MESSAGES FROM HIS HONOR THE MAYOR.

(G. O. 437.)

The Vice-President laid before the Board the following message from his Honor the Mayor:
CITY OF NEW YORK—OFFICE OF THE MAYOR, September 4, 1895.

To the Honorable the Board of Aldermen:

GENTLEMEN—I return herewith, for amendment, resolution of your Honorable Body passed August 27, 1895, granting permission to the Trustees of Guiding Star Lodge, F. & A. M., to lay cement or concrete sidewalk in front of No. 719 Tremont avenue. The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards makes the following report upon this resolution:

"To give this resolution legal effect, it is my opinion that the resolution authorizing the contract now in progress should be first rescinded as far as the sidewalk in front of the premises of Messrs. Eickwort and Andrews are concerned. The rescinding of the resolution would, of course, affect the contract to the extent mentioned, and it cannot be modified without the contractor's consent.

"The object of the resolution can be achieved by the parties interested making an agreement with the contractor, subject to my approval, and which shall release the City for payment for flagging in front of the premises mentioned."

Yours, respectfully,

W. L. STRONG, Mayor.

Resolved, That the Trustees of Guiding Star Lodge, F. & A. M., are hereby given permission to lay a concrete or cement sidewalk in front of the premises No. 719 Tremont avenue (a space of twenty-five feet front), and from house-line to curb; said material to be furnished and work done at their own expense, under the direction of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards.

Which was laid over.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The Vice-President laid before the Board the following communication from the Court of General Sessions:

COURT OF GENERAL SESSIONS OF THE PEACE, CITY AND COUNTY OF NEW YORK, CLERK'S OFFICE. NEW YORK, August 31, 1895.

To the Honorable the Board of Aldermen of the City of New York:

GENTLEMEN—Herewith I submit an estimate, in detail, of the amounts required to conduct the business of the Court of General Sessions for the year 1896.

By chapter 1004 of the Laws of 1895 a Part IV. was created for this Court, and it was enacted that an additional Judge should be elected at the ensuing general election. This will increase the appropriation for salaries of Judges \$12,000.

By the same act, the Judges of this Court were authorized to appoint seven Deputy Clerks instead of three (an increase of four), three Interpreters instead of two (an increase of one), four Stenographers instead of three (an increase of one) and four Record Clerks. This will increase the appropriation for salaries of Clerks, etc., \$18,300, as follows:

Salary of 4 additional Deputy Clerks, \$3,000 each.....	\$12,000 00
" 3 Deputy Clerks increased, \$500 each.....	1,500 00
" 4 Record Clerks, \$1,200 each.....	4,800 00
" 1 Stenographer.....	2,500 00
" 1 Interpreter.....	2,000 00
	<hr/>
	\$22,800 00

Less decrease of salary of 1 Interpreter.....	\$500 00
" Clerk, Oyer and Terminer.....	2,000 00
" Deputy Clerk, Oyer and Terminer.....	2,000 00
	<hr/>
	\$4,500 00

Net increase.....	<hr/>
	\$18,300 00

By the same act four Chief Attendants are to be appointed at a salary of \$1,200 each. This increase of \$4,800 has been reduced \$800 by the appointment of four Attendants at \$1,000 each in place of persons receiving \$1,200 each. This makes the net increase in the appropriation for salaries of Attendants \$4,000.

An increase of \$15,000 will be required in the appropriation for Fees of Jurors, in order to pay the Jurors who may serve in Part (new) IV. of this Court.

By chapter 98, Laws of 1895, all witnesses subpoenaed by the District Attorney on behalf of the People are to be paid the same fees and mileage as witnesses in civil actions. It is estimated that an appropriation of \$20,000 will be necessary to comply with this provision of the statute.

An orderly and prompt disposition of the business of its Criminal Courts is of vital interest to this community.

By the provision of the acts of the recent Legislature, this Court will be enabled to transact a much larger volume of business during the coming year. These provisions should not be dwarfed by lack of suitable appropriation to promptly furnish those immediate and urgent supplies which will certainly be needed, but the necessity for which it is impossible to now foresee. I therefore ask for an increase of \$1,000 in appropriation for contingencies, including rent of telephones.

