BOARD OF ESTIMATE AND APPORTIONMENT

MINUTES OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN THE MAYOR'S OFFICE, CITY HALL, FRIDAY, DECEMBER 15, 1905.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Martin W. Littleton, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Cassidy, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

After disposing of the calendar of public improvement matters the following financial matters were considered:

Mr. Elwin S. Piper appeared and asked to be heard in regard to the terminals of the Manhattan and Brooklyn Bridges.

The Comptroller moved that when the Board adjourn it adjourn to meet on Wednesday, December 20, at 10.30 o'clock in the forenoon, which motion was agreed to.

Resolved, That at the next meeting of the Board of Estimate and Apportionment, to be held Wednesday December 20, 1905, a public hearing be given on the question of the Manhattan terminal of the Brooklyn Bridge, and that notice be sent to all organizations which have communicated with the Board on the subject.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Queens and Richmond—13.

The Secretary presented the following:

PAUL GROUT,
No. 189 MONTAGUE STREET,
BROOKLYN, N. Y., December 4, 1905.

To the Honorable Board of Estimate and Apportionment, City of New York, No. 277 Broadway, New York City:

DEAR SIRS—We hereby petition your Honorable Board for permission to erect and maintain a structure in Livingston street, between Gallatin place and Hoyt street, Borough of Brooklyn, 11 feet wide by 400 feet long, as indicated upon the annexed plan in brown tinting, and between the lines marked C. D. E. and P.

The said plan complete provides for a passageway under Livingston street, connecting our premises on the north side thereof with our premises on the south side thereof.

That portion of Livingston street indicated on said plan by the yellow tinting, and within the lines marked E. G. H. I. Q. R. S. M. N. O. D., represents the 50-foot street as originally laid out and existing prior to the proceedings for the widening of said Livingston street, the fee of which by deed dated May 12, 1905, certified copy of which is hereto annexed, and recorded in the office of the Register of the County of

Kings April 17, 1905, was acquired by us within the points above indicated. We herewith inclose certificate of the Title Guarantee and Trust Company to this effect. The said plan shows the location and dimensions of the proposed passageway, and that the roof thereof will be below the water and gas mains and electric conduits, and that the sewer is carried along the southerly side of the proposed tunnel. These plans have been approved by the Sewer Department, the Highway Department and the Department of Water Supply, Gas and Electricity, in the Borough of Brooklyn, and by the Chief Engineer of the Department of Highways as to construction.

On account of our ownership of the bed of Livingston street, and on the advice of the Corporation Counsel that we have the right to construct tunnels and vaults therein and use the same in connection with our premises so long as we did not interfere with the highway easement on the surface and the water and sewer mains, etc., below the surface, the Hon. John C. Brackenridge, Commissioner of Public Works, has granted to us a permit to open said street for the purpose of constructing a tunnel or vaults therein within the said lines covered by our ownership of the fee.

On our application the Hon. Martin W. Littleton, President of the Borough of Brooklyn, has granted us a permit to open said street and to maintain vaults therein within the lines indicated on said plan F. P. A. B., and tinted red, his authority being found in section 383 of the Charter, subdivision 5, for which we have paid the City the compensation fixed by the Board of Aldermen under section 49 of the Charter, subdivision 7, and by the ordinances of the City of Brooklyn by section 4 of article 6 of chapter 3, continued in full force and effect by the Greater New York Charter.

Our application, as herein made to your Honorable Board, is for leave to maintain a structure in that portion indicated on said plan by the letters P. E. D. and C., is designed to enable us to connect the structure we propose building in that portion of Livingston street, wherein we own in fee, with that portion of Livingston street for which we have obtained from the President of the Borough of Brooklyn permit to build and maintain vaults.

We acquired the fee of Livingston street, between Gallatin place and Hoyt street, and a large parcel in the block immediately on the south side of Livingston street, opposite our premises on the north side thereof, with the intent of using same for delivery purposes, making the connection through the proposed passageway indicated on the plans submitted herewith and for which permission is requested.

At the present time and for many years Livingston street has been necessarily used by us for delivery purposes, and as a result thereof we have occupied a large portion of the street by our delivery wagons to the exclusion of others desiring to use the street, and it is our intention to keep from Livingston street all our delivery wagons, maintaining the said delivery department in the premises on the south side of Livingston street and making the connection through the proposed tunnel. This, we believe, will relieve the congested situation now existing on Livingston street, thereby contributing largely to the result sought to be obtained through the widening thereof.

The heating and lighting plants and the power for running elevators and devices for the transmission of bundles and money for said store will be generated on the said premises on the southerly side of Livingston street, the said tunnel being used as a means of transmitting the same to our store on the north side thereof.

We will give a bond, to be fixed by you, to hold the City harmless during the construction of that portion of the passageway covered by this petition, and to hold the City harmless from any claims and demands growing out of its maintenance, and will make the construction under the supervision of your Engineer.

Very truly yours,

ABRAHAM & STRAUS,

Per Paul Grout.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 13, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The firm of Abraham & Straus, under date of December 4, 1905, has made application to the Board of Estimate and Apportionment for the right to construct and maintain a tunnel in the Borough of Brooklyn, from the westerly line of Hoyt street to the westerly line of Gallatin place, under that portion of the roadway of Livingston street owned by the City, a strip four hundred feet long and eleven feet wide, in order to connect the properties owned by the said firm on both sides of Livingston street.

The proposed tunnel is shown on a plan accompanying the application, entitled: "Design of proposed structure in Livingston street, Abraham & Straus, accompanying application dated December 4, 1905, for permit for construction and maintenance." Signed, Abraham & Straus, per Paul Grout, attorney.

This plan has been approved by I. M. de Varona, Chief Engineer, Department of Water Supply, Gas and Electricity; Thomas R. Farrell, Deputy Commissioner, Department of Water Supply, Gas and Electricity; J. C. Brackenridge, Commissioner of Public Works; George W. Tillson, Chief Engineer, Bureau of Highways, and Arthur J. O'Keefe, Superintendent of Sewers, as indicated by the signatures of the several officials on the plan.

Also accompanying the petition is a certified copy of a deed conveying to the firm of Abraham & Straus the fee in that portion of Livingston street as originally laid out and existing prior to its widening, between Hoyt street and Gallatin place, and a confirmatory certificate of the Title Guarantee and Trust Company.

The firm of Abraham & Straus proposes to construct and maintain an underground place, chamber or tunnel, between the westerly line of Hoyt street and the westerly line of Gallatin place, under the entire fifty-foot width of Livingston street, as it existed before widening, by right of their ownership of the fee in said property.

They also propose to construct and maintain vaults between the south curb line and the south house line of Livingston street, as widened, in front of portions of their property on the south side of Livingston street, by right of permits which their petition recites have been granted by the President of the Borough of Brooklyn, and they request the City's permission to use the intervening strip, eleven feet wide, in the roadway of Livingston street, as widened, between the old south building line and the new south curb, in order to widen the above mentioned underground place, chamber or tunnel and provide connection between it and the vaults above mentioned.

The petitioner shows an approved method of providing for all subsurface structures, and states that a new system of handling their merchandise, by loading delivery wagons in their premises on the south side of Livingston street, will be made possible by use of the proposed tunnel, and will thus materially relieve the congestion on Livingston street.

In a similar case the Board of Estimate and Apportionment fixed the annual charge on the basis of 12 per cent. of the assessed valuation for the first term of five years, with a 5 per cent. increase for each succeeding term of five years. On this basis of calculation the charges would be as follows:

For the first term of five years an annual charge of \$1,070.
For the second term of five years an annual charge of \$1,125.
For the third term of five years an annual charge of \$1,180.
For the fourth term of five years an annual charge of \$1,240.
For the fifth term of five years an annual charge of \$1,300.

I can see no good reason why the request should not be granted, and would therefore recommend that consent be given for a period not exceeding twenty-five (25) years, but revocable at the pleasure of the Board of Estimate and Apportionment or its successors in authority, upon six months' notice in writing to the firm; and that the sum of twenty-five hundred dollars (\$2,500) in money or securities be deposited with the Comptroller for the faithful performance of the terms and conditions of the consent.

The usual form of resolution is attached hereto.

Respectfully,

HARRY P. NICHOLS, Principal Assistant Engineer.

The Comptroller stated that for personal reasons he did not care to act upon this matter, and that he had not seen the report. He then retired from the meeting temporarily.

The following was offered:

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the firm of Abraham & Straus, the owner of certain lands on the northerly and southerly sides of Livingston street, Borough of Brooklyn, City of New York, to construct a tunnel from the westerly line of Hoyt street to the westerly line of Gallatin place, under that portion of Livingston street owned by The City of New York, the said portion being a strip 11 feet wide and 400 feet long, between the old south line of Livingston street and the new south curb line of Livingston street, as widened, as shown in brown on the plan entitled

"Design of Proposed Structure in Livingston street, Abraham & Straus, accompanying application dated December 4, 1905, for a permit for construction and maintenance." Signed Abraham & Straus, per Paul Grout, Attorney, —a copy of which is annexed hereto and made a part hereof upon the following terms and conditions:

1. Said consent shall be for a term not exceeding twenty-five years from the granting of said consent, provided, however, that the same may be canceled and annulled upon six months' notice in writing to the firm of Abraham & Straus, its successors or assigns, by the Board of Estimate and Apportionment, or its successors in authority, and thereupon all the rights of the said firm of Abraham & Straus, its successors or assigns, in and upon the aforesaid portion of Livingston street shall cease and determine.

2. The firm of Abraham & Straus, its successor or assigns, shall pay into the Treasury of The City of New York the following sums of money:

During the first five years the annual sum of \$1,070.
During the second five years the annual sum of \$1,125.
During the third five years the annual sum of \$1,180.
During the fourth five years the annual sum of \$1,240.
During the fifth five years the annual sum of \$1,300.

Such sums shall be paid into the Treasury of The City of New York on November 1st of each year, provided, however, that the first payment shall be only that proportion of \$1,070 as the time between the approval of this consent and November 1 following shall bear to the whole year. The compensation hereby reserved shall commence from the date of approval hereof by the Mayor, and such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of The City of New York or by any law of The State of New York.

3. Upon the revocation or termination by limitation of this consent, the said firm of Abraham & Straus, its successors or assigns, shall, at its cost, cause the tunnel to be removed and all that portion of Livingston street affected by this permission to be restored to its proper and original condition, if required so to do by The City of New York or its duly authorized representatives. If the tunnel to be constructed by the firm of Abraham & Straus under this permit shall not be required to be removed, it is agreed that the said tunnel shall become the property of The City of New York.

4. The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by acts of the firm of Abraham & Straus, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting

by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any-wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

5. The tunnel shall be constructed in the latest improved manner, solely upon the terms and conditions hereafter to be approved by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity. The said firm of Abraham & Straus shall submit such working plans of construction as may be required by said officials, which shall include and show in detail the method of construction of said tunnel and the mode of protection of all subsurface constructions now in Livingston street.

6. Said tunnel and all pipes and conduits laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York; and said tunnel shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York; and such sum for restoring the pavement as may be required by the President of the Borough of Brooklyn shall be paid by the firm of Abraham & Straus.

7. Said firm of Abraham & Straus, its successors or assigns, shall allow a right of way through any part of the tunnel constructed under the permission hereby granted to be used by The City of New York for any and all subsurface constructions now or hereafter placed by it in that portion of Livingston street occupied by said tunnel, and agrees to reimburse the City for any expense other than the ordinary which it may incur in any subsurface construction, including the laying of pipes, conduits, sewers or like structures, in any street or avenue by reason of the presence of the tunnel to be constructed under this consent.

8. Said firm of Abraham & Straus shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction or operation or maintenance of said tunnel, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

9. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

10. Said firm of Abraham & Straus, its successor or assigns, shall commence the construction of said tunnel under this consent and complete the same within one year from the day of the approval of this consent by the Mayor; otherwise this consent shall be forfeited forthwith, and without any proceeding, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding six months.

