COMMISSIONERS OF ACCOUNTS.

REPORT FOR THE YEAR ENDING DECEMBER 31, 1907.

OFFICE OF THE COMMISSIONERS OF ACCOUNTS,
STEWART BUILDING, No. 280 BROADWAY,
NEW YORK, February 29, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, and the Honorable Board of Aldermen of The City of New York:

SIRS—Section 195 of the Charter reads as follows:

" * * * The accounts of the Chamberlain shall be annually closed on the last day of December, and shall be examined in the month of January in each year by the Commissioners of Accounts. Such Commissioners shall examine the accounts and vouchers of all moneys received into and paid out of the City Treasury during the year ending on the last day of December next preceding such examination, and shall certify and report to the Mayor and Board of Aldermen in the following month of February the amount of moneys received into the Treasury during such year, the amount of moneys paid out during the same period by virtue of warrants drawn on the Treasury by the Comptroller, the amount of moneys received by the Chamberlain who shall be in office at the time of such examination, if he entered upon the execution of his duties since the last preceding report; the balance in the Treasury on the last day of December preceding such examination, the amount of moneys borrowed for or on the credit of the City during such year, and the amount of the bonds of the City issued during such year, with the purposes for which and the authority under which such bonds were issued. Such Commissioners shall also compare the warrants drawn by the Comptroller on the Treasury during the year ending on the last day of December preceding such examination, with the several laws and ordinances under which the same shall purport to have been drawn, and shall in like manner certify and report whether the Comptroller had power to draw such warrants; and if any shall be found which, in their opinion, he had no power to draw, they shall specify the same in their report, with their reasons for such opinion."

The great volume of detail comprehended in an examination and comparison of the vouchers and warrants issued in the course of the calendar year, if sought to be completed in the month of January following, as prescribed, would require the concentration of a much larger force of assistants than could be spared for this work at one time, without seriously affecting other examinations and investigations. In practice, therefore, the examination provided for in the above quoted section of the Charter is continuous throughout the year; six Accountants and Clerks being assigned thereto.

Certification.

The Commissioners of Accounts hereby certify that they have complied with the law as quoted above, and that for the year 1907 they have examined 138,284 vouchers paid by the Comptroller, and have examined and compared 138,284 warrants drawn by the Comptroller on the Treasury in payment thereof, making a total of 276,568 papers examined; that in their opinion the Comptroller was duly authorized by the several laws and ordinances to draw the warrants examined, and that none was found which was improperly drawn. Also, that they have examined the accounts of the City Chamberlain for the year 1907, as to moneys received into and paid out of the City Treasury.

It is further certified that Corporate Stock and Bonds were issued during the year 1907 as follows:

Revenue Bonds \$123,958,286 92
Corporate Stock 71,345,195 07

| | |
|----------------------------|------------------|
| Special Revenue Bonds..... | 8,368,000 00 |
| Assessment Bonds | 7,755,000 00 |
| General Fund Bonds..... | 13,500,000 00 |
| Total | \$224,926,481 99 |

Exhibit "A" shows the Corporate Stock and Bonds issued during 1907, the purposes for which and the authority under which same were issued.

The following summary shows amounts received and paid out during the year 1907 by the Chamberlain, together with the balances at the beginning and close of the year, as required by the law before quoted:

It should be stated here that the annual examination provided for by law to be made by the Commissioners of Accounts, under section 195 of the Charter, in its results is merely an audit of the Chamberlain's receipts and disbursements, verifying the cash balances in the books at the beginning and close of the calendar year and certifying to the amount of Corporate Stock and Bonds issued.

Nowhere in the Charter is it provided that an examination and report be made which should comprehend the City's income and expense accounts.

If the City's accounts were upon an income basis and all the assets and liabilities were set up on the books, it would be feasible to prepare at stated periods a proper balance sheet and an income and expense account which would exhibit, respectively:

"A," the City's true financial condition, and,
"B," all the income and expenditure during the period following the date of the next preceding balance sheet and accounting for the changes occurring in the City's surplus or deficit in the current balance sheet, as compared with that appearing on the previous one.

The importance of such statements as a source of information regarding the City's affairs cannot be overestimated. The improved accounting methods by which such statements would be arrived at, necessarily involving the use of controlling ac-

counts over the City's income and expenditure, would greatly aid toward a far more efficient audit of the City's business than is at present possible under the system of bookkeeping which obtains, at the same time rendering it practicable for the proper officials to satisfy themselves that the City was receiving all the income it should receive, something which at present cannot be accomplished without great labor.

To prepare statements as outlined above from the present records would involve an immense amount of work and would necessitate the taking of inventories of all the City's assets and liabilities of every description, and this, of course, is not within the scope of our duties.

We would, however, point out to your Honor the desirability of a change in the law, to the end that the rendering of proper statements as herein described and the keeping of records relating to City affairs in such manner as shall meet the needs of such requirements should be compulsory.

Respectfully submitted,
JOHN PURROY MITCHEL,
E. Y. GALLAHER,
Commissioners of Accounts.

PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

TUESDAY, MARCH 10, 1908,
TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis.

(1) Chairman Willcox and Commissioner McCarroll were temporarily excused because of absence on business of the Commission, and on motion, duly seconded, Commissioner Bassett was elected Acting Chairman.

(2) On motion, the record of the proceedings of the Commission for Friday, February 21, and Tuesday, February 25, 1908, as printed in the CITY RECORD of March 4, 1908, was approved.

On motion, the record of the proceedings of the Commission for February 28, 1908, as printed in the CITY RECORD of March 4, 1908, was corrected so as to insert the word "agreement" in the place of "deed" in the first line of the resolution in Item No. 12 thereof, and in Item No. 9, Order No. 291, the items of expense of the stairways and kiosks at 137th and 145th Streets were reversed, and as so corrected, the record was approved.

On motion, the record of the proceedings of the Commission for Tuesday, March 3, 1908, as printed in the CITY RECORD for March 6, 1908; and for Wednesday, March 4, and Friday, March 6, 1908, as printed in the CITY RECORD of March 10, 1908, was approved.

(3) The Secretary presented a communication from the Chief Engineer, with regard to changes of street grades, Brooklyn Loop Lines, and transmitting plans thereof, and on motion, duly seconded, the plans were ordered transmitted to the Board of Estimate and Apportionment, with a request for the authorization of such changes. The communication was as follows:

March 6, 1908.

Changes of Street Grades, Brooklyn Loop Lines.

The Honorable WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—I hand you herewith drawing in triplicate entitled—Plan and profile showing change of grade of Centre Street from Franklin Street to Canal Street;

White Street from Lafayette Street to Baxter Street; Walker Street from Lafayette Street to Baxter Street, in the 6th Ward, Borough of Manhattan, City of New York; and also drawing in triplicate entitled—Plan and profile showing change of grade of Centre Street from Duane Street to Worth Street; Pearl Street from Park Street to Lafayette Street, in the 6th Ward, Borough of Manhattan, City of New York.

A change of grade of Centre Street was authorized by the Board of Estimate and Apportionment on December 6, 1907, at the request of this Commission.

The changes of street grades proposed and shown on the enclosed drawings are made necessary on account of changing the design of the subway loop line on Centre Street, for which the modified contracts have lately been signed by the Contractors. I would suggest that these plans be transmitted to the Board of Estimate and Apportionment with a formal request that the changes indicated be authorized.

Very truly yours,

(Signed) HENRY B. SEAMAN, Chief Engineer.

(4) The Secretary presented the following notice of deposit from H. L. Smith, Assistant Deputy Comptroller, Department of Finance, which was ordered filed:

DEAR SIR—I beg to advise you that on March 2nd, 1908, the sum of Thirty Thousand, Six Hundred and Nineteen and 12/100 Dollars (\$30,619.12) was deposited to the credit of Rapid Transit Construction Fund—Brooklyn Loop Lines, Borough of Manhattan (Sub-Title No. 3). Authorized June 21st, 1907, pursuant to the provisions of Section 37 Chapter 4, Laws of 1891.

Principal \$30,000 00
Premium 619 12

(5) The Secretary presented the following opinion of the Counsel to the Commission in relation to an adjustment of the claims of the property owners for damages to property on Park Avenue:

March 5, 1908.

Public Service Commission for the First District:

SIRS—I have the Secretary's letter of the 18th ult., transmitting a copy of a communication dated the 14th ult., from the Corporation Counsel, in relation to an adjustment of the claims of the property owners for damages to property on Park avenue, and which, as the Commission knows, the Appellate Division has required to be paid as a condition precedent to its validation of the deviation in the line in the easterly tunnel section in Park avenue, and in accordance with the request of the Commission I transmit herewith proposed resolutions approving the adjustment on the lines informally agreed upon by the Corporation Counsel with the Interborough Rapid Transit Company and the property owners.

A very complete report of the Park avenue litigation is contained in the report of Counsel to the Rapid Transit Board of April 15, 1907, printed at page 4833 of Volume 8 of the Minutes. Since that time, and in accordance with the directions of the Rapid Transit Board, the city and the contractors have been brought in as parties to the proceeding, but no other action has been taken by the Court. There is a motion pending in the Appellate Division to deny the motion to confirm the report of the Commissioners, thus defeating the proceedings taken to validate the deviation, but this motion has not been pressed, and during its pendency the Corporation Counsel has been engaged in negotiating with the parties interested to settle the claims. The Court has refused to validate this route until the damages sustained by the property owners have been paid, and since the failure of the proceedings in the Appellate Division would result in the section of the Rapid Transit Railroad in Park Avenue being declared illegal, and lay the city open to attempts to enjoin the operation of the subway, it is important that this litigation be terminated, and the complete rights of the city established as soon as possible. For this reason, I think the adjustment proposed by the Corporation Counsel is wise and affords a solution of this entire matter most favorable to the city. I am, however, compelled to disagree with the statement of the Corporation Counsel that "There is no question whatever that the city is not legally liable for the consequences of the unauthorized acts of the Rapid Transit Commissioners their agents, their contractors or sub-contractors." If that should be so, any adjustment made by the city would be open to serious attack, but my reasons for advising this adjustment rest very largely upon my opinion that the question of the city's liability is at the best a very close one, and that if this litigation were continued there is a strong possibility that the city might be held liable for the payment of the entire damages.