Respectfully submitted,

JOHN F. CARROLL, Clerk of Court General Sessions.

The Vice-President laid before the Board the following communication from the Sheriff:
SHERIFF'S OFFICE, COUNTY COURT-HOUSE, CITY AND COUNTY OF NEW YORK, NEW YORK, September 5, 1895.

WILLIAM H. TEN EYCK, Esq., Clerk Board of Aldermen:

SIR—I have the honor to transmit herewith a duplicate of my estimate of the amount required to conduct the business of this office in and for the year 1896.

Very respectfully, EDWARD J. H. TAMSEN, Sheriff.

(Duplicate.)

SHERIFF OF THE CITY AND COUNTY OF NEW YORK, SHERIFF'S OFFICE, September 5, 1895.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In conformity with the provisions of section 189 of the New York City Consolidation Act of 1882, I submit the following estimate of the amounts required to conduct the business of the Sheriff's Office and the County Jail for the year 1896:

Statements are herewith presented—	
Of the salaries of each of the officers, clerks and subordinates employed in the Sheriff's Office and in the County Jail.	
Of the amounts allowed for 1895 and the amounts required for 1896:	
The whole amount required for 1896 is.....	\$137,732 00
The whole amount allowed for 1895 was.....	132,132 00
	<hr/>
	Increase for 1896 over 1895.....
	\$5,600 00

A compliance with the recommendations of the County and of the Federal Grand Jury—contained in presentments recently made—has deprived the Warden of the County Jail of the voluntary cleaning work heretofore performed by prisoners, and necessitates the appointment of at least two additional cleaners; an increase over previous years of about twenty per cent. in the number of

prisoners handled by the four prison guards, and the opening, on January 1 next, of an additional part of the General Sessions Court, demands the appointment of one more prison guard; the steady increase in the amount of business transacted in the Sheriff's Office requires for its prompt disposal additional clerical help.

Very respectfully,
EDWARD J. H. TAMSEN, Sheriff.

The Vice-President laid before the Board the following communication from the District Attorney:

DISTRICT ATTORNEY'S OFFICE, CITY AND COUNTY OF NEW YORK, September 5, 1895.

To the Honorable the Board of Aldermen of the City of New York:

GENTLEMEN—In compliance with section 189 of the New York Consolidation Act of 1882 I herewith transmit an estimate in writing, being the Departmental estimate in said act referred to of the amount necessary in conducting the business of the District Attorney's Office of the City and

County of New York for the year 1896, specifying in detail the objects of such expenditure, and including a statement of the salaries of each of the officers, clerks, employees and subordinates in such office, as follows:

For salary of the District Attorney (section 1503 of the Consolidation Act of 1882).....\$12,000 00

For salary of eight Assistant District Attorneys, at \$7,500 each (section 1503 of the Consolidation Act of 1882, as amended by chapter 693, Laws of 1895).....60,000 00

For salary of Deputy Assistants, clerks, employees and subordinates.....102,750 00

For fees and compensation of Stenographer to Grand Jury (chapter 348, Laws of 1885) \$2,500 00
 Total..... \$177,250 00

For expenses in procuring the arrest of prisoners in this and other States, the attendance of witnesses from other States, and for expert witnesses, fares, law books, postage, telegrams, messenger and telephone service, clothing poor witnesses in the House of Detention, and other necessities for the office..... \$20,000 00

The appropriation for salaries for the current year was \$145,050. The amount asked for next year is \$177,250, being an increase of \$32,200, made up as follows:
 Salaries of two additional Assistants, created by chapter 693 of the Laws of 1895, at \$7,500 each..... \$15,000 00

Deputy Assistant for Special Sessions..... 4,000 00
 Three Copying Clerks, at \$1,200 each..... 3,600 00
 Special Sessions Court Messenger..... 1,200 00
 Witness Certificate Clerk..... 1,200 00
 Two Subpoena Servers for Annexed Territory..... 2,400 00
 Calendar Clerk for New Part Four..... 1,200 00
 Two Subpoena Servers for New Part Four..... 2,400 00
 Court Messenger for New Part Four..... 1,200 00
 Total..... \$32,200 00

The necessity for these proposed additions is as follows:
 The two additional Assistants have been created by law.

