BELLEVUE AND ALLIED HOSPITALS.

Report for the Quarter Ending June 30, 1912.

New York, July 1, 1912.

Hon. WILLIAM J. GAYNOR, Mayor:

Sir—In behalf of the Trustees of Bellevue and Allied Hospitals, I beg to submit the following report for the three months closing June 30, 1912:

The Department As a Whole.

The attention of the Trustees has been called within the past three months to the alleged necessity of a hospital in the Riverdale district of The Bronx. This district is served to some extent by hospitals situated in Yonkers, and several local associations have petitioned for the establishment of a public hospital, or at least an ambulance relief station in this vicinity. On the other hand, the authorities of Fordham Hospital have reported to the Trustees that a still greater need exists in the neighborhood of Pelham Bay Park. The record of ambulance calls shows that more are received from this locality than from the first one mentioned, the proportion being in the ratio of about 4 to 1. While there is sufficient accommodation at Fordham Hospital to care for these calls, in order to meet them with promptness it is very necessary that the horse ambulances be replaced with motor ones, and in order that this may be done the Trustees have asked for the issue of revenue bonds in the amount of \$8,000.

Doctor S. S. Goldwater, Expert in Hospital Construction to the Department, was anxious to retire at the beginning of the year, but has been persuaded to remain in his position, where he will be much needed in connection with the construction of all the new buildings. The Municipal Civil Service Commission has authorized his appointment without examination.

A request has been made to lease for the General Medical Superintendent the house at No. 157 E. 37th st., such lease to cover a period of three years from the 1st of May, 1912. As the Superintendent was turned out of his former residence at short notice by reason of a new building, the lease of an apartment at 29 Waverly place from January to May, 1912, was submitted for approval.

A set of instructions for the guidance of students and clinical clerks in the wards of the several hospitals of the Department has been drawn up, and will help to regulate and simplify the activities of these useful assistants.

The rule of having the members of the attending staff indicate the hour of their arrival and of their departure at visits to the hospitals has been adopted.

Some question having arisen concerning the right of the Trustees to admit to care and treatment non-residents of The City of New York, and who were to be considered as such, the Board has interpreted the language of the Charter to mean that all persons in need of hospital care and treatment who are bona fide residents of The City of New York, regardless of the length of time they may have resided in the City, should be admitted to the hospitals of the Department for treatment; such other persons as are emergency cases must also be admitted to care, compensation being accepted in all cases where there is ability to pay.

Much difficulty has been experienced in the past quarter with regard to the purchase of coal, owing to the unusually high prices prevailing. Permission was obtained from the Board of Aldermen to purchase coal in the open market without public letting, at a cost not to exceed \$15,000. The advertisement for coal for the remainder of the ensuing year was authorized on May 20, and bids were received on June 4. Some of these bids were accepted, and others rejected, in the hope of obtaining more favorable prices.

Approval has been given to the plan of transferring \$2,000 from the appropriation of General Supplies to meet the cost of purchasing an automobile for the use of the General Medical Superintendent and higher officials of the Department. This will at length make possible unannounced visits to the several hospitals of the Department.

It has been estimated that the deficit in the appropriations for the current year will amount to \$60,000. The Finance Committee of the Board has been empowered to ask for this amount, or such portion of it as may ultimately prove to be necessary.

A general repairing of the screens and awnings throughout the hospitals has been ordered in order to guard against the presence of flies and other insects.

BELLEVUE HOSPITAL.

The architects report progress on the new buildings as follows:

Pavilions L and M.

The work of concrete foundation on top of piles was started the last week of April on the northwest part of Pavilion M. On May 17 the work of piling was completed, with the exception of piles under sewer on south side of building. The first week of June the concrete foundation was completed to level of damp-proofing. The progress of the work during the last three months has been satisfactory. The concrete foundation has been completed, including footings for all areas, balconies and granite steps. Over entire cellar bottom the concrete foundation is finished. The damp-proofing has been done and work of building walls on north and south elevation has started.

Pavilions I and K.

The work done during the last three months on Pavilions I and K consisted only of excavation. From the date of commencement 12,000 yards of rock and 17,000 yards of earth have been removed.

