon which the hearing was given is preferable, although a slight modification of that plan is suggested. The lots on the westerly side of Second avenue, between East Fifty-seventh and East Fifty-eighth streets have a depth of but sixty feet, between East Fifty-eighth and East Fifty-ninth streets they have a depth of sixty-five feet, while between East Sixtieth and East Sixty-first streets their depth is seventy feet for one-half the block, and seventy-five feet for the remainder. The widening of 100 feet suggested in the original plan was doubtless proposed in the belief that the avenue lots had a depth of approximately 100 feet, and that little expense would be saved by making the widening less than the full depth of the lots. We find, however, that if this widening is made sixty-five feet there will be a saving of property having an assessed value of \$125,000, and your Committee believes that a widening to the extent of sixty-five feet will be ample, and we beg, therefore, to recommend that a new hearing be given for a widening of Second avenue, between East Fifty-seventh and East Sixty-first streets by adding sixty-five feet to its westerly side, and that the remainder of the block, bounded by East Fifty-ninth street, East Sixtieth street, Second avenue and Third avenue, be laid out as an approach to the Blackwell's Island Bridge.

Respectfully,

NELSON P. LEWIS,

Chief Engineer, Board of Estimate and Apportionment.

GEORGE S. RICE,

Chief Engineer, Board of Rapid Transit Railroad Commissioners.

O. F. NICHOLS,

Consulting Engineer, Department of Bridges.

JOS. O. B. WEBSTER,

Chief Engineer, Borough of Manhattan.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by:

1. Widening Second avenue, from East Fifty-seventh street to East Sixty-first street, by adding 65 feet to its westerly side.

2. Laying out as an approach to the Blackwell's Island Bridge the remainder of the block bounded by East Fifty-ninth street, East Sixtieth street, Second avenue and Third avenue, in the Borough of Manhattan, City of New York, or by:

(A) Widening Second avenue, from East Fifty-seventh street to East Fifty-ninth street, by adding 65 feet to its westerly side;

(B) Widening Second avenue, from East Sixtieth street to East Sixty-first street, by adding 67 feet to its westerly side;

(C) Laying out as an approach to the Blackwell's Island Bridge the entire block bounded by Second avenue, Third avenue, East Fifty-ninth street and East Sixtieth street, in the Borough of Manhattan, City of New York.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of February, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record, for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### LAYING OUT PARK ON RIVERSIDE DRIVE, MANHATTAN.

The matter of the proposed laying out of a park on the westerly side of Riverside drive, in the Borough of Manhattan, which was referred to a committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan, was taken up and, on motion, the matter was laid over.

#### LAYING OUT CHURCH AVENUE, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### In the Local Board of the Flatbush District.

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, pursuant to section 428 of the Greater New York Charter, after duly advertised hearing had this first day of November, 1906, hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out Church avenue, from East Eleventh street to Ocean Parkway, as shown on the accompanying map and more particularly described as follows:

##### A—From East Eleventh Street to Coney Island Avenue.

The southern line to begin at the intersection of the eastern line of East Eleventh street with the southern line of Church avenue, as the same are laid down on the map of the City;

1. Thence westerly to a point on the eastern line of Coney Island avenue, distant 42.54 feet, more or less, northerly from the intersection of the northern line of Avenue A with the eastern line of Coney Island avenue, as the same are laid down on the map of the City;

2. The northern line to be 70 feet from and parallel with the above-described southern line.

##### B—From Coney Island Avenue to Ocean Parkway.

The centre line to begin at a point in the western line of Coney Island avenue, distant 920.25 feet, more or less, northerly from the intersection of the northern line of Avenue B with the western line of Coney Island avenue, as the same are laid down on the map of the City;

1. Thence westerly to a point in the eastern line of Ocean parkway, distant 593.14 feet, more or less, northerly from the intersection of the northern line of Avenue B with the eastern line of Ocean parkway, as the same are laid down on the map of the City;

2. The northern and southern lines to be respectively 40 feet north and south and parallel to the centre line aforesaid;

—and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 1st day of November, 1906, Commissioner Dunne and Alderman Wentz voting in favor thereof.

CHARLES FREDERICK ADAMS, Secretary.

Resolution forwarded to the Board of Estimate and Apportionment without the signature of the President of the Borough, as a recommendation of the Local Board.

REPORT No. 4718.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 5, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on November 1, 1906, recommending a change in the map or plan of The City of New York by laying out Church avenue, between East Eleventh street and Ocean parkway. Church avenue has already been placed upon the map of the City east of East Eleventh street and has a width of 70 feet. From East Eleventh street to Ocean parkway, a distance of five short blocks, an old road has been in use for a great many years and is occupied by trolley tracks. The property abutting upon this road has been partially improved and it appears to have a width of 60 feet.

It is now proposed to give this old road a position upon the map of the City by extending the lines of Church avenue to include the same. The street will have a width of 70 feet in the section east of Coney Island avenue, and the map submitted proposes a width of 80 feet through the remainder of its length.

The trolley line already referred to enters a tunnel in the block between East Seventh street and Ocean parkway, crossing the latter street below grade. In my judgment a width of at least 100 feet should be provided in this block because of the occupancy of a considerable portion of the width by the tunnel portal, and I would recommend that a public hearing be given, not only upon the plan submitted by the Local Board, but also on an alternative one providing for an increased width between East Seventh street and Ocean Parkway.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Technical description for alternative plan for laying out Church avenue, between East Eleventh street and Ocean Parkway.

##### A. From East Eleventh street to Coney Island avenue.

The southern line to begin at the intersection of the eastern line of East Eleventh street with the southern line of Church avenue, as the same are laid down on the map of the City;

1. Thence westerly to a point on the eastern line of Coney Island avenue, distant 42.54 feet more or less northerly from the intersection of the northern line of Avenue A with the eastern line of Coney Island avenue, as the same are laid down on the map of the City.

2. The northern line to be 70 feet from and parallel with the above described southern line.

##### B. From Coney Island avenue to Ocean Parkway.

The centre line to begin at a point in the western line of Coney Island avenue distant 920.25 feet more or less northerly from the intersection of the northern line of

Avenue B with the western line of Coney Island avenue as the same are laid down on the map of the City;

1. Thence westerly to a point in the eastern line of Ocean Parkway distant 593.14 feet more or less northerly from the intersection of the northern line of Avenue B with the eastern line of Ocean Parkway as the same are laid down on the map of the City;

2. Between Coney Island avenue and East Seventh street the northern and southern lines to be respectively 35 feet north and south of and parallel with the centre line aforesaid.

3. Between East Seventh street and Ocean Parkway the northern and southern lines to be respectively 50 feet north and south of and parallel with the centre line aforesaid.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by locating and laying out Church avenue, from East Eleventh street to Ocean parkway, in the Borough of Brooklyn, City of New York, more particularly described as follows:

*A—From East Eleventh Street to Coney Island Avenue.*

The southern line to begin at the intersection of the eastern line of East Eleventh street with the southern line of Church avenue as the same are laid down on the map of the City.

1. Thence westerly to a point on the eastern line of Coney Island avenue, distant 42.54 feet more or less northerly from the intersection of the northern line of Avenue A with the eastern line of Coney Island avenue as the same are laid down on the map of the city.

2. The northern line to be 70 feet from and parallel with the above described southern line.

*B—From Coney Island Avenue to Ocean Parkway.*

The centre line to begin at a point in the western line of Coney Island avenue, distant 920.25 feet more or less northerly from the intersection of the northern line of Avenue B with the western line of Coney Island avenue as the same are laid down on the map of the City.

1. Thence westerly to a point in the eastern line of Ocean parkway, distant 593.14 feet more or less northerly from the intersection of the northern line of Avenue B with the eastern line of Ocean parkway as the same are laid down on the map of the City.

2. Between Coney Island avenue and East Seventh street the northern and southern lines to be respectively 35 feet north and south of and parallel with the centre line aforesaid.

3. Between East Seventh street and Ocean parkway the northern and southern lines to be respectively 50 feet north and south of and parallel with the centre line aforesaid.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of February, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*CHANGE OF GRADES OF SANDS AND JAY STREETS, BROOKLYN.*

The following communication from the Commissioner of Bridges, and report of the Chief Engineer were presented:

DEPARTMENT OF BRIDGES,  
Nos. 13 AND 21 PARK ROW, MANHATTAN,  
NEW YORK, December 17, 1906.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—In order to reach the street level at the terminus of the Manhattan Bridge with a reasonable grade, the underside of the structure over Sands street comes within five feet of the present surface of the street; it will therefore be necessary to lower Sands street and Jay street on both sides of the intersection of Jay and Sands streets, and I therefore respectfully request that your Honorable Board will authorize the change of the city map in the Borough of Brooklyn so as to change the grade of Sands and Jay streets to conform with the accompanying plan, 39-14, and to conform to the following description:

The intersection of Bridge and Sands streets to remain at the present elevation; the junction of Sands and Jay streets to be lowered from its present elevation of 64.42 feet to 55.76 feet; the junction of Sands street and Pearl street to remain at present elevation; the intersections of Jay street with Prospect street and Jay street with High street to remain as at present; the portions of the streets named between these intersections to have the grades fixed substantially as shown on the blue print herewith, marked 39-14.

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

REPORT No. 4727.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 8, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Under date of December 27, 1906, the Commissioner of Bridges has submitted to the Board of Estimate and Apportionment a plan for a change in the grade of Sands street, between Pearl and Bridge streets, and of Jay street, between High and Prospect streets, Borough of Brooklyn, in order to permit the carrying of the roadway of Sands street beneath the structure of the Manhattan Bridge, which it would be impossible to do without the lowering of the street grade or the raising of the bridge roadway, the latter of which is entirely impracticable.

The proposed change consists in lowering the grade 8.66 feet, and will result in a gradient of 3.04 per cent on Sands street between Pearl and Jay streets, and a gradient of 1.24 per cent. between Jay and Bridge streets. On Jay street the new grade will be 2.45 per cent. between High and Sands streets, and 0.683 per cent. between Sands and Prospect streets.

I have communicated with the President of the Borough asking whether there is any objection to the proposed change, and under date of January 3, 1907, he has forwarded a report from the Bureau of Highways stating that the changes proposed are satisfactory to him.

I see no reason, therefore, why they should not be approved, and such action is recommended after the necessary public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the grade at the intersection of Sands and High streets, in the Borough of Brooklyn, City of New York, more particularly described as follows:

*Sands Street.*

The grade at the intersection of Sands and Pearl streets to be 63.72 feet as heretofore;

The grade at the intersection of Jay street to be 55.76 feet;

The grade at the intersection of Sands and Bridge streets to be 48.92 feet as heretofore.

*Jay Street.*

The grade at the intersection of Jay and Prospect streets to be 57.52 feet as heretofore;

The grade at the intersection of Sands street to be 55.78 feet;

The grade at the intersection of Jay and High streets to be 62.12 feet as heretofore.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of February, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*CLOSING DINSMORE PLACE AND LAYING OUT NEW STREET, BROOKLYN.*

The matter of closing Dinsmore place, from Logan street to Chestnut street, Brooklyn, and laying out a new street from Logan street to Chestnut street, which was laid over on December 14, was taken up, and the matter was again laid over.

*WIDENING EAST ONE HUNDRED AND EIGHTY-SECOND STREET, THE BRONX.*

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For the widening of East One Hundred and Eighty-second street, from Park avenue to Washington avenue, at its southerly side, so as to make said southerly side coincident with the southerly line of old Fletcher street, making the street about 52.2 feet wide, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 15th day of November, 1906.

Alderman O'Neill, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Approved and certified this 10th day of November, 1906.

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

REPORT No. 4717.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 4, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on November 15, 1906, recommending a change in the map or plan of The City of New York by widening East One Hundred and Eighty-second street, between Park and Washington avenues.

The intention of this resolution is to make the lines of East One Hundred and Eighty-second street include all of the old road known as Fletcher street, the same being accomplished by increasing the width of the street 2.2 feet on its southerly side. East One Hundred and Eighty-second street as laid out has a width of 50 feet, and title to it has been acquired under proceedings confirmed in 1905. A considerable portion of the property on the southerly side of the street has been improved.

I am advised that owners of property have experienced great difficulty in securing a satisfactory guarantee of title in making conveyances for the reason that their land is deprived of frontage upon the street laid out upon the map of the City, by reason of the failure of the map to include Fletcher street, already referred to.

The map shows that there is a break in the alignment of East One Hundred and Eighty-second street at Washington avenue, and that a street has been laid out east of Washington avenue with a width of 52.2 feet, and forming a direct continuation of East One Hundred and Eighty-second street, between Washington and Park avenues, as now proposed, and that through this block the street has a width of 52.2 feet.

It has already been frequently pointed out that the policy of changing the map of the City so as to include old roads generally results in a mutilation, and for that reason is objectionable. In this case, however, a very desirable widening is provided, and I believe that there can be no question as to the dedication of the strip in question to public use. I am advised that no buildings encroach upon the land to be included within the street area, but the map submitted shows that steps encroach not only upon this strip, but also upon the land already acquired for street purposes.

The change in the map is recommended after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the

map or plan of The City of New York by widening East One Hundred and Eighty-second street, from Park avenue to Washington avenue, at its southerly side, so as to make said southerly side coincident with the southerly line of old Fletcher street, making the street about 52.2 feet wide, in the Borough of The Bronx, City of New York, more particularly described on map entitled, "Map or plan showing the widening of East One Hundred and Eighty-second street, at its southerly side, between Park avenue and Washington avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," submitted by the President of the Borough of The Bronx.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of February, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### WIDENING EAST ONE HUNDRED AND SIXTY-FIRST STREET, THE BRONX.

The following petitions, resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*Before the Local Board, District of Morrisania,*

*In the Matter  
of*

The petition for the widening of One Hundred and Sixty-first street, from Brook avenue to Third avenue.

#### *Memorandum in Favor of the Petition.*

The improvement asked for by the petitioners, to widen One Hundred and Sixty-first street, on its northerly side, from Brook avenue to Third avenue, about 35 feet.

The land to be taken for the improvement consists of two parcels; one having a frontage on Third avenue of about 35 feet, running to the power house, and having a depth on One Hundred and Sixty-first street of about 120 feet, and the other having about the same frontage on Brook avenue, and a depth on One Hundred and Sixty-first street of about 117 feet.

As the land on the northerly side of One Hundred and Sixty-first street, between Brook and Elton avenues, now belongs to the City, and it has been paved between those points to the full width, the result of opening asked for would be to practically make One Hundred and Sixty-first street a wide street for its length west of Third avenue, and would make a suitable improvement in this congested locality.

#### *Reasons Why the Improvement is Necessary and Desirable at This Time.*

First—The splendid, commodious and ornamental Court House Building, which has been so carefully designed, is located on the property on the southerly side of One Hundred and Sixty-first street, at Third avenue and Brook avenue. Its southerly, westerly and easterly exposures are on wide streets, well suited to display its architectural beauty, as well as to provide a plentiful supply of much needed light and air, while its northerly and longest side will, unless One Hundred and Sixty-first street is widened, have a frontage on a street little better than an alley, and when the northerly side of One Hundred and Sixty-first street is built up, its proportions will be hidden and from that side it will have but little advantage of light, air and view, which is so necessary to a building of this character. I am sure that the skillful architect who designed this building, in view of the conditions existing at Morris High School, by fronting on a narrow street, will be far from satisfied with the results of his efforts if the building shall front on a narrow and insignificant street.

It is well known to all the members of this Board that it is now being strongly urged to widen One Hundred and Sixty-sixth street for the sole purpose of giving a fair and appropriate vista for this school building. A repetition of this stupendous blunder in regard to the Court House would hardly find excuse.

Second—One Hundred and Sixty-first street, from Cromwell avenue east to Elton avenue, is laid out 100 feet or more in width for its entire distance, and from Elton avenue east to Brook avenue the lands on the northerly side are owned by the City, was widened and completed September 1, 1906, so that it only needs the widening of a single block, to provide a grand thoroughfare from east to west, which would be suitable to the congested centre through which it passes.

Central or Jerome avenue, on the west, is the source of this thoroughfare, from whence the stream of population flows over to Third avenue, and so on east to Woodstock, which is rapidly becoming a city in itself. It seems an anomaly that the mouth of the stream should be so much smaller than its source.

The tide of travel from the west to the east side is only in its infancy, and when the Court House is completed the numerous industries and necessities which will inevitably cluster about it will be put to the full test a 100-foot street for its proper accommodation.

Third—There is perhaps no other locality in the Borough of The Bronx, save at One Hundred and Forty-ninth street, where there is now, or will be in the near future—and particularly when the new Court House is completed—a greater interchange of passengers from the surface cars to the "L" road, and vice versa, than at One Hundred and Sixty-first street and Third avenue, and it is only retarded now by the fact that One Hundred and Sixty-first street is too narrow at this point at the present time for a double track. If the street is widened, and the double track laid so as to afford means of running cars at shorter intervals, the traffic would be doubled.

Fourth—It may be suggested that the land to be taken is very valuable, and that the expense would be great, and assessments correspondingly large, but there are several answers to this proposition:

(1) If the cost of acquiring the land be great at the present time, it will be much greater in the near future, and particularly after the erection of costly buildings. Private interests, however great, must give way to public necessities, all land in the State of New York is held subject to the higher sovereignty of the State, to be exercised by right of eminent domain for the benefit of all the people.

(2) If the costs of this improvement were to be assessed upon the property benefited, the area of assessment would necessarily be great, and the assessment widely distributed.

(3) The improvement would be such a great general benefit to the entire borough—and, in fact, to the entire City and the traveling public of the entire City—that all, or at least a greater part, of the expense would be properly borne by the City at large.

(4) The people owning property which must necessarily come within the district of assessment and bear a full share of the burdens are the ones who are petitioning for this improvement.

Fifth—The reasons why One Hundred and Sixty-first street was not widened all the way to Third avenue were freely discussed and well understood at the time.

(1) One Hundred and Sixty-first street was at that time a practically local and unimportant street, which could not cross Third avenue for the reason that it would be too near the present One Hundred and Sixty-first street, or Grove Hill.

(2) Because of the great costs of opening a 100-foot street east of Third avenue in that locality, and because of the prohibitive grade, which could never be made feasible except by bridging Eagle avenue, again which was undesirable.

(3) Because at that time the new Court House had not been located or projected, and it was not the central point of traffic as it is at the present time and will be in the near future, and it was thought that the traffic from the elevated road to the eastward could be suitably accommodated by passing through One Hundred and Sixty-first street, or Grove Hill, to Woodstock.

(4) In order to afford a wide street running from east to west, without the necessity of widening One Hundred and Sixty-first street, the project was conceived

and found much favor of widening One Hundred and Sixty-first street to Elton avenue, and then running into One Hundred and Sixty-third street, which was widened 100 feet from Washington avenue to Westchester avenue. Almost everyone supposed that this would afford an easy access to the City on the hill at Woodstock and to the east of it, but when One Hundred and Sixty-third street was graded east of Third avenue, it was found that the grade from Third avenue to Cauldwell avenue was prohibitive for heavy traffic, and east of Cauldwell avenue was necessarily such a succession of hills and valleys as to be practically useless for laden vehicles, and that it could not be used by fire engines, all of which go through One Hundred and Sixty-first street, and its distance from the "L" station resulted in diverting practically all the traffic east of Third avenue up the easy grade of the present One Hundred and Sixty-first street, so that the very object of widening of East One Hundred and Sixty-first street to take the traffic of One Hundred and Sixty-first street has been defeated by natural obstacles presented.

Seventh—It may be claimed that a wide street will be more noisy than a narrow one on account of the increased amount of traffic, and that the proceedings of the courts would thereby be disturbed.

The very statement of such an objection admits the necessity of widening—it admits the necessary increase of traffic, which your petitioner presents as a cogent argument in favor of the improvement.

But with the new and improved pavements now being laid in this borough, the noise would be minimized, and could not certainly be as great as now caused by the "L" roads, and the rattling over Belgian pavement of Third avenue.

It seems ridiculous to have a 13-foot sidewalk for a million-dollar Court House, especially when Third and Brook avenue sidewalks will be at least 10 feet or more.

The length of One Hundred and Sixty-first street, from Jerome to Third avenue, is almost one mile, all of which is 100 feet wide, except this one block between Brook avenue and Third avenue. The block between Cromwell and Jerome avenues is parks on both sides, and can be changed as may be necessary.

Finally.

For these and many other reasons it is respectfully submitted that the improvement in question is a public necessity, and should be approved and recommended by this Board.

ERNEST HALL, Counsel for Property Owners.

PROPERTY OWNERS' ASSOCIATION OF THE TWENTY-THIRD WARD,  
BOROUGH OF THE BRONX,  
NEW YORK, October 24, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, City of New York:

DEAR SIR—There is now before your Honor and the Honorable Board of Estimate and Apportionment a measure relative to completing the widening of East One Hundred and Sixty-first street, and this association, being both directly and indirectly interested in every part of the ward, respectfully petitions your Honor and the Honorable Board to take favorable action in the matter which is of the greatest importance to the whole borough.

This association has for many years endeavored to have that very important thoroughfare widened from east to west and has succeeded in its work except as to a small strip of land claimed by the New York Central and Hudson River Railroad Company, which strip of land was never acquired by that company for railroad purposes but purchased by Mr. W. H. Vanderbilt and the Hon. Chauncey Depew as individuals and it was never used for railroad purposes, and the association has for many years waited for an opinion of the Corporation Counsel in the premises for the purpose, if necessary, to take measures in law to compel the surrender of that strip of land or bring it under condemnation proceedings. Next obstruction comes from an individual property owner holding title to the northwest corner of Third avenue and One Hundred and Sixty-first street.

The opposition of that gentleman has prevented the widening of the street from Brook avenue to Third avenue.

The street, except the small space above referred to, is now one hundred feet wide from the extreme westerly end east to Brook avenue, and from that avenue to Third avenue, a distance of one block, it is fifty feet wide, and on the southerly side of this block the City is now constructing a court house at an expense of many hundred thousand dollars.

It seems strange that such opposition in the interest of one property owner under such circumstances can be considered for a moment. Here the City constructs and will maintain a modern court house, and three sides of it will face thoroughfares one hundred and more feet wide and the fourth side a fifty feet wide lane simply for the benefit of one individual who intends establishing a saloon within a few feet of the northerly entrance to such court house, but the people do not think that your Honor and the Honorable Board of Estimate and Apportionment will favor such proposition and the association repeats its request that the petition in the matter now before your Honor and the Honorable Board will be favorably considered.

Respectfully submitted in behalf of the Association,

CHAS. BAXTER, Chairman, Executive Board.

JOSEPH BLUNEN, Secretary.

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Resolved, That the Local Board of Morrisania, Twenty-fourth District, hereby recommends to the Board of Estimate and Apportionment that a public hearing be had in the matter of laying out on the map of The City of New York a widening of East One Hundred and Sixty-first street on its northerly side, between Brook avenue and Third avenue, in accordance with section 442 of the Greater New York Charter, as shown on sketch attached hereto.

Affirmative—Alderman Morris, Alderman Kuntze, Alderman O'Neill and the President of the Borough of The Bronx.

Negative—Alderman Harnischfeger and Alderman Murphy.

Adopted.

Attest:

HENRY A. GUMBLETON, Secretary.

Approved and certified this 7th day of December, 1906.

LOUIS F. HAFEN,

President of the Borough of The Bronx.

REPORT No. 4566.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying petition addressed directly to the Mayor as Chairman of the Board of Estimate and Apportionment, by Mr. John N. Decker, Chairman of a Committee of property owners, under date of October 18, 1906, asks the Board to initiate a change in the map of the City by widening East One Hundred and Sixty-first street, between Third and Brook avenues, to make it correspond in width approximately with that portion of the street between Elton avenue and Brook avenue. It is stated that a similar petition has been presented to the Local Board of the Morrisania District, and after a public hearing was disapproved by the Local Board on a divided vote. The reason assigned for this widening is that East One Hundred and Sixty-first street is one of the most important east and west streets in the Borough, that being the first street north of the great Mott Haven yard of the New York Central and Hudson River Railroad, it is obliged to accommodate an unusual amount of traffic, while the street as it approaches Third avenue, the most important north and south street in the Borough, is reduced by successive changes, first from 100 to 83 feet, and again from 83 feet to 50 feet, which is its width through the short block between Brook and Third avenues. It is further pointed out that on the westerly side of Third avenue, just south of One Hundred and Sixty-first street, the City is building a handsome, commodious and expensive court house, and that the narrow street now existing between Brook and Third avenues is entirely inadequate for the traffic which it is called upon to accommodate.

Subsequent to the receipt of this petition, namely on December 7, 1906, the Local Board of the district adopted a resolution recommending to the Board of Estimate and Apportionment that a public hearing be given in the matter of laying out this widening of East One Hundred and Sixty-first street; so that, although the

Local Board has taken no action formally approving of the plan, it has formally referred it to the Board of Estimate and Apportionment for consideration.

There can be no question that the statements contained in the petition accurately represent the facts. East One Hundred and Sixty-first street, between Third and Jerome avenues is a very important street, occupied by a double-track surface railroad. Its importance has been recognized by widening it to 100 feet for the entire distance west of Elton avenue, and its contraction for the one short block before reaching Third avenue is a serious inconvenience to the public which is obliged to use this street. Action by the Local Board is not required under the Charter, the Board of Estimate and Apportionment having full power to initiate such a proceeding for a change in the map of the City. The proposed widening is designed to follow existing property lines, and while it will result in a somewhat irregular street having a width of 87 feet at the westerly end of the block and of 83 feet at its easterly end, it is doubtful if this irregularity will be noticed, especially in view of the fact that on the northerly side of the street, between Elton and Brook avenues, are two small open spaces, while on the southerly side of the street, between Brook and Third avenues is the new court house site.

It is therefore recommended that a date be fixed for a public hearing, and that the plan be approved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by widening East One Hundred and Sixty-first street on its northerly side, between Brook avenue and Third avenue, in the Borough of The Bronx, City of New York, more particularly described on sketch submitted by the President of the Borough of The Bronx.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of February, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PARK AT SEDGWICK AND CEDAR AVENUES AND WEST ONE HUNDRED AND SEVENTY-SEVENTH STREET, THE BRONX.

The following communication of the President of the Borough of The Bronx and report of the Chief Engineer were presented:

LOCAL BOARDS, TWENTY-FOURTH AND TWENTY-FIFTH DISTRICTS,  
BOROUGH OF THE BRONX,  
September 27, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith sketch showing the location of a public park bounded by Sedgwick avenue, Cedar avenue and West One Hundred and Seventy-seventh street, as petitioned for by W. C. Timm and twenty-nine others, which proposed layout was respectfully recommended by the Local Board of Morrisania, Twenty-fourth District, on September 20, 1906.

There is also transmitted herewith copy of the report made by Chief Engineer Josiah A. Briggs, copy of petition, copy of letter dated August 27, 1906, signed by Alexander M. Bremer, setting forth the reasons for this proposed layout, and copy of report made by F. Greiffenberg, Principal Assistant Topographical Engineer, dated August 27, 1906.

Yours truly,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

REPORT NO. 4585.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
November 22, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of The Bronx, dated September 27, 1906, advising that the Local Board of the Morrisania District, at a meeting held on September 20, 1906, recommended a change in the map or plan of The City of New York by laying out a public park bounded by Sedgwick avenue, Cedar avenue and West One Hundred and Seventy-seventh street.

This resolution is accompanied by a petition signed by a large number of residents in the vicinity, who through one of their number state that the matter of petitioning for a park in this vicinity has been held in abeyance for many years, pending the final location of the Morris Heights Railroad station. They now ask that the parcel described in the resolution, the same facing the station, be set aside as a public park. At about the same time this petition was drawn the owner of the property at the intersection of Cedar avenue and Sedgwick avenue began the erection of a six-story apartment building, and the same is now practically finished. Besides this building there are five others on the property. The area designated has a frontage of about 390 feet on Cedar avenue, of about 240 feet on West One Hundred and Seventy-seventh street, and of about 455 feet on Sedgwick avenue. Cedar and Sedgwick avenues have been improved, and the construction of the steps along the line of West One Hundred and Seventy-seventh street, which has been authorized by the Board of Estimate and Apportionment, is nearly finished. The area of the land which it is proposed to take is equivalent to about twenty city lots 25 by 100 feet, and the assessed valuation of the same for the year 1906 was \$38,300, of which \$9,900 was charged to buildings. This figure, however, does not include the value of the brick apartment house already alluded to. I think there is no question but that the total cost of acquiring this property would be in the vicinity of \$100,000. The petitioners call attention to the fact that owing to the change in the grade of Cedar avenue, several of the buildings would have to be raised, for which reason the City would probably be liable for damage. They advise that the owners of these buildings would be willing to remove them to another location in the vicinity.

The section in which the proposed public place is to be located is at the present time only sparsely built up, and in my judgment it would be a serious mistake to lay out a public place to comprise an area which has been so largely built upon, even if a public place were needed in the vicinity. It might be proper to call attention to the fact that the University Park, already owned by the City, is but a short distance north of this location.

I would recommend that the resolution be disapproved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion of the President of the Board of Aldermen, the following resolution was adopted:

Resolved, That the report of the Chief Engineer be confirmed, and that the recommendation of the Local Board to establish a public park bounded by Sedgwick avenue, Cedar avenue and West One Hundred and Seventy-seventh street, in the Borough of The Bronx, be and the same hereby is disapproved.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### CLOSING PARK PLACE, QUEENS.

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

In the Local Board of the Newtown District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To eliminate from the map of The City of New York, Park place, between Freeman avenue and Webster avenue, in the First Ward of the Borough of Queens; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 25th day of October, 1906.

Aldermen Clifford and Herold and Joseph Bermel, President of the Borough of Queens, voting in favor thereof.

Attest:

HERMAN RINGE, Secretary.

Approved this 25th day of October, 1906.

JOSEPH BERMEL,  
President of the Borough of Queens.

REPORT NO. 4719.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 5, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Newtown District, Borough of Queens, on October 25, 1906, provides for a change in the map of the City by striking therefrom Park place, between Freeman avenue and Webster avenue in Long Island City. The street was laid down upon the map of Long Island City in 1873, it being but a short distance back of the East river which, at that time, was devoted to private residences with spacious, well-kept grounds. This water front has since been devoted almost wholly to manufacturing, a number of large plants having been located between Vernon avenue and the East river.

Park place extends for but one block with a total length of about 475 feet. It passes directly through the plant of the East River Gas Company, a number of expensive buildings of which encroach upon the street. To open it would be exceedingly expensive and, in the judgment of your Engineer, the street is entirely unnecessary, and it is recommended that the plan striking it from the map be approved after the necessary public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by striking therefrom Park place, between Freeman avenue and Webster avenue in Long Island City, in the Borough of Queens, City of New York, more particularly shown on map or plan submitted by the President of the Borough of Queens.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of February, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### CLOSING RUTLEDGE STREET, QUEENS.

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

In the Local Board of the Newtown District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To eliminate from the map of The City of New York Rutledge street, between Freeman avenue and Rainey Park, in the First Ward of the Borough of Queens; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 25th day of October, 1906.

Aldermen Clifford and Herold, and Joseph Bermel, President of the Borough of Queens, voting in favor thereof.

Attest:

HERMAN A. RINGE, Secretary.

Approved this 25th day of October, 1906.

JOSEPH BERMEL,  
President of the Borough of Queens.

REPORT No. 4720.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
JANUARY 5, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Newtown District, Borough of Queens, on October 25, 1906, provides for changing the map of the City by striking therefrom Rutledge street, between Freeman avenue and the park between Vernon avenue and the East river, commonly known as "Rainey Park."

Rutledge street was laid down upon the map of Long Island City adopted in 1873, and extends from Freeman avenue to the park above mentioned, a total distance of four blocks and lies 200 feet west of Vernon avenue and between the latter street and the East river.

As stated in a report on the proposed removal of Park place from the City map, this district was originally devoted to suburban residences, but these have disappeared and it has been built up with manufacturing plants requiring more space than is provided by the short and shallow blocks lying between Vernon avenue and the river. On each of the blocks comprising the entire length of Rutledge street there are buildings devoted to manufacture so that the opening of the street would be exceedingly expensive and, in the judgment of your Engineer, such a street is entirely unnecessary and would interfere seriously with the maintenance and expansion of the industries upon which the prosperity of this part of the City depends. It is believed, therefore, that the change is entirely proper and it is recommended that the plan be approved after the necessary public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by striking therefrom Rutledge street, between Freeman avenue and the park between Vernon avenue and the East river, in the Borough of Queens, City of New York, more particularly shown on a map or plan submitted by the President of the Borough of Queens.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of February, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### CHANGE OF GRADES OF UNNAMED STREET, RICHMOND.

The following communication from the President of the Borough of Richmond, and report of the Chief Engineer, were presented:

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND,  
NEW BRIGHTON, N. Y., October 31, 1906.

Board of Estimate and Apportionment, No. 277 Broadway, New York City:

GENTLEMEN—In the preparation of a former map upon which was adopted the lines, grades, etc., of "an unnamed street, between William and Beach streets, extending from St. Paul's avenue to Jackson street, in the Second Ward, Borough of Richmond," an error of 10 feet in the given elevation of every figure on the map and profile appeared. The different relationships were all correct, the error being merely one as affecting the relationship to sea level, which is our standard datum point, but to avoid possible later confusion, we think it may be desirable and proper to file at this time a map practically correcting the old, and so submit for adoption a map showing "changes of grade" in the street before mentioned.

Yours truly,

GEORGE CROMWELL,  
President of the Borough of Richmond.

REPORT No. 4621.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 7, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of Richmond, bearing date of October 31, 1906, submitting for adoption a modification of the map of an unnamed street between William and Beach streets, extending from St. Paul's avenue to Jackson street, in the Second Ward.

This street was placed upon the map of the City on April 22, 1904, and proceedings for acquiring title to it were authorized on May 20, 1904. It has recently been discovered that an error of 10 feet was made in the fixing of the grades shown on the map, and it is now desired to rectify the error, the change proposed consisting of raising the grade 10 feet throughout the entire length of the block.

The approval of this map will secure the grades originally intended, and such approval is recommended after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of an unnamed street between William and Beach streets, extending from St. Paul's avenue to Jackson street, Second Ward, in the Borough of Richmond, City of New York, more particularly shown on a map or plan submitted by the President of the Borough of Richmond, dated October 25, 1906.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of February, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING WEST ONE HUNDRED AND SIXTY-SEVENTH STREET AND PUBLIC PLACES, MANHATTAN.

The following report of the Chief Engineer was presented:  
REPORT No. 4595.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
November 30, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On April 20, 1906, the Board of Estimate and Apportionment authorized proceedings to acquire title to the land required for the opening and extending of West One Hundred and Sixty-seventh street from Broadway to St. Nicholas avenue, and the small public place bounded by West One Hundred and Sixty-seventh street, Broadway and St. Nicholas avenue. Owing to the amendment of the Street Opening Law before the appointment of the Commissioners, the resolution has been returned to the Board for reauthorization.

The street and public place covered by this resolution were placed upon the map of the City on May 12, 1905, and it was agreed at that time that one-half the cost of acquiring the public place should be assessed upon the property benefited. Subsequently, namely, on May 18, 1906, upon the report of a committee to whom the matter had been referred, the Board approved a plan laying out as an additional public place the block bounded by Broadway, West One Hundred and Sixty-sixth street, St. Nicholas avenue, and West One Hundred and Sixty-seventh street, and a resolution was adopted by the Local Board of the Washington Heights District providing for the acquisition of this public place. As the street and the two public places are immediately adjacent to each other, it would be absurd to have their acquisition the subjects of two different proceedings, and in my judgment the new resolution which has not yet been acted upon should be combined with the one already adopted but which must be the subject of reauthorization. Inasmuch as it was distinctly understood when both these public places were laid out upon the map that one-half the cost of acquiring them should be assessed upon the property benefited, I believe that in combining the acquisition of these areas in one proceeding it would be proper to compute the area of both the street and the two public places, including the entire area of the street with half the area of each public place, in order to determine the percentage of the total area the cost of which should be assessed, and applying this percentage to the cost of the combined proceeding. These areas are as follows:

	Square feet.
West One Hundred and Sixty-seventh street from Broadway to St. Nicholas avenue .....	1,891
Public place bounded by Broadway, St. Nicholas avenue and West One Hundred and Sixty-seventh street .....	776
Public place bounded by West One Hundred and Sixty-sixth street, St. Nicholas avenue, West One Hundred and Sixty-seventh street and Broadway .....	12,460
Total .....	15,127

The total area to be acquired, the cost of which should be assessed, would be all of that of the street and half of that of the two public places, or 8,500 square feet, which is equivalent to a little over 56 per cent. of the total area.

It is recommended that the title to the street and the two public places be acquired as one proceeding; that the title to be taken be a title in fee; that 56 per cent. of the expense of the proceeding, including the expenses of the Bureau of Street Openings, and the awards, if any, for damage through intended regulating, and all other expenses, be assessed upon the property benefited, and that the remaining 44 per cent. be borne by The City of New York.