11. This consent is upon the express condition that the said firm of Abraham & Straus, within thirty days after its approval by the Mayor and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of twenty-five hundred dollars (\$2,500), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge for the consent and the repairs of the street pavement. In case of default in the performance by said firm of Abraham & Straus of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said firm without legal proceedings, or after default in the payment of the annual charges, shall collect the same with interest from such fund after ten days' notice in writing to the said firm of Abraham & Straus.

In case of any drafts so made upon the security fund, the said firm of Abraham & Straus shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of twenty-five hundred dollars (\$2,500); and in default thereof the consent hereby given may be canceled and annulled at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

12. The firm of Abraham & Straus shall notify the Comptroller upon the commencement of the work, and shall also inform said Comptroller when it has completed all the work authorized by this consent.

13. This consent shall not become operative until said firm of Abraham & Straus shall duly execute an instrument in writing wherein said firm of Abraham & Straus shall promise, covenant and agree on its part to conform to and abide by and perform all the terms and conditions and requirements in this consent fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days after the approval of this consent by the Mayor.

And said firm of Abraham & Straus shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the tunnel hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—12.

The Comptroller returned and took his place in the Board.

New York and Port Chester Railroad Company.

In the matter of the application of the New York and Port Chester Railroad Company for a franchise to construct, maintain and operate a railroad across certain streets and highways intersected by its route in the Borough of The Bronx, and upon which public hearing was held as advertised December 5, 1905, and at the conclusion thereof the matter was referred to the Comptroller for further conference with the representatives of the railroad company, so as to adjust all differences possible in the proposed terms and conditions before presenting same to the Board.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 12, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—At the meeting of the Board held on December 5, the matter of the terms and conditions proposed by the Bureau of Franchises for a grant to the New York and Port Chester Railroad Company, was referred to me with directions to confer with the representatives of the company in order to ascertain if an agreement could be reached between the City and the company upon such terms.

I have conferred with the company's representatives as directed and the company has now submitted a form of contract, the terms and conditions of which I believe

are in the interests of the City. The more important modifications from the terms as proposed by the Bureau of Franchises are as follows:

1. That the railroad company shall have the privilege of renewal of its franchise for a further term of twenty-five years, upon terms to be hereafter fixed.

2. The compensation as proposed has been altered as follows:

(a) For the first five years the terms shall be the same as those fixed for the New York, Westchester and Boston Railway Company.

(b) For the second five years the terms shall be the mean between the terms for the first five years so fixed and the amounts proposed by the Bureau of Franchises.

(c) For the remaining fifteen years the terms shall be as originally proposed by the Bureau of Franchises, to wit, a minimum sum of \$35,000 per annum and in addition the sum of 20 cents per linear foot of single track laid.

3. The clause governing the assignment under a foreclosure sale has been modified.

4. A new restriction has been put in that no existing park or parkway shall be crossed at or above grade.

5. The superstructure in any street which shall be crossed by a single span has been reduced from 100 to 75 feet.

6. The company shall not be required to furnish ducts to the City unless it shall be obliged to construct ducts for its own use, but the City shall have the right to place upon the property and structure of the company, without cost, wires or other electrical conductors to an equivalent amount as would be contained in two ducts of a diameter of three inches each.

7. The company has to maintain a train schedule on the branch line as may be prescribed hereafter by the Board of Estimate and Apportionment. The company shall not be required to run its cars within the city limits, between 1 and 5 a. m. each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

8. It is provided that the Board reserves the right to fix the maximum fare which shall be charged by the New York and Port Chester Railroad Company, or any other railroad company with which it enters into a contract for carrying passengers over the routes of either company.

9. The provision requiring that all letter carriers of the United States Government shall be carried free is omitted.

10. It is provided that the railroad company shall construct four tracks between the northerly line of the City and One Hundred and Seventy-seventh street; two tracks south of One Hundred and Seventy-seventh street to the Harlem river, and two tracks on the branch line, all within a limit of five years. The company agrees to spend the sum of \$800,000 between the northerly line of the City and Westchester avenue within two years, and the sum of \$200,000 between Westchester avenue and the Harlem river within three years, or forfeit the franchise, provided that the Board of Estimate and Apportionment shall have power to extend such time for a period not exceeding in the aggregate two years.

11. If within one year after the signing of the contract the Board shall adopt a map laying out a street on either side of the railroad, on account of the location of the railroad, then the company shall be obliged to cede a strip of land fifty feet wide for such street or streets, between the easterly side of the White Plains road and the northerly line of The City of New York, without cost to the City, or will pay for the acquisition of such land so to be acquired.

12. The right of advertising has been extended to the stations and cars and to the interior of fences or walls.

13. The sum to be deposited with the Comptroller for the construction of the road, as provided for above, has been reduced from \$150,000 to \$100,000, but if the City shall direct the company to build four tracks between One Hundred and Seventy-seventh street and the Harlem river, then the company shall, within three months, deposit an additional sum of \$25,000 as a guarantee.

14. The deposit of \$50,000 for the faithful performance of the other terms and conditions of the contract has been reduced to \$25,000, which would appear to be ample to protect the City's interests, and the general penalty for which no specific penalty is provided for in the contract has been made \$50 for each offense.

In addition the company is to be penalized \$100 per day for every day after it has been notified to make good the deposit of \$25,000 and has failed so to do.

Respectfully,

EDWARD M. GROUT, Comptroller.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 15, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received your letter dated December 14, 1905, to the effect that at a meeting of the Board of Estimate and Apportionment held on the 5th inst., the matter of the terms and conditions for a grant to the New York and Port Chester Railroad Company was referred to the Comptroller, with directions to confer further with the representatives of the company, in order, if possible, to eliminate the points of difference in any proposed contract.

You also state that you have been in conference with the Railroad Company since that time, and as a result the company has now prepared a form of contract which you are willing to recommend to the Board of Estimate and Apportionment should a franchise be granted to the company, but before formally entering into the contract upon the minutes of the Board, and advertising the same as required by law, you are of opinion that it should be approved as to form by me and you, therefore, request that I examine the same and advise the Board if it is in proper form to be accepted by the City.

I have complied with your request, and return the contract herewith approved as to form, noting on the margin corrections of two clerical errors. I also return approved as to form, a second printed copy of the contract and resolutions. This does not differ from the other, except that the changes noted in ink or typewriting in the copy forwarded with your letter, have been printed in the second copy.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

The following was offered:

Whereas, New York and Port Chester Railroad Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate its railroad across certain streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, The Mayor has, in pursuance of such laws, designated New York "Times" and New York "Daily News" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the CITY RECORD; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to New York and Port Chester Railroad Company and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the CITY RECORD and at least twice in the New York "Times" and the New York "Daily News," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

"Resolved, That the Board of Estimate and Apportionment hereby grants to New York and Port Chester Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges,

upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this _____ day of _____, 190____, by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and New York and Port Chester Railroad Company, a domestic railroad corporation of the State of New York, hereinafter called the Railroad Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Railroad Company, subject to the conditions and provisions hereinafter set forth, the right to cross certain streets and highways hereinafter described, and the right and privilege to construct, maintain and operate a railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railroad by means of electricity, or by any other mechanical motive power which may be lawfully employed upon the same, except steam locomotive power, in, upon and across the following-named streets, avenues, parkways, highways and public places, and upon the following route, all situate in the Borough of The Bronx, City, County and State of New York, namely:

Main Line—Beginning at a point at or near the intersection of Southern Boulevard and Willis avenue, in the Borough of The Bronx, and running thence easterly between One Hundred and Thirty-fourth street and Southern Boulevard, crossing Brown place to Brook avenue; thence crossing Brook avenue and thence crossing the Southern Boulevard between St. Ann's avenue and Brown place; thence crossing St. Ann's avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence easterly and northeasterly between Southern Boulevard and One Hundred and Thirty-second street to Cypress avenue; thence crossing Cypress avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence between Cypress avenue and Willow avenue to One Hundred and Thirty-fourth street; thence crossing One Hundred and Thirty-fourth street to One Hundred and Thirty-fifth street; thence between Willow avenue and Southern Boulevard, crossing One Hundred and Thirty-fifth street, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street to Willow avenue; thence crossing Willow avenue and crossing One Hundred and Thirty-eighth street, at or near its intersection with Willow avenue, to One Hundred and Thirty-ninth street; thence crossing One Hundred and Thirty-ninth street and One Hundred and Fortieth street, between Southern Boulevard and the tracks of the New York, New Haven and Hartford Railroad, to One Hundred and Forty-first street; thence crossing One Hundred and Forty-first street and thence crossing and along Southern Boulevard and Whitlock avenue, at or near their junction between One Hundred and Forty-first street and One Hundred and Forty-second street; thence crossing St. Joseph's street, between Whitlock avenue and Austin place; thence crossing One Hundred and Forty-ninth street, between Austin place and Whitlock avenue to Austin place; thence crossing Austin place, between Whitlock avenue and Timpson place, to Timpson place; thence between Whitlock avenue and Southern Boulevard, and crossing Timpson place, Leggett avenue, East One Hundred and Fifty-sixth street, Craven street, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoe street, Faile street, Bryant street, Longfellow street, Aldus street, Whittier street, to Guttenberg street; thence between Whitlock avenue and Longfellow street, crossing Guttenberg street and Westchester avenue to and crossing Home street. Thence crossing Freeman street, Boone street, Edgewater road, West Farms road and Jennings street. Thence crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, between West Farms road and Boone street; thence along and across Boone street to One Hundred and Seventy-sixth street; thence between West Farms road and Longfellow street, crossing One Hundred and Seventy-sixth street and Rodman place to West Farms road; thence along and across West Farms road to and across East One Hundred and Seventy-seventh street or Tremont avenue; thence to and across Bronx street to the Bronx river; thence crossing East One Hundred and Seventy-ninth street and Lebanon street, between Bronx Park avenue and Bronx river; thence along and across East One Hundred and Eightieth street and Bronx Park avenue at or near their intersection; thence to and across the northerly branch of West Farms road or Adams street, between Morris Park avenue and the easterly line of Bronx Park; thence to and across Unionport road, an unnamed street, or another branch of Unionport road, Victor street, Washington street, or White Plains road, Louise street, Lincoln street, Jefferson street, Madison street and Bear Swamp road, or Bronxdale avenue, to Williamsbridge road; thence crossing Williamsbridge road approximately 2,400 feet southeast of Bronx and Pelham parkway to Bronx and Pelham parkway; thence crossing Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road and running thence northerly between the Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Corsa lane, between Boston Post road and Saw Mill lane to Boston Post road; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the city line, being the route shown on maps entitled "Survey maps and profiles of the line or route of the railroad of the New York and Port Chester Railroad Company, in the County of New York, State of New York," adopted by the board of directors of said company on the 8th day of February, 1904, and signed by W. C. Gotshall, president; W. C. Gotshall, chief engineer, and Francis Blanchard, secretary, under seal, and which maps and profiles were filed in the office of the County Clerk of the City and County of New York, on the 6th day of May, 1904, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Branch Line—Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike, or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road, near its intersection with the Southern turnpike, or Westchester avenue, being the route shown on a map entitled "Map and profile of branch line extending from main line (Bronx Park) to Clason's Point, New York City, forming part of the maps filed with the County Clerk of the City and County of New York, referred to in the preceding paragraph, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or their successors in authority. The "Survey map and profiles" are hereinbefore referred to solely for the purpose of indicating the route of the railroad and not the profile thereof.

General—And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered, in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railroad to cross, in order to make connections with any other railway within two thousand (2,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections; and provided, further, that such connections shall be limited to two (2) in number.

Sec. 2. The grant of this privilege is subject to the following conditions:

1. The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the Railroad Company to file with the Comptroller of The City of New York a map or maps showing the number of tracks and length of same, including crossovers, switches, turnouts, sidings and stands within the present limits of The City of New York, such lengths to be accurately determined by measurements to be taken after the commencement of the operation of any portion of the railroad within the present limits of The City of New York.