With respect to the items of \$4,000 for a Special Sessions Deputy Assistant and \$1,200 for a Special Sessions Court Messenger, I have to state that under the New Police Magistrates Bill I have to be represented at all sittings of the Special Sessions Court, and am responsible for the conduct of the prosecution in all cases therein. This is entirely new work, additional to that heretofore performed by my office, and it is necessary that the Assistant in Court (as always has been the practice in the Court of General Sessions) should always have at his command the services of a competent man to assist in the clerical work of seeing to the witnesses, so he may know what cases to proceed with, and who should also act as the Assistant's messenger in getting law books, special witnesses, particular data, the need which urgently arise at trials and which the Assistant cannot suspend the trial or leave the Court to attend to himself.

Under a requirement of the Court of General Sessions, promulgated at the beginning of this year, in compliance with the literal provisions of statute governing that subject, the manual custody and possession of all indictments and papers is retained by the Clerk of the Court of General Sessions, and I was therefore obliged to have performed through my office the extraordinary work of copying all indictments and papers, covering thousands of folios, which copies, in lieu of the originals, it became absolutely necessary for me to have in order to transact the business of my office. This work no provision was made for in the estimate for this year; but provision necessarily must be made for it in the coming year. I find that, barring special occasions, three industrious and competent men can perform the work, and I therefore make requisition for their salaries in the sum of \$3,600.

With respect to the Witness Certificate Clerk, by chapter 98 of the Laws of this year provision has been made to compensate witnesses for attendance at Court in criminal cases. There are on an average not less than one hundred witnesses daily subpoenaed in the cases prosecuted by this office, and in order to protect the county and to properly arrange for the payment of this large number of witnesses, who must make affidavit as to their attendance, etc., the services of a clerk are necessary.

The addition to the jurisdiction of this county of a territory equal to the former size of the city rendered necessary the services of two Subpoena Servers to cover same.

By chapter 1004 of the Laws of 1895 an additional part of the Court of General Sessions has been created, which will entail greatly increased work upon this office, and which renders necessary corresponding increase in my office force. The additional Assistants thereby rendered necessary have been provided for by statute. I further require one Calendar Clerk, one Court Messenger and two Subpoena Servers, which is the minimum of extra help required for the Fourth Part.

All of the extra help above specified, except that for the Fourth Part, I now have to make provision for out of the funds allowed me for this year, and I have been obliged to have recourse to my contingent appropriation to meet these extra expenses.

It may be observed that the criminal business of this county is yearly increasing with the growth of population, and I would have been obliged to ask for more office help even if the special and imperative necessity for the additions hereinbefore enumerated had not arisen. But with the extra help herein asked for I hope so to be able to distribute the immense volume of extra work imposed upon my office as to insure its prompt and faithful dispatch.

Concerning my requisition for an appropriation of \$20,000 for contingencies, I desire to state that for some years preceding this, after the Departmental Estimates of this office were submitted, and before the adoption of the Final Estimate, it always became necessary for the District Attorney to supplement his estimate with a request for a larger appropriation than that originally asked for. This was due to the fact that extraordinary and exceptional expenses could and did arise in the four months intervening the submission and final adoption of the estimate, which could not be anticipated. Particular cases which necessitate extraordinary expenses have arisen pending the preparation of this estimate. The creation of an additional Part of Court will of itself necessitate added current expenses to this office; and actual experience has demonstrated that the sum of \$15,000, ordinarily appropriated for the contingencies of this office, is insufficient for that purpose, and a deficiency has invariably arisen in that account during the past six years.

I submit herewith a list, as requested, of the salaries, names and titles of all persons now on the regular pay-roll of this office.