It is further recommended that the area of assessment be bounded as follows:

Beginning at a point 100 feet south of the southerly side of West One Hundred and Sixty-fifth street measured at right angles thereto on a line midway between the westerly side of Broadway and the easterly side of Fort Washington avenue; and running thence northwardly on a line midway between the westerly side of Broadway and the easterly side of Fort Washington avenue to a point 100 feet north of the northerly side of West One Hundred and Sixty-eighth street measured at right angles thereto; thence eastwardly on a line parallel with the northerly side of West One Hundred and Sixty-eighth street and parallel therewith to a point 100 feet east of the easterly side of Audubon avenue; thence southwardly on a line 100 feet east of the easterly side of Audubon avenue and parallel therewith to its intersection with a line midway between the southerly side of West One Hundred and Sixty-eighth street and the northerly side of West One Hundred and Sixty-seventh street; thence eastwardly along a line midway between the southerly side of West One Hundred and Sixty-eighth street and the northerly side of West One Hundred and Sixty-seventh street and the prolongation thereof to a point 100 feet east of the easterly side of Amsterdam avenue; thence southwardly along a line 100 feet east of the easterly side of Amsterdam avenue and parallel therewith to its intersection with a line midway between the southerly side of West One Hundred and Sixty-seventh street and the northerly side of West One Hundred and Sixty-sixth street; thence westwardly along a line midway between the southerly side of West One Hundred and Sixty-seventh street and the northerly side of West One Hundred and Sixty-sixth street and the prolongation thereof to a point 100 feet east of the easterly side of Audubon avenue; thence southwardly along a line 100 feet east of the easterly side of Audubon avenue and parallel therewith to a point 100 feet south of the southerly side of West One Hundred and Sixty-fifth street measured at right angles thereto; thence westwardly along a line 100 feet south of the southerly side of West One Hundred and Sixty-fifth street and parallel therewith to the point of beginning.

It is also recommended that a date be fixed for a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of West One Hundred and Sixty-seventh street, from Broadway to St. Nicholas avenue; public place bounded by Broadway, St. Nicholas avenue and West One Hundred and Sixty-seventh street; public place bounded by West One Hundred and Sixty-sixth street, St. Nicholas avenue, West One Hundred and Sixty-seventh street and Broadway, as laid out on the map of the City, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point 100 feet south of the southerly side of West One Hundred and Sixty-fifth street, measured at right angles thereto on a line midway between the westerly side of Broadway and the easterly side of Fort Washington avenue; and running thence northwardly on a line midway between the westerly side of Broadway and the easterly side of Fort Washington avenue to a point 100 feet north of the northerly side of West One Hundred and Sixty-eighth street, measured at right angles thereto; thence eastwardly on a line parallel with the northerly side of West One Hundred and Sixty-eighth street and parallel therewith to a point 100 feet east of the easterly side of Audubon avenue; thence southwardly on a line 100 feet east of the easterly side of Audubon avenue and parallel therewith to its intersection with a line midway between the southerly side of West One Hundred and Sixty-eighth street and the northerly side of West One Hundred and Sixty-seventh street; thence

eastwardly along a line midway between the southerly side of West One Hundred and Sixty-eighth street and the northerly side of West One Hundred and Sixty-seventh street and the prolongation thereof to a point 100 feet east of the easterly side of Amsterdam avenue; thence southwardly along a line 100 feet east of the easterly side of Amsterdam avenue and parallel therewith to its intersection with a line midway between the southerly side of West One Hundred and Sixty-seventh street and the northerly side of West One Hundred and Sixty-sixth street; thence westwardly along a line midway between the southerly side of West One Hundred and Sixty-seventh street and the northerly side of West One Hundred and Sixty-sixth street and the prolongation thereof to a point 100 feet east of the easterly side of Audubon avenue; thence southwardly along a line 100 feet east of the easterly side of Audubon avenue and parallel therewith to a point 100 feet south of the southerly side of West One Hundred and Sixty-fifth street measured at right angles thereto; thence westwardly along a line 100 feet south of the southerly side of West One Hundred and Sixty-fifth street and parallel therewith to the point of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING SECOND AND THIRD NEW STREETS NORTH OF WEST ONE HUNDRED AND EIGHTY-FIRST STREET, MANHATTAN.

The following report of the Chief Engineer was presented:

REPORT NO. 4554.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
November 30, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On May 4, 1906, the Board of Estimate and Apportionment authorized two separate proceedings to open the second new street north of West One Hundred and Eighty-first street, between Broadway and Overlook terrace, and the third new street north of West One Hundred and Eighty-first street, between the same limits, as both of these streets were laid out on a map approved by the Board of Estimate and Apportionment on December 11, 1903. Owing to the amendment of the Street Opening Law before the appointment of the Commissioners, the resolution has been returned for reauthorization.

Both these streets have a width of 60 feet and a total length of the two blocks covered by the proceeding. The new Street Opening Law provides that resolutions for two or more streets can be made the subject of a single proceeding, and this would seem to be a case where advantage should be taken of this provision, and it is recommended that this be done; that the title to be taken be a title in fee, and that the entire expense of the proceeding, including the expenses of the Bureau of Street Openings, and the awards, if any, for damage through intended regulating and grading, be assessed upon the property benefited; and it is also recommended that the area over which this assessment shall be distributed be bounded as follows:

Beginning at a point 100 feet west of the westerly side of Overlook terrace measured at right angles to the said Overlook terrace and on the prolongation of a line midway between the first and second new streets north of West One Hundred and Eighty-first street, between Broadway and Overlook terrace; and running thence eastwardly on a line midway between the first and second new streets north of West One Hundred and Eighty-first street and the prolongation thereof to the westerly side of Broadway; thence northeastwardly to the northeasterly corner of Broadway and West One Hundred and Eighty-fifth street; thence eastwardly along the northerly side of West One Hundred and Eighty-fifth street to a point 100 feet east of the easterly side of Broadway measured at right angles thereto; thence northwardly on a line 100 feet east of the easterly side of Broadway and parallel therewith to its intersection with the prolongation of a line midway between the northerly side of the third new street north of West One Hundred and Eighty-first street and the southerly side of the fourth new street north of West One Hundred and Eighty-first street; thence westwardly along the said line midway between the third and fourth new streets north of West One Hundred and Eighty-first street and the prolongation thereof to the westerly side of Bennett avenue; thence westwardly on a line parallel with the northerly side of the third new street north of West One Hundred and Eighty-first street and the prolongation thereof to a point 100 feet west of the westerly side of Overlook terrace and measured at right angles thereto; thence southwardly on a line 100 feet west of the westerly side of Overlook terrace and parallel therewith to the place of beginning.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of the second new street north of West One Hundred and Eighty-first street from Broadway west to Overlook terrace, and the third new street north of West One Hundred and Eighty-first street, between Broadway and Overlook terrace, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point 100 feet west of the westerly side of Overlook terrace, measured at right angles to the said Overlook terrace, and on the prolongation of a line midway between the first and second new streets north of West One Hundred and Eighty-first street, between Broadway and Overlook terrace; and running thence eastwardly on a line midway between the first and second new streets north of West One Hundred and Eighty-first street and the prolongation thereof to the westerly side of Broadway; thence northeastwardly to the northeasterly corner of Broadway and West One Hundred and Eighty-fifth street; thence eastwardly along the northerly side of West One Hundred and Eighty-fifth street to a point 100 feet east of the easterly side of Broadway, measured at right angles thereto; thence northwardly on a line 100 feet east of the easterly side of Broadway and parallel therewith to its intersection with the prolongation of a line midway between the northerly side of the third new street north of West One Hundred and Eighty-first street and the southerly side of the fourth new street north of West One Hundred and Eighty-first street; thence westwardly along the said line midway between the third and fourth new streets north of West One Hundred and Eighty-first street and the prolongation thereof to

the westerly side of Bennett avenue; thence westwardly on a line parallel with the northerly side of the third new street north of West One Hundred and Eighty-first street and the prolongation thereof to a point 100 feet west of the westerly side of Overlook terrace and measured at right angles thereto; thence southwardly on a line 100 feet west of the westerly side of Overlook terrace and parallel therewith to the place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING FIFTH NEW STREET NORTH OF WEST ONE HUNDRED AND EIGHTY-FIRST STREET, MANHATTAN.

The following report from the Chief Engineer was presented:

REPORT NO. 4593.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
November 30, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On May 4, 1906, the Board of Estimate and Apportionment authorized proceedings for acquiring title to the fifth new street north of West One Hundred and Eighty-first street, extending from Broadway to the first new avenue west of Broadway, in the Borough of Manhattan, as laid out on a plan adopted on December 11, 1903. Owing to the fact that the Street Opening Law was amended before the appointment of the Commissioners, the matter has been returned by the Corporation Counsel in order that the proceeding may be reauthorized.

As stated in the original report, the street has a length of but one block and a width of 60 feet. It is not in use at the present time, and the abutting property is unimproved. It becomes necessary for the Board in reauthorizing the proceeding to fix a district of assessment. As this street is entirely local, it would seem that the area of assessment should be confined to one-half the block on each side of the street, together with the property east of Broadway and west of the new avenue referred to, and known as Bennett avenue, which will obtain an outlet through this street.

It is recommended that the proceeding be reauthorized and that the title to be taken be a title in fee; also that the entire expense of the proceeding, including the expenses of the Bureau of Street Openings and awards, if any, for intended regulating and grading, be assessed upon the property benefited, and that the area of assessment be bounded as follows:

On the north by a line midway between the northerly side of the fifth new street north of West One Hundred and Eighty-first street and the southerly side of the next parallel street to the north, as shown upon the plan adopted by the Board of Estimate and Apportionment on December 11, 1903; on the east by a line 100 feet east of the easterly side of Broadway and parallel therewith; on the south by a line midway between the southerly side of the fifth new street north of West One Hundred and Eighty-first street and the northerly line of the fourth new street north of West One Hundred and Eighty-first street; and on the west by a line 100 feet west of the westerly side of the first new avenue west of Broadway, or Bennett avenue, and parallel therewith.

It is also recommended that a date be fixed for a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of the fifth new street north of West One Hundred and Eighty-first street (Watkins place), extending from Broadway to first new avenue west of Broadway (Bennett avenue), in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

On the north by a line midway between the northerly side of the fifth new street north of West One Hundred and Eighty-first street and the southerly side of the next parallel street to the north, as shown upon the plan adopted by the Board of Estimate and Apportionment on December 11, 1903; on the east by a line 100 feet east of the easterly side of Broadway and parallel therewith; on the south by a line midway between the southerly side of the fifth new street north of West One Hundred and Eighty-first street and the northerly line of the fourth new street north of West One Hundred and Eighty-first street; and on the west by a line 100 feet west of the westerly side of the first new avenue west of Broadway, or Bennett avenue, and parallel therewith.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING WEST ONE HUNDRED AND TWENTY-NINTH STREET, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

*In the Local Board of the Washington Heights District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire title to West One Hundred and Twenty-ninth street, from Convent avenue to Amsterdam avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 10th day of April, 1906, all the members present voting in favor thereof.

Attest:

BERNARD DOWNING, Secretary.

Approved this 11th day of April, 1906.

JOHN F. AHEARN,

President of the Borough of Manhattan.

REPORT No. 4638.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 10, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on April 10, 1906, initiating proceedings for acquiring title to West One Hundred and Twenty-ninth street, between Convent and Amsterdam avenues.

This resolution affects a length of one block of West One Hundred and Twenty-ninth street, which has been laid out upon the map of the City to have a width of 60 feet. The street is in use at the present time through the westerly half of the block, and the roadway is occupied by trolley tracks leading to one of the express stations of the Metropolitan Street Railway Company, located on the northerly side of the street. The roadway through this portion of the block has been paved, and some of the curbing and flagging have been provided. The street is not in use through the easterly half and the land is here encroached upon by at least one frame building. The adjoining portions of West One Hundred and Twenty-ninth street east of Convent avenue and west of Amsterdam avenue have already been opened, title to the former portion having been acquired under a deed of cession, while that to the latter was secured by proceedings confirmed in 1854.

I would recommend that this proceeding be authorized; that title to the street be acquired in fee, and that all of the expense of the proceeding, including the expenses of the Bureau of Street Openings, and any damages allowed for intended regulating, be assessed upon the property benefited. I would also recommend that the district of assessment be laid out to comprise the following area:

Bounded on the north by a line midway between West One Hundred and Twenty-ninth and West One Hundred and Thirtieth streets, and by the prolongation thereof; on the east by a line 100 feet distant easterly from the easterly side of Convent avenue and parallel thereto, the said distance being measured at right angles to the line of Convent avenue; on the south by a line midway between West One Hundred and Twenty-ninth and West One Hundred and Twenty-eighth streets, and by the prolongation thereof; and on the west by a line 100 feet distant westerly from the westerly side of Amsterdam avenue and parallel therewith, the said distance being measured at right angles to the line of Amsterdam avenue.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of West One Hundred and Twenty-ninth street, from Convent avenue to Amsterdam avenue, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line midway between West One Hundred and Twenty-ninth and West One Hundred and Thirtieth streets, and by the prolongation thereof; on the east by a line 100 feet distant easterly from the easterly side of Convent avenue and parallel thereto, the said distance being measured at right angles to the line of Convent avenue; on the south by a line midway between West One Hundred and Twenty-ninth and West One Hundred and Twenty-eighth streets, and by the prolongation thereof; and on the west by a line 100 feet distant westerly from the westerly side of Amsterdam avenue and parallel therewith, the said distance being measured at right angles to the line of Amsterdam avenue.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 8th of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING FORREST STREET, BROOKLYN.

The following report of the Chief Engineer was presented:

REPORT No. 4648.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 15, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On March 9, 1906, a resolution was adopted by the Board of Estimate and Apportionment providing for the acquisition of title to Forrest street, between Central avenue and Flushing avenue, Borough of Brooklyn. On the date when the new Street Opening Law went into effect the Commissioners of Estimate and Assessment in this proceeding had not been appointed, for which reason the resolution has been returned to the Board of Estimate and Apportionment for reauthorization.

In my original report upon this resolution it was shown that it affected a length of one block of Forrest street, which had been laid out upon the map to have a width of 60 feet. A rough, unshaped roadway is in use and the property on one side of the street has been largely built up. On the opposite side the roadway is encroached upon by a number of frame sheds.

I would recommend that this proceeding be again authorized; that title to the street be acquired in fee, and that all the costs of the proceeding, including those of the Bureau of Street Openings, and any damages allowed for intended regulating, be assessed upon the property benefited. I would also recommend that the district of assessment be laid out to comprise the following area:

Beginning at the intersection of a line midway between Forrest street and Noll street with a line 100 feet southwestwardly from the southwesterly side of Central avenue and parallel therewith, the said distance being measured at right angles to the line of Central avenue, and running thence northwestwardly and parallel with the line of Central avenue to the intersection with a line distant 100 feet northwestwardly from the northwesterly side of Forrest street and parallel therewith, the said distance being measured at right angles to the line of Forrest street; thence running northeastwardly and parallel with the line of Forrest street to the intersection with the northwesterly side of Flushing avenue; thence northwestwardly at right angles to the line of Flushing avenue 100 feet; thence northeastwardly and parallel with the line of Flushing avenue to the intersection with a line at right angles to the line of Flushing avenue and passing through a point on the southeasterly side of the said avenue midway between the intersection of the said southeasterly side with the southeasterly side of Forrest street and the southwesterly side of Hamburg avenue; thence southeastwardly along the course last described to the southeasterly side of Flushing avenue; thence southeastwardly and parallel with the line of Hamburg avenue to the intersection with the prolongation of a line midway between Forrest and Noll streets; thence southwestwardly and along the said line midway between Forrest street and Noll street to the point or place of beginning.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Forrest street, from Central avenue to Flushing avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the intersection of a line midway between Forrest street and Noll street with a line 100 feet southwestwardly from the southwesterly side of Central avenue and parallel therewith, the said distance being measured at right angles to the line of Central avenue and running thence northwestwardly and parallel with the line of Central avenue to the intersection with a line distant 100 feet northwestwardly from the northwesterly side of Forrest street and parallel therewith, the said distance being measured at right angles to the line of Forrest street; thence running northeastwardly and parallel with the line of Forrest street to the intersection with the northwesterly side of Flushing avenue; thence northwestwardly at right angles to the line of Flushing avenue 100 feet; thence northeastwardly and parallel with the line of Flushing avenue to the intersection with a line at right angles to the line of Flushing avenue and passing through a point on the southeasterly side of the said avenue midway between the intersection of the said southeasterly side with the southeasterly side of Forrest street and the southwesterly side of Hamburg avenue; thence southeastwardly along the course last described to the southeasterly side of Flushing avenue; thence southeastwardly and parallel with the line of Hamburg avenue to the intersection with the prolongation of a line midway between Forrest and Noll streets; thence southwestwardly and along the said line midway between Forrest street and Noll street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING EDGEWATER ROAD, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for Edgewater road, from Garrison avenue (or Mohawk avenue) to Seneca avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 18th day of January, 1906.

Alderman Kuntze, Alderman O'Neill, Alderman Murphy and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 20th day of January, 1906.

LOUIS F. HAFEN,  
President of the Borough of The Bronx.

REPORT No. 4642.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 12, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on January 18, 1902, initiating proceedings for acquiring title to the land needed for Edgewater road, from Garrison avenue to Seneca avenue.

This proceeding, together with those for opening portions of Faile street and Seneca avenue, reported at this time, was asked for by the Hunt's Point Realty Company, which is making extensive improvements on the property in this neighborhood. The street is laid down on the final maps of the borough at a width of 100 feet, and will be one of the most important streets of this section, being the thoroughfare through which access will be obtained to the private waterfront property along the Bronx river. It would seem proper, therefore, to extend the area of assessment for benefit for the opening of this street to a somewhat greater degree than is customary in narrower streets, or those which will be of less benefit to the general public. These circumstances will, it is believed, justify the area of assessment herein suggested.

It is recommended that the proceeding be authorized; that the title to be taken be a title in fee; that following the rule of the Board in cases of streets 100 feet in width, 13 1/4 per cent. of the expense of the proceeding, including the expenses of the Bureau of Street Openings, the awards, if any, for intended regulating, and all other expenses, be borne by the City; and that the remainder be assessed upon the property benefited. It is further recommended that the area of assessment for this proceeding be bounded as follows:

On the north by the prolongation westwardly of the southerly line of Ludlow avenue as now laid out east of the Bronx river; on the east by the westerly side of the Bronx river; on the south by a line midway between the southerly side of Seneca avenue and the northerly side of Lafayette avenue; on the west by a line midway between the westerly side of Longfellow street and the easterly side of Bryant street; and on the northwest by the southeasterly side of the New York, New Haven and Hartford Railroad Company's tracks.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Edgewater road, from Garrison avenue (or Mohawk avenue) to Seneca avenue, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

On the north by the prolongation westwardly of the southerly line of Ludlow avenue as now laid out east of the Bronx river; on the east by the westerly side of the Bronx river; on the south by a line midway between the southerly side of Seneca avenue and the northerly side of Lafayette avenue; on the west by a line midway between the westerly side of Longfellow street and the easterly side of Bryant street; and on the northwest by the present southeasterly property line of the New York, New Haven and Hartford Railroad Company's tracks.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING TRAFALGAR PLACE, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for Trafalgar place, from One Hundred and Seventy-fifth street to One Hundred and Seventy-sixth street, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on May 24, 1906.

Alderman O'Neill, Alderman Harnischfeger, Alderman Murphy and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 25th day of May, 1906.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 4665.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 18, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on May 24, 1906, initiating proceedings for acquiring title to Trafalgar place, between East One Hundred and Seventy-fifth and East One Hundred and Seventy-sixth streets.

Trafalgar place, between the limits named in the resolution, was placed upon the map of the City on March 9, 1906. The street has a length of one block and a width of 50 feet. It follows the line of a road which has been in use for a great many years and which is believed to be largely dedicated to public use. The grading of East One Hundred and Seventy-fifth and of East One Hundred and Seventy-sixth streets has deprived this old road of an outlet at a serviceable grade, and it is assumed that the resolution now presented is intended as a preliminary step to the carrying out of

needed surface improvements. Several houses have been erected along the line of the street, but none of them encroach upon the land to be acquired.

It is recommended that this resolution be approved; that title to the street be acquired in fee; that all of the expenses of the proceeding, including those of the Bureau of Street openings, and any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following area:

Beginning at the intersection of a line midway between Trafalgar place and Waterloo place with the northerly line of East One Hundred and Seventy-fifth street, and running thence northwardly along the centre line of the block between Trafalgar place and Waterloo place, and the prolongation of said line, to a point distant 100 feet north of the northerly side of East One Hundred and Seventy-sixth street; thence eastwardly and parallel with the northerly line of East One Hundred and Seventy-sixth street to the intersection with a line drawn at right angles to the line of East One Hundred and Seventy-sixth street and passing through a point on the southerly side of the said street midway between Trafalgar place and the Southern boulevard; thence southwardly along the line last described to the southerly line of East One Hundred and Seventy-sixth street; thence southwardly to a point on the northerly line of East One Hundred and Seventy-fifth street midway between the easterly line of Trafalgar place and the westerly line of the Southern boulevard; thence continuing along the said course to the southerly line of East One Hundred and Seventy-fifth street; thence southwardly at right angles to the southerly line of East One Hundred and Seventy-fifth street 100 feet; thence westwardly and parallel with the southerly line of East One Hundred and Seventy-fifth street to the intersection with a line drawn at right angles to the line of East One Hundred and Seventy-fifth street and passing through the point described as the point or place of beginning; thence northwardly to the point or place of beginning.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Trafalgar place, from One Hundred and Seventy-fifth street to One Hundred and Seventy-sixth street, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the intersection of a line midway between Trafalgar place and Waterloo place with the northerly line of East One Hundred and Seventy-fifth street, and running thence northwardly along the centre line of the block between Trafalgar place and Waterloo place, and the prolongation of said line to a point distant 100 feet north of the northerly side of East One Hundred and Seventy-sixth street; thence eastwardly and parallel with the northerly line of East One Hundred and Seventy-sixth street to the intersection with a line drawn at right angles to the line of East One Hundred and Seventy-sixth street, and passing through a point on the southerly side of the said street midway between Trafalgar place and the Southern boulevard; thence southwardly along the line last described to the southerly line of East One Hundred and Seventy-sixth street; thence southwardly to a point on the northerly line of East One Hundred and Seventy-fifth street midway between the easterly line of Trafalgar place and the westerly line of the Southern boulevard; thence continuing along the said course to the southerly line of East One Hundred and Seventy-fifth street; thence southwardly at right angles to the southerly line of East One Hundred and Seventy-fifth street 100 feet; thence westwardly and parallel with the southerly line of East One Hundred and Seventy-fifth street to the intersection with a line drawn at right angles to the line of East One Hundred and Seventy-fifth street and passing through the point described as the point or place of beginning; thence northwardly to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING FAILE STREET, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to Faile street, from Garrison avenue to Lafayette avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 4th day of December, 1905.

Alderman Goldwater, Alderman Stumpf, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 9th day of December, 1905.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

## REPORT NO. 4641.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 12, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on December 4, 1905, initiating proceedings for acquiring title to Faile street, from Garrison avenue to Lafayette avenue.

This resolution was prompted by a petition of the Hunt's Point Realty Company, which company owns a large proportion of the abutting property, which it is rapidly developing. The proceeding seems an entirely proper one, and it is recommended that the resolution of the Local Board be approved; that the title to be taken be a title in fee; that, as the street is 60 feet in width, the entire expense of the proceeding, including the expense of the Bureau of Street Openings, the awards, if any, for intended regulating, and all other expenses, be assessed upon the property to be benefited; and that the district of assessment over which this expense shall be distributed be bounded as follows:

On the north by the southerly side of the New York, New Haven and Hartford Railroad tracks; on the east by a line midway between the easterly side of Faile street and the westerly side of Bryant street; on the south by a line 100 feet south of the southerly side of Lafayette avenue and parallel therewith; and on the west by a line midway between the westerly side of Faile street and the easterly side of Hunt's Point road.

It is also recommended that a public hearing be given upon this proposed area of assessment.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Faile street, from Garrison avenue to Lafayette avenue, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

On the north by the present southerly property line of the New York, New Haven and Hartford Railroad; on the east by a line midway between the easterly side of Faile street and the westerly side of Bryant street; on the south by a line 100 feet south of the southerly side of Lafayette avenue and parallel therewith; and on the west by a line midway between the westerly side of Faile street and the easterly side of Hunt's Point road.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 8th of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

## OPENING SENECA AVENUE, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

## In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore, it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for Seneca avenue, from Hunt's Point road to Bronx river, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 4th day of December, 1905.

Alderman Goldwater, Alderman Stumpf, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 9th day of December, 1905.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

## REPORT NO. 4640.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 10, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Morrisania District, Borough of The Bronx, on December 4, 1905, initiating proceedings for acquiring title to Seneca avenue, between Hunt's Point road and the Bronx river.

This street is laid down on the final maps of the Borough of The Bronx at a width of 80 feet, and the proceeding covers the entire length of the street. The opening is petitioned for by the Hunt's Point Realty Company, the owners of the entire frontage on each side of the street, although they do not own to the centre of the block. Development in this neighborhood is most marked, and it is very desirable that the City should acquire title to the street as soon as possible.

It is therefore recommended that the resolution be approved; that the title to be taken be a title in fee; that, following the rule of the Board in the case of streets

80 feet in width, 8 1/3 per cent. of the expense of the proceeding, including the expenses of the Bureau of Street Openings, the awards, if any, for intended regulating, and all other expenses, be borne by The City of New York, and that the remainder be assessed upon the property benefited, and that the area of assessment for the proceeding be bounded as follows:

On the north by a line midway between the northerly side of Seneca avenue and the southerly side of Garrison avenue and the prolongation thereof; on the east by the west side of the Bronx river; on the south by a line midway between the southerly side of Seneca avenue and the northerly side of Lafayette avenue and the prolongation thereof; and on the west by a line 100 feet west of the westerly side of Hunt's Point road and parallel therewith.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Seneca avenue, from Hunt's Point road to Bronx river, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

On the north by a line midway between the northerly side of Seneca avenue and the southerly side of Garrison avenue, and the prolongation thereof; on the east by the west side of the Bronx river; on the south by a line midway between the southerly side of Seneca avenue and the northerly side of Lafayette avenue, and the prolongation thereof; and on the west by a line 100 feet west of the westerly side of Hunt's Point road and parallel therewith.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 8th of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

## WIDENING SEDGWICK AVENUE, BAILEY AVENUE, ALBANY ROAD AND KINGSBRIDGE ROAD, THE BRONX.

The following resolutions of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

## In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for the widening of Sedgwick avenue, between Fordham road and Bailey avenue; Bailey avenue, between Sedgwick avenue and Albany road; and Albany road, between Bailey avenue and Van Cortlandt Park; also to the portion of Heath avenue between One Hundred and Eighty-ninth street and One Hundred and Ninety-first street, as changed, and the public place between Heath avenue and Bailey avenue, south of East One Hundred and Ninety-first street, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 1st day of March, 1906.

Alderman Kuntze, Alderman Harnischfeger, Alderman O'Neill, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 7th day of March, 1906.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

## In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for the widening of Kingsbridge road, between Bailey avenue and Spuyten Duyvil creek, as shown on the "Map showing the location and grades of avenues and streets connecting the Borough of Manhattan with the Borough of The Bronx at Farmer's Bridge," dated January 15, 1906, and approved by the Board of Estimate and Apportionment May 4, 1906, pursuant to section 442 of the Greater New York Charter, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 14th day of June, 1906.

Alderman Harnischfeger, Alderman Kuntze, Alderman O'Neill, Alderman Murphy and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 18th day of June, 1906.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 4723.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 7, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith are transmitted two resolutions of the Local Board of the Morrisania District, of the Borough of The Bronx. One of these, adopted on March 1, 1906, initiates proceedings for acquiring title to the land required for widening the following streets:

Sedgwick avenue, between Fordham road and Bailey avenue.

Bailey avenue, between Sedgwick avenue and Albany road.

Albany road, between Bailey avenue and Van Cortlandt Park.

The resolution also provides for acquiring title to Heath avenue, between West One Hundred and Eighty-ninth and West One Hundred and Ninety-first streets, and the public place between Heath avenue and Bailey avenue, south of West One Hundred and Ninety-first street.

The second resolution, adopted on June 14, 1906, initiates proceedings for acquiring title to the land required for widening Kingsbridge road, between Bailey avenue and Spuyten Dayvil creek.

On January 26, 1906, changes were made in the map of the City by widening Sedgwick avenue, Bailey avenue and Albany road through the limits described in the opening resolution now presented, and also for changing the location of Heath avenue and for laying out the public place included in the same resolution.

On May 4, 1906, the map was also changed by providing a widening of Kingsbridge road, between Exterior street and Bailey avenue.

The resolutions now presented provide for acquiring title to the land added to the street area by reason of these changes in the map. For the reason that Kingsbridge road immediately adjoins Bailey avenue, I would recommend that both resolutions be made the subject of a single proceeding.

The resolution of March 1, 1906, affects a street system having a length of about two miles and making practically a continuous highway intended to serve as an outlet for the low lying section of the borough east of the New York and Putnam Railway, this artery to have a width of 100 feet throughout, excepting only the section immediately north of the junction of Bailey avenue with Albany road, opposite East Two Hundred and Thirty-third street, where a slightly greater width is provided. Sedgwick avenue, as heretofore legally opened, has a width of 80 feet, while Bailey avenue and Albany road have already been opened to a width of 60 feet. Heath avenue, or Harlem river terrace, is to have a width of 60 feet through the block included within the limits of the proceeding and almost all of the land lying between it and Bailey avenue is to be acquired under the resolution as a public place.

The widening of Sedgwick avenue, Bailey avenue and Albany road includes the old streets as now in use and as improved, and the widenings proposed affect land on both sides of the streets on Sedgwick avenue and on Bailey avenue, while Albany road is widened entirely on its westerly side. Twenty-four brick and frame dwellings encroach upon the land to be acquired.

The change in the map of the Kingsbridge road west of Bailey avenue already alluded to provides for increasing its width on the southerly side by the addition of a triangular area having a frontage of about 30 feet on Bailey avenue and about 250 feet on Kingsbridge road. The object of the change was evidently to secure a more direct connection of the lines of Kingsbridge road where the same crosses Bailey avenue. The street has already been legally opened with a width of 100 feet.

The changes already made in the map and to which the opening proceedings relate are intended to meet the future needs of the locality affected, it having been deemed wise to anticipate such needs at this time and before property values rise to such an extent that widenings would become practically prohibitive.

The resolutions now presented naturally follow the changes made in the map, and their adoption is recommended. It is also recommended that title be acquired in fee, and that all of the costs of the proceeding for acquiring title to the Harlem river terrace, and that 50 per cent. of the costs of the proceeding relating to the remaining streets and to the public place, including the expenses of the Bureau of Street Openings and any damages allowed for intended regulating, be assessed upon the property to be benefited, and that the remainder be assumed by the City at large. This relief from assessment is based upon the provisions of the rule adopted by the Board of Estimate and Apportionment on July 25, 1902, affecting streets having a width of more than 60 feet.

It is also suggested that a district of assessment be laid out to comprise the following area:

Beginning at the intersection of the prolongation of a line 100 feet south of the southerly side of East One Hundred and Eighty-first street, and parallel therewith, with the easterly bulkhead line of the Harlem river, and running thence northwardly along the said easterly line of the Harlem river to the intersection with a line midway between Broadway and Exterior street; thence northeastwardly along the said line midway between Broadway and Exterior street to the northerly side of Kingsbridge road; thence northwardly at right angles to the line of the Kingsbridge road 100 feet; thence eastwardly and parallel with the Kingsbridge road to the easterly line of the land of the New York and Putnam Railway; thence northwardly and along the said easterly line of the New York and Putnam Railway to the intersection with a line distant 100 feet north of and parallel with the southerly line of Van Cortlandt Park, the said distance being measured at right angles to the said southerly line of Van Cortlandt Park; thence eastwardly and parallel with the southerly line of Van Cortlandt Park to the intersection with the prolongation of a line midway between Gouverneur avenue and Norman avenue; thence southwestwardly along the said line midway between Gouverneur avenue and Norman avenue and the prolongation of the said line to the intersection with the centre line of Sedgwick avenue; thence southwestwardly to a point on the southwest side of Kingsbridge road where the same is intersected by a line 100 feet northwest of and parallel with the northwesterly line of Aqueduct avenue, the said distance being measured at right angles to the line of Aqueduct avenue; thence southwestwardly and always distant 100 feet northwestwardly from the northwesterly line of Aqueduct avenue and along the prolongation of the said line to the intersection with the southerly line of East One Hundred and Eighty-first street; thence southwestwardly at right angles to East One Hundred and Eighty-first street 100 feet; thence northwesterly and westwardly and always parallel with the southerly line of East One Hundred and Eighty-first street, and 100 feet distant therefrom, to the point or place of beginning.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the widening of Sedgwick avenue, between Fordham road and Bailey avenue; Bailey avenue, between Sedgwick avenue and Albany road; Albany road, between Bailey avenue and Van Cortlandt Park, for the opening and extending of Heath avenue, between West One Hundred and Eighty-ninth and West One Hundred and Ninety-first streets; the public place between Heath avenue and Bailey avenue, south of West One Hundred and Ninety-first street; and for the widening of Kingsbridge road, between Exterior street and Bailey avenue, Borough of The Bronx:

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit of said proceeding:

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the intersection of the prolongation of a line 100 feet south of the southerly side of East One Hundred and Eighty-first street and parallel therewith, with the easterly bulkhead line of the Harlem river, and running thence northwardly along the said easterly line of the Harlem river to the intersection with a line midway between Broadway and Exterior street; thence northeastwardly along the said line midway between Broadway and Exterior street to the northerly side of Kingsbridge road; thence northwardly at right angles to the line of the Kingsbridge road 100 feet; thence eastwardly and parallel with the Kingsbridge road to the easterly line of the land of the New York and Putnam Railway; thence northwardly and along the said easterly line of the New York and Putnam Railway to the intersection with a line distant 100 feet north of and parallel with the southerly line of Van Cortlandt Park, the said distance being measured at right angles to the said southerly line of Van Cortlandt Park; thence easterly and parallel with the southerly line of Van Cortlandt Park to the intersection with the prolongation of a line midway between Gouverneur avenue and Norman avenue; thence southwestwardly along the said line midway between Gouverneur avenue and Norman avenue and the prolongation of the said line to the intersection with the centre line of Sedgwick avenue; thence southwestwardly to a point on the southwest side of Kingsbridge road where the same is intersected by a line 100 feet northwest of and parallel with the northwesterly line of Aqueduct avenue, the said distance being measured at right angles to the line of Aqueduct avenue; thence southwestwardly and always distant 100 feet northwestwardly from the northwesterly line of Aqueduct avenue and along the prolongation of the said line to the intersection with the southerly line of East One Hundred and Eighty-first street; thence southwestwardly at right angles to East One Hundred and Eighty-first street 100 feet; thence northwesterly and westerly and always parallel with the southerly line of East One Hundred and Eighty-first street, and 100 feet distant therefrom, to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING CHAUNCEY AND GOODRICH STREETS, QUEENS.

The following report of the Chief Engineer was presented:

REPORT No. 4569.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On April 20, 1906, the Board of Estimate and Apportionment authorized the opening of Chauncey street, between Hoyt and Winthrop avenues, in the Borough of Queens, but inasmuch as the Commissioners of Estimate and Assessment had not been appointed before the amendment of the Street Opening Law, the resolution has been returned by the Corporation Counsel for reauthorization.

The action of April 20 last was based upon a resolution of the Local Board of the Newtown District, adopted on September 20, 1905, and in the report submitted upon that resolution it was shown that the proceeding would cover five blocks of a street laid down at a width of 60 feet, and that following the rule of the Board the entire cost should be assessed upon the property benefited.

On September 20, 1905, the same Local Board also adopted a resolution initiating proceedings for the opening of Goodrich street, between Flushing and Winthrop avenues. This resolution has not been considered by the Board of Estimate and Apportionment, but inasmuch as Goodrich street is the next street northwest of Chauncey street, and as the limits of the proceeding cover the entire length of the street, which is one block longer than Chauncey street, owing to the fact that Chauncey street ends at Hoyt avenue and the block between Hoyt and Flushing avenues is undivided, and inasmuch as the amended Street Opening Law distinctly provides that the Board of Estimate and Apportionment may combine different resolutions of the Local Boards in a single proceeding, it would seem wise to take advantage of this condition and to make Chauncey and Goodrich streets the subject of one proceeding. Lawrence street, lying immediately southeast of Chauncey street, is also being opened, but the area of assessment has not yet been fixed.

