MAURICE FEATHERSON, Commissioner.

Department of Docks and Ferries,
Pier "A," Foot of Battery Place,
Office of the Engineer-in-Chief,
New York, November 1, 1905.

To the Commissioner of Docks:

Sir—I have the honor to submit the following report of work done under my charge and supervision for the quarter ending September 30, 1905.

Battery Wall, North River.

The existing platform at this locality and the steamboat landing for excursion boats have been maintained during the quarter.

Boat Landing at Battery.

The boat landing, with the float inside the same, has been maintained and cared for during the quarter.

Sewer at Pier, old 4, North River.

The Bureau of Sewers has recently constructed a barrel sewer in the vicinity of this pier with an outlet under the pier.

Rector Street Section, North River.

The construction of the bulkhead or river wall in this vicinity has been in progress for and at the expense of the owners of the property to be improved. The work is being done under the authorization of the Commissioner of Docks of the 16th of December, 1903. The old structures in the vicinity of Piers, old 5, 6 and 7, have been removed, and the work of filling in in rear of the bulkhead wall already built has been about completed.

Cedar Street Section, North River.

By action of the Commissioner of Docks of December 10, 1902, a section of the bulkhead or river wall was authorized in the vicinity of Cedar street, extending from the middle of the block between Carlisle and Albany streets northerly to a point 40 feet southerly of the northerly line of Cedar street. This work includes the removal of the old structures and Piers, old 13 and 14, together with the sheds thereon. The building of the bulkhead wall along this section has been in progress during the quarter, and 69 linear feet of new wharfage room made by the wall completed. The construction of a new pier, to be known as Pier 11, has been completed, and 346 linear feet of new wharfage room made by work done during the quarter. The work of building a ferry rack at the outer end of Pier 11 preparatory to work to be done by the Central Railroad Company of New Jersey is in progress. Earth filling is now being placed in rear of the wall built. The old foot bridge which extended across West street at Rector street has been removed.

Barclay Street, North River.

Extensive alterations have been made to the interior of the ferry structures at this street.

Chelsea Section, North River.

On the 28th of December, 1900, the Board of Docks authorized the construction of a section of the bulkhead wall between Bloomfield and West Twenty-third streets. Large property interests in this vicinity have been acquired, and extensive work done towards the construction of the wall. During the present quarter good progress has been made in the work, 745 linear feet of new wharfage room having been made by the wall completed. Buildings occupying the ground over several portions of the section having been condemned for the use of the Department are being removed by the purchasers. Filling is being placed in rear of that section of the wall already built. A sewer has been built at West Seventeenth street. The old approach at West Nineteenth street was removed. A temporary approach was built at West Twenty-first street. The old approach at West Twenty-second street has been removed, with the concrete platform placed for the construction of concrete blocks. The old approach to the Delaware, Lackawanna and Western Railroad Ferry House was removed, and a new temporary approach built. Concrete blocks have been made on the line of the work for this section. At West Fifteenth street the pier has been prepared for the reception of the municipal ferry boats.

Bloomfield Street Pier, No. 53.

The force of this Department is constructing a new pier at Bloomfield street, which will include a portion of the pier formerly existing there. 553 feet of new wharfage room has been made by the work done.

New Pier 57, North River.

The work of building a new pier to be known as Pier 57 has been completed. 2,025 linear feet of new wharfage room has been made thereby.

New Pier 58, North River.

The work of building a new pier to be known as Pier 58 has been completed. 2,025 linear feet of new wharfage room has been made thereby.

New Pier 59, North River.

The work of constructing a new pier to be known as Pier 59 has been begun. Asphalt decks of Piers 60 and 61, and Bloomfield street pier, North River. A contract, No. 886, was awarded during a prior quarter for covering the decks of these piers with asphalt. The work on Piers 60 and 61 has been done, but the work on the Bloomfield street pier is not yet ready to be begun.

Claremont Section, North River.

The work at this section is being done under resolution of the Board of Docks, passed November 16, 1900. During the present quarter the work has been in progress and earth filling is being placed in rear of that portion of the wall built. At One Hundred and Thirty-third street the work of extending the pier has been in progress.

One Hundred and Fifty-eighth Street, North River.

The work of extending and repairing the pier at the foot of this street, under Contract No. 903, was completed within the quarter. 358 linear feet of new wharfage room has been made thereby.

Between Spuyten Duyvil and Mount St. Vincent.

The New York Central and Hudson River Railroad Company are widening the present railroad embankment between these two points, and rip-rap is being deposited along the line of the widening under permit from the Commissioner of Docks.

Marginal Street, North River.

A contract awarded during a previous quarter with the Sicilian Asphalt Paving Company has been in progress. Under this contract the work of laying concrete foundations and asphalt pavement on the marginal street along the North river has been done. Repairs have also been made where necessary to the asphalt pavement already laid by the Uvalde Asphalt Paving Company under their various bonds to maintain the pavement in good condition. The granite pavement along certain portions of the waterfront where necessary has been taken up from time to time and relaid to grade.

Whitehall Terminal, East River.

The work of constructing a new ferry terminal at this point for the Municipal Ferry to Staten Island has been begun. A portion of the old ferry house was removed,

and a new slip is in course of construction. A contract is being prepared and will shortly be let for the erection of a new ferry house at this point.

Old Slip Section, East River.

