COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting Held in Room 16, City Hall, at 11 o'Clock A. M., on Monday, August 24, 1914.

Present—O. Grant Esterbrook, Acting Mayor; Alexander Brough, Deputy and Acting Comptroller; Henry Bruere, Chamberlain, and Henry H. Curran, Chairman, Finance Committee, Board of Aldermen.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the removal of buildings at Nos. 3985-3991 Bronx Boulevard, in the Borough of The Bronx:

August 24, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—A request has been received from the President of the Borough of the Bronx for the removal of buildings known as 3985-3991 Bronx Boulevard, in the Borough of The Bronx, because of their dangerous condition, and also from the Police Department, under date of August 11, 1914, in which it is stated:

"There are two unsafe buildings at 226th Street and Bronx Boulevard which are in constant danger of falling, necessitating the stationing of a policeman to guard the same since July 9th, 1914. This means that three Police officers are doing nothing else at a cost to the City of about \$300 a month."

I therefore request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by Section 205 of the Revised Charter, adopt a resolution authorizing and ordering the President of the Borough of the Bronx to demolish and remove said buildings as encumbrances upon a public street and such a resolution is herewith transmitted. Yours respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The President of the Borough of The Bronx has requested the removal of the buildings known as 3985-3991 Bronx Boulevard, in the Borough of The Bronx, because of their dangerous condition.

Whereas, These buildings if allowed to remain would be a menace to life and limb, it is therefore

Resolved, That the Commissioners of the Sinking Fund by virtue of the powers vested in them by law hereby authorize and order the President of the Borough of The Bronx to demolish and remove these encroachments upon a public highway, in the manner provided by Section 205 of the Revised Charter, as amended by Chapter 398 of the Laws of 1909.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the transfer of equipment of the Brooklyn Disciplinary Training School for Boys, and employment of two caretakers to act as watchmen:

August 24, 1914.

To the Commissioners of the Sinking Fund, The City of New York:

Gentlemen—The Brooklyn Disciplinary Training School for Boys will be discontinued on August 31, 1914, and it will be necessary that some one representing the City be placed in charge of the premises to look after the safety of the personal

property of the school until such time as the equipment and other movable effects may be formally transferred to other city departments or sold at public auction.

A representative of the Bureau of Municipal Investigation and Statistics, of the Department of Finance, has been assigned to make an inventory of all of the equipment and other personal property in the school grounds. In order to expedite the transference of such equipment as may be available for the use of other city departments, I would ask that you empower the Comptroller to make arrangements to have such equipment transferred with the understanding that a complete list of all property so disposed of shall be reported to your Commission at an early date.

I would ask further that the Comptroller be authorized, on behalf of your Board, to retain, during the month of September, the services of two caretakers, now on the payroll of the school, to act as watchmen until the movable property on the premises has been disposed of. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and he is hereby authorized to transfer the equipment and other personal property of the Brooklyn Disciplinary Training School for Boys to the various city departments having use for same, providing, however, that an inventory of the property so transferred to each department be furnished this board at the earliest possible date; and be it further

Resolved, That the Comptroller be authorized to retain the services of two caretakers now in the employ of the Brooklyn Disciplinary School to act as watchmen on the premises until September 30, 1914, at the same rate of compensation as they are now receiving, the expense thereof to be charged to the salary appropriation provided in the budget for the said school.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Adjourned.

JOHN KORB, Jr., Secretary.

Banking Commission.

The quarterly meeting of the officers to designate City depositories, in accordance with section 196, chapter 466, Laws of 1901, was held on Saturday, August 1, 1914. Present—William A. Prendergast, Comptroller; Henry Bruere, Chamberlain.

The Chamberlain offered the following:

"Resolved, That the present City depositories be redesignated."

Which was unanimously adopted.

The Chamberlain offered the following:

"Resolved, That the minimum rate of interest on deposits be fixed at two (2) per cent., that the Chamberlain be empowered, wherever he may do so in his best judgment, to enter into contract for such higher rate of interest as may be obtained, provided that in each such case the specific approval of the Mayor and Comptroller be obtained. The Chamberlain is empowered in his discretion to require from any or all such depositories bonds to secure the deposits made therein, such bonds to be approved by the Comptroller."

Which was unanimously adopted.

The following report of the action taken by the Commission was approved and signed by the Comptroller and Chamberlain:

Report on the Meeting of the Banking Commission.

August 1, 1914.

The Banking Commission met to-day to fix the rate of interest on City deposits for the three months ending October 31, 1914. The minimum rate was fixed at 2 per cent., but the Chamberlain was authorized to make better arrangements with banks which offered to pay a higher rate of interest.

In accordance with the usual practice, a letter was sent to the banks by the Chamberlain ten days ago, asking what rate of interest would be paid on city balances for the quarter beginning August 1. The replies received show that it will be possible to place \$43,000,000 in banks at rates higher than 2 per cent., the average rate for this amount being 2.6 per cent.

Under the law, which permits a deposit in any one bank of an amount equal to 50 per cent. of the capital and surplus, \$113,000,000 could be deposited in banks paying better than 2 per cent., but the Chamberlain has limited the regular deposits in banks to 20 per cent. of the capital and surplus, as a conservative policy.

Under the offers received at the beginning of the first quarter of the year, it was possible to place \$27,000,000 above 2 per cent., the second quarter \$26,000,000, and as stated above \$43,000,000 for the coming quarter.

Eighty-six institutions have agreed to pay rates in excess of 2 per cent., as follows:

Twenty, 3 per cent.; one, 2.5-6 per cent.; two, 2¾ per cent.; fifty-nine, 2½ per cent.; four, 2¼ per cent.

The increased earnings during the past six months ended July 31, due to the rates better than 2 per cent., were \$71,000.

The method of distribution employed during the past six months whereby banks impartially received sums on deposit in proportion to their size, strength and amount of interest paid, will be continued during the succeeding quarter.

WILLIAM A. PRENDERGAST, Comptroller; HENRY BRUERE, Chamberlain.

On motion the meeting adjourned.

GEO. L. BERGEN, Secretary.

PUBLIC SERVICE COMMISSION.

Proposals.

INVITATION TO CONTRACTORS.

PART OF SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

THE PUBLIC SERVICE COMMISSION FOR THE First District (hereinafter called the "Commission") invites proposals to construct Section No. 2 of Route 48, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

SECTION No. 2. Beginning at a point under Beekman Street, in the Borough of Manhattan, about sixty-two (62) feet west of the westerly building line of William Street, curving thence southerly under private property into William Street, extending thence southerly under William Street and easterly under Hanover Square to a point about opposite the easterly building line of Pearl Street.

The general plan of construction calls for a subsurface railroad having two tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction, unless otherwise permitted by the Commission, will be by trench excavation under cover.

Bidders must examine the form of contract and the specifications and contract drawings; must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the form of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

The City of New York (hereinafter called the "City") and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between the City and said Company for additional rapid transit railroads. The liability of Interborough Rapid Transit Company will be limited to an amount equal to fifty per centum (50%) of the total estimated amount to be paid to the Contractor under the Contract.

Partial payments to the Contractor will be made as the work proceeds as provided in the Contract.

The Contractor must complete the work within twenty-eight (28) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of five hundred thousand dollars (\$500,000). As further security fifteen per centum (15%) of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten per centum (10%) of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the Contractor.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, New York City, until the 15th day of September, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 48, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for fifty thousand dollars (\$50,000) payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are

not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

THE BUILDINGS AND APPURTENANCES thereat will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
