MESSAGES FROM HIS HONOR THE MAYOR.

(G. O. 1883.)

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, October 12, 1897. *To the Honorable the Board of Aldermen:*

GENTLEMEN—I return herewith, without approval, resolution of your Honorable Body permitting the Baltimore and Ohio Railroad Company to lay tracks on Thirteenth avenue, on the ground of the report of the Commissioner of Public Works that no plans have been filed for the proposed tracks. This must be done to enable the Department of Public Works to know exactly what is to be done.

Yours respectfully, W. L. STRONG, Mayor.

Resolved, That permission be and it is hereby given to the Baltimore and Ohio Railroad Company to lay tracks across Thirteenth avenue, from the float at the bulkhead, between Twenty-fifth street and Twenty-sixth street, to the property on the easterly side of Thirteenth avenue between said streets, the car or cars on the said tracks to be propelled by "dummy" engines only, the rails to be laid flush with the surface of the avenue so as not to interfere with the use thereof by the public, the work to be done at the expense of the said company, under the direction of the Commissioner of Public Works; the permission hereby granted to be revocable at the pleasure of the Common Council. This permission is granted upon the further condition that the number of cars to be drawn by such engine at any one time shall not exceed ten, nor the speed of such engine exceed six miles per hour, and no car or engine shall be permitted to remain stationary on Thirteenth avenue; this permission is granted upon the further condition that said railroad company shall pay an annual license fee of fifty dollars for each "dummy" engine used in propelling cars across Thirteenth avenue.

Which was laid over.

PETITIONS.

By Alderman School—

NEW YORK, October, 1897. *Hon. HENRY L. SCHOOL, Alderman, Twenty-third Ward, New York City:*

DEAR SIR—We, the undersigned, residents and owners of property on Nelson avenue, from Devoe to Union streets, most earnestly petition you to use your best efforts to secure the passage of a resolution by the Board of Aldermen providing for the erection and lighting of street lamps on Nelson avenue, between the limits above stated.

This avenue is now regulated and graded, sewered, and water and gas-mains have been laid, and for the convenience and safety of the residents and persons obliged to pass along the avenue at night; we think it very essential that the avenue be properly lighted.

We therefore trust that this petition will meet with your hearty support, and that you will secure the passage of the proper ordinance.

Most respectfully,

John Kirkpatrick, Will. A. O'Hea, William Doonan, Pownall Aplin, Andrew F. Kuhir, No. 1126 Nelson avenue, Micheal Toolan.

(G. O. 1884.)

In connection herewith Alderman School offered the following:

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in Nelson avenue, from Devoe street to Union street, under the direction of the Commissioner of Public Works.

Which was laid over.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Finance Department:

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, October 12, 1897. *To the Honorable the Board of Aldermen:*

I have the honor to transmit to your Honorable Body herewith a duplicate copy of the Departmental Estimate of the amount of expenditures required in the Finance Department in the ensuing fiscal year 1898, specifying in detail the objects thereof, and including a statement of each of the salaries of the officers, clerks, employees and subordinates of that Department, pursuant to the provisions contained in section 189 of the New York City Consolidation Act of 1882.

Respectfully submitted,

ASHBEL P. FITCH, Comptroller.

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, October 4, 1897. *To the Board of Estimate and Apportionment:*

GENTLEMEN—As provided by section 189 of the New York City Consolidation Act of 1882, I submit herewith, in writing, the Departmental Estimate of the amount of expenditures required for conducting the public business in the Finance Department of the City of New York for the year 1898, stating in detail the objects and purposes of such expenditure, and including a state-

ment of the salaries of each of the officers, clerks and subordinates employed in the Department, and the compensation of temporary clerks engaged during a portion of each year.

Pursuant to the provisions of section 10 of chapter 378 of the Laws of 1897, known as "the Greater New York Charter," this estimate has been prepared in accordance with the requirements of existing law, and as though the consolidation provided for by said charter were not to be effected.