2. The said right to cross the streets and the privilege to construct and operate said railroad shall be held and enjoyed by said Railroad Company, its lessee or suc-

cessors, for the term of twenty-five years from the date when this contract is signed by the parties hereto, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. In the determination of the said revaluation may be considered and included the extension of the provisions of this agreement contained in the paragraphs numbered 7 and 8 herein, and the payment of the costs and expenses therein provided for by the Railroad Company, or otherwise.

If the Railroad Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Railroad Company and the Board of Estimate and Apportionment or such other authority in its place. If the Railroad Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the Railroad Company shall be bound, upon request of the other, to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Railroad Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Railroad Company and its officers under oath. The valuations so ascertained, fixed and determined, shall be conclusive upon both parties, but shall not, in any event, be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Railroad Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

3. Upon the termination of this grant, if it be not renewed, or, in case of a renewal thereof, upon the termination of such renewal, all rights and privileges hereby granted to cross the said streets shall cease and determine, unless the said Railroad Company, its successors or assigns, shall have previously procured a new grant for the same from The City of New York.

4. The Railroad Company, its successors or assigns, shall pay to The City of New York, for the rights and privileges hereby granted, the following sums of money: During the first five years commencing from the day when this contract is signed, an annual sum of eight thousand dollars (\$8,000), and during the next succeeding five years an annual sum of thirteen thousand dollars (\$13,000), and during the next succeeding fifteen years an annual sum of thirty-five thousand dollars (\$35,000).

From the date of the commencement of the operation of any portion of the railroad until the end of the first five years of this grant, an additional sum of five and four-tenths cents per linear foot per annum of single track, including all cross-overs, switches, turn-outs, siding and stands within the present boundaries of The City of New York, and for the next succeeding five years an additional sum of seven and seven-tenths cents per linear foot per annum of single track, as aforesaid, in lieu of said sum of five and four-tenths cents, and for the next succeeding fifteen years an additional sum of twenty cents per linear foot per annum, as aforesaid, in lieu of said sum of seven and seven-tenths cents.

All such payments shall be made to the Comptroller of the City, in equal payments at the end of each quarter year, on the first day of January, April, July and October of each year.

Any and all payments to be made, by the terms of this contract, to The City of New York by the Railroad Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

5. The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

6. The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sub-let in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Port Chester Railroad Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage nor to a sale under foreclosure, provided that no sale under foreclosure shall be made to any person or corporation owning, operating or controlling any other railroad in The City of New York.

7. The grade of the railroad has not yet been established. Profile maps definitely showing such grade within the present limits of The City of New York shall be filed with the Board of Estimate and Apportionment by the Railroad Company before beginning the construction of its railroad within the present limits of The City of New York. A duplicate thereof shall at the same time be filed with the Board of Rapid Transit Railroad Commissioners of The City of New York. The Board of Estimate and Apportionment, after a public hearing, of which ten days' notice shall be given by publication, shall then approve or disapprove the said profile map and grades, and upon the Board approving the same the Railroad Company may thereupon proceed with the construction of its railroad within the present limits of The City of New York.

If said Board disapproves the same it shall within thirty days after said hearing prescribe such changes in said map as it may deem necessary.

Within the present limits of The City of New York no street or railroad shall be crossed by the railroad at grade, and no existing park or parkway shall be crossed by the railroad at or above the grade of said park or parkway. All streets now open or in use and streets hereafter opened within the present limits of The City of New York, crossing the line of the railroad, shall be carried over or under the said railroad by the Railroad Company at the sole cost and expense of the Railroad Company. The cost of all changes in grades of all approaches to such crossings within the present limits of The City of New York, shall likewise be borne and paid by the Railroad Company, and The City of New York assumes no liability for any damages to property injured thereby, or by said railroad crossings, or any damages to property along the line of said railroad or contiguous thereto, caused by reason of the construction or operation

of the said railroad, and the Railroad Company hereby agrees to indemnify and save harmless The City of New York of and from all such liability.

The City shall have the right at any time it so desires, to open across the route of the Railroad Company within the present limits of The City of New York, any new streets other than those now open or in use, and the Railroad Company hereby gives its consent to said opening.

8. Within the present limits of The City of New York all viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed and maintained at the expense of the Railroad Company. All viaducts over streets within the present limits of The City of New York shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street, and in the case of tunnel construction under a street, there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

9. Within the present limits of The City of New York any superstructure of the railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved by the Board of Estimate and Apportionment. The width of such superstructure of the railroad shall not exceed sixty (60) feet when measured over all.

10. The plans for all structures over or under any street within the present limits of The City of New York must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of steel, concrete or masonry, or a combination of these materials. Such structures over streets shall be floored and shall be water tight.

11. The railroad shall be constructed in the most modern and approved manner of railroad construction. Unless otherwise authorized by the Board of Estimate and Apportionment, the roadbed shall be ballasted throughout its entire length within the present limits of The City of New York with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast. The Board of Estimate and Apportionment may, however, at any time require a portion of the road not theretofore ballasted to be ballasted.

12. The roadbed within the limits of The City of New York as now fixed or hereafter extended shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. Should, however, watering the roadbed in any way injure electric line equipment which has been approved by the Board of Estimate and Apportionment, or its successors in authority, then other means of preventing dust shall be used, which shall be first approved by the Board of Estimate and Apportionment. For any failures to comply with the foregoing, the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day.

13. The entire right of way of the company within the present limits of The City of New York, except at stations, shall be fenced throughout.

14. Within the present limits of The City of New York, all abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company.

15. There shall be constructed along the line of the route of the main line of the railroad as proposed, for the accommodation of local passenger traffic, at least six stations between the Harlem river and the Bronx river, at least six stations between the Bronx river and the northerly line of The City of New York, as now fixed. On the branch line there shall be constructed at least three stations east of Morris Park avenue, unless otherwise authorized by the Board of Estimate and Apportionment.

16. Said railroad may be operated by electric power or by any other mechanical motive power, which may be lawfully employed upon the same, except locomotive steam power. If electrical power is used, the Railroad Company shall, before the commencement of any of the construction of the electrical line equipment within the present limits of The City of New York, file with the Board of Estimate and Apportionment plans showing such proposed construction, within the present limits of The City of New York, including all methods of insulation, position of contact conductor and all feed wires, conductors or cables, with method of carrying the same, and said plans must be approved by the said Board before construction thereof shall begin. The Board of Estimate and Apportionment hereby retains the right to make such conditions relative to construction of such line equipment within the present limits of The City of New York as it may see fit at the time of the approval of such plan.

17. No wires for the transmission of power shall be permitted within the present limits of The City of New York unless they be placed in conduits or carried in a manner which shall have been approved by the Board of Estimate and Apportionment. The City may use the structure of the Railroad Company for carrying wires or cables for the use of the City within the present limits of The City of New York not exceeding such a quantity as might be carried in two conduits each of not more than three inches in diameter, without charge to the City. If the Railroad Company shall place its wires for the transmission of power in conduits, then the Railroad Company shall construct and permit the City to use without charge two conduits each of not more than three inches in diameter for carrying wires or cables for the use of the City.

18. The Railroad Company shall not carry wires or conduct power on its structures or along its right of way within the present limits of The City of New York for any purpose except for the operation of its railroad and except, as provided above, for the use of the City.

19. The Railroad Company shall maintain throughout the term of this grant or any renewal thereof a train schedule on the main line within the limits of The City of New York of at least sixty (60) trains in either direction daily, stopping at all of the stations within the city limits, and at no time, either day or night, shall there be greater headway within the city limits between such trains than thirty (30) minutes; provided, however, that said Railroad Company shall not be required to operate its trains within the city limits between the hours of 1 o'clock and 5 o'clock a. m., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

The Board of Estimate and Apportionment may require, from time to time, as it may see fit, such number of trains to be run on the branch line—not exceeding sixty trains a day.

20. All cars on said railroad shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit shall make the company liable for a penalty of fifty dollars (\$50) per day for each offense.

21. All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment. For any failure to comply herewith the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day for each violation.

22. The Railroad Company shall light the space beneath any superstructure which it shall erect across streets and the approaches to stations, within the limits of The City of New York, in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

23. During the term of this grant the rate of fare upon said railroad within the limits of The City of New York, as now fixed, shall not exceed five cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railroad, or a line or branch operated in connection therewith, and controlled by it, to any point thereof or of any such connecting line or branch thereof, within the present limits of The City of New York during such term. The New York and Port Chester Railroad Company shall operate cars over the route hereby authorized, and shall not operate cars over the route of any other railroad company within the present limits of The City of New York until it shall have received authority for such operation from the Board of Estimate and Apportionment, and it shall not, without like authority, permit any other company within the present limits of The City of New York to run cars over the railroad hereby authorized. The Board of Estimate and Apportionment reserves the right to fix the compensation to be paid for such privilege to The City of New York by such other company as shall be authorized to run cars over the route hereby authorized, and said Board further reserves the right to fix the compensation to be paid to The City of New York by the New York and Port Chester Railroad Company for the privilege of operating cars over the route of any other railroad company within the present limits of The City of New York.

Whenever the New York and Port Chester Railroad Company shall have entered into a contract with another railroad company within the limits of The City of New York permitting the cars of such other company to run over the route hereby authorized, in pursuance of authority from the Board of Estimate and Apportionment, or its successors in authority, the Board of Estimate and Apportionment may prescribe the maximum fare which may be charged by either company within the limits of The City of New York during the continuance of such contract to a passenger desiring to make a continuous trip in either direction between any point on the railroad of the New York and Port Chester Railroad Company and any point on the railroad of such other railroad company within the present limits of The City of New York. For their refusal to comply with the requirements of this section, the corporation so refusing shall forfeit fifty dollars (\$50) to the aggrieved party. Two or more penalties may be recovered in one action.

The rates for carrying of property upon the routes of the Railroad Company within the present limits of The City of New York shall, in all cases, be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the Railroad Company, and when so fixed, such rate shall be binding upon the Railroad Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by said Board of Estimate and Apportionment.

24. The said Railroad Company shall carry free within the present limits of The City of New York during the existence of this grant members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

25. The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters, under the Charter of the City.

26. In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof, then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said Railroad Company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure, and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of forfeiture shall accrue. The right of action as herein provided shall not affect or limit any other rights of the City.

27. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

28. The Railroad Company shall commence actual construction within one year from the date of the signing of this contract, and shall complete and have in operation a four-track railroad upon the main line, from the northerly line of the city to a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river, and a railroad of at least two tracks from a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river to the southerly terminus as aforesaid at or near the intersection of Southern Boulevard with Willis avenue, and a railroad on the branch line of at least two tracks, all within five years from the date of the signing of this contract, otherwise this grant shall cease and determine.

The Board of Estimate and Apportionment may require the construction of two additional tracks on that portion of the route between One Hundred and Seventy-seventh street and the southerly terminus, as aforesaid, at or near the intersection of Southern Boulevard and Willis avenue, so as to make a railroad of four tracks on such portion of the route, whenever public convenience and necessity shall require the construction thereof; and in case the construction of such two additional tracks is so required by the Board of Estimate and Apportionment, the Railroad Company shall complete the construction thereof within five (5) years after such requirement, otherwise this grant may be forfeited, and the Railroad Company is hereby authorized to construct a railroad of four tracks on the entire route authorized by this contract, if, in its judgment, public convenience and necessity shall require the construction thereof.

The Railroad Company shall actually expend or cause to be so expended the sum of, at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of this contract, upon the actual construction of said railroad between the northerly line of The City of New York and Westchester avenue at or near One Hundred and Sixty-seventh street, and shall also actually expend or cause to be so expended an additional sum of two hundred thousand dollars (\$200,000) within three years after the date of the signing of this contract, upon the actual construction of the railroad between Westchester avenue as above and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why The City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue; and will have to resort to condemnation proceedings for its right of way south thereof.

