Re: Report on Study of Private Streets Pursuant to Local Law No. 52 of 2017

Honorable Mayor de Blasio and Honorable Speaker Johnson,

Please accept this report on DOT's study of private streets pursuant to Local Law No. 52 of 2017. As required we contacted respective Borough Presidents and the Department of City Planning to request the location of private streets in the City. And we reviewed the factors that may be considered or necessary for the acquisition of built private streets such as required mapping, construction, condition, and specifications. Attached are the lists of private streets provided by the Borough President's Offices and the Department of City Planning and related communications:

1. DOT's requests to Borough Presidents and the City Planning Commission (Exhibit A)
2. List of private streets in Manhattan (Exhibit B)
3. List of private streets in the Bronx (Exhibit C)
4. List of private streets in Brooklyn (Exhibit D)
5. List of private streets in Queens (Exhibit E)
6. List of private streets from the Department of City Planning (Exhibit F)

Please note that DOT did not receive a list of private streets from the Borough President's Office of Staten Island.

Sincerely,

A handwritten signature in blue ink, appearing to read "M. Forgione", is written over a horizontal line.

Margaret Forgione
Chief Operations Officer