Statements in detail prepared in like manner are also presented of stocks and bonds of different kinds and classes which become due and payable in the year 1898, and the redemption of which is provided for as stated under their several heads, and also of installments payable in 1898 to be raised by tax for the redemption of water stock at maturity, as follows:

1. Statement of New York City Stock payable in the year 1898 from the Sinking Fund, under ordinances of the Common Council, amounting to \$674,300.

2. Statement of bonds and stock payable in the year 1898 from taxation and from the Sinking Fund, as provided by sections 176 and 177 of the New York City Consolidation Act of 1882, amounting to \$260,500.

3. Statement of bonds payable in the year 1898 from taxation and from the Sinking Fund, as provided by section 192 of the New York City Consolidation Act of 1882, amounting to \$133,500.

4. Statement of bonds payable in the year 1898 from assessments, amounting to \$5,388,366.21.

5. Statement of bonds payable in the year 1898 from taxation, to be provided for by the Board of Estimate and Apportionment, amounting to \$506,251.46.

6. Statement showing the estimated amount of installments to be raised by tax in 1898 for the redemption at maturity of stock issued and to be issued for the supply of water, pursuant to the provisions of the State Constitution, from a special sinking fund formed for the purpose, amounting to \$1,831,328.91.

7. Statement showing the interest on the City Debt on bonds and stocks issued and outstanding September 1, 1897, exclusive of funded debt held by the Sinking Fund, amounting to \$5,018,668.09.

8. Statement showing the estimated amount required for interest in 1898 on stocks and bonds to be issued in 1897, after August 31, and in the year 1898, amounting to \$431,375.

9. Statement showing the estimated amount required for interest on Revenue Bonds of 1898, amounting to \$525,000.

10. Statement showing the detail of principal and interest due in 1898, under chapter 329 of the Laws of 1874, on bonds issued by the Towns of West Farms and Morrisania, respectively.

11. Statements showing the amounts required for (a) redemption of and (b) interest on the indebtedness of the territory annexed to the City of New York under the provisions of chapter 934 of the Laws of 1895, amounting respectively to \$15,822.90 and \$31,811.52.

12. Statement of bonds and stocks of the City of New York payable from taxation, issued after June 3, 1878, and prior to September 1, 1897, and to be issued as estimated during the remainder of 1897 by authority of existing statutes, and the sums required to be set apart out of the surplus income, revenues and accumulations of the Sinking Fund for the Redemption of the City Debt for the year 1898 and subsequent years, which, with the accumulation of interest thereon, shall be sufficient to redeem said bonds and stocks by the time the same shall be payable, as provided by section 192 of the New York City Consolidation Act of 1882, as amended by chapter 178 of the Laws of 1889, amounting to \$3,616,492.79.

The foregoing estimates have, in accordance with the unvaried custom of the Finance Department, been prepared as of the date of August 31. When the time comes for the consideration of the Final Estimate, these amounts will necessarily have to be changed to conform to the condition then existing. The amounts which will then be necessary to be provided for redemption of the principal of, and payment of the interest on the bonded debt, will, in all probability, increase; but to what extent cannot now be determined. The causes and conditions which lead to the issuing of special Revenue Bonds, for example, are such as to render it impossible to make even an approximate estimate of the probable future issues thereof.

In accordance with the established custom of the Finance Department, therefore, no such estimate has been attempted.

The estimate for "Salaries—Finance Department," shows an increase over this year's appropriation of ten thousand and eighty-eight dollars and twenty-one cents (\$10,088.21). Notwithstanding the conservatism with which all Comptrollers, including the undersigned, have always treated this item, it must be said that it is becoming impossible for the Finance Department to handle the enormous increase of city business with a proper degree of efficiency upon the basis of an appropriation which remains substantially the same as it was many years ago. It should need no argument to demonstrate that the City's credit and economical administration depend, in great part, upon the efficiency of the Finance Department. Notwithstanding the constant overworking of an office force whose faithfulness and zeal I take pleasure in recognizing, the Finance Department is now unable, by an insufficient number of employees, to dispose of its business with that promptness which the best interests of the City demand. I am now undertaking a thorough investigation of this matter with the view of ascertaining just what additions to the force and what rearrangements of salaries are needed to insure the thorough efficiency of the Department. I had hoped to be able to place the results of this investigation before the Board of Estimate and Apportionment at the hearing of the Provisional Estimate. This has proved impossible, however, and with the exception of these new appointments, the necessity for which have some time since been determined upon, I shall be obliged to leave this matter until the Final Estimate is considered.

