

**TABLE OF CONTENTS**

**CHAPTER ONE ..... 1**

**What is Watershed Planning..... 1**

    Watershed Planning and Jamaica Bay ..... 1

    Issues Common to Watershed Planning Processes ..... 1

    The Watershed Planning Approach ..... 2

**CHAPTER TWO ..... 4**

**Planning Framework..... 4**

    The Planning Process for Jamaica Bay ..... 4

    Organization of the Plan ..... 5

    The Vision for Jamaica Bay ..... 6

    Issues Identification ..... 6

    Objectives ..... 8

    Management and Implementation Strategies ..... 9

**CHAPTER THREE ..... 14**

**Category 1, Water Quality..... 14**

    Introduction and Issues Identification..... 14

    Objective 1A: Reduce Nitrogen Loading to the Tributary Basins and Jamaica Bay ..... 18

    Objective 1B: Reduce CSO and other discharges into the tributary basins to improve pathogen and DO levels..... 42

    Objective 1C: Increase Dissolved Oxygen Levels in Tributary Basin Areas of Chronic Hypoxia to Improve Ecological Productivity ..... 60

    Objective 1D: Develop a Robust and Coordinate Scientific Program ..... 68

**CHAPTER FOUR..... 86**

**Category 2, Restoration Ecology: Objectives, Current Programs, and Potential Management Strategies ..... 86**

    Introduction and Issues Identification..... 86

    Objective 2A: Restore the Salt Marsh Islands in Jamaica Bay ..... 87

    Objective 2B: Preserve And Enhance Natural Areas Along Periphery Of Bay And Watershed ..... 102

**CHAPTER FIVE ..... 143**

**Category 3, Stormwater Management Through Sound Land Use ..... 143**

    Introduction and Issues Identification..... 143

    Objective 3A: Promote the Use of On-Site Best Management Practices in New and Existing Development ..... 145

    Objective 3B: Promote the Use of Off-Site Stormwater Best Management Practices..... 184

**CHAPTER SIX ..... 209**

**Category 4, Public Education and Outreach ..... 209**

    Introduction and Issues Identification..... 209

    Objective 4A: Raise Awareness Of Jamaica Bay’s Unique Assets And Challenges ..... 210

**CHAPTER SEVEN..... 219**

**Category 5, Public Use and Enjoyment..... 219**

Introduction and Issues Identification.....219

Objective 5a: Increase public access to Jamaica Bay. ....222

Objective 5b: Increase public access to a wider range of landscape types in the upper watershed in order to expand the public’s understanding of the interconnectivity of the entire Jamaica Bay watershed. ....228

**CHAPTER EIGHT ..... 232**

**Category 6, Implementation and Coordination..... 232**

Introduction and Issues Identification.....232

**CHAPTER NINE..... 236**

**Category 7, Strategies for Future Consideration ..... 236**

Introduction .....236

CATEGORY 1: WATER QUALITY.....236

CATEGORY 2: ECOLOGICAL RESTORATION .....246

CATEGORY 3: STORMWATER MANAGEMENT THROUGH SOUND LAND USE .....248

CATEGORY 4: PUBLIC EDUCATION AND OUTREACH .....248

CATEGORY 5: PUBLIC USE AND ENJOYMENT .....257

## **ACKNOWLEDGEMENTS**

Photo Credit: The photos on the cover of this *Jamaica Bay Watershed Protection Plan* were provided by Don Riepe/American Littoral Society. Thanks, Don.

Cover Map Credit: Thank you, National Park Service.