The preparation and execution of the papers to effectuate this statement will involve considerable detail, and will probably take some time. I have already informally discussed the matter with the Corporation Counsel, and will proceed in conjunction with him in taking the necessary steps in the preparation of the necessary papers and will submit them to the Commission when prepared. I think a letter might properly be sent to the Corporation Counsel, advising him of the action of the Commission and stating that I will take the matter up with him.

Respectfully yours,

(Signed) GEO. S. COLEMAN,
Counsel to the Commission.

It was thereupon moved and duly seconded that the following resolutions be adopted:

Whereas, The Commission is in receipt of a communication from the Corporation Counsel, dated February 14th last, advising the settlement of the claims found by Hon. Alton B. Parker, as Referee in the reference ordered by the Appellate Division to determine the damages sustained by abutting property owners by reason of the deviation in the location of the easterly tunnel section in Park avenue upon the basis of the City paying the damages amounting to One Hundred and Ninety-nine Thousand Six Hundred and Thirty and 18/100 Dollars (\$199,630.18), with costs and allowances found to be due by the said Referee, and the Interborough Rapid Transit Company will agree to treat this payment as part of the cost of constructing the Subway and will pay the rental thereon stipulated in the contract of 21st February, 1900, between the City and John B. McDonald, the property owners to agree to accept payment in four per cent (4%) bonds of The City of New York, which shall be held by them for six months before being disposed of, and that upon receipt of these bonds the property owners will consent to the validation of the route; and

Whereas, The Counsel to the commission has advised the adjustment of this litigation upon the basis suggested, and such adjustment being in the opinion of the Commission proper and for the best interest of The City of New York;

Now therefore, be it Resolved, That the Commission approve the settlement of this litigation upon the basis suggested in the said letter of the Corporation Counsel, and that the Counsel to the Commission be authorized and requested, in conjunction with the Corporation Counsel, to prepare the necessary papers to carry such adjustment into effect, and when prepared to submit the papers to the Commission.

The Secretary presented the following resolutions adopted by the Board of Aldermen on March 3, 1908, and transmitted to the Commission, which were referred to Commissioner Bassett:

Whereas, The abrupt turn of the Graham Avenue line of cars at Flushing and Graham Avenues across Broadway, in the Borough of Brooklyn, a heavily congested section, makes travel there dangerous, and should be regulated; and

Whereas, It appears that a loss of life will soon occur unless a man is stationed there, preferably a number of men, or other means adopted whereby the cars are required to make additional stops in order to safeguard people using the several crossings; therefore

Resolved, That the Public Service Commission for the First District be and hereby is requested to investigate the conditions surrounding this traffic point, with a view to requiring the Brooklyn Rapid Transit Company to adopt some plan to relieve what is deemed a dangerous situation.

(8) O-254
The Secretary presented the following resolution, adopted by the Board of Aldermen on March 3, 1908, and transmitted to the Commission, which was referred to Commissioner Eustis, who had charge of the hearings already ordered on this proposed improvement:

Resolved, That the Public Service Commission be and hereby is urged to direct the erection of a new station on the elevated railroad at Ninety-ninth Street and Columbus Avenue, in the Borough of Manhattan, for the following reasons:

First—Since the operation of this road this section of the city has rapidly built up, and to-day is one of the most thickly populated along the line of this road.

Second—The nearest station on either side of this point is at Ninety-third Street and One Hundred and Fourth Street, respectively, an unreasonable distance to ask people to travel for transit accommodation.

Third—The people in this section, not alone on the avenue of travel, but in the various side streets, should not, either in inclement or other weather, be required to travel the unreasonable distances to the several existing stations.

Fourth—No other two stations on the line of this road with one-half the population are so far apart, and therefore of right the people demand a new station at the point named.

The Secretary presented the following memorandum prepared by the Counsel to the Commission, with regard to the Bill of Hon. C. F. Foley, described as Assembly Bill No. 531, Introduction No. 498, being an Act to amend Section 91 of the Railroad Law in relation to the consents of authorities:

In the Matter
of the

Hearing before the Committee on Railroads in respect of Assembly Bill Printed No. 531, Introduction No. 498, introduced by Hon. C. F. Foley, proposing to amend Section 91 of the Railroad Act.

MEMORANDUM BY THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

This Bill proposes to add to Section 91 of the Railroad Law, which provides for obtaining the requisite consents under the Constitution of property owners for the construction and operation of a street surface railroad, new matter which makes it mandatory upon the Public Service Commission, when the consents secured have been filed with the Commission and all necessary preliminary steps have been in fact complied with, to grant the certificate mentioned in Section 59 of the Railroad Law.

The Public Service Commission for the First District, being itself an instrumentality of the Legislature, and charged with the execution of such powers as the Legislature shall see fit to confer upon it and change from time to time, may without impropriety endeavor to make clear the effect of proposed legislation, and with this end in view submits a memorandum upon the present Bill.

Section 59 of the Railroad Law provides in substance that no railroad corporation, and this includes a street surface railroad, shall exercise powers conferred upon it by law or begin the construction of its road until the directors shall have advertised its articles and filed proof thereof, and the Board of Railroad Commissioners shall so certify and shall also certify that public convenience and a necessity require the construction of said railroad as proposed in the Articles of Association. The section also provides that if the certificate be refused by the Railroad Commissioners, resort may be had to the General Term of the Supreme Court, which may, in its discretion, order the Board of Railroad Commissioners to issue such certificate.

It will be observed that under this section, the granting or refusal of any such certificate is within the discretion of the Railroad Commission, subject to review by the General Term, and on comparing it with the proposed Act it is observed that the effect of the latter is to take away any discretion from the Commission and compel the granting of the certificate when preliminary requirements have been complied with.

The discretion of deciding as to whether public convenience and a necessity require the construction of a railroad has been for fifteen years vested under section 59 of the Railroad Law in the Railroad Commission, and the exercise of such discretion in a board or commission similar to the Railroad Commission has been again approved at the last session of the Legislature in the enactment of Chapter 429 of the Laws of 1907, known as the Public Service Commissions Law, which transferred such powers as had existed previously in the Board of Railroad Commissioners to the Public Service Commissions, and replaced or supplemented such previously existing powers of the Railroad Commissioners by far more extended powers under Sections 53 and 68 of the Public Service Commissions Law, requiring a similar permission and order by the Commission to be granted in its discretion not only before a railroad corporation, but any common carrier, gas corporation or electrical corporation shall exercise any franchise or right under any franchise, and also required in addition the approval of the Commission to issues of stock, bonds and evidences of indebtedness by corporations, to the purchase or holding of stock of corporations and to the transfer of their franchises.

Respectfully submitted,

THE PUBLIC SERVICE COMMISSION
FOR THE FIRST DISTRICT,

Chairman.

Dated, New York City, March 10, 1908.

On motion, the memorandum was ordered sent to the Assembly Committee on Railroads.

(10) Req.
The Secretary presented the following communication from the Chief Engineer, with reference to tree planting and the restoration of parkways on Broadway, north of 59th Street, which was referred to the Committee of the Whole:

March 2nd, 1908.

The Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—In reference to tree planting and the restoration of parkways on Broadway north of 59th Street, which has been made a subject of inquiry by Frances Peters, Chairman of the Committee on Parks, of the Riverside Branch of the Women's Municipal League, I beg to report as follows:

The contract with John B. McDonald of February 21, 1900, provides as follows: (Page 71 of Specifications)—"For every tree removed or killed, the Contractor shall set out a new thrifty tree of similar kind of a height not less than fifteen (15) feet, and of a diameter not less than three and one-half (3½) inches in such a position as the superintendent of public parks shall indicate. All roads, crosspaths, grassplots, shrubbery and other plants removed or affected by the construction of the railroad, shall be restored as soon as possible to as good a condition as existed before commencing operations."

(Page 74)—"Along the Boulevard, where in the course of the work it is necessary to destroy the trees in the parkways, the Contractor shall set out if required, wherever there exists four (4) feet or more of top filling over the roof of the tunnel,

an equal number of new trees of the same kind not less than fifteen (15) feet in height and with a diameter not less than three and one-half (3½) inches. These trees are to be bedded in good soil to be approved by the Engineer. * * *"

It is clear from the above that the Contractor should not only replant the trees, but should also restore the shrubbery.

Early in 1902, on the completion of certain portions of the subway, tree planting was begun. One hundred and fifty trees had been brought from abroad, as it appears from correspondence on the files that some doubts existed as to the possibility of finding suitable trees at home. However, 80 of the imported trees were planted, 70 or 71 of which failed to live.

Since the planting and failure of these trees, voluminous correspondence on the files in this office shows that constant efforts have been made to have the contractors complete their work.

In reviewing this correspondence it also appears that for a time there was some excuse for the delay on the part of the contractors. Complaints and suggestions were received from individuals and associations, and it was at one time considered that it might be best only to plant shrubs and omit the trees. (See copies of letters—Mr. R. D. Kohn to Mr. Wm. Barclay Parsons September 28, 1903, and Mr. Parsons' reply of September 29, 1903, enclosed herewith.) These suggestions, however, were finally brushed aside, and in March 1904 the contractor was directed to proceed with the work. Orders were again issued in March, 1905, and on March 10, 1905, a list of trees to be planted was furnished the contractor. After further correspondence, on April 25 specific orders were again given to proceed with the work, and in this letter attention was also called to the necessity of replacing the shrubbery. But nothing was done.

Under date of May 3, 1905, a letter offering some suggestions in regard to tree planting was received from Mr. Datus C. Smith, Secretary, Tree Planting Association of New York City, a copy of which is also enclosed.

A copy of this letter was sent to Mr. S. L. F. Deyo, Chief Engineer for the Contractors, with a letter of Acting Chief Engineer Mr. Rice on May 6, as per copy enclosed.

On account of this letter from Mr. Smith and several others that had been received by the Rapid Transit Board, the Chief Engineer of the Board was called upon for a report, and a full report on the subject was made by Mr. Rice on May 6, 1905. (Copy enclosed.)

Mr. Deyo, in reply to the letter of Mr. Rice above referred to, enclosed a copy of a letter he sent to the sub-contractors instructing them to proceed with the work of planting trees and shrubbery: still nothing was done.

