Present—Seth Low, the Mayor; Edward M. Grout, the Comptroller; Chas. V. Fornes, the President of the Board of Aldermen; J. Edward Swannstrom, the President of the Borough of Brooklyn; Joseph Cassidy, the President of the Borough of Queens; George Cromwell, the President of the Borough of Richmond.

The reading of the minutes of the meetings held January 28 and February 7, 14, 21, 28, March 4, 7, 14, 21 and 25, 1902, was dispensed with.

The Secretary presented the following communications from the Harlem Regatta Association in relation to an appropriation for a bulkhead or dike in the Har-

lem River in front of Macomb's Dam Park, also from John C. Shaw, representing the Pinckney Estate, relative thereto.

THE NASSAU BOAT CLUB OF THE CITY OF NEW YORK,

March 19, 1902.

Hon. SETH LOW, Mayor of The City of New York:

SIR—I beg that you can see your way clear on March 25th, at the meeting of the Board of Estimate and Apportionment, to grant to the Hon. John E. Eustis, Park Commissioner of The Bronx, the appropriation he will ask for to bulkhead or dike the Harlem River front of Macomb's Dam Park.

Firstly—The filling now going on, abutting on Cromwell's Creek, has to cease unless bulkheaded, as said filling is pushing the mud out to such an extent as to impair navigation.

Secondly—For years the rowing clubs of New York, some twenty odd, comprising a membership of six thousand or more of young and ambitious citizens, and an investment of \$200,000 to \$300,000, have found a temporary refuge in Macomb's Dam Park, having been driven from pillar to post in past years, and beg you to grant Mr. Eustis's request, so we may at last have a permanent location.

and allow those who so desire to erect more substantial structures and environments that will add materially to our ranks and uphold one of the most wholesome and enjoyable of sports, that does more to develop man physically than any other.

Pardon my enthusiasm, and asking your co-operation, I beg to remain,
Respectfully,

FRED. VILMAR,
For Harlem Regatta Association.

MEMORANDUM.

FROM JOHN C. SHAW, ATTORNEY AND COUNSELLOR AT LAW,
Nos. 106 AND 108 FULTON STREET,
NEW YORK, March 25, 1902.

To Hon. EDWARD M. GROUT, No. 280 Broadway, City:

MY DEAR MR. GROUT—I send you a clipping from yesterday's World.

Whoever got this idea in his mind must have been ignorant of the fact that the Harlem River waterway was condemned by the United States Government under special act of the Legislature. The only jurisdiction over this waterway is in the United States Government, and there is no power in any department of the city government to dike the Harlem River, except in accordance with these plans.

If the people who are behind these plans mean that they want a bulkhead built along the Harlem River, it is in the power of the Dock Department to do so. The only legal plan that is now in existence for this neighborhood is what is known for the building of the Exterior street, which is a street 70 feet wide, laid under an act of the Legislature passed in 1852, see Chapter 285.

The City has conveyed all its lands behind this 70-foot street under various water grants to various property owners, among whom is one of my clients, "Mary G. Pinckney."

Of course, it goes without saying that the City has no right to interfere with any of this so-called swamp land except through condemnation proceedings.

I should like to be heard on behalf of my client if the matter comes in any way officially before the Board of Estimate and Apportionment.

Yours truly,

JOHN C. SHAW.

HARLEM BOAT CLUB MAY GET A PARK.

John E. Eustis, Park Commissioner of The Bronx, will appear before the Board of Estimate and Apportionment to-morrow to argue for an allowance to be used to dike the Harlem River from Macomb's Dam Park to One Hundred and Forty-fifth street, and to reclaim the swamp lands, which are a menace to the health of the neighborhood, and which is now occupied by several boat houses.

The improvement would give the rowing clubs a permanent site, with a land foundation similar to that of Philadelphia. Delegations from the boat clubs of the Harlem will be present to urge the plan. If successful the swamp land will be turned into a beautiful park and greatly encourage the rowing interests.