Laundry Machinery.

All equipment of the Laundry is practically installed, as also is the electrical work, with the exception of connections to motors and panel-boards. The plumbing and steam connections are all completed and have been tested. The ventilating system is finished with the exception of drying tumbler. All tables are set in place. Within a week the contractor intends to test and run the plant.

Word has been received from our Inspector of Construction that the brick to be used in L and M, and the piles provided for I and K, are not in accordance with the specifications. This matter has been reported to the architects and referred to the Building Committee for adjustment.

The President has submitted the outline of a reply he is preparing to the communication filed with the Corporate Stock Budget Committee by the Homeopathic Medical Society of the County of New York, relative to the request of the Trustees for \$2753,500 for the new Bellevue. To this will be attached a letter from the architects, Messrs. McKim, Mead and White, setting forth the great injury to the public interest that would ensue were these plans to be curtailed as suggested by the Homeopathic Medical Society.

Other Building Matters.

The Commissioner of Public Charities offered to accept the new morgue, providing the title to the building was vested in his Department, and also that the funds necessary for the employment of the help required could be obtained. The matter of divided authority in the new building was referred to himself and the President for adjustment, and the Corporation Counsel will be consulted in order to make the transfer final. The only obstacle now remaining in the way of the transfer depends upon the Commissioner obtaining the funds necessary for the payment of additional employees.

The form of contract for the erection of roof wards on Pavilions A and B has been approved, and the advertisement for bids for their construction authorized.

The specifications for a proposed extension of the balconies on the old buildings at Bellevue, for the use particularly of the children in the orthopedic wards, have been prepared. It is proposed to widen the balconies on all three floors of the old buildings, and authority to advertise for bids for this work has been given.

The installation of machinery in the new laundry is being rapidly completed, and the building is nearly ready for occupancy. To supervise the operation of the costly machinery it has been judged advisable to re-establish the position of Laundry Manager or Superintendent, at a salary of \$1,200 a year with maintenance. It is hoped this may be granted in view of the responsibilities involved in the supervision of the new plant.

A request from the American Laundry Machinery Company to extend the time of their contract by sixty days has been received, and upon the recommendation of the architects, Messrs. McKim, Mead and White, was granted.

The Hospital Grounds.

The grounds in front of the new Pathological Building, long neglected, have now been planted with turf and already add much to the appearance of that building. The appointment of additional men to care for the grounds in the spring has been authorized.

Permission has been given to proceed at once with the planting of trees on 26th st. and 1st ave., in front of the old hospital. The first bids received were rejected and the General Medical Superintendent was authorized to accept separate bids for cutting holes in the sidewalk, and for planting the trees afterwards.

The School for Midwives.

To accommodate the increasing number of patients and pupils at the School for Midwives it has been necessary to ask for the rental of two apartments in the house adjoining the school, No. 221 E. 26th st. This can be done at an annual rental of \$600, provided that this Department make all necessary alterations and replace the same at the expiration of the lease. A request has been made on the Commissioners of the Sinking Fund to this effect.

Miscellaneous.

Permission has been given to the two Assistant Pathologists to reside in one of the rooms on the upper floor of the Pathological Building, these rooms to be furnished by themselves, and their installation will place the hospital under no additional expense.

At the instance of Doctor W. Gilman Thompson a Committee on Nursing Efficiency in the hospital has been appointed. This committee will have for its aim the devising of measures to improve the nursing in the wards of the hospital, both from the point of view of the service and supplies. It will be composed of two representatives each from the Medical Board, the Board of Managers of the Training School and the Board of Trustees.

The offer of Cornell University Medical College to maintain a respiration calorimeter in Bellevue Hospital, Second Medical Division, has been accepted by the Trustees. Doctor Graham Lusk has been placed in control of the instrument.

The Trustees have been requested to establish a nursery for the children of mothers admitted to the hospital. This request was referred to the Social Service Committee for recommendation, but it has not been found practicable to make such an arrangement at the present time.

The matter of police protection at Bellevue has received illustration recently at the hospital, and a request has again been made to the Police Commissioner for the assignment of at least one officer to the hospital grounds, in addition to those especially designated to the prison ward.