The statement of State Taxes payable in 1898, as the quota of the County of New York for the State fiscal year commencing October 1, 1897, amounts to \$5,704,871.81, of which \$1,944,357.06 is for Schools, \$1,410,193.03 is for Canal and General Purposes and \$2,350,321.72 for State Care of Insane.

Statements are also presented with the Departmental Estimate of the Finance Department of the amounts which are payable in the year 1898 on leases to the City of premises for the use of various departments and public offices, the civil and police courts, armories and drill rooms for the National Guard, together with estimates of miscellaneous expenses chargeable upon the City Treasury, and on account of judgments against the Corporation and a number of items of necessary expenditure which are not included in any departmental estimates.

Respectfully submitted, ASHBEL P. FITCH, Comptroller.

COMMUNICATIONS.

The President laid before the Board the following communication from the West End Association:

THE WEST END ASSOCIATION, No. 426 COLUMBUS AVENUE, NEW YORK, September 28, 1897. Hon. JOHN JEROLOMAN, President Common Council:

DEAR SIR—Inclosed please find copy of resolutions adopted by this Association at its meeting held March 4, 1895, and thereafter forwarded to the Common Council, which I am directed to send you this morning.

Yours respectfully,

G. B. SHEPPARD, Secretary.

Resolutions adopted by the West End Association, at its meeting held Monday, March 4, 1895: Whereas, The Third Avenue Railroad Company has presented a petition to the Common Council of the City of New York for its consent to the construction and operation of a street surface railroad through, upon and along the Boulevard and Kingsbridge road, from One Hundred and Twenty-fifth street northerly to the City line; and

Whereas, The Metropolitan Street Railway Company has likewise presented its application to the Common Council of the City of New York for its consent to the construction of a street surface railroad from a connection with the said company's railroad in One Hundred and Sixteenth street through, upon and along Manhattan avenue, St. Nicholas avenue and the Kingsbridge road northerly to the City line, with a branch or extension along the Boulevard, from One Hundred and Seventieth street to One Hundred and Twenty-fifth street, with a connection with the Amsterdam avenue road at One Hundred and Twenty-fifth street, and likewise with an extension in One Hundred and Forty-fifth street, between the Boulevard and the East river; and

Whereas, The said Third Avenue Railroad Company does not own any railroad in the City of New York west of Central Park, and is without any means of furnishing transportation to persons who desire to reach the lower portions of the city through its westerly section; and

Whereas, The Metropolitan Street Railway Company has agreed to transport passengers from any part of the upper portion of the city to the Battery, by way of Amsterdam avenue horse-car line, the Columbus avenue cable line and the Lexington avenue cable line, with a right of transfer to the more important ferries along the Hudson river and the East river, now reached by roads operated by it, and has also agreed to transport passengers upon the extension upon One Hundred and Forty-fifth street, proposed to be constructed, to a connection with the Lenox avenue electric road; and

Whereas, The members of this association, business men, property-owners, and representing a majority of the residents of this section of the City of New York, are desirous of having railroad accommodations to the southern part of the city by way of the Columbus avenue cable road; it is

Resolved, That the Metropolitan Street Railway Company, by means of its system, furnishes accommodations superior to those of the Third Avenue Railroad Company, and also the most desirable means of transportation from the upper to the lower portions of the City of New York.

Resolved, also, That the proposal of the said Metropolitan Street Railway Company to carry passengers from the upper portions of the city, with transfers to the more important ferries, is a greater boon to and a greater economy in favor of the public than the proposed method of operation of the Third Avenue Railroad Company.

Resolved, also, That the Common Council of the City of New York and his Honor the Mayor of said city, be and each of them hereby is requested to decline to grant the right and privilege of constructing the street surface railroad applied for by the Third Avenue Railroad Company.