On November 10, 1905, and again on January 24, 1906, Mr. Rice wrote to Chief Engineer Pegram, calling his attention to the tree planting situation, and requesting to be informed as to "what is being done in the matter." No definite reply was received, and on March 7, 1906, Mr. Rice again wrote to Mr. Pegram, and again on March 26. Following this last letter arrangements were made to the effect that in April, 1906, seventy trees were planted, replacing those that died in 1902; this, however, covered but a small part of the work.

Complaints continued to come in concerning the parkways, and on June 21, 1906, Mr. Rice reported to the Board generally regarding parkways, and as there seemed to be some question of jurisdiction and some questions being raised that appeared to have a legal aspect, Mr. Rice suggested that the matter might properly be submitted to Counsel for advice. A copy of this report is herewith enclosed, also a copy of the opinion of Counsel Mr. G. L. Rives of Boardman, Platt & Soley. While this opinion does not refer particularly to the tree question, I have thought it well to bring it to your attention as covering the general aspects regarding parkways on Broadway.

Mr. Rice again took the matter up with the contractors, and on August 29, 1906, January 12, 1907, and March 27, 1907, he wrote to Mr. Pegram urging the necessity of proceeding with the tree planting. As a result of this further correspondence another lot of trees were planted in April and May, 1907, leaving, however, a large number still to be planted.

Since the Spring of 1907 the contractors were again urged to proceed with the work, and on February 4, 1908, Mr. Rice called my attention to the matter, and I wrote to Mr. Pegram for an explanation; in reply Mr. Pegram stated that there were only 14 trees remaining to be planted and that they would be attended to this Spring. This letter of Mr. Pegram's indicated a misunderstanding of the real situation, and I caused to be made a thorough investigation of the whole subject. This was done, and I enclose a copy of my letter to Mr. Pegram of February 26, which reviews the matter in detail, showing what was done and what remains to be done. Accompanying this letter were maps covering the entire field, copies of which are on file and are at your disposal should you desire to see them.

From the above it is very evident that many efforts have been made to have this work properly completed, but without satisfactory results, and I am still awaiting a reply from Mr. Pegram to my letter of February 26.

I am sending you copies of some of the correspondence in reference to this matter, but the files, as to tree planting are at your disposal and you may be interested in looking them over.

The subject has been an annoying one from every point of view. You will see that there still remains a considerable number of trees, as well as the shrubbery, to be planted.

You can readily understand that it is a very delicate matter to handle, especially regarding the planting of shrubbery. While the trees require a great deal of attention for some time after being planted, shrubbery requires considerable more attention, and it is a question as to how long we could require the contractors to maintain the trees and shrubbery when planted.

It occurs to me that possibly some arrangements might be made, through this Commission, between the contractors and the park authorities, or between the contractors and some association that is interested, by which a certain sum of money could be set aside for this work and be turned over either to the Park Department or to an association that would properly attend to the matter and make a success of it. If the Park Department and the contractors could get together and agree upon some amount that would cover the cost of planting and maintenance, the contractors might pay over this amount of money, and the contractors could then be reimbursed by the Public Service Commission out of such moneys that may be due on the regular contract.

Of course, I shall insist upon the contractor proceeding immediately with the work, but do not feel sure that the planting of the trees and shrubbery will eventually prove a success.

I will add that the planting by the contractor was done through a sub-contract with a Mr. Gifford who is an expert in such matters, and the trees so far planted seemed, last summer, to be thriving, and I have no doubt most of them will be all right. This party guaranteed the trees for a year, and if any failed, they are to be replaced this coming Spring; whether they can be replaced under a further guarantee I cannot say.

Very truly yours,
(Signed) HENRY B. SEAMAN, Chief Engineer.

(14) Commissioner Bassett moved the adoption of the following hearing order, which was duly seconded:

HEARING ORDER (No. 321).

In the Matter
of

The hearing upon the motion of the Commission on the question of improvements in and additions to the service of the New York and Queens County Railroad Company.
"Service on Calvary Cemetery surface line, in Queens."

It is hereby

Ordered, That a hearing be had on the 24th day of March, 1908, at 2:30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the Rooms of the Commission, Number 154 Nassau Street, Borough of Manhattan, City of New York, State of New York, to inquire whether the regulations practices, equipment, appliances or service of the New York and Queens County Railroad Company, in respect to transportation of persons in the State of New York, are unreasonable, improper or inadequate, and whether changes, improvements and additions thereto ought reasonably to be made in the manner below set forth, in order to promote the security and convenience of the public, or in order to secure adequate service and facilities for the transportation of passengers, and if such be found to be the fact, then to determine whether a change, addition and improvement in regulations, practices, equipment, appliances and service of the said company, as hereinafter set forth, are such as may be just, reasonable, adequate and proper and ought reasonably to be made to accommodate the passenger traffic offered to it and to promote the convenience of the public, or in order to secure adequate service and facilities for the transportation of passengers, that is to say:

Whether the following changes, additions and regulations should be put into effect:

- (1) That the service west-bound leaving Metropolitan Avenue to Long Island Ferry between 6:50 and 7:50 A. M. be increased by two cars, or by an increase from six to eight cars;
 - (2) That the service east-bound leaving Long Island Ferry to Metropolitan Avenue between 5:20 and 6:20 P. M. be increased by two cars, or by an increase from six to eight cars;
 - (3) That the headway on cars leaving Long Island Ferry to Metropolitan Avenue and returning between 7:10 and 11:10 P. M. be diminished from thirty to twenty minutes, or the service be increased by four cars, or the service be increased from nine to thirteen cars;
 - (4) Leaving the Long Island Ferry to Metropolitan Avenue and returning between 1 and 5 A. M., that a car be run every hour connecting with the ferry boats from 34th St., Manhattan, such service representing a total increase of four cars;
 - (5) That said Company provide and display on each car a destination sign, which shall state clearly the destination of the car.
- And if any such regulations, changes, improvements and additions be found to be such as ought to be made as aforesaid, then to determine the details of such changes, improvements and additions and to determine what period would be a reasonable time within which the same should be directed and executed.
- All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable.
- Further order, That the said New York and Queens County Railroad Company, be given at least ten (10) days' notice of such hearing, by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said company be afforded all reasonable opportunity of presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.
- Ayes—Commissioners Bassett, Maltbie, Eustis.
Nays—None.
Carried.

(15) The Secretary presented the following order:

COMPLAINT ORDER (No. 322).

William Klein,
Complainant,
against
Long Island Railroad Company,
Defendant.

The order of the Commission, being Order No. 322, for satisfaction or answer within ten (10) days, as to the lack of gates at the 22d Street crossing, College Point, was approved, confirmed and ordered filed in the office of the Commission.

- (16) The Secretary presented the following order:

COMPLAINT ORDER (No. 323).

William Henderson and One Hundred
and Fifty Others,
Complainants,
against
Union Railway Company,
Defendant.

The order of the Commission, being Order No. 323, for satisfaction or answer within ten (10) days, as to inadequate service on Fort Schuyler Road, Westchester Village to the Eastern Boulevard, was approved, confirmed and ordered filed in the office of the Commission.

- (17) The Secretary presented the following order:

COMPLAINT ORDER (No. 324).

John R. Davies,
Complainant,
against
New York Central and Hudson River
Railroad Company,
Defendant.

The order of the Commission, being Order No. 324, for satisfaction or answer within ten (10) days, as to the smoke nuisance at 137th Street and Riverside Drive, was approved, confirmed and ordered filed in the office of the Commission.

- (18) The Secretary presented the following communication from the Interborough Rapid Transit Company, with reference to stairway facilities at the Houston Street station of the Third Avenue elevated line, which was referred to the Counsel to the Commission:

INTERBOROUGH RAPID TRANSIT COMPANY,
No. 13-21 PARK ROW,
NEW YORK, March 4th, 1908.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, 154 Nassau Street, City:

DEAR SIR—Replying to your letter of February 28th, in relation to complaint of one Thomas E. Sturgeon in connection with the stairway facilities at Houston Street, downtrack, Third Avenue line. A condemnation proceeding by the Manhattan Railway Company against John Jacob Astor and others was begun by filing a petition on October 8th, 1907. The defendants answered the petition denying our right to condemn the stairway easements. On the trial of that issue Judge Newberger decided in favor of the Company, and on January 2nd, 1908, an interlocutory judgment was entered granting the Company the right to condemn said easements. The defendants have appealed to the Appellate Division from that judgment and the argument on that appeal will in all probability be brought on at the April Term.

Until the appeal is decided, the matter of appraising the stairway easements, of course, will be in abeyance.

Yours truly,

(Signed) E. P. BRYAN, President.

- (19) The Secretary stated that a communication had been received from Brooklyn Union Elevated Railroad Company upon Final Order No. 296 in the matter of service on the Brighton Beach line, notifying the Commission that the terms of the Order were accepted and would be complied with. The answer was ordered filed.

- (20) The Secretary stated that a communication had been received from the New York City Interborough Railway Company upon Final Order No. 308 of the Commission, with regard to increase of service, 181st St. line to Bronx Park, and the opening of the new Tremont Avenue line, notifying the Commission that the terms of the order were accepted and would be complied with. The answer was ordered filed.

- (21) The Secretary stated that a communication had been received from the Coney Island and Brooklyn Railroad Company upon Final Order No. 309 of the Commission, with regard to the condition of rails, crossovers and turnouts, notifying the Commission that the terms of the Order were accepted and would be complied with. The answer was ordered filed.

- (22) Commissioner Bassett moved the adoption of the following extension order, which was duly seconded:

EXTENSION ORDER (No. 325).

E. Alexander Williams & 199 others,
Complainants,
against
South Brooklyn Railway Company,
Defendant.

An order, No. 272, having been made herein on or about the 18th day of February, 1908, ordering and directing the South Brooklyn Railway Company to answer the complaint herein within the time therein specified, and the said South Brooklyn Railway Company having, on March 6th, 1908, applied in writing for an extension of such time,

Now, upon motion, it is
Ordered, That the time of the South Brooklyn Railway Company within which to answer said complaint be, and the same hereby is, extended to and including the 10th day of April, 1908.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

- (23) Commissioner Bassett moved the adoption of the following hearing order, which was duly seconded:

HEARING ORDER (No. 326).