Verified statements of moneys so expended for construction shall be submitted, on demand, to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board an expenditure of the said sum within the time given is not proven, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within said five years from the date of the signing of this contract shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railroad shall cease and determine, and, in such case, all structures erected by the Railroad Company, its successors or assigns, upon any portion of the route so forfeited within the lines of any street within said city shall become the property of The City of New York.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the provisions of this section, the Railroad Company shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed shall be allowed a hearing.

The Board of Estimate and Apportionment shall extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above, for a period or periods not exceeding in the aggregate two years if the reasons given by the Railroad Company for non-fulfillment are for causes over which the Railroad Company had no control and was in nowise responsible.

29. The Railroad Company shall assume all liability by reason of the construction and operation of the railroad, and the City shall assume no liability whatsoever to either persons or property by reason of said construction, maintenance or operation, and the Railroad Company hereby agrees to indemnify and save harmless the said City from all liability whatsoever by reason of the construction, maintenance and operation of said railroad.

As a condition of this grant, the Railroad Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Railroad Company, its successor or assigns.

30. Any portion of the right of way of the said Railroad Company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

31. The Railroad Company shall not operate cars over any extension of any length whatsoever within the present limits of The City of New York not specifically hereby authorized, and shall not make any connection within the present limits of The City of New York with any other railroad, either by means of extensions or branches or by means of a platform building, unless it shall have received authority therefor from said Board of Estimate and Apportionment or its successors in authority, and upon such terms as shall be fixed by the Board. In the event that the provisions of this section cause a conflict because of the lawful right of any other rail-

road to compel a connection with the Railroad Company, the City agrees that it may be made a party to any legal proceedings between the said companies and its rights and duties therein determined.

32. In case any of the streets as now shown on the map of The City of New York and crossed by the said railroad above grade are altered or widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

33. In case the route as laid out shall make it necessary, in the opinion of the Board of Estimate and Apportionment, to change the map of The City of New York in order to avoid impracticable, unnecessary or undesirable crossings, purely on account of the location of the railroad, and by reason of such change additional or substitute streets crossing the railroad are determined upon, then the Railroad Company shall pay to the City the additional cost thus made necessary, or may, at its own expense, acquire the lands necessary and cede them to the City without cost, provided, however, that the lands so to be acquired or paid for shall not extend more than 400 feet upon each side of said railroad.

34. Any alterations which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railroad, shall be made at the sole cost of the Railroad Company and in such manner as the proper City officials may prescribe.

35. In case the Board of Estimate and Apportionment shall, in order to avoid impracticable, unnecessary and undesirable crossings purely on account of the location of the railroad, within one year from the date of the signing of this contract, adopt a map or a change in the map laying out a street or streets bounding or adjoining the right of way of the Railroad Company, on either or both sides thereof, from the easterly line of the White Plains road to the northerly line of the City, or any part thereof, then the Railroad Company shall acquire the lands necessary for such streets and cede them to the City without cost, or will pay to the City the cost of acquiring such lands, provided that it shall not be required to acquire and cede or pay for an amount of land which in the aggregate will exceed a strip fifty feet in width and in length the distance between the easterly side of White Plains road and the northerly line of the City. The Railroad Company, at its own expense, shall regulate and grade said strips of land to such grade as shall be hereafter fixed by the City authorities, such regulating and grading to be done, from time to time, as directed by the Board of Estimate and Apportionment. On notice to the City by the Railroad Company that said Railroad Company cannot acquire such lands, the City covenants to use all possible diligence in acquiring the actual possession of the lands necessary for such streets to the end that the Railroad Company may regulate and grade the same while it is grading its railroad within the present limits of The City of New York.

36. All construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the Railroad Company to restore such streets within a reasonable length of time The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund hereinafter provided.

37. The company's property and structures within the present limits of The City of New York shall not be used for advertising purposes in any way, under a penalty of fifty dollars (\$50) per day for each offense. Such restriction shall not apply to stations or cars nor to the interior of fences or walls.

38. The City, the Board and all duly authorized representatives of the City shall have the right at all reasonable times, as well during construction as afterward, to inspect the railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this contract shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

39. The Railroad Company shall deposit with the Comptroller, within six months after the date of signing this contract, the sum of \$100,000, either in money or in securities to be approved by him, which fund shall be security for the construction of the road authorized hereby, and which the Railroad Company is under obligation to construct, and said fund shall be repaid to the Railroad Company only as hereby specified. If the City exercises its option to require the construction of the additional two tracks south of One Hundred and Seventy-seventh street, the Railroad Company shall, within three months, after notification thereof, make a like deposit of \$25,000, as security for such construction. Whenever and as often as the Railroad Company shall have actually constructed one mile of single track, a certificate showing the construction of such track shall be prepared by the engineer of the Railroad Company, and such certificate shall be delivered to the Board of Estimate and Apportionment. The said Board shall, as soon as practicable thereafter, verify the correctness of such certificate and either accept such certificate as correct, or if it finds it to be incorrect, return said certificate to the Railroad Company, specifying in writing the respects in which it finds such certificate to be incorrect. Upon the verification of the correctness of any such certificate, or if any such certificate shall be found to be incorrect, upon its being corrected, and subsequently verified, the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for payment to said company of the sum of \$2,500, and the amount so certified by said Board shall be forthwith paid by said Comptroller from said fund to the Railroad Company, upon the construction of the said mile of single track. This procedure shall be followed by the Railroad Company and by said Comptroller as often as the Railroad Company shall construct an additional mile of single track.

Upon the completion of the construction of the entire track authorized hereby, which the Railroad Company shall remain under obligation to construct, a final certificate shall be prepared by the engineer of said company and approved by the president thereof, showing the fact of such completion and the fact that the road is ready for operation. Such final certificate shall be delivered to the said Board of Estimate and Apportionment of The City of New York, and shall be subject to a like verification as the certificate hereinbefore mentioned. Upon the verification of the correctness of such final certificate, or if such final certificate shall be found to be incorrect, upon being corrected, the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for the payment by the Comptroller to the said company of the balance of said funds remaining in his hands.

If such final certificate, certifying to the completion of the entire construction of the road, which the Railroad Company shall be under obligation to construct, shall not be delivered to the Board of Estimate and Apportionment on or before the expiration of the time at which the Railroad Company shall be under obligation to complete the road, under and in pursuance of the terms and conditions of this contract, and if the construction of the entire road authorized hereby, which the Railroad Company shall be under obligation to construct, shall not have been completed by said time, the balance of said fund shall be forthwith delivered by the Comptroller to The City of New York and thereafter said company shall have no claim or cause of action therefor.

The word construction as used herein shall include the grading of the bed of the railroad, laying of tracks thereon, ballasting of the same and the construction of all bridges or viaducts necessary for the support of the railroad.

The word completion, as used herein, shall include the laying of tracks, electrical conductors and all structures necessary to the operation of trains over the route authorized hereby, and which the Railroad Company shall be under obligation to construct and shall include also such street bridges or other structures as the company is required hereby to make, and such final certificate shall include proof that all of the antecedent acts required by this contract have been performed by said company, in so far as their completion is required hereby.

40. This grant is upon the express condition that within thirty days after the date of the signing of this contract and before anything is done in exercise of the rights conferred thereby, the Railroad Company shall deposit with the Comptroller of The City of New York the sum of twenty-five thousand dollars (\$25,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Railroad Company of all the terms and conditions of this Contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the president of said company. In case of failure of the said company to comply with any of the terms of this contract, or its neglect or refusal to

comply with any demand or direction of the Board of Estimate and Apportionment, or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, if no other money penalty is provided therefor, the said company shall pay to the Comptroller of The City of New York a penalty of \$50 for each violation; and in case of any violation of the provisions of this contract for which money penalties are provided, the said company shall pay to the Comptroller of said City the penalties so provided.

The procedure for the imposition and collection of penalties provided in this contract shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify said company through its president to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If said company fail to make an appearance or, after a hearing, appear in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the said company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$25,000 and in default thereof the said company shall pay to the Comptroller of The City of New York the sum of one hundred dollars for each day of such default in addition to the amount necessary to restore said fund to the original amount of \$25,000. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

The right of the City to collect any penalties imposed for non-compliance with the terms of this contract, or with any law or ordinance now in force or hereafter adopted, shall not be limited to the said sum of \$25,000, and the enumeration or reservation of any rights by the City herein shall not operate to the exclusion of any other rights belonging to the City, either in law or at equity. Nor shall the imposition of any penalty by the terms of this contract interfere with or diminish the right of the City specifically to enforce any of the terms or conditions of this contract.

41. If the Railroad Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings within the present limits of The City of New York in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said Company specifying any default on the part of said Company, and requiring the said Company to remedy the same within a reasonable time, and upon the failure of the said Company to remedy its said fault within a reasonable time said Company shall for each day thereafter during which said fault or defect remains pay to The City of New York the sum of two hundred and fifty dollars (\$250), as fixed and liquidated damages, or the said City, in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

42. The Railroad Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

[CORPORATE SEAL] THE CITY OF NEW YORK,

By....., Mayor.

NEW YORK AND PORT CHESTER RAILROAD COMPANY,

By....., President.

Attest:

[SEAL]

....., Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor are that the money value of such franchise or right proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of proposed contract for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company and the said form of proposed contract for the grant of such franchise or right and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of New York and Port Chester Railroad Company, for at least twenty days immediately prior to January 26, 1906, in the CITY RECORD, and at least twice during the ten days immediately prior to January 26, 1906, in the New York "Times" and New York "Daily News," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10.30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx—14.

Quinroy Construction Company.

In the matter of the application of the Quinroy Construction Company for permission to construct, maintain and use a single track railroad spur for the purpose of transporting materials from its quarry at Elm Park, through and along Ennis street and Newark avenue, to connect with the Staten Island Rapid Transit Railroad in the Borough of Richmond, whose petition was presented to the Board at the meeting of September 15, 1905, and on that date was referred to the Corporation Counsel for an opinion as to whether the consent applied for is a franchise or may be covered by a permit.

The Secretary presented the following:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 16, 1905.

Board of Estimate and Apportionment:

SIR—I am in receipt of a letter of your Secretary, Deputy Comptroller J. W. Stevenson, dated September 18, reading as follows:

"I inclose herewith application of the Quinroy Construction Company for the consent of the local authorities to lay, maintain and operate a spur railroad track across Ennis avenue and through and along Newark avenue in the former Town of Port Richmond, now Third Ward, Borough of Richmond.

"The application was presented to the Board of Estimate and Apportionment at its meeting on Friday, September 15, and the same was referred to you for an opinion as to whether such application constitutes a franchise within the meaning of the law, or whether the Board of Estimate and Apportionment might take action in the same manner as did the Board of Aldermen upon the application of the New York Butchers' Dressed Meat Company and John S. Sills & Sons, wherein temporary permits were given, which are terminable at the pleasure of the Board.

"In the more recent application, particularly by the Pratt Institute in the Borough of Brooklyn and Columbia College in the Borough of Manhattan, you gave it as your opinion that the applications asked for were not in the nature of a franchise and so advised the Board."

In my letter to the Comptroller, dated July 14, 1905, I advised him that similar applications of Pratt Institute in the Borough of Brooklyn, and Columbia College in the Borough of Manhattan, were not in the nature of franchises, but should be treated as temporary revocable permits. I am of the opinion that your Board may take action in the same manner as in those cases.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 20, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment, held September 15, 1905, the application of the Quinroy Construction Company for the consent of the City authorities to construct, maintain and operate a single track railroad spur across Ennis street and along Newark avenue, in the Borough of Richmond, was referred to the Corporation Counsel for an opinion as to whether the consent applied for is a franchise or may be covered by a permit. The Corporation Counsel, in a letter to the Board of Estimate and Apportionment dated October 16, 1905, having ruled that the requested consent should be considered as a temporary revocable permit, I submit the following report:

The Quinroy Construction Company is in possession of a quarry about three-quarters of a mile west of Port Richmond, and within the territory bounded by Morningstar road, Sherman street, Sand street and Ennis street, and is about five hundred feet from the Staten Island Rapid Transit Railroad; and its main business, I am informed, is the furnishing and delivery of broken stone and paving blocks on Staten Island.