The Commissioner of Docks on the 7th of December, 1904, issued the necessary authorization for the construction of the bulkhead wall from the northerly side of Pier, new 7, where it joins the Broad street section to the westerly side of Burling slip, East river. This stretch of wall is divided into two sections—the Old slip section and the Maiden lane section. The Old slip section extends from the northerly or upper end of the Broad street section and runs along the established bulkhead line to a point opposite the southerly line of Wall street. This section contemplates the erection of four new piers to be known as Piers 8, 9, 10 and 11. During the quarter the work of constructing the bulkhead wall proper has been in progress, and contracts have been awarded for building the piers.

Pier 8, East River.

Contract No. 923 has been awarded for constructing this pier, and the work is in progress.

Pier 10, East River.

Contract No. 924 has been awarded for constructing this pier, and the work will shortly be begun.

Pier 11, East River.

Contract No. 916 has been awarded for constructing this pier, and the work is in progress.

Maiden Lane Section, East River.

By authorization of the Commissioner of Docks, dated 7th of December, 1904, the construction of the bulkhead wall along this stretch of water-front has been ordered. The work extends from the southerly line of Wall street, where it joins the Old Slip section, to about the southerly line of Burling slip, and work on the bulkhead wall proper has been in progress. A portion of Piers, old 16 and 17, and the bulkhead platform between the same have been removed. This section includes Piers 12, 13, 14 and 15. Pier, new 12, was built in 1901.

Pier 13, East River.

Contract No. 927 has been awarded for the construction of this pier, and the work is in progress.

Pier No. 14, East River.

Contract No. 905 has been awarded for constructing this pier, and the work is in progress.

Pier 15, East River.

Contract No. 897 has been awarded for building this pier, and work is in progress.

Fulton Section, East River.

This section of the bulkhead wall was authorized by the Board of Docks on the 26th of April, 1901. This resolution was amended by the action of the Commissioner of Docks on the 7th of December, 1904. During the present quarter the work of constructing the bulkhead wall has been in progress, and preparations are being made for the depositing of earth filling. Portion of Pier, old 23 was removed. This section embraces within its limits Piers, new 16, 17 and 18. Pier, new 16 was built in 1901.

Pier 17, East River.

Contract No. 900 was awarded for building this pier, and the work was completed on the 12th of September, 1905.

Pier 18, East River.

Contract No. 911 has been awarded for constructing this pier, and the work is in progress.

Market Section, East River.

The authorization for this section is the resolution of the Board of Docks passed 23d of February, 1900. During the quarter work has been in progress on the bulkhead wall proper. A portion of Pier, old 36, was removed.

At the Department yards the force of the Department has been engaged in the construction of concrete blocks, the handling and cutting of granite, the care of materials and the issue of supplies for various pieces of work. The yards have been maintained in good order and condition.

Floating Property.

All of the floating property of the Department has been cared for during the quarter and repaired where necessary. The force of the Department has been engaged in constructing new deck scows. A contract, No. 907, has been awarded for building three pile drivers, four boat-landing stages, four diving scows and one derrick. The work under Classes 2 and 3 of this contract for building boat-landing stages and diving scows has been completed. Work is in progress under Class 1 for building pile drivers. The work under Class 4, for building derrick, has not yet been commenced.

Dredging.

All the dredging has been supervised, whether done by the Department or private parties.

Surveying Party.

All the necessary lines, levels, grades, soundings, surveys and examinations have been made and given. Work done by private parties has been supervised, automatic tide gauges have been attended to, and the daily and weekly reports have been made. The records of the anemometer, weather vane, etc., have been compiled. An extensive survey of the water fronts of Richmond and Queens is in progress, and bench levels are being run along the water front between North Beach and College Point, in the Borough of Queens.

Repairs.

Repairs other than dredging have been made at various times under orders or permit from the Commissioner of Docks. Repairs, alterations and other pieces of work by private parties, under order or permit from the Commissioner of Docks, have been supervised during the quarter.

Recreation Structures.

The recreation structures have been maintained and cared for during the quarter and, under a contract awarded during the previous quarter, the structures have been repaired and painted.

Public Baths.

Berths for the public baths have been prepared, platforms erected and piles driven at the various locations for the Department of Public Buildings, Lighting and Supplies.

Nurses' Home Dock, Blackwell's Island.

The work of building an extension and repairing of the old dock for the Department of Public Charities has been completed.

New Staten Island Ferry.

On the 10th of June, 1904, a contract was awarded for the construction and delivery of five steel screw-propelling ferryboats, with two two-cylinder compound engines each. Four of these boats have been built at Sparrow's Point, Maryland, by the Maryland Steel Company, and the fifth was built by the Burlee Dry Dock Company at Staten Island, to whom a portion of the contract was let.

The ferryboats have been given names as follows:

"Manhattan," "Brooklyn," "Bronx," "Queens," "Richmond."

All of these ferryboats were launched during a previous quarter and are now ready for starting the municipal ferry between the Boroughs of Manhattan and Richmond.

Contracts have been entered into for the construction of the necessary ferry terminals at the foot of Whitehall street and at St. George, S. I., and it is proposed to start the municipal ferry during the coming quarter.

Draughtsmen.

In the office of the Engineer-in-Chief the Draughtsmen have been engaged on plans and studies for contract work, plans for the improvement of the water front, plans and specifications for new piers and repairs, change of lines, examination of plans submitted by private parties, solar printing and general routine work.

The total new wharfage room made by the Department of Docks and Ferries for the quarter amounted to 9,449 linear feet. Wharfage room destroyed by the City in making way for new improvements, 1,162 linear feet. The area of the City's piers has been increased by 374,261 square feet.