In the case of nearly all streets in this part of the Borough of Queens which have a width of 60 feet, the areas of assessment have been confined to one-half the block on each side of the street opened, and as both of the streets under discussion are 60 feet wide, I see no reason why they should not be considered entirely local and the district of assessment so restricted.

It is therefore recommended that the proceedings be authorized for the opening of Chauncey street, between Hoyt and Winthrop avenues, and of Goodrich street, between Flushing and Winthrop avenues; that the title to be taken to both streets be a title in fee; that the entire expense of the proceeding, including the expenses of the Bureau of Street Openings, and awards, if any, for intended regulating, and all other expenses, be assessed upon the property deemed to be benefited, and that the area of assessment be fixed as follows:

Beginning at a point 100 feet northeast of the northeasterly line of Winthrop avenue in the prolongation of a line midway between Chauncey street and Lawrence street and running northwestwardly on a line 100 feet northeast of the northeasterly side of Winthrop avenue and parallel therewith to a point in the prolongation of a line midway between Goodrich street and Merchant street; thence southwestwardly on a line midway between the northwesterly side of Goodrich street and the southwesterly side of Merchant street and the prolongation of said line to its intersection with a line 100 feet south of the southerly side of Flushing avenue and parallel therewith; thence eastwardly along the said line 100 feet south of the southerly side of Flushing avenue and parallel therewith to its intersection with the prolongation of a line midway between the southeasterly side of Chauncey street and the northwesterly side of Lawrence street; thence northeastwardly along the said line midway between the southeasterly side of Chauncey street and the northwesterly side of Lawrence street and the prolongation thereof to its intersection with a line 100 feet northeast of the northeasterly side of Winthrop avenue, the point or place of beginning.

It is also recommended that a date be fixed for the consideration of this resolution and of the proposed area of assessment.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands

and premises required for the opening and extending of Chauncey street, from Hoyt avenue to Winthrop avenue, and Goodrich street, between Flushing and Winthrop avenues, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point 100 feet northeast of the northeasterly line of Winthrop avenue in the prolongation of a line midway between Chauncey street and Lawrence street, and running northwesterly on a line 100 feet northeast of the northeasterly side of Winthrop avenue and parallel therewith to a point in the prolongation of a line midway between Goodrich street and Merchant street; thence southwestwardly on a line midway between the northwesterly side of Goodrich street and the southeasterly side of Merchant street and the prolongation of said line to its intersection with a line 100 feet south of the southerly side of Flushing avenue and parallel therewith; thence eastwardly along the said line 100 feet south of the southerly side of Flushing avenue and parallel therewith to its intersection with the prolongation of a line midway between the southeasterly side of Chauncey street and the northwesterly side of Lawrence street; thence northeastwardly along the said line midway between the southeasterly side of Chauncey street and the northwesterly side of Lawrence street and the prolongation thereof to its intersection with a line 100 feet northeast of the northeasterly side of Winthrop avenue, the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of February, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 8th of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### FLATBUSH AVENUE EXTENSION, BROOKLYN (PRELIMINARY REPORT)

The following petition, communication from the Corporation Counsel and report of the Chief Engineer were presented:

FRED INGRAHAM, ATTORNEY AND COUNSELLOR-AT-LAW,  
No. 102 Broadway,  
New York, October 25, 1906.

Mr. JOSEPH HAAG, Secretary of the Board of Estimate and Apportionment, No. 277 Broadway, New York City:

DEAR SIR—Enclosed herewith I hand you application addressed to the Board of Estimate and Apportionment seeking its permission to the Commission now sitting in condemnation proceedings on the extension of Flatbush avenue to make an intermediate report as to certain property taken. Can I trouble you to acknowledge its receipt and bring it to the attention of the Board at such time and place as may be proper.

Yours very truly,

FRED INGRAHAM.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The petition of George Powers respectfully shows:

First—That he resides at No. 389 Washington avenue, in the Borough of Brooklyn, The City of New York.

That either individually or as trustee under several instruments of trust, up to the 20th day of June, 1905, he was the owner in fee of all the land lying between Fulton street and DeKalb avenue, in the Borough of Brooklyn, proposed to be taken for the extension of Flatbush avenue, except the property formerly known as Montauk Theatre, No. 603 Fulton street, and a small gore on DeKalb avenue, both owned by Mrs. O'Flynn.

The annexed diagram shows all the property between Fulton street and DeKalb avenue taken for the proposed extension; that owned by your petitioner as aforesaid being colored red, the Montauk Theatre property blue, and that owned by Mrs. O'Flynn being uncolored. Also the "Damage Numbers" of the several parcels taken as shown on the Damage Map in the proceedings taken by the City to acquire title thereto.

Second—That under authority granted by you in December, 1903, proceedings were instituted for the extension of Flatbush avenue from its present terminus at Fulton street, northerly across the land shown on the diagram above mentioned, and so on to "Bridge No. 3," so called. Commissioners were duly appointed to determine the damage to be awarded to owners of property to be taken for the proposed street opening, before whom your petitioner appeared in November, 1904, and from that time until the present has, from time to time, attended with counsel and witnesses, and given proof as to the value of the said property to be taken, so owned by him, and also when the City offered its proof with respect to the same matter. That all proof by the City and by your petitioner as to the value of the lands and premises taken is now before said Commissioners, and that nothing further is to be done in said proceedings with respect thereto, except for the Commission to make its award of damages for the various properties of your petitioner affected.

Third—That the proceedings of said Commission, by reason of the large number of parcels affected and persons interested, have already taken nearly two years, and are yet far from completion, and, as your petitioner is reliably informed and believes, said Commission will require at least eighteen months longer to complete its work and make a report of its proceedings.

Fourth—That on the 29th day of June, 1905, by resolution of your Honorable Body, the City became vested with the title and right to take possession of all of the property between Fulton street and DeKalb avenue required for the extension of Flatbush avenue.

That as your petitioner is informed and believes, the City has settled with the owners of the Montauk Theatre property for the lands taken from them, being Damage No. 226.

That the City has taken possession of the property formerly owned by your petitioner, represented by Damage Nos. 228 to 236, as shown on said diagram, being Nos. 580, 591, 593, 595, 597, 599 and 601 Fulton street; that on said premises so taken possession of by the City are three-story buildings used for business purposes, and that since July 1, 1905, the City has collected the rents from the same, and your petitioner and his cestui que trusts have been deprived of all income from said premises. That many of said parcels so taken possession of by the City are covered by mortgages, the interest on which your petitioner has been compelled to pay, as well as premiums on fire insurance policies held by the mortgagees as collateral to said mortgages. That the beneficiaries of the trusts held by your petitioner are people of moderate means, largely dependent upon the income they received from the rentals of these properties for their support, the loss of which is a great hardship.

Fifth—That as your petitioner is informed and believes, he and Mrs. O'Flynn are the only persons who have not received compensation for property that has been actually taken possession of by the City for the extension of Flatbush avenue.

Sixth—Your petitioner further shows that these proceedings are brought under title 4 of the Charter of The City of New York, relative to "Opening Streets and Parks," and that section 985 thereof, among other things, provides:

"That said Commission may, when authorized by a majority vote of all the members of the Board of Estimate and Apportionment, make up and file a preliminary abstract of their estimate of damages, separate and apart, embracing either the entire lands, tenements, hereditaments and premises to be acquired, or successive sections or parcels thereof, and ascertain and estimate the compensation to be made thereon, and make a separate report in reference thereto. Such separate or partial report shall be made in the same form and manner, and such proceedings shall be had in respect thereto as in respect to the report of the Commissioners relative to the entire lands taken and assessed as herein provided for, except the final or last separate report shall contain the assessment for benefits."

Your petitioner further shows that in this proceeding there will be no assessments for benefits, inasmuch as your Honorable Body has decided that the City at large is to pay for all damages.

Your petitioner urges upon the attention of your Honorable Body the serious situation in which your petitioner, as trustee, is placed, by reason of the facts and circumstances above set forth, and submits that the case here presented is one peculiarly calling for the application of the relief provided in this above quoted.

Wherefore your petitioner respectfully asks your Honorable Board to authorize said Commission to ascertain and estimate the compensation for the lands and property taken from him for the extension of Flatbush avenue, and make a separate report in reference thereto.

Dated New York City, October 23, 1906.

GEORGE POWERS, Petitioner.

FRED INGRAHAM, Attorney,

No. 102 Broadway, New York.

State of New York, County of New York, ss.:

George Powers, being duly sworn, says that he is the petitioner above named; that he has read the foregoing petition and knows its contents, and that the same is true of his own knowledge, except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true.

GEORGE POWERS.

Sworn to before me this 23d day of October, 1906.

FRED INGRAHAM, Notary Public, Nassau County.

Certificate filed in New York County.

LAW DEPARTMENT,  
New York, January 5, 1907.

Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—I am in receipt of a letter, dated November 28, 1906, signed by Joseph Haag, Secretary, inclosing a copy of a petition from Mr. George Powers, asking the Board of Estimate and Apportionment to authorize the Commissioners of Estimate and Assessment in the matter of acquiring the extension of Flatbush avenue, in the Borough of Brooklyn, to make a separate report as to that portion of the new street lying between Fulton street and DeKalb avenue, and I am requested to advise you as to whether or not there is any reason why this request should not be granted.

From an examination of the petition of Mr. George Powers I find the reasons urged for a partial report are: That title to the property affected by the extension of Flatbush avenue, between DeKalb avenue and Fulton street, vested in The City of New York on the 29th day of June, 1905, by a resolution of the Board of Estimate and Apportionment; and the City took possession of the property at that time, and has, since July 1, 1905, collected the rents from same; that this is a trust estate and that the cestui que trusts have been deprived of all income from said property since the City took possession; that many of the said parcels are covered by mortgages, the interest on which the trustees have been compelled to pay, as well as premiums on fire insurance policies held by the mortgagees as collateral to said mortgages, and that the beneficiaries of the trusts are people of moderate means, largely dependent upon the income from the rentals of these properties for their support.

From the circumstances of this case, and as the Charter of The City of New York permits a separate and partial report to be made in a proceeding of this character, when authorized by the Board of Estimate and Apportionment, I beg to advise you that there is no reason why this request should not be granted.

Very respectfully,

G. L. STERLING, Acting Corporation Counsel.

REPORT NO. 4726.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 8, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying petition of Mr. George Powers, dated October 23, 1906, requests the Board of Estimate and Apportionment to authorize the Commissioners of Estimate and Assessment acting in the acquisition of the property needed for the extension of Flatbush avenue, between Fulton and Nassau streets, to make a separate report covering that portion of the street lying between Fulton street and DeKalb avenue.

The reasons given for this request are that the property within the lines of the street on this block was vested in the City by resolution of the Board of Estimate and Apportionment on July 29, 1905; that since July 1, 1905, the City has collected rents for the same; that a large proportion of it was owned by a trust estate which has been deprived of all income from the property since the City took possession; that many of the parcels are covered by mortgages, the interest on which the trustees of the estate have been compelled to pay; and that they have also been obliged to pay premiums on fire insurance policies held by the mortgagees as collateral; and that the beneficiaries are people of moderate means, largely dependent upon the income from the rentals of these properties for their support.

Before reporting upon requests of this kind it has been the invariable practice of your Engineer to request the Corporation Counsel's office for information and advice as to whether the granting of petitions for the vesting of title or for the making of partial reports would in any way complicate the conduct of the proceeding in progress, or would embarrass the City. Such a course has been followed in this case, and the Corporation Counsel, under date of January 5, 1907, has advised the Secretary that there seems no reason why the request in this case should not be granted.

This block includes the Montauk Theatre property, which was purchased by private agreement and has been paid for, and there seems no reason why the Commissioners should not be authorized to make a separate report upon the remaining parcels. This would enable the City to save the interest on the awards which is now running and permit former owners to secure the sums already awarded them without further delay.

It is recommended that the petition be granted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 985 of the Greater New York Charter, as amended, hereby authorizes the Commissioners in the matter of acquiring the lands necessary for the extension of Flatbush avenue, in order to provide an approach to the Manhattan Bridge (Bridge No. 3), in the Borough of Brooklyn, to make up and file a preliminary abstract of their estimate of damages, embracing the lands included within the proposed street, lying between Fulton street and De Kalb avenue.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

## PAVING WEST ONE HUNDRED AND THIRTY-SEVENTH STREET, MANHATTAN.

The following communication from the office of the President of the Borough of Manhattan and report of the Chief Engineer were presented:

OFFICE OF THE PRESIDENT, BOROUGH OF MANHATTAN,  
November 12, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment.

DEAR SIR—At the meeting held November 2, 1906, the Board of Estimate and Apportionment approved a resolution of the Local Board, authorizing the paving with asphalt blocks on concrete foundation, curbing and recurb West One Hundred and Thirty-seventh street, from Broadway to Riverside drive, the estimated cost of which work was \$5,400.

Some time subsequent to the adoption of this resolution by the Local Board, and prior to its approval by the Board of Estimate and Apportionment, the owners of property in the vicinity of the proposed improvement requested and obtained a permit to do this work at their own expense, and it is now under way and nearing completion. The estimated cost (\$5,400) may therefore be deducted from the total amount of authorizations for the year 1906.

Very truly yours,  
BERNARD DOWNING, Secretary.

REPORT No. 4589.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
November 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment.

SIR—On November 2, 1906, the Board of Estimate and Apportionment approved a resolution adopted on April 10, 1906, by the Local Board of the Washington Heights District, Borough of Manhattan, providing for laying an asphalt block pavement on West One Hundred and Thirty-seventh street, between Broadway and Riverside drive. The estimated cost of the improvement was \$5,400. The Secretary to the President of the Borough now advises that the owners of property in the vicinity had, subsequent to the date of the Local Board resolution and prior to the date of its approval by the Board of Estimate and Apportionment, asked for and obtained a permit to make the improvement at their own expense. He also states that the work is now nearing completion, and that for this reason the Board of Estimate and Apportionment authorization will not be required.

I would therefore recommend the rescission of the resolution of November 2 last. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on the 2d day of November, 1906, providing for the paving of West One Hundred and Thirty-seventh street, between Broadway and Riverside drive, in the Borough of Manhattan, be and the same hereby is rescinded.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

## PAVING WEST ONE HUNDRED AND THIRTY-EIGHTH STREET, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To pave with asphalt block pavement on concrete foundation, curb and recurb One Hundred and Thirty-eighth street, between Fifth and Lenox avenues; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 13th day of November, 1906, all the members present voting in favor thereof.

Attest:

BERNARD DOWNING, Secretary.

Approved this 14th day of November, 1906.

JOHN F. AHEARN,

President of the Borough of Manhattan.

Estimated cost, \$9,812.25. Assessed value of property affected, \$227,500.

REPORT No. 4604.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 7, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment.

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on November 13, 1906, initiating proceedings for recurb and for laying an asphalt block pavement on West One Hundred and Thirty-eighth street, between Fifth and Lenox avenues.

This resolution affects a length of one block of West One Hundred and Thirty-eighth street, title to which has been legally acquired. This street has been graded, curbed and flagged and several large apartment houses have been erected upon the abutting property. All of the subsurface improvements have been provided and there seems to be no reason why the improvement should not be carried out, the approval of the resolution being recommended. The work to be done comprises the following:

3,167 square yards asphalt block pavement.

1,000 linear feet new and old curbing.

The estimated cost of construction is \$9,800, and the assessed valuation of the property to be benefited is \$227,500.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

In the Board of Estimate and Apportionment.

A copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 13th day of November, 1906, and approved by the President of the Borough of Manhattan on the 14th day of November, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To pave with asphalt block pavement, on concrete foundation, curb and recurb, One Hundred and Thirty-eighth street, between Fifth and Lenox avenues."—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$9,800, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$227,500, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

## GRADING WEST TWO HUNDRED AND TWELFTH STREET, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb and flag Two Hundred and Twelfth street, from Broadway to the Harlem river, and in connection therewith to construct necessary masonry retaining wall; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 10th day of July, 1906, all the members present voting in favor thereof.

Attest:

BERNARD DOWNING, Secretary.

Approved this 10th day of July, 1906.

WILLIAM DALTON,

Acting President of the Borough of Manhattan.

Estimated cost, \$12,514. Assessed value of property affected, \$218,300.

REPORT No. 4601.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment.

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on July 10, 1906, initiating proceedings for grading, curbing and flagging West Two Hundred and Twelfth street, between Broadway and the Harlem river.

Proceedings for acquiring title to West Two Hundred and Twelfth street, between the limits named in the resolution, the same comprising three blocks, were authorized on May 9, 1900, and the oaths of the Commissioners of Estimate and Assessment were filed on November 2, 1901. These proceedings were confirmed on August 10, 1904, with the exception of damage parcels 1 and 9, in which cases an appeal was taken. The street is not in use at the present time and the abutting property is unimproved.

There seems to be no reason to prevent the authorization of this improvement, and the approval of the resolution is recommended, the work to be done comprising the following:

9,840 cubic yards excavation.

800 cubic yards rubble masonry for retaining wall.

2,680 linear feet curbing.

11,340 square feet flagging.

The estimated cost of construction is \$12,500, and the assessed valuation of the property benefited is \$218,300.

I would recommend that title to all those portions of West Two Hundred and Twelfth street, between Kingsbridge road and the Harlem river, not included in the portion already confirmed, be vested in the City on March 1, 1907.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Public Improvements, on the 9th day of May, 1900, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending West Two Hundred and Twelfth street, from Kingsbridge road to the Harlem river, in the Borough of Manhattan, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said West Two Hundred and Twelfth street, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 2d day of November, 1901; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of March, 1907, the title to each and every piece or parcel of land lying within the lines of said West Two Hundred and Twelfth street, between Kingsbridge road and the Harlem river, not included in the portion already confirmed, in the Borough of Manhattan, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

In the Board of Estimate and Apportionment.

A copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 10th day of July, 1906, and approved by the President of the Borough of Manhattan on the 10th day of July, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb and flag Two Hundred and Twelfth street, from Broadway to the Harlem river, and in connection therewith to construct necessary masonry retaining wall,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$12,500, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$218,300, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWER IN WEST TWO HUNDRED AND TWELFTH STREET, MANHATTAN.

The following resolution of the Local Board of Washington Heights and report of the Chief Engineer were presented:

##### *In the Local Board of the Washington Heights District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct sewer in Two Hundred and Twelfth street, between Harlem river and Broadway; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 10th day of July, 1906, all the members present voting in favor thereof.

Attest:

BERNARD DOWNING, Secretary.

Approved this 10th day of July, 1906.

WILLIAM DALTON,

Acting President of the Borough of Manhattan.

Estimated cost, \$13,158. Assessed value of property affected, \$366,800.

REPORT No. 4613.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 7, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on July 10, 1906, initiating proceedings for the construction of a sewer in West Two Hundred and Twelfth street, between the Harlem river and Broadway.

This resolution affects a length of three blocks of West Two Hundred and Twelfth street, proceedings for acquiring title to which have been partially confirmed. In reporting upon a grading improvement affecting this street, between the same limits, recommendation has been made that title to it be vested in the City. This street is not in use at the present time, and the abutting property is unimproved, but the vicinity is rapidly developing.

The outlet sewers have been authorized, and after vesting title to those portions of the street not already acquired, there seems to be no reason why this resolution should not be approved, such action being recommended.

The work to be done comprises the following:

520 linear feet 3-foot 6-inch by 2-foot 4-inch brick sewer.

975 linear feet 15-inch pipe sewer.

15 manholes.

1 receiving basin.

The estimated cost of construction is \$13,200, and the assessed valuation of the property to be benefited is \$366,800.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 10th day of July, 1906, and approved by the President of the Borough of Manhattan on the 10th day of July, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct sewer in Two Hundred and Twelfth street, between the Harlem river and Broadway,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$13,200, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$366,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and

expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWER BASIN, WEST ONE HUNDRED AND THIRTY-NINTH STREET AND LENOX AVENUE, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

##### *In the Local Board of the Washington Heights District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct receiving basin on the northwest corner of One Hundred and Thirty-ninth street and Lenox avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 13th day of November, 1906, all the members present voting in favor thereof.

BERNARD DOWNING, Secretary.

Approved this 14th day of November, 1906.

JOHN F. AHEARN,

President of the Borough of Manhattan.

Estimated cost, \$304. Assessed value of property affected, \$308,000.

REPORT No. 4605.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 7, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on November 13, 1906, initiating proceedings for the construction of a receiving basin at the northwest corner of West One Hundred and Thirty-ninth street and Lenox avenue.

This basin is needed for the removal of drainage from the north and west along the lines of the streets named in the resolution, both of which have been paved with asphalt. The outlet sewer has been built and the approval of the resolution is recommended.

The estimated cost of construction is \$300, and the assessed valuation of the property to be benefited is \$308,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 13th day of November, 1906, and approved by the President of the Borough of Manhattan on the 14th day of November, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct receiving basins on the northwest corner of One Hundred and Thirty-ninth street and Lenox avenue,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$300, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$308,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWER BASINS AT EAST SEVENTY-SECOND STREET AND EXTERIOR STREET.

The following resolution of the Local Board of Yorkville, Borough of Manhattan, and report of the Chief Engineer were presented:

##### *In the Local Board of the Yorkville District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Yorkville District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct receiving basins on the north and south sides of East Seventy-second street at retaining wall of exterior street; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Yorkville District on the 9th day of October, 1906, all the members present voting in favor thereof.

Attest:

BERNARD DOWNING, Secretary.

Approved this 10th day of October, 1906.

JOHN F. AHEARN,  
President of the Borough of Manhattan.

Estimated cost, \$846. Assessed value of property affected, \$244,000.

REPORT No. 4600.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 3, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Yorkville District, Borough of Manhattan, adopted on October 9, 1906, initiating proceedings for the construction of receiving basins on the north and south sides of East Seventy-second street, at the retaining wall of Exterior street.

These basins are needed for the removal of drainage through the easterly half of the block of Seventy-second street, between Exterior street and Avenue A. They are shown on an amendment of the drainage plan which was adopted on October 19, last. Approval of the resolution is recommended, the estimated cost of construction being \$800. The assessed valuation of the property to be benefited is \$244,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Yorkville District, duly adopted by said Board on the 9th day of October, 1906, and approved by the President of the Borough of Manhattan on the 10th day of October, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct receiving basins on the North and South sides of East Seventy-second street, at retaining wall of exterior street,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$800, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$244,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

GRADING HART STREET, BROOKLYN.

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bushwick District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb and lay cement sidewalks on Hart street, between Wyckoff avenue and St. Nicholas avenue, in the Borough of Brooklyn; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 27th day of February, 1905.

Commissioner Brackenridge and Alderman Grimm voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 8th day of March, 1905.

MARTIN W. LITTLETON,  
President of the Borough of Brooklyn.

REPORT No. 4481.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on February 27, 1905, initiating proceedings for grading, curbing and flagging Hart street, between Wyckoff avenue and St. Nicholas avenue.

This resolution, although adopted twenty months ago, has just been received. The improvement affects a length of one block of Hart street, title to which has been acquired under proceedings confirmed last year. The street is in use at the present time and the roadway has been approximately graded. A small amount of flagging has been laid on each side of the street. The abutting property is almost fully built up with frame houses.

The improvement appears to be a proper one, and the approval of the resolution is recommended, the work to be done comprising the following:

800 cubic yards grading.

900 linear feet curbing.

4,100 square feet new and old flagging.

The estimated cost of construction is \$1,900, and the assessed valuation of the property to be benefited is \$39,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 27th day of February, 1905, and approved by the President of the Borough of Brooklyn on the 8th day of March, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb and lay cement sidewalks on Hart street, between Wyckoff avenue and St. Nicholas avenue, in the Borough of Brooklyn,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$1,900, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$39,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

GRADING SEVENTH AVENUE, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 8th day of December, 1905, hereby initiates proceedings to regulate, grade, set curb on concrete and lay cement sidewalks on Seventh avenue, between Forty-third and Forty-ninth streets; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 8th day of December, 1905.

Commissioner Brackenridge and Alderman Malone voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

MARTIN W. LITTLETON,  
President of the Borough of Brooklyn.

REPORT No. 4245.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on December 8, 1905, initiating proceedings for grading, curbing and flagging Seventh avenue, between Forty-third and Forty-ninth streets.

Title to Seventh avenue has been acquired under a deed of cession. Between Forty-third and Forty-sixth streets the roadway has been approximately graded, and a few houses have been erected upon the abutting property. Through the remainder of the length of the street affected by the resolution, a narrow roadway is in use, but the abutting property is unimproved.

I see no reason why this resolution should not be approved, and such action is recommended, the work to be done comprising the following:

1,200 cubic yards, grading.

3,120 linear feet curbing.

14,000 square feet cement walk.

The estimated cost of construction is \$6,800, and the assessed valuation of the property to be benefited is \$168,900.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 8th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 8th day of December, 1905, hereby initiates proceeding to regulate, grade, set curb on concrete and lay cement sidewalks on Seventh avenue, between Forty-third and Forty-ninth streets,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$6,800; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$168,900, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and

expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING FORTY-FOURTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### *In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

President of the Borough of Brooklyn.

REPORT No. 4248.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on December 8, 1905, initiating proceedings for grading and curbing Forty-fourth street, between First and Second avenues.

Title to Forty-fourth street between the limits named in the resolution has been legally acquired. A roughly graded roadway is in use at the present time, and the abutting property on the southerly side is occupied by a large storage warehouse extending through the entire length of the block. The abutting property on the northerly side of the street is unimproved.

The resolution appears to be a proper one, and its approval is recommended.

The work to be done comprises the following:

1,500 cubic yards grading.

1,458 linear feet curbing.

The estimated cost of construction is \$2,300, and the assessed valuation of the land to be benefited is \$45,380.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 8th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 8th day of December, 1905, hereby initiates proceedings to regulate, grade and set curb on concrete on Forty-fourth street, between First and Second avenues."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$2,300; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$45,380, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING EAST TWENTY-NINTH STREET, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### *In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 30th day of October, 1905, hereby initiates proceedings to regulate, grade, set or reset curb and lay cement sidewalks on East Twenty-ninth street, between Clarendon road and Avenue D; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 30th day of October, 1905.

Commissioner Brackenridge and Aldermen Wentz and Hann voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 1st day of December, 1905.

Acting President of the Borough of Brooklyn.

REPORT No. 4253.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on October 30, 1905, initiating proceedings for grading, curbing and flagging East Twenty-ninth street, between Clarendon road and Avenue D.

This resolution affects a length of one block of East Twenty-ninth street, title to which has not been acquired under formal proceedings. There is presented a certificate signed by the Engineer of the Topographical Bureau of the Borough setting forth conditions which are intended to show that the street has been dedicated to public use. There is also presented a communication from the Corporation Counsel advising that, after an examination of the ground, he is of the opinion that the street may be improved without condemnation proceedings. The street is in use for apparently its full width and has been approximately graded. All the subsurface improvements have been provided and several frame buildings have been erected upon the abutting property.

I see no reason why this resolution should not be approved and would recommend such action, the work to be done comprising the following:

2,500 cubic yards grading.

1,560 linear feet curbing.

2,500 square feet new and old flagging.

The estimated cost of construction is \$4,200, and the assessed valuation of the land to be benefited is \$27,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 30th day of October, 1905, and approved by the President of the Borough of Brooklyn on the 1st day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 30th day of October, 1905, hereby initiates proceedings to regulate, grade, set or reset curb and lay cement sidewalks on East Twenty-ninth street, between Clarendon road and Avenue D;"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$4,200, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$27,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING FORTY-FOURTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### *In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 2d day of November, 1905, hereby initiates proceedings to regulate, grade, set or reset curb, and lay cement sidewalks on Forty-fourth street, between Sixth and Fort Hamilton avenues, in the Borough of Brooklyn; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 2d day of November, 1905.

Commissioner Brackenridge and Aldermen Malone and Lundy voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 1st day of December, 1905.

MARTIN W. LITTLETON,  
President of the Borough of Brooklyn.

REPORT No. 4238.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on November 2, 1905, initiating proceedings for grading, curbing and flagging Forty-fourth street, between Sixth and Fort Hamilton avenues.

This resolution affects a length of five blocks of Forty-fourth street. Title to that portion of the street between Sixth and New Utrecht avenues has been legally acquired and proceedings are now in progress for opening the section east of New Utrecht

avenue. In reporting upon a resolution providing for the construction of a sewer in the street extending from Fort Hamilton avenue to Fourteenth avenue, recommendation has been made that title to the portion immediately east of New Utrecht avenue be vested in the City. Between Sixth and Seventh avenues Forty-fifth street adjoins Sunset Park on its southerly side. The street has here been approximately graded, and a large number of houses are being erected upon the abutting property on the south side of the street. Through the remainder of its length a roughly graded roadway is in use, but the abutting property is generally unimproved.

There seems to be no reason why this resolution should not be approved, and such action is recommended, the work to be done comprising the following:

4,000 cubic yards grading.  
6,060 linear feet curbing.  
32,000 square feet cement walk.

The estimated cost of construction is \$15,800, and the assessed valuation of the property to be benefited is \$84,800.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 2d day of November, 1905, and approved by the President of the Borough of Brooklyn on the 1st day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 2d day of November, 1905, hereby initiates proceedings to regulate, grade, set or reset curb and lay cement sidewalks on Forty-fourth street, between Sixth and Fort Hamilton avenues, in the Borough of Brooklyn,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$15,800, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$84,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*GRADING EAST SIXTEENTH STREET, BROOKLYN.*

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of Chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 31st day of May, 1906, hereby initiates proceedings to regulate, grade, set curb on concrete, and lay cement sidewalks where not already done on East Sixteenth street, between Beverley and Dorchester roads; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 31st day of May, 1906. Commissioner Dunne and Aldermen Wentz and Ellery voting in favor thereof.

Attest:

CHARLES FREDERICK ADAMS, Secretary.

Approved this 11th day of June, 1906.

BIRD S. COLER.

President of the Borough of Brooklyn.

REPORT NO. 4705.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 4, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Flatbush District, Borough of Brooklyn, on May 31, 1906, provides for grading, curbing and laying cement sidewalks on East Sixteenth street, between Beverley road and Dorchester road.

This improvement was petitioned for by a number of property owners, and the petition included the paving, which is made the subject of a separate resolution. It was found that the sewer was lacking in a portion of one block, and a sewer resolution has also been adopted, which is made the subject of a separate report.

Favorable action upon the resolution for grading and curbing is recommended, the estimated amount of work involved being as follows:

2,000 cubic yards grading.  
3,240 linear feet curbing.  
12,000 square feet cement sidewalk.  
100 square feet flagging to be relaid.

The estimated cost of construction is \$7,000, and the assessed valuation of the property to be benefited is \$127,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 31st day of May, 1906, and approved by the President of the Borough of Brooklyn on the 11th day of June, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 31st day of May, 1906, hereby initiates proceedings to regulate, grade, set curb on concrete, and lay cement sidewalks where not already done on East Sixteenth street, between Beverley and Dorchester roads,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed, that the cost of the pro-

posed work or improvement will be the sum of \$7,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$127,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*GRADING WEST TWENTY-THIRD STREET, BROOKLYN.*

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 27th day of September, 1905, hereby amends resolution of September 28, 1904, initiating proceedings to grade and curb West Twenty-third street, between Neptune avenue and the Atlantic Ocean, by including therein provision for timber bulkhead, the amended resolution to read as follows:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 27th day of September, 1905, hereby initiates proceedings to regulate, grade, curb and construct timber bulkhead wherever necessary on West Twenty-third street, between Neptune avenue and the Atlantic Ocean; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 27th day of September, 1905.

President Littleton and Aldermen Malone and Lundy voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 16th day of October, 1905.

J. C. BRACKENRIDGE.

Acting President of the Borough of Brooklyn.

REPORT NO. 4258.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on September 27, 1905, initiating proceedings for grading and curbing West Twenty-third street, between Neptune avenue and the Atlantic Ocean, and for constructing a timber bulkhead.

This resolution affects a length of a little over two blocks of West Twenty-third street. Between Neptune and Mermaid avenues, the easterly half of the street is in use as a rough wagon road, while the westerly half through a large portion of the block is under water, a bulkhead having been built along the centre of the street. A few frame houses have been erected through the section adjoining Mermaid avenue. Between Mermaid and Surf avenues a rough roadway is in use and a few buildings have been erected upon the easterly side of the street. Between Surf avenue and the beach a wide, unshaped road is in use and several houses have been erected upon each side of the street, these including the building of the New York Children's Aid Society. At the beach a two-story frame building used as a hotel has been erected wholly within the lines of the street.

The records of the Topographical Bureau show that proceedings for acquiring title to the street were confirmed in 1890. The attention of the Borough authorities has been called to the encroachment of the building already referred to, and inquiry has been made as to the ownership of the same. In response to this inquiry I am advised that since the date of opening the street the water line has receded about 100 feet, and that it is upon this location that the hotel has been built. There has been some dispute as to whether the City or the adjoining owner should collect the rental from this structure, but the last payment was made to the adjoining owner.

The attention of the Corporation Counsel has been called to this case, and in an opinion presented to the President of the Borough on September 13 last it is held that the "accretions made at the foot of the original street and across its entire width, belong to the City, and the street terminates at the ocean now, as it did at the time it was originally opened."

The Corporation Counsel also shows that the dispute which arose between the tenant of the building and the adjacent owner did not in any way affect the City's title.

Under these conditions the approval of the resolution is recommended, the work to be done comprising the following:

10,000 cubic yards grading.  
4,240 linear feet curbing.  
1,000 linear feet timber bulkhead.

The estimated cost of construction is \$14,000, and the assessed valuation of the land to be benefited is \$67,800.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 27th day of September, 1905, and approved by the President of the Borough of Brooklyn on the 16th day of October, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 27th day of September, 1905, hereby amends resolution of September 28, 1904, initiating proceedings to grade and curb West Twenty-third street, between Neptune avenue and the Atlantic Ocean, by including therein provision for timber bulkhead, the amended resolution to read as follows:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 27th day of September, 1905, hereby initiates proceedings to regulate, grade, curb and construct timber bulkhead wherever necessary on West Twenty-third street, between Neptune avenue and the Atlantic Ocean,"

expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING FORTY-FOURTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### *In the Local Board of the Bay Ridge District.*

REPORT No. 4248.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on December 8, 1905, initiating proceedings for grading and curbing Forty-fourth street, between First and Second avenues.

Title to Forty-fourth street between the limits named in the resolution has been legally acquired. A roughly graded roadway is in use at the present time, and the abutting property on the southerly side is occupied by a large storage warehouse extending through the entire length of the block. The abutting property on the northerly side of the street is unimproved.

The resolution appears to be a proper one, and its approval is recommended.

The work to be done comprises the following:

1,300 cubic yards grading.

1,458 linear feet curbing.

The estimated cost of construction is \$2,300, and the assessed valuation of the land to be benefited is \$45,380.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 8th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 8th day of December, 1905, hereby initiates proceedings to regulate, grade and set curb on concrete on Forty-fourth street, between First and Second avenues."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$2,300; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$45,380, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING EAST TWENTY-NINTH STREET, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### *In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

President of the Borough of Brooklyn.

REPORT No. 4238.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on November 2, 1905, initiating proceedings for grading, curbing and flagging Forty-fourth street, between Sixth and Fort Hamilton avenues.

This resolution affects a length of five blocks of Forty-fourth street. Title to that portion of the street between Sixth and New Utrecht avenues has been legally acquired and proceedings are now in progress for opening the section east of New Utrecht

avenue. In reporting upon a resolution providing for the construction of a sewer in the street extending from Fort Hamilton avenue to Fourteenth avenue, recommendation has been made that title to the portion immediately east of New Utrecht avenue be vested in the City. Between Sixth and Seventh avenues Forty-fifth street adjoins Sunset Park on its southerly side. The street has here been approximately graded, and a large number of houses are being erected upon the abutting property on the south side of the street. Through the remainder of its length a roughly graded roadway is in use, but the abutting property is generally unimproved.

There seems to be no reason why this resolution should not be approved, and such action is recommended, the work to be done comprising the following:

4,000 cubic yards grading.  
6,960 linear feet curbing.  
32,000 square feet cement walk.

The estimated cost of construction is \$15,800, and the assessed valuation of the property to be benefited is \$84,800.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 2d day of November, 1905, and approved by the President of the Borough of Brooklyn on the 1st day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 2d day of November, 1905, hereby initiates proceedings to regulate, grade, set or reset curb and lay cement sidewalks on Forty-fourth street, between Sixth and Fort Hamilton avenues, in the Borough of Brooklyn."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$15,800, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$84,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*GRADING EAST SIXTEENTH STREET, BROOKLYN.*

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of Chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 31st day of May, 1906, hereby initiates proceedings to regulate, grade, set curb on concrete, and lay cement sidewalks where not already done on East Sixteenth street, between Beverley and Dorchester roads; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 31st day of May, 1906, Commissioner Dunne and Aldermen Wentz and Ellery voting in favor thereof.

