## MUNICIPAL CIVIL SERVICE COMMISSION.

REPORT FOR THE YEAR 1902.

NEW YORK, January 12, 1903.

To the State Civil Service Commission, Albany, New York:

GENTLEMEN—In compliance with the provisions of the Civil Service Law (chapter 370 of the Laws of 1899) the Municipal Commission of The City of New York submits its report of the manner in which such law and rules and regulations established thereunder have been and are administered and the results of their administration in said City.

On January 1, 1902, the Mayor appointed as members of the Municipal Civil Service Commission:

WILLIS L. OGDEN,  
WILLIAM N. DYKMAN,  
ALEXANDER T. MASON,  
THEODORE M. BANTA,  
WILLIAM A. PERRINE,  
NELSON S. SPENCER,  
CORNELIUS VANDERBILT.

They were the first of the appointees of the new administration of the Municipal Government sworn into office and this was done because the instant action of the Commission was necessary to the proper organization of certain departments of the City newly created under the revised Charter.

The Municipal Civil Service Commission held its first meeting on January 1, 1902, Mr. Willis L. Ogden being chosen as President. The resignation of Mr. Lee Phillips, as Secretary, was received and accepted and Mr. George McAneny was appointed to fill the vacancy.

Mr. George McAneny, owing to ill health, was forced to resign his position as Secretary on June 9, 1902.

Mr. S. William Briscoe, the Chief Clerk of the Commission, was transferred to the position of Secretary.

We append hereto a table giving the names, occupations, dates of appointment and salaries of the Civil Service Commissioners. In this same table also we furnish the names, titles or positions, dates of appointment and salaries of the employees of the Commission.

At the first meeting of the Commission resolutions were passed amending the classification of positions to accord with the provisions of the revised Charter. Many of the City Departments were new and therefore necessarily without subordinate employees, and as the offices were new it became the function of the Civil Service Commission to supply eligible lists from which selections could be made to fill these vacancies.

Upon an examination of the eligible lists in force as the result of examinations held prior to 1902, it was found that many of them were either practically exhausted or else had been in force for such a length of time that they were substantially useless. As a result it became necessary to hold examinations for many of the positions included in the Competitive Class.

A list was made of all eligible lists in force and sent to all the departments with a circular letter requesting the head of the department to advise the Commission as to what examinations would be required by his department. This was done in order that the Commission might know what ex-

aminations were most needed and should be first prepared. Numerous requests were received from the various departments and every effort was made to meet the needs promptly. In many cases, however, delay was unavoidable owing to the initial delay of fifteen days in advertising the examination and for the further reasons that examinations cannot all be held on one day and the dates of holding them must be distributed in such manner as to satisfy first the more pressing demands. It is frequently the case that an examination will be scheduled for every day for a month in advance. To hold examinations more frequently would require a large addition to the examining force. The number of applications has also been very numerous. In the judgment of the Commission it was better that a department should suffer a temporary inconvenience than that the work should be ill done. By referring to Tables No. 2 and 3 of this report it will be observed that the time of the Commission has been taxed to its fullest extent, and on the average an examination has been held every day in the month, and in some cases two or more examinations have been held on the same day.

During the year 53 meetings have been held. Regularly weekly meetings have been held throughout the year on fixed days of the week. For the purpose of facilitating the business of the Commission the following committees were appointed:

Law Committee,  
Committee on Transfers,  
Committee on Reinstatements,  
Labor Committee,  
Payroll Committee,  
Committee on Temporary Appointments,  
Committee on Non-Competitive Examinations,  
Committee on Appeals,  
Committee on Examinations.

The Committees consider all matters relative to their respective duties and make reports and recommendations to the Commission.

An examination of the records showed that there were on file thousands of applications to enter examinations which might never take place, and these unnecessarily encumbered the files and records. The system of receiving applications for any and all positions was abolished and a regulation established providing for the filing of applications only for such examinations as were scheduled to take place. This new system of filing applications has considerably reduced the labor and expense connected with their receipt.

A regulation has been established governing the system of advertising examinations which provides as follows:

"Public notice will be given of all competitive examinations at least two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close.

"Persons desiring application blanks may obtain the same by applying to the office of the Commission, either in person or in writing, stating in each case the position or positions for which they wish to apply.

"All notices of examination will be posted and advertised. Such notices will state the scope of the examination, but for more general information application should be made at the office of the Commission."

Notices of all examinations are posted in the offices of the Commission, the City Hall, Manhattan, the Borough Hall, Brooklyn, and the Municipal Building, Brooklyn, and published in the "City Record" and sent to all the daily papers. Examinations of a scientific or technical character are published in the technical journals devoted to that particular trade or profession for which the particular examination is held. It has been found that through this efficient system of advertising the number of applicants has largely increased, thus affording a wider scope of selection and obtaining for the City a higher and more intelligent class of competitors.

A plan has also been put into operation of holding examinations at fixed periods of the year, so far as practicable, for the purpose of providing adequate lists in advance of the actual needs and also to give the public the satisfaction of knowing in advance when to expect an examination for certain positions. Under the previous system of holding of examinations in which the number of candidates was in excess of the capacity of the examination room, the practice was to examine only such number at one time as could be conveniently accommodated and to prepare a list as a result of an examination held on several days. This practice necessitated the preparation and rating of new sets of examination papers for each section with inevitable great delay in the establishment of eligible lists. This Commission has held very important examinations at which there were examined at one time and on the same day as many as 2,000 candidates. The practice of conducting examinations in sections has been substantially abolished and the system of examining all candidates for a stated position at the same time and on the same day has been substituted in its stead.

Owing to the larger number of applicants for examination and to increase the efficiency of the service it became necessary to employ additional examiners who would give their whole time to the work of the Commission and also to reduce the number of examiners on the "session" basis (who are paid \$10 per session of seven hours) and place them upon a salaried basis. While the employment of examiners at the "session" rate has not been wholly abolished, it has been curtailed, as will be seen by Table No. 24 of this report. In 1902 approximately \$20,000 was appropriated for the employment of examiners at the "session" rate, while for the year 1903 \$7,500 was asked for the employment of "session" examiners, and request was made for authority to employ one additional examiner at \$3,000, three at \$2,400 and two at \$1,200. The examiners who were formerly employed under the "session" basis were given the opportunity of accepting employment under the salary basis at \$2,400 or continuing on the "session" basis and receiving such employment as might be assigned to them from time to time as the needs of the service required. Four of the examiners accepted the offer of employment on the salary basis, but the other candidates de-

clined, preferring to continue employment under the "session" basis for the reason that they had outside employment which they could not afford to abandon. The rating of papers by examiners who can give their entire time to the work of the Commission has produced most satisfactory results.

A regulation has been adopted that in all examinations where a candidate fails to pass on his technical or principal paper his remaining papers are not rated, saving much unnecessary labor and cost.

Under the improvements made and contemplated the Commission feels assured that the preparation of efficient eligible lists will be more quickly established. During the year 1902 examinations were held for 77 different positions for original appointment in the Competitive Class. 15,980 candidates have been examined for various positions. This includes the rating during 1902 of papers of candidates who participated in examinations held prior to that date. 3,364 persons were examined physically. Of this number 1,639 were examined physically for Patrolman but failed to pass the examination and therefore did not enter the mental examination.

Appended to this report is a statistical table, No. 9, showing the number of persons applying, number of applicants absent, withdrawn, failed, passed and appointed as a result of examinations and lists established during 1902.

Other tables appended will show the examinations held during 1902, which are now in the process of being rated and of appointments made during 1902 from eligible lists established prior to that date and also from lists established of suspended employees pursuant to section 1543 of the New York Charter.

We also append a table showing the character of the examination, the number of candidates, the date of examination, the date of the issuance of the list and the interval between these two dates.

When we entered upon our duties there were in the classification 482 different titles calling for separate examinations. With the co-operation of the Mayor and the Board of Estimate and Apportionment a complete reclassification of the grading of the employees of the City departments was made, eliminating a separate classification for each department excepting for positions included in the Exempt Class and reducing the number of titles to 253, and, what is more important, requiring an equal salary for equal services. The rules governing increases in salary beyond the limit fixed for the grade were also revised, thus offering a more favorable scheme for regulating examinations for promotion according to the length of service in the City. This was a labor which extended over a period of two months and occupied the entire attention of the Commission beyond that which was demanded for routine administrative work. It was accomplished only after consultation with the other departments in the City and the holding of public hearings. This revised classification became operative on May 10, 1902.

We have inaugurated a system of classifying offices in the Exempt Class or as non-competitive only after advertisement and notice to the persons in the service affected and public hearing, at which time the arguments for and against such amendment are stenographically reported. A transcript is made of the public hearing and forwarded to the Mayor and your Honorable Body in case favorable action is taken by the Commission. The law governing promotions has been rigidly enforced, but it is at least open to discussion whether the law as at present framed tends to the efficiency of the service or the merit system.

The Commission has under consideration a plan to improve the record of efficiency in use in promotion examinations. It cannot be inaugurated at once, as its success depends upon the general co-operation of every department in the City. The Commission has no power to compel the observance of the suggestion in this respect by any department. No such record will be valuable unless it be continuous, and it is far from being a simple matter to devise a form which will not be so cumbersome as to be unworkable. The scheme can be put into successful operation only after careful consultation with the heads of departments.

Whenever non-competitive examinations have been held under the last paragraph of Rule 38, the Commission has required the department to forward to it for approval questions given in the examination and the answers thereto, and such papers were referred to the Board of Examiners for examination and report before being considered by the Commission and the recommendation of the Board of Examiners was invariably adopted. The holding of examinations of this character under the jurisdiction of the City departments has been virtually abandoned, and all such examinations are now conducted by the Board of Examiners of the Commission.

In order to carry out the provisions of the rules governing promotion in accordance with the grades established under Rule 37 on May 10, 1902, all examinations have been held for specific grades. The Commission takes this opportunity to inform you, however, that under the opinion of the Corporation Counsel, rendered December 18, 1902, a copy of which is hereto annexed, the grades as fixed by Rule 37 on May 10, 1902, can be applied only in the case of increase of salaries of persons appointed as a result of examinations held on or subsequent to that date. Appended hereto is a table showing the results of all promotion examinations.

In the case of a transfer from one class to another or from one grade in the Competitive Class to another grade in the same class, the reasons for the transfer have been set forth in the minutes and were, with but two exceptions, for the reason that the person to be transferred had passed an examination or held a place upon the eligible list in force for the position to which a transfer was to be made. The two exceptions above referred to were the transfer of a person holding the position of Mason (Labor Class) to the position of Inspector of Masonry (Competitive Class). The person transferred was a veteran of the Civil War and the transfer was made pursuant to the provisions of section 21 of the Civil Service Law. The other case was that of a transfer in the same class from one grade to another. We were requested to make this transfer by the Board of Estimate and Apportionment for the reason that it was desired to appoint to the position of Assistant to the Engineering Works of the Board of Estimate and Apportionment an experienced employee rather than resort to the eligible list for a candidate for employment.

A Committee on Appeals consisting of one member of the Commission in turn and two Examiners has been substituted in place of the method before used. A bare statement of facts can do little to convey to your minds the enormous amount of labor expended in consideration of these appeals. An examination of the table hereto attached showing the result of the action of the Committee on Appeals will give a more definite idea of the

work performed. In order to regulate the making of appeals the following regulation has been established:

*"No candidate for a position for which a physical examination is required who is rejected or who fails to appear on the date set, shall be again examined within nine months, unless by order of the Commission. A candidate asking a new examination shall be required to submit to the Commission an affidavit stating the reasons for which such examination is asked, and if such reasons be that the candidate's physical disability was temporary, the affidavit must be accompanied by a physician's certificate showing explicitly that the disability has been wholly remedied."*

*"A candidate who has been notified of the result of his examination may, upon personal application to the Chief Examiner or other person duly authorized by the Commission, and on presentation of his notice, be entitled to see his papers and the ratings thereon."*

*"No appeal from the ratings of Examiners will be considered unless the grounds on which it is based are stated specifically and in full, in writing, and unless it is presented within fifteen days after the applicant has been notified of the result of his examination."*

A careful record is kept of all persons appealing from the ratings of Examiners and of appeals acted upon, to which ready reference may be made. The appeal of a candidate who held a place on the eligible list has, in a few instances, been granted with the result that his mark has been raised and thus his relative standing on the list has also been raised, but no such appeal has been granted unless it was shown either that an error had been made in the computation of the figures or that the candidate had not received a rating on the subject to which he was entitled. For example: Where a department has failed to furnish the Commission with a full record of the candidate.

The Commission has been engaged in only one litigation, viz.: The case of Solomon Goldenkranz vs. The Municipal Civil Service Commission to have placed in the Exempt Class the position of "1 Clerk to each Coroner" in the Borough of Manhattan.

Appointments made under Rule 7 (former Rule 34), providing for temporary employment, are referred to in Table No. 15 of this report. All temporary appointments made under Paragraph 1 to competitive positions in the absence of an eligible list have been immediately followed by competitive examination for the position to which temporary appointment was made. No appointment has been allowed unless such person showed that he was qualified to fill the position as a result of the competitive examination. Temporary appointments made in cases of emergency under Paragraph 2 have not been frequent, but where the application of this rule has been applied the Commission has not issued its approval unless it was satisfied that the emergency actually existed. No appointments have been made under the provisions of Paragraph 3, Rule 7. The provisions of Paragraph 4, authorizing the employment of persons in private service at a compensation not exceeding \$250 per annum has afforded much relief to the City departments where it has not been practicable to obtain a person to perform the work required from the eligible list in force, but the Commission has had frequent requests for authority to make appointments under this section, but in no case has the Commission given such authority unless it was satisfied that the provisions of this paragraph had been fully complied with. Appointments made under Paragraphs 5, 6 and 7 are shown in a table in the appendix. Five appointments have been authorized under Paragraph 6 (former Rule 6, Schedule "A," Part II.), and in these cases when an appointment was found impracticable for such service of a person from an eligible list (after examination). The persons appointed residing in the locality (Pittsburgh) where the work of inspection was to be performed.

The Commission has established a set of regulations pursuant to the provisions of Rule 3 for the more effective execution of the Civil Service Rules. We are preparing and will shortly have ready for distribution a manual and sample examination questions for the instruction and use of applicants, and similar in many respects to that issued by the State Civil Service Commission and by the United States Civil Service Commission. We have inaugurated a system of issuing circular letters to candidates for positions for which there are a large number of applications, such as Patrolman or Fireman, giving them explicit information as to the character of the examinations and the qualifications required, and warning them against persons who may attempt to swindle them by the sale of private information. A new form of application is prescribed, a copy of which is hereto appended. All applications are carefully verified and any question raised as to the character of the applicant is investigated before the candidate is admitted to examination.

A Civil Roster has been kept by the Commission containing the names of all persons employed in the service under jurisdiction of the Civil Service Rules and included in the Exempt Class, the Competitive Class and the Labor Class, and of all changes in the service of the departments of the City. The Commission has not attempted to keep a roster or to make any record of changes occurring of persons holding positions included in the Non-Competitive Class for the reason that the changes in this class are so frequent that it would not be practicable or possible to keep a complete record from day to day. The provisions of section 10 of the Civil Service Law requiring the certification of payrolls has been most carefully carried out, each payroll being verified with the official roster. The Commission has declined to attach its certificate whenever a doubt has existed as to the regularity of the appointment, promotion or employment of the person. The Comptroller of New York City has declined to pass the payroll, estimate or account of any person against whom this Commission has entered its objection to the payment of his salary, and has in every way offered his most complete support for the carrying out of the provisions of the Civil Service Law.

Reports of the changes in the City service have been regularly made to the Commission and a full record has been kept of the same.

The provisions of the Civil Service Law respecting veterans have been fully complied with.

Concerning the application of the law to cases of promotion, the Commission has had limited opportunity to determine its effect, except in the Police and Fire Departments. The ordinary examinations for promotion have been interfered with by the abolition of some departments and the consequent suspension of many employees holding positions therein whose names by the provisions of the New York Charter were directed to be placed on

a preferred eligible list for certification for reappointment, in preference to other employees who might be eligible for examination for promotion. It is the opinion of the Commission that the present rules should be revised and simplified, and for this purpose the Commission is preparing a revision of the rules. The law governing appointments in the Police and Fire Departments has been in operation since 1883 and from year to year has been modified and improved. It has reached a point where the system of examination is subject to little criticism and there is no reasonable doubt that the departments have been greatly benefited and the standard greatly improved. Candidates for the positions of Patrolman and Fireman are required to undergo medical, physical, mental and character examinations. At the present time more than three-quarters of the employees of these two departments are persons who have passed examinations.

The provisions of the law as to the registration and certification of persons employed in the Labor Class have been fully complied with. The work of the Labor Bureau has increased greatly in volume. In 1897, before consolidation, 3,802 applications were received for positions in the Labor Class, while during the year just closed we received 10,532 applications for the same positions. There are 72 positions represented in Schedule G, and as there are separate lists for each borough, this involves a preparation of 360 separate and distinct eligible lists, together with additional eligible lists for the convenience of the Department of Water Supply, Gas and Electricity and the Aqueduct Commission in the Counties of Westchester, Putnam and Nassau. All candidates for positions in the Labor Class are required to undergo a medical examination as to their physical ability to perform the duties attached to the work for which they apply and are required to furnish certificates of character and letters of recommendation from persons for whom they have previously worked in the capacity for which they make application, setting forth their ability to perform that particular kind of work. Of the 72 positions mentioned, 20 are subject to an additional trade examination. In these examinations, which are held as heretofore in the New York Trade School and the Pratt Institute of Brooklyn, all theoretical questions and tests are eliminated and the tests are wholly practical. The work of conducting physical examinations has been very heavy owing to the increased demands of the departments, and during the year 6,120 persons have been examined. On account of the heavy increase in registration we have been enabled to apply a more severe test as to physical condition, and therefore greatly improve the standard of eligibles for certification to the various City departments. Under the amendment adopted by the Commission in May, 1902, some 17 positions were stricken from Schedule G and were incorporated with others in Schedule F, the Non-Competitive Class. These positions were principally represented in the hospital service, and the transfer has proven of undoubted benefit to the service. Eligible lists which were in force at the time of the amendment abolishing the 17 positions referred to were amalgamated with other appropriate lists of names of persons occurring thereon, being placed upon the list with which it was amalgamated in order of the date of filing application.

The abolition of a number of positions in the Labor Class and the amalgamation of a number of lists which were heretofore divided according to certain localities has operated to prevent evasions of the rules which, under former conditions, were made possible.

The provisions of section 1543 of the New York Charter requiring the reinstatement of persons discharged by reason of lack of work, lack of appropriation or for economy in preference to certification from the eligible list have been observed and a preferred list containing 3,000 names has been in force during the year.

The Commission regrets to state that a number of cases have been called to its attention, especially in the Labor Class, where fraud has been perpetrated by the substitution of one person for another who has been certified for appointment. To prevent this fraud we have established a system of identification of persons appointed in the service. At the time of the medical examination the age, height, weight and color of hair and eyes are all duly recorded. A copy of this identification is placed on the card of eligibles forwarded to the applicants to be presented by them to the appointing officer when certified for appointment, and a similar card is sent to the department when the name of such person is certified, and by this means insuring the appointment of the person entitled to the position. This system requires the co-operation of the heads of departments, and we believe that substitution and impersonation in the future will be to a great extent prevented.

The establishment of a Non-Competitive Class of employees in the Department of Public Charities and the Department of Correction and of Bellevue and Allied Hospitals and the Department of Health has had good results. Heretofore persons who were appointed to the minor positions in these departments were appointed without examination, the positions being included in the Exempt Class. Under the present system a Board of Examiners, nominated by the heads of the departments and approved by this Commission, is required to examine all candidates making application for the positions included in the Non-Competitive Class under a system recommended by this Commission and to certify to the general qualifications of the persons examined. Regular monthly reports are forwarded by the Non-Competitive Board of Examiners to this Commission.

All appointments made to positions included in the Exempt Class have been made pursuant to the provisions of the Civil Service Rules, and not more than one appointment has been made to any position included in the Exempt Class unless a different number was specified.

Whenever any violation of the law or rules has been called to the attention of the Commission the complaint has been carefully investigated by a Committee of the Commissioners and by the Character Examiner and Inspector, and if, after investigation, it was found that the complaint was justified the Commission has taken the necessary action to immediately stop the abuse. In April, 1902, a competitive examination was held for the position of Character Examiner and Inspector, and in June, 1902, Mr. Peter D. Byrne was appointed to fill that position. Complaints are referred to him for investigation and report, and whenever his report is of such a character that the Commission deems a more rigid investigation necessary, we have availed ourselves of the powers of investigation conferred upon us by the New York Charter, section 125. The Commission has held two such investigations; one covering one day and the other three days and has ordered a third investigation to be held.

For your further information we herewith append statistical tables showing in detail the transactions of the Commission during the past year, as shown by the index preceding the report.

Respectfully submitted,

WILLIS L. OGDEN, *President*.  
WILLIAM N. DYKMAN,  
ALEXANDER T. MASON,  
THEODORE M. BANTA,  
WILLIAM A. PERRINE,  
NELSON S. SPENCER,  
CORNELIUS VANDERBILT,

*Commissioners.*

January 15, 1903.

S. WILLIAM BRISCOE, *Secretary*.

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, December 18, 1902.

*Municipal Civil Service Commission:*

SIRS—I am in due receipt of a communication bearing date 24 November, sent through your Secretary, Mr. S. William Briscoe, which is in part as follows:

"In August last, the Municipal Civil Service Commission received a communication from the Board of Rapid Transit Commissioners giving notice of the action of the Board in increasing the salaries of a number of Assistant Engineers in its employ. In view of the fact that the persons so increased were carried beyond the limits of their respective grades, as fixed by Civil Service Rule 37, established May 10, 1902, the Board was notified that the increases could not be recognized unless the Engineers passed an examination for promotion, in which examination all other Assistants who had served in lower grades for the required length of time would be eligible to compete.

"A number of committees representing the persons whose increases were not recognized subsequently called at this office and stated that in their opinion it was unnecessary for them to take any further examination for the reason that the examination which they originally passed, as a result of which they were appointed, was for what was known as the fifth grade in the rules in force at that time and prior to May 10, 1902, as follows:

"Assistant Engineer. Annual compensation of more than \$1,800, but not more than \$3,000."

A number of papers accompanied this communication, which have all been carefully perused, and it is only necessary to refer to them generally at this time.

The situation disclosed by these papers is as follows:

Various persons, whose names appear in the papers mentioned, passed the examination for Assistant Engineer at times not specified in the papers in question, but before May 10, 1902, when the amendment of the rules went into effect.

Before the amendment of the rules mentioned, Rule 37 provided for a grading according to the fixed limit of compensation as follows, among other things:

"Group 3—For all architectural, civil or mechanical engineering positions, as follows:

\* \* \* \* \*

"Fifth Grade—Chief Draughtsman. Annual compensation of more than \$1,800, but not more than \$2,000. Assistant Engineer. Annual compensation of more than \$1,800, but not more than \$3,000.

"Sixth Grade—Principal Assistant Engineer. Annual compensation of more than \$3,000."

The persons in question passed the examination under this rule and classification, and therefore each became entitled to fill a position of Assistant Engineer at a compensation of "more than \$1,800, but not more than \$3,000."

By the amendment of the rules, May 10, 1902, the grading was entirely changed by the classification thereunder established, and a person having a position for which the annual compensation was \$1,800, would have to pass through eight other grades before he reached Grade 16, the highest grade, having a compensation of \$3,000, or over.

Promotions that were sought to be made by the Board of Rapid Transit Commissioners were of certain Senior Assistant Engineers, from \$2,220 to \$2,700 per annum; of Assistant Engineers, Department of Designs, from \$2,200 to \$2,700 per annum, and Assistant Engineers, Grade C, from \$1,800 to \$2,100 per annum.

If the present rules and classification control these promotions they are, of course, clearly irregular.

The question therefore to be considered is whether or not the Municipal Civil Service Commission has power by a change of rules or classification to take from a candidate who has successfully passed an examination for a specified position at a salary fixed at the time of such examination, his right to appointment to that position and at that salary.

In my opinion, the Commission has not such right.

I do not think it can take from the various candidates who have passed the examination for Assistant Engineer at a salary of from \$1,800 to \$3,000 per annum, the right of appointment to a position as Assistant Engineer within these limits of salary.

If by a change of rules these candidates could be required to be re-examined for a much lower position than the grade which carries a salary of \$3,000, it is very apparent that they would, through no fault of their own, lose very valuable rights.

Not only would they have to be examined for a lower grade than that to which they had become entitled, but they would be placed in competition with persons who had never been examined for a \$3,000 grade and whose rights were in every respect junior.

Under the general scheme of the Civil Service Law it was the intention of the Legislature that when a candidate had successfully passed an examination and been placed upon an eligible list, his rights could not be affected by a change of rules and classification. If the law were otherwise, the Board, without any fault of his, might relegate him to a much lower position and deprive him of valuable rights of appointment or promotion.

I think also that it cannot be the intention of the Civil Service Law that a candidate should be compelled to pass two examinations for the same

position, when the first examination was perfectly valid at the time it was taken and carried with it a right to appointment or promotion.

I note the suggestion in one of the papers accompanying your communication that such a ruling as this would throw the entire Civil Service into confusion, because as the different candidates had passed their examinations at different times, under different rules, it would be impossible to administer the system with any uniformity.

I do not think that this result would necessarily follow. The only question which need be considered by your Board is whether or not a candidate did pass a legal and valid examination and was thereby placed upon an eligible list for a certain position, either by appointment or promotion. If he did so pass an examination, he has acquired a right to appointment or promotion as the case may be, and that is all that need concern your Board.

What were the other provisions of the then existing rules need not, I think, enter into the determination of the question suggested.

I believe the foregoing answers the question discussed in your letter.

Respectfully yours,

(Signed) G. L. RIVES, *Corporation Counsel.*

#### SUMMARY AND INDEX TO STATISTICAL TABLES.

Table No. 1—Financial Statement.

" " 2—Chronological order of examinations held.

" " 3—Chronological order of lists prepared.

" " 4—Comparison of candidates examined from 1898 to 1902.

" " 5—Examinations for original appointment for positions in the Competitive Class held and rated during 1902, and appointments made as the result of such examinations.

Number of persons notified, 14,268; absent, 4,478; examined, 9,423; failed, 6,620; passed, 2,803; withdrew, 367; appointed, 906.

" " 6—Competitive examinations held for original appointment during 1902, now in process of being rated. Number of candidates examined, 1,453.

Competitive examinations held for promotion during 1902, now in process of being rated. Number of candidates examined, 19.

Physical examinations held in 1902 for Fireman, not yet rated. Number of candidates examined, 87.

" " 7—Examinations held for original appointment in 1901 and rated during 1902, and appointments made as the result of such examinations.

Number of persons notified, 4,083; absent, 1,951; examined, 1,918; failed, 1,192; passed, 726; withdrew, 114; appointed, 105.

" " 8—Appointments made during 1902 from competitive eligible lists prepared prior to January 1, 1902. Total number of appointments made, 890.

" " 9—Promotion examinations held and rated during 1902, and appointments made from eligible lists formed as the result of such examinations.

Number of persons notified, 2,703; absent, 34; examined, 2,615; failed, 2,031; passed, 584; withdrew, 54; appointed, 279.

" " 10—Promotion examinations held in 1901 and rated during 1902, and appointments made from the eligible lists formed as the result of such examinations.

Notified, 260; absent, 0; examined, 258; failed, 122; passed, 136; withdrew, 2; appointed, 28.

" " 11—Promotions made during 1902 from lists formed prior to 1902. Total number of promotions, 71.

" " 12—Reinstatement examinations. Total number, 1.

" " 13—Appeals acted upon. Total number of appeals considered, 1,776.

" " 14—Appointments made during 1902 from the preferred list formed in pursuance of section 1543 of the New York Charter. Total number of appointments made, 229.

" " 15—Examinations for provisional appointments made during 1902 in accordance with Rule 7, Paragraph 1. Notified, 141; absent, 1; examined, 140; failed, 4; passed, 136; withdrew, 1; appointed, 121.

" " 16—Appointments made under Rule 7, Paragraphs 2 to 8, inclusive.

Number of appointments in cases of emergency under Paragraphs 2 and 4—5.

Number of appointments made from eligible lists formed in 1902 under Paragraphs 5 and 6—34.

Number of appointments made in 1902 from eligible lists formed prior to that date under Paragraphs 5 and 6—14.

Number of appointments made under Paragraph 8—5.

" " 17—Examinations for promotions made as the result of non-competitive examinations held in accordance with Rule 38, Paragraph 7. Examined, 63; passed and promoted, 60.

#### SUMMARY OF THE EXAMINATIONS.

Number of persons examined for competitive positions during 1902..... 9,423

Number of persons examined during 1902, now being rated ..... 1,543

Number of persons examined for original appointments during 1902, of examinations held prior to that date..... 1,918

Number of persons examined for promotion during 1902 ..... 2,615

Number of persons examined for promotion during 1902, papers now being rated..... 19

Number of persons examined for promotion during 1902, examinations held prior to that date.... 258

Number of persons examined for reinstatement.... 1

Number of persons examined for temporary appointment under Rule 7, Paragraph 1..... 140

Number of persons examined, non-competitive for promotion under Rule 38..... 63

Number of persons examined physically for Fireman (examination still in process)..... 87

Total..... 16,067

Temporary appointment was allowed to 35 different positions.

Of the 141 persons temporarily appointed, 46 were appointed to the position of Architectural Draughtsman at a salary of \$750 or less, and 47 were made to the position of Inspector of Regulating, Grading and Paving. In both of these cases an extraordinary demand was made upon the Commission.

#### SUMMARY OF APPOINTMENTS MADE.

Appointments from eligible lists as results of examinations during 1902..... 906

Appointments as the result of examinations held in 1901 and rated in 1902..... 105

Appointments from lists established prior to 1901.. 890

Total ..... 1,901

Appointments made from the preferred eligible list formed in pursuance of section 1543 of the New York Charter ..... 228

Total ..... 2,129

#### SUMMARY OF PROMOTIONS MADE.

From lists formed during 1902..... 279

From lists formed during 1901 and rated in 1902.. 28

From lists formed prior to January 1, 1902..... 71

As a result of non-competitive examinations under Rule 38 ..... 60

Total ..... 438

Note—All examinations held under Paragraph 7, Rule 38, are examinations rated by the Board of Examiners.

" " 18—Transfers.

Number of transfers made from the same to a similar position in the same class..... 194

Number of transfers from one position to a different position in the same class..... 52

Number of transfers made from one position in one class to a position in another class..... 1

Number of transfers made from one grade to another grade in the same class..... 1

Total ..... 248

" " 19—Number of removals in the Exempt and Competitive Class.

Note—For removals in the Labor Class, see Table No. 23. Appointments and removals in the Non-Competitive Class are not recorded for the reason that positions in this class constitute the minor positions in the City Department in which the changes are so frequent, owing to the conditions surrounding the employment and the compensation paid that it would be impracticable and useless to record the same.

" " 20—Number of exempt positions in each department.

" " 21—Number of persons included in the Exempt, Competitive, Labor and Non-Competitive Classes in the various departments.

Note—The number of persons employed in the Non-Competitive Class is taken from the record furnished by the department on December 31, 1902.

" " 22—Civil list and verification of payrolls.

" " 23—Report of the Labor Bureau.

" " 24—Civil list of the employees of the Municipal Civil Service Commission.

#### TABLE No. 1.

##### SHOWING FINANCIAL STATEMENT FOR 1902.

Appropriation .....	\$98,000 00
Expenses of Executive Office.....	\$27,992 92
Expenses of Examining Division.....	47,867 61
Expenses of Labor Bureau.....	7,716 64
Expenses, Miscellaneous .....	11,393 75
Outstanding unpaid bills, approximated....	1,949 01
	96,919 93
Balance.....	\$1,080 07

#### TABLE No. 2.

##### SHOWING CHRONOLOGICAL ORDER OF EXAMINATIONS HELD IN 1902.

##### JANUARY.

Date of Examination.	Position.	Number Examined.
January 3	Promotion from Orderly to Keeper.....	13
January 3	Promotion from Third to Fifth Grade Inspector.....	1
January 6	Promotion to Third Grade Pilot.....	1
January 7	Promotion to Third Grade Clerk.....	1
January 7	Promotion to Fifth Grade Bookkeeper.....	1
January 7	Promotion to Third Grade Computer of Accounts.....	1

## JULY.

Date of Examination.	Position.	Number Examined.
July 1	Patrolman (Physical)	51
July 2	Patrolman (Physical)	59
July 3	Patrolman (Physical)	30
July 3	Doorman (Physical)	1
July 9	Deputy Tax Commissioner	77
July 10	Promotion to Dump Inspector	15
July 11	Clerk	141
July 11	Clerk	90
July 11	Patrolman (Physical)	66
July 14	Inspector of Tenements	167
July 14	Inspector of Tenements	397
July 14	Patrolman (Physical)	41
July 15	Patrolman (Physical)	26
July 15	Promotion from Stoker to Engineman	9
July 16	Character Examiner	80
July 17	Photographer	1
July 21	Promotion to Second Grade Clerk	3
July 23	Architectural Draughtsman	1
July 23	Promotion to Sergeant (Physical)	84
July 24	Promotion to Sergeant (Physical)	77
July 25	Engineer Inspector	18
July 28	Homeopathic Apothecary	5
July 29	Promotion to Roundsman	28
July 30	Architectural Draughtsman	15
July 31	Promotion to Thirteenth Grade Medical Inspector	2
July 31	Master	3
July 28	Patrolman (Physical)	43
July 29	Patrolman (Physical)	43
July 30	Patrolman (Physical)	18

## AUGUST.

Date of Examination.	Position.	Number Examined.
August 1	Court Attendant	48
August 1	Architectural Draughtsman	1
August 1	Patrolman (Physical)	65
August 4	Photographer	39
August 8	Architect, Ninth Grade	21
August 16	Inspector of Plumbing	1
August 18	Inspector of Pipes, Pipe Laying and Hydrants	64
August 20	Temporary Clerk	404
August 22	Inspector of Iron and Steel Construction	29
August 25	Inspector of Meters and Water Consumption	272
August 27	Patrolman	1,120
August 28	Rodman	1
August 29	Electrical Engineer	41

## SEPTEMBER.

Date of Examination.	Position.	Number Examined.
September 3	Mechanical Draughtsman	14
September 8	Homeopathic Apothecary	1
September 8	Promotion to Roundsman	1
September 9	Promotion to Section Foreman	211
September 11	Promotion to Second Grade Stenographer	4
September 12	Architectural Draughtsman	19
September 15	Architectural Draughtsman, First Grade	18
September 15	Architectural Draughtsman, Third Grade	12
September 16	Promotion to Junior Clerk	3
September 17	Orderly	30
September 19	Topographical Draughtsman	44
September 22	Promotion to Dump Inspector	4
September 24	Promotion to Assistant Engineer	6
September 25	Promotion from Third to Fifth Grade Stenographer	1
September 26	Chainman and Rodman	170
September 26	Chainman and Rodman	86
September 29	Promotion to Seventh Grade Accountant	4
September 29	Promotion to Eighth Grade Accountant	1

## OCTOBER.

Date of Examination.	Position.	Number Examined.
October 1	Promotion to Sergeant (Mental)	255
October 2	Promotion to Supervising Nurse	4

October 2	Inspector of Regulating, Grading and Paving	6
October 3	Promotion from Nurse and Orderly to Junior Clerk	13
October 3	Promotion from Messenger to Second Grade Clerk	1
October 4	Superintendent of Laundry	1
October 4	Homeopathic Apothecary	1
October 6	Inspector of Regulating, Grading and Paving	6
October 6	Rodman and Chainman	2
October 10	Inspector of Regulating, Grading and Paving	25
October 10	Inspector of Tenements	4
October 10	Apothecary	1
October 11	Inspector of Regulating, Grading and Paving	3
October 15	Clerk	529
October 16	Architectural Draughtsman	22
October 17	Promotion to Fifth Grade Collector	7
October 17	Architectural Draughtsman	1
October 20	Inspector of Regulating, Grading and Paving	190
October 21	Promotion to Second Grade Stenographer	5
October 22	Superintendent, Library Department	36
October 23	Homeopathic Apothecary	3
October 24	Superintendent of Laundry	28
October 27	Disinfector	73
October 28	Marine Engineman	9
October 28	Promotion to Roundsman	5
October 29	Typewriting Copyist	1
October 30	Chief Inspector of Plumbing	29
October 31	Architectural Draughtsman, Third and Fourth Grade	30

## NOVEMBER.

Date of Examination.	Position.	Number Examined.
November 1	Inspector of Regulating, Grading and Paving	5
November 7	Promotion to Roundsman	1
November 12	Paymaster's Clerk	1
November 12	Inspector of Regulating, Grading and Paving	1
November 12	Arboriculturist	1
November 15	Promotion to Third Grade Stenographer and Typewriter	3
November 18	Promotion to Section Foreman	10
November 19	Promotion to Deputy Clerk	2
November 20	Promotion to Eighth Grade Clerk	2
November 20	Promotion to Fourth Grade Clerk	5
November 20	Promotion to First Grade Clerk	4
November 21	Promotion to Third Grade Stenographer	14
November 24	Promotion to Fourth Grade Stenographer	6
November 26	Promotion to Eighth Grade Accountant	3

## DECEMBER.

Date of Examination.	Position.	Number Examined.
December 1	Topographical Draughtsman	10
December 1	Topographical Draughtsman	28
December 2	Dietician	3
December 3	Promotion to Fifth Grade Inspector of Tenements	46
December 4	Promotion to Fourth Grade Clerk	1
December 4	Promotion to Stenographer and Typewriter	2
December 5	Leveler	159
December 8	Assistant Engineer, Fourth Grade	46
December 9	Arboriculturist	12
December 9	Patrolman	11
December 10	Building Instructor, Masonry and Carpentry	214

Grand Total .....	220	624	17,732	2,098	12,343	33,017

There are 701 positions included in the exempt class.

There are 624 persons holding positions under titles included in that class, and of this number fourteen (14) were appointed prior to the date (April, 1899) when the number of persons who could be appointed to positions included in the exempt class was limited to the number as specifically stated. These fourteen (14) are, therefore, in excess of the number now specified.

There are ninety-one vacancies now existing in positions included in the exempt class. These include particularly those positions which were exempted by statute, and were not filled for the reason that no appropriation was made by the Board of Estimate and Apportionment for the filling of the same.

TABLE No. 22.

SHOWING CIVIL LIST AND VERIFICATION OF PAYROLLS.

Department.	Number of Names.			Total.
	Monthly.	Weekly.	Semi-Monthly.

## BOARD OF ESTIMATE AND APPORTIONMENT.

## (PUBLIC IMPROVEMENTS.)

A special meeting of the Board of Estimate and Apportionment was held in the old Council Chamber (Room 16), City Hall, on Tuesday, February 3, 1903, at 10.30 o'clock in the forenoon.

Present—The Mayor, the Comptroller (Deputy Comptroller Phillips), the President of the Board of Aldermen, the President of the Borough of Manhattan (Commissioner of Public Works Livingston), the President of the Borough of The Bronx and the President of the Borough of Queens.

The Mayor, Hon. Seth Low, presided.

## NEW YORK CENTRAL ARRANGEMENTS.

On behalf of the special committee appointed by the Board to consider the proposed arrangements with the New York Central Railroad for change of motive power, etc., the Mayor presented and read the following report and resolutions:

## The Honorable the Board of Estimate and Apportionment:

Your committee appointed to consider the reply of the New York Central and Hudson River Railroad Company to the propositions approved by this Board December 26, 1902, takes pleasure in submitting herewith three bills for submission to the Legislature which embody in detail the agreement which your Committee has reached with the representatives of the New York Central and Hudson River Railroad Company, and which it now submits to this Board for adoption. The bills are three in number owing to the constitutional requirement that every local bill must deal with only one subject.

The first bill relates to the work to be done in the vicinity of the Grand Central Depot; the second to the removal of grade crossings along the Harlem, in the Borough of The Bronx, and the third, to the removal of grade crossings on the Port Morris branch of the Harlem Railroad, which involves the grant to the railroad of a new right-of-way, by tunnel, under St. Mary's Park, in place of the present open cut skirting the park.

In order to make the significance of these bills entirely clear, we reprint herewith the eleven recommendations adopted by this Board December 26, 1902, and indicate as to each one what modifications, if any, are now proposed.

## Recommendation No. 1—

That the vault spaces under sidewalks about the station and in Lexington avenue be not granted in this connection.

This recommendation has been accepted.

## Recommendation No. 2—

That the grades shown and the general plans of the railroad companies, both for Park avenue, the Grand Central Station, and for the elimination of the grade crossings at Morris Heights, Fordham Heights and High Bridge, and its plan *b* for the elimination of grade crossings in the vicinity of Kingsbridge, including Kingsbridge road, East Two Hundred and Thirtieth street, Broadway, Corlear street, Tibbett avenue, West Two Hundred and Thirtieth street, and West Two Hundred and Twenty-seventh street, under provisions of chapter 516 of the Laws of 1901, be generally approved.

This recommendation has been accepted.

## Recommendation No. 3—

That Park avenue be continued by a 60-foot viaduct from Forty-ninth street to forty-fifth street.

This recommendation has been modified by substituting a 50-foot viaduct from Forty-ninth street to Forty-fifth street. The railroad company has asked for this reduction of 10 feet in the width of the Park avenue viaduct after a careful study of the arrangement of the tracks that will be necessary to make such a viaduct possible. Your Committee recommends the acceptance of this modification, for the reason that a roadway 36 feet in width is estimated to be wide enough for four vehicles to pass abreast. A 50-foot viaduct, therefore, will provide such a roadway and leave space for two sidewalks 7 feet in width. The use of sidewalks upon this viaduct is not likely to be great.

## Recommendation No. 4—

That the railroad companies engage to prepare at once plans for the elimination of their only remaining grade crossings in the Borough of The Bronx, to wit, on the Port Morris branch of the Harlem road, and when said plans are approved by the City, to execute the same.

Instead of a promise to prepare such plans in the future, the bill submitted herewith embodies plans actually agreed upon. The salient feature of these plans is the substitution of a tunnel under St. Mary's Park for an open cut skirting the park. In consideration of this change in the line of the railroad, we propose that the City grant to the Railroad Company the right to tunnel under the park, and that the City buy the old right-of-way at its stated value of \$60,000 and add it to the park. This plan involves an additional outlay of \$130,000 on the part of the railroad, as compared with what it would be obliged to spend to remove the grade crossings on its right-of-way where it is now; but, on the other hand, this plan both enlarges St. Mary's Park and places the railroad out of sight, thus removing a nuisance from the neighborhood of the park. These plans are to be carried out and the grade crossings abolished as soon as practicable after the bill becomes a law.

## Recommendation No. 5—

That if the execution of any of the aforesaid plans create any legal liability on the part of the City or railroad companies to any property owners, the railroad companies shall pay the same and save the City harmless therefrom.

This recommendation has been modified in accordance with the suggestion of the railroad in its letter of January 10, 1903, thereby limiting the liability of the Railroad Company to liability which may arise by reason of, or be created by, contract between the Railroad Company and any property owner. The considerations which lead your Committee to recommend the modification of our original proposition that the Railroad Company should save the City harmless against legal liability of every kind growing out of the work to be done are found, in part, in the arrangement made for the improvement of St. Mary's Park, as outlined in connection with Recommendation No. 4; and, in part, in what seems to be fair to all parties, in view of the magnitude of the undertaking that is to be carried out.

## Recommendation No. 6—

That it be recommended to the Rapid Transit Commission to consider favorably plans for the connection of the subway at Forty-second street with these railroad lines, and also for the connection of the Forty-second street subway station with the Grand Central Station, and that the railroad companies ask for these connections of such commission.

This recommendation is accepted.

## Recommendation No. 7—

That the railroad companies pay the City an annual rental of \$25,000 for the use of the sub-surface of streets shown on their plans south of Fifty-seventh street and Park avenue, except as to vault privileges as provided in the first recommendation; assume all the expenses of constructing the bridges and viaducts from Forty-fifth to Fifty-sixth streets, inclusive, except for the additional width of the Forty-fifth street viaduct, and less the sum of \$600,000, determined as the cost to the City of acquiring and constructing equivalent street space; contribute the land for the City to build the Park avenue viaduct provided for in the third recommendation; and in all other respects bear the cost and charges involved, and as stated in their proposition of December 3, 1902.

This recommendation is accepted.

The proposed limits of the terminal yard have been slightly modified by a revised map, dated December 31, 1902, and your Committee recommends that this map be accepted. It omits the vault spaces shown on the former map filed by the Railroad Company, and contains only such modifications as in their nature are believed to affect no private right. They are unimportant at best, and relate entirely to portions of the cross streets, from Forty-ninth street to Forty-fifth street, inclusive.

## Recommendation No. 8—

That upon such bridges and viaducts may be erected such signaling apparatus as may be necessary to the safe operation of the railroads, and which cannot be placed or used in the yard or station below, the plans for which shall be first approved by the Mayor and the President of the Borough of Manhattan.

This recommendation has been modified by providing that such signaling or other apparatus as may be placed upon the viaducts or bridges shall be so placed as not to interfere with either the roadway or the sidewalks of the viaducts, and shall be of such a character as not unnecessarily to disfigure the structure. Your committee waives the requirement that the plans for signaling apparatus shall be first approved by the Mayor and the President of the Borough of Manhattan; because, in this respect, the Railroad Company must act upon the instructions of the State Railroad Commission, and because the City does not wish to become involved in any responsibility for the safe operation of the railroad.

## Recommendation No. 9—

That the entire action of the City herein is conditioned upon the railroad companies procuring, assenting to and aiding the City to procure all legislation necessary to carry these plans and propositions into effect in their entirety and without modification (except such as the City voluntarily accepts), and which legislation shall also permit and require the change of motive power from steam to electricity or some other motive power not involving combustion in cars or motors by all the railroads now or at any time hereafter using the tunnel in Park avenue or Fourth avenue, which permission and requirement shall contain, however, a proviso that in an emergency arising from a breakdown of the motive power used, through trains only may be temporarily operated by steam, the emergency in each case to be determined by the Mayor of the City.

This recommendation is accepted. Steam is forbidden on the whole of Park avenue south of the Harlem river. The bill, as drawn, permits the use of steam in case

of a breakdown of the new motive power, for a period not exceeding three days; and, for a violation of this provision, imposes upon the railroad a penalty of five hundred dollars a day after three days, unless, in the meanwhile, the railroad has obtained the certificate of the Mayor that the use of steam is further justified by the emergency. In view of the difficulty experienced this winter by the Manhattan Railroad Company with its primary installation of electric power; and in view of the still more recent accident to the power house at Niagara Falls, your committee believes that such a provision for emergency is in the public interest. The clause in the bill relating to the emergency is so carefully drawn as to make abuse of it very unlikely.

Recommendation No. 10—

That the changes herein involved shall be commenced within thirty days after such legislation is had, prosecuted diligently and finally completed within five years.

This recommendation has been accepted in spirit. All the bills have been drawn in such a way as to make the grant of new power run from the State to the City and from the City to the railroad, and not from the State directly to the railroad. Under these circumstances, the time limit begins within thirty days after the plans and profiles have been approved by the Board of Estimate and Apportionment; in the meanwhile, it is made the duty of the railroad to submit its plans and profiles to the Board of Estimate and Apportionment within thirty days after the bill becomes a law.

Recommendation No. 11—

That no power house (except stations for the transformation of electric current) shall be placed on Manhattan Island more than two blocks from the water-front, except with the consent of the Board of Estimate and Apportionment, and that the location of all such power houses shall be first approved by the Board of Estimate and Apportionment.

This recommendation has been accepted; and no power house will be built upon Manhattan Island more than two blocks from the water-front, except with the consent of the Board of Estimate and Apportionment.

This summary will show that the recommendations adopted by this Board on December 26, 1902, are to be substantially carried out. The bill relating to the changes in the vicinity of the Grand Central Depot contains two provisions which have not heretofore been the subject of consideration, either by this Board or by your committee. The Railroad Company thinks it possible that, in the reconstruction and enlargement of the depot, it may wish to erect a building not entirely devoted to railroad purposes; such as a hotel above the station. Inasmuch as the Company owns the land, your committee sees no reason why this should not be done by the New York Central Railroad as well as by the Pennsylvania Railroad, and it has, therefore, assented to a clause in the proposed bill which will make such a building possible.

The other new matter is found in section 5 of the proposed bill. This section gives discretionary authority to the City, by its Board of Estimate and Apportionment, to make further plans and arrangements with the Railroad Company, from time to time, in the territory lying between Lexington avenue and the railroad from Forty-second street to Fiftieth street, and between Madison avenue and the railroad from Forty-second street to Forty-eighth street. Substantially all of the property thus affected north of Forty-fifth street is owned or controlled by the railroad companies. The object of this provision is to give the City adequate authority to enable it to agree with the railroad as to further improvements within this territory, and also to agree with it as to the compensation to be paid for any new privileges that may be granted. Specifically, what is in mind is the removal further north of the Railroad Y. M. C. A. Building, so as to bring the Forty-fifth street viaduct all the way to Madison avenue. The Railroad Company has also under consideration plans for a fine approach to the depot from the Madison avenue side, which may involve making use of the vacant land that it owns between Forty-third street and Forty-fifth street. Neither of these plans has proceeded far enough to be embodied in detail in the pending bill. It has seemed wise, therefore, to ask for the City power to permit any changes to be made in this territory that may be approved by the Board of Estimate and Apportionment. Naturally, no new plans will be approved without public hearings and careful consideration by this Board.

The bill relating to grade crossing along the Harlem has been so drawn as to deal not only with the streets which have been under discussion, but also in such a way as to provide for the carrying of additional streets across the railroad tracks by overhead bridges, between Depot place and Spuyten Duyvil road, as occasion may require. In relation to the bridges to be immediately constructed, full authority has been reserved for locating them, and for the adjustment of the ramps to lead to them, as careful study of the details in each case may dictate.

The bill in relation to the elimination of grade crossings in the neighborhood of St. Mary's Park has been already sufficiently described.

Your committee offers the following resolutions:

Resolved, That this report be accepted and its recommendations adopted, and that the bills herewith submitted be approved.

Resolved, That the Mayor be requested to inform the New York Central and Hudson River Railroad Company of this action, and to transmit copies of the bills hereby approved to the Legislature, with a request for their passage.

New York, February 3, 1903.

SETH LOW,

GEORGE LIVINGSTON.

C. V. FORNES.

LOUIS F. HAFFEN.