Resolved, also, That the said Common Council be, and it hereby is earnestly solicited to grant to the said Metropolitan Street Railway Company the right, franchise and privilege of operating the street surface railroad set forth in said company's petition, and his Honor the Mayor is requested to do all in his power to facilitate the granting of the said company's application.

G. B. SHEPPARD, Secretary.

The President laid before the Board the following communication from the West End Association:

NEW YORK, September 27, 1897. Hon. JOHN JEROLOMAN, President Board of Aldermen: DEAR SIR—I regret that I am still unable to leave my home; otherwise I would like to be heard before your Board to-morrow in opposition to the extension of the Third Avenue Railroad up the Kingsbridge road.

When their application was first before your Board this Association opposed it on the ground that it did not provide for a continuous ride, as the competing company did. I refer to the Metropolitan Traction Company. And besides, it would cost the residents of the west side a double fare by changing at One Hundred and Sixteenth street.

Another reason of our opposition was the uniform bad service which that company has always rendered.

Hoping that this measure will be defeated, I am

Very truly yours,

CYRUS CLARK, President.

DEAR SIR—I understand that the matter of the Kingsbridge road franchise will come up for final action before the Board of Aldermen to-morrow.

The President laid before the Board the following communication from the Board of Education:

HALL OF THE BOARD OF EDUCATION, No. 146 GRAND STREET, NEW YORK, October 7, 1897. Hon. WM. H. TEN EYCK, Clerk, Board of Aldermen:

SIR—I have the honor to transmit herewith certified copies of resolutions adopted by the Board of Education at its meeting of October 6, 1897, relative to amendments to the estimate for 1898.

Respectfully,

ARTHUR McMULLIN, Clerk.

BOARD OF EDUCATION—CLERK'S OFFICE, No. 146 GRAND STREET, NEW YORK, October 7, 1897. To the Board of Education:

The Committee on Evening Schools would respectfully report that it has had under consideration a recommendation from the Board of School Superintendents that sewing and cooking classes be established in all the evening schools for females, wherever practicable.

Sewing is now taught in three evening schools and cooking in but one. The classes have been well attended and the pupils have manifested much interest in the subjects, and for these reasons the Committee approves the recommendation to increase the number of classes.

The Committee has made a careful estimate of the cost of introducing sewing into all the evening schools and cooking into the schools that are provided with school kitchens, during the year 1898, and finds that eight thousand nine hundred and forty dollars (\$8,940) will be required, and, therefore, submits for adoption the following resolution:

Resolved, That the appropriation entitled "Salaries of Teachers and Janitors in Evening Schools," contained in the Budget for 1898 (Journal of 1897, page 1693), be increased from one hundred and ninety-five thousand five hundred dollars (\$195,500) to two hundred and four thousand four hundred and forty dollars (\$204,440), in order to provide classes for instruction in sewing in all the evening schools for females and for cooking classes in the schools provided with school kitchens.

ARTHUR McMULLIN, Clerk.

BOARD OF EDUCATION—CLERK'S OFFICE, No. 146 GRAND STREET, NEW YORK, October 7, 1897.

Resolved, That that portion of the Budget for 1898, devoted to the appropriation entitled "Supplies, Books, Maps, Stationery, etc., for the use of all the schools," and found printed on pages 1702-1704 of the Journal of 1897, be corrected as follows: Strike out figures "17,000" and insert "17,400" in the sixteenth line from top of page 1702. Strike out "1,600.60" and insert "1,800.60" in the third line from bottom of page 1702. Strike out item on top of page 1704 representing "3,541.66" and insert at bottom of page 1702. COMMUNICATIONS AGAIN RESUMED.

The President laid before the Board the following communication from Richard Alexander :
 RICHARD ALEXANDER, MARBLE HILL, KINGSBRIDGE, NEW YORK CITY, September 27, 1897.

An appeal from up-town citizens who have to walk over a mile each way to register their names and to cast their votes.