In the Matter
of

The hearing upon motion of the Commission on the question of changes in the regulations, practices and service of the Brooklyn Heights Railroad Company.
"Cross-over switches on the Nostrand Avenue Line at Church avenue."

It is hereby

Ordered, That a hearing be had on the 23d day of March, 1908, at 2.30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission, Number 154 Nassau Street, Borough of Manhattan, City of New York, State of New York, to inquire whether the regulations, practices, equipment, appliances or service of the Brooklyn Heights Railroad Company, in respect to transportation of persons in the State of New York, are unreasonable, improper or inadequate, and whether changes, improvements and additions thereto ought reasonably to be made in the manner below set forth, in order to promote the security and convenience of the public, or in order to secure adequate service and facilities for the transportation of passengers, and if such be found to be the fact, then to determine whether a change, addition and improvement, in regulations, practices, equipment, appliances and service of the said company, as hereinafter set forth, are such as may be just, reasonable, adequate and proper and ought reasonably to be made to accommodate the passenger traffic offered to it and to promote the convenience of the public, or in

- O-323 order to secure adequate service and facilities for the transportation of passengers, that is to say:

Whether the following changes, additions and regulations should be put into effect:

(1) That the cars at present operated on the Nostrand Avenue line be run through to the southerly terminus of said line at Vanderveer Park, instead of some of them being turned back at Church avenue.

(2) That the cross-over switch located at Nostrand and Church Avenues on the Nostrand Avenue line be removed.

And if any such regulations, changes, improvements and additions be found to be such as ought to be made as aforesaid, then to determine the details of such changes, improvements, and additions and to determine what period would be a reasonable time within which the same should be directed and executed.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable.

Further ordered, That the said Brooklyn Heights Railroad Company be given at least ten (10) days notice of such hearing, by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said company be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Acting Chairman Bassett stated that he would conduct the hearing.

- (24) The Secretary presented the following order:

COMPLAINT ORDER (No. 327).

by Frank Huber, Secretary,
Complainant,
against
New York, New Haven and Hartford
Railroad Company,
Defendant.

The order of the Commission, being Order No. 327, for satisfaction or answer within ten (10) days, as to the use of soft coal, was approved, confirmed and ordered filed in the office of the Commission.

- (25) The Secretary presented the following order:

COMPLAINT ORDER (No. 328).

Jeremiah J. Coughlan,
Complainant,
against
Nassau Electric Railroad Company,
Defendant.

The order of the Commission, being Order No. 328, for satisfaction or answer within ten (10) days, as to the turnstile at the 16th Street Station of the Fifth Avenue Elevated Line, was approved, confirmed and ordered filed in the office of the Commission.

- (26) Commissioner Eustis moved the adoption of the following discontinuance order, which was duly seconded:

DISCONTINUANCE ORDER (No. 329).

William H. Ten Eyck,
Complainant,
against
Interborough Rapid Transit Company,
Defendant.

"Failure to run elevators at station at Mott Avenue and 149th Street after one A. M."

An order, No. 293, having been made herein on or about the 29th day of February, 1908, ordering and directing the Interborough Rapid Transit Company to answer complaint herein, within time therein specified, and the said Interborough Rapid Transit Company having, on March 6th, 1908, made answer thereto, from which it appears that the matters complained of in the said complaint above mentioned have been satisfied.

Now, upon motion made and duly seconded, it is

Resolved, That the proceedings herein be, and the same hereby are, discontinued.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

- (27) The Secretary presented the following order:

COMPLAINT ORDER (No. 330).

- (28) The Secretary presented the following hearing order, and it was moved and duly seconded that the same be adopted by the Commission:

HEARING ORDER (No. 331).

In the matter
of the

Hearing upon motion of the Commission on the question of improvements in and additions to the service and equipment of the Nassau Electric Railroad Company in the particulars hereinbelow mentioned.

"Repairing of track on Bergen Street—Service on Bergen Street line and St. John's Place line."

It is hereby

Ordered, That a hearing be had on the 25th day of March, 1908, at 2.30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission, Number 154 Nassau Street, Borough of Manhattan, City of New York, State of New York, to inquire whether the regulations, practices, equipment, appliances or service of the Nassau Electric Railroad Company, in respect to transportation of persons in the State of New York, are unreasonable, improper or inadequate, and whether changes, improvements and additions thereto ought reasonably to be made in the manner below set forth, in order to promote the security and convenience of the public, or in order to secure adequate service and facilities for the transportation of passengers, and if such be found to be the fact, then to determine whether a change, addition and improvement in regulations, prac-

tices, equipment, appliances and service of said Company, as hereinafter set forth, are such as may be just, reasonable, adequate and proper and ought reasonably to be made to accommodate the passenger traffic offered to them and to promote the convenience of the public, or in order to secure adequate service and facilities for the transportation of passengers, that is to say:

I. Whether the following repairs of tracks should be made:

A. That the said Nassau Electric Railroad Company replace the broken inner rail of the east-bound track on Bergen Street about 150 feet west of Revere Place.

11. All night service between Rockaway Ave. and New York. Leaving Rockaway Ave. to New York and return, every half hour, between 1:30 and 4:30 A. M., a total of 7 cars.

And if any such regulations, changes, improvements and additions be found to be such as ought to be made as aforesaid, then to determine the details of such changes, improvements and additions and to determine what period would be a reasonable time within which the same should be directed and executed.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable.

Further ordered, That the said Nassau Electric Railroad Company be given at least ten (10) days notice of such hearing by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said company be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Acting Chairman designated Commissioner McCarroll to conduct the hearing.

(29) Commissioner Maltbie moved the adoption of the following hearing order, which was duly seconded:

HEARING ORDER (No. 332).

In the Matter of

The Hearing on the Motion of the Commission on the Question whether the Order heretofore made by the Commission on February 14, 1908, known as Order No. 260, directing the New York City Railway Company or Adrian H. Joline and Douglas Robinson, its Receivers, on and after February 15, 1908, to turn out not fewer than ten cars daily, not including Sundays and holidays, overhauled and repaired, as provided in said Order, should be modified in any respect, because of the destruction by fire of the car barn at Second Avenue and Ninety-sixth Street, together with its contents belonging to said company or its said receivers.

Whereas, A certain order was heretofore made by the Commission on February 14th, 1908, known as Order No. 260, directing the New York City Railway Company or Adrian H. Joline and Douglas Robinson, its Receivers, on and after February 15th, 1908, to turn out not fewer than ten cars daily, not including Sundays and holidays, overhauled and repaired, as provided in said order, and

Whereas, Said New York City Railway Company or its said Receivers thereafter and on February 20th, 1908, duly notified the Commission in writing that the terms of said order were accepted and would be obeyed, and

Whereas, Thereafter on March 2, 1908, the following communication was received by the Commission from said Receivers:

"Referring further to our letter to you under date of February 20th, acknowledgment whereof by you under date of February 29th, is this day received, we beg to advise you that our car barn at 2nd Ave. and 96th Street, with its contents, was destroyed by fire yesterday morning. So nearly as we can now estimate, about 340 cars were burned. The second and third floors of this building were practically en-

tirely devoted to the electrical and mechanical work involved in compliance with your Order No. 260, and nearly all of the painting was also carried on at those shops.

"We are compelled to advise you that in view of this catastrophe it is entirely out of the question for us to continue our compliance with the requirements of Order No. 260, although we shall, of course, do all that is in our power with the resources at our command to rehabilitate our equipment as rapidly as possible. We will advise you from time to time as rehabilitated cars are ready for inspection."

Now therefore, it is

Ordered, That a hearing be held on the 14th day of March, 1908, at 10:30 o'clock in the forenoon or at any time or times to which the same may be adjourned, at the rooms of the Commission, No. 154 Nassau Street, Borough of Manhattan, City and State of New York, to inquire whether said Order No. 260 should be modified in any respect, and it is further

Ordered, That the New York City Railway Company or Adrian H. Joline and Douglas Robinson, its Receivers, be given at least three days notice of such hearing by service upon them, either personally or by mail, of a certified copy of this order and that at such hearing they be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Acting Chairman designated Commissioner Maltbie to conduct the hearing.

(30) The Secretary presented a communication from F. W. Whitridge, Receiver of the Third Avenue Railroad Company, upon Order No. 287, as to the condition of surface cars on the East Side, and on motion, duly seconded, it was ordered that the letter be transmitted to the Board of Aldermen, upon whose complaint the order was issued. The communication was as follows:

THE THIRD AVENUE RAILROAD CO.,
65TH STREET AND THIRD AVENUE,
NEW YORK, March 6, 1908.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, 154 Nassau Street, New York City.

DEAR SIR—Referring to your letter of the 25th, enclosing Order No. 287 and the Resolution of the Board of Aldermen, I have to say that, on the day complained of, there was snow on the ground and the floors of the cars were necessarily dirtied by the people entering. I have also to say that about a year ago, all of the cars of this road were, on the complaint of the Borough President, thoroughly overhauled and repaired and new carpets put on the seats. Each of these cars is cleaned every night, thoroughly washed every third day, and in addition washed with a solution of carbolic acid once a week. I have now ordered them to be washed daily and the strength of the carbolic solution to be doubled.

The cars are old and are being renewed as rapidly as possible, but, with the exception of the carpets on the seats, they are reported to be in as good condition as possible considering their age.

We have several cars now in the shops, the repairs or reconstruction of which are nearly finished, which will be in service within a week or two. If there is anything else we can do to improve the service, within our means, we shall be happy so to do.

Very respectfully yours,

(Signed) F. W. WHITRIDGE, Receiver.

(31) The Secretary presented a communication from John H. O'Brien, Commissioner of Water Supply, Gas and Electricity, transmitting the following letter from William C. Cozier, Deputy Commissioner of that Department, to the Brooklyn Rapid Transit system, which letters were ordered filed:

Feb. 28, 06.

Mr. J. P. CALDERWOOD, General Manager Brooklyn Rapid Transit System.