EDWARD M. GROUT.

The bills referred to in the foregoing report follow:

(1.)

An act to provide for further regulation of the terminals and approaches thereto of the New York and Harlem Railroad at and north of Forty-second street in The City of New York, and of the public highway structures over said terminals and approaches and of the motive power to be used on said railroad.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Upon the approval and filing by the Board of Estimate and Apportionment of The City of New York of the plans and profiles provided for in section 3 of this act, and the delivery of the grant provided for in section 2 of this act, the New York and Harlem Railroad Company and its lessee, the New York Central and Hudson River Railroad Company, are and each of them is hereby authorized and directed to depress all of the existing tracks of the New York and Harlem Railroad Company between Fifty-seventh street and Forty-second street, and Madison avenue and Lexington avenue, in The City of New York, to such grade, and to construct all tracks hereafter laid within the said limits or boundaries at such grade as will enable The City of New York to carry Forty-fifth street, Forty-sixth street, Forty-seventh street, Forty-eighth street and Forty-ninth street across said tracks by suitable viaducts or bridges at a grade or grades not exceeding 4 per cent.; and also to carry Fiftieth street, Fifty-first street, Fifty-second street, Fifty-third street, Fifty-fourth street, Fifty-fifth street and Fifty-sixth street across said tracks by suitable viaducts or bridges at normal grade. The said railroad corporations are and each of them is hereby authorized to make such alterations and changes in existing structures erected pursuant to chapter 702 of the laws of 1872, south of Fifty-ninth street, as may be necessarily or reasonably required in carrying out the provisions of this act. The said railroad corporations are and each of them is hereby authorized, subject to the provisions of the Building Code of The City of New York, to make alterations, changes or additions in and to the passenger depot buildings, heretofore constructed between Forty-second street, Forty-fifth street, Vanderbilt avenue and Depew place, or to remove the said passenger depot buildings, or any part thereof, and to reconstruct the same or to construct new buildings to such extent and in such manner as may be necessary or reasonably required in the proper management and conduct of their business, upon the said land bounded by Forty-second street, Forty-fifth street, Vanderbilt avenue and Depew place.

Section 2. In order to enable the said railroad corporations to depress their tracks as hereinbefore provided, and to permit the operation of trains otherwise than by steam locomotives as hereinafter required, The City of New York, acting by its Board of Estimate and Apportionment, is hereby authorized and empowered to grant to the said railroad corporations, by suitable instrument or instruments in writing, the right to occupy and use, for the purposes of their incorporation, during the term or terms of their corporate existence:

The sub-surface of Park avenue from Forty-fifth street to the southerly line of Fifty-sixth street;

The sub-surface of Park avenue, bounded and described as follows: Beginning at the point where the southerly line of Fifty-sixth street intersects the easterly line of Park avenue and running thence in a northwesterly direction to a point in the centre line of Fifty-seventh street, 33 feet easterly from the centre line of Park avenue; thence

westerly along the centre line of Fifty-seventh street 66 feet; thence in a southwesterly direction to the point where the southerly line of Fifty-sixth street intersects the westerly line of Park avenue, and thence easterly to the place of beginning;

Forty-fifth street, from the easterly line of Vanderbilt avenue to the westerly line of Depew place;

The sub-surface of Forty-sixth street, from the easterly line of Madison avenue to the westerly line of Lexington avenue;

The sub-surface of Forty-seventh street, from the easterly line of Madison avenue to the westerly line of Lexington avenue;

The sub-surface of Forty-eighth street, from a line described as follows: Beginning at a point in the northerly line of Forty-eighth street, distant one hundred and sixteen and sixty-seven one-hundredths feet easterly from the easterly line of Madison avenue; thence southerly parallel with Madison avenue fifteen feet; thence in a southwesterly direction to a point in the southerly line of Forty-eighth street, distant sixty feet easterly from the easterly line of Madison avenue, to the westerly line of Lexington avenue;

The sub-surface of Forty-ninth street, bounded and described as follows: Beginning at a point in the northerly line of Forty-ninth street, distant fifty-three feet westerly from the westerly line of Park avenue; and running thence southerly parallel with Park avenue fifteen feet; thence in a southwesterly direction to a point in the southerly line of Forty-ninth street, distant sixty-five feet westerly from the westerly line of Park avenue; thence easterly along the southerly line of Forty-ninth street, to a point distant one hundred and seventy-five feet westerly from the westerly line of Lexington avenue; thence in a northwesterly direction to a point in the northerly line of Forty-ninth street, distant two hundred and twenty-six feet westerly from the westerly line of Lexington avenue; thence westerly to the place of beginning;

And the sub-surface of Fiftieth street, between the westerly line of Park avenue and the following described line: Beginning at the intersection of the northerly line of Fiftieth street with the easterly line of Park avenue, and running thence in a south-easterly direction to a point in the southerly line of Fiftieth street, distant 60 feet easterly from the easterly line of Park avenue.

Nothing in this act contained shall be held to create a fee in said railroad corporations, or either of them, in or to the soil of said portions of said streets or of Park avenue, or any part thereof; nor to prevent The City of New York from occupying or using, or from permitting others to occupy or use any part of the said soil of said portions of said streets or avenue underneath the tracks and structures of the said railroad corporations as shown on the plans and profile provided for in section 3 of this act in any manner which shall not interfere with or endanger the occupation or use by the said railroad corporations.

Section 3. The New York Central and Hudson River Railroad Company shall prepare plans and profiles of the viaducts or bridges required to carry the said street from Forty-fifth street to Fifty-sixth street, both inclusive, over the tracks of the said railroad and to carry the central portion of Park avenue from Forty-ninth street to Forty-fifth street over the said tracks. The said bridges or viaducts shall in every case, except as hereinafter provided, be fifty (50) feet in width. They shall be so constructed as to leave sufficient clearance above the tracks when depressed as above provided, for the free passage and operation of the cars of the railroad companies using the said tracks, and the grade of the roadway of such viaducts or bridges shall not exceed 4 per cent. The New York Central and Hudson River Railroad Company shall, within thirty days after the day on which this act shall take effect, submit the said plans and profiles in duplicate to the Board of Estimate and Apportionment of The City of New York for its approval. If such plans and profiles are approved by the Board of Estimate and Apportionment, such approval to be evidenced by resolution adopted by a majority of the votes in said Board, a copy of such resolution, duly certified by the Mayor and Comptroller of The City of New York, shall be endorsed upon, or annexed to, each copy of such plans and profiles; and one copy of such plans and profiles, so approved, shall be filed with the Board of Estimate and Apportionment of The City of New York and the other copy shall be delivered to the New York Central and Hudson River Railroad Company. Upon such plans and profiles or any modifications thereof made as hereinafter provided being approved and filed as aforesaid, any and all alterations or changes in streets, avenues or public places, or in the grade or grades, width or widths, thereof, and any and all modifications in or of the use of any existing street, avenue, highway or public place, or any part thereof shown upon said plans and profiles, shall be deemed to have been duly authorized and the map or plan of The City of New York shall be deemed to have been changed accordingly without any further act or proceeding by or on the part of The City of New York, or of any officer, board or department thereof; and all such interests or easements in any lands of or owned by the said railroad corporations, or either of them, as shall be necessary or reasonably required for the construction of such viaducts or bridges shall thereupon be deemed to be vested in The City of New York. The said Board of Estimate and Apportionment shall thereupon cause three copies of such plans and profiles to be made and filed, one in the office of the Register of the City and County of New York, one in the office of the Corporation Counsel of said City, and one in the office of the President of the Borough of Manhattan of said City. The City of New York is hereby authorized to carry and maintain the said streets from Forty-fifth street to Fifty-sixth street, both inclusive, and the said central portion of Park avenue, over the tracks of the said railroad by viaducts or bridges in accordance with the said plans and profiles. The work of constructing such viaducts or bridges in accordance with the said plans and profiles approved as aforesaid by the Board of Estimate and Apportionment shall be done and performed by the New York Central and Hudson River Railroad Company. For and in consideration of having the use of the portions of said avenue and of the said streets, hereinabove described, the said railroad corporation shall be at the entire expense of depressing said tracks, and shall pay to The City of New York the sum of twenty-five thousand dollars per annum so long as the said railroad corporations or either of them or their or either of their successors or assigns shall hold, occupy or use the same; and they shall also bear and pay all the expense of constructing said viaducts and bridges, excepting the said Park avenue viaduct, in excess of six hundred thousand dollars. The City of New York shall bear and pay to the New York Central and Hudson River Railroad Company six hundred thousand dollars of the expense of constructing the viaducts and bridges carrying said streets from Forty-fifth street to Fifty-sixth street, both inclusive, over said tracks, and also the expense of constructing the viaduct carrying Park avenue over the said tracks from Forty-ninth street to Forty-fifth street. The viaduct or bridge required to carry Forty-fifth street over said tracks shall be constructed, either wholly or partly, north of the present north line of said street, and the said Board of Estimate and Apportionment may, in its discretion, require that such viaduct or bridge, or any part thereof, shall be not to exceed seventy (70) feet in width; and in that case the expense of constructing so much of such viaduct or bridge as shall be in excess of fifty (50) feet in width shall be borne and paid by The City of New York. The portion of the expense to be borne and paid by The City of New York as aforesaid shall be paid to the said Railroad Company at such time or times and in such manner as shall, at or prior to the time of approving and filing the said plans and profiles, as hereinbefore provided, be agreed upon by said Railroad Company and the Board of Estimate and Apportionment of The City of New York. The said railroad corporations shall have the right to construct and maintain on the said viaducts or bridges such signal or other apparatus as may be required for the safe operation of their road and tracks; but all such apparatus shall be constructed and maintained in such manner as not to obstruct the roadways or sidewalks of such viaducts or bridges or unnecessarily disfigure them. The work hereinbefore provided to be done shall be commenced within thirty days and completed within five years after the day on which the grant provided for in section 2 of this act shall be delivered, and the plans and profiles of the said viaducts or bridges shall be approved and filed by the Board of Estimate and Apportionment as hereinbefore provided.

Section 4. From and after the expiration of five years after the approval and filing of the plans and profiles provided for in section 3 of this act and the delivery of the grant provided for in section 2 of this act, it shall not be lawful except only in case of necessity, arising from the temporary failure of such other motive power as may be lawfully adopted, for any railroad corporation to operate trains by steam locomotives in Park avenue in The City of New York south of the Harlem river. If at any time after the expiration of the said five years trains shall be operated by steam locomotives in said Park avenue south of the Harlem river for a period of more than three days, the railroad corporations so operating such trains shall pay to The City of New York a penalty of five hundred dollars for every day or part of a day during which such trains are so operated, unless the Mayor of The City of New York shall certify to the necessity for the use of steam locomotives arising from the temporary failure of other motive

power. Such certificate by the Mayor may be revoked by him at any time. In any action or proceeding brought by The City of New York against a railroad corporation to recover such a penalty, the said certificate of the Mayor shall be prima facie evidence of the facts therein stated, and the said railroad corporation shall be permitted to allege, as matter of defense, that the Mayor's certificate was refused or revoked unreasonably or in bad faith, and in every such case the burden of establishing that defense shall be upon the defendant making that allegation. Such a certificate or the fact of its existence, or non-existence, shall not be evidence in any action or proceeding except an action or proceeding to recover a penalty as above provided. And the New York and Harlem Railroad Company and its lessee, the New York Central and Hudson River Railroad Company, so long as it remains such lessee, and the New York, New Haven and Hartford Railroad Company, so long as it has any contract or other rights to operate its trains in Park avenue south of the Harlem river, and such other railroad companies as may hereafter obtain permission therefor, are hereby authorized to run their trains by electricity, or by compressed air, or by any motive power other than steam through the said tunnel and over the improvements made pursuant to chapter 702 of the Laws of 1872 and pursuant to chapter 339 of the Laws of 1892 and the acts amendatory thereof and supplemental thereto, and pursuant to this act, and over the route of the said railroad and in and upon the depot at Forty-second street, and the stations, switches, turn-outs, loops and sidings, and the approaches thereto, now or hereafter authorized by law. No power house (except stations for the transformation of electric current) shall be placed on Manhattan Island more than two blocks from the water front, except with the consent of the Board of Estimate and Apportionment.

Section 5. The New York and Harlem Railroad Company and its lessee, the New York Central and Hudson River Railroad Company, are, and either of them is, hereby authorized and empowered to acquire from The City of New York, and The City of New York, acting by the Board of Estimate and Apportionment of said City, is hereby authorized and empowered, in its discretion, to grant to said railroad corporations, or to either of them, any and all lands, or rights, interests or easements in lands in any wise owned, occupied or controlled by The City of New York, within the following described territory, viz.: Beginning at the intersection formed by the westerly line of Lexington avenue and the southerly line of Fifth street; running thence westerly along the southerly line of Fifth street to the westerly line of Park avenue; thence southerly along the westerly line of Park avenue to the northerly line of Forty-eighth street; thence westerly along the northerly line of Forty-eighth street to the easterly line of Madison avenue; thence southerly along the easterly line of Madison avenue to the northerly line of Forty-second street; thence easterly along the northerly line of Forty-second street to the westerly line of Lexington avenue; and thence northerly along the westerly line of Lexington avenue to the place of beginning, which may be necessary or required for the purpose of making any alterations, changes or additions, other than the alterations, changes and additions authorized by sections 1, 2 and 3 of this act, in or to the yards and structures forming the terminals of the New York and Harlem Railroad Company and the approaches thereto which may be necessary or required for the proper operation of trains in and through the Fourth or Park avenue tunnel and in and upon the said terminals and the approaches thereto by some motive power other than steam; or which they may agree to be necessary or reasonably required in the proper conduct of the business, or in the proper management, maintenance, operation or use of the railroads and property owned or leased, of said railroad corporations; provided, however, that all such alterations, changes and additions, other than the alterations, changes and additions authorized by section 1 of this act, in or to the said yard and structures, terminals and approaches thereto, in so far as they shall in any manner affect any public streets, avenues or places, shall be made in accordance with plans and profiles which shall be first submitted by the said New York Central and Hudson River Railroad Company to the Board of Estimate and Apportionment of The City of New York for its approval. If such plans and profiles are approved by the Board of Estimate and Apportionment, such approval to be evidenced by resolution adopted by a majority of the votes in said Board, a copy of such resolution, duly certified by the Mayor and Comptroller of The City of New York, shall be endorsed upon, or annexed to, each copy of such plans and profiles; and one copy of such plans and profiles, so approved, shall be filed in the office of the Comptroller of The City of New York, and the other copy shall be delivered to the New York Central and Hudson River Railroad Company. Upon such plans and profiles or any modifications thereof made as hereinafter provided, being approved and filed as aforesaid, any and all alterations or changes in streets, avenues or public places, or in the grade or grades, width or widths thereof, any and all modifications in or of the use of any existing street, avenue, highway or public place, or any part thereof, shown upon said plans and profiles, shall be deemed to have been duly authorized, and the map or plan of The City of New York shall be deemed to have been changed accordingly without any further act or proceeding by or on the part of The City of New York, or of any officer, board or department thereof, and the said Board of Estimate and Apportionment shall thereupon cause three copies of said plans and profiles to be made and filed, one in the office of the Register of the City and County of New York, one in the office of the Corporation Counsel of said City, and one in the office of the President of the Borough of Manhattan of said City. The City of New York acting by its said Board of Estimate and Apportionment is hereby authorized and empowered, in its discretion, to agree with the New York Central and Hudson River Railroad Company upon the consideration to be given or the amount of compensation to be paid to such City by such railroad corporation for such lands, rights, interests or easements in lands as may be granted by said City as in this section provided; and also to grant such lands, rights, interests or easements in lands to such railroad corporation by proper instrument in writing, either in perpetuity or for the period for which the same shall be required. Any pecuniary compensation agreed upon may either be a gross sum or it may be a sum or sums paid annually during the term of such grant. The New York and Harlem Railroad Company and the New York, New Haven and Hartford Railroad Company may be parties to such instrument. Such instrument shall be executed in as many parts as there shall be parties thereto, and on the part of The City of New York by its Mayor and Comptroller, under the corporate seal of The City of New York, and by the railroad corporation or corporations, parties thereto, under their corporate seals and by their proper officers. Such instrument may also include such other provisions in respect to carrying such plans and profiles into effect not inconsistent with this act, as shall be agreed upon by and between the said Board of Estimate and Apportionment and the said railroad corporations. When executed one copy of such instrument shall be filed in the office of the Comptroller of The City of New York, and one copy shall be delivered to each railroad corporation party thereto. When executed and filed as aforesaid, said instrument shall be binding upon The City of New York, and the railroad corporations parties thereto, their successors and assigns.

Section 6. Upon the approval by the Board of Estimate and Apportionment of any plans and profiles provided for in this act, the said City shall afford to said railroad corporations all such reasonable facilities as may be required to carry into effect the provisions of this act and any plans and profiles, and the provisions of any instrument, authorized by this act; and the proper officers and authorities of such City are hereby authorized, and it shall be the duty of such officers and authorities to take such appropriate action as may be necessary or reasonably required to carry the provisions of this act, and any such plans and profiles, and the provisions of any such instrument into effect. All sewers, water pipes, gas pipes, electric lines, wires, ducts or conduits in or under the portions of the streets and avenue described in section 1 of this act, or which may be in, under or over any streets or avenues shown on any such plans and profiles, shall be changed or relocated at the expense of the said railroad corporations, in such manner and to such an extent as may be necessary or reasonably required to carry the provisions of section 1 of this act, and any such plans and profiles, and the provisions of any such instrument, into effect; but all such changes and relocations shall be made in a manner approved by the Board of Estimate and Apportionment.

Section 7. The Comptroller of The City of New York shall, from time to time, when authorized by the Board of Estimate and Apportionment, and without the concurrence or approval of any other board or public body, prepare and issue Corporate Stock of The City of New York for the purposes of bearing and paying such portion of the cost and expense of constructing the viaducts and bridges mentioned in section 1 of this act as is provided to be borne and paid by The City of New York.

Section 8. Nothing in this act contained shall have the effect of limiting or impairing in any manner or to any extent the existing rights, privileges or franchises of the railroad corporations, or either of them, now using the said tunnel, terminals and the approaches thereto, or of depriving in any manner or to any extent such railroad corporations, or either of them, of the use and benefit of such rights, privileges and fran-

chises, except in so far only as such rights, privileges or franchises shall be expressly limited or modified by this act or in and by any instrument executed in pursuance hereof; and the said railroad corporations, or either of them, are hereby authorized and empowered to acquire by purchase or by condemnation, from any owner, and to take, hold, occupy and use for the purposes of its incorporation all real estate in fee, and all property and all rights, interests and easements in real estate or other property which may be necessary or reasonably required in order to carry out and into effect the provisions of this act, and any plans and profiles, and the provisions of any instrument or instruments provided for in section 3 of this act. All the powers in and by this act conferred upon The City of New York, the Board of Estimate and Apportionment of The City of New York, and upon the said railroad corporations, may be exercised from time to time as occasion may require, and any plans and profiles approved and filed as in this act provided may at any time be modified, but not in any manner inconsistent with this act, upon plans and profiles showing any such modifications being submitted, approved and filed in the manner in this act provided.

Section 9. The provisions of any acts and parts of acts, including the Greater New York Charter, which are inconsistent with this act, and in so far only as they are inconsistent with this act, shall have no application to the rights, powers and obligations conferred or created by or under authority of this act, or to any proceedings taken hereunder.

Section 10. This act shall take effect immediately.

(2.)

An act to provide for the abolition, discontinuance and avoidance of certain grade crossings in The City of New York.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The grade crossings of the Spuyten Duyvil and Port Morris Railroad at Kingsbridge road, East Two Hundred and Thirtieth street, Broadway, Corlear street, Tibbett avenue, West Two Hundred and Thirtieth street, and West Two Hundred and Twenty-seventh street, and the grade crossings of the Spuyten Duyvil and Port Morris Railroad and of the New York and Putnam Railroad at Depot place, Fordham road and East One Hundred and Seventy-seventh street, all in The City of New York, whether such grade crossings have been heretofore actually constructed or appear upon the maps, plans and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, in the Borough of The Bronx, shall be abolished, discontinued or avoided in accordance with the provisions of this act.

Section 2. In case the Spuyten Duyvil and Port Morris Railroad Company shall, in the manner provided in the railroad law, alter and change the route of that part of its railroad extending from a point at or near East One Hundred and Ninety-first street to a point at or near Spuyten Duyvil road, from the present route to a route which shall follow, as nearly as may be practicable, the northerly line of the Harlem Ship Canal, both of said routes lying wholly within the County of New York, then and in that event The City of New York, acting by its Board of Estimate and Apportionment, is hereby authorized and empowered in its discretion either to discontinue and close that part of Teunisson place lying southerly of the southerly line of Leyden street, that part of Exterior street lying southerly of the southerly line of East Two Hundred and Thirtieth street and adjoining the present roadway of the Spuyten Duyvil and Port Morris Railroad Company, and that part of East One Hundred and Ninety-second street lying westerly of the easterly line of the lands of the New York and Putnam Railroad Company; or to carry the said Teunisson place, Exterior street and East One Hundred and Ninety-second street, or any one or more of them, over the tracks of the said Spuyten Duyvil and Port Morris Railroad by a bridge with suitable approaches. If the said streets or any of them shall be discontinued and closed, The City of New York, acting by its Board of Estimate and Apportionment, shall grant to the Spuyten Duyvil and Port Morris Railroad Company, for the term of its corporate existence, all the right, title and interest of The City of New York in and to the said discontinued portions of the said streets, subject to the right of the City to construct and maintain all necessary sewers therein; and if the said streets, or any of them shall be carried over the said tracks as aforesaid, The City of New York, acting by its Board of Estimate and Apportionment, shall grant to the Spuyten Duyvil and Port Morris Railroad Company, for the term of its corporate existence, all such right, title and interest in and to such streets, or any of them, as shall be necessary or reasonably required for the construction, operation and maintenance of the altered or changed roadway and route of the said railroad company, and for such connections as may be necessary or reasonably required. The survey, map and certificate of such alteration or change shall be submitted to the Board of Estimate and Apportionment of The City of New York for its approval, and upon being approved by that Board shall be effective, and shall be filed in the office of the Clerk of the County of New York, without the approval of any other officer or board of the said City. The said Spuyten Duyvil and Port Morris Railroad Company shall thereupon abandon that portion of its present route and tracks between the southerly line of East Two Hundred and Thirtieth street and the said point of junction at or near Spuyten Duyvil road.

Section 3. The grade crossings at Depot place, Fordham road and East One Hundred and Seventy-seventh street shall be abolished and discontinued by carrying the said Depot place, Fordham road and East One Hundred and Seventy-seventh street over the railroad tracks of the Spuyten Duyvil and Port Morris Railroad Company and the New York and Putnam Railroad Company, or by discontinuing and closing those portions of the said streets or any of them between the easterly line of the lands of the New York and Putnam Railroad Company and the westerly line of the lands of the Spuyten Duyvil and Port Morris Railroad Company, and by carrying a new street or streets over the tracks of the said railroad companies by bridges, with suitable approaches, as may be hereafter agreed upon by the New York Central and Hudson River Railroad Company and the said Board of Estimate and Apportionment.

Section 4. The New York Central and Hudson River Railroad Company, the lessee of the Spuyten Duyvil and Port Morris Railroad and of the New York and Putnam Railroad, shall submit plans and profiles for abolishing, discontinuing and avoiding all of the grade crossings hereinbefore specified to the Board of Estimate and Apportionment of The City of New York for its approval. If such plans and profiles are approved by the Board of Estimate and Apportionment, such approval to be evidenced by resolution adopted by a majority of the votes of said Board, a copy of such resolution, duly certified by the Mayor and Comptroller of The City of New York, shall be indorsed upon or annexed to each copy of such plans or profiles; and one copy of such plans and profiles, so approved, shall be filed with the Board of Estimate and Apportionment of The City of New York, and the other copy shall be delivered to the New York Central and Hudson River Railroad Company. Upon such plans and profiles being approved and filed as aforesaid, any and all alterations or changes in streets, avenues or public places, or in the grade or grades, width or widths thereof, and any and all modifications in or of the use of any existing street, avenue, highway or public place, or any part thereof, shown upon said plans and profiles, shall be deemed to have been duly authorized, and the map or plan of The City of New York shall be deemed to be changed accordingly, without any further act or proceeding by or on the part of The City of New York, or of any other board or public body thereof; the said Board of Estimate and Apportionment shall thereupon cause four copies of such plans and profiles to be made and filed, one in the office of the Register of The City and County of New York, one in the office of the Corporation Counsel of said City, one in the office of the President of the Borough of Manhattan of said City, and one in the office of the President of the Borough of The Bronx of said City.

Section 5. Upon the adoption of such plans and profiles, the Spuyten Duyvil and Port Morris Railroad Company is hereby authorized to acquire all lands or interest in lands, rights of way or easements which may be necessary or required for its roadway and route altered or changed as hereinbefore provided, and to grant and convey to The City of New York, by deed in which the New York Central and Hudson River Railroad Company shall join, all the right, title and interest of the said railroad companies, or of either of them, in and to any of the lands forming any part of the present route or roadway to be abandoned, as hereinbefore provided, and in consideration therefor and of the abolition, discontinuance and avoidance of the said grade crossings at Kingsbridge road, East Two Hundred and Thirtieth street, Broadway, Corlear street, Tibbett avenue, West Two Hundred and Thirtieth street and West Two Hundred and Twenty-seventh street, The City of New York shall bear and pay as acquired to the Spuyten Duyvil and Port Morris Railroad Company the cost and expense of acquiring all such lands or interest in lands, rights of way or easements, as may be necessary or required for the roadway and route altered and changed as hereinbefore provided.

Section 6. The New York Central and Hudson River Railroad Company shall at its own expense, construct the necessary bridges and abutments to carry over the said tracks the said streets or any other streets that may be hereafter carried over the said tracks between Depot place and East One Hundred and Ninety-second street, and shall do all the work within its own lines at its own expense; The City of New York shall at its own expense make all necessary changes in streets, avenues or public places, and shall, at its own expense, acquire and construct all approaches to bridges. The said railroad company shall indemnify and save harmless the said City from any rights, claims or liabilities which may arise by reason of, or be created by, contract between either the said Railroad Company or its lessors and any property owner.

Section 7. Nothing in this act contained shall have the effect of limiting or impairing, in any manner or to any extent, the existing rights, privileges or franchises of the railroad corporations, or either of them, mentioned in this act, or of depriving in any manner or to any extent such railroad corporations, or either of them, of the use and benefit of such rights, privileges and franchises, except in so far only as such rights, privileges or franchises shall be expressly limited or modified by this act. Upon the approval by the Board of Estimate and Apportionment of any plans and profiles provided for in this act, The City of New York shall afford to such railroad corporations all such reasonable facilities as may be required to carry the provisions of this act and any such plans and profiles, and the provisions of any such instrument, into effect, and the proper officers and authorities of such city are hereby authorized and it shall be the duty of such officers and authorities to take such appropriate action as may be necessary or reasonably required to carry the provisions of this act, and any such plans and profiles, and the provisions of any such instrument, into effect. All sewers, water pipes, gas pipes, electric lines, wires, ducts or conduits, in or under the portions of the streets and avenue described in section 1 of this act, or which may be in, under or over any streets or avenues shown on any such plans and profiles, shall be changed or relocated, at the expense of the said railroad corporations, in such manner and to such an extent as may be necessary or reasonably required to carry the provisions of section 1 of this act, and any such plans and profiles, and the provisions of any such instrument, into effect; but all such changes and relocations shall be made in a manner approved by the Board of Estimate and Apportionment.

Section 8. The Comptroller of The City of New York shall, from time to time, when authorized by the Board of Estimate and Apportionment, without the concurrence or approval of any other board or public body, prepare and issue Corporate Stock of The City of New York for the purpose of bearing and paying the costs and expense of acquiring such lands or interest in lands, rights of way or easements as may be necessary or required for the new roadway and route of the Spuyten Duyvil and Port Morris Railroad Company, altered and changed as hereinbefore provided, and for the purpose of bearing and paying the cost and expense of making all necessary changes in streets, avenues or public places, and of acquiring and constructing all approaches to bridges.

Section 9. The said plans and profiles for abolishing, discontinuing and avoiding the grade crossings at Kingsbridge road, East Two Hundred and Thirtieth street, Broadway, Corlear street, Tibbitt avenue, West Two Hundred and Thirtieth street and West Two Hundred and Twenty-seventh street shall show the grade or elevation of the new route of the altered or changed portion of the roadway of the Spuyten Duyvil and Port Morris Railroad, and of the bridge or bridges by which the same shall cross the Harlem river and Spuyten Duyil creek; and the construction and maintenance of such bridge or bridges by the Spuyten Duyvil and Port Morris Railroad Company, or by its lessee, the New York Central and Hudson River Railroad Company, is hereby authorized. Such bridges, or either thereof, may be either a fixed bridge or a drawbridge, and if a drawbridge, shall not be required to be opened except within or during such hours and for such purposes as may be prescribed by lawful authority of the United States.

Section 10. Chapter 516 of the Laws of 1901 is hereby repealed; and the provisions of any acts, and parts of acts, including the Greater New York Charter, which are inconsistent with this act, and in so far only as they are inconsistent with this act, shall have no application to the rights, powers and obligations conferred or created by or under authority of this act, or to any proceedings taken hereunder.

Section 11. This act shall take effect immediately.

(3)

An act to authorize The City of New York to grant a right of way under St. Mary's Park in the Borough of The Bronx in said City to the New York and Harlem Railroad Company.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. In case the New York and Harlem Railroad Company shall, in the manner provided in the railroad law, alter and change a part of the route of its branch railroad known as the Port Morris branch, lying between the northerly side of Westchester avenue and the terminus of said branch railroad on the East river, both of said routes lying wholly in the Borough of The Bronx, County of New York, so that the proposed new route shall pass through St. Mary's Park in said borough, and the said Railroad Company shall abandon that portion of its present route which is adjacent to and on the easterly side of St. Mary's Park, then and in that event The City of New York, acting by the Board of Estimate and Apportionment of the said City, is hereby authorized and empowered to grant to the said Railroad Company a right of way under the present and proposed surface of St. Mary's Park upon the terms and subject to the conditions hereinafter set forth. The survey, map and certificate of such alteration or change shall be submitted to the Board of Estimate and Apportionment of The City of New York for its approval, and upon being approved by that Board, shall be effective, and shall be filed in the office of the Clerk of the County of New York, without the approval of any other officer or board of the said City.

Section 2. Upon the said alteration and change being duly made the New York Central and Hudson River Railroad Company, the lessee of the New York and Harlem Railroad Company, shall prepare plans and profiles of that part of the said Port Morris Branch Railroad lying between the northerly side of Westchester avenue and the terminus of said branch railroad on East river, and exhibiting the proposed new route of the said branch railroad, and the depths at which it will pass under the present and proposed surface of St. Mary's Park, and under all streets and avenues at the grades at which such streets and avenues are now established by law.

The said New York Central and Hudson River Railroad Company shall submit such plans and profiles in duplicate to the Board of Estimate and Apportionment of The City of New York for its approval. If such plans and profiles shall receive the approval of the Board of Estimate and Apportionment, to be evidenced by a resolution adopted by a majority of the votes of said Board, a copy of such resolution, duly certified by the Mayor and Comptroller of The City of New York shall be endorsed upon or annexed to each copy of such plans and profiles. One copy of said plans and profiles so approved shall be filed with the Board of Estimate and Apportionment of The City of New York, and the other copy shall be delivered to the New York Central and Hudson River Railroad Company.

The said Board of Estimate and Apportionment shall thereupon cause four copies of the said plans and profiles to be made and filed, one in the office of the Register of the County of New York, one in the office of the Corporation Counsel of said City, one in the office of the President of the Borough of The Bronx, and one in the office of the Commissioner of Parks for the Borough of The Bronx.

Section 3. Immediately after the route of the said railroad has been changed in accordance with the provisions of the railroad law and the said maps or plans have been approved and filed as above provided, The City of New York, acting by the Board of Estimate and Apportionment, shall, by a proper instrument or instruments in writing, grant and convey to the New York and Harlem Railroad Company the right to use and occupy for the purposes of its incorporation and during the term of its corporate existence so much space as may be shown on said plans and profiles so approved under the present and proposed surface of St. Mary's Park. The said grant shall be made upon condition that the said New York and Harlem Railroad Company or its lessee, the New York Central and Hudson River Railroad Company, shall forthwith depress the said Port Morris branch from the northerly side of Westchester avenue to a point near the terminus of said branch railroad on said East river, and shall construct the same upon the route and on the grades and in the manner shown in the said plans and profiles so approved, and also upon the further condition that the said railroad corporations shall and will grant and convey in fee to The City of New York all of the real estate forming that portion of the now existing line of railroad south of One Hundred and Forty-ninth street adjacent to St. Mary's Park, which may be abandoned by reason of the proposed change of route. The said railroad, so far as the new route thereof may be under St. Mary's Park, shall be constructed in accordance with said plans and profiles

and in such manner as not to interfere after construction with the use of the surface for park purposes; and at all intersection of streets or avenues it shall be constructed with retaining walls, suitable for abutments for bridges to carry such streets or avenues at their full width over the said railroad. The work of so depressing and reconstructing the said railroad shall be done and performed by the New York Central and Hudson River Railroad Company, which shall bear and pay all the expense thereof. The City of New York shall pay to the New York Central and Hudson River Railroad Company the said sum of sixty thousand dollars as soon as the said branch railroad has been reconstructed in accordance with the plans and profiles approved as aforesaid and a proper grant in fee has been executed and delivered to the City conveying all of the real estate forming that portion of the now existing line of railroad south of One Hundred and Forty-ninth street and adjacent to St. Mary's Park, which may be abandoned by reason of the proposed change of route. The said real estate forming the abandoned portion of the said railroad shall thereupon be added to and form a part of St. Mary's Park, and the map or plan of the Borough of The Bronx, in The City of New York, shall be then deemed to be amended by showing such addition to said park of such real estate. The City of New York shall construct all bridges and bear and pay the entire expense of carrying all streets and avenues between the said northerly line of Westchester avenue and the terminus of said branch railroad on East river, over the said branch railroad.

Section 4. The Comptroller of The City of New York shall, from time to time, when authorized by the Board of Estimate and Apportionment, and without the concurrence or approval of any other board or public body, prepare and issue Corporate Stock of The City of New York for the purpose of paying the sum of sixty thousand dollars hereinbefore provided to be paid by the said City to the New York Central and Hudson River Railroad Company.

Section 5. Nothing in this act contained shall have the effect of limiting or impairing in any manner or to any extent the existing rights, privileges or franchises of the railroad corporations, or either of them, now using the said branch railroad, or of depriving in any manner or to any extent such railroad corporations, or either of them, of the use and benefit of such rights, privileges and franchises, except in so far only as such rights, privileges or franchises shall be expressly limited or modified by this act; and the said railroad corporations, or either of them, are hereby authorized and empowered to acquire by purchase or by condemnation from any owner, and to take, hold, occupy and use for the purposes of their incorporation all real estate in fee and all property and all rights, interests and easements in real estate or other property which may be necessary or reasonably required in order to carry out and into effect the provisions of this act, and any plans and profiles, and the provisions of any instrument or instruments provided for in this act. All the powers in and by this act conferred upon The City of New York, the Board of Estimate and Apportionment of The City of New York, and upon the said railroad corporations may be exercised from time to time as occasion may require.

Section 6. Upon the approval by the Board of Estimate and Apportionment of any plans and profiles provided for in this act, the said City shall afford to said railroad corporations all such reasonable facilities as may be required to carry into effect the provisions of this act and any plans and profiles, and the provisions of any instrument authorized by this act; and the proper officers and authorities of such City are hereby authorized, and it shall be the duty of such officers and authorities to take such appropriate action as may be necessary or reasonably required to carry the provisions of this act, and any such plans and profiles, and the provisions of any such instrument, into effect. All sewers, water pipes, gas pipes, electric lines, wires, ducts or conduits, in or under the portions of the streets and avenue described in section 1 of this act, or which may be in, under or over any streets or avenues shown on any such plans and profiles, shall be changed or relocated at the expense of the said railroad corporations, in such manner and to such an extent as may be necessary or reasonably required to carry the provisions of section 1 of this act, and any such plans and profiles, and the provisions of any such instrument, into effect; but all such changes and relocations shall be made in a manner approved by the Board of Estimate and Apportionment.

Section 7. The provisions of any acts and parts of acts, including the Greater New York Charter, which are inconsistent with this act, and in so far only as they are inconsistent with this act, shall have no application to the rights, powers and obligations conferred or created by or under authority of this act or to any proceedings taken hereunder.

Section 8. This act shall take effect immediately.

The Mayor moved that the matter be made a special order for the meeting of February 6 at 10.30 o'clock a. m., which motion was carried by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of The Borough of The Bronx and the President of the Borough of Queens—13.

The President of the Board of Aldermen moved that the Board adjourn until Friday, February 6, at 10.30 o'clock in the forenoon, which motion was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of The Borough of The Bronx and the President of the Borough of Queens—13.

Attest: JOHN H. MOONEY, Assistant Secretary.

## BOROUGH OF BROOKLYN.

### LOCAL BOARD—THE HEIGHTS DISTRICT.

Thursday, November 6, 1902.

Meeting in Borough Hall at 3 p. m.

The roll was called, and the following members answered to their names: William C. Redfield, Commissioner of Public Works, presiding; Forty-fifth Aldermanic District, Alderman Downing; Forty-seventh Aldermanic District, Alderman Wafer. The Commissioner submitted the following:

No. 2.

Following communication from the Commissioner of Public Works:

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
October 15, 1902.

Mr. JUSTIN McCARTHY, Jr., Secretary Local Boards:

Dear Sir—The enclosed petition for repairing Hicks street between Orange street and Cranberry street should be referred back to the Local Board of the Heights District for rescinding, for in view of the fact that the property owners who were willing to pay to have the work expedited cannot now get it done until next year and would, therefore, receive no consideration for their investment, I have determined to do the work at public expense and have so advertised it.

Yours very truly,

(Signed) WILLIAM C. REDFIELD,  
Commissioner of Public Works.

The following resolution was offered:

Resolved, That the Local Board of the Heights District, Borough of Brooklyn, this 6th day of November, 1902, hereby rescinds the following resolution adopted May 15, 1902:

"Resolved, That the Local Board of the Heights District, Borough of Brooklyn, after hearing had this 15th day of May, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to repave with asphalt pavement Hicks street between Orange street and Cranberry street, in the Borough of Brooklyn, one-half the cost of said improvement to be assessed on the property benefited and the remainder to be borne by The City of New York.

"Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval."

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Downing and Wafer.

Approved by the President of the Borough November 20, 1902.

No. 5.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Superintendent,  
July 7, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—On June 24 I was furnished with a list of streets which it has been decided upon for repaving during 1902, in order that a report could be made for all necessary sewer construction to precede said repaving.

Permit me to respectfully report, therefore, that sewers have been built in all streets mentioned in said list, or have been authorized in construction, except those enumerated below.

I include with each street reported upon an estimate of cost, giving assessed valuation of real estate within probable area of assessment.

3d. Amity street from Columbia street to bulkhead.

Estimated cost, \$1,000; assessed valuation of real estate within probable area of assessment, \$227,700.

The items of work necessary to be performed are:

275 linear feet of 12 inch pipe sewer.

45 linear feet of 15 inch pipe sewer.

4 manholes and appurtenances.

Yours respectfully,

(Signed) JOHN THATCHER, Superintendent of Sewers,  
Borough of Brooklyn.

The following resolution was offered.

Resolved, That the Local Board of the Heights District, Borough of Brooklyn, after hearing had this 6th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer in Amity street from Columbia street to the Bulkhead, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Downing and Wafer.

Approved by the President of the Borough November 20, 1902.

No. 6.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Superintendent,  
July 18, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I respectfully recommend the construction of receiving basins at the places hereinafter mentioned. At both of the locations old sewer basins exist, which were built many years ago of cobblestone masonry with square sidewalk manhole plates. Said basins are of antiquated pattern, and it has been reported to me that many repairs have been made to the same until now, when their condition warrants no further attention in this direction. They should be replaced by new and modern constructions.

The location is at the

2d. Northeast corner of Gold and Tillary streets. Estimated cost, \$150; assessed valuation of real estate within probable area of assessment, \$59,200.

Yours respectfully,

(Signed) JOHN THATCHER, Superintendent of Sewers,  
Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Local Board of the Heights District, Borough of Brooklyn, after hearing had this 6th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer basin on the northeast corner of Gold street and Tillary street, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Downing and Wafer.

Approved by the President of the Borough November 20, 1902.

No. 7.

Communication from the Chief Engineer of the Bureau of Highways recommending the flagging of the sidewalk on the west side of Hudson avenue between Prospect street and Sands street, known as Lot No. 20, Block 82, Fifth Ward Map. Laid over.

Adjournment.

JUSTIN McCARTHY, Jr., Secretary.

## LOCAL BOARD—BEDFORD DISTRICT.

Thursday, November 6, 1902.

Meeting in Borough Hall at 3 p. m.

The roll was called, and the following members answered to their names: William C. Redfield, Commissioner of Public Works, presiding; Forty-ninth Aldermanic District, Alderman Holler; Fiftieth Aldermanic District, Alderman Diemer.

The Commissioner submitted the following:

No. 14.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

Report No. 288.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
July 31, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In reference to a complaint made at this office by a Mr. T. S. Gould, No. 46a Pulaski street, in reference to dangerous condition of sidewalk on DeKalb avenue between Spencer street and Walworth street. Have had an inspection made of same and find that the sidewalk in front of lot referred to is broken, uneven and parts unflagged. Would therefore recommend that it be flagged with a single course of bluestone flagging five (5) feet in width. Description of property as follows:

On the north side of DeKalb avenue between Spencer street and Walworth street, known as Lots Nos. 34 and 36, Block 97, Twenty-first Ward Map. Estimated cost of flagging, \$45; assessed valuation, \$2,850.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bedford District, Borough of Brooklyn, after hearing had this 6th day of November, 1902, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the north side of DeKalb avenue between Spencer street and Walworth street, known as Lots Nos. 34 and 36, Block 97, Twenty-first Ward Map, be flagged with a single course of bluestone flagging five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Holler and Diemer.

Approved by the President of the Borough November 20, 1902.

No. 15.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

Report No. 328.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
September 15, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with a complaint of a Mrs. Edwards, of No. 891 DeKalb avenue, in reference to unflagged sidewalks on DeKalb avenue between Throop and Sumner avenues. Have had an inspection made of the sidewalk referred to and find it is partly unflagged, and the flagging which is there is broken and uneven. Would therefore recommend that it be flagged with a single course of bluestone flagging five (5) feet in width. Description of property as follows:

On the north side of DeKalb avenue between Throop avenue and Sumner avenue, known as Lots Nos. 34, 35, 58, 60, 61, 62, 111 and 112, Block 52, Twenty-first Ward Map. Estimated cost, \$170; assessed valuation, \$17,400.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bedford District, Borough of Brooklyn, after hearing had this 6th day of November, 1902, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the north side of DeKalb avenue between Throop avenue and Sumner avenue, known as Lots Nos. 34, 35, 58, 60, 61, 62, 111 and 112, Block 52, Twenty-first Ward Map, be flagged with a single course of bluestone flagging five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Holler and Diemer.

Approved by the President of the Borough November 20, 1902.

No. 16.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with a complaint received at this office, signed "Citizen," in reference to unflagged sidewalk opposite No. 93 South First street. Have had an inspection made of the sidewalk referred to and find that it is unflagged. Would therefore recommend that it be flagged with a single course of bluestone flagging five (5) feet in width, or be paved with cement for a like width. Description of property as follows:

On the northeast side of South First street between Wythe avenue and Berry street, known as Lot No. 53, Block 47, Thirteenth Ward Map. Estimated cost of flagging, \$25, and of cement walk, \$15; assessed valuation, \$1,700.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with a "Taxpayer" complaint in reference to unflagged sidewalk on Flushing avenue between Classon avenue and Graham street. Have had an inspection made of the sidewalks referred to and find that they are partly unflagged. Would therefore recommend that they be flagged with a single course of bluestone flagging five (5) feet in width. Description as follows:

1. On the west side of Graham street between Flushing avenue and Park avenue, known as Lots Nos. 41 and 42, Block 13, Seventh Ward Map. Estimated cost of flagging, \$120; assessed valuation, \$126,000.

2. Also on the north side of Park avenue between Graham street and Classon avenue, and on the east side of Classon avenue between Flushing avenue and Park avenue, known as Lots Nos. 12, 13, 33 and 41, Block 13, Seventh Ward Map. Estimated cost of flagging, \$394, and of cement, \$237; assessed valuation, \$113,000.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with a complaint made at this office in reference to unflagged sidewalk on the corner of Hewes street and Broadway. Have had an inspection made of the sidewalk referred to and find that it is dangerous; that the

sidewalk is at present a schrimshaw walk, which is uneven, broken, and partly uncovered. Would therefore recommend that it be flagged with a single course of bluestone flagging five (5) feet in width, or be paved with cement for a like width. Description of property as follows:

On the southwest side of Broadway between Hewes street and Penn street, and on the southeast side of Hewes street between Broadway and Harrison avenue, known as Lot No. 39, Block 85, Nineteenth Ward Map. Estimated cost of flagging, \$215, and of cement walk, \$130; assessed valuation, \$25,000.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bedford District, Borough of Brooklyn, after hearing had this 6th day of November, 1902, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lot lying on the southwest side of Broadway between Hewes street and Penn street, and on the southeast side of Hewes street between Broadway and Harrison avenue, known as Lot No. 39, Block 85, Nineteenth Ward Map, be flagged with a single course of bluestone flagging five (5) feet in width, at the expense of the owner or owners of the said lot.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Holler and Diemer.

Approved by the President of the Borough November 20, 1902.

No. 3.

Petition for flagging sidewalks as described in the following report of the Engineer of the Bureau of Highways:

Report No. 143.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
April 28, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the accompanying petition from the office of the President of the Borough for the flagging of sidewalks on the south side of Myrtle avenue between Throop and Sumner avenues, I have had an inspection made of the sidewalks in front of the lots referred to and find that they are broken, sunken and uneven. I would therefore recommend that the sidewalks lying on the south side of Myrtle avenue between Throop avenue and Sumner avenue, known as Lots 51 to 58 inclusive, 98 and 99, Block 43, Twenty-first Ward Map, be flagged with a single course of bluestone flagging five (5) feet in width. Estimated cost of flagging, \$314; assessed valuation, \$12,500.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bedford District, Borough of Brooklyn, after hearing had this 6th day of November, 1902, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the south side of Myrtle avenue between Throop avenue and Sumner avenue, known as Lots Nos. 51 to 57 inclusive, Block 43, Twenty-first Ward Map, be flagged with a single course of bluestone flagging five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Holler and Diemer.

Approved by the President of the Borough November 20, 1902.

Report No. 149.

City of New York, Borough of Brooklyn,  
April 29, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the accompanying petition from the office of the President of the Borough for the fencing of vacant lots on the south side of Myrtle avenue between Throop avenue and Sumner avenue. I have had an inspection made of the vacant lots referred to, and would recommend that they be enclosed with a close board fence six (6) feet in height. They are, in their present condition, being used as a dumping ground for ashes and house refuse of all kinds. Description of property as follows:

On the south side of Myrtle avenue between Throop and Sumner avenues, known as lots Nos. 51 to 57 inclusive, Block 43, Twenty-first Ward Map. Estimated cost, \$87; assessed valuation, \$7,000.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In reference to complaint of W. H. Moseman, No. 51 South Eighth street, as to the dangerous condition of sidewalk on South Eighth street between Kent and Wythe avenues. Have had an inspection made of the sidewalk referred to and find that it is broken, uneven, and in a very dangerous condition. Would therefore recommend that it be flagged with a single course of bluestone flagging five (5) feet in width, or be paved with cement for a like width. Description of property as follows:

On the northeast side of South Eighth street between Kent and Wythe avenues, known as Lots Nos. 38, 39 and 42, Block 11, Thirteenth Ward Map. Estimated cost of flagging, \$115, and of cement walk, \$6,900; assessed valuation, \$49,500.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bedford District, Borough of Brooklyn, after hearing had this 6th day of November, 1902, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the northeast side of South Eighth street between Kent avenue and Wythe avenue, known as Lots Nos. 38, 39 and 42, Block 11, Thirteenth Ward Map, be flagged with a single course of bluestone flagging five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Holler and Diemer.

Disapproved by the President of the Borough November 20, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with a complaint of W. H. Moseman, No. 51 South Eighth street, in reference to unfenced lots on South Eighth street between Kent and Wythe avenues. Have had an inspection made of the vacant lots referred to and find that they are unfenced and a nuisance; that they are being used as a storage place for tramp trucks and wagons at night. Would therefore recommend that they be enclosed with a close board fence six (6) feet in height to abate the existing nuisances. Description of property as follows:

On the northeast side of South Eighth street between Kent and Wythe avenues, known as Lots Nos. 38, 39 and 42, Block 11, Thirteenth Ward Map. Estimated cost, \$46; assessed valuation, \$49,500.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bedford District, Borough of Brooklyn, after hearing had this 6th day of November, 1902, deeming it for the public interest so to do, hereby directs that the lots lying on the northeast side of South Eighth street between Kent avenue and Wythe avenue, known as Lots Nos. 38 and 42, Block 11, Thirteenth Ward Map, be enclosed with a close board fence six (6) feet high, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Holler and Diemer.

Disapproved by the President of the Borough November 20, 1902.

Action in relation to Lot No. 39, mentioned in the report of the Engineer of the Bureau of Highways and omitted from the above resolution was  
Deferred.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Holler and Diemer.

Approved by the President of the Borough November 20, 1902.

No. 22.

Petition for fencing vacant lot on the north side of Park avenue between Tompkins avenue and Delmonico place.

Laid over and referred to Alderman Diemer.

Adjournment.

JUSTIN McCARTHY, Jr., Secretary.

#### LOCAL BOARD—FLATBUSH DISTRICT.

Thursday, November 6, 1902.

Meeting in Borough Hall at 10 a. m.

The roll was called, and the following members answered to their names: William C. Redfield, Commissioner of Public Works, presiding; Sixty-first Aldermanic District, Alderman Wentz; Sixty-third Aldermanic District, Alderman McInnes.

The Commissioner submitted the following:

No. 15.

Following report from the Engineer of the Bureau of Highways:

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
October 31, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith technical description and profile for change of grade in East Fourteenth street between Caton avenue and Church avenue. This is the street where the ordinance was passed with an error in it. This change is the one which the property owners desire and through which the street is now being improved.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

Technical description for a public hearing in the matter of change of grade in East Fourteenth street from Caton avenue to Church avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of Caton avenue and East Fourteenth street, the elevation to be 49.62 feet, as heretofore.