I have caused an examination to be made of the district in which it is proposed to build this railroad track, and would characterize it as the partly built up suburbs of a country town. Almost all the buildings are small frame dwellings and there is very little street traffic or business. The track is desired for the purpose of facilitating the transportation of stone by loading cars in the quarry and shipping directly over the Staten Island Rapid Transit Railroad to a point near its destination, minimizing the wagon haul. The company claims the City and public will be enabled to buy stone at a cheaper rate on account of the saving involved, and as the City is quite a large consumer the direct benefit will be appreciable.

The applicant has obtained the consent in writing of the owners of 86 per cent. of property abutting on Newark avenue.

As will be seen on the plan accompanying the application, the track is to run from the quarry, across Ennis street and along Newark avenue, to a connection with the Staten Island Rapid Transit Railroad, a total length of 525 feet, more or less, Ennis street and Newark avenue are both 50 feet wide, with roadways of 32 feet, and are paved with macadam, which is at present in good condition. Newark avenue was opened by dedication about 16 years ago and officially accepted by the Trustees of Port Richmond on October 2, 1894. Ennis street is shown on a private property map of 1847, on file with the County Clerk, but I have been unable to find a record of its official acceptance.

I see no objection to granting consent for a limited period, but the rate of compensation heretofore used in parallel cases, and based upon rental of urban property, does not seem to apply in this case, where the land is only slightly more valuable than farm land, and a rental based upon the value of the consent to the applicant seems more equitable. I have spoken to Mr. W. J. Quinlan, President of the Company, with regard to this, and he suggests a rental of between \$200 and \$250 per annum. This is highly satisfactory in my estimation, and I therefore suggest a consent for ten years, at the rate of \$200 per annum for the first five years and \$250 per annum for the second five years.

There seems to be no good reason to change the pavement between and two feet outside of the rails at the present time, especially as the company has volunteered to maintain the entire roadway of Newark avenue and Ennis street, between the extended lines of Newark avenue. In case the City authorities should decide upon repaving these streets the applicant should be required to repave between and two feet outside the rails with any desired pavement at its own expense.

A security deposit of \$750 would amply protect the City and is therefore recommended.

In the event of consent being granted to the applicant, the construction should be completed within a reasonable time, say four months from the date of approval of the resolution.

I hand you herewith the usual form of resolution containing the special conditions mentioned above.

Respectfully,

HARRY P. NICHOLS, Principal Assistant Engineer.

BUREAU OF FRANCHISES

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 11, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I am in receipt of your communication of October 16, 1905, regarding the application of the Quinroy Construction Company for permission to lay and maintain a railroad track across Ennis street and along Newark avenue, in the Borough of Richmond, inclosing a form of resolution to be adopted by the Board of Estimate and Apportionment granting said application.

As I previously advised you under date of October 16, 1905, a temporary permit may be granted to the said company to lay and maintain a railroad track at the place designated.

I have examined the proposed resolution and approved the same, and return it so approved herewith.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

The following was offered:

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the Quinroy Construction Company, a corporation, to lay and maintain a railroad track in Newark avenue and across Innis street, as shown and indicated upon the map marked "Map showing proposed track in Newark avenue and Innis street, in the Borough of Richmond, City of New York, to accompany the application of the Quinroy Construction Company to the Board of Estimate and Apportionment for the right to construct the same. Scale 1 inch equals 50 feet. August 24, 1905. W. J. Quinlan, President," a copy of which is annexed hereto, and which is made a part hereof, upon the following terms and conditions:

First—Said consent shall be for a term not exceeding ten (10) years from the granting of said consent; provided, however, that the same may be canceled and annulled upon six months' notice in writing to the Quinroy Construction Company, by the Board of Estimate and Apportionment, or its successors in authority, and thereupon all the rights of the said company in and upon the said street and avenue shall cease and determine.

Second—The Quinroy Construction Company shall pay into the Treasury of The City of New York the following sums of money:

During the first five years, the annual sum of two hundred dollars (\$200);

During the second five years, the annual sum of two hundred and fifty dollars (\$250);

—after which the consent, unless sooner revoked, shall expire by limitation. Such sums shall be paid into the Treasury of The City of New York on November 1 in each year; provided, however, that the first payment shall be only that proportion of two hundred dollars (\$200) as the time between the approval of this consent and November 1 following shall bear to the whole of one year.

Third—Upon the revocation or termination by limitation of this consent, the said company shall forthwith remove the track and appurtenances from the street, and the surface of the street shall be restored to a condition equal to that of the surrounding surface or pavement. In default of the performance of this condition by the said company, the Board of Estimate and Apportionment or the proper local authorities, may cause such track and appurtenances to be removed from the street aforesaid, and the surface thereof to be restored in the manner above described, at the expense of the said company, and such expense may be deducted from the amount on deposit with the Comptroller, as hereinafter provided, or may be recovered by civil action.

Fourth—The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the acts of the Quinroy Construction Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—The Quinroy Construction Company shall not allow any railroad corporation, which shall operate cars over the tracks hereby authorized, to run more than five (5) cars in any one train, exclusive of the motor car or engine, over said tracks, and said Quinroy Construction Company shall not permit any car to remain stationary, or to be loaded or unloaded, within the limits of any street. The speed of any such trains or cars shall not exceed six (6) miles per hour.

Sixth—The railroad track constructed under this consent shall be maintained solely for the purpose of the transportation of quarried material and for no other purpose, and especially for no purpose in connection with passenger or general freight traffic, as commonly understood.

Seventh—Such railroad track shall be constructed and maintained in the latest improved manner of street railroad construction, and solely upon the terms and according to the lines and surveys of the character of the rails and other parts of the construction, approved by the President of the Borough of Richmond. Such railroad track of the said company shall be maintained in good and safe condition throughout the terms of this consent.

Eighth—Such railroad track shall be constructed and maintained subject to the supervision and control of the Board of Estimate and Apportionment and of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York, and subject to all laws or ordinances now in force or which may be hereafter enacted.

Ninth—The Quinroy Construction Company shall keep in permanent repair the pavement of the entire roadway of Newark avenue and the roadway of Innis street between the extended lines of Newark avenue, under the supervision of the proper local authorities and in such manner as they may prescribe. The City of New York shall have the right to change the material or character of the pavement of the street, and in that event the said company shall replace that portion of the pavement between the rails of the track and two (2) feet in width outside of the rails, with pavement of any desired character and in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement for the entire width of the street.

Tenth—The said company shall at all times keep the street between the rails of its tracks, and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow, and shall remove the same without brushing it outside of the rails.

Eleventh—Said company shall be liable for all damages to persons or property and to the street and the sewers therein by reason of the construction, maintenance and use of said railroad track, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account thereby.

Twelfth—The said company shall apply to the proper local authorities for the necessary permits within thirty days from the date of the approval of this consent by the Mayor, and shall complete the construction of the railroad track under this consent within four months from the date of such approval, otherwise this consent shall be forfeited forthwith, and without any proceedings, either at law or otherwise, for that purpose; provided, however, that the time for the construction of said track may be extended by the Board of Estimate and Apportionment for a period not exceeding sixty days.

Thirteenth—This consent is upon the express condition that the said company, within thirty days after its approval by the Mayor and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of seven hundred and fifty dollars (\$750), either in money or in securities, to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, and all penalties collectable from this fund shall be in addition to those now provided by law or ordinance. In case of default in the performance by said company of any of the terms and conditions

The City of New York shall have the right, after due notice, where it deems it advisable, to cause the work to be done and the materials to be furnished for the performance thereof, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges, shall collect the same with interest from such fund after ten (10) days' notice in writing to the said company. In case of any drafts so made upon the security fund, the said company shall, upon thirty (30) days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of seven hundred and fifty dollars (\$750); and in default thereof the consent hereby given may be canceled and annulled by the Board of Estimate and Apportionment, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Fourteenth—This consent shall not become operative until said company shall duly execute, under its corporate seal, an instrument in writing, wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this consent fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty (30) days after the approval of this consent by the Mayor.

Fifteenth—The compensation herein reserved shall commence from the date of the approval of this resolution by the Mayor. It is agreed that any and all payments to be made by the terms of the contract to The City of New York by the company shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Sixteenth—The Quinroy Construction Company shall notify the Bureau of Franchises, Department of Finance, of New York City, in writing, of the dates of commencement and completion of the work, at least six (6) days in advance thereof.

Failure to comply with any of the provisions of this grant will entail a penalty of fifty dollars (\$50) for each offense, which may be deducted by the Comptroller from the security fund for the benefit of The City of New York, as hereinbefore provided, or recovered in an action brought by The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx—14.

The public hearing in the matter of the applications of the Union Railway Company of New York City, the Southern Boulevard Railroad Company and the New York City Interborough Railway Company, each for extensions, and the New York City Interborough Railway Company for alterations to its route, which was fixed for November 24 by resolution adopted by the Board November 10, and on that day was continued to December 5, when it was set down peremptorily for this day, was opened.

Paul D. Cravath and Chase Mellen, of counsel for the Union Railway Company of New York City and the Southern Boulevard Railroad Company, appeared on behalf of said companies.

George Wickersham appeared in the interests of the New York City Interborough Railway Company.

A petition was presented on behalf of Kate E. Goodenough, the owner of certain property on Valentine avenue, in the Borough of The Bronx, opposing the application of the Interborough Railway Company for a franchise for the construction of a street railway in front of her premises. Petitions were also presented from property owners on Valentine avenue, between the Kingsbridge road and One Hundred and Eighty-ninth street, protesting against granting the change of route asked for by the Interborough Railway Company, from along Kingsbridge road to Fordham Depot, to along Valentine avenue, from Kingsbridge road, at its intersection with Valentine avenue, to One Hundred and Eighty-ninth street, thence to Park avenue, and thence to One Hundred and Eighty-ninth street; and from property owners of the Fox estate and vicinity, protesting against the construction and operation of a street railway in Prospect avenue and in Jennings street, and suggesting that railways be continued through One Hundred and Seventieth street, connecting with a switch at Boston road, and continuing to junction of Boston road and Wilkins place and connecting with existing tracks at that point, or continuing through One Hundred and Seventieth street to Wilkins place.

A general discussion took place on routes one, nine, ten, portion of two and routes three, fifteen and fourteen, as applied for by the Union Railway Company, between the Principal Assistant Engineer of the Bureau of Franchises and Paul D. Cravath, of the Union Company. Mr. Cravath agreed, on behalf of the Union Company, to abolish stub-end terminals on bridge approach, as objected to in route one, in the report of the Bureau of Franchises. He also agreed to withdraw the application of the Union Company for route two and submit a substitute therefor, and suggested that an agreement should be entered into between the Union Railway Company and the New York City Interborough Railway Company whereby both corporations could maintain a crosstown line on One Hundred and Forty-ninth street and operate jointly on said street. George Wickersham, on behalf of the Interborough Company, stated that he was not prepared to concur in such an agreement as yet, as there were many obstacles that would have to be overcome.

Inspector Stephen O'Brien, of the Department of Police, appeared on behalf of the Police Commissioner, who was unable to be present, and stated that he had inspected the proposed routes and objected strongly to stub-end terminals, as his experience had shown him to avoid congestion and properly regulate traffic it was necessary that cars should move in a continual procession. He further stated that stub-end terminals not only congested traffic, but they were most dangerous to life and limb. He strongly opposed the construction of a railroad across the Willis Avenue Bridge.