An open letter to the President of the Board of Aldermen, and to each and every member of the Board :

GENTLEMEN—In behalf of those residents of the upper section of Manhattan Island who have no carriages (they being in very large majority), I appeal to you to consider our isolated condition, owing to lack of transportation facilities, when the question of the Kingsbridge road franchise comes up before you.

We, who live in the extreme upper end of the Twelfth Ward, cannot vote in the Village of Kingsbridge, which is in the Twenty-fourth Ward, and hence at every election we have been compelled to walk over a mile each way in order to register our names, and then again on election day in order to cast our votes, just because we are without a public necessity which every little country town enjoys, viz. : a street car.

Previous to the last election, and long before the Governor put his signature to the Greater New York Bill, your Honorable Body had granted to the Third Avenue Railroad Company the right to operate a line along Kingsbridge road.

We then congratulated ourselves that at the next election we surely would be able to reach our polling-place easier than by footing it all the way four times over a dreary stretch of muddy or dusty road, according to the state of the weather.

People living down-town, within hail of a street-car, sentimental editors sitting in their easy chairs, certain bank presidents and members of debating societies, may prate about the "giving away of franchises," and all that sort of rot, but they would talk differently if they had no public facilities to get from place to place.

Their arguments may be in place in so far as the thickly populated sections of the city are concerned, but when it comes to acres of vacant land right on Manhattan Island, on which 60,000 people could find homes, if it were made accessible, then any company which is willing to furnish the means to make this vacant land accessible should be encouraged rather than hampered.

In this case it is the City which benefits first of all by the investment of the railroad company's capital. Large tracts which now only pay a nominal farm tax would be turned into city lots and residences, with a proportionately increased revenue to the City, and thus indirectly is the City reimbursed for the use of the streets.

We have no choice as to which company is to give us the long-wished-for facilities, but under existing circumstances we believe that the Third Avenue Railroad Company could do so sooner than any other company.

Their big power station at Two Hundred and Sixteenth street is nearing completion; their material for the road-bed is on the ground; they have long ago been granted the franchise from your Honorable Body; the consent from the Board of Railroad Commissioners and the permit from the Department of Public Works.

Through the fault of certain public officials the sale of the franchise was made illegally. This mistake should, therefore, be corrected without further delay, and if you would authorize the Comptroller to sell the same franchise over again, as provided for by law, it seems to me that your action would in no way interfere or clash with the "Greater New York Charter," inasmuch as you would merely complete something which you had partially done long before the new law was signed by the Governor.

This matter is a public necessity for which we have anxiously waited from year to year, and I appeal to you again for immediate relief.

Our progress is retarded, our property is depreciating in value, and our comfort is interfered with for the want of this public improvement. As we cheerfully bear the burdens of our citizenship, it is but fair that we should also enjoy some of its benefits.

Yours very truly, RICHARD ALEXANDER.

P. S.—I have sent a copy of this letter to the President of the Board, to the Chairman of the Railroad Committee and to the Hon. Collis H. Woodward, who is the representative of the district of the city interested; but, as the opening clause shows, this letter is intended for each and every member of the Board, and I trust will receive such consideration as it justly deserves.

COMMUNICATIONS AGAIN RESUMED.

The President laid before the Board the following communication from the Wholesale Grocers' Association :

WHOLESALE GROCERS' ASSOCIATION OF NEW YORK AND VICINITY, No. 6 HARRISON STREET, NEW YORK, October 11, 1897. Hon. Mr. JEROLMAN, President, Board of Aldermen, Broadway, N. Y. City :

DEAR SIR—I see by the public press that the matter of right of way in the streets of the City of New York will come before the Board for action at its next meeting.

As the ordinance was first passed, it required that all trucks should have lights at night; as subsequently passed, it required that all but licensed trucks should have lights and licensed trucks were exempted.

There certainly is not, or ever has been, the slightest necessity for trucks and wagons having lights. They not only give notice of their approach by the noise they make, but all trucks in our well-lighted streets can always be seen, even in cloudy, moonless nights, at least five hundred feet away.

I have walked and watched the streets of New York for more than fifty years, and I have never seen or heard of any one being injured by a truck or wagon because said truck or wagon could not be seen or heard.