1. Thence southerly to a point distant 147.2 feet southerly from the southwest corner of Caton avenue and East Fourteenth street, the elevation to be 50.62 feet.

2. Thence southerly to the intersection with Church avenue, the elevation to be 44.54 feet, as heretofore.

All elevations refer to mean high-water datum as established by the Bureau of Highways, Borough of Brooklyn.

Dated, New York, October 29, 1902.

Topographical Bureau, Borough of Brooklyn.

(Signed) GEORGE J. BISCHOF, Assistant Engineer in Charge.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 6th day of November, 1902, hereby rescinds the following resolution adopted March 26, 1902:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 26th day of March, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by changing the grade of East Fourteenth street between Caton avenue and Church avenue, in the Borough of Brooklyn, by introducing a summit having a grade elevation of 50.29 at a point 220 feet south of the centre line of Caton avenue, as shown on the accompanying plan.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wentz and McInnes.

Approved by the President of the Borough November 17, 1902.

The following resolution was offered:

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wentz and McInnes.

Approved by the President of the Borough November 17, 1902.

Adjournment.

JUSTIN MCCARTHY, Jr., Secretary.

#### LOCAL BOARD—FLATBUSH DISTRICT.

Monday, November 17, 1902.

Meeting in Borough Hall at 3 p. m.

The roll was called, and the following members answered to their names: William C. Redfield, Commissioner of Public Works, presiding; Sixty-first Aldermanic District, Alderman Wentz; Sixty-second Aldermanic District, Alderman Wirth; Sixty-third Aldermanic District, Alderman McInnes.

The Commissioner submitted the following:

No. 8.

The matter of acquiring title to the property in the block bounded by Avenues I and J and East Thirty-eighth and East Thirty-ninth streets, in the Thirty-second Ward, for a public park and playground was referred back to the Local Board by the Board of Estimate and Apportionment in order to have proceedings initiated to first lay this property on the map.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 17th day of November, 1902, hereby rescinds the following resolution adopted March 26, 1902:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 26th day of March, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to acquire title to the property in the block bounded by Avenues I and J and East Thirty-eighth and East Thirty-ninth streets, in the Thirty-second Ward, in the Borough of Brooklyn, for the purpose of a public park and playground.

"Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval."

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 19, 1902.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by laying out as a public park and playground the property bounded by Avenues I and J and East Thirty-eighth and East Thirty-ninth streets, in the Thirty-second Ward, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 19, 1902.

No. 9.

Petition to alter the map of The City of New York by laying out as a public park the property bounded by Thatford avenue, Spofford avenue, Chester street and Vienna avenue.

Following communication and enclosure from the Commissioner of Public Works:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Borough Hall, November 21, 1902.

Hon. J. EDWARD SWANSTROM, President Borough of Brooklyn:

Dear Sir—I beg to hand you map showing public park, bounded by Thatford avenue, Spofford avenue, Chester street and Vienna avenue, together with technical description.

Very truly yours,

(Signed) A. J. AUBREY,

Secretary to the Commissioner of Public Works.

(Copy.)

Technical description in the matter of locating and laying out a public park bounded by Thatford avenue, Spofford avenue, Chester street and Vienna avenue, and the closing of Mill road within this area, in the Thirty-second Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

(A.)—Public Park.

Beginning at the intersection of the eastern line of Chester street and the southern line of Vienna avenue, as the same are laid down on the map of the City;

1. Thence easterly along the southern line of Vienna avenue 470.17 feet to the western line of Thatford avenue;

2. Thence southerly along the western line of Thatford avenue 500 feet to the northern line of Spofford avenue;

3. Thence westerly along the northern line of Spofford avenue 470.17 feet to the eastern line of Chester street;

4. Thence northerly along the eastern line of Chester street to the point of beginning.

(B.)—Closing Mill Road.

Beginning at a point in the eastern line of Chester street distant 133.0 feet northerly from the intersection of the northern line of Spofford avenue with the eastern line of Chester street, as the same are laid down on the map of the City;

1. Thence northerly along the eastern line of Chester street 73.0 feet to the northeastern line of Mill road;

2. Thence southeasterly 228.0 feet along the northeastern line of Mill road to the northern line of Spofford avenue;

3. Thence westerly 33.0 feet along the northern line of Spofford avenue to the southwestern line of Mill road;

4. Thence northwesterly 147.0 feet along the southwestern line of Mill road to the point of beginning.

Note.—All these dimensions are approximate.

Dated New York, November 25, 1902.

Topographical Bureau, Borough of Brooklyn.

(Signed)

GEORGE J. BISCHOF, Assistant Engineer in charge

(Signed)

GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by laying out as a public park the property bounded by Thatford avenue, Spofford avenue, Chester street and Vienna avenue, in the Borough of Brooklyn; also by closing the Mill road which lies within the proposed park as described, and by including such road in said park as shown on the accompanying map, and more particularly described as follows:

(A.)—Public Park.

Beginning at the intersection of the eastern line of Chester street and the southern line of Vienna avenue, as the same are laid down on the map of the City;

1. Thence easterly along the southern line of Vienna avenue 470.17 feet to the western line of Thatford avenue;

2. Thence southerly along the western line of Thatford avenue 500 feet to the northern line of Spofford avenue;

3. Thence westerly along the northern line of Spofford avenue 470.17 feet to the eastern line of Chester street;

4. Thence northerly along the eastern line of Chester street to the point of beginning.

(B.)—Closing Mill Road.

Beginning at a point in the eastern line of Chester street distant 133.0 feet northerly from the intersection of the northern line of Spofford avenue with the eastern line of Chester street, as the same are laid down on the map of the City;

1. Thence northerly along the eastern line of Chester street 73.0 feet to the northeastern line of Mill road;

2. Thence southeasterly 228.0 feet along the northeastern line of Mill road to the northern line of Spofford avenue;

3. Thence westerly 33.0 feet along the northern line of Spofford avenue to the southwestern line of Mill road;

4. Thence northwesterly 147.0 feet along the southwestern line of Mill road to the point of beginning.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

No. 178.

Petition to open Avenue G from Ocean avenue to Flatbush avenue.

Affidavits were furnished showing that Avenue G from Amersfort place to East Thirty-seventh street and from East Twenty-fourth street to Ocean avenue is legally open through public usage, and Mr. Henry Meyer having stated to the Board that he would obtain affidavits for the portion of the street from Amersfort place to East Twenty-fourth street, the matter of opening was

Laid over.

No. 179.

Petition to open Avenue C from Flatbush avenue to East Thirty-seventh street. Mr. Henry A. Meyer and Mr. John E. Lott having stated to the Board that they would furnish affidavits showing that the street is legally open, the matter was

Laid over.

No. 180.

Petition to open Newkirk avenue between Nostrand avenue and East Thirty-fifth street, and recommendation from the Engineer of the Bureau of Highways that the limits of the opening should read from Nostrand avenue to East Thirty-fifth street.

Affidavits having been filed by two property owners, showing that Newkirk avenue from Flatbush avenue to East Thirty-fifth street is legally open through public usage, and these affidavits covering the limit asked for in the petition, the matter of opening that portion of the street between East Thirty-fifth street and Brooklyn avenue was

Disapproved.

No. 181.

Following communication and report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
October 2, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith chart which shows the proposed change of grade on Woodruff avenue between Flatbush avenue and Parade place, according to our conversation on this subject. The change as proposed brings the grade down practically to the surface of the street and provides for drainage. The present established grade would fill in some places 2 feet. The street is improved nearly its entire length on both sides, and any material change from the present surface of the road would do considerable damage. This change proposed would help the property owners very materially, and is just as good as the one at present established. In accordance with your instructions and my own belief as to the case I have instructed the grade to be given to the contractor in accordance with this plan, as I think there is no question at all about its going through.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

October 31, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith technical description for change of grade on Woodruff avenue between Parade place and Flatbush avenue, and St. Paul's place between Crooke avenue and Parkside avenue, a map showing the same having been sent before.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

(Copy.)

Technical description for proposed change of grade:

Woodruff avenue between Parade place and Flatbush avenue.

Beginning at the intersection of Woodruff avenue and Parade place, the elevation to be 56.60 feet above mean high water datum;

Thence easterly to a summit midway between Parade place and St. Paul's place the elevation to be 57.31 feet above mean high water datum;

Thence easterly to the intersection of Woodruff avenue and St. Paul's place, the elevation to be 56.60 feet above mean high water datum;

Thence easterly to the intersection of Woodruff avenue and Ocean avenue, the elevation to be 57.60 feet above mean high water datum, as heretofore;

Thence easterly to the intersection of Woodruff avenue and Kenmore place, the elevation to be 56.78 feet above mean high water datum;

Thence easterly to the intersection of Woodruff avenue and Flatbush avenue, the elevation to be 55.30 feet above mean high water datum, as heretofore.

St. Paul's place between Crooke avenue and Parkside avenue.

Beginning at the intersection of St. Paul's place and Crooke avenue, the elevation to be 56.86 feet above mean high water datum, as heretofore;

Thence northerly to a summit distant 87 feet from the northern side line of Crooke avenue, the elevation to be 57.20 feet above mean high water datum;

Thence northerly to the intersection of St. Paul's place and Woodruff avenue, the elevation to be 56.60 feet above mean high water datum;

Thence northerly to a summit distant 123 feet from the northern side line of Woodruff avenue, the elevation to be 57.06 feet above mean high water datum;

Thence northerly to the intersection of St. Paul's place and Parkside avenue, the elevation to be 56.70 feet above mean high water datum, as heretofore.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest

so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by changing the grade of Woodruff avenue between Flatbush avenue and Parade place, and of St. Paul's place between Crooke avenue and Parkside avenue, in the Borough of Brooklyn, more particularly described as follows:

Woodruff avenue between Parade place and Flatbush avenue.  
Beginning at the intersection of Woodruff avenue and Parade place, the elevation to be 56.60 feet above mean high water datum;

Thence easterly to a summit midway between Parade place and St. Paul's place, the elevation to be 57.31 feet above mean high water datum;

Thence easterly to the intersection of Woodruff avenue and St. Paul's place, the elevation to be 56.60 feet above mean high water datum;

Thence easterly to the intersection of Woodruff avenue and Ocean avenue, the elevation to be 57.60 feet above mean high water datum, as heretofore;

Thence easterly to the intersection of Woodruff avenue and Kenmore place, the elevation to be 56.78 feet above mean high water datum;

Thence easterly to the intersection of Woodruff avenue and Flatbush avenue, the elevation to be 55.30 feet above mean high water datum, as heretofore.

St. Paul's place between Crooke avenue and Parkside avenue.  
Beginning at the intersection of St. Paul's place and Crooke avenue, the elevation to be 56.86 feet above mean high water datum;

Thence northerly to a summit distant 87 feet from the northern line of Crooke avenue, the elevation to be 57.20 feet above mean high water datum;

Thence northerly to the intersection of St. Paul's place and Woodruff avenue, the elevation to be 56.60 feet above mean high water datum;

Thence northerly to a summit distant 123 feet from the northern side line of Woodruff avenue, the elevation to be 57.06 feet above mean high water datum;

Thence northerly to the intersection of St. Paul's place and Parkside avenue, the elevation to be 56.70 feet above mean high water datum, as heretofore.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Approved by the President of the Borough November 29, 1902.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

#### No. 182.

Petition to alter the map of The City of New York by continuing the western side of Bedford avenue north to Flatbush avenue, so as to make the western side of Bedford avenue continuous.

Following report and technical description from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
October 6, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for continuing the western side of Bedford avenue north to Flatbush avenue, so as to make the western side of Bedford avenue continuous. This is directly north of Foster avenue. The lot is so large that I am unable to give the assessed valuation of this particular piece; but I consider that the proposed improvement is very important, and would recommend that the petition be granted and that the Local Board initiate proceedings for same.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

(Copy.)

Technical description for a public hearing in the matter of the locating and laying out of East Twenty-fifth street (Bedford avenue) from Foster avenue to Flatbush avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the northern line of Foster avenue and the southwestern line of Flatbush avenue;

1. Thence westerly along the northern line of Foster avenue 42.35 feet to the intersection of the northerly prolongation of the western line of East Twenty-fifth street (Bedford avenue);

2. Thence northerly, deflecting 114 degrees 3 minutes 0 seconds to the right, 89.38 feet along the said prolongation of the western line of East Twenty-fifth street aforesaid to the southwestern line of Flatbush avenue;

3. Thence southerly along the southwestern line of Flatbush avenue 81.83 feet to the point of beginning.

Note.—All these dimensions are approximate.

Dated New York, December 18, 1902.

Topographical Bureau, Borough of Brooklyn.

(Signed) GEORGE J. BISCHOF, Assistant Engineer in Charge.

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by locating and laying out East Twenty-fifth street (Bedford avenue) from Foster avenue to Flatbush avenue, in the Twenty-ninth Ward, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the northern line of Foster avenue and the southwestern line of Flatbush avenue;

1. Thence westerly along the northern line of Foster avenue 42.35 feet to the intersection of the northerly prolongation of the western line of East Twenty-fifth street (Bedford avenue);

2. Thence northerly, deflecting 114 degrees 3 minutes 0 seconds to the right, 89.38 feet along the said prolongation of the western line of East Twenty-fifth street aforesaid to the southwestern line of Flatbush avenue;

3. Thence southerly along the southwestern line of Flatbush avenue 81.83 feet to the point of beginning.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough December 29, 1902.

#### No. 183.

Petition to reduce the width of the roadway of East Eleventh street between Beverly road and Cortelyou road from 32 feet to 30 feet.

Following report from the Engineer of the Bureau of Highways:

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 22, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for the reducing of the roadway of East Eleventh street between Beverly road and Cortelyou road to 30 feet. I would respectfully recommend that the prayer of the petitioners be granted.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to reduce the width of the roadway of East Eleventh street between Beverly road and Cortelyou road, in the Borough of Brooklyn, from 32 feet to 30 feet, and increase the width of the sidewalks accordingly.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

#### No. 184.

Petition to reduce the width of the roadway of East Twelfth street between Beverly road and Cortelyou road from 32 feet to 30 feet.

Following report from the Engineer of the Bureau of Highways:

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 17, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition asking that East Twelfth street between Beverly road and Cortelyou road have its roadway changed from 32 feet to 30 feet in width. In reply I would say that I think this petition should be granted.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to reduce the width of the roadway of East Twelfth street between Beverly road and Cortelyou road, in the Borough of Brooklyn, from 32 feet to 30 feet, and increase the width of the sidewalks accordingly.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

#### No. 185.

Petition to reduce the width of the roadway of East Thirteenth street between Beverly road and Cortelyou road from 32 feet to 30 feet.

Following report from the Engineer of the Bureau of Highways:

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
October 17, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition asking that East Thirteenth street between Beverly road and Cortelyou road have its roadway changed from 32 feet to 30 feet in width. In reply I would say that I think this petition should be granted.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to reduce the width of the roadway of East Thirteenth street between Beverly road and Cortelyou road, in the Borough of Brooklyn, from 32 feet to 30 feet, and increase the width of the sidewalks accordingly.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

#### No. 186.

Petition to reduce the width of the roadway of East Fourteenth street between Beverly road and Cortelyou road from 32 feet to 30 feet.

Following report from the Engineer of the Bureau of Highways:

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 17, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition asking that East Fourteenth street between Beverly road and Cortelyou road have its roadway changed from 32 feet to 30 feet in width. In reply I would say that I think it is proper that this petition should be granted.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to reduce the width of the roadway of East Fourteenth street between Beverly road and Cortelyou road, in the Borough of Brooklyn, from 32 feet to 30 feet, and increase the width of the sidewalks accordingly.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

#### No. 187.

Petition to reduce the width of the roadway of East Fifteenth street between Beverly road and Cortelyou road from 32 feet to 30 feet.

Following report from the Engineer of the Bureau of Highways:

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
October 17, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition asking that East Fifteenth street between Beverly road and Cortelyou road have its roadway changed from 32 feet to 30 feet in width. In reply I would say that I think this petition should be granted.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to reduce the width of the roadway of East Fifteenth street between Beverly road and Cortelyou road, in the Borough of Brooklyn, from 32 feet to 30 feet, and increase the width of the sidewalks accordingly.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

#### No. 188.

Petition to grade and pave Vanderbilt street between Eighteenth street and Coney Island avenue with asphalt pavement.

Following report from the Engineer of the Bureau of Highways:

Grading and Paving Report No. 168.  
City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 6, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for regulating, grading and paving with

asphalt Vanderbilt street from Eighteenth street to Coney Island avenue. The items are:

- 2,500 cubic yards of grading at 35c.
- 1,888 linear feet of curb at 75c.
- 3,150 square yards of pavement at \$2.25.
- Estimated cost, \$10,000.
- Assessed valuation, \$35,000.

The amount of grading is so small that I would recommend that the work all be let in one contract. The street is legally opened. Sewer, water mains and gas mains have been laid. The petition asks that the roadway be narrowed from 32 feet to 30 feet. This, I think, should be granted, as in that way a large number of trees would be saved which would be destroyed by a 32-foot roadway.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, hereby determines to initiate proceedings to grade and pave Vanderbilt street with asphalt pavement between Eighteenth street and Coney Island avenue, in the Borough of Brooklyn, and to set or reset curb of said street, where not already done, and reducing the width of the roadway from 32 feet to 30 feet, and increasing the width of the sidewalks accordingly.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

No. 57.

Petition to rescind the action of the Local Board of September 29, 1902, to grade and pave with asphalt pavement Somers street from Eastern Parkway extension to Broadway, and Sackman street from Somers street for about 80 feet south to where now paved, and to substitute trap block pavement in place of asphalt pavement on said street.

Disapproved and petition withdrawn by petitioners.

No. 189.

Petition to regulate, grade and pave with asphalt pavement Linden avenue between Rogers avenue and the easterly side of Canarsie avenue.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

Grading and Paving Report No. 189.

City of New York, Borough of Brooklyn,

Office of Commissioner of Public Works,

Bureau of Highways, Chief Engineer's Office,

October 14, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith estimate for grading and paving with asphalt on concrete Linden avenue from Rogers avenue to east side of Canarsie avenue. The items are:

- 8,000 cubic yards of grading at 40c.
- 4,960 linear feet of curbing at 75c.
- 11,670 square yards of asphalt (42 feet) pavement at \$2.25.
- Total estimated cost, plus 5 per cent, \$33,600. Assessed value of the land, \$67,850.

The street was declared open by the Common Council of Brooklyn, Rogers to Nostrand avenue, August 9, 1897. There is no other record of opening. Sewers have been built between Rogers and Nostrand avenues, and a few sewer basins have been built. Water mains have been laid and gas mains from Rogers avenue to 400 feet east of Nostrand avenue. Change in width of roadway suggested from 50 feet to 42 feet. This will save nearly all the trees which now conform to the lines of old Linden road. The latter diverges from established lines of avenue, beginning at New York avenue and amounting to 12 feet at Canarsie road, the old road lying south of the new avenue.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

(Copy.)

Bureau of Highways,  
November 24, 1902.

Mr. A. J. AUBREY, Secretary to the Commissioner of Public Works:

Dear Sir—I return you herewith letter from Justin McCarthy, Jr., asking if the estimated cost of asphalt pavement on Linden street can be reduced from \$2.25 per square yard.

In reply I would say that this could possibly be reduced 15 cents per square yard, but I doubt if so slight a reduction would be material. If it would, however, help in any way the carrying out of the improvement I would be very glad to make the reduction, but the reduction will be so slight that it seems to me as if it were unnecessary.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

Affidavits showing the dedication of the street to public use were filed by two property owners.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, hereby determines to initiate proceedings to grade and pave Linden avenue with asphalt on concrete between Rogers avenue and easterly side of Canarsie avenue, in the Borough of Brooklyn, and to set or reset curb of said street where not already done, and reducing width of roadway from 50 feet to 42 feet and increasing width of sidewalks accordingly.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

No. 190.

Petition to regulate, grade and pave with macadam pavement Clarendon road between Nostrand avenue and New York avenue.

Action deferred for one month, property owners to file new petition.

No. 191.

Petition to alter the map of The City of New York by removing therefrom the lines of the street described as Lott place between Flatbush avenue and East Thirty-eighth street, in the Thirty-second Ward.

Following report and technical description from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
October 14, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for closing Lott place from Flatbush avenue to East Thirty-eighth street. In reply I would say that this matter was taken up by the old Board of Public Improvements, and after a public hearing a resolution was adopted on July 11, 1900, closing this place. I would therefore recommend that this action be continued and completed.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

Technical description for a public hearing in the matter of discontinuing and closing that portion of Lott place between East Thirty-eighth street and Flatbush avenue, excepting the crossings of Kings Highway, in the Thirty-second Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

Parcel "A."

Beginning at the intersection of the eastern line of East Thirty-eighth street and the southern line of Lott place, as the same are laid down on the map of the City;

1. Thence northerly 60 feet along the eastern line of East Thirty-eighth street to the northern line of Lott place;
2. Thence easterly, deflecting 90 degrees to the right for 244.29 feet, along the northern line of Lott place to the northwestern line of Kings Highway;
3. Thence southwesterly, deflecting 165 degrees 09 minutes 26 seconds to the right for 234.22 feet, along the northwestern line of Kings Highway to the southern line of Lott place;
4. Thence westerly 17.88 feet along the southern line of Lott place to the point of beginning.

Parcel "B."

Beginning at the intersection of the southwestern line of Flatbush avenue and the southern line of Lott place, as the same are laid down on the map of the City:

1. Thence northwesterly along the southwestern line of Flatbush avenue 45.80 feet to the southeastern line of Kings Highway;
2. Thence southwesterly, deflecting to the left 74 degrees 10 minutes 41 seconds for 153.80 feet, along the southeastern line of Kings Highway to the southern line of Lott place;
3. Thence easterly 172.03 feet along the southern line of Lott place to the point of beginning.

Note.—All these dimensions are approximate.

Dated New York, December 3, 1902.

Topographical Bureau, Borough of Brooklyn.

(Signed) GEORGE J. BISCHOF, Assistant Engineer in charge.

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by closing and discontinuing that part of Lott place between East Thirty-eighth street and Flatbush avenue, in the Borough of Brooklyn, excepting the crossing of Kings Highway, more particularly described as follows:

Parcel "A."

Beginning at the intersection of the eastern line of East Thirty-eighth street and the southern line of Lott place, as the same are laid down on the map of the City:

1. Thence northerly 60 feet along the eastern line of East Thirty-eighth street to the northern line of Lott place;
2. Thence easterly, deflecting 90 degrees to the right for 244.29 feet, along the northern line of Lott place to the northwestern line of Kings Highway;
3. Thence southwesterly, deflecting 165 degrees 09 minutes 26 seconds to the right for 234.22 feet along the northwestern line of Kings Highway to the southern line of Lott place;
4. Thence westerly 17.88 feet along the southern line of Lott place to the point of beginning.

Parcel "B."

Beginning at the intersection of the southwestern line of Flatbush avenue and the southern line of Lott place, as the same are laid down on the map of the City:

1. Thence northwesterly along the southwestern line of Flatbush avenue 45.80 feet to the southeastern line of Kings Highway;
2. Thence southwesterly, deflecting to the left 74 degrees 10 minutes 41 seconds for 153.80 feet along the southeastern line of Kings Highway to the southern line of Lott place;
3. Thence easterly 172.03 feet along the southern line of Lott place to the point of beginning.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

No. 192.

Petition for opening and sewerage Malbone street from New York avenue to Albany avenue.

Following communication and report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Superintendent,  
September 10, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works and Acting President, Borough of Brooklyn:

Dear Sir—On August 6, 1902, you referred to me a communication from the Secretary of the President of the Borough, addressed to the Bureau of Sewers, in relation to the sewerage and opening of

Malbone street between New York avenue and Albany avenue.

I herewith return said communication, also original petition in the matter which accompanied same, and enclose herewith a copy of the report made to me by the Chief Engineer of Sewers, Borough of Brooklyn.

I especially draw your attention to the last paragraph of Mr. Asserson's report, and respectfully urge that all resolutions either by the Local Board or the Board of Estimate and Apportionment may be rescinded in the matter of closing Avenue C between the southerly line of Ditmas avenue and the westerly line of Remsen avenue.

Yours respectfully,  
(Signed) JOHN THATCHER,  
Superintendent of Sewers, Borough of Brooklyn.

(Copy.)  
City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Chief Engineer,  
September 10, 1902.

Mr. JOHN THATCHER, Superintendent of Sewers:

Dear Sir—I herewith return a communication which has been referred to me, the same being from the Secretary of the President of the Borough, addressed to the Bureau of Sewers under date of August 5, 1902, relative to the construction of sewer in

Malbone street between New York avenue and Albany avenue.

I also return original petition which accompanied above communication.

I beg to report that in order to construct this sewer within the above limits it will be necessary to construct outlets which are partly in Map T and partly in Map X, and as said outlets are in different stages of construction, authorization, etc., I have deemed it advisable to separate the length petitioned for into two matters, so that one part need not be delayed by the other.

If an estimate is required for the whole length, as petitioned for, a simple addition will give the whole estimate; therefore, I give

1. The estimated cost for the construction of a sewer in Malbone street between New York avenue and Brooklyn avenue, which is \$6,300. The assessed valuation of the real estate within the probable area of assessment is \$38,420.

The items of work necessary are:

- 780 feet of 24-inch pipe sewer.
- 700 feet of 12-inch pipe sewer.
- 15 manholes.
- 2 receiving basins, and appurtenances.

In regard to outlet sewers, information of which is requested, I beg to state that such will be necessary in

Malbone street between New York avenue and Nostrand avenue, Nostrand avenue between Midwood street and Hawthorne street, Hawthorne street between Nostrand and New York avenues, New York avenue between Hawthorne and Martense streets, Martense street between New York and Bediord avenues, the estimated cost of which is \$85,660. The assessed valuation of the real estate within the probable area of assessment for above-mentioned outlets is \$3,894,130.

The items of work necessary are:

- 1,725 feet of 66-inch brick sewer.
- 4,380 feet of 60-inch brick sewer.

260 feet of 54-inch brick sewer.  
185 feet of 42-inch brick sewer.  
505 feet of 36-inch brick sewer.  
50 feet of 18-inch pipe sewer.  
50 feet of 15-inch pipe sewer.  
800 feet of 12-inch pipe sewer.  
54 manholes.  
24 receiving basins, and appurtenances.

It will be noticed in the above list of outlet sewers that Nostrand avenue between Malbone and Midwood streets is omitted. It has been omitted intentionally, because a sewer within these limits is constructed, but inactive. A further outlet in Bedford avenue from Martense street to Flatbush avenue has recently been contracted for, while additional outlets through Foster avenue to Bergen lane and Nineteenth avenue are before the Board of Estimate and Apportionment for their action.

2. Malbone street between Brooklyn avenue and Albany avenue.

The estimated cost of this length is \$9,250, while the assessed valuation of the real estate within the probable area of assessment is \$19,810.

The items of work necessary are:

50 feet of 15-inch pipe sewer.  
2,960 feet of 12-inch pipe sewer.  
35 manholes.

3 receiving basins, and appurtenances.

In regard to outlet sewers, information of which is requested, I beg to state that such will be necessary in

Hillier place between Malbone street and Lefferts avenue,  
Aitken place between Malbone street and Lefferts avenue,  
Lefferts avenue, northerly side, between Aitken place and Brooklyn avenue,  
Brooklyn avenue between Lefferts avenue and Midwood street,  
Midwood street between Brooklyn avenue and Kingston avenue,  
Kingston avenue between Malbone street and Rutland road (formerly Tulip street).

Rutland road between Kingston avenue and Remsen avenue,  
Malbone street between Albany avenue and Lefferts avenue,  
Lefferts avenue, northerly side, between Malbone street and Utica avenue,  
Utica avenue between Lefferts avenue and East New York avenue, crossing East New York avenue to Remsen avenue,

Remsen avenue between East New York avenue and Ralph avenue,

Ralph avenue between Remsen avenue and Avenue C,  
beyond which point see previous report of January 27, 1902, entitled, "Sewers in Avenue G from Coney Island avenue to Flatbush avenue, etc."

The estimated cost of these outlet sewers is \$329,200, and the assessed valuation of the real estate within the probable area of assessment is \$4,366,120.

The items of work necessary to be performed are:

2,070 feet of 102-inch brick sewer.  
2,720 feet of 90-inch brick sewer.  
1,800 feet of 84-inch brick sewer.  
2,310 feet of 72-inch brick sewer.  
260 feet of 48-inch brick sewer.  
1,510 feet of 54-inch brick sewer.  
3,845 feet of 42-inch brick sewer.  
265 feet of 36-inch brick sewer.  
525 feet of 30-inch brick sewer.  
800 feet of 24-inch pipe sewer.  
425 feet of 18-inch pipe sewer.  
1,250 feet of 15-inch pipe sewer.  
2,350 feet of 12-inch pipe sewer.  
128 manholes.  
100 receiving basins, and appurtenances.

Other outlet sewers are necessary, as above stated, but were reported upon on January 27, 1902, under heading, "Sewers in Avenue G from Coney Island avenue to Flatbush avenue, etc.," being through those streets extending to the East New York Purification Works, such as Avenue C from Ralph avenue to Avenue D.

Avenue D from Avenue C to Powell street, etc., etc.

In regard to streets legally open, information of which is requested, I beg to advise as follows:

Malbone street.

Malbone street between Flatbush avenue and the City Line (at or near New York avenue) was confirmed under the Town of Flatbush, September 27, 1873.

Malbone street between New York avenue and City Line (between Albany avenue and Troy avenue) was declared open by the Common Council of the City of Brooklyn on March 20, 1893, the street at that time being 70 feet wide on the Commissioner's Map.

As the lines of Malbone street in the Twenty-fourth and Twenty-ninth Wards were not continuous, and the street of different widths, the Common Council of the City of Brooklyn, on November 25, 1895, under Resolution No. 44, adopted a map which provides as follows:

1. So much of Malbone street as lies in the Twenty-fourth Ward west of Brooklyn avenue be stricken out.

2. That Malbone street as located between Flatbush avenue and the dividing line between the Twenty-fourth and Twenty-ninth Wards be extended by producing the north and south lines thereof until they intersect the westerly line of Brooklyn avenue.

3. That part of Malbone street lying in the Twenty-fourth Ward east of Brooklyn avenue be widened from 70 feet to 100 feet by adding 15 feet to each side thereof.

4. The lines of Brooklyn avenue in the Twenty-fourth Ward north of Lefferts avenue be narrowed to conform with Brooklyn avenue in the Twenty-fourth Ward.

5. The resolution provides for the laying out of two new streets 50 feet wide in the block bounded by Montgomery street, Malbone street, Nostrand avenue and New York avenue, to be parallel with New York avenue.

At a meeting of the Board of Public Improvements July 3, 1901 ("City Record," page 4,418, year 1901), Chief Engineer Risse reports on this street, and advises that, the resolution above referred to not having been signed by the Mayor of the City of Brooklyn, and in accordance with the opinion of the Corporation Counsel, dated May 12, 1899, the validity of such resolutions not signed by the Mayor might be questioned. He therefore recommends the matter be referred to the Local Board, Borough of Brooklyn, to initiate proceedings. The Local Board, September 20, 1901, laid the matter over ("City Record," page 6,529, October 25, 1901).

Referring to that part declared open, mentioned above, the street at that time was only 70 feet wide, and I think not much traveled, and this would probably be held to be of no effect.

It would therefore appear that the street is only open from Flatbush avenue to the old City Line near New York avenue, and that east of that point there will have to be first a change of lines and then regular opening proceedings. Incidentally it might be mentioned that the assessors' maps seem to follow the new lines as given in the resolution of November 25, 1895.

Miller place between Malbone street and Lefferts avenue, no record.

Aitken place between Malbone street and Lefferts avenue, no record.

Lefferts avenue between Aitken place and Brooklyn avenue, no record.

Lefferts avenue between Malbone street and Utica avenue, no record.

Brooklyn avenue between Lefferts avenue and Midwood street, no record.

Midwood street between Rogers avenue and Troy avenue. Resolution to open between these limits passed the Board of Public Improvements February 14, 1900, but two affidavits were submitted declaring that the street had been a thoroughfare over ten years, and in accordance with the opinion of the Corporation Counsel, October 26, 1898, the street can be considered legally open and proceedings for acquiring title unnecessary, and the resolution for opening was thereupon rescinded. (B. P. I., July 3, 1901; Record, July 12, 1901, page 4,417.)

Kingston avenue between Winthrop street and Malbone street. Passed the Board of Public Improvements June 6, 1902. ("City Record," July 18, 1902, page 4,484.)

Rutland road between Canarsie lane and Remsen avenue. Application for appointment of Commissioners made May 10, 1902 (page 2,418, "City Record," April 26, 1902). I believe Commissioners were appointed May 12, 1902.

In connection with the improvement around the Kingston Avenue Hospital, in

accordance with request, it has been recommended by Engineer Lewis that title to this street vest at once. (See page 4,484, "City Record," July 18, 1902.)

Utica avenue from old City Line to line between Flatbush and Flatlands was confirmed June 27, 1896.

East New York avenue is legally open 60 feet where Utica avenue crosses.

Remsen avenue between the intersection of Utica avenue and East New York avenue and Canarsie Bay Park. Commissioners for opening were to be applied for January 27, 1900 ("City Record," January 13, 1900, page 281). A law having this object in view was passed by the Legislature, and on June 15, 1900, the Local Board, under Resolution No. 353, passed resolution to lay out, open and improve the street as given above, in accordance with Chapter 765, Laws of 1900 ("City Record," July 6, 1900, page 4,257). The Board of Public Improvements passed resolutions in accordance with said act in regard to filing maps, etc. (B. P. I., June 26, 1901; "City Record," page 4,281, July 3, 1902). I find no record of the appointment of Commissioners.

Ralph avenue between Remsen avenue and Paerdegat avenue. Proceedings to open came before Local Board March 29, 1900, Resolution No. 301, this being one of the streets required by the Department of Water Supply for laying water pipes, but the resolution was laid over ("City Record," page 2,611, April 28, 1900).

Nostrand avenue between Midwood street and Hawthorne street. Confirmed May 14, 1891.

Hawthorne street between Nostrand avenue and Albany avenue. Commissioners appointed March 30, 1901 ("City Record," March 17, 1902, page 1,600). It was also recommended that title vest immediately in this street, the same as in Rutland road.

New York avenue. Application for appointment of Commissioners was to have been made for this street between Church avenue and East New York avenue March 29, 1901 ("City Record," page 1,604, March 18, 1901); but limits were afterwards changed and resolution to open between Malbone street and Church avenue passed B. P. I. May 22, 1901 ("City Record," page 3,353, June 1, 1901).

Martense street between New York avenue and Flatbush avenue. Commissioners were appointed November 5, 1900 (page 1,609, Record, March 17, 1902).

In building this outlet a change of grade is necessary in Ralph avenue between Vernon avenue and Avenue C, and also in Avenue C, as there is only seven feet from the flow line of the 120-inch sewer to the surface of the street at Avenue C.

If this improvement is authorized a change of grade plan will be immediately presented.

Your attention is also directed to the closing proceedings now going on for closing Avenue C between the southerly line of Ditmas avenue and the westerly line of Remsen avenue. Resolution No. 39, passed Local Board May 8, 1902 ("City Record," page 5,092, August 19, 1902). This street, you will notice, is to be occupied by a main sewer, as reported on January 27, 1902, under title, "Sewers in Avenue G from Coney Island avenue to Flatbush avenue, etc."

I respectfully protest against the closing of this street, as it will very materially interfere with the proper drainage of Map X, said map containing a territory of more than 2,100 acres.

In all changes of grade and changes in the Commissioner's Map it would certainly be advisable to place such proposed alterations before the Bureau of Sewers, in order that it may be ascertained if the drainage plans of the vicinity in question will be interfered with.

I sincerely hope that this procedure may obtain in the future, and that Resolution No. 39 of the Local Board, above noted, may be rescinded as speedily as possible.

Yours respectfully,

(Signed) HENRY R. ASSERSON, Chief Engineer of Sewers,  
Borough of Brooklyn.

Following reports from the Chief Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, September 3, 1902.

Mr. HENRY R. ASSERSON, Chief Engineer, Department of Sewers:

Dear Sir—In response to yours of the 19th instant inquiring as to the opening of Malbone street and others, I would report as follows:

Malbone street between New York and Albany avenues, and between New York and Nostrand. I would say that between New York and Nostrand is now open. Between New York and Albany the street is not open. I would recommend that in this connection an old plan previously proposed for the extension of Malbone street, as shown in red on the accompanying map, be adopted. That is, the present lines of Malbone street be extended easterly from the old City Line to Brooklyn avenue; that from thence easterly to the old City Line just east of Albany avenue Malbone street be widened to 100 feet in width, so that the width in the old City of Brooklyn correspond to that in the old town of Flatbush, and that the present line of old Malbone street west of this proposed street be stricken from the map.

Nostrand avenue between Midwood street and Hawthorne street is an open street.

Hawthorne street between Nostrand avenue and New York avenue. Opening proceedings are pending, draft damage map having been sent on February 10, 1902. The portion of the street inquired about has trees, gas and water mains.

New York avenue from Hawthorne street to Martense street. Opening proceedings are now pending from Malbone street to Church avenue, draft damage map having been asked for on January 28, 1902.

Martense street between New York avenue and Bedford avenue. Proceedings now pending, draft damage map having been sent on August 8, 1901.

Miller place and Aitken place are not laid on the map within the old City of Brooklyn. Before these portions can be opened it will be necessary to have them laid down on the maps and then legally opened.

Kingston avenue from Malbone street to Tulip street. Opening proceedings are pending from Winthrop street to Malbone street, rule map having been asked June 26, 1902.

Lefferts avenue between Aitken place and Brooklyn avenue is not legally opened, and if opened the proceedings should read from Brooklyn avenue to Kingston avenue.

Brooklyn avenue between Lefferts avenue and Midwood street is not legally opened.

Midwood street between Brooklyn avenue and Kingston avenue has not been legally opened, although the block is now in use on the ground and has electric lights on it.

Tulip street. Opening proceedings are now pending from Canarsie road to Remsen avenue, draft damage map having been asked June 20, 1902. Title to this street was vested in the City August 15, 1902.

Lefferts avenue from Malbone street to Utica avenue is not legally opened, and if proceedings are begun they should read "from Malbone street to East New York avenue."

Utica avenue from Lefferts avenue to East New York avenue is an open street.

Across East New York avenue to Remsen avenue is an open street.

Remsen avenue from East New York avenue to Ralph avenue. Proceedings pending, draft damage map being nearly completed and ready for delivery.

Ralph avenue from Remsen avenue to Avenue C has not been legally opened.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

December 12, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith letter of Justin McCarthy, Jr., asking for map and technical description for Malbone street, in the Twenty-ninth Ward, and the old City of Brooklyn.

I send also the map asked for in the letter.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

(Enclosure.)

(Copy.)

Technical description for a public hearing in the matter of the closing and discontinuing of portions of Malbone street, lying in the Twenty-fourth Ward, west of Brooklyn avenue, the locating and laying out of Malbone street from the line dividing the Twenty-fourth and Twenty-ninth Wards easterly to Brooklyn avenue, the widening of Malbone street from Brooklyn avenue easterly to line dividing Twenty-fourth and Twenty-ninth Wards, the narrowing of Brooklyn avenue from Lefferts avenue to line dividing Twenty-fourth and Twenty-ninth Wards, and the locating and laying out of two new streets in block bounded by Montgomery street, Malbone street, Nostrand avenue and New York avenue, in the Twenty-fourth and Twenty-ninth Wards, Borough of Brooklyn, City of New York, more particularly described as follows:

(A.) Closing and discontinuing of portions of Malbone street, lying in the Twenty-fourth Ward, west of Brooklyn avenue.

Portions of Malbone street to be closed are indicated on the accompanying map as Parcels A, B, C.

(B.) Locating and laying out Malbone street from the line dividing the Twenty-fourth and Twenty-ninth Wards easterly to Brooklyn avenue.

The northern line of Malbone street to begin at the intersection of the present northern line of Malbone street, in the Twenty-ninth Ward, with the line dividing the Twenty-fourth and Twenty-ninth Wards.

1. Thence easterly in the prolongation of the aforesaid northern line of Malbone street to the western line of Brooklyn avenue.

The southern line of Malbone street to begin at the intersection of the present southern line of Malbone street in the Twenty-ninth Ward, with the line of dividing the Twenty-fourth and Twenty-ninth Wards.

1. Thence easterly in the prolongation of the said southern line of Malbone street to the western line of Brooklyn avenue.

(C.) The widening of Malbone street from Brooklyn avenue easterly to the line dividing the Twenty-fourth and Twenty-ninth Wards.

The northern line of Malbone street to be 15 feet northerly and parallel to the present northern line of Malbone street.

The southern line of Malbone street to be 15 feet southerly and parallel to the present southern line of Malbone street.

Malbone street as thus laid out to be 100 feet wide.

(D.) The narrowing of Brooklyn avenue from Lefferts avenue to the line dividing the Twenty-fourth and Twenty-ninth Wards.

The western line of Brooklyn avenue to begin at the intersection of the present western line of Brooklyn avenue, in the Twenty-fourth Ward, with the line dividing the Twenty-fourth and Twenty-ninth Wards.

1. Thence southerly in the prolongation of the said western line of Brooklyn avenue to the northern line of Lefferts avenue.

The eastern line of Brooklyn avenue to begin at the intersection of the present eastern line of Brooklyn avenue, in the Twenty-fourth Ward, with the line dividing the Twenty-fourth and Twenty-ninth Wards.

1. Thence southerly in the prolongation of the aforesaid eastern line of Brooklyn avenue to the northern line of Lefferts avenue.

(E.) Locating and laying out two new streets in block bounded by Montgomery street, Malbone street, Nostrand avenue and New York avenue, in the Twenty-fourth and Twenty-ninth Wards.

Each of these streets to be 50 feet wide and parallel to New York avenue.

The eastern line of the easterly new street to be 200 feet westerly of the western line of New York avenue.

The eastern line of the westerly new street to be 200 feet westerly of the western line of the easterly new street aforesaid.

Dated, New York, December 11, 1902.

Topographical Bureau, Borough of Brooklyn.

(Signed) GEORGE J. BISCHOF, Assistant Engineer in charge.

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer in Malbone street, between New York avenue and Brooklyn avenue, and outlet sewers in the following streets:

Malbone street between New York and Nostrand avenues,  
Nostrand avenue between Midwood and Hawthorne streets,  
Hawthorne street between Nostrand and New York avenues,  
New York avenue between Hawthorne and Martense streets,  
Martense street between New York and Bedford avenues,  
—in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by closing and discontinuing of portions of Malbone street, lying in the Twenty-fourth Ward, west of Brooklyn avenue, the locating and laying out of Malbone street from the line dividing the Twenty-fourth and Twenty-ninth Wards easterly to Brooklyn avenue, the widening of Malbone street from Brooklyn avenue easterly to line dividing the Twenty-fourth and Twenty-ninth Wards, the narrowing of Brooklyn avenue from Lefferts avenue to line dividing Twenty-fourth and Twenty-ninth Wards, and the locating and laying out of two new streets in block bounded by Montgomery street, Malbone street, Nostrand avenue and New York avenue, in the Twenty-fourth and Twenty-ninth Wards, Borough of Brooklyn, City of New York, more particularly described as follows:

(A.) Closing and discontinuing of portions of Malbone street, lying in the Twenty-fourth Ward west of Brooklyn avenue.

Portions of Malbone street to be closed are indicated on the accompanying map as parcels A, B and C.

(B.) Locating and laying out Malbone street from the line dividing the Twenty-fourth and Twenty-ninth Wards easterly to Brooklyn avenue.

The northern line of Malbone street to begin at the intersection of the present northern line of Malbone street, in the Twenty-ninth Ward, with the line dividing the Twenty-fourth and Twenty-ninth Wards.

1. Thence easterly in the prolongation of the aforesaid northern line of Malbone street to the western line of Brooklyn avenue.

The southern line of Malbone street to begin at the intersection of the present southern line of Malbone street, in the Twenty-ninth Ward, with the line dividing the Twenty-fourth and Twenty-ninth Wards.

1. Thence easterly in the prolongation of the said southern line of Malbone street to the western line of Brooklyn avenue.

(C.) The widening of Malbone street from Brooklyn avenue easterly to the line dividing the Twenty-fourth and Twenty-ninth Wards.

The northern line of Malbone street to be 15 feet northerly and parallel to the present northern line of Malbone street.

The southern line of Malbone street to be 15 feet southerly and parallel to the present southern line of Malbone street.

Malbone street as thus laid out to be 100 feet wide.

(B.) The narrowing of Brooklyn avenue from Lefferts avenue to line dividing the Twenty-fourth and Twenty-ninth Wards.

The western line of Brooklyn avenue to begin at the intersection of the present western line of Brooklyn avenue, in the Twenty-fourth Ward, with the line dividing the Twenty-fourth and Twenty-ninth Wards.

1. Thence southerly in the prolongation of the said western line of Brooklyn avenue to the northern line of Lefferts avenue.

The eastern line of Brooklyn avenue to begin at the intersection of the present eastern line of Brooklyn avenue, in the Twenty-fourth Ward, with the line dividing the Twenty-fourth and Twenty-ninth Wards.

1. Thence southerly in the prolongation of the aforesaid eastern line of Brooklyn avenue to the northern line of Lefferts avenue.

(E.) Locating and laying out two new streets in block bounded by Montgomery street, Malbone street, Nostrand avenue and New York avenue, in the Twenty-fourth and Twenty-ninth Wards.

Each of these streets to be 50 feet wide and parallel to New York avenue.

The eastern line of the easterly new street to be 200 feet westerly of the western line of New York avenue.

The eastern line of the westerly new street to be 200 feet westerly of the western line of the easterly new street aforesaid.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby requests the Board of Estimate and Apportionment, in pursuance of the provisions of section 990 of the Greater New York Charter, to vest title in New York avenue from Hawthorne street to Martense street, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

Action in relation to constructing that part of the sewer in Malbone street between Brooklyn avenue and Albany avenue with its various outlets as described in the report of the Superintendent of Sewers was

Deferred indefinitely.

No. 39.

Recommendation from the Chief Engineer of the Bureau of Sewers that the resolution passed by the Local Board of the Flatbush District on May 8, 1902, to alter the map of The City of New York by striking and eliminating therefrom that portion of Avenue C lying between the southerly side of Ditmas avenue and the westerly side of Remsen avenue, in the Borough of Brooklyn, be rescinded for the reason that the adopted drainage district plan, known as Map X, District 44, provides for a main outlet sewer in Avenue C between Ditmas avenue and Remsen avenue. When the matter came up for hearing before the Local Board the Chief Engineer withdrew his objection, and the matter of rescinding was

Disapproved.

No. 146.

Petition for paving with macadam pavement New York avenue between Avenue C and Newkirk avenue.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

Grading and Paving Report No. 209.

City of New York, Borough of Brooklyn,

Office of Commissioner of Public Works,

Bureau of Highways, Chief Engineer's Office,

October 30, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for paving with macadam New York avenue from Avenue C to Newkirk avenue. The items are:

4,880 square yards of macadam pavement at 75 cents.

Total estimated cost, \$3,360; assessed valuation, \$20,600.

Proceedings are pending for the opening of the street; rule map having been sent August 5, 1902. Sewers have been authorized; water and gas mains laid.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

Approved by the President of the Borough November 29, 1902.

No. 93.

The matter of opening Avenue E (or Ditmas avenue) from Coney Island avenue to Gravesend avenue, and from Gravesend avenue to West street, omitting the property belonging to the railroad company, was referred back to the Borough President by the Board of Estimate and Apportionment on July 25, 1902, to be amended so as to cover the entire distance between Coney Island avenue and West street without any reference to Gravesend avenue.

Following communication from the Corporation Counsel:

City of New York, Law Department,  
Office of the Corporation Counsel, No. 2 Tryon Row,

October 15, 1902.

Dear Mr. SWANSTROM:

I enclose herewith a letter which I have addressed to the Comptroller in reply to his letter to me concerning the opening of Avenue E, or Ditmas avenue, about which you spoke to me.

It appears from the Comptroller's letter that the resolution of the Local Board went much beyond Mr. Taber's recommendation, because it referred to Gravesend avenue as being the property of the Prospect Park Railroad. The resolution in that form seems to me to be highly objectionable, and when you spoke to me on the subject I was not aware that it contained those words.

As I think I explained to you, the question whether Gravesend avenue should or should not be excluded from the proceeding seems to me to be one of expediency. If you exclude it you avoid any possible question with respect to the grade crossing of the railroad. If you include it the City will get title, at presumably no greater expense to the fee, of the whole of Avenue E, and as the question in regard to the whole crossing is raised, we shall probably be supported by the court as we have been in certain other cases.

Yours very truly,

(Signed) G. L. RIVES.

Hon. EDWARD M. GROUT, Comptroller:

Sir—I am in receipt of your communication of the 7th instant, stating that the Local Board of the Flatbush District adopted a resolution for the opening of Avenue E, or Ditmas avenue, from Coney Island avenue to Gravesend avenue, and from Gravesend avenue to West street, in the Borough of Brooklyn, containing the following language: "Omitting the land lying between the lines of said street" (meaning Gravesend avenue) "belonging to the Prospect Park and Coney Island Railroad Company."

From your letter it appears that the Chief Engineer of the Board of Estimate and Apportionment reported that the railroad company occupied a portion of

Gravesend avenue; that the street had been opened many years ago to its full width; that the railroad company could not, in his judgment, claim ownership to a single foot of the street; that, therefore, it was a mistake to pass a resolution such as the Local Board forwarded; that thereupon the resolution was referred back to the Local Board, and that it comes again to the Board of Estimate and Apportionment in a communication from the Borough President's office, enclosing a communication of Mr. Charles S. Taber, Assistant Corporation Counsel in charge of the Bureau of Street Openings in the Borough of Brooklyn, to the President of the Borough of Brooklyn, a copy of which you enclose.

You say that you do not know whether or not this communication was authorized by me; that the matter has been referred to you to ask my opinion as to the advisability of proceeding with the opening on the resolution of the Local Board, which not only omits the land in Gravesend avenue, occupied by the railroad company, but contains the admission above quoted that the land in the street is the property of the railroad company, and that the reference of this matter was made to you on your questioning the advisability of proceeding as Mr. Taber suggests.