Respectfully yours,
 JOHN R. FELLOWS, District Attorney.

HEALTH DEPARTMENT, NEW YORK, August 27, 1895.

To the Honorable the Board of Estimate and Apportionment, New York City : GENTLEMEN—At a meeting of the Board of Health of the Health Department, held this day, the following preambles and resolutions were adopted :

Whereas, The thorough cleanliness of the streets and prompt removal of ashes and garbage are necessary for the preservation of the public health of this city ; and

Whereas, It appears from the communication of the Commissioner of Street Cleaning dated August 27, 1895 (a copy of which is hereto annexed), that the unexpended balance of the appropriation for the year for this purpose is insufficient to properly clean the streets and to promptly remove the ashes and garbage ; and

Whereas, This Board is advised by a Committee of the Board of Estimate and Apportionment, consisting of the President of the Board of Aldermen, the Comptroller, the Counsel to the Corporation and the President of the Department of Taxes and Assessments, that the additional amount necessary for this purpose for the remainder of this year can only be lawfully appropriated pursuant to the authority vested in the Board of Health by chapter 535, Laws of 1893 ; therefore

Resolved, That, in the opinion of the Board of Health, the preservation of the health of the community requires that greater efficiency shall be maintained in the cleaning of the streets and the removal of ashes and garbage than can be obtained by the monthly expenditure of one hundred and thirty-seven thousand five hundred and ninety-seven dollars and thirty-two cents, that being the average unexpended balance for each month, for the remainder of the year, of the appropriation for that purpose.

Resolved, That the Board, pursuant to the authority conferred by chapter 535, Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the additional sum of eighty thousand six hundred and thirty-eight dollars and sixty-six cents should be appropriated for the month of September for the proper cleaning of the streets and the prompt removal of garbage.

Resolved, That the Board of Health expressly states that it does not ask for this appropriation of money to make good a deficiency in another department caused by expenditures in excess of the amount appropriated thereto ; that it is concerned with the question of clean streets in its sanitary aspect only ; and it will not consent to use the extraordinary powers conferred upon it save to provide for such cleanliness as is necessary to the proper sanitary condition of the city ; and the Board wishes it to be distinctly understood that it will only consent to the expenditure of such portion of this eighty thousand six hundred and thirty-eight dollars and sixty-six cents as may be found absolutely necessary to preserve the public health, and it will, in its absolute supervision of these expenditures, see that the money is spent with the utmost economy and solely for the purpose of preserving the public health.

A true copy. EMMONS CLARK, Secretary.

DEPARTMENT OF STREET CLEANING, CITY OF NEW YORK, CRIMINAL COURT BUILDING, NEW YORK, August 27, 1895.

Hon. CHARLES G. WILSON, President, Health Department, New York City :

SIR—On the first day of July, 1895, I addressed a communication to you, as President of the Health Department, showing in detail the expenditures of the Department of Street Cleaning for the six months ending June 30, 1895, and the estimated amount of money necessary to carry on the work for the remaining six months of the current year in the same efficient manner as during the months of April, May and June. In said communication it was estimated that the amount necessary to be provided, in addition to the moneys at present available, would be—

For Carting (ashes, garbage and street sweepings), for six months. \$351,684 00

For Final Disposition (from dumps), for six months. 132,148 00

In all. \$483,832 00

Or, say one-sixth for each month, as follows :

For Carting. \$58,614 00

For Final Disposition. 22,024 66

In all. \$80,638 66

As the additional amount (\$80,638.66) is necessary for the month of September to keep the streets in their present condition and to remove and dispose of the ashes and garbage as promptly as is now being done, I respectfully request the Board of Health to use the authority vested in and conferred upon it by chapter 535, Laws of 1893, to secure from the Board of Estimate and Apportionment the above amount for this important public purpose. Without such action by your Board I shall be unable properly to clean the streets and promptly to remove the ashes and garbage.

HEALTH DEPARTMENT—OFFICE OF THE CHEMIST, NEW YORK, August 26, 1895.

