M., at which hour they will be publicly opened and read by the head of the Department, for each of the following works:

1. For constructing sewer and appurtenances in One Hundred and Forty-second street, from Alexander avenue to Brook avenue, with branches in Alexander avenue and Willis avenue.
2. For constructing sewer and appurtenances in One Hundred and Thirty-fourth street, from 410 feet east of Willis avenue to Brook avenue, with branch in Brown place.
3. For constructing sewer and appurtenances in One Hundred and Forty-first street, from Alexander avenue to Brook avenue, with branches in Alexander avenue to Willis avenue.

Each proposal must state both in figures and in writing a price for each item or class of work as called for in the specifications. Bidders are required to state in their proposals their several names and places of residence, the names of all persons interested with him or them therein; and if no other person be so interested they shall distinctly state that fact, also that the bid is made without connection with any other person making any estimates for the same purpose, and that it is in all respects fair and without collusion or fraud, and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other Officer of the Corporation, is directly or indirectly interested in said proposal or estimate, or in the work or supplies to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath in writing of the party or parties making the estimate, that the several matters stated therein are in all respects true.

Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate they will, on its being so awarded, become bound, as his sureties, for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the corporation any difference between the sum to which he would be entitled on its completion and that which the corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

The consent above mentioned shall be accompanied by the oath or affirmation in writing of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety.

The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York. Forms of proposals, the specifications and agreement settled as required by law, the proper envelope in which to enclose the bid, and any further information desired may be obtained at the office of the Department as above mentioned.

The entire work will be required to be finished within ninety (90) working days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient securities, in the penal sum of an amount equal to one-half of the amount of the bid.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the work required, before making their estimates. Bidders will state the price for furnishing the boilers and putting them in place, by which the bids will be tested. Bidders will write out the amount of their estimate, in addition to inserting the same in figures. Payment will be made by a requisition on the Comptroller issued on the completion of the contract, or from time to time as the Commissioners may determine. Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
