COMMISSIONERS OF THE SINKING FUND.

Abstract of the proceedings of the Commissioners of the Sinking Fund, at the meeting held March 20, 1877.

Present—Hon. Smith Ely, Jr., Mayor (Chairman); Hon. John K. Hackett, Recorder; Hon. John Kelly, Comptroller; J. Nelson Tappan, Esq., Chamberlain; and Patrick Keenan, Esq., Chairman of Finance Committee, Board of Aldermen.

The minutes of the last meeting were read and approved.

The Comptroller submitted the following report, on the petition of the New York Institution for the Instruction of the Deaf and Dumb, in relation to a water grant, on the North river, in front of the upland owned by said institution, between One Hundred and Sixty-second and One Hundred and Sixty-sixth streets, viz.:

NEW YORK—COMPTROLLER'S OFFICE,
March 19, 1877.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Comptroller, to whom was referred the petition of the New York Institution for the Instruction of the Deaf and Dumb, for a water grant on the North river, in front of the upland owned by them, between One Hundred and Sixty-second, One Hundred and Sixty-third, and One Hundred and Sixty-sixth streets, would

REPORT:

That he has presented the question of valuation of this grant to the Department of Taxes and Assessments, which has certified the value to be \$25 per running foot; upon the submission thereof to the Commissioner of Public Works, he has agreed that such valuation is fair and reasonable; and the Comptroller would recommend that the value of such grant be fixed at twenty-five dollars per running foot, excepting the streets running east and west; the grantees to be required to build a strong and substantial bulkhead, when the interest of the city may require it for the convenience of commerce; and the work to be done under the superintendence of the proper officer of the city government, and reserving to the city the right to lay out and open an avenue or street running north and south through said land, when filled in; also intersecting streets running in an easterly or westerly direction, without cost or charge to the city for the land taken or used in said avenues or streets.

I would further suggest, that a covenant be included in this grant, that the bulkheads and streets or avenues should be kept in good repair, with penalty of forfeiture in case of non-compliance, upon notice having been first given by the proper officer of the city government; also that the wharfrage along the whole line of the bulkhead be reserved by the city, except for such vessels as may be in use by or the property of the grantees, and that no dock or other obstruction be built in the slips between the streets by the parties to whom the grant is made, which should be subjected to the restrictions suggested by the Department of Docks in their letter of February 8, 1877, which is appended herewith.

Respectfully submitted,

JOHN KELLY, Comptroller.

On motion, the report was accepted and approved; and the following resolution, submitted therewith, adopted, viz.:

Resolved, That a water grant of the land fronting the premises of the New York Institution for the Instruction of the Deaf and Dumb, extending from the centre of One Hundred and Sixty-second to One Hundred and Sixty-sixth street, North river, reaching to the bulkhead line as established by law in 1868, and as shown on the accompanying diagram, be made to such institution, at the sum of twenty-five (\$25) dollars a running foot, excluding the width of the streets laid down therein running east and west.

Such grant to reserve to the city the right, that in case at any time it shall require any of said premises for its own use as a street, or for the proposed permanent improvement of the water front, or for any future improvement which may be decided upon, no charge shall be made for any part so required, nor for the cost of any improvement or structures thereon or damage thereto; also that the grantees shall covenant to build a strong and substantial bulkhead, when required for the convenience of commerce, the work to be done under the superintendence of the proper officer of the city, also reserving to the city the wharfrage along the whole line of the bulkhead, except for vessels used by or the property of the grantees; the bulkheads to be kept in good repair by the grantees, with penalty of forfeiture in case of non-compliance, after notice from the proper officer of the city having the matter in charge; and that no dock or other obstruction be built in the slips between the streets by the grantees; excepting also from the operation of the grant any right which may have been acquired by the Hudson River Railroad Company.

On motion of the Recorder, it was

Resolved, That the aforesaid report and resolution, with annexed papers, be referred to the Counsel to the Corporation; and that he be and hereby is requested to issue a grant, as authorized by the resolution aforesaid, upon the acceptance of the terms and conditions therein stated, by the officers of the said Institution for the Instruction of the Deaf and Dumb.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1876.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,
County Court-house (Chambers street entrance)