Attest:  
CHARLES FREDERICK AMMS, Secretary.

Approved this 11th day of June, 1906.

BIRD S. COLER.

President of the Borough of Brooklyn.

REPORT No. 4705.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 4, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Flatbush District, Borough of Brooklyn, on May 31, 1906, provides for grading, curbing and laying cement sidewalks on East Sixteenth street, between Beverley road and Dorchester road.

This improvement was petitioned for by a number of property owners, and the petition included the paving, which is made the subject of a separate resolution. It was found that the sewer was lacking in a portion of one block, and a sewer resolution has also been adopted, which is made the subject of a separate report.

Favorable action upon the resolution for grading and curbing is recommended, the estimated amount of work involved being as follows:

2,000 cubic yards grading.  
3,240 linear feet curbing.  
12,000 square feet cement sidewalk.  
100 square feet flagging to be relaid.

The estimated cost of construction is \$7,000, and the assessed valuation of the property to be benefited is \$127,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 31st day of May, 1906, and approved by the President of the Borough of Brooklyn on the 11th day of June, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 31st day of May, 1906, hereby initiates proceedings to regulate, grade, set curb on concrete, and lay cement sidewalks where not already done on East Sixteenth street, between Beverley and Dorchester roads."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed, that the cost of the pro-

posed work or improvement will be the sum of \$7,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$127,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*GRADING WEST TWENTY-THIRD STREET, BROOKLYN.*

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 27th day of September, 1905, hereby amends resolution of September 28, 1904, initiating proceedings to grade and curb West Twenty-third street, between Neptune avenue and the Atlantic Ocean, by including therein provision for timber bulkhead, the amended resolution to read as follows:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 27th day of September, 1905, hereby initiates proceedings to regulate, grade, curb and construct timber bulkhead wherever necessary on West Twenty-third street, between Neptune avenue and the Atlantic Ocean; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 27th day of September, 1905.

President Littleton and Aldermen Malone and Lundy voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 16th day of October, 1905.

J. C. BRACKENRIDGE,

Acting President of the Borough of Brooklyn.

REPORT No. 4258.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on September 27, 1905, initiating proceedings for grading and curbing West Twenty-third street, between Neptune avenue and the Atlantic Ocean, and for constructing a timber bulkhead.

This resolution affects a length of a little over two blocks of West Twenty-third street. Between Neptune and Mermaid avenues, the easterly half of the street is in use as a rough wagon road, while the westerly half through a large portion of the block is under water, a bulkhead having been built along the centre of the street. A few frame houses have been erected through the section adjoining Mermaid avenue. Between Mermaid and Surf avenues a rough roadway is in use and a few buildings have been erected upon the easterly side of the street. Between Surf avenue and the beach a wide, unshaped road is in use and several houses have been erected upon each side of the street, these including the building of the New York Children's Aid Society. At the beach a two-story frame building used as a hotel has been erected wholly within the lines of the street.

The records of the Topographical Bureau show that proceedings for acquiring title to the street were confirmed in 1890. The attention of the Borough authorities has been called to the encroachment of the building already referred to, and inquiry has been made as to the ownership of the same. In response to this inquiry I am advised that since the date of opening the street the water line has receded about 100 feet, and that it is upon this location that the hotel has been built. There has been some dispute as to whether the City or the adjoining owner should collect the rental from this structure, but the last payment was made to the adjoining owner.

The attention of the Corporation Counsel has been called to this case, and in an opinion presented to the President of the Borough on September 13 last it is held that the "accretions made at the foot of the original street and across its entire width, belong to the City, and the street terminates at the ocean now, as it did at the time it was originally opened."

The Corporation Counsel also shows that the dispute which arose between the tenant of the building and the adjacent owner did not in any way affect the City's title.

Under these conditions the approval of the resolution is recommended, the work to be done comprising the following:

10,000 cubic yards grading.  
4,240 linear feet curbing.  
1,000 linear feet timber bulkhead.

The estimated cost of construction is \$14,000, and the assessed valuation of the land to be benefited is \$67,800.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 27th day of September, 1905, and approved by the President of the Borough of Brooklyn on the 16th day of October, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 27th day of September, 1905, hereby amends resolution of September 28, 1904, initiating proceedings to grade and curb West Twenty-third street, between Neptune avenue and the Atlantic Ocean, by including therein provision for timber bulkhead, the amended resolution to read as follows:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 27th day of September, 1905, hereby initiates proceedings to regulate, grade, curb and construct timber bulkhead wherever necessary on West Twenty-third street, between Neptune avenue and the Atlantic Ocean."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$14,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$67,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### PAVING EAST TWELFTH STREET, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### *In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 6th day of December, 1905, hereby initiates proceedings to set or reset, cement curb, pave with asphalt on concrete foundation, and lay cement sidewalks on East Twelfth street, between Cortelyou and Dorchester roads; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 6th day of December, 1905.

Commissioner Brackenridge and Alderman Hann voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

J. C. BRACKENRIDGE,

Acting President of the Borough of Brooklyn.

REPORT NO. 4580.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
November 22, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 6, 1905, initiating proceedings for curbing and flagging East Twelfth street, between Cortelyou and Dorchester roads, and for paving the roadway with asphalt.

This resolution affects a length of one block of East Twelfth street, title to which has never been formally acquired. The resolution, however, is accompanied by a communication from the Corporation Counsel, addressed to the President of the Borough, advising that the street has been dedicated to public use. An examination of the ground shows that the street has been graded, that most of the curbing and flagging have been laid, that all of the subsurface improvements have been provided and that a large number of houses have been erected upon the abutting property.

I think that there can be no question as to the sufficiency of the dedication of this street, and the improvement being in my judgment a proper one, the approval of the resolution is recommended, the work to be done comprising the following:

150 linear feet curbing.  
750 square feet cement walk.  
2,300 square yards asphalt pavement.

The estimated cost of construction is \$5,700, and the assessed valuation of the property to be benefited is \$30,700.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 6th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 6th day of December, 1905, hereby initiates proceedings to set or reset cement curb, pave with asphalt on concrete foundation and lay cement sidewalks on East Twelfth street, between Cortelyou and Dorchester roads."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$5,700, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$30,700, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### PAVING DEGRAW STREET, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented, and the matter was laid over:

##### *In the Local Board of the Prospect Heights District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Prospect Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To grade and pave Degraw street with asphalt pavement, between Classon avenue and Washington avenue, in the Borough of Brooklyn, and to set or reset bluestone curb of said street where not already done; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Prospect Heights District on the 20th day of October, 1902.

Commissioner Redfield and Aldermen Walkley and Seebeck voting in favor thereof.

Attest:

JUSTIN MCCARTHY, Secretary.

Approved this 27th day of October, 1902.

J. EDWARD SWANSTROM,  
President of the Borough of Brooklyn.

REPORT NO. 4234.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
September 12, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on May 4, 1906, there was presented a resolution, adopted by the Local Board of the Prospect Heights District, Borough of Brooklyn, providing for grading, curbing and paving Degraw street, between Classon and Washington avenues, with asphalt. The statement was made at the meeting that this block had been improved some years ago under an assessment proceeding, and no action was taken, but the matter was referred to the Comptroller for investigation and report. At the meeting held on June 15 last, such report was submitted, in which it was shown that in 1877 an assessment was levied for the grading, curbing and guttering of Degraw street, between Classon and Washington avenues, the total expense of the improvement being about \$1,300, and the matter was referred to the President of the borough for further report. Under date of June 29 the President of the borough has addressed a communication to the Board, stating that the original assessment, which covered the cost of regulating, grading, curbing and guttering, amounted to \$1,630.26. That improvement did not cover the roadway, and the borough President proposes that, if the City is willing to pay a portion of the cost of the improvement now contemplated, that proportion be fixed at one-fourth, the total estimated cost being \$5,000.

The improvement which was made and assessed in 1877 was of the crudest and cheapest kind, with rough curbing and a few feet of cobblestone guttering. The length of the block in question is 420 feet, so that, if the entire cost of the paving and the curbing now proposed were assessed upon the property owners, the entire expense, including the improvement of 1877, would be \$6,630, or about \$16 per linear foot measured along the centre of the street, equivalent to an assessment of \$8 per foot front, or \$160 for each twenty-foot lot. This, it is true, is somewhat more than the average cost of original improvements in the Borough of Brooklyn, where the grading is light, but I know of no legal objection to assessing the entire cost of the proposed curbing and paving, as such work is frequently done in other boroughs at the expense of the property owners. There is also a prohibition in the Charter against assessing for repaving without a petition signed by a majority of the property owners indicating their willingness to be assessed for such purpose, but the few feet of cobblestone gutter laid in 1877 cannot be dignified by the name of pavement.

The suggestion of the borough President, that the City assume one-fourth of the expense, is practically equivalent to crediting the property owners with their original assessment. The property is largely unimproved, and the present assessed valuation for the entire block is \$50,500, of which \$2,000 is for buildings, but this is doubtless much less than the actual value of the property.

I am reluctant to recommend that the City pay any portion of the expense of this proposed improvement, as such action might establish a precedent for similar treatment in the case of other streets where a crude, inexpensive and improper improvement may have previously been made.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

#### PAVING EAST SIXTEENTH STREET, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### *In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 31st day of May, 1906, hereby initiates proceedings to pave with asphalt on concrete foundation East Sixteenth street, between Beverley and Dorchester roads; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 31st day of May, 1906.

Commissioner Dunne and Aldermen Wentz and Ellery voting in favor thereof.

Attest:

CHARLES FREDERICK ABAMS, Secretary.

Approved this 11th day of June, 1906.

BIRD S. COLER,  
President of the Borough of Brooklyn.

REPORT No. 4706.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 4, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on May 31, 1906, providing for paving with asphalt on a concrete foundation East Sixteenth street, between Beverley road and Dorchester road.

Upon this date a report has been made upon a resolution providing for grading, curbing and laying cement sidewalks on these two blocks, and also for building a sewer in a portion of one of the blocks. Inasmuch as the amount of grading to be done is insignificant, there is no reason why the pavement should not be authorized at this time. The complete dedication of the street to public use has been shown in connection with other improvements.

Favorable action is recommended, the improvement involving the laying of 5,400 square yards of asphalt pavement on a concrete foundation.

The estimated cost of construction is \$12,800, and the assessed valuation of the property to be benefited is \$127,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 31st day of May, 1906, and approved by the President of the Borough of Brooklyn, on the 11th day of June, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 31st day of May, 1906, hereby initiates proceeding to pave with asphalt on concrete foundation East Sixteenth street, between Beverley and Dorchester roads,"—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$12,800; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$127,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PAVING DECATUR STREET, BROOKLYN.

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bushwick District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 7th day of December, 1905, hereby initiates proceedings to pave with asphalt on concrete foundation Decatur street, between Hamburg and Knickerbocker avenues; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 7th day of December, 1905.

Commissioner Brackenridge and Aldermen Bennett and Grimm voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

J. W. BRACKENRIDGE,  
Acting President of the Borough of Brooklyn.

REPORT No. 4242.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on December 7, 1905, initiating proceedings for laying an asphalt pavement on Decatur street, between Hamburg and Knickerbocker avenues.

This resolution affects a length of one block of Decatur street, title to which has been legally acquired. The construction of a sewer in this street was authorized last year, and on June 1 last a grading improvement was provided for. The Department of Water Supply has made provision for laying a water main, but the gas main is lacking. The street has been in use for a great many years, and recently several buildings have been erected upon the abutting property.

I see no reason why this improvement should not be carried out, and would recommend the approval of this resolution, with the understanding that the gas main will be provided before the work is undertaken.

The work to be done comprises the laying of 2,080 square yards of asphalt pavement, at an estimated cost of \$4,900. The assessed valuation of the property to be benefited is \$41,850.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 7th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 7th day of December, 1905, hereby initiates proceedings to pave with asphalt on concrete foundation Decatur street, between Hamburg and Knickerbocker avenues,"—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$4,900, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$41,850, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PAVING GREENWOOD AVENUE, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To pave Greenwood avenue with asphalt on concrete, between Coney Island avenue and Gravesend avenue, in the Borough of Brooklyn; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 16th day of March, 1904.

Commissioner Brackenridge and Aldermen Wentz and Hann voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 21st day of March, 1904.

MARTIN W. LITTLETON,  
President of the Borough of Brooklyn.

REPORT No. 4623.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 7, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on March 16, 1904, initiating proceedings for laying an asphalt pavement on Greenwood avenue, between Coney Island avenue and Gravesend avenue.

This resolution affects the entire length of Greenwood avenue, or eight short blocks. Title to the street has never been acquired under formal proceedings, but on April 22, 1904, a grading improvement between the same limits was authorized, as was also the construction of a sewer between Coney Island avenue and East Second street, and at this time evidences were presented to show that the street had been dedicated to public use. The grading has been completed, and I have recently been advised that the sewer has been accepted as satisfactory, although there was for some time a dispute in the matter. The water main has been completed, but a portion of the gas main is lacking. On this date a favorable report has been prepared relative to a receiving basin at the northeast corner of Gravesend avenue, which should be built before the pavement is laid. I see no reason, however, why the paving improvement should not be authorized at this time, and would recommend such action, with the understanding that before the work is begun the gas main will be completed.

The work to be done comprises the laying of 12,200 square yards of asphalt pavement. The estimated cost of construction is \$28,800, and the assessed valuation of the property to be benefited is \$145,200.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 16th day of March, 1904, and approved by the President of the Borough of Brooklyn on the 21st day of March, 1904, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To pave Greenwood avenue with asphalt on concrete, between Coney Island avenue and Gravesend avenue, in the Borough of Brooklyn,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$28,800, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$145,200, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

## PAVING FORTY-FIRST STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge and Flatbush Districts.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge and Flatbush Districts, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby amend proceedings pending for paving Forty-first street, between Fourteenth and New Utrecht avenues, by excluding from the provisions thereof the block between Thirteenth and Fourteenth avenues, the amended resolution to read as follows:

Resolved, That the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, this 28th day of June, 1906, hereby initiates proceedings to pave with asphalt, on concrete foundation, Forty-first street, between Thirteenth and New Utrecht avenues; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge and Flatbush Districts on the 28th day of June, 1906.

Commissioner Dunne and Aldermen Linde, Potter, Ellery and Hann voting in favor thereof.

Attest:

CHARLES FREDERICK ADAMS, Secretary.

Approved this 30th day of July, 1906.

BIRD S. COLER,

President of the Borough of Brooklyn.

REPORT NO. 4616.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 7, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, adopted at a joint meeting held on June 28, 1906, initiating proceedings for laying an asphalt pavement on Forty-first street, between Thirteenth and New Utrecht avenues.

On November 2, last, a resolution was adopted by the Board of Estimate and Apportionment providing for grading, curbing and flagging this street between the limits above described, the same comprising three blocks. In reporting upon the improvement it was shown that title to the street had been legally acquired, and that it had been graded and partly curbed and flagged. The abutting property is largely improved. All of the subsurface improvements having been provided, and the work required for grading the street being insignificant, there seems to be no reason why the paving should not be authorized at this time, such action being recommended.

The work to be done comprises the laying of 11,000 square yards of asphalt pavement at an estimated cost of \$26,000. The assessed valuation of the property to be benefited is \$105,400.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Boards of the Bay Ridge and Flatbush Districts, duly adopted by said Board on the 28th day of June, 1906, and approved by the President of the Borough of Brooklyn on the 30th day of July, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby amend proceedings pending for paving Forty-first street, between Fourteenth and New Utrecht avenues, by excluding from the provisions thereof the block between Thirteenth and Fourteenth avenues, the amended resolution to read as follows:

"Resolved, That the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, this 28th day of June, 1906, hereby initiates proceedings to pave with asphalt, on concrete foundation, Forty-first street, between Thirteenth and New Utrecht avenues."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$26,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$105,400, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

## PAVING HART STREET, BROOKLYN.

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bushwick District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 9th day of May, 1906, hereby initiates proceedings to pave with asphalt, on concrete base, Hart street, from Wyckoff avenue to St. Nicholas avenue; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 9th day of May, 1906.

Commissioner Dunne and Aldermen Bartscherer, Rowcroft and Falk voting in favor thereof.

Attest:

CHARLES FREDERICK ADAMS, Secretary.

Approved this 22d day of May, 1906.

BIRD S. COLER,

President of the Borough of Brooklyn.

REPORT NO. 4482.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on May 9, 1906, initiating proceedings for laying an asphalt pavement on Hart street, between Wyckoff and St. Nicholas avenues.

This resolution affects a length of one block of Hart street, title to which has been acquired. On this date a favorable report has been prepared upon a resolution providing for grading, curbing and flagging the street.

The amount of grading required is insignificant, and all the subsurface improvements having been provided, I see no reason why the pavement should not be authorized at this time, such action being recommended.

The work to be done comprises the laying of 1,540 square yards of asphalt pavement at an estimated cost of \$3,600.

The assessed valuation of the property to be benefited is \$39,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 9th day of May, 1906, and approved by the President of the Borough of Brooklyn on the 22d day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 9th day of May, 1906, hereby initiates proceedings to pave with asphalt on concrete base Hart street, from Wyckoff avenue to St. Nicholas avenue."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$3,600, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$39,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

## PAVING WEST FIFTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 8th day of December, 1905, hereby initiates proceedings to pave with asphalt on concrete foundation West Fifth street, from Neptune avenue to Sheepshead Bay road; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 8th day of December, 1905.

Commissioner Brackenridge and Alderman Malone voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

J. C. BRACKENRIDGE,

Acting President of the Borough of Brooklyn.

REPORT NO. 4244.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on December 8, 1905, initiating proceedings for laying an asphalt pavement on West Fifth street, between Neptune avenue and Sheepshead Bay road.

The grading, curbing and flagging of this block of West Fifth street was authorized on February 23, at which time it was shown that title to the street had been acquired and that the abutting property has largely improved, these improvements including a car barn occupying the entire westerly side of the block. The water and gas mains have been laid and the sewer has been built. Receiving basins are needed at the Sheepshead Bay road intersection, and the same have already been made the subject of a favorable report.

There seems to be no reason why this resolution should not be approved, and such action is recommended, the work to be done comprising the laying of 1,500 square

yards of asphalt pavement, at an estimated cost of \$3,500. The assessed valuation of the land to be benefited is \$22,300.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 8th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 8th day of December, 1905, hereby initiates proceedings to pave with asphalt on concrete foundation West Fifth street, from Neptune avenue to Sheepshead bay road,"—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$3,500, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$22,300, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*PAVING HOPKINSON AVENUE, BROOKLYN.*

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 6th day of December, 1905, hereby initiates proceedings to pave with asphalt on concrete foundation Hopkinson avenue, between Eastern parkway and Atlantic avenue; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 6th day of December, 1905.

Commissioner Brackenridge and Alderman Hann voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

J. C. BRACKENRIDGE,  
Acting President of the Borough of Brooklyn.

REPORT No. 4249.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 6, 1905, initiating proceedings for laying an asphalt pavement on Hopkinson avenue, between Eastern Parkway and Atlantic avenue.

On May 18, last, the grading, curbing and flagging of Hopkinson avenue, between the limits named in the resolution now presented, the same comprising six blocks, was authorized. In reporting upon the latter resolution it was shown that title to the street was legally acquired and that it was in use throughout its entire length. A large number of buildings have been erected upon the property through the section adjoining Eastern Parkway, while the abutting property at the Atlantic avenue end is practically unimproved. All of the subsurface improvements have been built, with the exception of a receiving basin to be built at the northeasterly corner of Park place. The construction of this basin was authorized in April last.

I see no reason why the paving improvement should not be authorized, and would recommend such action, the work to be done comprising the laying of 4,700 square yards of asphalt pavement, at an estimated cost of \$11,100. The assessed valuation of the property to be benefited is \$168,000.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 6th day of December, 1905, and approved by the President of the Borough of Brooklyn, on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 6th day of December, 1905, hereby initiates proceedings to pave with asphalt on concrete foundation Hopkinson avenue, between Eastern parkway and Atlantic avenue,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$11,100; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$168,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and

expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*SEWER IN EAST SIXTEENTH STREET, BROOKLYN.*

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, pursuant to section 428 of the Greater New York Charter, after duly advertised hearing had this 31st day of May, 1906, hereby initiates proceedings to construct a sewer in East Sixteenth street, from Beverley road to the summit south thereof; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 31st day of May, 1906.

Commissioner Dunne and Aldermen Wentz and Ellery voting in favor thereof.

Attest:

CHARLES FREDERICK ADAMS, Secretary.

Approved this 11th day of June, 1906.

BIRD S. COLER,  
President of the Borough of Brooklyn.

REPORT No. 4704.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 4, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on May 31, 1906, and received in this office on November 12 last, initiating proceedings for the construction of a sewer in East Sixteenth street, from Beverley road to the summit south thereof, a distance of about 250 feet.

This resolution was prompted by a petition for paving East Sixteenth street with asphalt, in the investigation of which it was found that a sewer had never been built in the northerly part of the block between Beverley road and Cortelyou road. While the street has never been opened by regular proceedings, it is well built up, has cement sidewalks, with curb lines well defined and lined with shade trees, and the Corporation Counsel has given an opinion that it is perfectly proper to authorize assessable improvements without opening proceedings.

The necessary outlet sewer has been provided, and it is recommended that the resolution of the Local Board be approved, the estimated amount of work to be done being as follows:

- 45 linear feet 15-inch pipe sewer.
- 250 linear feet 12-inch pipe sewer.
- 3 manholes.
- 5 sewer basins.

The estimated cost of construction is \$1,900, and the assessed valuation of the property to be benefited is \$54,600.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 31st day of May, 1906, and approved by the President of the Borough of Brooklyn on the 11th day of June, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, pursuant to section 428 of the Greater New York Charter, after duly advertised hearing had this 31st day of May, 1906, hereby initiates proceedings to construct a sewer in East Sixteenth street, from Beverley road to the summit south thereof,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$1,900, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$54,600, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*SEWER IN EAST NINTH STREET, BROOKLYN.*

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 6th day of December, 1905, hereby initiates proceedings to construct a sewer in East Ninth street, between Ditmas and Eighteenth avenues; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 6th day of December, 1905.

Commissioner Brackenridge and Alderman Hann voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

J. W. BRACKENRIDGE,  
Acting President of the Borough of Brooklyn.

## REPORT No. 4251.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 6, 1905, initiating proceedings for the construction of a sewer in East Ninth street, between Ditmas avenue and Eighteenth avenue.

This resolution affects a length of one block of East Ninth street, title to which has been acquired under a deed of cession. The street is in use at the present time and has been graded and flagged. Several frame houses have been erected upon the abutting property.

The outlet sewer has been built, and there seems to be no reason why this resolution should not be approved, such action being recommended, the work to be done comprising the following:

- 100 linear feet 15-inch pipe sewer.
- 650 linear feet 12-inch pipe sewer.
- 7 manholes.
- 2 receiving basins.

The estimated cost of construction is \$3,300, and the assessed valuation of the property to be benefited is \$55,450.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 6th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 6th day of December, 1905, hereby initiates proceedings to construct a sewer in East Ninth street, between Ditmas and Eighteenth avenues."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$3,300, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$55,450, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

SEWER AND SEWER BASINS IN WEST FIFTEENTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 2d day of November, 1905, hereby initiates proceedings to construct sewer basins at the northwest and southwest corners of West Fifteenth street and Neptune avenue, and at all four corners of West Fifteenth street and Mermaid avenue, and to construct a sewer in West Fifteenth street, between Mermaid avenue and Canal avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 2d day of November, 1905.

Commissioner Brackenridge and Aldermen Malone and Lundy voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 1st day of December, 1905.

J. W. BRACKENRIDGE,  
Acting President of the Borough of Brooklyn.

## REPORT No. 4240.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on November 2, 1905, initiating proceedings for the construction of a sewer in West Fifteenth street, between Mermaid and Canal avenues, with receiving basins at the northwest and southwest corners of Neptune avenue and at all four corners of Mermaid avenue.

The petition accompanying this resolution requests the construction of receiving basins along the line of West Fifteenth street. The sewer has already been built in this street, but is of insufficient size for the removal of surface drainage. On December 23, 1904, a permanent drainage plan was adopted for this district, and the same made provision for the construction of a twenty-four-inch sewer for the removal of storm water. Before the basins asked for by the petitioners can be built, the sewer described in the resolution will have to be provided.

This sewer will extend through a length of two blocks of West Fifteenth street, title to which has been legally acquired. The street is in use at the present time, and the southerly block has been macadamized. There are a large number of buildings upon the abutting property. The adopted grades in this vicinity are very flat, and I believe that there can be no question that surface drainage is needed.

Approval of the resolution is recommended, the work to be done comprising the following:

- 1,650 linear feet 24-inch pipe sewer.
- 11 manholes.
- 6 receiving basins.

The estimated cost of construction is \$20,000, and the assessed valuation of the property to be benefited is \$424,835.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 2d day of November, 1905, and approved by the President of the Borough of Brooklyn on the 1st day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 2d day of November, 1905, does hereby initiate proceedings to construct sewer basins at the northwest and southwest corners of West Fifteenth street and Neptune avenue, and at all four corners of West Fifteenth street and Mermaid avenue, and to construct a sewer in West Fifteenth street, between Mermaid avenue and Canal avenue."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$20,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$424,835, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

SEWER BASINS, BAY RIDGE AND TENTH AVENUES, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 8th day of December, 1905, hereby initiates proceedings to construct sewer basins at the north and east corners of Bay Ridge avenue and Tenth avenue; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 8th day of December, 1905.

Commissioner Brackenridge and Alderman Malone voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

MARTIN W. LITTLETON,  
President of the Borough of Brooklyn.

## REPORT No. 4243.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on December 8, 1905, initiating proceedings for the construction of receiving basins at the north and east corners of Bay Ridge avenue and Tenth avenue.

These basins will ultimately be needed for the removal of drainage from both of the streets named. Bay Ridge avenue has been approximately graded, and the street is occupied by trolley tracks. Tenth avenue north of Bay Ridge avenue is in use, but the roadway is unshaped. Until after the last-mentioned street has been graded these basins will only serve to remove drainage from Bay Ridge avenue which now collects at the corner described in large volume with heavy storms.

The outlet sewer has been built, and the approval of the resolution is recommended, the estimated cost of construction being \$400. The assessed valuation of the property to be benefited is \$13,100.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 8th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 8th day of December, 1905, hereby initiates proceedings to construct sewer basins at the north and east corners of Bay Ridge avenue and Tenth avenue."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$400, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$13,100, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**SEWER BASINS AT FIRST AVENUE AND FORTY-FOURTH STREET.**

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge District:*

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, pursuant to section 428 of the Greater New York Charter, after duly advertised hearing, had, this 8th day of December, 1905, hereby initiates proceedings to construct sewer basins on Forty-fourth street, at the east and south corners of First avenue; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 8th day of December, 1905.

Commissioner Brackenridge and Alderman Malone voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

MARTIN W. LITTLETON,  
President of the Borough of Brooklyn.

REPORT No. 4247.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on December 8, 1905, initiating proceedings for the construction of receiving basins at the easterly and southerly corners of First avenue and Forty-fourth street.

These basins are needed for the removal of drainage from both of the streets named. They are asked for at this time for the purpose of completing all of the structures which should precede the paving of Forty-fourth street, a resolution providing for which improvement is now before the Local Board. First avenue has already been approximately graded.

The improvement seems to be a proper one, and the approval of the resolution is recommended, the estimated cost of construction being \$400. The assessed valuation of the property to be benefited is \$83,500.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 8th day of December, 1905, and approved by the President of the Borough of Brooklyn, on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, pursuant to section 428 of the Greater New York Charter, after duly advertised hearing, had, this 8th day of December, 1905, hereby initiates proceedings to construct sewer basins on Forty-fourth street, at the east and south corners of First avenue,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$400, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$83,500, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**SEWER BASIN, STOCKHOLM STREET AND ST. NICHOLAS AVENUE, BROOKLYN.**

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bushwick District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 7th day of December, 1905, hereby initiates proceedings to construct a sewer basin at the northerly corner of Stockholm street and St. Nicholas avenue; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 7th day of December, 1905.

Commissioner Brackenridge and Aldermen Bennett and Grimm voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

J. W. BRACKENRIDGE,  
Acting President of the Borough of Brooklyn.

REPORT No. 4260.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on December 7, 1905, initiating proceedings for the construction of a receiving basin at the northerly corner of Stockholm street and St. Nicholas avenue.

This basin is needed for the removal of drainage from both of the streets mentioned, and the resolution has been adopted at the request of one of the Sanitary Inspectors of the Department of Health, who claims that a pool of stagnant water collects at this corner.

St. Nicholas avenue has been paved and Stockholm street has been graded.

The improvement seems to be a proper one, and the approval of the resolution is recommended.

The estimated cost of construction is \$200, and the assessed valuation of the property to be benefited is \$54,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 7th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 7th day of December, 1905, hereby initiates proceedings to construct a sewer basin at the northerly corner of Stockholm street and St. Nicholas avenue,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$200, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$54,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**SEWER BASIN, BUFFALO AVENUE AND PARK PLACE.**

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 30th day of October, 1905, hereby initiates proceedings to construct a sewer basin at the southwest corner of Buffalo avenue and Park place; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 30th day of October, 1905, all the members present voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 1st day of December, 1905.

J. W. BRACKENRIDGE,  
Acting President of the Borough of Brooklyn.

REPORT No. 4259.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on October 30, 1905, initiating proceedings for constructing a receiving basin at the southwest corner of Buffalo avenue and Park place.

This basin is needed for the removal of drainage from both of the streets named in the resolution, and it is asked for by the Health Department, one of the Sanitary Inspectors complaining that surface water collects and becomes stagnant at this point. Buffalo avenue has been paved with asphalt, but Park place is unimproved.

Approval of the resolution is recommended, the estimated cost of construction being \$200.

The assessed valuation of the property to be benefited is \$6,250.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 30th day of October, 1905, and approved by the President of the Borough of Brooklyn on the 1st day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 30th day of October, 1905, hereby initiates proceedings to construct a sewer basin at the southwest corner of Buffalo avenue and Park place,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$200, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$6,250, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**SEWER BASINS AT DORCHESTER AND WESTMINSTER ROADS, BROOKLYN.**

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, pursuant to section 428 of the Greater New York Charter, after duly advertised hearing had this 6th day of December, 1905, hereby initiates proceedings to construct sewer basins at the northeast and northwest corners of Dorchester road and Westminster road; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 6th day of December, 1905.

Commissioner Brackenridge and Alderman Hann voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 26th day of December, 1905.

MARTIN W. LITTLETON,  
President of the Borough of Brooklyn.

REPORT NO. 4252.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 6, 1905, initiating proceedings for the construction of receiving basins at the northeast and northwest corners of Dorchester and Westminster roads.

This resolution has been adopted at the suggestion of the Superintendent of Sewers of the Borough, who states that the basins now provided at this intersection are simply cesspools not connected with the sewerage system. These basins appear to have been improperly built, and the covers are of such a character as to be continually out of place, resulting in a dangerous condition.

Both of the streets named have been graded, and I see no reason why the resolution should not be approved, such action being recommended.

The estimated cost of construction is \$400, and the assessed valuation of the property to be benefited is \$207,800.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 6th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, pursuant to section 428 of the Greater New York Charter, after duly advertised hearing had this 6th day of December, 1905, hereby initiates proceedings to construct sewer basins at the northeast and northwest corners of Dorchester road and Westminster road."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$400, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$207,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**SEWER BASIN, THIRD AVENUE AND SEVENTY-THIRD STREET, BROOKLYN.**

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 2d day of November, 1905, hereby initiates proceedings to construct a sewer basin at the southerly corner of Third avenue and Seventy-third street; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 2d day of November, 1905.

Commissioner Brackenridge and Aldermen Malone and Lundy voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 1st day of December, 1905.

J. C. BRACKENRIDGE,  
Acting President of the Borough of Brooklyn.

REPORT NO. 4239.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on November 2, 1905, initiating proceedings for

the construction of a sewer basin at the southerly corner of Third avenue and Seventy-third street.

This basin is needed for the removal of drainage from both of the streets named in the resolution, the same having been paved with asphalt.

The outlet sewer has been built, and the approval of the resolution is recommended, the estimated cost of construction being \$200. The assessed valuation of the property to be benefited is \$31,800.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 2d day of November, 1905, and approved by the President of the Borough of Brooklyn, on the 1st day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 2d day of November, 1905, hereby initiates proceedings to construct a sewer basin at the southerly corner of Third avenue and Seventy-third street."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$200, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$31,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expenses thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**SEWER IN SURF AVENUE, BROOKLYN.**

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bay Ridge District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of Chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 26th day of April, 1906, hereby initiates proceedings to reconstruct sewer in Surf avenue, from West Eighth street to West Fifth street; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 26th day of April, 1906.

Commissioner Dunne and Aldermen Linde and Potter voting in favor thereof.

Attest:

CHARLES FREDERICK ADAMS, Secretary.

Approved this 14th day of May, 1906.

BIRD S. COLER,  
President of the Borough of Brooklyn.

REPORT NO. 4475.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on April 26, 1906, initiating proceedings for reconstructing a sewer in Surf avenue, between West Eighth and West Fifth streets.

From the papers attached to this resolution it appears that a sewer has already been built in this block of Surf avenue, but that it is of inadequate capacity for removing storm water, the abutting property being subjected to damage from the overflow of the sewer during each heavy storm. No fall had been provided along the line of Surf avenue, the street being level, and the roadway has recently been paved with asphalt. The Engineer of Sewers reports that an examination shows the necessity of increasing the size of the sewer. A map has been prepared showing the sewer which it is proposed to build, the same being 24 inches in diameter, and a report has been prepared recommending the approval of the same.

The resolution is, in my judgment, a proper one, and its approval is recommended, the work to be done comprising the following:

1,000 linear feet 24-inch pipe sewer.

8 manholes.

The estimated cost of construction is \$11,000, and the assessed valuation of the property to be benefited is \$1,335,600.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 26th day of April, 1906, and approved by the President of the Borough of Brooklyn, on the 14th day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 26th day of April, 1906, hereby initiates proceedings to reconstruct sewer in Surf avenue, from West Eighth street to West Fifth street."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$11,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$1,335,600, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expenses thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING FIELD PLACE, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

##### *In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the *CITY RECORD* that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For regulating and grading, setting curbstones and flagging sidewalks a space 4 feet wide, laying crosswalks, building approaches and erecting fences where necessary in Field place, from Morris avenue to Ryer avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 24th day of May, 1906.

Alderman O'Neill, Alderman Harnischfeger, Alderman Murphy and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 25th day of May, 1906.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 4335.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on May 24, 1906, initiating proceedings for grading, curbing and flagging Field place, between Morris avenue and Ryer avenue.

The three blocks described in this resolution comprise the entire length of Field place, title to which has been legally acquired. The roadway is in use at the present time, a board walk has been provided on the southerly side of the street, and a few houses have been erected upon the abutting property.

The improvement seems to be a proper one, and the approval of the resolution is recommended, the work to be done comprising the following:

2,100 cubic yards earth and rock excavation.

1,050 linear feet curbing.

4,400 square feet flagging.

The estimated cost of construction is \$4,700, and the assessed valuation of the property to be benefited is \$134,010.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 24th day of May, 1906, and approved by the President of the Borough of The Bronx on the 25th day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating and grading, setting curbstones and flagging sidewalks a space 4 feet wide, laying crosswalks, building approaches and erecting fences where necessary in Field place, from Morris avenue to Ryer avenue, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$4,700, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$134,010, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING EAST ONE HUNDRED AND SEVENTY-EIGHTH STREET, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

##### *In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the *CITY RECORD* that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where

there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For regulating and grading, setting curbstones and flagging sidewalks a space 4 feet wide, laying crosswalks, building approaches and erecting fences where necessary in East One Hundred and Seventy-eighth street, between Creston avenue and Ryer avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 24th day of May, 1906.

Alderman O'Neill, Alderman Harnischfeger, Alderman Murphy and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to the Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 25th day of May, 1906.

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

REPORT No. 4335.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on May 24, 1906, initiating proceedings for grading, curbing and flagging East One Hundred and Seventy-eighth street, between Creston and Ryer avenues.

This resolution affects a length of three blocks of East One Hundred and Seventy-eighth street, title to which has been legally acquired. The street is in use through the two westerly blocks and the roadway is here approximately graded and board walks have been provided; a few dwellings have been erected upon the abutting property on each block. Between Anthony and Ryer avenues, the street is fenced off from public use, and the abutting property is unimproved.

There seems to be no reason why this improvement should not be carried out, and the approval of the resolution is recommended, the work to be done comprising the following:

3,000 cubic yards earth and rock excavation.

3,500 cubic yards filling.

2,250 linear feet curbing.

9,200 square feet new and old flagging.