The new law makes it incumbent on the Trustees to send ambulances for insane patients. This has been their policy, but in order to carry it out with uniformity and regularity it will be necessary to acquire additional ambulance facilities. Pending authorization from the financial authorities of the City the General Medical Superintendent has been authorized to make temporary arrangements.

Medical Appointments.

During the quarter the following medical appointments and changes were made in Bellevue Hospital:

April 16, 1912: Internes appointed as follows:

Dental Service.

April 16, 1912: Dr. E. P. Fisher, promoted to Visiting Dentist; Dr. R. H. Clark and Dr. H. L. Baldwin, appointed Assistant Visiting Dentists.

GOUVERNEUR HOSPITAL.

The matter of selecting a site for the new out patient department, nurses' home, employees' quarters, etc., at Gouverneur Hospital remains in the hands of the Department of Finance. The Trustees cannot too strongly urge that steps be hastened to secure the necessary site. As the small plot between the hospital and the river could not be utilized for this purpose without shutting off much of the light and fresh air from the wards of the hospital, the Commissioner of Parks has been asked to proceed with plans for the conversion of this space into a small park.

It has been decided to pay a small salary to the Physician in charge of the Tuberculosis Clinic for children on the boat "Westfield." The assignment of a Nurse's entire time to this clinic has been also arranged for. An investigation of the boat with regard to its condition, needs, etc., was ordered, with the result that new awnings, new beds and new linen for the beds were found necessary and requisition made for same.

The Local Needs Committee of the Corlears Hook Park Association has requested the Dock Commissioner to provide one or more additional stories to the pier now in course of erection at the foot of Jackson st., in order to make provision for the day camp and the clinic which is now being conducted on the old ferryboat "Westfield." This request has been endorsed by the Trustees.

The appointment of two social service Nurses at Gouverneur will be asked for in the Budget provision for 1913.

The use of the intra-tracheal method of anæsthesia, the same apparatus being used as we employ at Bellevue, has been authorized by the Trustees.

The purchase of two automobile ambulances at a cost not to exceed \$3,000 each has been authorized for the use of this hospital.

The issue of revenue bonds in the sum of \$337.50 to pay for the salary of a Hebrew Chaplain to be assigned to this hospital has been authorized by the Board of Estimate and Apportionment.

Medical Appointments.

April 16, 1912: The following were appointed Assistant Physicians to Out Patients: Dr. Charles Rabinowitz (male medical), Dr. Mary M. Crawford (tuberculosis), Dr. Aaron Rokeach (eye), and Dr. Isidore Michel (tuberculosis); Dr. Max Lubman, Assistant Physician to Out Patients, dropped for non-attendance; Dr. William H. W. Knipe, reappointed Assistant Visiting Obstetrician for the year 1912; Dr. Benjamin Schwartz, reappointed Associate Pathologist and Bacteriologist for 1912; Dr. Rolfe Kingsley, pathologist, resigned; appointment of Dr. Walter P. Hardee as one-year Interne cancelled.

May 7, 1912: Dr. Howard T. Paffard, Interne, resignation accepted, to date from April 27; Dr. Harry S. Marcle, promoted from place of one-year Interne to complete unexpired term of Dr. Paffard; Dr. Simon M. Jacobs, Assistant Physician to Out Patients, resigned.

June 18, 1912: Dr. Edward Woods, Interne, dismissed, action to date from May 2; Dr. Joseph B. Kanter, Assistant Physician to Out Patients, resigned.

Dental Service.

April 16, 1912: Dr. J. M. Kantro, appointed Assisting Visiting Dentist.

HARLEM HOSPITAL.

J. H. Freedlander, the architect for the new wing at Harlem Hospital, transmitted a complete set of plans on June 3. The architect was directed to arrange for a complete separation in the duct system connecting the sink rooms and toilets, and the group of ducts which terminate in the wards. This was done upon the advice of Doctor Goldwater, and the plans were otherwise approved with the understanding that an alternate should be provided for the installation of a vacuum cleaning plant, and for a wainscot of tiling in the bathrooms, toilets, etc., so that these might be installed if the requisite funds are available.