The following resolution was offered:

Resolved, That the request of the Harlem River Regatta Association, that an appropriation be granted to the Commissioner of Parks of the Borough of The Bronx for a bulkhead or dike at the Harlem River in front of Macomb's Dam Bridge, as requested in the estimate of said Department for the year 1902, together with a communication from John C. Shaw, representing property owners, claiming the city has no jurisdiction over said waterway and requesting a hearing relative thereto, be referred to the Commissioner of Parks for the Borough of The Bronx, and that he be requested to examine into the matter and obtain the advice of the Corporation Counsel relative thereto and report to this Board at the time of the consideration of the Budget for Bond Issues.

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, March 26, 1902.

Hon. SETH LOW, Mayor of The City of New York:

DEAR SIR—I beg to call your attention to the fact that on August 21, 1901, the Committee on Buildings of the Board of Education, opened bids and awarded a contract for the heating and ventilating work at the Wadleigh High School, which is now in course of construction at One Hundred and Fourteenth to One Hundred and Fifteenth streets, near Seventh avenue, Borough of Manhattan, for the sum of \$52,981.

This award was, on September 21, 1901, approved by the Board of Education (see Journal, pages 858-59), and requisition was made upon the Board of Estimate and Apportionment for the above named sum. On October 15, 1901, the Board of Estimate and Apportionment approved of the issue of Corporate Stock to the amount of \$74,544 for the payment of the above named heating contract, and also of a contract for \$21,563 for installing electric wiring, fixtures and electric bell system, etc., in the same building, and authorized the issue of stock to be made when authority therefor would have been obtained from the Municipal Assembly.

Neither of these matters went through the Municipal Assembly for some reason, and the fact is that to-day the roof is on, and the building is ready for plastering, but until we are able to go ahead with the heating and ventilating and electric light work it will be absolutely impossible to proceed with the plastering and other interior work.

A contract for the main sewers and drains, known as Sanitary Contract No. 1, High School of Commerce, was awarded to John Spence for \$1,593, on November 13, 1901, and approved by the Board of Estimate and Apportionment on December 6, 1901, but has not, as I understand it, been presented or passed by the Board of Aldermen.

May I ask you to urge prompt action on the part of the Board of Aldermen, so that the contracts may be executed and the work proceeded with at once?

Yours respectfully,

CHARLES C. BURLINGHAM,

President, Board of Education.

The Comptroller presented the following communication from the Department of Correction requesting that the sum of \$500 be allowed for cutting openings for dumb-waiters in the New City Prison.

DEPARTMENT OF CORRECTION OF THE CITY OF NEW YORK,
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,
NEW YORK, March 5, 1902.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I respectfully ask that the sum of five hundred dollars (\$500) be allowed, pursuant to the provisions of section 3 of chapter 626, Laws of 1896; chapter 642, of the Laws of 1897, and section 170 of the Greater New York Charter, for the following work at the New City Prison. For cutting out openings for dumb-waiters at the City Prison, and all mason work in connection with same, and for cutting out the holes required in steel walls of cells, in connection with steam heating.

As the number of holes to be cut in cells is uncertain, an amount somewhat greater than may be needed is asked for, in order to cover requirements of the contract.

I inclose proposal of P. J. Carlin & Co. for this work.

Very respectfully,

THOMAS W. HYNES, Commissioner.

HORGAN & SLATTERY, ARCHITECTS,
No. 1 MADISON AVENUE,
NEW YORK, February 28, 1902.

Honorable THOMAS W. HYNES, Department of Correction, New York City;

DEAR SIR—The following is a copy of letter handed to us by messenger from your office:

"At your request we will agree to cut the opening for dumb-waiters in The City Prison, as shown on plans, and do all the mason work in connection with the same for the sum of three hundred and sixty dollars (\$360), no bull-nose brick to be used, however. We only do this to facilitate the work as the sum agreed on is less than cost. We also propose to cut the holes required for steam heating in steel walls of cells for fifty cents (50c.) each. The number of holes required in cells, we believe, is ninety-six (96) and not more than 1½ inches in diameter; but in case more or less are required we have given you the estimate per hole."