In answering your communication, permit me to say that Mr. Taber's communication to the Borough President of Brooklyn expresses his personal and unofficial views, and that it was wholly unauthorized by me.

It would be a mistake to adopt a resolution of the Local Board containing the language you have quoted. Such language might be construed not only as admitting title in the railroad company, but that the City had no interest in the land occupied by the railroad company, which appears to have been opened years ago as a public street.

Village of Olean vs. Steyner, 136 N. Y., 341.

As to the advisability of proceeding with the opening of Avenue E, or Ditmas avenue, upon the resolution of the Local Board, which omits the land in Gravesend avenue occupied by the railroad company, I should say that that is a matter which is addressed to the judgment of the Board of Estimate and Apportionment.

A great number of proceedings have hitherto been authorized for the opening of streets across railroads, both in the Borough of Brooklyn and in the Borough of Queens. In view of the importance of the subject to both these boroughs I would be glad to confer with you, not only as to the policy to be adopted by the Board of Estimate and Apportionment in the future with reference to streets crossing railroads, but also as to what should be done with the proceedings already authorized in which the same condition of affairs exists.

Yours respectfully,

(Signed) G. L. RIVES, Corporation Counsel.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 17th day of November, 1902, hereby rescinds the following resolution adopted May 29, 1902:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 29th day of May, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Avenue E (or Ditmas avenue) from Coney Island avenue to Gravesend avenue, and from Gravesend avenue to West street, in the Borough of Brooklyn, omitting the land lying within the lines of said street belonging to the Prospect Park and Coney Island Railroad Company.

"Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval."

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Avenue E (or Ditmas avenue) from Coney Island avenue to West street, in the Borough of Brooklyn, omitting the land lying within the lines of said street occupied by the tracks of the Prospect Park and Coney Island Railroad Company.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

No. 193.

Petition for the construction of a sewer as described in the following report of the Superintendent of Sewers:

City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Chief Engineer,  
October 20, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication which you referred to me, the same being from the Secretary of the President of the Borough, addressed to the Bureau of Sewers under date of October 4, 1902, requesting information in relation to the construction of a sewer in

Rogers avenue between Avenue C and Flatbush avenue.

I also return petition which accompanied above communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

I beg to report that the estimated cost for a sewer in Rogers avenue between Avenue C (now Clarendon road) and Flatbush avenue is \$10,020, and the assessed valuation of the real estate within the probable area of assessment is \$103,020.

The items of work necessary to be performed are:

50 feet of 15-inch pipe sewer.

2,380 feet of 12-inch pipe sewer.

25 manholes.

8 receiving basins, and appurtenances.

In regard to outlet sewers, information of which is requested, I beg to state that such will be necessary in

Avenue D between Rogers avenue and Nostrand avenue, and in

Newkirk avenue between Rogers avenue and Nostrand avenue.

Another portion of an outlet necessary, viz., in

Nostrand avenue between Avenue D and Newkirk avenue,

was included in my report of June 3, 1902, entitled "Sewer in Nostrand avenue between Avenue C and Newkirk avenue." Beyond this point sewers are under construction or are authorized.

The estimated cost for above-mentioned outlets is \$8,460, and the assessed valuation of the real estate within the probable area of assessment is \$336,440.

The items of work necessary to be performed are:

264 feet of 36-inch brick sewer.

260 feet of 30-inch brick sewer.

264 feet of 24-inch pipe sewer.

264 feet of 18-inch pipe sewer.

530 feet of 15-inch pipe sewer.

14 manholes.

10 receiving basins, and appurtenances.

In regard to the legal opening of the streets, information of which is requested, I beg to state that Rogers avenue is open from Clarendon road to former line between Flatbush and Flatlands (just south of Avenue D); date of confirmation, December 19, 1885. From this point to Flatbush avenue I find no record.

Avenue D between Rogers avenue and Nostrand avenue, I find no record.

Newkirk avenue between these limits, I find no record. In this connection I beg to call your attention to the fact that Newkirk avenue has no legal grades, although a part of the street is graded and paved in conformity to a change of grade which has never been legally adopted. This change passed the Board of Public Improvements February 14, 1900 ("City Record," page 1,365, February 28, 1900), entitled, "Change of grade in Newkirk avenue, etc." As this affects the grades of other streets in the vicinity, and as it is difficult to locate basins and assess them properly, it would seem that the change of grade referred to, which originated with the Topographical Bureau, or a modification thereof, should be pushed through.

Yours respectfully,

(Signed) JOHN THATCHER,  
Superintendent of Sewers, Borough of Brooklyn.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 22, 1902.

Mr. HENRY R. ASSERSON, Chief Engineer of Sewers:

Dear Sir—In response to yours of the 16th instant, asking if Rogers avenue between Avenue C and Flatbush avenue is an open street or not, I would say that Rogers avenue from Avenue C to Flatbush avenue is legally open; that Avenue D from Rogers avenue to Nostrand avenue has never been legally opened, and is not in use; that Newkirk avenue between Rogers and Nostrand avenues has never been opened, although it is in use and has water and gas mains in it. Should this street be opened it should extend from Rogers to Brooklyn avenues. Nostrand avenue from Avenue S to Newkirk avenue is an open street.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

Affidavits of dedication showing that Newkirk avenue from Flatbush avenue to East Thirty-fifth street was legally open were filed by two property owners, in connection with the petition to open Newkirk avenue from Nostrand avenue to East Thirty-fifth street. This covers the limits of the outlet sewer. (See No. 180.)

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer in Rogers avenue between Avenue C (Clarendon road) and Flatbush avenue, and outlet sewers in Avenue D between Rogers and Nostrand avenues, and in Newkirk avenue between Rogers avenue and Nostrand avenue.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth and McInnes.

Approved by the President of the Borough November 29, 1902.

Alderman Wentz arrived at this time.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Avenue D between Rogers avenue and East Thirty-fourth street, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth, Wentz and McInnes.

Approved by the President of the Borough November 29, 1902.

No. 194.

Following communication from the Commissioner of Public Works:

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
November 13, 1902.

Mr. JUSTIN McCARTHY, Jr., Secretary of the Local Boards:

Dear Sir—In view of the meeting of the 17th instant concerning certain changes of grade in Flatbush, I beg to quote in full letter from the Chief Engineer of Highways to me of the 11th instant:

"On the 17th of this month there is to be a hearing before the Local Board of the Flatbush District on the change of grade on certain streets in Flatbush, bounded by Brooklyn avenue, Avenue C, East Twenty-third street, Flatbush avenue, Avenue G, East Thirty-first street and Ditmas avenue. I find that since this plan was made there has been a change of grade in one or two places.

"At Bedford avenue and Avenue C the grade is changed for the sewer on Bedford avenue recently constructed, and should be 25.25 instead of 23.38, as shown on the chart which shows the new grade.

"At the intersection of Avenue D and Bedford avenue it should be 27.8 instead of 27.0.

"At Flatbush avenue and Avenue G west it should be 18.2, and at Flatbush avenue and Avenue G east it should be 19.2 instead of 20.56.

"I would recommend, therefore, that these changes be made on the chart before the hearing is held, and the technical description of them to agree with these changes."

I concur fully with the recommendations of the Chief Engineer, and beg to advise that in accordance with these recommendations the Bureau of Sewers have under construction the large Bedford avenue sewer, which would be seriously affected if the matter is not left as the Chief Engineer of Highways recommends. I would further say that this matter has been gone over carefully by the Chief Engineer of the Board of Estimate and Apportionment, and that the recommendations of the Chief Engineer of Highways are in accord with the views of Mr. Lewis so far as known.

I therefore respectfully recommend the carrying out of Mr. Tillson's suggestions in the matter.

Yours very truly,

(Signed) WILLIAM C. REDFIELD,  
Commissioner of Public Works.

Following communication from the Chief Engineer of the Bureau of Highways, with technical description:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
November 17, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith letter of N. P. Lewis, regarding the changes in figures for the change of grade on accompanying print. I would say I have now had the changes made to correspond to the proposed sewer grade, and they are now correct. The territory is that bounded by Avenue C, Brooklyn avenue, etc.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

(Copy.)

Technical description for a public hearing in the matter of change of grades in territory bounded by Avenue C, Brooklyn avenue, Ditmas avenue, East Thirty-first street, Avenue G, Flatbush avenue and East Twenty-third street, in the Twenty-ninth and Thirty-second Wards, Borough of Brooklyn, City of New York, more particularly described as follows:

(A.)—Bedford avenue.

Beginning at the intersection of Bedford avenue and Avenue C, the elevation to be 25.25 feet;

1. Thence southerly to a point 161 feet northerly from the northern line of Avenue D, the elevation to be 27.80 feet;

2. Thence southerly to the intersection of Avenue D, the elevation to be 27.0 feet;

3. Thence southerly to the intersection of Newkirk avenue, the elevation to be 28.5 feet;

4. Thence southerly to the intersection of the western curb line of Bedford avenue and the northeastern curb line of Flatbush avenue, the elevation to be 27.0 feet.

(B.)—East Twenty-fifth street.

Beginning at the intersection of East Twenty-fifth street and Avenue C, the elevation to be 22.0 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 26.0 feet;

2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 29.5 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 26.5 feet.

## (C.)—East Twenty-sixth street.

Beginning at the intersection of East Twenty-sixth street and Avenue C, the elevation to be 23.36 feet, as heretofore;

1. Thence southerly to a point distant 460 feet northerly from the northern side line of Avenue D, the elevation to be 24.8 feet;
2. Thence southerly to the intersection of Avenue D, the elevation to be 22.5 feet;
3. Thence southerly to the intersection of Newkirk avenue, the elevation to be 28.0 feet;
4. Thence southerly to the intersection of Ditmas avenue, the elevation to be 25.5 feet;
5. Thence southerly to a point distant 82.0 feet from the southeast corner of East Twenty-sixth street and Ditmas avenue, the elevation to be 26.0 feet;
6. Thence southerly to the intersection with Flatbush avenue, the elevation to be 23.88 feet, as heretofore.

## (D.)—East Twenty-eighth street.

Beginning at the intersection of East Twenty-eighth street and Avenue C, the elevation to be 26.3 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 20.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 22.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 24.5 feet;
4. Thence southerly to the intersection of Avenue F, the elevation to be 20.5 feet;
5. Thence southerly to a point distant 282.0 feet from the southern side line of Avenue F, the elevation to be 22.0 feet.

## (E.)—East Twenty-ninth street.

Beginning at the intersection of East Twenty-ninth street and Avenue C, the elevation to be 27.7 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 22.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 21.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 25.5 feet;
4. Thence southerly to the intersection of Avenue F, the elevation to be 20.5 feet;
5. Thence southerly to a point distant 357 feet from the southern side line of Avenue F, the elevation to be 22.4 feet.

## (F.)—Nostrand avenue.

Beginning at the intersection of Nostrand avenue and Avenue C, the elevation to be 29.16 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 21.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 20.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 22.5 feet.

## (G.)—East Thirty-first street.

Beginning at the intersection of East Thirty-first street and Avenue C, the elevation to be 29.22 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 22.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 19.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 21.5 feet;
4. Thence southerly to the intersection of Avenue F, the elevation to be 26.27 feet, as heretofore.

## (H.)—East Thirty-second street.

Beginning at the intersection of East Thirty-second street and Avenue C, the elevation to be 30.52 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 23.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 20.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 18.0 feet;

## (I.)—New York avenue.

Beginning at the intersection of New York avenue and Avenue C, the elevation to be 31.9 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 24.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 20.2 feet;
3. Thence southerly to the intersection of New York avenue and Ditmas avenue, the elevation to be 17.0 feet.

## (J.)—East Thirty-fourth street.

Beginning at the intersection of East Thirty-fourth street and Avenue C, the elevation to be 30.6 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 23.0 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 19.0 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 16.0 feet.

## (K.)—East Thirty-fifth street.

Beginning at the intersection of East Thirty-fifth street and Avenue C, the elevation to be 32.37 feet;

1. Thence southerly to the intersection of Avenue D, the elevation to be 24.0 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 20.0 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 17.0 feet.

## (L.)—Brooklyn avenue.

Beginning at the intersection of Brooklyn avenue and Avenue C, the elevation to be 34.22 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 26.0 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 21.0 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 16.0 feet.

## (M.)—Avenue C.

Beginning at the intersection of Avenue C and East Twenty-third street, the elevation to be 24.73 feet, as heretofore;

1. Thence easterly to the intersection of Bedford avenue, the elevation to be 25.25 feet;
2. Thence easterly to the intersection of East Twenty-fifth street, the elevation to be 22.0 feet, as heretofore;
3. Thence easterly to the intersection of East Twenty-sixth street, the elevation to be 23.36 feet, as heretofore;
4. Thence easterly to a point distant 126 feet from the eastern side line of East Twenty-sixth street, the elevation to be 24.0 feet;
5. Thence easterly to the intersection of East Twenty-eighth street, the elevation to be 23.6 feet.

## (N.)—Newkirk avenue.

Beginning at the intersection of Newkirk avenue and East Thirty-second street, the elevation to be 20.2 feet;

1. Thence easterly to a point distant 100 feet from the eastern side line of East Thirty-second street, the elevation to be 20.7 feet;
2. Thence easterly to the intersection of New York avenue, the elevation to be 20.2 feet.

## (O.)—Ditmas avenue.

Beginning at the intersection of Ditmas avenue and Rogers avenue, the elevation to be 24.5 feet, as heretofore;

1. Thence easterly to a point distant 100 feet from the eastern side line of Rogers avenue, the elevation to be 25.0 feet;
2. Thence easterly to the intersection of East Twenty-eighth street, the elevation to be 24.5 feet.

## (P.)—Avenue F.

Beginning at the intersection of Avenue F and Flatbush avenue, the elevation to be 21.5 feet, as heretofore;

1. Thence easterly to the intersection of East Twenty-eighth street, the elevation to be 20.5 feet;
2. Thence easterly to a point distant 100 feet from the eastern side line of East Twenty-eighth street, the elevation to be 21.0 feet;
3. Thence easterly to the intersection of East Twenty-ninth street, the elevation to be 20.5 feet;
4. Thence easterly to the intersection of Nostrand avenue, the elevation to be 21.5 feet, as heretofore.

All elevations refer to mean high water datum, as established by the Department of Highways, Borough of Brooklyn.

Dated New York, November 15, 1902.

Topographical Bureau, Borough of Brooklyn.

(Signed) GEORGE J. BISCHOF, Assistant Engineer in charge.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by changing the grade in the territory bounded by Avenue C, Brooklyn avenue, Avenue E, East Thirty-first street, Avenue G, Flatbush avenue and East Twenty-third street, in the Borough of Brooklyn, more particularly described as follows:

## (A.)—Bedford avenue.

Beginning at the intersection of Bedford avenue and Avenue C, the elevation to be 25.25 feet;

1. Thence southerly to a point 161 feet northerly from the northern line of Avenue D, the elevation to be 27.80 feet;
2. Thence southerly to the intersection of Avenue D, the elevation to be 27.0 feet;
3. Thence southerly to the intersection of Newkirk avenue, the elevation to be 28.5 feet;
4. Thence southerly to the intersection of the western curb line of Bedford avenue and the northeastern curb line of Flatbush avenue, the elevation to be 27.9 feet;

## (B.)—East Twenty-fifth street.

Beginning at the intersection of East Twenty-fifth street and Avenue C, the elevation to be 22.0 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 26.0 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 29.5 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 26.5 feet.

## (C.)—East Twenty-sixth street.

Beginning at the intersection of East Twenty-sixth street and Avenue C, the elevation to be 23.36 feet, as heretofore;

1. Thence southerly to a point distant 460 feet north from the northern side line of Avenue D, the elevation to be 24.8 feet;
2. Thence southerly to the intersection of Avenue D, the elevation to be 22.5 feet;
3. Thence southerly to the intersection of Newkirk avenue, the elevation to be 28.0 feet;
4. Thence southerly to the intersection of Ditmas avenue, the elevation to be 25.5 feet;
5. Thence southerly to a point distant 82.0 feet from the southeast corner of East Twenty-sixth street and Ditmas avenue, the elevation to be 26.0 feet;
6. Thence southerly to the intersection with Flatbush avenue, the elevation to be 23.88 feet, as heretofore.

## (D.)—East Twenty-eighth street.

Beginning at the intersection of East Twenty-eighth street and Avenue C, the elevation to be 26.3 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 20.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 22.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 24.5 feet;
4. Thence southerly to the intersection of Avenue F, the elevation to be 20.5 feet;
5. Thence southerly to a point distant 282.0 feet from the southern side line of Avenue F, the elevation to be 22.0 feet.

## (E.)—East Twenty-ninth street.

Beginning at the intersection of East Twenty-ninth street and Avenue C, the elevation to be 27.7 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 22.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 21.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 25.5 feet;
4. Thence southerly to the intersection of Avenue F, the elevation to be 20.5 feet;
5. Thence southerly to a point distant 357 feet from the southern side line of Avenue F, the elevation to be 22.4 feet.

## (F.)—Nostrand avenue.

Beginning at the intersection of Nostrand avenue and Avenue C, the elevation to be 29.16 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 21.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 20.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 22.5 feet.

## (G.)—East Thirty-first street.

Beginning at the intersection of East Thirty-first street and Avenue C, the elevation to be 29.22 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 22.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 19.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 21.5 feet;
4. Thence southerly to the intersection of Avenue F, the elevation to be 26.27 feet, as heretofore.

## (H.)—East Thirty-second street.

Beginning at the intersection of East Thirty-second street and Avenue C, the elevation to be 30.52 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 23.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 20.2 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 18.0 feet.

## (I.)—New York avenue.

Beginning at the intersection of New York avenue and Avenue C, the elevation to be 31.9 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 24.5 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 20.2 feet;
3. Thence southerly to the intersection of New York avenue and Ditmas avenue, the elevation to be 17.0 feet.

## (J.)—East Thirty-fourth street.

Beginning at the intersection of East Thirty-fourth street and Avenue C, the elevation to be 30.6 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 23.0 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 19.0 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 16.0 feet.

## (K.)—East Thirty-fifth street.

Beginning at the intersection of East Thirty-fifth street and Avenue C, the elevation to be 32.37 feet;

1. Thence southerly to the intersection of Avenue D, the elevation to be 24.0 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 20.0 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 17.0 feet.

## (L.)—Brooklyn avenue.

Beginning at the intersection of Brooklyn avenue and Avenue C, the elevation to be 34.22 feet, as heretofore;

1. Thence southerly to the intersection of Avenue D, the elevation to be 26.0 feet;
2. Thence southerly to the intersection of Newkirk avenue, the elevation to be 21.0 feet;
3. Thence southerly to the intersection of Ditmas avenue, the elevation to be 16.0 feet.

## (M.)—Avenue C.

Beginning at the intersection of Avenue C and East Twenty-third street, the elevation to be 24.73 feet, as heretofore;

1. Thence easterly to the intersection of Bedford avenue, the elevation to be 25.25 feet;
2. Thence easterly to the intersection of East Twenty-fifth street, the elevation to be 22.0 feet, as heretofore;
3. Thence easterly to the intersection of East Twenty-sixth street, the elevation to be 23.36 feet, as heretofore;
4. Thence easterly to a point distant 126 feet from the eastern side line of East Twenty-sixth street, the elevation to be 24.0 feet;
5. Thence easterly to the intersection of East Twenty-eighth street, the elevation to be 23.6 feet.

## (N.)—Newkirk avenue.

Beginning at the intersection of Newkirk avenue and East Thirty-second street, the elevation to be 20.2 feet;

1. Thence easterly to a point distant 100 feet from the eastern side line of East Thirty-second street, the elevation to be 20.7 feet;
2. Thence easterly to the intersection of New York avenue, the elevation to be 20.2 feet.

## (O.)—Ditmas avenue.

Beginning at the intersection of Ditmas avenue and Rogers avenue, the elevation to be 24.5 feet, as heretofore;

1. Thence easterly to a point distant 100 feet from the eastern side line of Rogers avenue, the elevation to be 25.0 feet;
2. Thence easterly to the intersection of East Twenty-eighth street, the elevation to be 24.5 feet.

## (P.)—Avenue F.

Beginning at the intersection of Avenue F and Flatbush avenue, the elevation to be 21.5 feet, as heretofore;

1. Thence easterly to the intersection of East Twenty-eighth street, the elevation to be 20.5 feet;
2. Thence easterly to a point distant 100 feet from the eastern side line of East Twenty-eighth street, the elevation to be 21.0 feet;
3. Thence easterly to the intersection of East Twenty-ninth street, the elevation to be 20.5 feet;
4. Thence easterly to the intersection of Nostrand avenue, the elevation to be 21.5 feet, as heretofore.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:  
Affirmative—Commissioner Redfield and Aldermen Wentz, Wirth and McInnes.  
Approved by the President of the Borough November 29, 1902.

No. 195.

Petition for the construction of a sewer as described in the following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Superintendent,  
October 7, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication which you referred to me, the same being from the Secretary of the President of the Borough, addressed to the Bureau of Sewers under date of September 26, 1902, in relation to the construction of a sewer in

East Thirty-first street between Church avenue and Grant street.

I also return original petition accompanying above communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:  
I beg to report that the estimated cost for above improvement is \$2,900, and the assessed valuation of the real estate within the probable area of assessment is \$19,360.

The items of work necessary to be performed are:

- 730 feet of 12 inch pipe sewer,
- 7 manholes,
- 2 receiving basins, and appurtenances.

In regard to outlet sewers, information of which is requested, I beg to state that such will be necessary in

East Thirty-first street between Grant street and Beverly road, and in

Beverly road between East Thirty-first street and Rogers avenue.

Other outlets are necessary in

Beverly road between Rogers avenue and Bedford avenue, which were included in my report of July 3, 1902, under improvement entitled "Sewer in Rogers avenue between Vernon avenue and Avenue C."

The estimated cost for said outlet sewers is \$17,200, and the assessed valuation of the real estate within the probable area of assessment is \$518,295.

The items of work necessary to be performed are:

- 541 feet of 54 inch brick sewer,
- 540 feet of 48 inch brick sewer,
- 1,420 feet of 18 inch pipe sewer,
- 50 feet of 12 inch pipe sewer,
- 20 manholes,
- 12 receiving basins, and appurtenances.

In regard to the legal opening of the streets, information of which is requested, I beg to state that for

East Thirty-first street between Church avenue and Flatlands avenue a resolution to open passed the Board of Public Improvements June 12, 1901 ("City Record," June 12, 1901, page 3806). I believe that Commissioners were appointed for opening this street between Church avenue and Avenue C, September 16, 1900.

For Beverly road within these limits I find no record.

Yours respectfully,

(Signed) JOHN THATCHER, Superintendent of Sewers,  
Borough of Brooklyn.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 24, 1902.

Mr. HENRY R. ASSERSON, Chief Engineer of Sewers:

Dear Sir—In response to yours asking if Beverly road from East Thirty-first street to Rogers avenue is an open street or not, I would say that there is no record of the street having been legally opened.

In regard to East Thirty-first street from Church avenue to Grant avenue, I would say that there is no record of the street having been legally opened, although there have been water and gas mains laid in the street.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

Affidavits of dedication of East Thirty-first street between Church avenue and Beverly road to public use were filed by two property owners.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct a sewer in East Thirty-first street between Church avenue and Grant street, and outlet sewers in East Thirty-first street between Grant street and Beverly road, and in Beverly road between East Thirty-first street and Rogers avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth, Wentz and McInnes.

Approved by the President of the Borough November 29, 1902.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Beverly road between East Thirty-first street and Rogers avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth, Wentz and McInnes.

Rescinded.

No. 196.

Petition for the construction of a sewer in East Eighteenth street between Albemarle road and a point about 250 feet south to connect with the present sewer.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Chief Engineer,  
October 20, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication which you referred to me, the same being from the Secretary of the President of the Borough, addressed to the Bureau of Sewers under date of October 14, 1902, requesting information in relation to the construction of a sewer in

East Eighteenth street, between Albemarle road and a point about 250 feet south, connecting with the present sewer.

I also return petition which accompanied above communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:  
I beg to report that the estimated cost for above mentioned improvement is \$760, and the assessed valuation of the real estate within the probable area of assessment is \$14,483.

The items of work necessary to be performed are:

- 202 feet of 12-inch pipe sewer,
- 2 manholes, and appurtenances.

In regard to outlet sewers, information of which is requested, I beg to state that all such have been built.

In regard to the legal opening of the street, information of which is requested, I beg to state that East Eighteenth street between the limits in question is legally open, said opening proceedings having been confirmed on February 6, 1890.

Yours respectfully,

(Signed) JOHN THATCHER, Superintendent of Sewers,  
Borough of Brooklyn.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 22, 1902.

Mr. H. R. ASSERSON, Chief Engineer of Sewers:

Dear Sir—In response to yours of the 15th instant, regarding the opening of East Eighteenth street between Albemarle road and a point 250 feet south, I would say that this street is legally opened.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer in East Eighteenth street between Albemarle road and a point about 250 feet south, connecting with the present sewer, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth, Wentz and McInnes.

Approved by the President of the Borough November 29, 1902.

No. 197.

Petition for the construction of sewer in Lexington avenue, south side, between Reid avenue and the existing sewer west of Reid avenue.

Following report from the Superintendent of Sewers:

(Copy.)

City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Chief Engineer,  
October 20, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication which you referred to me, the same being from the Secretary of the President of the Borough, addressed to the Bureau of Sewers under date of October 7, 1902, requesting information in relation to the construction of a sewer in

Lexington avenue, south side, between Reid avenue and existing sewer west of Reid avenue.

I also return petition which accompanied above communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:  
I beg to report that the estimated cost for above mentioned improvement is \$1,450, and the assessed valuation of the real estate within the probable area of assessment is \$28,800.

The items of work necessary to be performed are:

- 50 feet of 12 inch pipe sewer,
- 365 feet of 9 inch pipe sewer,
- 4 manholes, and appurtenances.

In regard to outlet sewers, information of which is requested, I beg to state that all such have been built.

In regard to the legal opening of the street, I beg to state that no record can

be found of its legal opening, but said street has been paved with cobble pavement and is occupied by elevated railroad tracks.

Yours respectfully,  
(Signed) JOHN THATCHER, Superintendent of Sewers,  
Borough of Brooklyn.

Following report from the Engineer of the Bureau of Highways:

(Copy.)  
City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 22, 1902.

Mr. HENRY R. ASSERSON, Chief Engineer of Sewers:

Dear Sir—In response to yours of October 8, 1902, asking if Lexington avenue between Reid avenue and the existing sewer west of Reid avenue is an open street or not, I would say that I can find no record of its being opened, although it has been regulated, graded and paved and in use for years.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer in Lexington avenue, south side, between Reid avenue and existing sewer west of Reid avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth, Wentz and McInnes.  
Approved by the President of the Borough December 29, 1902.

No. 198.

Petition for the construction of sewer basins along Flatbush avenue from Nosstrand avenue to Avenue N. The Superintendent of Sewers reported that it would not be advisable to construct these sewer basins until the Paerdegat avenue sewer is completed.

Deferred.

No. 199.

Petition for the construction of sewer basins as described in the following report of the Superintendent of Sewers:

(Copy.)  
City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Superintendent,  
October 10, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication which you referred to me, the same being from the Secretary of the President of the Borough, addressed to the Bureau of Sewers under date of October 8, 1902, requesting information in relation to the construction of sewer basins at the following locations:

Northwest corner of Albemarle road and East Fifteenth street.

Northeast corner of Albemarle road and East Fifteenth street.

Northwest corner of Albemarle road and East Sixteenth street.

I also return petition and your communication to the Secretary of the President of the Borough, which accompanied above-mentioned communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

I beg to report that the estimated cost for above improvement is \$480, and the assessed valuation of the real estate within the probable area of assessment is \$96,300.

The receiving basin at East Sixteenth street can connect with a temporary private sewer which exists in Albemarle road between East Sixteenth street and East Fifteenth street. I mention this as the adopted drainage district map calls for the drainage from this intersection to be conducted through East Sixteenth street to Beverly road, but there is no sewer within these limits, the street is not legally open, nor does there appear to be any immediate necessity for opening same.

Yours respectfully,  
(Signed) JOHN THATCHER, Superintendent of Sewers,  
Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer basins at the following points:

Northwest corner of Albemarle road and East Fifteenth street,

Northeast corner of Albemarle road and East Fifteenth street,

—in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wentz, Wirth and McInnes.  
Approved by the President of the Borough November 29, 1902.

No. 200.

Petition for the construction of sewer in East Thirty-second street between Avenue C and Newkirk avenue.

Following report from the Superintendent of Sewers:

(Copy.)  
City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Superintendent,  
September 23, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication which you referred to me, the same being from the Secretary of the President of the Borough, addressed to the Bureau of Sewers under date of September 10, 1902, requesting information in relation to the construction of a sewer in

East Thirty-second street between Avenue C and Newkirk avenue.

I also return original petition which accompanied above communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

I beg to report that the estimated cost for above-mentioned improvement is \$4,060, and the assessed valuation of the real estate within the probable area of assessment is \$76,600.

The items of work necessary to be performed are:

40 feet of 18-inch pipe sewer,

293 feet of 15-inch pipe sewer,

812 feet of 12-inch pipe sewer,

11 manholes,

2 receiving basins and appurtenances.

In regard to outlet sewers, information of which is requested, I beg to state that all such have been authorized.

In regard to the legal opening of the street, information of which is requested, I beg to state that I can find no record for East Thirty-second street between these limits.

Yours respectfully,  
(Signed) JOHN THATCHER,  
Superintendent of Sewers, Borough of Brooklyn.

Following report from the Engineer of the Bureau of Highways:

(Copy.)  
City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 2, 1902.

Mr. HENRY ASSERSON, Chief Engineer, Bureau of Sewers:

Dear Sir—In reply to your communication of September 16, asking whether

East Thirty-second street between Avenue C and Newkirk avenue was opened or not, I would say that there is no record of the street having been legally opened, although it is in use and has water and gas mains laid in it.

Yours very truly,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

Affidavits of dedication to public use of the above street having been filed by two property owners, the matter of opening was deferred.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer in East Thirty-second street between Avenue C and Newkirk avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth, Wentz and McInnes.  
Approved by the President of the Borough November 29, 1902.

No. 201.

Petition for the grading and paving of East Thirty-second street with asphalt pavement between Avenue C and Newkirk avenue.

Following report from the Engineer of the Bureau of Highways:

(Copy.)  
Grading and Paving Report No. 176.  
City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
October 11, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for regulating, grading and paving with asphalt East Thirty-second street between Avenue C and Newkirk avenue. The items are:

2,000 cubic yards of grading at 35c.,

2,240 linear feet of curbing at 75c.,

3,730 square yards of asphalt pavement at \$2.

Total estimated cost, plus 5 per cent, is \$10,300. The assessed value of the land is \$22,000.

I have omitted the item of cement walks, as they would make the cost more than one-half the assessed value of the land.

There is no record of the street having been opened. No sewers have been constructed in the street. Water and gas mains have been laid.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

Affidavits of dedication of the above street to public usage were filed by two property owners.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, hereby determines to initiate proceedings to grade and pave East Thirty-second street with asphalt pavement between Avenue C and Newkirk avenue, in the Borough of Brooklyn, and to set or reset curb where not already done.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wentz, Wirth and McInnes.  
Approved by the President of the Borough November 29, 1902.

No. 202.

Petition to flag the sidewalks on the north side of Eastern Parkway between Bedford and Franklin avenues; also on the east side of Franklin avenue between Eastern Parkway and Degraw street, and on the south side of Degraw street between Bedford avenue and Franklin avenue, known as Lots Nos. 67, 63, 64, 55 to 60, 66, 65, 8, 1, 4, 19, 22 to 26 inclusive, 61 and 62, Block 12, Twenty-fourth Ward Map.

Laid over and referred to the Park Commissioner.

No. 203.

Petition for grading vacant lots on the north side of Eastern Parkway between Bedford and Franklin avenues; also on the east side of Franklin avenue between Eastern Parkway and Degraw street, and on the south side of Degraw street between Bedford avenue and Franklin avenue, known as Lots Nos. 63, 64, 55 to 59, 66, 65, 8, 1, 4, 22 to 26, 61 and 62, Block 12, Twenty-fourth Ward Map.

Laid over and referred to the Park Commissioner.

No. 204.

Petition for fencing vacant lots as described in the following report of the Engineer of the Bureau of Highways:

(Copy.)

Report No. 368.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
Municipal Building, October 22, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition from the office of the President of the Borough for the fencing of vacant lots on McDonough street between Patchen and Ralph avenues, have had an inspection made of the lots referred to and find that they are unfenced, and in their present condition are being used as a dumping ground for garbage and house refuse. Would therefore recommend that they be enclosed with a close board fence, six (6) feet in height, to abate the existing nuisances. Description of property as follows:

On the south side of McDonough street between Patchen and Ralph avenues, known as Lots Nos. 63, 64, 61, 62 and 134, Block 38, Twenty-fifth Ward Map. Estimated cost of fencing, \$40; assessed valuation, \$3,350.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby directs that the lots lying on the south side of McDonough street between Patchen avenue and Ralph avenue, known as Lots Nos. 63, 64, 61, 62 and 134, Block 38, Twenty-fifth Ward Map, be enclosed with a close board fence six (6) feet high, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wentz, Wirth and McInnes.  
Disapproved by the President of the Borough November 29, 1902.

No. 159.

Petition for fencing vacant lots as described in the following report of the Engineer of the Bureau of Highways:

(Copy.)

Report No. 319.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
September 4, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition from the office of the President of the Borough for the fencing of vacant lot on McDonough street between Saratoga avenue and Hopkinson avenue. Have had an inspection made of the vacant lot referred to and find that it is unfenced and a nuisance; that ashes and house refuse is being dumped thereon. Would therefore recommend that it be fenced with a close board fence, six (6) feet in height, to abate the existing nuisances. Description of property as follows:

On the south side of McDonough street between Saratoga avenue and Hopkinson avenue, known as Lot No. 80, Block 92, Twenty-fifth Ward Map. Estimated cost of fencing, \$10; assessed valuation, \$500.

Respectfully,  
(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby directs that the lot lying on the south side of McDonough street between Saratoga avenue and Hopkinson avenue, known as Lot No. 80, Block 92, Twenty-fifth Ward Map, be enclosed with a close board fence, six (6) feet high, at the expense of the owner or owners of the said lot.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Wirth, Wentz and McInnes.

Approved by the President of the Borough November 29, 1902.

Adjournment.

JUSTIN McCARTHY, Jr., Secretary.

#### LOCAL BOARD—FLATBUSH DISTRICT.

Wednesday, November 19, 1902.

Meeting in Borough Hall at 11 a. m.

The roll was called, and the following members answered to their names: William C. Redfield, Commissioner of Public Works, presiding; Sixty-third Aldermanic District, Alderman McInnes.

The Commissioner submitted the following:

No. 205.

A resolution having been adopted by the Local Board of the Flatbush District on September 29, 1902, to open Beverly road from Rogers avenue to Bedford avenue for an outlet in connection with the Rogers avenue sewer, and another resolution having been adopted by the Local Board of the Flatbush District on November 17, 1902, to open Beverly road from Rogers avenue to East Thirty-first street for an outlet in connection with the East Thirty-first street sewer, the Local Board deemed it wise to consolidate the two proceedings in one in order to save the expense of two commissions.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 19th day of November, 1902, hereby rescinds the following resolution adopted September 29, 1902:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 29th day of September, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Beverly road between Rogers avenue and Bedford avenue, in the Borough of Brooklyn.

"Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval."

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Alderman McInnes.

Approved by the President of the Borough December 1, 1902.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 19th day of November, 1902, hereby rescinds the following resolution adopted November 17, 1902:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 17th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Beverly road between East Thirty-first street and Rogers avenue, in the Borough of Brooklyn.

"Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval."

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Alderman McInnes.

Approved by the President of the Borough December 1, 1902.

The following resolution was offered:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 19th day of November, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Beverly road between Bedford avenue and East Thirty-first street, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Alderman McInnes.

Approved by the President of the Borough December 1, 1902.

Adjournment.

JUSTIN McCARTHY, Jr., Secretary.

#### LOCAL BOARD—BUSHWICK DISTRICT.

Thursday, November 6, 1902.

Meeting in Borough Hall at 11 a. m.

The roll was called, and the following members answered to their names: William C. Redfield, Commissioner of Public Works, presiding; Sixty-fifth Aldermanic District, Alderman Bennett; Sixty-sixth Aldermanic District, Alderman Alt.

The Commissioner submitted the following:

No. 199.

Following communication from the Commissioner of Public Works, with enclosures:

(Copy.)

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,

October 3, 1902.

Hon. J. EDWARD SWANSTROM, President Borough of Brooklyn:

Dear Sir—I hand you herewith copy of resolution of the Municipal Assembly, dated February 13, 1901, approved by the Mayor November 29, 1901, for the regulating and grading of Knickerbocker avenue from Putnam avenue to Chauncey street, the setting of curb, flagging and paving with asphalt. This work I am anxious to carry out and to let the contract for the same this winter.

The street opening proceeding, however, is for Knickerbocker avenue from Putnam avenue to Moffat street, one block shorter than the authorized improvement, for Moffat street is one block north of Chauncey street. I am advised by the Corporation Counsel that it is in order to have the Board of Estimate vest title in Knickerbocker avenue at any time, but so long as the two resolutions above named differ it will do no good so far as the improvement is concerned.

There are, therefore, three things to be done:

1. To rescind the resolution enclosed for the improvement from Putnam avenue to Chauncey street.
2. To repass the same resolution, reading from Putnam avenue to Moffat street.
3. To vest title in The City of New York, say, as of November 15 in Knickerbocker avenue from Putnam avenue to Moffat street, in accordance with proceedings now pending.

If you will kindly give these matters your care this important improvement can be promptly started, to the great benefit of the district concerned. In this connection I enclose letter of the Chief Engineer of Highways to me, of the 1st of October, in accordance with whose advice I have consulted the Corporation Counsel with the above result.

Yours very truly,

(Signed) WILLIAM C. REDFIELD,  
Commissioner of Public Works,

Be it Ordained, by the Municipal Assembly of The City of New York, as follows: That, In pursuance of sections 413 and 422 of the Greater New York Charter, the following resolution of the Board of Public Improvements, adopted by that Board on the 13th day of February, 1901, be and the same hereby is approved, and the public work or improvement herein provided for is hereby authorized, and it is hereby determined that the cost and expense thereof shall be borne and paid as therein provided, namely:

Resolved, By the Board of Public Improvements that, in pursuance of sections 413 and 422 of the Greater New York Charter, "the regulating and grading of Knickerbocker avenue from Putnam avenue to Chauncey street, in the Borough of Brooklyn, the setting of curbstones, flagging of sidewalks with bluestone flagging, five feet in width where necessary, and the paving of the carriageway with asphalt on a concrete foundation, with a guarantee of maintenance for five years from the contractor, under the direction of the Commissioner of Highways,"—be and the same hereby is authorized and approved, there having been presented to said Board an estimate in writing in such detail as the said Board has directed of the cost of the proposed work or improvement, and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, the estimated cost of said work being \$50,000. The said assessed value of the real estate included within the probable area of assessment is \$357,475.

And the said Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but the whole of such cost and expense shall be assessed upon the property deemed to be benefited thereby.

Adopted by the Council May 7, 1901.

Adopted by the Board of Aldermen November 19, 1901.

Approved by the Mayor November 29, 1901.

(Copy.)

October 1, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In regard to the grading and paving with asphalt Knickerbocker avenue from Putnam avenue to Moffat street, I send you herewith a copy of the original resolution which was approved by the Mayor on November 29, 1901.

You will see by the resolution that the improvement is authorized to Chauncey street, while, as I understand it, the opening proceedings only go to Moffat street, one block short of the resolution for the improvement.

I think it would be wise, as you suggest, to submit this matter to the Corporation Counsel before proceeding further with this. I am inclined to doubt the right of the City to improve a portion only of what is ordered in a resolution.

Respectfully,

(Signed) GEORGE W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 6th day of November, 1902, deeming it for the public interest so to do, hereby requests the Board of Estimate and Apportionment to amend the proceedings for the regulating and grading of Knickerbocker avenue from Putnam avenue to Chauncey street, in the Borough of Brooklyn, the setting of curbstones, and flagging of sidewalks with bluestone flagging five (5) feet in width where necessary, and the paving of the carriageway with asphalt on a concrete foundation, by omitting from said improvement that portion of the street lying between Moffat street and Chauncey street.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Aldermen Bennett and Alt.

Approved by the President of the Borough November 17, 1902.

Adjournment.

JUSTIN McCARTHY, Jr., Secretary.

#### ADJOURNED MEETING LOCAL BOARD—BAY RIDGE DISTRICT.

Tuesday, January 6, 1903.

Meeting in Borough Hall, at 2 p. m. The roll was called, and the following members answered to their names:

J. Edward Swanstrom, President, presiding; Alderman Malone, Fifty-first Aldermanic District.

The President submitted the following:

No. 171.

Petition to lay out a street along the line of New Utrecht avenue 96 feet in width, from Ninth avenue and Thirty-eighth street to Eighty-first street, near Eighteenth avenue; and to continue and extend New Utrecht avenue from Eighty-first street to Eighteenth avenue at or about Main street; and to widen New Utrecht avenue as laid out from Ninth avenue and Thirty-eighth street to Eighty-first street, near Eighteenth avenue.

Laid over until January 12, 1903.

No. 16.

Petition to alter the map of The City of New York by removing therefrom Fifty-seventh street, from First avenue to the Bulkhead line.

Laid over until January 12, 1903.

No. 96.

Following communication from the Chief Engineer of the Board of Estimate and Apportionment:

(Copy)

Board of Estimate and Apportionment,  
New York, September 24, 1902.

Hon. J. EDWARD SWANSTROM, President of the Borough of Brooklyn:

Dear Sir—There are now four matters before the Board of Estimate and Apportionment affecting the Borough of Brooklyn, each of which has some defect which should be remedied before action can be taken. They are as follows:

4. A resolution of the Local Board of the Bay Ridge District of June 20, providing for constructing 62 sewer basins on Surf avenue, Coney Island, between West Fifth and West Twenty-third streets, as shown on the drainage district map of the vicinity of Coney Island. I do not think that 62 sewer basins can properly be authorized by such a resolution, but that the resolution should show the location of each basin.

I think that the defects in the above resolutions are important ones, and take this means of bringing them to your attention as being more expeditious than it would be if I were to report them to the Board of Estimate and Apportionment and have them referred back to you for correction.

As soon as the defects can be remedied I will see that they are promptly reported upon.

Respectfully,

(Signed) NELSON P. LEWIS, Chief Engineer.

Following report from the Superintendent of Sewers:

(Copy)

City of New York, Borough of Brooklyn,  
Bureau of Sewers, Office of Superintendent,  
October 1, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return memoranda prepared for you by the Secretary of the President of the Borough, setting forth extracts from a letter from the Chief Engineer of the Board of Estimate and Apportionment, dated September 24, 1902.

In regard to the resolution of the Local Board of the Bay Ridge District of June 20, providing for the construction of sixty-two (62) sewer basins on Surf avenue, Coney Island, between West Fifth street and West Twenty-third street, I here furnish the location of the basins, as suggested by Mr. N. P. Lewis:

Surf avenue, all four corners West Fifth street,  
Surf avenue, north and south sides, about 350 feet west of West Fifth street,  
Surf avenue, north and south sides, about 650 feet west of West Fifth street,

Surf avenue, all four corners of West Eighth street,  
 Surf avenue, north side, about 400 feet west of West Eighth street,  
 Surf avenue, southeast and southwest corners West Tenth street,  
 Surf avenue, northeast and northwest corners West Twelfth street,  
 Surf avenue, northeast and northwest corners Stillwell avenue,  
 Surf avenue, northeast and northwest corners West Fifteenth street,

 Surf avenue, southeast corner Tillyou's walk,  
 Surf avenue, south side, about 275 feet west of West Sixteenth street,  
 Surf avenue, south side, about 275 feet west of West Nineteenth street,  
 Surf avenue, south side, opposite Warehouse avenue.

I was under the impression that this work would not be authorized by the Local Board until the modified drainage map of Coney Island was prepared and approved by the Board of Estimate and Apportionment, in pursuance of the laws of the Greater New York Charter. We have been unable to complete those maps, due to pressure of other business in the Bureau.

It was my intention to submit the location of said basins when the above mentioned maps had been legally adopted; however, the Local Board can amend its resolution, giving definite locations for the construction of the sewer basins, the procedure to be held by the Board of Estimate until they approve the drainage district maps of this vicinity.

Yours respectfully,  
 (Signed) JOHN THATCHER,  
 Superintendent of Sewers, Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer basins at the following points:

Surf avenue, all four corners West Fifth street,  
 Surf avenue, north and south sides, about 350 feet west of West Fifth street,  
 Surf avenue, north and south sides, about 650 feet west of West Fifth street,  
 Surf avenue, all four corners of West Eighth street,  
 Surf avenue, north side, about 400 feet west of West Eighth street,  
 Surf avenue, southeast and southwest corners West Tenth street,  
 Surf avenue, northeast and northwest corners West Twelfth street,  
 Surf avenue, northeast and northwest corners Stillwell avenue,  
 Surf avenue, northeast and northwest corners West Fifteenth street,  
 Surf avenue, northeast, northwest and southwest corners West Sixteenth street,  
 Surf avenue, northeast and northwest corners West Seventeenth street,  
 Surf avenue, all four corners West Nineteenth street,  
 Surf avenue, northeast and northwest corners West Twentieth street,  
 Surf avenue, all four corners West Twenty-first street,  
 Surf avenue, northeast and northwest corners Warehouse avenue,  
 Surf avenue, all four corners West Twenty-third street,  
 Surf avenue, southeast and southwest corners Jones' walk,  
 Surf avenue, southeast and southwest corners Thompson's walk,  
 Surf avenue, southeast and southwest corners Henderson's walk,  
 Surf avenue, southeast and southwest corners Stratton's walk,  
 Surf avenue, southeast and southwest corners Schweikert's walk,  
 Surf avenue, southeast and southwest corners Bushman's walk,  
 Surf avenue, southeast and southwest corners Mikado walk,  
 Surf avenue, southeast and southwest corners Kensington walk,  
 Surf avenue, southeast corner Tillyou's walk,  
 Surf avenue, south side, about 275 feet west of West Sixteenth street,  
 Surf avenue, south side, about 275 feet west of West Nineteenth street,  
 Surf avenue, south side, opposite Warehouse avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:  
 Affirmative—President Swanstrom and Alderman Malone.  
 Approved by the President of the Borough January 17, 1903.

No. 196.

The Crescent Athletic Club of the Borough of Brooklyn, having granted to The City of New York an easement through the land and premises owned by them for the construction of a sewer in Narrows avenue, between Eighty-third street and Eighty-fifth street, the following resolution was offered:

Whereas, By an instrument in writing executed November 28, 1902, the Crescent Athletic Club of the Borough of Brooklyn, City of New York, has granted to the City of New York an easement through the lands and premises owned by the said Crescent Athletic Club and situated between Eighty-third street and Eighty-fifth street and First avenue and Shore road, in the Borough of Brooklyn.

Resolved, That the Board of Estimate and Apportionment of The City of New York be and it is hereby requested to notify the Corporation Counsel to omit from the proceedings instituted to open Narrows avenue all the lands and premises of the said Crescent Athletic Club mentioned and described in said conveyance or easement.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:  
 Affirmative—President Swanstrom and Alderman Malone.  
 Approved by the President of the Borough January 17, 1903.

No. 19.

Affidavits of dedication showing that Ninety-sixth street, from Third avenue to Marine avenue, is legally open.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 6th day of January, 1903, hereby rescinds the following resolution adopted April 18, 1902:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 18th day of April, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to open Ninety-sixth street, from Third avenue to the Shore road, in the Borough of Brooklyn.

"Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval."

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:  
 Affirmative—President Swanstrom and Alderman Malone.  
 Approved by the President of the Borough January 17, 1903.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby requests the Board of Estimate and Apportionment of The City of New York to ask the Corporation Counsel to discontinue proceedings for opening Ninety-sixth street, from Third avenue to the Shore road, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:  
 Affirmative—President Swanstrom and Alderman Malone.  
 Approved by the President of the Borough January 17, 1903.

No. 197.

Petition to grade, curb and gutter Eighty-fifth street, from First avenue to Fourth avenue.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

Grading and Paving Report No. 190.

City of New York, Borough of Brooklyn,  
 Office of Commissioner of Public Works,  
 Bureau of Highways, Chief Engineer's Office,  
 October 14, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith estimate for grading, curbing and guttering Eighty-fifth street, from First avenue to Fourth avenue. The items are:

24,000 cubic yards of grading, at 30 cents,  
 4,600 linear feet of curbing, at 75 cents,  
 1,500 square yards of brick gutters, at \$1.40.

Total estimated cost plus 5 per cent., \$14,400. Assessed value of the land, \$76,700. Proceedings are pending for the opening of the street, commissioners having been appointed. Sewer basins have been partly built, but there are no sewers, water or gas mains in the street at all.

Respectfully,  
 (Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, hereby determines to initiate proceedings to grade Eighty-fifth street, between First avenue and Fourth avenue, in the Borough of Brooklyn, and to set or reset curb, pave gutters with brick of said street where not already done.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:  
 Affirmative—President Swanstrom and Alderman Malone.  
 Approved by the President of the Borough January 17, 1903.

No. 198.

Petition to alter the map or plan of The City of New York by changing the grade of Eighty-fifth street, between Second avenue and Third avenue.

Following report and technical description from the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,  
 Office of Commissioner of Public Works,  
 Bureau of Highways, Chief Engineer's Office,  
 October 11, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith technical description and profile showing proposed change of grade on Eighty-fifth street, between Second and Third avenues; also petition asking for same.

Respectfully,  
 (Signed) GEO. W. TILLSON, Chief Engineer.

(Copy.)

Technical description for a public hearing in the matter of change of grade of Eighty-fifth street, from Second avenue to Third avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of Eighty-fifth street and Second avenue, the elevation to be 59.01 feet, as heretofore.

1st. Thence easterly to a point 210.45 feet from the eastern curb line of Second avenue, the elevation to be 69.53 feet;

2d. Thence easterly on a vertical curve to a point distant 50 feet from the previous point, the elevation to be 71.46 feet;

3d. Thence easterly on a vertical curve to a point distant 50 feet from the previous point, the elevation to be 72.28 feet;

4th. Thence easterly to the intersection of Third avenue, the elevation to be 74.41 feet as heretofore.