The Consulting Engineers for the new wing have said that an additional \$25,000 will be required to meet the cost of increasing the water supply and refrigerating plant in the power house, the extension of these services becoming necessary with that of the hospital. While expressing regret that this had not been foreseen, the Trustees are obliged to request that an appropriation of this amount be included in the Corporate Stock Budget for 1913.

The form of contract as well as the plans and specifications for the construction of the Nurses' home in connection with Harlem Hospital have received the approval of the Board of Estimate. Advertisement for bids on this work has now been authorized.

A recommendation has come to the Trustees from the State Charities Aid Association that provision be made for a new and separate building at Harlem Hospital for the use of the out patient department. The Trustees were at first unwilling to go to this expense, although it seems probable that such a building will soon become a necessity. Moreover, the ground floor of the present hospital, greatly overcrowded as it is, could be admirably adopted for other purposes. In pursuance of this plan the President has been authorized to confer informally with the Comptroller in regard to the acquisition of a suitable site. The construction of a portable building as an extension to the present out patient department, which had been suggested as one possible outcome of the problem of overcrowding, was disapproved by the Trustees.

An investigator has been appointed whose first task should be the supervision of the out patient department at Harlem. Patients giving wrong addresses or other false information are to be refused treatment; and an effort is to be made to learn what proportion of the patients are able to pay for private treatment. It is also expected to learn what proportion of the patients come from without the hospital ambulance district. When this is learned such patients will be referred to a dispensary in the neighborhood from which they come.

Medical Appointments.

April 2, 1912: Internes appointed as follows: Dr. W. H. L. O'Brien, July 1, 1912, 20 months; Dr. C. S. B. Cassassa, July 1, 1912, 20 months; Dr. H. M. Henning, November 1, 1912, 20 months; Dr. J. N. Kahn, November 1, 1912, 20 months; Dr. Peter McClade, March 1, 1913, 20 months; Dr. J. F. Roohan, March 1, 1913, 20 months.

April 16, 1912: Dr. Thomas F. Reilly, appointed Physician to Out Patients and Assistant Visiting Physician.

May 7, 1912: Dr. George M. Bennett, Assistant Surgeon to Out Patients, resigned.

June 4, 1912: Dr. Gustav A. Fried, appointed Physician to Out Patients and Assistant Visiting Physician.

June 18, 1912: Dr. Solomon Beck, appointed Assistant Surgeon to Out Patients; Dr. William T. DeSautelle, Interne, dismissed.

Dental Service.

April 16, 1912: Dr. J. M. Kantro, Assistant Visiting Dentist, transferred to Gouverneur Hospital.

FORDHAM HOSPITAL.

As has been reported before, the Trustees have made request on the City authorities for an appropriation with which to undertake the enlargement of Fordham Hospital. Mr. Almirall, the architect, has made drawings with this in view, and has asked that Doctor Goldwater be instructed to confer with him in the completion of the plans. It is understood that until an appropriation for the purpose has been made available, that the Trustees are not responsible for the payment of Mr. Almirall's services.

A revised print of the proposed roof ward plan at Fordham Hospital was received from Mr. Almirall on April 1. After consultation with Doctor Goldwater it was resolved to approve these plans and order the alteration of the working drawings and specifications.

Word was received from the Wadsworth Construction Company on April 12 that their contract for the workshop at Fordham Hospital had been completed. The Supervising Engineer was directed to inspect and report on the work which must be completed before the contract can be accepted. As the contract expired several months ago it was thereupon declared abandoned and arrangements were entered into for completion of the building as early as possible.

The Medical Board has recommended that no tuberculosis clinic be established at Fordham Hospital for the present, and the Trustees have concurred in this recommendation. The appointment of an additional social service Nurse is desirable and should be effected if funds permit.

The construction of an enclosure for ashes in front of the boiler house at the hospital has been authorized.

Reference has already been made to the action of the Trustees in requesting money for the purchase of two additional automobile ambulances to attend particularly to calls from the outlying portions of the district.