The total increase in wharfage room made by private parties under permit from the Department of Docks is 1,356 linear feet.

Wharfage room destroyed by private parties in preparing for new improvements, none.

Very respectfully, your obedient servant,

J. A. BENSEL, Engineer-in-Chief.

BOARD OF ESTIMATE AND APPORTIONMENT.**EXTRACT FROM**

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, DECEMBER 5, 1905.

United Dressed Beef Company.

A petition from the United Dressed Beef Company, dated November 3, 1905, requesting permission to construct a concrete conduit under Forty-fourth street, beginning at the east building line of First avenue and running parallel to and 15 feet north of the south building line of Forty-fourth street, to a point 100 feet west of the west building line of First avenue, for the purpose of carrying therein pipes for power, heating, refrigerating and flushing, was presented to the Board.

Upon motion of the Comptroller, at the request of the company, the matter was laid over.

Ocean Electric Railway Company.

In the matter of the default of the Ocean Electric Railway Company for its failure to comply with the terms and conditions of its franchise of August 26, 1903, in not constructing a portion of its route, and upon whom was served notice to show cause why it should not forfeit to The City of New York the sum of \$2,000, in accordance with resolutions adopted by the Board September 29, 1905.

Mr. Joseph F. Keany appeared for the company. He stated that, owing to the deaths of two presidents of the company within a short time, the completion of the road had been seriously delayed, and that the company had intended to apply to the Board for an additional extension. He also gave as a further reason why the construction of the road was delayed the inability of the company to secure the consents of some of the property owners along the line of the proposed route, but as evidence of the good faith of the company he submitted that it had given the service required by constructing a railway upon Fairview avenue, a parallel street, by virtue of a lease from the Rockaway Electric Railway Company, which had franchise rights on said street. Should the extension be granted, he stated that the company would at once apply to the court for the appointment of a commission, as provided in the law.

The Comptroller offered the following:

Whereas, This Board, on September 29, 1905, adopted the following:

"Whereas, The Ocean Electric Railway Company received a franchise from The City of New York on August 26, 1903, for the construction and operation of a street surface railway in the Fifth Ward, Borough of Queens, subject to certain terms and conditions; and

"Whereas, This Board has extended the time for the completion of the railroad to be constructed by said company on Park avenue, between the Boulevard and the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company, until May 15, 1905; and

"Whereas, This period allowed for the construction of the railroad has expired; and

"Whereas, No railroad has been constructed in Park avenue, between the Boulevard and the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company; and

"Whereas, The Ocean Electric Railway Company has deposited with the Comptroller of The City of New York the sum of \$2,000 as security for the performance by such company of the terms and conditions of its franchise; now therefore be it

"Resolved, That the Secretary of this Board be directed forthwith to serve upon the said company notice to show cause on or before November 10, 1905, why it should not forfeit to The City of New York said sum of \$2,000 as damages for its failure to comply with the terms and conditions of its franchise of August 26, 1903"; and

Whereas, The Ocean Electric Railway Company has presented to this Board its reasons for its delay in constructing its road on Park avenue, between the Boulevard and the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company, and has requested an extension of time in which to complete said road; now therefore, after due consideration, be it

Resolved, That the application of the Ocean Electric Railway Company be and the same hereby is granted; and be it

Resolved, That the Ocean Electric Railway Company be granted until June 5, 1906, to complete its road over the foregoing street; and be it

Resolved, That the foregoing extension of time be granted upon the express consent of the Ocean Electric Railway Company that no further extension of time be applied for, and upon the understanding that if the complete route be not constructed and in operation on or before June 5, 1906, this Board will proceed as it then sees proper.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Manhattan—15.

Union Railway Company of New York City.

In the matter of the default of the Union Railway Company of New York City for its failure to comply with the terms and conditions of its franchise of September 14, 1903, in not constructing a portion of its route, and upon whom was served notice to show cause why it should not forfeit to The City of New York the sum of \$2,500, in accordance with resolutions adopted by the Board October 27, 1905.

The Secretary presented the following:

UNION RAILWAY COMPANY,
No. 204 EAST ONE HUNDRED AND TWENTY-EIGHTH STREET,
NEW YORK, December 4, 1905.

The Honorable Board of Estimate and Apportionment of The City of New York:

DEAR SIRS—The undersigned, Union Railway Company of New York City (hereinafter called the Union Company), in accordance with your notice of October 28, 1905, hereby shows cause why it should not forfeit to The City of New York the sum of \$2,500 heretofore deposited with the Comptroller of the City, in accordance with the terms of a certain ordinance adopted by the Board of Aldermen September 8, 1903, and approved by the Mayor of The City of New York September 14, 1903, by which the Union Company was granted a franchise to operate a street surface railroad across Macomb's Dam Bridge and in certain adjoining streets and approaches.

The resolution of the Board of Aldermen gave the City's consent to street surface railroad construction on Macomb's Dam Bridge and upon the One Hundred and Fifty-fifth Street Viaduct at the south end to the station of the Manhattan Elevated Railway, with a second branch to the terminus of the Eighth Avenue surface tracks on Macomb's Dam road.

The work across the bridge, with its connection at the northerly side, as well as to the elevated station, has been completed and in operation for two years or upwards. The short spur to the Eighth Avenue tracks has not been completed.