The estimated cost of construction is \$9,000, and the assessed valuation of the property to be benefited is \$295,550.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 24th day of May, 1906, and approved by the President of the Borough of The Bronx on the 25th day of May, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating and grading, setting curbstones and flagging sidewalks a space 4 feet wide, laying crosswalks, building approaches and erecting fences where necessary in East One Hundred and Seventy-eighth street, between Creston avenue and Ryer avenue, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$9,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$295,550, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING BELMONT AVENUE, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

##### *In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the *CITY RECORD* that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For regulating and grading, setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Belmont avenue, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-seventh street (Tremont avenue), in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 8th day of February, 1906.

Alderman Harnischfeger, Alderman Kuntze, Alderman O'Neill, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 10th day of February, 1906.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 4315.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on February 8, 1906, initiating proceedings for grading, curbing and flagging Belmont avenue, between East One Hundred and Seventy-fifth and East One Hundred and Seventy-seventh streets.

On December 1, 1905, a resolution was adopted by the Board of Estimate and Apportionment providing for acquiring title to Belmont avenue, between the same limits as those named in the resolution now presented, these comprising two blocks. The oaths of the Commissioners of Estimate and Assessment in the proceeding were filed on May 25, 1906. The street is not in use at the present time and the property having frontage upon this street is unimproved, but a few buildings on East One Hundred and Seventy-sixth street encroach upon its lines. The improvement is asked for by the owners of a large amount of frontage on the street.

I see no reason why the resolution should not be approved, and would recommend such action, the work to be done comprising the following:

12,700 cubic yards earth and rock excavation.

2,000 linear feet curbing.

8,100 square feet flagging.

The estimated cost of construction is \$20,200, and the assessed valuation of the property to be benefited is \$140,990.

I would recommend that title to Belmont avenue between East One Hundred and Seventy-fifth street and Tremont avenue be vested in the City on March 1, 1907.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Estimate and Apportionment on the 1st day of December, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Belmont avenue, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-seventh street, in the Borough of The Bronx, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said Belmont avenue, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 25th day of May, 1906; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of March, 1907, the title to each and every piece or parcel of land lying within the lines of said Belmont avenue, between East One Hundred and Seventy-fifth street and Tremont avenue (East One Hundred and Seventy-seventh street), in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 8th day of February, 1906, and approved by the President of the Borough of The Bronx on the 10th day of February, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating and grading, setting curbstones, flagging sidewalks a space 4 feet wide, laying crosswalks, building approaches and erecting fences where necessary in Belmont avenue, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-seventh street (Tremont avenue), in the Borough of The Bronx, City of New York."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$20,200, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$140,990, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*PAVING FAIRMOUNT PLACE, THE BRONX.*

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For paving with block asphalt on a concrete foundation Fairmount place, between Southern Boulevard and Prospect avenue, and setting curb where necessary, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 14th day of June, 1906.

Alderman Harnischfeger, Alderman O'Neill, Alderman Kuntze, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 18th day of June, 1906.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 4326.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on June 14, 1906, initiating proceedings for laying an asphalt block pavement on Fairmount place, between Southern Boulevard and Prospect avenue.

This resolution affects a length of two blocks of Fairmount place, title to which has been legally acquired. The street has been graded, curbed and flagged, and all the subsurface improvements have been provided. A large number of houses have been erected upon the property fronting upon the westerly block, but that along the easterly block is practically unimproved.

Approval of the resolution is recommended, the work to be done comprising the following:

3,440 square yards asphalt block pavement.

2,560 linear feet curbing reset.

The estimated cost of construction is \$10,500, and the assessed valuation of the property to be benefited is \$273,820.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 14th day of June, 1906, and approved by the President of the Borough of The Bronx on the 18th day of June, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For paving with block asphalt on a concrete foundation Fairmount place, between Southern Boulevard and Prospect avenue, and setting curb where necessary, in the Borough of The Bronx, City of New York."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$10,500, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$273,820, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*PAVING GARRISON AVENUE, THE BRONX.*

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For paving with asphalt block pavement on a concrete foundation Garrison avenue, from Hunt's Point road to Whittier street, and setting curb where necessary; said work to be commenced after all subsurface improvements have been laid, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 2d day of August, 1906.

Alderman Kuntze, Alderman Harnischfeger, Alderman O'Neill, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to the Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 3d day of August, 1906.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 4659.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 18, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on August 2, 1906, initiating proceedings for laying an asphalt block pavement on Garrison avenue, between Hunt's Point road and Whittier street, and for setting curb where necessary.

This resolution affects a length of about 1,400 feet of Garrison avenue, title to which has been legally acquired. The street has recently been graded under a private contract, and the sewer has been built under a similar arrangement. At the office of the Department of Water Supply, Gas and Electricity I am advised that a contract has been made for laying the water main. The abutting property is unimproved, but the improvement is petitioned for by the owners of most of the property fronting upon the street.

The approval of this resolution is recommended, with the understanding that the work will not be begun until both water and gas mains have been laid.

The work to be done comprises the following:

6,620 square yards asphalt block pavement.

2,750 linear feet curbing.

The estimated cost of construction is \$20,000, and the assessed valuation of the property to be benefited is \$74,250.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 2d day of August, 1906, and approved by the President of the Borough of The Bronx, on the 3d day of August, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For paving with asphalt block pavement on a concrete foundation Garrison avenue, from Hunt's Point road to Whittier street, and setting curb where necessary, said work to be commenced after all subsurface improvements have been laid, in the Borough of The Bronx, City of New York."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$20,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$74,250, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### PAVING CROTONA AVENUE, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For paving with asphalt blocks on a concrete foundation and setting curb where necessary in Crotona avenue, from One Hundred and Eighty-seventh street to the Southern Boulevard, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 12th day of April, 1906.

Alderman Kuntze, Alderman Harnischfeger, Alderman O'Neill, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 16th day of April, 1906.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 4313.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
April 12, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on April 12, 1906, initiating proceedings for laying an asphalt block pavement on Crotona avenue, between East One Hundred and Eighty-seventh street and the Southern Boulevard.

Title to the three blocks of Crotona avenue affected by this resolution has been legally acquired. The street has been graded, curbed and flagged, water and gas mains have been laid and the sewer has been built through the southerly block. On June 15 last the completion of the sewer through the two northerly blocks was authorized. Crotona avenue has already been paved south of East One Hundred and Eighty-seventh street, and the work comprised under the resolution now presented will complete the improvement of the street.

Approval of the resolution is recommended, the work to be done comprising the following:

8,980 square yards asphalt block pavement.

3,500 linear feet curbing reset.

The estimated cost of construction is \$25,000, and the assessed valuation of the property to be benefited is \$663,950.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 12th day of April, 1906, and approved by the President of the Borough of The Bronx on the 16th day of April, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For paving with asphalt blocks on a concrete foundation and setting curb where necessary in Crotona avenue, from One Hundred and Eighty-seventh street to the Southern Boulevard, in the Borough of The Bronx, City of New York."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$25,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$663,950, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWER IN BRYANT AVENUE, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing sewers and appurtenances in Bryant avenue, between Garrison avenue and Lafayette avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 24th of May, 1906.

Alderman O'Neill, Alderman Harnischfeger, Alderman Murphy and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

REPORT No. 4655.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 17, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on May 24, 1906, initiating proceedings for the construction of a sewer in Bryant avenue, between Garrison avenue and Lafayette avenue.

This resolution affects a length of two long blocks of Bryant avenue, title to which has been legally acquired. The street through a portion of its length is now being graded under a private contract, and the improvement proposed is asked for by the owners of a large amount of frontage upon it. The outlet sewers required are being provided for under a private contract.

Approval of the resolution is recommended, the work to be done comprising the following:

280 linear feet 15-inch pipe sewer.

1,185 linear feet 12-inch pipe sewer.

14 manholes.

5 receiving basins.

The estimated cost of construction is \$12,300, and the assessed valuation of the property to be benefited is \$37,600.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 24th day of May, 1906, and approved by the President of the Borough of The Bronx on the 25th day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For constructing sewers and appurtenances in Bryant avenue, between Garrison avenue and Lafayette avenue, in the Borough of The Bronx, City of New York."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$12,300, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$37,600, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REPORT No. 4624.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 7, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on September 20, 1906, initiating proceedings for the construction of sewers in the following streets:

Mott avenue, between Park avenue and East One Hundred and Thirty-eighth street.

East One Hundred and Thirty-eighth street, between Mott avenue and Walton avenue.

Walton avenue, between East One Hundred and Thirty-eighth street and the summit north of Cheever place.

This resolution affects a length of one block of Mott avenue and of East One Hundred and Thirty-eighth street, and of about one and one-half blocks of Walton avenue, title to all of which streets has been legally acquired. Mott avenue and East One Hundred and Thirty-eighth street have been paved and Walton avenue has been graded, curbed and flagged. A number of buildings have been erected upon each of the streets named, and most of them are devoted to manufacturing purposes. The improvement is asked for by the owners of a large amount of frontage upon the streets named, and are specially desired at this time for the reason that additional factory buildings are under construction. The outlet sewer has been built and the approval of the resolution is recommended, the work to be done comprising the following:

635 linear feet 18-inch pipe sewer.

423 linear feet 15-inch pipe sewer.

597 linear feet 12-inch pipe sewer.

16 manholes.

4 receiving basins.

The estimated cost of construction is \$20,400, and the assessed valuation of the property to be benefited is \$223,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 20th day of September, 1906, and approved by the President of the Borough of The Bronx on the 21st day of September, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For constructing a sewer and appurtenances in Mott avenue, between Park avenue and East One Hundred and Thirty-eighth street; and in East One Hundred and Thirty-eighth street, between Mott avenue and Walton avenue; and in Walton avenue, between East One Hundred and Thirty-eighth street and the summit north of Cheever place, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$20,400, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$223,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

SEWER IN EAST ONE HUNDRED AND NINETY-NINTH STREET, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing a sewer and appurtenances in East One Hundred and Ninety-ninth street, between Jerome avenue and the Grand Boulevard and Concourse, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 24th day of May, 1906.

Alderman O'Neill, Alderman Harnischfeger, Alderman Murphy and the President of the Borough of The Bronx voting in favor thereof.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 25th day of May, 1906.

LOUIS F. HAFEN,

President of the Borough of The Bronx.

REPORT No. 4334.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on May 24, 1906, initiating proceedings for the construction of a sewer in East One Hundred and Ninety-ninth street, between Jerome avenue and the Grand Boulevard and Concourse.

Proceedings for acquiring title to East One Hundred and Ninety-ninth street, between Bainbridge and Jerome avenues were authorized on September 30, 1903, and the oaths of the Commissioners of Estimate and Assessment were filed on June 2, 1904. On August 15, 1904, title to a portion of the street east of the westerly side of the concourse was vested in the City to permit of the construction of a sewer.

Through the block between Jerome avenue and the concourse the roadway is in use at the present time, but the same is very much below the established grade. One house has been erected upon the abutting property.

The outlet sewer has been built, and there seems to be no reason why this improvement should not be carried out, the approval of the resolution being recommended.

The work to be done comprises the following:

225 linear feet 12-inch pipe sewer.

2 manholes.

The estimated cost of construction is \$1,400, and the assessed valuation of the property to be benefited is \$19,750.

I would recommend that title to that portion of East One Hundred and Ninety-ninth street, between Jerome avenue and the westerly side of the Grand Boulevard and Concourse be vested in the City on March 1, 1907.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 30th day of September, 1903, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending East One Hundred and Ninety-ninth street, between Bainbridge avenue and Jerome avenue, in the Borough of The Bronx, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said East One Hundred and Ninety-ninth street, and the oaths of said Commissioners of Estimate and Assessment were duly filed, as required by law, on the 2d day of June, 1904; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of March, 1907, the title to each and every piece or parcel of land lying within the lines of said East One Hundred and Ninety-ninth street, from Jerome avenue to the westerly side of the Grand Boulevard and Concourse, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 24th day of May, 1906, and approved by the President of the Borough of The Bronx on the 25th day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For constructing a sewer and appurtenances in East One Hundred and Ninety-ninth street, between Jerome avenue and the Grand Boulevard and Concourse, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$1,400, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$19,750, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the President of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### *SEWER IN GARRISON AVENUE, THE BRONX.*

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

#### *In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing a sewer and appurtenances in Garrison avenue, between Longwood avenue and Whittier street, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 4th day of December, 1905.

Alderman Goldwater, Alderman Stumpf, Alderman Murphy, Alderman Harnischfeger and the President of the Borough of The Bronx voting in favor thereof:

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 9th day of December, 1905.

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

REPORT No. 4327.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on December 4, 1905, initiating proceedings for the construction of a sewer in Garrison avenue, between Longwood avenue and Whittier street.

This resolution affects a length of ten blocks of Garrison avenue. Between Hunt's Point road and Whittier street title to Garrison avenue has been legally acquired. The street is not in use at the present time, and the abutting property is unimproved. Proceedings for acquiring title to the six blocks extending from Longwood avenue to Hunt's Point road were authorized on December 18, 1905, and the oaths of the Commissioners of Estimate and Assessment were filed on June 2, 1906. Through a por-

tion of this distance a narrow wagon path is in use and a few buildings have been erected in the vicinity, some of them encroaching upon the lines of the street. The improvement is asked for by the owners of a large amount of frontage on the street.

The outlet sewer has been built, and I see no reason why the resolution should not be approved, such action being recommended.

The work to be done comprises the following:

1,210 linear feet 2-foot 6-inch brick sewer.

1,280 linear feet 18-inch pipe sewer.

585 linear feet 15-inch pipe sewer.

505 linear feet 12-inch pipe sewer.

35 manholes.

8 receiving basins.

The estimated cost of construction is \$40,500, and the assessed valuation of the property to be benefited is \$206,700.

I would also recommend that title to Garrison avenue, between Longwood avenue and Hunt's Point road, be vested in the City on March 1, 1907.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 18th day of December, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Garrison avenue, from Longwood avenue to Hunt's Point road, in the Borough of The Bronx, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said Garrison avenue, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 2nd day of June, 1906; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of March, 1907, the title to each and every piece or parcel of land lying within the lines of said Garrison avenue, from Longwood avenue to Hunt's Point road, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 4th day of December, 1905, and approved by the President of the Borough of The Bronx on the 9th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For constructing a sewer and appurtenances in Garrison avenue, between Longwood avenue and Whittier street, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$40,500, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$206,700, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### *SEWERS IN WEST TWO HUNDRED AND TWENTY-NINTH STREET AND HEATH AVENUE, THE BRONX.*

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

#### *In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing a sewer and appurtenances in West Two Hundred and Twenty-ninth street, between Bailey avenue and Heath avenue; and in Heath avenue, between Kingsbridge road and Boston avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 19th day of October, 1905.

Alderman Dougherty, Alderman Murphy, Alderman Harnischfeger and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

HENRY A. GUMBLETON,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 21st day of October, 1905.

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

REPORT No. 4305.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on October 19, 1905, initiating proceedings for the construction of sewers in the following streets:

West Two Hundred and Twenty-ninth street, between Bailey avenue and Heath avenue.

Heath avenue, between Kingsbridge road and Boston avenue.

This resolution affects a length of one short block of West Two Hundred and Twenty-ninth street, and of three long blocks of Heath avenue. Title to Heath avenue has been legally acquired, and the street has been graded, curbed and flagged. The abutting property is practically unimproved. Proceedings for acquiring title to West Two Hundred and Twenty-ninth street between the limits named in this resolution were authorized on December 29, 1905, and the oaths of the Commissioners of Estimate and Assessment were filed on June 2 last. The street is not in use at the present time and there are no buildings within its lines. The sewer in this street is required as an outlet for the Heath avenue sewer.

The remaining outlets have been built, and the approval of the resolution is recommended, the work to be done comprising the following:

285 linear feet 18-inch pipe sewer.

787 linear feet 15-inch pipe sewer.

655 linear feet 12-inch pipe sewer.

17 manholes.

3 receiving basins.

The estimated cost of construction is \$8,900, and the assessed valuation of the property to be benefited is \$73,800.

I would recommend that title to West Two Hundred and Twenty-ninth street be vested in the City on March 1, 1907.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment on the 29th day of December, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending West Two Hundred and Twenty-ninth street, between Bailey avenue and Heath avenue, in the Borough of The Bronx, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said West Two Hundred and Twenty-ninth street, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 2d day of June, 1906; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of March, 1907, the title to each and every piece or parcel of land lying within the lines of said West Two Hundred and Twenty-ninth street, between Bailey avenue and Heath avenue, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 19th day of October, 1905, and approved by the President of the Borough of The Bronx on the 21st day of October, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For constructing a sewer and appurtenances in West Two Hundred and Twenty-ninth street, between Bailey avenue and Heath avenue; and in Heath avenue, between Kingsbridge road and Boston avenue, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$8,900, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$73,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### *GRADING WASHINGTON AVENUE, QUEENS.*

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

#### *In the Local Board of the Newtown District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb and flag with bluestone, Washington avenue, from Vernon avenue to East river, in the First Ward of the Borough of Queens; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 25th day of October, 1906.

Aldermen Clifford and Herold and Joseph Bermel, President of the Borough of Queens, voting in favor thereof.

Attest:

HERMAN RINGE, Secretary.

Approved this 25th day of October, 1906.

JOSEPH BERMEI,  
President of the Borough of Queens.

#### REPORT No. 4721.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 5, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is submitted a resolution adopted by the Local Board of the Newtown District, Borough of Queens, on October 25, 1906, initiating proceedings for regulating and grading Washington avenue, between Vernon avenue and the East river. Washington avenue is laid down upon the map of the City with a width of 70 feet.

Proceedings to acquire title to the street between the East river and Jackson avenue were authorized by the Board of Estimate and Apportionment on July 18, 1902, and the oaths of the Commissioners were filed on November 14, 1903. On March 9, 1906, the regulating and grading of the portion of the street between Jackson avenue and Academy street was authorized, and it was provided that title to that portion of the street should be vested in the City on May 15 following.

On May 18, 1906, the Board authorized the regulating and grading of the section between Academy street and Vernon avenue, and by resolution adopted on that date provided that title to this portion should be vested in the City on July 3, 1906.

It will be seen, therefore, that the improvement of the entire length of the street covered by the opening proceedings, with the exception of the block between Vernon avenue and the East river, has been authorized, and provision has been made for the vesting of title. There is no reason why the improvement should not be made complete, and it is recommended that the improvement called for by the resolution be authorized, the amount of work involved being as follows:

10,000 cubic yards grading.

1,200 linear feet curbing.

5,700 square feet flagging.

Total estimated cost, \$10,000. The assessed value of the property within the probable area of assessment is \$214,000.

It is further recommended that title to that portion of Washington avenue, between Vernon avenue and the East river be vested in the City on March 1, 1907.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

— The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 18th day of July, 1902, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Washington avenue, between the East river and Jackson avenue, in the Borough of Queens, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said Washington avenue, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 14th day of November, 1903; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of March, 1907, the title to each and every piece or parcel of land lying within the lines of said Washington avenue, between Vernon avenue and the East river, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 25th day of October, 1906, and approved by the President of the Borough of Queens on the 25th day of October, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb and flag with bluestone Washington avenue, from Vernon avenue to the East river, in the First Ward of the Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$10,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$214,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### *GRADING THE BOULEVARD, QUEENS.*

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

#### *In the Local Board of the Newtown District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate and grade the Boulevard, from Webster avenue to Broadway, in the First Ward of the Borough of Queens; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 27th day of June, 1906.

Aldermen Clifford and Herold, and Lawrence Gresser, Commissioner of Public Works, voting in favor thereof.

Attest:

HERMAN RINGE, Secretary.

Approved this 27th day of June, 1906.

JOSEPH BERMEL,  
President of the Borough of Queens.

REPORT No. 4430.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on June 27, 1906, initiating proceedings for grading the Boulevard, between Webster avenue and Broadway, in the First Ward.

Proceedings for acquiring title to the Boulevard, from Vernon avenue and Broadway to Nott avenue, were authorized on March 31, 1905. On April 20 last the construction of a sewer was authorized in the street between Webster avenue and Broadway, a length of six blocks, the same coinciding with those covered by the grading resolution now presented; at this time provision was made for vesting title to the street in the City on July 2 last. The street has been approximately shaped between Webster and Washington avenues, and a few houses have been erected upon the abutting property. Between Washington avenue and Graham avenue a wagon path is in use at the present time and about a half dozen frame houses have been erected upon each block. North of Graham avenue the land is low and marshy. Curbing and flagging have been omitted from the resolution, the same undoubtedly being partly due to the fact that a great amount of filling will be required in sections, making it unwise to place curbing until after the same has been given time for settlement, and partly for the reason that the valuation of the abutting property would not justify a complete improvement.

Under these conditions the approval of the resolution is recommended, the work to be done comprising the following:

2,000 cubic yards excavation.  
60,000 cubic yards filling.

The estimated cost of construction is \$43,100, and the assessed valuation of the property to be benefited is \$88,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 27th day of June, 1906, and approved by the President of the Borough of Queens on the 27th day of June, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate and grade the Boulevard, from Webster avenue to Broadway, in the First Ward of the Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$43,100, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$88,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

GRADING HOYT AVENUE, QUEENS.

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

*In the Local Board of the Newtown District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb, flag and crosswalk Hoyt avenue, from the Boulevard to Lawrence street, and from Debevoise avenue to Flushing avenue, in the First Ward of the Borough of Queens; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Readopted by the Local Board of the Newtown District on the 22d day of May, 1906.

Alderman Clifford and Lawrence Gresser, Commissioner of Public Works, voting in favor thereof.

Attest:

HERMAN RINGE, Secretary.

Approved this 22d day of May, 1906.

JOSEPH BERMEL,  
President of the Borough of Queens.

REPORT No. 4427.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 22, 1906, initiating proceedings for grading, curbing and flagging Hoyt avenue, between the Boulevard and Lawrence street and between Debevoise, or Second avenue, and Flushing avenue, in the First Ward.

The attention of the Borough authorities has been called to the fact that on August 7, 1902, the Board of Estimate and Apportionment approved a resolution providing for curbing and flagging Hoyt avenue, between Woolsey street and Van Alst

avenue, which limits are included in those named in the resolution now presented. It appears that the improvement provided for in 1902 was never carried out, and in order to include all of the work proposed under one contract, the Local Board has now adopted a second resolution requesting the rescission of the one adopted by the Board of Estimate and Apportionment in 1902.

Title to Hoyt avenue has been acquired under proceedings which were confirmed last year. The improvement now proposed affects a total length of eleven blocks, or nearly three-fourths of a mile. The street is in use at the present time and in sections is approximately graded. Several houses have been erected upon the abutting property along the southerly side, but the northerly side of the street is unimproved.

There seems to be no reason why this resolution should not be approved, and such action is recommended, the work to be done comprising the following:

26,000 cubic yards excavation.  
6,700 linear feet curbing.  
32,100 square feet flagging.

The estimated cost of construction is \$36,000, and the assessed valuation of the property to be benefited is \$350,000.

I would also recommend that the resolution for improving Hoyt avenue adopted by the Board of Estimate and Apportionment on August 7, 1902, be rescinded.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the resolution adopted by the Board of Estimate of The City of New York on the 7th day of August, 1902, providing for the curbing and flagging of Hoyt avenue, between Woolsey street and Van Alst avenue, in the Borough of Queens, be and the same hereby is rescinded.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the President of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 22nd day of May, 1906, and approved by the President of the Borough of Queens, on the 22d day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb, flag and crosswalk Hoyt avenue from the Boulevard to Lawrence street, and from De Bevoise avenue to Flushing avenue, in the First Ward of the Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$36,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$350,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

GRADING GRAND STREET, QUEENS.

The following communication from the Corporation Counsel, and report of the Chief Engineer were presented:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, June 12, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I have a communication from Mr. John H. Mooney, Assistant Secretary, dated April 23, 1906, in which he enclosed, by direction of your Board, a copy of a resolution adopted by the Local Board of the Newtown District, Borough of Queens, recommending the grading, curbing and flagging of Grand street from Maiden lane to Kings County line, together with a copy of the report of the Engineer of your Board, and desired me to advise your Board whether the City is in a position to authorize the improvement in the street, or whether it will be necessary to institute proceedings to acquire title.

It appears from the report of your Engineer that Grand street was laid out to a width of 80 feet, on November 13, 1903, on the Maspeth Map, a map of part of the Second Ward, Borough of Queens, adopted on that date.

Chapter 637 of the Laws of 1874—a special act for the opening and improvement of Grand street, in the City of Brooklyn, and the extension of the same into Queens County, which extension includes the part under consideration—provided for the appointment of three Commissioners whose duty was to open Grand street, in Brooklyn, and extend the same in Queens County and to widen the same to a width of 80 feet in Queens County, and further provided for the grading of the same to its full width and macadamizing it in the centre to a width of sixteen feet for its entire length.

These Commissioners were directed to cause correct maps of said street, as extended and widened for its full length, to be filed in the offices of the Clerks of the Counties of Kings and Queens, respectively.

Commissioners of Estimate and Assessment were accordingly appointed by an order dated June 27, 1874, and entered on the 19th day of June, 1874, and the order confirming the report of the Commissioners in all respects is dated and filed March 22, 1875.

The original papers were filed in the office of the Clerk of Kings County, and the certified copies of the report and order of confirmation, with assessment and benefit maps, were filed in the office of the Clerk of the County of Queens, Jamaica.

Annexed to the report, as filed in Jamaica, were the following maps:

1. "Map of Grand street, from Newtown Creek to Metropolitan avenue."
2. "Map of Grand street extension from Newtown Creek to Newtown Village, Queens County, New York, surveyed in August, 1874, by E. M. Conklin."
3. "Assessment map of Grand street extension from Newtown Creek to Newtown Village, Queens County, New York, surveyed in October, 1874, by E. M. Conklin."

Subscribed to Map No. 2 above mentioned, is a certificate signed by the Commissioners that they have laid out the public road or highway mentioned in said act, commencing at the terminus of Grand street, in the City of Brooklyn, E. D., and extending to the Village of Newtown, at Moore's corner, Queens County, and a further certificate that in laying out the said road or highway they have followed the route prescribed by the said act, and that the map mentioned is a correct map of the same.

The report shows that the following awards were made and the following assessments levied:

Total awards in Newtown	\$37,205 00
Total awards in Brooklyn	4,137 82
Total	\$41,342 82
Total assessments	\$18,603 00

It also appears that the street so acquired conforms with the recently adopted map of this part of Queens and that by the proceedings under such act an easement was acquired to Grand street to its full width.

The position, orders and maps do not furnish a technical description to show the exact width of the street, from which probably arises the inquiry whether the street is dedicated.

There seems to be no doubt, however, that there has been a practical location of this avenue and it has now been in use for many years, is paved in part with granite blocks and occupied by a double trolley road.

I have no doubt that the City has a sufficient right in Grand street to authorize the improvements recommended by the Local Board of the Newtown District.

Very respectfully,

G. L. STERLING, Acting Corporation Counsel.

REPORT No. 4425.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
DECEMBER 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On April 20 last a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 20, 1905, providing for grading, curbing and flagging Grand street, between Maiden lane and Kings County line, in the Second Ward, was referred to the Corporation Counsel for advice as to the legal status of the street. The Corporation Counsel under date of June 12, 1906, has presented an opinion showing that title to the street was acquired under formal opening proceedings, which were confirmed in 1875. He also advises that there is a "sufficient right in Grand street to authorize the improvements recommended by the Local Board of the Newtown District."

In my previous report upon this improvement it was shown that the street is in use at the present time and is occupied by a double-track trolley road throughout its entire length, the same comprising nearly two miles. The Mount Olivet Cemetery has a frontage of about 1,500 feet on the southeasterly side of the street, and aside from the area occupied by the cemetery the abutting property through the northeasterly half of the street has been partially improved. In the southwesterly section only a few buildings have been erected. The trolley tracks through a portion of the length are properly located, while in other sections they are placed on the sides of the roadway. The street has been paved for its full width in sections, while in other sections the pavement is only laid in the centre of the street; in the latter sections the curb is lacking. The grading called for in the resolution is partly required in the sidewalk spaces, the same through portions of the street not having been shaped, and I am also advised that some grading will be required in the roadway, the existing grade not fully coinciding with that established in 1903.

I see no reason why this improvement should not be authorized, and would recommend such action, the work to be done comprising the following:

10,000 cubic yards filling.  
13,900 linear feet new and old curbing.  
85,000 square feet flagging.

The estimated cost of construction is \$51,000, and the assessed valuation of the property to be benefited is \$444,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 20th day of September, 1905, and approved by the President of the Borough of Queens on the 20th day of September, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb and recurb with concrete and flag with bluestone the sidewalks and crosswalks of Grand street, from Maiden lane to the Kings County line, in the Second Ward of the Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$51,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$444,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING LAWRENCE STREET, QUEENS.

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

*In the Local Board of the Newtown District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb, flag and lay crosswalks on Lawrence street, from Flushing avenue to Wolcott avenue, in the First Ward of the Borough of Queens; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 22d day of May, 1906.

Alderman Clifford and Lawrence Gresser, Commissioner of Public Works, voting in favor thereof.

Attest:

HERMAN RINGE, Secretary.

Approved this 22d day of May, 1906.

JOSEPH BERMEL,  
President of the Borough of Queens.

REPORT No. 4354.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
DECEMBER 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 22, 1906, initiating proceedings for grading, curbing and flagging Lawrence street, between Flushing and Wolcott avenues, in the First Ward.

This resolution affects a length of nearly three-fourths of a mile of Lawrence street, proceedings for acquiring title to which between Flushing and Winthrop avenues were authorized on May 26, 1905. The oaths of the Commissioners of Estimate and Assessment in this proceeding were filed on June 6 last. The street is not in use at the present time, with the exception of a short section in the vicinity of Potter avenue and the block between Hoyt and Flushing avenues. In the former of these sections the roadway has been roughly shaped, and in the latter a wagon path is in use. A few houses have been erected along the portion of the street which is in use, but none of them encroaches upon the street lines.

I see no reason why this resolution should not be approved, and such action is recommended, the work to be done comprising the following:

10,000 cubic yards excavation.  
12,000 cubic yards filling.  
7,900 linear feet curbing.  
30,000 square feet flagging.

The estimated cost of construction is \$31,000, and the assessed valuation of the property to be benefited is \$97,860.

Since this improvement covers the entire length of the street affected by the opening with the exception of one block, I would recommend that title to the entire length of the street be vested in the City on March 1, 1907.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment on the 26th day of May, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Lawrence street, from Flushing avenue to Winthrop avenue, in the Borough of Queens, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said Lawrence street, and the oaths of said Commissioners of Estimate and Assessment were duly filed, as required by law, on the 6th day of June, 1906, therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 900 of the Greater New York Charter, directs that upon the 1st day of March, 1907, the title to each and every piece or parcel of land lying within the lines of said Lawrence street, from Flushing avenue to Winthrop avenue, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 22d day of May, 1906, and approved by the President of the Borough of Queens on the 22d day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb, flag and lay crosswalks on Lawrence street, from Flushing avenue to Wolcott avenue, in the First Ward of the Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$31,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$97,860, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### TEMPORARY SEWER AT THE FOOT OF ELIZABETH STREET, ETC., RICHMOND.

The following resolution of the Local Board of Staten Island, Borough of Richmond, and report of the Chief Engineer were presented:

*In the Local Board of the Staten Island District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a temporary combined sewer through easement at the foot of Elizabeth street, from Bay street to end of pier, for about 1,048 feet; in Bay street, from Sands street to Hannah street; in Grant street, from Bay street to Van Duzer street; in Elizabeth street, from Bay street to Van Duzer street; in Van Duzer street, from Elizabeth street to William street, and from Grant street to Swan street; in William street, from Van Duzer street to Jackson street; in Jackson street, from William street to unnamed street; in unnamed street, from Jackson street to St. Paul's avenue; in St. Paul's avenue, from unnamed street to Cebra avenue; in Cebra avenue, from St. Paul's avenue to Ward avenue; in Ward avenue, from Cebra avenue to Austin place, with the necessary manholes, receiving basins, etc., in the Second Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Staten Island District on the 2d day of October, 1906, all the members being present and voting in favor thereof.

Attest:

MAYBURY FLEMING, Secretary.

Approved this 23d day of October, 1906.

GEORGE CROMWELL,  
President of the Borough of Richmond.

REPORT No. 4606.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 2, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Staten Island District, Borough of Richmond, adopted on October 2, 1906, initiating proceedings for the construction of temporary sewers in the following streets:

Bay street, between Sands street and Hannah street.  
Grant street, between Bay street and VanDuzer street.  
Elizabeth street, between Bay street and VanDuzer street.  
VanDuzer street, between Elizabeth street and William street.  
VanDuzer street, between Grant street and Swan street.  
William street, between VanDuzer street and Jackson street.  
Jackson street, between William street and an unnamed street.  
Unnamed street, between Jackson street and St. Paul's avenue.  
St. Paul's avenue, between an unnamed street and Cebra avenue.  
Cebra avenue, between St. Paul's avenue and Ward avenue.  
Ward avenue, between Cebra avenue and Austin place.

Together with an outlet sewer extending from the junction of Elizabeth street and Bay street to the pier line opposite the foot of Elizabeth street.

On November 16, 1906, a map showing the temporary sewers described in this resolution was adopted by the Board of Estimate and Apportionment.

Title to the unnamed street extending from Jackson avenue to St. Paul's avenue was acquired under proceedings confirmed on July 10, last. On December 14, last, proceedings were authorized for acquiring an easement to the land required for the outlet of this system, but the owners of the property have given consent for the construction of the sewers pending the determination of the awards to be paid them under this proceeding. No one of the other streets has yet been legally opened and no one of them, with the exception of Bay street, has yet been placed upon the map of the City. With the resolution, however, there are presented affidavits showing that all of the streets named and not yet legally opened have been in use for periods ranging upward from twenty years, these affidavits including Bay street as now in use. The lines of Bay street as mapped do not agree with the lines of the street as now in use, but the map shows that the lines of the sewer will fall wholly within that portion of the street which is unquestionably dedicated.

This improvement relates to the Stapleton section and is one very much needed, a large population being at the present time without sewerage facilities. The total length of the system provided under the resolution is a little over a mile and a half. I would recommend the approval of the resolution, the work to be done comprising the following:

437 linear feet 16-inch cast iron pipe sewer.  
340 linear feet 6 foot 6 inch concrete sewer.  
250 linear feet 6 foot 3 inch concrete sewer.  
204 linear feet 4 foot 8 inch concrete sewer.  
413 linear feet 4 foot 6 inch concrete sewer.  
200 linear feet 3 foot 10 inch concrete sewer.  
252 linear feet 3 foot 4 inch concrete sewer.  
138 linear feet 2 foot 6 inch concrete sewer.  
185 linear feet 3 foot 2 inch by 4 foot 9 inch concrete sewer.  
387 linear feet 2 foot 10 inch by 4 foot 3 inch concrete sewer.  
518 linear feet 2 foot 8 inch by 4 foot concrete sewer.  
241 linear feet 2 foot 6 inch by 3 foot 9 inch concrete sewer.  
608 linear feet 2 foot 4 inch by 3 foot 6 inch concrete sewer.  
420 linear feet 2 foot 3 inch by 3 foot 4½ inch concrete sewer.  
415 linear feet 2 foot 2 inch by 3 foot 3 inch concrete sewer.  
865 linear feet 2 foot by 3 foot concrete sewer.  
381 linear feet 1 foot 10 inch by 2 foot 9 inch concrete sewer.  
722 linear feet 1 foot 8 inch by 2 foot 6 inch concrete sewer.  
802 linear feet 18-inch pipe sewer.  
180 linear feet 15-inch pipe sewer.  
148 linear feet 12-inch pipe sewer.  
59 receiving basins.  
47 manholes.

The estimated cost of construction is \$77,600, and the assessed valuation of the property to be benefited is \$1,885,725.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

In the Board of Estimate and Apportionment.

A copy of a resolution of the Local Board of the Staten Island District, duly adopted on the 2d day of October, 1906, and approved by the President of the Borough of Richmond on the 23d day of October, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct a temporary combined sewer through easement at the foot of Elizabeth street, from Bay street to end of pier, for about 1,048 feet; in Bay street, from Sands street to Hannah street; in Grant street, from Bay street to VanDuzer street; in Elizabeth street, from Bay street to VanDuzer street; in VanDuzer street, from Elizabeth street to William street, and from Grant street to Swan street; in William street, from VanDuzer street to Jackson street; in Jackson street, from William street to unnamed street; in unnamed street, from Jackson street to St. Paul's avenue; in St. Paul's avenue, from unnamed street to Cebra avenue; in Cebra avenue, from St. Paul's avenue to Ward avenue; in Ward avenue, from Cebra avenue to Austin place, with the necessary manholes, receiving basins, etc., in the Second Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$77,600, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$1,885,725, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the President of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### EXTENDING UNIVERSITY PARK, THE BRONX.