A petition was presented by Charles Baxter, Chairman, Executive Committee, Twenty-third Ward Property Owners' Association, Borough of The Bronx, in support of objections to the proposed route.

Lawrence Veiller submitted a brief on behalf of the City Club of New York, making recommendations in connection with the consideration of applications for railway franchises.

A communication was received from Matthew A. Husson requesting the application be granted.

No one else desiring to be heard, the Chair declared the hearing closed.

The President of the Borough of The Bronx moved that the matter be referred to the Comptroller for conference with the representatives of the railroad companies as well as with parties interested, so as to adjust all differences possible before presenting same to the Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx—14.

The Comptroller moved to reconsider the vote by which the Board agreed to adjourn until Wednesday, December 20, and also the vote by which the consideration of the Manhattan Bridge terminals was laid over until the next meeting of the Board, which motion was unanimously agreed to.

The Comptroller asked unanimous consent to withdraw both motions. There being no objections, the motions were withdrawn.

The Comptroller moved that when the Board adjourn, it adjourn to meet on Monday, December 18, at 10.30 o'clock in the forenoon, which motion was unanimously agreed to.

On motion of the Comptroller, the following resolution was adopted:

Resolved, That a special meeting of the Board be held on Wednesday, December 20, 1905, at 10.30 o'clock in the forenoon, and that hearings on bridge matters be held on that day at that hour.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity, consenting to the transfer of \$2,000 to the appropriation made to the President of the Borough of The Bronx:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW,
CITY OF NEW YORK, December 14, 1905.

Mr. JAMES W. STEVENSON, Deputy Comptroller and Secretary of the Board of Estimate and Apportionment:

DEAR SIR—I hereby assent to the transfer to the appropriation made to the President of the Borough of The Bronx for the year 1905 of \$2,000 from the appropriation made to this Department for the Boroughs of Manhattan and The Bronx, entitled Lamps and Lighting for 1905.

Respectfully,

FRANK J. GOODWIN, Deputy and Acting Commissioner.

The following resolution was offered:

Resolved, That the sum of two thousand dollars (\$2,000) be and the same is hereby transferred from the appropriation made to the Department of Water Supply, Gas and Electricity for the year 1905, entitled Boroughs of Manhattan and The Bronx—Lamps and Lighting, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the President of the Borough of The Bronx for the same year, entitled Bureau of Highways—Labor, Maintenance and Supplies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan and Brooklyn—13.

The Board adjourned to meet December 18, 1905.

J. W. STEVENSON, Secretary.

CITY OF NEW YORK.

BOARD OF ESTIMATE AND APPORTIONMENT.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held December 15, 1905, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, New York and Port Chester Railroad Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate its railroad across certain streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, The Mayor has, in pursuance of such laws, designated "New York Times" and "New York Daily News" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to New York and Port Chester Railroad Company and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record, and at least twice in "The New York Times" and "The New York Daily News," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board;

Now, therefore, it is Resolved, That the following form of the resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

"Resolved, That the Board of Estimate and Apportionment hereby grants to New York and Port Chester Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 190 , by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and New York and Port Chester Railroad Company, a domestic railroad corporation of the State of New York, hereinafter called the Railroad Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Railroad Company, subject to the conditions and provisions hereinafter set forth, the right to cross certain streets and highways hereinafter described, and the right and privilege to construct, maintain and operate a railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railroad, by means of electricity, or by any other mechanical motive power which may be lawfully employed upon the same, except steam locomotive power, in, upon and across the following-named streets, avenues, parkways, highways and public places, and upon the following route, all situate in the Borough of The Bronx, City, County and State of New York, namely:

Main Line—Beginning at a point at or near the intersection of Southern Boulevard and Willis avenue, in the Borough of The Bronx, and running thence easterly between One Hundred and Thirty-fourth street and Southern Boulevard, crossing Brown place to Brook avenue; thence crossing Brook avenue and thence crossing the

Southern Boulevard, between St. Ann's avenue and Brown place; thence crossing St. Ann's avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence easterly and northeasterly, between Southern Boulevard and One Hundred and Thirty-second street to Cypress avenue; thence crossing Cypress avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence crossing Cypress avenue and Willow avenue to One Hundred and Thirty-fourth street; thence crossing One Hundred and Thirty-fourth street to One Hundred and Thirty-fifth street; thence between Willow avenue and Southern Boulevard, crossing One Hundred and Thirty-fifth street, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street to Willow avenue; thence crossing Willow avenue and crossing One Hundred and Thirty-eighth street, at or near its intersection with Willow avenue, to One Hundred and Thirty-ninth street; thence crossing One Hundred and Thirty-ninth street and One Hundred and Fortieth street, between Southern Boulevard and the tracks of the New York, New Haven and Hartford Railroad to One Hundred and Forty-first street; thence crossing One Hundred and Forty-first street, and thence crossing and along Southern Boulevard and Whitlock avenue, at or near their junction between One Hundred and Forty-first street and One Hundred and Forty-second street; thence crossing St. Joseph's street, between Whitlock avenue and Austin place; thence crossing One Hundred and Forty-ninth street, between Austin place and Whitlock avenue to Austin place; thence crossing Austin place, between Whitlock avenue and Timpson place to Timpson place; thence between Whitlock avenue and Southern Boulevard, and crossing Timpson place, Leggett avenue, East One Hundred and Fifty-sixth street, Craven street, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoe street, Faile street, Bryant street, Longfellow street, Aldus street, Whittier street, to Guttenberg street; thence between Whitlock avenue and Longfellow street, crossing Guttenberg street and Westchester avenue to and crossing Home street; thence crossing Freeman street, Boone street, Edgewater road, West Farms road and Jennings street; thence crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, between West Farms road and Boone street; thence along and across Boone street to One Hundred and Seventy-sixth street; thence between West Farms road and Longfellow street, crossing One Hundred and Seventy-sixth street and Rodman place to West Farms road; thence along and across West Farms road to and across East One Hundred and Seventy-seventh street to Tremont avenue; thence to and across Bronx street to the Bronx river; thence crossing East One Hundred and Seventy-ninth street and Lebanon street, between Bronx Park avenue and Bronx river; thence along and across East One Hundred and Eightieth street and Bronx Park avenue at or near their intersection; thence to and across the northerly branch of West Farms road or Adams street, between Morris Park avenue and the easterly line of Bronx Park; thence to and across Unionport road, an unnamed street, or another branch of Unionport road, Victor street, Washington street, or White Plains road, Louise street, Lincoln street, Jefferson street, Madison street and Bear Swamp road or Bronxdale avenue to Williamsbridge road; thence crossing Williamsbridge road approximately 2,400 feet southeast of Bronx and Pelham parkway to Bronx and Pelham parkway; thence crossing Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Cora lane, between Boston Post road and Saw Mill lane to Boston Post road; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line, being the route shown on maps entitled "Survey Maps and Profiles of the line or route of the railroad of the New York and Port Chester Railroad Company, in the County of New York, State of New York," adopted by the Board of Directors of said Company on the 8th day of February, 1904, and signed by W. C. Gotshall, President; W. C. Gotshall, Chief Engineer, and Francis Blanchard, Secretary, under seal and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 6th day of May, 1904, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Branch Line—Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike, or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road, near its intersection with the Southern turnpike, or Westchester avenue, being the route shown on a map entitled "Map and profile of branch line extending from main line (Bronx Park) to Clason's Point, New York City," forming part of the maps filed with the County Clerk of the City and County of New York, referred to in the preceding paragraph, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or their successors in authority. The "Survey Map and Profiles" are hereinbefore referred to solely for the purpose of indicating the route of the railroad and not the profile thereof.

General—And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered, in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railroad to cross, in order to make connections with any other railway within two thousand (2,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections; and provided, further, that such connections shall be limited to two (2) in number.

Section 2. The grant of this privilege is subject to the following conditions:

1. The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the Railroad Company to file with the Comptroller of the City of New York a map or maps showing the number of tracks and length of same, including crossovers, switches, turnouts, sidings and stands within the present limits of The City of New York, such lengths to be accurately determined by measurements to be taken after the commencement of the operation of any portion of the railroad within the present limits of The City of New York.

2. The said right to cross the streets and the privilege to construct and operate said railroad shall be held and enjoyed by said Railroad Company, its lessee or successors, for the term of twenty-five years from the date when this con-

tract is signed by the parties hereto, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. In the determination of the said revaluation may be considered and included the extension of the provisions of this agreement contained in the paragraphs numbered 7 and 8 herein, and the payment of the costs and expenses therein provided for by the Railroad Company, or otherwise.

If the Railroad Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Railroad Company and the Board of Estimate and Apportionment or such other authority in its place. If the Railroad Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the Railroad Company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Railroad Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Comptroller or his successor in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Railroad Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Railroad Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

3. Upon the termination of this grant, if it be not renewed, or, in case of a renewal thereof, upon the termination of such renewal, all rights and privileges hereby granted to cross the said streets shall cease and determine, unless the said Railroad Company, its successors or assigns, shall have previously procured a new grant for the same from The City of New York.

4. The Railroad Company, its successors or assigns, shall pay to The City of New York, for the rights and privileges hereby granted, the following sums of money:

During the first five years commencing from the day when this contract is signed, an annual sum of eight thousand dollars (\$8,000), and during the next succeeding five years an annual sum of thirteen thousand dollars (\$13,000), and during the next succeeding fifteen years an annual sum of thirty-five thousand dollars (\$35,000).

From the date of the commencement of the operation of any portion of the railroad until the end of the first five years of this grant, an additional sum of five and four-tenths cents per linear foot per annum of single track, including all crossovers, switches, turnouts, sidings and stands, within the present boundaries of The City of New York, and for the next succeeding five years an additional sum of seven and seven-tenths cents per linear foot per annum of single track, as aforesaid, in lieu of said sum of five and four-tenths cents, and for the next succeeding fifteen years an additional sum of twenty cents per linear foot per annum, as aforesaid, in lieu of said sum of seven and seven-tenths cents.

All such payments shall be made to the Comptroller of the City, in equal payments at the end of each quarter year, on the first day of January, April, July and October of each year.

Any and all payments to be made by the terms of this contract to The City of New York by the Railroad Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

5. The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

6. The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Port Chester Railroad Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evi-

denced by an instrument under seal, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage nor to a sale under foreclosure, provided that no sale under foreclosure shall be made to any person or corporation owning, operating or controlling any other railroad in The City of New York.

7. The grade of the railroad has not yet been established. Profile maps definitely showing such grade within the present limits of The City of New York shall be filed with the Board of Estimate and Apportionment by the Railroad Company before beginning the construction of its railroad within the present limits of The City of New York. A duplicate thereof shall at the same time be filed with the Board of Rapid Transit Railroad Commissioners of The City of New York. The Board of Estimate and Apportionment, after a public hearing, of which ten days' notice shall be given by publication, shall then approve or disapprove the said profile map and grades, and upon the Board approving the same the Railroad Company may thereupon proceed with the construction of its railroad within the present limits of The City of New York.

If said Board disapproves the same it shall within 30 days after said hearing prescribe such changes in said map as it may deem necessary.

Within the present limits of The City of New York no street or railroad shall be crossed by the railroad at grade, and no existing park or parkway shall be crossed by the railroad at or above the grade of said park or parkway. All streets now open or in use and streets hereafter opened within the present limits of The City of New York, crossing the line of the railroad, shall be carried over or under the said railroad by the Railroad Company, at the sole cost and expense of the Railroad Company. The cost of all changes in grades of all approaches to such crossings within the present limits of The City of New York shall likewise be borne and paid by the Railroad Company, and The City of New York assumes no liability for any damages to property injured thereby, or by said railroad crossings, or any damages to property along the line of said railroad or contiguous thereto, caused by reason of the construction or operation of the said railroad, and the Railroad Company hereby agrees to indemnify and save harmless The City of New York of and from all such liability.