It has been the best judgment of the undersigned:

First—That public service did not require the completion of the spur. Observation and reports show that 95 per cent. of the travel in street cars over the bridge passed to and from the elevated station over the constructed portion, and that the interchange of passengers between the surface lines at this point is but slight.

Second—The form of construction required for operation upon the unconstructed spur is such as to compel cars to stand upon a cross-over in the middle of the highway, which is an important one, being the main wagon entrance to the bridge from the Manhattan side, and their presence would interfere materially with a free and unobstructed use of the same.

Third—The construction to be made is quite short, being not in excess of 150 feet in length, of simple form of track work, and will not cost to exceed \$750. It can be placed in position promptly, as soon as the necessary permit from the President can be obtained. An application for such permit is now before him.

Respectfully yours,

EDWARD A. MAHER, President.

Mr. Henry A. Robinson appeared for the company and contended that as the franchise had been granted by the Common Council, the Board of Estimate and Apportionment had no jurisdiction over this particular franchise, and that as no public necessity existed for the route it had not been constructed.

The President of the Borough of Queens arrived and took his seat in the Board.

The following was offered:

Whereas, This Board, on October 27, 1905, adopted the following:

"Whereas, The Union Railway Company of New York City received a franchise from The City of New York, by ordinance approved by the Mayor on September 14, 1903, for the construction and operation of a street surface railroad in the Borough of Manhattan, New York City, subject to certain terms and conditions; and

"Whereas, The route described in said ordinance is as follows:

"Commencing at the intersection of Jerome and Sedgwick avenues at the terminus tracks of this company's Jerome avenue line; thence upon and along the westerly approach known as the Sedgwick avenue approach, formerly called Ogden avenue approach, to Central or Macomb's Dam Bridge; thence southerly upon and along said bridge and the One Hundred and Fifty-fifth street viaduct and Macomb's Dam road to the terminus of the railway of the Eighth Avenue Railroad Company between West One Hundred and Fifty-fourth and West One Hundred and Fifty-fifth streets; and

"Whereas, The period allowed for the construction has expired; and

"Whereas, No railroad has been constructed upon the above described route; and

"Whereas, The Union Railway Company of New York City has deposited with the Comptroller of The City of New York the sum of two thousand five hundred dollars, pursuant to the provisions of the ordinance extending the road of the Union Railway Company of New York City; now therefore be it

"Resolved, That the Secretary of this Board be directed forthwith to serve upon the said company notice to show cause on or before November 24, 1905, why it should not forfeit to The City of New York said sum of two thousand five hundred dollars as damages for its failure to comply with the terms and conditions of the ordinance approved by the Mayor September 14, 1903; and be it further

"Resolved, That the Union Railway Company of New York City be required to complete the construction of its street surface railroad over the route hereinbefore described, and that it be required to have the same completed and in operation within ninety (90) days from the date of the adoption of this resolution"; and

Whereas, The Union Railway Company, on December 5, 1905, presented to this Board its reasons for its failure to construct its road; and

Whereas, Such reasons appear to be insufficient and to present no valid and proper justification for its delay in complying with the terms of its franchise; now therefore be it

Resolved, That the Union Railway Company of New York City be and it hereby is penalized in the sum of one thousand dollars (\$1,000) for the failure to comply with its franchise; and be it further

Resolved, That in case of the failure of the Union Railway Company to pay, after receipt by it of a copy of this resolution, the said sum of one thousand dollars (\$1,000), the Comptroller of The City of New York be and he is hereby requested to deduct such sum from the fund heretofore deposited by the Union Railway Company of New York City, in accordance with section 6 of its franchise; and be it further

Resolved, That the Union Railway Company of New York City be and it hereby is required to complete the route hereinbefore referred to, on or before June 5, 1906; and be it further

Resolved, That if the Union Railway Company of New York City should fail to construct, maintain and operate by June 5, 1906, the route herein referred to, the Corporation Counsel of New York City will be requested to institute proceedings to annul the entire grant made by the City on September 14, 1903.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Manhattan—15.

Negative—The President of the Borough of Queens—1.

The public hearing in the matter of the applications of the Union Railway Company of New York City, the Southern Boulevard Railroad Company and the New York City Interborough Railway Company, each for extensions; and the New York City Interborough Railway Company for alterations to its route, which was fixed for November 24, by resolutions adopted by the Board at the meeting of November 10, and continued until this day, was opened.

The President of the Borough of The Bronx presented the following:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, December 4, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I forward herewith report, in duplicate, of Chief Engineer Briggs on the application of the Union Railway Company for extension of their lines, which was omitted from the last report submitted.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

December 4, 1905.

Hon. LOUIS F. HAFFEN, President:

DEAR SIR—I forward herewith, in triplicate, report on application of the Union Railway Company for extension of their lines, which was omitted from my last report. (Extension No. 20.)

Respectfully,

(Signed) JOSIAH A. BRIGGS,
Chief Engineer of the Borough of The Bronx.

Application of the Union Railway Company for Extension.

Extension of the existing One Hundred and Sixty-first street line of the Union Railway Company eastwardly through One Hundred and Sixty-third street to Stebbins avenue and Dongan street, through Dongan street to Intervale avenue, through Intervale avenue to the Southern Boulevard.

This extension is called No. 20, and is intended to make a crosstown line of the One Hundred and Sixty-first street line in connection with the Southern Boulevard Company's proposed Extension No. 4. This would connect the Manhattan Borough at West One Hundred and Fifty-fifth street with the Hunt's Point Station of the New York, New Haven and Hartford Railroad Company.