The following communications from the President of the Borough of The Bronx and the Comptroller were presented, and the matter was laid over:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
January 3, 1907.

Board of Estimate and Apportionment, Mr. JOSEPH HAAG, Secretary:

GENTLEMEN—Under date of November 16, 1905, there was adopted by the Local Board of Morrisania, Twenty-fourth District, a resolution "for taking from file section 16 of the final maps and profiles of the Borough of The Bronx and amending the same by showing thereon an extension of the park located at West One Hundred and Eighty-first street, between Cedar avenue and Sedgwick avenue, and for laying out of a park approach at the northerly boundary of said extension from Cedar avenue to the Harlem terrace at a width of 50 feet, and it is recommended that the entire cost and expense of this improvement be borne and paid for by The City of New York."

The Board of Estimate and Apportionment referred this proposed park extension to a Special Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of The Bronx.

I concur in the report made by the Comptroller as to this improvement, as follows: "In view of the fact that the Chancellor of the New York University has made considerable effort to obtain the property in question, I would respectfully recommend that your Board take up the question in order to determine whether the entire expense for the acquisition of the said property should be borne by the City, or whether there should be an assessment upon the abutting property in the acquisition of the same. If it should be deemed advisable by your Board that the entire expense for the acquisition shall be borne by the City, I would respectfully recommend that the map or plan of The City of New York be changed by laying out the property in question," provided there is no assessment to be levied on abutting property.

Yours truly,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
December 26, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—Your Board, at its meeting held May 18, 1906, on the motion of the President of the Borough of The Bronx, laid over the matter of the laying out of an extension of what is known as University Park, lying between Sedgwick avenue, Cedar avenue and the prolongation of the northerly line of West One Hundred and Eighty-first street, in the Borough of The Bronx, the matter having been referred to a special committee composed of the President of the Borough of The Bronx, the Comptroller and the Engineer of the Board at a meeting of the Board of Estimate and Apportionment held May 9, 1906. A report of the Comptroller and the Chief Engineer is printed in the minutes of the Board of Estimate and Apportionment (see minutes, Estimate and Apportionment, 1906, page 1207).

A communication was transmitted to the President of the Borough of The Bronx, under date of October 23, 1906, in order that he would inform me of his views in relation to the matter, in order that the same could again be presented to your Board for action, and in reply thereto, under date of October 31, 1906, he transmits a report of the Chief Engineer of the Borough of The Bronx in which it is stated that this matter was recommended by the Local Board as an addition to the University Park Extension, and that it was also recommended, on November 16, 1905, that a park approach be laid out between Cedar avenue and Harlem river terrace, so as to make a direct connection between the University Heights station and the University through this park and park approach, and concludes stating that this approach improvement seems to be a very desirable one, and he believes that it should be carried out, and that the expense will not be very great considering the amount of benefit which will be derived.

The Chief Engineer of the Board of Estimate and Apportionment, in recommending that a public hearing be had in relation to changing the map of the city by extending the limits of the park commonly known as University Park, lying between Sedgwick avenue and Cedar avenue, and southerly of the northerly side of West One Hundred and Eighty-first street produced, and also the laying out of a street fifty feet in width between Cedar avenue and Harlem river terrace, states that a new station is now being built at West One Hundred and Eighty-fourth street, or Fordham Heights, by the New York Central and Hudson River Railroad Company, it being erected as a part of the plan for the elimination of grade crossings along the lines of the said railroad, the present station being located somewhat further to the north at the crossing of Fordham road. He further states that the City has already laid out and acquired as a park the steep slope in front of the University, between Sedgwick avenue on the east and Cedar avenue and the Harlem river terrace on the west, and that there are several hundred students at the University who use this station every day, and when there are important athletic games on the University field there are thousands of people who are obliged to follow a circuitous route to reach this field from either the present or the proposed station.

The addition to the park has an average length of about 240 feet and an average width of about 200 feet, equivalent to 19½ city lots of 25 by 100 feet each, the present assessed valuation of which is \$23,500, all of which is for land, there being no improvements.

The Chief Engineer states that the street which it is proposed to lay out is 50 feet in width, and the grade would be such that it would be almost prohibitive for vehicles, although they might use it, so that a greater width is not necessary, and even a lesser width may answer the purpose.

In view of the fact that the Chancellor of the New York University has made considerable effort to obtain the property in question, I would respectfully recommend that your Board take up the question in order to determine whether the entire expense for the acquisition of the said property should be borne by the City, or whether there should be an assessment upon the abutting property in the acquisition of the same. If it should be deemed advisable by your Board that the entire expense for the acquisition shall be borne by the City, I would respectfully recommend that the map or plan of The City of New York be changed by laying out the property in question.

Respectfully submitted,

H. A. METZ, Comptroller.

#### CHANGE OF PLAN, MAP "O," SEWERAGE DISTRICT 37, BROOKLYN.

The following communication from the President of the Borough of Brooklyn and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
Brooklyn, December 27, 1906.

To the Honorable Board of Estimate and Apportionment, Manhattan, N. Y.:

GENTLEMEN—I forward to you herewith for adoption by your Board sketch showing change of plan, Map "O," District 37, Bureau of Sewers, Borough of Brooklyn, in order that the same may be approved by your Board. Three copies of this plan are now in the hands of the Chief Engineer, who wrote me relative to the matter on December 22, 1906.

Yours respectfully,

BIRD S. COLER,  
President, Borough of Brooklyn.

REPORT No. 4715.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 4, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of Brooklyn, bearing date of December 27, 1906, requesting the approval of a change in the drainage plan of the City affecting Map O, District 37.

The change proposed affects the westerly half of the block of Lexington avenue, between Stuyvesant and Reid avenues, and provides for increasing the size of the sewer from 9 inches to 10 inches. It appears that 9-inch pipe is not obtainable in the market at the present time, and the owners of property abutting upon the street are desirous of building a sewer at once under a private contract, and desire to make it conform with the legal size.

I see no reason why this change in the map should not be approved, and would recommend such action.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Brooklyn, entitled "Change of Plan—Map 'O,' Dist. 37," and dated December 7, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### CHANGE OF LINES OF VAN ALST AVENUE, QUEENS.

The President of the Borough of Queens asked unanimous consent for the present consideration of a resolution fixing a hearing for changing the lines of Van Alst avenue, in the Borough of Queens.

No objection being made, the following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

#### In the Local Board of the Newtown District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To change the lines of Van Alst avenue, between Hoyt avenue and Winthrop avenue, by moving both lines thereof 25 feet further to the east, in the First Ward of the Borough of Queens; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 18th day of July, 1906.

Alderman Clifford, Alderman Herold and Joseph Bermel, President of the Borough of Queens, voting in favor thereof.

Approved this 19th day of July, 1906.

JOSEPH BERMEI,

President of the Borough of Queens.

REPORT NO. 4565.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
December 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Newtown District, Borough of Queens, on July 18, 1906, provides for changing the lines of Van Alst avenue, between Hoyt and Winthrop avenues, by moving the street 25 feet east of its present position.

Van Alst avenue was originally laid out upon the map of Long Island City at a width of 150 feet, and on June 23, 1905, after a public hearing, a plan was adopted reducing the width of this street from 150 feet to 100 feet, between Hoyt and Winthrop avenues, this width agreeing with that of the street south of Hoyt avenue. The owners of the abutting property are very anxious to improve this street at their expense under private contract, but upon investigation it was found that directly in the centre of the street as now laid out there are several large gas mains. I am also advised that a franchise already exists for the laying of a double-track surface railroad in this street. To place this railroad immediately over the gas mains would probably be unwise; to change the locations of the gas mains would be difficult and would require a long time. The East River Land Company, owning most of the abutting property on both sides of the street, in order to expedite this improvement, has asked for the shifting of these lines 25 feet eastwardly, and if this were done the large gas mains in the street would occupy the same position relative to the street lines that they do south of Hoyt avenue. The connection with the portion of the street south of Hoyt avenue will be as advantageous if the lines are changed as it is at present, and inasmuch as the abutting owners appear to favor the plan I can see no objection, and it is recommended that the plan submitted be approved after the necessary public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the lines of Van Alst avenue, between Hoyt and Winthrop avenues, by moving the street 25 feet east of its present position, in the Borough of Queens, City of New York, more particularly described on map or plan submitted by the President of the Borough of Queens.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of February, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of February, 1907.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Board then took up the consideration of financial matters.

JOSEPH HAAG, Secretary.

## METEOROLOGICAL OBSERVATORY OF THE DEPARTMENT OF PARKS.

Abstract of Registers from Self-recording Instruments for the Week Ending February 16, 1907.

Central Park, The City of New York—Latitude, 40° 45' 58" N. Longitude, 73° 57' 58" W. Height of Instruments Above the Ground, 53 feet; Above the Sea, 97 feet.

Robert F. Ferguson	165 60
Addison Johnson, Agent	1,040 70

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows: From December 30 to January 5, inclusive, 39 operations were performed at Bellevue, 8 at Gouverneur, 6 at Harlem and 3 at Fordham Hospital, at all of which the Attending Surgeons or their assistants were present.

It is recommended that the City be asked to pave Crotona avenue, Southern Boulevard and Cambreling avenue, as they extend north from Pelham avenue, so as to give proper roads for entrance to the new Fordham Hospital.

The present balustrade being too low for proper protection, it is recommended that the architect be requested to prepare specifications for a railing on the stone balustrade on the roof of the new Fordham Hospital, and also for awning supports.

It is recommended that the estimate of the Gamewell Fire Alarm Telegraph Company on installing a standard fire alarm signal box in the new Harlem Hospital, at \$427, be accepted.

It is recommended that the estimate of the New York Telephone Company on supplying a switchboard, 4 trunk lines, 52 extension stations and 16,000 local messages for the new Fordham Hospital, at \$924 a year, be accepted.

Estimates on placing linoleum on the second, third and fourth floors of the old wing of Gouverneur Hospital have been received from Messrs. Lord & Taylor, \$952.80, and Messrs. W. & J. Sloane, \$717.27.

On the morning of January 7 an ambulance call was answered by Dr. Atkins for a patient named Louis Schmidt. The doctor stated that the boy impressed him as simply hysterical, but he brought him to the hospital to get the opinion of the Admitting Physician. The Admitting Physician was not impressed that the boy was very ill and had him returned to his home, confirming the diagnosis of hysteria. The same evening the boy was again admitted, with a diagnosis of opium poisoning, which was made on the statement of friends that he had been smoking opium. He died during the night. There was a rumor that the boy was bitten by a dog six months ago and that the case was one of rabies. The Coroner made a post mortem examination and found a condition called status lymphaticus, which is associated with no well marked symptoms and in which sudden death is likely to occur. Dr. Norris, Director of Laboratories, was present at the examination and has made a preliminary test, but cannot find any evidence of rabies.

On the night of January 8 two patients in Ward 27, while delirious, left their beds. The one was found on the floor above and the other jumped out of the window, sustaining slight injuries. The matter has been referred to the Medical Board to determine the means necessary to protect patients from the possibility of accidents and to fix the responsibility in this case.

Mr. Homer Folks, of the State Charities Aid Association, asks your permission to have one of his investigators, who is studying the ambulance service of New York City, ride on an ambulance during one morning.

At about 1:15 this afternoon Mr. Philip Smith, while at work in the Bellevue storeroom, noticed smoke coming over a partition between the storeroom and a room in which the hot water tank is located. On opening the door, a burning box was found, which communicated fire to a box of blankets, causing a great deal of smoke and some fire. The local fire brigade extinguished the fire before the Fire Department arrived, but the firemen pulled down all the plaster work and stopped the smoldering along some of the beams.

The rules for the Admitting Physicians are herewith submitted for approval.

On motion, duly seconded, it was

Resolved, That the President of the Borough of The Bronx be requested to have Crotona avenue, Southern Boulevard and Cambreling avenue, as they extend north from Pelham avenue, paved so that proper roads may be provided for an entrance to the new Fordham Hospital.

On motion, duly seconded, it was

Resolved, That the architect be requested to prepare specifications for a railing to be placed on the stone balustrade on the roof of the new Fordham Hospital, and for awning supports to project above the same, the present balustrade being too low to afford protection to the patients, and it being desired to have means of covering the roof with canvas and providing shelter against the heat of the sun in summer.

On motion, duly seconded, it was

Resolved, That the estimate of the Gamewell Fire Alarm Telegraph Company on installing a standard fire alarm signal box in the New Harlem Hospital, at a cost of \$427, be and it hereby is accepted.

On motion, duly seconded, it was

Resolved, That the estimate of the New York Telephone Company on supplying a switchboard, 4 trunk lines, 52 extension stations, and 16,000 local messages for the new Fordham Hospital, at \$924 a year, be and it hereby is accepted, a discount of 35 per cent. being allowed.

On motion, duly seconded, it was

Resolved, That the matter of selecting and supplying linoleum for the second, third and fourth floors of the old wing of Gouverneur Hospital be and it hereby is referred to the President and General Medical Superintendent.

On motion, duly seconded, it was

Resolved, That one of the investigators of the State Charities Aid Association be allowed to ride on an ambulance of this Department during one morning in order to give that Society an opportunity of studying the ambulance service of this City.

#### Reports of Committees.

Dr. Brannan reported receipt of the following bids on January 8:

For all Labor and Material Required for the Erection and Completion of a New Training School for Women Nurses.

John H. Parker Company	\$498,975 00
Buckley Realty Construction Company	544,100 00
Daniel J. Ryan	621,800 00
Edward Corning Company	575,000 00

Luke A. Burke & Sons Company	552,734 00
John Kennedy & Co.	509,000 00
Kelly & Kelley, Inc.	535,500 00
J. C. Vreeland Building Company	555,000 00
Richard E. Henningham	543,950 00
Waters & O'Connell	565,000 00
F. T. Nesbit & Co., Inc.	540,000 00
Thomas B. Leahy Building Company	577,000 00
William Crawford	631,921 00
P. J. Brennan & Son	560,000 00

On motion, duly seconded, it was

Resolved, That the bid of the John H. Parker Company be accepted, it being the lowest bid received; and that the contract for all labor and material required for the erection and completion of a new training school for women nurses be and the same is hereby awarded to the John H. Parker Company, No. 225 Fourth avenue, subject to the approval of the sureties by the Comptroller of the City of New York, in accordance with the provision of section 420, chapter 10, of the Greater New York Charter.

Mr. Paulding reported receipt of the following bids on January 9:

Meats	
Otto Lambert	\$62,665 00
Armour & Co.	69,971 50
Strauss Brothers	68,078 00
A. M. Levy	69,516 00
Sayles, Zahn Company	62,854 85

On motion, duly seconded, it was

Resolved, That all bids on meats be rejected on account of mistakes in arithmetic made by the bidders, and that advertisements be again inserted in the City Record calling for bids to be opened on Tuesday, January 22, 1907.

Dr. Brannan reported receipt of bids on December 28, for furniture, bedding, etc., for the new Fordham and Harlem Hospitals and the new wing of Gouverneur Hospital, and on motion, duly seconded, it was

Resolved, That the contracts be awarded as follows:

New Fordham Hospital.	
Frank A. Hall—	
Line 1	\$1,080 00
Hospital Supply Company—

## Communications.

A communication, dated January 4, was received from the Mayor's office, referring to the Board of Trustees a communication, dated December 29, from the President of the Harlem Board of Commerce relative to the new Harlem Hospital.

On motion, duly seconded and carried, this communication was referred to the President for reply.

A communication, dated January 8, was received from Messrs. Parish & Schroeder, calling attention to paragraph 35 of the specifications of the Nurses' Training School building in regard to the cost of temporary heating.

On motion, duly seconded and carried, this communication was placed on file.

A communication, dated January 8, was received from Messrs. Parish & Schroeder, requesting the Trustees to provide for the iron supports for the fifth floor ceiling and an electric pump, for the Nurses' Training School building.

On motion, duly seconded, it was

Resolved, That the architects be asked why these extras were not provided, and for a further explanation of their letter.

A communication, dated January 4, was received from Messrs. Parish & Schroeder, asking for a definition of the term "working days" used in the contract for the Nurses' Training School building.

On motion, duly seconded, it was

Resolved, That the architects be informed that the understanding of the Board of Trustees is that "working days" includes all calendar days, and that they suggest to the contractors the incorporation of an understanding to that effect in the contract.

A communication, dated December 28, was received from Dr. William M. Polk, Dean and Director of Cornell University Medical College, asking permission to take a few students to the psychopathic wards of Bellevue Hospital on Wednesdays, at 4 o'clock.

On motion, duly seconded, this communication, together with the President's reply and a letter from Dr. Gregory, Resident Alienist, were placed on file, the action of the President in this matter being approved and indorsed by the Board.

A communication, dated January 9, was received from Messrs. McKim, Mead & White, with specifications for the proposed Pathological Department of the new Bellevue Hospital.

On motion, duly seconded, this communication was placed on file, and it was

Resolved, That the specifications be sent to the Department of Finance for approval.

## New Business.

Mr. Tierney reported upon the condition of the freight elevator at the new Harlem Hospital, and, on motion, duly seconded, it was

Resolved, That letters be sent to the architects, Messrs. Horgan & Slattery, and the consulting engineer, instructing them to have the contractor correct the mistake which has been made in installing the elevator.

## Unfinished Business.

Dr. Brannan reported upon the following bids for coal received on December 14, 1906:

## Bellevue Hospital.

	Buckwheat.	Stove.
H. S. Bowns.....	\$2 77	\$5 62
Curtis & Blaisdell.....	3 00	5 75
John H. Meyer.....	.....	5 90

## Gouverneur Hospital.

	Pea.	Stove.
Muhlenberg Coal Company.....	\$3 75	\$6 10
Curtis & Blaisdell.....	3 90	6 00
John H. Meyer.....	3 80	5 90

## Harlem Hospital.

	Egg.
O. J. Stephens.....	\$5 65
Curtis & Blaisdell.....	5 95
John H. Meyer.....	5 80

## Fordham Hospital.

	Pea.	Stove.
O. J. Stephens.....	\$4 15	\$5 95
Curtis & Blaisdell.....	3 95	6 30

On motion, duly seconded, it was

Resolved, That the bid of H. S. Bowns be accepted, it being the lowest bid received; and that the contract for furnishing and delivering to Bellevue Hospital 8,500 gross tons of buckwheat No. 1 and 300 gross tons of stove coal be and the same is hereby awarded to H. S. Bowns, No. 1 Broadway, subject to the approval of the sureties by the Comptroller of The City of New York, in accordance with the provision of section 420, chapter 10, of the Greater New York Charter.

The bid of Curtis & Blaisdell being informal, it was, on motion, duly seconded,

Resolved, That the bid of the Muhlenberg Coal Company be accepted, it being the lowest bid received; and that the contract for furnishing and delivering to Gouverneur Hospital 2,000 gross tons of No. 1 pea coal, white ash, and 60 gross tons stove coal, white ash, be and the same is hereby awarded to the Muhlenberg Coal Company, No. 231 South street, subject to the approval of the sureties by the Comptroller of The City of New York, in accordance with the provision of section 420, chapter 10, of the Greater New York Charter.

The bid of Curtis & Blaisdell for Fordham Hospital being informal, it was, on motion, duly seconded,

Resolved, That the bids of O. J. Stephens be accepted, they being the lowest bids received; and that the contract for furnishing and delivering to Harlem Hospital 2,250 gross tons of small egg coal, white ash, and to Fordham Hospital 1,500 gross tons of pea coal, white ash, and 45 tons of stove coal, white ash, be and the same is hereby awarded to O. J. Stephens, No. 441 East One Hundred and Thirty-eighth street, subject to the approval of the sureties by the Comptroller of The City of New York, in accordance with the provision of section 420, chapter 10, of the Greater New York Charter.

On motion, the Board adjourned.

J. K. PAULDING, Secretary.

## BOROUGH OF MANHATTAN

## WASHINGTON HEIGHTS DISTRICT.

At a meeting of the Board of Local Improvements of the Washington Heights District, held February 19, 1907, the following members were present:

Aldermen Meyers, Grifenhagen and President Ahern.

The President presented for the Board's consideration the matter of paving with asphalt block pavement West One Hundred and Seventy-eighth street, from Broadway to Buena Vista avenue.

Mr. J. N. Butterly appeared in favor.

On motion, this matter was laid over.

The President presented for the Board's consideration the matter of an alteration in the map or plan of The City of New York by including within the lines of West One Hundred and Fifty-seventh street a triangular plot of ground at the intersection of Broadway, Audubon place and One Hundred and Fifty-seventh street.

Representative of Mr. Adolph Lewinsohn appeared in the interest of shutting property owners.

On motion, this matter was referred to Alderman Grifenhagen for report.

The President presented for the Board's consideration the matter of laying out widening of Boulevard Lafayette, between One Hundred and Seventy-seventh and One Hundred and Eighty-first streets, and widening of One Hundred and Eighty-first street, between Boulevard Lafayette and Buena Vista avenue.

This matter was laid over for one week.

The President presented for the Board's consideration the matter of regulating, grading, curbing and flagging West One Hundred and Sixtieth street, from Broadway to Riverside drive.

Estimated cost, \$20,000. Assessed value of property affected, \$126,250.

On motion of Alderman Grifenhagen, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb, recurb, flag and reflag West One Hundred and Sixtieth street, from Broadway to Riverside drive, and construct necessary retaining wall and guard rail and lay necessary drain pipe in connection therewith; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

On motion of Alderman Grifenhagen resolution was adopted recommending to the Board of Estimate and Apportionment that title to West One Hundred and Seventy-eighth street, between Broadway and Haven avenue; West One Hundred and Seventy-ninth street, between Broadway and Haven avenue, and Haven avenue, between West One Hundred and Seventy-seventh and West One Hundred and Eighty-first streets, be vested in The City of New York.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

## BOROUGH OF MANHATTAN.

## BOWLING GREEN DISTRICT.

At a meeting of the Board of Local Improvements of the Bowling Green District, held February 19, 1907, the following members were present:

Alderman Fried and President Ahern.

On motion of Alderman Fried, resolutions for the following were introduced:

To repair sidewalk at No. 43 Montgomery street.

To repair sidewalk at No. 104 Washington street.

Which were adopted.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

## BOROUGH OF MANHATTAN.

## GREENWICH DISTRICT.

At a meeting of the Board of Local Improvements of the Greenwich District, held February 19, 1907, the following members were present:

Aldermen Moffitt, Olvany and President Ahern.

The President presented for the Board's consideration the matter of acquiring title for a new street from Broadway to Lafayette place through the block bounded by Broadway, Lafayette place, Astor place and Fourth street, said street commencing on the easterly side of Broadway, between Waverley place and Washington place, and continuing easterly to the westerly side of Lafayette place, so that a continuation of the proposed new street would be on a line with the present East Sixth street.

A communication was received from Mr. Rollin M. Morgan, representing the petitioners, requesting an adjournment.

On motion, the matter was laid over for two weeks.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

## EXECUTIVE DEPARTMENT.

Pursuant to statutory requirement, notice is hereby given that an act (Assembly Printed No. 22, Int. No. 22) has been passed by both branches of the Legislature, entitled:

An Act to provide for the expense of widening Livingston street, in the Borough of Brooklyn, City of New York.

Further notice is hereby given, that a public hearing upon such bill will be held at the Mayor's office, in the City Hall, in The City of New York, on Thursday, February 28, 1907, at 10.30 o'clock a. m.

Dated, City Hall, New York, February 25, 1907.

GEORGE B. McCLELLAN,  
Mayor.

Pursuant to statutory requirement, notice is hereby given that an act (Assembly No. 18, Int. No. 18) has been passed by both branches of the Legislature, entitled:

An Act to amend the Greater New York Charter in relation to appropriations in the Brooklyn Institute of Arts and Sciences.

Further notice is hereby given that a public hearing upon such bill will be held at the Mayor's office, in the City Hall, in The City of New York, on Wednesday, February 27, 1907, at 10.30 o'clock a. m.

Dated City Hall, New York, February 21, 1907.

GEORGE B. McCLELLAN,  
Mayor.

This bill will be the first one heard at that time.

Pursuant to statutory requirement, notice is hereby given that an act (Senate No. 207, Int. No. 200) has been passed by both branches of the Legislature, entitled:

An Act to provide that proceedings and applications under chapter four hundred and ninety of the laws of eighteen hundred and eighty-three, entitled "An Act to provide new reservoirs, dams and a new aqueduct, with the appurtenances thereto, for the purpose of supplying The City of New York with an increased supply of pure and wholesome water," and the acts amendatory thereof and supplemental thereto, shall be taken and made in the Supreme Court in the Judicial District in which the lands affected or acquired are situated.

Further notice is hereby given that a public hearing upon such bill will be held at the Mayor's office, in the City Hall, in The City of New York, on Wednesday, February 27, 1907, at 10.30 o'clock a. m.

Dated City Hall, New York, February 21, 1907.

GEORGE B. McCLELLAN,  
Mayor.

This bill will be the second one heard at that time.

MONDAY, MARCH 18, 1907.

FOR THE CONSTRUCTION OF PORTIONS OF THE PEEKSKILL DIVISION OF THE CATSKILL AQUEDUCT, BETWEEN HUNTER'S BROOK AND FOUNDRY BROOK VALLEYS, IN THE TOWNS OF CORTLANDT AND YORKTOWN, WESTCHESTER COUNTY, AND PHILLIPSTOWN, PUTNAM COUNTY, NEW YORK.

At the above place and hour the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable.

This work is authorized by chapter 724, Laws of 1905, of the State of New York.

The principal items in the Engineer's estimate of the work are as follows:  
1,053,300 cubic yards excavation in open cut.  
659,300 cubic yards refilling and embankment.  
137,000 cubic yards excavation and replacing of top soil for surface dressing.  
170,000 cubic yards excavation in tunnels.  
211,000 cubic yards concrete masonry, for aqueduct in open cut.  
43,000 cubic yards concrete masonry in tunnels.

340,000 barrels Portland cement.  
125,000 pounds steel for reinforcing concrete.  
84,000 linear feet stone boundary walls.  
63,000 linear feet fences and guard rails.  
For other items see form of contract.

The bond required for faithful performance of the contract will be Five Hundred Thousand Dollars (\$500,000). No bid will be received or considered unless accompanied by either a certified check upon a National or State bank in the City of New York, drawn to the order of the Comptroller, or money to the amount of Seventy-five Thousand Dollars (\$75,000).

Time allowed for the completion of the work is 45 months after signing of contract.

Copies of a pamphlet containing further information for bidders, forms for proposal, contract and bond, approved by the Corporation Counsel, and specifications can be obtained at the office of the Board of Water Supply on application in person or by mail. Pamphlet of drawings may be obtained on payment of Five Dollars (\$5).

J. EDWARD SIMMONS,  
President;  
CHAS. N. CHADWICK,  
CHAS. A. SHAW,  
Board of Water Supply.

J. WALDO SMITH,  
Chief Engineer.  
THOS. HASSETT,  
Secretary.

See General Instructions to Bidders on the last page, last column, of the "City Record."

#### BOROUGH OF RICHMOND.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, RICHMOND BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, N. Y., February 25, 1907.

NOTICE IS HEREBY GIVEN, IN ACCORDANCE WITH SECTION 432 OF THE GREATER NEW YORK CHARTER, that a petition signed by residents of the Staten Island District for Local Improvements, to construct outlet in Nicholas avenue, as extended, from Richmond terrace to the pier line, in the Third Ward, has been presented to me and is on file in this office for inspection, and that a meeting of the Local Board will be held in Richmond Borough Hall, at St. George, Borough of Richmond, on the 12th day of March, 1907, at 10.30 o'clock in the forenoon, at which meeting said petition will be submitted to said Board.

GEORGE CROMWELL,  
President of the Borough.

MAYBURY FLEMING,  
Secretary.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, RICHMOND BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, N. Y., February 25, 1907.

NOTICE IS HEREBY GIVEN, IN ACCORDANCE WITH SECTION 432 OF THE GREATER NEW YORK CHARTER, that a petition signed by residents of the Staten Island District for Local Improvements, to construct a sanitary sewer in John street, from Innis street to Richmond terrace, in the Third Ward, has been presented to me and is on file in this office for inspection, and that a meeting of the Local Board will be held in Richmond Borough Hall, at St. George, Borough of Richmond, on the 12th day of March, 1907, at 10.30 o'clock in the forenoon, at which meeting said petition will be submitted to said Board.

GEORGE CROMWELL,  
President of the Borough.

MAYBURY FLEMING,  
Secretary.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, RICHMOND BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL be received by the President of the Borough of Richmond at the above office until 12 o'clock m. on

TUESDAY, MARCH 5, 1907.

##### Borough of Richmond.

No. 1. FOR FURNISHING AND DELIVERING COAL AT THE COUNTY CLERK'S OFFICE, COURT HOUSE RICHMOND, S. I.; STAPLETON AND NEW BRIGHTON VILLAGE HALLS AND THE BOROUGH HALL, ST. GEORGE, S. I.

The Superintendent's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required is as follows:

30 tons of stove coal to County Clerk's Office, Richmond, S. I.  
30 tons of stove coal to Court House, Richmond, S. I.  
25 tons of stove coal to Village Hall, Stapleton, S. I.  
25 tons of stove coal to Village Hall, New Brighton, S. I.  
900 tons of pea coal to the Borough Hall, St. George, S. I.

The time for the completion of the work and the full performance of the contract is before November 30, 1907.

The amount of security required is One Thousand Eight Hundred and Ninety-five Dollars (\$1,895).

No. 2. FOR FURNISHING AND DELIVERING COAL AND WOOD AT THE WEST NEW BRIGHTON CREMATORY.

The estimate of the quantity and quality of the material and the nature and extent required is as follows:

160 tons (2,240 pounds per ton) of coal.  
7 cords of wood.

The time for the completion of the work and the full performance of the contract is by or before December 31, 1907.

The amount of security required is Three Hundred and Fifty Dollars (\$350).

The contracts must be bid for separately, and the bids will be compared and the contracts awarded at a lump or aggregate sum for each contract.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said President. Other information may be obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, St. George, Borough of Richmond.

GEORGE CROMWELL,  
President.

The City of New York, February 11, 1907.

## DEPARTMENT OF TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANHATTAN, HALL OF RECORDS, JANUARY 12, 1907.

NOTICE IS HEREBY GIVEN, AS REQUIRED BY THE GREATER NEW YORK CHARTER, that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, comprising The City of New York," will be open for public inspection, examination and correction on the second Monday of January, and will remain open up to and including the 31st day of March, 1907.

During the time that the books are open to public inspection application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the main office of the Department of Taxes and Assessments, Hall of Records, No. 31 Chambers street.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Masonic Building, Bay street, Stapleton, S. I.

Corporations in all the boroughs must make application only at the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the borough where such person resides, and in case of a non-resident carrying on business in the City of New York at the office of the Department in the borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturday, when all applications must be made between 10 a. m. and 12 noon.

LAWSON FURDY,

President;

FRANK RAYMOND,

NICHOLAS MULLER,

CHARLES PUTZEL,

JAMES H. TULLY,

THOS. L. HAMILTON,

Commissioners of Taxes and Assessments.

(f23,m1)

## BOARD OF ASSESSORS.

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are laid in the office of the Board of Assessors for examination by all persons interested, viz.:

### BOROUGH OF MANHATTAN.

List 8901, No. 1. Alteration and improvement to outlet sewer in Broad street, between East river and Wall street, and connecting sewers in South, Front, Water, Pearl, Bridge, Stone, South William and Beaver streets.

List 8993, No. 2. Reregulating, regrading, re-curb and reflagging Edgecombe avenue, from One Hundred and Forty-seventh to One Hundred and Fifty-fourth streets.

List 9089, No. 3. Paving Audubon avenue, from West One Hundred and Seventy-fifth street to Fort George avenue.

List 9090, No. 4. Paving with asphalt blocks, curbing and re-curb West One Hundred and Eighty-fourth street, between Amsterdam and Wadsworth avenues.

List 9145, No. 5. Repairing sidewalks at No. 40 East One Hundred and Thirty-third street.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Broad street, from Wall street to the East river; both sides of Nassau street, from Wall street to Cedar street; north side of Pine street, from Broadway to a point about 120 feet east of Nassau street; south side of Pine street, from Broadway to William street; both sides of Wall street, from Broadway to William street; both sides of Exchange place, from Broadway to Hanover street; both sides of Beaver street, from Broadway to Hanover street; both sides of Battery place, from Broadway to Whitehall street; both sides of Marketfield street, from Beaver to Broad street; both sides of Stone street, from Whitehall street to Old Slip; both sides of Bridge street, from State street to Broad street; both sides of Pearl street, from State street to Coenties Slip; both sides of Water street, from Whitehall street to Coenties Slip; both sides of Front street, from Whitehall street to Coenties Slip; north side of State street, from Whitehall street to Beaver street; east side of Broadway, from Beaver street to Pine street; both sides of Whitehall street, from Beaver street to the East river; both sides of South street, from Wall street to Beaver street; both sides of South William street, from Broad street to Old Slip; both sides of William street, from Beaver to Wall street; west side of William street, from Wall street to Pine street; both sides of Coenties Slip, from Pearl street to the East river.

No. 2. Both sides of Edgecombe avenue, from One Hundred and Forty-fifth street to One Hundred and Fifty-fourth street, and to the extent of half the block at the intersecting streets.

No. 3. Both sides of Audubon avenue, from One Hundred and Seventy-fifth street to Fort George avenue, and to the extent of half the block at the intersecting streets and avenues.

No. 4. Both sides of One Hundred and Eighty-fourth street, from Amsterdam avenue to Wadsworth avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

No. 5. The southeast corner of Madison avenue and One Hundred and Thirty-third street, known as Lot No. 50 of Block 1757.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are re-

quested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 277 Broadway, New York, on or before March 26, 1907, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

ANTONIO ZUCCA,  
PAUL WEIMANN,  
JAMES H. KENNEDY,  
Board of Assessors.

WILLIAM H. JASPER,  
Secretary,  
No. 277 Broadway,  
City of New York, Borough of Manhattan,  
February 18, 1907.  
f19,m2

## BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT the Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out as a public place the block bounded by the Bowery, Pell street and Doyers street, and that portion of the block bounded by the Bowery, Doyers, Pell and Mott streets, fronting upon the westerly side of Doyers street, the change including the widening of the Bowery immediately above Chatham square by throwing into the street a portion of the land to be taken falling between the present street line and a straight line connecting the southwesterly corner of the Bowery and Pell street and the southernmost corner of the proposed public place, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 8, 1907, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on February 8, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out as a public place the block bounded by the Bowery, Pell street and Doyers street, and that portion of the block bounded by the Bowery, Doyers, Pell and Mott streets, fronting upon the westerly side of Doyers street, the change including the widening of the Bowery immediately above Chatham square by throwing into the street a portion of the land to be taken falling between the present street line and a straight line connecting the southwesterly corner of the Bowery and Pell street and the southernmost corner of the proposed public place, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at a point in the southerly line of Pell street distant 103 feet easterly from the easterly line of Mott street; thence southerly along the rear of the lots facing on Mott street, distance 133 feet; thence southeasterly, distance 225 feet, to a point in the westerly line of Chatham square distant 60 feet southerly from the southerly line of Doyers street; thence northerly along the westerly line of Chatham square, distance 60 feet, to the southerly line of Doyers street; thence northerly across Doyers street, distance 39 feet 6 inches, to the intersection of the westerly line of the Bowery and the northerly line of Doyers street; thence northerly along the westerly line of the Bowery, distance 193 feet, to the southerly line of Pell street; thence westerly along the southerly line of Pell street, distance 316 feet, to the point or place of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of March, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of March, 1907.

Dated February 23, 1907.  
JOSEPH HAAG,  
Secretary,  
No. 277 Broadway, Room 805.  
Telephone 3454 Worth.  
f23,m6

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out Foster avenue, between Coney Island avenue and Gravesend avenue, at a width of 80 feet; and to lay out East Third, East Fourth, East Fifth, East Sixth, East Seventh, East Eighth, East Ninth and East Tenth streets, between the southerly line of Parkville, as described in chapter 337 of the Laws of 1896, and the southerly line of Foster avenue, as it is proposed to establish this line, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 8, 1907, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 25, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out Foster avenue, between Coney Island avenue and Gravesend avenue, at a width of 80 feet; and laying out East Third, East Fourth, East Fifth, East Sixth, East Seventh, East Eighth, East Ninth and East Tenth streets, between the southerly line of Parkville, as described in chapter 337 of the Laws of 1896, and the southerly line of Foster avenue, as it is proposed to establish this line, in the Borough of Brooklyn, City of New York, more particularly described as follows:

### Foster Avenue.

The northerly line of Foster avenue, beginning at a point in the western line of Coney Island avenue at the intersection of the northern line of Foster avenue, as opened from Coney Island avenue to Flatbush avenue.

Thence westerly in a straight prolongation of the northern line of Foster avenue, as opened from Coney Island avenue to Flatbush avenue to the eastern line of Gravesend avenue.