Dated New York, October 13, 1902. Topographical Bureau, Borough of Brooklyn.  
 (Signed) GEO. J. BISCHOF, Assistant Engineer in Charge.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by changing the grade of Eighty-fifth street, between Second avenue and Third avenue, in the Borough of Brooklyn, as shown on the accompanying profile, and more particularly described as follows:

Beginning at the intersection of Eighty-fifth street and Second avenue, the elevation to be 59.01 feet, as heretofore.

1st. Thence easterly to a point 210.45 feet from the eastern curb line of Second avenue, the elevation to be 69.53 feet;

2d. Thence easterly on a vertical curve to a point distant 50 feet from the previous point, the elevation to be 71.46 feet;

3d. Thence easterly on a vertical curve to a point distant 50 feet from the previous point, the elevation to be 72.28 feet;

4th. Thence easterly to the intersection of Third avenue, the elevation to be 74.41 feet, as heretofore.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:  
 Affirmative—President Swanstrom and Alderman Malone.  
 Approved by the President of the Borough January 17, 1903.

No. 199.

Petition to grade and pave Bay Eleventh street, between Eighty-sixth street and Benson avenue.

Following report from the Engineer of the Bureau of Highways:

Grading and Paving Report No. 204.

City of New York, Borough of Brooklyn,  
 Office of Commissioner of Public Works,  
 Bureau of Highways, Chief Engineer's Office,  
 October 28, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition for regulating, grading and paving Bay Eleventh street, between Eighty-sixth street and Benson avenue. The petition does not call for any particular kind of pavement, so the estimate is made for macadam and asphalt. The items are:

12,500 cubic yards of grading, at 35 cents,  
 1,464 linear feet of curb, at 75 cents,  
 2,620 square yards of macadam pavement, at 75 cents, or  
 2,620 square yards of asphalt pavement, at \$2.25,  
 7,400 square feet of cement sidewalk, at 18 cents.

Total estimated cost, plus 5 per cent.—For macadam, \$9,200; for asphalt, \$13,300. Assessed valuation, \$7,840.

It will be seen that the cost of this improvement for either macadam or asphalt is far above the entire assessed valuation.

The street is legally opened, although neither sewers, water nor gas mains have been laid.

Respectfully,  
 (Signed) GEO. W. TILLSON, Chief Engineer.

The estimated cost being far above the entire assessed valuation, the following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, hereby determines to initiate proceedings to regulate and grade Bay Eleventh street, between Eighty-sixth street and Benson avenue, in the Borough of Brooklyn, and to set or reset curb and pave or repave sidewalks of said street with cement where not already done.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Disapproved by the President of the Borough January 17, 1903, and the Secretary was directed to obtain a new report giving the cost of the improvement in accordance with the above resolution, and also giving the new assessed value of property.

No. 200.

Petition to flag the sidewalks on both sides of Tenth avenue, between Seventy-fifth street and Bay Ridge avenue.

Laid over.

No. 128.

Petition to fence the vacant lots on the south side of Twenty-seventh street, between Fourth and Fifth avenues, and on the west side of Fifth avenue, between Twenty-seventh and Twenty-eighth streets, and on the north side of Twenty-eighth street, between Fourth and Fifth avenues, known as Lots Nos. 5, 22, 60 and 67, Block 661, Eighth Ward Map.

Laid over.

No. 201.

Petition to flag the sidewalks on both sides of Eighty-third street, between Tenth avenue and Twelfth avenue.

Laid over.

No. 202.

Petition to flag the sidewalks as described in the following report of the Engineer of the Bureau of Highways:

(Copy)

Report No. 399.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
November 18, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition from the office of the President of the Borough for the flagging of sidewalks on Fifty-fourth street, between Fifth and Sixth avenues, would say that the inspector reports that there is no flagging on said walks. I would, therefore, recommend that they be flagged with a single course of bluestone flagging, five feet in width, or be paved with cement for a like width. Description of property as follows:

On the south side of Fifty-fourth street, between Fifth and Sixth avenues, known as Lots Nos. 28 to 38, inclusive, and 43, Block 824, Eighth Ward Map, Section 3, Volume 4. Estimated cost of flagging \$361, and of cement walk \$296. Assessed valuation, \$8,100. Owners names: Lots 28 to 38, unknown; Lot 43, John M. Person.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the south side of Fifty-fourth street, between Fifth avenue and Sixth avenue, known as Lots Nos. 28 to 38, inclusive, and 43, Block 824, Eighth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Approved by the President of the Borough January 17, 1903.

No. 203.

Petition to fence vacant lot on the south side of Fifty-fourth street, between Third and Fourth avenues, known as Lot No. 16, Block 822, Eighth Ward Map.

Laid over.

No. 204.

Petition for flagging sidewalks as described in the following report of the Engineer of the Bureau of Highways:

(Copy)

Report No. 403.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
November 20, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition from the office of the President of the Borough for the flagging of sidewalk on Sixtieth street, between Third and Fourth avenues, have had an inspection made of the sidewalk referred to and find that it is devoid of flagging. I would therefore recommend that it be flagged with a single course of bluestone flagging, five feet in width, or be paved with cement for a like width. Description of property follows:

On the north side of Sixtieth street, between Third and Fourth avenues, known as Lot No. 55, Block 862, Eighth Ward Map, Section 3, Volume 4. Estimated cost of flagging \$330, and of cement walk \$270. Assessed valuation, \$7,500. Owners name, Sidney V. Lowell.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lot lying on the north side of Sixtieth street, between Third avenue and Fourth avenue, known as Lot No. 55, Block 862, Eighth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lot.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Approved by the President of the Borough January 17, 1903.

No. 205.

Petition for flagging sidewalks as described in the following report of the Engineer of the Bureau of Highways:

Report No. 412.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
November 25, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition from the office of the President of the Borough for the flagging of sidewalks on both sides of Seventy-third street, between Fort Hamilton avenue and Tenth avenue. Have had an inspection made of the sidewalks referred to and find that they are devoid of flagging. Would therefore recommend that they be flagged with a single course of bluestone flagging, five (5) feet in width, or be paved with cement for a like width. Description of property as follows:

1. On the north side of Seventy-third street, between Fort Hamilton and Tenth avenues, known as Lots Nos. 7, 14, 18, 23, 25, 26, 21 and 22, Block 558, Thirtieth Ward Map. Estimated cost of flagging \$784, and of cement walk \$641. Assessed valuation, \$13,700.

Owners' names: Lot No. 7, Emil Lehrian; Lot No. 14, E. and C. Lehrian; Lot No.

18, Bay Ridge Park Improvement Company; Lots Nos. 23, 25 and 26, Bay Ridge Park Improvement Company; Lot No. 21, Edw. E. Hand; Lot No. 22, E. and O. Lehrian.

2. Also on the south side of Seventy-third street, between Fort Hamilton and Tenth avenues, known as Lots Nos. 1 to 8, inclusive, and 21, Block 559, Thirtieth Ward Map. Estimated cost of flagging \$800, and of cement walk \$655. Assessed valuation, \$16,050.

Owners' names: Lot No. 1, Mary R. Clarke; Lot No. 2, Wm. H. Lahe; Lot No. 3, Thomas Smith; Lots Nos. 4, 7 and 8, Bay Ridge Park Improvement Company; Lot No. 5, F. E. Martin; Lot No. 6, Liop Lehmann; Lot No. 21, Geo. J. Hoffman.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the north side of Seventy-third street, between Fort Hamilton avenue and Tenth avenue, known as Lots No. 7, 14, 18, 23, 25, 26, 21 and 22, Block 558, Thirtieth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Approved by the President of the Borough January 17, 1903.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 16th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the south side of Seventy-third street, between Fort Hamilton avenue and Tenth avenue, known as Lots Nos. 1 to 8, inclusive, and 21, Block 559, Thirtieth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Report No. 381.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
November 1, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition from the office of the President of the Borough of Brooklyn for the flagging of sidewalk on Eleventh avenue, between Seventy-ninth and Eighty-second streets, have had an inspection made of the sidewalk referred to and find that they are devoid of flagging or other pavement. I would, therefore, recommend that they be flagged with a single course of bluestone flagging,

five (5) feet in width, or be paved with cement for a like width. Description of property as follows:

1. On the west side of Eleventh avenue, between Seventy-ninth street and Eightieth street, known as Lots Nos. 30, 5 to 9, inclusive, Block 546, Thirtieth Ward Map. Estimated cost of flagging \$253, and of cement walk \$217. Assessed valuation, \$2,350. Owners' names: Lot No. 30, H. L. Bradley; Lots Nos. 5 and 9, inclusive, Wm. J. Brown;

2. Also on the west side of Eleventh avenue, between Eightieth and Eighty-first streets, Lots Nos. 11 and 12, Block 545, Thirtieth Ward Map. Estimated cost of flagging \$253, and of cement walks \$217. Assessed valuation, \$1,500. Owners' names: St. Phillips Church, Lot No. 12, C. A. Barrow.

3. Also on the west side of Eleventh avenue, between Eighty-first and Eighty-second streets, known as Lots Nos. 3 and 4, Block 544, Thirtieth Ward Map. Estimated cost of flagging \$212, and of cement walk \$173. Assessed valuation, \$2,100.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the west side of Eleventh avenue, between Seventy-ninth street and Eightieth street, known as Lots Nos. 30, 5 to 9, inclusive, Block 546, Thirtieth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Approved by the President of the Borough January 17, 1903.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 5th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the west side of Eleventh avenue, between Eightieth street and Eighty-first street, known as Lots Nos. 11 and 12, Block 545, Thirtieth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Approved by the President of the Borough January 17, 1903.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the west side of Eleventh avenue, between Eighty-first street and Eighty-second street, known as Lots Nos. 3 and 4, Block 544, Thirtieth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Approved by the President of the Borough January 17, 1903.

No. 210.

Following report from the Engineer of the Bureau of Highways:

(Copy.)

Report No. 383.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office.

November 1, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition from the office of the President of the Borough for the flagging of sidewalks on Eighty-fourth street, between Seventh and Twelfth avenues, have had an inspection made of the sidewalks referred to and find that they are devoid of flagging or other pavement, would, therefore, recommend that they be flagged with a single course of bluestone flagging, five (5) feet in width, or be paved with cement for a like width. Description of property as follows:

On the north side of Eighty-fourth street, between Seventh and Tenth avenues, known as Lots Nos. 1 and 2, Block 579, Thirtieth Ward Map. Estimated cost of flagging \$449, and of cement walk \$368. Assessed valuation, \$8,250.

Owners' names: Lot No. 1, G. F. Scholes; Lot No. 2, W. L. Johnson.

On the north side of Eighty-fourth street, between Tenth and Eleventh avenues, known as Lots Nos. 11, 21, 20, 10, 9, 19, 18, 16 and 17, Block 542, Thirtieth Ward Map. Estimated cost of flagging \$810, and of cement walk \$663. Assessed valuation, \$16,500. Owners' names: Lot No. 11, Geo. E. Hansom; Lot No. 21, Stephen G. Thomas; Lots Nos. 20 and 16, Alf. E. Parfitt; Lot No. 10, F. J. Wilcox; Lot No. 9, H. Rihsamen; Lots Nos. 19, 18 and 17, J. H. Van Wil.

Also on the north side of Eighty-fourth street, between Eleventh and Twelfth avenues, known as lots Nos. 12, 11, 14, 15, 16, 5 and 17, Block 537, Thirtieth Ward Map. Estimated cost of flagging \$678, and of cement \$555. Assessed valuation, \$26,500. Owners' names: Lot No. 12, Jenny J. Barrow; Lot No. 11, J. Demavona; Lot No. 14, S. S. Wolf; Lot No. 15, S. Saitta; Lot No. 16, J. Parsons; Lot 5, Grace L. Parsons; Lot No. 17, Frederick C. Dexter.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

No. 211.

Petition for flagging the sidewalks as described in the following report of the Engineer of the Bureau of Highways:

(Copy.)

Report No. 387.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office.

November 13, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition from the President of the

Borough, have had an inspection made of the sidewalks on Fifth avenue, between Twenty-seventh and Thirty-sixth streets. The Inspector reports that the sidewalks referred to are destitute of flagging or other pavement. I would, therefore, recommend that they be flagged with a single course of bluestone flagging, five (5) feet in width, or be paved with cement for a like width. Description of property as follows:

On the west side of Fifth avenue, between Twenty-eighth and Twenty-ninth streets, known as Lots Nos. 32 and 40, Block 665, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$160, and of cement walk \$131. Assessed valuation, \$6,600. Owners' names: Lot No. 32, Carolina Waster; Lot No. 40, W. L. Suydam.

2. Also on the west side of Fifth avenue, between Twenty-ninth and Thirtieth streets, known as Lots Nos. 36, 42, 43 and 46, Block 669, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$182, and of cement walks \$149. Assessed valuation of property, \$10,600. Owners' names unknown.

3. Also on the west side of Fifth avenue, between Thirtieth and Thirty-first streets, Lot No. 28, known as Lot No. 28, Block 673, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$127, and of cement walks \$105. Assessed valuation, \$12,000. Owner's name: Benjamin S. Wells.

4. Also on the west side of Fifth avenue, between Thirty-first and Thirty-second streets, known as Lots Nos. 37, 39 to 44, inclusive, and 46, Block 677, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$253, and of cement \$207. Assessed valuation of property, \$7,680. Owners' names: Lot No. 37, W. L. Suydam; Lots Nos. 39 and 44, Margaret F. Monaghan; Lot No. 40, Henry Spier; Lot No. 41, August Frey; Lot No. 42, Mary McCormack; Lot No. 43, Donald McCaskelly; Lot No. 46, James F. Branford.

5. Also on the west side of Fifth avenue, between Thirty-third and Thirty-fourth streets, known as Lots Nos. 35, 36 and 38, Block 685, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$182, of cement \$149. Assessed valuation, \$4,500. Owners' names: Lot No. 35, William Sproul; Lot No. 36, Rachel M. Sproul; Lot No. 38, William E. Selpho.

6. Also on the west side of Fifth avenue, between Thirty-fourth and Thirty-fifth streets, known as Lot No. 1, Block 689, Eighth Ward Map, Section 3, Volume 2. Estimated cost of flagging \$286, of cement \$234. Assessed valuation, exempt, Greenwood Cemetery.

7. Also on the west side of Fifth avenue, between Thirty-fifth and Thirty-sixth streets, known as Lots Nos. 1 and 39, Block 693, Eighth Ward Map, Section 3, Volume 2. Estimated cost of flagging \$286, of cement walks \$234. Assessed valuation, \$14,000. Owners' names: Lot No. 1, Greenwood Cemetery; Lot No. 39, Union Elevated Railroad Company.

The sidewalk on the west side of Fifth avenue, between Twenty-seventh and Twenty-eighth streets, was the subject of my report No. 386, dated November 6, 1902, in which I recommended the flagging or cementing of sidewalks referred to. I hereby renew the recommendation made then, and give synopsis of my report.

On the west side of Fifth avenue, between Twenty-seventh and Twenty-eighth streets, known as Lot No. 22, Block 661, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$253, and of cement walks \$207. Assessed valuation, \$15,600. Owner's name: Nassau Elevated Railroad Company.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the west side of Fifth avenue, between Twenty-eighth street and Twenty-ninth street, known as Lots Nos. 32 and 40, Block 665, Eighth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Approved by the President of the Borough January 17, 1903.

No. 122.

Following communication from the Commissioner of Public Works:  
City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
October 3, 1902.

Mr. JUSTIN MCCARTHY, Jr., Secretary Local Boards:

Dear Sir—I beg respectfully to hand you communication from your office concerning two resolutions of the Local Board of the Bay Ridge District, passed at the meeting of the 3d of September, together with letter from the Chief Engineer of Highways to me, he having referred your communication to me. I am inclined to think on reconsidering this matter carefully, that the Chief Engineer is right, and that it is the duty of the Local Board to determine the matter entirely and not leave it to him, his executive duties being to carry out the instructions of the Board and not to decide as to what those instructions should be; in other words, that the Local Board has no power to delegate to him its duties. If there is any question in the matter, perhaps it would be well for you to consult the Law Department. Otherwise it seems to me that the resolutions can be referred back to the Local Board for their reconsideration.

I shall be glad to have any suggestion you may care to make. I remain,  
Very truly yours,

(Signed) WILLIAM C. REDFIELD, Commissioner of Public Works.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 6th day of January, 1903, hereby amends the following resolution adopted September 3, 1902:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 3d day of September, 1902, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lot lying on the west side of Fifth avenue, between Fifty-second street and Fifty-third street, known as Lot No. 46, Block 807, Eighth Ward Map, be flagged with a single course of bluestone flagging or cement, five (5) feet in width, at the expense of the owner or owners of the said lot,"

—by striking therefrom the words "a single course of bluestone flagging," the amended resolution to read as follows:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lot lying on the west side of Fifth avenue, between Fifty-second street and Fifty-third street, known as Lot No. 46, Block 807, Eighth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Approved by the President of the Borough January 17, 1903.

No. 124.

The following resolution was offered:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 6th day of January, 1903, hereby amends the following resolution adopted September 3, 1902:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 3d day of September, 1902, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lot lying on the north side of Thirty-third street, between Fourth avenue and Fifth avenue, and on the west side of Fifth avenue, between Thirty-second street and Thirty-third street, known as Lots Nos. 40, 42, 46, 52, 55, 63, 68 and 1, Block 681, Eighth Ward Map, be flagged with a single course of bluestone flagging or cement, five (5) feet in width, at the expense of the owner or owners of the said lots,"

—by striking therefrom the words "a single course of bluestone flagging," the amended resolution to read as follows:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 6th day of January, 1903, deeming it for the public interest so to do, hereby directs that the sidewalk opposite the lots lying on the north side of Thirty-third street, between Fourth and Fifth avenues, and on the west side of Fifth avenue, between Thirty-second and Thirty-third streets, known as Lots Nos. 40, 42, 46, 52, 55, 63, 68 and 1, Block 681, Eighth Ward Map, be paved with cement, five (5) feet in width, at the expense of the owner or owners of the said lots.

Which was decided in the affirmative by the following vote:

Affirmative—President Swanstrom and Alderman Malone.

Petition for flagging sidewalks as described in the following report of the Engineer of the Bureau of Highways:

(Copy.)

Report No. 384.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
November 6, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition from the office of the President of the Borough relative to the flagging of sidewalks on both sides of Thirty-first street, between Fourth and Fifth avenues. Have had an inspection made of the sidewalks referred to and find that they are devoid of flagging. Would, therefore, recommend that they be flagged with a single course of bluestone flagging, five (5) feet in width, or be paved with cement for a like width. Description of property as follows:

1. On the north side of Thirty-first street, between Fourth and Fifth avenues, known as Lots Nos. 1 and 35, Block 673, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$537, and of cement \$440. Assessed valuation \$14,950.

Owners' names: Lot No. 1, W. L. Suydam; Lot No. 35, Benj. S. Wells.

2. Also on the south side of Thirty-first street, between Fourth and Fifth avenues, known as Lots Nos. 8, 11, 12, 13, 14, 16, 18 and 37, Block 677, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$493, and of cement walk \$404. Assessed valuation, \$9,210.

Owners' names: Lot No. 8, unknown; Lot No. 11, Michael Hanrahan; Lot No. 12, Eleanor C. Morris; Lot No. 13, A. R. Hoefer; Lot No. 14, Maria Donohue; Lot No. 16, Margaret Everad; Lot No. 18, unknown; Lot No. 37, W. L. Suydam.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Report No. 390.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
November 13, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition from the office of the President of the Borough for the flagging of sidewalks on Thirty-second street, between Third avenue and Fourth avenue, have had an inspection made of the sidewalks referred to, and find that they are devoid of flagging. Would, therefore, recommend that they be flagged with a single course of bluestone flagging or cement walk for a like width. Description of property as follows:

On the north side of Thirty-second street, between Third and Fourth avenues, known as Lots Nos. 42, 48, 49, 59 to 67, inclusive, Block 676, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$622, and of cement walk \$509. Assessed valuation, \$15,300.

Owners' names: Lots Nos. 42 and 49, B. S. Wells; Lot No. 48, unknown; Lot No. 59, John B. O'Neil; Lots Nos. 60 and 61, Henry Cors, Jr.; Lot No. 62, H. and M. Cox; Lot No. 63, James Healy; Lot No. 64, Peter Corcoran; Lot No. 65, Patrick Quinlan; Lot No. 66, Yerry McDermott; Lot No. 67, Patrick Thornton.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Report No. 409.

City of New York, Borough of Brooklyn,  
Office of Commissioner of Public Works,  
Bureau of Highways, Chief Engineer's Office,  
November 21, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition from the Borough President's office for the flagging of sidewalks on Seventy-fourth street, between Fort Hamilton avenue and Tenth avenue, I have had an inspection made of the sidewalks referred to and find that they are devoid of flagging. I would, therefore, recommend that they be flagged with a single course of bluestone flagging, five (5) feet in width, or be paved with cement for a like width. Description of property as follows:

On the north side of Seventy-fourth street, between Fort Hamilton avenue and Tenth avenue, known as Lots Nos. 10, 11, 14, 15, 23, 24, 19, 20 and 13, Block 559, Thirtieth Ward Map. Estimated cost of flagging \$840, and of cement walk \$688. Assessed valuation \$12,400.

Owners' names: Lots Nos. 10, 11, 14, 15 and 23, Bay Ridge Park Improvement Company; Lot No. 24, K. Rasmussen; Lot No. 19, James P. Harding; Lot No. 20, A. J. Harrington; Lot No. 13, Arthur J. Heaney.

Also on the south side of Seventy-fourth street, between Fort Hamilton avenue and Tenth avenue, known as Lots Nos. 2, 3, 4, 5, 12 and 10, Block 570, Thirtieth Ward Map. Estimated cost of flagging \$450, and of cement walk \$377. Assessed valuation, \$9,200.

Owners' names: Lot No. 2, Wm. H. Hanne; Lot No. 3, Jacob Blank; Lot No. 4, Almira Rand; Lot No. 5, Bay Ridge Park Improvement Company; Lot No. 12, Mary J. Brown; Lot No. 10, Benn. Gallagher.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

No. 226.

Petition for flagging sidewalks as described in the following report of the Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn,  
Chief Engineer's Office, Bureau of Highways,  
Office of Commissioner of Public Works,  
November 6, 1902.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I return you herewith petition from the Borough President's office in reference to unflagged sidewalk on Twenty-sixth street, between Fourth and Fifth avenues, etc. In reply, would say that the flagging of sidewalks referred to was the subject of my report No. 17, dated January 31, 1902, in which I recommended that they be either flagged with a single course of bluestone flagging or be paved with cement, five (5) feet in width. I renew the recommendation made heretofore, and give synopsis of my report.

On the north side of Twenty-sixth street, between Fourth and Fifth avenues, known as Lot No. 1, Block 655, Eighth Ward Map, Section 3, Volume 1. Estimated cost of flagging \$143, and of cement walks \$117. Assessed valuation, \$2,800.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Joseph Bennett, No. 12 Amsterdam avenue, Borough of Manhattan, as an Assistant to Stable Foreman from the position of Driver, from January 23, 1903.

Joseph Dempsey, No. 132 Newton street, Borough of Brooklyn, as a Sweeper from the position of Hostler, from January 23, 1903.

## Department of Docks and Ferries.

Francis J. Clark, No. 841 Eighth avenue, Borough of Manhattan, as a Foreman Dock Builder from Dock Builder, from January 27, 1903.

Respectfully yours,

F. A. SPENCER, Labor Clerk.

## BOARD OF REVISION OF ASSESSMENTS.

A meeting of the Board of Revision of Assessments was held at the Comptroller's Office on Tuesday, December 9, 1902, at 2:40 o'clock p. m.

Present—Edward M. Grout, Comptroller; George L. Rives, Corporation Counsel; James L. Wells, President of the Department of Taxes and Assessments.

The reading of the minutes of the meetings not yet approved was dispensed with.

## BOROUGH OF MANHATTAN.

The Assessment List for paving One Hundred and Sixty-third street, from Amsterdam avenue to Edgecombe avenue, with asphalt pavement, and objections of John C. Barr, by Merrill & Rogers, attorneys, Joseph I. Berry of counsel, referred back to the Board of Assessors at meeting of June 24, 1902, to afford the objectors an opportunity to be heard in the matter, were presented by the Comptroller, having been returned by the said Board on August 27, 1902.

Mr. Berry stated that he desired to withdraw the objections filed to the assessment. On motion the said Assessment List was confirmed, all the members voting in the affirmative.

The Assessment List for building sewers in West street, between West Eleventh and Horatio streets, and in Washington street, between Jane and West Twelfth streets, with alteration and improvement to connecting sewers in Bank, Bethune, West Twelfth, Jane, Horatio, Washington and Gansevoort streets, and in Thirteenth avenue, with objections, referred back to the Board of Assessors at meeting of June 19, 1902, for a rehearing of the objections filed against the assessment, was presented by the Comptroller, together with objections filed by Mulqueen & Mulqueen, attorneys for V. C. & C. V. King Company and others, having been returned by the said Board under date of August 28, 1902.

The Assessors reported that the assessment had been revised by them with reference to the cost of each separate outlet and readjusted for objections, and that V. C. & C. V. King Company and others, by Mulqueen & Mulqueen, attorneys, objected on the ground that the assessment upon their property is excessive and not in proportion to the benefit received.

The Assessors also stated that the objections filed by Messrs. T. H. Baldwin and John C. Shaw, as attorneys, to the list as originally apportioned, had not been renewed.

No one appearing in opposition, after notice, on motion the objections filed were overruled and the Assessment List was confirmed, all the members voting in the affirmative.

## BOROUGH OF THE BRONX.

The Comptroller presented the Assessment List for sewer and appurtenances in East One Hundred and Seventy-sixth street and Southern Boulevard to summit west of Marmion avenue, and objections of Sarah A. Todd and others, by A. C. Hottenroth, attorney, having been received from the Board of Assessors under date of September 11, 1902.

Mr. Hottenroth stated that he did not desire to press the objections filed by him.

On motion, the objections were overruled and the Assessment List was confirmed, all the members voting in the affirmative.

The assessment list for sewer and appurtenances in East One Hundred and Seventy-first street, from Webster avenue to Clay avenue, and in Clay avenue, from East One Hundred and Seventy-first street to the summit south of East One Hundred and Seventieth street, and objections of C. H. and Edward A. Thornton, by Ganz, Near & McKennell, attorneys; Herman Fahrenwold and others, by Mulqueen & Mulqueen, attorneys; Charles A. Kabley, by Horace A. Davis, attorney; George G. Davis and Robert Davis, by T. H. Baldwin, attorney; Hester Kelly, by Leslie & Minor, attorneys; William E. M. Zborowski, by H. A. Shipman, attorney; Maude H. P. Heylman, by H. B. Heylman, attorney; Thomas Morris, No. 1477 Webster avenue, referred back to the Board of Assessors at meeting of July 2, 1902, after hearing for general reconsideration and revision of the assessment, were presented by the Comptroller, having been returned by the said Board under date of September 18, 1902.

The Assessors reported that since the list had been returned to them several hearings had been given to the objectors, and that members of the Board had visited the line of the improvement, taking measurements to determine what land could make use of the sewer, and that the revision of the list had resulted in charging to the City the sum of \$5,421.27 of the total of \$23,545.42.

Mr. Baldwin, attorney, stated that he made no further objection to the assessment.

Mr. Herbert A. Shipman, of Messrs. Shipman & Lambias, attorneys for Zborowski et al., was again heard in opposition to the assessment as revised, and stated that the sewer in Clay avenue cannot be utilized by the property of his clients on the east side of said avenue, as it is from 27 to 60 feet above the grade.

On motion, the said Assessment List was laid over until the next meeting, and Mr. Shipman in the interim to file with the Corporation Counsel a statement and brief in said matter.

The Assessment List for paving Crotona avenue, from Boston road to Crotona Park South, with asphalt pavement, and objections of Margaret Dunkly, No. 1418 Crotona avenue; Joseph F. Vion, No. 1416 Crotona avenue; Thomas Farley and others, by Truman H. Baldwin, attorney; Benjamin Viau, by A. C. Hottenroth, attorney, were presented by the Comptroller, having been received from the Board of Assessors under date of September 25, 1902.

Mr. Baldwin was heard in opposition to the assessment on the ground that it is excessive—that the cost of the pavement had been considerably increased by including therein the charge for five years' maintenance by the contractor, and also that the

resolution authorizing the work does not provide for the redressing and resetting of the curbstones.

Mr. Viau and Mrs. Dunkly were heard in opposition to the cost of the work.

On motion the Assessment List and papers were referred to the President of the Borough of The Bronx for examination, and in order that the Commissioner of Highways or the Engineers may be prepared to produce evidence before this Board at its next meeting as to the necessity for redressing and resetting the curbstones, the expense of which is made a portion of the cost of the work, all the members voting in the affirmative.

The Assessment List for paving Dawson street, from Westchester avenue to Leggett's lane, with asphalt pavement and resetting, etc., curbstones, with objections of John Welpby and others, by John C. Shaw, attorney; John J. Brennan, No. 172 Beach avenue; Moses Green and others, by A. C. Hottenroth, attorney; Frederick McCarthy, No. 1025 East One Hundred and Sixty-second street; St. Ainslie's Church and others, by James A. Dunn, attorney; James B. Ryan, No. 1068 Dawson street; James T. Mohan, No. 1076 Dawson street; Henry Heinzer, No. 1084 Dawson street, and opinion of the Corporation Counsel of October 3, 1902, were presented by the Comptroller, having been received from the Board of Assessors under date of October 9, 1902.

Mr. John C. Shaw was heard opposing the expense of work for redressing, etc., old curbstones, on the ground that it was not authorized, and is therefore not assessable.

Mr. A. C. Hottenroth was heard in opposition to the cost of the work and to the sums charged against the property of the persons represented by him.

Mr. Heinzer also opposed the amount of assessment charged against his property as being excessive.

On motion the Assessment List and papers were referred to the President of the Borough of The Bronx for examination in order that the Commissioners of Highways or the Engineers may be prepared to produce evidence before this Board at its next meeting as to the necessity for redressing and resetting the curbstones, the expense of which is made a portion of the cost of the work, all the members voting in the affirmative.

The Comptroller presented the Assessment List for paving Freeman street, from East One Hundred and Sixty-ninth street to Southern Boulevard, with asphalt pavement, and objections of William R. Rose and Fred. Dreher, by Joseph A. Flannery, attorney; Thomas Farley and others, by Truman H. Baldwin, attorney; Mrs. Delaney and others, by A. C. Hottenroth, attorney, and William Ebling, by Thomas S. Bassford, attorney, the same having been received from the Board of Assessors under date of September 25, 1902.

Mr. Hottenroth objected to the excessive cost of the work and to the apportionment of the assessment, and claimed that it is disproportionate.

Mr. Baldwin objected to the expense for five years' cost of maintenance of the pavement, which had caused an immense charge for it, and also to the expense for redressing and resetting curbstones, which had not been authorized.

On motion the Assessment List and papers were referred back to the President of the Borough of The Bronx for examination, to enable the Commissioner of Highways or the Engineers to produce evidence before this Board at its next meeting as to the necessity for redressing and resetting the curbstones, the expense of which had entered into the cost of the work, all the members voting in the affirmative.

The President of the Department of Taxes and Assessments desired to be placed on record as opposed to the excessive expenses for inspection and surveying which appeared in many instances in the Assessment Lists, especially in those relating to the Borough of The Bronx.

## BOROUGH OF BROOKLYN.

The Assessment List for laying cement sidewalks on both sides of Fortieth street, between New Utrecht and Fort Hamilton avenues, and objections of Mary A. Tremper, owner, No. 1055 Forty-first street, Brooklyn, were presented by the Comptroller, having been received from the Board of Assessors under date of October 2, 1902.

Mrs. Tremper was heard and claimed that the street had never been opened and graded by the City, and that she owned to the middle of the street opposite to her property.

On motion the objections were overruled and the Assessment List was confirmed, all the members voting in the affirmative.

## BOROUGH OF THE BRONX.

The Comptroller presented the assessment list for sewer and appurtenances in Garden street between Crotona avenue and Southern Boulevard, and objections of the estate of W. W. Chester, by Adolph L. Hottenroth, attorney, received from the Board of Assessors under date of October 2, 1902.

No one appearing in opposition, after notice, on motion, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

Assessment list for constructing sewers and appurtenances in East One Hundred and Eighty-seventh street from Southern Boulevard to Lorillard place, and in Crotona avenue from Grote street to East One Hundred and Eighty-ninth street, and in Belmont avenue from East One Hundred and Eighty-seventh street to St. John's College, and in Arthur avenue from East One Hundred and Eighty-seventh street to the summit south, and in Hoffmann street from Pelham avenue to the summit south of East One Hundred and Eighty-seventh street, with objections of John J. Brady, attorney and owner; Frank Vredenburg (and others), No. 876 East One Hundred and Eighty-second street; St. John's College, by Jos. I. Berry, attorney, and reply of the Department of Sewers to the objections filed by Mr. Brady, were presented by the Comptroller, having been received from the Board of Assessors under date of October 9, 1902.

Mr. Berry, attorney, was heard, and objected to the assessments charged against a portion of the grounds of the College, for the reason that they have no frontage on any street, that no sewer is constructed through the land assessed and consequently no benefit is derived by the property from the sewers.

On motion of the Comptroller, the assessment list and papers were referred to the President of the Borough of The Bronx, with request that the Commissioner of Sewers certify to this Board at its next meeting how much of the park property on the line drains into the sewer on the grounds of St. John's College, all the members voting in the affirmative.

The assessment list for sewer and appurtenances in East One Hundred and Eighty-third street between Southern Boulevard and Adams place, and in Prospect avenue from East One Hundred and Eighty-third street to Grote street, and objections, referred back to the Board of Assessors at meeting of June 13, 1901, for further consideration, were presented by the Comptroller, having been received from the Board of Assessors, with the following objections, under date of October 9, 1902: A. Meixel, No. 2306 Cambreling avenue; John Robertson, by Mulqueen & Mulqueen, attorneys; Francis Heine, No. 926 East One Hundred and Eighty-third street; Simon T. Stern, attorney and owner, No. 4221 Third avenue; Wm. Stonebridge and others, No. 951 East One Hundred and Eighty-fourth street; Chas. Schaefer and others, by Mulqueen & Mulqueen, attorneys. The objections originally filed to the assessment were that the cost of the work is excessive, and that the outlet sewers should be constructed before the assessment is levied.

The report of Josiah A. Briggs, Chief Engineer of the Borough of The Bronx, of August 28, 1902, accompanying the assessment, states that the sewers have been completed, and that all the branch sewers are open to use.

No one appearing in opposition after notice, on motion, the objections were overruled and the assessment list was confirmed, all the members voting in the affirmative.

Assessment list for constructing sewers and appurtenances in Crescent avenue, between East One Hundred and Eighty-seventh street and Arthur avenue, and in Arthur avenue, between Crescent avenue and East One Hundred and Eighty-second street, and in Adams place, between Crescent avenue and East One Hundred and Eighty-second street, and in Hughes avenue, between Crescent avenue and East One Hundred and Eighty-second street, and in Belmont avenue, between Crescent avenue and East One Hundred and Eighty-second street, and in Cambreling avenue, between Crescent avenue and Grote street, and in Beaumont avenue, between East One Hundred and Eighty-seventh street and East One Hundred and Eighty-third street, with objections of Gerald Crawford Connor, No. 1901 Bathgate avenue; Morton Bishop and others, No. 2356 Beaumont avenue; Belmont Taxpayers' Association, One Hundred and Eighty-third street and Monroe avenue; H. M. Vredenburg, by John J. Bradey, No. 79 Nassau street; Simon T. Stern, attorney and owner, No. 4221 Third avenue; William Clark and others, No. 2309 Cambreling avenue; Patrick J.

Lynch, No. 2213 Belmont avenue; P. J. Hickey, No. 2340 Hughes avenue; John Nagle, No. 2215 Belmont avenue; Robert Adams, No. 2349 Beaumont avenue; George W. Van Slyck, No. 120 Broadway; Mary E. Ford, No. 978 East One Hundred and Seventy-ninth street, and Mrs. S. J. Walsh and others, by Joseph I. Berry, attorney, and report of the Department of Sewers, dated April 18, 1901, referred back to the Board of Assessors at meeting of June 13, 1901, for further consideration, were presented by the Comptroller, having been returned by the Board of Assessors under date of October 9, 1902.

The report of Josiah A. Briggs, Engineer, dated August 26, 1902, shows that the outlet for the sewer in question has been constructed, and that the sewers may now be used.

Mr. Connor was heard in opposition to the apportionment of the assessment and to the excessive cost of the work.

On motion, further consideration was postponed until the next meeting and the assessment list was laid over, all the members voting in the affirmative.

#### BOROUGH OF MANHATTAN.

Assessment list of alteration and improvement to sewer in Eleventh avenue, between Fortieth and Forty-second streets, and to connection at Forty-first street, with objections of John J. Bendlin and others, by John C. Shaw, attorney, No. 106 Fulton street; Henry Hughes, by Dunphy & Pearsall, attorneys, No. 3 Broad street, and T. P. Fitzsimons and others, by Mulqueen & Mulqueen, attorneys, and report of the Commissioner of Public Works of September 17, 1902, and opinion of the Corporation Counsel dated October 8, 1902, were presented by the Comptroller, having been received from the Board of Assessors under date of October 9, 1902.

Mr. Shaw was heard opposing the assessment, on the ground that the cost of the work is excessive and that but for the tracks of the New York Central and Hudson River Railroad Company in the avenue one sewer would have been sufficient, and consequently the said railroad company should bear its proper share of the expense.

On motion, the further consideration of the assessment was postponed until the next meeting of the Board.

At 5.10 o'clock p. m. on motion the Board adjourned to meet on Tuesday, December 16, 1902, at 2 o'clock p. m.

HENRY J. STORRS, Chief Clerk, Board of Revision of Assessments.

## DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK.

New York, January 14, 1903.

The Board met pursuant to adjournment.

Present—Commissioners Ernst J. Lederle, Ph. D., President; Alvah H. Doty, M. D., the Health Officer of the Port.

The minutes of the last meeting were read and approved.

The Finance Committee presented the following bills, which were approved and ordered forwarded to the Comptroller for payment:

#### SANITARY BUREAU.

The following communications were received from the Sanitary Superintendent:

1st. Weekly Reports of the Sanitary Superintendent. Ordered on file.

2d. Weekly Reports from the Willard Parker, Reception, Riverside and Kingston Avenue Hospitals. Ordered on file.

3d. Report on changes in the hospital service.

On motion, it was

Resolved, That the following changes in the hospital service be and are hereby approved:

Willard Parker Hospital—No. 27, Jennie Prael, Domestic (Ward Helper), \$168, resigned, January 3, 1903; No. 28, Margaret Herbison, Domestic (Ward Helper), \$168, resigned January 9, 1903.

Riverside Hospital—No. 87, Michael McAleese, Laborer, \$360, resigned January 3,

1903; No. 33, Bridget McAleese, Domestic (Ward Helper), \$168, resigned January 3, 1903; No. 76, Elizabeth Gray, Nurse, \$420, appointed January 5, 1903; No. 55, Jenny Donnelly, Domestic (Ward Helper), \$168, appointed January 5, 1903; No. 26, Harry Elsmore, Helper, \$240, resigned January 3, 1903; No. 26, Daniel Murphy, Helper, \$240, appointed January 10, 1903; No. 29, Harry Elsmore, Laborer, \$360, appointed January 4, 1903.

Kingston Avenue Hospital—No. 25, Nellie Butler, Domestic (Ward Maid), \$216, appointed January 7, 1903; Joseph Gallagher, Hospital Clerk, \$600, appointed January 14, 1903.

4th. Reports on applications for leave of absence.

On motion, it was

Resolved, That leave of absence be and is hereby granted as follows:

Peter Murphy, January 12, 1903; Thomas Donohue, January 7, 1903; Dennis O'Keefe, January 6, 1903.

5th. Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded for the reason that the causes for the same have been removed:

Borough of Queens—No. 37 Flushing avenue, Flushing, 1113; Maspeth avenue, Maspeth, 1539; Pier avenue, north of Boulevard, west side of Rockaway Beach, 265.

Borough of Richmond—Bed of stream along the south line of the New York State Quarantine Station, extending about 400 feet from the foot of Nautilus street to high water mark.

6th. Certificates declaring premises at Nos. 343-351 Columbia street, Borough of Brooklyn; Sixth street and Snedeker avenue, Union Course; No. 13 Old Flushing road, Maspeth; Metropolitan avenue, near Bushwick Junction, East Williamsburg; Adriatic street, near Collins avenue, East Williamsburg; Trotting Course lane, Maspeth; Cedar lane, South Woodhaven; Clinton avenue, near Maiden lane, Maspeth; Fresh Pond road, near Metropolitan avenue, northeast of railroad, and Old South road, Aqueduct, Borough of Queens, public nuisances.

On motion, the following orders were entered:

Whereas, The premises Nos. 343-351 Columbia street, Borough of Brooklyn, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that all offensive earth be removed from beneath the stable floor, and the ground space cleaned, disinfected, cemented and so graded and drained as to discharge all surface water and liquid matter into the street sewer by and through a properly trapped, extra heavy iron drain; that the floors of the horse stalls be provided with a valley drain, properly trapped and connected with the sewer connected drain.

That refuse and manure be removed from yard; that yard be paved and graded so as to discharge all surface water and drainage to a properly trapped sewer connected drain; that manure vault be emptied, cleaned and disinfected, all manure removed therefrom and hereafter manure be kept inside stable, removed from premises daily, or pressed in bales, barrels or boxes so as to reduce it to not more than one-third its bulk.

Whereas, The premises Sixth street and Snediker avenue, Union Course, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the stable be cleaned and whitewashed, and floor concreted and valley drains properly strained and connected by an earthen drain, with a cesspool with bottom and sides cemented; that a properly covered water-tight manure box be built and the manure removed from premises at once; that the yard be cleaned and filled with dry sand or ashes; that a milk house with no connection with stable or premises be built, and the utensils cleaned with hot water and soda, that the keeping of cows and sale of milk without a permit from this Department be discontinued.

Whereas, The premises No. 13 Old Flushing road, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that all saturated and offensive earth be removed from beneath the floors of the stable and milk house, its site cleaned, disinfected and filled with fresh earth; that the defective wooden floors be removed and replaced by cement floors, the cement floor of milk house be graded so as to discharge all liquid matter into an earthenware drain, said drain to discharge into the cesspool thereat; that the cement floor of stable be provided with drains properly protected by strainers, said drains to be extended and made to discharge into the cesspool thereat; that the cesspool in the yard be emptied and thoroughly cleaned and disinfected; that the door communicating directly from the milk house to the stable be sealed air-tight; that the well in the yard be sealed up and water from the same for use in washing milk cans, utensils, etc., be discontinued; that an inclosed runway be provided and each cow be exercised at least once in each day; that the udders of the cows and the hands of the milkmen be thoroughly cleaned before each milking; that at least 600 cubic feet of air space be allowed each cow in the stable.

Whereas, The premises Metropolitan avenue, near Bushwick Junction, East Williamsburg, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the floor of stable be so graded and drained as to discharge all liquid matter into a properly constructed cesspool through a tight earthen or iron drain; that a milk room with cement floor be provided, in no way to open into a living room or stable; that the walls and ceiling of stable be cleaned and whitewashed, and ceiling made dust tight; the number of cows to be reduced to three; that the manure box be tightly inclosed.

Whereas, The premises Adriatic street, near Collins avenue, East Williamsburg, Borough of Queens, in The City of New York, and the business pursuit specified in

this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that all offensive earth be removed from beneath the stable floor, and the stable be cemented and so graded and drained as to discharge all liquid matter into cesspool thereat; that the cesspool be disinfected, emptied and cleaned; that the milk be cooled to 50 degrees Fahrenheit within two hours after milking; that all manure be removed weekly; that a proper milk house be provided with cement floor and placed entirely separate from stable; that the cows be exercised daily; that the ceiling of stable be made dust tight.

Whereas, The premises Trotting Course lane, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the manure bins be provided with air-tight covers and the manure be removed at least twice a week; that the cesspool in the rear of the stable be emptied, cleaned and disinfected; that the defective wooden flooring of the milk house be removed and replaced by a cement floor so graded and drained as to discharge all liquid matter into an earthenware drain, said drain to discharge all liquid matter into the cesspool thereat; that the door from said milk room opening into stable be sealed air-tight and its use discontinued; that all offensive earth be removed from beneath the stable floor, its site cleaned, disinfected and filled with fresh earth, and the defective wooden flooring of the stable be replaced by a cement floor, provided with properly constructed valley drains so graded as to discharge all liquid matter into earthenware drains protected by strainers, said drains to be extended and made to discharge into the cesspool thereat; that the udders of the cows and the hands of the milkmen be thoroughly cleaned before each milking.

Whereas, The premises Cedar lane, South Woodhaven, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the number of cows be reduced to eighteen, or the stable enlarged so that each cow has at least 600 cubic feet of air space; that at least four more two-foot square windows be put into each side of the stable and at least two more be placed in the end of the stable; that the cows be thoroughly cleaned and with more regularity; that the stable be cleaned and whitewashed; that a milk house, entirely separate from stable, be built and the same whitewashed and the floor cemented; that the manure boxes be made water-tight and properly covered; that a cesspool with bottom and sides cemented be constructed, and the stable connected with the same by a four-inch earthen drain; that the milk be cooled to 50 degrees Fahrenheit before selling; that the keeping of cows and sale of milk without a permit from this Department be discontinued.

Whereas, The premises Clinton avenue, near Maiden lane, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that all offensive earth be removed from beneath the wooden floors of the larger and small stables, its site cleaned, disinfected and filled with fresh earth; that the defective wooden flooring be replaced by cement floors provided with valley drains, which shall be graded so as to discharge all liquid matter into earthenware drains, properly protected by strainers, said earthenware drains to discharge into the cesspool thereat; that the ceiling of the stable be made dust-proof; that the cesspool in the yard be emptied and thoroughly cleaned and disinfected; that an inclosed runway be provided and each cow exercised at least once in each day; that the udders of the cows and the hands of the milkmen be thoroughly cleaned before milking; that at least 600 cubic feet of air space be provided in the stable for each cow.

Whereas, The premises Fresh Pond road, near Metropolitan avenue, northeast of railroad, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that all offensive earth be removed from beneath the stable floor and said stable cemented and so graded and drained as to discharge all liquid matter into a properly constructed cesspool through a tight earthen or iron drain; that a proper water-tight manure box, with a tight-fitting cover, be provided; that the walls and ceiling of stable be cleaned and whitewashed and ceiling made dust tight; that all openings between milk room and living apartments be permanently sealed; that the udders of the cows be cleaned before milking and the cows exercised daily; that all milk utensils be cleaned in hot soda solution before re-using; that the stable be properly lighted and ventilated.

Whereas, The premises Old South road, Aqueduct, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and re-

placed with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the stable and premises be cleaned and manure removed at once; the stable whitewashed, the manure boxes repaired and properly covered; that a cesspool with bottom and sides cemented be constructed and the same connected with the gutters of the stable by a four-inch earthen drain, and the number of cows be reduced to 20 or the stable enlarged so as to permit each cow to have at least 600 cubic feet of air space; that a milk house, with proper facilities for cooling the milk to 50 degrees Fahrenheit, be built, with no connection with the stable, and the floor of the milk house be cemented; that the keeping of cows on premises without a permit from this Department be discontinued.

9th. Reports on Applications for Permits.

On motion, it was

Resolved, That permits be and are hereby granted as follows:

#### MISCELLANEOUS REPORTS, COMMUNICATIONS, ETC.

The weekly statement of the Comptroller was received and ordered on file.

The following communications were received from the Sanitary Superintendent:

A communication from the Assistant Sanitary Superintendent of the Borough of Manhattan recommending that certain articles at the Willard Parker Hospital that are worn out and unfit for use be condemned and ordered destroyed, which recommendation was approved.

A communication from the Assistant Sanitary Superintendent of the Borough of Manhattan recommending that a fireman with a third-class engineer's license be appointed, and the Secretary was directed to procure such fireman for the service specified.

A report from the Chief Inspector of the Division of Contagious Diseases in the Borough of Manhattan in respect to cases of measles at the Randall's Island Infant Asylum, with the recommendation that no cases of measles be removed from said Asylum to the Riverside Hospital of this Department unless requested by the Medical Board of the Randall's Island Institution; and, on motion, it was

Resolved, That, upon the recommendation of the Chief Inspector of the Division of Contagious Diseases of this Department, Borough of Manhattan, it be and is hereby directed that no cases of measles be removed from the Randall's Island Infant Asylum to the Riverside Hospital of this Department unless requested by the Medical Board of the Randall's Island Institution.

A report from the Resident Physician at the Riverside Hospital in the Borough of The Bronx in respect to the escape of two scarlet fever patients from said Hospital, which was

Ordered on file.

A communication from the Commissioner of Street Cleaning requesting the approval of the Board of Health of the erection of an incinerator for the destruction of garbage and refuse in the Borough of The Bronx, on Whitlock avenue, between St. Joseph and Bungay streets, with the recommendation of the Sanitary Superintendent that said location be approved, and, on motion, it was

Resolved, That the Board of Health hereby approves of the location selected by the Department of Street Cleaning for the erection of a crematory for the destruction of garbage and refuse in the Borough of The Bronx, on Whitlock avenue, between St. Joseph and Bungay streets, in said borough.

A communication from the Assistant Sanitary Superintendent of the Borough of Brooklyn, recommending the appointment of Alfred Potter, M. D., and G. O. Pobe, M. D., for appointment as Ambulance Surgeons, to serve without compensation, and, on motion, it was

Resolved, That the following named persons be and are hereby appointed Ambulance Surgeons in this Department, Borough of Brooklyn, to serve without compensation:

Alfred Potter, M. D., and G. O. Pobe, M. D.

A report from the Chief Inspector of the Division of Contagious Diseases in respect to the continued illness of Medical Inspector Susan R. Pray, Borough of Brooklyn, which was ordered on file.

An application from Messrs. S. & H. Plaut for approval of plans and specifications for building an abattoir at No. 358 Johnson avenue, Borough of Brooklyn, with the recommendation of the Sanitary Superintendent that the same be denied, which was laid on the table.

A request from the President of the Board of Directors of the Bushwick Central Hospital, Borough of Brooklyn, that the appropriation now allowed the Williamsburg Hospital for the maintenance of an Ambulance Service be transferred to the said Bushwick Central Hospital, for the reason that the Williamsburg Hospital is to be closed from January 15, 1903, and, on motion, it was

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the appropriation now allowed the Williamsburg Hospital, Borough of Brooklyn, for the maintenance of an Ambulance Service to the Bushwick Central Hospital, in said Borough, for the reason that the Williamsburg Hospital is to be closed after January 15, 1903.