It appears to be a very desirable extension and will, no doubt, be a great convenience to the travelers on the main lines of the Union Railway Company in reaching the central portion of the borough. It will also pass the Borough Court House at Third avenue.

I would suggest that if this extension is granted the route be somewhat changed, as follows:

Commencing at the existing Union Railway line on East One Hundred and Sixty-first street, at Elton avenue; thence on Elton avenue to East One Hundred and Sixty-third street; thence on East One Hundred and Sixty-third street to Stebbins avenue; thence on Stebbins avenue to Dongan street; thence on Dongan street to the Southern Boulevard; then connecting with proposed Extension No. 4 of the Southern Boulevard Company to Hunt's Point Station. This would require joint operation with the Interborough Company's franchise route on Dongan street, between Intervale avenue and the Southern Boulevard.

Respectfully submitted,

(Signed) JOSIAH A. BRIGGS,
Chief Engineer of the Borough of The Bronx.

Chase Mellen, representing the Union Railway Company and the Southern Boulevard Railroad Company, appeared and stated that counsel were not ready to argue the matter and would request the postponement of the hearing, as they shortly anticipated an opinion from the Appellate Division on the question of the jurisdiction of the Board of Estimate and Apportionment.

Noel Gale, who appeared in the interests of the New York City Interborough Railway Company, acquiesced.

The Comptroller moved that the hearing be postponed until Friday, December 15, and be set down peremptorily for that date. The Chair stated that without objection such course would be pursued; there being none, it was so ordered.

New York and Port Chester Railroad Company.

The public hearing in the matter of the application of the New York and Port Chester Railroad Company for the right to construct, maintain and operate a railroad across certain streets and highways intersected by its route in the Borough of The Bronx, as advertised for November 24 and continued to this day, was opened.

The following persons appeared in opposition to the proposed grant:

Lawrence Veiller, Secretary of the City Club, who presented a brief on behalf of said club.

Calvin Tomkins, Chairman of the Transit Committee of the New York Board of Trade and Transportation, who presented resolutions adopted by said association.

John W. Russell, on behalf of certain property owners in the Borough of The Bronx.

Fred L. Hahn, Chairman of the Van Nest Taxpayers' Association, who presented resolutions adopted by said association.

John C. Shaw, on behalf of the Edenwald Land Improvement Company.

Michael Gordon, a property owner of Van Nest.

Walter J. Stevenson, who submitted resolutions.

The following appeared in favor of the grant:

Hon. A. C. Hottenroth, representing the Taxpayers' Alliance, Borough of The Bronx.

Charles Baxter, of the Twenty-third Ward Property Owners' Association, Borough of The Bronx.

Hon. James L. Wells, of The Bronx League, who stated that the people of The Bronx would like the franchise granted, but hoped there would be no change in sections 23, 27 and 28, as proposed by the Bureau of Franchises.

Julius H. Haas, a real estate broker in The Bronx.

Hon. John A. Eustis.

Alfred E. Davis.

Hon. Anthony McOwen.

Hon. D. Cady Herrick, representing the New York and Port Chester Railroad Company, stated that he did not think any further argument in behalf of the company was necessary. He explained that the representatives of the company had several conferences with the Comptroller, but there still remain some points to be settled in the terms and conditions of the proposed contract; he stated further that he believed an agreement could be reached on everything with the exception of a few conditions which could be later submitted to the Board for a decision.

No one else desiring to be heard, the Chair declared the hearing closed and the matter referred to the Comptroller for further conference with the representatives of the railroad company so as to eliminate all the differences possible in the proposed terms and conditions.

The Comptroller presented the following:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,
NEW YORK, November 21, 1905.

The Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—I have received the communication to the Board from the Comptroller, and the report of the Bureau of Franchises, on the application of the New York and Port Chester Railroad Company for the right to construct, maintain and operate a railroad across certain streets in the Borough of The Bronx, between the City line and the Harlem river, with a branch to Clason's Point.

I have examined the routes and grades as proposed for this railroad, and report that they would develop a different territory from that proposed by the Rapid Transit Board in this section of the city. The route of the railroad is so near the present rapid transit elevated structure at One Hundred and Seventy-seventh street that connection could be made in this locality; but, on account of the subway connection on Lenox avenue having already almost reached its limit during the rush hours, it would be inadvisable to make a connection with the Rapid Transit Railroad at this point. The fact that the Rapid Transit Board has already laid out a route north of One Hundred and Seventy-seventh street to White Plains, which would be a large feeder to the present subway, is another deterrent factor to such a connection.

It is noticeable that the route as suggested for the New York and Port Chester Railway is practically the same route as already given to the Westchester Railway from the City line to the Harlem river. To cause the least amount of damage in the way of mutilation of streets in the Borough of The Bronx the location should preferably be contiguous to the Westchester line, or, if this is objectionable, it should be at a distance of about half a mile away from it, so as to afford better facilities for accommodating this large and growing territory. Of course, this will be independent of the connections which the road will have outside of the city limits. Should the franchise be given to the New York and Port Chester Railway, it seems that a connection could be made at Westchester avenue where it crosses one of the routes laid out by the Board at the beginning of the year. The better way, however, would be to have the route continue to the Harlem river and there make a connection with one or more of the routes laid down through Manhattan Island as adopted by the Board.

In examining the Port Chester route as shown on the plan in the vicinity of Bronx Park, there is an apparent conflict with the rapid transit route on the White Plains road. The Port Chester route also crosses the Westchester route at two points. One or both of these crossings could be avoided, and I think a readjustment in this vicinity should be had before a franchise is granted.