The provision exempting licensed trucks seems not only unreasonable, but in fact there certainly cannot be any luminous quality about a licensed truck or wagon that does not pertain to one belonging to business men.

Nearly all the trucks in the city are owned by business men who are not required to take out a license, and why they should be compelled to place lights on their trucks, while licensed trucks are exempted, I confess I cannot understand. If the only objection was the cost, it might not be so serious a matter, but the great objection would be the annoyance and vexation of having drivers arrested and teams left standing in the streets in all kinds of weather and at all hours of night. If there was any necessity for it, and if it served any good purpose, it would be a different thing, and might be borne in the interest of the safety of human life; but as it is entirely unnecessary and uncalled for it would be a needless expense, a vexatious nuisance and an unnecessary exaction upon business men who have already hard enough time to maintain business on a paying basis.

Very truly,

G. WALDO SMITH, President.

Which was referred to the Committee on Law Department.

The President laid before the Board the following communication from the Board of Trade and Transportation :

NEW YORK BOARD OF TRADE AND TRANSPORTATION, No. 203 BROADWAY, NEW YORK, October 11, 1897. Hon. JOHN JEROLMAN, President of the Board of Aldermen, New York City, N. Y. :

DEAR SIR—I have been directed to forward you a copy of the resolution below which was this day unanimously adopted by the Executive Committee of this Board, viz. :

Resolved, By the Executive Committee of the New York Board of Trade and Transportation, that we protest against the ordinance recently passed by the Board of Aldermen of the City of New York compelling trucks and wagons belonging to business men to carry lights at night. We believe that the ordinance is needless and uncalled for and that it would not only add to the expense of doing business, but that it would be exceedingly vexatious and often lead to the arrest of drivers at night and their teams and trucks with loads of merchandise being left on the streets at night without proper care.

Very respectfully,

FRANK S. GARDNER, Secretary.

Which was referred to the Committee on Law Department.

REPORTS RESUMED.

The Committee on Law Department, to whom was referred the annexed amendment to ordinance in relation to rules of the road, respectfully

REPORT :

That, having examined the subject, they believe that consistency and justice as well as knowledge gained by public hearings and experience and public safety, require that they should report, as they have heretofore reported on the same subject, namely, that lights should be required on all vehicles.

Your Committee begs leave to call your attention to the following facts :

That its previous recommendation was favorably acted upon by your Board, and an ordinance passed requiring lights on all vehicles.

That when this ordinance, amongst others known as the "Rules of the Road," was sent to his Honor the Mayor, it was returned with the recommendation that an exception be made in favor of "licensed trucks," which recommendation was accepted by your Honorable Body.

That dissatisfaction has arisen which is traceable directly to the fact that any exception whatever is made, as others not excepted think they are as much entitled to consideration as those who are.

That the exception made is inequitable for the reason that it seeks to favor a certain class of persons.

That the exception is vague and unfair—unfair, inasmuch as the existing ordinances recognize as "public carts" vehicles of any sort drawn by animals, employed in the transportation of merchandise from place to place "for hire, wages, or pay for such transportation," and it therefore follows that whilst a truck which complies with the above description (section 389, Revised Ordinances of 1897) is exempted, another truck which is the exact duplicate in every detail of the one so exempted, excepting that it belongs to a person or firm which uses it for the transportation of its own merchandise and which truck is not "for hire," is not exempted; vague, inasmuch as the word "truck" does not describe any particular class of vehicle, but embraces a large variety, probably everything that is used to carry merchandise or materials on.

Wherefore your Committee recommended the adoption of the annexed ordinance :

Each and every vehicle using the public streets or highways of this city shall show, from one hour after sunset until one hour before sunrise, a light or lights, so placed as to be seen from the front and each side; such light or lights to be of sufficient illuminating power to be visible at a distance of two hundred feet; said light or lights shall show white light in front, but may be colored on the sides.