CHAS. F. ROBERTS, M. D., Sanitary Superintendent :

SIR—Of all the articles of food, the sale of which requires the supervision of the sanitary authorities, milk is the most important. It is the food of the infant, the sick and the invalid ; it is easy to adulterate ; the temptation to commit this fraud is great and the detection is difficult. It does not require the services of an expert to detect tainted meat or unripe or decayed fruit and vegetables, but the average citizen is almost entirely dependent upon the vigilance of the Health Department for a pure milk supply.

The addition of water and the removal of the cream not only injuriously lowers the quality of the milk, thus depriving the infant and invalid of their necessary nourishment, but the use of water infected with disease, to adulterate, produces the most fatal results. Typhoid fever, diphtheria and kindred diseases can be and are disseminated by the use of milk to which such disease-bearing water has been added. An epidemic of typhoid fever near Stamford, Conn., is a recent example of this. Two deaths resulted and numerous cases of the disease, all because the dealer adulterated the milk with infected water.

Again, the use of antiseptics added to milk to prevent its souring are generally harmful. The action of boracic acid, salicylic acid, fluoride of potash, carbonate of soda and many of the coal-tar compounds upon the digestive organs of the infant and invalid are too obvious to need argument or discussion.

The support that the Court of Special Sessions, where ninety-five per cent. of the milk cases are tried, is giving to the Department in its efforts to prevent the sale of adulterated milk, and the improvements in our methods of analysis and system of milk inspection, places the Department in a position which it has never before occupied, so that an increase in the number of Milk Inspectors now would mean an almost complete cessation of the practice of selling adulterated milk in this city, and for the following reasons :

We now have six Inspectors of Milk, one of whom is detailed for chemical work in the laboratory to assist in the milk analysis. This gives us five Inspectors for actual work. If the force were increased by the appointment of five additional Inspectors, and under the present conditions, we would be in a position to reduce the sale of adulterated milk so that ninety-five per cent. of it would be pure.

As it is now, there are seven thousand places where milk is sold ; some twenty places where milk is brought into the city, and which must be inspected between 11 P. M. and 4 A. M. Many of the wholesale dealers do not have a store, so this milk must be inspected when delivered, namely, 4 A. M. to 9 A. M. To expect five men to attend to all this properly is to expect an impossibility. I have confined the work of the Inspectors to the tenement districts almost entirely during the summer, and the number of arrests shows the wisdom of this course ; but other work almost as necessary has, as a matter of course, been impossible to do as efficiently as this work, and where an Inspector finds a number of cases needing arrest, the time consumed in the legal work takes away largely from that which would be used in inspecting the milk in the stores.

There is now brought into the city daily an average of eight hundred and twenty-two thousand quarts of milk, or about three hundred million quarts per year.

Even as often as the stores in the tenement districts have been inspected of late, yet new cases are found daily. As I have already stated, never in the history of the Department, and I speak not only from past reports, but from personal observation since 1878, has such an opportunity and necessity presented itself to stamp out this adulteration of milk. For we have

1st. A very complete system of inspection.

2d. Complete lists and records of all dealers.
3d. Great improvements in and rapid methods of milk analysis.
4th and last, but not least, the co-operation of a court consisting of men absolutely fearless in the discharge of their duties and determined, as they are, not from any special solicitation on the part of this Department, but from the desire based upon their own personal observation, to eradicate the evil, if we can continue on our part to bring the guilty ones before them. This we can do efficiently and thoroughly if we have the much needed addition to the force.

From all these facts, I would respectfully recommend that the present force be increased by the appointment of five (5) Inspectors of Milk, who shall also be chemists by profession. We will then have ten men for the inspectorial work and one to assist in making milk analysis, special milk work and Roundsman's duty.

Respectfully submitted,
(Signed) EDWARD W. MARTIN, Chemist.

LAW DEPARTMENT, OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, August 27, 1895.

