Overburdened Piers, Bulkheads, etc.

Rule 3. No cargo shall be discharged from any vessel upon any pier, bulkhead or wharf structure, at which such vessel is being unladen, after notice signed and served by the Dock Master of the District, upon the owner, consignee, master or other officer of such vessel, or stevedore, that such pier, bulkhead or structure will be endangered by the placing of additional cargo thereon, under a penalty of one hundred dollars for each and every such offense, in addition to all damages caused thereby after the service of said notice, to be recovered from such owner, consignee, master or other officer, or stevedore, severally and respectively.

Rule 4. All goods, merchandise and materials of every kind, landed or placed on any pier, bulkhead, or other wharf property, or upon reclaimed land, must be removed therefrom within twenty-four hours. The Dock Master of the District shall affix to said matter and serve upon the owner, shipper, or consignee of such cargo a notice signed by him, to remove the same under penalty of twenty-five dollars per day for each and every day during which any part of such goods, merchandise or material shall remain upon such pier, bulkhead, structure or reclaimed land, after the expiration of said twenty-four hours to be recovered from such owner, shipper or consignee, severally and respectively.

All goods, merchandise and materials of every kind incurring any pier, bulkhead or other wharf structure, or reclaimed land, after the time designated for the removal thereof shall have expired, will be liable to be removed by the Commissioner of Docks to any warehouse or yard, at the sole risk and expense of the owner of any such goods, merchandise or materials, and all expense incurred for such removal and storage, or otherwise, shall be and become a lien thereon, and such goods, merchandise and materials will not be delivered to the owner until the expense of such removal and storage has been paid.

Manner of Discharging Cargoes.

Rule 5. No sand, gravel or similar material shall be discharged from or loaded into any vessel unless canvas or similar material be extended from the vessel's side to the bulkhead or wharf structure at which such vessel is being unladen, to prevent the falling of the sand into the water; and if the surface of any of such wharf structures is not sufficiently tight to prevent the sand dumped thereon from going through into the water, then no sand shall be discharged thereon from any vessel, unless canvas or similar material be first laid thereon to receive the sand.

No vessel of any kind shall be loaded or discharged by horse-power, unless proper planking be provided to protect the surface of such pier, bulkhead or wharf structure from injury consequent upon the travel of the horse, or the unloading of stones or similar cargo thereupon, under a penalty of twenty-five dollars for each offense of discharging such stones or like cargo upon such pier, bulkhead or wharf structure, to be recovered from the owner, consignee or master of any such vessel, or stevedore, severally and respectively.

All lumber, brick or other material in bulk, discharged on any bulkhead, must be placed at least twenty feet from the edge of the bulkhead, pending removal, under a penalty of twenty-five dollars per day for each and every day such lumber, brick or other material shall remain on the bulkhead, to be recovered from the owner or consignee of such lumber, brick or other material, or from the person placing, or causing the same to be placed, on such bulkhead, severally and respectively.

Rule 6. No manure, ashes, cellar dirt, garbage, offal, dead animals or refuse of any kind shall be received or delivered at any pier, bulkhead or reclaimed land, or placed thereon, without special permit, to be applied for in writing, having first been obtained from the Commissioner of Docks; and the party or parties receiving or discharging said manure, ashes, cellar dirt,

garbage, offal, dead animals or refuse of any kind, or placing the same on any pier, bulkhead or reclaimed land, without a permit obtained therefor as specified, shall be subject to a penalty of one hundred dollars for each and every offense, and a further penalty of twenty-five dollars a day for each and every day after the placing of the same on any pier, bulkhead or reclaimed land, until the removal thereof, to be recovered from the owners, agent, consignee of the vessel or of the manure, ashes, cellar dirt, garbage, offal, dead animals, or refuse of any kind so received, delivered or deposited severally and respectively.

No ashes, refuse, offal, fruit, vegetables or any other substance shall be thrown into the water surrounding or adjacent to any pier or bulkhead, or any other part of the water-front of the City, under a penalty of twenty-five dollars for each and every such offense, to be recovered from the owner, lessee or occupant, severally and respectively, of any pier, bulkhead, wharf, structure, or any property from which any such substance shall be thrown, or from the person actually throwing the same; or, if any such substance be thrown, from any vessel lying in water within the jurisdiction of the Department, whether berthed or not, then such penalty to be recovered from the owner, consignee or master of such vessel, severally and respectively.

Inflammable Material.

