APPROVED PAPERS

Resolved, That the resolution and ordinance approved June 2, 1884, to regulate, grade, set curb and gutter stones, and flag the sidewalks four feet wide in One Hundred and Fifty-fourth street, from Courtland to Morris avenue, be and are hereby amended by striking from said resolution and ordinance, wherever they occur, the words "and gutter" before the word "stones," so that setting the gutter-stones may be omitted from the specifications for the work, it being the intention of the owners of property to have the carriageway of the street paved from curb to curb, which will render unnecessary the cost of laying the gutter-stones.

Adopted by the Board of Aldermen, July 7, 1884. Approved by the Mayor, July 8, 1884.

Resolved, That permission be and the same is hereby given to Tracy & Russell to build a vault in front of their premises, from No. 61 to 71 Greenwich avenue, both inclusive, a distance of three feet six inches in the clear beyond the outer line of the curb-stones, upon payment of the usual fee, provided the work be done in a safe, durable and substantial manner, and that the said Tracy & Russell stipulate with the Commissioner of Public Works to save the city harmless from any loss or damage that may occur during the progress or subsequent to the completion of the work, the work to be done at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, June 30, 1884. Approved by the Mayor, July 9, 1884.

Resolved, That permission be and the same is hereby given to Charles H. Reade & Co. to extend the vault in front of their premises, Nos. 2, 4 and 6 West Twenty-fifth street, a distance of nine feet and nine inches beyond the curb-line, and extending along Twenty-fifth street a distance of sixty feet, as shown on the annexed diagram, upon payment of the usual fee, provided the work be done in a safe, durable and substantial manner, and that the said Charles H. Reade & Co. stipulate with the Commissioner of Public Works to save the city harmless from any loss or damage that may occur during the progress of or subsequent to the completion of the work, the work to be done at their own expense, under the direction and to the satisfaction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, June 30, 1884. Approved by the Mayor, July 10, 1884.

Resolved, That the roadway of Madison avenue, from the northerly line of Eighty-sixth street to the northerly line of One Hundred and Thirty-fifth street, be paved with granite-block pavement, with a foundation of broken stone, thoroughly rolled, where not already paved, and that crosswalks be laid where required, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, June 30, 1884.

Approved by the Mayor, July 10, 1884, with the assurance by the Department of Public Works that the pavement will be postponed until sewer and water-mains shall have been laid.

Resolved, That East One Hundred and Seventieth street, between the westerly curb-line of North Third avenue and the easterly curb-line of Railroad avenue, be regulated and graded upon the established lines and grades, under the direction of the Commissioners of Public Parks; and that the accompanying ordinance therefor be adopted.