The southern line of Foster avenue to be 80 feet from and parallel with the above described line.

### East Third Street.

The western line of East Third street to be a straight prolongation northerly of the western line of East Third street, as the same is laid

down on the Town Survey Commissioners' Map of Kings County to the southern line of Foster avenue.

The eastern line to be 60 feet from and parallel with the above described lines.

### East Fourth Street.

The western line of East Fourth street to be a straight prolongation northerly of the western line of East Fourth street, as the same is laid down on the Town Survey Commissioners' Map of Kings County, to the southern line of Foster avenue.

The eastern line to be 60 feet from and parallel with the above described line.

### East Fifth Street.

The western line of East Fifth street to be a straight prolongation northerly of the western line of East Fifth street, as the same is laid down on the Town Survey Commissioners' Map of Kings County, to the southern line of Foster avenue.

The eastern line to be 60 feet from and parallel with the above described line.

### East Seventh Street.

The western line of East Seventh street to be a straight prolongation northerly of the western line of East Seventh street, as the same is laid down on the Town Survey Commissioners' Map of Kings County, to the southern line of Foster avenue.

The eastern line to be 60 feet from and parallel with the above described line.

### East Eighth Street.

The western line of East Eighth street to be a straight prolongation northerly of the western line of East Eighth street, as the same is laid down on the Town Survey Commissioners' Map of Kings County, to the southern line of Foster avenue.

The eastern line to be 60 feet from and parallel with the above described line.

### East Ninth Street.

The western line of East Ninth street to be a straight prolongation northerly of the western line of East Ninth street, as the same is laid down on the Town Survey Commissioners' Map of Kings County, to the southern line of Foster avenue.

The eastern line to be 60 feet from and parallel with the above described line.

### East Tenth Street.

The western line of East Tenth street to be a straight prolongation northerly of the western line of East Tenth street, as the same is laid down on the Town Survey Commissioners' Map of Kings County to the southern line of Foster avenue.

The eastern line to be 60 feet from and parallel with the above described line.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of March, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of March, 1907.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to establish grades for the extension of Grand street, from Hooper street to the Williamsburg Bridge Plaza, and to change the grades of South First street, between the Grand street extension and Hooper street, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 8, 1907, at 10.30 a. m.,

at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on January 25, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by establishing grades for the extension of Grand street, from Hooper street to the Williamsburg Bridge Plaza, and by changing the grades of South First street, between the Grand street extension and Hooper street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

### Grand Street Extension.

The grade of the northerly curb of Grand street extension to be as follows:

Beginning at its intersection with the northwesterly curb line of South Fourth street, the elevation to be 37.51 feet, as paved;

1. Thence easterly to its intersection with the northwesterly curb line of Havemeyer street, the elevation to be 37.36 feet, as paved;

2. Thence easterly to its intersection with the southeasterly curb line of Havemeyer street, the elevation to be 36.96 feet, as paved;

3. Thence easterly to its intersection with the southeasterly curb line of South Third street, the elevation to be 31.77 feet;

4. Thence easterly to its intersection with the northwesterly curb line of South Third street, the elevation to be 30.65 feet, as paved;

5. Thence easterly to its intersection with the northwesterly curb line of Marcy avenue, the elevation to be 29.50 feet;

6. Thence easterly to its intersection with the southeasterly curb line of Marcy avenue, the elevation to be 28.70 feet, as paved;

7. Thence easterly to its intersection with the northwesterly curb line of Rodney street, the elevation to be 28.48 feet;

8. Thence easterly to its intersection with the northwesterly curb line of South Second street, the elevation to be 28.24 feet;

9. Thence easterly to its intersection with the northwesterly curb line of Keap street, the elevation to be 26.76 feet;

10. Thence easterly to its intersection with the northwesterly curb line of South First street, the elevation to be 17.15 feet, as paved;

11. Thence easterly to its intersection with the southeasterly curb line of Grand street, the elevation to be 18.63 feet, as paved.

The grade of the southerly curb of Grand street extension to be as follows:

Beginning at its intersection with the southeasterly curb line of Havemeyer street, the elevation to be 36.77 feet, as paved;

1. Thence easterly to its intersection with the southeasterly curb line of South Fourth street, the elevation to be 36.50 feet;

2. Thence easterly to its intersection with the northwesterly curb line of South Fourth street, the elevation to be 35.90 feet;

3. Thence easterly to its intersection with the northwesterly curb line of Marcy avenue, the elevation to be 36.28 feet, as paved;

4. Thence easterly to its intersection with the northwesterly curb line of South Third street, the elevation to be 28.29 feet;

5. Thence easterly to its intersection with the northwesterly curb line of Rodney street, the elevation to be 19.17 feet;

6. Thence easterly to its intersection with the southeasterly curb line of Rodney street, the elevation to be 18.98 feet;

7. Thence easterly to its intersection with the southeasterly curb line of South Second street, the elevation to be 18.60 feet;

8. Thence easterly to its intersection with the northwesterly curb line of South Second street, the elevation to be 18.42 feet;

9. Thence easterly to its intersection with the northwesterly curb line of Keap street, the elevation to be 17.15 feet;

10. Thence easterly to its intersection with the southeasterly curb line of Keap street, the elevation to be 17.09 feet;

11. Thence easterly to its intersection with the southeasterly curb line of South First street, the elevation to be 17.80 feet;

12. Thence easterly to its intersection with the northwesterly curb line of South First street, the elevation to be 18.05 feet;

13. Thence easterly 245 feet, more or less, to a point in the southerly curb line of Grand street extension, opposite the intersection of the northerly curb line of Grand street extension with the southeasterly curb line of Grand street, the elevation to be 19.13 feet;

14. Thence easterly to the intersection of the southerly curb line of Grand street extension with the northwesterly curb line of Hooper street, the elevation to be 19.92 feet, as paved.

### South First Street.

The grade of the northwesterly curb of South First street to be as follows:

Beginning at its intersection with the southerly curb line of Grand street extension, the elevation to be 18.05 feet;

1. Thence southeasterly to a point distant 105 feet northwesterly from the northwesterly building line of Hooper street, the elevation to be 21.00 feet as paved;

2. Thence southeasterly to Hooper street, the grade to remain as paved.

The grade of the southeasterly curb of South First street to be as follows:

Beginning at its intersection with the southerly curb line of Grand street extension, the elevation to be 17.80 feet;

1. Thence southeasterly to a point 105 feet northwesterly from the northwesterly building line of Hooper street, the elevation to be 21.00 feet as paved;

2. Thence southeasterly to Hooper street, the grade to remain as paved.

Note—All elevations refer to mean high water datum as determined by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of March, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of March, 1907.

Dated February 23, 1907.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of West One Hundred and Seventy-seventh street, between Cedar avenue and the Harlem river, Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 8, 1907, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 25, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the grade of West One Hundred and Seventy-seventh street, between Cedar avenue and the Harlem river, in the Borough of The Bronx, City of New York, more particularly described as follows:

Beginning at the intersection with Cedar avenue, the elevation to be 24 feet above mean high water datum as heretofore:

1. Thence westerly 103.4 feet from the southwesterly curb intersection of Cedar avenue, the grade to be 25.93 feet above mean high water datum;
2. Thence westerly 53.62 feet, the grade to be 26.35 feet above mean high water datum;
3. Thence westerly 64.3 feet, the grade to be 26.35 feet above mean high water datum;
4. Thence westerly 36 feet, the grade to be 25.01 feet above mean high water datum;
5. Thence westerly 255.0 feet, the grade to be 14.77 feet above mean high water datum, where a level platform is to be established; the platform of the ramp on the southern part of West One Hundred and Seventy-seventh street to end on a line which is on the prolongation southerly of the beginning of the platform where the grade 14.77 feet above mean high water datum is to be established;

6. Thence easterly 133.22 feet, the grade to be 6.5 feet above mean high water datum;
7. Thence easterly 102.68 feet, the grade to be 7.5 feet above mean high water datum.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of March, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of March, 1907.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out North Washington place, to extend from Willow street to Van Alst avenue, the street to have a width of fifty feet, Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 8, 1907, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on January 25, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out North Washington place, to extend from Willow street to Van Alst avenue, the street to have a width of 50 feet, in the Borough of Queens, City of New York, more particularly described as follows:

Beginning at a point on the easterly line of Willow street, distant two hundred and six (206) feet southerly from the intersection of the southerly line of Hoyt avenue with the easterly line of Willow street, as laid down on the Commissioners' Map of Long Island City, made pursuant to chapter 765, Laws of 1871:

1. Running thence easterly, parallel to Hoyt avenue, and distant two hundred (200) feet, at right angles therefrom, five hundred and seventy-two and twenty-five hundredths (572.25) feet to the westerly line of Van Alst avenue;
2. Thence southerly for fifty and fourteen hundredths (50.14) feet along the westerly line of Van Alst avenue;
3. Thence westerly, parallel to Hoyt avenue and distant two hundred and fifty (250) feet, at right angles therefrom, for five hundred and sixty-three and seventy-two hundredths (563.72) feet to the easterly line of Willow street;
4. Thence northerly for fifty-one and fifteen hundredths (51.15) feet along the easterly line of Willow street, to the point of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of March, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of March, 1907.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to reduce the width of Palmetto street, between Onderdonk avenue and Forest avenue, Second Ward, Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 8, 1907, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on February 15, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by reducing the width of Palmetto street, between Onderdonk avenue and Forest avenue, Second Ward, Borough of Queens, City of New York, more particularly described as follows:

*Technical Description for Reducing the Width of Palmetto Street, between Onderdonk Avenue and Forest Avenue, Second Ward, Borough of Queens.*

The width of Palmetto street, between Onderdonk avenue and Forest avenue, is to be reduced from eighty (80) feet to 60.05 feet, the reduction to be accomplished by the removal of strips having a width of 9.975 feet and located on each side of the street, the old centre line of the street being retained.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of March, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of March, 1907.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out Arden avenue, from Amboy road to the bulkhead line, and establish grades therefor, Borough of Richmond, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 8, 1907, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 25, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out Arden avenue, from Amboy road to the bulkhead line, and establishing grades therefor, in the Borough of Richmond, City of New York, more particularly described as follows:

*Layout of Arden Avenue, from Amboy Road to Southfield Boulevard.*

Beginning at a point on the northwesterly line of Southfield Boulevard 498.90 feet northeasterly from the point of intersection of the northwesterly line of Southfield Boulevard and a line perpendicular thereto, passing through Monument No. 1:

1. Thence northeasterly along said line of Southfield Boulevard 70 feet;
2. Thence northwesterly, deflecting 90 degrees 14 minutes 32 seconds to the left, 4,354.28 feet to the southerly line of Amboy road;
3. Thence westerly along said southerly line of Amboy road to a line parallel to and distant 70 feet southwesterly from the second course;
4. Thence southeasterly along said parallel line 4,394.59 feet to the point of beginning.

*Layout of Arden Avenue, from Southfield Boulevard to Bulkhead Line.*

Beginning at a point on the southeasterly line of Southfield Boulevard 498.92 feet northeasterly from the point of intersection of said line of Southfield Boulevard and a line perpendicular thereto, passing through Monument No. 1:

1. Thence northeasterly along said southeasterly line of Southfield Boulevard 70 feet;
2. Thence southeasterly, deflecting 80 degrees 45 minutes 28 seconds to the right 1,099.17 feet, more or less, to the bulkhead line;

3. Thence southwesterly along said bulkhead line to a line parallel to and distant 70 feet southwesterly from the second corner;

4. Thence northwesterly along said parallel line 1,094.72 feet, more or less, to the point of beginning.

*Grade of Arden Avenue, from Amboy Road to Southfield Boulevard.*

Beginning at an elevation of 24.1 feet at the northwesterly line of Southfield Boulevard;

1. Thence to an elevation of 31 feet distant 315 feet northwesterly from the preceding;
2. Thence to an elevation of 85.5 feet distant 1,265 feet northwesterly from the preceding;
3. Thence to an elevation of 100.5 feet distant 1,437 feet southwesterly from the southeasterly corner of Amboy road and Arden avenue;
4. Thence to an elevation of 100 feet distant 300 feet northwesterly from the preceding;
5. Thence to an elevation of 84.9 feet opposite the southeasterly curb corner of Amboy road and Arden avenue.

*Grade of Arden Avenue, from Southfield Boulevard to Bulkhead Line.*

Beginning at an elevation of 24.1 feet at the southeasterly line of Southfield Boulevard;

1. Thence to an elevation of 16.2 feet distant 185 feet southeasterly from the preceding;
2. Thence to an elevation of 9 feet distant 450 feet southeasterly from the preceding;
3. Thence to an elevation of 6 feet at the bulkhead line.

Note—All elevations are referred to Richmond high water datum.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 8th day of March, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of March, 1907.

Dated February 23, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of a new street on the easterly side of Riverside drive, between West One Hundred and Thirty-ninth and West One Hundred and Forty-second streets, in the Borough of Manhattan, City of New York;

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line midway between West One Hundred and Forty-second street and West One Hundred and Forty-third street, on the south by a line midway between West One Hundred and Thirty-eighth and West One Hundred and Thirty-ninth streets, on the west by the Riverside drive and on the east by a line 100 feet east of the easterly side of Broadway.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record for ten days prior to the 8th day of March, 1907.

Dated February 23, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of West One Hundred and Sixty-third street, from Amsterdam avenue to St. Nicholas avenue, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line midway between the southerly side of West One Hundred and Sixty-fourth street and the northerly side of West One Hundred and Sixty-third street; on the east by a line 100 feet east of the easterly side of Edgecombe road; on the south by a line midway between the northerly side of West One Hundred and Sixty-second street and the southerly side of West One Hundred and Sixty-third street; and on the west by a line 100 feet west of the westerly side of Broadway.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record for ten days prior to the 8th day of March, 1907.

Dated February 23, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East Twenty-first street, between Regent place and Beverley road, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line 100 feet north of and parallel with the northerly side of Regent place, the said distance being measured at right angles to the line of Regent place; on the east by a line midway between East Twenty-first street and Flatbush avenue; on the south by a line 100 feet south of and parallel with the southerly side of Beverley road, said distance being measured at right angles to the line of Beverley road; and on the west by a line midway between East Twenty-first street and Ocean avenue.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record and the corporation newspapers for ten days prior to the 8th day of March, 1907.

Dated February 23, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Belmont avenue, from Powell street to Snediker avenue, and from Alabama avenue to Wyona street, and from Euclid street to the old city line, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

First—Bounded on the north by a line midway between Belmont avenue and Pitkin avenue; on the east by a line midway between Van Sicken avenue and Hendrix street; on the south by a line midway between Belmont avenue and Sutter avenue; and on the west by a line midway between Stone avenue and Watkin street.

Second—Bounded on the north by a line midway between Belmont avenue and Pitkin avenue; on the east by the centre line of Spring creek; on the south by a line midway between Belmont avenue and Sutter avenue; and on the west by a line midway between Grant avenue and Sheridan avenue.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record and the corporation newspapers for ten days prior to the 8th day of March, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East Ninety-fifth street, from East New York avenue to Rockaway avenue, excluding the lands of the Long Island Railroad Company, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

One-half the block on each side of East Ninety-fifth street, from East New York avenue to Rockaway avenue.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record and the corporation newspapers for ten days prior to the 8th day of March, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of West Two Hundred and Thirtieth street, between Bailey avenue and Kingsbridge terrace, in the Borough of the Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the northerly side of the first unnamed street south of Peror street 100 feet east of the easterly side of Kingsbridge terrace, and running thence westwardly along the northerly side of the said unnamed street to the easterly side of Kingsbridge terrace; thence running westwardly in a straight line to the northwesterly corner of Heath avenue and West Two Hundred and Twenty-ninth street; thence westwardly along the northerly line of West Two Hundred and Twenty-ninth street to a point midway between Heath avenue and Bailey avenue; thence northwardly and midway between Heath avenue and Bailey avenue to a point midway between West Two Hundred and Twenty-ninth street and West Two Hundred and Thirtieth street; thence westwardly and parallel to the southerly side of West Two Hundred and Thirtieth street to a point 100 feet west of the westerly side of Bailey avenue; thence northwardly and parallel with Bailey avenue to a line drawn through a point on the easterly side of Bailey avenue 100 feet north of the northerly side of Boston avenue, and a point on the westerly side of Heath avenue 100 feet north of the northerly side of Boston avenue, the said line being produced westwardly and eastwardly; thence eastwardly along the said line drawn through a point on the easterly side of Bailey avenue distant 100 feet from the northerly side of Boston avenue and a point on the westerly side of Heath avenue distant 100 feet from the northerly side of Boston avenue and the said line produced to a point 100 feet east of the easterly side of Kingsbridge terrace; thence southwardly in a line 100 feet east of the easterly side of Kingsbridge terrace and parallel therewith to the point of place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record for ten days prior to the 8th day of March, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Benson avenue (Madison avenue), from West Farms road to Lane avenue; Overing avenue (Washington avenue), from West Farms road to Westchester avenue; St. Peter's avenue (Union avenue), from Westchester avenue to West Farms road; Seddon street (Tryon row), from St. Raymond avenue (Fourth street) to West Farms road; Rowland street (Washington avenue), from Westchester avenue to St. Raymond avenue (Fourth street); Hubbell street (Washington avenue), from Dorsey street (Carroll place) to Macley avenue (Fifth street), in the Borough of the Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the intersection of a line 100 feet north of and parallel with the northerly side of West Farms road, the said distance being measured at right angles to the line of the West Farms road with a line distant 100 feet easterly from and parallel with the northerly side of Benson avenue, the said distance being measured at right angles to the line of Benson avenue and running southeasterly and parallel with the northerly side of Benson avenue to the intersection with a line distant 100 feet southwesterly from and parallel with the southerly side of the West Farms road, the said distance being measured at right angles to the line of Benson avenue; thence southeasterly to a point on the northwesterly side of Frisby avenue distant 135.5 feet northwesterly from the intersection of the said northwesterly line of Benson avenue; thence southwesterly and parallel with the line of Benson avenue to the intersection with Frisby avenue; thence eastwardly at right angles to the line of Lane avenue 200 feet; thence southwardly and parallel with the westerly line of Lane avenue at its intersection with Benson avenue to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly side of Westchester avenue, the said distance being measured at right angles to the line of Westchester avenue; thence southwesterly and parallel with the line of Westchester avenue to the intersection with the prolongation of a line midway between Rowland street and Zerega avenue; thence northwesterly and along the said line midway between Rowland street and Zerega avenue to the intersection with the centre line of St. Raymond avenue; thence northwesterly along the said centre line of St. Raymond avenue to the intersection with a line midway between Seddon street and Zerega avenue; thence northwesterly along the said line midway between Seddon street and Zerega avenue to the centre line of Dorsey street; thence southwesterly along the said centre line of Dorsey street to the inter-

section with a line midway between Hubbell street and Zerega avenue; thence northwesterly along the said line midway between Hubbell street and Zerega avenue to the centre line of Macley avenue; thence northwesterly along the said centre line of Macley avenue to the intersection with a line midway between Seddon street and Zerega avenue; thence northwesterly along the said line midway between Seddon street and Zerega avenue to the centre line of Fuller street; thence northwesterly along the said centre line of Fuller street to the intersection with a line drawn at right angles to the West Farms road, and passing through a point on the southerly side of the said road midway between its intersection with Lyvere street and Seddon street; thence northwardly along the said line at right angles to the West Farms road to a point 100 feet north of the northerly side of the said West Farms road; thence eastwardly and parallel with the West Farms road to the point of place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record for ten days prior to the 8th day of March, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Hamilton place, between Grand street and Borden avenue; and the public place at the intersection of Borden avenue, Hamilton place and Hyatt avenue, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point formed by the intersection of a line 100 feet southeasterly from the southeasterly side of Grand street and parallel therewith, the said distance being measured at right angles to the line of Grand street, with a line 100 feet southwesterly from the southwesterly side of Remsen place and parallel therewith, the said distance being measured at right angles to the line of Remsen place, and running thence northwesterly parallel with Remsen place to the intersection with a line distant 100 feet westerly from the westerly side of Willow avenue and parallel therewith, the said distance being measured at right angles to the line of Willow avenue; thence northwesterly and parallel with Willow avenue to the intersection with the northerly side of Borden avenue and parallel therewith, the said distance being measured at right angles to the line of Borden avenue; thence easterly and parallel with Borden avenue to the intersection with a line parallel with Hamilton place and passing through a point midway between the intersections of the northerly side of Borden avenue with the northwesterly side of Grand street; thence southeasterly and parallel with Hamilton place to the intersection with a line 100 feet southeasterly from the southeasterly side of Grand street, and parallel therewith, the said distance being measured at right angles to the line of Grand street; thence southwesterly and parallel with the line of Grand street to the point of place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record for ten days prior to the 8th day of March, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Central avenue, between Myrtle avenue and Proctor street, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the intersection of the northerly line of Myrtle avenue with a line 100 feet easterly from the easterly side of Central avenue, the said distance being measured at right angles to Central avenue and running thence southerly at right angles to the line of Myrtle avenue to a point 100 feet south of the southerly line of Myrtle avenue; thence westerly and parallel with Myrtle avenue to meet a line parallel with Fresh Pond road through that portion of its length north of Myrtle avenue, the said line being distant 100 feet west from the westerly side of the Fresh Pond road and the said distance being measured at right angles to the line of the road; thence along the course previously described to the intersection with a line drawn parallel with Myrtle avenue and distant 100 feet north of the northerly side of the said avenue, the said distance being measured at right angles to the line of the avenue; thence easterly and parallel with Myrtle avenue to the intersection with the easterly line of the Manhattan Beach Division of the Long Island Railroad Company's land; thence along the said easterly line of the Long Island Railroad Company until the said line intersects a line midway between Central avenue and Edsall avenue; thence easterly along said line midway between Edsall avenue and Central avenue, and the said line prolonged to a point distant 100 feet easterly from the easterly line of Proctor street, the said distance being measured at right angles to the line of Proctor street; thence southerly and parallel with the line of Proctor street to the intersection with the prolongation of a line midway between Central avenue and Cooper avenue; thence westerly along the said line between Central avenue and Cooper avenue and the prolongation thereof to the intersection of the said line with the prolongation of a line midway between Central avenue and Myrtle avenue through that portion of the length of the said avenues between Tompkins place and Sheridan street; thence westerly along the said line and the prolongation thereof to a point 100 feet distant from the southerly side of Central avenue, said distance being measured at right angles to the said avenue; thence westerly and southerly along a line 100 feet distant from and parallel with the southerly and easterly side of Central avenue to the point of place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 8th day of March, 1907.

Dated February 23, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Fairview avenue, between Stanhope street and Forest avenue, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the point of intersection of the prolongation of a line midway between Fairview avenue and Woodward avenue with a line 100 feet northwesterly from the northwesterly side of Stanhope street and parallel therewith, the said distance being measured at right angles to the line of Stanhope street, and running thence northwesterly parallel with Stanhope street to the intersection with the prolongation of a line midway between Fairview avenue and Grandview avenue; thence southerly along said line midway between Fairview avenue and Grandview avenue and the prolongation thereof to the intersection with a line passing through a point on the southeasterly side of Palmetto street midway between Fairview avenue and Forest avenue and through a point on the northwesterly side of

Madison street midway between Fairview avenue and Forest avenue; thence southeasterly along the line last described and the prolongation thereof to the intersection with a line 100 feet northwesterly from and parallel with the northwesterly side of Fairview avenue, the said distance being measured at right angles to the line of Fairview avenue; thence southeasterly and parallel with Fairview avenue to the easterly side of Forest avenue; thence easterly at right angles to the line of Forest avenue 100 feet; thence southerly and parallel with Forest avenue to the intersection with the centre line of Hughes street; thence westerly along the centre line of Hughes street and the prolongation thereof to the intersection with the prolongation of a line midway between Fairview avenue and Woodward avenue; thence northwesterly along said line midway between Woodward avenue and Fairview avenue and the prolongation thereof to the point of place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record for ten days prior to the 8th day of March, 1907.

Dated February 23, 1907.

**NOTICE IS HEREBY GIVEN THAT** at the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Fisk avenue, between Woodside avenue and Grand street, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the southeasterly side of Grand street where the said southeasterly line of Grand street intersects the prolongation of a line parallel with and distant 100 feet westerly from the westerly side of Mueller street, the said distance being measured at right angles to the line of Mueller street, and running thence northerly and parallel with Mueller street to the northwesterly side of Hull avenue; thence northwesterly to a point on the northwesterly side of Jay avenue midway between Columbia avenue and Carroll avenue; thence northerly along a line midway between Carroll avenue and Columbia avenue to a point distant 100 feet south of the southerly side of Whitney street, said distance being measured at right angles to the line of Whitney street; thence westerly and parallel with Whitney street to a point midway between Columbia avenue and Burroughs avenue; thence northerly along a line midway between Columbia avenue and Burroughs avenue and the prolongation thereof to the intersection with a line midway between Lee avenue and Burroughs avenue; thence northerly along said line midway between Lee avenue and Burroughs avenue and the prolongation thereof to a point distant 100 feet north of the northerly side of Woodside avenue, said distance being measured at right angles to the line of Woodside avenue; thence easterly and parallel with Woodside avenue to the intersection with the prolongation of the easterly side of Fisk avenue; thence easterly at right angles to the line of Fisk avenue 700 feet; thence southerly and always parallel with the easterly line of Fisk avenue and distant 700 feet therefrom to the northwesterly side of Grand street; thence southeasterly at right angles to the line of Grand street to a point 100 feet southeasterly from the southeasterly side of Grand street; thence southwesterly and parallel with the line of Grand street to the point where it intersects a line at right angles to the line of Grand street, passing through the point described as the point of place of beginning, and thence northwesterly to the point of place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record for ten days prior to the 8th day of March, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Fourth avenue, or Raper's avenue, between Jackson and Washington avenues, and between Graham and Winthrop avenues, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

One-half the block on each side of the street to be opened, including the area lying within the lines one-half block distant on each side of the street extended southwesterly to the right-of-way of the Long Island Railroad and extended northwesterly to a line 100 feet northeast of the northwesterly side of Winthrop avenue and parallel therewith.

Resolved, That this Board consider the proposed area of assessment at a meeting of the

Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 8th day of March, 1907.

Dated February 23, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on January 25, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Garrison avenue, between Maspeth and Flushing avenues, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That this Board consider the proposed area of assessment at a meeting of the

Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 8th day of March, 1907.

Beginning at a point on the northerly side of Flushing avenue formed by the intersection of the said line with a line midway between Garrison avenue and Sophie street, and running thence northerly along said line midway between Garrison avenue and Sophie street to meet a line parallel with Maspeth avenue and distant 100 feet northerly from the northerly side of the said avenue, the said distance being measured at right angles to the line of the avenue; thence easterly and parallel with Maspeth avenue to meet the prolongation of a line midway between Garrison avenue and Flushing avenue, thence southerly along the said line midway between Garrison avenue and Flushing avenue and the prolongation thereof to the southerly side of Flushing avenue; thence southerly at right angles to the line of Flushing avenue 100 feet; thence westerly and parallel with Flushing avenue to the intersection of the said line with a line drawn at right angles to Flushing avenue, and passing through the point described as the point of place of beginning; thence northerly to the point of place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment held on February 8, 1907, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of North Henry street, between Wyckoff creek and Greene street, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 98a of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

#### A.

On the east by a line midway between the westerly side of Kingsland avenue and the easterly side of Monitor street and the prolongation of the said line northwardly to a line midway between the northerly side of Pidge avenue and the bulkhead line of Newtown creek;

On the south by a line midway between the southerly side of Meserole avenue and the northerly side of Norman avenue;

On the west by a line midway between the westerly side of Russell street and the easterly side of Humboldt street, and the prolongation of the said line to the southerly side of Greene street; and

On the north by a line beginning at a point on the southerly side of Greene street in the prolongation of a line midway between the westerly side of Russell street and the easterly side of Humboldt street, and running thence easterly along the southerly side of Greene street to the easterly side of North Henry street; thence northwardly along the easterly side of North Henry street to its intersection with the prolongation of the southeasterly side of Henry place; thence northwardly along the southeasterly side of Henry place and the prolongation thereof to a point midway between the northerly side of Pidge avenue and the bulkhead line of Newtown creek; thence southeasterly along a line midway between the northerly side of Pidge avenue and the bulkhead line of Newtown creek to its intersection with the prolongation of a line midway between the westerly side of Kingsland avenue and the easterly side of Monitor street.

#### B.

##### Alternative Area of Assessment.

Bounded on the east by a line midway between the westerly side of Sutton street and the easterly side of Kingsland avenue, and the prolongation of the said line northwardly to a line midway between the northerly side of Pidge avenue and the bulkhead line of Newtown creek;

On the south by a line midway between the southerly side of Meserole avenue and the northerly side of Norman avenue;

On the west by a line beginning at a point midway between the westerly side of Moultrie street and the easterly side of Jewell street and midway between the southerly side of Meserole avenue and the northerly side of Norman avenue, and running thence northwardly on a line midway between Moultrie street and Jewell street and the prolongation thereof to a line 100 feet north of the northerly side of Greenpoint avenue, the said distance being measured at right angles to the line of Greenpoint avenue; thence easterly on a line 100 feet north of the northerly side of Greenpoint avenue and parallel therewith to the center of Whale Creek canal; thence northwardly along the center of Whale Creek canal to the southerly side of Greene street.

Bounded on the north by a line beginning in the center of Whale Creek canal on the southerly side of Greene street and running thence easterly along the southerly side of Greene street to the easterly side of North Henry street; thence northwardly along the easterly side of North Henry street to its intersection with the prolongation of the southeasterly side of Henry place; thence northwardly along the southeasterly side of Henry place and the prolongation thereof to a point midway between the southerly side of Pidge avenue and the bulkhead line of Newtown creek; thence southeasterly along a line midway between the northerly side of Pidge avenue and the bulkhead line of Newtown creek to its intersection with the prolongation of a line midway between the westerly side of Sutton street and the easterly side of Kingsland avenue.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of March, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the corporation newspapers for ten days prior to the 8th day of March, 1907.

### DEPARTMENT OF FINANCE.

#### NOTICE TO PROPERTY OWNERS.

**IN PURSUANCE OF SECTION 1018 OF** the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 10.

BECK STREET—SEWER and appurtenances, between Longwood and Intervale avenues. Confirmed February 26, 1907, and entered February 26, 1907. Area of assessment. Both sides of Beck street, from Longwood avenue to Intervale avenue, and west side of Intervale avenue, from Kelly street to Beck street.

TWENTY-FOURTH WARD, SECTION 11.

PARKVIEW PLACE—SEWER and appurtenances, from Tee Taw avenue to West One Hundred and Ninetieth street. Area of assessment: Both sides of Parkview place, from Tee Taw avenue to West One Hundred and Ninetieth street; east side of Tee Taw avenue, extending about 233 feet north of Parkview place. That the same were confirmed by the Board of Assessors February 26, 1907, and entered on February 26, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 3 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 27, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ,  
Comptroller.

City of New York—Department of Finance,  
Comptroller's Office, February 26, 1907.

#### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

**IN PURSUANCE OF SECTION 1005 OF THE** Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following-named avenue in the BOROUGH OF RICHMOND:

SECOND WARD.

**AN UNNAMED STREET—OPENING,** between William street and Beach street, extending from St. Paul's avenue to Jackson avenue. Confirmed June 26, 1905, entered February 26, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.,

Beginning at the point of intersection of a line parallel to and distant 100 feet northwesterly from the northerly line of Beach street with a line parallel to and distant 100 feet southeasterly from the southeasterly line of Jackson

## TWELFTH WARD, SECTION 8.

FENCING VACANT LOTS on the north side of WEST ONE HUNDRED AND SEVENTY-FIRST STREET, 125 feet west of Amsterdam avenue. Area of assessment: Beginning at the north side of One Hundred and Seventy-first street on the east side of Audubon avenue, and running about 150 feet and 1 inch easterly.

—that the same were confirmed by the Board of Assessors on February 19, 1907, and entered on February 19, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 4 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 30, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

## NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

## EIGHTH WARD, SECTION 3.

FOURTY-FIRST STREET—SEWER, from Sixth avenue easterly to the summit of Forty-first street, between Sixth and Seventh avenues, and OUTLET SEWER in FORTY-FIRST STREET, between Fifth and Sixth avenues. Area of assessment: Beginning at a point 25 feet 2 inches north of Forty-first street, running thence easterly 100 feet; thence northerly to the center line of the block between Forty-first and Forty-second streets, running thence easterly along the center line of the block to a point 50 feet east of Sixth avenue, running thence northerly 100 feet to the north side of Forty-first street; running thence easterly to the west side of Seventh avenue, thence southerly along the west side of Seventh avenue to the north side of Forty-third street; thence easterly along the north side of Forty-third street to the easterly side of Fifth avenue; thence northerly along the easterly side of Fifth avenue to the point or place of beginning.

TWENTY-SEVENTH WARD, SECTION 11.  
IRVING AND WILLOUGHBY AVENUES—GRADING A LOT on the northeast corner. Area of assessment: Beginning at the intersection of Irving and Wiloughby avenues; running thence northerly along the easterly side of Irving avenue 100 feet; running thence easterly along the center line of the block between Wiloughby avenue and Starr street 250 feet; thence southerly 100 feet to the north side of Wiloughby avenue; running thence westerly along the north side of Wiloughby avenue to the point or place of beginning.

TWENTY-SIXTH AND THIRTY-SECOND WARDS, SECTION 12.  
BRISTOL STREET—SEWER, between Blake avenue and Hunterly road. Area of assessment: Beginning at a point 100 feet 7 1/2 inches east of Hopkinson avenue, running thence westerly to the easterly side of Hopkinson avenue; thence northerly along the easterly side of Hopkinson avenue to the southerly side of Blake avenue; thence easterly to the center line of the block between Bristol street and Chester street, running thence southerly along the center line of the block about 200 feet; thence westerly to the west side of Bristol street; thence southerly along the westerly side of Bristol street 156 feet 7 1/2 inches; thence southwesterly to the point or place of beginning.

TWENTY-SIXTH WARD, SECTION 13.  
CRESCENT STREET—SEWER, between Liberty and Pitkin avenues. Area of assessment: Beginning at the intersection of Pine street and Pitkin avenue; running thence northerly along the easterly side of Pine street 100 feet; thence easterly to the center line of the block between Pine street and Crescent street; running thence northerly along the center line of the block to a point 100 feet 6 inches south of Glenmore avenue; thence easterly 20 feet; thence northerly to the southerly side of Glenmore avenue; running thence westerly along the north side of Glenmore avenue to the easterly side of Pine street; thence northerly along the easterly side of Pine street to the intersection of the southerly side of Liberty avenue to Conduit avenue; thence easterly along the southerly side of Liberty avenue to a point 100 feet east of Crescent street; thence southerly and parallel with Crescent street 100 feet; thence easterly 50 feet; thence southerly 75 feet; thence westerly to the north side of Conduit avenue; running thence westerly including the triangular block bounded by Conduit avenue, Crescent street and Glenmore avenue; running thence southerly along a line 80 feet east of Crescent avenue about 100 feet; then easterly 20 feet; thence southerly along the center line of the block between Crescent street and Hemlock street 40 feet; running thence easterly to the westerly side of Hemlock street; thence southerly along the westerly side of Hemlock street to the north side of Pitkin avenue; running thence westerly to the point or place of beginning.

—that the same were confirmed by the Board of Assessors February 19, 1907, and entered February 19, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest

will be collected thereon as provided for in section 1019 of the Greater New York Charter.

Said section provides in part: "If any such assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided in section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 4 p. m., and on Saturdays until 12 m., and all payments made thereon on or before April 30, 1907, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

## CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for school purposes, the said buildings being situated in the

## Borough of Brooklyn

and being erected upon property described as follows:

Beginning at a point formed by the intersection of the easterly line of Flatbush avenue with the northerly line of the lands of Erasmus Hall High School, and running thence northerly along the easterly line of Flatbush avenue 37 feet 10 inches; thence easterly 128 feet 9 inches; thence southerly 350 feet 3 1/2 inches to the westerly line of the lands of Public School No. 101; thence southerly along the westerly line of the lands of Public School No. 101 seven (7) feet three and one-half (3 1/2) inches to the northerly line of the lands of Erasmus Hall High School; thence westerly along the northerly line of said lands of the Erasmus Hall High School 493 feet 6 inches to the easterly line of Flatbush avenue, the point or place of beginning.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held February 20, 1907, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

## FRIDAY, MARCH 8, 1907,

at 11 a. m., on the premises, upon the following

## TERMS AND CONDITIONS.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of the City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc.,

be bricked up and the walls pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,

Comptroller.

City of New York, Department of Finance,  
Comptroller's Office, February 20, 1907.

## CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO SITUATED ON LAND OWNED BY THE CITY OF NEW YORK.

AT THE REQUEST OF THE COMMISSIONERS of the Department of Bridges, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, machinery, etc., standing upon property owned by The City of New York, acquired by it for the use of the Department of Bridges, said buildings being situated in the

## Borough of Manhattan

and erected upon property known as follows:

Being the buildings situated within the area of the block bounded by the northerly side of East Fifty-ninth street, the easterly side of Second avenue, the southerly side of East Sixth street and the westerly side of First avenue, in the Borough of Manhattan; and also

The buildings situated within the area of the block bounded by the northerly side of East Fifty-ninth street, the easterly side of First avenue, the southerly side of East Sixth street and the westerly side of the anchorage of the Blackwell's Island Bridge, in the Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held February 20, 1907, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, FEBRUARY 28, 1907,

at 11 a. m., on the premises, upon the following

## TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of the City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

## CORPORATION SALE OF BUILDINGS, MACHINERY AND APPURTENANCES THERETO ERRECTED UPON PROPERTY OWNED BY THE CITY OF NEW YORK.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will

offer for sale at public auction the buildings, parts of buildings, machinery and appurtenances thereto standing upon property owned by The City of New York, acquired for the use of the terminal for the Manhattan side of the Brooklyn Bridge, the said buildings being situated in the

## Borough of Manhattan

and being more particularly within the area of the following known property:

All of the buildings situated upon land within the area of the block bounded by the northerly side of Tryon row, the westerly side of Centre street, the southerly side of Chambers street and the northwesterly side of Park row, in the Borough of Manhattan, all of which property is situated in Block 121 on the land map of the County of New York.

Also all of the buildings situated within the area of the block bounded by the southeasterly side of Park row, the westerly side of North William street and the northerly side of the Brooklyn Bridge, Borough of Manhattan, all of which property is situated in Block 121 on the land map of the County of New York.

Also all of the buildings situated upon land within the area of the block bounded by the north side of Chambers street, the southeasterly side of City Hall place and the southerly and southwesterly sides of Duane street, in the Borough of Manhattan, all of which property is situated within Block 159 of the land map of the County of New York.

Also all of the buildings situated upon land within the area of the block bounded by the northerly side of Reade street, the easterly side of Centre street and the southerly and southwesterly sides of Duane street, in the Borough of Manhattan, all of which property is situated in Block 128 on the land map of the County of New York.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held February 20, 1907, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

## WEDNESDAY, MARCH 6, 1907,

at 11 a. m., on the premises, upon the following

## TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of the City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,

Comptroller.

## CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will

offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street purposes, in the

#### Borough of Brooklyn.

All the buildings, parts of buildings, etc., standing within the lines of the new street as an approach to Manhattan Bridge, extending from Nassau street to the intersection of Flatbush avenue and Fulton street, in the Fourth, Fifth and Eleventh Wards of the Borough of Brooklyn, City of New York, said property being more particularly shown on a draft map dated New York, October 14, 1904, approved by J. W. Bracke, Commissioner of Public Works, and being on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held February 20, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

**MONDAY, MARCH 11, 1907.**

at 11 a. m., on the premises, upon the following

#### TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping, shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions, being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

#### NOTICE TO PROPERTY OWNERS.

#### NOTICE OF ASSESSMENT FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of assessment for OPENING AND ACQUIRING TITLE to the following-named avenue in the BOROUGH OF BROOKLYN:

#### TWENTIETH WARD, SECTION 7.

**CLINTON AVENUE—OPENING.** from Gates avenue to Willoughby avenue. Confirmed January 30, 1903; entered February 14, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly side of Gates avenue distant 80 feet westerly from the westerly side of Clinton avenue; running thence northerly parallel with Clinton avenue to the southerly side of Willoughby avenue; thence southeasterly and easterly along the southerly side of Willoughby avenue to a point 80 feet from the easterly side of Clinton avenue; thence southerly and parallel with Clinton avenue to the northerly side of Gates avenue; thence west-

erly along the northerly side of Gates avenue 200 feet to the point or place of beginning.

The above-entitled assessment was entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. to 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 15, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when the above assessment became a lien to the date of payment.

**HERMAN A. METZ,**

Comptroller.

City of New York—Department of Finance, Comptroller's Office, February 15, 1907.

#### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

#### TWENTY-FIRST WARD, SECTION 3.

**REPAIRING SIDEWALK AT No. 587 FIRST AVENUE.** Area of assessment: West side of First avenue, between Thirty-third and Thirty-fourth streets, on Block 939, Lot No. 34—that the same was confirmed by the Board of Assessors on February 13, 1907, and entered on February 13, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 14, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

**HERMAN A. METZ,**

Comptroller.

City of New York—Department of Finance, Comptroller's Office, February 15, 1907.

116,123

#### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

#### EIGHTH WARD, SECTION 3.

**FIFTY-SEVENTH STREET—SEWER.** between Sixth and Seventh avenues. Area of assessment: Beginning at a point 150 feet 2 inches south of Fifty-seventh street; both sides of Fifty-seventh street, between Sixth and Seventh avenues; running thence northerly on the westerly side of Seventh avenue 200 feet 4 inches.

#### EIGHTH WARD, SECTION 3; TWENTY-FIRST AND TWENTY-FIFTH WARDS, SECTION 6; TWENTY-FOURTH WARD, SECTION 5.

**FENCING VACANT LOTS** on the north side of HULL STREET, between Hopkinson and Rockaway avenues; south side of McDougall STREET, between Hopkinson and Rockaway avenues; south side of BERGEN STREET, between Troy and Schenectady avenues; west side of SCHENECTADY AVENUE, between Bergen street and St. Mark's avenue; northwest corner of STUYVESANT AVENUE and VAN BUREN STREET; west side of FOURTH AVENUE, between Fifty-seventh and Fifty-eighth streets; south side of FIFTY-SEVENTH STREET and north side of FIFTY-EIGHTH STREET, between Third and Fourth avenues. Area of assessment: North side of Hull street, between Hopkinson and Rockaway avenues, on Block 1533, Lot No. 47, and south side of McDougall street, between Hopkinson and Rockaway avenues, Block 1533, Lot No. 30; south side of Bergen street, between Troy and Schenectady avenues, Block 1533, Lots Nos. 29 and 32; northwest corner of Stuyvesant avenue and Van Buren street, Block 1010, Lot No. 49; west side of Fourth avenue, between Fifty-seventh and Fifty-eighth streets, Block 846, Lots Nos. 35, 40 and 42.

#### TWENTY-SIXTH WARD, SECTION 12.

**SUTTER AVENUE—SEWER.** between Powell and Janus streets, with outlet in SUTTER AVENUE, from Junius street to Van Sinderen avenue. Area of assessment: Beginning at the intersection of Van Sinderen avenue and Belmont

avenue; running westerly along the southerly line of Belmont avenue to its intersection with Powell street; running southerly along the easterly side of Powell street to a point 100 feet south of Sutter avenue; running thence easterly 100 feet to the centre of the block between Powell and Junius streets; running thence southerly parallel to Junius street 300 feet; thence easterly 100 feet to Junius street; thence southerly along the easterly side of Junius street to Blake avenue; thence westerly along the northerly side of Blake avenue to the westerly side of Van Sinderen avenue; thence northerly along the westerly side of Van Sinderen avenue to the point or place of beginning.

**CHRISTOPHER AVENUE—SEWER BASINS** at the northeast and southeast corners of Newport street; of LOTT AVENUE and of NEW LOTS ROAD. Area of assessment: Beginning at the intersection of New Lots avenue and Sackman street, running northerly along the westerly side of Sackman street to the southerly side of Riverdale avenue; running thence westerly along the southerly side of Riverdale avenue to the centre line of the block between Christopher avenue and Stone avenue; thence southerly and parallel to Stone avenue to a point 100 feet north of Newport avenue; thence easterly and parallel with Newport avenue 50 feet; thence southerly 100 feet to Newport avenue; thence running southerly from Newport avenue and parallel to Christopher avenue to a point 100 feet north of Lott avenue; thence westerly to the easterly side of Stone street; thence southerly along the easterly side of Stone street to Lott avenue; running thence along the centre line of the block between Christopher avenue and Stone avenue to the northerly side of New Lots avenue; thence easterly along the northerly side of New Lots avenue to the point or place of beginning.

#### TWENTY-SIXTH WARD, SECTION 13.

**ASHFORD STREET—SEWER.** between Glenmore and Pitkin avenues. Area of assessment: Beginning at the intersection of Glenmore avenue and Cleveland street; running thence westerly and along the southerly side of Glenmore avenue to the easterly side of Warwick street; running thence southerly along the easterly side of Warwick street 100 feet; thence easterly to the centre line of the block between Ashford and Warwick streets; running thence southerly along the centre line of the block to a point 100 feet north of Pitkin avenue; running thence easterly 60 feet 6 inches to a line parallel with Ashford street; thence southerly to the northerly side of Pitkin avenue; thence easterly along the centre line of the block between Ashford and Cleveland street; thence northerly along the centre line of the block to a point 100 feet south of Glenmore avenue; thence easterly and parallel with Glenmore avenue to the westerly side of Cleveland street; thence northerly along the westerly side of Cleveland street to the point or place of beginning.

#### THIRTY-SECOND WARD, SECTION 15.

**EAST THIRTY-FIFTH STREET—SEWER.** between Avenue F and Glenwood road. Area of assessment: Beginning at the intersection of East Thirty-fifth street and Glenwood road (Avenue G), running easterly to the centre line of the block between East Thirty-fifth street and Brooklyn avenue; running thence northerly along the centre line of the block between East Thirty-fifth street and Brooklyn avenue to a point 95 feet south of Farragut road (Avenue F); thence westerly parallel to Farragut road (Avenue F) 60 feet; thence northerly to the southerly side of Farragut road (Avenue F); thence westerly along the southerly side of Farragut road (Avenue F) to the easterly side of East Thirty-fourth street; thence southerly along the easterly side of East Thirty-fourth street 375 feet; thence westerly to the centre line of the block between East Thirty-fourth and East Thirty-fifth streets; thence southerly along the centre line of the block to a point 100 feet north of Glenwood road (Avenue G); thence easterly 60 feet; thence southerly to the northerly side of Glenwood road (Avenue G); thence easterly to the point or place of beginning.

#### THIRTY-SECOND WARD, SECTION 16.

**MANSFIELD PLACE (EAST TWENTY-FOURTH STREET)—SEWER.** from the end of the existing sewer south of Farragut road to Avenue G. Area of assessment: Both sides of Mansfield place (East Twenty-fourth street), beginning at the north side of Avenue G; running thence northerly about 600 feet.

#### THIRTIETH WARD, SECTION 17.

**FORT HAMILTON AVENUE—SEWER.** between Thirty-ninth and Fortieth streets. Area of assessment: Both sides of Fort Hamilton avenue, between Thirty-ninth and Fortieth streets.

#### THIRTIETH WARD, SECTION 18.

**NINETY-FIRST STREET—SEWER.** between Third and Fourth avenues. Area of assessment: Both sides of Ninety-first street, between Third and Fourth avenues.

—that the same were confirmed by the Board of Assessors February 13, 1907, and entered February 13, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided for in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the time when such assessments became liens, as provided in section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays to 12 m., and all payments made thereon on or before April 14, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

**HERMAN A. METZ,**

Comptroller.

City of New York—Department of Finance, Comptroller's Office, February 13, 1907.

#### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme

Court, and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF MANHATTAN:

#### TWELFTH WARD, SECTION 2.

**WEST ONE HUNDRED AND SIXTY-FOURTH STREET—OPENING.** between Eleventh avenue and Amsterdam avenue. Confirmed October 6, 1902, and January 30, 1907; entered February 14, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the middle of the block between Fort Washington avenue and Eleventh avenue (Broadway) with the westerly prolongation of the middle line of the block between West One Hundred and Sixty-fifth street and West One Hundred and Sixty-sixth street, running thence easterly along said prolongation and middle line of the block to its intersection with the westerly line of Amsterdam avenue; thence easterly to the intersection of the easterly line of Amsterdam avenue with the middle line of the block between West One Hundred and Sixty-fifth street and West One Hundred and Sixty-sixth street; thence easterly along said middle line of the block and its easterly prolongation to its intersection with a line parallel to and distant 100 feet easterly of the easterly line of Edgecombe road; thence southerly along said parallel line to its intersection with the easterly prolongation of the middle line of the block between West One Hundred and Sixty-second street and West One Hundred and Sixty-third street; thence westerly along said prolongation and middle line of the block to its intersection with the easterly line of Amsterdam avenue; thence northwesterly to the intersection of the westerly line of Kingsbridge road with the middle line of the block between West One Hundred and Sixty-second street and West One Hundred and Sixty-third street; thence westerly along said middle line of the block and its westerly prolongation to its intersection with the middle line of the block between Eleventh avenue (Broadway) and Fort Washington avenue; thence northerly along said middle line of the block to the point or place of beginning.

The above-entitled assessment was entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 15, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

**HERMAN A. METZ,**

Comptroller.

City of New York—Department of Finance, Comptroller's Office, February 14, 1907.

115,121

#### DEPARTMENT OF FINANCE, CITY OF NEW YORK, December 14, 1906.

UNTIL FURTHER NOTICE AND UNLESS otherwise directed in any special case surety companies will be accepted as sufficient upon the following contracts to the amounts named:

Supplies of Any Description, including Gas and Electricity—

One company on a bond up to \$50,000.

Two companies on a bond up to \$125,000.

Three companies on a bond up to \$200,000.

Asphalt, Asphalt Block and Wood Block Pavement—

Two companies on a bond up to \$50,000.

No. 2. FOR FURNISHING MATERIALS, REPAIRING AND RESTORING ARTIFICIAL STONE SIDEWALKS AND CURBING AND RESETTING NATURAL STONE CURBING.

The time allowed to complete the whole work will be until December 31, 1907.

The amount of security will be Five Hundred Dollars (\$500).

Where items of a particular manufacture or make are named it must be understood that such

names are adopted as a standard. Any item equal in make may be furnished if accepted.

For particulars as to the quantity and quality of the supplies or of the nature and extent of the work required or of the materials to be furnished, bidders are referred to the specifications and lists of materials, supplies and apparatus to be furnished and in the samples at the office of the Department.

The Commissioner reserves the right to reject all bids or estimates if he deems it to be for the interest of the City so to do.

Bidders must state the price of each article in the class for which they bid, per pound, gallon, dozen, gross, etc., by which the bids will be tested. All prices are to include containers, and to be "net," without discounts or conditions.

The bids will be compared and contracts awarded at a lump sum for all the work, articles, materials or supplies specified and contained in the annexed specifications and schedule for Nos. 1 and 2, and to the lowest bidder on each item in No. 2.

All goods must be delivered as directed. The weight, measure, etc., will be allowed as received at points of delivery.

Delivery will be required to be made from time to time and in such quantities and places as may be directed by the Engineer.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Department, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, and any further information may be obtained upon application therefor at the office of the Chief Engineer, Room 1531.

JOHN H. O'BRIEN, Commissioner of Water Supply, Gas and Electricity.

The City of New York, February 6, 1907.

See General Instructions to Bidders on the last page, last column, of the "City Record."

## BOROUGH OF BROOKLYN.

NOTICE OF SALE BY PUBLIC AUCTION.

ON THURSDAY, FEBRUARY 28, 1907, AT 11 o'clock a. m., the Commissioner of Public Works, Borough of Brooklyn, will sell at public auction the following:

About 35 3/4 tons scrap iron.

About 2 tons old rubber.

30 empty oil barrels.

1 old cart.

1 survey.

2 buggies.

Intending bidders will bid price per hundred-weight for the iron and rubber, to be weighed on the premises.

The sale will take place at the office of the Assistant Commissioner of Public Works, Room 15, Municipal Department Building, Borough of Brooklyn.

Intending bidders may apply for particulars at said office before date of sale.

### TERMS OF SALE.

Cash payment in bankable funds at the time and place of sale, and the removal of the iron, rubber, barrels, etc., within ten days after the sale. If the purchaser or purchasers fails or fail to effect the removal within the time specified, he or they will forfeit his or their purchase money and the ownership to the iron, rubber, barrels, etc.

DURBIN VAN VLECK, Assistant Commissioner of Public Works, Borough of Brooklyn.

125,014

## FIRE DEPARTMENT.

**HEADQUARTERS OF THE FIRE DEPARTMENT OF THE CITY OF NEW YORK, Nos. 157 and 159 EAST SIXTY-SEVENTH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.**

**SEALED BIDS OR ESTIMATES WILL BE** received by the Fire Commissioner at the above office until 10.30 o'clock a. m. on

**WEDNESDAY, FEBRUARY 27, 1907,**  
**Boroughs of Manhattan and The Bronx.**

**No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING AND DELIVERING ONE STEEL SCREW PROPELLING FIREBOAT.**

**No. 2. FOR FURNISHING AND DELIVERING GENERAL SUPPLIES FOR THE BOROUGHS OF MANHATTAN AND THE BRONX.**

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before February 1, 1908.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item and awards made to the lowest bidder on each item; or the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Fire Department, Nos. 157 and 159 East Sixty-seventh street, Manhattan.

**FRANCIS J. LANTRY,**

Fire Commissioner.

Dated February 11, 1907.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to **ELSMERE PLACE** (although not yet named by proper authority), from Prospect avenue to Marmon avenue, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

**NOTICE IS HEREBY GIVEN THAT THE** final report of the Commissioners of Estimate and Assessment in the above-entitled matter will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan in The City of New York, on the 4th day of March, 1907, at 10.30 o'clock in forenoon of that day; and that the said final report has been deposited in the Office of the Clerk of the County of New York, there to remain for and during the space of five days, as required by law.

Dated Borough of Manhattan, New York, February 25, 1907.

**DANIEL F. MURPHY,**

**WILLIAM F. GARDINER,**

Commissioners.

**JOHN P. DUNN,**

Clerk.

125,m2

### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of **RICHARD STREET**

(although not yet named by proper authority), from the Bronx and Pelham parkway to Morris street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

**WE, THE UNDERSIGNED, COMMISSIONERS OF Estimate and Assessment** in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of March, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of March, 1907, at 11 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 14th day of March, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the southerly prolongation of the middle line of the blocks between Timson avenue and Post avenue, and a line parallel to and distant one hundred (100) feet south of the southerly line of the Bronx and Pelham parkway, running thence westerly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet east of the easterly line of White Plains road; thence southerly along said parallel line to White Plains road to its intersection with the southeasterly prolongation of the northerly line of an unnamed street between White Plains road and Boston road; thence northwesterly along said southeasterly prolongation and northerly line of the unnamed street to its intersection with a line parallel to and distant one hundred (100) feet west of the westerly line of White Plains road; thence northerly along said last mentioned parallel line to its intersection with a line parallel to and distant one hundred (100) feet south of the southerly line of the Bronx and Pelham parkway; thence westerly along said parallel line to its intersection with the southerly prolongation of the middle line of the blocks between Newell avenue and Duncomb avenue; thence northerly along said southerly prolongation and middle line of the blocks to its intersection with the southwesterly prolongation of a line parallel to and distant one hundred (100) feet northwesterly of the northwesterly line of Duncomb avenue; thence northerly along said southwesterly prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet west of the westerly line of Elliott avenue; thence northerly along said parallel line and its northerly prolongation to its intersection with a line parallel to and distant one hundred (100) feet north of the northerly line of Olin avenue; thence easterly along said parallel line to its intersection with the northerly prolongation of the middle line of the blocks between Elliott avenue and White Plains road; thence southerly along said northerly prolongation and middle line to its intersection with a line parallel to and distant one hundred (100) feet south of the southerly line of Elizabeth street and Locust avenue; thence easterly along said last mentioned parallel line and its easterly prolongation to its intersection with the northerly prolongation of the middle line of the blocks between Timson avenue and Post avenue; thence southerly along said northerly prolongation and middle line and its southerly prolongation to the point or place of beginning as such area is shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 6th day of May, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 1, 1907.

**N. J. O'CONNELL,**  
Chairman;  
**ALBERT ELLERICH,**  
**GEO. P. BAILEY,**  
Commissioners.

**JOHN P. DUNN,**  
Clerk.

120,m12

### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to amending its application heretofore made in the matter of acquiring title, wherever the same has not been heretofore acquired, to certain lands and premises required for an easement for a **STORM RELIEF TUNNEL SEWER** from the Webster avenue sewer near Wendover avenue in the Millbrook Watershed (Sewerage District No. 33), to the Harlem river, about 331 feet north of High Bridge, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, by acquiring in fee that portion of said premises described in a resolution adopted by the Board of Estimate and Apportionment on May 20, 1904, as Parcel No. 9.

**PURSUANT TO THE STATUTES IN** such cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Thursday, the 28th day of February, 1907, at the opening of the Court on that day, or at noon thereafter, as counsel can be heard thereon, for an order amending the proceeding entitled: "In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, for an easement for a storm relief tunnel sewer from the Webster avenue sewer, near Wendover avenue, in the Millbrook Watershed (Sewerage District No. 33), to the Harlem river, about 331 feet north of High Bridge, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," so as to provide for the acquisition in fee for a shaft house from said outlet sewer of that portion of said premises described in the resolution of the Board of Estimate and Apportionment adopted on May 4, 1904, as Parcel No. 9, extending from Macombs road to Cromwell avenue, being the following-described piece or parcel of land, viz.:

Beginning at a point in the western line of Macombs road distant 127.45 feet northerly from the intersection of said line with the western line of Inwood avenue;

**BY REASON OF THE DISCONTINUANCE,** abandonment and closing in front thereof of former Williamsbridge road, between Bainbridge avenue and Valentine avenue, in the Twenty-fourth Ward, Borough of The Bronx, The City of New York, we, the Commissioners of Estimate and Assessment in the above-entitled proceeding, having been directed as follows:

First—By order bearing date the 6th of March, 1906, and duly entered in the office of the Clerk of the County of New York, to ascertain and determine the compensation, if any, which upon proof of all the facts should justly be made and

1. Thence northerly along the western line of Macomb's road for 50.39 feet;  
2. Thence westerly deflecting 83 degrees 32 minutes 39 seconds to the left for 110.41 feet to the eastern line of Cromwell avenue;  
3. Thence southwesterly along last-mentioned line for 55.33 feet;  
4. Thence easterly for 139.37 feet to the point of beginning.  
The land to be taken for Parcel No. 9 is located in Block 2857 of Section 11 of the Land Map of the former City of New York.  
Dated New York, February 16, 1907.  
**WILLIAM B. ELLISON,**  
Corporation Counsel,  
Hall of Records,  
Borough of Manhattan,  
New York City.  
f16.28

## FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening EAST ONE HUNDRED AND SEVENTY-SECOND STREET (although not yet named by proper authority), from Jerome avenue to Morris avenue, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

**NOTICE IS HEREBY GIVEN THAT THE** supplemental and additional bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Court House in the Borough of Manhattan in The City of New York, on the 4th day of March, 1907, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the Office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by the provisions of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated Borough of Manhattan, New York, February 16, 1907.

**HORACE BARNARD, JR.,**  
**JAMES A. HOOPER,**  
Commissioners.

**JOHN P. DUNN,**  
Clerk.

f16.28

## FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated in the block bounded by SOUTH AND WATER STREETS, PIKE SLIP AND MARKET SLIP, in the Borough of Manhattan, in The City of New York, duly selected as a site for bridge purposes, according to law.

**NOTICE IS HEREBY GIVEN THAT THE** report of Edward B. La Fetra, William J. Wright and Alfred E. Ommen, Commissioners of Estimate and Appraisal, duly appointed in the above entitled proceeding, which report bears date the 8th day of February, 1907, was filed in the office of the Board of Estimate and Apportionment, Room 805, No. 277 Broadway, in the Borough of Manhattan, City of New York, on the 14th day of February, 1907, and a duplicate of said report was filed in the office of the Clerk of the County of New York on the same day.

Notice is further given that the said report will be presented for confirmation to the Supreme Court of the State of New York, in the First Judicial District, at Special Term, Part III, thereof, to be held at the County Court House, in the Borough of Manhattan, in The City of New York, on the 15th day of March, 1907, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, February 14, 1907.  
**WILLIAM B. ELLISON,**  
Corporation Counsel,  
Hall of Records,  
Borough of Manhattan,  
City of New York.  
f15.27

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WHITE PLAINS ROAD (although not yet named by proper authority), from Morris Park Avenue to West Farms road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 11th day of March, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and 100 feet southerly from the southerly line of West Farms road; thence westerly along said last-mentioned parallel line to its intersection with a line parallel to and 100 feet westerly from the westerly line of Rosedale avenue; thence northerly along said last-mentioned parallel line to its intersection with a line parallel to and 100 feet southerly from the southerly line of West Farms road; thence westerly along said last-mentioned parallel line to its intersection with the southerly prolongation of a line parallel to and 100 feet northwesterly from the northwesterly line of Morris Park avenue; thence northeasterly and easterly along said last-mentioned prolongation and parallel line to its intersection with a line parallel to and 100 feet westerly from the westerly line of White Plains road; thence northerly along said last-mentioned parallel line to its intersection with the southerly line of Bronx and Pelham parkway; thence easterly along said southerly line to its intersection with a line parallel to and 100 feet easterly from the easterly line of White Plains road; thence southerly along said parallel line to its intersection with a line parallel to and 100 feet northerly from the northerly line of Morris Park avenue; thence easterly along said last-mentioned parallel line and its easterly prolongation to its intersection with a line parallel to and 100 feet easterly from the easterly line of Bronx and Pelham parkway; thence southerly and southeasterly along said last-mentioned parallel line to its intersection with the northerly prolongation of a line parallel to and 100 feet easterly from the easterly line of Lafayette street; thence southerly along said last-mentioned prolongation and parallel line to its intersection with a line parallel to and 100 feet northeasterly from the northeasterly line of Grace avenue; thence southeasterly along said last-mentioned parallel line and its prolongation to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Westchester avenue; thence southwesterly and westerly along said last-mentioned parallel line to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 25th day of April, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and widening of CANAL STREET WEST (although not yet named by proper authority), between East One Hundred and Thirty-eighth street and a point 251.77 feet southerly, as shown on the map or plan adopted by the Board of Estimate and Apportionment on June 23, 1905, in the Twenty-third Ward, Borough of The Bronx, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 6th day of March, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly prolongation of a line parallel to and distant one hundred (100) feet north of the northerly line of Canal Street West and a line parallel to and distant one hundred (100) feet west of the westerly line of East One Hundred and Thirty-fifth street, running thence easterly along said westerly prolongation and parallel line north of the northerly line of Canal Street West and its easterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet east of the easterly line of East One Hundred and Thirty-fifth street, thence southerly along said last-mentioned parallel line to its intersection with the easterly prolongation of a line parallel to and distant one hundred (100) feet south of the southerly line of Canal Street West, thence westerly along said easterly prolongation and parallel line and its westerly prolongation to its intersection with a line parallel to and distant one hundred (100) feet west of the westerly line of East One Hundred and Thirty-fifth street; thence northerly along said last-mentioned parallel line to the point or place of beginning; excepting from said area all streets, avenues and roads or portions thereof, heretofore legally opened, as such area is shown upon our benefit map deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 25th day of April, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, Borough of Manhattan, New York, January 23, 1907.

**FRANCIS V. S. OLIVER,** Chairman;  
**FREDERICK L. HAHN,**  
**MARTIN J. MOORE,**  
Commissioners.

**JOHN P. DUNN,**  
Clerk.

## SUPREME COURT—SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to

the lands, tenements and hereditaments required for the opening and extending of HATFIELD AVENUE (although not yet named by proper authority), from Nicholas avenue to a point about 100 feet easterly where Hatfield avenue is fully improved, in the Third Ward, Borough of Richmond, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of March, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and distant one hundred (100) feet west of the westerly line of Nicholas avenue and the westerly prolongation of a line midway between Harrison avenue and Hatfield avenue; running thence easterly along said westerly prolongation and line midway between Harrison avenue and Hatfield avenue to its intersection with a line parallel to and distant one hundred (100) feet west of the westerly line of Lafayette avenue; thence southerly along said last-mentioned parallel line to its intersection with a line midway between Hatfield avenue and Charles avenue; thence westerly along said line midway between Hatfield avenue and Charles avenue and its westerly prolongation parallel to Hatfield avenue, to its intersection with a line parallel to and distant one hundred (100) feet west of the westerly line of Nicholas avenue; thence northerly along said parallel line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as shown on the benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 30th day of April, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, January 26, 1907.

**WM. M. MULLEN,**  
Chairman.  
**WM. T. CROAK,**  
**DANIEL CAMPBELL,**  
Commissioners.

**JOHN P. DUNN,**  
Clerk.

## COUNTY OF KINGS.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the SOUTHERLY SIDE OF FRONT STREET, one hundred twenty feet and five inches west of Garrison street, in the Borough of Brooklyn, duly selected as a site for bridge purposes.

**NOTICE IS HEREBY GIVEN THAT IT** is the intention of the Corporation Counsel to make application to the Supreme Court for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, on the 8th day of March, 1907, for the appointment of Commissioners of Estimate and Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in certain property situated in the Borough of Brooklyn, bounded and described as follows:

Beginning at a point on the southerly line of Front street distant one hundred and seventy feet five inches westerly from the corner formed by the intersection of the westerly line of Garrison street and the southerly line of Front street; running thence southerly and parallel with Garrison street forty-seven feet; thence westerly sixteen feet eleven and one-half inches to a point distant fifty-five feet from the centre line of said bridge; thence northwesterly twenty-eight feet two inches to a point distant fifty-five feet from the centre line of said bridge; thence northerly parallel with Garrison street twenty-four feet five inches to the southerly line of Front street; thence easterly along the southerly line of Front street thirty-seven feet to the point or place of beginning.

Dated New York, February 21, 1907.

**WILLIAM B. ELLISON,**  
Corporation Counsel,  
Hall of Records,  
Borough of Manhattan,  
New York City.  
f25.07

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening NINETEEN-FIRST STREET, from First avenue to Fifth avenue, in the Thirtieth Ward of the Borough of Brooklyn, City of New York.

**NOTICE IS HEREBY GIVEN THAT THE** final report of the Commissioners of Estimate and Assessment in the above-entitled matter will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the

hearing of motions to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 1st day of March, 1907, at 10.30 o'clock in the forenoon of that day, and that said final report has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of five days, as required by law.

Dated Borough of Brooklyn, New York, February 23, 1907.  
**HORATIO C. KING,**  
**ABRAM C. DEGRAW,**  
 Commissioners.  
**JAMES F. QUIGLEY,**  
 Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to SENATOR STREET, from First avenue to Fifth avenue, in the Thirtieth Ward, in the Borough of Brooklyn, The City of New York.

**NOTICE IS HEREBY GIVEN THAT** Archibald J. Quail was appointed by an order of the Supreme Court, made and entered herein on the 14th day of May, 1906, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 15th day of May, 1906, that Frank Sperry was appointed by an order of the Supreme Court made and entered herein on the 21st day of September, 1906, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 16th day of October, 1906, and that John C. Fawcett was appointed by an order of the Supreme Court, made and entered herein on the 13th day of February, 1907, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 13th day of February, 1907, and indexed in the Index of Conveyances in Section 16, Blocks 5848, 5849, 5850, 5851, 5852, 5853, 5854, 5855, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of March, 1907, at 4 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, February 19, 1907.  
**JOHN C. FAWCETT,**  
**FRANK SPERRY,**  
**ARCHIBALD J. QUAIL,**  
 Commissioners.

## SECOND JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title in and possession of certain uplands, filled-in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the

uplands, filled-in lands, lands and lands under water, and wharf property necessary to be taken for the improvement of the water front and harbor of The City of New York in the vicinity of WHALE CREEK, in the Borough of Brooklyn, in The City of New York, pursuant to a certain plan heretofore adopted by the Commissioner of Docks, and approved by the Commissioners of the Sinking Fund.

**PURSUANT TO THE STATUTES IN** such cases made and provided, notice is hereby given that an application will be made to a Special Term of the Supreme Court of the State of New York, in and for the Second Judicial Department, to be held for the hearing of motions at the Kings County Court House, in the Borough of Brooklyn, in The City of New York, on the 2d day of March, 1907, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate in the above entitled matter.

The nature and extent of the improvement hereby intended in the acquisition of title in fee in the name and for the benefit of The City of New York to certain uplands, filled-in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled-in lands, lands and lands under water and wharf property, are bounded and described as follows:

Beginning at a point in the pierhead and bulkhead line on the southerly side of Newtown creek, in the Borough of Brooklyn, established by the Secretary of War in 1861, where the easterly line of Henry place intersects the same, and running thence southerly and along said easterly line of Henry place and its prolongation until it intersects the easterly line of North Henry street; thence southerly and along said easterly line of North Henry street to the southerly line of Greene street; thence westerly and along said southerly line of Greene street 465 feet; thence northerly and along the line drawn parallel and distant 465 feet westerly from the easterly line of said North Henry street until it intersects a line drawn parallel with and distant 500 feet westerly from the easterly line of Henry place; thence still northerly and along said parallel line to the centre line of Fudge avenue; thence westerly and along the centre line of Fudge avenue to a line drawn in the southerly prolongation of the bulkhead on the westerly side of Whale creek; thence northerly along the said bulkhead and its southerly prolongation to the bulkhead and pierhead line on the southerly side of Newtown creek, established by the Secretary of War in 1860; thence easterly and along said bulkhead and pierhead line to the place of beginning.

And which said property is shown on the plan above mentioned, adopted by the Commissioner of Docks on February 4, 1906, and approved by the Commissioners of the Sinking Fund on March 21, 1906, and which said plan is on file in the office of the Department of Docks and Ferries.

Dated New York, February 16, 1907.  
**WILLIAM B. ELLISON,**  
 Corporation Counsel,  
 Hall of Records,  
 Borough of Manhattan,  
 City of New York.

## COUNTY OF KINGS.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the NORTHEASTERLY LINE OF ST. NICHOLAS AVENUE, between Snyder street and Willoughby avenue, in the Borough of Brooklyn, in The City of New York, duly selected as a site for school purposes, according to law.

**NOTICE IS HEREBY GIVEN THAT IT** is the intention of the Corporation Council to make application, at a Special Term of the Supreme Court for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, on the 2d day of March, 1907, at the opening of the Court on that day, for the appointment of Commissioners of Estimate and Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in certain property situated in the Borough of Brooklyn, bounded and described as follows:

Beginning at a point formed by the intersection of the northwesterly line of Snyder street with the northeasterly line of St. Nicholas avenue, and running thence northwesterly along the northeasterly line of St. Nicholas avenue two hundred (200) feet to the southeasterly line of Willoughby avenue; thence northeasterly along the southeasterly line of Willoughby avenue two hundred (200) feet; thence southeasterly and parallel with St. Nicholas avenue two hundred (200) feet to the northwesterly line of Snyder street; thence southwesterly along the northwesterly line of Snyder street two hundred (200) feet to the northeasterly line of St. Nicholas avenue, the point or place of beginning.

Dated February 15, 1907.  
**WILLIAM B. ELLISON,**  
 Corporation Counsel,  
 Hall of Records,  
 New York City.  
 118,01

## COUNTY OF KINGS.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the easterly line of PORTER AVENUE, between Ingraham street and Harrison place, in the Borough of Brooklyn, in The City of New York, duly selected as a site for school purposes according to law.

**NOTICE IS HEREBY GIVEN THAT IT IS** the intention of the Corporation Council to make application, at a Special Term of the Supreme Court for the hearing of motions, to be held at the County Court House in the Borough of Brooklyn, on the 2d day of March, 1907, at the opening of Court on that day, for the appointment of Commissioners of Estimate and Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in certain property situated in the Borough of Brooklyn, bounded and described as follows:

Beginning at a point formed by the intersection of the northerly line of Harrison place with the easterly line of Porter avenue, and running thence northerly along the easterly line of Porter avenue two hundred (200) feet to the southerly

line of Ingraham street; thence easterly along the southerly line of Ingraham street two hundred (200) feet; thence southerly and parallel with Porter avenue two hundred (200) feet to the northerly line of Harrison place; thence westerly along the northerly line of Harrison place two hundred (200) feet to the easterly line of Porter avenue, the point or place of beginning.

Dated New York, February 15, 1907.  
**WILLIAM B. ELLISON,**  
 Corporation Counsel,  
 Hall of Records,  
 New York City.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the construction of the new bridge over FLUSHING CREEK, between Jackson avenue, in the former Town of Newtown, and Broadway, in the former Town of Flushing, in the Borough of Queens, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Appraisal in the above entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment, at its office, Room 805, No. 277 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same or any part thereof, may, within ten days after the first publication of this notice, February 15, 1907, file their objections in writing with us at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 28th day of February, 1907, at 3 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, February 14, 1907.  
**LUKE OTTEN,**  
**GEORGE WALLACE,**  
**W. W. GILLEN,**  
 Commissioners.  
**JOSEPH M. SCHENCK,**  
 Clerk.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

### NOTICE TO CONTRACTORS.

### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from an contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Council, can be obtained upon application thereto at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