We beg to state that we have examined into the question of the value of the work to be done necessary for cutting nine openings in the dumb-waiter shaft looking into the cell blocks of the City Prison and we find that \$360 is a fair price for same.

In regard to the holes required for steam heating pipes in steel walls of cells to be cut, we believe that 50 cents each is a fair price for same, and we would recommend that you direct Messrs. P. J. Carlin & Co. to proceed with the work.

Very truly yours,

HORGAN & SLATTERY.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 24, 1902.

Hon. EDWARD M. GROUT, Comptroller;

SIR—Hon. Thomas W. Hynes, Commissioner, Department of Correction, in communication under date of March 5, 1902, to the Board of Estimate and Apportionment, requests that the sum of five hundred dollars (\$500) be allowed, pursuant to the provisions of section 3 of chapter 626 of the Laws of 1896, chapter 642 of the Laws of 1897 and section 170 of the amended Greater New York Charter, for the

following work at the New City Prison: For cutting out openings for dumb-waiters at the City Prison, and all mason work in connection with same, and for cutting out the holes required in steel walls of cells, in connection with steam heating.

The Commissioner states that the number of holes to be cut in cells is uncertain; an amount somewhat greater than may be needed is asked for, in order to cover requirements of the contract.

He also incloses proposal of P. J. Carlin & Co., with the proper consent of the sureties to do the work, and a certificate of the Architects that the offer is just and reasonable.

In reply I would report that I consider that both of the above-noted works should be done by P. J. Carlin & Co., in connection with his contract for the construction of the steel cells in the New City Prison, as they are either shown on the plans or specified in the contract, and would refer you to the following sections of the contract substantiating my views:

1. Paragraph 14, on page 8, in regard to co-operation of plans and specifications.

2. Paragraphs under head of plumbing holes, etc., on page 14, which state that holes must be drilled for vent, register openings, etc., and also "and this and all other cutting and jobbing."

3. Paragraph on page 20, marked dumb-waiter shaft, in which it states that at each opening in shaft, dumb-waiter doors are to be put in.

The contractor, P. J. Carlin & Co., claims that this work of cutting out openings for dumb-waiters and the cutting out of the holes required in steel walls of cells, in connection with steam heating, is not included in his contract, and Commissioner Hynes, Department of Correction, has given no decision on the matter.

Since there is a difference of opinion as to the interpretation of the contract, I concur with the Commissioner, in order to not delay the work, to provide for the expenditure, do the work, and determine at the completion of Carlin's contract whether it should be charged to the contract.

The contract of P. J. Carlin & Co. for the construction of the steel cells in the City Prison, amounts to \$310,000, and pursuant to section 3 of chapter 626 of the Laws of 1896, alterations and changes can be made with the approval of the Board of Estimate and Apportionment, provided that such alterations shall in no case involve or require an increased expense greater than 5 per cent. of the whole expenditure provided for in said contract.

The total amount of the contract, as stated above, being \$310,000, 5 per cent. of this amount is \$15,500, and the amount of the work asked for is only \$500, which is well within the limit allowed by the law.

The requirements of the law having all been fulfilled, and the work, in my judgment, being necessary to hasten the completion of the New City Prison, I think the Board of Estimate and Apportionment may properly give its approval to the work, as requested by the Commissioner of Correction.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 3, chapter 626 of the Laws of 1896, as amended by chapter 642 of the Laws of 1897, the Board of Estimate and Apportionment hereby approves of the extra work and changes in the contract of P. J. Carlin & Co., for the construction of the steel cells in the New City Prison: For cutting out openings for dumb-waiters at the City Prison, and all mason work in connection with same, and for the cutting out of the holes required in steel walls of cells, in connection with steam heating, at a cost not to exceed five hundred dollars (\$500), as requested by the Commissioner of Correction, under date of March 5, 1902, subject, however, to the consent thereto in writing of the contractors and their sureties.