DEAR SIR—In January, 1906, the Brooklyn & Rockaway Beach Railroad Company made application for a permit to instal an overhead trolley system over the highways along its right of way between New Lots Road and Canarsie. Included in this application was an item of 3 No. 4/0 wire, constituting a high tension transmission line to be operated at 6600 volts. This application was referred to the Commissioner of the Department, Mr. William B. Ellison, and with his approval a permit was issued authorizing the necessary electrical construction for the operation of the road, with the exception that the permit for the high tension transmission line was granted temporarily for a period of two years.

On June 18th next this temporary permit will expire and I hereby serve notice upon the Brooklyn & Rockaway Beach Railroad Company that no extension of time beyond that date will be granted, and that the Company must proceed at once to the adoption of other means of transmission of power.

A copy of this notice has been filed with the Public Service Commission.

Yours very truly,

(Signed) WILLIAM C. COZIER,
Deputy Commissioner, Borough of Brooklyn.

(32) The Secretary presented a communication from Dr. George W. Brush, transmitting resolutions adopted by the Flatbush Taxpayers' Association, protesting against a return to the shuttle system of operation of the elevated trains on the Brooklyn Bridge, which was ordered filed.

(33) The Secretary presented a communication from John L. Heaton, transmitting the sentiment of the Prospect Park South Association against changing the method of handling passengers at the Manhattan end of the Brooklyn Bridge to the former shuttle train system, which was ordered filed.

(34) The Secretary presented a communication from William E. Harmon, favoring a continuance of the present system of handling elevated trains on the Brooklyn Bridge, which was ordered filed.

(35) The Secretary presented a resolution from the Prospect Heights Citizens' Association, calling attention to the provision of the City Charter declaring the New York and Brooklyn Bridge "to be a public highway for the purpose of rendering travel between the Boroughs of Manhattan and Brooklyn certain and safe at all times," and requesting the Commission to publish all facts concerning the traffic over the Bridge which are brought out in the inquiry by the Commission with regard to such traffic. The resolution was referred to the Committee of the Whole.

(36) The Secretary presented a communication from Davis S. White, regarding congestion on the Myrtle Avenue line from Sands Street station to Navy Street; advocating the construction of a double track elevated line from Myrtle Avenue through Hudson Avenue and Sands Street to the Sands Street station, for the use of the Lexington and Myrtle Avenue lines; and suggesting other additions to transit facilities in the neighborhood of the Brooklyn terminal of the Brooklyn Bridge. The letter was ordered filed.

Chairman Willcox and Commissioner McCarroll entered the meeting at this point.

(37) FOURTH AVENUE SUBWAY—FORM OF CONTRACT.

Counsel to the Commission presented forms of six contracts for the construction of the Fourth Avenue Subway from the Manhattan Bridge approach to 43rd Street in the Borough of Brooklyn.

The following resolution was moved:

Resolved, That the form of the proposed contracts for the construction of a rapid transit railroad in Fourth Avenue and other streets in the Borough of Brooklyn as follows:

"Flatbush Avenue Extension, Nassau to Willoughby Streets, Flatbush Avenue Extension and Fulton Street, Willoughby Street to Ashland Place,

Ashland Place and Fourth Avenue, Fulton Street to Sackett Street, Fourth Avenue, Sackett Street to Tenth Street, Fourth Avenue, Tenth Street to 27th Street, and Fourth Avenue, 27th Street to 43rd Street,"

now submitted, be and the same hereby are adopted subject to such changes, if any, as may be agreed upon between the Corporation Counsel and the Counsel to the Commission and approved by the Chairman, and that thereafter a communication be addressed to the Board of Estimate and Apportionment requesting the approval of the said Board to the form of the said contracts. And it is further

Resolved, That as soon as the said forms of contracts are completed, approved and consented to by the Board of Estimate and Apportionment and by the Corporation Counsel, and deposited in the office of the Secretary to the Commission, the Chairman of the Commission be and he hereby is authorized and directed to procure the invitation to contractors to be duly published in such newspapers as he may select, fixing such date for the opening of bids as he may deem proper.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented the following communication from the Counsel to the Commission:

March 10, 1908.

Public Service Commission for the First District:

STEINWAY TUNNEL.

SIRS—I am in receipt of a letter of the Secretary, bearing date March 2nd, transmitting a copy of a letter of T. P. Shonts, Chairman, with respect to a proposition of the Interborough Rapid Transit Company that the City of New York purchase all the tunnel railroad and rights, excluding certain real estate, of the New York and Long Island Railroad Company, and its successors, at its actual cost to the Interborough Company for construction, &c., &c., that is to say, about \$7,000,000, the amount to be paid in city bonds, and that the city enter into an operating contract with the New York and Queens County Railway Company to operate the tunnel railroad in connection with its surface railroad in Queens County, for a term of twenty-five years at a five cent fare, the city to pay one-half of a certain sum agreed upon to represent the operating expenses, and the balance to be met by the company; the city to take the local fares until reimbursed for its advances for operating expenses and interest on bonds issued to pay for the tunnel and one per cent. for a sinking fund, the company to take the through fares, and when the city has been reimbursed, the local fares to be divided equally between the city and the company.

Your question is whether the Commission has any power to act on this proposition.

I am of the opinion that this proposition is one for the decision, in the first instance, of the city authorities which have to do with the expenditure of public money. If the proposition does not commend itself to the city, the advice of the Commission is needless.

If the city authorities are inclined to favor this proposition, the matter may later come before this Commission for its approval under the provisions of the Public Service Commissions Law or for its aid and co-operation in the carrying out of the same under the provisions of the Rapid Transit Act, but this latter Act, in its present form, gives to the Commission no powers which would allow the purchase of an existing railroad or tunnel with public money, and the Rapid Transit Act would have to be amended in order to grant any such authority for the purchase of a railroad or tunnel in lieu of construction of the same at the public expense, and to provide for any such co-operative arrangement for operation and taking of fares in lieu of a guaranteed rental, as now provided, to cover interest and sinking fund for bonds issued to pay for the public improvement.

Respectfully yours,
(Signed) GEO. S. COLEMAN, Counsel to the Commission.

On motion, it was ordered that the Company be notified of the above opinion of Counsel.

TRAVIS H. WHITNEY, SECRETARY.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

From January 9 to February 8, inclusive, forty-five operations were performed at Bellevue Hospital, twenty-one at Gouverneur Hospital, twenty-one at Harlem Hospital, and twenty-four at Fordham Hospital, at all of which the Attending Surgeons or their Assistants were present.

It is recommended that Mr. C. Buckley, Junior Clerk, salary \$600 a year, be promoted to Junior Clerk, at \$900 a year, to take the place of George White, recently promoted to Bookkeeper.

Additional filing cases are required in our record room at Harlem Hospital. The cabinets that are installed for these records are of special make, and those that were put in place were manufactured by the Yawman & Erbe Manufacturing Company. They make an estimate to supply new cabinets at \$43 each. Previous to obtaining this estimate, some were received from other firms, giving a lower price, \$40, but these cabinets were not as well made, and authority is therefore asked to purchase the cabinets from the Yawman & Erbe Manufacturing Company.

On motion, duly seconded, it was

Resolved, To promote Mr. C. Buckley, Junior Clerk at a salary of \$600 a year, to Junior Clerk at a salary of \$900 a year, to take the place of Mr. George White, promoted to Bookkeeper.

On motion, duly seconded, it was

Resolved, That, upon the recommendation of the General Medical Superintendent, the bid of Yawman & Erbe Manufacturing Company on supplying cabinets at \$43 each be accepted.

Reports of Committees.

The Building Committee reported that a reply from Mr. J. H. Freedlander on the engineering matters at Harlem Hospital had not yet been received.

Mr. Robbins, of the Harlem Hospital Conference Committee, recommended the appointment of Drs. Stratford, Heitlinger and Fisher, and, on motion, duly seconded, it was

Resolved, That Dr. William H. Stratford, No. 163 West Eightieth street; Dr. J. A. Heitlinger, No. 124 West One Hundred and Twenty-seventh street, and Dr. Peter N. Fisher, No. 16 West One Hundred and Nineteenth street, be and they hereby are appointed to the positions respectively of Clinical Assistant, Surgery, Clinical Assistant, Medicine, and Clinical Assistant, Surgery, in the Out Patient Department of Harlem Hospital for the year 1908, upon the recommendation of the Medical Board and the Conference Committee of Harlem Hospital.

Communications.

A communication, dated February 10, was received from Messrs. McKim, Mead & White, with the plumbing specifications of the Pathological Department of the new Bellevue Hospital.

On motion, duly seconded, it was

Resolved, That these specifications be approved and that bids be advertised for as soon as permission can be obtained from the Comptroller.

A communication, dated February 5, was received from Messrs. McKim, Mead & White, asking the authority of the Board of Trustees in accepting the bid of Messrs. Byrne & Murphy on putting in one gas outlet in one quiet room on each floor of Pavilions A and B (seven in all), amounting to \$25.

On motion, duly seconded, and carried, authority was given Messrs. McKim, Mead & White to accept the bid of Messrs. Byrne & Murphy.

A communication, dated January 28, was received from Messrs. Parish & Schroeder, with the report of Inspector Barton on the progress of the work at the new Training School.

On motion, duly seconded and carried, this communication and report were placed on file.

A communication was received from Dr. Cyrus J. Strong, Secretary of the Medical Board of Bellevue Hospital, transmitting the minutes of the Medical Board for the meeting held on February 1, 1908.

On motion, duly seconded, it was

Resolved, That, upon the recommendation of the Medical Board, the resignation of Dr. Henry C. Sears, Senior on the First Medical Division, be accepted, and that Dr. William K. Terribery be promoted to the vacancy; that Dr. Warren S. Coleman be promoted to the position of Attending Physician to the Second Medical Division, in place of Dr. Loomis, deceased; that Dr. Thomas W. Hastings be appointed Assistant Attending Physician to the Second Medical Division, in place of Dr. Coleman, promoted; that Dr. H. L. Hooker be appointed Anaesthetist to the First Division; and that the nomination of Dr. F. R. Holbrook as Anaesthetist to the Fourth Division be referred to the Conference Committee.

A communication was received from Dr. George Elliott transmitting the minutes of the Executive Committee of Fordham Hospital for the meeting held on January 28, 1908.