Very truly yours,

GEORGE S. RICE, Chief Engineer.

Atlantic Telephone Company.

In the matter of the application of the Atlantic Telephone Company for the right to lay, erect, construct and maintain in the streets, wires, etc., for the purpose of carrying on a general telephone, telegraph and telautograph business in all boroughs of the City, and upon which a report was submitted to the Board from the Bureau of Franchises on October 13, 1905, containing certain terms and conditions to be imposed upon any company securing such right.

The Secretary presented the following:

THE ATLANTIC TELEPHONE COMPANY,
No. 30 BROAD STREET,
NEW YORK, November 29, 1905.

To the Honorable Board of Estimate and Apportionment, New York City:

GENTLEMEN—Referring to the report of the Bureau of Franchises, Department of Finance, upon the application of the Atlantic Telephone Company, made October 12, 1905, we beg to say:

First—That this report, as made to your Board, would make it impossible for this or any other company to operate or build a telephone system in The City of New York.

It is conceded that the Empire City Subway Company, Limited, is controlled by the New York Telephone Company, and that no electric company not associated with this monopoly under the present conditions would be able to obtain space. The result of this is the present exorbitant charge for telephone service.

Second—The report of the Bureau of Franchises, as made on October 12, would require this company to pay to the City \$25,000,000 on the basis of a maximum of 500,000 telephones at the end of twenty-five years, at an average charge of \$50 per annum for telephone service. Both of these figures are more than conservative.

Further than this, at the termination of the franchise, the report requires the telephone company to turn over its entire plant to the City for nothing.

The New York Telephone Company, with 180,000 'phones, is capitalized for over \$50,000,000. It is a conservative estimate, therefore, that the 500,000 'phones which the Atlantic Telephone Company will have installed at the end of the twenty-five-year period will have cost at least \$50,000,000, and this investment, according to the report, must be sacrificed.

Further than this, the company proposes to give telephone service at one-half the cost of the present Bell service.

It will be seen therefore that the Atlantic Telephone Company, which is to compete with the Bell Telephone Company at half its rates, is asked to give the City in twenty-five years \$75,000,000, while the Bell Company pays nothing to the City except a franchise tax, which equally bears on the Atlantic Telephone Company. It is evident then, that under the terms of the report, it is impossible for the Atlantic Telephone Company to install a telephone plant and give to the citizens of New York a telephone service under the requirements of the report of the Comptroller, if these terms are imposed.

In the proposal of the Atlantic Telephone Company the City was offered 500 telephones free of charge. The report asks for an unlimited number of 'phones, the number to be determined by the City. This, of course, is so indefinite that a maximum number should be fixed. The Bell Telephone Company does not furnish any free 'phones to the City.

As a counter proposition this company will pay to the City for the franchise the amount named by the Comptroller of \$7,750,000, and will pay the same annually as follows:

During the first five years, \$77,500.
During the second five years, \$116,250.
During the third five years, \$155,000.
During the fourth five years, \$193,750.
During the fifth five years, \$232,500.

—and will deposit with the City upon the acceptance of a grant or the signing of a contract, the sum of \$100,000 in cash as an evidence of its good faith.

It will give to the City free of charge for such purpose as it may require 1,000 telephones. The rent of these 1,000 'phones, at \$50 a year for twenty-five years, will amount to \$1,250,000. If this be added to the \$7,750,000 it will be seen that we are ready and willing to pay to the City \$9,000,000 for this franchise. This does not take into consideration the reduction in rates which we are to make to the citizens, which will amount to more than \$20,000,000.

If the City determines to take this plant over at the expiration of this franchise, we should be paid its fair value, to be determined by the Comptroller and by the company, and the two to select a third appraiser, or we should be granted a renewal of this franchise upon similar terms.

We respectfully ask for this franchise upon the basis of the following rates:

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

The service of the hospital has been somewhat incommoded in consequence of the fact that certain Physicians on the house staff were compelled to live outside of the hospital. This made it very inconvenient to secure their services at night, and, in the case of the substitute on duty in the alcoholic wards, the service was of small value. As the Assistant Superintendent (night), Mr. John F. McHale, has a room immediately adjoining those occupied by the members of the house staff and there is more or less noise about his room all through the day, and, as a suitable room can be rented for him outside at a cost but slightly exceeding that paid for the room occupied by the members of the house staff, Mr. McHale has been asked when he returns from his vacation to take this room outside, so that the room he occupies in Bellevue Hospital can be used by the three men on the house staff who reside outside. It is requested that this change be approved.

The Acting President of the Board of Trustees and the General Medical Superintendent visited the Woman's Hospital in One Hundred and Tenth street and found that the portable building of which that institution wishes to dispose is not available for use in this Department.

The Supervising Nurse of Harlem Hospital reported that she understood the House Surgeon, Dr. Burns, had tendered his resignation to the Secretary of the Medical Board on the evening of September 29, to take effect the morning of September 30. Dr. Felder, a substitute in Bellevue Hospital, who has had some eight months' hospital experience, has gone there until the Medical Board of Harlem Hospital is prepared to make the necessary recommendations.

On motion, duly seconded, it was

Resolved, That the recommendation of the General Medical Superintendent that the room occupied by the Assistant Superintendent (night) be transferred to the house staff, and that a suitable room be rented outside of the hospital for the use of the Assistant Superintendent (night), be and it hereby is approved.