A request has come from the Fordham University Medical School for better facilities for clinical instruction in Fordham Hospital. In pursuance of this plan it has been agreed that medical appointments should be made in the future only after a definite understanding with the candidate that he was to teach in the University Medical School. At the same time the school was invited to submit suggestions in regard to rules governing the number of students to be admitted for teaching purposes at any one time.

The offer of the Medical Board to inoculate against typhoid fever all employees of the hospital has been gratefully accepted by the Trustees, and will be put into operation wheresoever the employees concerned are willing to undergo the inoculation.

Medical Appointments.

April 16, 1912: Dr. C. Z. Garside, appointed Clinical Microscopist and Bacteriologist; appointment of Dr. C. H. Carroll as Interne cancelled; Dr. Clarence A. Holmes, Assistant Surgeon to Out Patients, resigned.

May 7, 1912: Dr. Pierre A. Rontey, appointed Assistant Physician to Out Patients; Dr. Gaston A. Carlucci, appointed Assistant Surgeon to Out Patients; Dr. Vincent E. Quin, appointed Assistant Physician to Out Patients (gynecology).

The privilege of operating a boot-blacking business on the municipal ferryboats of the Staten Island Ferry and in the terminals of said ferry at St. George, in the Borough of Richmond, and at the foot of Whitehall st., in the Borough of Manhattan.

This privilege will allow the bootblacks on all parts of the boats and in the terminals of the said ferry under such restrictions as the Commissioner of Docks shall make, but in no case will the bootblacks be permitted to solicit trade.

GENERAL TERMS AND CONDITIONS.

1. All bidding shall be upon the basis of an aggregate per annum fee or compensation to the City of New York for the privilege, which shall be payable quarterly in advance in equal sums on the first day of May, August, November and February, respectively, to the Cashier of the Department of Docks and Ferries, except that the successful bidder will be required at the time of sale to pay one-third of the per annum fee or compensation at which the privilege is knocked down to cover the first four months of the term to May 1, 1913.

2. The successful bidder will be allowed the privilege of subletting any portion or portions of the privilege, subject, however, to the consent thereto in writing being first obtained from the Commissioner of Docks. The subletting of any portion of the privilege without having first obtained the consent of the Commissioner of Docks in writing thereto shall at once subject the successful bidder to forfeiture of the privilege held by him, at the election of the Commissioner of Docks, who, in the event of any such forfeiture, shall then have the power at any time during the term of the privilege to revoke and cancel the permit for the exercise thereof, and to resell such privilege, and the successful bidder so forfeiting the privilege shall be liable to The City of New York for any deficiency resulting from such resale.

3. The successful bidder on the privilege will be required to

(b) Enter into a written agreement at the time of the sale with the Commissioner of Docks to comply with the terms, conditions and limitations of the permit issued to him by the Commissioner of Docks, blank forms of which agreement are on file for examination at the office of the Secretary of the Department of Docks and Ferries.

(c) Pay to the Department of Docks and Ferries at the time of the sale one-third of the amount of the annual fee or compensation to be paid to The City of New York for the privilege as security for carrying into effect the terms of the sale, which one-third will be applied to the payment of the installment of such fee or compensation first accruing under said agreement when executed, namely, for the four months to May 1, 1913, or will be forfeited to The City of New York as liquidated damages if the successful bidder neglects or refuses to execute the agreement with good and sufficient bond or obligation of a surety company, authorized by law to act as surety, in the sum of the upset annual fee or compensation herein specified, namely, \$5,000, to be approved by the Commissioner of Docks, for the faithful performance of the terms and conditions thereof, within five days after being notified that the agreement is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier "A," foot of Battery place, North River.

4. The Commissioner of Docks expressly reserves the right to

(a) Revoke, cancel and annul any permit issued to or agreement made with any successful bidder at this sale who shall fail or neglect to observe, keep and perform any of the terms, conditions or limitations of such permit or agreement.

(b) Resell the privilege where the successful bidder fails, refuses or neglects to comply with the terms and conditions herein contained, the parties so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or caused by such resale.

(c) Reject any or all bids if in his judgment he deems it for the best interests of The City of New York so to do. No person will be accepted as a successful bidder who is delinquent on any form of contract with the Department of Docks and Ferries or with The City of New York.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either of any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level.

All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth. The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