On motion, duly seconded, it was

Resolved, That these minutes be placed on file, and that the matter of restricting the number of visitors to the wards be referred to the General Medical Superintendent for investigation and report.

A communication was received from Dr. William P. Healy transmitting the minutes of the Medical Board of Fordham Hospital for the meeting held on February 1, 1908.

On motion, duly seconded and carried, Dr. James C. Harkins and Dr. Thomas F. Lancer were appointed, respectively, Assistant Physician to Out-Patients and Anaesthetist to Fordham Hospital for the year 1908, having been recommended by the Medical Board and the Conference Committee of Fordham Hospital.

A communication was received from Dr. J. H. Huddleston, Secretary of the Medical Board of Gouverneur Hospital, transmitting the minutes of the Gouverneur Hospital Medical Board for the meeting held on February 1.

On motion, duly seconded, it was

Resolved, That these minutes be placed on file, and that the nominations of Dr. Charlotte Blum as Assistant to the Tuberculosis Clinic and Dr. Bernstein as Assistant to the Surgical Clinic be referred to the Conference Committee.

A communication, dated January 29, was received from Dr. Charles Norris, Director of the Laboratories of Bellevue and Allied Hospitals, enclosing the annual report of his department.

On motion, duly seconded, it was

Resolved, To refer this report to the General Medical Superintendent, with instructions to report upon the recommendations contained in it.

A communication, dated February 5, 1908, was received from the Department of Finance in reply to the letter of the Board of Trustees requesting information in the matter of payments to contractors.

On motion, duly seconded and carried, this communication was placed on file.

A communication, dated February 5, was received from the Board of Aldermen with a resolution permitting the purchase in the open market of fresh fruits and

vegetables required during the year 1908 for the use of the various hospitals of the Department at a cost not to exceed the sum of eight thousand dollars.

On motion, duly seconded and carried, this communication was placed on file.

Permit granted upon the usual terms, the work to be done under the supervision of the Engineer-in-Chief, the permit continuing for a period of six months from January 1, 1908.

From H. Lente (74982). Requesting permission to erect a shed 12 feet by 20 feet in dimensions over the platform foot of One Hundred and Fifty-eighth street, North River. Permit granted, the work to be done under the supervision of the Engineer-in-Chief, the structure to remain only during the pleasure of the Commissioner.

From F. E. Stever (74903)—Requesting permission to maintain boat house foot of One Hundred and Sixty-sixth street, North River, Manhattan Borough. Privilege granted, to commence December 1, 1907, and to continue during the pleasure of the Commissioner until April 30, 1908, rental to be at the rate of \$100 per annum, payable monthly in advance to the Dockmaster.

From the American District Telegraph Company (74984)—Requesting permission to attach two wires to iron upright on Pier 57, North River, to enable them to install a call box service thereat. Filed, the application having been withdrawn.

From the Engineer-in-Chief (74943)—Submitting form of sale of old material located at East Ninety-first street and East Twenty-fourth street, East river, and at West Fifty-seventh street, West Seventy-fifth street, and at West Eightieth street, North river. Order advertised to be sold by Thomas Bowe, auctioneer.

From John J. Herrick, Mechanical Engineer (74086)—Reporting as to amount of coal to be used in furnishing steam for heating the office of the Richmond Light and Power Company, at the St. George Ferry terminal, Borough of Richmond. Compensation for the steam furnished the company fixed at the rate of \$20 per month, commencing October 24, 1907, payable quarterly in advance to the Cashier.

The Engineer-in-Chief reported the following work superintended under Bureau orders:

No. 5610. Erection of small store room inside shed on Pier (new) 1, North River, by Knickerbocker Steam Towing Company.

No. 5533. Placing of fender piles in front of bulkhead wall on either side of Pier 7, North River, by the Baltimore and Ohio Railroad Company.

No. 5005. Substitution of railroad fender along southerly side of Pier (new) 23, North River, in place of ferry rack, by New York Central and Hudson River Railroad Company.

No. 5247. Construction of extension to shed over extended portion of Pier (new) 45, North River, by Clyde Steamship Company.

Nos. 5609, 5524. Building of subsidiary connections to Pier 54, North River, by Empire City Subway Company, Ltd.

James Shewan & Sons were directed to remove the most southerly of their dry docks south of Pier 52, East river, said dry dock extending beyond the space allotted to them.

The bids received October 23, 1907, for a lease of dumping board privileges at the bulkhead between Ninety-fourth and Ninety-fifth streets, East River, were returned to the bidders, unopened, and the privilege was ordered readvertised, the Corporation Counsel having advised that the motion of the receiver of the Manhattan Transport Company of New Jersey, to restrain the Commissioner from cancelling the company's lease of the privilege, has been denied by the United States District Court (75051).

A communication (74994) was received from the Staten Island Rapid Transit Railway Company, stating, in response to notice of November 19, 1907, the company understands it is to maintain only the surface of the platforms at South Shore terminal, St. George, S. I. Answered that under the terms of the lease, the City is obligated only to provide the structures for the support of the tracks.

J. A. BENSEL, Commissioner.

New York, November 30, 1907.

The following communications were received, action being taken thereon as noted, to wit:

From the Municipal Civil Service Commission (74999)—Authorizing the transfer of Samuel Wells and Thomas Mahoney from the position of Dock Laborer to that of Machinist's Helper in this Department. Both changed to Machinist's Helper, with compensation at the rate of 37½ cents per hour while employed, to take effect at once.

The Superintendent of Ferries was directed (75020)—To issue orders to the effect that the bootblacks on the Thirty-ninth street and Staten Island ferries will not be permitted to enter the ladies' cabin on the main deck or to go to the upper deck; their operations must be confined to the gentlemen's cabin on the main deck and outside thereof.

Permission was granted (74538) to Joseph Tino & Co., to occupy space 30 by 100 feet for the storage of building material on upland in rear of bulkhead between Thirty-third and Thirty-fourth streets, North River, and to M. Kane & Son to use and occupy a similar space between Perry and Charles streets, North River, for the storage of building material, the rental in each case to be at the rate of \$330 per annum, payable monthly in advance to the Dockmaster, the permits commencing as of December 1, 1907, and continuing during the pleasure of the Commissioner until April 30, 1908.

The permit granted November 18, 1907 (74538), to the Empire Brick and Supply Company, for storage space between Fifty-second and Fifty-third streets, North River, was revoked, the company not desiring the said permit.

The following Department orders were issued:

J. A. BENSEL, Commissioner.

BOARD OF EXAMINERS.

February 11, 1908.

Present—Messrs. Warren A. Conover, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 6 of 1908, New Building 165 of 1907, northeast corner of One Hundred and Forty-ninth street and Courtlandt avenue, The Bronx; William Schnauffer, architect and appellant.

Structure is unlawful.

The Superintendent of Buildings of the Borough of The Bronx having refused to approve the mode and manner of construction and materials to be used in the erection of building.

Permission to construct a 4-inch sanitary fireproof block partition on the northerly side of building, as per plans.

The adjoining owner's building is 3 inches off the lot line, as per diagram herewith filed, and appellant does not wish to plaster said wall, thereby occupying ground which does not belong to him.

Second—That the parcel of ground is so small any other construction would use up too much space.

Third—New partition will not be used as a bearing wall as beams will rest on an independent girder, all as per plans.

Appearance—Mr. William Schnauffer.

On motion, denied.

Appeal 7 of 1908, New Building 58 of 1908, premises No. 134 East Two Hundred and Thirty-fifth street, The Bronx; Louis A. Hornum, architect and appellant.

The building exceeding 20 feet in width and 55 feet in depth, the bearing wall should be 12 inches thick.

Since frame building may be built exceeding 20 feet in width and exceeding 55 feet in depth in this section of the City where this building is to be erected.

That we may be permitted to build a brick building with independent wall having 21 feet front and a depth of 57 feet and upper walls 8 inches thick of brick laid in cement mortar.

That since detached brick building may be erected having party walls 20 feet from centre to centre thereof, making clear span of beams 19 feet 4 inches, and whereas this building will have a distance between walls of 19 feet 8 inches, being an excess of only 4 inches and are to be independent walls, and that the excess in depth is only 2 feet, and as it is agreed that all stone and brick work shall be laid up in cement mortar in proportion of one of cement to three of sand, and further that a diagonal underfloor is to be laid as soon as beams are placed to brace the building and also to erect the studded partitions when the walls are going up, so as to tie the whole structure together. All this work is to be the best of its kind, as the building is to be built for the home of owner and not for speculation. Also that the work will be done under the superintendence of the architect.

Appearance—Mr. Louis A. Hornum.

On motion, approved.

Appeal 8, New Building 59, No. 130 East Two Hundred and Thirty-fifth street, The Bronx; Louis A. Hornum, appellant.

(Appeal same as No. 7.)

On motion, approved.

Appeal 9, New Building 60 of 1908, No. 136 East Two Hundred and Thirty-fifth street, The Bronx; Louis A. Hornum, appellant.
(Appeal same as No. 7.)
On motion, approved.
Appeal 10 of 1908, Fireproof Shutter Case No. 2, premises Nos. 493 and 495 Fulton street, Brooklyn; Strauss & Charig, appellants.
On motion, referred to Chief Croker for examination and report.
Letter in re Appeal 3 referred to Chief Croker for report.
In the matter of fireproof coal pockets the Clerk reported that fourteen letters of inquiry were sent out, seven replies having been received to date. The letters were read and ordered on file.
Adjourned.

EDWARD V. BARTON, Clerk.

BOARD OF EXAMINERS.

February 18, 1908.

Present—Messrs. Warren A. Conover, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal No. 10 of 1908. On presentation of report dated the 18th inst., and, on motion, report received and recommendation adopted.

Appeal approved on condition that fireproof shutters are placed on westerly wall of main building.

Appeal No. 11 of 1908, fireproof shutter case No. 3, premises south side of Thirty-ninth street, 700 feet west of Third avenue, Brooklyn; H. B. Manville, appellant.

On motion, referred to Chief Croker for examination and report.

Appeal No. 12 of 1908, Alteration No. 71 of 1908, No. 32 Rose street, Manhattan; Howard Constable, architect and appellant.