A request from Henry Mertling to be heard in relation to his application for a permit to establish and maintain a slaughter-house at No. 63 Sanford street, Long Island City, and the Secretary was directed to notify him that an opportunity would be given him to be heard on Wednesday, January 21, at eleven o'clock a. m., at the regular meeting of the Board.

A request for an additional Disinfector in the Borough of Richmond, and the Secretary was directed to make requisition upon the Municipal Civil Service Commission for an eligible list from which to appoint a Disinfector.

A list of vital statistics received from the County Clerk of the Borough of Richmond, which was ordered on file.

A report from the Resident Physician of the Riverside Hospital in respect to articles worn out and unfit for use, which was ordered on file.

A report from Dr. W. H. Park, Assistant Director of the Hospital Bacteriological Laboratory, that J. L. Kane, of Kane, Pa., began the Pasteur treatment on December 8, 1902; also, that Miss A. C. Laut completed said treatment January 10, 1903.

A report was received from the Registrar of Records in respect to the failure of certain physicians and midwives to report to this Department births occurring in their practice during the year 1902, with the recommendation that each delinquent physician or midwife be summoned to appear before the Assistant Registrar of the Borough in which the birth took place, in order that an opportunity may be given for an explanation of such failure to comply with the law, which was approved, and the Registrar was directed to prepare notices to that effect.

An application was received from E. J. Lorenze, M. D., Sanitary Inspector, Borough of Queens, requesting transfer to the Borough of Manhattan, which was ordered on file.

A copy was received of a resolution adopted by the Board of Aldermen December 23, 1902, in respect to leave of absence of per diem employees in City Departments on December 25, 1902, and January 1, 1903, Christmas Day and New Year's Day respectively, which was ordered on file.

A copy was received of a resolution adopted by the Board of Estimate and Apportionment January 9, 1903, approving the audit of claim of George Knapp for ten dollars (\$10), arising out of the destruction of cattle affected with tuberculosis or other diseases in The City of New York, which was ordered on file.

A communication was received from the Municipal Civil Service Commission authorizing the employment of two physicians for emergency duty requiring special scientific ability and training in connection with the work of the new trachoma hospital recently established by the Department of Health, with the understanding that the compensation shall not exceed two hundred and fifty dollars (\$250) in each case, which was ordered on file.

A report was received of the death of Susan R. Pray, Medical Inspector, Borough of Brooklyn, on January 14, 1903, which was ordered on file.

The bid of the Troy Laundry Manufacturing Company for building a new laundry equipment at the Willard Parker Hospital, Borough of Manhattan, opened December 26, 1901, was taken from the table, and, on motion, it was

Resolved, That the bid of the Troy Laundry Manufacturing Company for building a new laundry equipment at the Willard Parker Hospital, Borough of Manhattan, City of New York, be and is hereby rejected, for the reason that the bid exceeds in amount the appropriation made for said laundry.

Charges were preferred against the following-named Medical Inspectors in this Department, Borough of Brooklyn, for making false reports, and said Medical Inspectors were directed to appear before the Board at its meeting on Wednesday, January 21, 1903, at eleven o'clock a. m., to answer said charges:

Peter Schaeffer, M. D.; Edward J. Morris, M. D.; John A. Shields, M. D.; William K. Jacobs, M. D.; Royall H. Willis, M. D.

Charges were preferred against Louis Rosenwasser, M. D., a Medical Inspector in this Department, Borough of Manhattan, for violation of the rules and regulations of the Department of Health and for conduct prejudicial to the discipline of said Department, and said Medical Inspector was directed to appear before the Board at its meeting on Wednesday, January 21, 1903, at eleven o'clock a. m., to answer said charges.

A report was received from the Hospital Superintendent in respect to the injury received by Robert Hixon, a Fireman in the Riverside Hospital of this Department; and, on motion, it was

Resolved, That Hermann M. Biggs, M. D.; Alonzo Blauvelt, M. D., and Charles S. Benedict, M. D., be and are hereby appointed, pursuant to the provisions of section 1323 of chapter 466 of the Laws of 1901, a Board of Physicians to examine Robert Hixon, a Fireman at the Riverside Hospital of this Department, who was injured while in the performance of his duty, and report as to the conditions found.

On motion, the following preamble and resolution were adopted:

Whereas, Anna H. Garnier, M. D., was appointed a Medical Inspector of Schools in the Department of Health in March, 1897, and reappointed in September of each year upon her application until September, 1901, when said Anna M. Garnier, M. D., did not apply for reappointment, for the reason that she intended spending one year in Europe in study; and

Whereas, During such absence in Europe, charges were preferred against said Anna M. Garnier, M. D., for being absent from duty without previously having obtained leave of absence, and a copy of said charges left at the home of said Anna M. Garnier, M. D., who by reason of such absence was unable to make answer to said charges, as a result of which said Anna M. Garnier, M. D., was dismissed from the employ of the Department of Health as a Medical Inspector of Schools on November 27, 1901, thereby subjecting her to an injustice which the Board of Health desires to remove; therefore be it

Resolved, That the resolution adopted by the Board of Health at its meeting held November 27, 1901, dismissing Anna M. Garnier, M. D., from the service of the Department of Health, be and is hereby rescinded, and the resignation of said Anna M. Garnier, M. D., as a Medical Inspector of Schools accepted, to date from September 1, 1901.

On motion, it was

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the following sums of money from appropriations made to this Department for the year 1902 that are in excess of the amounts required therefor, to appropriations made to this Department for the year 1902 that are insufficient for the purposes thereof:

From Fund Entitled.	To Fund Entitled.	Amount.
"Salaries, Borough of Richmond, 1902".	"Supplies and Contingencies, Borough of Manhattan, 1902"	\$4,500 00
"Salaries, Borough of Queens, 1902"...	"Disinfection, Borough of Manhattan, 1902".....	1,400 00
"Salaries, Borough of The Bronx, 1902".	"Hospital Fund, Borough of The Bronx, 1902".....	2,060 00

"Support of Ambulance Service, Borough of Brooklyn, 1902".....	"Disinfection, Borough of Brooklyn, 1902".....	2,350 00
"Hospital Fund, Borough of Richmond, 1902".....	"Supplies and Contingencies, Borough of Richmond, 1902".	125 00

On motion, it was

Resolved, That William Merle Carhart, M. D., be and is hereby appointed a Medical Inspector in this Department, Borough of Manhattan, for emergency duty requiring special scientific ability and training, in connection with the work of the new trachoma hospital recently established by the Department of Health, under the provisions of Rule 7, Paragraph 4, of the Municipal Civil Service Commission, with salary at the rate of \$100 per month.

On motion, it was

Resolved, That the following named persons be and are hereby appointed in this Department, pursuant to the rules and regulations of the Municipal Civil Service Commission, with designation and salary as follows:

Borough of Manhattan—William Merle Carhart, M. D., No. 252 Madison avenue, Medical Inspector (temporary), at \$100 per month, from January 13, 1903; George T. Stewart, M. D., No. 28 West Fifty-ninth street, Hospital Superintendent, at \$2,550 per annum, from January 14, 1903.

Resolved, That the following named change in the service of this Department be and is hereby approved, as hereinafter designated:

Borough of Manhattan—Walter B. Brouner, M. D., No. 256 West Twelfth street, Sanitary Inspector, at \$1,200 per annum; resigned January 9, 1903.

On motion the Board adjourned.

EUGENE W. SCHEFFER, Secretary pro tem.

For sewer connections.....	600 00
For repairs to sewer connections.....	402 00
Total .....	\$1,465 20

## Requisitions Drawn on the Comptroller.

Bureau of Highways.....	\$216,612 39
Bureau of Sewers.....	168,412 41
Bureau of Street Cleaning.....	30,680 85
Bureau of Public Buildings and Offices.....	11,924 94
Bureau of Topographical Surveys.....	15,359 39
Total .....	\$442,989 98

## BUREAU OF SEWERS.

40 linear feet of 11 feet by 7 feet 7 inches brick sewer.
107 linear feet of 11 feet by 7 feet 5 inches brick sewer.
785 linear feet of 12 feet by 7 feet 11 inches brick sewer.
10 linear feet of 11 feet by 8 feet 11 inches brick sewer.
18 linear feet of 7 feet by 4 feet 6 inches brick sewer.
214 linear feet of 6 feet by 4 feet 2 inches brick sewer.
423 linear feet of 5 feet by 3 feet 4 inches brick sewer.
487 linear feet of 7-foot circular brick sewer.
946 linear feet of 3-foot circular brick sewer.
2,969 linear feet of 24-inch pipe sewer.
3,280 linear feet of 18-inch pipe sewer.
325 linear feet of 15-inch pipe sewer.
2,886 linear feet of 12-inch pipe sewer.
630 linear feet of 10-inch pipe sewer.
1,538 linear feet of 8-inch pipe sewer.
450 linear feet of 10-inch cast-iron pipe sewer.
56,927 feet B. M. foundation timber.
168,759 feet B. M. bracing and sheet piling.
91 manholes.

The Sewerage Disposal Plant at Jamaica has been completed. The following sewers have been completed: Hammels avenue, Rockaway Beach; Crescent street, Long Island City; Ninth avenue, from Woolsey to Potter avenue, Long Island City; Ninth avenue, from Broadway to Graham avenue, Long Island City; Third street, Elmhurst; Fifth street, Elmhurst. Sewer in Lincoln avenue, Jamaica, completed, completing the Jamaica Sewer System.

## Work Done During the Quarter.

Number of basins built .....	1
Number of manholes built .....	1
Linear feet of sewer cleaned.....	24,680
Number of basins cleaned.....	1,318
Linear feet of sewer examined.....	101,766
Linear feet of sewer flushed.....	67,121
Number of basins examined.....	1,183
Number of basins repaired .....	34
Number of basins relieved .....	544
Linear feet of sewer repaired.....	433
Linear feet of sewer relieved.....	650
Number of basin heads set.....	3
Number of basin heads and covers reset.....	3
Number of basin grates put on.....	1
Number of manhole heads and covers set.....	2
Number of manholes repaired .....	13
Number of manhole heads and covers reset.....	6
Number of manholes cleaned .....	665
Square yards of pavement relaid.....	8
Open drains cleaned, feet.....	4,594
Culverts and stone drains cleaned and repaired, feet.....	4,131
Pipe and box drains cleaned and repaired, feet.....	3,397
Basin pans cleaned.....	29
Loads removed from sewer, basins and drains.....	2,855
Loads of stones used.....	60
Number of loads of earth used.....	98
Loads of sand used.....	23
Basins flushed.....	35
Basin covers put on.....	1
Manhole covers put on.....	8

## BUREAU OF HIGHWAYS—BOROUGH OF QUEENS.

Statement of work done for quarter ending December 31, 1903:

## Paved Streets.

Square yards of brick repaired .....	1,180
Square yards of granite repaired .....	4,746
Square yards of trap rock repaired.....	5,623
Square yards of cobble repaired .....	2,983
Loads of sand used .....	4,596
Loads of stone hauled .....	2,653

## Macadamized Streets.

Square yards of pavement repaired .....	97,846
Square yards of pavement cleaned .....	528,024
Square yards of dirt wings honed.....	327,493

Loads of screenings used .....	2,307
Loads of broken stone used.....	1,826
Loads of broken stone and screenings hauled.....	6,922
Loads of worn-out material hauled away.....	15,837
Square yards of pavement re-sanded.....	251,291
Loads of sand used.....	4,469

## Unpaved Streets.

Square yards graded, crowned and repaired.....	147,600
Loads of dirt hauled away .....	10,959
Loads of dirt put on.....	32,169

## Gutters.

Linear feet formed and cleaned.....	566,606
-------------------------------------	---------

## Viaducts and Bridges.

Linear feet of guard rail repaired.....	795
Square feet of flooring repaired.....	3,519
Linear feet of rail fence repaired.....	6,605
Posts reset .....	87

## Miscellaneous.

Linear feet of curb reset.....	3,308
Linear feet of curb repaired.....	464
Square feet of flagstones relaid.....	7,032
Linear feet of crosswalks relaid.....	2,042
Linear feet of ground staked off for curbing.....	14,185
Lamp-posts removed to Corporation yard.....	58
Square feet of roadway (crosswalks, fire-hydrants, etc.) cleared of snow.....	105,246
Catch basins cleared of snow.....	55
Catch basins repaired.....	2
Catch basins constructed.....	2
Cubic yards of retaining wall built.....	24
Linear feet of wooden culvert constructed and reconstructed.....	915
Linear feet of wooden culvert cleaned.....	80
Linear feet of wooden culvert repaired.....	286
Linear feet of stone culvert repaired and rebuilt.....	126
Square feet of bridge culvert constructed.....	254
Square feet of bridge culvert repaired.....	400
Linear feet of pipe culvert laid.....	672
Trees and stumps cut down and removed.....	132
Trees trimmed and pruned.....	632
Square yards of weeds cut down.....	8,798
Loads of limbs and weeds removed.....	965

## BUREAU OF HIGHWAYS.

## Permits issued during the quarter:

To open streets to tap water pipes.....	174
To open streets to repair water connections.....	72
To open streets to make sewer connections.....	69
To open streets to repair sewer connections.....	22
To place building material on streets.....	25
To construct vaults.....	1
Special permits.....	245
To erect awnings.....	1
To cross sidewalks.....	22
For subways, steam mains and various connections.....	61
For railway construction and repairs.....	35
To repair sidewalks.....	47
For sewer connections.....	60
Total .....	834

## BUREAU OF STREET CLEANING.

Loads of material collected and disposed of—Ashes, loads, 6,195; sweepings, loads, 1,943½; garbage, loads, 1,585¾; rubbish, loads, 819¾; miles of streets swept, 49.43.

## BUREAU OF PUBLIC BUILDINGS AND OFFICES.

For the quarter ending December 31, 1902—There were 14 orders issued, amounting to \$931.50. Work done—Plumbing, carpenter work, painting, masonry, steam fitting and fixing up offices in the various public buildings in the borough.

## BUREAU OF TOPOGRAPHICAL SURVEYS.

Work done by Field Force as follows: The measurement of 70,650 feet of traverse lines with incidental angles for the purpose of obtaining the necessary information for mapping various portions of the borough. By this means it was possible to verify a great deal of information obtained from the partially completed triangulation survey, work on which had been suspended January, 1902. These measurements were made on Atlantic avenue, Liberty avenue, Myrtle avenue and Manhattan Beach Railroad.

Work done by Office Force: For purpose of making topographical map of the Borough of Queens it was decided to divide the area to be mapped into a number of sheets parallel to the Tenth avenue system, each sheet being 10,000 feet in width, and extending from the northerly to the southerly boundary of the borough. Tracing cloths were used for these maps, and a scale of two hundred feet to one inch adopted. Up to the present time all sheets have co-ordinate lines in position. A map of streets and roads has been compiled from existing maps and surveys of field parties, embracing the territory covered by the drainage area survey in Flushing and vicinity. On this map have been plotted all the information, such as elevations and notes as to pavement of road, etc., obtained by the field parties, and also contour lines at ten-foot intervals. The profiles of all streets and roads within the limits of the surveys, as well as permanent grades, have been established and plotted, aggregating over sixty miles of streets and roads.

In street-opening work the following has been established: The calculations of draft damage maps of 51,000 linear feet of streets were made. A plotting was made for the same streets, showing encroachments and dimensions of the various areas to be condemned, besides all the buildings and fences adjacent to the work. Two tracings were made of each draft damage map. The following draft damage maps were sent to the Bureau of Street Openings, Law Department: Paynter avenue, from Jackson avenue to Van Alst avenue, Long Island City; Ditmars avenue, from Steinway avenue to East River, Long Island City; Ditmars avenue, from Steinway avenue to Old Bowery Bay road, Long Island City; a new street between Bayview and Eldert avenue, from the Boulevard to New York and Rockaway Beach Railroad, Fifth Ward; Vernon Avenue Bridge approach, from Third street to Newtown Creek, Long Island City; Clark street, from Main street to Van Alst avenue, Long Island City.

Of the draft damage maps which have been called for, nine proceedings, aggregating about seven miles, are under way and in various stages of completion.

## BOARD OF EXAMINERS.

February 17, 1903.

Meeting called to order at 3 p. m.

Present—Messrs. William J. Fryer, Warren A. Conover, William C. Smith, Cornelius O'Reilly, Charles D. Purroy and Walter Cook, Chairman.

Minutes of meeting of the 10th instant read and on motion approved.

Appeal No. 26 of 1903, New Building No. 27 of 1903, northwest corner of Fifth avenue and Twenty-first street, Manhattan, Buchman & Fox, architects and appellants.

We respectfully request that the provisions of the Building Code be so modified as to permit of the erection of the building in question with the lines of stairs shown on the plans submitted on the following grounds:

There are two lines of stairs shown on the plans, and such are ample for a building of this character, and are equal in number, as we have observed, to those customarily installed in similar corner buildings. In this particular case the stairs have been made quite wide, and they will be absolutely surrounded by fireproof walls, cut off from the lofts throughout by fireproof doors. No stairs running directly into a loft, and each line of stairs leads direct to the exterior.

Considerable additional means of entrance and exit will be provided by the installation of six (6) elevators, so placed as to in no way connect with the staircases, the installation being divided into two batteries of three elevators each, and all are absolutely enclosed from top to bottom with fireproof material, no open grill work being used on any story.

Furthermore, the building will be particularly well equipped against the spread of fire, all the doors leading to the staircases and to the elevator shafts, together with their trims, being of fireproof material on every story; the windows at sides and rears, including those in the ventilating shafts, will be equipped with fireproof shutters, and all the openings in the basement which in any way communicate with the upper story will be shut off by fireproof doors, and all communication with the elevator shafts in the basement will be shut off by fireproof enclosures.

The building will also have two stand-pipes at either end, with hose on every floor, and an automatic sprinkler system will be installed with an ample number of outlets on every story.

Mr. J. M. Montfort appeared before the Board.

On motion, approved.

Appeal No. 27 of 1903, New Building No. 346 of 1902, Nos. 57 and 59 East Eleventh street, Manhattan, Buchman & Fox, architects and appellants.

The omission of the tierods in the front section of each floor and in the roof tier of beams.

In the parts of the building above described, the tierods are below the arches.

The system of arches installed is the Guy B. Waite System, a sketch of which is herewith attached.

In this system ridged channels extend crosswise in the arches spaced 12 inches on centres and form both carrying and tension members.

These arches have been completed for some time and are now thoroughly hard.

The front sections of each floor are about 12 feet wide and 5 feet spans.

The roof is finished completely and arches are in good condition.

Mr. Guy B. Waite appeared before the Board.

On motion, approved.

Appeal No. 28 of 1903, New Building No. 416 of 1903, southwest corner Prospect Park West and Eighth street, Brooklyn, Sass & Smallheiser, architects and appellants.

1st. That the brick partition walls may be 8 inches thick above the second floor, 12 inches thick on the first and second stories, and 16 inches thick in the cellar; the said 8-inch walls will not exceed a height of fifty (50) feet, and the distance between the outside walls is not over 33 feet.

2d. That the fireplace flues, which are to be used for gas grates only, shall be permitted without flue lining.

Mr. Samuel Sass appeared before the Board.

On motion, laid over.

Appeal No. 29 of 1903, Alteration No. 172 of 1903, No. 425 West Twenty-fifth street, Manhattan, William B. Tubby & Bro., appellants.

Appeal withdrawn.

Appeal No. 30 of 1903, Alteration No. 110 of 1903, Nos. 274 and 276 Church street, Manhattan, E. D. Lindsay, architect; Alfred Wagstaff, appellant.

It is proposed to erect an elevator shaft from the bottom of the basement to the under side of third tier of beams, elevator to be of the sidewalk hoist description (to take the place, for freight only, of an elevator now going from basement to first floor) in accordance with Plans and Specification No. 110 of 1903, alterations.

The same having been disapproved by the Superintendent, the appellant desires permission to carry out the work as planned or with such modifications as are possible.

Mr. E. D. Lindsay appeared before the Board.

On motion, laid over.

The Chairman presented and read a letter from the Dock Department, in re Appeal No. 11 of 1903.

On motion, the Chairman was authorized to forward copy of the correspondence in this case to the Corporation Counsel, with a request for an opinion thereon.

The Chairman presented a letter from Mr. Axel Hedman, in re Appeal No. 18 of 1903; reply to which was dictated.

Adjourned.

JAMES GAFFNEY, Clerk.

## DEPARTMENT OF PUBLIC CHARITIES.

### REPORT FOR WEEK ENDING JANUARY 17, 1903.

The New York City Home for the Aged and Infirm—Manhattan Division.

Appointments—January 12, Nicholson, Annie, Hospital Helper, \$144 (certified by Departmental Board January 12); January 12, Clark, Mary, Hospital Helper, \$144 (certified by Departmental Board January 12); January 12, O'Brien, Morgan J., Hospital Helper, \$120 (certified by Departmental Board January 12); January 16, Phelan, George, Clerk's Assistant, \$240 (certified by Departmental Board January 15); January 16, McMahon, Katie V., Clerical Assistant, \$300 (certified by Departmental Board January 15); January 13, Dittman, Nellie, Hospital Helper, \$150 (certified by Departmental Board January 13).

Dismissals—January 9, Egan, Mary, Hospital Helper, \$144 (incompetency); January 10, Bean, Annie, Hospital Helper, \$144 (incompetency); January 9, Sullivan, Timothy K., Hospital Helper, \$120 (intoxication).

Transferred—February 1, Burke, Edward M., Apothecary, \$900, to City Hospital. Reported to Civil Service week ending January 10, 1903, as transferred to Randall's Island Asylum and Schools and order rescinded.

Resignations—January 15, Phelan, George, Hospital Helper, \$240; January 15, McMahon, Katie V., Hospital Helper, \$300; January 15, Noble, Bessie, Hospital Helper, \$144.

New York City Home for Aged and Infirm—Brooklyn Division.

Appointments—January 5, Meehan, Mary F., Hospital Helper, \$240 (certified by Departmental Board January 17); January 9, Brady, Harry M., Clerical Assistant, \$192 (certified by Departmental Board January 12).

Transferred—January 15, Sullivan, Robert, Junior Clerk, \$600, from Cumberland.

Resignation—January 8, Brady, Harry M., Hospital Helper, \$192.

#### City Hospital.

Appointments—January 12, Cameron, William A., Hospital Helper, \$120 (certified by Departmental Board January 16); January 1, Dempsey, Gerald, Hospital Helper, \$150 (certified by Departmental Board January 16); January 1, Gilligan, Annie, Hospital Helper, \$120 (certified by Departmental Board January 16); January 1, Mulvaney, Joseph, Hospital Helper, \$150 (certified by Departmental Board January 16); January 1, Powell, Mary, Hospital Helper, \$144 (certified by Departmental Board January 16); January 1, McDermott, Mary, Hospital Helper, \$144 (certified by Departmental Board January 16); January 1, Reynolds, Lizzie, Hospital Helper, \$144 (certified by Departmental Board January 16); January 6, Healey, Mary, Hospital Helper, \$144 (certified by Departmental Board January 16); January 13, Smith, Adam, Hospital Helper, \$120 (certified by Departmental Board January 16).

Promotion—January 16, McGuire, Patrick, Hospital Helper, \$120, to \$144 Grade.

Transferred—January 19, Seelig, William, Apothecary, \$900, to Kings County Hospital; February 1, Burke, Edward M., Apothecary, \$900, from Home for Aged and Infirm, Manhattan Division; February 1, Howard, R. C., Hospital Helper, \$240, from New York City Children's Hospital and School.

Resignations—January 15, McLaughlin, Henry, Hospital Helper, \$144; January 10, Reynolds, Annie, Hospital Helper, \$144.

Dismissals—January 12, Brady, John, Hospital Helper, \$120 (overstaying pass); January 10, Connors, John, Hospital Helper, \$120 (overstaying pass); January 10, Madigan, John, Hospital Helper, \$120 (unsatisfactory); December 31, Powers, John, Hospital Helper, \$150 (intoxication); January 10, Lee, Mary, Hospital Helper, \$144 (overstaying pass); January 11, Newman, Mary, Hospital Helper, \$144 (overstaying pass); January 15, Day, Julia, Hospital Helper, \$144 (insubordination).

#### Cumberland Street Hospital.

Appointment—January 9, Keenan, Anna A., Hospital Helper, \$192 (certified by Departmental Board January 14).

Transferred—January 15, Sullivan, Robert, Junior Clerk, \$600, to New York City Home for Aged and Infirm, Brooklyn Division.

Resignation—January 16, Crossman, Leone, Pupil Nurse, \$120.

Dismissal—January 14, Halloran, Thomas, Hospital Helper, \$144 (absent without leave).

#### General Drug Department.

Transferred—February 1, Seelig, George W., Apothecary, \$900, to New York Children's Hospital and Schools. Reported to Civil Service week ending January 10, 1903, as being transferred to New York City Home for Aged and Infirm, Manhattan Division, Blackwell's Island (same rescinded).

#### Kings County Hospital.

Appointment—January 8, Foster, Charles D., Clerical Assistant, \$240 (certified by Departmental Board January 15).

Resignation—January 7, Foster, Charles D., Orderly, \$240.

Dismissals—January 13, Fowler, Joseph, Orderly, \$144 (absence without leave); October 10, 1902, Roach, Catherine, Orderly, \$144 (absence without leave).

#### Metropolitan Hospital.

Appointments—January 9, Carr, Annie, Clerical Assistant, \$360; January 9, Elmer, Rose, Hospital Helper, \$150 (certified by Departmental Board January 10); January 10, Coliari, Mary, Hospital Helper, \$150 (certified by Departmental Board January 10); January 10, Harrigan, Eliza, Hospital Helper, \$150 (certified by Departmental Board January 10); January 1, Link, Frank, Hospital Helper, \$150 (certified by Departmental Board December 2, 1902); January 12, O'Neill, Thomas, Hospital Helper, \$60 (certified by Departmental Board December 11, 1902); January 12, O'Brien, Morgan, Hospital Helper, \$150 (certified by Departmental Board January 13, 1903); January 13, Daly, Mary, Hospital Helper, \$150 (certified by Departmental Board January 13, 1903); January 12, Payton, John T., Hospital Helper, \$150 (certified by Departmental Board January 1, 1903); January 13, O'Brien, John, Hospital Helper, \$150 (certified by Departmental Board January 13, 1903); January 12, Lynch, Hester, Hospital Helper, \$150 (certified by Departmental Board January 13, 1903); January 13, Connors, John, Hospital Helper, \$60 (certified by Departmental Board January 14, 1903); January 14, Wilson, Mary, Hospital Helper, \$60 (certified by Departmental Board January 14, 1903); January 10, McArthur, William, Hospital Helper, \$150 (certified by Departmental Board January 14, 1903); January 15, Lambers, Bernard, Hospital Helper, \$150 (certified by Departmental Board January 15, 1903); January 15, Keyes, Patrick, Hospital Helper, \$150 (certified by Departmental Board January 15, 1903); January 15, Doyle, John, Hospital Helper, \$120 (certified by Departmental Board January 15, 1903); January 15, Madden, Jeremiah, Hospital Helper, \$150 (certified by Departmental Board January 15, 1903); January 15, Reynolds, George, Hospital Helper, \$150 (certified by Departmental Board January 15, 1903); January 15, Williams, Fred, Hospital Helper, \$150 (certified by Departmental Board January 15, 1903).

Reappointments—January 6, Martin, Nellie E., Pupil Nurse, \$120.

Dropped from Roll—January 1, Earl, Reba M., Pupil Nurse, \$180, graduated; January 14, Woods, Robert, Hospital Helper, \$120, ill; January 13, Dietrich, Mary, Hospital Helper, \$60, ill.

Resignations—January 8, Carr, Annie, Hospital Helper, \$360; January 10, Ryan, Thos., Hospital Helper, \$90; January 15, Carson, Sarah A., Laundress, \$300; January 10, Howard, George W., Hospital Helper, \$150; January 12, Long, John, Hospital Helper, \$60; January 11, McGrann, John, Hospital Helper, \$150; January 15, O'Brien, John, Hospital Helper, \$150; January 15, Sullivan, Mary, Hospital Helper, \$150.

Dismissals—January 10, McDonald, James, Hospital Helper, \$150 (overstaying pass); January 11, Frank, Mamie, Hospital Helper, \$150 (absence without leave); January 11, Murphy, Frank, Hospital Helper, \$60 (absence without leave); January 11, Mack, Nellie, Hospital Helper, \$60 (absence without leave); January 14, McLaughlin, James, Hospital Helper, \$150 (absence without leave); January 14, McGonigle, James, Hospital Helper, \$150 (neglect of duty); January 14, Seidell, Charles, Hospital Helper, \$150 (neglect of duty); January 14, Sharit, Joseph, Hospital Helper, \$150 (absence without leave); January 14, Wilson, Edward, Hospital Helper, \$150 (neglect of duty); January 11, Davis, William, Hospital Helper, \$150 (absence without leave); January 13, Murphy, Robert, Hospital Helper, \$150 (absence without leave); January 13, Henry, William, Hospital Helper, \$60 (absence without leave).

Promotion—January 12, Campbell, Joseph, Hospital Helper, from \$120 to \$150 grade.

#### Bureau of Dependent Adults.

Appointments—January 1, Page, Edward, Hospital Helper, \$240 (certified by Departmental Board January 12); January 1, Goldstein, Samuel, Clerical Assistant, \$420 (certified by Departmental Board January 13); January 1, Bodine, Caroline C., Clerical Assistant, \$420 (certified by Departmental Board January 13); January 1, Hauser, Louis, Hospital Helper, \$150 (certified by Departmental Board January 10); January 1, Merwin, Gertrude E., Clerical Assistant, \$360 (certified by Departmental Board January 16).

Promotion—January 1, Walker, John, Hospital Helper, from \$240 to \$360 grade; January 15, Trehan, Charles, Hospital Helper, from \$150 to \$240 grade.

Dismissal—December 31, Walsh, Joseph, Hospital Helper, \$150 (intoxication).

Dropped from Roll—January 31, Mandl, Michael, Examiner Charitable Institutions, \$1,000. Services unnecessary.

Rescinded—December 10, Houlihan, James, Stoker, \$400. December 1, dismissed for absence without leave. Reported to Civil Service week ending December 6 as dismissed for absence without leave, to be dropped from December 10 for illness.

#### New York City Children's Hospitals and Schools.

Appointments—January 13, Brown, Marcus, Hospital Helper, \$300 (certified by Departmental Board January 12); January 15, Howard, R. C., Hospital Helper, \$240 (certified by Departmental Board January 12); January 3, Anderson, Alex., Hospital Helper, \$120 (certified by Departmental Board January 13); January 10, Flynn, Peter J., Hospital Helper, \$120 (certified by Departmental Board January 13); January 10, Kipper, Fannie, Hospital Helper, \$120 (certified by Departmental Board January 13); January 6, Reicks, Henry, Hospital Helper, \$120 (certified by Departmental Board January 16); January 10, Grady, Thomas, Hospital Helper, \$120 (certified by Departmental Board January 16); January 3, Walsh, Joseph, Hospital Helper, \$120 (certified by Departmental Board January 16); January 4, Disteller, John, Hospital Helper, \$120 (certified by Departmental Board January 16); January 10, Molter, Jennie, Hospital Helper, \$120 (certified by Departmental Board January 16); January 3, Schaefer, August, Hospital Helper, \$120 (certified by Departmental Board January 16); January 3, Hogan, Michael, Hospital Helper, \$120 (certified by Departmental Board January 16).

Resignations—January 5, Palmer, Eileen, Hospital Helper, \$144; January 9, Farrell, Bridget, Hospital Helper, \$120; January 9, Hynes, Annie, Hospital Helper, \$120; January 10, Marchand, Adeline, Hospital Helper, \$150; January 9, Shaughnessy, Mamie, Wet Nurse, \$120.

Dismissals—January 2, Crowley, Patrick, Hospital Helper, \$120 (absent without leave); January 5, Murphy, John, Hospital Helper, \$120 (absent without leave); January 8, Anderson, Alex., Hospital Helper, \$120 (absent without leave); January 9, Pfeifer, Frederick, Hospital Helper, \$120 (absent without leave); January 10, Healy, John, Hospital Helper, \$120 (absent without leave); January 11, King, William, Hospital Helper, \$120 (absent without leave).

Transferred—February 1, Howard, H. C., Hospital Helper, \$240 (to City Hospital); February 1, Seelig, George W., Apothecary, \$900 (from General Drug Department).

Reduced—January 10, Farrelly, James, Orderly, from \$300 to \$240 grade.

Rescinded—February 1, Burke, Edw. M., Apothecary, \$900 (from New York City Home for Aged and Infirm, Manhattan Division); week ending January 10, reported to Civil Service (void).

#### Steamboats.

Appointments—January 17, 1903, McHenry, Daniel J., Pilot, \$900 (certified by Civil Service January 15).

Transferred—January 7, Van Den Burgh, Peter, Engineman, \$900 (from Department of Correction); January 15, Cunningham, Daniel, Deckhand, \$360 (to Department of Correction).

Promotion—January 2, Berry, Thomas, Pilot, from \$900 to \$1,050 grade (certified by Civil Service January 2).

Resignation—January 13, Meers, Charles J., Deckhand, \$360.

Storehouse, Blackwell's Island.

Appointment—January 1, Duffy, P. J., Clerical Assistant, \$150 (certified by Departmental Board January 12); January 1, Kelly, William, Clerical Assistant, \$150 (certified by Departmental Board January 12).

Promotion—January 15, Boyle, John, Hospital Helper, from \$120 to \$240 grade.

J. McKEE BORDEN, Secretary.

Department of Public Charities.

Secretary's Office, foot of East Twenty-sixth Street,

New York, January 19, 1903.

Messrs. W. N. THAYER COMPANY, No. 784 Sixth avenue, New York City:

Dear Sirs—I have to inform you that your proposition to instal two extra stations for watchman's clock in the Metropolitan Hospital, one in each of the dormitories of the south and west wings, and wire the same to stations 9 and 10 of watchman's clock now in office, for the sum of forty dollars (\$40) has been accepted.

You are hereby notified to proceed at once with this work. By direction of the Commissioner.

Yours truly,

J. McKEE BORDEN, Secretary.

P. S.—Price to include inspection for one (1) year.

Second District—Second, Fourth and Fifth Wards (Towns of Middletown, Southfield and Eastfield). Court-room, former Edgewater Village Hall, Stapleton.

GEORGE W. STAKE, Justice. PETER TIERNAN, Clerk.

Clerk's office open from 9 A. M. to 4 P. M.

Court held each day from 10 A. M., and continues until close of business.

#### BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to alter the map or plan of the City of New York, by changing the grades in Sixth avenue, from Seventy-second street to Bay Ridge avenue; Seventy-first street from Sixth avenue to Seventh avenue, and in Ovington avenue from Fifth avenue to Seventh avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, (Room 16), City Hall, Borough of Manhattan, City of New York, on the 6th day of March, 1903, at 10.30 o'clock a. m., at which such proposed change of grades will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on the 6th day of February, 1903, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of the City of New York, by changing the grades in Sixth avenue from Seventy-second street to Bay Ridge avenue; Seventy-first street from Sixth avenue to Seventh avenue, and in Ovington avenue from Fifth avenue to Seventh avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

##### 1.—SIXTH AVENUE.

Beginning at the intersection of Seventy-second street, the elevation to be 70.70 feet as heretofore.

1st. Thence northerly to the intersection of Seventy-first street, the elevation to be 69.6 feet.

2d. Thence northerly to the intersection of Ovington avenue, the elevation to be 68.7 feet.

3d. Thence northerly to the intersection of Bay Ridge avenue, the elevation to be 66.70 feet, as heretofore.

##### 2.—SEVENTY-FIRST STREET.

Beginning at the intersection of Sixth avenue, the elevation to be 69.6 feet.

1st. Thence easterly to the intersection of Seventh avenue, the elevation to be 74.44 feet, as heretofore.

##### 3.—OVINGTON AVENUE.

Beginning at the intersection of Fifth avenue, the elevation to be 69.7 feet.

1st. Thence easterly to a point distant 225.0 feet from the intersection of the eastern line of Fifth avenue, with the southern line of Ovington avenue, the elevation to be 71.0 feet.

2d. Thence easterly to the intersection of Sixth avenue, the elevation to be 68.7 feet.

3d. Thence easterly to the intersection of Seventh avenue, the elevation to be 76.56 feet, as heretofore.

Note.—All elevations refer to mean high-water datum as established by the Department of Highways, Borough of Brooklyn.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change of grades, and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change of grades at a meeting of this Board, to be held in the Old Council Chamber, (Room 16), City Hall, Borough of Manhattan, City of New York, on the 6th day of March, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change of grades will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 6th day of March, 1903.

J. W. STEVENSON, Secretary.

Attest: JOHN H. MOONEY, Assistant Secretary.

f18, m3

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to alter the map or plan of the City of New York, by changing the street grades in the territory bounded by Fulton street, Euclid avenue, Liberty avenue, Atkins avenue and Dresden street, in the Twenty-sixth Ward, Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, (Room 16), City Hall, Borough of Manhattan, City of New York, on the 6th day of March, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change of grades will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 6th day of March, 1903.

and Parkside avenue and Kenmore place, between Caton avenue and Woodruff avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

WOODRUFF AVENUE, between Parade place and Flatbush avenue.

Beginning at the intersection of Woodruff avenue and Parade place, the elevation to be 56.60 feet above mean high-water datum.

Thence easterly to a summit midway between Parade place and St. Paul's place, the elevation to be 57.31 feet above mean high-water datum.

Thence easterly to the intersection of Woodruff avenue and St. Paul's place, the elevation to be 56.60 feet above mean high-water datum.

Thence easterly to the intersection of Woodruff avenue and Ocean avenue, the elevation to be 57.60 feet above mean high-water datum as heretofore.

Thence easterly to the intersection of Woodruff avenue and Kenmore place, the elevation to be 56.78 feet above mean high-water datum.

Thence easterly to the intersection of Woodruff avenue and Flatbush avenue, the elevation to be 55.30 feet above mean high-water datum as heretofore.

ST. PAUL'S PLACE, between Crooke avenue and Parkside avenue.

Beginning at the intersection of St. Paul's place and Crooke avenue, the elevation to be 56.86 feet above mean high-water datum as heretofore.

Thence northerly to a summit distant 87 feet from the northern side line of Crooke avenue, the elevation to be 57.20 feet above mean high-water datum.

Thence northerly to the intersection of St. Paul's place and Woodruff avenue, the elevation to be 56.60 feet above mean high-water datum.

Thence northerly to a summit distant 123 feet from the northern side line of Woodruff avenue, the elevation to be 57.06 feet above mean high-water datum.

Thence northerly to the intersection of St. Paul's place, and Parkside avenue, the elevation to be 56.70 feet above mean high-water datum as heretofore.

PARADE PLACE, between Parkside avenue and Crooke avenue.

Beginning at the intersection of Parade place and Parkside avenue, the elevation to be 59.30 feet above mean high-water datum, as heretofore.

Thence southerly to the intersection of Parade place and Woodruff avenue, the elevation to be 56.60 feet above mean high-water datum.

Thence southerly to the intersection of Parade place and Crooke avenue, the elevation to be 54.90 feet above mean high-water datum, as heretofore.

KENMORE PLACE, between Woodruff and Caton avenue.

Beginning at the intersection of Kenmore place and Woodruff avenue, the elevation to be 56.78 feet above mean high-water datum.

Thence southerly to the intersection of Kenmore place and Caton avenue, the elevation to be 53.57 feet above mean high-water datum, as heretofore.

March, 1903, at 10.30 o'clock a. m., at which such proposed closing and discontinuing will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on the 6th day of February, 1903, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York, by closing and discontinuing Lott place, between Flatbush avenue and East Thirty-eighth street, excepting that portion which lies within the limits of Kings Highway, in the Thirty-second Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the eastern line of East Thirty-eighth street and the southern line of Lott place, as the same are laid down on the map of the City.

1st. Thence northerly 60 feet along the eastern line of East Thirty-eighth street to the northern line of Lott place.

2d. Thence easterly deflecting 90 degrees to the right for 244.20 feet along the northern line of Lott place to the northwestern line of King's Highway.

3d. Thence southwesterly deflecting 165 degrees, 00 minutes, 26 seconds to the right 234.22 feet along the northwestern line of Kings Highway to the southern line of Lott place.

4th. Thence westerly 17.88 feet along the southern line of Lott place to the point of beginning.

#### PARCEL B.

Beginning at the intersection of the southwestern line of Flatbush avenue and the southern line of Lott place, as the same are laid down on the map of the City.

1st. Thence northwesterly along the southwestern line of Flatbush avenue 45.80 feet to the southeastern line of Kings Highway.

2d. Thence southwesterly deflecting to the left 74 degrees, 10 minutes, 41 seconds 153.80 feet along the southeastern line of Kings Highway to the southern line of Lott place.

3d. Thence easterly 172.03 feet along the southern line of Lott place to the point of beginning.

Note—All these dimensions are approximate.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed closing and discontinuing and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

#### DEPARTMENT OF FINANCE.

##### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE "Greater New York Charter," the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessments for OPENING AND ACQUIRING TITLE to the following-named public place and avenue in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTIONS 9 AND 10.

PUBLIC PLACE—OPENING, bounded by East One Hundred and Forty-ninth street, Bergen avenue and Gerard street; also, GERARD STREET—OPENING, from East One Hundred and Forty-ninth street to Bergen avenue. Confirmed January 12, 1903; entered February 19, 1903. Area of assessment: entered those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the middle line of the block between East One Hundred and Forty-ninth street and East One Hundred and Forty-ninth street with the easterly side of Courtlandt avenue; running thence northerly along said easterly side of Courtlandt avenue to the middle line of the block between East One Hundred and Forty-ninth street and East One Hundred and Fifty-fifth street; thence easterly along said middle line of the block to its intersection with a line drawn parallel to the westerly side of Melrose avenue and distant 100 feet westerly therefrom; thence northerly along said parallel line to the middle line of the block between East One Hundred and Fifty-fifth street and East One Hundred and Fifty-first street; thence easterly along said middle line of the block to its intersection with a line drawn parallel to the northwesterly side of Third avenue and distant 100 feet northwesterly therefrom; thence northeasterly along said parallel line to the southerly side of East One Hundred and Fifty-second street; thence easterly along said southerly side of East One Hundred and Fifty-second street to the northwesterly side of Third avenue; thence easterly on a straight line to the intersection of the southeasterly side of Third avenue with a line drawn parallel to the northwesterly side of Rose street and distant 100 feet northwesterly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the northwesterly side of Westchester avenue and distant 100 feet northwesterly therefrom; thence easterly along said parallel line to its intersection with the northwesterly prolongation of the middle line of the block between Brook avenue and St. Ann's avenue; thence southerly along said northwesterly prolongation and middle line of the block to its intersection with a line drawn parallel to the northwesterly side of East One Hundred and Forty-ninth street and distant 100 feet northwesterly therefrom; thence easterly along said parallel line to the middle line of the block between St. Ann's avenue and Egle avenue; thence southerly along said middle line and its prolongation southwesterly to its intersection with a line drawn parallel to the southerly side of East One Hundred and Forty-ninth street and distant 100 feet southerly therefrom; thence westerly along said parallel line to the middle line of the block between Brook avenue and St. Ann's avenue; thence southerly along said middle line of the block to the middle line of the block between East One Hundred and Forty-ninth street and East One Hundred and Forty-eighth street; thence westerly along said middle line to the point or place of beginning.

TWENTY-FOURTH WARD, SECTION 11.  
RYER AVENUE—OPENING, from Burnside avenue to East One Hundred and Eighty-seventh street. Confirmed January 15, 1903; entered February 19, 1903. Area of assessment: entered all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point formed by the intersection of the northerly line of Tremont avenue with a line drawn parallel to and distant 100 feet westerly from the westerly line of Anthony ave-

nue; running thence northerly along said parallel line to the easterly line of the Grand Boulevard and Concourse; thence, still northerly, to its intersection with a line drawn parallel to and distant 100 feet westerly from the westerly line of the Grand Boulevard and Concourse at a point distant 100 feet southerly from the southerly line of East One Hundred and Eighty-second street; thence, continuing northerly, along said last mentioned parallel line to its intersection with a line drawn parallel to and distant 100 feet northwesterly from the northerly line of East One Hundred and Eighty-ninth street; thence easterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of Valentine avenue; thence southerly along said parallel line to the northwesterly line of Webster avenue; thence southwesterly along the northwesterly line of Webster avenue to the junction of Valentine avenue and Webster avenue; thence westerly to its intersection with the northerly line of Tremont avenue; thence, still westerly, along the northerly line of Tremont avenue to the point or place of beginning.

The above-entitled assessments were entered on the date hereinabove given in the Record of Titles of Assessments, kept in the "Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents." Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the "Greater New York Charter."

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien as provided by section one hundred and fifty-nine of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 20, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK, DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 19, 1903.

##### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE "Greater New York Charter," the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.  
EAST ONE HUNDRED AND FORTY-FOURTH STREET—PAVING, from Exterior street to Mott avenue. Area of assessment: Both sides of One Hundred and Forty-fourth street, between Exterior street, River avenue and Mott avenue, and to the extent of one-half the blocks on intersecting and terminating avenues and street.

TWENTY-THIRD WARD, SECTION 11.  
FREEMAN STREET—SEWER, from West Farms road to Westchester avenue. Area of assessment: Both sides of Freeman street, from Longfellow street to Westchester avenue; also Lots Nos. 42 and 21, in Block No. 2006.

TWENTY-FOURTH WARD, SECTION 11.  
WALTON AVENUE—SEWER, from Tremont avenue to the street summit situated north of East One Hundred and Seventy-seventh street. Area of assessment: Both sides of Walton avenue, between One Hundred and Seventy-seventh and One Hundred and Seventy-ninth streets; west side of Morris avenue, between One Hundred and Seventy-seventh street and Tremont avenue; both sides of Tremont avenue, between Walton and Morris avenues; also Lots Nos. 45 and 46, in Block No. 2828; also Lots Nos. 9 and 41, in Block No. 2853.

—that the same were confirmed by the Board of Assessors on February 19, 1903, and entered on February 20, 1903, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of said Greater New York Charter. Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 21, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK, DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 20, 1903. f21,m7

##### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE "Greater New York Charter," the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 4.  
NINETY-FOURTH STREET—PAVING, from West End avenue to Riverside drive. Area of assessment: Both sides of Ninety-fourth street, between West End avenue and Riverside drive, and to the extent of one-half the blocks on the terminating avenue and street; also Lots Nos. 40, 69½ and 70½, in Block No. 1252; also Lots Nos. 29, 30 and 31, in Block No. 1253.

TWELFTH WARD, SECTION 8.  
ONE HUNDRED AND FIFTY-SEVENTH STREET—SEWER, between Amsterdam avenue and Avenue St. Nicholas. Area of assessment: Both sides of One Hundred and Fifty-seventh street, between Amsterdam and St. Nicholas avenues.

WEST ONE HUNDRED AND EIGHTY-SIXTH STREET—SEWER, between Eleventh avenue and Wadsworth avenue. Area of assessment: Both sides of One Hundred and Eighty-sixth street, from Wadsworth avenue to a point situated about 179 feet east of Wadsworth avenue; also Lots Nos. 62 to 65, both inclusive, in Block No. 2166.

—that the same were confirmed by the Board of Assessors on February 19, 1903, and entered on February 20, 1903, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of said Greater New York Charter. Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 21, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK, DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 20, 1903. f21,m7

##### NOTICE TO PROPERTY OWNERS.

The said stock is free and exempt from all taxation in the State of New York, except taxation for State purposes, pursuant to the provisions of section 169 of the Greater New York Charter, as amended.

The principal of and interest on said stock are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to a resolution of the Commissioners of the Sinking Fund, adopted June 9, 1898.

## CONDITIONS OF SALE.

As provided for by The Greater New York Charter.

- Proposals containing conditions other than those herein set forth will not be received or considered.
- No proposal for stock shall be accepted for less than the par value of the same.
- Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the State or National Banks of The City of New York, two per cent. of the par value of the stock bid for in said proposal.
- No proposal will be received or considered which is not accompanied by such deposit.
- All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.
- If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them, at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of the City of New York for the Redemption of the City Debt.
- Upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates thereof shall be issued to them as authorized by law, and in such denominations as they may desire.
- It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected." Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and not any part thereof, cannot be inserted in any bid.
- It is also provided by the Charter that these bonds, being registered, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall, so far as practicable, and without pecuniary disadvantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."
- The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.

EDWARD M. GROUT,  
Comptroller.  
The City of New York, Department of Finance—Comptroller's Office, February 18, 1903.

D. & M. CHAUNCEY REAL ESTATE COMPANY, LIMITED, AUCTIONEERS.

## CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, MARCH 10, 1903,

at 12 o'clock m., at the Brooklyn Real Estate Exchange, Limited, No. 189 Montague street, Borough of Brooklyn, City of New York, the following described real estate belonging to the Corporation of the City of New York, viz:

All that certain plot, piece or parcel of land, with the buildings thereon erected, situate lying and being in the Eleventh Ward of the Borough of Brooklyn, City of New York, bounded and described as follows, viz:

Beginning at a point in the southerly line of Hanson place, distant 43 feet 4 inches easterly from the corner formed by the intersection of the southerly line of Hanson place with the easterly line of Ashland place or Flatbush avenue; running thence easterly along the southerly line of Hanson place 120 feet; thence southerly at right angles or nearly so to Hanson place 200 feet; thence westerly parallel with Hanson place 118 feet 7 inches to the northeasterly line of Flatbush avenue; thence northerly along the northeasterly line of Flatbush avenue 100 feet; thence easterly parallel with Hanson place 35 feet 7 inches; thence northerly on a line at right angles with Hanson place 106 feet 3 inches to Hanson place at the point or place of beginning, premises being known as the Old Thirteenth Regiment Armory, upon the following terms and conditions of sale.

The highest bidder will be required to pay ten per cent. of the amount of his bid, together with the auctioneer's fees, at the time of the sale; thirty per cent. upon the delivery of the deed, which shall be thirty days from the date of the sale; the remaining sixty per cent., either to be paid at the date of the delivery of the deed, or at the option of the purchaser to remain on bond and mortgage for five years, with interest at the rate of six per cent. per annum, payable semi-annually, the mortgage to contain the customary thirty days' interest and ninety days' tax and assessment and insurance clauses.