FREDERICK A. WARE, BENJAMIN E. HALL, Committee on Law Department.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

Section 1. Article 5 of the ordinance relating to Rules of the Road which was adopted by the Board of Aldermen August 31, 1897, and approved by the Mayor September 2, 1897, is hereby amended by striking therefrom the following:

Sec. 3. Each and every vehicle, excepting licensed trucks, using the public streets or highways of this city, shall show, from one hour after sunset until one hour before sunrise, a light or lights, so placed as to be seen from the front and each side; such light or lights to be of sufficient illuminating power to be visible at a distance of two hundred feet; said light or lights shall show white in front, but may be colored on the sides.

Sec. 2. All ordinances or parts of ordinances inconsistent with or conflicting with this ordinance are hereby repealed.

Sec. 3. This ordinance will take effect immediately.

Alderman Oakley, of the Committee on Law Department, offered the following report, and moved that it be substituted for the report of Chairman Ware:

The Committee on Law Department, to whom was referred the annexed ordinance in favor of amending the ordinance relative to the Rules of the Road, respectfully

REPORT:

That, having examined the subject and held a hearing thereon, they believe the amendment as submitted here should be adopted. They therefore recommend that the said annexed ordinance be adopted.

AN ORDINANCE to amend ordinance relative to "Rules of the Road" in the City of New York.

Section 1. Section 3 of article 5 is hereby amended so as to read as follows:

Hereafter each and every bicycle or bicycles, light wagon or wagons, not used for the delivery of goods, also vehicles used for the carrying of passengers exclusively, using the public streets or highways of this city shall show, from one hour after sunset until one hour before sunrise, a light or lights so placed as to be seen from the front and each side, such light or lights to have sufficient illuminating power to be visible at a distance of two hundred feet. Said light or lights to show white in front and colored on the sides.

Sec. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

JOHN T. OAKLEY, JACOB C. WUND, RUFUS R. RANDALL, Committee on Law Department.

Alderman Oakley moved the adoption of the report signed by himself and the majority of the members of the Committee on Law Department.

The President put the question whether the Board would agree to accept said report and adopt said ordinance. Which was decided in the affirmative by the following vote:

Affirmative—The Vice-President, Aldermen Burke, Clancy, Dwyer, Goodwin, Hackett, Lantry, Marshall, Murphy, Noonan, Oakley, O'Brien, Parker, Randall, Robinson, Schilling, School, Tait, Wines, Woodward, and Wund—21.

Negative—The President, Aldermen Goetz, Goodman, Hall, Kennefick, and Ware—6.

MOTIONS AND RESOLUTIONS RESUMED.

By the President—

Whereas, Permission having been given to the Metropolitan Street Railroad Company to lay underground electric trolley-car tracks for two and three-quarter miles on Amsterdam avenue, with a space of five feet between the tracks in the centre of the street, and the railroad company having, without proper permission, reduced that space to four feet, thereby making it physically impossible to repair or replace the two centre water-mains of the six that underly the avenue, each having an outside diameter of fifty and one-half inches, while the space between the tracks and iron yokes is but forty inches, making it impossible to take out or replace a main, and the plans submitted herewith showing that the proper place for the electric tracks, which are thirty inches deep, would be in the greatest depth of earth between the pipes, which would leave six or more feet between the tracks in the middle of the road; therefore be it

Resolved, That the Board of Aldermen of the City of New York calls upon the Commissioner of Public Works to stop all work on the avenue until this matter is fully reported upon by engineering and electrical experts, it being generally believed that the leakage of the electric currents will permanently injure the water-mains, the iron yokes and conduits of the railroad company being in some places, as at Ninety-sixth street, within a few inches of the mains; and

Resolved, That we call upon the Board of State Railroad Commissioners to at once withdraw their permission and reopen the hearing, the City never having been heard in this contention, and it being manifest that a great injustice will be done to the property-owners and tenants on Amsterdam avenue if four lines of trolley cars are run thereon; and

Resolved, That we indorse the position taken by the Mayor, that under no conditions must four trolley tracks be laid on Amsterdam avenue, and we call upon him to reiterate his demand that the water supply of the city be fully protected.

Which was referred to the Committee on Railroads.