The City shall have the right at any time it so desires to open across the route of the Railroad Company within the present limits of The City of New York any new streets other than those now open or in use, and the Railroad Company hereby gives its consent to said opening.

8. Within the present limits of The City of New York all viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed and maintained at the expense of the Railroad Company. All viaducts over streets within the present limits of The City of New York shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street, and in the case of tunnel construction under a street there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

9. Within the present limits of The City of New York any superstructure of the railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved by the Board of Estimate and Apportionment. The width of such superstructure of the railroad shall not exceed sixty (60) feet when measured over all.

10. The plans for all structures over or under any street within the present limits of The City of New York must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of steel, concrete or masonry, or a combination of these materials. Such structures over streets shall be floored and shall be water-tight.

11. The railroad shall be constructed in the most modern and approved manner of railroad construction. Unless otherwise authorized by the Board of Estimate and Apportionment, the roadbed shall be ballasted throughout its entire length within the present limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast. The Board of Estimate and Apportionment may, however, at any time require a portion of the road not theretofore ballasted to be ballasted.

12. The roadbed within the limits of The City of New York as now fixed or hereafter extended shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. Should, however, watering the roadbed in any way injure electric line equipment which has been approved by the Board of Estimate and Apportionment, or its successors in authority, then other means of preventing dust shall be used, which shall be first approved by the Board of Estimate and Apportionment. For any failure to comply with the foregoing, the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day.

13. The entire right of way of the company within the present limits of The City of New York, except at stations, shall be fenced throughout.

14. Within the present limits of The City of New York, all abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company.

15. There shall be constructed along the line of the route of the main line of the railroad as proposed, for the accommodation of local passenger traffic, at least six stations between the Harlem river and the Bronx river, at least six stations between the Bronx river and the northerly line of The City of New York, as now fixed. On the branch line there shall be constructed at least three stations east of Morris Park avenue, unless otherwise authorized by the Board of Estimate and Apportionment.

16. Said railroad may be operated by electric power or by any other mechanical motive power, which may be lawfully employed upon the same, except locomotive steam power. If electrical power is used, the Railroad Company shall, before the commencement of any of the construction of the electrical line equipment, within the present limits of The City of New York, file with the Board of Estimate and Apportionment plans showing such proposed construction, within the present limits of The City of New York, including all methods of insulation, position of contact conductor and all feed wires, conductors or cables, with method of carrying the same, and said plans must be approved by the said Board before construction thereof shall begin. The Board of Estimate and Apportionment hereby retains the right to make such conditions relative to construction of such line equipment within the present limits of The City of New York as it may see fit at the time of the approval of such plan.

17. No wires for the transmission of power shall be permitted within the present limits of The City of New York unless they be placed in

conduits or carried in a manner which shall have been approved by the Board of Estimate and Apportionment. The City may use the structure of the Railroad Company for carrying wires or cables for the use of the City within the present limits of The City of New York not exceeding such a quantity as might be carried in two conduits each of not more than three inches in diameter, without charge to the City. If the Railroad Company shall place its wires for the transmission of power in conduits, then the Railroad Company shall construct and permit the City to use without charge two conduits each of not more than three inches in diameter for carrying wires or cables for the use of the City.

18. The Railroad Company shall not carry wires or conduct power on its structures or along its right of way within the present limits of The City of New York for any purpose except for the operation of its railroad and except, as provided above, for the use of the City.

19. The Railroad Company shall maintain throughout the term of this grant or any renewal thereof a train schedule on the main line within the limits of The City of New York of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time, either day or night, shall there be greater headway within the City limits between such trains than thirty (30) minutes; provided, however, that said Railroad Company shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 5 o'clock a. m., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

The Board of Estimate and Apportionment may require, from time to time, as it may see fit, such number of trains to be run on the branch line—not exceeding 60 trains a day.

20. All cars on said railroad shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty dollars (\$50) per day for each offense.

21. All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment. For any failure to comply herewith the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day for each violation.

22. The Railroad Company shall light the space beneath any superstructure which it shall erect across streets and the approaches to stations, within the limits of The City of New York, in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

23. During the term of this grant the rate of fare upon said railroad within the limits of The City of New York, as now fixed, shall not exceed five cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railroad, or a line or branch operated in connection therewith, and controlled by it, to any point thereof or of any such connecting line, or branch thereof, within the present limits of The City of New York during such term. The New York and Port Chester Railroad Company shall operate cars over the route hereby authorized, and shall not operate cars over the route of any other railroad company within the present limits of The City of New York until it shall have received authority for such operation from the Board of Estimate and Apportionment, and it shall not, without like authority, permit any other company within the present limits of The City of New York to run cars over the railroad hereby authorized. The Board of Estimate and Apportionment reserves the right to fix the compensation to be paid for such privilege to The City of New York by such other company as shall be authorized to run cars over the route hereby authorized, and said Board further reserves the right to fix the compensation to be paid to The City of New York by the New York and Port Chester Railroad Company for the privilege of operating cars over the route of any other railroad company within the present limits of The City of New York.

Whenever the New York and Port Chester Railroad Company shall have entered into a contract with another railroad company within the limits of The City of New York permitting the cars of such other company to run over the route hereby authorized, in pursuance of authority from the Board of Estimate and Apportionment, or its successors in authority, the Board of Estimate and Apportionment may prescribe the maximum fare which may be charged by either company within the limits of The City of New York during the continuance of such contract to a passenger desiring to make a continuous trip in either direction between any point on the railroad of the New York and Port Chester Railroad Company and any point on the railroad of such other railroad company within the present limits of The City of New York. For their refusal to comply with the requirements of this section, the corporation so refusing shall forfeit fifty dollars (\$50) to the aggrieved party. Two or more penalties may be recovered in one action.

The rates for carrying of property upon the routes of the Railroad Company within the present limits of The City of New York shall, in all cases, be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the Railroad Company, and when so fixed such rate shall be binding upon the Railroad Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by said Board of Estimate and Apportionment.

24. The said Railroad Company shall carry free within the present limits of The City of New York during the existence of this grant members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

25. The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters, under the Charter of the City.

26. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof, then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said Railroad Company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure, and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of

forfeiture shall accrue. The right of action as herein provided shall not affect or limit any other rights of the City.

27. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

28. The Railroad Company shall commence actual construction within one year from the date of the signing of this contract, and shall complete and have in operation a four-track railroad upon the main line, from the northerly line of the City to a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river, and a railroad of at least two tracks from a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river to the southerly terminus as aforesaid at or near the intersection of Southern Boulevard with Willis avenue, and a railroad on the branch line of at least two tracks, all within five years from the date of the signing of this contract, otherwise this grant shall cease and determine.

The Board of Estimate and Apportionment may require the construction of two additional tracks on that portion of the route between One Hundred and Seventy-seventh street and the southerly terminus, as aforesaid, at or near the intersection of Southern Boulevard and Willis avenue so as to make a railroad of four tracks on such portion of the route, whenever public convenience and necessity shall require the construction thereof; and in case the construction of such two additional tracks is so required by the Board of Estimate and Apportionment, the Railroad Company shall complete the construction thereof within five (5) years after such requirement, otherwise this grant may be forfeited; and the Railroad Company is hereby authorized to construct a railroad of four tracks on the entire route authorized by this contract, if, in its judgment, public convenience and necessity shall require the construction thereof.

The Railroad Company shall actually expend or cause to be so expended the sum of at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of this contract, upon the actual construction of said railroad between the northerly line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street, and shall also actually expend or cause to be so expended an additional sum of two hundred thousand dollars (\$200,000) within three years after the date of the signing of this contract, upon the actual construction of the railroad between Westchester avenue as above and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why The City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue, and will have to resort to condemnation proceedings for its right of way south thereof.

Verified statements of moneys so expended for construction shall be submitted, on demand, to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board an expenditure of the said sum within the time given is not proven, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within said five years from the date of the signing of this contract shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railroad shall cease and determine, and, in such case, all structures erected by the Railroad Company, its successors or assigns, upon any portion of the route so forfeited within the lines of any street within said City, shall become the property of The City of New York.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the provisions of this section, the Railroad Company shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed shall be allowed a hearing.

The Board of Estimate and Apportionment shall extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above, for a period or periods not exceeding in the aggregate two years if the reasons given by the Railroad Company for non-fulfillment are for causes over which the Railroad Company had no control and was in nowise responsible.

29. The Railroad Company shall assume all liability by reason of the construction and operation of the railroad, and the City shall assume no liability whatsoever to either persons or property by reason of said construction, maintenance or operation, and the Railroad Company hereby agrees to indemnify and save harmless the said City from all liability whatsoever by reason of the construction, maintenance and operation of said railroad.

As a condition of this grant, the Railroad Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Railroad Company, its successor or assigns.

30. Any portion of the right of way of the said Railroad Company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

31. The Railroad Company shall not operate cars over any extension of any length whatsoever within the present limits of The City of New York not specifically hereby authorized, and shall not make any connection within the present limits of The City of New York with any other railroad, either by means of extensions or branches or by means of a platform building, unless it shall have received authority therefor from said Board of Estimate and Apportionment or its successors in authority, and upon such terms as shall be fixed by the Board. In the event that the provisions of this section cause a conflict because of the lawful right of any other railroad to compel a connection with the Railroad Company, the City agrees that it may be made a party to any legal proceedings between the said companies and its rights and duties therein determined.

32. In case any of the streets as now shown on the map of The City of New York and crossed by the said railroad above grade are altered or widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

33. In case the route as laid out shall make it necessary, in the opinion of the Board of Esti-

mate and Apportionment, to change the map of The City of New York in order to avoid impracticable, unnecessary or undesirable crossings, purely on account of the location of the railroad, and by reason of such change additional or substitute streets crossing the railroad are determined upon, then the Railroad Company shall pay to the City the additional cost thus made necessary, or may, at its own expense, acquire the lands necessary and cede them to the City without cost, provided, however, that the lands so to be acquired or paid for shall not extend more than 400 feet upon each side of said railroad.

34. Any alterations which may be required to the sewerage or drainage system, or to any sub-surface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railroad, shall be made at the sole cost of the Railroad Company and in such manner as the proper City officials may prescribe.

35. In case the Board of Estimate and Apportionment shall, in order to avoid impracticable, unnecessary and undesirable crossings purely on account of the location of the railroad, within one year from the date of the signing of this contract, adopt a map or a change in the map laying out a street or streets bounding or adjoining the right of way of the Railroad Company, on either or both sides thereof, from the easterly line of the White Plains road to the northerly line of the City, or any part thereof, then the Railroad Company shall acquire the lands necessary for such streets and cede them to the City without cost, or will pay to the City the cost of acquiring such lands, provided that it shall not be required to acquire and cede or pay for an amount of land which in the aggregate will exceed a strip fifty feet in width and in length the distance between the easterly side of White Plains road and the northerly line of the City. The Railroad Company, at its own expense, shall regulate and grade said strips of land to such grade as shall be hereafter fixed by the City authorities, such regulating and grading to be done, from time to time, as directed by the Board of Estimate and Apportionment. On notice to the City by the Railroad Company that said Railroad Company cannot acquire such lands, the City covenants to use all possible diligence in acquiring the actual possession of the lands necessary for such streets to the end that the Railroad Company may regulate and grade the same while it is grading its railroad within the present limits of The City of New York.

36. All construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the Railroad Company to restore such streets within a reasonable length of time, the City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund hereinafter provided.

37. The company's property and structures within the present limits of The City of New York shall not be used for advertising purposes in any way, under a penalty of fifty dollars (\$50) per day for each offense. Such restriction shall not apply to stations or cars nor to the interior of fences or walls.