The bond and mortgage may be paid off at any time within the term thereof, on giving thirty days' notice to the Comptroller, or may be paid in installments of not less than five thousand dollars (\$5,000) on any day when interest is due, or on thirty days' notice. The bond and mortgage will be prepared by the Corporation Counsel, and the sum of twelve dollars and fifty cents (\$12.50) will be charged for drawing, acknowledging and recording the same.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Maps of said real estate may be seen on application to the Comptroller's office, Stewart Building, No. 280 Broadway, Borough of Manhattan, after February 20, 1903, or at the office of the auctioneer.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held January 7, 1903.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK, DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, February 18, 1903.  
F19-m9

## NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named public place in the BOROUGH OF THE BRONX:

### TWENTY-FOURTH WARD, SECTION 11.

PUBLIC PLACE—OPENING AND EXTENDING, formed by the intersection of Tremont avenue, Buckhout street and the Grand Boulevard and Concourse. Confirmed December 9, 1902; entered February 17, 1903. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz: Beginning at a point formed by the intersection of the easterly side of Jerome avenue with a line drawn parallel to the southerly side of Tremont avenue and distant 100 feet southerly therefrom; thence easterly along a line drawn parallel to the southerly side of Tremont avenue and distant 100 feet southerly therefrom to its intersection with a line drawn parallel to the easterly side of Morris avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to its intersection with a line drawn parallel to the southerly side of Mount Hope place and distant 100 feet southerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the easterly side of Monroe avenue and distant 100 feet easterly therefrom; thence northerly along said parallel line to its intersection with a line drawn parallel to the southerly side of Tremont avenue and distant 100 feet southerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the easterly side of Anthony avenue and distant 100 feet easterly therefrom; thence northerly along said parallel line to its intersection with a line drawn parallel to the northerly side of Buckhout street and distant 100 feet northerly therefrom; thence westerly along said parallel line to its intersection with a line drawn parallel to the easterly side of the Grand Boulevard and Concourse and distant 100 feet easterly therefrom; thence northerly along said parallel line to its intersection with a line drawn parallel to the northerly side of East One Hundred and Seventy-ninth street and distant 100 feet northerly therefrom; thence westerly along said parallel line to its intersection with a line drawn parallel to the westerly side of Creston avenue and distant 100 feet westerly therefrom; thence southerly along said parallel line to its intersection with a line drawn parallel to the northerly side of Tremont avenue and distant 100 feet northerly therefrom; thence westerly along said parallel line to the easterly side of Jerome avenue; thence southerly along said easterly side of Jerome avenue to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

vided in section 1006 of the Greater New York Charter.

"Said section provides that 'If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act.'"

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 18, 1903, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK, DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, February 17, 1903.  
f18m3.

## NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF QUEENS:

### FIRST WARD.

BLACKWELL STREET—OPENING AND EXTENDING, from Broadway to Graham avenue. Confirmed December 19, 1902; entered February 17, 1903. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of the middle line of the blocks between Pierce avenue and Graham avenue and the middle line of the blocks between Bartow street and Blackwell street; running thence northerly along said last mentioned middle line of the blocks to its intersection with the middle line of the blocks between Jamaica avenue and Broadway; thence easterly along said middle line of the blocks between Jamaica avenue and Broadway to its intersection with the middle line of the blocks between Blackwell street and Pomeroy street; thence southerly along said middle line of the blocks between Blackwell street and Pomeroy street to the middle line of the blocks between Graham avenue and Pierce avenue; thence westerly along said middle line of the blocks between Graham avenue and Pierce avenue to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 18, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when above assessment became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK, DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, February 17, 1903.  
f18m3.

## NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF MANHATTAN:

### EIGHTH AND FIFTEENTH WARDS, SECTIONS 1 AND 2.

SULLIVAN STREET—OPENING, from West Third street to West Fourth street. Confirmed January 19, 1903; entered February 13, 1903. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz: Beginning at the point of intersection of the eastern line of Washington Square West with a line drawn parallel to and distant 100 feet northerly from the northerly line of Washington Square South; running thence easterly along said parallel line to its intersection with the northerly prolongation of the westerly line of Thompson street; thence southerly along said prolongation and westerly line of Thompson street to its intersection with the middle line of the block between West Third street and Bleeker street; thence westerly along said middle line to its intersection with the middle line of the blocks between Sullivan street and Thompson street; thence southerly along said middle line to its intersection with the northerly line of Canal street; thence westerly along the northerly line of Canal street to its intersection with the southerly prolongation of the middle line

of the blocks between Macdougall street and Sullivan street; thence northerly along said middle line to its intersection with the middle line of the blocks between Bleeker street and West Third street; thence westerly along said middle line to its intersection with the easterly line of Macdougall street; thence northerly along said line of Macdougall street and easterly line of Washington Square West to the point or place of beginning.

The above-entitled assessment was entered on the date herein above given in the Record of Titles of Assessments, kept in the "Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents." Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the "Greater New York Charter."

Said section provides that "if any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien as provided by section one hundred and fifty-nine of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 14, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

—that the same were confirmed by the Board of Assessors on February 11, 1903, and entered on February 13, 1903, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter. Said section provides that "if any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 14, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.  
CITY OF NEW YORK, DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, February 13, 1903. f12,28

DEPARTMENT OF FINANCE, CITY OF NEW YORK, December 23, 1902.

UNTIL FURTHER NOTICE AND UNLESS otherwise directed in any special case, one surety company will be accepted as sufficient upon all contracts for supplies running not more than one year, for school building repairs, heating, furniture, etc., and for gas and electric lighting to any amount; for new buildings, for sewers, regulating, grading and paving to run not more than two years, for new docks and dredging, for furnishing and laying water mains, to \$50,000; for sewers, regulating, grading and paving to run over two years, and not over five, to \$25,000.

EDWARD M. GROUT,  
Comptroller.

#### BOARD MEETINGS.

The Board of Estimate and Apportionment meet in the old Council Chamber (Room 16), City Hall, every Friday at 10 o'clock a. m.

JAMES W. STEVENSON,  
Deputy Comptroller, Secretary.

The Commissioners of the Sinking Fund meet in the old Council Chamber (Room 16), City Hall, every Wednesday at 2 o'clock p. m.

N. TAYLOR PHILLIPS,  
Deputy Comptroller, Secretary.

#### MUNICIPAL CIVIL SERVICE COMMISSION.

MUNICIPAL CIVIL SERVICE COMMISSION.

PUBLIC NOTICE WILL BE GIVEN OF ALL competitive examinations at least two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close.

Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in person at the office of the Commission, or in writing.

All notices of examinations will be posted and advertised. Such notices will state the scope of the examination, but for more general information application should be made at the office of the Commission.

MUNICIPAL CIVIL SERVICE COMMISSION.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications for the position of

PATROLMAN

will be received until Monday, March 2, 1903, at 4 p. m.

S. WILLIAM BRISCOE, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, 61 ELM STREET, NEW YORK, February 14, 1903.

PUBLIC NOTICE IS HEREBY GIVEN THAT an open competitive examination will be held for the following position:

BACTERIOLOGIST (Sixth Grade. Annual compensation, \$1,500)—Monday, March 9, 1903, at 10 a. m.

The receipt of applications for this examination will close on Friday, March 6, 1903, at 4 p. m. The scope of the examination will be as follows:

Subjects. Weights.

Experience ..... 30

Technical knowledge.... 70

Candidates will be required to obtain 75 per cent. on the "technical" paper in order to be placed upon the eligible list.

Candidates should have had special scientific training in bacteriology, and experience in laboratory work in general. It is also desirable that candidates should be familiar with one foreign language and be able to translate the same into English.

A vacancy at present exists in the Department of Health, the annual compensation of which is \$1,500.

f17,m9 S. WILLIAM BRISCOE, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, 61 ELM STREET, NEW YORK, February 5, 1903.

PUBLIC NOTICE IS HEREBY GIVEN THAT open competitive examinations will be held for the following positions:

ATTENDANT (MALE)—Wednesday, February 25, 1903, at 10 a. m.

The receipt of applications for this examination will close on Friday, February 20, at 4 p. m.

The scope of the examination will be as follows:

Subjects. Weights.

Special paper..... 5

Experience ..... 3

Arithmetic ..... 1

Handwriting ..... 1

This examination is held to fill vacancies in the departments of the City employing attendants, such as Bath Attendant, Recreation Pier Attendant, Cottage Attendant and Attendant of Public Comfort Stations.

The employment on the baths and piers is of a temporary character, lasting only during the summer months.

The salary attached to these positions ranges from \$2 to \$3 per day.

ATTENDANT (FEMALE)—Friday, February 27, 1903, at 10 a. m.

The receipt of applications for this examination will close on Friday, February 20, at 4 p. m.

(This examination will be the same as that for Attendant (Male), as stated above.)

f7,27 S. WILLIAM BRISCOE, Secretary

MUNICIPAL CIVIL SERVICE COMMISSION, 61 ELM STREET, NEW YORK, February 5, 1903.

PUBLIC NOTICE IS HEREBY GIVEN THAT open competitive examinations will be held in the near future for the following positions:

JANITOR (Men only.)

JANITOR-ENGINEERMAN.

f7,m2 S. WILLIAM BRISCOE, Secretary.

#### OFFICIAL PAPERS.

"Herald," "Press," "Mail and Express," "Evening Post," "Staats-Zeitung," "Leslie's Weekly," "Real Estate Record and Guide," January 6, 1903.

#### BOARD OF ASSESSORS.

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz:

##### BOROUGH OF BROOKLYN.

List No. 7190, No. 1. Regulating, grading, curbing, flagging, laying crosswalks and paving gutters, St. Mark's avenue, between Howard avenue and a point two hundred and seventy-five feet from the westerly line of Rockaway avenue.

List No. 7359, No. 2. Sewer basin at the north-east corner of St. Nicholas avenue and Harman street.

List No. 7389, No. 3. Sewer in Seventy-fourth street, between Fourth and Seventh avenues, and outlet sewer in Sixth avenue, between Seventy-fourth and Seventy-sixth streets.

##### BOROUGH OF THE BRONX.

List No. 7346, No. 4. Regulating, grading, curbing, flagging, laying crosswalks in Cambreling avenue, from One Hundred and Eighty-seventh street to St. John's College.

List No. 7355, No. 5. Regulating, grading, curbing, flagging, laying crosswalks, building approaches and fencing Two Hundred and Sixty-first street, from Broadway to Riverdale avenue.

List No. 7381, No. 6. Sewer and appurtenances in Signal place (East Two Hundred and Third street), between Webster avenue and the line of the property owned by the New York and Harlem Railroad Company.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of St. Marks avenue, from Howard avenue to a point four hundred and twenty-five feet east of Hopkinson avenue, and to the extent of half the block at the intersecting and terminating avenues.

No. 2. East side of St. Nicholas avenue, from Greene avenue to Harman street; south side of Harman street, extending about two hundred and eighty-six feet east of St. Nicholas avenue; north side of Greene avenue, extending one hundred and thirteen feet east of St. Nicholas avenue.

No. 3. Both sides of Seventy-fourth street, from Fourth avenue to Seventh avenue; both sides of Sixth avenue, from Seventy-fourth to Seventy-sixth street; west side of Seventh avenue, from Seventy-fourth to Seventy-fifth street.

No. 4. Both sides of Cambreling avenue, from One Hundred and Eighty-seventh street to the grounds of St. John's College, and to the extent of half the block at the intersecting and terminating streets and avenues.

No. 5. Both sides of Two Hundred and Sixty-first street, from Broadway to Riverdale avenue,

and to the extent of half the block at the intersecting and terminating streets and avenues.

No. 6. Both sides of Signal place, from Webster avenue to the New York and Harlem Railroad; south side of Webster avenue, from Signal place to Woodlawn road.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before March 26, 1903, at 3 p. m., at which time and place the said objections will be heard and testimony received in reference thereto.

BENJAMIN E. HALL,

HENRY B. KETCHAM,

ENOCH VREELAND,

Board of Assessors.

WILLIAM H. JASPER, Secretary, No. 320 Broadway.  
CITY OF NEW YORK, BOROUGH OF MANHATTAN,  
February 21, 1903. f21,m4

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz:

##### BOROUGH OF THE BRONX.

List 7139, No. 1. Regulating, grading, curbing, flagging and laying crosswalks in the Southern Boulevard, from East One Hundred and Thirty-eighth street to the southerly line of the Port Morris Branch of the New York and Harlem Railroad, and from the northerly line of the New York and Harlem Railroad to Hunt's Point road, together with a list of awards for damages caused by a change of grade.

List 7156, No. 2. Regulating, grading, setting curbstones, flagging, laying crosswalks and placing fences in One Hundred and Ninety-seventh street, from Bainbridge avenue to Webster avenue, together with a list of awards for damages caused by a change of grade.

List 7352, No. 3. Sewer and appurtenances in East One Hundred and Eighty-first street, from Maps avenue to Lafontaine avenue; in Arthur avenue, from East One Hundred and Eighty-first street to East One Hundred and Eighty-second street, and in East One Hundred and Eighty-second street, from Arthur avenue to Quarry road.

##### BOROUGH OF MANHATTAN.

List 7267, No. 4. Alteration and improvement to sewer in Fifth avenue, between Forty-fourth and Forty-fifth streets.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Southern Boulevard, from East One Hundred and Thirty-eighth street to Hunt's Point road, and to the extent of half the block at the intersecting and terminating streets and avenues.

No. 2. Both sides of One Hundred and Ninety-seventh street, from Bainbridge avenue to Webster avenue, and to the extent of half the block at the intersecting and terminating streets and avenues; also west side of Bainbridge avenue, extending north and south from the centre line of One Hundred and Ninety-seventh street to a point half way between One Hundred and Ninety-seventh and One Hundred and Ninety-eighth streets, and One Hundred and Ninety-seventh and One Hundred and Ninety-sixth streets, respectively.

No. 3. Both sides of One Hundred and Eighty-first street, from Maps avenue to Lafontaine avenue; both sides of Arthur avenue, from One Hundred and Eighty-first to One Hundred and Eighty-second street; east side of Lafontaine avenue, from One Hundred and Eighty-first street to Quarry road; both sides of Quarry road, between One Hundred and Eighty-first and One Hundred and Eighty-second streets; both sides of Oak Tree place, from Hughes avenue to Arthur avenue; south side of One Hundred and Eighty-second street, from Arthur avenue to Quarry road.

No. 4. East side of Fifth avenue, from Forty-fourth street to Forty-fifth street.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before March 19, 1903, at 3 p. m., at which time and place the said objections will be heard and testimony received in reference thereto.

BENJAMIN E. HALL,

HENRY B. KETCHAM,

ENOCH VREELAND,

Board of Assessors.

WILLIAM H. JASPER, Secretary, No. 320 Broadway.  
CITY OF NEW YORK, BOROUGH OF MANHATTAN,  
February 17, 1903. f17,28

PUBLIC NOTICE IS HEREBY GIVEN TO all persons claiming to have been injured by a change of grade in the regulating and grading of the following-named streets, to present their claims in writing to the Secretary of the Board of Assessors, No. 320 Broadway, on or before February 26, 1903, at 3 o'clock p. m., at which place and time the said Board of Assessors will receive evidence and testimony of the nature and extent of such injury. Claimants are requested to make their claims for damages upon the blank form prepared by the Board of Assessors, copies of which may be obtained upon application at the above office.

##### BOROUGH OF BROOKLYN.

List 7380. Pitkin avenue, between Snediker avenue and Linwood street.

List 7382. Fifty-fourth street, from Seventh avenue to Fort Hamilton avenue.

List 7383. Seventy-second street, between Sixth avenue and Fort Hamilton avenue.

List 7384. McKibbin street, between Bushwick avenue and Bogart street.

## WEDNESDAY, MARCH 11, 1903.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A SEWER IN EAST TWELFTH STREET, BETWEEN BEVERLY ROAD AND AVENUE C, AND OUTLET SEWER IN AVENUE C, NORTH SIDE, BETWEEN EAST TWELFTH STREET AND EAST FOURTEENTH STREET, IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

282 linear feet 30-inch brick sewer.  
282 linear feet 24-inch vitrified stoneware pipe sewer laid in concrete.  
35 linear feet 18-inch vitrified stoneware pipe sewer laid in concrete.  
635 linear feet 15-inch vitrified stoneware pipe sewer laid in concrete.  
739 linear feet 12-inch vitrified stoneware pipe sewer laid in concrete.  
19 manholes.

13,000 feet (B. M.) foundation planking.  
5 cubic yards brick masonry.  
3 cubic yards concrete.

The time for the completion of the work and the full performance of the contract is 50 working days.

The amount of security required is \$2,800.

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A SEWER IN WINDSOR PLACE, BETWEEN EIGHTH AVENUE AND NINTH AVENUE, IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

800 linear feet 12-inch vitrified stoneware pipe sewer laid in concrete.

7 manholes.  
1 receiving basin.

4,600 feet (B. M.) foundation planking.

The time for the completion of the work and the full performance of the contract is 20 working days.

The amount of security required is \$1,500.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot, per cubic yard, per square yard or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms may be obtained and the plans and drawings may be seen at the office of the Assistant Commissioner of Public Works, Borough of Brooklyn, Room 15, Municipal Building, Borough of Brooklyn.

J. EDWARD SWANSTROM, President.  
Dated February 19, 1903. f21,m11

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 15, MUNICIPAL BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m. on

## WEDNESDAY, MARCH 4, 1903.

No. 1. FOR REGULATING, GRADING AND PAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF ALBEMARLE ROAD, FROM FLATBUSH AVENUE TO THE LANDS OF THE BRIGHTON BEACH RAILROAD.

The Engineer's estimate of the quantities is as follows:

6,260 square yards of asphalt pavement.  
870 cubic yards of concrete.  
4,070 cubic yards of earth excavation.  
3,020 linear feet of concrete curb.  
14,500 square feet of cement sidewalk.  
60 cubic yards of concrete for retaining walls and steps.

The time for the completion of the work and the full performance of the contract is forty-five (45) working days.

The amount of security required is \$7,000.

No. 2. FOR REGULATING, GRADING AND PAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF MAGENTA STREET, FROM EUCLID AVENUE TO CRESCENT STREET.

The Engineer's estimate of the quantities is as follows:

1,450 square yards of asphalt pavement.  
200 cubic yards of concrete.  
1,100 linear feet of new curb.  
20 linear feet of old curb to be reset.  
6 noiseless manhole covers.  
400 cubic yards of earth excavation.  
100 cubic yards of earth filling, not to be bid for.

340 square feet of old flagstone to be relaid, not to be bid for.

3,850 square feet of cement sidewalk.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is \$2,000.

No. 3. FOR REGULATING, GRADING AND PAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF POWELL STREET, FROM EAST NEW YORK AVENUE TO DUMONT AVENUE.

The Engineer's estimate of the quantities is as follows:

11,493 square yards of asphalt pavement.  
1,975 cubic yards of concrete.  
6,579 linear feet of new curb.  
25 noiseless manhole covers.  
3,800 cubic yards of earth excavation.  
1,189 cubic yards of earth filling, not to be bid for.  
5,181 square feet of old flagstone to be relaid, not to be bid for.

26,372 square feet of cement sidewalk.

The time for the completion of the work and the full performance of the contract is seventy (70) working days.

The amount of security required is \$10,000.

No. 4. FOR REGULATING, GRADING AND PAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF VANDERVEER STREET, FROM BUSHWICK AVENUE TO EVERGREEN CEMETERY.

The Engineer's estimate of the quantities is as follows:

1,400 square yards of asphalt pavement.  
240 cubic yards of concrete.  
850 linear feet of new curb.  
4 noiseless manhole covers.  
395 cubic yards of earth excavation.  
200 cubic yards of earth filling, to be furnished.  
500 square feet of old flagstones to be relaid, not to be bid for.

1,506 square feet of cement sidewalk.

The time for the completion of the work and the full performance of the contract is thirty-five (35) working days.

The amount of security required is \$1,800.

No. 5. FOR REGULATING, GRADING AND PAVING WITH GRANITE PAVE-

MENT ON A SAND FOUNDATION THE ROADWAY OF NOSTRAND AVENUE, FROM MALBONE STREET TO FLATBUSH AVENUE.

The Engineer's estimate of the quantities is as follows:

37,120 square yards of granite pavement, with sand joints.  
20,370 linear feet of new curb.  
400 linear feet of old curb, to be reset.  
10,020 cubic yards of earth excavation.  
1,400 cubic yards of earth filling, to be furnished.  
12,000 square feet of old flagstones to be relaid, not to be bid for.

67,900 square feet of cement sidewalks.

7,900 square feet of new granite bridgestones, not to be bid for.

The time for the completion of the work and the full performance of the contract is one hundred and fifty (150) working days.

The amount of security required is \$41,000.

No. 6. FOR REGULATING AND GRADING MONTAUK AVENUE, FROM PITKIN AVENUE TO NEW LOTS ROAD.

The Engineer's estimate of the quantities is as follows:

17,790 cubic yards of earth filling, to be furnished.  
1 line for the completion of the work and the full performance of the contract is sixty (60) working days.

The amount of security required is \$2,500.

No. 7. FOR REGULATING AND GRADING MILFORD STREET, FROM PITKIN AVENUE TO NEW LOTS ROAD.

The Engineer's estimate of the quantities is as follows:

20,747 cubic yards of earth filling, to be furnished.  
1 line for the completion of the work and the full performance of the contract is eighty (80) working days.

The amount of security required is \$2,000.

No. 8. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR FLAGGING SIDEWALKS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

3,300 square feet of bluestone flagging, furnished and laid.

The time for the completion of the work and the full performance of the contract is fifteen (15) working days.

The amount of security required is \$300.

The bidder will state the price of each item or class of work contained in the specifications or schedules per linear foot or square foot or square yard or cubic yard, or other unit of measure. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms may be obtained and the plans and drawings may be seen at the office of the President of the Borough of Brooklyn, Room 15, Municipal Department Building.

J. EDW. SWANSTROM, President.  
Dated February 17, 1903. f18,m4

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 15, MUNICIPAL BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m. on

## WEDNESDAY, MARCH 4, 1903.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 15, MUNICIPAL BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of

Brooklyn at the above office until 11 o'clock a. m. on

## WEDNESDAY, FEBRUARY 25, 1903.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A SEWER IN WILLOUGHBY AVENUE, BETWEEN IRVING AVENUE AND WYCKOFF AVENUE, IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

40 linear feet 15-inch vitrified stoneware pipe sewer laid in concrete.  
703 linear feet 12-inch vitrified stoneware pipe sewer laid in concrete.  
8 manholes.

4,400 feet (B. M.) foundation planking.

The time for the completion of the work and the full performance of the contract is 20 working days.

The amount of security required is \$1,000.

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A SEWER IN THIRD AVENUE, BETWEEN BAY RIDGE AVENUE AND SILLIMAN PLACE, IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

273 linear feet 12-inch vitrified stoneware pipe sewer laid in concrete.  
3 manholes.

1,600 feet (B. M.) foundation planking.

The time for the completion of the work and the full performance of the contract is 15 working days.

The amount of security required is \$700.

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER BASIN AT THE NORTHEAST CORNER OF AVENUE K AND FLATBUSH AVENUE, IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

1 sewer basin.

The time for the completion of the work and the full performance of the contract is 10 working days.

The amount of security required is \$75.

No. 4. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A SEWER BASIN AT THE NORTHWEST CORNER OF DORCHESTER ROAD AND EAST EIGHTEENTH STREET, IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

1 sewer basin.

The time for the completion of the work and the full performance of the contract is 10 working days.

The amount of security required is \$70.

No. 5. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER BASINS AT THE NORTHEAST AND SOUTHEAST CORNERS OF FOURTH AVENUE AND TWENTY-NINTH STREET, IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

2 sewer basins.

The time for the completion of the work and the full performance of the contract is 20 working days.

The amount of security required is \$160.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot, per cubic yard, per square yard or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Assistant Commissioner of Public Works of the Borough of Brooklyn, Room No. 15, Municipal Building, Borough of Brooklyn.

J. EDWARD SWANSTROM, President.  
Dated February 6, 1903. f10,25

## DEPARTMENT OF WATER SUPPLY GAS AND ELECTRICITY.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, ROOM 1536, NOS. 13-21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Water Supply, Gas and Electricity at the above office until 2 o'clock p. m. on

## THURSDAY, FEBRUARY 26, 1903.

## Borough of Queens.

No. 1. FOR FURNISHING MATERIALS AND BUILDING COAL BINS AT PUMP-ING STATIONS NOS. 1 AND 2, IN FIRST WARD, AND AT PUMP-ING STATION NO. 1, IN THIRD WARD, BOROUGH OF QUEENS.

The time allowed to complete the whole work will be forty days.

The security required is one thousand dollars.

No. 2. FOR FURNISHING, DELIVERING AND SETTING TEN-TON PLATFORM SCALES AND APPURTENANCES AT THE PUMP-ING STATIONS IN THE BOROUGH OF QUEENS.

The time allowed to complete the whole work will be thirty days.

The security required is five hundred dollars.

No. 3. FOR FURNISHING MATERIALS AND BUILDING A STOREHOUSE AT PUMP-ING STATION NO. 3, IN THE FIRST WARD; A STOREHOUSE AT THE BAYSIDE PUMP-ING STATION, IN THE THIRD WARD, AND AN OFFICE STORE-ROOM AND SHED AT THE CORPORATION YARD ON LEAVITT STREET, BETWEEN BROADWAY AND STATE STREET, THIRD WARD, BOROUGH OF QUEENS.

The time allowed to complete the whole work will be fifty days.

The amount of security required shall be one thousand dollars.

The bidder will state the price of each item or article contained in the specifications or schedules, per pound, ton, foot, yard or other unit of measure, by which the bids will be tested.

The bids will be compared and the contract awarded at a lump or aggregate sum.

Blank forms may be obtained and the plans and drawings may be seen at the office of the Department, Room 1521.

ROBERT CRIER MONROE, Commissioner.  
Dated February 13, 1903. f14,36

See General Instructions to Bidders on the last page, last column, of the "City Record."

## BOARD OF ALDERMEN.

AN ORDINANCE GRANTING TO THE NEW York City Inter-Borough Railway Company the right or franchise to construct and operate a street surface railroad in, upon and along certain streets, avenues, parkways, highways and bridges of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the New York City Inter-Borough Railway Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railway, with all connections, turnouts, switches, crossovers, and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully employed upon the same, in, upon and along the following-named streets, avenues, parkways, highways, public places, bridges and viaducts, all situated in the boroughs of Manhattan and The Bronx, City, County and State of New York, namely:

First—Commencing at a point on the One Hundred and Fifty-fifth street viaduct, between Bradhurst and Eighth avenues and on a line parallel with the westerly line of the Manhattan Elevated Railway Company's station at Eighth avenue and One Hundred and Fifty-fifth street; running thence easterly and along said viaduct to the Central or Macomb's Dam Bridge; thence running northerly upon and along said bridge to the westerly approach thereof known as the Sedgwick avenue approach, formerly called Ogden avenue approach thereof, in the Borough of The Bronx; thence northerly on and along said approach to its intersection with Jerome avenue; thence northerly on and along Jerome avenue to its intersection with Ogden avenue northerly to its intersection with East One Hundred and Sixty-first street; thence westerly on and along East One Hundred and Sixty-first street to its intersection with Summit avenue; thence northerly on and along Summit avenue to its intersection with East One Hundred and Sixty-sixth street; thence westerly on and along East One Hundred and Sixty-sixth street to its intersection with Lind avenue; thence northerly on and along Lind avenue as it winds and turns to Aqueduct avenue; thence northerly on and along Aqueduct avenue to Kingsbridge road; thence easterly on and along Kingsbridge road to Reservoir avenue; thence northerly on and along Reservoir avenue to Sedgwick avenue; thence northerly on and along Sedgwick avenue to Perot street; thence northerly on and along Perot street to Nathalie or Boston avenue; thence northerly on and along Nathalie or Boston avenue to Heath avenue or Fort Independence street; thence westerly on and along Heath avenue or Fort Independence street to Fort Independence street; thence northerly on and along Fort Independence street to Bailey avenue; thence northerly on and along Bailey avenue to East Two Hundred and Thirty-eighth street; thence northerly on and along East Two Hundred and Thirty-eighth street to Corlear street or avenue; thence northerly on and along Corlear street or avenue to West Two Hundred and Forty-sixth street; thence northerly on and along West Two Hundred and Forty-sixth street to Barney street; thence northerly on and along Barney street to the street or lane connecting Barney street and Newton avenue; thence northerly on and along said street or lane to Newton avenue; thence northerly on and along Newton avenue to West Two Hundred and Fifty-third street; thence northerly on and along West Two Hundred and Fifty-third street to Riverdale avenue; thence northerly on and along Riverdale avenue to West Two Hundred and Fifty-fourth street; thence westerly on and along West Two Hundred and Fifty-fourth street to the Hudson river.

The said route as it winds and turns crossing the following highways, avenues, streets, public places, etc.:

The viaduct in West One Hundred and Fifty-fifth street, as above-described, in the Borough of Manhattan; Sedgwick avenue, Exterior street, East One Hundred and Sixty-second street, East One Hundred and Sixty-fourth street, East One Hundred and Sixty-fifth street, Union place, East One Hundred and Sixty-seventh street, East One Hundred and Sixty-eighth street, East One Hundred and Sixty-ninth street, East One Hundred and Seventieth street, Merriam avenue, Ogden avenue, Undercliff place, Bosobel avenue, Featherbed lane, Montgomery avenue, Andrews avenue, East One Hundred and Seventy-sixth street, Macomb's road, Tremont avenue, East One Hundred and Seventy-seventh street, Burnside avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, East One Hundred and Eighty-third street, Fordham road, East One Hundred and Eighty-eighth street, East One Hundred and Ninetieth street, East One Hundred and Ninety-second street, Giles place, Heath avenue, Albany road, Putnam avenue, East; Putnam avenue, West; Review place, Broadway, Kingsbridge avenue, West Two Hundred and Fortieth street, West Two Hundred and Forty-first street, West Two Hundred and Forty-second street, West Two Hundred and Forty-third street, Barney street, Sylvan avenue, Fieldston road, Faraday avenue, Avenue Von Humboldt, Netherland avenue, Arlington avenue, Blackston avenue, Independence avenue, Sycamore avenue, Falside avenue, all in the Borough of The Bronx, and such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

Second—Commencing at the Rapid Transit Station, at the intersection of West One Hundred and Eighty-first street with Broadway (formerly Boulevard), in the Borough of Manhattan; thence on and along said West One Hundred and Eighty-first street in an easterly direction to Washington Bridge; thence along and over Washington Bridge easterly to Aqueduct avenue, Borough of The Bronx; thence northerly on and along Aqueduct avenue to Tremont avenue; thence easterly on and along Tremont avenue as it winds and turns to the Transverse road under the Grand Boulevard and Concourse connecting said Tremont avenue; thence southerly on and along the Transverse road under the Grand Boulevard and Concourse again to Tremont avenue; thence easterly on and along Tremont avenue to Ryer avenue; thence northerly on and along Ryer avenue to East One Hundred and Eightieth street; thence southerly on and along East One Hundred and Eightieth street to Webster avenue; thence northerly on and along Webster avenue again to East One Hundred and Eightieth street; thence easterly on and along said East One Hundred and Eightieth street to Southern Boulevard; thence northerly on Southern Boulevard to East One Hundred and Eighty-second street.

The said route as it winds and turns crossing the following highways, avenues, streets, public places, etc.:

Audubon avenue, Amsterdam avenue, both in the Borough of Manhattan; Montgomery avenue, Featherbed lane, Andrews avenue, East One Hundred and Seventy-sixth street, Macomb's road, Harrison avenue, Grand avenue, East One Hundred and Seventy-seventh street, Davidson avenue, Jerome avenue, Walton avenue, Morris avenue, Creston avenue, Monroe avenue, Anthony avenue, Buckhout street, East One Hundred and Seventy-eighth street, Burnside avenue, Valentine avenue, Tiebout avenue, Park avenue, West; Park avenue, East; Washington avenue, Bathgate avenue, Third

avenue, Monterey avenue, Lafontaine avenue, Arthur avenue, Hughes avenue, Belmont avenue, Crotona avenue, Clinton avenue, Prospect avenue, Mapes avenue, East One Hundred and Eighty-first street, all in the Borough of the Bronx, and such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

Third—Commencing at the Rapid Transit Station, at the intersection of Bailey avenue and East Two Hundred and Thirtieth street, in the Borough of the Bronx, running thence easterly on and along said East Two Hundred and Thirtieth street to its intersection with Heath avenue; thence southerly on and along Heath avenue to its intersection with Kingsbridge road; thence southeasterly on and along Kingsbridge road as the same winds and turns to its intersection with the Transverse road under the Grand Boulevard and Concourse connecting said Kingsbridge road; thence easterly on and along said Transverse road again to Kingsbridge road; thence southerly and easterly on and along Kingsbridge road to its intersection with Third and Pelham avenues; thence on and along Third avenue southerly to East One Hundred and Eighty-ninth street; thence southeasterly on and along East One Hundred and Eighty-ninth street to Beaumont avenue; thence northeasterly on and along Beaumont avenue again to East One Hundred and Eighty-ninth street; thence easterly on and along East One Hundred and Eighty-ninth street to Southern Boulevard; thence southerly on and along Southern Boulevard to East One Hundred and Eighty-second street; thence southeasterly on and along said East One Hundred and Eighty-second street to Vyse avenue; thence southeasterly on and along Vyse avenue to East One Hundred and Seventy-eighth street; thence southeasterly on and along said East One Hundred and Seventy-eighth street to Boston road; thence southeasterly on and along Boston road to East One Hundred and Seventy-seventh street; thence easterly on and along said East One Hundred and Seventy-seventh street to and across the Eastern Boulevard again to East One Hundred and Seventy-seventh street; thence easterly on and along East One Hundred and Seventy-seventh street to and ending at Locust Point on Long Island Sound, with a branch line commencing at Decatur avenue and Kingsbridge road; thence running northeasterly on and along Decatur avenue to its intersection with Moshulu parkway.

The said route as it winds and turns crossing the following highways, avenues, streets, public places, etc.:

All in the Borough of the Bronx: East Two Hundred and Twenty-ninth street, Emmerich place, Nathalie avenue, Sedgwick avenue, Tee Taw avenue, Aqueduct avenue, Reservoir avenue, Grand avenue, Davidson avenue, Jerome avenue, Morris avenue, Creston avenue, East One Hundred and Ninety-second street, Valentine avenue, Fordham road, Bainbridge avenue, Marion avenue, Decatur avenue, Webster avenue, Vanderbilt avenue, West, Vanderbilt avenue, East; Pelham avenue, Washington avenue, Lorillard place, Hoffman street, Arthur avenue, Hughes avenue, Belmont avenue, Cambreling avenue, Crotona avenue, Prospect avenue, East One Hundred and Eighty-seventh street, East One Hundred and Eighty-fifth street, East One Hundred and Eighty-third street, Grote street, Garden street, Crotona parkway, Mohagan avenue, Hunnewell avenue, Daly avenue, East One Hundred and Eighty-first street, East One Hundred and Eighty-first street, East One Hundred and Seventy-ninth street, Bryant street, West Farms road, Rosedale avenue, Commonwealth avenue, Tacoma street, Cornell place, Lawrence avenue, Eaton street, Classon Point road, Harrison avenue, Thierol street, Saxe avenue, Cottage avenue, McGraw avenue, Avenue E, Gode avenue, Virginia avenue, Westchester turnpike, Fourteenth street, Thirtieth street, Twelfth street, Eleventh street, Tenth street, Ninth street, Eighth street, Seventh street, Avenue D, Avenue C, Avenue B, Avenue A, Eastern Boulevard, Penfield avenue, Borough of the Bronx, and such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

The branch line of the above route crossing the following named highways, avenues, streets, public places, etc., in the Borough of the Bronx:

East One Hundred and Ninety-third street, East One Hundred and Ninety-fifth street, East One Hundred and Ninety-seventh street, East One Hundred and Ninety-eighth street, Oliver place, East One Hundred and Ninety-ninth street, East Two Hundredth street, East Two Hundred and First street, and such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

Fourth—Commencing at the intersection of Jerome avenue and East Two Hundredth street in the Borough of the Bronx, running thence southeasterly along East Two Hundredth street to the Transverse road under Grand Boulevard and Concourse connecting said East Two Hundredth street; thence southeasterly along said Transverse road again to East Two Hundredth street; thence southeasterly along said East Two Hundredth street to Webster avenue; thence across Webster avenue at said East Two Hundredth street to Southern Boulevard, in the Borough of the Bronx.

The said route as it winds and turns crossing the following highways, avenues, streets, public places, etc.:

Villa avenue, Valentine avenue, Briggs avenue, Bainbridge avenue, Perry avenue, Marion avenue, Decatur avenue, Webster avenue, in Borough of the Bronx.

And such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

Fifth—Commencing at the intersection of East One Hundred and Twenty-fourth street and First avenue, in the Borough of Manhattan, running thence northeasterly along First avenue to, across and over Willis Avenue Bridge over the Harlem river to its intersection with East One Hundred and Thirty-fifth street, Borough of the Bronx; thence on and along East One Hundred and Thirty-fifth street in a southeasterly direction to its intersection with Cypress avenue; thence on and along said Cypress avenue in a northerly direction to East One Hundred and Forty-first street; thence easterly on and along East One Hundred and Forty-first street to Wales avenue; thence northerly on and along Wales avenue to Kelly street; thence easterly and northeasterly on and along Kelly street to Intervale avenue; thence northerly on and along Intervale avenue to Jennings street; thence easterly on and along Jennings street to Vyse street or avenue; thence northerly on and along Vyse street or avenue to its junction with the Boston road; thence northeasterly on and along the Boston road again to Vyse street or avenue; thence northerly on and along Vyse street or avenue to its intersection with East One Hundred and Seventy-eighth street, with a branch line running southeasterly on and along Cypress avenue from its intersection with East One Hundred and Thirty-fifth street to East One Hundred and Thirty-fourth street; thence southeasterly on One Hundred and Thirty-fourth street to the East river or Long Island Sound.

The said route as it winds and turns crossing the following highways, avenues, streets, public places, etc.:

East One Hundred and Twenty-fifth street, Borough of Manhattan; East One Hundred and Thirty-fourth street, Brown place, Brook avenue, St. Ann's avenue, East One Hundred and Thirty-sixth street, East One Hundred and Thirty-seventh street, East One Hundred and Thirty-eighth street, East One Hundred and Thirty-ninth street, East One Hundred and Fortieth street, Powers avenue, Robbins avenue, Concord avenue, East One Hundred and Forty-second street, St. Mary's street, St. Joseph's street, Crane street, Dater street, East One Hundred and Forty-ninth street, Fox street, Beck street, Beach avenue, Union avenue, Prospect avenue, Avenue St. John, Leggett avenue, Craven street, Longwood avenue, Dawson street, Dongan street, Westchester avenue, East One Hundred and Sixty-fifth street, East One Hundred and Sixty-seventh street, Hill place, Kelly street, Tiffany street, Home street, East One Hundred and Sixty-ninth street, Chisholm street, Barretto street, Freeman street, Wilkins place, Charlotte street, Minford place, Southern Boulevard, Hoe street, East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, East One Hundred and Seventy-fifth street, East One Hundred and Seventy-sixth street, Daly avenue, East One Hundred and Seventy-seventh street, all in Borough of the Bronx.

And such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

The branch line crosses the following highways, avenues, streets, public places, etc.:

Southern Boulevard, Willow avenue, Walnut avenue, Locust avenue, Borough of the Bronx.

And such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

Sixth—Commencing at West One Hundred and Forty-fifth street, West of Lenox avenue, Borough of Manhattan, running thence easterly on and along said West One Hundred and Forty-fifth street to and over the Lenox Avenue Bridge, now under construction over the Harlem river, to East One Hundred and Forty-ninth street, Borough of the Bronx; thence in an easterly direction on and along said East One Hundred and Forty-ninth street to Courtlandt avenue; thence northerly on and along Courtlandt avenue to East One Hundred and Fifty-third street; thence easterly on and along said East One Hundred and Fifty-third street to its intersection with Leggett avenue or Craven street; thence southerly and easterly on and along Leggett avenue or Craven street to its intersection with Dawson street; thence southeasterly on and along Leggett avenue to its intersection with Randall avenue; thence easterly on and along Randall avenue to the Bronx river.

The said route as it winds and turns crossing the following highways, avenues, streets, public places, etc.:

Lenox avenue, Borough of Manhattan; Exterior street, River avenue, Gerard avenue, Walton avenue, Mott avenue, Spencer place, Railroad avenue, East Morris avenue, East One Hundred and Fifty-fifth street, East One Hundred and Fifty-first street, East One Hundred and Fifty-third street, East One Hundred and Fifty-fourth street, East One Hundred and Fifty-fifth street, Melrose avenue, Elton avenue, Third avenue, Brook avenue, German place, St. Ann's avenue, Eagle avenue, Cauldwell avenue, Trinity avenue, Jackson avenue, Forest avenue, Tinton avenue, Westchester avenue, Beach avenue, Union avenue, Prospect avenue, Hewitt place, Dawson street, Kelly street, Beck street, Fox street, Southern Boulevard, Whitlock avenue, Mohawk avenue, Cabot street, Barry street, Dupont street, Truxton street, Craven street, Worthen street, Tiffany street, Casanova street, Barretto street, Manida street, Coster street, Faile street, Bryant street, Longfellow street, Whittier street, Drake street, Halleck street, Payne street, Bacon street, Hunt's Point road, Sacrahong street, Farragut street, Falconer street, Preble street, Kane street, Edgewater road, all in Borough of the Bronx.

And such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

Seventh—Commencing at Wendover avenue and Crotona Park East, Borough of the Bronx, running thence southeasterly on and along Wendover avenue to Wilkins place; thence southerly on and along Wilkins place to Intervale avenue; thence southeasterly and southerly on and along Intervale avenue to Dongan street; thence easterly on and along Dongan street to Southern Boulevard and Hunt's Point road; thence southeasterly on and along Hunt's Point road to Long Island Sound.

The said route as it winds and turns crosses the following highways, avenues, streets, public places, etc.:

Boston road, East One Hundred and Seventieth street, Jennings street, Freeman street, Barretto street, Chisholm street, East One Hundred and Sixty-ninth street, Home street, Tiffany street, Kelly street, East One Hundred and Sixty-seventh street, East One Hundred and Sixty-fifth street, Westchester avenue, Kelly street, Tiffany street, Barretto street, Fox street, Southern Boulevard, Whitlock avenue, Mohawk avenue, Seneca avenue, Gilbert place, Lafayette avenue, Faile street, Bryant street, Longfellow street, Randall avenue, Whittier street, Drake street, Eastern Boulevard, Halleck street, East Bay avenue, Payne street, Viele avenue, Bacon street, Ryawa avenue, Sacrahong avenue, Farragut street, Falconer street, Caswell avenue, Edgewater road, Borough of the Bronx.

And such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

Eighth—Commencing at Mott avenue, south of East One Hundred and Thirty-eighth street, Borough of the Bronx, running thence northerly to East One Hundred and Thirty-eighth street; thence southeasterly along East One Hundred and Thirty-eighth street to Railroad avenue East; thence northeasterly along Railroad avenue East to Morris avenue; thence northerly along Morris avenue to Railroad avenue West; thence northeasterly along Railroad avenue West, to and across Webster, Melrose and Brook avenues again to Railroad avenue or Park avenue East; thence northerly along Railroad avenue or Park avenue East to the junction of Third avenue or Park avenue East to the junction of Third avenue and East One Hundred and Eighty-ninth street.

The said route as it winds and turns crossing the following highways, avenues, streets, public places, etc.:

East One Hundred and Fortieth street, Lowell street, East One Hundred and Forty-fourth street, East One Hundred and Forty-sixth street, East One Hundred and Forty-eighth street, East One Hundred and Forty-ninth street, East One Hundred and Fiftieth street, East One Hundred and Fifty-first street, East One Hundred and Fifty-second street, East One Hundred and Fifty-third street, East One Hundred and Fifty-fourth street, East One Hundred and Fifty-fifth street, East One Hundred and Fifty-sixth street, East One Hundred and Fifty-seventh street, East One Hundred and Sixty-first street, East One Hundred and Sixty-second street, East One Hundred and Sixty-third street, East One Hundred and Sixty-fourth street, East One Hundred and Sixty-fifth street, East One Hundred and Sixty-sixth street, East One Hundred and Sixty-seventh street, East One Hundred and Sixty-eighth street, East One Hundred

and Sixty-ninth street, East One Hundred and Seventieth street, Saint Paul's place, East One Hundred and Seventy-first street, Wendover avenue, East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, East One Hundred and Seventy-fifth street, East One Hundred and Seventy-sixth street, Tremont avenue, East One Hundred and Seventy-eighth street, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, East One Hundred and Eighty-second street, East One Hundred and Eighty-third street, East One Hundred and Eighty-fourth street, East One Hundred and Eighty-fifth street, East One Hundred and Eighty-sixth street, East One Hundred and Eighty-seventh street, East One Hundred and Eighty-eighth street, East One Hundred and Eighty-ninth street.

And such other highways, parkways, bridges, avenues, streets, lanes, public places, etc. (named and unnamed), as may be encountered in said route.

Sec. 2. The grant of this franchise is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets, avenues, highways, parkways and public places to the construction and operation of said railroad shall be obtained by the grantee, or in the event that such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railroad is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railroad by itself, and not the inclusion of any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successor or assigns. It shall be in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successor in authority. One disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder. The three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of the said franchise, right or privilege hereby granted, whether original or renewal, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the streets, avenues, roads, highways, public places, bridges and viaducts, including power house, equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York on the termination of this grant and the payment to the grantee of such valuation. Such payment shall be at a fair valuation of the said plant as property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment or its successors in authority.

Fourth—The New York City Inter-Borough Railway Company, its successor or assigns, shall pay for this franchise to The City of New York the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$15,000, and which shall be equal to three per cent. of its gross annual receipts, if such percentage shall exceed the sum of \$15,000; during the remaining twenty years of the term, an annual sum which shall not be less than \$30,000, and which shall be equal to five per cent. of its gross annual receipts, if such percentage shall exceed the sum of \$30,000; for the use of the four bridges described above, during the first term of five years the annual sum of \$4,000 for each bridge; during the second term of five years the annual sum of \$4,500 for each bridge; during the third term of five years the annual sum of \$5,000 for each bridge; during the fourth term of five years the annual sum of \$5,500 for each bridge; and during the last term of five years the annual sum of \$6,000 for each bridge.

Such sums shall be paid into the treasury of The City of New York on November 1 in each year, after the commencement of the operation of any portion of the railroad, provided, however, that the first payment shall only be for that portion of the above sums as the time of the commencement of operation of any portion of the road, before September 30th next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30th next preceding said date of payment, and the provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successor or assigns of a percentage of gross receipts within the meaning of any general or special statute, referring particularly to chapter 340 of the Laws of 1892.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sub-lease of the right or franchise hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute of the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property

therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York City Inter-Borough Railway Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The said railway may be operated by overhead electrical power substantially similar to the system of overhead electrical traction now in use by the Union Railway Company, or by the underground electric system now in use by the Metropolitan Street Railway Company, and by any other motive power except locomotive steam power or horse power which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property in accordance with the provisions of the Railroad Law. Provided, however, that as to such portions of the route of the said railroad which are within the limits of the Borough of Manhattan such railroad shall be operated as soon as practicable by underground electrical power substantially similar to the system of underground electrical traction now in use on the railroads in Second, Sixth, Eighth, Lenox and Madison avenues in the Borough of Manhattan. And, provided further, that the Board of Estimate and Apportionment, or its successor in authority, upon giving to the grantee, its successor or assigns, one year's notice in writing, may require it or them to operate its railroad upon the whole or upon any portion of its route by underground electrical power substantially similar to the system now in use on the railroads in the Borough of Manhattan above referred to, and thereupon to discontinue the use of the overhead trolley system and to remove its poles, wires and other structures used by it for that purpose from the streets, highways, bridges and public places of The City of New York.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Ninth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway shall be five cents, and said company shall not charge any passenger more than said sum for one continuous ride from any point on said railway or a line or branch operated in connection therewith to any point thereof, or of any connecting line or branch thereof, within the limits of The City of New York. The rates for the carrying of property upon the cars of the grantee shall in all cases be reasonable in amount and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successor or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The cars on the said lines as proposed shall run at intervals of not more than thirty minutes, both day and night, and as much oftener as the reasonable convenience of the public may require or as may be directed by the City ordinance.

Twelfth—The said railway company shall apply to each car run over said railway a proper fender and wheelguard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The said company shall at all times keep the street between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Fifteenth—The said railway company, as long as it shall continue to use any of the tracks upon said street, avenues, highways, parkways, public places, bridges or viaducts, shall have and keep in permanent repair that portion of the surface of said streets, avenues, highways, parkways, bridges and viaducts, between its tracks, the rails of its tracks and two feet in width outside of its tracks under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street, highway, parkway and public place and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper City officer at its own expense and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Sixteenth—The said railway company so long as it shall continue to use any of the tracks upon said streets, avenues, highways, bridges and viaduct shall cause to be watered the entire roadway of each of the above streets, avenues, highways, bridges and viaduct, except when the width shall exceed 60 feet shall be watered at least three times in every twenty-four hours when the thermometer is above 35 degrees Fahrenheit.

Seventeenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Eighteenth—If any of the streets, avenues, highways, public places or bridges above referred to, or described, shall not now be open or in use as public highways, no right or franchise shall vest in the grantee by virtue of this ordinance until after such streets, avenues, highways, public places or bridges shall be legally opened as a public highway. Nothing in this ordinance contained shall be construed as an obligation on The City of New York, in respect to the opening of such streets, avenues, highways, public places and bridges.

Sec. 3. This grant is also upon the further and express condition that the provisions of Article 4 of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted affecting the surface railroads operating in The City of New York shall be strictly complied with.

Sec. 4. The grant of this franchise shall not affect in any way the right of The City of New York to grant a similar franchise upon the same or other terms and conditions over the same bridges and their approaches, and the viaducts and over the streets and highways within a distance of 1,000 feet from the end of such approaches to said bridges and viaduct, to any

other person or corporation, and in such case the use of the street railway, including tracks, wires and other equipment constructed thereon by the New York City Inter-Borough Railway Company, aforesaid, shall be granted by such company to any person or corporation which The City of New York may hereafter grant the right of franchise to use any portion of such viaduct, such bridges and their approaches for the street railway purposes, upon payment of an annual sum which shall not exceed the legal interest on one-half the cost of the construction of such portion of such street railway, and the actual cost of the power necessary for the operation of the cars of such company thereon and one-half the cost of maintenance of the tracks, wires and other equipment of the New York City Inter-Borough Railway Company used by the said grantee, including the watering, paving and cleaning of streets from ice and snow and all the other duties imposed upon the New York City Inter-Borough Railway Company in connection with the maintenance of the portion of its road used by said grantee. And such persons and companies shall have the right to make all track and other connections which may be requisite and necessary to connect with the tracks of the grantee, its successors or assigns, it being intended by this provision to restrict to two the number of tracks upon the bridges above described and the approaches thereto, including the viaduct in West One Hundred and Fifty-fifth street.