This approval is given on the express understanding that the question whether this work is called for and should be done, under the contract of P. J. Carlin & Co., for the construction of the steel cells, shall be determined at the completion of the contract, and if it is decided that it comes within the terms of the specifications and plans of said contract, then the cost of this work shall be deducted from final payment of said contract of P. J. Carlin & Co.

BOROUGH OF RICHMOND.

MINUTES OF THE LOCAL BOARD, FIRST DISTRICT, BOROUGH OF RICHMOND.

The Local Board, First District, Borough of Richmond, The City of New York, met at the Borough office, in the First National Bank Building, at St. George, in said borough, on Tuesday, March 11, 1902, at 10 o'clock in the forenoon.

The roll was called and the following members were present and answered to their names:

Alderman Gillies, Alderman Shea and the President.

President Cromwell stated that he had received word from Alderman Maloy that the death of one of his children would prevent him being present.

President Cromwell announced that the three petitions advertised for hearing on this date would be taken up in order.

Murray Street, Calvin Place and Pearl Street, Second Ward.

Curbing, flagging and macadamizing.

President Cromwell stated that, concerning the first petition, as above, the curbing and flagging must be embraced in one resolution, and the macadamizing in a separate resolution; but, as he had not yet obtained certain proof that the streets named are city streets, no action could be taken, and the petition would be laid over until the next meeting.

Which was assented to.

Beach Avenue, Sometimes Known as Cedar Grove Avenue, Fourth Ward.

Macadamizing from its point of intersection with New Dorp lane southerly and to a point where the centre line of Marine Way intersects said Beach avenue.

Mr. William M. Mullen appeared on behalf of Mr. Edward Hett, the petitioner, and said that he was informed that the improvement asked had been provided for in the road bond issue of the former town of Southfield.

President Cromwell said that he would instruct the Commissioner of Public Works to investigate and inform him if this were the case.

Mr. Mullen stated that, if no funds were available and assessment were denied, Mr. Hett would ask to be permitted to macadamize the street at his own expense.

The secretary and the general agent of the St. John's Guild, which owns property on both sides of Beach avenue south of Marine Way, addressed the Board with regard to continuing the macadam the entire length of the street, and were supported by Mr. Rosenberg and others.

Mr. Cromwell stated that a new petition would be necessary to cover the southerly part of Beach avenue before the Local Board could take action on the whole street, and recommended that, if there were no dissent, Mr. Hett's petition be laid over until other petitions could be presented.

Which was assented to.

Grace Church Place, Third Ward.

Extension to Simonson place.

Mr. Edgar K. Whitford and others, petitioners, explained to the Board, by means of the map on file in the President's office, that the extension asked for would require the condemnation of the property of one Jackson.

The President asked that Mr. Jackson, or some one representing him, should present his view of the petition, but there was no response.

A physician's certificate, referring to the unhealthful effect of stagnant water settling at the dead end of Grace Church place, was handed to President Cromwell by Mrs. A. E. Whitford, who addressed the Board in support of the extension asked.

On motion of Alderman Shea, seconded by Alderman Gillies, it was

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, directs that the extension of Grace Church place, in the Third Ward, to Simonson place, as asked for by petitioners, be referred to the Commissioner of Public Works, for report, said report to embrace all work necessary and relating to said extension, including assessments and condemnation proceedings.

Amos Street, Fourth Ward.

Regrading, etc.

President Cromwell read the report on the regrading, etc., of Amos street, as submitted to him by the Commissioner of Public Works, pursuant to the resolution passed at the preceding meeting of the Local Board.

On the information and recommendations embodied in said report, the following three resolutions were moved by Alderman Gillies and seconded by Alderman Shea, and were carried on call of the roll as follows:

Affirmative—Alderman Gillies, Alderman Shea, the President.

Negative—None.

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, hereby recommends that the Board of Estimate and Apportionment direct the Corporation Counsel to take the necessary steps to acquire for use as a public street a strip of land about 200 feet by 50 feet adjoining Tompkins avenue, as shown on the map of Amos street, now on file in the office of the County Clerk of the County of Richmond.

