

March 30, 2020

CERTIFICATE 27363

RESOLVED That the Design Commission, having considered designs for the reconstruction of a swimming pool and skating rink (Lasker Rink) and adjacent site work, between East Drive and the Harlem Meer, Central Park, Manhattan, submitted by the Department of Parks & Recreation and the Central Park Conservancy, represented by exhibits 3094-H, I, J & K of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that (1) the team will continue to develop the design to exceed accessibility requirements and (2) before this project is submitted for final review, a full schematic drawing set, materials samples, and a proposal for lighting and signage will be submitted for committee review. The Commission commended the design for successfully integrating the structure into the landscape, opening-up view corridors, and returning the site to a more natural setting in line with the original park design. Commissioner Sheffer recused herself.

Preliminary approval is conditioned upon submission of this project for final review and approval before March 30, 2022.

March 30, 2020

CERTIFICATE 27392

RESOLVED That the Design Commission, having considered designs for the construction of Buildings 2A and 2B and a central plaza as Phase II of the construction of four mixed-use residential towers, a light manufacturing facility, a central plaza open space, and adjacent site work (The Peninsula), Tiffany Street, Spofford Avenue and Manida Street, Bronx, submitted by the Economic Development Corporation, represented by exhibits 6544-CD, CF, CH, CI & CJ of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that, before returning for final review, the team will (1) continue to study the arrangement of windows at both buildings to ensure that the window placements are coordinated to bring visual interest to the facades but prioritized to serve the interior layouts of the individual units, specifically noting that (a) windows at bedrooms should be enlarged, (b) two adjacent vertical windows bands should be combined into a single larger window, and (c) the location of windows should be re-studied in coordination with developing an optimal floor plan that provides layout flexibility for residents and maximum light; (2) to ensure that window locations provide visual interest at the façade while also allowing for flexibility of interior layouts, submit examples of furniture layouts and floor plan alternatives; (3) provide details on the parapet cap and the tapered GFRC profile at the windows for Building 2B; and (4) submit diagrams illustrating how the hierarchy of design gestures was established, including how the massing, arrangement of fenestration, and material detailing relate to one another, noting that additional detail is needed to understand the relationship of the two gray metal panel colors on Building 2A, and of the window arrangement and GFRC taper at Building 2B .

Preliminary approval is conditioned upon submission of this project for final review and approval before March 30, 2022.

March 30, 2020

CERTIFICATE 27398

RESOLVED That the Design Commission, having considered designs for the construction of a portion of the Jamaica Bay Greenway (Canarsie Pier Connector), Shore Parkway Service Road North, Rockaway Parkway, and Canarsie Veterans Circle, Brooklyn, submitted by the Department of Design and Construction and the Department of Transportation, represented by exhibits 7496-C, D, E & F of record in this matter, hereby gives to the same unanimous preliminary and final approval.

Final approval is conditioned upon commencement of work before March 30, 2022 and submission of comprehensive photographic documentation of the completed project consisting of 8" x 10" archival-quality color photographs.

A true copy of resolution adopted by
the Design Commission at its meeting
on March 30, 2020.

Justin Garrett Moore
Executive Director

Philip Aarons, Laurie Hawkinson, Manuel Miranda, Richard Moore, Susan Morgenthau, Signe Nielsen, Ethel Sheffer, Merryl H. Tisch, Mary Valverde, Commissioners

March 30, 2020

CERTIFICATE 27399

RESOLVED That the Design Commission, having considered designs for the construction of a Waterfowl Management Program Building, Kensico Reservoir, 19 Westlake Drive, Mount Pleasant, Westchester County, submitted by the Department of Environmental Protection, represented by exhibits 5766-AB, AC, AD & AE of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that the final submission will include a gable soffit and a clerestory window at the west facade.

Preliminary approval is conditioned upon submission of this project for final review and approval before March 30, 2022.

A true copy of resolution adopted by
the Design Commission at its meeting
on March 30, 2020.

Justin Garrett Moore
Executive Director

Philip Aarons, Laurie Hawkinson, Manuel Miranda, Richard Moore, Susan Morgenthau, Signe Nielsen, Ethel Sheffer, Merryl H. Tisch, Mary Valverde, Commissioners

March 30, 2020

CERTIFICATE 27400

RESOLVED That the Design Commission, having considered designs for the rehabilitation of the former Kensico Laboratory, Kensico Reservoir, 19 Westlake Drive, Mount Pleasant, Westchester County, submitted by the Department of Environmental Protection, represented by exhibits 5766-AF, AG & AH of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that the Department of Environmental Protection will submit (a) a detailed roof plan, including the locations and dimensions of all exterior HVAC equipment and (b) details on the electric car charger design for final review.

Preliminary approval is conditioned upon submission of this project for final review and approval before March 30, 2022.

A true copy of resolution adopted by
the Design Commission at its meeting
on March 30, 2020.

Justin Garrett Moore
Executive Director

Philip Aarons, Laurie Hawkinson, Manuel Miranda, Richard Moore, Susan Morgenthau, Signe Nielsen, Ethel Sheffer, Merryl H. Tisch, Mary Valverde, Commissioners

March 30, 2020

CERTIFICATE 27401

RESOLVED That the Design Commission, having considered designs for the reconstruction of power centers 4 and 7 and installation of transformers, Wards Island Wastewater Resource Recovery Facility, Wards Island, Manhattan, submitted by the Department of Environmental Protection, represented by exhibits 1599-KS, KT & KU of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that the final submission will include the following revisions: (1) at the transformers and power center 7, (a) the perforated metal screening will be silver metal-finish and (b) bollards will be yellow, no taller than 36"H, and as slim as possible and (2) at power center 4, (a) the font will be specified, (b) the kerning between "P," "C," and "4" will be re-studied to be more legible; and (c) the font alignment will be detailed so that the bottom curve of the "C" is not cut off at the bottom of the building.

Preliminary approval is conditioned upon submission of this project for final review and approval before March 30, 2022.

A true copy of resolution adopted by
the Design Commission at its meeting
on March 30, 2020.

Justin Garrett Moore