Communications.

A communication was received from Dr. Cyrus J. Strong, Secretary of the Medical Board of Bellevue Hospital, transmitting the minutes of the Medical Board for the meeting held on October 2.

On motion, duly seconded, these minutes were ordered placed on file.

A communication was received from Dr. John H. Coughlin, Secretary of the Medical Board of Gouverneur Hospital, transmitting the minutes of the Medical Board for the meeting held on October 2.

On motion, duly seconded, these minutes were ordered placed on file.

A communication was received from Dr. W. H. Luckett, Secretary of the Medical Board of Harlem Hospital, transmitting the minutes of the Medical Board for the meeting held September 26.

On motion, duly seconded, these minutes were ordered placed on file.

A communication was received from Mr. J. W. Stevenson, under date of October 2, 1905, inclosing a certified copy of a resolution adopted by the Board of Estimate and Apportionment on September 29 authorizing the issue of Corporate Stock to an amount not exceeding \$21,100 to provide means for making additions and alterations to the buildings and present fire protection devices of Bellevue Hospital.

On motion, duly seconded, this communication was ordered placed on file.

A communication was received from Mr. Raymond F. Almirall, under date of October 2, asking the Board to select colors of paint for Fordham and Gouverneur Hospitals.

On motion, duly seconded, this communication was ordered placed on file and referred to the Acting President and Mr. Tierney for reply.

A communication was received from Mr. Raymond F. Almirall, under date of September 1, 1905, inclosing an estimate from John R. Sheehan & Co. on the work of relaying the sidewalk in front of the old portion on the west side of Gouverneur Hospital.

On motion, duly seconded, this communication was ordered placed on file, and the Acting President was requested to inform Mr. Almirall to direct Messrs. Sheehan & Co. to proceed with the work in accordance with their estimate of \$475.

A communication under date of September 28, 1905, was received from Messrs. Horgan & Slattery quoting bid of P. J. Carlin & Co. on the work of repainting the exterior frames and sashes of the New Harlem Hospital.

On motion, duly seconded, it was

Resolved, That no change be made at present in this painting.

Mr. Paulding, the Acting President, reported upon the receipt and opening of the following bids on September 12:

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York so as to change the grade of Nineteenth street, between Third avenue and the bulkhead line, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 29, 1905, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 1, 1905, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York by changing the grade of Nineteenth street, between Third avenue and the bulkhead line, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at Third avenue and Nineteenth street, the grade to be 12.17 feet as heretofore; thence northwesterly along Nineteenth street to a point 319 feet northwesterly from the northwesterly curb line of Third avenue, the grade to be 8.94 feet; thence northwesterly to the intersection of Second avenue, as authorized by chapter 132 of the Laws of 1892, and Nineteenth street, the grade to be 7.00 feet, as heretofore; thence northwesterly along Nineteenth street to the bulkhead line, the grade to be 5.00 feet.

All elevations refer to mean high water datum as established by the Bureau of Highways of the Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 29th day of December, 1905, at 10.30 o'clock.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 29th day of December, 1905.

PUBLIC NOTICE.

WHEREAS, THE COMMISSIONER OF Water Supply, Gas and Electricity of the City of New York, acting for and in behalf and in the name of The City of New York, in pursuance of the provisions of chapter 466 of the Laws of 1901, as amended, has selected and determined certain real estate (as the term "real estate" is defined in the said act) in the County of Kings, as and for sources of public water supply in and for the City of New York, and deems it necessary to take and acquire the same and all the rights, titles and interests therein, and to extinguish all claims for damages on account of such rights, titles and interests, or growing out of such taking, for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for the City of New York, and of providing additional water works to supply the City of New York with water;

Whereas, The said Commissioner has prepared and submitted to the Board of Estimate and Apportionment, under date of November 15, 1905, a map showing the real estate situated between Avenue D and Manhattan Beach Division of the Long Island Railroad, extending from East Eighty-sixth street to East Ninety-second street, required for a driven-well station, to be taken and acquired as aforesaid, as provided in the said act; therefore be it

Resolved, That a public notice be given of a hearing to be held by the Board of Estimate and Apportionment of the City of New York, in the old Council Chamber, Room 16, City Hall, Borough of Manhattan, City of New York, on the 29th day of December, 1905, at 10.30 o'clock a. m., at which a full opportunity shall be afforded to any and all persons interested to be heard respecting such map and the taking and acquisition of the real estate as shown thereon;

Resolved, That such public notice be published once in each week for three successive weeks in the City Record, in the corporation newspapers, in two papers published in Kings County, in which county the real estate to be taken and acquired is situated, and in two daily papers published in the City of New York.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at the meeting of said Board held on the 1st day of December, 1905.

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK, SOUTHWEST CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Health of the Department of Health until 10 o'clock a. m. on

WEDNESDAY, DECEMBER 27, 1905,

FOR FURNISHING AND DELIVERING WHITE ASH ANTHRACITE COAL, AS REQUIRED, TO THE DEPARTMENT STEAMBOATS, IN THEIR BUNKERS, AS DIRECTED, THE PLACE FOR COALING TO BE LOCATED ALONG THEIR ROUTES BETWEEN THE FOOT OF EAST SIXTEENTH STREET, BOROUGH OF MANHATTAN, AND NORTH BROTHER ISLAND, BOROUGH OF THE BRONX, THE CITY OF NEW YORK, OR AT DOCKS WITHIN A RADIUS OF TWO MILES OF THE TERMINAL POINTS, DURING THE YEAR 1906.