Whereas, That part of Amos street in the Fourth Ward which lies between Bay street and Cross street is named for improvement in the road bond issue of the former town of Southfield, and

Whereas, There is a balance in this fund sufficient to do the work, and the plans and specifications are ready for letting, be it

Resolved, That the work of the regulating, grading, etc., of Amos street in the Fourth Ward, to be paid by assessment as petitioned for, shall extend from Cross street to Tompkins avenue only.

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, hereby recommends to the Commissioner of Water Supply, Gas and Electricity, that the gas and water mains be extended the full length of Amos street in the Fourth Ward, and the fire hydrants be placed at proper intervals, and that the street be provided with lights, so that it may be lighted at night.

Complaint was made to the Local Board by citizens of Tompkinsville that sewer connections which had been severed during the construction of the Arrietta street sewer had not been re-established with either the old or the new sewer by the contractor, and, it was alleged, had not been permitted by him.

President Cromwell referred the complainants to the Bureau of Sewers.

Complaint was made to the Local Board that street lights are not properly distributed for public safety on Ocean avenue and the Old Town road.

President Cromwell stated that he had under consideration many complaints of this character, and hoped to gradually effect a more equal distribution of lights in all parts of the borough.

No further business being presented the Board adjourned.

MAYBURY FLEMING, Secretary.

MINUTES OF THE LOCAL BOARD, FIRST DISTRICT, BOROUGH OF RICHMOND.

The Local Board, First District, Borough of Richmond, The City of New York, met at the Borough Office, in the First National Bank Building at St. George, in said borough, on Tuesday, April 1, 1902, at 10 o'clock in the forenoon.

The roll was called and the following members were present and answered to their names:

Alderman Maloy, Alderman Gillies, and the President.

President Cromwell stated that he had called this meeting at the request of a number of citizens who desired to protest against the sale of the Seamen's Retreat property at Stapleton, in the Fourth Ward, to the United States Government for the permanent establishment of a marine hospital, and to ask the President of the Borough and the Local Board to send an official protest to the House of Representatives against entertaining any bill or any clause of a bill designed to accomplish such sale.

The President further stated that he had some time ago put himself in communication on this subject with members of the House of Representatives, and

specially with the Congressman for the Seventh District, and that he had strongly urged the serious injury to the community which would result from permanently tying up a large area of land so that necessary streets could not be cut through, and of establishing a marine hospital in the heart of an important and growing residential district of the borough.

He stated that he had heard a rumor that a clause authorizing the purchase of the Seamen's Retreat property for the purpose indicated had been added to the Sundry Civil Appropriation bill which had just been reported from Committee, had at once sent for a copy of that bill, and that in reply he had received from the private secretary of Congressman Lessler a letter, which he read to the Board and the delegation of citizens:

House of Representatives, United States,
Washington, D. C.,
March 31, 1902.

Hon. GEORGE CROMWELL, St. George, S. I., New York City:

Dear Sir—In the continued absence of Mr. Lessler, I forward you under separate cover a copy of the Sundry Civil bill, now before the House, in relation to the establishment of a United States Marine Hospital at Stapleton. I can state the following facts bearing upon the status of the matter:

The Sundry Civil bill contains no provision for such hospital. At the last moment the Committee on Appropriations decided that the incorporating of an item appropriating \$250,000 for said hospital would be irregular in view of the fact that the House rules provide that expenditures involving the purchase of land and erection of buildings for marine hospitals shall be provided for in separate acts, and the bills for the same shall be referred to the Committee on Interstate and Foreign Commerce. The proposition for the Stapleton hospital was not acted on.

I have been unable to find any separate bill providing for the Stapleton hospital. Surgeon-General Wyman did appear before the Appropriations Committee, and his argument in favor of the hospital appears in the printed hearings.

The status of the marine hospital proposition may be summed up as follows:

There is no project for a marine hospital at Stapleton now before any committee of Congress. If the Treasury authorities or any one else desires to get an appropriation for such hospital a separate bill will have to be introduced, and such bill will be referred to the Committee on Interstate and Foreign Commerce, of which Mr. Hepburn is chairman. If any one desires to lodge a protest against such hospital, said protest must be sent to the Committee on Interstate and Foreign Commerce.