In the matter of the request of the Commissioner of Public Works for authority to consolidate the "Bureau for Grading, Flagging, Curbing and Guttering the Streets" with the "Bureau for Laying Water-pipes, and the Construction and Repairs of Sewers, Wells, Hydrants and Paving and Repairing Streets."

To the Board of Estimate and Apportionment:
SIRS—In regard to the request of the Commissioner of Public Works, as indicated above, I find that by section 34 of the Consolidation Act there is created as one of the City Departments a "Department of Public Works;" that by section 38 of the same act the head of the Department of Public Works is the Commissioner of Public Works; and that the application of the Commissioner of Public Works relates to the consolidation of Bureaus No. 1 and No. 4, under section 317; and that section 48, of the same act, among other things, provides:

"Any head of department may, with the consent of the board of estimate and apportionment consolidate any two or more bureaus established by law and may change the duties of any bureau."

The Commissioner of Public Works therefore has authority, with the consent of the Board of Estimate and Apportionment, to consolidate the Bureau for "Grading, Flagging, Curbing and Guttering the Streets" with the Bureau for "Laying Water-pipes and the Construction and Repairs of Sewers, Wells, Hydrants and Paving and Repairing Streets," and accordingly I so advise you.

Very respectfully, yours,
WM. L. TURNER, Acting Counsel to the Corporation.

Whereupon the Acting Counsel to the Corporation offered the following:
Resolved, That the Commissioner of Public Works be and he is hereby authorized to consolidate the "Bureau for Grading, Flagging, Curbing and Guttering Streets," with the "Bureau for Laying Water-pipes and the Construction and Repair of Sewers, Wells and Hydrants, Paving and Repairing Streets," the chief officer of which is the Water Purveyor.

Which was adopted by the following vote: Affirmative—The Mayor, Deputy Comptroller, President of the Department of Taxes and Assessments and Acting Counsel to the Corporation—4.

DEPARTMENT OF PUBLIC WORKS

COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET, NEW YORK, September 9, 1895.

BIDS OR PROPOSALS FOR PROVIDING wharfage and storage for the fifteen Free Floating Baths, from the close of the bathing season of 1895 to the beginning of the bathing season 1896.

Bids or proposals, inclosed in a sealed envelope, indorsed as above, and with the name and address of the bidder, will be received at this office until 12 o'clock M., September 23, 1895, at which time and place they will be publicly opened and read.

The bidder must state the amount, in writing, and also in figures, at which he will agree to provide the wharfage and storage for each bath per diem.

The estimated period the wharfage will be required is from October 15, 1895, until May 15, 1896.

In the storage of baths there must be ample room for the baths to be stored five to six feet apart. No obstruction of any kind to be allowed in the basin or place of storage for the baths.

The privilege of repairing baths at the place of storage is essential and must be a condition of the lease. No extra charge to be made for material of any kind that may be delivered at the place of storage, nor on the dock or place adjoining it.

The Commissioner of Public Works reserves the right to increase or diminish the length of the period the baths may be in storage.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates, or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of \$200. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the lease is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the lease has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the lease within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, and any further information desired, can be obtained at Room No. 15, No. 31 Chambers street.

WILLIAM BROOKFIELD, Commissioner of Public Works.

Table with columns: LENGTHS, 12 by 12 inches, 8 by 12 inches, 8 by 11 inches, 6 by 12 inches, 5 by 10 inches, 4 by 10 inches, 3 by 10 inches. Total 300, 50, 245, 90, 200, 3,125, 1,500.

3 BY 10 INCH PLANK. 12 feet to 30 feet, to average 18 feet or more, about 200,000 feet, B. M.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves, by personal examination of the locations of the proposed deliveries of the material, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

At least one hundred thousand feet, board measure, of the timber is to be delivered within forty-five days (Sundays and holidays excepted) from the date of the contract, and all the timber to be delivered under this contract is to be delivered on or before January 1, 1896, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per thousand feet, board measure, for yellow pine timber to be delivered in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true.

Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work

to be done, in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTERESTS OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained upon application therefor at the office of the Department.