Rule 7. The loading or discharging or keeping on any wharf, pier or bulkhead or any lighter, barge or other craft moored to any wharf, pier or bulkhead in the City, of cotton, turpentine, rosin, hay, straw, or any explosive or other inflammable material deemed extra hazardous material in the standard policy of fire insurance in use in the State of New York, shall not be permitted unless the same is covered with tarpaulins, or other more permanent or substantial material, under a penalty of \$50 for each day or fraction of a day such cotton, turpentine, rosin, hay, straw or explosive or other inflammable material or merchandise shall remain uncovered; such penalty to be recovered from the owner, lessee or occupant of any pier, wharf or bulkhead on which such cotton, turpentine, rosin, hay, straw, explosive or other inflammable material or merchandise may be left exposed in contravention of the terms of this rule, or from the owner, lessee or occupant of any wharf, pier or bulkhead to which shall be moored any lighter, barge or other craft upon which inflammable merchandise or material shall be left uncovered as herein provided.

All rules and regulations of the Fire Department and other departments of the City Government, and all ordinances of the Board of Aldermen and of any commission or officer lawfully constituted governing the handling and storage of any of the substances hereinbefore in this rule mentioned, shall be complied with.

Snow and Ice.

Rule 8. No snow or ice shall be dumped into the waters adjacent to the water-front of the City, except from the piers, bulkheads and other places designated from time to time, by the Commissioner, for such dumping, under a penalty of twenty-five dollars for each and every such offense, to be recovered from the owner, lessee or occupant of any pier, bulkhead or other wharf property, from which any such snow or ice shall be dumped, or from the person actually dumping the same severally and respectively.

Storage on Shedded Piers, etc.

Rule 9. It shall not be lawful for the owners, lessees or occupants of any pier, wharf or bulkhead, which has been covered with a shed, pursuant to the statute in such cases made and provided, and constructed in conformity with the authority of the Department to use such shedded pier, wharf or bulkhead for the permanent storage of goods, merchandise, cargo or material of any kind which may be discharged or placed thereon. Piers, wharves and bulkheads thus shedded are designed for the protection of merchandise and cargo in transit, as prescribed by the act, and such merchandise and cargo must be removed therefrom within a reasonable period.

Vehicles on Wharf Property.

Rule 10. No unharassed truck, cart, wagon or vehicle of any description shall be placed or left at any time on any marginal street, wharf or place, or on any bulkhead, pier, or reclaimed land under the charge and control of the Department of Docks and Ferries, under a penalty of \$3, to be recovered from the owner thereof, and any unharassed truck, cart, wagon or vehicle of any description placed or left on any marginal street, wharf or place, or on any bulkhead, pier or reclaimed land under the charge and control of the Department shall be removed by the Dock Master of the District, or other authorized representative, to a place to be designated by the Commissioner of Docks, and an additional charge of not less than fifty cents per day for storage on same shall be and become a lien thereon, and such unharassed truck, cart, wagon or vehicle of any description will not be delivered to the owner until said fine and storage charge shall have been paid.

Permits for Sand and Building Material.

Rule 11. No brick, sand, gravel or similar material shall be unloaded on any wharf property, unless a permit therefor shall be issued by the Superintendent, and no such material shall be unloaded on unshedded City property unless an application shall be submitted to the Superintendent, accompanied by a receipt from the Dockmaster for \$10, specifying the name of the vessel from which the cargo is to be unloaded, and a permit issued therefor by the Superintendent. At the expiration of ten days from the date of said permit, if any portion of said cargo remains, a similar application, accompanied by a receipt for an additional \$10, shall be submitted as in the first instance. No vessel carrying such material or cargo shall be allowed to occupy a berth for a period longer than three days when said berth is required by another vessel. City wharf property held under permit shall be deemed leased property so far as this rule is concerned.

All

All snow that may fall and ice that may form upon the pavements within five feet upon either side of the opening shall be removed within twenty-four hours. All the work under the permit shall be done in accordance with the rules and regulations of the Department and wholly at the expense of the permittee.

The permittee shall indemnify and save harmless The City of New York, its officers, agents and servants against and from all damages, cost and expense which they may suffer or to which they may be put by reason of injury to the person or property of another, resulting from carelessness or negligence on the part of the permittee.

Whenever in consequence of the weather or any process of law, or other unexpected obstacle, the work shall be stopped for so long a time that public travel shall be obstructed, the trench shall be refilled and repaved as if the work contemplated in the permit was actually completed.

The procedure under the permit shall be in strict compliance with all applicable laws and ordinances and the rules and regulations of the City departments established for the purpose of enforcing them.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