I cannot obtain just now a copy of the hearings before the Committee on Appropriations.

Very truly yours,

(Signed) PHILIP S. DILLON, Private Secretary.

The citizens present included Mr. E. C. Bridgman, chairman of the committee; Mr. William M. Mullen, the Rev. Wilbur Fiske Wood, Mr. Talbot Root, etc. Mr. Mullen, Mr. Bridgman and Mr. Root addressed the President, and thanked him for the action he had taken.

Alderman Maloy asked President Cromwell if stated meetings of the Board could not be held without special call, but was informed by the President that the charter permits no other way of holding Board meetings than by call of the President of the Borough. The President said that he would be glad to call meetings on whatever day of the week the Aldermen preferred, but recommended that further discussion be postponed until Alderman Shea should be consulted.

Which was agreed to.

A motion to adjourn was made but was reconsidered at the request of President Cromwell, who stated that an important bill, passed by both houses of the State Legislature, was now in the Mayor's hands, and that he desired to present a resolution as follows:

Whereas, Information has been received that a bill has passed both houses of the State Legislature to provide for payment of assessments for benefit in ten annual installments instead of immediately after the completion of the work; therefore, be it

Resolved, That the Local Board, Borough of Richmond, The City of New York, hereby asks the Mayor to approve said bill, as a measure conducive to the best interests of the city and borough.

The President stated that the chief reason for urgency on this bill at this time was its application to the large assessment for the construction of the Arrietta street sewer, and his desire that the people assessed should be protected in their property. He explained that as the work has not yet been completed, and as the assessment will not be apportioned and levied for some time, the law will lighten the burden of the taxpayers in this instance.

On call of the roll the above resolution was adopted by the following vote:

Affirmative—Alderman Maloy, Alderman Gillies, and the President.

Negative—None.

A petition was handed to the President for the laying of a water main on the Richmond road, and immediate action was asked. The President informed the petitioner that the Charter directs that a petition be advertised for public hearing ten days before action by the Local Board, and said that he would so advertise.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

Among these orders was one to William J. Moran, comprehending the completion of the work of alterations and repairs to various offices on the third floor of the Municipal Building, which was originally awarded to the Gibbons Contracting Company, and which was canceled by reason of the failure of that concern to live up to the requirements of the occasion.

Edward Golden, a Laborer in this Bureau, against whom charges of absence without leave and neglect of duty had been preferred, was fined three (3) days' pay—the period during which he had been absent—on recommendation of Assistant Commissioner Otto Kempner, before whom Golden was arraigned.

POLICE DEPARTMENT.

April 4, 1902.

The following proceedings were this day directed by the Police Commissioner:
 Carl E. Hoffman appeared before the Commissioner and was discharged from employment in the Police Department by the following proceedings:

Q. You are Carl Hoffman, are you not?

A. Yes, sir.

Q. You were appointed on probation not long ago?

A. Yes, sir.

Q. Your thirty days' probation are up to-day, are they not?

A. Yes, sir.

Q. The rule of the Civil Service Commission with regard to probation reads like this:

"Rule 35. * * * If the conduct, capacity and fitness of the probationer are satisfactory to the appointing officer, his retention in the service, after the end of such term, shall be equivalent to his permanent appointment; but if his conduct, capacity or fitness be not satisfactory, he may be discharged at the end of such term, without regard to the provisions of rule 42 limiting the power of removal."

I called you in to say that your conduct, capacity or fitness are not satisfactory, and I shall not appoint you. You can guess why.

A. I don't know why.

Q. Do you want me to tell you?

A. Yes, sir.

Q. I am satisfied that your financial dealings with other people were not very creditable.

A. This is a surprise to me, sir. I am sure I have not done anything out of the way as I know of.

Q. That is all I have to say; because of your financial relations with other people, and I don't think you are the kind of a man we want in the Department. You are therefore discharged from employment in the Police Department.