The department steamboats ply daily between North Brother Island, Borough of The Bronx, and the foot of East Sixteenth street, Borough of Manhattan. They will call at the dock of the Contractor daily, or as often as necessary, to receive such coal as is required to keep their bunkers well supplied. The dock of the Contractor must be located along the routes of the steamboats, or within a radius of two miles from either terminal. The dock of the Contractor must be a regularly equipped coal dock, fitted with machinery for handling coal and for loading the same into boats quickly and to the satisfaction of the Department. Such apparatus should be in the nature of a chute to be lowered into the steamboats' bunkers, through which the coal can be rapidly passed, or must be of some other modern type satisfactory to the Department. Provision must be made at the dock to coal the boats upon demand without any unnecessary or unreasonable delay. Notice will be given the Contractor by telephone, at least one hour before a boat arrives at the Contractor's dock, that it will require coal at some given hour; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The time for the completion of the work and the full performance of the contract is during the year 1906.

The amount of security required is fifty per cent. (50%) of the amount of the bid.

Bids will be compared and the contract awarded to the lowest bidder for the contract complete, as indicated by the specifications.

Blank forms and further information may be obtained at the office of the Chief Clerk of the Department of Health, southwest corner of Fifty-fifth street and Sixth avenue, Borough of Manhattan.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, DECEMBER 18, 1905,

at 11 a. m., on the premises, the buildings and appurtenances thereunto belonging erected upon real estate acquired as an additional site for college purposes, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging, erected upon the following-described parcel of land under the jurisdiction of the Board of Trustees of the College of The City of New York, being the buildings situated on the property at Amsterdam avenue, between One Hundred and Thirty-ninth and One Hundred and Fortieth streets, in the Borough of Manhattan, more particularly described as follows:

Beginning at a point formed by the intersection of the southerly line of One Hundred and Fortieth street with the easterly line of Amsterdam avenue; running thence easterly along the southerly line of One Hundred and Fortieth street 100 feet to land now owned by The City of New York; thence southerly and parallel with Amsterdam avenue 199.83 feet to the northerly line of One Hundred and Thirty-ninth street; thence westerly along the northerly line of One Hundred and Thirty-ninth street 100 feet to the easterly line of Amsterdam avenue, and thence northerly along the easterly line of Amsterdam avenue 199.83 feet to the point or place of beginning.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Monday, December 18, 1905, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

BOARD OF CITY RECORD.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Supervisor of the City Record, Park Row Building, Nos. 13 to 21 Park row, in The City of New York, until 11 o'clock a. m. on

WEDNESDAY, DECEMBER 27, 1905,

FOR SUPPLYING PRINTED, LITHOGRAPHED OR BLANK BOOKS, DOCKETS, LIBERS, BINDING COVERS, BINDING, ETC., FOR THE USE OF THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK DURING THE YEAR 1906.

The time for the delivery of the materials and supplies and the performance of the contract shall not be later than June 30, 1906. The Supervisor, however, may require a delivery at an earlier date of any item or items on this contract by notice to the contractor, whereupon the item or items called for must be delivered not later than thirty days after said notice.

The amount of security shall be twenty-five per cent. of the amount of the bid.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the work for which the estimate is made, with his or their name or names and the date of presentation, to the Supervisor of the City Record, at the said office, on or before the date and hour above named, at which time and in the office of the Mayor the estimates received will be publicly opened by the Board of City Record, and read, and the award of the contract made according to law as soon thereafter as practicable.

The bidder must state the item price for each item and the total price of each schedule. The bids will be tested and the award made by schedules.

The said Board reserves the right to reject all bids or estimates if it deems it to be for the interest of the City so to do.

Delivery will be required to be made at the office of the City Record from time to time and in such quantities as may be directed by the Supervisor of the City Record.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications to be had at the office of the Supervisor and on file in the office of the Comptroller.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Board of City Record, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the City Record, where further information can be obtained.

Samples are on exhibition at Rooms 813 and 814, Park Row Building.

ADDITIONAL LANDS AND HIGHWAYS.

NOTICE OF APPLICATION OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of the City of New York to make application to the Supreme Court for the appointment of Commissioners of Appraisal, under chapter 490 of the Laws of 1883, and the laws amendatory thereof.

Such application will be made at a Special Term of said Court, to be held in the Second Judicial District, at chambers of Mr. Justice Keogh, in New Rochelle, Westchester County, New York, on the twenty-seventh day of January, 1906, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard.

The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and the other two of whom shall reside in the county in which the real estate hereinafter described is situated, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners of and all persons interested in the real estate (as the term "real estate" is defined by said act) hereinafter described as proposed to be taken or affected for the construction of a dam and reservoir on Cross river for the purpose of supplying the City of New York with an increased supply of pure and wholesome water.

The real estate sought to be taken or affected is situated in the Towns of Lewisboro, Poundridge and Bedford, Westchester County, New York.

A statement or description of the boundaries of the additional lands or real estate to be acquired herein is as follows:

All those tracts or parcels of land to be acquired in fee for the construction of the Cross River Reservoir (Reservoir "N"), as shown on a certain map entitled "Department of Water Supply, Gas and Electricity, Exhibit No. 5, of 1905, Property Map No. 1, for the acquisition

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 18th day of August, 1905, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 25th day of September, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block Nos. 2966, 2967 and 2977, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and

in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 25th day of September, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 9th day of January, 1906, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, December 9, 1905.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