Sec. 5. The portion of the route above described which passes over the One Hundred and Fifty-fifth Street Viaduct and the Central or Macomb's Dam Bridge and its approaches shall be operated by the grantee, its successors and assigns, solely upon the street railway, erected by the Union Railway Company of The City of New York, and not otherwise, and upon such terms of payment as may be agreed upon in the manner fixed by the provisions of a certain grant of a street railway franchise to such Union Railway Company of The City of New York, approved by the Board of Estimate and Apportionment, 1903, provided that such grant is accepted by said Union Railway Company and in case such grant shall not be accepted by such company then the operation of the Inter-Borough Railway Company over such bridge and viaduct shall be carried on in such manner as may be provided to by subsequent legislation.

Sec. 6. Said railway company shall commence construction within six months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the City officials and departments, and shall complete the construction of at least twenty-four miles of double-track railway on or before July 1, 1905, otherwise this grant shall be forfeited. Provided that such time may be extended under and for causes specified in section 99 of the Railroad Law, and the Board of Estimate and Apportionment may extend such time for period or periods not exceeding one year if, in their discretion, it seems best so to do, and that the City officials or departments who or which shall at the time of such construction have authority over the said avenues, streets, roads, highways, bridges and viaducts may extend such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the City officials.

Sec. 7. This grant is upon the express condition that The New York City Inter-Borough Railway Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of fifty thousand dollars, either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railroad and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice, in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headways of cars, fenders and wheel guards and the heating of the cars and the watering of the street pavement, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of fifty thousand dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 8. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York.

Sec. 9. This ordinance shall take effect immediately.

Office of the City Clerk, City Hall,  
New York, February 6, 1903.

The foregoing proposed ordinance and grant of franchise was approved by resolution of the Board of Estimate and Apportionment adopted January 30, 1903. It was received by the Board of Aldermen February 3, 1903, and on that day a resolution was adopted by the Board of Aldermen appointing the 17th day of February, 1903, for the consideration of the subject matter of such ordinance.

P. J. SCULLY, City Clerk.

OFFICE OF THE CITY CLERK, CITY HALL, NEW YORK, February 17, 1903.

The further consideration of this ordinance was postponed, and the next meeting of the Board of Aldermen will take place on Tuesday next, the 24th inst.

P. J. SCULLY, City Clerk.

## DEPARTMENT OF BRIDGES.

DEPARTMENT OF BRIDGES, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR PROPOSALS WILL BE received by the Commissioner of Bridges at the above office until 12 o'clock noon on

THURSDAY, MARCH 12, 1903.

FOR FURNISHING AND DELIVERING 37,000 LINEAR FEET OF WEATHER-PROOF INSULATED COPPER FEED WIRE.

The time of delivery of such articles, materials and supplies, and the performance of the contract, is within thirty days after the contract is awarded. Delivery will be required to be made from time to time and in such quantities as may be directed by the Commissioner.

The amount of security required is three thousand dollars (\$3,000).

The bidders will state the price of each item per linear foot. The extensions must be made and footed up, as the bids will be read from the total and the contract awarded to the lowest bidder. Blank forms and further information may be obtained at the office of the Department of Bridges.

G. LINDENTHAL, Commissioner of Bridges.  
f25, m12

## DEPARTMENT OF STREET CLEANING.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1421, NOS. 13-21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office, until two o'clock p. m., on

FRIDAY, FEBRUARY 27, 1903.

Borough of Brooklyn.

FOR FURNISHING AND DELIVERING 200 ASH CARTS.

The time for the delivery of the articles, materials and supplies and the performance of the contract is ninety (90) days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate. The bidder will state the price of each article contained in the specifications or schedules herein contained or hereto annexed, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13-21 Park Row.

JOHN MCG WOODBURY, Commissioner of Street Cleaning.  
Dated February 10, 1903. f13, 27

See General Instructions to Bidders on the last page, last column, of the "City Record."

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1421, NOS. 13-21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office, until 2 o'clock p. m., on

WEDNESDAY, FEBRUARY 25, 1903.

Boroughs of Manhattan and The Bronx.  
FOR FURNISHING AND DELIVERING HARDWARE.

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before December 31, 1903.

The amount of security required is 50 per cent. (50%) of the amount of bid or estimate. The bidder will state the price of each item or article contained in the specifications, per pound or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each class, and awards made to the lowest bidder on each class.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13-21 Park Row.

JOHN MCG WOODBURY, Commissioner of Street Cleaning.  
Dated February 9, 1903. f12, 25

The bidder will state the price of each article contained in the specification or schedule herein contained or hereto annexed, per pound, gram, dozen, yard or other unit of measure by which the bids will be tested. The extension must be made, as the bid will be read from the total for each item and award made to the lowest bidder.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms may be obtained at the office of the Board, Bellevue Hospital, East Twenty-sixth street, Borough of Manhattan.

JOHN W. BRANNAN, President of the Board of Trustees Bellevue and Allied Hospitals.

Feb. 20, 1903. f25, m9  
See General Instructions to Bidders on the last page, last column, of the "City Record."

BOARD OF TRUSTEES OF BELLEVUE AND ALLIED HOSPITALS, BOROUGH OF MANHATTAN AND THE BRONX, EAST TWENTY-SIXTH STREET, NEW YORK, 1903.

## AUCTION SALE.

THE UNDERSIGNED WILL SELL AT PUBLIC AUCTION, at Office of Bellevue Hospital, East Twenty-sixth street, on

WEDNESDAY, MARCH 4, 1903,  
at 3.30 p. m.

the following, viz.:

GREASE (estimated), 12,000 pounds.  
BONES (estimated), 18,000 pounds.  
RAW FAT (estimated), 14,000 pounds.  
OLD IRON (estimated), 40,000 pounds.  
BARRELS (estimated), 150.  
OLD BRASS (estimated), 300 pounds.

All the above to be received by the purchaser monthly at Bellevue Hospital, foot of East Twenty-sixth street, and removed upon notification being made to him that same are ready for delivery. Quantities marked "estimated" are for the accumulation of year 1903, and contracts based on such quantities are for such period of time.

All quantities to be more or less and estimated only.

All qualities to be "as are."

Assignments of contracts will not be recognized unless approved by the Board of Trustees. Each successful bidder will be required to pay twenty-five per cent. of the estimated amount of his purchase to me at the time and place of sale, and the balance to W. Mabon, Superintendent, in cash or a certified check on a New York City bank, upon delivery of the goods.

The Board of Trustees reserves the right to order resale of any goods that shall NOT have been removed by the purchaser within TEN days after he shall have been notified that they are ready, and in case of such resale to forfeit to the use of the Board of Trustees the TWENTY-FIVE PER CENT. paid in at the time and place of sale. Goods can be examined at Bellevue Hospital by intending bidders on any week day before the day of sale.

JOHN W. BRANNAN, President of the Board of Trustees, Bellevue and Allied Hospitals.

## DEPARTMENT OF TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANHATTAN, No. 280 BROADWAY, STEWART BUILDING, JANUARY 12, 1903.

NOTICE IS HEREBY GIVEN, AS REQUIRED BY THE GREATER NEW YORK CHARTER, that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, comprising The City of New York," will be open for examination and correction on the second Monday of January, and will remain open until the

### FIRST DAY OF APRIL, 1903.

During the time that the books are open to public inspection, application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the main office of the Department of Taxes and Assessments, No. 280 Broadway.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third Avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson Avenue and Fifth Street, Long Island City.

In the Borough of Richmond, at the office of the Department, Masonic Building, Stapleton.

Corporations in all the boroughs must make application only at the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the borough where such person resides, and in the case of a non-resident carrying on business in The City of New York, at the office of the Department of the borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturday, when all applications must be made between 10 a. m. and 12 noon.

JAMES L. WELLS, President.  
WILLIAM S. COGSWELL,  
GEORGE J. GILLESPIE,  
SAMUEL STRASSBURGER,  
RUFUS L. SCOTT,  
Commissioners of Taxes and Assessments.

LOUIS F. HAFEN, President.

THE CITY OF NEW YORK, FEBRUARY 20, 1903.

See General Instructions to Bidders on the last page, last column, of the "City Record."

## SUPREME COURT.

### SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening EAST FIFTH STREET, from Vanderbilt street to Ditmas Avenue, in the Twenty-ninth Ward, in the Borough of Brooklyn, in The City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings in the County Courthouse in the Borough of Brooklyn, in The City of New York, on the 7th day of March, 1903, at the opening of court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York for the use of the public to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as East Fifth street, from Vanderbilt street to Ditmas Avenue, in the Twenty-ninth Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening East Fifth street, from Vanderbilt street to Ditmas Avenue, as aforesaid, are shown on a map known as the General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatlands and New Lots, in the County of Kings, prepared by the Town Survey Commissioners pursuant to an act of the Legislature passed May 1, 1860, and the several acts amendatory thereof, and filed in the office of the Register of the County of Kings, in the year 1874, now incorporated with and forming part of the map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn and signed by William C. Redfield, Commissioner of Public Works; George W. Tillson, Chief Engineer, and George J. Bischof, Assistant Engineer in Charge, and dated January 27, 1903, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 28th day of January, 1903.

Dated BOROUGH OF BROOKLYN, CITY OF NEW YORK, the 24th day of February, 1903.

GEORGE L. RIVES, Corporation Counsel.  
Borough Hall, Brooklyn, N. Y. F24,m6

### SECOND JUDICIAL DISTRICT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the northwesterly corner of NORMAN AVENUE and LEONARD STREET, in the Borough of Brooklyn, in The City of New York, duly selected as a site for a public library according to law.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court, at a Special Term thereof, for the hearing of motions, to be held at the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 6th day of March, 1903, at the calling of the calendar on that day, for the appointment of three Commissioners of Estimate and Appraisal, to ascertain and appraise the compensation to be made to the owners or persons interested in certain lands and premises selected as a site for a public library, in the Borough of Brooklyn, in The City of New York, bounded and described as follows:

"Beginning at the corner formed by the intersection of the westerly line of Norman Avenue with the northerly line of Leonard street; running

thence northerly along the westerly line of Norman Avenue 104 feet 7 3/4 inches; thence westerly and parallel with Leonard street 18 feet; thence southerly and parallel with Norman Avenue 104 feet 7 3/4 inches to the northerly line of Leonard street, and thence easterly along the northerly line of Leonard street 18 feet to the point or place of beginning."

Dated New York, February 18, 1903.  
GEORGE L. RIVES, Corporation Counsel,  
No. 2 Tryon Row, Borough of Manhattan,  
City of New York. F20,m4

### SECOND JUDICIAL DISTRICT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the southeasterly side of NOLL STREET, distant two hundred feet west of Central Avenue, in the Twenty-seventh Ward, of the Borough of Brooklyn, in The City of New York, duly selected as a site for school purposes according to law.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court, at a Special Term thereof, for the hearing of motions, to be held at the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 6th day of March, 1903, at the calling of the calendar on that day, for the appointment of three Commissioners of Estimate and Appraisal to ascertain and appraise the compensation to be made to the owners or persons interested in certain lands and premises selected as a site for school purposes in the Borough of Brooklyn, in The City of New York, bounded and described as follows:

Beginning at a point on the southerly line of Noll street distant two hundred feet westerly from the westerly line of Central Avenue; running thence southerly and parallel with Central Avenue one hundred feet; thence westerly and parallel with Noll street fifty feet; thence northerly and again parallel with Central Avenue one hundred feet to the southerly line of Noll street; thence easterly along the southerly line of Noll street fifty feet to the point or place of beginning.

Dated New York, February 18, 1903.  
GEORGE L. RIVES, Corporation Counsel,  
No. 2 Tryon Row, Borough of Manhattan,  
City of New York. F20,m4

### SECOND JUDICIAL DISTRICT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the northwesterly side of LOCKWOOD STREET and the southeasterly side of ACADEMY STREET two hundred feet and two inches west of Grand Avenue, in the First Ward of the Borough of Queens, in The City of New York, duly selected as a site for school purposes according to law.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court, at a Special Term thereof, for the hearing of motions to be held at the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 6th day of March, 1903, at the calling of the calendar on that day for the appointment of three Commissioners of Estimate and Appraisal to ascertain and appraise the compensation to be made to the owners or persons interested in certain lands and premises selected as a site for school purposes in the Borough of Queens, in The City of New York, bounded and described as follows:

Beginning at a point on the southeasterly side of Academy street distant two hundred feet and two inches southwest from the corner formed by the intersection of the southeasterly side of Academy street with the southwesterly side of Grand Avenue; running thence in a southeasterly direction and parallel with Grand Avenue two hundred feet two and a half inches to the northwesterly side of Lockwood street; thence in a southwesterly direction fifty feet and one-half inch along the said northwesterly side of Lockwood street; thence in a northwesterly direction and parallel with Grand Avenue two hundred feet two and one-half inches to the southeasterly side of Academy street; thence in a northeasterly direction along the southeasterly side of Academy street fifty feet and one-half inch to the point or place of beginning.

Dated New York, February 18, 1903.  
GEORGE L. RIVES, Corporation Counsel,  
No. 2 Tryon Row, Borough of Manhattan,  
New York City. F20,m4

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening SEVENTY-SEVENTH STREET, from Shore road to Seventh Avenue, in the Thirtieth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment, in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, Rooms 22 and 23, Borough Hall, in the Borough of Brooklyn, in The City of New York, or where-soever our office shall then be, on or before the 14th day of March, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of March, 1903, at 3.30 p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, Rooms 22 and 23, Borough Hall, in the Borough of Brooklyn, in The City of New York, to remain on file in said Bureau until the 23d day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the easterly side of Shore road where the same intersects the centre line of the block between Seventy-fifth street and Seventy-seventh street; running thence easterly along the centre line of the block to the westerly side of Narrows Avenue; running thence southerly along the westerly side of Narrows Avenue to a point opposite the centre line of the block between Seventy-sixth street and Seventy-seventh street; running thence easterly along the centre line of the block between Seventy-sixth

street and Seventy-seventh street to the westerly side of Seventh Avenue; running thence southerly along the westerly side of Seventh Avenue to the centre line of the block between Seventy-seventh street and Seventy-eighth street; running thence westerly along the centre line of the block between Seventy-seventh street and Seventy-eighth street to the westerly side of Narrows Avenue; running thence southerly along the westerly side of Narrows Avenue to the centre line of the block between Seventy-seventh street and Seventy-ninth street; running thence westerly along the centre line of the block between Seventy-seventh street and Seventy-ninth street to the easterly side of shore road; running thence northerly along the easterly side of Shore road to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 18th day of April, 1903, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, February 20, 1903.

ANDREW B. MARTIN, Chairman;  
JOSEPH F. McKEON,  
BERNARD L. MINTZ,  
Commissioners.  
CHARLES S. TABER, Clerk. F20,m10

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening FREEMAN STREET from Provost street to Whale Creek canal in the Seventeenth Ward, in the Borough of Brooklyn, in The City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 7th day of March, 1903, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York for the use of the public to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Freeman street from Provost street to Whale Creek canal in the Seventeenth Ward in the Borough of Brooklyn in The City of New York.

The lands required for the purpose of opening Freeman street from Provost street to Whale Creek canal, as aforesaid, are shown on the map or plan of the City of Brooklyn, now incorporated with and forming part of the map or plan of The City of New York, and are also shown on a map of that portion of said street affected by these proceedings, made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn and signed by William C. Redfield, Commissioner of Public Works; Geo. W. Tillson, Chief Engineer, and Geo. J. Bischof, Assistant Engineer in Charge, and dated February 11, 1903, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 16th day of February, 1903.

Dated BOROUGH OF BROOKLYN, CITY OF NEW YORK, the 20th day of February, 1903.

GEORGE L. RIVES, Corporation Counsel,  
F20, m4 Borough Hall, Brooklyn, N. Y.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, where-ever the same has not been heretofore acquired, to DAVIDSON AVENUE (although not yet named by proper authority), from East One Hundred and Seventy-seventh street to Fordham road, and from East One Hundred and Ninetieth street (St. James street) to Kingsbridge road, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment, in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of March, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of March, 1903, at 11 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the intersection of the north-easterly prolongation of a line parallel with and 100 feet northwesterly from the northwesterly line of Grand Avenue with a line parallel with and 350 feet northwesterly from the northeasterly line of Kingsbridge road; thence southeasterly along said parallel line to Kingsbridge road to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Jerome Avenue; thence southeasterly by said last-mentioned parallel line to its intersection with the easterly prolongation of the middle line of a block between East One Hundred and Seventy-sixth street and East One Hundred and Seventy-seventh street, lying between Jerome Avenue and Grand Avenue; thence westerly along said easterly prolongation and middle line of the block and its prolongation westwardly to its intersection with a line parallel to and 100 feet westerly from the westerly line of Grand Avenue; thence northerly and northeasterly along said parallel line to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such, area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of The State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Courthouse, in the Borough of Manhattan,

in the City of New York, on the 7th day of May, 1903, at the opening of the court on that day.  
Dated BOROUGHS OF MANHATTAN, NEW YORK,  
December 20, 1902.

HENRY THOMPSON, Chairman,  
JAMES OWENS,  
JOHN W. BROWNE,  
Commissioners.

JOHN P. DUNN, Clerk.

### FIRST DEPARTMENT.

In the matter of the application of the Board of Education, by the Corporation Counsel of The City of New York, relative to acquiring title by The City of New York to certain lands on the SOUTHERLY SIDE OF FIFTY-SEVENTH STREET, between Second and Third avenues, in the Nineteenth Ward of said City, Borough of Manhattan, duly selected and approved as a site for school purposes, under and in pursuance of the provisions of chapter 191 of the Laws of 1888, and the various statutes amendatory thereof and other statutes relating thereto.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate in the above-entitled matter, hereby give notice to the owner or owners, lessee or lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands or premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education for the inspection of whomsoever it may concern.  
Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, February 19, 1903, file their objections to such estimate in writing with us, at our office, Room No. 401, at No. 258 Broadway, in the Borough of Manhattan, in the said City, and we, the said Commissioners, will hear parties so objecting at our said office, on the 6th day of March, 1903, at 3 o'clock in the afternoon, and upon such subsequent days as may be found necessary.

Third—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held in Part III, in the County Courthouse, in the City of New York, Borough of Manhattan, on the 10th day of March, 1903, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that said report be confirmed.

Dated New York, February 18, 1903.  
WILLIAM P. BURR,  
BERNARD F. MARTIN,  
JOHN J. QUINLAN,  
Commissioners.

JOSEPH M. SCHENCK, Clerk.

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to HOMECREST AVENUE, from Avenue T to Gravesend Neck road, in the Thirty-first Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 12th day of May, 1902, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 20th day of May, 1902, and indexed in the Index of Conveyances in section 22, blocks 7396, 7397, 7374, 7373, 7344, 7345, 7316, 7317, 7291, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in the City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of March, 1903, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated BOROUGHS OF BROOKLYN, THE CITY OF NEW YORK, February 18, 1903.

ARTHUR C. SALMON,  
J. PHILIP BERG,  
Commissioners.

CHARLES S. TABER, Clerk.

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to an addition to PROSPECT PARK, at the Willink entrance, in the Twenty-ninth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT JULIAN D. FAIRCHILD, Thomas D. Hoxsey and Ezra D. Bushnell were appointed by an order of the Supreme Court made and entered the 13th day of February, 1903, Commissioners of Estimate and Assessment in the above-entitled proceeding.

Notice is also given that the above-named Commissioners will attend at a Special Term for the hearing of motions, appointed to be held at the Kings County Courthouse, in the Borough of Brooklyn, The City of New York, on the 22d day of March, 1903, on the opening of the Court on that day, or as soon thereafter as counsel can be heard; and at said time and place, or at such other time and place as the Court may direct, the said Commissioners may be examined under oath as to their qualifications to act, and are subject to challenge by any party or person interested in this proceeding, as provided by section 973 of title

4 of chapter XVII. of the Charter of The City of New York.

Dated NEW YORK, BOROUGHS OF BROOKLYN, February 17, 1903.  
GEORGE L. RIVES, Corporation Counsel.

116, 28

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to EAST EIGHTH STREET, from Avenue T to Gravesend Neck road, in the Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN THAT AN APPLICATION will be made to the Supreme Court at a Special Term thereof for the hearing of motions to be held in the Kings County Court house, Borough of Brooklyn, on the 28th day of February, 1903, at the opening of the Court on that day, or as soon thereafter as counsel can be heard for an order amending above-entitled proceeding by excluding the property shown on the title map and damage map herein as lying within the lines of Avenue T, pursuant to the provisions of section 974 in the Charter of The City of New York.

Dated February 16, 1903.  
GEORGE L. RIVES, Corporation Counsel,  
Borough Hall, Brooklyn, N. Y. 116, 27

### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to NORTHERN AVENUE (although not yet named by proper authority), from West One Hundred and Eighty-first street to points 784.3 feet and 756.23 feet northerly therefrom, in the Twelfth Ward, Borough of Manhattan, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III thereof, in the County Courthouse, in the Borough of Manhattan, in the City of New York, on Friday, the 27th day of February, 1903, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as Northern Avenue, from West One Hundred and Eighty-first street to points 784.3 feet and 756.23 feet northerly therefrom, in the Twelfth Ward, Borough of Manhattan, City of New York, being the following-described lots, pieces or parcels of land, viz:

Beginning at a point in the northerly line of West One Hundred and Eighty-first street, distant 469.62 feet easterly, as measured along the northerly line of said street, from Boulevard Lafayette;

1st. Thence northerly deflecting 13 degrees 51 minutes and 35 seconds to the right from the northerly prolongation of the radius drawn through the point of beginning, for 784.30 feet;

2d. Thence easterly deflecting to the right 105 degrees 10 minutes 43 seconds for 62.17 feet;

3d. Thence southerly deflecting to the right 74 degrees 49 minutes 17 seconds for 756.23 feet to the northerly line of West One Hundred and Eighty-first street;

4th. Thence westerly along the northerly line of West One Hundred and Eighty-first street for 61.17 feet to the point of beginning.

Said street to be 60 feet wide between West One Hundred and Eighty-first street and points 756.23 and 784.30 feet northerly.

Northern Avenue, from West One Hundred and Eighty-first street to points 784.3 feet and 756.23 feet northerly therefrom, is shown on a map entitled "Plan and profile showing the laying out of Northern Avenue, from the northerly line of West One Hundred and Eighty-first street to points 784.30 feet and 756.23 feet northerly therefrom, in the Twelfth Ward, Borough of Manhattan, City of New York, as amendatory to the map of Northern Avenue, approved November 8, 1901, and filed November 20, 1901, by the Board of Public Improvements, which map is hereby abolished." Filed in the offices of the Corporation Counsel, Register of the County of New York and President of the Borough of Manhattan on or about the 27th day of October, 1902.

The land to be taken for Northern Avenue, from West One Hundred and Eighty-first street to points 784.3 feet and 756.23 feet northerly therefrom, is located in Block 2179 of section 8 of the Land Map of The City of New York.

Dated New York, February 14, 1903.  
GEORGE L. RIVES, Corporation Counsel,  
No. 2 Tryon Square, Borough of Manhattan, New York City. 116, 27

### SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title to FLATLANDS AVENUE, from Flatbush Avenue to the Pargat basin, in the Thirty-second Ward in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 12th day of May, 1902, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 20th day of May, 1902, and indexed in the Index of Conveyances in Section 25, Block 8338, and Section 23, Blocks 7817, 7861, 7821, 7822, 7840, 7841, 7842, 7843, 7824, 7825, 7826, 7827, 7828, 7829, 7797, 7793, 7762, 7784, 7783, 7782, 7781, 7780, 7779, 7802, 7801, 7800, 7799, 7798, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in the City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of March, 1903, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of March, 1903, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated, BOROUGHS OF BROOKLYN, THE CITY OF NEW YORK, February 16, 1903.  
ANDREW LEMON,  
REVILLO WELLS,  
CHAS. BRADSHAW,  
Commissioners.

CHARLES S. TABER, Clerk.

### SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title to WILLIAMS AVENUE, from Sutter Avenue to Livonia Avenue, in the Twenty-sixth Ward in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 17th day of June, 1902, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 10th day of June, 1902, and indexed in the Index of Conveyances in Section 12, Blocks 3767, 3768, 3784, 3785, 3801, 3802, 3818, 3819, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in the City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of March, 1903, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated, BOROUGHS OF BROOKLYN, THE CITY OF NEW YORK, February 16, 1903.  
BRUCE R. DUNCAN,  
ADOLPH VANREIN,  
ARTHUR BECKWITH,  
Commissioners.

CHARLES S. TABER, Clerk.

### SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title to EIGHTH STREET, from Eighth Avenue to Prospect Park West (Ninth Avenue), in the Twenty-second Ward in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 10th day of January, 1903, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 12th day of January, 1903, and indexed in the Index of Conveyances in Section 4, Blocks 1088, 1090, 1089, 1091, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in the City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of March, 1903, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated, BOROUGHS OF BROOKLYN, THE CITY OF NEW YORK, February 16, 1903.  
FREDERICK CORB,  
HENRY W. ROZELL,  
FRANK J. PRICE,  
Commissioners.

CHARLES S. TABER, Clerk.

### SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title to GRANT AVENUE, from Liberty Avenue to Conduit Avenue, in the Twenty-sixth Ward in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 17th day of June, 1902, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 10th day of June, 1902, and indexed in the Index of Conveyances in Section 13, Blocks 4239, 4240, 4241, 4222, 4223, 4203, 4204, 4182, 4183, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in the City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of March, 1903, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated, BOROUGHS OF BROOKLYN, THE CITY OF NEW YORK, February 16, 1903.

JOHN B. SHANAHAN,  
FENWICK W. BERGEN,  
JAMES LANGAN,  
Commissioners.

CHARLES S. TABER, Clerk.

### FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening CLAY AVENUE (although not yet named by proper authority), from Park Avenue (Railroad Avenue, West) to Webster Avenue, as the same has been heretofore laid out and designated as a first-class street or road in the Twenty-third and Twenty-fourth Wards of The City of New York.

NOTICE IS HEREBY GIVEN THAT THE supplemental and additional bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held at the County Courthouse, in the Borough of Manhattan, in the City of New York, on the 27th day of February, 1903, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said supplemental and additional bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by the provisions of section 999 of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated, BOROUGHS OF MANHATTAN, NEW YORK, February 13, 1903.

LYMAN H. LOW,  
JOHN J. QUINLAN,  
Commissioners.

JOHN P. DUNN, Clerk.

### FIRST JUDICIAL DISTRICT.

In the matter of acquiring title by The City of New York to certain lands and premises situated in the block bounded by CHERRY STREET, WATER STREET, PIKE SLIP and MARKET SLIP, and in the block bounded by MONROE STREET, CHERRY STREET, PIKE STREET and MARKET STREET, in the Borough of Manhattan, in the City of New York, duly selected according to law with other lands as a site for the construction and permanent location of a suspension bridge over the East river, between the Cities of New York and Brooklyn, now the Boroughs of Manhattan and Brooklyn, in the City of New York, known as the Manhattan Bridge (Bridge No. 3).

NOTICE IS HEREBY GIVEN THAT IT is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court, at a Special Term, Part III, at the County Courthouse, in the Borough of Manhattan, in the City of New York, on the 26th day of February, 1903, at the calling of the calendar on that day, for the appointment of three Commissioners of Estimate and Appraisal to ascertain and appraise the compensation to be made to the owners or persons interested in certain lands and premises in the Borough of Manhattan, in the City of New York, the fee of which is to be acquired by The City of New York for the purpose of the construction, maintenance and operation of a bridge over the East river, between the Boroughs of Manhattan and Brooklyn, known as Manhattan Bridge.

The property taken in this proceeding is situated in the Borough of Manhattan, and bounded and described as follows:

Parcel No. 1.

Beginning at a point formed by the intersection of the southerly side of Cherry street with the westerly side of Pike Slip, and running thence along Pike Slip south six degrees fifty-four minutes and twenty-five seconds east (S. 6 deg. 54 min. 25 sec. E.), one hundred and nineteen and ninety-eight hundredths (119.98) feet to the northerly side of Water street; thence along the northerly side of Water street south seventy-eight degrees twenty-eight minutes and twenty-five seconds west (S. 78 deg. 28 min. 25 sec. W.), one hun-

dred and sixty-nine and eighty-eight hundredths (169.88) feet; thence north twenty-three degrees west (N. 23 deg. W.), one hundred and twenty-two and twenty-three hundredths (122.23) feet to the southerly side of Cherry street; thence along the southerly side of Cherry street north seventy-eight degrees thirty-one minutes and forty-five seconds east (78 deg. 31 min. 45 sec. E.), two hundred and three and eighty-six hundredths (203.86) feet to the point of beginning.

#### Parcel No. 2.

Beginning at the point made by the intersection of the southerly side of Monroe street with the easterly side of Mechanics alley, and running thence along the easterly side of Mechanics alley south five degrees twenty minutes and forty-two seconds west (S. 5 deg. 20 min. 42 sec. W.), thirty-four and fifty-four hundredths (34.54) feet; thence south twenty-three degrees east (S. 23 deg. E.), forty-five and seventy-one hundredths (45.71) feet; thence to the southeast, on a curve of fifty-eight and six hundredths (58.06) feet radius seventy-four and twenty-one hundredths (74.21) feet; thence north eighty-three degrees forty-five minutes and fifty-three seconds east (N. 83 deg. 45 min. 53 sec. E.), sixty-two (62.0) feet to the westerly side of Pike street; thence along the westerly side of Pike street south six degrees nineteen minutes and twenty-four seconds east (S. 6 deg. 19 min. 24 sec. E.), one hundred and fifty-three and sixty-two hundredths (153.62) feet to the northerly side of Cherry street; thence along the northerly side of Cherry street south seventy-eight degrees thirty-one minutes and forty-five seconds west (S. 78 deg. 31 min. 45 sec. W.), two hundred sixty-one and eighty-eight hundredths (261.88) feet; thence north twenty-three degrees west (N. 23 deg. W.) fifty-nine and fifty-seven hundredths (59.57) feet; thence to the east on a curve of sixty-nine and eighty-three hundredths (69.83) feet radius forty-eight and two hundredths (48.02) feet; thence north sixteen degrees twenty-four minutes and fourteen seconds east (N. 16 deg. 24 min. 14 sec. E.) thirteen and one hundredths (13.01) feet; thence to the west on a curve of sixty-nine and eighty-three hundredths (69.83) feet radius forty-eight and two hundredths (48.02) feet; thence north twenty-three degrees west (N. 23 deg. W.) one hundred and forty (140) feet to the southerly side of Monroe street; thence north eighty-three degrees forty-five minutes and fifty-three seconds east (N. 83 deg. 45 min. 53 sec. E.), one hundred and seventy-eight and four hundredths (178.04) feet to the point of beginning.

Dated New York, February 11, 1903.

GEORGE L. RIVES, Corporation Counsel, No. 2 Tryon Row, Borough of Manhattan, New York City. f13,24

#### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the EAST APPROACH OF THE CITY ISLAND BRIDGE, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 4th day of March, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 6th day of March, 1903, at 10 o'clock a. m.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 14th day of March, 1903.

Third—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Courthouse, in the Borough of Manhattan, in the City of New York, on the Twenty-third day of April, 1903, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, January 12, 1903.

DAVID G. YUENGLING,  
ED. J. MCGOLDRICK,  
ISAAC BELL BRENNAN,  
Commissioners.

JOHN P. DUNN, Clerk. f11, m3

#### FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening EAST ONE HUNDRED AND SEVENTEETH STREET (although not yet named by proper authority), from Jerome avenue to the western approach of the Concourse, and from the eastern approach to the Concourse to Morris avenue, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-third and Twenty-fourth Wards of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 17th day of March, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 20th day of March, 1903, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 27th day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City

of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly line of Boscobel avenue with a line parallel to and 100 feet northeasterly from the northeasterly line of West One Hundred and Sixty-ninth street; running thence northeasterly along said parallel line to its intersection with the middle line of the blocks between Shakespeare avenue and Nelson avenue; thence northeasterly along said middle line to its intersection with the northeasterly prolongation of a line parallel to and 100 feet northeasterly from the northeasterly line of Jessup place; thence southeasterly along said prolongation and parallel line and its southeasterly prolongation to its intersection with a line parallel to and 100 feet northeasterly from the northeasterly line of Cromwell avenue; thence northeasterly along said parallel line to its intersection with the northeasterly prolongation of the middle line of Rockwood street; thence southeasterly along said prolongation to its intersection with the middle line of the blocks between Jerome avenue and Inwood avenue; thence southwesterly along said middle line to its intersection with the middle line of the block between West One Hundred and Seventy-second street and McComb's road; thence southeasterly along said last-mentioned middle line to its intersection with the northeasterly line of Jerome avenue; thence easterly in a straight line to a point formed by the intersection of the southeasterly line of Jerome avenue with the middle line of the blocks between East One Hundred and Seventy-first street and East One Hundred and Seventy-second street; thence southeasterly along said middle line of the blocks and its prolongation to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Teller avenue; thence southwesterly along said parallel line to its intersection with the southeasterly prolongation of the middle line of the blocks between Marcy place and Clarke place; thence northwesterly along said prolongation and middle line and its northwesterly prolongation to its intersection with the northwesterly line of Cromwell avenue; thence westerly to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit map deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Courthouse, in the Borough of Manhattan, in the City of New York, on the 14th day of April, 1903, at the opening of the court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, February 6, 1903.

JOHN LARKIN, Chairman,  
CHARLES B. PAGE, Commissioner.  
JOHN P. DUNN, Clerk. f24, m13

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening ROCHESTER AVENUE, from East New York avenue to the former city line of the City of Brooklyn, in the Twenty-ninth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, Rooms Nos. 22 and 23, Borough Hall, in the Borough of Brooklyn, in the City of New York, or wheresoever our office shall then be in said Borough of Brooklyn, on or before the 2d day of March, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of March, 1903, at 11 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, Rooms Nos. 22 and 23, Borough Hall, in the Borough of Brooklyn, in the City of New York, to remain on file in said Bureau until the 9th day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point where the line dividing the Twenty-fourth Ward and the Twenty-ninth Ward in the Borough of Brooklyn is intersected by a line drawn parallel to Rochester avenue and distant 200 feet easterly therefrom; and running thence southerly and along said line drawn parallel to and distant 200 feet easterly from Rochester avenue to a point in East New York avenue where said last-mentioned line would be intersected by the centre line of the block between East Ninety-fourth street and East Ninety-fifth street, as laid down on the Commissioners' Map of the County of Kings, if said line were extended northerly into East New York avenue; and running thence southerly and along the centre line of the block between East Ninety-fourth and East Ninety-fifth streets, as extended to the centre line of Rutland road, as laid down on the Commissioners' Map of the County of Kings; and running thence westerly along the centre line of Rutland road to a point opposite the centre of the block between East Ninety-second and East Ninety-third streets, as laid down on said Commissioners' Map; and running thence northerly along the centre line of the block between East Ninety-second and East Ninety-third streets, to a point about 18 feet southerly from the southerly side of East New York avenue; running thence westerly on a course which, if continued, would meet the westerly corner of East New York avenue and Montgomery street, and extending along said course to a point where it is intersected by a line drawn parallel to Rochester avenue and distant 200 feet westerly therefrom; and running thence northerly and along said line drawn parallel to Rochester avenue and distant 200 feet westerly therefrom to the dividing line between the Twenty-fourth and Twenty-ninth Wards of the Borough of Brooklyn; and running thence easterly and along said dividing line between the Twenty-fourth and Twenty-ninth Wards to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse, in the Borough of Brooklyn, in The City of New

York, on the 21st day of March, 1903, at the opening of the court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, February 9, 1903.

JAMES GRAHAM, Chairman;  
CHAS. D. PEARSON,  
GEORGE M. JANVRIN,  
Commissioners.

CHAS. S. TABER, Clerk. f9,27.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening THIRTEENTH AVENUE, from Seventy-third street to Eighty-sixth street, in the Thirtieth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, Rooms Nos. 22 and 23, Borough Hall, in the Borough of Brooklyn, in the City of New York, or wheresoever our office shall then be in said Borough of Brooklyn, on or before the 2d day of March, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 3d day of March, 1903, at 10 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, Rooms Nos. 22 and 23, Borough Hall, in the Borough of Brooklyn, in the City of New York, to remain on file in said Bureau until the 11th day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Seventy-third street, where the same intersects the centre line of the block between Thirteenth avenue and Fourteenth avenue; running thence southerly and parallel with Thirteenth avenue to the northerly side of Eighty-sixth street; running thence westerly along the northerly line of Eighty-sixth street to the centre line of the block between Thirteenth avenue and Twelfth avenue; running thence northerly along the centre line of the block between Thirteenth avenue and Twelfth avenue, to the southerly side of Seventy-third street; running thence easterly along the southerly side of Seventy-third street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 21st day of March, 1903, at the opening of the court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, February 9, 1903.

FRANK GALLAGHER, Chairman;  
EDWARD A. DUBEY,  
JOHN H. FARRELL,  
Commissioners.

CHAS. S. TABER, Clerk. f9,27.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening PARROTT PLACE, from Seventh avenue to Ninety-second street, in the Thirtieth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, Rooms Nos. 22 and 23, Borough Hall, in the Borough of Brooklyn, in the City of New York, or wheresoever our office shall then be in said Borough of Brooklyn, on or before the 2d day of March, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 5th day of March, 1903, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, Rooms Nos. 22 and 23, Borough Hall, in the Borough of Brooklyn, in the City of New York, to remain on file in said Bureau until the 11th day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly side of Ninety-second street, where the same intersects the centre line of the block between Battery avenue and Parrott place; running thence northerly and parallel with the westerly side of Parrott place to a line which, when drawn parallel to Eighty-eighth street, would be 135 feet, more or less, northerly of Eighty-eighth street; running thence easterly and parallel with Eighty-eighth street to a point where Seventh avenue meets Parrott place; thence southerly along the line of the westerly side of Seventh avenue to the northerly side of Ninetieth street; running thence westerly along the northerly side of Ninetieth street to the centre line of the block between Seventh avenue and Parrott place; running thence southerly in a direct line dividing Parrott place and Seventh avenue to the northerly side of Ninety-second street; thence westerly along the northeasterly side of Ninety-second street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of

the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 21st day of March, 1903, at the opening of the court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, February 9, 1903.

THOS. F. SMITH, Chairman;  
LAWRENCE J. CUNNINGHAM,  
HOWARD S. JONES,  
Commissioners.

CHAS. S. TABER, Clerk. f9,27.

#### FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening and extending WOODLAWN ROAD (although not yet named by proper authority), from Jerome avenue to Bronx Park, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of February, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 3d day of March, 1903, at 10 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 9th day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to the northerly side of Moshulu avenue and distant 100 feet northerly therefrom with a line drawn parallel to the westerly side of Jerome avenue and distant 100 feet westerly therefrom; thence southerly and southwesterly along said line drawn parallel to the westerly and northwesterly sides of Jerome avenue and distant 100 feet westerly and northwesterly therefrom to its intersection with a line drawn parallel to the southerly side of Gun Hill road and distant 100 feet southerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the westerly side of Steuben avenue and distant 100 feet westerly therefrom; thence southerly along said parallel line to its intersection with the northeasterly side of Moshulu Parkway North; thence southeasterly and southerly along said northeasterly and easterly sides of Moshulu Parkway North to its intersection with the middle line of the block between Bainbridge avenue and Perry avenue; thence northeasterly along said middle line of the block to its intersection with the middle line of the blocks between Moshulu Parkway North and Woodlawn road; thence southeasterly along said middle line of the blocks to its intersection with the northwesterly side of Webster avenue; thence southeasterly along a line drawn at right angles to the northwesterly side of Webster avenue to its intersection with a line drawn parallel to the northwesterly side of Bronx Park and distant 100 feet southeasterly therefrom; thence northeasterly along said parallel line to its intersection with the prolongation easterly of the middle line of the blocks between Woodlawn road and East Two Hundred and Fifth street; thence northeasterly along said prolongation and said middle line of the blocks to its intersection with the middle line of the blocks between Woodlawn road and Perry avenue; thence northerly along said middle line of the blocks between Woodlawn road and Perry avenue and said middle line produced northerly to its intersection with the southerly side of Reservoir Oval East; thence northerly on a straight line to its intersection with the prolongation southerly of the middle line of the block between Tryon avenue and Kings College place; thence northerly along said prolongation and said middle line of the block between Tryon avenue and Kings College place to its intersection with the northerly side of East Two Hundred and Eleventh street (North Ridge street); thence northerly along a line drawn parallel to the easterly side of Woodlawn road and distant about 620 feet easterly therefrom to its intersection with a line drawn at right angles to a point on the easterly side of Woodlawn road and distant about 1,845 feet northerly from the northerly side of East Two Hundred and Eleventh street (North Ridge street); thence westerly along said line drawn at right angles to its intersection with a line drawn parallel to the easterly side of Jerome avenue and distant 100 feet easterly therefrom; thence northerly along said parallel line to its intersection with a line drawn parallel to the northwesterly side of Mount Vernon avenue and distant 100 feet northwesterly therefrom; thence southwesterly along said parallel line to its intersection with a line drawn parallel to the northerly side of Moshulu avenue and distant 100 feet northerly therefrom; thence westerly along said parallel line to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 23d day of April, 1903, at the opening of the court on that day.

Dated, BOROUGH OF MANHATTAN, NEW YORK, December 13, 1902.

JOHN DE WITT WARNER, Chairman.  
WILLIAM M. LAWRENCE,  
WILLIAM H. MCCARTHY,  
Commissioners.

JOHN P. DUNN, Clerk. f5,26

#### FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New

York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening WEST TWO HUNDRED AND THIRTIETH STREET (although not yet named by proper authority), from Riverdale avenue to Broadway, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 25th day of February, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 27th day of February, 1903, at 10 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 7th day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Nostrand avenue, where the same intersects the centre line of the block between Fenimore street and Hawthorne street, running thence easterly through the centre line of the block between Fenimore street and Hawthorne street, and parallel with Hawthorne street to the westerly side of Albany avenue; running thence southerly along the westerly side of Albany avenue to the centre line of the block between Winthrop street and Hawthorne street; running thence westerly along the centre line of the block between Winthrop street and Hawthorne street to the easterly side of Nostrand avenue; running thence northerly along the easterly side of Nostrand avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse in the Borough of Brooklyn in The City of New York, on the 21st day of March, 1903, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, February 7, 1903.

A. C. WHEELER, Chairman;  
JOSEPH MANNE,  
PETER MAHONEY,  
Commissioners.

CHARLES S. TABER, Clerk. f7-26

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, Rooms 22 and 23, Borough Hall, in the Borough of Brooklyn in The City of New York, on or before the 28th day of February, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 11th day of March, 1903, at 11 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, Rooms 22 and 23, Borough Hall, in the Borough of Brooklyn in The City of New York, to remain on file in said Bureau until the 9th day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Nostrand avenue, where the same intersects the centre line of the block between Fenimore street and Hawthorne street, running thence easterly through the centre line of the block between Fenimore street and Hawthorne street, and parallel with Hawthorne street to the westerly side of Albany avenue; running thence southerly along the westerly side of Albany avenue to the centre line of the block between Winthrop street and Hawthorne street; running thence westerly along the centre line of the block between Winthrop street and Hawthorne street to the easterly side of Nostrand avenue; running thence northerly along the easterly side of Nostrand avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse in the Borough of Brooklyn in The City of New York, on the 21st day of March, 1903, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, February 7, 1903.

A. C. WHEELER, Chairman;  
JOSEPH MANNE,  
PETER MAHONEY,  
Commissioners.

CHARLES S. TABER, Clerk. f7-26

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

### NOTICE TO CONTRACTORS.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.

the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 23d day of April, 1903, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, December 29, 1902.

HENRY B. STAPLER,  
J. J. TOWNSEND, Commissioners.  
JOHN P. DUNN, Clerk. f13-25

### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for an approach to the WILLIS AVENUE BRIDGE, bounded by Willis avenue, the Southern Boulevard, Brown place and East One Hundred and Thirty-second street, commencing 245 feet west of Brown place, and running 575 feet to Willis avenue, in the Twenty-third Ward of the Borough of The Bronx, in accordance with the plan approved by the Board of Estimate and Apportionment on the 12th day of September, 1902.

**PURSUANT TO THE STATUTES IN SUCH** cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Courthouse in the Borough of Manhattan, in The City of New York, on Friday, the 27th day of February, 1903, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Apportionment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon, and the appurtenances thereto belonging, required for the opening of a certain approach to the Willis Avenue Bridge, bounded by Willis avenue, Southern Boulevard, Brown place and East One Hundred and Thirty-second street, commencing 245 feet west of Brown place, and running 575 feet to Willis avenue, in accordance with the plan approved by the Board of Estimate and Apportionment on the 12th day of September, 1902, being the following described lots, pieces or parcels of land, viz.:

Beginning at a point in the southern line of the Southern Boulevard, distant 245 feet westerly from the intersection of said line with the western line of Brown place;

1st. Thence westerly along the southern line of the Southern Boulevard for 575 feet to the eastern line of Willis avenue;

2d. Thence southerly along last mentioned line for 200 feet;

3d. Thence easterly deflecting 90 degrees 2 minutes to the left for 575 feet;

4th. Thence northerly for 200 feet to the point of beginning.

The land to be taken for the aforesaid approach lies in Block 227, section 9, on the Land Map of The City of New York, and is shown on a map or plan entitled "Map showing the location of the Southern Boulevard approach to the bridge over the Harlem river at Willis avenue, prepared by the President of the Borough of The Bronx, under authority of chapter 466 of the Laws of 1901," dated December 26, 1902, which plan was approved by the Board of Estimate and Apportionment on the 12th day of September, 1902, by the Mayor of The City of New York, on the 10th day of December, 1902, and filed one copy thereof in the office of the Register of the County of New York, on the 15th day of January, 1903, a second copy thereof in the office of the Corporation Counsel of The City of New York, on the 15th day of January, 1903, and a third copy thereof in the office of the President of the Borough of The Bronx of said City, on the 15th day of January, 1903.

Dated New York, February 14, 1903.  
GEORGE L. RIVES, Corporation Counsel.  
No. 2 Tryon Row, Borough of Manhattan, New York City. f16-27

### FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening VALENTINE AVENUE (although not yet named by proper authority), from Burnside avenue to Kingsbridge road, as the same has been heretofore laid out and designated as a first-class street or road in the Twenty-fourth Ward of The City of New York.

**NOTICE IS HEREBY GIVEN THAT THE** supplemental and additional bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Courthouse in the Borough of Manhattan, in The City of New York, on the 27th day of February, 1903, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by the provisions of section 999 of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated, Borough of Manhattan, New York, February 13, 1903.

JOHN H. JUDGE,  
PETER A. WALSH,  
FIELDING L. MARSHALL,  
Commissioners.

JOHN P. DUNN, Clerk. f13-25

### FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening WALTON AVENUE (although not yet named by proper authority), from East One Hundred and Sixty-seventh street to Tremont avenue, as the same has been heretofore laid out and designated as a first-class street or road in the Twenty-third and Twenty-fourth Wards of The City of New York.

**NOTICE IS HEREBY GIVEN THAT THE** supplemental and additional bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Courthouse in the Borough of Manhattan, in The City of New York,

on the 27th day of February, 1903, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by the provisions of section 999 of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated, Borough of Manhattan, New York, February 13, 1903.

EDWARD S. KAUFMAN,  
WILBUR LARREMORE,  
WM. J. BROWNE,  
Commissioners.

JOHN P. DUNN, Clerk. f13-25

### FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening ANTHONY AVENUE (although not yet named by proper authority), from City avenue to Burnside avenue and from Burnside avenue to the Concourse, as the same has been heretofore laid out and designated as a first-class street or road in the Twenty-fourth Ward of The City of New York.

**NOTICE IS HEREBY GIVEN THAT THE** supplemental and additional bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Courthouse in the Borough of Manhattan, in The City of New York, on the 27th day of February, 1903, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by the provisions of section 999 of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated, Borough of Manhattan, New York, February 13, 1903.

JOHN DE WITT WARNER,  
WM. J. BROWNE,  
JOHN H. SPELLMAN,  
Commissioners.

JOHN P. DUNN, Clerk. f13-25

### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for an approach to the BRIGGS AVENUE (although not yet named by proper authority), from East One Hundred and Ninety-fourth street to Kingsbridge road, in the Twenty-fourth Ward, Borough of the Bronx, in The City of New York.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 13th day of March, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 17th day of March, 1903, at 1.30 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of March, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northwesterly line of Webster avenue with the northwesterly line of East One Hundred and Eighty-ninth street; running thence northwesterly along said last mentioned line to its intersection with the southeasterly line of the Grand Boulevard and Concourse; thence northwesterly along said last mentioned line to its intersection with the northwesterly line of Kingsbridge road; thence easterly in a straight line to a point formed by the intersection of the northwesterly line of East One Hundred and Ninety-fourth street with a line parallel to and 100 feet northwesterly from the northwesterly line of Valentine avenue; thence northwesterly along said parallel line to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of East One Hundred and Ninety-eighth street; thence southeasterly along said last mentioned parallel line to its intersection with a line parallel to and 100 feet southeasterly from the northwesterly line of Bainbridge avenue; thence southeasterly along said last mentioned parallel line to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of East One Hundred and Ninety-fourth street; thence southeasterly along said last mentioned parallel line to its intersection with the northwesterly line of Webster avenue; thence southwesterly along said northwesterly line to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 5th day of May, 1903, at the opening of the court on that day.

Dated Borough of Manhattan, New York, January 21, 1903.

WILBUR McBRIDE, Chairman.  
EMANUEL BLUMENSTIEL,  
THOMAS FARLEY,  
Commissioners.

JOHN P. DUNN, Clerk. f19,m11

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening HAWTHORNE STREET from Nostrand avenue to Albany avenue in the Twenty-ninth Ward in the Borough of Brooklyn of The City of New York, as the same has been heretofore laid out.