"Objections 1, 2 and 3 are repeated: 1. Walls are of unlawful thickness to be raised as proposed. 2. Fire shutters are required. 3. Stairs are inadequate. (Section 75 of the Code.)"

To approve the mode, manner of construction or materials to be followed or used in the erection or alteration of such building or structure would not be dangerous, but, in fact, a substantial improvement.

That an additional story be allowed on the present walls, but with the present fore and aft system of columns extended up into the present upper story to support the new floor, and to have the new stairs not less than four feet wide and to put on fire shutters where required.

The appellants need more space in their present building for an additional experimental department before undertaking the erection of a new building on a lot adjoining them on the south.

The walls, floors and foundations of the building are in excellent condition and amply strong to stand an additional story, and the addition of columns doubly insures the safety of an additional story.

Appearances—Howard Constable, architect; A. Schraeder, owner.

Appeal No. 12 withdrawn by appellant.

Appeal No. 13 of 1908, Alteration No. 1492 of 1907, No. 257 Fifth avenue, Manhattan; H. Lucas, architect and appellant.

"No. 1. Walls are of unlawful thickness for the increased height."

It is proposed to increase the height of the south party wall only and to strengthen the lower part of same.

The wall is now 12 inches thick and 56 feet high, and it is proposed to increase same to a total of 65 feet 8 inches.

This wall is about 65 feet long from front to rear walls.

The wall will be lined in the cellar and basement with 8 inches of brickwork, supported on proper foundations, laid in cement mortar, and well anchored to existing wall.

The various floors above the first are to be used for studio purposes.

The appellant requests that the objection of the Bureau of Buildings relative to the proposed increase in height of the south party wall be waived in this case and permit be granted.

The building is 23 feet between bearing walls, in first-class condition, and it is proposed to increase the height 9 feet 8 inches.

Appearance—Mr. H. Lucas.

On motion, approved.

Appeal No. 14 of 1908, New Building No. 4 of 1908, Nos. 215 and 217 West Forty-ninth street, Manhattan; Messrs. Townsend, Steine & Haskell, architects and appellants.

Objection No. 2 is repeated. "No. 2. Walls of unlawful thickness. (Section 32 of Code.)"

That an equally good or more desirable form of construction can be employed.

The plot upon which proposed building will be erected is 29 feet in width, the bearing walls have been designed 24 inches in thickness in cellar, 20 inches in thickness in first story, 16 inches in thickness in second, third, fourth, fifth, sixth stories, which will give the floor beams a clear space of 25 feet 8 inches on second tier and 26 feet 4 inches on third to sixth tier inclusive, being in excess of 25-foot limit prescribed in section 32 of the Code 8 inches to 16 inches.

The walls in question will be laid and grouted with Portland cement mortar and the continued floor loads and brick load will be distributed on the foundation wall at 15 tons per running foot, which is equal to 7½ tons per square foot, or one-half the load allowable under the Code.

The greatest excess of span will be 1 foot 4 inches, whereas an increase of 4 inches in thickness of walls would provide for an increase of span of 12 feet 6 inches, or 37 feet 6 inches between bearing walls.

Appearance—Mr. Wm. C. Haskell.

On motion, laid over.

Adjourned.

EDWARD V. BARTON, Clerk.

BOARD OF EXAMINERS.

February 25, 1908.

Present—Messrs. Warren A. Conover, Lewis Harding, Charles G. Smith, Edward F. Croker and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 11. On presentation of report and, on motion, Appeal 11 of 1908 was laid over.

Appeal 14. Letter of amendment, dated February 21, 1908, presented and read, as follows:

Referring to Appeal 14 in relation to premises Nos. 215 and 217 West Forty-ninth street, for Mr. J. P. Knight, owner, beg to state that the specification has been corrected as to the thickness of second story bearing walls of proposed building.

We hand you herewith a cross section showing section of bearing walls; also clear span between same on each story.

On motion, approved.

Appeal 15 of 1908, Alteration 282 of 1908, northwest corner Bedford and Snyder avenues, Brooklyn, Benj. Driesler, architect and appellant.

That the added extension would be in violation of section 143, relating to semi-fireproof restriction, and the building would cover more than 80 per cent. of the width of the lot.

Rules and regulations of the President of the said Borough or the provisions of law or ordinances do not apply.

That an equally good and more desirable form of construction can be employed.

What are the intentions of section 143, Building Laws, relating to restricting frame houses to 80 per cent. in width to each building plot?

Granting the safety factor against fire, what position in law may an existing frame building hold erected prior to the enactment of this particular law, which building is too valuable to be torn down, but the progressive business conducted within its walls demand a modern up-to-date store front facing upon a recently made public street,

viz.: Bedford avenue extension, the building line has been arbitrarily fixed some feet from the side of the building in question; the owner had to pay proportionment assessment for the opening of said street through condemnation proceedings.

The main building was erected prior to act extending fire limits, stands clear of building line some 18 inches on the west side; nearest building to this side is a substantial frame building some 12 feet distant; nothing of frame can be erected between.

The proposed extension will be on the street side only and to the new established building line, will add nothing more inflammable, being built of very little wood frame, all glass, metal roof and cornice, one story high; will not be added to store floor area; the old outer wall is to remain intact; there will be no cellar under extension; it will be erected as it were on the present cement sidewalk.

The erection of a show window of this character will in no wise add to the inflammable character of the present building, and erection of same with the small proportion of wood constructed parts made of non-combustible materials would not help the intentions of the law; the law seems not explicit enough to prevent the erection of harmless extensions.

Appearances—Mr. Benj. Driesler and Mr. Snyder.

On motion, approved.

Appeal 16, Alteration 71 of 1908, No. 32 Rose street, Manhattan, Howard Constable, architect and appellant.

"Walls are of unlawful thickness to be raised as proposed."

To approve the mode, manner of construction or materials to be followed or used in the erection or alteration of such building or structure, would not be dangerous, but in fact a substantial improvement.

That an additional story be allowed on the present walls, but with the present fore and aft system of columns extended up into the present upper stories to support the new floor.

The appellants need more space in their present building for an additional or experimental department before undertaking the erection of a new building on a lot adjoining them on the south.

The walls, floors and foundations of the building are in excellent condition and amply strong to stand an additional story, and the addition of columns doubly insures the safety of an additional story.

Appearances—Mr. Howard Constable and Mr. Schraeder.

On motion, laid over; Messrs. Conover and Harding being appointed a Committee of Two to examine and report on the building.

Appeal 17—Fireproof Shutter Case No. 4 of 1908, northeast corner Bridge and Fulton streets, Brooklyn, Schwartz & Gross, appellants.

On motion, referred to Chief Croker for examination and report.

Appeal 18—New Building 22B of 1908, west side Findlay avenue, about 326 feet 6 inches north of One Hundred and Sixty-fifth street, The Bronx, Moore & Landsiedel, architects and appellants.

Proposed dumbwaiter shaft construction is unlawful.

That the building will be erected outside the fire limits, will not exceed 40 feet in height, and will not be more than three stories and cellar in height.

That under the said conditions the building could be erected in frame, and the dumbwaiter would then be of wooden construction.

That the Building Code, in requiring the fireproof construction of dumbwaiters, exempts all dwellings not more than three stories and basement in height.

The requirements as to the construction of the dumbwaiter shafts in three-story and basement brick dwellings.

As stated under paragraph two.

Appearance—Mr. Del Gardio.

On motion, denied.

Appeal 19—New Building 585 of 1907, east side College avenue, 126 feet 6 inches north of One Hundred and Sixty-fifth street, The Bronx, Moore & Landsiedel, appellants.

(Appeal same as No. 18.)

On motion, denied.

Appeal 20—New Building 64 of 1908, east side of Robbins avenue, 25 feet south of One Hundred and Forty-seventh street, The Bronx, Goldner & Goldberg, architects and appellants.

"Proposed structure is unlawful. See sec. 143 of Code."

He (the Superintendent) has refused to approve the mode and manner of construction and materials proposed to be used in the erection of this building.

Proposed structure is unlawful. See section 143 of Code.

The proposed structure is intended as a private stable, to house two horses. This building is proposed to be erected in a block now containing 90 per cent. of frame buildings.

The rear line of this lot is in fact the boundary of the present fire limits, and the outermost boundary of the proposed structure is a bare 25 feet inside the fire limits.

Section 142 permits a two-story and basement frame dwelling to be erected on this lot, since 90 per cent. of the present buildings in the block are frame.

We therefore ask that this appeal be granted, not only because this structure is proposed to be erected in a block containing 90 per cent. of frame buildings, but because this building erected 25 feet east would be perfectly lawful.

Appearance—Mr. Goldner.

On motion, denied.

The question of fireproof construction of coal pockets was discussed; the discussion to be resumed at next meeting.

Adjourned.

EDWARD V. BARTON, Clerk.

DEPARTMENT OF TAXES AND ASSESSMENTS.

REPORT FOR QUARTER ENDING DECEMBER 31, 1907.

Department of Taxes and Assessments,
Hall of Records,
New York, February 27, 1908.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

SIR—In pursuance of the requirements of section 1544 of the Greater New York Charter, the Commissioners of Taxes and Assessments submit the following report of the operations and action of this Department for the three months ending December 31, 1907:

During the period for which this report is made, the work of the Department was chiefly confined to the assessing of real and personal property for the year 1908, which, under the direction of the Commissioners of Taxes and Assessments, was begun by the Deputy Tax Commissioners on the first Tuesday in September in the several districts to which they were assigned, as required by section 899 of the Charter. The work was practically completed at the end of the term for which this report is made and the preparation of the books of "Annual Record of Assessed Valuation of Real and Personal Estate" for the year 1908, was in progress to enable them to be opened for inspection, revision and correction on the second Monday in January, as required by law.

Assessment of Bank Shares.

The provisions of chapter 126 of the Laws of 1902, amending section 24 of chapter 550 of the Laws of 1901, being section 24 of the Tax Law, in relation to the assessment and taxation of the shares of banks in The City of New York, were duly complied with.

On the 14th of December a certified statement of the assessment and taxation of the shares of each bank for the year 1907, was mailed to the President thereof, and a copy delivered to the Receiver of Taxes to whom the amount of the tax so certified became payable by the several banks on or before December 31, 1907, and when collected is turned into the General Fund and becomes available for the general expenses of the City.