38. The City, the Board and all duly authorized representatives of the City shall have the right at all reasonable times, as well during construction as afterwards, to inspect the railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this contract shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

39. The Railroad Company shall deposit with the Comptroller, within six months after the date of signing this contract, the sum of \$100,000, either in money or in securities to be approved by him, which fund shall be security for the construction of the road authorized hereby, and which the Railroad Company is under obligation to construct, and said fund shall be repaid to the Railroad Company only as hereby specified. If the City exercises its option to require the construction of the additional two tracks south of One Hundred and Seventy-seventh street, the Railroad Company shall, within three months after notification thereof, make a like deposit of \$25,000 as security for such construction. Whenever and as often as the Railroad Company shall have actually constructed one mile of single track, a certificate showing the construction of such track shall be prepared by the engineer of the Railroad Company, and such certificate shall be delivered to the Board of Estimate and Apportionment. The said Board shall, as soon as practicable thereafter, verify the correctness of such certificate and either accept such certificate as correct, or if it finds it to be incorrect, return said certificate to the Railroad Company, specifying in writing the respects in which it finds such certificate to be incorrect. Upon the verification of the correctness of any such certificate, or if any such certificate shall be found to be incorrect, upon its being corrected, and subsequently verified, the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for payment to said company of the sum of \$2,500, and the amount so certified by said Board shall be forthwith paid by said Comptroller from said fund to the Railroad Company, upon the construction of the said mile of single track. This procedure shall be followed by the Railroad Company and by said Comptroller as often as the Railroad Company shall construct an additional mile of single track.

Upon the completion of the construction of the entire track authorized hereby, which the Railroad Company shall remain under obligation to construct, a final certificate shall be prepared by the engineer of said company and approved by the president thereof, showing the fact of such completion and the fact that the road is ready for operation. Such final certificate shall be delivered to the said Board of Estimate and Apportionment of The City of New York, and shall be subject to a like verification as the certificate hereinbefore mentioned. Upon the verification of the correctness of such final certificate, or if such final certificate shall be found to be incorrect, upon being corrected the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for the payment by the Comptroller to the said company of the balance of said funds remaining in his hands.

If such final certificate, certifying to the completion of the entire construction of the road, which the Railroad Company shall be under obligation to construct, shall not be delivered to the Board of Estimate and Apportionment on or before the expiration of the time at which the Railroad Company shall be under obligation to complete the road, under and in pursuance of the terms and conditions of this contract, and if the construction of the entire road authorized hereby, which the Railroad Company shall be under obligation to construct, shall not have been completed by said time, the balance of said fund shall be forthwith delivered by the Comptroller of The City of New York and thereafter said company shall have no claim or cause of action therefor.

The word construction as used herein shall include the grading of the bed of the railroad, laying of tracks thereon, ballasting of the same

and the construction of all bridges or viaducts necessary for the support of the railroad.

The word completion, as used herein, shall include the laying of tracks, electrical conductors and all structures necessary to the operation of trains over the route authorized hereby, and which the Railroad Company shall be under obligation to construct, and shall include also such street bridges or other structures as the company is required hereby to make, and such final certificate shall include proof that all of the antecedent acts required by this contract have been performed by said company, in so far as their completion is required hereby.

40. This grant is upon the express condition that within thirty days after the date of the signing of this contract and before anything is done in exercise of the rights conferred thereby, the Railroad Company shall deposit with the Comptroller of The City of New York the sum of twenty-five thousand dollars (\$25,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Railroad Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the president of said company. In case of failure of the said company to comply with any of the terms of this contract, or its neglect or refusal to comply with any demand or direction of the Board of Estimate and Apportionment, or other municipal officials, or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, if no other money penalty is provided therefor, the said company shall pay to the Comptroller of The City of New York a penalty of \$50 for each violation; and in case of any violation of the provisions of this contract for which money penalties are provided, the said company shall pay to the Comptroller of said City the penalties so provided.

The procedure for the imposition and collection of penalties provided in this contract shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify said company through its president to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If said company fail to make an appearance or, after a hearing, appear in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the said company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$25,000, and in default thereof the said company shall pay to the Comptroller of The City of New York the sum of one hundred dollars for each day of such default in addition to the amount necessary to restore said fund to the original amount of \$25,000. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

The right of the City to collect any penalties imposed for non-compliance with the terms of this contract, or with any law or ordinance now in force or hereafter adopted, shall not be limited to the said sum of \$25,000, and the enumeration or reservation of any rights by the City herein shall not operate to the exclusion of any other rights belonging to the City, either in law or at equity. Nor shall the imposition of any penalty by the terms of this contract interfere with or diminish the right of the City specifically to enforce any of the terms or conditions of this contract.

41. If the Railroad Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings within the present limits of The City of New York in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said Company specifying any default on the part of said Company, and requiring the said Company to remedy the same within a reasonable time, and upon the failure of the said Company to remedy its said fault within a reasonable time said Company shall for each day thereafter during which said fault or defect remains pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

42. The Railroad Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, hereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, hereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

[SEAL]

By..... Mayor.

NEW YORK AND PORT CHESTER

RAILROAD COMPANY,

By..... President.

Attest:

[SEAL]

Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor are that the money value of such franchise or right proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of Proposed Contract for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company and the said form of Proposed Contract for the grant of such franchise or right and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of New York and Port Chester Railroad Company, for at least twenty days im-

mediately prior to January 26, 1906, in THE CITY RECORD, and at least twice, during the ten days immediately prior to January 26, 1906, in "The New York Times" and "The New York Daily News," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, and fully set forth and described in the foregoing form of Proposed Contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

J. W. STEVENSON,

Secretary.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick in mortar, all floor beams, joists, studs, flooring, ceiling, roofing, boards and wood-work of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 23, 1906,

at 11 a. m., on the premises, the buildings and appurtenances thereunto belonging erected upon real estate acquired for the purpose of constructing thereon a pumping station for the high pressure fire system, under the supervision of the Department of Water Supply, Gas and Electricity, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the high pressure fire system, situated in the Borough of Manhattan and described as follows:

Beginning at the point of intersection of the westerly side of Oliver street with the southerly side of Water street, and running thence westerly along the southerly side of Water street 90.83 feet; thence southerly 39.3 feet; thence again westerly 0.8 feet; thence again southerly 121.81 feet to the northerly side of South street; thence easterly along the northerly side of South street 92.04 feet to the northwesterly corner of Oliver and South streets; thence northerly along the westerly side of Oliver street 160.61 feet to the southwesterly corner of Water and Oliver streets, the point or place of beginning.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Tuesday, January 23, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be im-

plied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

SUPREME COURT.—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the northerly line of ONE HUNDRED AND FORTY-FIFTH STREET, 100 feet west of Amsterdam avenue, in the Borough of Manhattan, The City of New York, as a site for a public library.

NOTICE IS HEREBY GIVEN THAT THE report of Edward J. McGee, Thomas A. Clarke and Michael A. Scudi, Commissioners of Estimate and Appraisal, duly appointed in the above-entitled proceeding, which report bears date the 4th day of January, 1906, was filed in the office of the Board of Estimate and Apportionment of The City of New York, on the 11th day of January, 1906, and a duplicate of said report was filed in the office of the Clerk of the County of New York on the same day.

Notice is further given that the said report will be presented for confirmation to the Supreme Court of the State of New York, in the First Judicial District, at a Special Term, Part III, thereof, to be held at the County Court House, in the Borough of Manhattan, City of New York, on the 26th day of January, 1906, at that time and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, January 11, 1906.

JOHN J. DELANY, Corporation Counsel, No. 2 Tryon Row, Borough of Manhattan, City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the widening of CANAL STREET WEST, between One Hundred and Thirty-eighth street and a point 251.77 feet southerly (although not yet named

by proper authority), in the Twenty-third Ward, Borough of The Bronx, City of New York, as shown on the map or plan adopted by the Board of Estimate and Apportionment on June 29, 1905.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III, thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Friday, the 26th day of January, 1906, at the opening of the Court on that day or as soon thereafter, as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the widening of a certain street or avenue known as Canal Street West, between East One Hundred and Thirty-eighth street and a point 251.77 feet southerly, in the Twenty-third Ward, Borough of The Bronx, City of New York, being the following described lots, pieces or parcels of land, viz.:

Beginning at a point in the southern line of East One Hundred and Thirty-eighth street distant 262.62 feet northwesterly from the intersection of said line with the western line of Rider avenue.

1st. Thence northwesterly along the southern line of East One Hundred and Thirty-eighth street for 0.38 feet;

2d. Thence southwesterly along the eastern line of Canal Street West, which is now being legally acquired for 251.77 feet;

3d. Thence northeasterly for 251.77 feet to the point of beginning.

The widening of Canal Street West is shown on a map, entitled "Map showing the widening of Canal Street West on the easterly side from a point 251.77 feet south of East One Hundred and Thirty-eighth street to East One Hundred and Thirty-eighth street in the Twenty-third Ward, Borough of The Bronx, City of New York, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901." Filed in the office of the President of the Borough of The Bronx on November 25, 1905; in the office of the Register of The City and County of New York on November 22, 1905, as Map No. 1114 and in the office of the Counsel to the Corporation on or about the same date.

The land to be taken for Canal Street West, is shown on Block 2332 of section 9 of the Land Map of The City of New York.

Dated New York, January 12, 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of the approaches to the bridge across Spuyten Duyvil and Port Morris Railroad, on the line of Depot place at High Bridge, in the Twenty-third Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN such cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on Friday, the 26th day of January, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as Waterloo place, between East One Hundred and Seventy-fifth street and East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, piece or parcel of land, viz.:

Beginning at a point in the southern line of East One Hundred and Seventy-sixth street distant 306.73 feet northwesterly from the intersection of said line with the western line of Southern Boulevard.

1. Thence northwesterly along the southern line of East One Hundred and Seventy-sixth street for 50 feet;

2. Thence southwesterly deflecting 90 degrees to the left for 345.94 feet to the northern line of East One Hundred and Seventy-fifth street;

3. Thence southeasterly along last-mentioned line for 50.98 feet;

4. Thence northeasterly for 335.97 feet to the point of beginning.

Waterloo place is shown on a map entitled "Map or Plan showing the locating and laying out and the grades of Waterloo place, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," filed in the office of the President of the Borough of The Bronx, June 20, 1905, in the office of the Register of the City and County of New York, on June 20, 1905, as Map No. 1032, and in the office of the Counsel to the Corporation of The City of New York on or about the same date.

The land to be taken for Waterloo place is located in Block 2958 of section 11 of the land map of The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, Second Department, bearing date the 1st day of July, 1905, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, City of New York, on the 12th day of October, 1905, a copy of which order was duly filed in the office of the Clerk of the County of Queens, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens, on the 12th day of October, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 22d day of January, 1906, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY, December 23, 1905.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of POTTER AVENUE (although not yet named by proper authority), from the East river to Chauncey street, and from Rapelle avenue to Flushing avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 20th day of January, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of January, 1906, at 11 o'clock a.m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said city, there to remain until the 1st day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the United States bulkhead or pierhead line of the East river and the middle line of the blocks between Potter avenue and Woolsey avenue; running thence easterly along said middle line to its intersection with the northerly line of Flushing avenue; thence running again easterly along the northerly line of Flushing avenue to its intersection with the westerly line of Baldwin street; thence running northerly along the westerly line of Baldwin street to its intersection with the middle line of the blocks between Potter avenue and Ditmars avenue; thence running westerly along the middle line of the blocks between Potter avenue and Ditmars avenue to its intersection with the United States bulkhead or pierhead line of the East river; thence running southerly along the United States bulkhead or pierhead line of the East river to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 27th day of March, 1906, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY, December 29, 1905.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FRESH POND ROAD (although not yet named by proper authority), from Flushing avenue to Myrtle avenue, in the Second Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, Second Department, bearing date the 1st day of July, 1905, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, City of New York, on the 29th day of September, 1905, a copy of which order was duly filed in the office of the Clerk of the County of Queens, Commissioners of Estimate and Assessment for the purpose of making a just

and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens, on the 29th day of September, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 29th day of January, 1906, at 2.30 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY, December 23, 1905.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereto at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