Subsequently, on motion of Alderman Ware, the above motion was reconsidered.

Alderman Woodward moved that the preamble and resolution be adopted, and that it be referred to the Commissioner of Public Works.

By Alderman School—

Honorable Board of Aldermen, New York City, N. Y.:

GENTLEMEN—We, the undersigned owners of property on One Hundred and Sixty-fifth street, from Third to Vanderbilt avenue, would respectfully petition your Honorable Board to pass a resolution to pave this street with asphalt upon a concrete base.

We are very desirous that this street should be paved with asphalt, as the difference between the cost of an asphalt pavement laid upon a concrete base and a granite-block pavement laid upon sand is of so small a difference that we feel very strongly in favor of an asphalt pavement, which will secure to us a noiseless, sanitary and clean carriageway, as distinguished from a noisy and dusty pavement.

Respectfully,
Andrew Larsen, 50 feet front; A. Victor Donellan, 50 feet front; John R. Krushinsky, 25 feet; Bertha Hagele, 25 feet; Elizabeth Dietz, 83 feet; Wm. Greenhalgt, 25 feet; Gustav Schock, 50 feet front; William C. Feely, 150 feet front; Wm. L. Loftus, 25 feet front; Henry Peetsch, 106 feet; S. Piser, 23 feet; William J. Schliesmann, 23 feet.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety; the adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits except that of the successful bidder will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are here called or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received, but the contract when awarded will be awarded to the lowest bidder.

Blank forms for proposals, and forms of the contract and specifications which the successful bidder will be required to execute, can be had, the plans can be seen, and information relative to them can be had at the office of the Department, Arsenal, Central Park, and also at the office of the architect, R. W. Gibson, No. 18 Wall street.

SAMUEL McMILLAN, S. V. R. CRUGER, WILLIAM A. STILES, SMITH ELY, Commissioners of Public Parks.

HEALTH DEPARTMENT.

NEW YORK, October 13, 1897.

PROPOSALS FOR ESTIMATES FOR BUILDING AN AMBULANCE STATION AND VACCINE LABORATORY EXTENSION ON SEVENTEENTH STREET, COMMENCING ABOUT 355 FEET EAST OF AVENUE C, CITY AND COUNTY OF NEW YORK.

PROPOSALS FOR ESTIMATES FOR BUILDING an Ambulance Station and Vaccine Laboratory Extension on Seventeenth street, commencing about 355 feet east of Avenue C, City and County of New York, will be received by the Commissioners of the Health Department, at their office, Criminal Court Building, Centre, White, Elm and Franklin streets, until 12:30 o'clock P. M. on the 26th day of October, 1897, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for building an ambulance station and vaccine laboratory on Seventeenth street, commencing about 355 feet east of Avenue C, City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$2,000.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it is accepted and executed.

Bidders are required to state in their estimates their names and place of residence; the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud, and also that no member of the Common Council, head of a Department, Chief of a Bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Contract and specifications and blank forms for bids or estimates obtained by application to the Secretary of the Board, at his office, Criminal Court Building, Centre, White, Elm and Franklin streets.

CHARLES G. WILSON, GEORGE B. FOWLER, M. D., ALVAH H. DODY, M. D., FRANK MOSS, Commissioners.

PROPOSALS FOR ESTIMATES FOR MATERIALS and work for furnishing an Alteration and Improvement to the Twenty-second Regiment Armory Building, on the easterly side of Columbus Avenue, extending from Sixty-seventh street to Sixty-eighth street, in the City and County of New York, will be received by the Armory Board, at the MAYOR'S OFFICE, CITY HALL, UNTIL 10.30 O'CLOCK A. M., MONDAY, THE EIGHTEENTH DAY OF OCTOBER, 1897, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for General Repairs to Steamer 'Minnehahonck' for the Twenty-second Regiment Armory Building, on the easterly side of Columbus Avenue, extending from Sixty-seventh to Sixty-eighth street," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of THREE THOUSAND DOLLARS (\$3,000).

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making any estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract

be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of ONE HUNDRED AND FIFTY DOLLARS (\$150). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.