The following is a statement of the assessment and taxation of the shares of banks in the several boroughs comprising The City of New York for the year 1907:

The following is a summary of the work done in the Surveyor's office during the three months ending December 31, 1907:

Lot Alterations.

Borough of Manhattan—Alterations were made affecting 1,854 lots in the 37 volumes of block tax assessment maps.

Borough of The Bronx—Alterations were made affecting 2,007 lots in the 31 volumes of block tax assessment maps and in the 6 volumes of tentative maps.

Borough of Brooklyn—Alterations were made affecting 4,585 lots in the 92 volumes of block tax assessment maps and in the 11 volumes of tentative maps.

Borough of Queens—Alterations were made affecting 5,800 lots in the 31 volumes of tentative maps.

Borough of Richmond—Alterations were made affecting 1,147 lots in the 13 volumes of tentative maps.

The duplicate copies of the tax maps used by the Deputy Tax Commissioners in all the Boroughs and the copies of the block tax assessment maps in the offices of the Bureau of Arrears and Water Registrar in the Boroughs of Manhattan, The Bronx and Brooklyn, were corrected to correspond with the alterations made on the original maps.

The number of volumes of tax maps in the different Departments now in actual use for purposes of levying taxes, water rents, assessments and arrears is as follows:

| | |
|---|-----|
| Department of Taxes and Assessments | 221 |
| Duplicates used by Deputy Commissioners | 219 |
| Comptroller's office, Bureau of Arrears | 160 |
| Department of Water Supply, Water Registrar | 160 |
| Total | 760 |

Block Tax Assessment Maps.

The necessary searches, surveys, calculations and drafting for the preparation of maps for Sections 22, 23 and 24 of the Borough of Brooklyn, were in progress during the quarter.

Lands Acquired for Public Purposes.

Lands acquired for street and other public purposes in thirty proceedings were properly shown on the tax maps; two of the proceedings were in the Borough of Manhattan, three in the Borough of The Bronx, twelve in the Borough of Brooklyn, nine in the Borough of Queens and four in the Borough of Richmond.

Street Closings.

The Board of Estimate and Apportionment discontinued and closed fifteen streets in the Borough of Brooklyn and two in the Borough of Queens, which were taken from the maps.

Miscellaneous.

A list of the streets, avenues and waterways crossed by franchise corporations was prepared for the use of the State Board of Tax Commissioners.

Respectfully submitted,

LAWSON PURDY, President;
FRANK RAYMOND,
JAMES H. TULLY,
NICHOLAS MULLER,
CHARLES PUTZEL,
THOS. L. HAMILTON,
HUGH HASTINGS,
Commissioners of Taxes and Assessments.

SUPREME COURT—FIRST DEPARTMENT.

FIRST JUDICIAL DISTRICT.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel of The City of New York, pursuant to the provisions of chapter 4 of the Laws of 1891 and the several statutes amendatory thereof and supplemental thereto, to make application to the Supreme Court of the State of New York, at a Special Term, Part III, thereof, to be held in and for the County of New York, at the County Court House, in the Borough of Manhattan, City of New York, on the 24th day of March, 1908, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of three disinterested freeholders, residents of The City of New York, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property, rights, franchises, easements or privileges sought to be taken or acquired by The City of New York, or which may be affected or damaged by this proceeding. The City of New York by this proceeding seeks to acquire an estate in fee simple in certain real property hereinafter described and a permanent and perpetual underground right, easement, and right of way, and also a temporary right or easement in certain other real property hereinafter described, for the construction, maintenance and operation in perpetuity of a rapid transit railroad, in accordance with the routes adopted by the Board of Rapid Transit Railroad Commissioners by resolution on the 25th day of May, 1905, and approved by the Board of Estimate and Apportionment of The City of New York on the 14th day of July, 1905, and approved by the Mayor of The City of New York on the 28th day of July, 1905, and consented to by an order of the Appellate Division of the Supreme Court, First Judicial Department, made and entered on or about the 12th day of March, 1907, which railroad is further described in the contract for the construction thereof made by The City of New York, acting for the said Board of Rapid Transit Railroad Commissioners, and the Degnon Contracting Company, dated May 9, 1907, the subway or subways for said railroad to be constructed substantially as shown in said contract and upon the maps or plans adopted by the Public Service Commission for the First District of the State of New York on the 17th day of December, 1907.

The premises, in which an estate in fee simple is to be acquired in this proceeding, are briefly described as certain lots or parcels of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York on the 17th day of December, 1907, as Lots Nos. 3, 4, 5, 7, 8 and 9 in Block 198, which lots taken together form a parcel of land situated at the southeast corner of Centre and Walker streets, with a frontage on the easterly side of Centre street, extending about 127 feet 11 inches southerly from the southerly side of Walker street, and with a frontage on the southerly side of Walker street extending about 141 feet 2 inches easterly from the easterly side of Centre street, said Lot No. 3 being also designated upon said maps as No. 142 Centre street; said Lot No. 4 being also designated upon said maps as No. 144 Centre street; said Lot No. 5 being also designated upon said maps as No. 146 Centre street and Nos. 111, 113 and 115 Walker street; said Lot No. 7 being also designated upon said maps as No. 117 Walker street; said Lot No. 8 being also designated upon said maps as No. 119 Walker street, and said Lot No. 9 being also designated upon said maps as No. 121 Walker street, all in the Borough of Manhattan, in The City of New York.

The premises to be subject to such permanent and perpetual underground right, easement and right of way, and also to such temporary right or easement, are briefly described as a portion of certain lots or parcels of land designated upon the said maps adopted by the Public Service Commission for the First District of the State of New York on the 17th day of December, 1907, as Lots Nos. 10 and 11 in Block 198, also designated as Nos. 123 and 125 Walker street, which lots, taken together, form a parcel of land situated at the southwesterly corner of Baxter and Walker streets, with a

frontage on the southerly side of Walker street, extending about 50 feet westerly from the westerly side of Baxter street, and with a frontage on the westerly side of Baxter street, extending about 100 feet southerly from the southerly side of Walker street, in the Borough of Manhattan, in The City of New York.

A fuller statement setting forth the location and boundaries of the several lots or parcels of land and rights, franchises, easements or privileges sought to be taken or affected, and a brief statement as to each of said lots or parcels of the title, interest, rights, easements, terms or privileges therein or appurtenant thereto, sought to be acquired by The City of New York, is annexed to each of three similar maps adopted by the Public Service Commission for the First District of the State of New York on the 17th day of December, 1907, which said maps were filed, one in the office of the President of the Borough of Manhattan, City of New York, on the 18th day of December, 1907, and one in the office of the Public Service Commission for the First District of the State of New York, at No. 154 Nassau street, Borough of Manhattan, City of New York, on the 17th day of December, 1907, and one in the office of the Register of the County of New York on the 26th day of December, 1907.

Dated New York, February 10, 1908.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SIXTY-FIRST STREET (although not yet named by proper authority), from Broadway to Riverside drive, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 30th day of March, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 31st day of March, 1908, at 1 o'clock p. m.

Second—That the abstract of our said estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 9th day of April, 1908.

Third—That, pursuant to the notice heretofore given, when we filed our estimate of damage, the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet easterly from the easterly line of St. Nicholas avenue with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-first street; running thence westerly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-first street; thence westerly along said parallel line to its intersection with the middle line of the block between Riverside drive and the property of the New York Central and Hudson River Railroad Company; thence northerly along said middle line to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-first street; thence westerly along said parallel line to the easterly line of the New York Central and Hudson River Railroad Company; thence northerly along said property line to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-first street; thence easterly along said parallel line to its intersection with the middle line of the block between Riverside drive and the property of the New York Central and Hudson River Railroad Company; thence northerly along said middle line to its intersection with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-second street; thence easterly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-first street; thence easterly along said parallel line and its easterly prolongation to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of St. Nicholas avenue; thence southerly along said parallel line to the point or place of beginning.

Fourth—That, provided there be no objections filed to said abstract, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 28th day of April, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment for benefit, the notice of motion to confirm our final last partial and separate report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the WESTERLY SIDE OF AVENUE A, or Sutton place, and the NORTHERLY SIDE OF FIFTY-NINTH STREET and the SOUTHERLY SIDE OF SIXTIETH STREET, between Avenue A, or Sutton place, and First avenue, in the Borough of Manhattan, in The City of New York, duly selected with other property as a site for the Blackwells Island Bridge.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, Room 1406, No. 277 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Thursday, March 5, 1908, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 18th day of March, 1908, at 3:30 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, March 4, 1908.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of GLEBE AVENUE, from Westchester avenue to Overing avenue; LYON AVENUE, from Zerega avenue to Castle Hill avenue; FRISBY AVENUE, from Zerega avenue to West Farms road; TRATMAN AVENUE, from Zerega avenue to Benson avenue, all of which are in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY orders of the Supreme Court, bearing date the 20th day of October, 1907, and the 5th day of February, 1908, and duly entered in the office of the Clerk of the County of New York at his office, in the Borough of Manhattan, in The City of New York, on the 16th day of December, 1907, and the 6th day of February, 1908, a copy of the order bearing date the 20th day of October, 1907, was duly filed in the office of the Register of the County of New York, we, Robert H. Bergman, Timothy F. Driscoll and George Burchell, were appointed Commissioners of Estimate, for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said Robert H. Bergman was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not re-

quired for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of March, 1908, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 3, 1908.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of CHURCH AVENUE, from Flatbush avenue to East Eleventh street, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 18th day of March, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of March, 1908, at 2:30 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 28th day of March, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Flatbush avenue where the same is intersected by a line drawn parallel with Church avenue and distant two hundred feet northerly of the northerly side of Church avenue; running thence westerly and parallel with Church avenue to the easterly side of East Eleventh street or Stratford road; running thence southerly and along the easterly side of East Eleventh street or Stratford road to where a line drawn parallel with the southerly side of Church avenue and distant two hundred feet southerly therefrom would intersect the easterly side of said Stratford road; running thence easterly and parallel with Church avenue to the westerly side of Flatbush avenue; running thence northerly along the westerly side of Flatbush avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 12th day of May, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, February 28, 1908.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
